### MESSAGES FROM THE MAYOR.

The Vice-Chairman laid before the Board the following messages from his Honor the Mayor:

No. 1432.

**Communication from the Mayor Vetoing Resolution to Authorize the Borough Presidents to Issue Permits for Certain Street Stands.**

City of New York, Office of the Mayor, April 19, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed resolution No. 1432, entitled: "Resolution to authorize the borough presidents to issue permits for certain street stands."

Would it not be advisable to limit the time in which such stands for religious purposes could be maintained on the streets at a much shorter period than two weeks?

It might be very imprudent to allow such stands upon streets where the property owners had been put to great expense to remove encroachments that were permitted for so long a time. Furthermore, the size of these stands is not restricted.

Respectfully, JOHN PURROY MITCHEL, Mayor.

The Committee on Public Thoroughfares to which was referred on February 16, 1915 (Minutes, page 1079), the annexed resolution authorizing the borough presidents to issue permits for erection of street stands in connection with religious celebrations, respectfully

### REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary. Applications are constantly made for these permits, and no one has authority to grant them. This gives discretionary power to the proper officials.

It, therefore, recommends that the said resolution be adopted.

Resolved, That the presidents of the respective boroughs be and they hereby are authorized in their discretion to grant permits for the temporary erection in public streets and places under their respective jurisdictions, of temporary stands, platforms and decorations for purposes of use in connection with religious celebrations, and upon issuing such permits, to require such security as may be proper to indemnify the city against loss either during the construction and maintenance of such stands, platforms and decorations, or because of their non-removal, such stands, platforms and decorations to be of such size and style as may be fixed upon the granting of the permit, and such permit to permit such stands, platforms and decorations to exist for a time therein specified but not exceeding two weeks; provided that such permits shall only be issued when conducive to the general public welfare and provided further that no such permit shall be issued for any stand, platform or decoration which shall interfere with the general use by the public through and over such streets and public places.

No. 1479.

**Communication from the Mayor Vetoing Ordinance to Amend Section 21 of Article 3 of Chapter 22 of the Code of Ordinances of The City of New York Relating to "Snow and Ice."**

City of New York, Office of the Mayor, April 20, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinance No. 1479, entitled:

"Ordinance to amend section 21, of article 3, of chapter 22 of the Code of Ordinances of The City of New York, relating to 'snow and ice.'"

This proposed legislation suggests two changes in the present snow and ice ordinance.

First—That adjacent property owners throughout the City be required to remove snow and ice from the sidewalk where the highway is graded, the change being the substitution of the word "graded" for "paved."

Second—That the word "gutter" be cut out, so that adjacent property owners would not be required to clean snow and ice from the gutter as well as the sidewalk.

I have talked this matter over with the assistant corporation counsel, who try the snow and ice cases, and with Commissioner Fetherston, and they urge me to disapprove these changes, it being pointed out that there are many miles of farm land in Queens where the highway has been graded, and the proposed ordinance would require a pathway four feet wide along such places. Mr. Fetherston feels that it would be an error to cut out the word "gutter" and only require the adjacent property owner to clean the sidewalk where the same has been paved. Respectfully,

JOHN PURROY MITCHEL, Mayor.

The Committee on Public Thoroughfares to which was referred on March 1, 1915 (Minutes, page 1244), the annexed ordinance in relation to cleaning snow and ice and other material from the sidewalks, respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed changes to be necessary to enable the authorities in the more sparsely settled and less improved sections of the City to insist upon a proper passageway for pedestrians upon sidewalks.

It, therefore, recommends that the accompanying substitute ordinance prepared in compliance with the rules of the Board be adopted.

#### SUBSTITUTE.

AN ORDINANCE to amend Section 21 of Article 3 of Chapter 22 of the Code of Ordinances of the City of New York, relating to "snow and ice."

Be it Ordained, by the Board of Aldermen of the City of New York, as follows:

Section 1. Section 21 of Article 3 of Chapter 22 of the Code of Ordinances of the City of New York, relating to "snow and ice," is hereby amended to read as follows:

§21. Property owners. 1. *Must clear sidewalks.* Every owner, lessee, tenant, occupant, or other person having charge of any building or lot of ground in the City, abutting upon any street or public place where the sidewalk is [paved], *graded*, shall, within 4 hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow and ice, dirt or other material from *that portion* of the sidewalk [and gutter] *that is paved; and where no portion of the walk is paved, from a space four feet in width in the center of said sidewalk space*, the time between 9 p. m. and 7 a. m. not being included in the above period of four hours; provided, however, that such removal shall in all cases be made before the removal of snow and ice from the roadway by the commissioner of street cleaning, or by the borough president of Queens or Richmond, or subject to the regulations of said commissioner of street cleaning, or of said borough president of Queens or Richmond, for the removal of snow and ice, dirt and other material; except that in the boroughs of Queens and Richmond any owner, lessee, tenant or occupant or other person who has charge of any ground abutting upon any paved street or public place, for a linear distance of 500 feet or more, shall be considered to have complied with this section, if such person shall have begun to remove the snow and ice from the sidewalk and gutter before the expiration of the said 4 hours, and shall continue and complete such removal within a reasonable time.

2. *May use ashes, etc.* In case the snow and ice [on the sidewalk] shall be frozen so hard that it cannot be *easily removed from the sidewalk* [without injury to the pavement], the owner, lessee, tenant, occupant or other person having charge of any building or lot of ground as aforesaid may, within the time specified in the preceding subdivision, cause the *entire* sidewalk, *from curb line to street line*, abutting on the said premises to be strewn with ashes, sand, sawdust, or some similar suitable material, and shall, as soon thereafter as the weather shall permit, thoroughly clean said sidewalk.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in *italics*; old matter in brackets [ ], to be omitted.

#### ORIGINAL.

Sec. 409. Every owner, lessee, tenant, occupant, or other person having charge of any building or lot of ground in the city, abutting upon any street, avenue or public place where the sidewalk is (paved) *graded*, shall, within four hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow and ice, dirt or other material from *that portion* of the sidewalk (and gutter) *that is paved; and where no portion of the walk is paved, from a space four feet in width in the center of said sidewalk space*, the time between nine P. M. and seven A. M. not being included in the above period of four hours; provided, however, that such removal shall in all such cases be made before the removal of snow and ice from the roadway by the Commissioner of Street Cleaning, or by the Borough President of Queens or Richmond, or subject to the regulations of said Commissioner of Street Cleaning or of said Borough President of Queens or Richmond, for the removal of snow and ice, dirt and other material, except that in the Boroughs of Queens and Richmond any owner, lessee, tenant or occupant or other person who has charge of any ground abutting upon any paved street, avenue or public place for a linear distance of 500 feet or more, shall be considered to have complied with this ordinance if such person shall have begun to remove the snow and ice from the sidewalk and gutter before the expiration of the said four hours, and shall continue such removal and shall complete it within a reasonable time.

Sec. 410. In case the snow and ice (on the sidewalk) shall be frozen so hard that it cannot be *easily removed from the sidewalk* (without injury to the pavement) the owner, lessee, tenant, occupant or other person having charge of any building or lot of ground as aforesaid, shall, within the time specified in the last preceding section, cause the *entire* sidewalk *from curb line to street line*, abutting on the said premises to be strewn with ashes, sand, sawdust, or some similar suitable material, and shall, as soon thereafter as the weather shall permit, thoroughly clean said sidewalk.

Note—New matter in *italics*; old matter in parenthesis ( ).

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, February 27, 1915.

Board of Aldermen, City Hall, New York City:

Dear Sirs—I transmit to you herewith redrafted sections 409 and 410 of the Ordinances, which sections, in my estimation, would in that form more clearly define the duties of house owner, occupant, etc., in relation to the removal of snow from sidewalks. Very truly yours,

C. J. McCORMACK, President of the Borough of Richmond.

No. 1570.

Communication from the Mayor Vetoing Ordinance Relating to Traffic Regulations on Grand Boulevard and Concourse, The Bronx.

City of New York, Office of the Mayor, April 19, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinance No. 1570, entitled: "Ordinance relating to traffic regulations on Grand Boulevard and Concourse, The Bronx."

I see by this proposed ordinance that any regulations for street traffic that the Police Department may have issued are superseded where they conflict. The Police Commissioner informed me that he first heard of this matter to-day. Would it not be advisable to talk the same over with him rather than to repeal traffic regulations without any warning? Respectfully,

JOHN PURROY MITCHEL, Mayor.

The Committee on General Welfare, to which was referred on March 16, 1915 (Minutes, page 1638), the annexed ordinance relative to traffic regulations governing the use of the Grand Boulevard and Concourse in The Bronx, respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed regulations to be necessary. This is a substitute for a proposed ordinance heretofore introduced, and the Committee is assured that there is no objection to the rules herein prescribed.

It therefore recommends that the said ordinance be adopted.

AN ORDINANCE relating to traffic regulations governing the use of the Grand Boulevard and Concourse in the Borough of The Bronx.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 36a, Article 3, Chapter 24, Code of Ordinances of The City of New York. The following regulations shall govern vehicular traffic upon the drives and roads of the Grand Boulevard and Concourse in the Borough of The Bronx:

1. Side Drives. The side drives are primarily for the use of passenger automobiles and motorcycles of all kinds. Trucks, delivery wagons and other business vehicles are prohibited from using the same, except when requisite for the purposes of stopping at property fronting thereon, and in such cases the use thereof by such vehicles is prohibited further than is necessary for entering upon and leaving the Concourse by the nearest side street or streets.

2. Stopping. Vehicles intending to stop will draw up close to the curb, and must not occupy more than one-half the width of the driveway, or stand so that the length thereof is otherwise than parallel to the curb.

3. East Drive. The east drive is for north-bound traffic.

4. West Drive. The west drive is for south-bound traffic.

5. Center Drive. The center drive is for the use of north and south-bound horse drawn pleasure vehicles and for equestrians, but not for business traffic of any kind.

6. The storage of building or other material in any of the roadways is prohibited, except upon special permit from the Borough President of The Bronx.

7. Application of Police Regulations. "The Rules for Driving and Regulation of Street Traffic," issued by the Police Department of the City of New York, and the "Rules of the Road" of the Code of Ordinances, shall not apply to the Grand Boulevard and Concourse where they conflict with the foregoing Rules and Regulations.

Section 2. Any person who shall violate any provision of this Ordinance shall, upon conviction thereof, be punished by a fine of not more than Ten Dollars or by imprisonment for not exceeding ten days.

WM. BRUSH, W. F. QUINN, ROBERT H. BOSSE, LAUREN CARROLL, OSCAR IGSTAEDTER, JOHN J. REARDON, Committee on General Welfare.

No. 1608.

Communication from the Mayor Vetoing Resolution to Grant Leaves of Absence to Employees of the City Who Are Delegates to State Firemen's Convention.

City of New York, Office of the Mayor, April 19, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed resolution No. 1608, entitled: "Resolution to grant leaves of absence to employees of the City who are delegates to State Firemen's Convention."

I find that Mayor Gaynor vetoed a similar resolution on April 19, 1910, on the ground that such matters could be attended to without a resolution. Again, on June 7, 1910, the late Mayor said:

"I have already informed your honorable Board on April 19, 1910, that there is no real necessity for passing these resolutions and that the matter can be attended to by the heads of the different departments who will, no doubt, exercise all proper discretion in the premises."

I am not aware of any new facts that would call upon me to deviate from this policy. Respectfully,

JOHN PURROY MITCHEL, Mayor.

Whereas, The Southern New York Volunteer Firemen's Association will hold its Twentieth annual convention in Hempstead, Nassau County, N. Y., on June 8, 9 and 10, 1915; and

Whereas, The New York State Firemen's Association will hold its forty-third annual convention in the city of Oneida, N. Y., on August 16, 17, 18, 19 and 20, 1915; and

Whereas, Many of the employees of The City of New York who are now active volunteer firemen attached to companies in the outlying sections, desire to attend at least one of these conventions; therefore be it

Resolved, That all employees of The City of New York who are regularly elected delegates or members of the Southern New York Volunteer Firemen's Association be allowed three days, with pay, from June 8 to 10, 1915, inclusive, provided that in each case satisfactory proof shall be given to the head of the Department that such employee has attended the twentieth annual convention of the association at Hempstead, Nassau County, N. Y., during the said three days; and be it further

Resolved, That all employees of The City of New York who are regularly elected delegates or members of the Firemen's Association of the State of New York be allowed five days, with pay, from August 16 to August 20, 1915, inclusive, provided that in each case satisfactory proof shall be given to the head of the Department that such employee has attended the forty-third annual convention of the association which is to be held at Oneida, N. Y., during the week beginning August 16, 1915.

Which were severally laid over, ordered printed in the minutes, and published in full in the CITY RECORD.

#### PETITIONS AND COMMUNICATIONS.

No. 1659.

Communication from Elihu Root Acknowledging Receipt of Resolution of Board of Aldermen Relative to Demand for a Larger Measure of Home Rule for The City of New York.

The Constitutional Convention of the State of New York, Albany, 1915, April 17, 1815.

Mr. P. J. SCULLY, City Clerk, City Hall, New York City:

Dear Sir—I have to acknowledge your letter of April eighth inclosing a copy of a preamble and resolution adopted by the Board of Aldermen of the City of New York on April sixth, and it shall be laid before the convention.

Very truly yours,

Which was ordered on file.

No. 1660.

Communication from the Central Federated Union Approving Proposed Ordinance Safeguarding Elevators.

Central Federated Union of Greater New York and Vicinity, Labor Temple, 243 East 84th Street, New York, April 17th, 1915.

The Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—This body heartily approves of the proposed ordinance safeguarding passenger elevators, as advocated by the American Museum of Safety, and more particularly expressed in Sections Nos. 10, 11, 12, 13 and 14. Expecting and desiring your favorable action, very truly,

ERNEST BOHM, Cor. Sec. No. 210 E. 5th St., New York City.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 1661.

Police Commissioner—Request for Special Revenue Bonds, \$3,000, for Purchase of Two Motor Patrol Wagons, and Authority to Procure the Same Without Public Letting.

City of New York, Police Department, Office of the Commissioner, April 17, 1915.

The Honorable the Board of Aldermen:

Gentlemen—It is respectfully requested that an issue of revenue bonds in the amount of \$3,000 be authorized for the purpose of providing funds for the purchase of two motor patrol wagons.

The Department has an opportunity to purchase two wagons identical with those now in use in the Department, at a cost of \$1,500 each. These two wagons were originally sold at \$2,495 each to a police department of another city, but, because of some disagreement, they were refused upon delivery. Similar cars purchased by this Department two years ago cost \$2,250 each.

The cars have been inspected by representatives of this Department, and were found to be in first class condition, one never having been used, and the other only for a day or two. They are to be subject to the usual manufacturers' guarantee.

Additional motor patrol wagons are needed in the Department, and I feel that advantage should be taken of this opportunity to obtain this equipment at the greatly reduced price. One motor patrol wagon will replace at least three horse-drawn wagons, at a saving of approximately \$5,500 annually (detailed statement attached hereto).

In case favorable action is taken on the above request, it is further requested that the expenditure of these funds be exempted from the requirements with respect to public letting. Respectfully,

ARTHUR WOODS, Police Commissioner.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Parks, Borough of Brooklyn:

No. 1662.

**Commissioner of Parks, Borough of Brooklyn—Request for Special Revenue Bonds, \$7,500, for General Maintenance of Fort Hamilton Parkway.**

Department of Parks, Litchfield Mansion, Prospect Park, Borough of Brooklyn, New York City, April 19, 1915.

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—Pursuant to provisions of subdivision 8, section 188 of the Charter, I respectfully request authorization of special revenue bonds to the amount of \$7,500 for the general maintenance of Fort Hamilton Parkway, under jurisdiction of this Department.

When the budget for 1915 was prepared, the Board of Estimate and Apportionment took the position that this parkway ought to be turned over to the Borough President of Brooklyn. On this theory, the sum of \$10,000 for its maintenance was deducted from our budget. On December 23rd, 1914, the Board of Estimate passed a resolution seeking to transfer the jurisdiction of Fort Hamilton Parkway, but in this action you honorable Board has not concurred.

This parkway is in a deplorable condition and requires immediate attention. We have been trying to make some semblance of a showing, but, with the limited funds at our disposal (our budget being \$90,000 less than last year) it will be impossible to properly care for this street.

The items necessary for upkeep are as follows:

Teams and Carts	\$2,500 00
Laborers	2,500 00
Highway Material	2,500 00

Trusting that your Board will take speedy action in this matter, I am,  
Very truly yours, RAYMOND V. INGERSOLL, Commissioner.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Richmond:

No. 1663.

**President of the Borough of Richmond—Submitting List of Proposed Changes in Names of Streets.**

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, April 17, 1915.

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City:

Dear Sir—I beg to enclose herewith a list, showing proposed changes of names of streets in the Borough of Richmond.

The location of the several streets is shown on maps on file in the office of the President of the Borough of Richmond.

I wish to have a resolution covering these proposed changes prepared for presentation to the Board of Aldermen at its meeting next Tuesday, April 20th, and I shall greatly appreciate your co-operation in arranging to have this done.

Very truly yours, SPIRE PITOU, JR., Acting President of the Borough.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Public Charities:

(No. 1664.)

**Commissioner of Public Charities—Request for Special Revenue Bonds, \$5,000, for Floor Covering, Furniture, Etc., for Departmental Offices.**

(Copy.)

Department of Public Charities of the City of New York, Municipal Building, tenth floor, March 18, 1915.

*Re Special Revenue Bonds for Linoleum and Office Furniture.*

*To the Honorable the Board of Aldermen:*

Gentlemen—Request is hereby made for the issuance of Special Revenue Bonds to the amount of Five thousand dollars (\$5,000.00). This money is needed to purchase covering for the floor in the Municipal Building occupied by this Department and for furniture to take the place of the inadequate and worn-out desks, chairs, etc.

The office is equipped with a miscellaneous collection and assortment of furniture that has been handed down for years and, as we are now in the new building, the furniture and equipment should be in keeping with it.

I estimate that the sum of Five Thousand Dollars (\$5,000.00) will buy the necessary equipment for this office and trust that you will grant this amount of money.

Respectfully yours, JOHN A. KINGSBURY, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment:

(No. 1665.)

**Board of Estimate and Apportionment—Resolution for Corporate Stock, \$111,000, to Pay the City's Share of Acquiring Lands and Interests Therein in Connection with Preserving the Waters of the Bronx River from Pollution.**

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, April 20, 1915.

*To the Honorable the Board of Aldermen:*

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment April 16, 1915, relative to the issues of corporate stock as follows:

Cal. No. 163. Authorizing the issue of \$111,000 corporate stock to pay the City's share of acquiring lands and interests therein, and defraying expenses incidental thereto, by The Bronx Parkway Commission in connection with preserving the waters of the Bronx River from pollution.

Cal. No. 164. Authorizing the issue of \$60,250 corporate stock for the purpose of purchasing certain premises known as the Williamsburg Trust Company Building, located on the easterly side of Driggs avenue between South 4th Street and South 5th Street, Borough of Brooklyn, and expenses in connection therewith, for court house purposes, under the jurisdiction of the Board of City Magistrates, City of New York, 2nd Division.

I also enclose copies of reports of the Committee on Corporate Stock Budget Committee relative thereto. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Chapter 594 of the Laws of 1907, as amended by Chapter 757 of the Laws of 1913, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred and eleven thousand dollars (\$111,000), being the City's share (three-quarters) of a total of one hundred and forty-eight thousand dollars (\$148,000), to provide means for acquiring lands and interests therein, and defraying expenses incidental thereto, by The Bronx Parkway Commission in connection with preserving the waters of the Bronx River from pollution, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by Section 169 of the Greater New York Charter, maturing not more than fifteen (15) years after date of issue, the proceeds thereof to the amount of the par value of the stock, to be applied to the purpose aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment, April 16, 1915.

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, March 22, 1915.

*To the Board of Estimate and Apportionment:*

Gentlemen—On March 4, 1915, the Bronx Parkway Commission, pursuant to the provisions of Section 15, Chapter 594 of the Laws of 1907, as amended by chapter 757 of the Laws of 1913, requested your Board to authorize an issue of \$111,000 in corporate stock to pay the City's share, or three-quarters of the total amount due for land acquired for the Bronx Parkway, together with the expenses of such acquisition, closing as of January 15, 1915.

Subdivision H, Section 15, Chapter 594 of the Laws of 1907 provides that it shall be the duty of the Board of Estimate and Apportionment to pay three-quarters of the amount agreed upon by the Bronx Parkway Commission for lands taken and for expenses, in accordance with the provisions of the act.

A detailed list showing the owners, parcels and amounts awarded has been submitted by the Commission.

Interest at six per cent. on the amounts awarded commenced on January 15, 1915, and will continue to the day named by the Commission for vesting title in the City, which day will be set as soon as this request is granted.

We recommend the approval of the attached resolution approving the issue of \$111,000 in corporate stock for the purpose stated. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

(No. 1666.)

**Board of Estimate and Apportionment—Resolution for Corporate Stock, \$60,250, for Purchase of Premises Known as the Williamsburgh Trust Company Building.**

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding sixty thousand two hundred and fifty dollars (\$60,250) to provide means for the purchase of certain premises known as the Williamsburg Trust Company Building, located on the easterly side of Driggs Avenue between South 4th and South 5th Streets, Borough of Brooklyn, and expenses in connection therewith, for courthouse purposes, under the jurisdiction of the Board of City Magistrates, City of New York, 2nd Division, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by Section 169 of the Greater New York Charter, maturing not more than fifteen (15) years after date of issue, the proceeds thereof to the amount of the par value of the stock, to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment April 16, 1915.

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 5, 1915.

*To the Board of Estimate and Apportionment:*

Gentlemen—Under date of December 15, 1914, the Board of Aldermen selected and designated as a site for court house purpose under the jurisdiction of the Board of Magistrates, City of New York, Second Division, certain premises known as the Williamsburg Trust Company Building, Borough of Brooklyn. The selection and designation of this site became effective on January 4, 1915, in accordance with section 40 of the Greater New York Charter.

It will cost the City \$60,250 to acquire this property. This will cover the purchase price and the expenses of the examination of the title.

The building is to be altered and used as a court house for the Fifth District City Magistrates Court. This court is at present occupying the premises at 249 Manhattan Avenue. Because of the unsanitary and unsuitable conditions in this

building it was decided that other quarters should be provided. It was reported that the most available property in this section was the building formerly occupied by the Williamsburg Trust Company. This building is located on the easterly side of Driggs Avenue, between South 4th and South 5th streets.

The selection of the site was approved not only by the Board of Aldermen, but by the Board of City Magistrates.

It is recommended that the Board of Estimate and Apportionment authorize corporate stock to the extent of \$60,250 to provide for the acquisitions of this property. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

A true copy of resolution adopted by the Board of Estimate and Apportionment April 16, 1915. JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 6, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On January 28, 1915, the Police Commissioner requested establishment in the Police Department, pursuant to the provisions of Section 56 of the Greater New York Charter, of the positions of Statistician at \$1,500, Clerk at \$480, Building Inspector at \$1,650 and Draftsman at \$1,200 per year. The Bureau of Standards reports thereon as follows:

"Statistician, 1 at \$1,500.

"In the 1915 budget provision was made for a Statistician at \$1,800 per year. The Commissioner states that he has been able to obtain the service of a capable man at \$1,500 per year. This grade, however, not being established, appointment was made at \$1,800 pending establishment of the \$1,500 rate.

"Clerk, 1 at \$480.

"This Clerk is requested for indexing and filing work, keeping office in order, running errands and minor clerical work in the office of the Fourth Deputy Commissioner. The tentative appraised value for initial employment for the character of the work to be performed is \$300 per year.

"Building Inspector, 1 at \$1,650.

"The request for this position has been verbally withdrawn.

"Draftsman, 1 at \$1,200.

"The 1915 Budget provides for two Building Inspectors at \$1,800 per year. One is to be changed to Engineer Inspector, and one is to be eliminated to provide for appointment of a Draftsman at \$1,200 per year. This Draftsman is required for the purpose of preparing plans for alterations to police buildings and electric lighting in police buildings, preparing plans for traffic systems, post maps, record forms, etc. There is no civilian employee in the department to do this work. The title of this position should be Architectural Draftsman. Tentative specifications for work of this character indicates that the salary requested is reasonable.

"No additional appropriation will be required as the necessary funds will be provided through a modification of the salary schedules of the department."

In view of the foregoing facts, we recommend the adoption of the attached resolution providing for establishment of the positions of Statistician at \$1,500 and Architectural Draftsman at \$1,200 per annum in the Police Department.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

**Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Assistant Electrical Engineer in the Fire Department.**

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant Electrical Engineer .....	\$1,800 00	One (1)

A true copy of resolution adopted by the Board of Estimate and Apportionment, April 16, 1915. JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 9, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On March 25, 1915, the Fire Commissioner requested establishment in his department, pursuant to the provisions of Section 56 of the Greater New York Charter, of the position of Assistant Electrical Engineer, at \$1,800 per annum. The request was referred to the Committee on Salaries and Grades on April 1, 1915. The Bureau of Standards reports thereon as follows:

"The request is made for the purpose of changing the title of Charles W. Mitchell, now employed in the Bureau of Fire Prevention under the title of Electrical Inspector at \$1,800 per annum. The description of the work performed by Mr. Mitchell is as follows:

"Examines plans, makes inspections of interior fire alarm systems, makes reinspections, investigates complaints and makes tests in laboratory of electrical fire appliances. In absence of division head Mr. Mitchell is in charge.

"The work performed by Mr. Mitchell, according to the proposed specifications for the Engineering Group, is that of a Junior Electrical Engineer, with compensation ranging from \$1,200 to \$2,100 per annum.

"Mr. Mitchell's work brings him in contact with Engineers, and the Fire Commissioner believes that greater efficiency in the work would result if his title were changed. Mr. Mitchell was appointed to his present position on January 16, 1913, and was certified by the Municipal Civil Service Commission from the eligible list for Assistant Electrical Engineer.

"No increase in salary is involved."

In view of the foregoing we recommend the adoption of the attached resolution providing for the establishment in the Fire Department of the position of Assistant Electrical Engineer at \$1,800 per annum, for one incumbent. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

**Board of Estimate and Apportionment—Resolution to Establish Various Grades of Positions in the Department of Public Charities.**

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Public Charities of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rates of Compensation Per Annum.
Social Investigator .....	\$1,140, \$1,200, \$1,260, \$1,320, \$1,380
District Superintendent of Social Investigation .....	\$1,500, \$1,620, \$1,740, \$1,920
Supervisor of Social Investigation .....	\$2,100, \$2,280, \$2,460, \$2,700
Assistant Director of Social Investigation .....	\$2,940, \$3,180

A true copy of resolution adopted by the Board of Estimate and Apportionment, April 16, 1915. JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 6, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On March 20, 1915, the Commissioner of the Department of Public Charities, pursuant to the provisions of Section 56 of the Greater New York Charter, requested the establishment of the grades of positions of Social Investigator at \$1,140, \$1,200, \$1,260, \$1,320 and \$1,380 per annum; District Superintendent of Social Investigation at \$1,500, \$1,620, \$1,740 and \$1,920 per annum; Supervisor of Social Investigation at \$2,100, \$2,280, \$2,460 and \$2,700 per annum; Assistant Director of Social Investigation at \$2,940 and \$3,180 per annum.

The Bureau of Standards reports thereon as follows:

"The 1915 Budget provided the Department of Public Charities with 66 positions of Social Investigators at \$1,200 per annum, 2 at \$1,500 per annum, 2 Supervising Social Investigators at \$1,800 per annum and 1 Supervising Social Investigator at \$2,400 per annum. The positions at \$1,800 and \$2,400 per annum have not been filled, and it is the desire of the Department to fill them at the minimum rates of compensation suggested in the proposed specifications of the Bureau of Standards. The establishment of these new rates for the Department would allow for filling the \$2,400 positions at \$2,100, and the \$1,800 positions at \$1,500. It would also allow for filling vacancies that occur in the \$1,200 line at the initial rate of \$1,140 per annum.

"The establishment of the various other rates for the Social Investigator service of this Department is for the purpose of providing for the filling of vacancies that may occur during the year at rates of compensation in accordance with appraised value of the duties to be performed in the different grades.

"The proposed titles, grades and rates of compensation are as follows:

Grade.	Title.	Rates of Compensation.
1.	Social Investigator .....	\$1,140, \$1,200, \$1,260, \$1,320, \$1,380
2.	District Superintendent of Social Investigation .....	\$1,500, \$1,620, \$1,740, \$1,920
3.	Supervisor of Social Investigation .....	\$2,100, \$2,280, \$2,460, \$2,700
4.	Assistant Director of Social Investigation .....	\$2,940, \$3,180

"It is proposed to fill positions at the initial salary and to grant increase to the next rate only after one year of efficiency and satisfactory service."

In view of the above facts, we recommend the adoption of the attached resolution recommending to the Board of Aldermen the establishment of the suggested grades of positions in accordance with Section 56 of the Greater New York Charter:

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

(No. 1670.)

**Board of Estimate and Apportionment—Resolution to Establish the Grade of Deputy Tax Commissioner.**

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Taxes and Assessments of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Deputy Tax Commissioner .....	\$1,200 00

A true copy of resolution adopted by the Board of Estimate and Apportionment, April 16, 1915. JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 10, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On March 22nd, 1915, the Commissioners of Taxes and Assessments requested the establishment for their office of the grade of position of Deputy Tax Commissioner at \$1,200. The request was referred to the Committee on Salaries and Grades on March 22nd. The Bureau of Standards reports thereon under date of April 7th, as follows:

"The Commissioners intend to make extensive readjustments in the salaries of Deputy Tax Commissioners. A number of vacant positions are to be dropped and in several instances salaries will be reduced. A number of increases are also being requested. These changes constitute the subject matter of another request. The request for the establishment of the position of Deputy Tax Commissioner at \$1,200 is made in order that the department may retain the services of two men who, on account of age, are no longer able to perform the duties for which they are now being paid. The employees in question are Augustus M. Field, who is now receiving \$2,700, and Frederick VanTine, now receiving \$2,400. Mr. Field will be assigned to clerical work at the counter where the knowledge obtained by him in the field will prove of some value. Mr. VanTine will be assigned to the clerical work in connection with personal assessments."

In view of the foregoing we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

**Board of Estimate and Apportionment—Resolution to Fix the Compensation of Certain Janitors in the Department of Education.**

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of Section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the Janitorial force of the Board of Education; therefore, be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily and until further modified, in accordance with the following list:

Janitor, Public School 26, The Bronx, for care of three portable buildings, per annum	\$360 00
Janitor, Public School 69, Brooklyn, per annum, less \$221	1,788 00
Janitor, Public School 97, Annex, Brooklyn, per annum	480 00
Janitor, Public School 16, Queens, per annum	3,156 00
Janitor, Public School 95, Queens, per annum	2,760 00

A true copy of resolution adopted by the Board of Estimate and Apportionment, April 16, 1915.

