†The Federal Bureau of the Census having determined not to use the returns of the State census of 1915 in estimating the population of New York City, notified this Department on February 10, 1916, that until 1920 estimates of the population of cities and states within the United States made by the Federal Bureau would be based upon the Federal censuses of 1900 and 1910. In view of this action of the Federal Bureau of the Census and the purpose for which the State census was taken, which made its results unadapted to our needs, the Department of Health concluded likewise to base its estimates upon the Federal censuses of 1900 and 1910, and since the changes in immigration and emigration wrought by the war have made impractical the con-

tinued use of the geometrical method of estimating the population of the city, the Department of Health has, after careful deliberation, decided to adopt the arithmetical method, which is the one used by the Bureau of the Census, and to estimate the population of the city and of the boroughs by this method, at least until the next Federal census becomes available.

The United Hebrew Charities of the City of New York, Industrial Department, 37-39 Greene Street, New York, December 22, 1916.

FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y.:

My dear President—We are enclosing herewith four resolutions received by us in opposition to Alderman Cassidy's bill to eliminate push-cart peddling in the Twentieth Aldermanic District.

They are from the following: Embroidery Workers Union, 133 Second Avenue; Amalgamated Ladies' Garment Cutters' Union, Local No. 10, 7 West 21st Street; Ladies' Waist & Dressmakers' Union, Local 25, 16 West 21st Street; Wrapper & Kimono Makers Union, Local 41, 35 Second Avenue, and we are informed that the United Hebrew Trades, representing many thousand workers, have already forwarded their resolution to you.

May we ask you to kindly bring this matter to the attention of the Board at their next meeting, should the matter of Alderman Cassidy's resolution be brought up.

Assuring you of our appreciation for any assistance you might offer, knowing well through your latest public utterances that you are opposed to any legislation which will in any way injure the laboring man, we are, respectfully yours,

W. HIRSCH.

Which was referred to the Committee on General Welfare.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Chairman of the Committee on Finance:

No. 1115.

Chairman, Committee on Finance—Report of the Activities of the Committee for the Year 1916.

City of New York, Board of Aldermen, City Hall, December 30th, 1916.

To the Honorable Board of Aldermen:

Sirs—On behalf of the Committee on Finance of the Board elected for the years 1916-1917, I present herewith a statement showing the total amounts of corporate stock and special revenue bonds recommended by the Committee for favorable consideration during the year 1916, all of which received the affirmative vote of the Board.

Corporate Stock

Special Revenue Bonds.....

Of this latter amount, the Board of Estimate and Apportionment has approved to date \$1,963,900.73. The Committee still has under consideration requests for special revenue bonds as follows:

Brooklyn Public Library, for assessments and water rates..... \$375 00

Fire Department, for an additional supply of hose..... 92,260 30

Under the provisions of the law passed by the Legislature of 1916, future corporate stock issues do not require the approval of the Board of Aldermen.

I have prepared a segregation of the budget appropriations for 1917, by departments, for the guidance of the members in their action during the year on supplemental requests for special revenue bonds, which I append hereto as a part of this statement.

FRANCIS P. KENNEY, Chairman, Committee on Finance.

No. 1117.

President, Borough of Manhattan—Request for Authority to Purchase Two Automobiles Without Public Letting.

City of New York, President of the Borough of Manhattan, Municipal Building, December 22, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—Request is hereby made for permission to purchase in the open market, without public letting, two automobiles at a total cost not to exceed \$1,885.00. The automobiles are to replace two cars that have been in use in the department for several years and are now beyond repair. It is proposed to select cars of standard make and which are best suitable for the purposes and requirements of the department, which it would be almost impossible to obtain by contract.

Your favorable consideration is respectfully requested. Very truly yours,

MARCUS M. MARKS, President, Borough of Manhattan.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President, Borough of The Bronx:

No. 1118.

President, Borough of The Bronx—Request for Authority to Draw on Account of Contingent Expenses.

City of New York, President of the Borough of the Bronx, Third Avenue and Tremont Avenue, Office of the President, December 26, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—I enclose herewith for action by the Board of Aldermen, resolution authorizing the President of the Borough of The Bronx to draw upon the Comptroller as often as may be necessary, for funds to the extent of three hundred (\$300) dollars, for the purpose of defraying minor or incidental expenses contingent to this office for the year 1917. Respectfully,

DOUGLAS MATHEWSON, President of the Borough of The Bronx.

In connection with the foregoing communication Alderman Kenney offered the following resolution, and moved that the same be made a General Order for the day:

Resolved, that for the purposes of defraying minor or incidental expenses contingent to the office of the President of the Borough of The Bronx, the said President may by requisition draw upon the Comptroller for a sum not exceeding three hundred (\$300) dollars, and may in like manner renew the draft as often as he may deem necessary, to the extent of the appropriation set apart for the office of said President during the year 1917, vis.: Code 475, "Office Supplies," but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the President of the Borough of The Bronx, covering the expenditure of the money paid thereon.

