COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock a. m., on Wednesday, November 21, 1906.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; John H. Campbell, Deputy Chamberlain, and Patrick F. McGowan, President, Board of Aldermen.

A communication was received from the Commissioner of Docks recommending a lease to the United States Transportation Company of the pier at the foot of West Forty-fourth street, North river, together with the bulkhead commencing from a point 120 feet north of the pier between Forty-second and Forty-third streets, North river, and extending to the northerly side of the pier at the foot of West Forty-fourth street, a distance of about 220 feet, and the Comptroller presented a report thereon, recommending that the lease be approved, as recommended by the Commissioner of Docks.

On motion of the President of the Board of Aldermen the matter was laid over.

The following communication was received from the Commissioner of Docks, transmitting for approval a map showing a change in the bulkhead line at the northerly side of Twenty-ninth street, East river:

November 5, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I transmit herewith in duplicate map showing a change in the bulkhead line at the northerly side of Twenty-ninth street, East river. This change was approved by the Secretary of War under date of July 2, 1906, upon the recommendation of this department, the object in making the modification being for the benefit of the Bellevue and Allied Hospitals, who will in a short time secure possession of the block between Twenty-eighth and Twenty-ninth streets, East river, as an additional area upon which to build hospital structures.

I have this day adopted the plan as shown on the map herewith, and respectfully request that a resolution be adopted by the Commissioners of the Sinking Fund approving the same as an amendment to the new plan for the improvement of the waterfront at the locality in question.

A description of the proposed change in the bulkhead line is as follows: The bulkhead line, instead of extending westerly along the southerly line of East Twenty-ninth street, and thence northerly across East Twenty-ninth street, as adopted and changed by the Board of Docks, the Commissioner of Docks and the Commissioners of the Sinking Fund on the hereinbefore-mentioned date, will extend from a point in the easterly prolongation of the southerly line of East Twenty-ninth street where the bulkhead line as modified by the Secretary of War September 16, 1903, intersects the same, which bulkhead line is coincident with the lines as changed by the Commissioner of Docks November 23, 1903, and approved by the Commissioners of the Sinking Fund December 16, 1903, and running thence northerly on a

line drawn parallel with the easterly line of First avenue 60 feet to the easterly prolongation of the northerly line of East Twenty-ninth street.

Thence westerly and along said easterly prolongation 207.95 feet to the bulkhead line established by the Secretary of War in 1890, where the northerly line of East Twenty-ninth street intersects the same, said point of intersection being distant 506.7 feet easterly from the easterly line of First avenue, measured along the northerly line of East Twenty-ninth street.

Very respectfully, your obedient servant.

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

November 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of November 5, 1906, the Hon. J. A. Benschel, Commissioner, Department of Docks and Ferries, transmits for the approval of the Commissioners of the Sinking Fund a map showing a change in the bulkhead line at the northerly side of Twenty-ninth street, East river. This change was approved by the Secretary of War on July 2, 1906, and adopted by the Commissioner of Docks and Ferries on November 5, 1906.

The purpose of this modification is to give the Trustees of Bellevue and Allied Hospitals possession of the strip of land included in this modification, and to permit them the use of the north side of the Twenty-ninth Street Pier. This will be used by the Hospital Trustees as a landing place for boats of the Department, for unloading of coal barges and various other purposes in connection with the new Bellevue buildings, which will extend from Twenty-sixth to Twenty-ninth street on the East river.

The modification seems to me entirely proper and I see no reason why the Commissioners of the Sinking Fund may not give it their approval, and I therefore recommend that you suggest to them that the approval be so given.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the map showing a change in the bulkhead line at the northerly side of Twenty-ninth street, East river, made by the Commissioner of Docks in accordance with law, November 5, 1906, and transmitted with communication dated November 5, 1906.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises on the northwest corner of Schenectady avenue and Prospect place, Borough of Brooklyn, for the use of the Board of Education:

November 17, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held November 14, 1906, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a renewal of the lease of the premises on the northwest corner of Schenectady avenue and Prospect place, Brooklyn, occupied as an annex to Public School 83, for a period of one year from November 14, 1906, with the privilege of renewal for an additional year, at an annual rental of \$360, and on the same terms and conditions as contained in the existing lease. Owner, Clinton Stevens, Clason Point, New York."

The Bureau of Buildings and the Department of Health having reported on the condition of the premises as suitable for school purposes, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises on the northwesterly corner of Schenectady avenue and Prospect place, Borough of Brooklyn, for a period of one year from November 14, 1906, with the privilege of renewal for an additional year, upon the same terms and conditions, at an annual rental of \$360, payable monthly; otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Clinton Stevens.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City, of the premises on the northwest corner of Schenectady avenue and Prospect place, Borough of Brooklyn, occupied as an annex to Public School 83, for a period of one year from November 14, 1906, with the privilege of renewal for an additional year, at an annual rental of three hundred and sixty dollars (\$360), payable monthly, and on the same terms and conditions as contained in the existing lease; lessor, Clinton Stevens; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises No. 624 Fifth street, Borough of Manhattan, for the use of the Board of Education:

November 17, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held November 14, 1906, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they hereby are requested to authorize a renewal of the lease of the premises No. 624 Fifth street, Borough of Manhattan, for a period of one year from February 2, 1907, at an annual rental of \$2,500, and on the same terms and conditions as contained in the existing lease. Owners, Educational Alliance, Isidor Straus, president; No. 197 East Broadway, Manhattan."

The Bureau of Buildings and the Department of Health having certified that the condition of the premises is suitable for school purposes, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises No. 624 Fifth street, Borough of Manhattan, for a period of one year from February 2, 1907, at an annual rental of \$2,500, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Educational Alliance.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City of premises No. 624 Fifth street, Borough of Manhattan, for a period of one year from February 2, 1907, at an annual rental of twenty-five hundred dollars (\$2,500), payable quarterly, and on the same terms and conditions as contained in the existing lease; lessor, Educational Alliance; the Commissioners of the Sinking Fund

deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of Lots Nos. 56, 57, 58 and 59, in Block 1996, of the Twelfth Ward, being on West One Hundred and Thirtieth street, Borough of Manhattan, for the use of the Department of Street Cleaning:

November 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Macdonough Craven, Commissioner of the Department of Street Cleaning, in a communication under date of October 27, 1906, requests the Commissioners of the Sinking Fund to renew the lease of the four lots on West One Hundred and Thirtieth street, Borough of Manhattan, used as a stable and storage yard of his department, which will expire on November 30, 1906, at an annual rental of \$1,500, payable quarterly, which is at the same rate as previously paid, although there are several conditions which the Commissioner requests to be included in the lease which were not in the prior leases, but which, in my opinion, are reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the four lots on West One Hundred and Thirtieth street, and numbered 56, 57, 58 and 59, in Block 1996, in the Twelfth Ward of the Borough of Manhattan, City of New York, for a term of one year from November 30, 1906, at an annual rental of \$1,500, payable quarterly; the City to keep the sidewalk in front of the premises free and clear from snow, ice and other incumbrances during the term of said lease, the lessors reserving the right to use the fences or let them for advertising purposes, it being understood that the lessors will keep the said fences in good repair. The lessors reserving the right also to terminate the said lease at any time, on giving sixty days' notice in writing, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, Alexander Walker and Frank E. Wise, assignees of Smith Ely.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City, of the four lots on West One Hundred and Thirtieth street and numbered 56, 57, 58 and 59, in Block 1996, in the Twelfth Ward of the Borough of Manhattan, City of New York, for a term of one year from November 30, 1906, at an annual rental of fifteen hundred dollars (\$1,500), payable quarterly; the City to keep the sidewalk in front of the premises free and clear from snow and ice and other incumbrances during the term of the lease; the lessors reserving the right to use the fences or let them for advertising purposes, it being understood that the lessors will keep the said fences in good repair; the lessors reserving the right also to terminate the lease at any time on giving sixty days' notice in writing, otherwise upon the same terms and conditions as contained in the existing lease; lessors, Alexander Walker and Frank E. Wise, assignees of Smith Ely; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions, relative to a lease of premises at No. 590 Amsterdam avenue, Borough of Manhattan, for the use of the Department of Street Cleaning:

November 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Macdonough Craven, Commissioner of the Department of Street Cleaning, in a communication under date of October 30, 1906, addressed to the Commissioners of the Sinking Fund, requests that the resolution of September 13, 1906, adopted by the Board, which amended a resolution of July 18, 1906, authorizing a lease of a portion of the premises No. 590 Amsterdam avenue, in the Borough of Manhattan, for the use of his department as a section station, be amended, in view of the fact that there were two mistakes in the request for the approval by the Commissioners of the Sinking Fund.

After an examination of the previous communications of the Department of Street Cleaning it appears that the resolutions recommended to be adopted followed the requests minutely, but in view of the fact that the amendments now requested are reasonable, and the rent mentioned being the same as previously authorized, I would respectfully recommend that the resolution adopted by the Commissioners of the Sinking Fund in relation to the above matter on September 13, 1906, be rescinded, and that a new resolution be adopted authorizing a lease of the store of the premises known as No. 590 Amsterdam avenue, in the Borough of Manhattan, and part of the basement below, about 15 feet by 40 feet, for a period of three years from August 1, 1906, at an annual rental of \$1,500, payable quarterly, the lessor to furnish Croton water as long as there is no meter on the premises, but should a meter be installed the City to pay the water rent. The lessor to furnish a stove but not the heat; the City to provide heat and light, and at its own cost and expense to keep the premises in good condition and repair and not call upon the lessors for any disbursements during the period of the lease. Lessors, Theobald J. Dengler, Adam Dengler and Philip H. Dengler.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held July 18, 1906, and as amended by resolution adopted September 13, 1906, approving of and consenting to the execution by the Commissioner of Street Cleaning of a lease to the City of premises at No. 590 Amsterdam avenue, Borough of Manhattan, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from Theobald J. Dengler, Adam Dengler and Philip H. Dengler, of the store of premises known as No. 590 Amsterdam avenue, in the Borough of Manhattan, and part of the basement below, about 15 by 40 feet, for a period of three years from August 1, 1906, at an annual rental of fifteen hundred dollars (\$1,500), payable quarterly; the lessors to furnish Croton water as long as there is no meter on the premises, but should a meter be installed the City to pay the water rent; the lessors to furnish a stove but not the heat; the City to provide heat and light and at its own cost and expense to keep the premises in good condition and repair and not call upon the lessors for any disbursements during the period of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises No. 618 West Fifty-second street, Borough of Manhattan, for the use of the Department of Street Cleaning:

November 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Macdonough Craven, Commissioner of the Department of Street Cleaning, in a communication under date of November 9, 1906, addressed to the Commissioners of the Sinking Fund, requests the renewal of the lease of the plot of ground known as No. 618 West Fifty-second street, in the Borough of Manhattan, with the building thereon, 25 feet wide and 100 feet in depth, for another term, beginning with the date of expiration of the present lease (December 24, 1906) to May 1, 1911, so as to make the renewed lease of these premises terminate at the same time as the lease of the adjacent premises, Nos. 612, 614 and 616 West Fifty-second street, Borough of Manhattan, known as Stable B, of his department, at an annual rental of \$2,000, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease.

The rental asked of \$2,000 is an increase of \$300 per annum over the present existing lease, which, in my opinion, is not excessive, in view of the increase in values of property in that locality, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the plot of ground known as No. 618 West Fifty-second street, with the building thereon, 25 feet wide and 100 feet deep, for a period from December 24, 1906, to May 1, 1911, at an annual rental of \$2,000, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, George W. Plunkitt.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City, from George W. Plunkitt, of the plot of ground known as No. 618 West Fifty-second street, with the building thereon, 25 feet wide by 100 feet deep, for a period from December 24, 1906, to May 1, 1911, at an annual rental of two thousand dollars (\$2,000), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions, relative to a renewal of the leases of the following premises, occupied by the Department of Water Supply, Gas and Electricity:

1. Premises at No. 31 Perry street, Manhattan.
2. Premises corner Lee avenue and Rodney street, Brooklyn.
3. Premises at No. 139 Court street, Brooklyn.
4. Premises at No. 407 Richmond terrace, Borough of Richmond.
5. Premises at No. 6 North Fairview avenue, Rockaway Beach.
6. Premises at No. 217 Sixth avenue, Brooklyn.
7. Premises on New Utrecht avenue and Sixtieth street, Brooklyn.

November 15, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable John H. O'Brien, Commissioner of the Department of Water Supply, Gas and Electricity, in a communication under date of November 9, 1906, addressed to the Commissioners of the Sinking Fund, requests that the leases of the photometric stations that have expired be renewed, and as provided by chapter 735 of the Laws of 1905, the said premises are required for the testing of the gases furnished by the lighting companies.

1. In regard to the lease of the third loft of the premises No. 31 Perry street, in the Borough of Manhattan, I would recommend that the said lease be renewed for a period of one year from December 31, 1906, at an annual rental of \$900, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, John Kane.

2. In regard to the lease of the portion of the premises on the southwesterly corner of Lee avenue and Rodney street, in the Borough of Brooklyn, I would recommend that the said lease be renewed for a period of one year from September 1, 1906, at an annual rental of \$600, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Martin F. Ficke.

3. In regard to the lease of the two front rooms on the second floor of the premises No. 139 Court street, in the Borough of Brooklyn, I would recommend that the said lease be renewed for a period of one year from October 1, 1906, at an annual rental of \$300, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Michael Shannon.

4. In regard to the lease of the third floor of the premises No. 407 Richmond terrace, New Brighton, Staten Island, I would recommend that the lease be renewed for a period of one year from September 1, 1906, at an annual rental of \$400, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, James E. Mulligan.

5. In regard to the lease of the portion of the premises No. 6 North Fairview avenue, Rockaway Beach, Borough of Queens, I would recommend that the lease be renewed for a period of one year from July 1, 1906, at an annual rental of \$300, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, James Keenan.

6. In regard to the lease of the two upper floors of the premises No. 217 Sixth avenue, in the Borough of Brooklyn, I would recommend that the said lease be renewed for a period of one year from July 1, 1906, at an annual rental of \$450, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, John M. and George T. Halstead, owners; E. T. Newman, agent.

7. In regard to the lease of the portion of the premises on New Utrecht avenue and Sixtieth street, in the Borough of Brooklyn, I would recommend that said lease be renewed for a period of one year from October 1, 1906, at an annual rental of \$240, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, John Musans.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the third loft of the premises No. 31 Perry street, Borough of Manhattan, for the use of the Department of Water Supply, Gas and Electricity, for a period of one year from December 31, 1906, at an annual rental of nine hundred dollars (\$900), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, John Kane; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Martin F. Ficke, of the extension to building situated at the southwest corner of Lee avenue and Rodney street, in the Borough of Brooklyn, for the use of the Department of Water Supply, Gas and Electricity, for a term of one year from September 1, 1906, at an annual rental of six hundred dollars

(\$600), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the two front rooms on the second floor of the premises No. 139 Court street, in the Borough of Brooklyn, for the use of the Department of Water Supply, Gas and Electricity, for a period of one year from October 1, 1906, at an annual rental of three hundred dollars (\$300), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Michael Shannon; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the third floor of the premises No. 407 Richmond terrace, New Brighton, Borough of Richmond, for the use of the Department of Water Supply, Gas and Electricity, for a period of one year from September 1, 1906, at an annual rental of four hundred dollars (\$400), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, James E. Mulligan; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the building known as No. 6 North Fairview avenue, Rockaway Beach, Borough of Queens, for the use of the Department of Water Supply, Gas and Electricity, for a period of one year from July 1, 1906, at an annual rental of three hundred dollars (\$300), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, James Keenan; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the two upper floors of premises No. 217 Sixth avenue, in the Borough of Brooklyn, occupied by the Department of Water Supply, Gas and Electricity, for a period of one year from July 1, 1906, at an annual rental of four hundred and fifty dollars (\$450), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessors, John M. Halstead and George T. Halstead, owners; E. T. Newman, agent; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from John Musaus, of the second floor of the new building on New Utrecht avenue, about 128 feet northwest of Sixtieth street, exclusive of the front hall room opening into public hall, Borough of Brooklyn, occupied by the Department of Water Supply, Gas and Electricity, for a term of one year from October 1, 1906, at an annual rental of two hundred and forty dollars (\$240), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of Nos. 38 and 40 Clinton street, Borough of Brooklyn, for the use of the Department of Health:

November 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Eugene W. Scheffer, Secretary of the Department of Health, in a communication under date of November 1, 1906, transmits a communication of the Board of Health, adopted at its meeting held October 31, 1906, requesting the Commissioners of the Sinking Fund to authorize a renewal of the lease of the premises occupied by that Department at Nos. 38 and 40 Clinton street, Borough of Brooklyn, for a period of two years from January 1, 1907, with the privilege of renewal for one additional year upon the same terms and conditions as contained in the existing lease.

A site has been acquired by the City on the southwesterly corner of Fleet place and Willoughby street, Borough of Brooklyn, for the use of the Department of Health, for the erection thereon of a headquarters building in the Borough of Brooklyn, and it is expected by an early date that work will be begun for the erection of the new building, as plans and specifications are now ready. In view of the fact that it will be necessary to renew the present lease, pending the completion of the new building, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises Nos. 38 and 40 Clinton street, Borough of Brooklyn, for a period of two years from January 1, 1907, with the privilege of renewal for one additional year upon the same terms and conditions, at an annual rental of \$4,000, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Edwin Packard.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of premises Nos. 38 and 40 Clinton street, Borough of Brooklyn, for the use of the Department of Health, for a period of two years from January 1, 1907, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of four thousand dollars (\$4,000), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Edwin Packard; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Jamaica Bay Improvement Commission relative to a renewal of a lease of room in the Mechanics' Bank Building, No. 215 Montague street, Borough of Brooklyn:

BROOKLYN, NEW YORK CITY, November 9, 1906.

Mr. N. TAYLOR PHILLIPS, Secretary of the Commissioners of the Sinking Fund, No. 280 Broadway, New York City:

SIR—I have the honor to acquaint you with the following:

The Commissioners for the improvement and development of Jamaica Bay, etc., appointed by his Honor the Mayor April 26, 1906, were directed to make their report on or before the 31st day of December, 1906. By a resolution of the Board of Estimate and Apportionment of October 26th ult., a copy of the notification of which is enclosed, the time in which the Commission should report was extended six months.

Under a resolution of the Sinking Fund Commission June 5, 1906, provision was made for renting an office for the use of the Commission in the Mechanics' Bank Building, Brooklyn, until December 1, prox. The office has proved satisfactory and the Commissioners would like a renewal of the lease, if this may be done.

Respectfully,

WILLIAM G. FORD, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

November 16, 1906.

Recommended that the lease of room No. 913 in the Mechanics' Bank Building, No. 215 Montague street, Borough of Brooklyn, be renewed for a period of six months from December 1, 1906, at an annual rental of \$740.04, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mechanics' Bank Building, D. & M. Chauncey Real Estate Company, agent.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from the Mechanics' Bank, D. & M. Chauncey Real Estate Company, agents, of room No. 913 in the Mechanics' Bank Building, at the junction of Court, Fulton and Montague streets, in the Borough of Brooklyn, occupied by the Jamaica Bay Improvement Commission, for a period of six months from December 1, 1906, at a monthly rental of \$61.67, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of offices at No. 1 Madison avenue, Borough of Manhattan, occupied by the Board of Examiners:

November 15, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—William J. Fryer, Esq., Chairman of the Board of Examiners, in a communication addressed to the Comptroller, requests that a lease of the rooms occupied by him in the Metropolitan Life Insurance Building be renewed from January 1, 1907, at an annual rental of \$1,600. This is an increase of \$200 per annum over the present existing lease. The rental asked, in my opinion, is not excessive, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the Rooms Nos. 6027 and 6028 in the building known as No. 1 Madison avenue, Borough of Manhattan, for a period of one year from January 1, 1907, at an annual rental of \$1,600, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Metropolitan Life Insurance Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from the Metropolitan Life Insurance Company, of Rooms Nos. 6027 and 6028 in the building known as No. 1 Madison avenue, Borough of Manhattan, for the use of the Board of Examiners, for a term of one year from January 1, 1907, at an annual rental of sixteen hundred dollars (\$1,600), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to the payment of rent of premises at No. 140 Amity street, Flushing, Borough of Queens, occupied by the Seventeenth Separate Company:

November 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York has been in occupation of the premises No. 140 Amity street, Flushing, Borough of Queens, for the use of the Seventeenth Separate Company, under the supervision of the Board of Armory Commissioners, until April 1, 1906, under a resolution adopted by the Commissioners of the Sinking Fund on November 28, 1905, which authorized the payment of rent for said premises for the period from June 1, 1905, to January 1, 1906, at a rental of \$50 per month for the first three months and \$250 per month for the remaining period. It was expected that the Armory Board would vacate the premises on January 1, 1906, as General James McLeer informed the then Comptroller of The City of New York in October, 1905, to that effect. Rental was paid for the premises up to January 1, 1906, and the lessor now demands payment of rent for the period from January 1, 1906, to April 1, 1906, at the rate of \$250 per month. In view of the fact that a portion of said premises had been used for other purposes during the period from January 1, 1906, to April 1, 1906, this office requested the Division of Law and Adjustment to examine the lessor of the premises, Mr. James V. Graham, under oath, in order to determine how many nights during said period the premises were leased for other than City purposes. The lessor was subpoenaed and was sworn before you on May 15, 1906, and he testified that he was entitled to the sum of \$750 for the use of the premises for the three months in question, less whatever deduction the City saw fit to make for light and fuel used on those nights when the premises were rented to parties other than the City. Regarding the number of times the premises were used by such parties, the claimant said that during the three months the premises were rented no more than five nights; that whatever deduction should be made for lighting during said term he is willing to allow the City; that there should be no deduction for heating the premises on the said nights, as it was necessary to keep the building heated at all times in order to have the proper degree of warmth on the nights when used by the City.

The rental asked of \$250 per month is no doubt high, but in view of the fact that the premises were adaptable for the purposes used and that it was impossible for the Seventeenth Separate Company to remove from the premises on January 1, as the new armory at Flushing was not completed, I am of the opinion that the rent is not excessive, provided the City is allowed certain deductions for light used in the premises when the same were used for other purposes.