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Committee on Education, April 5, 1915.

**To the Board of Estimate and Apportionment:**

Gentlemen—On March 24, 1915, the Board of Education requested establishment, pursuant to the provisions of Section 56 of the Greater New York Charter, or rates of compensation for Janitors of Public Schools 26, The Bronx; 69 and 97, Brooklyn; 16 and 95 Queens. In connection therewith we report as follows:

A rate of \$384 per annum is requested for the Janitor of Public School 26, The Bronx, for the care of three portable buildings. The Janitor of this school is now receiving a rate of \$240 for the care of two portables, and the increase of \$144 per annum is intended to compensate him for a third portable, which was opened March 1, 1915. In this connection we recommend that the Janitor of Public School 26, The Bronx, be allowed the prevailing rate of compensation for the third portable, namely, \$120 per annum, instead of \$144 as requested.

For Public School 69, Brooklyn, a temporary rate, which is the regular rate of \$1,788 per annum less a rent allowance of \$221, is requested. For the annex to Public School 97, Brooklyn, a rate of \$480 is requested. This is a two-room portable building located at Stillwell Avenue, near Avenue S, being some six blocks from the main building. It is heated by two stoves, one in each room, and has all other appurtenances necessary for a separate building. Inasmuch as this building requires the services of a person continually in attendance to act as caretaker, the proposed rate of \$480 per annum for the care of this building is reasonable. For new Public School 95, Queens, a regular rate of \$2,760 per annum, based upon the measurements of the building, is proposed, to take effect March 3, 1915, at which date the school was fully occupied by pupils. For the Janitor of Public School 16, Queens, a reduction in the rate of compensation is proposed from \$3,576 to \$3,156 per annum, owing to the fact that the old building was razed.

We recommend the adoption of the attached resolution granting the request, with the exception of Public School 26, The Bronx, for which we recommend a rate of \$360 per annum for the care of three portable buildings instead of \$384 per annum as requested. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

No. 1519 (S. O. No. 182).

**Report of the Committee on Finance, in Favor of Adopting Resolution for \$2,100 Special Revenue Bonds for Repairs and Improvements to Greenhouses in Forest Park, Borough of Queens.**

The Committee on Finance, to which was referred on March 9, 1915 (Minutes, page 1286), the annexed communication from the Commissioner of Parks, Borough of Queens, asking for \$2,100 special revenue bonds for repairs and improvements to greenhouses in Forest Park, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed improvements to be necessary. The details of this expenditure are shown in the supplemental letter hereto attached. The Commissioner urges the approval of this request on the ground that the return to the City will be manifested at an early date. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand one hundred dollars (\$2,100), the proceeds whereof to be used by the Commissioner of Parks, Borough of Queens, for the purpose of repairing and improving the greenhouses in Forest Park. All obligations incurred hereunder to be contracted for on or before December 31, 1915.

JOHN DIEMER, FRANK J. DOTZLER, F. H. STEVENSON, D. M. BEDELL, C. AUGUSTUS POST, F. H. WILMOT, FRANCIS P. KENNEY, Committee on Finance.

The City of New York, Department of Parks, Borough of Queens, The Overlook, Forest Park, Richmond Hill, L. I., March 16th, 1915.

Hon. HENRY CURRAN, Chairman, Finance Committee, Board of Aldermen, City Hall, New York City:

Sirs—In connection with the request of this Department for an issue of special revenue bonds in the amount of \$2,100, which is now in the hands of your committee, I beg to submit the following statement as to how this money is to be spent:

Extension and repairs to connecting house	\$376 00
Roof and ventilation attachment for pit built by Department labor	503 00
Additional heater and new piping for the big show house	605 00
Heating for connecting house and pit	443 00
Gratings and other general repairs	173 00
	\$2,100 00

I beg to say that these estimates are based upon figures supplied by Lord & Burnham, the most reliable greenhouse concern I know of.

I sincerely hope that your Committee will find it possible to grant this request.

Thanking you for your kindly consideration in the past, I am, very sincerely yours,

JOHN E. WEIER, Commissioner.

**Report of the Committee on Finance, in Favor of Adopting Resolution for \$3,100 Special Revenue Bonds for Reconstruction of Taylor Street Sewer Outlet, Borough of Richmond.**

The Committee on Finance, to which was referred on April 6, 1915 (Minutes, page 5), the annexed request of the President of the Borough of Richmond for \$3,100 Special Revenue Bonds for reconstruction of the Taylor Street outlet sewer, respectfully

**REPORTS:**

That having examined the subject, it believes the proposed reconstruction to be necessary. The details are set forth in the letter of request and accompanying estimate.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand one hundred dollars (\$3,100) the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of reconstructing sewer outlet at Taylor street, Borough of Richmond.

All obligations contracted for hereunder to be incurred on or before December 31, 1915.

JOHN DIEMER, FRANK J. DOTZLER, F. H. STEVENSON, D. M. BEDELL, C. AUGUSTUS POST, F. H. WILMOT, FRANCIS P. KENNEY, Committee on Finance.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 31, 1915.

Hon. GEORGE McANENY, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—We desire to present a request to the Board of Aldermen for an issue of special revenue bonds to the amount of \$3,100, for the reconstruction of the Taylor Street sewer outlet, which has been damaged so that it is now useless, and a serious insanitary condition exists. The cause of the damage is due to the filling in of its property by the Staten Island Rapid Transit Railway Company, the mud wave formed by the fill having torn the sewer from its pile foundations. This Department made a demand upon the railroad company to repair the damage, which it has refused to comply with. The matter was placed in the hands of the Corporation Counsel and he has advised us that the sewer easement in which the sewer is built is a legal one and that we have a right to maintain this sewer in it. The railroad company disputes

this right. The Corporation Counsel has also advised us that we should repair this sewer at once and collect the cost from the Railroad Company.

A detailed statement of the expense of reconstructing this sewer is attached. Yours very truly, LOUIS NIXON, Acting President of the Borough.

**Report on Reconstruction of Taylor Street Outlet Sewer.**

The sewer has been pushed out of place, both vertically and laterally, between stations 1+57.50 and 4+93.50, which requires reconstructing of 336 feet of sewer. Between stations 2+56 and 4+00 the sewer has been pushed down below its original grade to the extent of several feet and below low water level, and it is estimated that the work of recovering the old pipe within the section would cost more than furnishing new pipe. This section of 144 feet in length has, therefore, been considered in the estimate to require new pipe.

**Engineer's Estimate of Cost.**

144 lin. ft. of 20-inch cast-iron pipe sewer, furnished and placed on pile foundation, complete, \$10.40	\$1,497 60
192 lin. ft. of 20-inch cast-iron pipe sewer, to be taken up and relaid on pile foundation, complete, \$6.40	1,228 80

Engineering and inspection	\$2,726 40
	373 60

Total	\$3,100 00

**Report of the Committee on Finance, in Favor of Adopting Resolution for \$7,000 Special Revenue Bonds for Use by the Supervisor of the City Record in Supplying Blank Books for the Offices of the County of Queens.**

The Committee on Finance, to which was referred on April 6, 1905 (Minutes, page 6), the annexed request of the Supervisor of the City Record for \$7,000 Special Revenue Bonds to meet the expense of supplying blank books for the offices of the County of Queens, respectfully

**REPORTS:**

That this amount is particularly needed to furnish equipment to the County Clerk of Queens to carry out the provisions of chapter 434 of the Laws of 1914. Requisition was not made for these books until March 24, 1915, hence no provision was made in the Budget. The estimate of cost appears to be very accurate, and the Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of seven thousand dollars (\$7,000), the proceeds whereof to be used by the Supervisor of the City Record for the purpose of supplying blank books for the offices of the County of Queens.

All obligations contracted for hereunder to be incurred on or before December 31, 1915.

The Committee on Finance, to which was referred on April 13, 1915 (Minutes, page 81), the annexed request of the President of the Borough of Manhattan for \$47,000 Special Revenue Bonds for the purpose of making alterations to the West Wing of the City Hall, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed improvement to be necessary, and that the amount asked for is reasonable, in view of the time allotted for the work. A detailed estimate is hereto attached.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty-seven thousand dollars (\$47,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of making repairs and alterations to the West Wing of the City Hall. All obligations contracted for hereunder to be incurred on or before December 31, 1915.

The Committee on Finance, to which was referred on April 13, 1915 (Minutes, page 147), the annexed resolution in favor of an issue of \$500 Special Revenue Bonds for City Clerk, respectfully:

**REPORTS:**

That, having examined the subject, it believes the proposed issue to be necessary to replenish account for office supplies, which was drawn upon for furnishings of new office.

It, therefore, recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five hundred dollars (\$500), the proceeds whereof to be used by the City Clerk and Clerk of the Board of Aldermen for the purpose of replenishing account known as Code No. 7, Office Supplies, 1915. **Report of the Committee on Finance, in Favor of Adopting Resolution to Amend an Issue of \$50,000 Corporate Stock for Construction and Equipment of an Addition to the City Hospital, Blackwells Island.**

The Committee on Finance, to which was referred on April 13, 1915 (Minutes, page 85), the annexed resolution in favor of amending an issue of \$50,000 for the construction and equipment of an addition to the City Hospital, Blackwells Island, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed amendment to be necessary to provide for certain additional work which may be paid for from this appropriation.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held April 9, 1915:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the following resolution adopted by the Board of Estimate and Apportionment on June 26, 1913, and concurred in by the Board of Aldermen on July 15, 1913:

"Resolved, That, pursuant to the provisions of Section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of an issue of corporate stock of the City of New York to an amount not exceeding fifty thousand dollars (\$50,000) to provide means for the construction and equipment of an addition to the City Hospital, Blackwells Island, to be used for operating purposes, under the jurisdiction of the Department of Public Charities, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of the City of New York in the manner provided by Section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be and the same is hereby amended to make the purposes thereof read for alterations and additions to City Hospital, Blackwells Island, including equipment, to provide an operating suite and to enclose the present elevator shafts with fireproof material.

The Committee on Finance, to which was referred on April 13, 1915 (Minutes, page 86), the annexed resolution in favor of amending an ordinance for \$200,000 Corporate Stock for equipment of Central Telegraph Stations, Fire Department, respectfully

**REPORTS:**

That having examined the subject, it believes the proposed amendment to be necessary to provide for the installation of necessary parts of the new fire alarm telegraph system, throughout the city, where an immediate need for same exists.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held April 9, 1915:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the following resolution adopted by the Board of Estimate and Apportionment on June 26, 1913, and concurred in by the Board of Aldermen on July 15, 1913:

"Resolved, That, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of the City of New York to an amount not exceeding two hundred thousand dollars (\$200,000) to provide means for the interior equipment of the new Central Telegraph Stations to be erected in the Boroughs of Manhattan, The Bronx and Brooklyn for the use of the Fire Department, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of the City of New York in the manner provided by Section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to read as follows:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of the City of New York to an amount not exceeding two hundred thousand dollars (\$200,000) of which an amount not exceeding one hundred and fifty thousand dollars (\$150,000) is to provide means for the interior equipment of the new Central Telegraph Stations to be erected in the Boroughs of Manhattan, The Bronx and Brooklyn for the use of the Fire Department, and of which an amount not exceeding fifty thousand dollars (\$50,000) is to provide means for the immediate installation of necessary portions of the new Fire Alarm Telegraph System in all Boroughs and expenses in connection therewith, for the use of the Fire Department, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of the City of New York in the manner provided by Section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the separate purposes aforesaid.

**Report of the Committee on Finance, in Favor of Adopting Resolution to Authorize the Comptroller to Pay a Bill of \$50 for Care of Plot in Greenwood Cemetery.**

The Committee on Finance, to which was referred on April 15, 1915 (Minutes, page 153), the annexed resolution in favor of authorizing the Comptroller to pay bill of J. Ebb Weir & Co., \$50 for care of plot in Greenwood Cemetery, used for victims of Brooklyn Theatre fire, respectfully

**REPORTS:**

That the Committee is informed that an allowance which has always heretofore been made for this purpose, was this year omitted from the Budget, and as it believes that this responsibility should not be shirked by the City, it recommends that the said resolution be adopted.

Whereas, The City of Brooklyn did, on the 17th day of February, 1877, acquire title to a plot of ground in Greenwood Cemetery for the purpose of burying therein the victims of the Brooklyn Theatre fire, which occurred on December 5, 1876; and

Whereas, The said plot was planted and cared for each year since by James Weir, Jr., and Son, which firm has since been superseded by J. Ebb Weir & Company, under the authority of the Common Council of said City, at the nominal cost of fifty dollars per annum; therefore

Resolved, That the Comptroller be and he is hereby duly authorized and requested to pay to the said J. Ebb Weir & Company the sum of fifty dollars for planting and caring for the plot in Greenwood Cemetery, Borough of Brooklyn, used for the burial of the victims of the Brooklyn Theatre fire of December 5, 1876, during the year 1915.

Reports of Committee on Public Thoroughfares—

No. 1293 (G. O. No. 617).

**Report of the Committee on Public Thoroughfares, in Favor of Adopting Ordinance Relating to the Removal of Snow and Ice from Sidewalks and Gutters in The City of New York.**

The Committee on Public Thoroughfares, to which was referred on January 19, 1915 (Minutes, page 415), the annexed ordinance relating to the removal of snow and ice from sidewalks and gutters in The City of New York, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed change of jurisdiction from the Commissioner of Street Cleaning to the Borough President to be one which

will result in better results in securing action on the part of owners of vacant or unimproved property.

It, therefore, recommends that the accompanying substitute ordinance be adopted.

**SUBSTITUTE:**

AN ORDINANCE to amend subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances of The City of New York, relating to "snow and ice."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances of The City of New York, relating to "snow and ice" is hereby amended to read as follows:

Sec. 21. Property owners. 1. *Must clear sidewalks.* Every owner, lessee, tenant, occupant, or other person having charge of any building or lot of ground in the city, abutting upon any street or public place where the sidewalk is paved, shall, within 4 hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow and ice, dirt or other material from the sidewalk and gutter, the time between 9 p. m. and 7 a. m. not being included in the above period of four hours; provided, however, that such removal shall in all cases be made before the removal of snow and ice from the roadway by the commissioner of street cleaning, or by the borough president of Queens or Richmond, or subject to the regulations of said commissioner of street cleaning, or of said borough president of Queens or Richmond, for the removal of snow and ice, dirt and other material; except that in the boroughs of Queens and Richmond any owner, lessee, tenant or occupant or other person who has charge of any ground abutting upon any paved street or public place, for a linear distance of 500 feet or more, shall be considered to have complied with this section, if such person shall have begun to remove the snow and ice from the sidewalk and gutter before the expiration of the said 4 hours, and shall continue and complete such removal within a reasonable time.

Whenever any owner, lessee, tenant, occupant or other person having charge of any building or lot of ground abutting upon any street or public place where the sidewalk is paved shall fail to comply with the provision of any ordinance of the City for the removal of snow and ice, dirt, or other material from the sidewalk and gutter in the street, on the side of the street on which such building or lot abuts, the President of the Borough in which such building or vacant lot is located may cause such removal to be made, meeting the expense thereof from any suitable street cleaning or highway fund, and thereafter the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Borough President to the Comptroller, and the Board of Estimate and Apportionment may authorize such additional expenditures as may be required for the said removal of such ice and snow, dirt, or other material, to be repaid to the fund from which the payments were made, with proceeds from the issue and sale of revenue bonds which shall be sold by the Comptroller, as provided by law.

The said Borough President shall, as soon as possible, after the work is done, certify to the Corporation Counsel the amount of the expense chargeable against each piece of property.

The Corporation Counsel is hereby directed and authorized to sue for and recover the amount of this expense, together with three (3) dollars penalty for each offense, and when so recovered the amount shall be turned over to the City Chamberlain to be deposited to the credit of the general fund of the City of New York for the redemption of taxation.

Section 2. This ordinance shall take effect immediately.

Note—New matter in italics.

**ORIGINAL.**

AN ORDINANCE relating to the removal of snow and ice from sidewalks and gutters in the City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 414 of Chapter 9 of Part 1 of the Code of Ordinances of the City of New York is hereby amended to read as follows:

Sec. 414. Whenever any owner, lessee, tenant, occupant or other person having charge of any building or lot of ground abutting upon any street or public place where the sidewalk is paved shall fail to comply with the provision of any ordinance of the City for the removal of snow and ice, dirt or other material from the sidewalk and gutter in the street, on the side of the street on which such building or lot abuts, the President of the Borough in which such building or vacant lot is located [Commissioner of Street Cleaning or the Borough President of Queens or Richmond] may cause such removal to be made, meeting [such] the expense thereof from any suitable street cleaning or highway fund, and thereafter the expense of such removal, as to each particular lot of ground, shall be ascertained and certified by the said [Commissioner of Street Cleaning or by the President of Queens or Richmond] Borough President to the Comptroller [for the City], and the Board of Estimate and Apportionment may authorize such additional expenditures as may be required for

Note—New matter in italics; old matter in brackets [ ], to be omitted. the said removal of such ice and snow, dirt or other material, to be repaid to the fund from which the payments were made, [or instead, in the Boroughs of Queens or Richmond, to the special fund restoring and repaving in said boroughs, if the Presidents of these boroughs so elect], with proceeds from the issue and sale of revenue bonds which shall be sold by the Comptroller, as provided by law.

The [Commissioner of Street Cleaning or Borough Presidents of Queens or Richmond] said Borough President shall, as soon as possible after the work is done, certify to the Corporation Counsel the amount of the expense chargeable against each piece of property.

The Corporation Counsel is hereby directed and authorized to sue for and recover the amount of this expense, together with three (3) dollars penalty for each offense, and when so recovered the amount shall be turned over to the City Chamberlain, to be deposited to the credit of the general fund of The City of New York for the redemption of taxation.

The Committee on Public Thoroughfares, to which was referred on March 30, 1915 (Minutes, page 1747), the annexed ordinance in favor of amending the section of the code referring to temporary canvas awnings, respectfully

**REPORTS:**

That having examined the subject, it believes the proposed amendment to be necessary to prevent a very common encroachment on the sidewalk which frequently subjects pedestrians to a considerable annoyance. Guests at special functions where extra protection is needed are provided for by the amendment contained in the accompanying substitute ordinance, which the Committee recommends be adopted.

**"SUBSTITUTE."**

AN ORDINANCE to amend Section 43 of Article V. of Chapter 23 of the Code of Ordinances with relation to temporary canvas awnings.

*Be it Ordained by the Board of Aldermen of The City of New York, as follows:* Section 1. Section 43 of Article V. of Chapter 23 of the Code of Ordinances is hereby amended to read as follows:

Section 43. Temporary awnings. Awnings [with or] without side coverings may be from time to time erected and maintained across the sidewalk of any street for temporary use as a protection during inclement weather only; provided, however, that such awning shall be made of canvas or cloth and shall be supported by upright posts of iron not exceeding [6] 2 inches in diameter and not less than 8 nor more than 10 feet in height above the sidewalk and shall not be wider than the entrance of the building in connection with which it is to be used [and shall leave sufficient space for the passage of pedestrians]. *Awnings with side coverings may be erected for a limited time upon issuance of a special permit from the borough president having jurisdiction.*

Section 2. This ordinance shall take effect immediately.

Report of Committee on Rules—

No. 1653—(G. O. No. 624).

**An Ordinance to Amend the Code of Ordinances of The City of New York, Relating to the "City Seal" and "Flags and Decorations on City Hall," and by Adding to Chapter 1 a New Article to Be Numbered Article 3, and to Be Entitled "City Seal and Flags."**

The Committee on Rules, to which was referred on April 13, 1915 (Minutes, page 147), An Ordinance amending an Ordinance relating to the adoption of an official flag by The City of New York, approved April 6, 1915, respectfully

**REPORTS:**

The ordinances providing for the adoption of an official flag by The City of New York and the re-establishment of the original corporate seal of the City which were adopted by the Board of Aldermen on March 23, 1915, and approved by the Mayor on April 6, 1915, have received almost universal commendations from the press and from the organizations and individuals particularly interested, and the designs so adopted have been generally accepted with strong expressions of approval.

Certain typographical errors which have been discovered in the printing of the ordinances render it necessary that these errors should be corrected, and it has been suggested that several slight changes be made in the wording. Attention has been called to the fact that, owing to the change of the calendar from the old style to the new style, the date June 12th, old style, is now June 24th under the new style.

It has also been suggested that when the design for the seal is used on the City flag or for architectural or ornamental purposes, the legend "Sigillum Civitatis Novi Eboraci," is superfluous and detracts from the design, and might therefore well be omitted. The proposed changes involve no material alteration in the design of the flag and seal as previously recommended and adopted, but, in the opinion of your Committee, are desirable.

Your Committee therefore recommend the adoption of the following substitute ordinances:

**SUBSTITUTE.**

AN ORDINANCE to amend article 2 of chapter 1 of the Code of Ordinances of The City of New York, relating to the "city seal" and "flags and decorations on city hall," and adding to chapter 1 a new article, to be numbered article 3, to be entitled "seal and flag of the city."

*Be it Ordained by the Board of Aldermen of The City of New York, as follows:*

Section 1. Sections 6 and 11 of article 2 of chapter 1 of the Code of Ordinances of The City of New York, relating, respectively, to the "city seal" and "flags and decorations on city hall," are hereby repealed in their entirety and the remaining sections of said article renumbered in consecutive order.

Sec. 2. Chapter 1 of the Code of Ordinances of The City of New York is hereby amended by adding thereto a new article, to read as follows:

**Article 3.**

*Seal and flag of the city.*

Section 1. *City seal.*

2. *Official city flag.*

3. *Flags and decorations on city hall.*

§1. *City seal.* a. The corporate seal of The City of New York, as adopted by the Common Council on July 24, 1686, with the alteration adopted by the Common Council on March 16, 1784, is hereby re-established, and the following device is hereby adopted as the device of said seal, to wit:

*Arms: Upon a shield, saltire-wise, the sails of a windmill. Between the sails, in chief a beaver, in base a beaver, and on each flank a flour barrel.*

*Supporters: Dexter, a sailor, his right arm bent, and holding in his right hand a plummet; his left arm bent, his left hand resting on the top of the shield; above his right shoulder a cross-staff. Sinister, an Indian of Manhattan, his right arm bent, his right hand resting on the top of the shield, his left hand holding the upper end of a bow, the lower end of which rests on the ground. Shield and supporters resting upon a horizontal laurel branch.*

*Date: Beneath the horizontal laurel branch the date 1664, being the year of the capture of New Amsterdam by the English and the first use of the name of the City of New York.*

*Crest: Upon a hemisphere, an American eagle with wings displayed.*

*Legend: Upon a ribbon encircling the lower half of the design the words "Sigillum Civitatis Novi Eboraci."*

*The whole encircled by a laurel wreath.*

b. *Design.* The following design is hereby adopted as the official and standard design of such corporate seal:

c. *Execution and custody of.* The City Clerk shall cause to be executed and cast in bronze a model of the foregoing design as the standard corporate seal of the City and shall keep the same in his custody. The said City Clerk shall also cause the said design to be engraved in accurate conformity therewith upon metal as the seal of the City and shall keep and affix the same, as provided in Section 31 of the Charter of the City; and he shall also provide in the same manner for all other officers of the City who are required or authorized by law to have or use the corporate seal of the City.

d. *Date of effect and use of.* On and after the twenty-fourth day of June, Nineteen hundred and fifteen, the said seal shall be used for all requisite purposes and all representations of the seal of the City impressed or printed on and after said date

on documents, publications or stationery, issued or used by or in the name or under the authority of the City or of any Borough or Department thereof, or carved, or otherwise represented on buildings or structures owned by the City; or otherwise officially portrayed shall be in exact conformity with the aforesaid standard design without alteration or addition, except that the legend "Sigillum Civitatis Novi Eboraci" may be omitted when the design is used on the City flag or for architectural or ornamental purposes. The seals now in use by the City Clerk and by any other City officers shall be defaced and cancelled on said date by the City Clerk and shall remain in his custody.

§2. a. Official City flag. The following design is hereby adopted as the design of the official flag of The City of New York, and as a substitute for the flag now in use, to wit:

A flag combining the colors orange, white and blue, arranged in perpendicular bars of equal dimensions (the blue being nearest to the flagstaff) with the standard design of the seal of the City in blue upon the middle, or white bar, omitting the legend "Sigillum Civitatis Novi Eboraci," which said colors shall be the same as those of the flag of the United Netherlands in use in the year one thousand six hundred and twenty-six.

b. This ordinance shall take effect on the Twenty-fourth day of June, Nineteen hundred and fifteen.

§3. Flags and decorations on city hall. All power and authority to display flags or other decorations on, in or about the city hall, or other public buildings within the City Hall park, is hereby vested in the mayor, unless otherwise ordered by the board of aldermen, by a vote of a majority of all the members elected to the board.

Sec. 3. This ordinance shall take effect immediately.

SPECIAL ORDERS.

No. 181—Int. No. 1595.

Report of the Committee on Finance in Favor of Adopting Resolution for \$9,000 Special Revenue Bonds for Care of Men at Hospital and Industrial Colony at Warwick, N. Y., Under Jurisdiction of Board of Inebriety.

The Committee on Finance, to which was referred on March 30, 1915 (Minutes, page 1712), the annexed request from the Board of Inebriety for \$9,000 Special Revenue Bonds for care of inmates at the hospital and industrial colony at Warwick, N. Y., respectfully

REPORTS:

That having examined the subject, it believes the proposed allowance to be necessary, Judge Collins of the Court of Special Sessions and several representatives of departments having to do with those addicted to a drug habit, advocated this appropriation, stating that the treatment given these unfortunates at this colony frequently helped to complete a cure. The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of Subdivision 8 of Section 182 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of nine thousand dollars (\$9,000), the proceeds whereof to be used by the Board of Inebriety for the purpose of caring for inmates at the hospital and industrial colony at Warwick, N. Y.

All obligations contracted for hereunder to be incurred on or before December 31, 1915.

Board of Inebriety of The City of New York, 300 Mulberry Street, New York, March 30th, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, New York City:

Sir—I am directed by the Board of Inebriety to request the Board of Aldermen to authorize the issue of special revenue bonds in an amount not exceeding \$9,000 for the purpose of caring for one hundred men at the Hospital and Industrial Colony of the Board at Warwick, New York, in a camp colony, from May 1st to October 15th, 1915, a period of 168 days. It is proposed to place the men in tents accommodating ten each, and to use a marquee as a dining room. The request is prompted by the desire of the Board to use the splendid facilities at its disposition to the fullest advantage during the summer months, especially following the success of a small camp operated last year. A detailed statement of the estimated cost is attached. The economic value of treating one hundred men for that period will far more than offset

the cost involved, and their labor can be used in cultivating the large farm operated by the board, and in the construction of permanent buildings. Respectfully,

JOHN A. KINGSBURY, President.

GENERAL ORDERS.

General Orders Nos. 576, 577, 578 and 590, being proposed amendments to the Building Code, were read by the Clerk. The Superintendents of Buildings of the Boroughs of Manhattan, Brooklyn, Queens and Richmond, who were present in Compliance with a resolution passed at the meeting of April 13, informed the Board that all of the provisions contained in these ordinances had received their consideration and met with their approval.

No. 576—(Int. No. 1541).

Report of the Committee on Buildings, in Favor of Adopting Substitute Ordinance Relating to the Section in the Building Code Entitled "Materials."

The Committee on Buildings, to which was referred on March 9, 1915 (Minutes, page 1589), the annexed ordinance containing the section of the Building Code relative to materials, respectfully

REPORTS:

That it held a public hearing on this provision of the Code at which some objections were made to certain clauses. The Committee has carefully considered the protests made and has revised the ordinance in a manner which it believes will go far to satisfy objectors.

It, therefore, recommends that the accompanying substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE to amend Article 2, Chapter 5 of the Code of Ordinances of the City of New York.

Be it Ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. Article 2, Chapter 5 of the Code of Ordinances of the City of New York is hereby amended to read as follows:

ARTICLE 2.

Materials.

- [Section 20. Brick.  
21. Sand.  
22. Cement.  
23. Mortar.  
24. Concrete.  
25. Iron and steel.  
26. Timber.  
27. Tests of new materials.]  
Section 20. Quality of materials.  
21. Weights of materials.  
22. Tests.  
23. Brick.  
24. Sand.  
25. Lime.  
26. Cement.  
27. Mortar.  
28. Concrete.  
29. Hollow Building Blocks.  
30. Iron and steel.  
31. Timber

§ 20. Quality of materials. All building materials shall be of a quality to meet the intent of this chapter, and shall conform to such specifications, consistent with the

requirements of this chapter, as may be promulgated by the superintendents of buildings.

§ 21. *Weights of materials.* The weights of various materials in pounds per cubic foot shall be assumed to be as follows:

Brickwork .....	120,
Concrete, cinder, used for floor arches or slabs.....	108,
Concrete, cinder, used for filling over fireproof floors.....	60,
Concrete, stone .....	144,
Granite, bluestone and marble.....	168,
Limestone .....	156,
Sandstone .....	144,
Oak and longleaf yellow pine.....	48,
Spruce, fir, hemlock, white pine and shortleaf yellow pine.....	30.

§ 22. *Tests.* 1. When required. New structural material, or structural material not otherwise provided for in this chapter shall be subjected to such tests to determine its character and quality, as the superintendent of buildings shall direct. Appliances and devices required by any of the provisions of this chapter and new methods of construction shall be subjected to such tests to determine their efficiency, as the superintendent of buildings may direct. Such tests as may be required under this section shall be described in rules promulgated by the superintendent of buildings.

2. *Tests of materials.* All tests shall be conducted under the supervision of the superintendent of buildings, or his authorized representative. Laboratory tests shall be conducted at a testing laboratory of recognized standing. A superintendent of buildings conducting a test under the provisions of this section shall notify the superintendents of buildings of the other boroughs at least three days in advance of such test.

3. *Approval.* Any material, appliance, or method of construction meeting the requirements of this chapter or the specifications authorized thereunder shall be approved within a reasonable time after the completion of the tests. All such approvals and the conditions under which they are issued shall be published in the City Record within a month after issuance, and a complete list of all such approvals issued during the year shall be included in the annual report of the superintendent of buildings. The superintendent of buildings may prohibit the use of any material or appliance failing to conform to the requirements of this chapter or to the rules adopted thereunder.

4. *Conditions attaching to approvals.* Materials, appliances or methods of construction which have been tested and approved shall be used and installed in accordance with the terms of the approval. So far as practicable all materials and appliances for which approvals have been issued shall have a distinctive brand mark for identification impressed on or otherwise attached to them. It shall be unlawful to use any such brand mark on any other material or appliance than that for which the approval was issued.

5. *Additional tests.* The superintendent of buildings may require any tests to be repeated if there is any reason to believe that the material or appliance is no longer up to the specifications on which the approval was based.