Which was adopted.

The President then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Friedlander, Gaynor, Gilmore, Gutman, Hannon, Haubert, Heyman, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, McManus, Molen, Moran, Mullen, O'Rourke, Robitzek, Ryan, Schmitz, Schweickert, Silberstein, Squiers, Stapleton, Stevenson, Tolk, Walsh, Wirth, Wise; President Mathewson, President Pounds; the President—56.

The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond:

No. 1119.

Commissioner of Parks, Manhattan and Richmond—Request for Special Revenue Bonds, \$207, for Repair of Skylights on the Aquarium.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, December 28, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—Request is hereby made for an issue of revenue bonds in accordance with the provisions of subdivision 8, section 188 of the Greater New York Charter, to an amount not to exceed \$207, the proceeds to be used for payment of the costs incidental to the repair of skylights on the Aquarium in Battery Park, which were wrecked by the recent explosion in New York Bay.

It was necessary at that time to hurry the repairs as a rain storm would have done serious damage. Only repairs that were absolutely necessary to save heavy loss to the New York Aquarium were made.

The records of this department show that the foregoing statement was originally forwarded to you under date of August 31, 1916. Might I therefore request that early action be taken on this matter because of the necessity of promptly meeting an obligation incurred through an incident which could not be anticipated at the time of the preparation of the budget. Very truly yours,

CABOT WARD, Commissioner of Parks.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Elections:

Dear Sir—By a proclamation of the Governor dated December 23rd, 1916, and received by this board on December 26th, 1916, a special election has been called for Tuesday, January 23rd, 1917, pursuant to section 292 of the Election Law, to fill the vacancy existing in the office of Sheriff of Queens County. Under the law, Saturday, January 13th, 1917, will be a day for special registration in connection with said special election.

It now becomes necessary for this board to provide registration stationery and supplies, together with ballots and election day stationery and supplies, for the entire County of Queens.

Owing to the brevity of time this board finds it impossible to prepare for this special election by complying with section 419 of the Charter and by advertising for a period of ten days for bids.

The M. B. Brown Printing & Binding Company, which concern has furnished ballots and election stationery to this board for a number of years, is willing to supply these ballots and supplies for approximately \$5,140, and we therefore ask permission from your honorable board to award this work to the Brown Company without the necessity of advertising and entering into a contract. Yours very truly,

EDWARD F. BOYLE, President.

In connection with the foregoing communication, Alderman McCann offered the following resolution and moved that the same be made a special order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Elections of The City of New York be and it is hereby authorized and empowered to enter into contract, without public letting, with the M. B. Brown Printing & Binding Company for the necessary registration stationery and supplies, together with ballots and election day stationery and supplies, to be used for the special election called by the Governor for Tuesday, January 23, 1917, pursuant to the provisions of section 292 of the Election Law, to fill the vacancy existing in the office of Sheriff of Queens County, at a cost of approximately five thousand one hundred and forty dollars (\$5,140).

Clifford, Mr. Hecht, Assistant Editor of Civil Service Chronicle, Mr. Cole, representing National Fire Protective Association, and Captain Sankey, Yonkers Fire Department; and opposed to the ordinance and urged its filing the following: Hon. Robert Adamson, Fire Commissioner; Fire Chief Kenlon, Fire Department, and Robert H. Binkerd, Esq., Secretary, City Club.

The Committee has examined the subject and gone into the several reports, memoranda and briefs submitted by all of the parties interested therein, and the Committee is in sympathy with the spirit of the ordinance proposed, but, in view of the following conflicting statements made at the hearings and in the memoranda and briefs filed: (first) the advantages that would be afforded to the officers and members of the companies of the uniformed force of the Fire Department by dividing them into two platoons; (second) the desire of the majority of the officers and members of the uniformed force of the Fire Department to inaugurate this new system in that Department; (third) the amount that it would cost the City of New York by the adoption of this ordinance; (fourth) whether or not the adoption of this ordinance would be extra hazardous to the City on account of fires, and, it having been further stated to the Committee at the public hearings and in memoranda and briefs submitted by the representatives of the officers and members of the uniformed force of the Fire Department that no fair trial of the two platoon system has ever been had in the Fire Department of the City of New York, while, on the other hand, it is claimed that in other Cities throughout the United States, wherein this two platoon system was inaugurated, it was proven in every way to be successful and satisfactory, the Committee recommends that this ordinance be placed on file and the following substituted resolution be adopted:

Resolved, that the Board of Aldermen of the City of New York does hereby recommend to the Commissioner of the Fire Department of the City of New York that, as soon after the 1st day of January, 1917, as may be practicable, he inaugurate a trial of the two platoon system in one division of his Department, to be selected by him, for a period of six months, under the supervision of a Deputy Chief who is without prejudice in this matter; and be it further

Resolved, that, immediately upon the completion of the trial of the two platoon system as above described, the Fire Commissioner forward to the Board of Aldermen of the City of New York a complete report, giving in detail his own opinion and the opinion of the officers of the division wherein the trial was had, with statistics as to cost and service, so that the Board may be enabled to take up the question of the establishment of a two platoon system in The City of New York.