Pursuant to your instructions given to me at Flushing, I have investigated the matter and I am of the opinion that if a deduction of \$9.74 is made for the light used in the premises during the period from January 1, 1906, to April 1, 1906, the interest of the City would be subserved, for if an action were brought the interest that would have accrued for the default in the payment of rent would almost exceed the amount which the City could charge for the heat used in the premises for the number of hours the premises were used for other than City purposes, and besides, the claimant states that there was no period during the term of the City's occupation when the Armory Board was not in full possession of the premises.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the hiring by the Board of Armory Commissioners of the premises No. 140 Amity street, Flushing, Borough of Queens, for the Seventeenth Separate Company, and authorize the Comptroller to pay the sum of \$740.26 to James V. Graham, the rent of the said premises from January 1, 1906, to April 1, 1906, which amounts to \$750, less a deduction of \$9.74 for the light used in the premises, without the necessity of entering into a lease.

Respectfully submitted for approval,

THOMAS F. BYRNES,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring, by the Board of Armory Commissioners, of the premises known as No. 140 Amity street, Flushing, Borough of Queens, for the use of the Seventeenth Separate Company, and that the Comptroller be and is hereby authorized to pay to James V. Graham the sum of seven hundred and forty dollars and twenty-six cents (\$740.26), being the rent of said premises from January 1, 1906, to April 1, 1906, seven hundred and fifty dollars (\$750), less a deduction of nine dollars and seventy-four cents (\$9.74) for the light used in the premises, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the payment of the rent of room in the Grand Central Palace, Forty-third street and Lexington avenue, Borough of Manhattan, occupied by the Municipal Civil Service Commission on September 12, 1906:

November 15, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Municipal Civil Service Commission has transmitted to this office a voucher for rental for the month of September, 1906, for premises used for examination purposes outside of the premises under lease for the use of that Department. The rent being reasonable and the same as paid under previous resolutions, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the hiring by the Municipal Civil Service Commission of the large room in the Grand Central Palace, Forty-third and Forty-fourth streets and Lexington avenue, in the Borough of Manhattan, on September 12, 1906, and authorize the Comptroller to pay the sum of \$100 to the Grand Central Palace Company, being the rent for the hall in question on the date mentioned, without the necessity of entering into a lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring by the Municipal Civil Service Commission, of the large room in the Grand Central Palace, Forty-third and Forty-fourth streets and Lexington avenue, Borough of Manhattan, on September 12, 1906, and that the Comptroller be and is hereby authorized to pay to the Grand Central Palace Company, the sum of one hundred dollars (\$100), being the rent for the hall in question on the date mentioned without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a sale at public auction, of tax sale certificate No. 5233, being for the sale of the non-payment of taxes on Lot No. 33, in Block 99, of the Twenty-fourth Ward of the Borough of Brooklyn:

November 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York as successor to the City of Brooklyn acquired under and by virtue of the provisions of chapter 114 of the Laws of 1883 a certificate of tax sale on property located in the former Twenty-fourth Ward of the Borough of Brooklyn, known as Lot No. 33 in Block 99, said certificate being registered in the office of the Collector of Assessments and Arrears in Liber 83 of Tax Sales by the certificate No. 5233.

Mr. John H. Stoddard, of No. 44 Court street, Brooklyn, has presented to this office a request for the sale of said certificate and is willing to bid the amount which would be necessary to redeem the same from the operation of said sale, which is \$458.94. In accordance with the provisions of section 221 of the Greater New York Charter, the Commissioners of the Sinking Fund have jurisdiction over the sale of these certificates, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution in accordance with said section, that the said certificate be exposed at public auction at a price of \$471.44, which would be the amount due in full on said sale with interest thereon, together with \$12.50 for the necessary assignment of said certificate, and that the Comptroller be authorized to assign the said certificate to the purchaser thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That, pursuant to the provisions of section 221 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby authorize the Comptroller to sell at public auction, after due advertisement, for cash to the highest bidder, all the right, title and interest of The City of New York, in a certain tax sale certificate, registered in the office of the Collector of Assessments and Arrears in Liber 83 of Tax Sales by the certificate No. 5233, being for the sale of the non-payment of taxes on Lot No. 33, in Block 99 of the Twenty-fourth Ward of the Borough of Brooklyn.

The minimum or upset price at which said certificate is to be sold is hereby appraised and fixed at four hundred and seventy-one dollars and forty-four cents (\$471.44), and the Comptroller is hereby authorized to take the necessary steps for making such sale upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount due on said certificate as purchase money at the time of the sale, which sum shall not be less than four hundred and seventy-one dollars and forty-four cents (\$471.44).

Upon the payment of the amount bid at such sale the Comptroller is hereby authorized to execute and deliver an assignment of the said certificate to the purchaser, which shall be taken by the purchaser without recourse.

The Comptroller may, at his option, resell the certificate if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for the cost and expense of resale.

The right to reject any bid is reserved.

The report was accepted and the resolution unanimously adopted.

The Comptroller again brought up the matter of the proposed assignment of rooms in the Stewart Building, No. 280 Broadway, Borough of Manhattan, to the Board of Estimate and Apportionment.

On motion, the matter was again laid over.

The Comptroller presented the following report and offered the following resolution relative to the acquisition by the Police Department of a site on the northwesterly corner of the North Hempstead turnpike and Jamaica avenue, in the Borough of Queens:

November 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment, at its meeting held November 9, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Police Department in the selection of a site for departmental purposes in the Borough of Queens, bounded and described as follows:

"Beginning at the corner formed by the intersection of the northerly side of North Hempstead turnpike and the easterly side of Jamaica avenue; thence northerly 21 degrees 13 minutes east 318.80 feet; thence southerly 88 degrees 57 minutes east 359 feet along the land of the estate of Poppenhusen; thence north 59 degrees 29 minutes east 382.9 feet and still along the line of the said estate; thence south 49 degrees 9 minutes east 152 feet along the land of Parsons & Sons' Company; thence south 65 degrees 39 minutes east 409.8 feet along said land last mentioned; thence north 79 degrees 30 minutes east 353 feet and still along land last mentioned; thence south 65 degrees 36 minutes east 154 feet along the land of Joseph Fisher; thence south 44 degrees 23 minutes east 114.3 feet along the last mentioned land; thence south 29 degrees 13 minutes west 402.4 feet along the land of Sylvester and Teresa Fogarty; thence south 22 degrees 16 minutes west 335.2 feet along the last mentioned land to the northerly side of North Hempstead turnpike; thence north 71 degrees 7 minutes west 220.60 feet; thence north 18 degrees 53 minutes east 208.71 feet; thence north 71 degrees 7 minutes west 208.71 feet; thence south 18 degrees 53 minutes west 208.71 feet to the northerly side of North Hempstead turnpike; thence north 71 degrees 7 minutes west 1,194.39 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof; said property containing 22.123 acres.

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the same at private sale at a price not exceeding \$105,000; said contracts to be submitted to the Corporation Counsel for his approval as to form."

In an opinion of the Corporation Counsel, under date of March 8, 1905, in relation to the acquisition of property for the use of the Police Department, he stated that, in view of chapter 350 of the Laws of 1892, he was of the opinion that the Police Department should be conducted in the manner prescribed in chapter 21 of the amended section 1435 of the Charter, and that a proceeding to acquire lands for the uses of the Police Department should be conducted in the manner prescribed in chapter 21 of the amended Charter, and, in order to comply with the provisions of section 320, he thought that before any steps are taken to acquire real property for the uses of the Police Department, that it will be necessary for the Commissioners of the Sinking Fund to pass a resolution authorizing the acquisition of the same.

I would therefore respectfully recommend that, pursuant to the provisions of section 320 of the Greater New York Charter, the Commissioners of the Sinking Fund adopt a resolution concurring in the heretofore described resolution adopted by the Board of Estimate and Apportionment at its meeting held November 9, 1906, and authorize the acquisition of the property on the northeasterly corner of the North Hempstead turnpike and Jamaica avenue, in the Borough of Queens, for the use of the Police Department.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That, pursuant to the provisions of section 320 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby authorize the acquisition of the property selected by the Police Department as a site for departmental purposes, on the northeasterly corner of the North Hempstead turnpike and Jamaica avenue, in the Borough of Queens, and concur in the resolution adopted by the Board of Estimate and Apportionment at its meeting held November 9, 1906, approving of the action of the Police Department in the selection of said site, and authorizing the Comptroller to enter into contracts for the acquisition of the same at private sale, at a price not exceeding \$105,000.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to the refunding of Croton water rents paid in error:

November 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Applications have been made as per statement herewith for the Refund of Croton Water Rents Paid in Error.

The applications are severally approved by the Commissioner of Water Supply, Gas and Electricity, and the amount so paid, five hundred and twenty-four dollars and forty cents (\$524.40), has been deposited to the credit of the Sinking Fund for the Payment of the Interest on the City Debt.

Respectfully,

F. W. SMITH,
Chief Accountant and Bookkeeper.

Approved:

H. A. METZ, Comptroller.

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of the Chamberlain for the sum of five hundred and twenty-four dollars and forty cents (\$524.40) for deposit in the City Treasury to the credit of Croton Water Rent Refunding Account, for the refunding of erroneous and overpayments of Croton Water Rents, as per statement submitted herewith.

Which resolution was unanimously adopted.

The Comptroller presented the following report, relative to bonds sold November 2, 1906:

To the Commissioners of the Sinking Fund:

GENTLEMEN—Sealed proposals were received by the Comptroller at his office on November 2, 1906, after due advertisement, in pursuance of law, for \$4,500,000 of four per cent. Corporate Stock of The City of New York, exempt from taxation (as hereinafter more particularly described), principal and interest payable in gold coin of the United States of America of the present standard of weight and fineness.

Description of Stock.

\$4,000,000.00 of Corporate Stock of The City of New York (for Various Municipal Purposes). Principal payable November 1, 1956. Interest payable semi-annually on May 1 and November 1.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation, except for State purposes.

500,000.00 of Corporate Stock of The City of New York, to Provide for the Supply of Water. Principal payable November 1, 1956. Interest payable semi-annually on May 1 and November 1.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation, except for State purposes.

The said stock is issued in accordance with the provisions of Section 10 of Article 8 of the Constitution of the State of New York.

The principal of and interest on said Stock are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to a resolution of the Commissioners of the Sinking Fund, adopted June 9, 1898.

Proposals Received.

New York, November 2, 1906.

Filed.

H. A. METZ, Comptroller.

The Comptroller presented the following report and offered the following resolutions, relative to a renewal of the leases of the following premises, occupied by the Board of Elections:

1. Premises at Nos. 128 to 132 Mott street, Manhattan.
2. Premises at Nos. 232 and 234 West Forty-seventh street, Manhattan.
3. Premises at No. 236 West Forty-seventh street, Manhattan.

November 17, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable John R. Voorhis, President of the Board of Elections, in a communication under date of November 14, 1906, addressed to the Commissioners of the Sinking Fund, transmits resolutions adopted by his Board under date of the 13th inst., relative to the renewal of certain leases in the Borough of Manhattan of premises occupied by his Department.

1. In regard to the lease of the sixth loft of the building Nos. 128 to 132 Mott street, Borough of Manhattan, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of said lease for a period of one year from December 1, 1906, at an annual rental of \$1,600, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, August Mietz.

2. In regard to the lease of the basement of the premises Nos. 232 and 234 West Forty-seventh street, Borough of Manhattan, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of said lease for a period of one year from December 1, 1906, at an annual rental of \$1,980, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, Arthur J. Morgan and John P. Morgan, executors of the estate of Patrick Morgan, deceased.

3. In regard to the lease of the basement of the premises No. 236 West Forty-seventh street, Borough of Manhattan, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of said lease for a period of one year from December 1, 1906, at an annual rental of \$870, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, Arthur J. Morgan and John P. Morgan, executors of the estate of Patrick Morgan, deceased.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the sixth loft of the building Nos. 128 to 132 Mott street, Borough of Manhattan, for the use of the Board of Elections, for a period of one year from December 1, 1906, at an annual rental of sixteen hundred dollars (\$1,600), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, August Mietz; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the basement of the premises Nos. 232 and 234 West Forty-seventh street, Borough of Manhattan, for the use of the Board of Elections, for a period of one year from December 1, 1906, at an annual rental of nineteen hundred and eighty dollars (\$1,980), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessors, Arthur J. Morgan and John P. Morgan, executors of the estate of Patrick Morgan, deceased; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the basement of premises No. 236

West Forty-seventh street, in the Borough of Manhattan, for the use of the Board of Elections, for a period of one year from December 1, 1906, at an annual rental of eight hundred and seventy dollars (\$870), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessors, Arthur J. Morgan and John P. Morgan, executors of the estate of Patrick Morgan, deceased; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Commissioner of Docks relative to a lease of Pier (new) 14, North river, together with adjoining bulkhead, to the Brunswick Steamship Company:

November 13, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission:

SIR—I beg to advise you that after due consideration I am of the opinion that the interests of the City will be best served by leasing to the Brunswick Steamship Company the following described property:

1. Pier (new) 14, North river, near the foot of Fulton street, together with the bulkhead commencing at the property leased to John H. Starin, being at a point about 140 feet south of the southerly side of Pier (new) 14, and extending to a point about 87½ feet north of the northerly side of the said pier, a distance of about 352½ feet.

2. The bulkhead on the North river extending from the northerly side of Pier (new) 15 to a point 87½ feet southerly of said pier, and Pier (new) 15, North river, near the foot of Vesey street, excepting that the lessee shall have no right to the use of any portion of the water on the north side of said Pier (new) 15, nor the space occupied by the bell tower on said pier, which are used by the Hoboken Ferry Company.

The lease to be for a term of ten years, commencing from the date that said piers and bulkheads shall be vacated by the International Mercantile Marine Company.

The company to have the privilege of using, during the term of the lease, the sheds and the appliances which may be appurtenant thereto at the time of the commencement of the lease.

The rental for said piers, bulkheads and sheds, together with the appliances, shall be at the rate of \$120,000 per annum.

The lessee shall have the privilege of one renewal of ten years, the rental for the renewal term to be at an advance of 10 per cent. on the rental for the preceding term.

The lease shall provide that the lessee shall keep said sheds with the appliances appurtenant thereto in good condition and repair to the satisfaction of the Commissioner of Docks.

The remaining terms and conditions of the lease to be similar to those contained in printed form of lease now used by this Department.

The premises above described are at present leased to the International Mercantile Marine Company for the sum of \$95,511.98 per annum.

I would therefore recommend that the Commissioners of the Sinking Fund approve of and consent to the granting of the lease to the Brunswick Steamship Company upon the terms above mentioned.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

November 19, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Bense, Commissioner, Department of Docks and Ferries, in communication under date of November 13, 1906, to the Commissioners of the Sinking Fund, states that in his opinion the interests of the City would be best served by leasing to the Brunswick Steamship Company, the following described property:

1. Pier (new) 14, North river, near the foot of Fulton street, together with the bulkhead commencing at the property leased to John H. Starin, being at a point about 140 feet south of the southerly side of Pier (new) 14, and extending to a point about 87½ feet north of the northerly side of said pier, a distance of about 352½ feet.

2. The bulkhead on the North river extending from the northerly side of Pier (new) 15 to a point 87½ feet southerly of said Pier (new) 15, North river, near the foot of Vesey street, excepting that the lessee shall have no right to the use of any portion of the water on the north side of said Pier (new) 15, nor the space occupied by the bell-tower on said pier, which are used by the Hoboken Ferry Company.

The lease to be for a term of ten (10) years, commencing from the date that said piers and bulkheads shall be vacated by the International Mercantile Marine Company.

The company to have the privilege of using, during the term of the lease, the sheds and appliances which may be appurtenant thereto at the time of the commencement of the lease.

The rental for said piers, bulkheads and sheds, together with the appliances, shall be at the rate of \$120,000 per annum.

The lessee shall have the privilege of one renewal of ten years, the rental for the renewal term to be at an advance of ten (10) per cent. on the rental for the preceding term.

The lease to provide that the lessee shall keep said sheds with the appliances appurtenant thereto in good condition and repair to the satisfaction of the Commissioner of Docks.

The remaining terms and conditions of the lease to be similar to those contained in the printed form of lease now used by the Dock Department.

I would report that the premises above described are now occupied by the International Mercantile Marine Company, which pays \$95,511.98 per annum for the use of the property, and in addition has erected at its own expense sheds covering the two piers and bulkheads mentioned. These sheds become the property of the City when the premises are vacated by the present tenants.

The proposed rental of \$120,000 per annum is fair as compared with the rental paid by the present tenants, and is slightly greater than is to be charged for piers in the new so-called Chelsea section, between Bloomfield street and Twenty-second street, North river.

The terms of the proposed lease being fair, I would recommend that the Commissioners of the Sinking Fund may properly approve of and consent to the granting of the lease to the Brunswick Steamship Company on the terms mentioned above.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to the Brunswick Steamship Company, of the following described property:

1. Pier (new) 14, North river, near the foot of Fulton street, together with the bulkhead commencing at the property leased to John H. Starin, being at a point about 140 feet south of the southerly side of Pier (new) 14, and extending to a point about 87½ feet north of the northerly side of said pier, a distance of about 352½ feet.

2. The bulkhead on the North river extending from the northerly side of Pier (new) 15 to a point 87½ feet southerly of said pier, and Pier (new) 15, North river, near the foot of Vesey street, excepting that the lessee shall have no right to the use of any portion of the water on the north side of said Pier (new) 15, nor the space occupied by the bell-tower on said pier, which are used by the Hoboken Ferry Company.

The lease to be for a term of ten years, commencing from the date that said piers and bulkheads shall be vacated by the International Mercantile Marine Company. The Company to have the privilege of using, during the term of the lease, the sheds and the appliances which may be appurtenant thereto at the time of the commencement

of the lease. The rental for said piers, bulkheads and sheds, together with the appliances to be at the rate of one hundred and twenty thousand dollars (\$120,000) per annum. The lessee to have the privilege of one renewal of ten years; the rental for the renewal term to be at an advance of 10 per cent. on the rental for the preceding term. The lease to provide that the lessee shall keep said sheds with the appliances appurtenant thereto in good condition and repair to the satisfaction of the Commissioner of Docks. The remaining terms and conditions of the lease to be similar to those contained in printed form of lease now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated November 13, 1906.

The report was accepted and the resolution unanimously adopted.

A communication was received from the Board of Elections, relative to a renewal of the lease of the ninth floor of the Globe Storage Warehouse, situate at Nos. 305 and 307 East Sixty-first street, Borough of Manhattan.

Which was referred to the Comptroller.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

BOROUGH OF RICHMOND.

LOCAL BOARD, STATEN ISLAND DISTRICT.

Meeting November 1, 1906, 12.30 p. m.
Present—Alderman Rendt, President Cromwell.
The minutes of the meeting of October 2 were approved.

Petition 677—Resolution 39.

To regulate and grade Bertha place and Thressea place, Ward 2. First hearing.

The following resolution was moved by Alderman Rendt, and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore it is Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade Bertha place, from Eddy street to Thressea place, and Thressea place, from Richmond turnpike to Duncan avenue, in the Second Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Rendt, President Cromwell.

Negative—None.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

DEPARTMENT OF CORRECTION.

REPORT OF TRANSACTIONS, NOVEMBER 12 TO 18, 1906.

Communications Received.

From the Mayor—Asking to be furnished with statement as to quantity of obsolete documents of the Department of Correction, and annual expense of storing same.

All records and documents of the Department are kept at the Central Office, without cost to the City.

From the Board of Estimate and Apportionment—Secretary transmits copies of two resolutions which read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted October 9, 1906, and approved by the Mayor, October 20, 1906, in relation to an appropriation of five thousand dollars (\$5,000) to pay for making repairs to the steamboats of the Department of Correction, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of five thousand dollars (\$5,000), redeemable from the tax levy of the year succeeding the year of their issue.

A true copy of resolution adopted by the Board of Estimate and Apportionment November 9, 1906.

(Signed) JOSEPH HAAG, Secretary.

Resolved, That the sum of thirteen thousand five hundred dollars (\$13,500) be and the same is hereby transferred from the appropriations made to the Department of Correction for the year 1906, entitled and as follows:

| | |
|--|-------------|
| Borough of Brooklyn, Supplies and Contingencies..... | \$9,000 00 |
| Borough of Brooklyn, Repairs of Buildings and Apparatus..... | 4,500 00 |
| | \$13,500 00 |

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to the said Department of Correction for the same year, entitled and as follows:

| | |
|---|-------------|
| Borough of Manhattan, Supplies and Contingencies..... | \$9,000 00 |
| Borough of Manhattan, Alterations, Repairs and Improvements of Buildings, Apparatus and Steamboats..... | 4,500 00 |
| | \$13,500 00 |

—the amounts of said appropriations being insufficient.

A true copy of resolution adopted by the Board of Estimate and Apportionment November 9, 1906.

(Signed) JOSEPH HAAG, Secretary.

Receipt acknowledged.

From the Comptroller—After receiving an opinion from the Corporation Counsel in regard to time of removal of buildings on Penitentiary grounds, Brooklyn, the Comptroller asks when prisoners, etc., will be removed, so that buildings may be sold and grounds cleared.

Request the Comptroller to issue Special Revenue Bonds to the amount of \$50,000 provided by section 8 of chapter 173, Laws of 1905.

From Department of Water Supply, Gas and Electricity—Enclosing blanks to be filled out by person in charge of road lamps on Blackwell's Island, in order that bills of the Welsbach Company may be passed.

Report of Department Inspector that daily reports were formerly made to him, but such reports were discontinued some time ago; he has, therefore, no data for filling out these blanks.

Copy of Inspector's letter to be sent to the Department of Water Supply, Gas and Electricity.

From State Commission of Prisons—Secretary transmits reports of inspections made of Kings County Penitentiary and of the Branch Workhouse, Riker's Island, which reports have been approved by the State Commission of Prisons.

On file.

From the Prison Evangelistic Society—Making formal request for an arrangement for Protestant religious services on each Sunday at the City Prison, to be conducted by the Rev. J. J. Munro.

No change in present arrangement for Protestant services will be made, as it is not considered necessary.

From Heads of Institutions—Reporting that meats, fish, bread, milk, etc., for week ending November 10, 1906, agreed with specifications of contracts.

On file.

From Heads of Institutions—Reports, census, labor, hospital cases, punishments, etc., for week ending November 10, 1906.

On file.

From City Prison—Fines received, week ending November 10, 1906: From City Magistrates' Court, \$16.

On file.

From District Prisons—Fines received during week ending November 10, 1906: From City Magistrates' Courts, \$435.

On file.

From Penitentiary, Blackwell's Island—Warden transmits a report of twenty-four (24) convicts now at the New York County Penitentiary, Blackwell's Island, for use of the Governor of the State in commuting their sentences, according to law.

Forwarded to the Governor, as requested.

From Penitentiary, Blackwell's Island—List of prisoners received during week ending November 10, 1906: Men, 14; women, 1.

On file.

From Workhouse, Blackwell's Island—Fines paid at Workhouse during week ending November 10, 1906, amounted to \$111.