§ [20.] 23. *Brick.* The brick used in the construction of [all] buildings shall be [good] sound [hard] well burnt brick. When old brick are used in any wall they shall be thoroughly cleaned before being used, and shall be whole and good, hard, well burnt brick.

§ [21.] 24. *Sand.* The sand used for building construction [mortar in all buildings] shall be clean, sharp, coarse and silicious [grit sand, free from loam or dirt, and shall not be finer than the standard samples kept in the office of the superintendent of buildings].

§ 25. *Lime.* Quick lime and hydrated lime shall conform to such specifications as may be promulgated by the superintendent of buildings, or, in the absence of such specifications, with the standard specifications of the American Society for Testing Materials.

§ [22.] 26. *Cement.* [1. Portland. Cements classed as Portland cement shall be considered to mean such cement as will, when tested neat, after 1 day set in air be capable of sustaining without rupture a tensile strain of at least 120 pounds per square inch, and after 1 day in air and 6 days in water be capable of sustaining without rupture a tensile strain of at least 300 pounds per square inch.

2. Other classes. Cements other than Portland cement shall be considered to mean such cement as will, when tested neat, after one day set in air, be capable of sustaining without rupture a tensile strain of at least 60 pounds per square inch, and after 1 day in air and 6 days in water be capable of sustaining without rupture a tensile strain of at least 120 pounds per square inch.

3. *Tests.* All tests of cements shall be made under the supervision of the superintendent of buildings, at such times as he may determine, and a record of all cements answering the above requirements shall be kept for public information.]

Portland and natural cements shall conform to such specifications as may be promulgated by the superintendent of buildings in accordance with the provisions of this chapter, or, in the absence of such specifications, with the standard specifications of the American Society for Testing Materials.

§ [23.] 27. *Mortar.* 1. Cement. Cement mortar shall be made of cement and sand in the proportion of 1 part of cement and not more than 3 parts of sand by volume, [and shall be used immediately after being mixed. The cement and sand are to be measured and thoroughly mixed before adding water. The cement must be very finely ground and free from lumps.] or, in the case of bag mortars prepared under rules promulgated by the superintendent of buildings, in such proportion that the tensile strength per square inch at the age of 28 days shall be not less than 250 pounds when Portland cement is used, and 125 pounds when natural cement is used. Cement mortar shall be thoroughly mixed and shall be used immediately after the addition of water. Not more than 15 per cent. of the cement by volume may be replaced by an equal volume of lime.

2. *Cement and lime.* [Cement and lime] Cement-lime mortar [mixed] shall be made of 1 part of lime, 1 part of cement and not more than 3 parts of sand to each by volume.

3. *Lime.* Except as may be otherwise provided, 1 [L] ime mortar shall be made of 1 part of slacked lime, lime putty or dry hydrated lime and not more than 4 parts of sand by volume. [All lime used for mortar shall be thoroughly burnt, of good quality, and properly slaked before it is mixed with the sand.]

§ [24] 28. *Concrete.* [Concrete for foundations shall be made of at least 1 part of cement, 2 parts of sand and 5 parts of clean broken stone, of such size as to pass in any way through a 2-inch ring, or good, clean gravel may be used in the same proportion as broken stone. The cement, sand and stone or gravel shall be measured and mixed as is prescribed for mortar. All concrete when in place shall be properly rammed and allowed to set, without being disturbed.] 1. *Mixture.* Except as may be otherwise provided in this chapter, concrete shall be made of 1 part of cement, and not more than 2½ parts of sand and 5 parts of coarse aggregate.

2. *Aggregate.* The coarse aggregate shall be granite, trap rock, gravel or other hard, durable material that may be approved by a rule of the superintendent of buildings. When gravel is used it shall be thoroughly washed. Where mass concrete is used, the coarse aggregates shall be of such size as will pass through a two-inch ring. All aggregates shall be free from dust or other deleterious material.

3. *Consistency.* All concrete shall be a wet mixture, and shall be placed in forms immediately after mixing, and well tamped. No concrete shall be used after initial set has begun.

4. *Forms.* All forms and centering shall be built in a substantial manner, and with joints sufficiently tight to prevent leakage of the cement. They shall be properly supported and braced as to safely sustain all the load that may be placed upon them during construction.

5. *Joints in concrete.* Joints formed between portions of concrete placed at different times shall be made in a manner not to injure the completed structure. Before fresh concrete is joined to concrete which has set or partially set, the surface of the old concrete shall be roughened, cleaned and thoroughly wet.

6. *Precautions against freezing.* No materials containing frost or that are frozen shall be used. Precaution shall be taken to prevent concrete from freezing. After it has been placed in position a temperature above 32 degrees F. shall be maintained, by artificial means if necessary, until the concrete has its initial set.

§ 29. *Hollow building blocks.* 1. *Concrete.* Hollow building blocks of concrete shall be made of Portland cement and suitable aggregates in such proportions as to develop at the age of 28 days an ultimate crushing strength per square inch of gross area of not less than 750 pounds when tested with the cells placed vertically and 300 pounds when tested with the cells placed horizontally.

2. *Terra cotta.* Hollow building blocks of terra cotta shall be sound, hard and well burnt and shall develop an ultimate crushing strength per square inch of gross

area of not less than 1,200 pounds when tested with the cells placed vertically and 300 pounds with the cells placed horizontally.

3. *Absorption.* The absorption of hollow building blocks to be used for bearing or enclosing walls shall not exceed 12 per cent. in 48 hours as an average, nor more than 15 per cent. in any case.

§ [25] 30. *Iron and steel.* 1. *Cast iron.* [All c] Cast iron shall be of good foundry mixture, producing a clean, tough, gray iron. [Sample bars, 5 feet long, 1 inch square, cast in sand moulds, placed on supports 4 feet 6 inches apart, shall bear a central load of 450 pounds before breaking.] It shall conform to such specifications as may be promulgated by the superintendent of buildings, or, in the absence of such specifications, to the standard specifications of the American Society for Testing Materials for medium gray iron castings. Castings shall be free of serious blowholes, cinder spots and cold shuts. [Ultimate tensile strength shall be not less than 16,000 pounds per square inch, when tested in small specimens.]

[2. *Wrought iron.* All wrought iron shall be uniform in character, fibrous, tough and ductile. It shall have an ultimate tensile resistance of not less than 48,000 pounds per square inch, an elastic limit of not less than 24,000 pounds per square inch, and an elongation of 20 per cent. in 8 inches, when tested in small specimens.]

2. [3] *Cast steel.* Steel castings for building construction [All cast steel] shall be made of open hearth steel, [containing .25 to .5 per cent. of carbon, not over .08 per cent. of phosphorus] and shall be practically free from blow-holes. Except as may be otherwise prescribed by rules of the superintendent of buildings, they shall conform to the standard specifications of the American Society for Testing Materials for soft or medium steel castings.

3. [4] *Structural steel.* All structural steel for buildings shall have an ultimate tensile strength of from [54,000] 55,000 pounds to [64,000] 65,000 pounds per square inch. [Its elastic limit shall be not less than 32,000 pounds per square inch and a minimum elongation of not less than 20 per cent. in 8 inches.] Rivet steel shall have an ultimate strength of from [50,000] 46,000 to [58,000] 56,000 pounds per square inch. Except as may be otherwise prescribed by the rules of the superintendent of buildings, steel shall conform to the standard specifications of the American Society for Testing Materials for structural steel for buildings.

§ [26]. 31. *Timber.* All timbers and wood beams used in any building shall be of good sound material, free from rot, large and loose knots, shakes or any imperfection whereby the strength may be impaired [, and be of such size and dimensions as the purposes for which the building is intended require].

§ 27. *Tests of new materials.* New structural material of whatever nature shall be subjected to such tests to determine its character and quality, as the superintendent of buildings shall direct; the tests shall be made under his supervision, or he may direct the architect or owner to file with him a certified copy of the results of tests such as he may direct shall be made.]

Section 2. Subdivision 3 of Section 50, Article 3, Chapter 5 of the Code of Ordinances of The City of New York is hereby repealed.

Section 3. This ordinance shall take effect immediately.

Note—New matter in italics; old matter, in brackets [ ], to be omitted.

§ 22. *Tests.* 1. When required. New structural material, or structural material not otherwise provided for in this chapter shall be subjected to such tests to buildings shall direct, determine its character and quality, as the superintendent of Appliances and devices required by any of the provisions of this chapter and new methods of construction shall be subjected to such tests to determine their efficiency, as the superintendent of buildings may direct. Such tests as may be required under this section shall be described in rules promulgated by the superintendent of buildings.

2. *Tests of Materials.* All tests shall be conducted under the supervision of the superintendent of buildings, or his authorized representative. Laboratory tests shall be conducted at a testing laboratory of recognized standing. A superintendent of buildings conducted a test under the provisions of this section shall notify the superintendents of buildings of the other boroughs at least three days in advance of such test.

3. *Approval.* Any material, appliance, or method of construction meeting the requirements of this chapter or the specifications authorized thereunder shall be approved within a reasonable time after the completion of the tests. All such approvals and the conditions under which they are issued shall be published in the City Record within a month after issuance, and a complete list of all such approvals issued during the year shall be included in the annual report of the superintendent of buildings. The superintendent of buildings may prohibit the use of any material or appliance failing to conform to the requirements of this chapter or to the rules adopted thereunder.

4. *Conditions attaching to approvals.* Materials, appliances or methods of construction which have been tested and approved shall be used and installed in accordance with the terms of the approval. So far as practicable all materials and appliances for which approvals have been issued shall have a distinctive brand mark for identification impressed on or otherwise attached to them. It shall be unlawful to use any such brand mark on any other material or appliance than that for which the approval was issued.

5. *Additional Tests.* The superintendent of buildings may require any test to be repeated if there is any reason to believe that the material or appliance is no longer up to the specifications on which the approval was based.

§ [20] 23. *Brick.* The brick used in the construction of [all] buildings shall be [good] sound, hard [well] burnt brick. When old brick are used in any wall they shall be thoroughly cleaned before being used [and shall be whole and good, hard, well burnt brick].

§ [21] 24. *Sand.* The sand used for building construction [mortar in all buildings] shall be clean, sharp, coarse and silicious [grit sand, free from loam or dirt, and shall not be finer than the standard samples kept in the office of the superintendent of buildings].

§ 25. Lime. Quick lime and hydrated lime shall conform to such specifications as may be promulgated by the superintendent of buildings, or, in the absence of such specifications, with the standard specifications of the American Society for Testing Materials.

§ [22] 26. Cement. [Portland. Cements classed as Portland cement shall be considered to mean such cement as will, when tested neat, after 1 day set in air be capable of sustaining without rupture a tensile strain of at least 120 pounds per square inch, and after 1 day in air and 6 days in water be capable of sustaining without rupture a tensile strain of at least 300 pounds per square inch.

2. Other classes. Cements other than Portland cement shall be considered to mean such cement as will, when tested neat, after one day set in air, be capable of sustaining without rupture a tensile strain of at least 60 pounds per square inch, and after 1 day in air and 6 days in water be capable of sustaining without rupture a tensile strain of at least 120 pounds per square inch.

3. Tests. All tests of cements shall be made under the supervision of the superintendent of buildings, at such times as he may determine, and a record of all cements answering the above requirements shall be kept for public information.]

Portland and natural cements shall conform to such specifications as may be promulgated by the superintendent of buildings in accordance with the provisions of this chapter, or, in the absence of such specifications, with the standard specifications of the American Society for Testing Materials.

§ [23] 27. Mortar. 1. Cement. Cement mortar shall be made of cement and sand in the proportion of 1 part of cement and not more than 3 parts of sand by volume, [and shall be used immediately after being mixed. The cement and sand are to be measured and thoroughly mixed before adding water. The cement must be very finely ground and free from lumps.] or, in the case of bag mortars prepared under rules promulgated by the superintendent of buildings, in such proportions that the tensile strength per square inch at the age of 28 days shall be not less than 250 pounds when Portland cement is used, and 125 pounds when natural cement is used. Cement mortar shall be thoroughly mixed and shall be used immediately after the addition of water. Not more than 15 per cent. of the cement by volume may be replaced by an equal volume of dry hydrated lime, but the lime and cement must be thoroughly mixed before the addition of water.

2. Cement and lime. [Cement and lime] Cement-lime mortar (mixed) shall be made of 1 part of slaked or dry hydrated lime, 1 part of cement and not more than 3 parts of sand to each by volume.

3. Lime. Except as may be otherwise provided, [L]lime mortar shall be made of 1 part of slaked lime, lime putty or dry hydrated lime and not more than 4 parts of sand by volume. [All lime used for mortar shall be thoroughly burnt, of good quality, and properly slaked before it is mixed with the sand.]

§ [24] 28. Concrete. [Concrete for foundations shall be made of at least 1 part of cement, 2 parts of sand and 5 parts of clean broken stone, of such size as to pass in any way through a 2-inch ring, or good, clean gravel may be used in the same proportion as broken stone. The cement, sand and stone or gravel shall be measured and mixed as is prescribed for mortar. All concrete when in place shall be properly rammed and allowed to set, without being disturbed.] 1. Mixture. Except as may be otherwise provided in this chapter, concrete shall be made of 1 part of cement, and not more than 2½ parts of sand and 5 parts of coarse aggregate.

2. Aggregate. The coarse aggregate shall be granite, trap rock, gravel or other hard durable material that may be approved by a rule of the superintendent of buildings. When gravel is used it shall be thoroughly washed. Where mass concrete is used, the coarse aggregate shall be of such size as will pass through a two-inch ring. All aggregates shall be free from dust or other deleterious material.

3. Consistency. All concrete shall be a wet mixture, and shall be placed in forms immediately after mixing, and well tamped. No concrete shall be used after initial set has begun.

4. Forms. All forms and centering shall be built in a substantial manner, and with joints sufficiently tight to prevent leakage of the cement. They shall be properly supported and braced as to safely sustain all the load that may be placed upon them during construction.

5. Joints in concrete. Joints formed between portions of concrete placed at different times shall be made in a manner not to injure the completed structure. Before fresh concrete is joined to concrete which has set or partially set, the surface of the old concrete shall be roughened, cleaned and thoroughly wet.

6. Precautions against freezing. No materials containing frost or that are frozen shall be used. Precaution shall be taken to prevent concrete from freezing. After it has been placed in position a temperature above 32 degrees F. shall be maintained, by artificial means if necessary, until the concrete has its initial set.

§ 29. Hollow Building Blocks. 1. Concrete. Hollow building blocks of concrete shall be made of portland cement and suitable aggregates in such proportions as to develop at the age of 28 days an ultimate crushing strength per square inch of gross area of not less than 750 pounds when tested with the cells placed vertically and 300 pounds when tested with the cells placed horizontally. The shells and webs shall not be less than one and one-half inches thick.

2. Terra Cotta. Hollow building blocks of terra cotta shall be sound, hard and well burnt and shall develop an ultimate crushing strength per square inch of gross area of not less than 1,200 pounds when tested with the cells placed vertically and 300 pounds with the cells placed horizontally. The shells and webs shall not be less than one inch thick.

3. Absorption. The absorption of hollow building blocks to be used for bearing or enclosing walls shall not exceed 10 per cent. in 48 hours as an average not more than 15 per cent. in any case.

§ [25] 30. Iron and steel. 1. Cast iron. [All c] Cast iron shall be of good foundry mixture, producing a clean, tough, gray iron. Sample bars, 5 feet long, 1 inch square, cast in sand [molds] moulds, placed on supports 4 feet 6 inches apart, shall bear a central load of 450 pounds before breaking. Castings shall be free of serious blowholes, cinder spots and cold shuts. [Ultimate tensile strength shall be not less than 16,000 pounds per square inch, when tested in small specimens.]

[2. Wrought iron. All wrought iron shall be uniform in character, fibrous, tough and ductile. It shall have an ultimate tensile resistance of not less than 48,000 pounds per square inch, an elastic limit of not less than 24,000 pounds per square inch, and an elongation of 20 per cent. in 8 inches, when tested in small specimens.]

2. [3.] Cast steel. Steel castings for building construction [All cast steel] shall be made of open hearth steel, [containing .25 to .5 per cent. of carbon, not over .08 per cent. of phosphorus] and shall be practically free from blow-holes. Except as may be otherwise prescribed by rules of the superintendent of buildings, they shall conform to the standard specifications of the American Society for Testing Materials for soft or medium steel castings.

3. [4.] Structural steel. All structural steel for buildings shall have an ultimate tensile strength of from [54,000] 55,000 pounds to [64,000] 65,000 pounds per square inch. [Its elastic limit shall be not less than 32,000 pounds per square inch and a minimum elongation of not less than 20 per cent. in 8 inches.] Rivet steel shall have an ultimate strength of from [50,000] 46,000 to [58,000] 56,000 pounds per square inch. Except as may be otherwise prescribed by the rules of the superintendent of buildings, steel shall conform to the standard specifications of the American Society for Testing Materials for structural steel for buildings.

§ [26] 31. Timber. All timbers and wood beams used in any building shall be of good sound material, free from rot, large and loose knots, shakes or any imperfection whereby the strength may be impaired, and be of such size and dimensions as the purposes for which the building is intended require.]

§ 27. Tests of new materials. New structural material of whatever nature shall be subject to such tests to determine its character and quality, as the superintendent of buildings shall direct; the tests shall be made under his supervision, or he may direct the architect or owner to file with him a certified copy of the results of tests such as he may direct shall be made.]

Section 2. Sub-division 3 of Section 50, Article 3, Chapter 5 of the Code of Ordinances of the City of New York is hereby repealed.

Section 3. This ordinance shall take effect immediately.

# Report of the Committee on Buildings, in Favor of Adopting Substitute Ordinance Relating to That Section of the Building Code Entitled "Iron and Steel Construction."

The Committee on Buildings, to which was referred on March 16, 1915 (Minutes, page 1639), the annexed ordinance affecting that section of the Building Code relating to iron and steel construction, respectfully

REPORTS:

That it held a public hearing on this subject at which but a few minor objections developed.

The Committee has carefully gone over the regulations and believes that the substitute ordinance submitted herewith is satisfactory and it therefore recommends that the said substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE to amend Article 15, Chapter 5, of the Code of Ordinances of The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Article 15, Chapter 5 of the Code of Ordinances of the City of New York, is hereby amended to read as follows:

ARTICLE 15.

Iron [or] and steel construction.

[Section 300. General provisions.

301. Cast-iron columns.

302. Columns of steel or wrought iron.

303. Double columns.

313. Riveting.]

Section 300. Cast-iron columns.

301. Steel columns.

302. Column bases.

303. Lintels, beams and girders.

304. Framing and connecting.

305. Trusses.

306. Riveting.

307. Bolting.

308. Tie rods.

309. Templates.

310. Protection against corrosion.

311. Protection against fire.

312. Metal fronts.

313. Use of old materials.

§ 300. [General provisions. 1. Fire-proof casing. Where columns are used to support iron or steel girders carrying inclosure walls, the said columns shall be of cast iron, wrought iron or rolled steel, and on their exposed outer and inner surfaces be constructed to resist fire by having a casing of brickwork not less than 8 inches in thickness on the outer surfaces, nor less than 4 inches in thickness on the inner surfaces, and all bonded into the brickwork of the inclosure walls. The exposed sides of the iron or steel girders shall be similarly covered in with brickwork not less than 4 inches in thickness on the outer surfaces and tied and bonded, but the extreme outer edge of the flanges of beams, or plates or angles connected to the beams, may project to within 2 inches of the outside surface of the brick casing. The inside surfaces of girders may be similarly covered with brickwork, or if projecting inside of the wall, they shall be protected by terra cotta, concrete or other fireproof material.

2. Girders. Girders for the support of the inclosure walls shall be placed at the floor line of each story.

3. Metal fronts. All cast-iron or metal fronts shall be backed up or filled in with masonry of the thickness provided for in §§ 251 and 252 of this chapter.

4. Painting. All structural metal work shall be cleaned of all scale, dirt and rust, and be thoroughly coated with one coat of paint. Cast-iron columns shall not be painted until after inspection under the supervision of the superintendent of buildings. Where surfaces in riveted work come in contact, they shall be painted before assembling. After erection all work shall be painted at least one additional coat.

5. Subaqueous work. All iron or steel used under water shall be inclosed with concrete.]

§ 301. Cast iron columns. 1. Dimensions. Cast iron columns shall not have a smaller outside [less] diameter or side than 5 inches [or less thickness than ¾ of an inch.], [N] nor shall they have an unsupported length [of more than 20 times their least lateral dimensions or diameter, except as modified by § 51 of this chapter, and except the same may form part of an elevator inclosure or staircase, and also except in such cases as the superintendent of buildings may specially allow a greater unsupported length] greater than that allowed by § 52 of this chapter.

[2. Construction. All cast-iron columns shall be of good workmanship and material. The top and bottom flanges, seats and lugs shall be of ample strength, reinforced by fillets and brackets; they shall be not less than one inch in thickness when finished. All columns must be faced at the ends to a true surface perpendicular to the axis of the column.]

3. Joints. Column joints shall be secured by not less than 4 bolts each, not less than ¾ of an inch in diameter. The holes for these bolts shall be drilled to a template.

4. Core. The core of a column below a joint shall not be larger than the core of the column above and the metal shall be tapered down for a distance of not less than 6 inches, or a joint plate may be inserted of sufficient strength to distribute the load.]

2. [5.] Thickness of metal. The thickness of metal shall be not less than [1-12] one-twelfth the diameter [of the greatest lateral] or least dimension of cross section, but never less than [¾] three-fourths of an inch. When necessary, the thickness shall be increased near the end so that the core of a column below a joint shall not be larger than the core of the column above, in which case the metal may be tapered down for a distance of not less than 6 inches; or a joint plate may be inserted of sufficient strength to distribute the load. Wherever the core of a cast iron column has shifted more than [¼] one-fourth the thickness of the shell, [the strength shall be computed, assuming] the thickness of the metal all around shall be assumed equal to the thinnest part [and the column shall be condemned if this computation shows the strength to be less than required by this chapter].

3. Workmanship. a. Joints. Cast iron columns shall be machine faced at the end to a true surface perpendicular to the axis. They shall be bolted together with at least four bolts, not less than three-quarters of an inch in diameter, passing through the flanges, the bolts being of sufficient length to allow the nuts to be screwed up tightly; and as each column is placed in position, the bolts shall also be placed in position and the nuts shall be screwed up tightly.

b. Flanges. Where cast iron columns rest one on top of another, the top flange of the lower column shall project on all sides not less than three inches from the outer surfaces of the column, and the shape and dimensions of the bottom flange of the upper column shall be the same as those of the top flange of the lower column, except that when a column is placed on a lot line, the flanges on the side toward such lot line may be omitted, if not required for bolting. Flanges shall be at least one inch in thickness when finished, and reinforced by fillets and brackets when necessary.

c. Bolt holes. All holes in cast iron columns shall be drilled. The diameter of the holes shall not exceed that of the bolts by more than one-sixteenth of an inch.

4. Limitation. Cast iron columns shall not be used in any case where the load is so eccentric as to cause tension in the cast iron. Nor shall they be used for such parts of the structural frame of buildings which are required to resist stresses due to wind.

5. Inspection. [6. Defects.] No cast iron column shall be set in place until it has passed an inspection satisfactory to the superintendent of buildings. Wherever blowholes or imperfections are found in a cast iron column which reduce[s] the area of the cross section at that point more than 10 per cent. such column shall be condemned. [7. Test-holes.] Cast iron [posts or] columns not cast with one open side or back, [before being set up in place,] shall have [a] three-eighths [ $\frac{3}{8}$ ] inch holes drilled in the shaft [of each post or column by the manufacturer or contractor furnishing the same,] to exhibit the thickness of the castings, as may be required by the superintendent of buildings. [and any other similar sized hole or holes, which the superintendent of buildings may require shall be drilled in the said posts or columns by the manufacturer or contractor at his own expense.] Cast iron columns shall not be painted before inspection.

[8. Shoes or plates. Iron or steel shoes or plates shall be used under the bottom tier of columns to properly distribute the load on the foundation. Shoes shall be placed on top.]

§ 301. Steel columns. 1. Length. No steel column shall have an unsupported length greater than that allowed by § 52 of this chapter.

2. Design. [§ 302. Columns of steel or wrought iron. 1. Dimensions.] No part of a steel [or wrought iron] column shall be less than [ $\frac{1}{4}$ ] one-quarter of an inch thick. No material, whether in the body of the column or used as a lattice bar or stay plate, shall be used [in any wrought iron or steel column] of less thickness than [1-32] one thirty-second of its unsupported width, measured between centers of rivets transversely, [of] or [1-16] one-sixteenth the distance between centers [or] of rivets in the direction of the stress. [No wrought iron or rolled steel column shall have an unsupported length of more than 40 times its least lateral dimension or diameter, except as modified by § 51 of this chapter, and also except in such cases as the superintendent of buildings may specially allow a greater unsupported length.] Stay plates are to have not less than 4 rivets, and are to be spaced so that the ratio of length to the least radius of gyration of the parts connected does not exceed 40, the distance between nearest rivets of two stay plates in this case being considered as length. In built-up columns the thickness of any outstanding member shall not be less than one-twelfth the width of the outstanding portion.

3. Joints. The ends of all columns shall be faced to a plane surface at right angles to the axis of the columns. Wherever practicable the connection between them shall be made with splice plates. When splice plates cannot be used a connection formed of plates and angles, designed to properly distribute the stress, may be used. [2. Construction. Steel and wrought iron columns shall be made in one, two or three-story lengths, and the materials shall be rolled in one length wherever practicable to avoid intermediate splices.] Where any part of the section of a column projects beyond that of the column above or below, the difference shall be made up by filling plates secured to the column by the proper number of rivets. [The ends of all columns shall be faced to a plane surface at right angles to the axis of the columns, and the connection between them shall be made with splice plates. The joint may be effected by rivets of sufficient size and number to transmit the entire stress, and then the splice plates shall be equal in sectional area to the area of column spliced. When the section of the columns to be spliced is such that spliced plates cannot be used, a connection formed of plates and angles may be used, designed to properly distribute the stress.] All column connections shall be riveted.

[3. Stay plates. Stay plates are to have not less than 4 rivets, and are to be spaced so that the ratio of length by the least radius of gyration of the parts connected does not exceed 40; the distance between nearest rivets of two stay plates shall in this case be considered as length.]

4. Shoes or plates. Shoes of iron or steel, as described for cast-iron columns, or built shoes of plates and shapes may be used, complying with the same requirements.]

§ 302. Column bases. Whenever necessary to properly distribute the load, iron or steel shoes shall be used under the bottom tier of columns. Cast iron bases or shoes shall be not less than one inch thick in any part. If any side of the bed plate exceeds three feet in length, a reinforcing flange at least four inches high shall be provided around the outer edges. All cast iron bases or shoes shall be planed on top, and, when resting on steel girders, on both top and bottom. Bases or shoes of steel plates and shapes shall be designed to meet the requirements of § 301 of this chapter. Nothing in this section shall prevent iron or steel bases being made as a part of the columns.

[§ 303. Double columns. In all buildings hereafter erected or altered, where any iron or steel column or columns are used to support a wall or part thereof, whether the same be an exterior or an interior wall, and columns located below the level of the sidewalk which are used to support exterior walls or arches over vaults, the said column or columns shall be either constructed double—that is, an outer and an inner column, the inner column alone to be of sufficient strength to sustain safely the weight to be imposed thereon, and the outer columns shall be 1 inch shorter than the inner columns, or such other iron or steel column of sufficient strength and protected with not less than two inches of fireproof material securely applied, except that double or protected columns shall not be required for walls fronting on streets or courts.]

[§ 304. Joint-plates for open-back columns. Iron or steel posts or columns, with one or more open sides and backs, shall have solid iron plates on top of each, excepting where pierced for the passage of pipes.]

[§ 305. Party wall posts. If iron or steel posts are to be used as party posts in front of a party wall, and intended for two buildings, then the said posts shall be not less in width than the thickness of the party wall, nor less in depth than the thickness of the wall to be supported above. Iron or steel posts in front of side, division or party walls, shall be filled up solid with masonry and made perfectly tight between the posts and walls. Intermediate posts may be used, which shall be sufficiently strong, and the lintels thereon shall have sufficient bearings to carry the weight above with safety.]

§ 303. Lintels, beams and girders. 1. Cast iron lintels. [§ 307. Lintels. Cast-iron lintels shall not be used for spans exceeding 16 feet.] Cast iron lintels [or beams] shall not be less than three-quarters [ $\frac{3}{4}$ ] of an inch in thickness [in any of their parts] at any point, and shall not be used for spans exceeding six feet.

2. Double beams as girders. [§ 306. Girders. 1. Use of Beams.] When rolled steel [or wrought iron] beams are used in pairs to form a girder, they shall be connected together by [bolts and iron] separators at intervals of not more than 5 feet. All beams 12 inches and over in depth shall have at least 2 bolts to each separator.

3. Riveted girders. The thickness of the web in riveted girders shall be not less than one-one hundred and twentieth of the distance between flange angles, and in no case less than one-quarter of an inch. If the unsupported depth of the web plate exceeds 60 times its thickness, stiffeners shall be used at intervals not exceeding 120 times the thickness of the web. Stiffeners of sufficient strength shall also be provided over supports and under concentrated loads.

[2. Riveting. Rivets in flanges shall be placed so that the last value of a rivet for either shear or bearing is equal or greater than the increment of strain due to the distance between adjoining rivets. All other rules given under riveting shall be followed. The length of rivets between heads shall be limited to 4 times the diameter.]

4. [3.] Lateral bracing. The compression flanges of steel beams and [plate] girders shall be secured against buckling, if [its] length exceeds [30] twenty times [its] their width [.] [If splices are used, they shall fully make good the members spliced in either tension or compression.] unless the working stresses in such flanges are proportioned to the ratio of length to width as provided for steel columns in § 52 of this chapter.

[4. Stiffeners. Stiffeners shall be provided over supports and other concentrated loads; they shall be of sufficient length as a column, to carry the loads, and shall be connected with a sufficient number of rivets to transmit the stresses into the web girders. Stiffeners shall fit so as to support the flanges of the girders. If the unsupported depth of the web plate exceeds 60 times its thickness, stiffeners shall be used at intervals not exceeding 120 times the thickness of the web.]

§ 304. [311.] Framing and connecting. All columns, beams, trusses and all other iron or steel work [trimmer beams, headers, and tail beams] shall be suitably framed and connected together [and the iron or steel girders, columns, beams, trusses and all other iron work of all floors and roofs shall be strapped, bolted, anchored

and connected together] and to the walls. All beams framed into and supported by other beams or girders shall be connected thereto by angles or knees of a proper size and thickness [and have] with sufficient bolts or rivets [in both legs of each connecting angle] to transmit the entire [weight or] load [coming on the beam to the supporting beam or girder. In no case shall the shearing value of the bolts or rivets or the bearing value of the connecting angles, provided for in § 53 of this chapter, be exceeded,], or by seats of sufficient strength and the necessary angles or knees to hold the beam in place. Beams resting on girders shall be securely riveted or bolted to the same.

