**Gangs, crews, and drug sets are responsible for most of the homicides in this community.**

**Members of these groups are shooting people and are at the greatest risk of being shot and killed.**

**LET'S END  
THIS VIOLENCE.**

NYC Ceasefire is a partnership of community members, support and outreach, and law enforcement. Together, we speak directly to gangs, crews, drug sets, and other groups. Our message to them is clear:

- We want to keep you **alive, safe, and out of prison.**
- **Stop the violence:** don't kill anyone, don't shoot anyone, don't stab anyone.
- There will be **real consequences** for continued violence.
- We will help **any group member** who asks.