On file.

From Workhouse, Blackwell's Island—Death, on November 16, 1906, of Daniel O'Connell, aged forty-seven years. Friends notified.

From Branch Workhouse, Hart's Island—Report of Department Inspector in regard to old hot water tank in Pavilion No. 1, which is not worth repairing, as it has been in service for thirty years, and is badly corroded. Inspector, therefore, recommends the installation of a new tank for this pavilion.

Recommendation approved. Bids for above-named work to be asked for.

From Branch Workhouse, Hart's Island—Deaths at Branch Workhouse, Hart's Island—

On November 14, 1906, Frank McHugh, aged fifty years. Friends notified.

On November 15, 1906, James Burns, aged fifty-six years. Friends unknown.

On November 11, 1906, James Feely, aged twenty-nine years. Friends notified.

On November 16, 1906, Patrick McMahon, aged sixty-eight years. Friends notified.

On file.

From City Cemetery, Hart's Island—List of interments during week ending November 10, 1906.

On file.

From Kings County Penitentiary—Warden transmits bill of the Kings County Penitentiary against the State of New York for the fiscal year ending September 30, 1906, as follows:

| | |
|---|-------------|
| Tramps, 68,910 days, at 30 cents..... | \$20,673 00 |
| Felons, 78,731 days, at 30 cents..... | 23,619 30 |
| Cash donations to discharged prisoners..... | 255 00 |
| Clothing to discharged prisoners..... | 792 00 |
| Clothing (Matteawan prisoners)..... | 168 00 |
| Total..... | \$45,507 30 |

Forwarded to the State Comptroller.

From Kings County Penitentiary—Report of prisoners received during week ending November 10, 1906: Men, 20; women, 1.

On file.

From Kings County Penitentiary—Prisoners to be discharged, November 12 to 17, 1906: Men, 23; women, 1.

On file.

From Kings County Penitentiary—Reports, census, labor, supplies, hospital cases, etc., for week ending November 10, 1906.

On file.

Communications Transmitted.

To Civil Service Commission—Asking to be permitted to reinstate as Keeper in the Department, at \$800 per annum, James Powers.

Mr. Powers resigned said position in good standing on October 10, 1906, upon advice of his physician.

Proposals Accepted.

Of the William Horne Company, No. 71 West One Hundred and Thirty-second street, November 9, 1906, to furnish and install six (6) dome hood ventilators, 24 inches in diameter, similar to one over engine room (three on ice machine tank building, three on ice storage building), all for \$75.

Of American Pastry Manufacturing Company (New England Pie Baking Company), No. 629 East Fifteenth street, of November 13, 1906, to furnish 650 pies, assorted kinds; weight, size and quality to be equal to Munson's 20-cent pies, and to be 9½ inches in diameter. Deliveries to be: 300 on November 28, 350 on December 24, 1906; for fourteen cents (14¢) each.

Accepted, lowest bid.

Appointed.

Thomas Fitzpatrick, Hospital Helper, at \$480 per annum, to date from November 19, 1906 (Departmental Examination).

Dismissed.

Thomas Kelly, Helper, at \$150, at Workhouse, Blackwell's Island, to date from November 9, 1906. Cause, intoxication.

George Doran, Deckhand, at \$480 per annum, Steamboats, to date from November 14, 1906. Cause, absence without leave.

Reinstated.

James Burnham, Orderly, at \$240 per annum, at Branch Workhouse, Hart's Island, to date from November 14, 1906.

Died.

Peter Nealis, Keeper, at Branch Workhouse, Riker's Island, at \$1,200 per annum, died on November 10, 1906. Civil Service Commission notified.

Transferred.

Walter J. Deevy, Keeper, at \$1,200 per annum, from King's County Penitentiary to the Branch Workhouse, Hart's Island.

Dennis Lynch, Keeper, at \$800, transferred from Hart's Island to Kings County Penitentiary.

James Farrelly, Keeper, at \$800, from Branch Workhouse, Hart's Island, to the Kings County Penitentiary.

Thomas J. Norris, Keeper, at \$1,050, from Penitentiary, Blackwell's Island, to Branch Workhouse, Hart's Island.

All above transfers to date from November 15, 1906. Salaries unchanged.

JOHN V. COGGEY, Commissioner.

DEPARTMENT OF WATER SUPPLY, GAS
AND ELECTRICITY.

REPORT FOR THE QUARTER ENDING MARCH 31, 1905.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, No. 13-21 Park Row,
City of New York, September 7, 1905.

Hon. GEORGE B. McCLELLAN, Mayor.

Sir—In accordance with section 1554 of the Greater New York Charter, I submit the following report of the transactions of this Department for the quarter ending March 31, 1905:

Water Supply.

BOROUGH OF MANHATTAN, THE BRONX, QUEENS AND RICHMOND.

Attached hereto and marked "Document I." is the report of Chief Engineer I. M. de Varona. In this report the condition of the water supply, the expenditures provided for in the 1905 Budget, and the authorizations by the Board of Estimate and Apportionment of bond issues and the revenues collected by the various borough fiscal officers are shown in detail.

Tables are given showing average daily consumption, storage and rainfall during the quarter.

The distribution system, as well as details as to work done along the watershed and at the various pumping stations, are given at some length.

BOROUGH OF BROOKLYN.

The report of Chief Engineer I. M. de Varona is hereto attached and marked "Document II." The financial statement shows the revenues of the bureau; also the disbursements as to appropriations, expenditures, outstanding liabilities and balances of all funds at the disposal of the Chief Engineer's bureau.

An average of 129,971,509 United States gallons were furnished for consumption by the Brooklyn system during the quarter.

The waste from the ponds east of Milburn was reduced and showed not quite one-third of the amount wasted during the corresponding period of 1904.

Filter beds at Forest Stream were put into service during the quarter and thereby increased the supply by the amount of water from Simonson's pond, which now, owing to the completion of the filter beds, is put to use.

Twenty-one hundred and nine (\$2,109) linear feet of water mains were laid during the quarter.

The report of Mr. Henry Hawkes, Superintendent of Repairs, marked "Document II-A," covers the distribution and repairs for the quarter.

Document II-B shows the receipts and expenditures which passed through the Bureau of Supplies and Accounts.

Document II-C covers the report of Hon. Edward I. Miller, Deputy Commissioner, Borough of Richmond, as to the water supply in the Borough of Richmond.

Lighting.

The details covering public lighting in the several boroughs are hereto attached. The report of Mr. C. F. Lacombe, Engineer of Surface Construction, Boroughs of Manhattan and The Bronx, is marked "Document III."; the report of Mr. A. E. Allen, Assistant Engineer in Charge of Lighting, Borough of Brooklyn, is marked "Document IV."; the report of Deputy Commissioner E. I. Miller, Borough of Richmond, is marked "Document V." and is embodied in his report covering gas and electricity.

Electricity.

All transactions in the Electrical Bureau are covered in documents hereto attached:

For the Boroughs of Manhattan and The Bronx—Document VI.

For the Borough of Brooklyn—Document VII.

For the Borough of Queens—Document VIII.

Water Revenue.

The reports of the several fiscal borough officials are hereto attached, with a summarized statement showing sources and classification of revenue—Document IX.

Respectfully,

FRANK J. GOODWIN, Deputy Commissioner.

DOCUMENT I.

Department of Water Supply, Gas and Electricity,
Office of Chief Engineer, Nos. 13 to 21 Park Row,
City of New York, May 15, 1905.

Hon. JOHN T. OAKLEY, Commissioner:

Sir—The following report shows the condition of the water supply in the boroughs of Manhattan, The Bronx, Queens and Richmond, for the quarter ending March 31, 1905; the expenditures provided for under the Tax Levy Budget, as well as under the appropriations made by bond issues, and balances on April 1, 1905.

My appointment as Acting Chief Engineer for the boroughs of Manhattan, The Bronx, Queens and Richmond, which was made February 1, 1905, and which was succeeded by my permanent appointment, on April 1, 1905, as Chief Engineer of the above boroughs, while continuing as Acting Chief Engineer for the Borough of Brooklyn, imposed on me sudden and much enlarged duties, requiring immediate and constant attention and thus unavoidably delayed the preparation of this report. Some, although a smaller portion of the delay, was also due to my desire to make these reports embody a proper and detailed record of the work done and of the cost of the same, with the various items of expense duly classified so as to facilitate comparison, thus securing the only safe basis for progressive improvement and efficient management. I have before stated, in similar reports, that an intelligent and complete system of records and accounts, readily understood and accessible at all times, is the most effectual bar to extravagance and abuse, and that, in my opinion, in these reports the operations of the Department should be minutely detailed, so that our citizens can readily find therein how the money was expended in every case and what return the City received therefrom.

The difficulties of gathering and tabulating at once the necessary data to initiate and carry out this plan in the present report are obvious, therefore, while in the financial statement quite full information is given as to the expenditures and receipts, both as regards the Budget and bond issues, and also in regard to the water consumption and supply, the tables of which are now presented so that the changes can be systematically followed through the year, in the reports of work done full details are not yet available. I expect the improvement in this respect to be progressive and that before the end of the year the reports will contain all the public and detailed information to which our citizens are entitled.

Expenditures.

BOROUGH OF MANHATTAN AND THE BRONX.

Appropriations for 1905.

| | | |
|--|-------------|------------|
| Salaries, Bureau of Chief Engineer— | | |
| Appropriation | \$12,200 00 | |
| Expended, per voucher, 1905..... | 2,874 96 | |
| Balance, April 1..... | | \$9,325 04 |
| The amount available for the quarter, on the basis of the appropriation, would be \$3,050, of which \$2,874.96 was expended, thus leaving a surplus of \$175.04. | | |
| Salaries, Bronx River Works, Maintenance and Repairs— | | |
| Appropriation | \$3,900 00 | |
| Expended, per voucher, 1905..... | 1,050 00 | |
| Balance, April 1..... | | \$2,850 00 |

The above expenditure of \$1,050 for the quarter under this item exceeds the proportionate amount available by \$75. Unless a corresponding saving, not now expected, be made before the end of the year, a transfer of \$300 will be asked to meet the total annual deficit.

| | | |
|----------------------------------|-------------|-------------|
| Salaries, Croton Water System— | | |
| Appropriation | \$30,847 00 | |
| Expended, per voucher, 1905..... | 8,232 00 | |
| Balance, April 1..... | | \$22,614 80 |

The appropriation available for the quarter would allow \$7,711.75, whereas \$8,232.20 was expended, showing a deficit of \$520.45.

The estimate prepared for 1905 under this item was \$41,185, which appeared reasonable in order to secure efficient maintenance of the Croton Water System.

It will probably be necessary to ask for a transfer of additional funds to this account, in order to meet at least the pay roll of two Enginemen at \$1,277.50 per annum, one appointed in January, 1905, at Jerome Park Pumping Station, and the other in March, 1905, at the Ninety-eighth Street Pumping Station.

| | | |
|---|--------------|-----------|
| Maintenance of Croton Water System, Maintenance and Repair— | | |
| Appropriation | \$395,274 50 | |
| Expended, per Voucher, 1905: | | |
| Salaries | \$44,982 85 | |
| Contracts | | |
| Miscellaneous | 8,431 59 | |
| | | 53,414 44 |

Cash balance, April 1.....\$341,860 06

| | | |
|--------------------------------------|-------------|-----------|
| Outstanding Liabilities (estimated): | | |
| Contracts | \$88,200 00 | |
| Miscellaneous | 7,381 75 | |
| | | 95,581 75 |

Cash balance, April 1.....\$246,278 31

The appropriation of \$395,274.50 would apparently allow \$98,818.62 available for the quarter, out of which \$53,414.44 has been expended.

During the year, however, about \$50,000 must be set aside to meet the payment of taxes assessed in the Counties of Westchester and Putnam on aqueduct and reservoir property, under section 480 of the revised City Charter.

The above taxes, taken in conjunction with the increased working force, contracts and supplies to be maintained during the spring and summer months, will leave very little, if any, surplus in this account.

| | | |
|---|-------------|----------|
| Bronx River Works, Maintenance and Repairs— | | |
| Appropriation | \$32,000 00 | |
| Expended, per voucher, 1905: | | |
| Salaries | \$4,257 50 | |
| Sundries | 143 72 | |
| | | 4,401 22 |

Cash balance, April 1.....\$27,598 78

Outstanding liabilities (estimated).....100 00

Estimated balance, April 1.....\$27,498 78

While the proportionate amount under the appropriation for this item shows a surplus of \$3,598.78 for the quarter, this will be offset by the increased current expenses of the remaining quarters, the expenses during the first quarter of the year for maintenance and repairs being less than for the succeeding quarters.

| | | |
|--|------------|------------|
| Public Drinking Hydrants— | | |
| Appropriation | \$3,000 00 | |
| Expended, per voucher, 1905..... | | |
| Cash balance, April 1..... | \$3,000 00 | |
| Outstanding liabilities (estimated)..... | 600 00 | |
| Estimated balance, April 1..... | | \$2,400 00 |

The expenditures for the repairs and maintenance of public drinking hydrants is naturally nil during the winter months. During the later months, the appropriation, \$3,000, may possibly cover the current outlay for maintenance.

| | | |
|---|--------------|-----------|
| Repairing and Renewal of Pipes, Stop-cocks, Etc.— | | |
| Appropriation | \$260,000 00 | |
| Expended, per voucher, 1905: | | |
| Salaries | \$52,896 26 | |
| Contracts | | |
| Sundries | 1,692 60 | |
| | | 54,588 86 |

Cash balance, April 1.....\$205,411 14

Outstanding liabilities (estimated):

| | | |
|-----------------|-------------|-----------|
| Contracts | \$29,596 00 | |
| Sundries | 6,857 00 | |
| | | 36,453 00 |

Estimated balance, April 1.....\$168,958 14

The appropriation, \$260,000, allows \$65,000 available for the quarter, out of which \$54,588.86 has been expended.

The salaries and payrolls for the quarter are \$52,896.26, and, at a fair estimate for the year, they will aggregate \$200,000 to \$210,000.

After setting aside \$210,000, there will be left only \$50,000 to apply to repairs and renewals. During this quarter vouchers for \$1,692.60 were issued for payment; also contracts and sundry warrants unpaid for a total of \$36,453 were entered into by the Department, making a total liability of \$38,145.60 to be met. This will leave but \$11,854.40 to meet the current expenses for necessary supplies, etc., for the balance of the year.

Furthermore, no provision has yet been made to pay for the new emergency gangs, caulkers and laborers recommended by the Commissioner.

From the above facts a deficit may be expected, in spite of care and economy in the management, of from \$40,000 to \$60,000, for which provision will have to be made later in order to maintain the efficiency of the service and attend to the constantly recurring breaks and repairs to mains and fittings.

Water Supply for the Twenty-fourth Ward—

| | |
|----------------------------------|------------|
| Appropriation | \$9,000 00 |
| Expended, per voucher, 1905..... | 2,610 07 |
| Balance, April 1..... | \$6,389 93 |

This appropriation will be sufficient, but probably not in excess, to pay outstanding charges.

Some time during April the Jerome Park Pumping Station will be ready to supply this territory, and the service from the private sources will then have been cut off.

Appropriations for 1904.

Salaries, Bureau of Chief Engineer—

| | |
|-----------------------------|----------|
| Balance, April 1, 1905..... | \$345 09 |
|-----------------------------|----------|

Salaries, Croton Water System—

| | |
|----------------------------------|------------|
| Balance, January 1, 1905..... | \$1,611 85 |
| Expended, per voucher, 1905..... | 106 45 |
| Balance, April 1, 1905..... | \$1,505 40 |

Maintenance of Croton Water System—

| | |
|-------------------------------|-------------|
| Balance, January 1, 1905..... | \$56,174 90 |
| Expended, per voucher, 1905: | |
| Salaries | \$1,896 64 |
| Contracts | 23,416 88 |
| Sundries | 10,312 57 |
| | 35,626 09 |
| Cash balance, April 1..... | \$20,548 81 |

Outstanding liabilities (estimated):

| | |
|----------------------------------|------------|
| Sundries | 10,945 75 |
| Estimated balance, April 1 | \$9,603 06 |

Bronx River Works, Maintenance and Repairs—

| | |
|------------------------------|------------|
| Balance January 1, 1905..... | \$4,014 08 |
| Expended, per voucher, 1905: | |
| Salaries | \$154 50 |
| Sundries | 1,297 95 |
| | 1,452 45 |
| Cash balance April 1..... | \$2,561 63 |

Public Drinking Hydrants—

| | |
|---|------------|
| Balance January 1, 1905..... | \$1,035 83 |
| Expended, per voucher, 1905..... | 334 66 |
| Cash balance April 1..... | \$701 17 |
| Outstanding liabilities, estimated..... | 158 00 |
| Estimated balance April 1..... | \$543 17 |

Repairing and Renewal of Pipes, Stop-cocks, etc.—

| | |
|---|-------------|
| Balance January 1, 1905..... | \$17,138 41 |
| Transfer authorized by Board of Estimate and Apportionment..... | 4,703 35 |
| | \$21,841 76 |
| Expended, per voucher, 1905: | |
| Salaries | \$2,140 45 |
| Contracts | 8,651 83 |
| Sundries | 7,325 11 |
| | 18,117 39 |
| Cash balance April 1..... | \$3,724 27 |

Outstanding liabilities (estimated):

| | |
|--------------------------------|----------|
| Sundries | 3,335 00 |
| Estimated balance April 1..... | \$389 37 |

Water Supply for the Twenty-fourth Ward—

| | |
|----------------------------------|------------|
| Balance January 1, 1905..... | \$3,447 90 |
| Expended, per voucher, 1905..... | 1,288 37 |
| Cash balance April 1..... | \$2,159 53 |

Appropriations for 1903.

Maintenance of Croton Water System—

| | |
|--|-------------|
| Balance January 1, 1905..... | \$21,556 75 |
| Expended, per voucher, 1905..... | 6,180 34 |
| Cash balance April 1..... | \$15,376 41 |
| Outstanding liabilities (estimated)..... | 908 00 |

Bronx River Works, Maintenance and Repairs—

| | |
|--|-------------|
| Balance January 1, 1905..... | \$14,163 99 |
| Expended, per voucher, 1905..... | 873 02 |
| Cash balance April 1..... | \$13,290 97 |
| Outstanding liabilities (estimated)..... | 874 00 |
| Estimated balance April 1..... | \$12,416 97 |

Repairing and Renewal of Pipes, Stop-cocks, etc.—

| | |
|--|-------------|
| Balance January 1, 1905..... | \$19,348 88 |
| Expended, per voucher, 1905..... | |
| Cash balance April 1..... | \$19,348 88 |
| Outstanding liabilities (estimated)..... | 691 00 |
| Estimated balance April 1..... | \$18,657 88 |

Public Drinking Hydrants—

| | |
|------------------------------|----------|
| Balance January 1, 1905..... | \$665 05 |
| Balance April 1, 1905..... | \$665 05 |

Appropriations for 1900.

Aqueduct, Maintenance and Repairs—

| | |
|----------------------------------|------------|
| Balance January 1, 1905..... | \$2,265 61 |
| Expended, per voucher, 1905..... | 142 40 |
| Balance April 1, 1905..... | \$2,123 21 |

Bond Accounts.

Water Fund, Manhattan and The Bronx—

| | |
|--|----------------|
| Balance January 1, 1905..... | \$3,893,214 68 |
| Authorized by Board of Estimate and Apportionment, Premium 1-13-05 | 4,799 37 |
| Total available for first quarter, 1905..... | \$3,898,014 05 |

Expended, per voucher, 1905:

| | |
|-----------------|-------------|
| Salaries | \$32,718 90 |
| Contracts | 87,051 87 |
| Sundries | 23,153 54 |
| | 143,924 31 |

| | |
|---------------------------------|----------------|
| Cash balance April 1, 1905..... | \$3,755,089 74 |
|---------------------------------|----------------|

Outstanding Liabilities (Estimated):

| | |
|-----------------|--------------|
| Contracts | \$770,528 00 |
| Sundries | 18,067 52 |
| | 788,595 52 |

| | |
|--------------------------------|----------------|
| Estimated balance April 1..... | \$2,966,494 22 |
|--------------------------------|----------------|

Water Main Fund No. 3—

| | |
|------------------------------|--------------|
| Balance January 1, 1905..... | \$114,978 00 |
|------------------------------|--------------|

Expended, per Voucher, 1905:

| | |
|-----------------|------------|
| Salaries | \$4,172 50 |
| Contracts | 14,147 79 |
| Sundries | 7,055 66 |
| | 25,375 95 |

| | |
|---------------------------------|-------------|
| Cash balance April 1, 1905..... | \$89,602 05 |
|---------------------------------|-------------|

Outstanding Liabilities (Estimated):

| | |
|-----------------|-------------|
| Contracts | \$77,591 50 |
| Sundries | 6,597 00 |
| | 84,188 50 |

| | |
|--------------------------------|------------|
| Estimated balance April 1..... | \$5,413 55 |
|--------------------------------|------------|

High Pressure Fire Service, etc.—

| | |
|------------------------------|----------------|
| Balance January 1, 1905..... | \$3,927,898 40 |
|------------------------------|----------------|

Expended, per Voucher, 1905:

| | |
|-----------------|-------------|
| Salaries | \$10,900 73 |
| Contracts | |
| Sundries | 900 90 |
| | 11,801 63 |

| | |
|---------------------------------|----------------|
| Cash balance April 1, 1905..... | \$3,916,096 77 |
|---------------------------------|----------------|

Outstanding Liabilities (Estimated):

| | |
|----------------|----------|
| Sundries | 1,972 00 |
|----------------|----------|

| | |
|--------------------------------------|----------------|
| Estimated balance April 1, 1905..... | \$3,914,124 77 |
|--------------------------------------|----------------|

Additional Water Fund, City of New York—

| | |
|------------------------------|-------------|
| Balance January 1, 1905..... | \$51,434 18 |
|------------------------------|-------------|

Expended, per Voucher, 1905:

| | |
|----------------|----------|
| Sundries | 3,266 10 |
|----------------|----------|

| | |
|----------------------------|-------------|
| Balance April 1, 1905..... | \$48,168 08 |
|----------------------------|-------------|

Revenue Bond Fund, Purchase, etc., Westchester Water Company, Plant, etc.—

| | |
|----------------------------------|------------|
| Balance January 1, 1905..... | \$4,224 81 |
| Expended, per voucher, 1905..... | 3,646 65 |

| | |
|---------------------------------|----------|
| Cash balance April 1, 1905..... | \$578 16 |
|---------------------------------|----------|

Outstanding Liabilities (Estimated):

| | |
|----------------|-------|
| Sundries | 25 00 |
|----------------|-------|

| | |
|--------------------------------------|----------|
| Estimated balance April 1, 1905..... | \$553 16 |
|--------------------------------------|----------|

This estimated balance, \$553.16, may be sufficient to meet the outlay for the supply at Glen Park until the service mains for this district are connected with the Jerome Park service, probably in April, 1905.