§ 305. [310.] Trusses. 1. General [provisions] design. Trusses shall be of such design that the stresses in each member can be calculated.

2. Lateral bracing. All trusses shall be held rigidly in position by efficient systems of lateral [and] or sway bracing. [struts being spaced so that the maximum limit of length to least radius of gyration, established in § 51 of this chapter, is not exceeded. Any member of a truss subjected to transverse stress, in addition to direct tension or compression, shall have the stresses causing such strain added to the direct stresses coming on the member, and the total stresses thus formed shall in no case exceed the working stresses stated in § 53 of this chapter. No bolts shall be used in the connections of riveted trusses, excepting when riveting is impracticable, and then the holes shall be drilled or reamed].

3. Tension members. [2. Riveted trusses.] For tension members, the actual net area only, after deducting rivet holes [ $\frac{1}{8}$ ] one-eighth inch larger than the rivets, shall be considered as resisting the stress. [If tension members are made of angle irons riveted through one flange only, only that flange shall be considered in proportioning areas. Rivets to be proportioned as prescribed in §§ 53 and 313 of this chapter. If the axes of two adjoining web members do not intersect within the line of the chords, sufficient area shall be added to the chord to take up the bending strains.]

4. Compression members. [3. Pin connected trusses. The bending stresses on pins shall be limited to 20,000 pounds for steel and 15,000 pounds for iron. All c] Compression members in pin-connected trusses shall be [proportioned using] designed so that the stresses shall not exceed 75 per cent. of the permissible working stresses for columns.

5. Eye bars. The heads of all eye bars shall be made by upsetting or forging. No weld will be allowed in the body of the bar. Steel eye bars shall be annealed. Bars shall be straight before boring. Eyes and screw ends shall be so proportioned that upon test to destruction, fracture will take place in the body of the member.

6. Pins. All pins shall be accurately turned. All pin-holes shall be bored true and at right angles to the axis of the members, and must fit the pins within one-thirty-second of an inch. [The distances of pinholes from centre to centre for corresponding members shall be alike, so that, when piled upon one another, pins will pass through both ends without forcing. Eyes and screw ends shall be so proportioned that upon test to destruction, fracture will take place in the body of the member. All pins shall be accurately turned. Pin-plates shall be provided wherever necessary to reduce the stresses on pins to the working stresses prescribed in § 53 of this chapter. These pin-plates shall be connected to the members by rivets of sufficient size and number to transmit the stresses without exceeding working stresses. All rivets in members of pin-connected trusses shall be machine-driven. All rivets in pin-plates which are necessary to transmit stress shall be also machine-driven. The main connections of members shall be made by pins. Other connections may be made by bolts. If there is a combination of riveted and pin-connected members in one truss, these members shall comply with the requirements for pin-connected trusses; but the riveting shall comply with the requirements of §§ 53 and 313 of this chapter.]

§ 306. Riveting. 1. When required. All component parts of built-up columns, girders and trusses, including any splices in the same, shall be riveted.

2. Spacing of rivets. The pitch of rivets shall never be less than three diameters of the rivet, nor more than 6 inches. In the direction of the stress it shall not exceed 16 times the least thickness of the outside member. At right angles to the stress it shall not exceed 32 times the least thickness of the outside member.

3. Distance from edge. [§ 313. Riveting.] The distance from centre of a rivet hole to the edge of the material shall not be less than:

- $\frac{3}{4}$  [ $\frac{5}{8}$ ] of an inch for  $\frac{1}{2}$ -inch rivets;
- 1 [ $\frac{7}{8}$ ] of an inch for  $\frac{3}{4}$ -inch rivets;
- $1\frac{1}{4}$  [ $1\frac{1}{2}$ ] inches for  $\frac{3}{4}$ -inch rivets;
- $1\frac{1}{2}$  [ $\frac{3}{2}$ ] inches for  $\frac{7}{8}$ -inch rivets;
- $1\frac{3}{4}$  [ $1\frac{1}{2}$ ] inches for 1-inch rivets.

[Wherever possible, however, the distance shall be equal to 2 diameters. All rivets, wherever practicable, shall be machine driven. The rivets in connections shall be proportioned and placed to suit the stresses. The pitch of rivets shall never be less than three diameters of the rivet, nor more than 6 inches. In the direction of the stress it shall not exceed 16 times the least thickness of the outside member. At right angles to the stress it shall not exceed 32 times the least thickness of the outside member. All holes shall be punched accurately, so that upon assembling a cold rivet will enter the hole without straining the material by drifting. Occasional slight errors shall be corrected by reaming. The rivets shall fill the holes completely; the heads shall be hemispherical and concentric with the axis of the rivet. Gussets shall be provided wherever required, or sufficient thickness and size to accommodate the number of rivets necessary to make a connection.]

4. Length. The lengths of rivets, between heads, shall not exceed five times the diameters.

5. Driving. All shop rivets, wherever practicable, shall be machine driven. Rivets shall fill the holes completely. Rivet heads shall be hemispherical and concentric with the axis of the rivet.

§ 307. [312.] Bolting. 1. When permitted. Where riveting is not [made mandatory] required by the provisions of this chapter connections may be effected by bolts. [These bolts shall be of wrought iron or, of mild steel, [and they shall have] with United States standard threads. The threads shall be full and clean, the nut shall be truly concentric with the bolt, and the thread shall be of sufficient length to allow the nut to be screwed up tightly. [When bolts go through bevel flanges, bevel washers to match shall be used so that head and nut of bolt are parallel.]

2. Suspenders. When the bolts are used for suspenders, the working stress[es] shall be reduced [for wrought iron to 10,000 pounds and for steel to 14,000] to 9,000 pounds per square inch of net area, and the load shall be transmitted into the head or nut by [strong] suitable washers [distributing the pressure evenly over the entire surface of the same. Turned bolts in reamed holes shall be deemed a substitute for field rivets].

§ 308. Tie rods. Whenever tie rods may be required by the provisions of this chapter in connection with iron and steel construction they shall be at least three-fourths of an inch in diameter. Holes for tie rods in floor arches shall be placed as near the thrust of the arch as practicable. The distance between tie rods in floors or roofs shall not exceed 8 times the depth of the beams nor 8 feet in any case.

[§ 308. Plates under ends of lintels and girders. When the lintels or girders are supported at the ends by brick walls or piers they shall rest upon cut granite or blue-stone blocks at least 10 inches thick, or upon cast-iron plates of equal strength by the full size of the bearings. In case the opening is less than 12 feet, the stone blocks may be 5 inches in thickness or cast-iron plates of equal strength by the full size of the bearings, may be used, provided that in all cases the safe loads do not exceed those fixed by § 53 of this chapter.]

§ 309. Floor and roof beams. 1. General specifications. All rolled steel and wrought iron floor and roof beams used in buildings shall be of full weight, straight and free from injurious defects. Holes for tie rods shall be placed as near the thrust of the arch as practicable. The distance between tie rods in floors shall not exceed eight feet, and shall not exceed 8 times the depth of floor beams 12 inches and under. Channels or other shapes, where used as skewbacks, shall have a sufficient resisting moment to take up the thrust of the arch. Bearing plates of stone or metal shall be used to reduce the pressure on the wall to the working stress. Beams resting on girders shall be securely riveted or bolted to the same; where joined on a girder, tie-straps of  $\frac{1}{2}$  inch net sectional area shall be used, with rivets or bolts to correspond. Anchors shall be provided at the ends of all such beams bearing on walls.

2. Templates. Under the ends of all iron or steel beams where they rest on the walls, a stone or cast-iron template shall be built into the walls. Templates under ends of steel or iron beams shall be of such dimensions as to bring no greater pressure upon the brickwork than that allowed by § 53 of this chapter. When rolled iron or steel floor beams, not exceeding 6 inches in depth, are placed not more than 30 inches on centres, no templates shall be required.]

§ 309. Templates. When any lintel, beam, girder or truss is supported at either end by a wall or pier, it shall be properly anchored thereto and shall rest upon a

template or shoe of cast iron, steel or stone of such design and dimensions as to safely distribute its load on the masonry, except that when beams, not exceeding 6 inches in depth, are placed not more than 30 inches on centres, no templates shall be required.

§ 310. Protection against corrosion. 1. Painting. All structural iron and steel work shall be cleaned of all scale, dirt and rust and be thoroughly coated with one coat of paint before erection, except that cast iron columns shall not be painted until after inspection. Where surfaces in riveted work come in contact, they shall be painted before assembling. After erection all work shall be painted at least one additional coat of a different shade than the first.

2. Subaqueous work. All iron or steel used under water shall be encased in concrete.

§ 311. Protection against fire. Any iron or steel construction hereafter placed in any building to support a wall or part thereof or a sidewalk, shall be protected with not less than two inches of fireproof material securely applied, except that in non-fireproof buildings such protection shall not be required for columns immediately above the sidewalk level supporting walls fronting on streets.

§ 312. Metal fronts. Metal fronts or facias hereafter erected on the exterior of buildings over one-story high shall be backed up or filled in with masonry not less than 8 inches thick.

§ 313. Use of old material. Nothing in this article shall prevent the use of old steel or wrought iron shapes, provided that the working stresses used do not exceed three-fourths of those specified in this chapter for steel, and that the provisions of this article are otherwise complied with.

Section 2. Section 350 of Article 17, Chapter 5, of the Code of Ordinances of the City of New York, is hereby amended by adding thereto a sub-division, to be known as sub-division 6, as follows:

6. Fireproof casing. Where columns are used to support iron or steel girders carrying inclosure walls, the said columns shall be of cast iron, wrought iron, or rolled steel, and on their exposed outer and inner surfaces be constructed to resist fire by having a casing of brickwork not less than 8 inches in thickness on the outer surfaces, nor less than 4 inches in thickness on the inner surfaces, and all bounded into the brickwork of the inclosure walls. The exposed sides of the iron or steel girders shall be similarly covered in with brickwork not less than 4 inches in thickness on the outer surfaces and tied and bonded, but the extreme outer edge of the flanges of beams, or plates or angles connected to the beams, may project to within 2 inches of the outside surface of the brick casing. The inside surfaces of girders may be similarly covered with brickwork, or if projecting inside of the wall, they shall be protected by terra cotta, concrete or other fireproof material.

Section 3. Nothing in this ordinance shall require any alteration in any iron or steel construction already fabricated under the requirements of the provisions heretofore in force.

Section 4. This ordinance shall take effect immediately.

§ 300. [General provisions. 1. Fire-proof casing. Where columns are used to support iron or steel girders carrying inclosure walls, the said columns shall be of cast iron, wrought iron or rolled steel, and on their exposed outer and inner surfaces be constructed to resist fire by having a casing of brickwork not less than 8 inches in thickness on the outer surfaces, nor less than 4 inches in thickness on the inner surfaces, and all bonded into the brickwork of the inclosure walls. The exposed sides of the iron or steel girders shall be similarly covered in with brickwork not less than 4 inches in thickness on the outer surfaces and tied and bonded, but the extreme outer edge of the flanges of beams, or plates or angles connected to the beams, may project to within 2 inches of the outside surface of the brick casing. The inside surfaces of girders may be similarly covered with brickwork, or if projecting inside of the wall, they shall be protected by terra cotta, concrete or other fireproof material.

2. Girders. Girders for the support of the inclosure walls shall be placed at the floor line of each story.

3. Metal fronts. All cast-iron or metal fronts shall be backed up or filled in with masonry of the thickness provided for in §§ 251 and 252 of this chapter.

4. Painting. All structural metal work shall be cleaned of all scale, dirt and rust, and be thoroughly coated with one coat of paint. Cast-iron columns shall not be painted until after inspection under the supervision of the superintendent of buildings. Where surfaces in riveted work come in contact, they shall be painted before assembling. After erection all work shall be painted at least one additional coat.

5. Subaqueous work. All iron or steel used under water shall be inclosed with concrete.]

[§ 301.] Cast iron columns. 1. Dimensions. Cast iron columns shall not have a smaller outside [less] diameter or side than 5 inches [or less thickness than  $\frac{3}{4}$  of an inch.], [N]or shall they have an unsupported length [of more than 20 times their least lateral dimensions or diameter, except as modified by § 51 of this chapter, and except the same may form part of an elevator inclosure or staircase, and also except in such cases as the superintendent of buildings may specially allow a greater unsupported length.] greater than that allowed by § 52 of this chapter.

[2. Construction. All cast-iron columns shall be of good workmanship and material. The top and bottom flanges, seats and lugs shall be of ample strength, reinforced by fillets and brackets; they shall be not less than one inch in thickness when finished. All columns must be faced at the ends to a true surface perpendicular to the axis of the column.

3. Joints. Column joints shall be secured by not less than 4 bolts each, not less than  $\frac{3}{4}$  of an inch in diameter. The holes for these bolts shall be drilled to a template.

4. Core. The core of a column below a joint shall not be larger than the core of the column above and the metal shall be tapered down for a distance of not less than 6 inches, or a joint plate may be inserted of sufficient strength to distribute the load.]

2. [5.] Thickness of metal. The thickness of metal shall be not less than [1-12] one-twelfth the diameter [of the greatest lateral] or least dimension of cross section, but never less than  $\frac{3}{4}$  three-fourths of an inch. When necessary, the thickness

shall be increased near the end so that the core of a column below a joint shall not be larger than the core of the column above, in which case the metal may be tapered down for a distance of not less than 6 inches; or a joint plate may be inserted of sufficient strength to distribute the load. Wherever the core of a cast iron column has shifted more than  $\frac{3}{4}$  one-fourth the thickness of the shell, [the strength shall be computed, assuming] the thickness of the metal all around shall be assumed equal to the thinnest part [and the column shall be condemned if this computation shows the strength to be less than required by this chapter.]

3. Workmanship. a. Joints. Cast iron columns shall be machine faced at the end to a true surface perpendicular to the axis. They shall be bolted together with at least four bolts, not less than three-quarters of an inch in diameter, passing through the flanges, the bolts being of sufficient length to allow the nuts to be screwed up tightly; and as each column is placed in position, the bolts shall also be placed in position and the nuts shall be screwed up tightly.

b. Flanges. Where cast iron columns rest one on top of another, the top flange of the lower column shall project on all sides not less than three inches from the outer surfaces of the column, and the shape and dimensions of the bottom flange of the upper column shall be the same as those of the top flange of the lower column, except that when a column is placed on a lot line, the flanges on the side toward such lot line may be omitted, if not required for bolting. Flanges shall be at least one inch in thickness when finished, and reinforced by fillets and brackets when necessary.

c. Bolt holes. All holes in cast iron columns shall be drilled. The diameter of the holes shall not exceed that of the bolts by more than one-sixteenth of an inch.

4. Limitation. Cast iron columns shall not be used in any case where the load is so eccentric as to cause tension in the cast iron. Nor shall they be used for such parts of the structural frame of buildings which are required to resist stresses due to wind.

5. Inspection. [6. Defects.] No cast iron column shall be set in place until it has passed an inspection satisfactory to the superintendent of buildings. Wherever blowholes or imperfections are found in a cast iron column which reduce[s] the area of the cross section at that point more than 10 per cent. such column shall be condemned. [7. Test-holes.] Cast iron [posts or] columns not cast with one open side or back, [before being set up in place,] shall have [a] three-eighths  $\frac{3}{8}$  inch holes drilled in the shaft [of each post or column by the manufacturer or contractor furnishing the same,] to exhibit the thickness of the castings, as may be required by the superintendent of buildings. [and any other similar sized hole or holes, which the superintendent of buildings may require shall be drilled in the said posts or columns by the manufacturer or contractor at his own expense.] Cast iron columns shall not be painted before inspection.

[8. Shoes or Plates. Iron or steel shoes or plates shall be used under the bottom tier of columns to properly distribute the load on the foundation. Shoes shall be placed on top.]

§ 301. Steel columns. 1. Length. No steel column shall have an unsupported length greater than that allowed by Section 52 of this chapter.

[§ 302. Columns of steel or wrought iron. 1. Dimensions.] 2. Design. No part of a steel [or wrought iron] column shall be less than  $\frac{3}{4}$  one-quarter of an inch thick. No material, whether in the body of the column or used as a lattice bar or stay plate, shall be used [in any wrought iron or steel column] of less thickness than [1-32] one-thirty-second of its unsupported width, measured between centers of rivets transversely, [or] [1-16] one-sixteenth the distance between centers [or] of rivets in the direction of the stress. [No wrought iron or rolled steel column shall have an unsupported length of more than 40 times its least lateral dimension or diameter, except as modified by § 51 of this chapter, and also except in such cases as the superintendent of buildings may specially allow a greater unsupported length.] Stay plates are to have not less than 4 rivets, and are to be spaced so that the ratio of length to the least radius of gyration of the parts connected does not exceed 40, the distance between nearest rivets of two stay plates in this case being considered as length. In built-up columns the thickness of any outstanding member shall not be less than one-twelfth the width of the outstanding portion.

3. Joints. The ends of all columns shall be faced to a plane surface at right angles to the axis of the columns. Wherever practicable the connection between them shall be made with splice plates. When splice plates cannot be used a connection formed of plates and angles, designed to properly distribute the stress, may be used.

[2. Construction. Steel and wrought iron columns shall be made in one, two or three-story lengths, and the materials shall be rolled in one length wherever practicable to avoid intermediate splices.] Where any part of the section of a column projects beyond that of the column above or below, the difference shall be made up by filling plates secured to the column by the proper number of rivets. [The ends of all columns shall be faced to a plane surface at right angles to the axis of the columns, and the connection between them shall be made with splice plates. The joint may be effected by rivets of sufficient size and number to transmit the entire stress, and then the splice plates shall be equal in sectional area to the area of column spliced. When the section of the columns to be spliced is such that spliced plates cannot be used, a connection formed of plates and angles may be used, designed to properly distribute the stress.] All column connections shall be riveted.

[3. Stay plates. Stay plates are to have not less than 4 rivets, and are to be spaced so that the ratio of length by the least radius of gyration of the parts connected does not exceed 40; the distance between nearest rivets of two stay plates shall in this case be considered as length.]

4. Shoes or plates. Shoes of iron or steel, as described for cast-iron columns, or built shoes of plates and shapes may be used, complying with the same requirements.]

§ 302. Column bases. Whenever necessary to properly distribute the load, iron or steel shoes shall be used under the bottom tier of columns. Cast iron bases or shoes shall be not less than one inch thick in any part. If any side of the bed plate exceeds three feet in length, a reinforcing flange at least four inches high shall be provided around the outer edges. All cast iron bases or shoes shall be planed on top, and, when resting on steel girders, on both top and bottom. Bases or shoes of steel plates and shapes shall be designed to meet the requirements of § 301 of this chapter. Nothing in this section shall prevent iron or steel bases being made as part of the columns.

[§ 303. Double columns. In all buildings hereafter erected or altered, where any iron or steel column or columns are used to support a wall or part thereof, whether the same be an exterior or an interior wall, and columns located below the level of the sidewalk which are used to support exterior walls or arches over vaults, the said column or columns shall be either constructed double—that is, an outer and an inner column, the inner column alone to be of sufficient strength to sustain safely the weight to be imposed thereon, and the outer columns shall be 1 inch shorter than the inner columns, or such other iron or steel column of sufficient strength and protected with not less than two inches of fireproof material securely applied, except that double or protected columns shall not be required for walls fronting on streets or courts.]

[§ 304. Joint-plates for open-back columns. Iron or steel posts or columns, with one or more open sides and backs, shall have solid iron plates on top of each, excepting where pierced for the passage of pipes.]

[§ 305. Party wall posts. If iron or steel posts are to be used as party posts in front of a party wall, and intended for two buildings, then the said posts shall be not less in width than the thickness of the party wall, nor less in depth than the thickness of the wall to be supported above. Iron or steel posts in front of side, division or party walls, shall be filled up solid with masonry and made perfectly tight between the posts and walls. Intermediate posts may be used, which shall be sufficiently strong, and the lintels thereon shall have sufficient bearings to carry the weight above with safety.]

§ 303. Lintels, beams and girders. 1. Cast iron lintels. [§ 307. Lintels. Cast iron lintels shall not be used for spans exceeding 16 feet.] Cast iron lintels [or beams] shall be not less than three-quarters  $\frac{3}{4}$  of an inch in thickness [in any of their parts.] at any point, and shall not be used for spans exceeding six feet.

2. Rolled beams. Steel beams used in building construction shall be such that the load to be supported shall not cause a greater deflection than one-thirtieth of an inch per foot of span.

3. Double beams as girders. [§ 306. Girders. 1. Use of Beams.] When rolled steel [or wrought iron] beams are used in pairs to form a girder, they shall be connected together by bolts and iron separators at intervals of not more than 5 feet. All beams 12 inches and over in depth shall have at least 2 bolts to each separator. Pipe separators may be used only in grillage beams or when the space between the beams is filled with concrete.

4. Riveted girders. The thickness of the web in riveted girders shall be not less

than one-one hundred and twentieth of the distance between flange angles, and in no case less than one-quarter inch. If the unsupported depth of the web plate exceeds 60 times its thickness, stiffeners shall be used at intervals not exceeding 120 times the thickness of the web. Stiffeners of sufficient strength shall also be provided over supports and under concentrated loads.

[2. Riveting. Rivets in flanges shall be placed so that the last value of a rivet for either shear or bearing is equal or greater than the increment of strain due to the distance between adjoining rivets. All other rules given under riveting shall be followed. The length of rivets between heads shall be limited to 4 times the diameter.]

[3. Lateral bracing. The compression flanges of steel beams and [plate] girders shall be secured against buckling, if [its] the length exceeds [30] twenty times [its] their width [.] , [If splices are used, they shall fully make good the members spliced in either tension or compression.] unless the working stresses in such flanges are proportioned to the ratio of length to width as provided for steel columns in § 52 of this chapter.

[4. Stiffeners. Stiffeners shall be provided over supports and other concentrated loads; they shall be of sufficient length as a column, to carry the loads, and shall be connected with a sufficient number of rivets to transmit the stresses into the web girders. Stiffeners shall fit so as to support the flanges of the girders. If the unsupported depth of the web plate exceeds 60 times its thickness, stiffeners shall be used at intervals not exceeding 120 times the thickness of the web.]

§ 304. [311.] Framing and connecting. All columns, beams, trusses and all other iron or steel work [trimmer beams, headers, and tail beams] shall be suitably framed and connected together [and the iron or steel girders, columns, beams, trusses and all other iron work or all floors and roofs shall be strapped, bolted, anchored and connected together] and to the walls. All beams framed into and supported by other beams or girders shall be connected thereto by angles or knees of a proper size and thickness [and have], with sufficient bolts or rivets [in both legs of each connecting angle] to transmit the entire [weight or] load [coming on the beam to the supporting beam or girder. In no case shall the shearing value of the bolts or rivets or the bearing value of the connection angles, provided for in § 53 of this chapter, be exceeded.] , or by seats of sufficient strength and the necessary angles or knees to hold the beam in place. Beams resting on girders shall be securely riveted or bolted to the same.

§ 305. [310.] Trusses. 1. General [provisional] design. Trusses shall be of such design that the stresses in each member can be calculated.

2. Lateral bracing. All trusses shall be held rigidly in position by efficient systems of lateral [and] or sway bracing. [., struts being spaced so that the maximum limit of length to least radius of gyration, established in § 51 of this chapter, is not exceeded. Any member of a truss subjected to transverse stress, in addition to direct tension or compression, shall have the stresses causing such strain added to the direct stresses coming on the member, and the total stresses thus formed shall in no case exceed the working stresses stated in § 53 of this chapter. No bolts shall be used in the connections of riveted trusses, excepting when riveting is impracticable, and then the holes shall be drilled or reamed.]

3. Tension members. [2. Riveted trusses.] For tension members, the actual net area only, after deducting rivet holes [1-8] one-eighth inch larger than the rivets, shall be considered as resisting the stress. [If tension members are made of angle irons riveted through one flange only, only that flange shall be considered in proportioning areas. Rivets to be proportioned as prescribed in §§ 53 and 313 of this chapter. If the axes of two adjoining web members do not intersect within the line of the chords, sufficient area shall be added to the chord to take up the bending strains].

[3. Pin connected trusses. The bend stresses on pins shall be limited to 20,000 pounds for steel and 15,000 pounds for iron.] 4. Compression members. [All c] Compression members in pin-connected trusses shall be [proportioned using] designed so that the stresses shall not exceed 75 per cent. of the permissible working stresses for columns.

5. Eye bars. The heads of all eye bars shall be made by upsetting or forging. No weld will be allowed in the body of the bar. Steel eye bars shall be annealed. Bars shall be straight before boring. Eyes and screw ends shall be so proportioned that upon test to destruction, fracture will take place in the body of the member.

6. Pins. All pins shall be accurately turned. All pinholes shall be bored true and at right angles to the axis of the members, and must fit the pins within one-thirty-second of an inch. [The distances of pinholes from centre to centre for corresponding members shall be alike, so that, when piled upon one another, pins will pass through both ends without forcing. Eyes and screw ends shall be so proportioned that upon test to destruction, fracture will take place in the body of the member. All pins shall be accurately turned. Pin-plates shall be provided wherever necessary to reduce the stresses on pins to the working stresses prescribed in § 53 of this chapter. These pin-plates shall be connected to the members by rivets of sufficient size and number to transmit the stresses without exceeding working stresses. All rivets in members of pin-connected trusses shall be machine-driven. All rivets in pin-plates which are necessary to transmit stress shall be also machine-driven. The main connections of members shall be made by pins. Other connections may be made by bolts. If there is a combination of riveted and pin-connected members in one truss, these members shall comply with the requirements for pin-connected trusses; but the riveting shall comply with the requirements of §§ 53 and 313 of this chapter.]

§ 306. Riveting. 1. When required. All component parts of built-up columns, girders and trusses, including any splices in the same, shall be riveted.

2. Spacing of rivets. The pitch of rivets shall never be less than three diameters of the rivet, nor more than 6 inches. In the direction of the stress it shall not exceed 16 times the least thickness of the outside member. At right angles to the stress it shall not exceed 32 times the least thickness of the outside member.

3. Distance from edge. [§ 313. Riveting.] The distance from centre of a rivet hole to the edge of the material shall not be less than:

- $\frac{3}{4}$  [5/8] of an inch for  $\frac{1}{2}$ -inch rivets;
- 1 [7/8] of an inch for  $\frac{5}{8}$ -inch rivets;
- $1\frac{1}{4}$  [1 1/8] of an inch for  $\frac{3}{4}$ -inch rivets;
- $1\frac{1}{2}$  [1 3/8] of an inch for  $\frac{7}{8}$ -inch rivets;
- $1\frac{3}{4}$  [1 1/2] of an inch for 1-inch rivets;

[Wherever possible, however, the distance shall be equal to 2 diameters. All rivets, wherever practicable, shall be machine driven. The rivets in connections shall be proportioned and placed to suit the stresses. The pitch of rivets shall never be less than three diameters of the rivet, nor more than 6 inches. In the direction of the stress it shall not exceed 16 times the least thickness of the outside member. At right angles to the stress it shall not exceed 32 times the least thickness of the outside member. All holes shall be punched accurately, so that upon assembling a cold rivet will enter the hole without straining the material by drifting. Occasional slight errors shall be corrected by reaming. The rivets shall fill the holes completely; the heads shall be hemispherical and concentric with the axis of the rivet. Gussets shall be provided wherever required, of sufficient thickness and size to accommodate the number of rivets necessary to make a connection.]

4. Length. The lengths of rivets, between heads, shall not exceed five times the diameters.

5. Driving. All shop rivets, wherever practicable, shall be machine driven. Rivets shall fill the holes completely. Rivet heads shall be hemispherical and concentric with the axis of the rivet.

§ 307. [312.] Bolting. 1. When permitted. Where riveting is not [made mandatory] required by the provisions of this chapter connections may be effected by bolts [.] . These bolts shall be of wrought iron or [.] , of mild steel, [and they shall have] with United States standard threads. The threads shall be full and clean, the nut shall be truly concentric with the bolt, and the thread shall be of sufficient length to allow the nut to be screwed up tightly. [When bolts go through bevel flanges, bevel washers to match shall be used so that head and nut of bolt are parallel.]

2. Suspenders. When the bolts are used for suspenders, the working stress [es] shall be reduced [for wrought iron to 10,000 pounds and for steel to 14,000] to 9,000 pounds per square inch of net area, and the load shall be transmitted into the head or nut by [strong] suitable washers [distributing the pressure evenly over the entire surface of the same. Turned bolts in reamed holes shall be deemed a substitute for field rivets].

§ 308. Tie rods. Whenever tie rods may be required by the provisions of this chapter in connection with iron and steel construction they shall be at least three-fourths of an inch in diameter. Holes for tie rods in floor arches shall be placed as near the thrust of the arch as practicable. The distance between tie rods in floors or roofs shall not exceed 8 times the depth of the beams nor 8 feet in any case.

§ 308. Plates under ends of lintels and girders. When the lintels or girders are supported at the ends by brick walls or piers they shall rest upon cut granite or blue-

stone blocks at least 10 inches thick, or upon cast-iron plates of equal strength by the full size of the bearings. In case the opening is less than 12 feet, the stone blocks may be 5 inches in thickness or cast-iron plates of equal strength by the full size of the bearings, may be used, provided that in all cases the safe loads do not exceed those fixed by § 53 of this chapter.]

[§ 309. Floor and roof beams. 1. General specifications. All rolled steel and wrought iron floor and roof beams used in buildings shall be of full weight, straight and free from injurious defects. Holes for tie rods shall be placed as near the thrust of the arch as practicable. The distance between tie rods in floors shall not exceed eight feet, and shall not exceed 8 times the depth of floor beams 12 inches and under. Channels or other shapes, where used as skewbacks, shall have a sufficient resisting moment to take up the thrust of the arch. Bearing plates of stone or metal shall be used to reduce the pressure on the wall to the working stress. Beams resting on girders shall be securely riveted or bolted to the same; where joined on a girder, tie-straps of  $\frac{1}{2}$  inch net sectional area shall be used, with rivets or bolts to correspond. Anchors shall be provided at the ends of all such beams bearing on walls.]

2. Templates. Under the ends of all iron or steel beams where they rest on the walls, a stone or cast-iron template shall be built into the walls. Templates under ends of steel or iron beams shall be of such dimensions as to bring no greater pressure upon the brickwork than that allowed by § 53 of this chapter. When rolled iron or steel floor beams, not exceeding 6 inches in depth, are placed not more than 30 inches on centres, no templates shall be required.]

§ 309. Templates. When any lintel, beam, girder or truss is supported at either end by a wall or pier, it shall be properly anchored thereto and shall rest upon a template or shoe of cast iron, steel or stone of such design and dimensions as to safely distribute its load on the masonry, except that when beams, not exceeding 6 inches in depth, are placed not more than 30 inches on centres, no templates shall be required.