AN ORDINANCE to amend the Code of Ordinances by inserting therein a new section to promote the health and efficiency of Firemen in the Fire Department of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
Section 1 of the Code of Ordinances is hereby amended by inserting therein a new section to be known and styled as follows:

Section 1. On and after the first day of January, 1917, the commissioner or other head of the Fire Department of the City of New York shall divide the officers and members of companies of such uniformed fire force into two bodies or platoons, one to perform day service and the other to perform night service. The hours of day service shall not exceed ten, commencing at eight o'clock in the morning; the hours of night service shall not exceed fourteen, commencing at six o'clock in the afternoon; except that in cases of fire at relieving time, riot, serious conflagration or other such emergency, the fire commissioner or other head of the fire department or the officer in charge at any fire shall have full power to assign all of said members of said force to continuous duty, if necessary. No members of either of said platoons shall be required to perform continuous day service or continuous night service for a longer consecutive period than one week, nor be kept on duty continuously longer than ten hours in the day platoon or fourteen hours in the night platoon, except as may be necessary to equalize the hours of duty and service, and also except in case of fires at relieving time, riot, serious conflagration or other emergency as above provided.

Section 2. The Commissioner of the Fire Department, the chief of the Fire Department, or other officer having the control or direction of the uniformed force of the Fire Department of the City of New York, or any officer of the uniformed force who shall violate any of the provisions of this article shall be punished by a fine of not less than fifty dollars, or by imprisonment not exceeding thirty days, or by both such fine and imprisonment.

Section 3. This ordinance shall taken effect immediately.

Fire Department, City of New York, December 13, 1916.

Hon. HARRY ROBITZEK, Chairman, Committee on Welfare, Board of Aldermen, City of New York:

Dear Sir—The trial of the Two Platoon System in the Second Division of this Department would require an increased appropriation of \$133,100, to provide for the following increase in the force:

1 Deputy Chief	\$4,200 00
3 Battalion Chiefs	9,900 00
3 Lieutenants	6,300 00
1 Engineer	1,700 00
111 Firemen	111,000 00

Total \$133,100 00

Such a test, in order to be of value, would have to extend over a period of not less than nine months. The additional men necessary to be appointed to the force could not, under the law, be appointed temporarily. Therefore, provision would have to be made for them for the entire year.

The Second Division has been selected as best suited for the test because the headquarters of the Chief of Department is located in that Division, and he would consequently be able to give closer attention to the trial than would otherwise be the case. This Division also comprises perhaps the most important territory in the city from the standpoint of fire protection.

The increased force shown in the above estimate is based upon having on duty in each company 1 Captain or Lieutenant, and during the day time 7 firemen, and at night 8 firemen. Respectfully,

ROBERT ADAMSON, Fire Commissioner.

Report of the Committee on General Welfare in Favor of Filing an Ordinance to Amend the Code of Ordinances Relating to Reimbursement for the Removal of Rubbish or Snow.

The Committee on General Welfare, to which was referred on December 4, 1916 (Minutes, page 708), the annexed ordinance to amend section 1 of Article 1 of Chapter 22 of the Code of Ordinances, relating to reimbursement for the removal of rubbish or snow, respectfully

REPORTS:

That at the suggestion of the Street Cleaning Commissioner that this matter is unconstitutional, in accordance with a recent opinion of the Corporation Counsel in the matter of introductory No. 983, and should be withdrawn, and an amended ordinance introduced, the Committee recommends that the accompanying ordinance be placed on file.

AN ORDINANCE to amend Section 1 of Article 1 of Chapter 22 of the Code of Ordinances relating to reimbursement for the removal of rubbish or snow.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
Section 1 of Article 1 of Chapter 22 of the Code of Ordinances is hereby amended to read as follows:

Section 1. Reimbursement for the Removal of Rubbish or Snow.
§1. [Wherever] In the event that any owner, lessee, tenant, occupant, or other person having charge of any building or lot abutting upon any street or public place where the sidewalk is paved, shall fail to comply with [any provision of this chapter] the provisions of any ordinance of the City of New York for the removal of snow and ice, dirt, or other material, from the sidewalk and gutter in the street, on the side of the street on which such building or lot abuts [the Commissioner of Street Cleaning or the Borough President of Queens or Richmond, as the case may be], the President of the Borough in which such building or vacant lot is located may cause such removal to be made, meeting [such] the expense thereof from any suitable street cleaning or highway fund, and thereafter the expense of such removal as to each particular lot of ground shall be ascertained and certified [by the Commissioner of Street Cleaning or by the President of the Borough of Queens or Richmond] by the said Borough President to the Comptroller, and the Board of Estimate and Apportionment may authorize such additional expenditures as may be required for the said removal of [the] such snow, dirt or other material, to be repaid to the fund from which the payments were made [or, instead, in the Borough of Queens or Richmond, to the special fund for restoring and repaving in said boroughs, if the Presidents thereof so elect], with proceeds from the issue and sale of revenue bonds, which shall be sold by the Comptroller, as provided by law. [The Commissioner of Street Cleaning or the Borough President of Queens or Richmond, as the case may be.] The said Borough President shall as soon as possible, after the work of such removal is done, certify to the Corporation Counsel the amount of the expense chargeable against each [piece of property] lot of ground affected [who shall sue and recover the amount of such expense from the owner of such property, together with a penalty of Three Dollars for each offence.] The Corporation Counsel is hereby directed and authorized to immediately thereafter prepare and file in the office of the Clerk of the County in which the particular lot of ground is located, a notice of lien in favor of the City of New York for the amount paid for the removal of such snow and ice, dirt or other material, and in addition thereto the further sum of Three Dollars (\$3.00) penalty for each offence against the particular lot of ground affected; said lien to remain such against said property until paid. The Corporation Counsel shall serve, or cause to be served, by mail upon the owner of the property affected a copy of said notice of lien contained in a securely closed post-paid wrapper, addressed to such owner at his last known place of residence. Upon payment of such lien, the Corporation Counsel shall execute and deliver a satisfaction piece of such lien and turn over the amount so received and collected by him to the City Chamberlain to the credit of the general fund of the City of New York for the reduction of taxation.

Sec. 2. This ordinance shall take effect immediately.

Department of Street Cleaning, of the City of New York, Office of the Commissioner, Municipal Building, New York City, November 23rd, 1916.

My Dear Alderman—I desire to secure your co-operation in meeting the problem of snow removal this winter. You know that it is almost impossible to secure labor for ordinary work at the present time, and the Department will need 15,000 laborers in addition to its regular force for rapid clearing of snow from streets during and after heavy snowfalls. Two years ago, when there was marked lack of employment in private industries, more than 40,000 laborers registered for snow removal work in this city. Last winter the number so registering was but 13,500, and this winter it is doubtful if laborers will be procurable.

Should a heavy snowfall block the movement of freight on the railroads and prevent vehicular traffic on city streets, the result to this city would be disastrous,

because the storage of food and fuel is so limited. Even more dangerous than this situation would be the fire risk, due to impassable streets.

The Street Cleaning Department is doing everything possible to organize all forces which may be employed on the removal of snow, but it seems to me that an emergency exists which will require the help of the Board of Aldermen in the passage or modification of ordinances relating to this work. I beg to suggest for your consideration three proposals:—

(1) That the Department of Street Cleaning be permitted to use salt for melting snow. This is now prohibited by an old ordinance, but conditions have decidedly changed since the former objection to this method prevailed. Automobiles have almost entirely displaced horses on many of the main arteries, and the use of salt on such streets will materially assist in preventing congestion of traffic, with only temporary inconvenience.

(2) The existing sidewalk snow removal ordinance is defective, in that prompt action looking toward the removal of snow from sidewalks cannot be enforced by the police. The offender summoned to court may decline to pay the fine of three dollars imposed by the ordinance, and the Judge will have to allow the offender to go free, as no alternative imprisonment sentence is provided in the ordinance.

(3) Should a heavy snowfall occur and life and property be in danger through the risk of conflagration or a shortage in food and fuel, the Commissioner of Street Cleaning should have the power, by proclamation or otherwise, to call upon all citizens and owners or occupants of property to open passageways for vehicles in front of abutting property. A reasonable time should be allowed before those failing to comply with the proclamation are called to account; but it is doubtful if extreme measures leading to fine or imprisonment would be necessary, except in a few cases, as every citizen with any regard for public welfare would be glad, I believe, to do a small part toward meeting the emergency.

I have drafted ordinances which I will submit to the Board of Aldermen in the foregoing matters, and will be glad to have from you any suggestions or comments on the plans herein set forth.

Appreciating your co-operation in this vital matter of city policy, which directly concerns the Board of Aldermen, I am, yours very truly,

J. T. FETHERSTON, Commissioner.

November 27, 1916.