Water Meter Fund No. 2—

| | |
|----------------------------------|-------------|
| Balance January 1, 1905..... | \$42,087 50 |
| Expended, per Voucher, 1905..... | |

| | |
|----------------------------|-------------|
| Balance April 1, 1905..... | \$42,087 50 |
|----------------------------|-------------|

|--|-------------|
| Salaries, Office of Deputy Commissioner— | |
| Appropriation | \$21,050 00 |
| Expended, per voucher, 1905..... | 4,687 44 |
| Balance, April 1..... | \$16,362 56 |

The amount available for the quarter was \$5,262.50, of which \$4,687.44 was expended, leaving a surplus of \$575.06.

| | |
|----------------------------------|-------------|
| Salaries, Pumping Stations— | |
| Appropriation | \$30,887 50 |
| Expended, per voucher, 1905..... | 7,841 48 |
| Balance, April 1..... | \$23,046 02 |

The amount available for the quarter was \$7,721.88, and \$7,841.48 was expended, making a deficit of \$119.60.

A request was made on the Board of Estimate in 1904 estimate for an increase of \$10,187.50 more than allowed, on the grounds that such an additional sum was necessary to fully man the stations and to clean up the grounds around the stations and the various sources from which the water is taken.

A transfer of additional funds must be made to this account to give adequate service.

During 1904, \$3,410.72 was transferred to the account and practically exhausted during the year.

| | |
|--------------------------------------|-------------|
| Pumping Stations, Fuel and Supplies— | |
| Appropriation | \$28,500 00 |
| Expended, per Voucher, 1905: | |
| Contracts | \$398 28 |
| Sundries | 398 28 |
| Cash balance, April 1..... | \$28,101 72 |

Outstanding Liabilities (estimated):

| | |
|-----------------|-------------|
| Contracts | \$16,752 00 |
| Sundries | 2,320 00 |
| | 19,072 00 |

Estimated balance, April 1.....

This appropriation, \$28,500, may not be adequate for the year, although the expenditures for the first quarter were only \$398.28.

During 1904, 2,850 tons of coal were consumed, which cost \$5.67 per ton, while in 1905, contract for 2,400 tons at \$6.98 was entered into, the difference in cost being very slight, while there were 450 more tons furnished in 1904 than in 1905.

The estimated balance, \$9,029.72, above, may therefore not be sufficient to meet the shortage in coal and the current expenses for the balance of the year, both of which must be met on account of the increased use of water in this territory.

This condition of affairs was called to the attention of the Board of Estimate by the Commissioner in the 1904 departmental estimate.

Maintenance and Repairs of Water Pipes, Etc.—

| | |
|------------------------------|-------------|
| Appropriation | \$30,000 00 |
| Expended, per Voucher, 1905: | |
| Salaries | \$4,824 21 |
| Sundries | 169 97 |
| | 4,994 18 |

Cash balance, April 1.....

| | |
|--------------------------------------|------------|
| Outstanding Liabilities (estimated): | |
| Contracts | |
| Sundries | \$1,722 85 |
| | 1,722 85 |

Estimated balance, April 1.....

While the total expenditures for the quarter were \$4,994.18, against \$7,500 available, leaving a surplus of \$2,505.82, the balance, \$25,005.82, will not be sufficient, under the conditions, to meet the current expenses and contracts necessary for this important branch of the Queens system.

The working force, having full charge of the pipe system, hydrants, etc., of the entire borough, is wholly inadequate and must be increased to maintain efficient service.

During 1904, \$4,500 was transferred to this account, and such additional sum, at least, will be necessary for the carrying on of the work properly and efficiently during 1905.

| | |
|--|--------------|
| Supplying Water to Long Island City— | |
| Appropriation | \$125,000 00 |
| Expended, per voucher, 1905..... | 22,431 26 |
| Cash balance, April 1..... | \$102,568 74 |
| Outstanding liabilities (estimated)..... | 100 00 |
| Estimated balance, April 1..... | \$102,468 74 |

Under the conditions existing in 1904, this appropriation may be sufficient, but if, in the sections where new connecting mains have been laid by the Department, an increased demand be made for house connections, a greater sum will be expended for the supply of water, and it will be necessary to ask for an additional sum to meet these requirements.

| | |
|----------------------------|-------------|
| Rentals of Fire Hydrants— | |
| Appropriation | \$50,000 00 |
| Cash balance, April 1..... | \$50,000 00 |

This appropriation may be sufficient for the year, although it may be imperative to place additional hydrants in parts of the borough where now the fire protection is inadequate.

FINANCIAL.

Receipts and Expenditures.
BOROUGH OF RICHMOND.

| Receipts. | |
|--|------------|
| Regular annual frontage rates and penalties..... | \$11 35 |
| Meter charges, buildings..... | 170 24 |
| Total collections to the credit of the fund, Borough of Richmond—Village of Tottenville—Water Rents..... | \$181 59 |
| Expenditures. | |
| Appropriations for 1905. | |
| Salaries, Office of Deputy Commissioner— | |
| Appropriation..... | \$6,900 00 |
| Expended, per voucher, 1905..... | 1,724 97 |
| Cash balance, April 1..... | \$5,175 03 |
| Pumping Stations, Salaries and Supplies— | |
| Appropriation..... | \$7,100 00 |
| Expended, per Voucher, 1905: | |
| Salaries..... | \$1,334 80 |
| Contracts..... | |
| Sundries..... | |
| | 1,334 80 |
| Cash balance, April 1..... | \$5,765 20 |
| Outstanding Liabilities (Estimated): | |
| Contracts..... | \$3,570 00 |
| Sundries..... | 1,616 00 |
| | 5,186 00 |
| Estimated balance, April 1..... | \$579 20 |

This appropriation, \$7,100, is wholly inadequate.

Taking \$1,334.80 for the quarter's pay rolls, about \$5,340 will be required for the year on this item alone. A balance of about \$1,760 would then remain to meet current expenses and the purchase of coal, which advanced from \$3.92 in 1904 to \$5.95 in 1905 per ton.

The latter item has been let by contract for \$3,570, thus leaving a deficit of \$1,810 before any current expenses are taken into consideration.

During the quarter, requisitions for \$1,616 have been issued, and it is safe to state that this amount will aggregate \$2,500 before the close of the year, thus making a fairly estimated deficit of \$4,316 to be met, and to do so a transfer of additional funds must be asked for.

| | |
|----------------------------------|-------------|
| Rentals of Fire Hydrants— | |
| Appropriation..... | \$30,052 50 |
| Expended, per voucher, 1905..... | |
| Cash balance, April 1..... | \$30,052 50 |

This appropriation, \$30,052.50, is the same amount as for 1904, and may be sufficient for the year.

The 1904 appropriation has not yet been expended, awaiting adjustment as to price, but, when same has been corrected and voucher issued, it will have practically exhausted the balance to this account.

The same conditions obtain for 1905, provided no additional hydrants are demanded in this territory.

The readjustment of price per hydrant affects likewise the balance to this account for 1903.

* Awaiting adjustment.

Average Daily Consumption.

Considerable pains have been taken to ascertain as accurately as practicable the daily consumption, and the calculations herewith submitted were made after a careful rerating of the meter, and are based on a curve plotted from the average gaugings taken up to date. They afford, therefore, the most reliable information at present obtainable in regard to the supply from the Croton, although it were to be desired that more frequent observations had been made as to the condition of the inside surface of the conduit, which is an important factor in the delivery of the same. In regard to the supply from the Bronx and Byram rivers, I have been compelled, pending preparation of some other arrangement, to rely upon the computations based on a diagram of the pipe delivery made from pitometer measurements, which, for various reasons, seem to lack precision. Fortunately, the error in this case, owing to the relatively small proportion of the supply, is of no practical consequence.

A table is given, I believe, for the first time, not only of the storage at the different reservoirs on the last day of each month during the quarter, but also of the full capacity, amount drawn during the quarter, storage during the quarter and storage on hand, in such a shape that the figures can be readily followed and checked through each successive quarterly report.

N. B.—The figures given in the tables originally prepared for this quarterly report have been revised, checked and corrected, so as to conform to the results obtained by the rating of the current meter made October 24, 1905, by the Aqueduct Commissioners and reported to this Bureau November 16, 1905.

Average Daily Consumption—Million Gallons.

| | January. | February. | March. | Average for Quarter. |
|------------------------------------|----------|-----------|--------|----------------------|
| Manhattan. | | | | |
| New Aqueduct..... | 285.2 | 284.5 | 284.6 | 284.7 |
| The Bronx. | | | | |
| Old Aqueduct..... | 8.7 | 14. | 16. | 13.3 |
| Bronx and Byram..... | 18. | 18. | 18. | 18. |
| Yonkers..... | 1.1 | 1.1 | 1.1 | 1.1 |
| Total, Manhattan and The Bronx.... | 313. | 317.6 | 319.7 | 317.1 |

Water was led through 48-inch blow-off gates, new Croton Dam, from March 21 to 31, 1905, three gates being open, with head on gates varying from 28 to 69 feet = 7,590 million gallons.

Flow over Croton Dam filled new reservoir formed by the new dam at Cornell's up to elevation 170.

Kensico and Byram reservoirs have filled during the quarter, and Rye ponds are gradually filling.

From January 7 to January 25, 1905, water wasted over Croton Dam prior to the closing of the blow-off gates in the new Croton Dam amounted to 10,544,000,000 gallons.

No water ran over Croton Dam 43 days during the quarter.

Old aqueduct was shut off for 10 days in January.

On January 28, 1905, the blow-off gates in the new Croton Dam were closed by the Aqueduct Commission Engineers, and the water behind the dam rose until March 21, when it had reached a depth of 75 feet, at elevation 128, when the blow-off gates were opened, wasting for remainder of month at an average of 732 million gallons per day.

On March 31 the water had risen to 116 feet in depth, at elevation 169, the blow-off gates being still open.

On March 31 there was about 12,480 million gallons of water in reservoir, between the old and new dams.

The severe and continued cold weather during the quarter has caused an increased use and waste of water. The new Aqueduct has been run to its full capacity, but has failed to keep the reservoirs in Central Park to their full depth.

From March 23 to 31, water wasted over Kensico Dam to the amount of 704 million gallons.

Rainfall.

| | January. | February. | March. | Totals. |
|--------------------------------|----------|-----------|--------|---------|
| Croton Dam | 7.37 | 1.67 | 3.99 | 13.03 |

* With flashboards on crest of spillway.

Water flowing over spillway or flashboards not considered as storage.

The work done along the line of the aqueduct during the quarter ending March 31, 1905, has been as follows:

Division No. 1.

The work on this Division has been: Cleaning up the shores of Croton lake; cleaning screens in new gate house; painting in new gate house; cutting and setting telephone poles between old and new dam; walks, gutters, steps, roof of new gate house kept clear of ice and snow.

Division No. 2.

The work on this Division has been: Rebuilding retaining walls on the east side of the aqueduct at ventilator No. 6; excavating for and building gutter at the same

place; cutting down trees that obstructed the telephone line and made fence posts of them; straightening up telephone poles and rebuilding part of a culvert at the south end of line; filling and grading at the south end of line; cleared ice and snow from all culverts and bridges on line of aqueduct; also from walks and gutters on City property.

Division No. 3.

The work on this Division has been: Building, repairing and painting fences; cleaning machinery at shaft No. 9; cleaning line, culverts, walks and drains of ice and snow; cleaning up line of aqueduct of brush, weeds, and cutting out limbs of trees that interfered with fences and telephone line.

Division No. 4.

The work on this Division has been: Building retaining wall near Elm street; filling and grading near Elm street; building and repairing and painting fences; cleaning crosswalks, gutters, drains and culverts of snow and ice.

Division No. 5.

The work on this Division has been: Excavating earth and rock at the upper end of line; preparing for a retaining wall; spreading manure, carting lumber from Van Cortlandt; building and painting fences; cleaning out gutters and culverts; removing ice and snow from sidewalks and gutters.

Division No. 6.

The work on this Division has been: Painting outside of Keeper's house and three barns; cleaning machinery in gate house; painting and cleaning around head house; repairing and painting fences; raking leaves and cleaning line of aqueduct; cleaning ice and snow from walks and culverts after every storm.

Division No. 7.

The work on this Division has been: Spreading manure; trimming coal at the pumping station; keeping surface of water clean at the High Bridge reservoir; removing ice and snow from High Bridge, High Bridge steps, and from all the approaches to the water works; raking leaves and cleaning line of aqueduct.

Division No. 8.

The work on this Division has been: Painting the new work of the north gate house roof; cleaning screws at the north and new gate houses; painting three boats; spreading manure; cleaning screws in pipe chamber south gate house; tarring locust posts; putting sheetiron ceiling in cellar of Keeper's house; taking out old screens and replacing with new ones; cleaning pipe chamber at the south gate house; keeping the surface of the water clean; cleaning and maintenance of gate house; patrolling Central Park reservoir and pipe lines; removing ice and snow from crosswalks; carpenter making repairs, Ninety-eighth street pumping station; putting in water gauges, One Hundred and Thirty-fifth street gate house; pointed up cellar wall, Keeper's house.

Titicus and Muscoot (Amawalk) Reservoirs.

The necessary maintenance work, such as care of the gate houses, keeping the culverts along the highways open, cutting ice from the lipstones of the dams, etc., has been attended to; when the weather permitted, the cutting of brush, dead trees, etc., was resumed at both Muscoot and Titicus reservoirs.

A line of telephone poles from the Central Office at Purdy's Station to the Engineer's house at Titicus dam has been erected and an instrument installed.

All meteorological data and collecting of water samples attended to; a sanitary patrol maintained and nuisances promptly reported.

The repairing of rail and post fences along the highways at Muscoot and Titicus reservoirs is under way.

The surveys of the "Patterson swamp," on the East Branch of the Croton river, and the purchase line for same are about completed.

East Branch Reservoir.

Cleaning gate houses, gates and stop-cocks; cutting down trees and brush on shores of East Branch and Bog Brook reservoirs.

Cleaning snow from sidewalks and gutters in front of City property in Brewster Village; opening and closing gates; collecting water samples.

West Branch Reservoir.

Cutting dead trees and brush in the Whang Valley, at north end of West Branch reservoir. This clearing was necessary, as the land was flooded when the flashboards were put on lip of spillway at West Branch dam; cleaning gates and gate houses; patrolling streams and lakes and the West Branch Croton to the Westchester County line; collecting samples of water.

Boyd's and Middle Branch Reservoirs.

Patrolling streams that empty into the reservoirs, cutting brush, etc.

Electrozone Plant at Brewsters, N. Y.

This plant has been in constant operation during the quarter.

Legal Proceedings.

The condemnation proceedings under the Muscoot river and Wilson Brook Commission are finished, and all lands acquired have been paid for and the buildings destroyed.

The second Gleneida Commission is now appraising the damage for water rights in Lake Gleneida; the testimony is all in, and a report should be made before long.

The condemnation proceedings under the Mahopac Village and Cranberry Pond Commission are finished; the lands acquired have been paid for, and the buildings have been destroyed.

Contracts.

Contract for fencing Cranberry pond and outlet, work suspended last fall, has not been resumed; there is about 30,000 linear feet of fence wall to be built to complete the contract; work under this contract will have to be pushed vigorously if it is to be completed the coming summer.

Under the Contract for Improvement of East Branch Reservoir.

There were only two days on which work was done on slope paving in river channel, and 266 linear feet of fence was built during the quarter; no work done in quarry from January 25 to March 1, 1905. The storage reservoirs and lakes are full.

The work under the contract for the improvement of the East Branch reservoir has been unnecessarily delayed by the contractor not employing a sufficient force of men, and not having material on hand when required.

To complete this work before next winter, the contractor should be compelled to employ a sufficient force of men and push the work as rapidly as possible.

Bronx River System.

The force employed during the quarter ending March 31, 1905, on maintenance and repairs on the Bronx River System have for the most part been at work along the Bronx river above the reservoir, clearing trees and bushes from each side of the stream and cleaning the channel by removing fallen trees, stumps, bushes, dead wood and all material injurious to the purity of the stream and obstructing its flow.

Much time and work has been required to keep channels, bridges, culverts and spillways free as possible from ice.

Many posts have been set for temporary fences at places where necessary for protection and until permanent fences can be built.

The Waterbury mill and barn and Knowlton mill, on land acquired by the Bronx and Byram Commission for sanitary purposes, have been destroyed, making about ninety buildings that have been destroyed during the past year.

Land acquired by The City of New York for the Bronx River System:

| | Acres. |

During the past quarter eleven (11) nuisances have been abated on the Croton watershed.

Inspectors are patrolling the streams and brooks, on the lookout for animals that may have died during the winter, and have buried or otherwise disposed of same when found.

The plans for the disposal of sewage at Mt. Kisco have been completed and are now ready to be submitted to the State Board of Health for approval.

Property owners at Mt. Kisco have been requested to change their privies so that about ten (10) new pans can be placed where most needed.

The Mt. Kisco filter has been repaired and put in good condition for the summer, and regular tests of effluent from same will be made.

While I have not yet had an opportunity to make such a thorough examination of the watershed as I intend to make, it is evident to me that a more adequate force should be assigned to the permanent inspection and care of the watershed, and also to guard against sources of pollution.

Aside from the specific methods to be adopted in particular cases, two general measures seem to me at once worthy of study, i. e.:

First—Sewage of that portion of the watershed where pollution is threatened from villages or settlements, a work which may possibly be undertaken with the co-operation of these villages.

Second—The filtration of the whole supply. There is little doubt in my mind that the supply of Greater New York must be ultimately filtered, in compliance with the demands of modern sanitary science, and is the most effectual protection against pollution.

It is also important to obtain a modification of the Rules and Regulations of the State Board of Health in relation to the abatement of nuisances on the watershed, so as to enlarge the powers of the Local Boards and render their action more efficient against transgressors. In several reports on the Brooklyn water supply, particularly in those for the years 1896 and 1902, I have had occasion to discuss the matter. The mode of procedure is, I believe, as follows:

We are directed first to notify in writing, transgressors that they are violating the law and serve them at the same time with a copy of the State Board regulations. If the notified parties fail, within not less than thirty days, to abate the nuisances, we have then to make complaint to the State Board of Health, who, when they meet, detail an Inspector to make an investigation. After this is made, if our complaint is sustained, when the State Board of Health again meet, they direct the Local Board to enforce the regulations. The Local Board then again directs the transgressors to abate the nuisances, and, if they fail to do so, we may maintain an action in Court to accomplish this result, and this action is to be tried in the County wherein the nuisances are committed (see chapter 661 of the Laws of 1893, sections 70 and 71 of article 5, relating to the protection of potable waters in this State).

No more dilatory, cumbersome and practically useless method could be devised; none more totally barren of any useful results, as repeatedly proved by facts both in the Brooklyn watershed (quoted in the annual reports above mentioned) and in our own Croton watershed. The statutes should be amended so as to impose on the Local Boards the duty of abating nuisances and giving them the necessary power to deal directly and summarily with offenders.

Contracts Entered into During Quarter Ending March 31, 1905.

BOROUGH OF MANHATTAN AND THE BRONX.

| | |
|---|--------------|
| Norton & Dalton Contracting Company—Furnishing, delivering and laying water mains in Avenue A, Edgecombe and Lexington avenues; in Elm, Pearl, Leonard, Forty-third, Forty-fourth, Forty-fifth, Forty-sixth, Forty-seventh, Forty-ninth, Fifty-fifth and One Hundred and Fifty-fifth streets | \$79,053 00 |
| Norton & Dalton Contracting Company—Furnishing, delivering and laying water mains in Columbus, Grant, Jackson and Saxe avenues; in Fillmore, Garfield, Hancock, Jefferson, Lincoln, Louise, Madison, Taylor, Van Buren, Two Hundred and Thirty-third and Two Hundred and Sixteenth streets, and in Bear Swamp, Unionport and White Plains roads | 96,654 00 |
| John Fox & Co.—Furnishing and delivering stop-cocks, hydrant, hydrant heads, wooden hydrant boxes, cast-iron stop-cock boxes and covers, and manhole heads and covers | 24,449 50 |
| Nicholas L. Stokes—Furnishing, delivering and storing 16,300 gross tons (2,240 pounds to a ton) egg size white ash anthracite coal | 85,575 00 |
| Mueller Manufacturing Company—Furnishing and delivering tapping cocks, tapping cock boxes, twist and plug drills and hydrant nozzles, waste cocks, caps and chains, handles, screws and bridges | 5,146 28 |
| William E. Burke—Furnishing and delivering lubricating oils | 2,625 00 |
| Bernstein & Bernstein—Services as architects for the High Pressure Fire Service Station at the northwest corner of Oliver and South streets, Borough of Manhattan | 3,500 00 |
| Total | \$297,002 78 |

| Total..... | 26 |

I find that the system provided for repairs in the distribution system is seriously defective. The absence of night or emergency gangs is particularly to be noticed. It is impossible to properly attend to a break occurring after 4 o'clock, which is the hour at which the services of the men under the present arrangements terminate. It necessarily follows that whenever a break occurs after that hour, or on a holiday, the Department must depend on the chances of finding at their residences men enough and sufficiently in time to repair the break before considerable damage has been done. Such a situation should not be allowed to continue, and the necessary appropriation should be asked for the installation of night gangs, so that men would be continually on duty at the various repair stations to report immediately for duty in case of a break, the system being in this manner similar to that followed in Brooklyn.

The evil is increased by the fact that the districts at present assigned to the various repair gangs are entirely too large for the force which has to take care of them, while the personnel of the men leaves much to be desired in some cases. I shall further on report to you on a redistribution of the system, increasing the number of districts, as well as reorganizing the personnel of the gangs.

I find also that the City does not own the houses in which the various repair gangs are located, and we have no other repair yard than the one at Twenty-fourth street and East river. I earnestly recommend that the City should purchase suitable houses for the installation of the repair gangs and repair yards. By these means, not only will the efficiency of the service be increased, but the cost of repairs, now excessive, considerably diminished.

The remodeling of the distribution system, particularly in the lower part of the City and in some of the East Side districts, seems imperative, in order to provide sufficient pressure for domestic purposes and for fire protection. There are a large number of 6-inch pipe, even of 4-inch pipe, in The Bronx, entirely insufficient for the needs of the consumption, especially when badly tuberculated, as many of them are. These should all be replaced and no pipe smaller than 8 inches in diameter should be allowed within the limits of Greater New York. Still less should hydrants be attached to small mains, as they are practically useless in case of a large fire. The large number of dead ends now existing must be brought to a minimum and sufficient number of cross connections and lateral mains laid to secure a more uniform pressure, particularly in the downtown districts.