§ 310. Protection against corrosion. 1. Painting. All structural iron and steel work shall be cleaned of all scale, dirt and rust and be thoroughly coated with one coat of paint before erection, except that cast iron columns shall not be painted until after inspection. Where surfaces in riveted work come in contact, they shall be painted before assembling. After erection all work shall be painted at least one additional coat of a different shade than the first.

2. Subaqueous work. All iron or steel used under water shall be encased in concrete.

§ 311. Protection against fire. Any iron or steel construction hereafter placed in any building to support a wall or part thereof or a sidewalk, shall be protected with not less than two inches of fireproof material securely applied, except that in non-fireproof buildings such protection shall not be required for columns above the sidewalk level supporting walls fronting on streets.

§ 312. Metal fronts. Metal fronts or facias hereafter erected on the exterior of buildings over one story high shall be backed up or filled in with masonry not less than eight inches thick.

§ 313. Use of old material. Nothing in this article shall prevent the use of old steel or wrought-iron shapes provided that the working stresses used do not exceed three-fourths of those specified in this chapter for steel, and that the provisions of this article are otherwise complied with.

Section 2. Section 350 of Article 17, Chapter 5, of the Code of Ordinances of The City of New York, is hereby amended by adding thereto a sub-division, to be known as sub-division 6, as follows:

6. Fireproof casing. Where columns are used to support iron or steel girders carrying inclosure walls, the said columns shall be of cast iron, wrought iron, or rolled steel, and on their exposed outer and inner surfaces be constructed to resist fire by having a casing of brickwork not less than 8 inches in thickness on the outer surfaces, nor less than 4 inches in thickness on the inner surfaces, and all bonded into the brickwork of the inclosure walls. The exposed sides of the iron or steel girders shall be similarly covered in with brickwork not less than 4 inches in thickness on the outer surfaces and tied and bonded, but the extreme outer edge of the flanges of beams, or plates or angles connected to the beams, may project to within 2 inches of the outside surface of the brick casing. The inside surfaces of girders may be similarly covered with brickwork, or if casing inside of the wall, they shall be protected by terra cotta, concrete or other fireproof material.

Section 3. Nothing in this ordinance shall require any alteration in any iron or steel construction already fabricated under the requirements of the provisions heretofore in force.

Section 4. This ordinance shall take effect immediately.

Report of the Committee on Buildings, in Favor of Adopting Substitute Ordinance Relating to That Section of the Building Code Entitled "Wood Construction."

The Committee on Buildings, to which was referred on March 16, 1915 (Minutes, page 1645), the annexed ordinance relating to the section of the Building Code regulating "Wood Construction," respectfully

#### REPORTS:

That it held a public hearing on this subject, and to meet the few objections offered it submits the attached substitute, and recommends that the said substitute ordinance be adopted.

#### SUBSTITUTE.

AN ORDINANCE to amend Article 14, Chapter 5, of the Code of Ordinances of the City of New York.

Be it ordained, by the Board of Aldermen of the City of New York, as follows: Section 1. Article 14, Chapter 5, of the Code of Ordinances of the City of New York is hereby amended to read as follows:

#### ARTICLE 14.

##### Wood Construction.

[Section 280. General provisions.

- 281. Columns.
- 282. Beams.
- 283. Trusses.]

Section 280. Wood beams and girders.

- 281. Wood columns and posts.
- 282. Bolting.
- 283. Stud partitions.
- 284. Fire stops.

Sec. 280. [General provisions. 1. Bolting. All bolts in connection with timber and wood beam work shall be provided with washers of such proportions as will reduce the compression on the wood at the face of the washer to that allowed in Sec. 53 of this chapter, supposing the bolt to be strained to its limit.]

2. Fire stops. All wood beams and other timbers in the party wall of every building built of stone, brick or iron shall be separated from the beam or timber entering in the opposite side of the wall by at least 4 inches of solid masonry work.]

Wood beams and girders. 1. Width of beams. No wood floor or roof beam used in any building hereafter erected within the fire limits shall be less than three inches thick.

2. Supports. Every wood beam, except header and tail beams, shall have bearings of at least four inches. The ends of all such beams, where they rest on brick walls, shall be cut to a bevel of three inches in their depth. In no case, except in frame buildings, shall either end of a floor or roof beam be supported on stud parti-

tions. All wood trimmer, header and tail beams over four feet in length, unless supported on a wall or girder, shall be hung in approved metal stirrups or hangers.

3. Bridging. All wood floor and roof beams shall be properly braced with cross bridging. The distance between bridging or between bridging and bearing shall not exceed eight feet.

4. Anchoring. a. Beams in walls. Each tier of beams shall be anchored to the walls at intervals of not more than six feet with approved steel or wrought iron anchors.

b. Beams on girders. The ends of wood beams resting upon girders shall be, butted end to end and strapped by steel or wrought iron straps in the same beam as the wall anchors, or they may lap each other at least 12 inches and be well spiked or bolted together where lapped.

c. Girders. Wood girders shall be anchored to the walls and fastened to each other by suitable steel or wrought iron straps.

d. Anchor strips. Each tier of wood beams running parallel to enclosing walls shall be anchored to such walls with approved anchor strips, and similarly to every pier.

5. Fire prevention. a. Trimming around flues. All wood beams shall be trimmed away from all flues and chimneys. The header and trimmer beams shall not be less than 4 inches from the outside face of the chimney. Any header beam supporting a trimmer arch in front of a fireplace shall be not less than 20 inches from the face of the chimney breast.

b. Separation in walls. Every wooden beam in any masonry or fire wall shall be separated from any other beam in the wall by at least four inches of solid masonry.

Sec. 281. [Columns.] Wood columns and posts. All [timber] wood columns and posts shall be squared at the ends perpendicular to their axes [ ], and [To prevent the unit stresses from exceeding those fixed in this chapter, timber or iron] cap and base plates shall be provided. Where the cap plate of a wood column or post supports a wood girder, any column above shall bear directly on the cap and shall not rest on the girder. Additional iron or steel cheek plates shall be placed between the cap and base plates and bolted to the girders, when required to transmit the loads with safety.

Sec. 282. [Beams. 1. Carrying capacity. The safe carrying capacity of wood beams for uniformly distributed loads shall be determined by multiplying the area in square inches by its depth in inches and dividing the product by the span of the beam in feet. This result is to be multiplied by 70 for hemlock, 90 for spruce and white pine, 120 for oak and by 140 for yellow pine. The safe carrying capacity of short span timber beams shall be determined by their resistance to shear in accordance with the unit stresses fixed by Sec. 53 of this chapter.

2. Floor or roof beams. No wood floor beams or wood roof beams used in any building hereafter erected shall be of less thickness than three inches. The ends of all such beams, where they rest on brick walls, shall be cut to a bevel of 3 inches on their depth. In no case shall either end of a floor or roof beam be supported on stud partitions, except in frame buildings, and all such beams shall be properly bridged with cross bridging, and the distance between bridging or between bridging and walls shall not exceed 8 feet. Every wood beam except header and tail beams shall rest at one end 4 inches in the wall or upon a girder, as authorized by this chapter.

3. Trimmer and header. All wood trimmer and header beams shall be proportioned to carry with safety the loads they are intended to sustain. Every wood header or trimmer more than 4 feet long, used in any building, shall be hung in stirrup irons of suitable thickness for the size of the timbers.

4. Anchors and straps. Each tier of beams shall be anchored to the side, front, rear or party walls at intervals of not more than 6 feet apart, with good, strong, wrought iron anchors of not less than 1-1/2 inches by 3-8 of an inch in size, well fastened to the side of the beams by two or more nails made of wrought iron of at least 1-4 of an inch in diameter. Where the beams are supported by girders, the girders shall be anchored to the walls and fastened to each other by suitable iron straps. The ends of wood beams resting upon girders shall be butted together end to end and strapped by wrought-iron straps of the same size and distance apart and in the same beam as the wall anchors, and shall be fastened in the same manner as said wall anchors, or they may lap each other at least 12 inches and be well spiked or bolted together where lapped.

Each tier of beams, front and rear, opposite each pier, shall have hardwood anchor strips dovetailed into the beams diagonally, which strips shall cover at least 4 beams and be 1 inch thick and 4 inches wide, but no such anchor strips shall be let in within 4 feet of the centre line of the beams; or wood strips may be nailed on the top of the beam and kept in place until the floors are being laid. Every pier and wall, front or rear, shall be well anchored to the beams of each story, with the same size anchors as are required for side walls, which anchors shall hook over the fourth beam.

5. Fire prevention. All wood beams shall be trimmed away from all flues and chimneys, whether the same be a smoke, air or any other flue or chimney. The trimmer beam shall not be less than 8 inches from the inside face of a flue, and 4 inches from the outside of a chimney breast, and the header beam not less than 2 inches from the outside face of the brick or stone work of the same; except that for the smoke flues of boilers and furnaces where the brickwork is required to be 8 inches in thickness, the trimmer beam shall be not less than 12 inches from the inside of the flue. The header beam, carrying the tail beams of a floor, and supporting the trimmer arch in front of a fireplace, shall be not less than 20 inches from the chimney breast.

Bolting. All bolts in wood construction shall be provided with washers of such proportions that the compression on the wood at the face of the washer will not exceed the working stresses prescribed in this chapter.

Sec. 283. [Trusses. When compression members of trusses are of timber they shall be strained in the direction of the fibre only. When timber is strained in tension it shall be strained in the direction of the fibre only. The working stress in timber struts of pin-connected trusses shall not exceed 75 per cent. of the working stresses established in Sec. 53 of this chapter.]

Stud partitions. Stud partitions which rest directly over each other and are not parallel with wood floor beams shall run down between the wood floor beams and rest on the top plate of the partition below, and shall have the studding filled in solid between the uprights to the depth of the floor beams with suitable incombustible materials.

Sec. 284. Fire stops. 1. Studded-off spaces. Where walls are studded-off, the space between the inside face of the wall and the studding directly over such space shall be fire-stopped with fireproof material, for a depth of not less than 4 inches, securely supported; or the beams directly over the studded-off space shall be deafened with not less than 4 inches of fireproof material.

2. Wainscoting. The surface of the wall or partition behind wainscoting shall be plastered flush with the grounds and down to the floor line.

Section 2. Sections 443, 444 and 445 of Article 21 of Chapter 5 of the Code of Ordinances of the City of New York are hereby repealed.

Section 3. This ordinance shall take effect immediately.

AN ORDINANCE to amend Article 14, Chapter 5, of the Code of Ordinances of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Article 14, Chapter 5, of the Code of Ordinances of the City of New York is hereby amended to read as follows:

ARTICLE 14.

Wood Construction.

[Section 280. General provisions.

281. Columns.

282. Beams.

283. Trusses.]

Section 280. Wood beams and girders.

281. Wood columns and posts.

282. Bolting.

283. Stud partitions.

284. Fire stops.

§280. [General provisions. 1. Bolting. All bolts in connection with timber and wood beam work shall be provided with washers of such proportions as will reduce the compression on the wood at the face of the washer to that allowed in § 53 of this chapter, supposing the bolt to be strained to its limit.

2. Fire stops. All wood beams and other timbers in the party wall of every building built of stone, brick or iron shall be separated from the beam or timber entering in the opposite side of the wall by at least 4 inches of solid mason work.]

Wood beams and girders. 1. Width of beams. No wood floor or roof beam used in any building hereafter erected within the fire limits shall be less than three inches thick.

2. Supports. Every wood beam, except header and tail beams, shall have bearings of at least four inches. The ends of all such beams, where they rest on brick walls, shall be cut to a bevel of three inches in their depth. In no case, except in frame buildings, shall either end of a floor or roof beam be supported on stud partitions. All wood trimmer, header and tail beams over four feet in length, unless supported on a wall or girder, shall be hung in approved metal stirrups or hangers.

3. Bridging. All wood floor and roof beams shall be properly braced with cross bridging. The distance between bridging or between bridging and bearing shall not exceed eight feet.

4. Anchoring. a. Beams in walls. Each tier of beams shall be anchored to the walls at intervals of not more than six feet with approved steel or wrought iron anchors.

b. Beams on girders. The ends of wood beams resting upon girders shall be butted end to end and strapped by steel or wrought iron straps in the same beam as the wall anchors, or they may lap each other at least 12 inches and be well spiked or bolted together where lapped.

c. Girders. Wood girders shall be anchored to the walls and fastened to each other by suitable steel or wrought iron straps.

d. Anchor strips. Each tier of wood beams running parallel to enclosing walls shall be anchored to such walls with approved anchor strips, and similarly to every pier.

5. Fire prevention. a. Trimming around flues. All wood beams shall be trimmed away from all flues and chimneys. The header and trimmer beams shall not be less than 4 inches from the outside face of the chimney. Any header beam supporting a trimmer arch in front of a fireplace shall be not less than 20 inches from the face of the chimney breast.

b. Separation in walls. Every wooden beam in any masonry or fire wall shall be separated from any other beam in the wall by at least four inches of solid masonry.

§ 281. [Columns.] Wood columns and posts. All [timber] wood columns and posts shall be squared at the ends perpendicular to their axes [ ], and [To prevent the unit stresses from exceeding those fixed in this chapter, timber or iron] cap and base plates shall be provided. Where the cap plate of a wood column or post supports a wood girder, any column above shall bear directly on the cap and shall not rest on the girder. Additional iron or steel cheek plates shall be placed between the cap and base plates and bolted to the girders, when required to transmit the loads with safety.

§ 282. [Beams. 1. Carrying capacity. The safe carrying capacity of wood beams for uniformly distributing loads shall be determined by multiplying the area in square inches by its depth in inches and dividing the product by the span of the beam in feet. This result is to be multiplied by 70 for hemlock, 90 for spruce and white pine, 120 for oak and by 140 for yellow pine. The safe carrying capacity of short span timber beams shall be determined by their resistance to shear in accordance with the unit stresses fixed by § 53 of this chapter.

2. Floor or roof beams. No wood floor beams or wood roof beams used in any building hereafter erected shall be of less thickness than three inches. The ends of all such beams, where they rest on brick walls, shall be cut to a bevel of 3 inches on their depth. In no case shall either end of a floor or roof beam be supported on stud partitions, except in frame buildings, and all such beams shall be properly bridged with cross bridging, and the distance between bridging or between bridging and walls shall not exceed 8 feet. Every wood beam except header and tail beams shall rest at one end 4 inches in the wall or upon a girder, as authorized by this chapter.

3. Trimmer and header. All wood trimmer and header beams shall be proportioned to carry with safety the loads they are intended to sustain. Every wood header or trimmer more than 4 feet long, used in any building, shall be hung in stirrup iron of suitable thickness for the size of the timbers.

4. Anchors and straps. Each tier of beams shall be anchored to the side, front, rear or party walls at intervals of not more than 6 feet apart, with good, strong, wrought iron anchors of not less than 1 1/2 inches by 3/8 of an inch in size, well fastened to the side of the beams by two or more nails made of wrought iron of at least 1/4 of an inch in diameter. Where the beams are supported by girders, the girders shall be anchored to the walls and fastened to each other by suitable iron straps. The ends of wood beams resting upon girders shall be butted together end to end and strapped by wrought-iron straps of the same size and distance apart and in the same beam as the wall anchors, and shall be fastened in the same manner as said wall anchors, or they may lap each other at least 12 inches and be well spiked or bolted together where lapped.

Each tier of beams, front and rear, opposite each pier, shall have hardwood anchor strips dovetailed into the beams diagonally, which strips shall cover at least 4 beams and be 1 inch thick and 4 inches wide, but no such anchor strips shall be let in within 4 feet of the centre line of the beams; or wood strips may be nailed on the top of the beam and kept in place until the floors are being laid. Every pier and wall, front or rear, shall be well anchored to the beams of each story, with the same size anchors as are required for side walls, which anchors shall hook over the fourth beam.

5. Fire prevention. All wood beams shall be trimmed away from all flues and chimneys, whether the same be a smoke, air or any other flue or chimney. The trimmer beam shall not be less than 8 inches from the inside face of a flue, and 4 inches from the outside of a chimney breast, and the header beam not less than 2 inches from the outside face of the brick or stone work of the same; except that for the smoke flues of boilers and furnaces where the brickwork is required to be 8 inches in thickness, the trimmer beam shall be not less than 12 inches from the inside of the flue. The header beam, carrying the tail beams of a floor, and supporting the trimmer arch in front of a fireplace, shall be not less than 20 inches from the chimney breast.]

Bolting. All bolts in wood construction shall be provided with washers of such proportions that the compression on the wood at the face of the washer will not exceed the working stresses prescribed in this chapter.

§ 283. [Trusses. When compression members of trusses are of timber they shall be strained in the direction of the fibre only. When timber is strained in tension it shall be strained in the direction of the fibre only. The working stress in timber struts of pin-connected trusses shall not exceed 75 per cent. of the working stresses established in § 53 of this chapter.]

Stud partitions. Stud partitions which rest directly over each other and are not parallel with wood floor beams, shall run down between the wood floor beams and rest on the top plate of the partition below, and shall have the studding filled in solid between the uprights to the depth of the floor beams with suitable incombustible materials.

§ 284. Fire stops. 1. Studded-off spaces. Where walls are studded-off, the space between the inside face of the wall and the studding directly over such space shall be fire-stopped with fireproof material, for a depth of not less than 4 inches, securely supported; or the beams directly over the studded-off space shall be deafened with not less than 4 inches of fireproof material.

2. Wainscoting. The surface of the wall or partition behind wainscoting shall be plastered flush with the grounds and down to the floor line.

3. Woodwork prohibited. No wood furring or woodwork of any kind shall be placed directly against the face of any chimney or flue. No woodwork shall be placed within four inches of the back wall of any fireplace.

Section 2. Sections 443, 444 and 445 of Article 21 of Chapter 5 of the Code of Ordinances of The City of New York are hereby repealed.

Section 3. This ordinance shall take effect immediately.

**Report of the Committee on Buildings in Favor of Adopting Ordinance Amending the Building Code in Relation to Working Stresses and Loads.**

The Committee on Buildings, to which was referred on March 23, 1915 (Minutes, page 1701), the annexed ordinance in favor of amending Article 3, Chapter 5, of the Code of Ordinances of The City of New York, respectfully

**REPORTS:**

That it held a public hearing on this subject, at which no one appeared in opposition.

This ordinance appears to be satisfactory in every respect to the building interests, and to be drawn in a manner to safeguard the public.

It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE to amend Article 3, Chapter 5 of the Code of Ordinances of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Article 3 of Chapter 5 of the Code of Ordinances of the City of New York, is hereby amended to read as follows:

**ARTICLE 3.****[Strength of materials.]****Working Stresses and Loads.****Section 50. General provisions.**

51. Columns and compression members.
52. Safe loads for masonry work.
53. Working stresses.
54. Live loads.
55. Floor loads of stores, factories and warehouses.
56. Temporary supports.
57. Wind pressure.
51. Working stresses.
52. Working stresses for columns.
53. Loads.
54. Wind pressure.
55. Floor capacities.

§ 50. General provisions. 1. Computations. The dimensions of [each piece or combination of] the several materials and the form of each construction to be used in building [required] shall be [ascertained by computation, according to the rules prescribed by] computed as required in the various sections of this chapter.

2. Factors of safety. Where the unit stress of any material is not prescribed in this chapter the relation of allowable unit stress to ultimate strength shall be as 1 to 4 for metals, [subjected to tension or transverse stress;] as 1 to 6 for timber, and as 1 to 10 for natural or artificial stones and brick or stone masonry. But wherever working stresses are prescribed in this chapter, [varying the factors of safety hereinafter given,] the said working stresses shall be used.

3. Weights. In computing the weight of walls, a cubic foot of brickwork shall be deemed to weigh 115 pounds. Sandstone, white marble, granite and other kinds of building stone shall be deemed to weigh 170 pounds per cubic foot.

3. [§ 56.] Temporary supports. Every temporary support placed under any building or structure, [wall, girder or beam,] or any part thereof, during the erection, finishing, alteration, or repairing of [any] such building or structure or any part thereof, shall be of sufficient strength to safely carry the load to be placed thereon.

§ [53.] 51. Working stresses. 1. Safe carrying capacity. The safe carrying capacity of the various materials of construction, except in the case of columns, shall be determined by the [following] working stresses in pounds per square inch [of sectional area:] specified in this section. Unless otherwise indicated, net sectional areas shall be used in determining the safe carrying capacity.

§ 51. Columns and compression members. 1. Imposed loads. For the purpose of determining the carrying capacity of columns of dwellings, office buildings, stores, stables and public buildings when over 5 stories in height, a reduction of the live loads shall be permissible as follows: For the roof and top floor the full live loads shall be used; for each succeeding lower floor it shall be permissible to reduce the live load by 5 per cent. until 50 per cent. of the live loads fixed by this section is reached, when such reduced loads shall be used for all remaining floors.]

§ 52. Working stresses for columns. 1. General. In columns or compression members with flat ends, of cast iron, steel or wood, the stresses shall not exceed those specified in this section for the respective ratios of slenderness. For intermediate ratio of slenderness the working stresses shall be proportionate to those given.

2. Unsupported lengths. Columns and compression members shall not be used having an unsupported length of greater ratios than given in [the tables contained in] this section.

3. [Eccentric loads.] *Eccentrically loaded columns.* Any column eccentrically loaded shall have the stresses caused by such eccentricity at any part of the column, added to all other stresses at that part, shall in no case exceed the working stresses [stated in this section.] *given in this section.* The eccentric load of a column [shall] may be considered to be distributed equally over the entire area of that column at the next point below that at which the column is securely braced laterally in the direction of the eccentricity.

4. Working stresses. In columns or compression members with flat ends of cast iron, steel, wrought iron or wood, the stress per square inch shall not exceed that given in the following tables:

And in like proportion for intermediate ratios. Five-eighths the values given for white pine shall also apply to chestnut and hemlock posts. For locust posts use 1½ the value given for white pine.]

4. Cast iron and steel columns. The working stresses in pounds per square inch of cross section for cast iron and steel columns shall be, when the length divided by the least radius of gyration equals

120.....	7,600 for steel,
110.....	8,300 for steel,
100.....	9,000 for steel,
90.....	9,700 for steel,
80.....	10,400 for steel,
70.....	6,200 for cast iron, 11,100 for steel,
60.....	6,600 for cast iron, 11,800 for steel,

20.....	8,200 for cast iron, 14,600 for steel,
10.....	8,600 for cast iron, 15,300 for steel,

5. Wood columns. The working stresses in pounds per square inch of cross section for wood posts and columns shall be, when the length divided by least side or diameter equals

30.....	600 for longleaf yellow pine, 390 for spruce,
25.....	700 for longleaf yellow pine, 475 for spruce,
20.....	800 for longleaf yellow pine, 560 for spruce,
15.....	900 for longleaf yellow pine, 645 for spruce,
12.....	960 for longleaf yellow pine, 696 for spruce,
10.....	1,000 for longleaf yellow pine, 730 for spruce,

For columns of shortleaf yellow pine, N. C. pine or Douglas fir the working stresses shall not exceed three-fourths of the corresponding values given for longleaf yellow pine; for columns of white pine or fir the working stresses shall be taken the same as for spruce; for columns of white oak the working stresses shall be taken the same as for longleaf yellow pine.

[§ 52. Safe loads for masonry work. 1. Brick-work. The safe-bearing load to apply to brickwork shall be taken at 8 tons per superficial foot, when lime mortar is used; 11½ tons per superficial foot when lime and cement mortar mixed is used, and 15 tons per superficial foot when cement mortar is used.

2. Concrete construction. The safe-bearing load to apply to concrete when Portland cement is used shall be taken at 15 tons per superficial foot; and when cement other than Portland is used, 8 tons per superficial foot.

3. Rubble-stone work. The safe-bearing load to apply to rubble-stone work shall be taken at 10 tons per superficial foot when Portland cement is used; when cement other than Portland is used, 8 tons per superficial foot; when lime and cement mortar mixed is used, 7 tons per superficial foot; and when lime mortar is used, 5 tons per superficial foot.]

§ 53. Loads. [§ 54. Live loads. 1. Generally. Every floor shall be of sufficient strength to bear safely the weight to be imposed thereon in addition to the weight of the materials of which the floor is composed. Every column, post or other vertical support shall be of sufficient strength to bear safely the weight of the portion of each and every floor depending upon it for support, in addition to the weight required as before stated to be supported safely upon said portion of said floors.

2. Distribution. The weight placed on any of the floors of any building shall be safely distributed thereon. The superintendent of buildings may require the owner or occupant of any building, or of any portion thereof, to redistribute the load on any floor, or to lighten such load where he deems it to be necessary.

3. Dwellings, apartment houses, tenement house. In a building used as a dwelling house, apartment house, tenement house, hotel or lodging house, each floor shall be of sufficient strength in all its parts to bear safely upon every superficial foot of its surface not less than 60 pounds.

4. Office-buildings. In a building used for office purposes not less than 75 pounds upon every superficial foot above the first floor, and for the latter floor 150 pounds.

5. Ordinary mercantile or light manufacturing plants. In a building to be used for ordinary stores, light manufacturing and light storage, each floor shall be of sufficient strength in all its parts to bear safely not less than 120 pounds upon every superficial foot. The strength of factory floors intended to carry running machinery shall be increased above the minimum given in this section in proportion to the degree of vibratory impulse liable to be transmitted to the floor, as may be required by the superintendent of buildings.

6. Places of public assembly. In a building containing a place of public assembly, not less than 90 pounds upon every superficial foot.

7. Schools. In a building used as a school or place of instruction, not less than 75 pounds upon every superficial foot.

8. Stables and carriage houses. In a building used as a stable or carriage house, not less than 75 pounds upon every superficial foot.]

1. Dead load. The term "dead load" means the weight of walls, partitions, framing, doors, roofs and all permanent construction entering into any building.

2. Live load. The term "live load" means all forms of loading other than the weight of the material entering into the construction of the building.

3. Floor loads. Every floor, roof, yard, court or sidewalk shall be of sufficient strength in all parts to bear safely any imposed loads, whether permanent or temporary, in addition to the dead loads depending thereon, provided, however, that no floor in any building or extension to an existing building hereafter erected, shall be designed

to carry less than the following live loads per square foot of area, uniformly distributed, according as the floor may be intended or used for the purposes indicated.

40 pounds for residence purposes,

100 pounds for places of assembly or public purpose, except that for classrooms of schools or other places of instruction the floor need not be designed for more than 75 pounds, and

120 pounds for any other purpose, except that the floors of offices need not be designed for more than 60 pounds.

The live loads for which any and every floor may be designed shall be clearly shown in the application and on the plans before any permit to erect is issued.

4. Concentrated loads. Every steel floor beam in any building hereafter erected used for any business purpose shall be capable of sustaining a live load concentrated at its centre of at least 4,000 pounds.

5. Moving loads. Running machinery or other moving loads shall be considered as increasing the live loads in proportion to the degree of vibratory impulse transmitted to the floor.

9. Roofs. The roofs of all buildings having a pitch of less than twenty degrees shall be proportioned to bear safely 50 pounds upon every superficial foot of their surface, in addition to the weight of materials composing the same. If the pitch be more than 20 degrees the live load shall be assumed at 30 pounds upon every superficial foot measured on a horizontal plane.]

6. Roof loads. Every roof hereafter erected, shall be proportioned to bear safely a live load of 40 pounds per square foot of surface when the pitch of such roof is twenty degrees or less with the horizontal, and thirty pounds per square foot measured on a horizontal plane, when the pitch is more than twenty degrees.

7. Loads on vertical supports. Every column, post or other vertical support shall be of sufficient strength to bear safely the combined live and dead loads of such portions of each and every floor as depend upon it for support, except that in buildings more than five stories in height the live load on the floor next below the top floor may be assumed at ninety-five per cent. of the allowable live load, on the next lower floor at ninety per cent. and on each succeeding lower floor at correspondingly decreasing percentages, provided that in no case shall less than fifty per cent. of the allowable live load be assumed.

8. Sidewalk loads. [10. Sidewalks.] For sidewalks between the curb and [area] building lines, the live load shall be taken at 300 pounds [upon every superficial foot] per square foot.

9. Yard and court loads. For yards and courts inside the building line, the live loads shall be taken at not less than 120 pounds per square foot.

§ 57.] 54. Wind pressure. [All structures exposed to wind shall be designed to resist a horizontal wind pressure of 30 pounds for every square foot of surface thus exposed, from the ground to the top of same, including roof, in any direction. In no case shall the overturning moment due to wind pressure exceed 75 per centum of the moment of stability of the structure. In all structures exposed to wind, if the resisting moments of the ordinary materials of construction, such as masonry, partitions, floors and connections are not sufficient to resist the moment of distortion due to wind pressure taken in any direction on any part of the structure, additional bracing shall be introduced sufficient to make up the difference in the moments. In calculations for wind bracing, the working stresses set forth in this chapter may be increased by 50 per centum. In buildings under 100 feet in height, provided the height does not exceed 4 times the average width of the base, the wind pressure may be disregarded.]

1. When considered. All buildings over 150 feet in height and all buildings or parts of buildings in which the height is more than four times the minimum horizontal dimension, shall be designed to resist a horizontal wind pressure of 30 pounds for every square foot of exposed surface measured from the ground to the top of the structure, including roof, allowing for wind in any direction.

2. Stability. The overturning moment due to wind pressure shall not exceed 75 per cent. of the moment of stability of the structure, unless the structure is securely anchored to the foundation. Anchors shall be of sufficient strength to safely carry the excess overturning moment, without exceeding the working stresses prescribed in this chapter.

3. Allowable stresses. When the stress in any member due to wind does not exceed 50 per cent. of the stress due to live and dead loads, it may be neglected. When such stress exceeds 50 per cent. of the stress due to live and dead loads, the working stresses prescribed in this chapter may be increased by 50 per cent. in designing such member to resist the combined stresses.

§ 55. Floor [loads of stores, factories and warehouses] capacities. [1. Minimum floor strength. In a building to be used as a store, where heavy materials are kept, or as a warehouse, factory, or for any other manufacturing or commercial purpose, each floor shall be of sufficient strength in all its parts to bear safely not less than 150 pounds upon every superficial foot.

2. Capacity of floors to be ascertained and posted. Before any building hereafter erected is occupied and used, in whole or in part, for any of the purposes aforesaid, and before any building, erected prior to the passage of this ordinance, but not at such time occupied for any of the aforesaid purposes, is occupied or used, in whole or in part, for any of said purposes, the weight that each floor will safely sustain upon each superficial foot thereof, shall be ascertained and posted in the building to which it relates, as hereinafter provided.]

