or them therein; and if no other person be so interested,  
it shall distinctly state that fact; that it is made without  
any connection with any other person making an  
estimate for the same purpose; and is in all respects  
fair and without collusion or fraud; and that no member  
of the Common Council, head of a department, chief  
of a bureau, deputy thereof or clerk therein, or other

all the parties interested.

Each bid or estimate shall be accompanied by the con-  
sent, in writing, of two householders or freeholders in  
the City of New York, with their respective places of  
business or residence, to the effect that if the contract be  
awarded to the person making the estimate, they will,  
on its being so awarded, become bound as his sureties  
for its faithful performance; and that if he shall omit or  
refuse to execute the same, they will pay to the Corpora-  
tion any difference between the sum to which he would be  
entitled on its completion and that which the Corporation  
may be obliged to pay to the person or persons to whom  
the contract may be awarded at any subsequent letting;  
the amount in each case to be calculated upon the esti-  
mated amount of the work by which the bids are  
tested. The consent above mentioned shall be accom-  
panied by the oath or affirmation, in writing, of each  
of the persons signing the same, that he is a householder  
or freeholder in the City of New York, and is worth the  
amount of the security required for the completion of this  
contract over and above all his debts of every nature, and  
that he has offered himself as a surety in good faith  
and with the intention to execute the bond required by  
section 27 of chapter 8 of the Revised Ordinances  
of the City of New York, if the contract shall be awarded  
to the person or persons for whom he consents to  
become surety. The adequacy and sufficiency of the  
security offered to be approved by the Comptroller of  
the City of New York.

No bid or estimate will be received or considered unless  
accompanied by either a certified check upon one of  
the State or National banks of the City of New York,  
drawn to the order of the Comptroller, or money  
to the amount of five per centum of the amount of  
the security required for the faithful perform-  
ance of the contract. Such check or money must not  
be inclosed in the sealed envelope containing the esti-  
mate, but must be handed to the officer or clerk of the  
Department who has charge of the estimate-box; and  
no estimate can be deposited in said box until such  
check or money has been examined by said officer or  
clerk and found to be correct. All such deposits, except  
that of the successful bidder, will be returned to the  
persons making the same within three days after the  
contract is awarded. If the successful bidder shall re-  
fuse or neglect, within five days after notice that the  
contract has been awarded to him, to execute the same,  
the amount of the deposit made by him shall be forfeited  
to and retained by the City of New York as liquidated  
damages for such neglect or refusal; but if he shall  
execute the contract within the time aforesaid, the  
amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and  
also stated in figures, and all estimates will be con-  
sidered as informal which do not contain bids for all  
items for which bids are herein called, or which contain  
bids for items for which bids are not herewith called  
for. Permission will not be given for the withdrawal of  
any bid or estimate. No bid will be accepted from, or  
contract awarded to, any person who is in arrears to the  
Corporation upon debt or contract, or who is a defaulter,  
as surety or otherwise, upon any obligation to the  
Corporation.

The Department of Public Parks reserves the right to  
reject any or all the bids received in response to this  
advertisement if it should deem it for the interest of the  
City so to do, and to readvertise until satisfactory bids  
or proposals shall be received. But the contract when  
awarded will be awarded to the lowest bidder.

Blank forms for proposals and forms of the several  
contracts which the successful bidders will be required  
to execute can be had, the plans can be seen and  
information relative to them can be had at the office of

**TO CONTRACTORS.**

**PROPOSALS FOR ESTIMATES.**

**SEALED ESTIMATES FOR FURNISHING THE** materials and labor and doing the work required for furnishing electrical conductors and placing electrical conductors underground, will be received at the Central Office of the Department of Police, in the City of New York, until 12 o'clock M. of Tuesday, the 20th day of March, 1894.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Electrical Conductors," and with his or their name or names, and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars of the nature and extent of the work to be done reference must be made to the plans and specifications on file in the office of the Chief Clerk of the said Department.

Bidders will state in writing, and also in figures, a price for the work, complete. The price is to cover the furnishing of all the materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire work is to be completed within FOUR MONTHS from the date of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at TWENTY (20) DOLLARS.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of TWENTY THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this

contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the city so to do, and to readvertise until satisfactory bids or proposals shall be received.

Bidders are informed that no deviation from the specifications will be allowed unless a written permission shall previously have been obtained from the Board of Police.

Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned, at his office in the Central Department.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the

officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

#### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

**ATTENTION IS CALLED TO THE RECENT**  
act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage), on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