As regards the hydrants, old hydrants with 4-inch barrel and single connection should be immediately replaced by a better designed hydrant. The old New York Case hydrant should likewise be abolished. I have adopted the Standard hydrant, used in Brooklyn, known as the Smith hydrant, and would recommend the substitution of this type of hydrant for those now in use, as rapidly as appropriations will allow. The number of hydrants should be largely increased.

Waste and Its Prevention.

Although it has often been maintained and published that a large waste of water was due to defective street mains, the observation of many years of large mains in Brooklyn convinced me that the reported waste from these mains was much exaggerated, and that the bulk of the waste was due to defective service pipes and house plumbing, and the observations I have been able to make of the mains in Manhattan, as well as the results of the experiments made—as far as they went—to determine waste, confirm that view, which it is gratifying to me to find indorsed in the report of the Burr-Hering-Freeman Commission. The latter report also estimates the preventable waste from leaky and defective plumbing at somewhat over 15 per

cent., an estimate which differs very little from that reported by me in the case of Brooklyn, in which I have maintained that it would be dangerous to assume a larger saving by the adoption of meters in planning out the necessary extensions of our water supply. I believe and recommend that the investigations to determine the leakage should be continued, particularly in order to determine the cause of the large draught through the late hours at night and early hours of the morning, which has by no means been satisfactorily accounted for.

Records.

The maps and records of our general system, but particularly those of the distribution system, are very defective and unreliable. Furthermore, those on file are, in some cases, in a very dilapidated condition, which is all the more to be regretted, because the designation of the various diameters of pipes, etc., is made by colors, which easily fade and become indistinct, leading to considerable trouble in case of reference. This color scheme has the additional disadvantage of making graphic reproduction from a tracing impracticable by simple printing, because the colors have all to be shown in the printed copy. I have started the preparation of maps of the entire distribution system with black lines, so that same may be readily blue printed. In this case not only will the location of all gates, mains and valves be shown by proper references, but the dates of the laying of pipes, etc., will be shown when known. A card index and book of reference will show also the condition of the hydrants and gates.

Inspection of Hydrants, Valves, Etc.

The force detailed for the inspection of hydrants is entirely inadequate for that purpose and cannot do efficient work. I shall recommend the proper increase and mapping out of the work, so that it may be properly done. The testing of these gates, many of which seem to be in poor condition, should also be much more carefully attended to, and proper entries made of the dates on which they are tested and of their condition.

Distribution System.

BOROUGH OF QUEENS.

Previous to the beginning of cold weather the pipe lines, gates and hydrants were all placed in good working order, with the result that at this time the general condition of the system is very good.

The contract of Clinton-Beckwith for laying mains in Thompson, Bates and Woodside avenues, Hoffman Boulevard and Union turnpike, has been completed. The final payment of 95 per cent. was made on February 1, 1905. Jackson, Nott, Hopkins and Ely avenues, Woolsey street and Broadway work is complete, with the exception of some repaving and other minor repairs.

The proposed work of laying new street mains to the amount of \$230,000 in the First and Third Wards of this borough, estimates, etc., has kept the small force at the disposal of this office busy investigating the necessity for the same, the condition of the streets where mains are to be laid, and in making plans and estimates. This force is also continually engaged in making investigations and reports of the work done by private water companies operating in this borough and in compiling the data so obtained.

The repair gangs in both wards of this borough have been employed in making necessary repairs to the system, as shown by the tables of work done.

Before the advent of warmer weather it will be very necessary that the ponds at Oakland Lake and at the Flushing station be thoroughly cleaned to prevent the growth of algae, or formation of organic matter.

The corporation yards in this borough are in good order, and supplied with necessary pipe and fittings for repair work.

Work Done in Borough of Queens During the Quarter.

| Kind of Work Done. | First Ward. | Third Ward. |
|---|-------------|-------------|
| Number of taps made..... | 31 | 17 |
| Number of leaks repaired..... | 13 | 14 |
| Number of stop-cocks repaired..... | 6 | 4 |

| Number of stop-cocks repaired in corporation yard in stock..... | 7 | .. |
| Number of days work in corporation yard..... | 35 | .. |

Distribution System, Borough of Richmond.

No repairs were required during the quarter in the mains, hydrants or gates in the Borough of Richmond.

MECHANICAL DIVISION.

Pumping Stations, Boroughs of Manhattan and The Bronx.

Jerome Avenue Pumping Station.

June 24, 1901, a contract was entered into with H. R. Worthington to furnish and install, complete, with all appurtenances, in the Jerome Avenue Pumping Station two (2) ten million gallon high duty pumping engines and three (3) boilers. This plant was ready for operation last year, but owing to the discovery of a number of cracked and broken pipes in the 48-inch supply line from the proposed Gate House No. 4 of the Jerome Park Reservoir to the pumping station, and the length of time subsequently consumed in excavating for and replacing the damaged pipes, which work was finally done under a contract entered into between the Aqueduct Commission and the firm of Norton & Dalton, this line did not become available until March 6, at which date the first engine was started up, and shortly afterwards the second one, and since which date one engine has been in daily service, part of each day, pumping into the Williamsbridge Reservoir service until it was demonstrated that these engines would run without mishap, when the necessary changes were then made in the street gates and the pumpage from this station was extended, March 24, to the northern limits of the City, and the gates controlling the supply from the City of Yonkers were closed. March 28 the service was extended along Aqueduct avenue to University heights and to High Bridge, and the supply from Manhattan to these sections was discontinued. When certain proposed necessary pipe connections are made, this service will be extended to the east of the railroad and the Bronx River into Williamsbridge, Wakefield and the high sections in Westchester and the supply to these sections now being obtained from the plants of the New York and Westchester Water Company will be discontinued.

The work of covering the steam and hot water pipes, boilers and heated parts of the engines is now in progress, and when this work is done the lagging and painting will be gone on with and the engines will be ready for final test.

A contract was entered into with the firm of Snare & Triest, of New York, to furnish labor and materials and cut an opening in the engine room floor, finish and build railing around same, build stairway to basement, place platforms for ready access to the water ends of the engines, to place a hood over the receiving tank, and also to place cast-iron floor plates around the engine-beds. The work is progressing satisfactorily.

The work of setting the platform scales in the boiler room and the turntable in the coal house has been finished.

The hand rail on stairway from street to floor of tool house has been placed. This work was embraced in A. C. Gildersleeve's contract.

During the quarter the boilers in this station were tested by the Police Department. Ventilators were placed on the roof of the tool house. Certificate for final payment was made in favor of Snare & Triest for furnishing materials and building the tank and standpipe in this station.

One Hundred and Seventy-ninth Street Pumping Station.

During the quarter the work of thoroughly overhauling and repairing pumping engine No. 1 of the tower service was completed. The auxiliary 4-inch steam line from the boiler room to engines Nos. 1 and 3 is completed all but connecting with engine No. 3 and covering. This connection cannot be made until the repairs are again authorized.

During the quarter the engines were packed and water valves renewed where necessary, and boilers were regularly taken off and cleaned.

The walls of the engine room were cleaned down. Drip pans are being placed under all cold water pipes in the basement of the engine house.

New 5-inch stop valves were placed on Nos. 1, 2, 3 and 4 boilers, and new valves were placed in the jacket return pipes to these boilers. One new 5-inch stop valve was placed on boiler No. 8. The braces in the domes of Nos. 1 and 2 boilers were re-riveted. Renewed furnace linings of No. 4 boiler. New arch, centre and check blocks were placed in furnaces of boilers Nos. 1, 2, 3, 4, 5, 6, 7 and 8.

New ash pit flooring was placed in setting of No. 7 boiler.

The flooring in front of No. 5 and No. 6 boilers was renewed. New bridge walls were placed in the furnaces of boilers Nos. 9, 10 and 11.

Fire brick casings were placed around the blow-off piping, from boilers Nos. 2, 4, 5 and 7. The scales in the boiler room were repaired.

The renewal of the timber platforms and pipe bracing in the tunnel from the station to Amsterdam avenue was completed.

The following repairs were made upon the coal conveyor, viz.: Installing seven new dumpers, forty new buckets and new pins in the digger, and fitting door of hopper with new opening device for regulating the feed of coal.

In this station the Blake pumping engines, Nos. 2 and 3, which had very few repairs since their installation, over eight years ago, are now in need of thorough overhauling and repairing, and ordinary repairs are necessary on Worthington engines Nos. 5 and 6.

As these repairs will aggregate, in cost, more than \$1,000, and as the issuance of open orders for work to such an amount is in violation of section 419 of the Greater New York Charter, the completion of the above repairs is held in abeyance until authorization is made therefor by the Board of Estimate and Apportionment and by the Board of Aldermen.

The conditions in the pumping stations in this borough are such that should the engines in need of repair in this station become disabled, the high service districts would suffer a material shortage in water supply.

Ninety-eighth Street Pumping Station.

Changes in the main steam lines in the boiler room of this station that were started during the last quarter of 1904, were completed during this quarter. The repairs to Worthington engine No. 3 were in progress up to February 21, when they were discontinued, for the same reasons as given herein for the discontinuation of repairs at the One Hundred and Seventy-ninth Street Pumping Station. The engine is now completely dismantled and cannot be put into service until repairs are completed.

The two 7½ million gallon Worthington low duty type engines are in excellent state of repair.

Provision should be made to remove as much of the fire hazard from this station as practicable. The roofs of the engine house, boiler house and coal house, and the engine room floor, should be replaced by materials of fireproof construction, so that in the event of fire the danger of the station being completely disabled would be reduced to a minimum.

The boilers of the plant have been regularly cleaned during the quarter.

High Bridge Pumping Station.

After the installation in the One Hundred and Seventy-ninth Street Pumping Station of the new Worthington engines, it was found that the supply from the High Bridge Station could be dispensed with, and the station was shut down.

At the present time the Worthington engine could be used for regular service. Minor repairs are necessary to be made to the second engine before it could be put into regular service. These repairs are held in abeyance for the same reasons as given for discontinuing the repairs at One Hundred and Seventy-ninth Street Pumping Station.

BOROUGH OF QUEENS.

First Ward.

Pumping Station No. 1.

This plant is in good condition. The only repairs during the quarter were the renewal of gasket between the high and the low pressure cylinders of engine No. 1; placing drip piping and fittings of brass on both engines, and minor repairs to the air and feed pumps.

The woodwork, window and door trim, floor and railing of balcony extending partly around the engine room were cleaned and varnished. Three new doors are being hung and a new window frame and sash is being placed in the boiler room.

The side walls of the boiler room were whitewashed and the brick settings of the boilers and the ceiling were painted.

Pumping Station No. 3.

Except for making some minor repairs to engine No. 1 (the Snow engine), this plant is in good condition.

During the quarter the boiler feed pump was moved from the engine room to the boiler room, and the smaller pump was taken from the boiler room and taken to the engine room to be used in case of emergency.

The Knowles air pump was connected with the condensers of both pumping engines, to permit of its being used with either condenser.

The old feed water heater in the exhaust to the Snow pumping engine was taken out, as the installation of the feed water purifier and heater had rendered the old feed water heater useless.

Boilers were cleaned regularly and are in good condition.

Third Ward.

Flushing Pumping Station.

The steam piping, as planned in connection with the new boiler installation, was placed complete and covered with magnesia covering, the work being done by the Department Pipe Fitter and Helper. The automatic damper regulator is being placed and connected temporarily on the back of the boiler settings.

The Worthington boiler feed pump, taken from Pumping Station No. 3, First Ward, was connected up in this station.

New sets of shaking and dumping grates, with larger air spaces, were placed in the boiler furnaces.

All steam and water pressure and vacuum gauges were tested and repaired during the quarter. The much needed repairs were started on Snow pumping engine No. 1, but were not completed and were held in abeyance for reasons similar to those given hereinbefore in connection to repairs to engines, etc., in the Borough of Manhattan.

The carpenters finished the work of laying new double floor in the engine room. The wall in the extended end of the engine room and around the remainder of the room where the old wainscoting was removed was lathed and plastered by the Department Bricklayer, and the new wainscoting is being placed.

Important changes in the interior of the residence attached to the pumping station were made necessary by the extending of the engine room.

The temporary boiler shed, pending the building of a new boiler house by Contractor Stevenson, was built, and the roof covered with tar paper.

The new pumping engine installed by the Snow Steam Pump Works is ready for final test.

The breaking of springs in the high pressure piston of this engine caused the cylinder and rod to become badly scored. It was found necessary to rebore the cylinder and place new piston in rod. These repairs required three weeks' time, during which it was found that the old No. 1 Snow pump was unable to keep the pressure normal, and the Whitestone station, which had been shut down, was put into service.

The new engine cannot be painted until the repairs to No. 1 engine are completed.

The work on the contract of the Hudson Engineering and Contracting Company for furnishing and installing wells and air lift system is progressing. During the quarter they drove two additional wells and connected up one of them. Preparations are being made to make ten-hour tests of the wells in pairs. It was found that the air compressor to be installed under this contract could not be placed in the engine room, so a site was selected outside of the building, with the intention of extending the engine room in the future. In order to protect the compressor from the weather a temporary shed is being built.

Delay has been experienced by the contractor in furnishing, delivering and setting the necessary piping in order to get this plant in running order.

Work under the contract of James A. Stevenson for making building improvements at this station is proceeding very slowly, the contractor having been repeatedly notified to accelerate the work, but having failed to do so.

On the contract with the firm of Frank McSwegan & Sons to install surface condensers, air pumps, exhaust heaters, etc., in pumping station of First Ward and in this pumping station, is proceeding very slowly on account of the delay of the contractor in getting the condensers built.

The special cast-iron pipes have been delivered at this station and are being placed on the No. 1 engine.

Bayside Pumping Station.

The main suction line from the wells, which was recently repaired, has been tested and the wells have been put in service.

A 12-inch cast-iron sewer and drain pipe has been laid by the Department employees under the boiler room floor, and extends to the creek. The blow-offs from the boilers are connected with this sewer drain.

The work of building the extension to the engine house and building new boiler house and coal houses, under the contract with N. W. Ryan, is practically completed.

The automatic damper regulator has been permanently set and connected up in the boiler room.

The boilers have been regularly cleaned and are in good condition.

Whitestone Pumping Station.

In anticipation of the completion of the well system and the installation of the new 3,000,000 gallon pumping engine at the Flushing Pumping Station, it was considered no longer necessary to operate this pumping station, and same was shut down early in January, the working force being reduced to two Enginemen and two Firemen. Shortly after shutting down the station, however, a breakdown on the new engine in the Flushing Pumping Station compelled the starting up again of this station, and the running of the same, in order to keep the pressure normal during the time required to make the repairs to the new Flushing pumping engine; and when the repairs were completed on the Flushing pumping engine this station was again shut down.

College Point Standpipe.

Materials have been furnished and delivered for the installation of pressure regulating device at the College Point standpipe, so as to prevent the overflowing of this pipe during times of light consumption. The work of installing this pressure regulating system is now progressing, and the nuisance of the overflowing of this standpipe will soon be abated.

BOROUGH OF RICHMOND.

Tottenville Pumping Station.

At the Tottenville Pumping Station the stack has been increased in height by 40 feet, and the draught has been very much improved.

New shaker and dumping grates have been placed in the furnaces of the old boiler settings, and two new steam gauges have been placed on the boilers.

The Police Department inspection and test was made of both boilers.

The boilers have been regularly cleaned.

Steam heating pipes have been placed in the well pump houses Nos. 1 and 2, and the pumps in these houses have been cleaned and repaired.

The No. 2 Worthington pumping engine has been thoroughly overhauled and put in complete repair.

The work of overhauling and repairing the No. 1 Worthington engine is now in progress. Repairs have been made to the joints in the steam pipe.

A break in the new 12-inch main in the village has also been repaired.

Materials have been delivered and the work has begun on the construction of a new coal bin.

A suitable out-house has been built at this station.

The force at this station has been increased by the appointment of an additional engineman and a stoker, both of whom were transferred from the Borough of Queens.

BOROUGH OF MANHATTAN AND THE BRONX.

Ninety-eighth Street Pumping Station.

High Pressure Fire Service.

On my assignment on February 1 to the duties of Acting Chief Engineer of Manhattan, The Bronx, Queens and Richmond, while continuing as Chief Engineer in Brooklyn, I received special directions to spare no efforts to speedily complete the installation of the high pressure fire system in the Borough of Manhattan. The progress made has been as follows:

The design of all the main features of the whole high pressure fire system has been completed, and the preparation of the contracts and specifications for the various portions of the work is actively under way. The plan for the whole system of high pressure fire mains has been prepared and laid out. Under the present appropriation the northernmost main will be at Twenty-third street, and the southernmost at Chambers street, and the area protected will be from Twenty-fifth street to about Murray street. The westernmost large main will be on Tenth avenue and Hudson street, with branches therefrom running westward. The easternmost large main will be around the Bowery and Third avenue, and the area protected will reach, say, about 500 feet further east. The system of mains has been so designed and proportioned as to provide for further extensions of the area to be protected northward from Twenty-fifth street, eastward from the Bowery and southward to the Battery, if required. For purposes of convenience, the area in which the high pressure fire system is now to be laid has been divided into three districts, i. e., the Southern District, extending from Chambers street to Spring street; the Middle or Central District, from Spring street to Eleventh street, and the Upper or Northern District, from Eleventh street to Twenty-third street.

The contract and specifications for the high pressure hydrants were completed and the work was advertised on February 18, eighteen days after the present Chief Engineer assumed office. Bids were opened on March 8.

The general plan and estimate of buildings required for the high pressure fire service stations at Gansevoort Market and at Oliver street were decided upon and contract was made on March 27, 1905, with Messrs. Bernstein & Bernstein as architects for the preparation of plans and specifications and superintendence of erection of said building.

The preparation of the contracts for the remainder of the work is actively under way, and unless some unforeseen obstacle intervenes, substantial progress will certainly be shown in construction before the end of the year.

Respectfully submitted,

I. M. DE VARONA, Chief Engineer.

DOCUMENT II.

Chief Engineer's Office, Borough of Brooklyn,
Room 25, Municipal Building,
Brooklyn, N. Y., June 14, 1905.

Hon. THOMAS R. FARRELL, Deputy Commissioner:

Dear Sir—The following report shows the condition of the water supply in the Borough of Brooklyn, the work done in connection with the same for the quarter ending March 31, 1905, the receipts for metered and unmetered water and from miscellaneous charges, and also the expenditures provided for under the Water Revenue Budget and Tax Levy Budget, as prepared by this Bureau, as well as the appropriations made for new work and outstanding balances on April 1, 1905:

FINANCIAL.

Receipts and Expenditures.

Receipts.

| | |
|--|-------------|
| Regular annual frontage rates and penalties..... | \$44,538 02 |
| Meter charges, buildings and steamboats..... | 158,520 42 |
| Miscellaneous charges | 10,895 81 |
| Permits for tapping mains..... | 1,960 75 |

| | |
|---|--------------|
| Total collections to credit of Water Revenue, Borough of Brooklyn | \$215,915 00 |
|---|--------------|

Expenditures (Water Revenue Budget).

| | |
|--------------------------------|---------------------|
| Chief Engineer, Salaries | \$119,476 99 |
| Chief Engineer, Supplies | 5,818 82 |
| | <u>\$125,295 81</u> |

| | | |
|---|-------------|-----------|
| Distribution and Repairs, Salaries..... | \$56,892 89 | |
| Distribution and Repairs, Supplies..... | 903 77 | 57,796 66 |
| Deputy Commissioner, Supplies | | 91 75 |
| Supplies and Accounts, Salaries..... | \$2,881 83 | |
| Supplies and Accounts, Supplies..... | 12 95 | 2,894 78 |
| Water Registrar, Salaries (Inspectors)..... | \$7,749 69 | |
| Water Registrar, Supplies | 135 38 | 7,885 07 |

Total expenditures \$193,964 07

The Water Revenue Budget prepared for this Bureau for the year 1905 provides the following amounts:

| | |
|----------------------------|----------------|
| Salaries | \$514,414 80 |
| Supplies and Repairs | 700,950 00 |
| Total..... | \$1,215,364 80 |

So that on this basis the estimated expenses for the quarter would be, for this Bureau:

| | |
|-------------------------------|--------------|
| For Salaries | \$128,603 70 |
| For Supplies and Repairs..... | 175,237 50 |

Making a total of..... \$303,841 20

And the actual expenditures chargeable to the Budget for 1905 for this Bureau are, as shown above..... 125,295 81

Thus leaving a balance to our credit of..... \$178,545 39

—of which the saving in salaries for the first quarter is \$9,126.71.

The very large balance which appears in the estimate for supplies, i. e., \$169,418.68, is explained by the fact that many bills for expenses incurred during the first quarter have not yet been rendered, that the large bills for coal supplied will not this year begin to be charged against the appropriation for 1905 until some time after May 1, and that the larger expenses for Distribution and Repairs are incurred during the second and third quarters than during the first and fourth quarters. Even after making due allowance for these facts, however, there will still be a margin to our credit in the estimated item for supplies given in the Budget.

Expenditures—(Tax Levy Budget).

| | |
|---|------------|
| Laboratory— | |
| Salaries and Wages..... | \$1,200 00 |
| Supplies (charged to account Supplies and Contingencies)..... | 69 00 |
| | \$1,269 00 |

The item of Salaries in the Tax Levy Budget prepared by this Bureau for the year 1905 amounted to \$8,330, and the appropriation made was limited to \$7,300.

On this basis the amount allowable for the first quarter would be..... \$1,825 00

And as the same actually has been..... 1,200 00

There would be a surplus of..... \$625 00

This surplus, however, is merely apparent and is due to the fact that the pay of the five Laborers at the Laboratory has been taken out of the Water Revenue Fund during the first quarter and will also be taken out of the same fund for the second quarter, after which it will be charged to the Tax Levy Budget. This mode of procedure is necessary, since otherwise there would be a deficit in the Tax Levy Budget equal to the amount by which the appropriation was cut down, as above explained.