[3.] 1. Estimate of floor capacity. In [all warehouses, storehouses, factories, workshops and stores] every building now existing or hereafter erected, occupied wholly or in part as a business building, in which [where] heavy materials are kept or stored, or machinery is introduced, the weight that each floor will safely sustain [upon each superficial foot thereof, or upon each varying part of such floor,] shall be estimated by the owner or occupant, or by a competent person employed by the owner or occupant. Such estimate shall be [reduced to writing, on printed forms furnished by] filed with the superintendent of buildings [stating the material, size, distance apart and span of beams and girders, posts or columns to support floors, and its correctness shall be sworn to by the person making the same, and it shall thereupon be filed in the office of the said superintendent] properly verified by the person making the same in such manner as such superintendent may direct, and shall give full information on which the estimate is based. When such estimate is found to be satisfactory and correct, the superintendent of buildings shall approve the same.

[4. Official revision of estimates. But i] If the superintendent of buildings shall have cause to doubt the correctness of said estimate, he is empowered to revise and correct the same and for the purpose of such revision the officers and employees of the bureau of buildings may enter any building and remove so much of any floor or other portion thereof as may be required to make necessary measurements and examination. Any expense necessarily incurred in removing any floor or other portion of any building for the purpose of making any examination herein provided for shall be paid by the comptroller, upon the requisition of the superintendent of buildings, out of the fund paid over to him under the provisions of § 639 of this chapter. Such expenses shall be a charge against the person or persons by whom or on whose behalf said estimate was made, provided such examination proves the floors of insufficient strength to carry with safety the loads found upon them when such examination was made; and shall be collected in an action to be brought by the corporation counsel against said person or persons, and the sum so collected shall be paid over to the comptroller to be deposited in said fund in reimbursement of the amount paid as aforesaid. [When the architect of record for any building has filed with his application to build the data required to determine the strength of floors, on one of the blank forms provided for that purpose, such examination shall not be required provided that the purposes and uses of the building have not been changed.]

[5.] 2. Posting [estimates of] floor capacities. [When the correct estimate of the weight that floors in any such buildings will safely sustain has been ascertained, as herein provided, the superintendent of buildings shall approve the same, and thereupon the owner or occupant of said building, or of any portion thereof, shall post a copy of such approved estimate in a conspicuous place on each story, or varying parts of each story, of the building to which it relates.] Before any building hereafter erected is occupied, in whole or in part, as a business building, and before any building already erected but not heretofore occupied as a business building, is occupied or used, in whole or in part, for such purpose, the safe live load for each floor as approved by the superintendent of buildings shall be posted in a conspicuous place in the story to which it relates. When the safe live load for any existing floor, ascertained as heretofore provided, has been approved by the superintendent of buildings, the owner or occupant shall post such approved live load in a conspicuous place or places on each story occupied for any of the purposes indicated in this section.

[6. Overloading prohibited.] 3. Loading of floors. No person shall place, or cause or permit to be placed on any floor of any building any greater load than the approved safe load [thereof as correctly estimated and ascertained as herein provided.]

4. Safes. No safe shall be placed on a stair landing or in a stair hall, nor shall its weight be carried by any beam which also carries the floor of any landing or stair hall.

Section 2. The list of Articles at the head of Chapter 5 of the Code of Ordinances of the City of New York is hereby amended by substituting "Working stresses and loads" for ["Strength of materials"] as the title of Article 5.

Section 3. This ordinance shall take effect immediately.

**Report of the Committee on General Welfare, in Favor of Adopting Resolution to Abolish the So-Called Marriage Bureau in the City Hall.**

The Committee on General Welfare, to which was referred on February 23, 1915 (Minutes, page 1194), the annexed resolution in favor of repealing resolution of March 19, 1895, establishing a "Marriage Bureau" in Room No. 3, City Hall, respectfully

#### REPORTS:

That, having examined the subject, it believes the so-called Marriage Bureau should be abolished. The principle of using a room in any public building for private gain is essentially wrong and it is surprising that it has been tolerated for so many years. In order that the matter may be clearly before the Board the resolution has been simplified and the Committee recommends that the accompanying substitute be adopted.

#### SUBSTITUTE.

Resolved, That the so-called "Marriage Bureau" in the City Hall be and the same is hereby abolished.

#### ORIGINAL.

Resolved, That the following resolutions, adopted by the Board of Aldermen March 19, 1895, and approved by the Mayor March 21, 1895:

"Resolved, That the so-called 'Marriage Bureau' be transferred to Room No. 3 of the City Hall, opposite the office of the City Record, and that the Commissioner of Public Works be hereby requested and directed to prepare Room No. 13 in proper order for use as a committee room for this Board.

"Resolved, That the Clerk of this Board appoint two persons to be in charge, without salary, of said so-called 'Marriage Bureau,' upon the understanding and direction that they may be allowed to demand from the contracting parties no fee whatever, but to state to them that any payment made by them for their marriage certificate is wholly voluntary.

"Resolved, That printed notices, in the English, French, Italian and Hebrew languages be posted conspicuously in said Room No. 3 to the effect that no person is authorized a fee for the marriage ceremony or certificate."

—be and the same are hereby repealed.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Boschen, Bosse, Brush, Chorosh, Cole, Colne, Curran, Diemer, Dostal, Dotzler, Dowling, Duggan, Ferguson, Ferrand, Gaynor, Hogan, Igstaedter, Jacobson, Kochendorfer, Lein, Levy, McNally, Milligan, Moore (Chas. J.), Moore (Jesse D.), Mullen (Frank), O'Rourke, Ottes, Pendry, Post, Pouker, Quinn, Robitzek, Rosenblum, Schmelzel, Squiers, Stevenson, Taylor, Trau, Valentine, Weil, Wilmot; President McCormack, by Spire Pitou, Commissioner of Public Works; President Connolly, by James A. Dayton, Commissioner of Public Works; President Mathewson; President Pounds, by Edmund W. Voorhies, Commissioner of Public Works; President Marks; the Vice-Chairman—49.

Negative—Aldermen Burns, Carberry, Dixon and Kenney—4.

Alderman Curran presented the following papers to be printed in connection with the above, and placed on file.

City of New York, Law Department, Office of the Corporation Counsel, Municipal Building, April 6, 1915.

Hon. HENRY H. CURRAN, Chairman, Finance Committee, Board of Aldermen:

Dear Sir—I have received your communication under date of March 26, 1915, which reads as follows:

"Would you kindly inform me if the Board of Aldermen has any jurisdiction over the use to which the room occupied by Brooklyn Aldermen in the Borough Hall in Brooklyn is put? Although the Board apparently has jurisdiction over the room in the basement of the City Hall used as a marriage chapel, I doubt if any one other than the President of the Borough of Brooklyn has control over any room in the Brooklyn Borough Hall that may be used for similar purposes, but want to be satisfied on that point. Could you kindly let me have your advice within a few days, and oblige."

Such examination as this department has been able to make has failed to disclose any authority for the appropriation of a room in Borough Hall, Brooklyn, for use as a marriage chapel. The matter is one, however, which, in my opinion, does not come within the province of the Board of Aldermen, but rather within the jurisdiction of the officer charged by law with the custody and control of public buildings, at least until such space may be definitely assigned by the appropriate authorities to some official use. Respectfully yours,

FRANK L. POLK, Corporation Counsel.

Resolved, That Rooms Nos. 364 and 365 in the Municipal Building be and they are hereby assigned, at the pleasure of the Sinking Fund Commission, to the City Clerk, for the use of city officials thereunto authorized, to perform marriage ceremonies, said City Clerk to be responsible for the proper use and conduct of said rooms.

A true copy of resolution adopted by the Commissioners of the Sinking Fund, April 7, 1915. JNO. KORB, Secretary.

**Report of the Committee on Finance in Favor of Adopting Resolution to Authorize the Comptroller to Advance to the G. A. R. and Kindred Organizations Moneys on Account of Memorial Day Observances.**

The Committee on Finance, to which was referred on April 6, 1915 (Minutes, page 75), the annexed resolution authorizing the Comptroller to advance to the G. A. R. and kindred organizations certain sums on account of Memorial Day Observances, respectfully

#### REPORTS:

That it is customary to disburse the Budget allowance in this manner, and it, therefore, recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, with the concurrence of the Board of Aldermen, has provided in the Budget for 1915 certain sums of money for Memorial Day observances in the various boroughs, in accordance with the provisions of law; and

Whereas, It is deemed necessary that said sums of money be advanced to the Memorial and Executive Committees of the Grand Army of the Republic and kindred associations in the various boroughs for the purpose of defraying expenses as they may arise; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to pay to each of the Treasurers of the Memorial and Executive Committees of the Grand Army of the Republic and kindred organizations in the various boroughs, upon his requisition, countersigned by the chairman and secretary of each of the various committees, the sums of money provided in said Budget, as follows:

#### Memorial Day Observances—

Code No. 3046	Borough of Manhattan.....	\$3,000 00
Code No. 3047	Borough of The Bronx.....	1,000 00
Code No. 3048	Borough of Brooklyn.....	3,000 00
Code No. 3049	Borough of Queens.....	300 00
Code No. 3050	Borough of Richmond.....	300 00
Code No. 3051	Memorial Committee of the United Spanish War Veterans (Chapter 360, Laws of 1906).....	2,500 00
Code No. 3052	Allowance to veteran associations for Decoration Day observances, Borough of Brooklyn, pursuant to Chapter 13, Laws of 1897.....	900 00

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burden, Chorosh, Cole, Colne, Curran, Dotzler, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Jacobson, Kenneally, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Milligan, Moore (Chas. **Report of the Committee on Finance in Favor of Adopting Resolution to Authorize the Comptroller to Advance to the Army and Navy Union Moneys on Account of Memorial Day Observances.**

The Committee on Finance, to which was referred on April 6, 1915 (Minutes, page 77), the annexed resolution authorizing the Comptroller to advance to the Army and Navy Union certain sums on account of Memorial Day observances, respectfully

#### REPORTS:

That it is customary to have these funds disbursed as called for in the resolution, and it, therefore, recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, with the concurrence of the Board of Aldermen, has provided in the Budget of 1915 (Code No. 3053), the sum of \$1,000 for Memorial Day observances by the Army and Navy Union, in accordance with the provisions of law; and

Whereas, It is deemed necessary that said sum of money be advanced to the Memorial and Executive Committee, Army and Navy Union, for the purpose of defraying expenses as they may arise; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to pay to the Treasurer of the Memorial and Executive Committee, upon his requisition, countersigned by the Secretary, the sum of one thousand dollars (\$1,000).

**Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Authorize the Borough Presidents to Issue Permits for Temporary Display of Signs Giving Notice of Meetings for Charitable or Religious Purposes.**

The Committee on Public Thoroughfares, to which was referred on February 16, 1915 (Minutes, page 1080), the annexed resolution, authorizing the Borough Presidents to issue permits for the temporary display of signs and notices relating to meetings for charitable or religious purposes, respectfully

#### REPORTS:

That having examined the subject, it believes the proposed authorization to be necessary. At present no one has official power in such cases, and it frequently happens that much good would result from temporary permits of this nature, without any cost to the City or detriment to its property. The Committee believes, however, that the resolution may be simplified, and it recommends that the accompanying substitute resolution be adopted.

#### SUBSTITUTE.

Resolved, That the Presidents of the respective boroughs be and they are hereby authorized, in their discretion, to grant permits for the temporary display, for the information of the public, in the public streets and places of their respective boroughs under such regulations as may be determined by them, of signs and notices relating to meetings or work for charitable or religious purposes.

#### ORIGINAL.

Resolved, That the presidents of the respective boroughs be and they hereby are authorized, in their discretion, to grant permits for the temporary display, for the information of the public, in the public streets and places, of their respective boroughs, and under such regulations as they may determine, of signs and notices relating or giving publicity to enterprises or meetings of, or the work connected with, religious, charitable, or philanthropic organizations and bodies, upon the president so issuing such permit receiving security approved by him indemnifying the City against all loss, damage and claim, by reason of the grant of such permit or the maintenance or non-removal of such signs and notices; such permit to continue in force for not exceeding two weeks; provided that no such permit shall be issued for the display of any such sign or notice which shall in any way interfere with the general use by the public of such streets and public places.

D. M. BEDELL, JESSE D. MOORE, EDWARD H. TAYLOR, JAMES A. MILLIGAN, FRANK MULLEN, FRANK DOSTAL, JR., JOHN H. BOSCHEN, Committee on Public Thoroughfares.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burden, Chorosh, Cole, Colne, Curran, Dotzler, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Jacobson, Kenneally, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Milligan, Moore (Chas. **Report of the Committee on Salaries and Offices in Favor of Placing on File Applications for Appointment as City Surveyor.**

The Committee on Salaries and Offices, to which was referred on various dates, 1914 and 1915, certain resolutions for the appointment of City Surveyors, known as Introductory Nos. 742, 931, 932, 934, 964, 990, 1037, 1070, 1104, 1140, 1242, 1375, 1453, 1482, 1538, 1539, 1545, 1546 and 1569, respectfully

#### REPORTS:

That it has formulated a plan for the examination of applicants for appointment as City Surveyors, which is expressed in a proposed ordinance submitted this day. Approval thereof would necessitate application by these candidates to a Board

of Examiners for proper tests as to competency and fitness. This being the case, the Committee recommends that the said resolutions be placed on file.

The Committee on Salaries and Offices, to which was referred on February 23, 1915 (Minutes, page 1193), the annexed resolution in favor of establishing the grade of position of Draftsman in the office of the Board of Estimate and Apportionment, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed position to be necessary to cover the employment of a draftsman when required for temporary work. As only one such employee is needed and asked for, the Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, for the office of the Board of Estimate and Apportionment, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Diem.
Draftsman .....	\$4 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution, with the words and figure, to wit: "Number of Incumbents, 1," inserted therein, and, as so amended, fixes the salary of said position as set forth therein.

W. W. COLNE, JACOB WEIL, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., MICHAEL CARBERRY, D. M. BEDELL, OSCAR IGSTAEDTER, EDWARD B. VALENTINE, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burden, Chorosh, Cole, Colne, Curran, Dotzler, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Jacobson, Kenneally, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Milligan, Moore (Chas. **Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Position of Stenotypist at \$840 per Annum in Office of Municipal Civil Service Commission, for One Incumbent.**

The Committee on Salaries and Offices, to which was referred on February 23, 1915 (Minutes, page 1194), the annexed resolution in favor of establishing the grade of Stenotypist in the office of the Municipal Civil Service Commission at \$840 per annum, respectfully

**REPORTS:**

That having examined the subject, it believes the proposed position to be necessary in facilitating the office work of this department. As but one such employee was asked for, the Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 19, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, for the office of the Municipal Civil Service Commission, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Stenotypist .....	\$840 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution, with the words and figures, to wit: "Number of Incumbents—1," inserted therein, and, as so awarded, fixes the salary of said position as set forth therein.

W. W. COLNE, JACOB WEIL, ANTHONY J. McNALLY, FRANK DOSTAL, JR., MICHAEL CARBERRY, D. M. BEDELL, OSCAR IGSTAEDTER, EDWARD B. VALENTINE, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burden, Chorosh, Cole, Colne, Curran, Dotzler, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Jacobson, Kenneally, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Milligan, Moore (Chas. **Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Grades of Typewriting Copyists in Office of Board of Estimate and Apportionment at from \$600 to \$840 per Annum.**

The Committee on Salaries and Offices, to which was referred on March 9, 1915 (Minutes, page 1330), the annexed resolution in favor of establishing grade of Typewriting Copyist in office of the Board of Estimate and Apportionment, at from \$600 to \$840 per annum, respectfully

**REPORTS:**

That having examined the subject, it believes the proposed grading to be advisable, as it places the Board of Estimate and Apportionment more on a par with other departments in relation to salaries of Copyists.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 26, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment for the office of the Board of Estimate and Apportionment, of the grades of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Typewriting Copyist .....	\$600 00
Typewriting Copyist .....	660 00
Typewriting Copyist .....	720 00
Typewriting Copyist .....	780 00
Typewriting Copyist .....	840 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

W. W. COLNE, JACOB WEIL, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., MICHAEL CARBERRY, D. M. BEDELL, OSCAR IGSTAEDTER, EDWARD B. VALENTINE, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burden, Chorosh, Cole, Colne, Curran, Dotzler, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Jacobson, Kenneally, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Milligan, Moore (Chas. **Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Grades of Inspector of Combustibles and Supervising Inspector of Combustibles, Fire Department, Two Incumbents in Each Grade.**

The Committee on Salaries and Offices, to which was referred on March 9, 1915 (Minutes, page 1332), the annexed resolution in favor of establishing grades of positions in the Fire Department of Inspector of Combustibles at from \$1,140 to \$1,380 per annum, and Supervising Inspector of Combustibles at from \$1,500 to \$1,920 per annum, respectfully

**REPORTS:**

That, having examined the subject, it believes certain leeway should be allowed the department for the purpose of promoting such men as may now be eligible, and for this reason it favors allowing two incumbents in each of the grades specified, and therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 26, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Fire Department of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Inspector of Combustibles .....	\$1,140, \$1,200, \$1,260, \$1,320 and \$1,380
Supervising Inspector of Combustibles .....	\$1,500, \$1,620, \$1,740 and \$1,920

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution, with the words and figures to wit: "Number of Incumbents, 2," for each grade inserted therein, and as so amended fixes the salaries of said positions as set forth therein.

W. W. COLNE, JACOB WEIL, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., MICHAEL CARBERRY, D. M. BEDELL, OSCAR IGSTAEDTER, EDWARD B. VALENTINE, Committee on Salaries and Offices.

The Committee on Salaries and Offices, to which was referred on March 9, 1915 (Minutes, page 1336), the annexed resolution in favor of establishing the grade of position of Electrical Inspector, Fire Department, at from \$1,140 to \$1,440 per annum, respectfully

**REPORTS:**

That in order to provide proper leeway for the Department needs the Committee believes that one incumbent should be allowed in each of these grades. It therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 26, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Fire Department of the grades of position, in addition to those heretofore established, as follows:

The Committee on Salaries and Offices, to which was referred on March 16, 1915 (Minutes, page 1608), the annexed resolution in favor of establishing grade of Tabulator, at \$900 per annum, in the office of the Municipal Civil Service Commission, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed grade to be necessary to enable this Department to properly conduct its work. It considers, however, that one incumbent in this grade is sufficient, and it, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 12, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the office of the Municipal Civil Service Commission, of the grade of position, in addition to those heretofore established, as follows:

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Grade of Position of Examiner or Expert, not to Exceed \$10 per Day, in the Office of the Municipal Civil Service Commission.**

The Committee on Salaries and Offices, to which was referred on March 23, 1915 (Minutes, page 1653), the annexed resolution in favor of establishing the grade of position of Examiner or Expert in the office of the Municipal Civil Service Commission, respectfully

**REPORTS:**

That this resolution permits the employment of an Examiner at a lesser rate than \$10 per diem, as it now stands. It is not always necessary to pay the higher rate, and this will allow some elasticity in this class of employment.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 19, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the office of the Municipal Civil Service Commission, of the grade of position, in addition to those heretofore established, as follows:

**Report of the Committee on Salaries and Offices in Favor of Adopting Ordinance Prescribing Regulations for the Appointment of City Surveyors.**

The Committee on Salaries and Offices, to which was referred on March 23, 1915 (Minutes, page 1699), the annexed ordinance in favor of establishing certain regulations and requirements for the appointment of City Surveyors, respectfully

**REPORTS:**

That it held a public hearing on this subject at which certain suggestions were made for amendments to the proposed ordinance. The Committee believes that regulations should be made for future appointments, but does not think that a wholesale revocation of all prior appointments should be endorsed. It submits herewith a substitute ordinance embodying its conclusions, and recommends that the same be adopted.

**SUBSTITUTE.**

AN ORDINANCE to amend Article Ten, Chapter Two of the Code of Ordinances of The City of New York relating to "Surveyors."

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section two hundred and forty of article ten of chapter two of the Code of Ordinances of The City of New York is hereby repealed and the following sections are substituted therefor:

§ 240. There is hereby constituted a board to be known as the examining board of city surveyors, which shall consist of the chief engineer of the board of estimate and apportionment, ex-officio, of two engineers appointed by the board of aldermen from the consulting or topographical engineers in the regular employ of the city and of two city surveyors, who shall be appointed by the board of aldermen. The terms of office of the first examiners so appointed, except the chief engineer of the board of estimate and apportionment, shall be one, two, three and four years, respectively, as designated by the board of aldermen, and until their successors are appointed; and as their terms respectively expire their successors shall be appointed for a full term of four years, which shall thereafter be the full and regular term of office of said examiners.

The examining board of city surveyors shall have the power and it shall be their duty: to meet at stated intervals, and specially when the board of aldermen shall in writing, request them so to do; to examine all persons who may desire to be appointed surveyors of The City of New York by tests, which will determine their competency and fitness, and who shall present a receipt from the City Clerk showing that the examining fee, as hereinafter provided, has been paid; to certify to the board of aldermen within ten days after an examination has been held a list in the order of standing of all those applicants who have qualified in such examination.

No person shall be examined as hereinafter provided until an examining fee of five dollars shall have been paid to the city clerk, who is hereby authorized and directed to receive the same and to issue a receipt therefor, and the fee so collected shall be paid by the city clerk into the treasury of The City of New York.

§ 241. There shall be so many surveyors for The City of New York as the board of aldermen shall from time to time appoint; but hereafter no appointment shall be made except from a list certified to the board of aldermen by the examining board of city surveyors, as hereinafter provided. Each city surveyor before entering upon the duties of his office, shall take an oath well and truly to perform the same.

Section 2. The table of section headings of article ten of chapter two of the Code of Ordinances is hereby amended to read as follows:

**ARTICLE 10.**

**City Surveyors.**

Section 240. [Appointment of surveyors; oath of office.] Board of Examiners.

241. [Maps and surveys.] Appointment of surveyors.

[242. Fees.]

[243. Assessment work; surveyors' fees to be assessed.]

[244. Contract certificates.]

Section 3. This ordinance shall take effect immediately.

Note—New matter in italics; old matter, in brackets [], to be omitted.

**ORIGINAL.**

AN ORDINANCE to amend Article Fourteen, Chapter Five of Part One of the Code of Ordinances of The City of New York relating to "Surveyors."

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section two hundred and seventy-four of article fourteen of chapter five of part one of the Code of Ordinances of The City of New York is hereby repealed and the following sections are substituted therefor:

§ 274. (1) There is hereby constituted a board to be known as the examining board of city surveyors, which shall consist of the chief engineer of the board of estimate and apportionment, ex-officio, of two engineers appointed by the board of aldermen from the consulting or topographical engineers in the regular employ of the city and of two city surveyors, who shall be appointed by the board of aldermen. The terms of office of the first examiners so appointed, except the chief engineer of the board of estimate and apportionment shall be one, two, three and four years, respectively, as designated by the board of aldermen, and until their successors are appointed; and as their terms respectively expire their successors shall be appointed for a full term of four years, which shall thereafter be the full and regular term of office of said examiners.

(2) The examining board of city surveyors shall have the power and it shall be their duty: To meet at stated intervals, and specially when the board of aldermen shall, in writing, request them so to do; to examine all persons who may desire to be appointed surveyors of The City of New York by tests, which will determine, among other things, their technical knowledge of city surveying, experience in city surveying, knowledge of laws relating to city surveying and the possession of a plant, and who shall present a receipt from the City Clerk showing that the examining fee, as hereinafter provided, has been paid; to certify to the board of aldermen within ten days after an examination has been held a list in the order of standing of all those applicants who have qualified in such examination.

(3) No person shall be examined as hereinafter provided until an examining fee of five dollars shall have been paid to the city clerk, who is hereby authorized and directed to receive the same and to issue a receipt therefor, and the fee so collected shall be paid by the city clerk into the treasury of The City of New York.

§ 274a. There shall be so many surveyors for The City of New York as the board of aldermen shall from time to time appoint; but hereafter no appointment shall be made except from a list certified to the board of aldermen by the examining board of city surveyors, as hereinafter provided; and the appointments of all city surveyors heretofore made, except the two designated as members of the board of examining surveyors are hereby revoked, to take effect upon the appointment of the first surveyor for the city selected from the list so certified to the board of aldermen.

**Section 2. This ordinance shall take effect immediately.**

City of New York, Law Department, Office of the Corporation Counsel, New York, March 17, 1915.

Hon. MARCUS M. MARKS, President, Borough of Manhattan:

Sir—I have received a letter dated March 6, 1915, signed by E. P. Goodrich, Chairman of Consulting Engineers, in which he states in substance that the Board of Aldermen has requested the consulting engineers in the various boroughs to suggest a form of ordinance for adoption regulating the appointment of city surveyors, and that the consulting engineers have decided to recommend the adoption of an ordinance which will require candidates for appointment to be examined by a board of experts appointed either by the Board of Aldermen or the Board of Estimate and Apportionment, or by both of these bodies. I am requested to advise you if the enactment of such an ordinance is beyond the powers of the city authorities as now constituted, and if not, to prepare a draft of such ordinance for submission to the Board of Aldermen.

In an opinion rendered by this office under date of April 8, 1902, and addressed to the Board of Aldermen, the legislation affecting the appointment of surveyors for the City of New York is reviewed at length and conclusion is there reached that this power is vested in the Board of Aldermen. I do not find that there has been any legislation relating to surveyors for the City of New York since the rendition of this opinion and so I advise you that the power to appoint City Surveyors is now vested, as it was then, in the Board of Aldermen.

While I do not think that the Board of Aldermen is empowered to delegate this power of appointment to another body or board, yet I see no reason why it could not provide by ordinance for an examining board, the purpose of which would be to obtain a list, from which to make appointments, of those persons whose qualifications for the office of City Surveyor had been proven to the satisfaction of the examining board. I have therefore prepared, and I transmit herewith a draft of the proposed ordinance in which I have endeavored to follow the suggestions outlined in the letter from Mr. Goodrich. Respectfully yours,

FRANK L. POLK, Corporation Counsel.

Alderman Colne moved that the substitute ordinance be amended by substituting in the first line of Section 1 for the word and figures "Section 240" the word and figures "Sections 240, 241, 242, 243 and 244," and by substituting in the second line thereof for the word "is" the word "are."

Which motion was adopted.

The Vice-Chairman then put the question whether the Board would agree to accept said report and adopt said ordinance, as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burden, Chorosh, Cole, Colne, Curran, Dotzler, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Jacobson, Kenneally, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Milligan, Moore (Chas. **Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Grade of Position of Assistant Foreman, Department Water Supply, Gas and Electricity, at \$1,500 per Annum, for One Incumbent.**

The Committee on Salaries and Offices, to which was referred on March 30, 1915, (Minutes, page 1720) the annexed resolution in favor of establishing the grade of position of Assistant Foreman in the Department of Water Supply, Gas and Electricity at \$1,500 per annum, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed position to be necessary. The Department asked for one incumbent only, and the Committee believes that one is sufficient.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 26, 1915.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the Department of Water Supply, Gas and Electricity, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Assistant Foreman.....	\$1,500 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution with the words and figure, to wit: "Number of Incumbents—1," inserted therein, and as so amended, fixes the salary of said position as set forth therein.

W. W. COLNE, JACOB WEIL, EDWARD B. VALENTINE, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., MICHAEL CARBERRY, D. M. BEDELL, OSCAR IGSTAEDTER, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burden, Chorosh, Cole, Colne, Curran, Dotzler, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Jacobson, Kenneally, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Milligan, Moore (Chas. **Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Grade of Stenographer and Typewriter, Department of Water Supply, Gas and Electricity, for One Incumbent.**

The Committee on Salaries and Offices, to which was referred on March 30, 1915 (Minutes, page 1720), the annexed resolution in favor of establishing the grade of position of Stenographer and Typewriter in the Department of Water Supply, Gas and Electricity at \$720 per annum, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed grade to be necessary in order to permit of the transfer of a Stenographer from another department. Only one incumbent is asked for in the grade, and the Committee, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 26, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the Department of Water Supply, Gas and Electricity, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Stenographer and Typewriter.....	\$720 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution, with the words and figure, to wit: "Number of Incumbents, 1," inserted therein, and as so amended, fixes the salary of said position as set forth therein.

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Fix Compensation of Certain Janitors, Department of Education.**

The Committee on Salaries and Offices, to which was referred on March 30, 1915 (Minutes, page 1721), the annexed resolution in favor of fixing the compensation of certain Janitors, Department of Education, respectfully

**REPORTS:**

That these rates are fixed on the usual accepted basis, and have been checked by the Finance Department.

It therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 26, 1915:

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Charter, hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, that the compensation of janitors in the Department of Education be fixed temporarily and until further modified, in accordance with the following list:

Janitor, Public School No. 9, Manhattan, per annum.....	\$3,468 00
Janitor, Public School No. 35, Manhattan, per annum, less \$299.....	1,764 00
Janitor, Public School No. 2, Brooklyn, per annum, less \$221.....	2,440 00
Janitor, Public School No. 7, Brooklyn, per annum.....	1,716 00
Janitor, Public School No. 99, Brooklyn, for care of one portable building, per annum.....	120 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Position of Stenographer to Committee on Buildings for One Incumbent.**

The Committee on Salaries and Offices, to which was referred on March 30, 1915 (Minutes, page 1721), the annexed resolution in favor of establishing the grade of position of Stenographer in the office of the Committee on Buildings of the Board of Aldermen at \$1,800 per annum, respectfully

**REPORTS:**

That, having examined the subject, it believes the proposed position to be necessary. As only one stenographer is needed, it recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 26, 1915:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on March 19, 1915, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends the establishment in the office of the Board of Aldermen and City Clerk of the grade of position, in addition to those heretofore established, as follows:

#### Majority Report of the Committee on Public Thoroughfares in Favor of Filing Proposed Ordinance Amending "Near Side Stop" Ordinance.

The Committee on Public Thoroughfares to which was referred on February 9, 1915 (Minutes, page 789) the annexed ordinance in favor of amending an ordinance in relation to the stoppage of street surface cars in the City of New York, respectfully

#### REPORTS:

That in its opinion the proposed amendment is not necessary inasmuch as the discretion granted the Police Commissioner in subdivision C of section 2 of the existing ordinance would permit the privilege sought by the proposed amendment, upon application to said commissioner.

It, therefore, recommends that the said ordinance be placed on file.

AN ORDINANCE amending "An Ordinance in relation to the stoppage of street surface cars in The City of New York."

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Safety Stops for Street Surface Railway Cars—In the interest of public safety, street surface railway cars shall come to a full stop:

(a) At all points where a "Fire Stop" sign is exhibited.  
(b) At all points where a "School Stop" sign is exhibited, between the hours of 8 a. m. and 9 a. m., 12 noon and 1 p. m., and 3 p. m. and 5 p. m., except on Saturdays, Sundays and legal holidays, and during the period of July 1 and September 1. Each Borough President is hereby authorized to erect signs bearing the words "School Stop" on each side of streets within his jurisdiction which intersect or meet the street on which a public school is located, within 500 feet from such intersecting or meeting street, on lamp posts, street sign posts, trolley poles, trolley span wires, or other available supports, or, in the absence of any such existing structure on such new supports as he may find necessary.