Hon. FRANK L. DOWLING, President of the Board of Aldermen, City Hall, New York:

Dear Sir—In the revision of the Code of Ordinances which was adopted March 30, 1915, no provision was made for the enforcement of section 21, article 3 of chapter 22, with reference to the duty of property owners to remove snow and ice from the sidewalks within four hours after the termination of a snowfall. Previously this neglect was punishable by a fine or imprisonment for one day. (Old Code of Ordinances, section 418.) The omission of this provision from the Code of Ordinances has greatly handicapped this department in the work of clearing snow from the roadways, since householders frequently clear the sidewalks after the roadways have been cleaned and in some instances they fail to clean the sidewalks at all.

The civil penalty provided by section 1 of article 1 of chapter 22 is not an effective means of enforcing prompt compliance with the requirements of the Ordinance. Accordingly, I have prepared a draft of a new ordinance, which you will find enclosed, and which I would thank you to submit to the Board of Aldermen for consideration. Briefly, it proposes to restore to section 21 of article 3 of chapter 22 the old provision, giving jurisdiction to a police magistrate to impose a fine or imprisonment for failure to comply with the ordinance, and to add another provision requiring householders, in the event of an emergency caused by an extra heavy snowfall, to clear snow and ice from one-third of the width of the roadway in front of their premises, and to pile the same either in the centre of the roadway or on the sides thereof, within forty-eight (48) hours after such snowfall ceases. I should be glad to appear before the Committee of the Board to which this ordinance is referred, and to make a full explanation regarding the necessity for this provision.

Section 21 of article 3 of chapter 22 was amended on July 16, 1915, by providing that in case a property owner failed to remove snow from the sidewalk within four (4) hours after cessation of the storm, the President of the Borough in which the property was located might do so, instead of the Commissioner of Street Cleaning, as theretofore. At the same time, section 1 of article 1 of chapter 22 was allowed to stand and still remains in force. This section requires that in case the property owner fails to remove the snow and ice it shall be the duty of the Commissioner of Street Cleaning to do so. In other words, the two existing ordinances are utterly inconsistent. Apparently an error was made in amending section 21 of article 3 of chapter 22 instead of amending section 1 of article 1 of chapter 22. I have accordingly prepared an amendment to the latter section to cure this defect and have provided for its omission from the former section.

I have also incorporated in this proposed amendment a provision taken from (ordinance No. 182) No. 983, introduced by Alderman Haubert, providing that instead of the Corporation Counsel suing for a penalty he shall file a lien against the property.

I enclose, also, an additional proposed amendment to section 23 of article 3 of chapter 22, to permit employees of the Department of Street Cleaning to use salt for the melting of snow on the streets. This ordinance was originally intended for the protection of the feet of horses using the streets, but owing to the prevalence of motor traffic this is no longer a serious objection. The use of salt would be of great aid to the department in the work of snow removal, particularly in view of the present condition of the labor market.

Kindly submit all three amendments to the Board of Aldermen.

Yours truly,

J. T. FETHERSTON, Commissioner.

REPORTS:

That at the suggestion of the Street Cleaning Commissioner that this matter be filed, because of the question of constitutionality, and an amended ordinance introduced. The Committee recommends that the accompanying ordinance be placed on file.

AN ORDINANCE to amend subdivisions 1 and 2, section 21 of article 3 of chapter 22 of the Code of Ordinances, relating to snow and ice, as amended.

Be it ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Section 21 of Article 3 of Chapter 22 of the Code of Ordinances is hereby amended to read as follows,

Section 21—Property Owners.

§1. Must clear sidewalks and one-third of roadway.

Every owner, lessee, tenant, agent, occupant or other person having charge of any building or lot of ground in the City, abutting upon any street or public place where the sidewalk is paved, shall, within four [4] hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow and ice, dirt or other material from the sidewalk and gutter, the time between 9 p. m. and 7 a. m. not being included in the above period of four [4] hours; provided, however, that such removal shall in all cases be made before the removal of snow and ice from the roadway by the Commissioner of Street Cleaning, or by the Borough President of Queens or Richmond, or subject to the regulations of said Commissioner of Street Cleaning, or of said Borough President of Queens or Richmond, for the removal of snow and ice, dirt and other material; except that in the Boroughs of Queens and Richmond any owner, lessee, tenant or occupant or other person who has charge of any ground abutting upon any paved street or public place, for a linear distance of 500 feet or more, shall be considered to have complied with this section, if such person shall have begun to remove the snow and ice from the sidewalk and gutter before the expiration of the said four [4] hours, and shall continue and complete such removal within a reasonable time.

[Whenever any owner, lessee, tenant, occupant or other person having charge of any building or lot of ground abutting upon any street or public place where the sidewalk is paved, shall fail to comply with the provision of any ordinance of the City for the removal of snow and ice, dirt, or other material from the sidewalk and gutter in the street, on the side of the street on which such building or lot abuts, the President of the Borough in which such building or vacant lot is located, may cause such removal to be made, meeting the expense thereof from any suitable street

cleaning or highway fund, and thereafter the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Borough President to the Comptroller, and the Board of Estimate and Apportionment may authorize such additional expenditures as may be required for the said removal of such ice and snow, dirt or other material, to be repaid to the fund from which the payments were made, with proceeds from the issue and sale of revenue bonds which shall be sold by the Comptroller, as provided by law.