Appropriations, Expenditures and Balances.

| | |
|----------------------------------|------------|
| Appropriations for 1905— | |
| Salaries, Laboratory: | |
| Appropriation | \$7,300 00 |
| Expended, per voucher, 1905..... | 1,200 00 |

Cash balance April 1, 1905..... \$6,100 00

Rentals of Fire Hydrants:

| | |
|----------------------------------|-------------|
| Appropriation | \$25,000 00 |
| Expended, per voucher, 1905..... | |

Cash balance April 1..... \$25,000 00

Water Construction, Borough of Brooklyn—

| | |
|----------------------------------|--------------|
| Balance January 1, 1905..... | \$657,239 07 |
| Expended, per voucher, 1905..... | |

Cash balance April 1..... \$657,239 07

Outstanding Liabilities (Estimated):

| | |
|-----------------|------------|
| Contracts | \$7,436 42 |
| Sundries | |
| | 7,436 42 |

Estimated balance April 1..... \$649,802 65

N. B.—This balance of \$649,802.65 is made up of the sum of \$500,000 which was appropriated on May 14, 1901, for repairs of the Millburn Reservoir, and \$149,802.65 remaining as a balance from the appropriation of \$1,010,000 made on October 2, 1900, for the additional pipe conduit, which was built under the Masterson contract.

I hereby earnestly renew the recommendation made in my communications of July 9, 1904, and April 11, 1905, to definitely ascertain whether or not the above balance of \$149,802.65 left from the appropriation for the additional pipe conduit is available for extension of distribution or other work, and in case it be not now available to have such steps taken as may be necessary to utilize it and thus reduce to that amount future appropriations.

In regard to the appropriation of \$500,000 granted for repairs to the Millburn Reservoir, I stated in my communication of April 11, 1905, that in my opinion it would not be advisable to attempt any further work on the Millburn Reservoir, and I hereby renew the recommendation then made to take the necessary steps to cancel the original authorization for this work and authorize the transfer of the \$500,000 appropriated for more important work. At present this amount could be very advantageously used either for additional pipe conduit proposed, or for the extension of the infiltration gallery system. The transfer of this balance would make up, to that amount, the reduction made by the Board of Estimate in the request for bond issues made by this Department for the current year.

Rainfall, Inches.

| Location. | January. | | February. | | March. | | Total. | |
|--------------------------|----------|-------|-----------|-------|--------|-------|--------|-------|
| | 1904. | 1905. | 1904. | 1905. | 1904. | 1905. | 1904. | 1905. |
| Municipal Building..... | 3.20 | 3.24 | 2.19 | 2.64 | 3.54 | 3.85 | 8.93 | 9.73 |
| Hempstead Reservoir..... | 2.97 | 2.20 | 3.56 | 3.00 | 3.58 | 4.05 | 10.11 | 9.25 |

The rainfall recorded at the Hempstead storage reservoir was less than that for the corresponding quarter of last year, and considerably less than the average yearly rate. A large proportion of the precipitation was in the shape of snow, and most of this was lost, as, owing to the extremely cold weather, the snow lay on the ground and was evaporated. When the rain came, the ground was frozen, and a considerable portion of the rainfall was lost through the surface run-off.

General Condition of the Supply.

The continued cold weather during January and February caused a very heavy draft on our supply, making it extremely difficult to furnish sufficient water to meet the demands. Owing to the lack of conduit capacity, we could not utilize the full supply, which might have been obtained from the ponds east of Massapequa. We obtained, however, the maximum amount that could be pumped at the Millburn station, the average daily pumping during the three months being 59,376,021 gallons as compared with an average of 53,368,141 gallons during this same period last year. This increased pumping, together with the meteorological conditions, reduced the waste from the ponds east of Millburn, the amount wasted from each supply pond being as follows:

| | January. | February. | March. | Total. |
|------------------|-------------|------------|-------------|-------------|
| Massapequa | 7,751,000 | | 10,882,200 | 18,633,200 |
| Wantagh | 14,496,000 | 7,803,000 | 4,061,800 | 26,360,800 |
| Newbridge | 5,859,200 | | 3,662,000 | 9,521,200 |
| East Meadow..... | 83,974,600 | 39,146,000 | 106,189,800 | 229,310,400 |
| Millburn | | | | |
| Total..... | 112,080,800 | 46,949,000 | 124,795,800 | 283,825,600 |

The total amount wasted was not quite one-third of the amount wasted during the corresponding period last year. On account of the increased pumping from Millburn, it was not necessary to draw from Hempstead Storage Reservoir, except on January 5, 6 and 24 to 30, and we therefore increased the total amount stored in the distributing reservoirs and Hempstead storage by 175,655,300 gallons. We put into service on the first of the year the filter beds at Forest Stream, thus increasing our supply by the amount of water from Simonson's Pond, which before the completion of the above filter beds had been shut off frequently, being unfit for use. We have not been able to further increase our supply, although it is expected that by replacing the existing 2-inch wrought iron driven walls with vitrified wells surrounded by gravel, we may increase the yield from our Spring Creek, Jameco and Oconee Stations. We also expect to obtain an additional supply from the Wantagh infiltration gallery, work on which is to be resumed by the contractor as soon as the weather permits. This work has been long delayed on account of the difficulty in obtaining the land and the subsequent refusal of the contractor to continue the work on account of the delay in obtaining the land.

The figures above given as representing the consumption, are based on pump displacement, and as the pumps have been necessarily run almost continuously, and therefore with an increase in slip, they are necessarily somewhat in excess of the actual amount of water consumed. However, they practically represent the water used and wasted in the City close enough for present purposes. The figures show an average daily consumption for the Ridgewood system of a little over 125,000,000 gallons per day during the month of February. This consumption is in excess of the safe pumping capacity of the Ridgewood Station and also in excess of the carrying capacity of the conduits. Furthermore, it is far in excess of the safe supply that can be obtained from our watershed even during the years of normal rainfall. I have already, in my annual report, called your attention to the absolute necessity of our obtaining additional conduit capacity and also the authorization of the necessary money to remodel our Ridgewood Station, so that the station can safely pump one hundred and twenty to one hundred and twenty-five million gallons daily. Any water in excess of this amount would be pumped directly from the source of supply through the proposed new conduit into the Ridgewood Reservoir. Even though the Department be granted the appropriation necessary, it is questionable whether we can meet the needs of the consumers if we have a dry season. Our Ridgewood Station is at present running without any margin of safety, for in the event of an accident to one of our twenty-million gallon engines, we would have to make a special appeal to the consumers to reduce the waste, and thus cut down the consumption, if it were necessary to shut down the engine for repairs for more than a few days.

While the new mains have greatly improved the distribution of water from a fire standpoint, the pressure in some sections is not adequate to satisfy our citizens and an additional supply would be required before these sections can have the pressure increased.

Extension to Distribution.

We have already given orders to Mr. Daniel Douglass to commence work of laying pipe under his contract for laying water mains in various streets, dated January 9, 1905, and have also ordered Murphy Bros. to commence work under their contract for laying water mains where ordered in outlying sections of the Borough under their contract dated February 24, 1905. With these two contracts we should be able to lay mains so as to satisfy the citizens who have in the past had just cause to complain of the unreasonable length of time that elapsed between the filing of their petitions for water mains and the actual installation of the same.

The work done on extension to distribution during the quarter was as follows:

| Water Mains Laid. | 8-inch. | 6-inch. | Total. |
|-------------------------|---------|---------|--------|
| Linear feet | 2,044 | 65 | 2,109 |
| Stop-cocks set | 4 | .. | 4 |
| Fire hydrants set | .. | .. | 20 |

During the quarter petitions for 30 streets and avenues were received and 10 were reported on unfavorably. These petitions covered the laying of 8,324 feet of 12-inch pipe, 9,781 feet of 8-inch pipe, 602 feet of 6-inch pipe, making a total of 18,707 feet of pipe.

The new 20-inch main to be laid to supply the Coney Island District has been cast at the foundry and a large amount of pipe is now on the ground. The work of laying this main will be started early in the coming quarter and the water should be turned through the main before the end of the quarter.

Practically no work has been done on the removing and relaying of the mains, as it is necessary to have weather above the freezing point in order to carry on this work, as otherwise the house services, which are necessarily exposed, would freeze.

As it was deemed advisable from the standpoint of our supply for fire protection purposes to have the 20-inch main on Classon avenue, between Park avenue and Flushing avenue completed, work was continued even through the severe winter weather, and 780 feet of 20-inch pipe was laid, this work completing the Classon avenue line.

It will be necessary to continue the work of removing and relaying the existing small tuberculated mains, and a contract is now being prepared for this work.

We will require additional appropriations for trunk mains in the coming year, as our extensions have almost entirely consisted of small mains, and the trunk mains in the outlying districts are not sufficient to safely supply the water, either during periods of heavy domestic draft or for fire purposes.

The 24-inch main to be laid by Messrs. Cranford & McNamee, the contractors for the Rapid Transit Subway on Fulton street, was completed and the water turned in on February 25. The hydrants have not been set on this main on account of the frost in the ground.

The laying of the 16-inch Mt. Prospect fire service main was resumed by Contractor Isaac Harris on March 15, and the main on Water street, between Main street and Fulton street, was completed. The contractor is now laying this main on Front street, from Main street to Gold street. This work will be completed in a few weeks.

For a number of years the City has been utilizing the hydrants connected with the distribution system of the Blythebourne Water Company without any recompense to the company. The company has finally refused to allow the City to further use its hydrants without compensation, and a contract has, therefore, been forwarded, covering the rental of these hydrants at the price of \$15 per annum per hydrant.

PUMPING STATIONS.

Mt. Prospect.

The average amount of water pumped per day at Mt. Prospect Pumping Station was as follows:

| | Low Service. | High Service. |
|---|--------------|---------------|
| Average daily pumping, first quarter of 1904..... | 6,983,022 | 3,770,050 |
| Average daily pumping, first quarter of 1905..... | 807,342 | 4,481,361 |
| Average daily increase, 1905..... | | 711,311 |
| Average daily increase, 1905..... | 6,175,680 | |

The decrease in pumping on the reservoir service was due to the fact that the greater part of the supply was pumped from the Ridgewood Station by using the Davidson engines, connecting to the 48-inch force main on Eastern parkway.

The operation of the Ridgewood engines on this service has made it possible to overhaul engines Nos. 1 and 2, and this work is now being done.

The 6,000,000 gallon-steam turbine centrifugal pump being installed by the D'Olier Engineering Company was completed sufficiently to be put in service for the first time on March 9. The preliminary runs made have shown that the pump will deliver above its rated capacity, and the machine gives evidence of being capable of meeting our requirements satisfactorily, with the possible exception of the considerable noise caused by the gears running at high speed. It is expected to test this pump early in the coming quarter.

The 8-inch steam line running from the boilers to the tower engines leaks at nearly every joint. It will probably be advisable to have this line taken down and replaced with a smaller line, as the pipe is unnecessarily large for the steam used, and thus causes undue loss from condensation.

Gravesend and New Utrecht Stations.

These stations are being run with as few changes as possible on account of the anticipated abandonment of the New Utrecht Station and the enlargement of the Gravesend Station.

The Commissioners of Appraisal for the Gravesend lands were appointed on January 3, 1905, by Judge Dickey, of the Supreme Court. The Commissioners were R. B. Gurllim, William E. Kisselburgh, Jr., and F. S. Lyke, and they filed their oaths on January 18, 1905. The City thereupon acquired title to the land.

The plans for the buildings have been finally turned over by the architects, and it is expected that the contracts can be forwarded during the coming quarter.

Ridgewood, North Side.

As has previously been stated, the high consumption, due to the extremely cold winter, has taxed the engines at the Ridgewood Station to their utmost in endeavoring to pump sufficient water to meet the demands of the consumers. During the quarter, practically the entire plant of both the North and South Side Stations has been run continuously, with the exception of one of the 10,000,000 gallon Worthington engines on the South Side and one of the small units of the Davidson plant. We, therefore, had practically no reserve, and the station was operated under conditions which were dangerous to the safety of the supply.

Owing to the necessity of keeping the engines in operation, no repairs were made excepting those absolutely essential to the running of the pumps, and it will, therefore, be necessary during the coming quarter to overhaul these engines.

In running the Davidson plant on the high head necessary for the Mt. Prospect service, the plunger rods of No. 1 and No. 4 engines broke, and also the water piston in engine No. 1, the breaking of the piston cracking the low pressure steam cylinder head. These damaged parts were replaced, and it is not anticipated that there will be any further difficulty. The engines should, however, be overhauled so as to give more economical operation.

The two new boilers to be furnished by James Beggs & Co. have been delivered but have not been connected, there having been unexpected delay in the delivery of these boilers. The work of building the foundations and connecting these boilers is being done by the City, the contract simply covering the furnishing and delivery of the boilers on the ground of the Ridgewood Station. As soon as the boilers are connected up, the work of remodeling the Morris boilers will be commenced. The bids for remodeling these boilers were received on January 11, and the contract awarded to B. Franklin Hart & Co., who were the lowest bidders, their total bid amounting to \$30,884. The contractors were ordered to begin work on March 15, and should be able to make good headway as soon as the new boilers are in service.

The work to be done by E. Rutzler, under his contract for remodeling the Davidson boilers, has been carried on slowly, the contractor having been ordered to commence work on February 6, 1905. While this work is being carried on it will be necessary to operate only two of the units of the Davidson plant, these two units pumping about seven and a half million gallons daily. The additional water necessary to meet the consumption on Mt. Prospect Reservoir service will have to be pumped from the Mt. Prospect engine house.

The contractor for replacing the roof on the westerly half of the coal shed was ordered to begin work on January 25, 1905, and the work is now nearly completed.

Ridgewood, South Side.

As previously stated, only minor repairs have been made on the engines. A thorough examination was made of Bigelow boiler No. 26, and it was found in good condition. Minor repairs were made to the other boilers of this battery, and also to the Strong battery, as required.

The main engine roof leaks badly and will have to be repaired.

New Lots.

In spite of continuous operation of this station at its maximum, it was necessary to open the by-pass between the Ridgewood system and the New Lots system, in order to meet the consumption.

Boilers Nos. 1 and 2 have been fitted with a Coe grate for burning small anthracite coal, a test of these grates to be made early in April. Specifications are being prepared for the remodeling of this station and it is expected that this work will be under contract before fall.

Line Stations.

Necessary repairs have been made at the various line stations to keep them in good working order. At Jameco and Springfield the electric light plants have been started and are giving good satisfaction. At the Millburn Station the two new Worthington engines have been run in constant service on the new 48-inch main and have pumped at a pressure of about eight pounds above that under which the Davidson engines are operating. In this way we have been enabled to pump over 60,000,000 gallons per day from the Millburn Station.

New breech walls have been made for the new large boilers, as the old breech walls were burned out.

The stations east of Millburn have not been run except for a short time, and mainly for experimental purposes.

Repairs to Driven Wells.

The following work has been done by the Driven Well Gang during the quarter: At the Merrick Station, the 2-inch well in the boiler room, used for the feed pump, was pulled up and redriven to a depth of 30 feet 4 inches.

At the Agawam Pumping Station, six 6-inch wells were tested with a centrifugal pump and they delivered from 100 to 250 gallons per minute. Twenty-one 5½-inch valve bottoms that had been cracked by frost were replaced, and the 20-inch broken valve was taken out.

At the Oconee Pumping Station, six of the 8-inch wells west of the receiver have been disconnected, pumped and washed, and reconnected to the main. Thirty-six feet of 12-inch main has been laid at the east end of the pipe line for new shallow wells. One of these wells has been put down, consisting of a 4-inch single-gauge slotted brass strainer, 10 feet long, connected up with 35 feet of 4½-inch pipe. This well was placed inside of a 12-inch casing and surrounded by gravel.

At the Clear Stream Pumping Station, thirty-nine of the 2-inch wells have been brushed, cleaned and reconnected. These wells yielded with a hand pump from 24 to 60 gallons per minute after being cleaned.

At the Forest Stream Pumping Station, seventeen 2-inch wells have been brushed, cleaned and reconnected, and these wells yielded from 30 to 52 gallons per minute when pumped with a hand pump. Twenty-one 2-inch wells have been pulled up and replaced with new 2-inch asphalt pipe, and 2-inch single-gauge slotted strainers. These wells yield from 42 to 60 gallons per minute when tested. A new 2-inch well was also driven at one of the Firemen's houses.

At the Spring Creek Pumping Station, seven 2-inch wells were pulled up and a 12-inch casing was sunk to a depth of 30 feet, to be used for a gravel well.

At the Shetucket Pumping Station, a portion of the 12-inch cast-iron suction main was disconnected, so that it could be used at the Oconee Station.

Ponds, Conduits and Reservoirs.

The usual work of patrolling and cleaning the streams has been carried on during the winter.

The following schedule gives a summary of the work of cleaning closets and cess-pools, this work being done by the Department to prevent the pollution of the surface supply:

| | |
|-----------------------------------|-------|
| Near Foster's Meadow stream | 442 |
| Near Springfield stream | 572 |
| Near Valley stream | 143 |
| Near Schodack brook | 78 |
| Near Pine's stream | 78 |
| Near Hempstead | 2,402 |
| Near Millburn stream | 78 |
| Near East Meadow stream | 74 |
| Near Wantagh stream | 169 |
| Along conduit line | 677 |

The cost of this work during the quarter was \$1,014.50.

A survey was made for the new road on the west and south side of the Hempstead Storage Reservoir to take the place of Eagle avenue, which was closed on account of the reservoir. A map has been prepared of this road and a form of contract made up transferring the property to the Town of Hempstead. It is expected in this way to settle a question which has been under consideration for a long time relating to the legal liability of the City, owing to the closing of Eagle avenue across the reservoir, without apparently obtaining the consent of the town.

It has been necessary to detail a number of the men from the work of the ponds and conduits to work at the pumping stations on account of our lack of laborers and the large amount of water pumped during the quarter.

Protection from Pollution.

A small force has been employed surveying lands to be acquired to protect the supply from pollution, but the progress is necessarily slow, as we have but few men and only at odd times available for that work.

Water Analyses.

During the quarter there have been 1,453 samples of Brooklyn water analyzed, while the total number of analyses in all the boroughs, including Brooklyn, made at the Mount Prospect Laboratory have been 2,599. Besides this work the following examinations and analyses have been made:

| | |
|-------------------------------------|----|
| Oil | 23 |
| Coal | 5 |
| Cement | 5 |
| Paints | 4 |
| Asbestos | 3 |
| Potash | 2 |
| Boiler compounds | 2 |
| Disinfectants | 2 |
| Alum | 1 |
| Special tests and experiments | 5 |

The average condition of the water supply during the quarter is shown by the following table:

| Locality. | Turbidity. | Color. | Albuminoid Ammonia. | Free Ammonia. | Chlorine. | Micro-organisms. | Bacteria. |
|-----------------------------|------------|--------|---------------------|---------------|-----------|------------------|-----------|
| Ridgewood. | | | | | | | |
| Average influx..... | 3 | 13 | .040 | .026 | 6.6 | 4 | 486 |
| Basin 1, efflux..... | 4 | 12 | .040 | .028 | ... | 3 | 485 |
| Basin 2, efflux..... | 4 | 11 | .039 | .028 | ... | 3 | 497 |
| Basin 3, efflux..... | 4 | 13 | .042 | .021 | ... | 7 | 550 |
| Mt. Prospect reservoir..... | 5 | 11 | .075 | .012 | 8.6 | 767 | 437 |
| Average taps..... | 3 | 12 | .047 | .021 | ... | 28 | 592 |

The chlorine in the water has been still further reduced from former figures, it now being very low for the Ridgewood supply.

The micro-organisms have been practically absent from the Ridgewood Reservoir, but the bacteria have been rather high, as would be expected at this time of the year. The water has been in a better condition during this quarter than for the corresponding quarter of last year.

Contracts.

The following contracts have been prepared and forwarded during the quarter:

January 11—For furnishing and delivering double nozzle hydrants.

February 3—For furnishing, constructing and installing five (5) electrically driven pumps, with all appliances complete, for high pressure fire service, in the pumping station to be erected on the northeast corner of Furman and Joralemon streets, in the Borough of Brooklyn.

February 3—For furnishing, constructing and installing three (3) electrically driven pumps, with all appliances complete, for a high pressure fire service, in the pumping station to be erected on the northwest corner of Willoughby and St. Edwards streets, in the Borough of Brooklyn.

February 9—For furnishing and delivering semi-bituminous and anthracite coal.

February 23—For furnishing, delivering and laying high pressure fire service mains and appurtenances in the Borough of Manhattan.

February 27—For furnishing, delivering and laying water mains and appurtenances in Hicks, Joralemon, Furman and Willoughby streets.

March 9—Contract with Flatbush Water Works Company for hydrants, etc., in Twenty-ninth Ward.

March 9—For tapping 20-inch and 30-inch water mains in service and hauling and setting 6-inch hydrant service mains, fire hydrants and appurtenances on various streets in the Borough of Brooklyn.

March 17—For remodeling and extending the Massapequa Pumping Station, near Massapequa, L. I., including the pumping plant, pump well and infiltration gallery system, together with the necessary appurtenances.

March 23—Contract with the Blythebourne Water Company for use of fire hydrants. The following are the contracts for which bids were received, together with the names of the lowest bidders, and the total amount of their bids on the basis of the Engineer's estimate of the work to be done:

January 6—For furnishing, delivering and laying high pressure fire service mains and appurtenances.

John J. Cashman..... \$792,601 50

January 11—For repairing the ten internally fired Morris boilers at the Ridgewood Pumping Station.

B. Franklin Hart, Jr., & Co..... \$30,884 00

January 11—For furnishing and delivering iron and brass pipe, fittings, valves, etc.

Group 1—T. R. McMann's Sons..... \$5,900 00

Group 2—Crane Company..... 3,308 00

Group 3—Crane Company..... 979 00

Group 4—T. R. McMann's Sons..... 486 00

Group 5—T. R. McMann's Sons..... 2,385 00

January 25—For unloading, hauling, storing and trimming the coal required for various pumping stations.

Section 1—Harry Blinn..... \$7,002 00

Section 2—John B. Reimer..... 3,850 00

Section 3—Harry Blinn..... 4,424 00

February 1—For hauling and laying water mains and appurtenances in the Borough of Brooklyn.

Murphy Bros..... \$13,475 00

February 1—For furnishing and delivering four nozzle post hydrants and two nozzle fireboat connection hydrants.

John Fox & Co..... \$54,995 00

Infiltration Galleries.

On January 3, 1905, Messrs. L. B. Faber, C. F. Lewis and William S. Bennet were appointed Commissioners of Appraisal for acquiring lands necessary for the Massapequa Infiltration Gallery, and on January 18, 1905, they filed their oath, thus giving the City title to the land. As previously stated, the contract covering the construction of the gallery has been forwarded, and the work should be under contract before the end of the summer.

The contractors for the Wantagh gallery have not yet commenced work, but expect to do so early in the coming quarter.

Filter Beds.

The Hempstead Filter Beds have shown very satisfactory results, and, to facilitate the cleaning of these beds a 12-inch connecting pipe, with gate, was laid between the two beds near their north end.