Section 2. Passenger Stops—To take on or discharge passengers, when signaled so to do, all street surface railway cars shall come to a full stop, in such a position as not to obstruct the crosswalk, before crossing any intersecting or connecting street, and street surface railway cars which operate in the Borough of Manhattan, in an easterly or westerly direction, shall also come to a full stop after crossing any intersecting or connecting street, except that with the written consent of the Police Commissioner, and if "Trolley Stop" signs are installed by the railway company, cars may stop:

(a) At other points on unpaved streets.  
(b) In the centres of blocks over 400 feet long.  
(c) Except as herein provided, on the far side of any street containing an intersecting railway.

Section 3. Intersecting Streets—Street surface railway cars may cross an intersecting or connecting street without stopping, provided that, in each such case the Police Commissioner shall give his written consent and the railway company shall install a "No Stop" sign, and there shall be a regular stopping place with a "Trolley Stop" sign within 200 feet of the "No Stop" sign.

**Section 4. Violations**—Any street surface railway company violating any provision of this ordinance shall, upon conviction, be punished by a fine of \$10 for each offense.

**Section 5.** This ordinance shall take effect immediately.

**Minority Report of the Committee on Public Thoroughfares in Favor of Adopting Ordinance Amending "An Ordinance in Relation to the Stoppage of Street Surface Cars in The City of New York."**

The Committee on Public Thoroughfares, to which was referred on February 9, 1915 (Minutes, page 789), the annexed ordinance amending "An Ordinance in relation to the stoppage of street surface cars in The City of New York," respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary. It is claimed that the Police Commissioner has discretionary power to order the stops contemplated herein, where he deems it necessary. For the real convenience of shoppers and the enormous day traffic other than "rush hours" it is apparent that such stops as are called for herein should be fixed by ordinance and not left to the judgment of any administrative officer or his subordinates. It is frequently dangerous to cross certain of the north and south arteries of traffic to transfer under the present system to the cars running east and west, and this has already been recognized at some points and cars ordered stopped on both sides of the avenue to safeguard passengers who wish to transfer.

It, therefore, recommends that the said resolution be adopted.

**AN ORDINANCE** amending "An Ordinance in relation to the stoppage of street surface cars in The City of New York."

*Be it ordained by the Board of Aldermen of The City of New York, as follows:*

**Section 1. Safety Stops for Street Surface Railway Cars**—In the interest of public safety, street surface railway cars shall come to a full stop:

(a) At all points where a "Fire Stop" sign is exhibited.

(b) At all points where a "School Stop" sign is exhibited between the hours of 8 a. m. and 9 a. m., 12 noon and 1 p. m., and 3 p. m. and 5 p. m., except on Saturdays, Sundays and legal holidays, and during the period of July 1 and September 1. Each Borough President is hereby authorized to erect signs bearing the words "School Stop" on each side of streets within his jurisdiction which intersect or meet the street on which a public school is located, within 500 feet from such intersecting or meeting street, on lamp posts, street sign posts, trolley poles, trolley span wires, or other available supports, or, in the absence of any such existing structure on such new supports as he may find necessary.

**Section 2. Passenger Stops**—To take on or discharge passengers, when signaled so to do, all street surface railway cars shall come to a full stop, in such a position as not to obstruct the crosswalk, before crossing any intersecting or connecting street, and street surface railway cars which operate in the Borough of Manhattan, in an easterly or westerly direction, shall also come to a full stop after crossing any intersecting or connecting street, except that with the written consent of the Police Commissioner, and if "Trolley Stop" signs are installed by the railway company, cars may stop:

(a) At other points on unpaved streets.

(b) In the centres of blocks over 400 feet long.

(c) *Except as herein provided*, on the far side of any street containing an intersecting railway.

**Section 3. Intersecting Streets**—Street surface railway cars may cross an intersecting or connecting street without stopping, provided that, in each such case the Police Commissioner shall give his written consent and the railway company shall install a "No Stop" sign, and there shall be a regular stopping place with a "Trolley Stop" sign within 200 feet of the "No Stop" sign.

**Section 4. Violations**—Any street surface railway company violating any provision of this ordinance shall, upon conviction, be punished by a fine of \$10 for each offense.

**Section 5.** This ordinance shall take effect immediately.

*Note*—New matter in *italics*.

JAMES F. MULLEN, Minority Committee on Public Thoroughfares.

Alderman Dowling moved that the minority report be substituted for that of the majority.

The Vice-Chairman put the question whether the Board would agree to adopt said motion.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Benninger, Burden, Burns, Carberry, Cole, Cunningham, Dixon, Donnelly, Dowling, Dujat, Ferguson, Eagan, Fink, Kenneally, Kenney, Lein, McCourt, McGarry, Molen, Moran, Mullen (Jas. F.), Nugent, O'Rourke, Reardon, Robitzek, Schweickert, Wendel, President McCormack, by Spire Pitou, Commissioner of Public Works—20.

Negative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Carroll, Chorosh, Colne, Curran, Diemer, Dostal, Dotzler, Duggan, Eichhorn, Ferrand, Gaynor, Hogan, Igstaedter, Kochendorfer, Levy, McNally, Milligan, Moore (Chas. **Report of the Committee on Public Thoroughfares in Favor of Adopting Ordinance Changing West End Avenue from the Jurisdiction of the Borough President Back to the Park Department.**

The Committee on Public Thoroughfares, to which was referred on February 2, 1915 (Minutes, page 781), the annexed ordinance in favor of returning West End Avenue to the jurisdiction of the Park Department, and a petition advocating the change, respectfully

#### REPORTS:

That, having carefully examined the subject, it believes the proposed change to be advisable for the protection of the trees and preservation of the grass plots along this thoroughfare. At a well attended public hearing a number of residents appeared and advocated this proposed ordinance, and the members of the Board through whose districts the avenue runs report that public sentiment appears unanimously in favor of it.

The Committee recommends that the said ordinance be adopted.

**AN ORDINANCE** changing West End Avenue from the jurisdiction of the Borough President's Office back to the Park Department.

*Be it Ordained by the Board of Aldermen of The City of New York, as follows:*

That the Board of Aldermen of the City of New York, pursuant to the provisions of Section 243a of the Greater New York Charter (Chapter 331, Laws of 1913), subject to the concurrence of the Board of Estimate and Apportionment, do hereby change the jurisdiction and control of West End Ave., north of 70th Street, in the Borough of Manhattan, from the jurisdiction of the President of the Borough of Manhattan to the Department of Parks.

This ordinance to become effective immediately upon the concurrence of the Board of Estimate and Apportionment.

D. M. BEDELL, JESSE D. MOORE, EDWARD H. TAYLOR, JAMES A. MILLIGAN, FRANK MULLEN, FRANK DOSTAL, JR., JOHN H. BOSCHEN, Committee on Public Thoroughfares.

Which, on motion of President Mathewson, was recommitted to the Committee on Public Thoroughfares.

Sheriff's Office, Bronx County, Bergen Building, Tremont and Arthur Avenues. New York, February 24th, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Dear Sir—As the State Civil Service Commission has placed in the Competitive Class the position of Physician at Bronx County Jail I most respectfully call your attention to Section 126 of the Code of Civil Procedure, which states that the Common Council of the City of New York must appoint some reputable physician duly authorized to practice medicine as the physician to the jail of the county.

Awaiting your action in this matter, I am,

Very truly yours,

JAMES F. O'BRIEN, Sheriff, Bronx County.

Which was ordered on file.

No. 598—Int. No. 1574.

**Report of the Committee on Salaries and Offices in Favor of Filing Resolution to Appoint Dr. George J. Seufert Physician of the County Jail, Bronx County.**

The Committee on Salaries and Offices, to which was referred on March 16, 1915 (Minutes, page 1647), the annexed resolution in favor of appointing Dr. George J. Seufert, Physician of the County Jail, Bronx County, respectfully

#### REPORTS:

That, having reported favorably the appointment of another physician, it recommends that the said resolution be placed on file.

Resolved, That Dr. George J. Seufert, residing at 654 Courtland Avenue, Bronx, who is first on the State Civil Service List for the position of County physician, be and he is hereby appointed, pursuant to Section 348 of the prison law and Section 1586 of the Greater New York Charter, as the physician of the jail of the County of the Bronx.

W. W. COLNE, JACOB WEIL, EDWARD B. VALENTINE, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., D. M. BEDELL, OSCAR IGSTAEDTER, Committee on Salaries and Offices.

Alderman Robitzek moved that the physician named in this report and resolution be substituted for the physician named for appointment in General Order No. 605.

The Vice-Chairman put the question whether the Board would agree to adopt said motion.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Benninger, Burden, Burns, Carberry, Cole, Cunningham, Dixon, Donnelly, Dowling, Dujat, Ferguson, Eagan, Fink, Kenneally, Kenney, Lein, McCourt, McGarry, Molen, Moran, Mullen (Jas. *Be it ordained by the Board of Aldermen of The City of New York, as follows:*  
Section 1. Sec. 2 of Article 2 of Chapter 1 of the Code of Ordinances of The City of New York is hereby amended to read as follows:  
Sec. 2. Adopted and approved ordinances. The clerk of the board of aldermen shall cause [500] 1,000 copies of each general ordinance to be published in separate leaflet form, consecutively numbered and paged in the form and style of the Session Laws of the State of New York, within 10 days after its approval by the mayor, or upon its taking effect without his approval or disapproval, or after reconsideration and reapproval by the board of aldermen subsequent to his disapproval thereof, as provided by section 40 of the charter, as amended and supplemented. The clerk shall also cause to be compiled a proper index of all such general ordinances for the current calendar year and for each year thereafter, which shall be published, during the month of January of the succeeding year, in the City Record and as a pamphlet, the pages of which shall be of the same size as that of the leaflets containing such general ordinances.

Sec. 2. This ordinance shall take effect immediately.

**An Ordinance to Amend Section 4 of Article 1 of Chapter 3 of the Code of Ordinances of The City of New York.**

By the same—

AN ORDINANCE to Amend Section 4 of Article 1 of Chapter 3 of the Code of Ordinances of The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Section 4 of Article 1 of Chapter 3 of the Code of Ordinances of The City of New York adopted by the Board of Aldermen March 23, 1915, and approved by the Mayor March 30, 1915, is hereby amended to read as follows:

Par. 4. *Revocation of License.* Any license provided for by the preceding sections may be revoked, annulled or suspended by the Commissioner of Licenses upon cause after a trial. Proof shall be taken before the Commissioner of Licenses upon notice of not less than two (2) days to the proprietor, manager or person in charge of said place to show cause why such license should not be revoked, annulled or suspended. The Commissioner of Licenses shall hear the proofs and allegations in each case and determine the same, and any place the license for which shall have been revoked, annulled or suspended shall not thereafter be licensed again to the same licensee within one year under the provisions of said sections. On any examination before a Commissioner of Licenses, pursuant to a notice to show cause as aforesaid, the accused party may be a witness in his own behalf.

Section 2. This ordinance shall take effect immediately.

**Resolution to Grant Leaves of Absence, with Pay, on Various Dates, to All Employees of The City of New York Who Are Members of the United Spanish War Veterans.**

By Alderman O'Rourke—

Whereas, A number of employees of the City of New York are members of the United Spanish War Veterans, an organization devoted to the support of the Government and to the furtherance of patriotic principles; and

Whereas, It is customary for the members of said organization to participate in the Memorial Day Parade and incidental patriotic observances; and

Whereas, The twelfth annual encampment of the Department of New York will be held at Utica, New York, on July 5th, 6th, 7th, 8th and 9th, 1915; and

Whereas, The twelfth annual national encampment will be held at Scranton, Pennsylvania, on August 29th, 30th, 31st, September 1st and 2nd, 1915; therefore be it

Resolved, That the heads of all Departments and Bureaus of the City of New York be directed to grant leave of absence, with pay, on May 31st, 1915, to all City employees who are members of said organization, in order to enable them to participate in the said observances of Memorial Day, and a like leave of absence on July 5th, 6th, 7th, 8th and 9th, 1915, in order to enable them to attend the said Twelfth Annual Department Encampment, and a like leave of absence on August 29th, 30th, 31st, September 1st and 2nd, 1915, in order to enable them to attend said Twelfth Annual National Encampment, provided, however, that satisfactory proof of such attendance at Encampments shall be furnished to the head of department or bureau, as the case may be, and if required; and be it further

Resolved, That his Honor John Purroy Mitchel, Mayor, be and hereby is respectfully requested to approve of this resolution.

Which was referred to the Committee on Salaries and Offices.

No. 1680.  
**An Ordinance to Amend the Code of Ordinances of The City of New York, Relative to Vehicles Generally.**

By Alderman Taylor—

AN ORDINANCE to amend the Code of Ordinances of The City of New York, relative to vehicles generally.

Be it ordained by the Board of Aldermen of the City of New York as follows: Section 1. Chapter fourteen of the Code of Ordinances of The City of New York is hereby amended by the addition of an article to be known as Article 14A, to read as follows:

*Article 14A—Vehicles Generally.*

Section 175. *Exemptions.*

Section 176. *License required.*

Section 177. *License fee.*

§ 175. *Exemptions.* This article shall not apply to or govern any vehicle for the licensing of which provision is made elsewhere in this chapter; nor to any vehicle licensed and numbered pursuant to the provisions of the laws of the State of New York or of any other State or of the ordinances or regulations of any other municipal corporation.

§ 176. *License required.* Subject to the provisions of 175 of this Article every vehicle, of whatever construction, drawn by an animal or animals upon the streets of the City shall be licensed, and when the license is issued a number plate bearing a distinct number assigned to it by the Commissioner of Licenses shall be delivered by the Commissioner to the owner of the vehicle or to the representative of the owner, without other charge than the regular annual license fee, and such number plate shall be displayed upon such part of the vehicle as the Commissioner may designate.

§ 177. *License fee.* The regular annual fee for a license for each vehicle shall be one dollar.

Section 2. This ordinance shall take effect immediately.

Which was referred to the Committee on Public Thorougfhfares.

Alderman Curran moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, April 27, 1915, at 1.30 o'clock P. M.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

## DEPARTMENT OF FINANCE.

### WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, APRIL 21, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

DEPARTMENT OF DOCKS AND FERRIES.

### Municipal Ferry Privileges.

JOSEPH P. DAY, AUCTIONEER, WILL SELL on behalf of the Department of Docks and Ferries at public auction to the highest bidder on

**TUESDAY, APRIL 27, 1915,**

at 11:00 o'clock in the forenoon at Pier "A," foot of Battery Place, North river, the herein detailed privilege, for a term of three years beginning at noon on May 1, 1915:

1. THE PRIVILEGE OF MAINTAINING A STAND FOR THE SALE OF FRUIT AT THE ENTRANCE TO THE TERMINAL BUILDING AT THE MANHATTAN TERMINAL OF THE STATEN ISLAND FERRY.

The upset price is \$2,500.00 per annum.

GENERAL TERMS AND CONDITIONS.

1. All bidding shall be upon the basis of an aggregate per annum fee or compensation to the City of New York for the privilege stated, which shall be payable quarterly in advance and in equal sums on the first day of May, August, November and February, respectively, to the Cashier of the Department of Docks and Ferries.

2. The successful bidder will be required to pay at the time of the sale the Auctioneer's fee of \$25.00.

3. The Commissioner of Docks reserves the right to reject any or all bids if in his judgment he deems it to be to the best interests of the City of New York so to do. No person will be accepted as a successful bidder who is delinquent on any form of contract with the Department of Docks and Ferries or with the City of New York. No bid will be received from any person who is in arrears to the Department of Docks and Ferries or to the City of New York upon debt or contract or who is a defaulter as surety or otherwise upon any obligation to the Department of Docks and Ferries or to the City of New York.

4. In the event of the award of the privilege, the successful bidder will be required to enter into a written agreement with the Commissioner of Docks at the time of the sale. This agreement may be seen and examined at the office of the Secretary of the Department of Docks and Ferries.

5. The successful bidder must pay to the Department of Docks and Ferries at the time of the sale 25% of the amount of the annual fee or compensation bid for the privilege, as security for carrying into effect the terms of the sale, which 25% will be applied to the payment of the quarterly installment of such fee or compensation first accruing under the agreement when executed, or will be forfeited to the City as liquidated damages if the successful bidder neglects or refuses to execute the agreement with good and sufficient bond or obligation of a surety company, authorized by law to act as surety, in the sum of the annual fee or compensation bid for the privilege.

6. The Commissioner of Docks reserves the right to rescind the privilege when the successful bidder fails, refuses or neglects to comply with the terms and conditions herein contained, the bidder so failing, refusing or neglecting to comply with the terms and conditions of the sale to be liable to the City of New York for any deficiency resulting from or occasioned by such resale.

## Confirmation of Assessments.

### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF MANHATTAN:

TENTH WARD, SECTION 2.

CANAL STREET—REGULATING, GRADING, CURBING, FLAGGING AND PAVING the portion recently widened between Bowery and Chrystie Street. Area of assessment affects property on both sides of Canal Street between Bowery and Chrystie Street, including blocks Nos. 290 and 303.

—that the same was confirmed by the Board of Assessors on April 13, 1915, and entered April 13, 1915, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Municipal Building, north side, third floor, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before June 12, 1915, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

NOTICE IS HEREBY GIVEN THAT THE meeting of the Board of Estimate and Apportionment held on April 1, 1915, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment, under resolutions adopted on October 3, 1912, and February 6, 1913, authorized a proceeding for acquiring title to Flatlands Avenue from Ralph Avenue to East 76th Street; Paerdegat Avenue North from Ralph Avenue to Paerdegat Basin; Ralph Avenue from the junction of Avenue H and Paerdegat Avenue North to Paerdegat Avenue South; Paerdegat Avenue South from Glenwood Road to Avenue J; Avenue J from Ralph Avenue to Paerdegat Avenue South; East 72d Street from Ralph Avenue to Avenue J; and to East 71st Street from Ralph Avenue to Avenue J, Borough of Brooklyn; and

Whereas, The Board is considering the advisability of amending the aforesaid proceeding so as to conform to a map or plan adopted by the Board of Estimate and Apportionment March 5, 1915, and approved by the Mayor March 11, 1915, in which the portions of East 71st Street, East 72d Street and Avenue J included in the aforesaid proceeding are discontinued, as are also Paerdegat Avenue North between Flatlands Avenue and Paerdegat Basin, and Paerdegat Avenue South from Ralph Avenue to Avenue J; the amendment now proposed providing for the acquisition of title only to Flatlands Avenue from Ralph Avenue to East 76th Street; Ralph Avenue from the junction of Avenue H and Paerdegat Avenue North to Paerdegat Avenue South; Paerdegat Avenue North from Ralph Avenue to Flatlands Avenue; and Paerdegat Avenue South from Glenwood Road to Ralph Avenue.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed modified area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on a line midway between East 54th Street and East 55th Street where it is intersected by a line midway between Farragut Road and Glenwood Road, and running thence eastwardly along the said line midway between Farragut Road and Glenwood Road to the intersection with a line midway between East 57th Street and East 58th Street; thence southwardly along the said line midway between East 57th Street and East 58th Street to a point distant 100 feet northerly from the northerly line of Glenwood Road; thence eastwardly and parallel with Glenwood Road to the intersection with a line midway between East 58th Street and East 59th Street; thence southwardly along the said line midway between East 58th Street and East 59th Street, to a point distant 100 feet southerly from the southerly line of Glenwood Road; thence eastwardly and parallel with Glenwood Road and its prolongation as laid out west of Ralph Avenue to the intersection with a line midway between East 75th Street and East 76th Street; thence southeastwardly along the said line midway between East 75th Street and East 76th Street to the intersection with a line midway between Glenwood Road and Flatlands Avenue; thence northeastwardly along the said line midway between Glenwood Road and Flatlands Avenue to the intersection with a line midway between East 77th Street and East 78th Street; thence southeastwardly along the said line midway between East 77th Street and East 78th Street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the center lines of Flatlands Avenue and Paerdegat 1st Street as these streets are laid out between East 77th Street and East 78th Street;

thence southwestwardly along the said bisecting line to the intersection with the northeasterly bulkhead line of Paerdegat Basin as shown on a map adopted by the Board of Estimate and Apportionment on March 5, 1913; thence northwardly, southwestwardly and southeastwardly along the said bulkhead line of Paerdegat Basin to the intersection with a line parallel with Flatlands Avenue as this street is laid out between Ralph Avenue and East 76th Street, and passing through a point on the easterly line of Ralph Avenue where it is intersected by the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Avenue I, the said distance being measured at right angles to Avenue I; thence southwestwardly along the said line parallel with Flatlands Avenue to the easterly line of Ralph Avenue; thence westwardly along the said line parallel with Avenue I and along the prolongation of the said line, to the intersection with a line midway between East 57th Street and East 58th Street; thence northwardly along the said line midway between East 57th Street and East 58th Street to the intersection with a line midway between Avenue H and Avenue I; thence westwardly along the said line midway between Avenue H and Avenue I to the intersection with a line midway between East 56th Street and East 57th Street; thence northwardly along the said line midway between East 56th Street and East 57th Street to a point distant 100 feet southerly from the southerly line of Avenue H; thence westwardly and parallel with Avenue H to the intersection with a line midway between East 55th Street and East 56th Street; thence northwardly along the said line midway between East 55th Street and East 56th Street to the intersection with a line midway between Glenwood Road and Avenue H; thence westwardly along the said line midway between Glenwood Road and Avenue H to the intersection with a line midway between East 54th Street and East 55th Street; thence northwardly along the said line midway between East 54th Street and East 55th Street to the point or place of beginning.

Resolved, That this Board consider the proposed modified area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 30th day of April, 1915, at 10 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and in the Corporation Newspapers for ten days prior to the 30th day of April, 1915.

Dated, April 17, 1915.

**PUBLIC NOTICE IS HEREBY GIVEN** THAT at the meeting of the Board of Estimate and Apportionment held this day, the following communication was received:

State of New York—PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, TRIBUNE Building, 154 Nassau St. Telephone, 4150 Beekman.

New York, April 13, 1915.

To the Board of Estimate and Apportionment of the City of New York:

The Public Service Commission for the First District transmits herewith to your Honorable Board for your approval and the approval of the Mayor of the City, as required by law, a certified copy of resolutions adopted by it on April 13, 1915, amending the route and general plan of construction for the Manhattan-Brooklyn Rapid Transit Railroad (Contract No. 2)—Brooklyn Extension of "The Subway" so as to provide for a passageway and station approach in and under Pine Street for a distance of about one hundred and sixty (160) feet on Pine Street from the easterly building line of Broadway, to connect the Wall Street station with the new Equitable Building. The present general plan of construction provides that "no part of any cross-street shall be used for a station or station approach at a distance greater than seventy-five feet from the exterior line or side of the street of the route." Under this limitation the proposed passageway cannot be constructed so as to connect with the main entrance of the Equitable Building on Pine Street. The Equitable Office Building Corporation, owner of the new Equitable Building, has agreed to the construction of the proposed passageway by the Interborough Rapid Transit Company at the expense of the Equitable Office Building Corporation and upon the completion of said passageway it will constitute a

portion of the railroad and title thereto will vest in The City of New York. In addition, the Equitable Office Building Corporation will construct and maintain an approach between Pine Street and the passageway through the Equitable building for passengers and intending passengers of the railroad and will bear the expense of necessary ticket sellers and the additional ticket chopper. This approach and passageway will furnish additional facilities to the traveling public and without any cost to the City or Railroad Company, and the Commission is of the opinion that the route and general plan should be modified in order that the passageway may be constructed.

The Commission begs to invite the attention of your Honorable Board to the consideration of the extent to which the amended route might affect the use of the space under the streets for future subsurface structures.

Dated, April 13, 1915.  
**PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, BY EDWARD E. McCALL, Chairman.**

Attest: TRAVIS H. WHITNEY, Secretary.  
—and the following resolutions were thereupon adopted:

Resolved, That the communication be received and in pursuance of law this Board hereby fixes Friday, April 23, 1915, at ten o'clock in the forenoon as the time, and Room 16, City Hall, Borough of Manhattan, as the place, when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary of this Board be and he is hereby directed to publish notice of such consideration in the City Record.

JAMES D. McGANN, Assistant Secretary, Room 1307, Municipal Building, Borough of Manhattan. Telephone, 4560 Worth.  
Dated, New York, April 16, 1915. a19,23

**PUBLIC NOTICE IS HEREBY GIVEN** THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Far Rockaway Transportation Company, Inc., has by a petition dated June 15, 1914, applied to this Board for the right and privilege to maintain and operate a stage or omnibus route for public use upon and along Central Avenue and South Street in the former Village of Far Rockaway, and upon and along Cornaga Avenue, Sea View Avenue, Atlantic Avenue and Washington Avenue, in the section known as Rockaway Park, and upon and along Mott Avenue in the former Village of Far Rockaway, all in the Borough of Queens; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 631 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on July 2, 1914, fixing the date for public hearing thereon as September 18, 1914, at which citizens were entitled to appear and be heard, and by resolution adopted July 30, 1914, said hearing was continued to September 21, 1914, and publication was had for at least two (2) days, in the "New York Herald" and "The Sun" newspapers designated by the Mayor, and in the "City Record" for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on said last-named day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Far Rockaway Transportation Company, Inc., and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Far Rockaway Transportation Company, Inc., containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Far Rockaway Transportation Company, Inc., the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he is hereby authorized to execute and enter into such contract in the name and on behalf of the City of New York, as follows, to wit:

**PROPOSED FORM OF CONTRACT.**  
THIS CONTRACT, made and executed in duplicate this day of 1915, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the FAR ROCKAWAY TRANSPORTATION COMPANY, INC. (hereinafter called the Company), party of the second part, WITNESSETH:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

**SECTION 1.** The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to maintain and operate a stage or omnibus route for public use in the Borough of Queens in The City of New York, upon the following routes, to wit:

1. Beginning in Central Avenue at its intersection with City Line at or near McNeil Avenue, thence along Central Avenue to South Street, thence along South Street to Rue de St. Felix Street; all in the former Village of Far Rockaway, Borough of Queens.

2. Beginning in the former Village of Far Rockaway, at the intersection of Central Avenue and Cornaga Avenue, thence along Cornaga Avenue to Sea View Avenue, thence along Sea View Avenue to Atlantic Avenue, thence along Atlantic Avenue and the Boulevard to Washington Avenue, thence along Washington Avenue to Fifth Avenue, in the section known as Rockaway Park in the Borough of Queens.

3. Beginning in Mott Avenue at its intersection with Point Breeze Place, thence along Mott Avenue to Central Avenue; all in the former Village of Far Rockaway, Borough of Queens.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said routes.

The said routes hereby authorized are shown upon a map entitled:

"Map showing the proposed stage or omnibus routes of the Far Rockaway Transportation Company, Inc., in the Borough of Queens, City of New York, to accompany petition to the Board of Estimate and Apportionment." Dated June 15, 1914"

and signed by Herman Bose, Jr., Secretary and Treasurer.

a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed; provided that temporary deviations therefrom may be permitted as hereinafter set forth.

**SECTION 2.** The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

**First**—The said right to maintain or operate said stage or omnibus routes shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of five (5) years upon a fair revaluation of such right and privilege. Such right and privilege shall be valued as if the Company had not exercised the same for the said period of ten (10) years, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract unless the Board shall, during the original term of this contract, permit another company or an individual to operate stages or omnibuses over all or a portion of the routes herein authorized.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding five (5) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, unless the Board shall, during the original term of this contract, permit another company or an individual to operate stages or omnibuses over all or a portion of the routes herein authorized, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested persons selected in the following manner.

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract unless the Board shall, during the original term of this contract, permit another company or an individual to operate stages or omnibuses over all or a portion of the routes herein authorized. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

**Second**—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five hundred dollars (\$500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the first term of one (1) year a sum which shall be equal to five (5) per cent. of its gross receipts, but which sum shall not be less than five hundred dollars (\$500).

During the succeeding term of four (4) years an annual sum which shall be equal to five (5) per cent. of its gross annual receipts, but which sum shall not be less than fifteen hundred dollars (\$1,500).

During the remaining term of five (5) years, an annual sum which shall be equal to five (5) per cent. of its gross annual receipts, but which sum shall not be less than two thousand dollars (\$2,000).

The gross annual receipts mentioned above shall be the gross receipts of the Company from all sources within the limits of the City and for the purpose of determining such gross annual receipts, the Company shall keep accurate accounts of all fares collected within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

**Third**—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate.

**Fourth**—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, hereinbefore described.

**Fifth**—At the termination or forfeiture of this grant, the City, at the election of the Board, shall have the right to purchase all or any part of the property of the Company used for the purpose of the operation of the stage or omnibus system hereby authorized at a sum equal to a fair valuation of such property, exclusive of any value which such property may have by reason of this contract.

If the Company and the City cannot agree upon a fair valuation of such property, then the valuation thereof shall be determined and fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company; one disinterested person shall be chosen by the Board, and the two so chosen

shall choose a third disinterested person. The decision under oath of any two of such persons, who shall be so selected, shall be final and conclusive.

If either the Company or the City fails to appoint an arbitrator as herein provided, or should the first two arbitrators fail to agree on the selection of the third arbitrator within thirty (30) days after the first two arbitrators shall be chosen, or if no two arbitrators so selected shall agree upon the valuation of such property within sixty (60) days after the arbitrators shall be so selected, then such valuation may be fixed by a commissioner appointed by the Supreme Court on the application of either party.

**Sixth**—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents; and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions or conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

**Seventh**—The Company shall commence operation within three (3) months from the date on which this contract is signed by the Mayor; provided that such period may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months; and provided, further, that when the commencement of said operation shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement of such operation may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceeding.

**Eighth**—Nothing herein contained shall be construed as permitting the grantee to erect any structures whatever upon City streets, and the Company shall not construct or maintain any fixture or structure in the street unless especially authorized by resolution of the Board.

**Ninth**—All vehicles which may be operated pursuant to this contract shall comply with the following general requirements:

1. They shall be propelled by power generated or contained within the vehicle itself, but no power shall be used which will in its generation or use produce smoke or noxious odors sufficient in the opinion of the Board or its authorized representatives to constitute a nuisance.

2. The maximum weight, including fuel, water, oil or any other material or any accessories used in operation, shall not exceed nine thousand five hundred (9,500) pounds.

3. The seating space shall not be more than that sufficient to accommodate forty (40) adults.

4. The maximum width shall not exceed seven feet two inches (7'2").

5. The maximum height shall not exceed eleven feet eight inches (11'8").

6. The maximum length shall not exceed twenty-four feet (24').

7. They shall be designed and constructed in a manner which will permit ease and freedom of movement under all conditions.

8. The distribution of weight on axles, length of wheel base and other features of design shall be such as to avoid skidding as far as possible and shall be such as to permit easy steering and control.

9. They shall be fitted with brakes capable of stopping and holding the same under all conditions.

10. They shall be so constructed that the oil or grease cannot drop on the roadway.

11. All parts shall be so constructed that no undue noise or vibration shall result from operation.

**Tenth**—No stage or omnibus shall be operated pursuant to this contract unless there shall be painted thereon in letters sufficiently large to be clearly visible for a distance of seventy-five feet:

(a) The name of the Company owning and operating such vehicle.