The said Borough President shall, as soon as possible, after the work is done, certify to the Corporation Counsel the amount of the expense chargeable against each piece of property.

The Corporation Counsel is hereby directed and authorized to sue for and recover the amount of this expense, together with Three Dollars (\$3.00) penalty for each offense, and when so recovered the amount shall be turned over to the City Chamberlain to be deposited to the credit of the general fund of The City of New York for the reduction of taxation.]

[C. O., No. 414, amend. July 16, 1915.]

In case of an emergency caused by an extra heavy snow fall, resulting in congestion of traffic, upon receipt of notice from the Commissioner of Police, or any police officer, owners, lessees, tenants, agents, occupants, other persons having charge of any building or lot of ground in the Boroughs of Manhattan, The Bronx and Brooklyn, abutting on any street or public place where the roadway is paved, shall clear snow and ice from one-third of the width of the roadway in front of said premises, and pile the same either in the centre of the roadway or on the sides thereof, as may be directed by the Commissioner of Street Cleaning, within forty-eight (48) hours after the snowfall ceases.

§ 2. May use ashes, etc.

In case the snow and ice on the sidewalk shall be frozen so hard that it cannot be removed without injury to the pavement, the owner, lessee, tenant, agent, occupant or other person having charge of any building or lot of ground as aforesaid, may, within the time specified in the preceding subdivision, cause the sidewalk abutting on the said premises to be strewn with ashes, sand, sawdust, or some similar suitable material, and shall, as soon thereafter as the weather shall permit, thoroughly clean said sidewalks.

§ 3. Any person violating any provision or regulation hereof shall, upon conviction thereof by any City Magistrate, be fined for such offense not more than Three Dollars (\$3.00) or be imprisoned for a period not exceeding one day, or may be both fined and imprisoned.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Dear Sir—The Real Estate Board of New York desires to record its opposition to proposed ordinances recommended by the Street Cleaning Commissioner, as follows:

To amend subdivisions 1 and 2, section 21, article 3, chapter 22 of the Code of Ordinances, relating to snow and ice, and requiring in effect that agents, owners, occupants, etc., be compelled, on notice from the Street Cleaning Commissioner, to clear snow and ice for one-third of the width of the roadway in front of their premises and to pile the same either in the centre of the roadway or on the sides thereof, and fixing a penalty of fine or imprisonment for non-compliance; also

To amend section 1, article 1, chapter 22 of the Code of Ordinances, so as to provide for the collection of the cost of removal by the Borough President when not done by the owner or occupant, said charge to be a lien against the property.

Under any circumstances the result of the passage of these ordinances would be to impose upon private persons a responsibility that should properly rest upon the Street Cleaning Commissioner, and also to impose an unfair burden of expense and annoyance upon owners, tenants, etc. The taxpayers are already paying for this work.

In a great many instances it would be entirely impracticable for owners and tenants to carry out these provisions.

Moreover, attention is called to the fact that the Street Cleaning Department has recently curtailed its service to taxpayers in the matter of removal of trade waste and ashes and has, in spite of this, secured an appropriation in the 1917 budget larger than for the current year.

You are respectfully urged to oppose the passage of these ordinances.

Respectfully, REAL ESTATE BOARD OF NEW YORK, per RICHARD O. CHITNICK, Executive Secretary. Which report was accepted.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—To frighten away the seagulls which congregate in large numbers, especially during the winter months, in the reservoir in Central Park an employee of this department is specially assigned to discharge a shotgun. No attempt is made to injure the birds, but it is necessary to discharge the gun many times during the day. They are noted for their unclean habits and they must be kept from the waters of the reservoir in order to prevent contamination. The gun is the property of the City and the ammunition, consisting of small shot, is furnished at the expense of this department. To legalize the use of this gun for the purpose above stated I respectfully recommend that the reservoir in Central Park and the grounds immediately adjacent thereto and under the jurisdiction of this department be included in the locations in the Borough of Manhattan which are exempted from section 2, chapter 11 of the Code of Ordinances.

Respectfully,

Report of the Committee on Public Letting in Favor of Adopting a Resolution Authorizing the Commissioner of Correction to Purchase Various Supplies Without Public Letting.

The Committee on Public Letting, to which was referred on November 14, 1916 (Minutes, page 592), the annexed request of the Commissioner of Correction for authority to purchase fresh fish, oysters, clams and vegetables without public letting, respectfully

REPORTS:

That the reasons for this request are fully explained in the letter of application. The Committee, basing its conclusions on the facts contained in said application, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Correction be and he is hereby authorized and empowered to purchase fresh fish, oysters, clams and vegetables in the open market without public letting to an amount not to exceed twenty-five thousand dollars (\$25,000).