The operation of the Forest Stream Filter Beds has been somewhat intermittent, owing to the difficulties experienced in cleaning them. The beds have not yet settled down to do the efficient work which may be expected from them. It is expected that a drain will be laid to enable these beds to be washed instead of being scraped.

Mechanical Filter Plants.

The mechanical filter plants have run satisfactorily and the supply obtained from them has been of great aid in enabling us to keep the supply up to the demands of the consumers.

High Pressure Fire Service System.

The detailed bid of Mr. John J. Cashman, the lowest bidder for the high pressure fire service mains and appurtenances for the Borough of Brooklyn, was as follows:

| Items. | Price Bid. | Total. |
|--|------------|--------------|
| A 11,700 tons Str. C. I. pipe..... | \$29 00 | \$339,300 00 |
| B 875 tons Sp. castings | 98 00 | 85,750 00 |
| C 115,000 pounds St. castings..... | 10 | 11,500 00 |
| D 27,300 linear feet 20-inch Del'y pipe to lay..... | 1 30 | 35,490 00 |
| E 34,500 linear feet 16-inch Del'y pipe to lay..... | 1 00 | 34,500 00 |
| F 54,500 linear feet 12-inch Del'y pipe to lay..... | 85 | 46,325 00 |
| G 7,400 linear feet 8-inch Del'y pipe to lay..... | 73 | 5,402 00 |
| H 100 linear feet 20-inch Suc. pipe to lay..... | 5 00 | 500 00 |
| I 100 linear feet 16-inch Suc. pipe to lay..... | 4 00 | 400 00 |
| J 11,500 cubic yards extra excavation..... | 75 | 8,625 00 |
| K 76 20-inch stop-cocks | 300 00 | 22,800 00 |
| L 119 16-inch stop-cocks | 200 00 | 23,800 00 |
| M 142 12-inch stop-cocks | 110 00 | 15,620 00 |
| N 720 8-inch stop-cocks | 65 00 | 46,800 00 |
| O 87,500 pounds C. I. gate boxes..... | 03 | 26,250 00 |
| P 725 hydrants to haul and set..... | 10 00 | 7,250 00 |
| Q 8,200 square yards cobble pavement..... | 20 | 1,640 00 |
| R 16,500 square yards block pavement..... | 30 | 4,950 00 |
| S 11,000 square yards block pavement on concrete foundation..... | 1 75 | 19,250 00 |
| T 11,600 square yards asphalt pavement | 3 00 | 34,800 00 |
| U 220 square yards brick pavement..... | 3 00 | 660 00 |
| V 570 square yards wooden pavement..... | 3 00 | 1,710 00 |
| W 1,550 linear feet curbing (bluestone)..... | 15 | 232 50 |
| X 7,800 square yards flagging (bluestone)..... | 05 | 390 00 |
| Y 6,960 square yards cement sidewalk..... | 20 | 1,392 00 |
| Z 300 cubic yards concrete..... | 10 00 | 3,000 00 |
| AA 900 cubic yards brickwork..... | 12 00 | 10,800 00 |
| BB 30,000 feet B. M. lumber..... | 25 00 | 750 00 |
| CC 15,000 pounds steel shapes..... | 05 | 750 00 |
| DD 460 cubic yards rock excavation..... | 3 75 | 1,725 00 |
| EE 60 ½-inch corporation cocks | 4 00 | 240 00 |
| | | \$792,601 50 |

Bids were also received for the high pressure fire hydrants, the five bids received being as follows:

| | |
|--|-------------|
| John Fox & Co..... | \$54,995 00 |
| Camden Iron Works..... | 65,000 00 |
| Kennedy Valve Manufacturing Company..... | 65,840 00 |
| Ludlow Valve Manufacturing Company..... | 72,150 00 |
| The A. P. Smith Manufacturing Company..... | 73,335 00 |

The contract for furnishing and laying the mains and appurtenances has been awarded to Mr. Cashman, and he was ordered to commence work on March 1.

The contract for the high pressure fire service hydrants has not yet been awarded as the test of these hydrants has not been completed.

Under the specifications, the hydrants are to be subjected to tests to determine the strength of construction, ease of operation and design. I decided to have tests made under static pressure of 300 and 600 pounds at the Ridgewood engine house, to be followed by tests with a fire boat under pressures as high as the fire boat could safely give. The fire boat tests were to be followed by final tests for tightness at the Ridgewood engine house, the final test being a repetition of the original test.

The first tests were made at the Ridgewood engine house on February 8, 1905, and all the sample hydrants stood the test well, except the Ludlow hydrant, which leaked through the drip valve. Through a misunderstanding, this hydrant was allowed to be tested at the fire boat, the test of the fire boats being carried on March 28, 29, 30 and 31. The fire boat used was the "David A. Boody," which was stationed at the foot of North Eighth street, the hydrants being set up at the dock at this point. The result of this test showed that only the hydrants furnished by the A. P. Smith Manufacturing Company and the Ludlow Valve Manufacturing Company could be opened easily with a pressure of about 170 to 175 pounds at the base of the hydrants. As the Ludlow Valve Manufacturing Company's hydrant did not comply with the specifications, no further test was made of this hydrant. It is expected to complete the test of the hydrant of the A. P. Smith Manufacturing Company early in the coming quarter.

We expect to be able to receive bids for the pumps and motors for high pressure fire service stations early in the summer and the bids for the buildings should be received early in the fall.

The map for acquiring the necessary lands for the two (2) stations was approved on July 15, 1904, and on March 30, 1905, Judge Dickey appointed Messrs. T. B. Gates, J. H. Douglass and R. H. Pryor, Commissioners of Appraisal, to condemn this land. These Commissioners filed their oaths of office on April 5, 1905, and the City then acquired title to the land.

A contract has been prepared and forwarded covering the laying of the low pressure mains required for both these stations. This work will probably be completed before the stations are ready for service.

Coney Island System.

All the work of the Coney Island installation had to be abandoned on account of the severity of the weather. The three contractors on this work were ordered to recommence construction on March 20, and, while they complied with the order, slow progress has been made on account of the weather conditions. It is expected that this plant can be practically completed during the coming quarter.

Additional Conduit Line.

Plans and profile for the proposed route for the new steel force main to carry the water from the new watershed direct to the Ridgewood reservoir have been completed as far as the preliminary work can go. Until we obtain an appropriation for this work very little further progress can be made. The necessity of this conduit line has been shown earlier in this report.

Electrical Installation at Jameco, Springfield and Ridgewood Pumping Stations, and Mt. Prospect Reservoir.

The whole work to be done on this contract by Messrs. Sheehan & Co. was completed within the contract time (February 3), but the final estimate has not been passed, awaiting a certificate from the Electrical Bureau.

Law Suits.

The case of Mr. John Kinsey was retried at Flushing, and a verdict was awarded in Mr. Kinsey's favor. Mr. Kinsey sued for alleged diversion of water due to the operation of the Springfield and Forest Stream stations.

Cases of farmers owning property in the vicinity of the Spring Creek Pumping Station were tried before Judge Smith, and, owing to the stand taken by Judge Smith, the cases were allowed to go by default against the City. The decision of Judge Smith will be appealed.

The case of George De Mott, referred to in my report for the quarter ending September 30, 1904, was retried, and Mr. De Mott received a verdict of \$150 against the City.

Office Room and Force.

I have previously made reference in my reports and communications to the necessity of having increased space for carrying on the engineering work of this Bureau. We have now practically the same space that we had six years ago, while our force is about three times the size of what it was then, and at that time the room was inadequate for the work to be done. During the winter months, when practically the entire force is in the office compiling records, preparing contract drawings and making out estimates for new work, the conditions in our main draughting room are practically unbearable, and the health of the men is seriously in danger. The men are compelled to work in such close proximity to each other that efficient work is impossible, and errors much occur due to the noise and confusion existing. The ventilation of the room is inadequate for the number of men at work, and it is impossible to have windows open without some of the men catching cold from the draughts created. I cannot too strongly urge that additional quarters be provided at once. The space needed to properly carry on the work is more than double the space we have at present available.

We will need additional men for the new work that is planned for the coming year, and it is to be hoped that no delay will be experienced in securing these men as soon as the weather permits construction work to be started.

On February 1 I was appointed as Acting Chief Engineer for the Boroughs of Manhattan, The Bronx, Queens and Richmond. The necessity of entering at once, without previous notice, into the discharge of my additional duties, and the lack of sufficient Stenographers to attend to other and extremely pressing work, have necessarily delayed the preparation of this report.

Yours respectfully,

I. M. DE VARONA, Chief Engineer.

DOCUMENT II. A.

BUREAU OF DISTRIBUTION AND REPAIRS.

BOROUGH OF BROOKLYN.

DOCUMENT III.

BUREAU OF LAMPS AND GAS.

Hon. JOHN T. OAKLEY, Commissioner, Department of Water Supply, Gas and Electricity, Nos. 13 to 21 Park Row, New York:

Dear Sir—In accordance with the requirements of section 1542 of chapter 378 of the Laws of 1897 (City Charter), I herewith submit a report of the transactions of the Bureau of Lamps and Gas for the three months ending March 31, 1905:

Exhibit "A" is a statement showing the amounts expended and incurred during the first quarter of the year 1905 for the lighting of public and department buildings, the fitting up, lighting and maintenance, etc., of public lamps and the necessary expenditures of the Bureau of Lamps and Gas.

Exhibit "B" is a summary of the lamp account, showing the number of new lamps lighted, old lamps relighted and lamps discontinued by each gas and electric company during the quarter: a total of 23 new gas lamps, 3 new Welsbach naphtha lamps and 36 new electric lamps have been lighted; 430 old gas lamps have been relighted; 480 gas lamps and 12 electric lamps, 3 naphtha and 35 Welsbach naphtha lamps have been discontinued. The total number of lamps lighted March 31, 1905, was 31,970, of which 1,099 were ordinary open flame gas lamps, 21,946 single Welsbach gas lamps, 4 double Welsbach gas lamps, 4 cluster Welsbach lamps, 1,054 ordinary street sign gas lamps, 1,447 naphtha lamps, 904 Welsbach naphtha lamps and 5,512 electric lamps. In addition to these there are 144 electric street sign lamps, or illuminated boxes.

Exhibit "C" is a statement showing the candle power of the gases supplied to the City, by such of the gas companies as are within reach of our photometric stations.

The following statement shows the average amount of impurities found in the gases of such of the companies as have gas mains on the lines of our photometric stations, as determined by the analyses of Dr. E. G. Love, Ph. D., our Gas Examiner, in the laboratories of this Bureau:

| Of What Company. | Sulphur (Grains in 100 Cubic Feet). | Ammonia (Grains in 100 Cubic Feet). | Sulphuretted Hydrogen. |
|--|--|--|---------------------------|
| Consolidated Gas Company, Branch 1..... | 9.99 | Trace | Trace |
| Consolidated Gas Company, Branch 2..... | 17.86 | 0.13 | |
| Consolidated Gas Company, Branch 3..... | 11.78 | 0.06 | Trace |
| Consolidated Gas Company, Branch 4..... | 12.16 | 0.20 | |
| Consolidated Gas Company, Branch 6..... | 8.38 | 0.02 | |
| New York Mutual Gas Light Company..... | 6.56 | 0.03 | Trace |
| New Amsterdam Gas Company (Equitable Branch)..... | 7.38 | Trace | |
| Standard Gas Light Company..... | 8.14 | 0.08 | |
| New Amsterdam Gas Company (East River Branch)..... | 7.40 | Trace | |

The following will show the specific gravity of the gases:

| | |
|--|------|
| Consolidated Gas Company, Branch 1..... | .625 |
| Consolidated Gas Company, Branch 2..... | .531 |
| Consolidated Gas Company, Branch 3..... | .594 |
| Consolidated Gas Company, Branch 4..... | .636 |
| Consolidated Gas Company, Branch 6..... | .629 |
| New York Mutual Gas Light Company..... | .653 |
| New Amsterdam Gas Company (Equitable Branch)..... | .639 |
| Standard Gas Light Company..... | .637 |
| New Amsterdam Gas Company (East River Branch)..... | .628 |

The following statement will show the average maximum and minimum pressure on the mains of such companies as connect with our photometric stations, as recorded on the pressure registers during the quarter, the average being for the time during which the lamps are required to be kept lighted.

| Of What Company. | Average Maximum Pressure. Inches. | Average Minimum Pressure. Inches. | Where Taken. | Distance from Gas Works. Miles. |
|--|--|--|--|---|
| Consolidated Gas Company, Branch 1... | 2.41 | 2.21 | Cor. Bowery and Grand street. | 1.66 |
| Consolidated Gas Company, Branch 2... | 3.45 | 2.23 | Cor. Bowery and Grand street. | 1.66 |
| Consolidated Gas Company, Branch 3... | 3.20 | 2.20 | Cor. Bowery and Grand street. | 3.84 |
| Consolidated Gas Company, Branch 4... | 3.62 | 2.00 | Seventy-ninth street, between Second and Third avenues... | 3.35 |
| Consolidated Gas Company, Branch 6... | 3.77 | 2.30 | Seventy-ninth street, between Second and Third avenues... | 1.05 |
| New York Mutual Gas Light Company... | 3.45 | 2.76 | Cor. Bowery and Grand street. | 1.61 |
| New Amsterdam Gas Company (Equita- ble Branch)..... | 2.29 | 1.84 | Cor. Bowery and Grand street. | 2.18 |
| Standard Gas Light Company..... | 2.88 | 2.25 | Seventy-ninth street, between Second and Third avenues... | 1.05 |
| New Amsterdam Gas Company (East River Branch)..... | 3.29 | 1.56 | Seventy-ninth street, between Second and Third avenues... | 1.39 |

Respectfully,

C. P. LACOMBE, Engineer of Surface Construction.

DOCUMENT IV.

Bureau of Lamps and Lighting, Borough of Brooklyn,
Municipal Building, Room 35,
Brooklyn, June 19, 1905.

Mr. THOS. R. FARRELL, Deputy Commissioner:

Dear Sir—Please to find herewith submitted report of the work of the Bureau of Lamps and Lighting during the quarter ending March 31, 1905.
Report submitted in duplicate.

Respectfully,

A. E. ALLEN,
Assistant Engineer in Charge of Lighting.

Report for the Quarter Ending March 31, 1905.

There were received in general relation to gas and electric lighting and matters incident thereto 330 complaints and requests, of which number 206 were received from citizens and others, and 124 from the Department Inspectors.

The number of lamps of each kind in service March 31, 1905, are as follows:

| | |
|--|--------|
| Gas lamps, open flame..... | 10,270 |
| Welsbach lamps, gas..... | 4,852 |
| Welsbach lamps, naphtha..... | 456 |
| Electric lights, 1,200 candle-power..... | 4,756 |
| Electric lights, 600 candle-power..... | 210 |
| Naphtha lamps, plain..... | 12 |
| Total..... | 20,556 |

Changes were made in the lighting systems during the quarter as follows:

| | |
|---------------------------------------|-----|
| Open flame lamps, new..... | 86 |
| Open flame lamps, uncapped..... | 2 |
| Open flame lamps, discontinued..... | 32 |
| Welsbach gas lamps, new..... | 46 |
| Welsbach gas lamps, discontinued..... | 3 |
| Electric lights, new..... | 5 |
| Electric lights, discontinued..... | 13 |
| Total..... | 187 |

The companies supplying street lighting, and the number of lamps of each kind maintained by each company March 31, 1905, are as follows:

| | |
|--|--------|
| Brooklyn Union Gas Company, open flame gas..... | 5,914 |
| Brooklyn Union Gas Company, Welsbach gas..... | 4,852 |
| Kings County Lighting Company, open flame gas..... | 4,356 |
| Edison Electric Illuminating Company, 1,200 candle-power..... | 4,105 |
| Edison Electric Illuminating Company, 600 candle-power..... | 210 |
| Flatbush Gas Company, 1,200 candle-power..... | 651 |
| Welsbach Street Lighting Company of America, naphtha, Welsbach..... | 456 |
| New York and New Jersey Globe Gas Light Company, naphtha, plain..... | 12 |
| Total..... | 20,556 |

There were received 5,760 reports from the Department of Police, submitted daily in the matter of lamps and lighting, from which were tabulated 1,779 instances of electric lights which were discovered not burning, and 9,178 instances of gas lamps not burning. These tabulations are the basis of deductions made from the bills of the various companies which supply street lighting.

The following list is of repairs required and made to gas lamp-posts, also of new work accomplished during the quarter by the gas companies, acting upon orders from this Department:

| | |
|------------------------------|----|
| New lamp-posts set..... | 94 |
| Lamp-posts reset..... | 9 |
| Lamp-posts straightened..... | 5 |
| Lamp-posts releaded..... | 8 |
| Lamp-posts removed..... | 16 |
| Lamp-posts, columns..... | 3 |
| New services installed..... | 8 |
| New standpipes..... | 21 |

The following lamp stock was received at the Department storehouse during the quarter, incident to changes in the lighting system:

| | |
|-----------------------|----|
| Lamp-posts..... | 22 |
| Globes..... | 6 |
| Domes..... | 4 |
| Cocks and stems..... | 15 |
| Boulevard frames..... | 4 |
| Canopies..... | 6 |
| Reflectors..... | 7 |
| Square lanterns..... | 7 |
| Square frames..... | 8 |

The following lamp stock was delivered to the gas companies during the quarter, in the matter of new work, reconstruction, repairs, etc.

| | |
|-----------------------|-----|
| Globes..... | 52 |
| Domes..... | 58 |
| Canopies..... | 16 |
| Square lanterns..... | 122 |
| Square frames..... | 77 |
| Gas lamp-posts..... | 9 |
| Uprights..... | 2 |
| Boulevard frames..... | 16 |
| Reflectors..... | 7 |

Showing work accomplished at the Department storehouse, repairs to lanterns, frames, etc., during the quarter ending March 31, 1905:

| | |
|---|-----|
| Square lanterns, painted and repaired..... | 219 |
| Square frames, painted and repaired..... | 281 |
| Reflectors, painted and repaired..... | 229 |
| Canopies, painted and repaired..... | 323 |
| Boulevard frames, painted and repaired..... | 50 |

DOCUMENT V.

Department of Water Supply, Gas and Electricity,
Borough of Richmond,
New Brighton, N. Y., May 1, 1905.

Hon. JOHN T. OAKLEY, Commissioner of Water Supply, Gas and Electricity, No. 21 Park row, New York City:

| Arc electric lamps..... | 574 |
| Incandescent electric lamps..... | 3,586 |
| Oil lamps | 100 |

DOCUMENT VI.

Electrical Bureau, Manhattan and The Bronx,
No. 21 Park Row,
New York, April 1, 1905.

Hon. JOHN T. OAKLEY, Commissioner :

Sir—I submit herewith a report of work done by the Electrical Bureau of this Department for the quarter ending March 31, 1905.

| | |
|--|-----------|
| Applications received for inspection of interior wiring..... | 5,058 |
| Applications closed | 5,079 |
| Balance open | 2,717 |
| Certificates issued for interior wiring..... | 4,690 |
| Temporary certificates issued for interior wiring..... | 247 |
| Total certificates issued for interior wiring..... | 4,937 |
| Permits issued for signal wires..... | 648 |
| Permits issued for electric lighting..... | 524 |
| Permits issued for pole lines..... | 53 |
| Permits issued for resetting poles..... | 24 |
| Permits issued for city lamps-posts..... | 20 |
| Permits issued for underground conductors..... | 815 |
| Permits issued for subsidiary connections..... | 536 |
| Permits issued for subways..... | 159 |
| Total permits issued for outside electrical work..... | 2,779 |
| Complaint notices issued..... | 1,232 |
| Complaint notices attended to..... | 1,287 |
| Balance open | 1,281 |
| Number of incandescent lamps covered by certificates..... | 131,032 |
| Number of arc lamps covered by certificates..... | 1,345 |
| Number of motors covered by certificates..... | 4,071 |
| Horse power capacity of motors covered by certificates..... | 6,755.50 |
| Number of generators covered by certificates..... | 53 |
| Kilowatt capacity of generators covered by certificates..... | 11,457.10 |
| Heaters | 15 |
| Total number of inspections made by 22 men..... | 23,121 |

The Inspectors have removed 40,800 feet, or 7.73 miles, of overhead wires without any additional expense to the city.

Respectfully submitted,
FRANK E. BROWN, Electrical Engineer.

BOROUGH OF MANHATTAN

KIP'S BAY DISTRICT.

At a meeting of the Board of Local Improvements of the Kip's Bay District, held November 20, 1906, the following members were present:
Alderman Hatton and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of laying out a change of grade of East Twenty-sixth street, between First avenue and the East river.

On motion of Alderman Hatton the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Kip's Bay District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment an alteration of the map or plan of The City of New York by laying out thereon a change in the grade of East Twenty-sixth street, from a point 324.87 feet easterly from First avenue to the bulkhead line of the East river, as shown on diagram accompanying; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Resolutions for the following were introduced by Alderman Hatton:

Repair of sidewalk at No. 231 Avenue A.

Estimated cost, \$123.90. Assessed valuation, \$17,000.

Repair of sidewalk at the northeast corner of Fourteenth street.

Estimated cost, \$451.40. Assessed valuation, \$21,500.

Which were adopted.

On motion the Board adjourned.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

HARLEM DISTRICT.

At a meeting of the Board of Local Improvements of the Harlem District, held November 20, 1906, the following members were present:

Alderman Torpey and Acting President Dalton.

Resolution for the following was introduced by Alderman Torpey:

Repair of sidewalk at Nos. 2330 and 2332 Second avenue.

Estimated cost, \$118.80. Assessed valuation, \$21,000.

Which was adopted.

On motion of Alderman Torpey, the following matters were laid over for one week.

Repair of sidewalk at No. 2286 Second avenue.

Repair of sidewalk at No. 1674 Third avenue.

Construction of sewer in Ninety-seventh street, between Madison and Park avenues.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

THE BOWERY DISTRICT.

A meeting of the Board of Local Improvements of the Bowery District, called for November 20, 1906, was postponed, there being no quorum present.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

CORLEAR'S HOOK DISTRICT.

At a meeting of the Board of Local Improvements of the Corlear's Hook District, held November 20, 1906, the following members were present:

Alderman Haggerty and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of constructing sewer in East Tenth street, between the East river and Avenue D.

Estimated cost, \$8800. Assessed value of the property affected, \$694,000.

On motion of Alderman Haggerty, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the

said petition would be submitted by him to the Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore it is

Resolved, By the Local Board of the Corlear's Hook District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct sewer in Tenth street, between East river and Avenue D; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion of Alderman Haggerty the following matters were laid over for one week:

Repair of sidewalk at Nos. 454 to 464 East Tenth street.