(b) The number of the vehicle which is assigned to it upon receiving the approval of the Board or its authorized representatives.

(c) The number of adults for which the vehicle has seating space.

**Eleventh**—No advertising signs shall appear on the outside of any stage or omnibus.

**Twelfth**—The destination of each stage or omnibus shall be plainly indicated on the front of the vehicle, and shall be illuminated at night.

**Thirteenth**—The number of passengers to be carried in any vehicle shall at no time exceed the seating capacity of the vehicles.

**Fourteenth**—The inclosed portion of all stages or omnibuses which are operated on said routes shall be heated during the cold weather in conformity with such laws and ordinances as are now in force affecting surface railway cars or such laws and ordinances affecting stages or omnibuses as may hereafter, during the term of this contract, be in force, or as may be required by resolution of the Board.

**Fifteenth**—The inclosed portion of all stages or omnibuses operated on said routes shall be well lighted or as may be required by resolution of the Board.

**Sixteenth**—Before any stage or omnibus is put in service it must be submitted to the Board or its authorized representatives and receive the approval thereof. If any vehicle which may be so submitted for approval shall not conform with the requirements herein or should any such vehicle for any reason be considered by the Board or its authorized representatives unfit for public use, then the Board or its authorized representatives may refuse such approval, in which case the Company shall not operate such vehicle. If after a vehicle shall have been so approved, defects develop which in the opinion of the Board or its authorized representatives render it unsuitable for public service, then the Board or its authorized representatives may require the withdrawal of such vehicle from service.

Upon being approved by the Board or its authorized representatives, each vehicle shall be given a number which shall not be changed so long as such vehicle shall be operated by the Company, unless and until the Company shall notify the Board that it proposes to change the number of the vehicle and of the new number which it is proposed to use.

**Seventeenth**—All vehicles operated pursuant to this grant shall be maintained in good and safe repair and in a manner which will in all ways render the vehicle fit for public service. The Company shall permit the Board or its authorized representatives to inspect at all reasonable times any or all the vehicles used by the Company. If upon inspection any vehicle shall appear in the judgment of said Board or its authorized representatives to be unfit for public service, then the Company shall, upon notice, immediately withdraw such vehicle from service, and shall remedy the defect and notify the Board or its authorized representatives that the defect has been remedied before such vehicle shall be restored to service.

**Eighteenth**—All laws and ordinances affecting the operation of stages or omnibuses now in force or which may be in force during the term of this contract shall be complied with by the Company. The Company shall also comply with and enforce the carrying out of any orders or regulations which may be issued by the Board, designed for the protection of persons, of property or of the comfort and health of the public.

**Nineteenth**—The rate of fare for any passenger upon any stage or omnibus route herein authorized shall not exceed ten (10) cents, and the Company shall not charge any passenger more than ten (10) cents for one continuous ride from any point on any of the stage or omnibus routes hereby authorized to any other point on any of said routes.

**Twentieth**—Stages or omnibuses shall be run on said routes at intervals of not more than thirty (30) minutes during the period of each day between 6 o'clock a. m. and 12 o'clock midnight, and as much oftener as reasonable convenience of the public may require, or as may be directed by resolution of the Board.

**Twenty-first**—The Company shall, at its own expense, do anything and everything within its power to keep its vehicles in operation on regular schedules during the existence of snow and ice in the streets and avenues upon which the Company is hereby authorized to operate, and if it shall be necessary to remove such snow and ice to the side of the roadway in order to so operate, then such removal shall be done under the supervision and to the satisfaction of the President of the Borough of Queens, but in no event shall snow or ice so removed be allowed by the Company to obstruct the crosswalks of any street.

**Twenty-second**—It is understood that the Company shall operate, pursuant to this contract, only the routes herein authorized, but should vehicular traffic be diverted from any portion of any of the streets or avenues upon which the Company is herein authorized to operate because of fires, parades or because of any other event which will close the street to vehicular traffic temporarily, then the Company may use such other streets or avenues as are necessary to continue the operation. If, however, for any reason any of the streets and avenues in which the operation is hereby authorized shall be closed to vehicular traffic for a longer period than twenty-four hours, then the Company shall communicate with the Board or its authorized representatives and obtain authority for the operation upon other streets and avenues for the period during which said street or avenue may be closed.

**Twenty-third**—Should it be deemed advisable by the Board at any time during the term of this contract to require the Company to operate extensions to the routes herein authorized, additional route or routes in substitution for those herein authorized, and the Board shall so order, then the Company shall, upon notice to the Board, apply for a franchise or right to operate such extension, additional or substituted routes and accept a franchise therefor upon terms and conditions similar to those contained herein, and for a term expiring not later than the date of the expiration of this contract, provided that the Board shall not hereunder require the Company to extend its routes for a distance greater than one mile during any calendar year.

**Twenty-fourth**—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries, and such other information in regard to the business of the Company as may be required by the Board.

**Twenty-fifth**—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

**Twenty-sixth**—The Company shall keep accurate books of the performance of different types of vehicles and the different services rendered and the cost thereof, and shall at any time furnish the Board, or its authorized representatives, such information with respect thereto as shall be requested.

**Twenty-seventh**—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board or its authorized representatives, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited at the option of the Board by resolution of said Board, without proceedings

at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the franchise.

Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for review of any action of the Board forfeiting the franchise or consent herein granted.

**Twenty-eighth**—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages or at the option of the Board this contract may be forfeited upon ten (10) days' notice to the Company.

**Twenty-ninth**—The Company shall assume all liability for damages to persons or property occasioned by reason of the operation of the stage or omnibus routes authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

**Thirtieth**—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, and the maintenance of vehicles in good condition throughout the whole term of this contract; and in case of default in the performance by the Company of such terms and conditions or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the roadway, repair, maintenance or withdrawal from service of vehicles, the Company shall pay a sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each vehicle that shall not be properly heated or lighted in case of the violation of the provisions relating to those matters, as fixed or liquidated damages, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the sums as fixed or liquidated damages in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed damages, or where the amount of such damages is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such damages from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract may be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of such damages are in addition to the right to forfeit the franchise conferred by Section 2, Subdivision Twenty-seventh of this contract.

**Thirty-first**—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

**Thirty-second**—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title" encountered in the routes hereinabove described and upon or in which authority is hereby given to the Company to operate stages or omnibuses.

**Thirty-third**—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

**Section 3.** Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

**Section 4.** The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,

Attest: **City Clerk.**  
**FAR ROCKAWAY TRANSPORTATION COMPANY, INC.,**

By **President.**  
[SEAL.] Attest: **Secretary.**

(Here add acknowledgments.)  
Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Far Rockaway Transportation Company, Inc., and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board shall be published in full for at least fifteen (15) days immediately prior to Friday, April 30, 1915, in the "City Record," together with the following notice, to wit:

**NOTICE IS HEREBY GIVEN** That the Board of Estimate and Apportionment before authorizing any contract for the grant of the franchise or right applied for by the Far Rockaway Transportation Company, Inc., and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing such contract will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, April 30, 1915, at 10 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantee, during the ten (10) days immediately prior to Friday, April 30, 1915, in the "New York Herald" and "The Sun," the two daily newspapers in which the petition and notice of hearing thereon have been published.

### FIRST DEPARTMENT.

In the Matter of the Application of the Corporation Counsel of The City of New York for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made to owners abutting on William and North William Streets, who have filed claims with the Comptroller of The City of New York for damages for the closing of portions of said WILLIAM and NORTH WILLIAM STREETS, in the Borough of Manhattan, City of New York, as shown by a map dated April 11, 1912, adopted by the Board of Estimate and Apportionment on the 12th day of May, 1912, and approved by the Mayor on the 22d day of May, 1912.

NOTICE IS HEREBY GIVEN THAT PURSUANT to the provisions of Chapter 1006 of the Laws of 1895, it is the intention of the Corporation Counsel of The City of New York, in behalf of The City of New York, to make application to the Supreme Court of the State of New York, First Department, at a Special Term, Part III, thereof, to be held at the County Court House, in the Borough of Manhattan, in The City of New York, on the 4th day of May, 1915, at the opening of the Court on that day, or as

soon thereafter as counsel can be heard thereon, for the appointment of three discreet and disinterested persons as Commissioners of Estimate and Assessment, to ascertain and determine the compensation that should justly be made to owners abutting on William and North William Streets who have filed claims with the Comptroller of The City of New York for damages claimed to have been suffered by the said owners by reason of the closing of the portions of said William and North William Streets, in the Borough of Manhattan, City of New York, described as follows:

"1. Beginning at a point on the southerly line of William Street distant 206.44 feet easterly from its intersection with the easterly line of Frankfort Street, and running thence westwardly along the southerly line of William Street a distance of 106.44 feet; thence deflecting to the right through an angle of 72 degrees 12 minutes 10 seconds a distance of 1.36 feet; thence deflecting to the right through an angle of 107 degrees 47 minutes 50 seconds a distance of 106.44 feet along a line parallel with the southerly line of William Street; thence deflecting to the right through an angle of 72 degrees 12 minutes 10 seconds a distance of 1.36 feet to the point or place of beginning.

"2. Beginning at a point on the northerly line of William Street where it is intersected by a line at right angles to the southerly line of William Street and passing through a point on the said southerly line of William Street distant 102.87 feet easterly from its intersection with the easterly line of Frankfort Street, and running thence easterly along the northerly line of William Street a distance of 80.65 feet; thence deflecting to the right through an angle of 72 degrees 12 minutes 10 seconds a distance of 24.90 feet; thence deflecting to the right through an angle of 107 degrees 47 minutes 50 seconds a distance of 80.65 feet; thence deflecting to the right through an angle of 72 degrees 12 minutes 10 seconds a distance of 24.90 feet to the point or place of beginning.

"3. Beginning at a point on the northwesterly line of North William Street distant 85.47 feet northeasterly from its intersection with the easterly line of Frankfort Street and running thence northeasterly along the northwesterly line of North William Street a distance of 141.50 feet; thence deflecting to the right through an angle of 98 degrees 22 minutes a distance of 40.43 feet; thence deflecting to the right through an angle of 81 degrees 38 minutes a distance of 121.79 feet along the southeasterly line of North William Street; thence deflecting to the left through an angle of 81 degrees 38 minutes a distance of 15.66 feet along the line forming the junction between North William Street and William Street; thence deflecting to the right through an angle of 107 degrees 47 minutes 50 seconds a distance of 21.08 feet; thence deflecting to the right through an angle of 72 degrees 54 minutes 40 seconds a distance of 46.79 feet to the point or place of beginning.

The resolution favoring the change of the map or plan of The City of New York so as to show the said portions of William and North William Streets closed as aforesaid, and the map dated April 11, 1912, showing the change were adopted by the Board of Estimate and Apportionment on the 16th day of May, 1912. The map was approved by the Mayor on the 22d day of May, 1912. Copies of the said map were filed as follows: One in the office of the Register of the County of New York on the 4th day of October, 1912, as Map No. 1667; one in the office of the Corporation Counsel of The City of New York on the 5th day of October, 1912, and one in the office of the President of the Borough of Manhattan on the 4th day of October, 1912.

#### FIRST DEPARTMENT.

In the Matter of the Application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of MEAD STREET, from Garfield Street to Unionport Road, as said Mead Street is now laid out upon the map or plan of The City of New York, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part I, in and for the County of Bronx, in the County Court House, in the Borough of Bronx, City of New York, on the 27th day of April, 1915, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of Mead Street, from Garfield Street to Unionport Road, as said Mead Street is now laid out upon the map or plan of The City of New York, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

Mead Street, from Garfield Street to Unionport Road, in the Borough of The Bronx, City of New York, being the following described lots, pieces or parcels of land, viz:

Beginning at a point in the eastern line of Garfield Street distant 195.029 feet southerly from the intersection of said line with the southern line of Van Nest Avenue as these streets are legally acquired. Thence southerly along said eastern line of Garfield Street for 50.0 feet. Thence easterly, deflecting 90° to the left for 553.749 feet to the western line of Unionport Road as legally acquired. Thence northerly and along last mentioned line for 50.2 feet. Thence westerly for 555.206 feet to the point of beginning.

Mead Street, from Garfield Street to Unionport Road, is shown on a map entitled "Map showing the reduction of width of Mead Street, from Garfield Street to Unionport Road, and the adjustment of grades necessitated thereby. Amendment to Section 37," which map was filed in the office of the Corporation Counsel of The City of New York on September 14, 1914, and in the office of the Register of the County of Bronx and in the office of the President of the Borough of The Bronx on or about the same date.

The land to be taken for Mead Street is located east of Bronx River.

The Board of Estimate and Apportionment on the 26th day of June, 1914, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the north by a line midway between Van Nest Avenue and Mead Street and by the prolongations of the said line; on the east by the centre line of White Plains Road; on the south by a line midway between Baker Avenue and Mead Street and by the prolongations of the said line; and on the west by a line

midway between Garfield Street and Taylor Street.

#### Filing Preliminary Abstracts.

##### FIRST DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of UNIONPORT ROAD, from Morris Park Avenue to White Plains Road, near Baker Avenue, in the 24th Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 10th day of May, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 13th day of May, 1915, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 10th day of May, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 13th day of May, 1915, at 3.30 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed by the Board of Estimate and Apportionment on the 25th day of September, 1914, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on a line midway between White Plains Road and Victor Street where it is intersected by a line midway between Rhineland Avenue and Morris Park Avenue, and running thence southerly along the said line midway between White Plains Road and Victor Street to a point distant 100 feet northerly from the northerly line of Van Nest Avenue, the said distance being measured at right angles to Van Nest Avenue; thence easterly and always distant 100 feet northerly from and parallel with the northerly line of Van Nest Avenue to the intersection with a line midway between Cruger Avenue and Holland Avenue; thence southerly along the said line midway between Cruger Avenue and Holland Avenue and along the prolongation of the said line to the intersection with the southerly right-of-way line of the New York, New Haven and Hartford Railroad; thence westerly along the said right-of-way line to the intersection with the prolongation of a line midway between Garfield Street and Taylor Avenue; thence northwesterly along the said line midway between Garfield Street and Taylor Avenue and along the prolongations of the said line to a point distant 100 feet northwesterly from the northwesterly line of Morris Park Avenue, the said distance being measured at right angles to Morris Park Avenue; thence northwesterly and always distant 100 feet northwesterly from and parallel with the northwesterly line of Morris Park Avenue to a point distant 100 feet westerly from the westerly line of Unionport Road, the said distance being measured at right angles to Unionport Road; thence northerly and always distant 100 feet westerly from and parallel with the westerly line of Unionport Road to the intersection with the prolongation of a line midway between Rhineland Avenue and Morris Park Avenue as these streets are laid out between White Plains Road and Victor Street; thence easterly along the said line midway between Rhineland Avenue and Morris Park Avenue and along the prolongation of the said line to the point or place of beginning.

Fourth.—That the abstracts of said supplemental and amended estimate of damage and of said supplemental and amended assessment for benefit, together with the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in said City, there to remain until the 10th day of May, 1915.

Fifth.—That, provided there be no objections filed to either of said supplemental and amended abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 24th day of June, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, April 16th, 1915.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the widening of RIVERSIDE DRIVE on its easterly side from the northerly line of West 181st Street to a point about 550 feet northerly therefrom, in the 12th Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 6th day of May, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 10th day of May, 1915, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 6th day of May, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 11th day of May, 1915, at 2 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed by the Board of Estimate and Apportionment on the 12th day of June, 1914, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the easterly line of Riverside Drive where it is intersected by a line bisecting the angle in the easterly line of Northern Avenue at the first angle point north of West 181st Street, and running thence easterly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Northern Avenue, the said distance being measured at right angles to Northern Avenue; thence southerly and always distant 100 feet easterly from and parallel with the easterly line of Northern Avenue to the intersection with a line midway between West 178th Street and West 179th Street, as these streets are laid out between Pinhurst Avenue and Northern Avenue; thence westwardly along the said line midway between West 178th Street and West 179th Street and along the prolongation of the said line to a point distant 100 feet westerly from the westerly line of Haven Avenue, the said distance being measured at right angles to Haven Avenue; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Haven Avenue to a point distant 100 feet southerly from the southerly line of West 181st Street, the said distance being measured at right angles to West 181st Street; thence westwardly and parallel with West 181st Street to the intersection with the easterly line of Riverside Drive; thence northwardly along the easterly line of Riverside Drive to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in said City, there to remain until the 10th day of May, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 25th day of June, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, April 13th, 1915.

##### Applications to Amend Proceedings.

##### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to amending its application heretofore made in the Matter of the Application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of YOUNG STREET, from Hunters Point Avenue to Review Avenue, in the First Ward, Borough of Queens, City of New York, so as to provide for the acquisition of title to Young Street, from Hunters Point Avenue to Review Avenue, and to the Public Park bounded by Gale Street, Young Street and Borden Avenue, as the same are now laid out upon the map or plan of The City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 4th day of May, 1915, at the opening of Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding entitled "In the Matter of the Application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of Young Street, from Hunters Point Avenue to Review Avenue, in the First Ward, Borough of Queens, City of New York," and the petition and order appointing Commissioners of Estimate and a Commissioner of Assessment in said proceeding heretofore duly entered and filed in the office of the Clerk of the County of Queens on the 24th day of September, 1913, so as to provide for the acquisition of title to Young Street, from Hunters Point Avenue to Review Avenue, and to the Public Park bounded by Gale Street, Young Street and Borden Avenue, as the same are now laid out upon the map or plan of The City of New York, being the following-described lots, pieces or parcels of land, viz:

PARCEL "A."  
Beginning at a point formed by the intersection of the southerly line of Young Street with the easterly line of Review Avenue. Running thence northerly along the easterly line of Review Avenue for 60 feet to the northerly line of Young Street. Thence easterly deflecting to the right 90° for 1,346.20 feet along the northerly line of Young Street to the southerly line of Borden Avenue. Thence southeasterly deflecting to the right 40° 14' 30" for 92.88 feet along the southerly line of Borden Avenue to the southerly line of Young Street. Thence westerly for 1,417.10 feet along the southerly line of Young Street to the easterly line of Review Avenue, the point or place of beginning.

PARCEL "B."  
Beginning at a point formed by the intersection of the westerly line of Gale Street with the northeasterly line of Borden Avenue, being the

southerly corner of the Public Park bounded by Young Street, Gale Street and Borden Avenue. Running thence northwesterly for 77.95 feet along the northerly line of Borden Avenue to the southerly line of Young Street. Thence northwesterly deflecting to the left 0° 06' 55" for 93.10 feet to the northerly line of Young Street. Thence easterly deflecting to the right 139° 32' 31" for 672.86 feet along the northerly line of Young Street to the westerly line of Hunters Point Avenue. Thence southerly deflecting to the right 57° 12' 40" for 71.37 feet along the westerly line of Hunters Point Avenue to the southerly line of Young Street. Thence westerly deflecting to the right 122° 47' 20" for 580.82 feet along the southerly line of Young Street to the westerly line of Gale Street. Thence southerly for 50.36 feet along the westerly line of Gale Street to the northerly line of Borden Avenue, the point or place of beginning.

Young Street, extending from Review Avenue to Hunters Point Avenue, and the Public Park, in the First Ward, Borough of Queens, City of New York, is laid down upon the Commissioners' Map of Long Island City, filed at the City Clerk's office, Long Island City, December 31, 1875, as amended.

The Board of Estimate and Apportionment on the 8th day of January, 1915, duly fixed and determined that the area of assessment for benefit in this amended proceeding be fixed and determined to be as follows:

Beginning at a point on the southerly line of Hunters Point Avenue where it is intersected by a line midway between Young Street and Pearsall Street, and running thence westwardly along the said line midway between Young Street and Pearsall Street to the intersection with a line at right angles to Pearsall Street and passing through a point on its southerly side where it is intersected by a perpendicular to the line of Borden Avenue erected at the intersection of the southerly line of Borden Avenue with the prolongation of a line midway between Pearsall Street and Greenpoint Avenue as these streets are laid out between Gale Street and Bradley Avenue; thence southwardly along the said line at right angles to Pearsall Street to the intersection with its southerly side; thence southwardly along the said line perpendicular to the line of Borden Avenue to the intersection with its southerly side; thence westwardly along the prolongation of the said line midway between Pearsall Street and Greenpoint Avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southerly line of Borden Avenue, the said distance being measured at right angles to Borden Avenue; thence northwesterly along the said line parallel with Borden Avenue to the intersection with a line midway between Young Street and Pearsall Street; thence easterly along the said line midway between Young Street and Pearsall Street to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Review Avenue, the said distance being measured at right angles to Review Avenue; thence northwardly along the said line parallel with Review Avenue to the intersection with a line midway between Young Street and Pearsall Street; thence easterly along the said line midway between Young Street and Pearsall Street to the intersection with the southerly line of Hunters Point Avenue; thence northwesterly at right angles to Hunters Point Avenue to a point distant 100 feet northeasterly from its northeasterly side; thence southwardly and parallel with Hunters Point Avenue to the intersection with a line at right angles to Hunters Point Avenue and passing through the point of beginning; thence southwesterly along the said line at right angles to Hunters Point Avenue to the point or place of beginning.

Application for Appointment of Commissioners.

#### SECOND DEPARTMENT.

In the Matter of acquiring title by The City of New York to certain lands and premises on the westerly side of WEST 1ST STREET, 485.09 feet south of the intersection of the westerly side of WEST 1ST STREET with the southerly side of SHEEPSHEAD BAY ROAD, in the 31st Ward of the Borough of Brooklyn, in The City of New York, duly selected as a site for school purposes according to law.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that it is the intention of the Corporation Council to make application to the Supreme Court of the State of New York, at a Special Term thereof for the hearing of motions, to be held in and for the County of Kings, at the County Court House in the Borough of Brooklyn, in the City of New York, on the 28th day of April, 1915, at the opening of Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Appraisal in the above matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee simple absolute to certain lands and premises, with the buildings thereon and appurtenances thereunto belonging, situated on the westerly side of West 1st Street, commencing at a point 485.09 feet south of the southerly side of Sheepshead Bay Road in the 31st Ward of the Borough of Brooklyn, in the City of New York, the same to be converted, appropriated and used as a site for school purposes. Said lands and premises so to be acquired are bounded and described as follows:

BEGINNING at a point on the westerly line of West 1st Street distant 685.09 feet south of the southerly line of Sheepshead Bay Road, and running thence westerly 25 feet to the southeasterly corner of Lot No. 127; thence still westerly along the southerly line of Lots Nos. 127 and 138, 201.14 feet to the easterly line of the lands of Public School 100; thence northwardly along the easterly line of said lands of Public School 100 and a continuation thereof 201.02 feet to the northwesterly corner of Lot No. 120; thence easterly along the northerly line of Lots Nos. 120 and 127 and a continuation thereof 246.34 feet to the westerly line of West 1st Street; thence southerly along the westerly line of West 1st Street 200 feet to the point or place of beginning, be the said several dimensions more or less; excepting therefrom such portions thereof as are included in the opening of West 2d Street; being the premises known as Lots Nos. 120, 127 and 138, and that part of Lot No. 83 lying between the easterly line of Lot No. 127 and the westerly line of West 1st Street, in Block 7281, Section 21, on the present Tax Maps of the City of New York, Borough of Brooklyn.

#### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York relative to acquiring title, where the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of COLUMBIA (ADAMS) AVENUE, from Laurel Hill Boulevard (Shell Road) north to Queens Boulevard, in the Second Ward, Borough of Queens, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for hearing of motions in the County Court House, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 26th day of April, 1915, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, in fee, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of Columbia (Adams) Avenue, from Laurel Hill Boulevard (Shell Road) north to Queens Boulevard, in the Second Ward, Borough of Queens, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at a point formed by the intersection of the westerly line of Columbia Avenue with the southerly line of Queens Boulevard. Running thence easterly for 121.25 feet along the southerly line of Queens Boulevard to the southeasterly line of Columbia Avenue. Thence southwesterly along the arc of a circle, tangent to the last mentioned course, and concave to the south, the radius of which is 40.00 feet, for 71.38 feet along the southerly line of Columbia Avenue. Thence southerly on a tangent to the last mentioned course for 77.13 feet along the easterly line of Columbia Avenue to the northerly line of Laurel Hill Boulevard. Thence westerly, deflecting to the right 77° 19' 14" for 123.75 feet along the northerly line of Laurel Hill Boulevard to the northwesterly line of Columbia Avenue. Thence northeasterly on the arc of a circle, tangent to the last mentioned course and concave to the northwest, the radius of which is 65.00 feet, for 87.72 feet along the northwesterly line of Columbia Avenue. Thence northerly for 105.69 feet along the westerly line of Columbia Avenue to the southerly line of Queens Boulevard, the point or place of beginning.

Columbia Avenue, extending from Laurel Hill Boulevard north to Queens Boulevard, in the Second Ward, Borough of Queens, City of New York, is laid down upon Section 11 of the Final Maps of the Borough of Queens, approved by the Board of Estimate and Apportionment October 17, 1912, by the Mayor October 24, 1912, copies of which were filed at the office of the President of the Borough of Queens April 23, 1913, at the office of the Clerk of the County of Queens at Jamaica April 22, 1913, and at the office of the Corporation Counsel April 19, 1913.

The Board of Estimate and Apportionment on the 20th day of February, 1913, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the centre line of Queens Boulevard where it is intersected by the prolongation of a line midway between Columbia Avenue and Fisk Avenue, as these streets adjoin Adams Street; and running thence southwardly along the said line midway between Columbia Avenue and Fisk Avenue, and along the prolongation of the said line to the intersection with a line midway between Adams Street and Monroe Street; thence westwardly along the said line midway between Adams Street and Monroe Street, and along the prolongation of the said line to the intersection with a line midway between Burrough Avenue and Columbia Avenue, as these streets adjoin Monroe Street; thence northwardly along the said line midway between Burrough Avenue and Columbia Avenue; and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Burrough Avenue and the westerly line of Columbia Avenue, as these streets adjoin Queens Boulevard on the south; thence northwardly along the said bisecting line to the intersection with the centre line of Queens Boulevard; thence easterly along the centre line of Queens Boulevard to the point or place of beginning.

In the Matter of the Application of The City of New York, relative to acquiring title in fee wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of NEW TOWN AVENUE, although not yet named by proper authority from Flushing Avenue to Grand Avenue, in the 1st Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

FIRST.—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 3rd day of May, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 4th day of May, 1915, at 3 o'clock P. M.

SECOND.—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 3rd day of May, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 5th day of May, 1915, at 3 o'clock P. M.

THIRD.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 5th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situated and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point midway between Clark and Taylor streets 100 feet northwest of the northwesterly side of Van Alst avenue, and running thence southwesterly on a line 100 feet southwest of the southwesterly side of Clark Street to the intersection with a line midway between Newtown Avenue and Grand Street; thence southwesterly on a line midway between Newtown Avenue and Grand Street to the middle of the block between Marc place and Debevoise Avenue; thence southwesterly on a line midway between Marc place and Debevoise Avenue and midway between Lockwood Street and Debevoise Avenue to a point 100 feet southwest of the southwesterly side of Grand Street; thence southwesterly on a line 100 feet southwest of the southwesterly side of Grand Street to a point midway between Grand Street and Vandewater Avenue; thence northwesterly on a line midway between Vandewater Avenue and Grand Street and midway between Vandewater Avenue and Newtown Avenue to a point midway between Rapelje Avenue and Debevoise Avenue; thence northwesterly on a line midway between Rapelje Avenue and Debevoise Avenue to the intersection with the prolongation of a line midway between Newtown Avenue and Flushing Avenue, as laid out between their intersection and Carver Street; thence northwesterly along the line midway between Flushing Avenue and Newtown Avenue above referred to and the prolongation of the same to a point 100 feet southeast of the southeasterly side of the Crescent; thence northwesterly on a line 100 feet southeast of the southeasterly side of the Crescent to a point 100 feet northeast of the southeasterly side of Flushing Avenue; thence northwesterly on a line 100 feet northeast of the southeasterly side of Flushing Avenue to a point between the Crescent and Hallett Street; thence northwesterly on a line midway between the Crescent and Hallett Street to a point in the prolongation of a line 100 feet southwest of the southwesterly

side of North Washington place, as laid out between Van Alst Avenue and Hallett Street; thence northwesterly along a line 100 feet southwest of the southwesterly side of North Washington place, between Van Alst Avenue and Hallett Street, and the prolongations thereof, to a point 100 feet northwest of the southwesterly side of Van Alst Avenue; thence southwesterly on a line 100 feet northwest of the southwesterly side of Van Alst Avenue to the point or place of beginning.

FOURTH.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 1st day of May, 1915.

FIFTH.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 22nd day of June, 1915, at the opening of the Court on that day.

SIXTH.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to which such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

In the Matter of the Application of The City of New York, Relative to Acquiring Title, wherever the same has not been heretofore acquired for the same purpose in fee, to the Lands, Tenements and Hereditaments Required for the Opening and Extending of HEGEMAN AVENUE from East 98th Street to New Jersey Avenue, in the 26th & 32nd Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

FIRST.—That the undersigned, Commissioners of Estimate, have completed their amended and supplemental estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague Street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 30th day of April, 1915, at 11 o'clock A. M.

SECOND.—That the undersigned, Commissioner of Assessment, has completed his amended and supplemental estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague Street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 3rd day of May, 1915, at 11 o'clock A. M.

THIRD.—That the Commissioner of Assessments has assessed any or all of such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 19th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situated and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of a line midway between Hegeman Avenue and Lott Avenue with the easterly line of East Ninety-eighth Street and running easterly, along the said line midway between Hegeman Avenue and Lott Avenue and the prolongation thereof to the intersection with the prolongation of a line midway between Hegeman Avenue and New Lots Avenue, through that portion of their length east of Louisiana Avenue; thence easterly, along the line last described midway between Hegeman and New Lots Avenues to the intersection with a line midway between Vermont Street and Wyona Street; thence southwardly along a line midway between Vermont Street and Wyona Street, to the intersection with a line midway between Hegeman Avenue and Vienna Avenue; thence westwardly along the line last described midway between Hegeman and Vienna Avenues, to the intersection with the easterly side of East Ninety-eighth Street; thence westwardly at right angles to the line of East Ninety-eighth Street to a point midway between East Ninety-eighth Street and Rockaway Parkway; thence northwardly and midway between East Ninety-eighth Street and Rockaway Parkway to the intersection with a line drawn at right angles to the line of East Ninety-eighth Street and passing through the point described as the point or place of beginning; thence easterly to the point or place of beginning.

FOURTH.—That the abstracts of said amended and supplemental estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague Street, in the Borough of Brooklyn, in said City, there to remain until the 5th day of May, 1915.

FIFTH.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 16th day of June, 1915, at the opening of the Court on that day.

SIXTH.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such

which the work is to be done. Plans and drawings of construction work may also be seen there.