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, November 4th, 1916.
Honorable Board of Aldermen, New York City:

Gentlemen—I respectfully request permission to purchase in the open market, without public letting, during the coming year Fresh Fish, Oysters, Clams and Vegetables, to the amount not to exceed \$25,000.

Fresh Fish, Oysters and Clams to be purchased weekly can be secured at a lower unit price than by contract. This has been demonstrated during the past year by taking advantage of excess supply in the market and using whatever supply the price warranted.

Fresh Fruits and Vegetables are contracted for quarterly under the present procedure, but because of the prevailing market conditions the contractors naturally protect themselves and quote an outside price to insure against possible loss. Under these circumstances I think it would be to the City's advantage to purchase in the open market.

I hope your Honorable Board will act favorably on this request, as I am of the opinion it will result in a great saving for the City.

Very respectfully, BURDETTE G. LEWIS, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting a Resolution Authorizing the Commissioner of Public Charities to Purchase Various Supplies Without Public Letting.

Re Open Market Purchases.

To the Honorable the Board of Aldermen, City Hall, City:

Dear Sirs—I respectfully request that permission be granted to purchase, without public letting, during the year 1917, fresh fish, oysters and clams to an amount not to exceed \$25,000; fresh fruits and vegetables to an amount not to exceed \$30,000, and agricultural and botanical supplies to an amount not to exceed \$5,000.

Purchases of fresh fish, oysters and clams have been made on open market orders weekly during the past two years, thanks to permission granted by your Honorable Board. By this means we have been enabled to purchase our supply at prices lower than what can be secured on contract. Considerable saving has been effected by taking advantage of gluts in the market, and purchasing fresh fish which is then frozen and stored and used from time to time when prices warrant. I hope that I may be able to continue this policy during the coming year.

Fresh fruits and vegetables are purchased weekly, thus securing prevailing market prices. When contracts are entered into for these commodities, the bidders are necessarily compelled to protect themselves and prices are somewhat higher. I have established a maximum price for each article above which they are not purchased, except under extenuating circumstances.

It is admitted that it is not practical to prepare specifications for plants, seeds, etc., and that publicly advertised contracts will not secure supplies of the quality desired. It is obvious that these supplies should be purchased from reliable dealers. This we cannot be assured of if the proposals are publicly advertised.

I trust this request will be granted, since I believe it to be to the best interests of the City. Very truly yours,

HENRY C. WRIGHT, First Deputy Commissioner.

Sir—In the Budget for 1917, \$2,200 was allowed for the purchase of an automobile for the use of the Bureau of Water Supply.

The department will be able to secure a car of standard make for the sum of \$2,185.

Owing to the impossibility of preparing specifications which would admit of open competition, I respectfully request that the Honorable Board of Aldermen grant permission to secure this automobile without the formality of advertising for competitive bids. Respectfully,

REPORTS:

That having examined the subject, it believes the proposed authority should be granted, as the Commissioner of Parks has informed the Committee that better terms can be had by direct purchase than by advertising. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he is hereby authorized and empowered to purchase an auto truck (one ton) in the open market without public letting, at a cost not to exceed twelve hundred dollars (\$1,200).

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, December 18, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Sir—A request of this department, dated December 11, 1916, for authorization to enter into contract in the open market without public letting for the purchase of one 3½-ton truck or motor, and one 1-ton auto truck, is hereby withdrawn, and in place thereof I submit the following:

Request is hereby made that, pursuant to the provisions of section 419 of the Greater New York Charter, this department be authorized to enter into contract in the open market, without public letting, for the purchase of the following:

One 1-ton auto truck, at \$1,200.

Provision was made in the budget for 1917 for the purchase of two trucks and one truck or tractor, as may be later designated. The cost of one truck will be less than \$1,000, and it has not yet been decided as to whether in the case of the 3½-ton vehicle a tractor or truck should be purchased, so that the later case must lay over for a short time.

Request for the 1-ton truck is submitted at this time because there is no provision in the budget for forage for horses or pay for drivers for the same from January 1, 1917, which service it was anticipated will be replaced as early as possible in 1917 by motor trucks.

Permission to purchase the 1-ton truck is now sought. Therefore it is requested that action be taken on this matter at once with a view of final action as early as possible after January 1, 1917, when the appropriation for the equipment becomes available. Respectfully yours,

CABOT WARD, Commissioner of Parks.

Which, on motion of Alderman McCann, was made a Special Order for the day.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was unanimously decided in the affirmative by the following vote:

Provision is made in the Budget of 1917 for this purchase. Section 521. Buildings must be approved. No building described in the preceding section of this article shall be opened to the public for theatrical or operatic purposes, or for public entertainments of any kind, until the fire commissioner and the superintendent of buildings shall have approved the same in writing as conforming to the requirements of this article. *Any such building in which departure from the provisions of this article has been made under an approval of the superintendent of buildings or the board of examiners, and which has, previous to May 1st, 1916, been approved for use by the fire commissioner and the superintendent of buildings, may be approved as conforming to the requirements of this article, so long as it is deemed reasonably safe by the fire commissioner and the superintendent of buildings, provided, however, that a building as to which the Courts have held that a permit for its alteration or reconstruction is void, shall not be approved.*

Section 2. The provisions of this ordinance shall take effect immediately.

Board of Standards and Appeals, Municipal Building, New York, November 27, 1916.

Honorable WM. P. KENNEALLY, Chairman, Committee on Buildings, Board of Aldermen, City Hall:

Dear Sir—I have your request of November 25, 1916, for an opinion as to whether the proposed ordinance amending subdivision 3 of section 91, chapter 5, of the Code of Ordinances is within the jurisdiction of the Board of Aldermen or the Board of Standards and Appeals. This is very properly an amendment to the Code of Ordinances and seems to me to be in proper form for adoption by the Board of Aldermen with the exception, perhaps, that the period at the end of subdivision 3 of section 91 be replaced by a comma and the new matter start with a small letter.

As to the merits of the proposed amendment, I am not prepared to say anything. While the property included in the description is used for special purposes at the present time, the effect of this amendment is to continue what may later on prove an undesirable use of a piece of property located in the heart of a residential district. On the other hand, however, it may be noted that the use district maps of the building zone resolution have placed the property included in this proposed amendment in an unrestricted district. Respectfully yours,

RUDOLPH P. MILLER, Chairman.

The President put the question whether the Board would agree with said report and adopt such ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Friedlander, Gaynor, Gilmore, Gutman, Hannon, Haubert, Heyman, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, McManus, Molen, Mullen, O'Rourke, Robitzek, Ryan, Schmitz, Schweickert, Silberstein, Squiers, Stapleton, Stevenson, Tolk, Walsh, Wirth, Wise; President Mathewson; President Pounds; the Vice-Chairman; the President—56.

G. O. 224 (Int. No. 1113).

Resolution Directing Attention to Editorial Comment with Respect to Salaries of City Employees.

Resolved, That the several executive and administrative heads of the City government be and they hereby are requested to take intelligent notice of the timely editorial expression of public sentiment printed in the New York Sun, which, while not approving of the method adopted by the Board of Aldermen to secure budgetary relief, formally declares:

"There are inequalities in compensation among municipal employees that should be corrected and extravagances that should be eliminated."

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Cassidy, Cole, Collins, Cox, Cunningham, Delaney, Diemer, Dixon, Dunn, Drescher, Eagan, Farley, Ferguson, Haubert, Heyman, Kenneally, Kenney, McCann, McCourt, McGillick, McManus, Molen, Mullen, Robitzek, Ryan, Schmitz, Schweickert, Silberstein, Williams, Wise; The Vice-Chairman; The President—36.

Negative—Aldermen Cardani, Colne, Crane, Curran, Gaynor, Gutman, Hogan, O'Rourke, Squiers, Stevenson; President Mathewson—11.

Alderman Curran moved that the Board do now adjourn to meet on Tuesday, January 9, 1917, at 1:30 o'clock, P. M.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, January 9, 1917, at 1:30 o'clock, P. M.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

COMMISSIONER OF ACCOUNTS.

December 20, 1916.

Hon. JOHN PURROY MITCHEL, Mayor:

Sir—In conformity with the requirements of section 119, chapter 466, Laws of 1901, Greater New York Charter, I transmit herewith the RESULTS OF AN EXAMINATION OF THE RECEIPTS AND DISBURSEMENTS OF THE OFFICE OF THE CHAMBERLAIN FOR THE THIRD QUARTER OF 1916.

I find that the balances in the city treasury, sinking funds and miscellaneous accounts on Sept. 30, 1916, aggregated \$34,423,259.34, which agrees with the aggregate of the balances as shown by the Chamberlain's accounts and summaries accompanying this report. (See Exhibits "A," "B" and "C.")

The said balances were verified by the inspection of the certificates of the officers of the several depository banks of concurrent date. A schedule of the depositories showing balances on September 30, 1916, at close of business, is appended under Exhibit "D."

An abstract of stock, bonds and notes issued and cancelled during the quarter ended September 30, 1916, is submitted under Exhibit "E."

I am submitting with the report tables "A" to "PP" (See Schedule No. 1), which contain the detailed and classified information contemplated in section 119 of the Charter. Respectfully submitted,

LEONARD M. WALLSTEIN, Commissioner of Accounts.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that this has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and he it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may be seen there.