Paving the roadway at the foot of Tenth street, East river.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

CHELSEA DISTRICT.

A meeting of the Board of Local Improvements of the Chelsea District, called for November 20, 1906, was postponed, there being no quorum present.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

CHELSEA AND GREENWICH DISTRICTS.

A meeting of the Board of Local Improvements of the Chelsea and Greenwich Districts, called for November 20, 1906, was postponed, there being no quorum present.

BERNARD DOWNING, Secretary.

AQUEDUCT COMMISSION.

Aqueduct Commissioners' Office,
Room 207, No. 280 Broadway,
New York, November 23, 1906.

Abstract of amount of expenditures and liabilities of the Aqueduct Commissioners during the month of October, 1906, as required by section 39, chapter 490, Laws of 1883:

HARRY W. WALKER, Secretary.

DEPARTMENT OF FINANCE.

Department of Finance, Bureau for the Collection of Assessments
and Arrears of Taxes, Assessments and Water Rents,
No. 280 Broadway,
New York, October 29, 1906.

NOTICE OF EXPIRATION OF TIME TO REDEEM LANDS AND TENEMENTS IN THE BOROUGH OF MANHATTAN SOLD FOR CERTAIN UNPAID TAXES AND WATER RENTS.

Under direction of Herman A. Metz, Comptroller of The City of New York, notice is hereby given to the owners, lessees, occupants and all persons otherwise interested in the lands and tenements hereinafter particularly described as sold, and to the mortgagees of the real estate so sold, their assignees or personal representatives, that the lands and tenements, described in the following list, within that part of The City of New York known as the Borough of Manhattan, were sold at public auction by the Collector of Assessments and Arrears of said City on the 14th, 21st and 28th days of June, 1905, on the 20th and 25th days of September, 1905, and on the 23d day of October, 1905, for the respective terms of years stated in the following list, in default of payment of taxes of any or all of the years 1886 to 1901, and water rents of any or all of the years 1885 to 1900, due on the said property.

And notice is hereby further given that unless the lands and tenements so sold be redeemed by the persons claiming title to the same or interest therein, or by some other person or persons, on or before the expiration of two years from the dates of sale of the said lands and tenements, respectively, which will be on the 14th, 21st and 28th days of June, 1907, on the 20th and 25th days of September, 1907, and on the 23d day of October, 1907, as the said lands and tenements are specifically enumerated in this advertisement under the respective dates of sale, by paying to the Collector of Assessments and Arrears of said City for the use of the purchasers of said lands and tenements so sold, their heirs, executors, administrators or assigns, the sums of money for which the same were sold, together with interest thereon at the rate of fourteen per centum per annum, from the respective dates of sale and the expenses allowed by law, the said lands and tenements will be conveyed to the respective purchasers, their heirs, executors, administrators or assigns, by leases executed by the said Comptroller, in the name of The City of New York, under the common seal of the City, for such term of years as the same were sold, viz., for the respective terms of years stated in the following list.

EDWARD A. SLATTERY,
Collector of Assessments and Arrears.

DEPARTMENT OF DOCKS AND FERRIES.

New York, October 5, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel (69394)—Transmitting bill of the Register of Deeds, New York County, for \$280 for services in furnishing the Corporation Counsel with certified copies of certain conveyances in connection with proceedings affecting property from the Battery to the Williamsburg Bridge. Filed, the bill having been audited and forwarded to the Comptroller for payment.

From Henry J. Hemmens (69681)—Requesting permission to pierce the bulkhead leased to the Fort George Coal and Lumber Company on Academy street, Sherman's creek, Harlem river, and to cross the property leased by the Department to the said company in the rear of said bulkhead for the purpose of maintaining intake and discharge pipes to electric light plant proposed to be erected to the north of said bulkhead. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department, it being understood and agreed that the permit shall continue only during the pleasure of the Commissioner of Docks and that in the event of any damage being done to the bulkhead, it will be restored by the permittee to the satisfaction of this Department.

From the Department of Bridges (69573)—Requesting, on behalf of the Pennsylvania Steel Company, contractors for the construction of the Blackwell's Island Bridge, permission to erect temporary landing place, including derrick and trestle for the purpose of commerce, on property belonging to the City, between Fifty-eighth and Fifty-ninth streets, East river. Permit granted, in so far as the property to be occupied is under the control of this Department, it being understood that the structures shall remain thereat only during the pleasure of the Commissioner of Docks and shall be built in accordance with the regulations of the United States Government.

From the H. Hermann Lumber Company (69469)—Requesting permission to build a crib bulkhead between the foot of East One Hundred and Twenty-fourth and East One Hundred and Twenty-fifth streets, Harlem river, the structure to be erected along the established bulkhead line. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department in accordance with plans submitted, the structure to remain only during the pleasure of the Commissioner.

From James W. Corrigan (69582)—Requesting permission to locate a float and movable runway at the foot of Twenty-first street, Sheepshead Bay, Borough of

Brooklyn. Privilege granted, to continue during the pleasure of the Commissioner until April 30, 1907, compensation to be at the rate of \$100 per annum, payable monthly in advance to the Dockmaster, the work of locating the float and runway to be done under the supervision of the Engineer-in-Chief of this Department.

From the New York, New Haven and Hartford Railroad Company (69517)—Requesting permission to make the necessary repairs to the mooring cribs west of the transfer bridges at Oak Point, East river, Borough of The Bronx. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department and to be kept within existing lines.

From the T. A. S. Sheridan Company (69468)—Requesting permission to make repairs, as required, to the dumping board near the foot of Ninety-seventh street, North river. Permit granted, to continue during the pleasure of the Commissioner and to expire December 31, 1906; all work to be kept within existing lines and to be done under the supervision of the Engineer-in-Chief of this Department, to whom at least twenty-four hours notice must be given prior to the commencement of any work.

Listers Agricultural Chemical Works (69479)—Requesting a credit account for wharfage with this Department. Credit account granted.

From the J. Edward Ogden Company (69461)—Requesting an extension of time within which to complete the delivery of materials called for under Class V. of Contract No. 967. Extension granted to and including September 26, 1906.

From Grenville T. Snelling (67947)—Submitting plans, estimates, specifications, etc., for ferry terminal at Stapleton, Borough of Richmond. Filed, plans, etc., having been accepted.

From Edward E. McCarney, Foreman of Repairs (69491)—Requesting that the title of Superintendent of Repairs be restored to him and that his salary be fixed at \$3,500 per annum. Denied.

From the Engineer-in-Chief—

1 (69583). Reporting that Lot No. 15 of Block 7, at Broad Channel, Jamaica Bay, Borough of Queens, formerly occupied by Charles Hasslocher has been sold by him to Adam Hebel, and recommending that as neither party has applied for a permit from this Department, Hebel be notified to apply for a permit at a rental of \$10 for 1907, and in default thereof that the house be removed. Filed, the Auditor reporting that Hebel has paid the \$10, and arrangements have been made whereby the proper rental of \$70 per annum will be charged after May 1, 1907.

2 (69581). Resubmitting plans, specifications and form of Contract No. 1026 for laying a temporary slag or granite pavement upon a concrete foundation on a portion

of the newly made land at Rector Street Section, North river. Filed, the contract having been ordered advertised.

3 (69580). Recommending the issuance of an order for the dredging of the half slip adjoining the southerly side of the pier foot of One Hundred and Nineteenth street, Harlem river. Order issued to Engineer-in-Chief to do the dredging as recommended, under Contract No. 1000.

4 (69580). Recommending the issuance of an order for dredging the half slip adjoining the northerly side of the pier foot of Twenty-eighth street, East river. Order issued to Engineer-in-Chief to do the dredging as recommended under Contract No. 1000.

From the Superintendent of Ferries—
1 (69712). Reporting that Josephine King, Matron, left the ferryboat "Bronx" without notifying the Captain or asking his permission to be excused. Josephine King notified to report to the Commissioner.

2 (69352). Reporting that the Thirty-ninth Street Brooklyn Ferry Company used the easterly ferry slip, Whitehall terminal, from 7 a. m. until 1 p. m., September 30, 1906. Auditor directed to send bill to the company at \$10 per day.

3 (69578). Recommending that as Andrew C. McDonald, Dock Laborer, has failed to report for duty since September 14, 1906, and has not asked for a leave of absence, he be discharged from the service of the Department. McDonald discharged as recommended.

From the Superintendent of Docks (69576)—Recommending that the permit granted Nicholas J. Carey for the maintenance of a float at the northerly end of the bulkhead between Piers 42 and 43, North river, be revoked, to take effect September 30, 1906, the date on which the premises were vacated. Permit revoked as recommended.

The Commissioner directed that James Allen, Machinist (69534), injured while in the performance of his duty on Pile Driver No. 23, be continued on the weekly payroll of this Department for an additional period of four weeks at the rate of \$24 per week; in the event of Allen's reporting for duty before the expiration of the four weeks' time, the weekly rate will cease and Allen receive the regular rate of 50 cents per hour while employed.

The Commission on Salaries and Offices was requested to classify the position of Timekeeper for this Department at the rate of \$1,500 per annum.

The Municipal Civil Service Commission was requested to authorize the change of title of George W. Cooper from Dock Laborer to that of Marine Sounder.

Sealed bids or estimates were this date received and opened for furnishing and delivering about 20,000 tons of anthracite coal under Contract No. 1029, as follows:

| | Per Ton. |
|--------------------------------|----------|
| William Farrell & Son..... | \$3 34 |
| W. C. Mason & Co..... | 3 39 |
| Wm. J. Quinlan..... | 3 37 |
| Curtis-Blaisdell Company | 3 13 |

Contract awarded to the Curtis-Blaisdell Company, the lowest bidder, subject to the approval of the Title Guarantee and Surety Company as surety, by the Comptroller.

The following Department orders were issued:

| No. | Issued To and For. | Price. |
|--------|---|---------|
| 23062. | Degraw Aymar & Co., oars..... | \$10 80 |
| 23063. | New York Bank Note Company, 5,000,000 ferry tickets, per thousand | 12 |
| 23064. | W. R. Ostrander & Co., six portable desk lamps..... | 14 10 |
| 23065. | J. Edward Ogden Company, wrought iron chain..... | 108 00 |

The charges against Lawrence Hanlon, Assistant Superintendent of Ferries (69860) were dismissed by the Commissioner and Hanlon ordered reassigned to duty as of October 6, 1906.

J. W. SAVAGE, Secretary.

New York, October 6, 1906.

Consent was granted by the Commissioner for the substitution of the People's Surety Company of New York as surety in the place of the Empire State Surety Company on the proposal of the Manhattan Supply Company, for furnishing and delivering pipes, valves, fittings, etc., under Class 3 of Contract No. 1004.

The Auditor reported that the following were audited and forwarded to the Finance Department for payment:

1. Payroll for Construction and Repairs Force for the week ending October 5, 1906, amounting to \$28,033.37.
2. Payroll of the Municipal Ferry Force for the week ending October 5, 1906, amounting to \$1,456.09.
3. Claims for the week ending October 6, 1906, amounting to \$52,679.94.

The Cashier reported that moneys amounting to \$149,347.31 were received and deposited for the week ending October 6, 1906.

J. W. SAVAGE, Secretary.

New York, October 8, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Brown & Fleming Contracting Company (69589)—Requesting permission to dredge at their dumping board at the foot of Fifty-fifth street, North river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department.

From the Superintendent of Docks (69594)—Reporting that Denis Callahan, Laborer, died on Friday, October 5, 1906. Name dropped from the list of employees.

From the Engineer-in-Chief—

1 (69604). Submitting report of work done under his charge and supervision for the week ending September 29, 1906. Filed.

2 (69630). Recommending the issuance of an order for repairs to the pier foot of Tenth street, East river. Order issued to Engineer-in-Chief to do the work as recommended.

The Municipal Civil Service Commission was requested to authorize the reassignment of Thomas F. Dillon, Ship Carpenter, absent on account of illness since August 30, 1906.

The Engineer-in-Chief reported the following work superintended under Bureau orders:

No. 4624. Taking up and relaying of granite pavement and the installation of high-tension electric light subway foot of Bloomfield street, North river, by the Consolidated Telegraph and Electrical Subway Company.

No. 4565. Dredging in half slip on northerly side of Pier 34, North river, by Henry DuBois Sons Company, under Contract No. 880.

No. 4563. Dredging in half slip on southerly side of Pier 67, North river, by Henry DuBois Sons Company, under Contract No. 880.

No. 4625. Erection of engine and derrick on West Thirty-eighth street pier, North river, by Jobson-Hooker Company, for Pennsylvania Railroad Company.

No. 4469. Dredging at dumping board foot of Forty-seventh street, North river, by Manhattan Harbor Improvement Company.

No. 4538. Painting of coal structures located in the vicinity of West Eightieth street, North river, by Thomas Ward.

No. 4547. Extension of fence between One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets, North river, by Robert Gordon & Son.

No. 4546. Dredging in front of portion of bulkhead owned by City foot of Delancey street, East river, by H. G. Packard Company, under Contract No. 1000.

No. 4229. Repairs to crib bulkhead along easterly side of Corlears street, East river, by B. Franklin Hart, Jr., & Co.

No. 4005. Construction of a shed on Pier 14, East river, by James E. Ward & Co.

No. 4491. Laying of water supply services to Piers 13 and 14, East river, by New York and Cuba Mail Steamship Company.

No. 4532. Taking up granite pavement and repairing of Croton water pipe at approach to Pier 31, East river, by the N. Y., N. H. and H. Railroad Company.

No. 4529. Erection of fence along bulkhead from westerly side of Pier (new) 32, East river, to the premises occupied by the Department of Bridges, by said Department.

No. 4568. Repairs to bulkhead foot of One Hundred and Twenty-ninth street, Harlem river, by C. H. Payne & Son.

No. 3748. Repairs, as required, to its water front property in Borough of Brooklyn, by New York Dock Company.

No. 4454. Construction of concrete building on northerly side of Sixth street basin, Gowanus canal, Brooklyn, by Brooklyn Improvement Company.

The Engineer-in-Chief reported the following work done by the force of the Department under Bureau orders:

No. 4618. Repairs to pier foot of Forty-seventh street, North river, preparatory to placing of new incinerator thereon by the Department of Street Cleaning.

No. 4378. Repaired pier foot of West Forty-eighth street, North river.

No. 3476. Repairs, as required, to the East Twenty-eighth Street Pier, East river.

No. 4108. Repairs to bulkhead platform foot of Sixty-fourth street, East river.

The following Department order was issued:

| No. | Issued To and For. | Price. |
|--------|--|----------|
| 23066. | Gerry & Murray, stationery supplies..... | \$331 75 |

The Municipal Civil Service Commission was notified that pursuant to the provisions of section 826 of the Greater New York Charter, as amended by chapter 533 of the Laws of 1905, the following employees of the New York and South Brooklyn Ferry and Steam Transportation Company will come into the service of the City without examination (they having been in the employ of the ferry company for a period of not less than ten years in their respective capacities), provided they produce a satisfactory license or certificate granted by the United States Steamboat Inspectors:

Captains—Jervis Goutches, Gordon O'Brien and Charles E. Ripley.
Engineer—Patrick McCabe.

The following are those who, pursuant to the provisions of the Charter, will come into the service of the City, provided that prior to the time when the operation of the ferry is assumed by the City they successfully pass a non-competitive Civil Service examination:

Captains—Edward Mulrooney and Thomas R. Smedley.
Engineers—John Davis, Patrick Gray, James P. Monahan and Edward M. Pindar.
Ticket Choppers—C. Daly, M. O'Toole, M. Ryan, A. Reilly.
Firemen—Peter Gaffney, Patrick Lavan, John Ryan.
Deckhands—J. E. Allen, W. Allen, A. Dale, J. Hendrickson, H. Horn, A. Johnson, N. Sinnott, W. Smedley and W. Van Pelt.
Gatemen—M. Donnelly, John O'Dea, F. Larkin and William Wayne.
Ticket Agent (Collector)—Grace Sullivan.

J. W. SAVAGE, Secretary.

New York, October 9, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From Charles H. Foster (69669)—Requesting permission to occupy a plot of ground at Broad Channel, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lot No. 12, Block 3, an area of 1,370 square feet, to begin November 1, 1906, to continue during the pleasure of the Commissioner until April 30, 1907, compensation to be at the rate of \$15 per annum, payable in advance to the Cashier of this Department.

From Kelly & Kelley (69430)—Requesting an extension of time within which to complete the work of building store house, etc., between Fifty-sixth and Fifty-seventh streets, North river, under Contract No. 987. Extension granted to and including December 15, 1906.

From Fisher & Voltz (69465)—Asking whether the Department is supervising the work of dredging and filling in by the Manhattan Beach Improvement Company at Sheepshead Bay, Borough of Brooklyn. Notified that the Department is exercising jurisdiction and supervision.

From Carl A. Pehrsson (69515)—Tendering his resignation from the position of Rigger in this Department. Resignation accepted.

From the Engineer-in-Chief—

1 (69532). Recommending the issuance of an order for repairs to the pile platform in front of the bulkhead between Eightieth and Eighty-first streets, East river. Engineer-in-Chief directed to have necessary repairs made.

2 (69533). Reporting damage to the sheathing on the southerly side of the pier foot of East One Hundred and Twelfth street, Harlem river, on September 26, 1906, by Transfer No. 7, with Floats 16 and 27 in tow, belonging to the New York, New Haven and Hartford Railroad Company, and recommending that, in accordance with the desire of the company, a permit be issued to it to make the necessary repairs. Permit granted to the company, in accordance with recommendation, to do the work under the supervision of the Engineer-in-Chief of this Department.

3 (B. O. 4285). Returning order to superintend the placing of a float stage on the north side of the pier foot of One Hundred and Thirty-eighth street, North river, by H. P. Yeatman, he not desiring to avail himself of the privilege. Filed.

From the Superintendent of Ferries—

1 (69535). Recommending that as Timothy Madden, Porter, has been absent from duty since September 28, 1906, without permission, he be dropped from the rolls of the Department. Dropped from the rolls.

2 (69663). Recommending that as Joseph P. Martin has declined appointment to the position of Dock Laborer his name be dropped from the list of employees of this Department. Name dropped from list.

From the Auditor (69668)—Reporting, in connection with the reduction of space occupied by the New York City Railway Company, between Forty-third and Forty-fourth streets, North river, 1,500 feet, in order to provide space for the erection of shed on bulkhead leased to the New York Central and Hudson River Railroad Company thereat, that a proportionate reduction in the rental would amount to \$100 per annum. No reduction allowed; rental to remain at the same rate as was paid for the entire space, viz.: \$1,650 per annum.

James J. Dunn, Dock Laborer, appeared before the Commissioner in relation to the charges preferred against him on October 3, 1906, and after a hearing was ordered reassigned to work.

Charges of misconduct were preferred against Sylvan Schneittacher, Financial Clerk (Ticket Agent), in that he made false reports with reference to the amount of money collected by him, and he was directed to appear before the Commissioner for a hearing on October 11, 1906. The Corporation Counsel was requested to have a representative present to conduct the trial.

The following Department orders were issued:

| No. | Issued To and For. | Price. |
|--------|---|---------|
| 23067. | R. W. Zundel, miscellaneous supplies..... | \$23 37 |
| 23068. | American Bank Note Company, team ferry tickets..... | 40 00 |

The Commissioners of the Sinking Fund were requested to approve a form of agreement between the City and the New York and South Brooklyn Ferry and Steam Transportation Company, for the purchase of the property of said company between Thirty-eighth and Thirty-ninth streets, in the Borough of Brooklyn, and for the purchase of the ferry structures, etc., at both terminals of the present Thirty-ninth Street Ferry; also for the use of the two ferryboats, "West Brooklyn" and "South Brooklyn," until such time as new ferryboats now in course of construction shall be completed, for the sum of seven hundred and fifty thousand dollars (\$750,000).

Authority was also requested for insuring the two ferryboats "West Brooklyn" and "South Brooklyn," during the time they are in the possession of the City, as provided for in the agreement.

The Commissioners of the Sinking Fund were also requested to adopt a resolution directing that title to the following described property vest in The City of New York on October 15, 1906:

Beginning at a point in the westerly line of Second avenue, where the westerly prolongation of the southerly line of Thirty-eighth street intersects the same, and running thence southerly and along the westerly line of Second avenue 30.35 feet to the northerly line of the Thirty-ninth Street Ferry property;

Thence westerly and along said northerly line of the Thirty-ninth Street Ferry property, said northerly line being parallel with and 30.35 feet southerly from the southerly line of Thirty-eighth street 245.734 feet to the pierhead line established by the Secretary of War in 1890;

Thence northerly and along said pierhead line 30.80 feet to the westerly prolongation of the southerly line of Thirty-eighth street;

Thence easterly and along said westerly prolongation 2.452 feet, more or less, to the point or place of beginning; and

Beginning at a point in the westerly line of Second avenue, where the centre line of Thirty-ninth street before widening intersects the same, said centre line and its westerly prolongation being the southerly line of Thirty-ninth Street Ferry property, and running thence southerly and along the westerly line of Second avenue 30 feet to the southerly line of Thirty-ninth street;

Thence westerly and along said southerly line 2.495.60 feet to the pierhead line established by the Secretary of War in 1890.

Thence northerly and along said pierhead line 30.41 feet to the southerly line of the Thirty-ninth street Ferry property;

Thence easterly and along said southerly line of the Thirty-ninth Street Ferry property, which is a line parallel with and distant 30 feet northerly from the southerly line of Thirty-ninth street 2,490.88 feet to the point or place of beginning.

The Corporation Counsel has advised that the oaths of office of the Commissioners of Estimate and Assessment appointed in the proceedings for the acquisition of the above described property have been filed in the office of the Clerk of the Supreme Court in the Second Judicial District.

John J. Herrick, Mechanical Engineer (69606), submitted specifications and form of contract for furnishing and delivering in bins about 10,000 tons of anthracite coal for the Thirty-ninth Street Ferry, and same was ordered printed and advertised as Contract No. 1034.

A commission representing lighterage and coal carrying trade and trunk line railroads appeared before the Commissioner and protested against the change in wharfage rates to a tonnage basis (69684).

J. W. SAVAGE, Secretary.

New York, October 10, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel (69613)—Requesting copy of the rules and regulations of the Department in connection with the request for removal of building on southerly half of block between One Hundred and Fourth and One Hundred and Fifth streets, Harlem river, erected by East River Feed Company. Copy furnished.

From the President of the Borough of Manhattan (69619)—Stating that the transfer to his office of Ellen Whalen and Madeline Lynch, Cleaners, became effective October 8, 1906. Names dropped from the list of employees of this Department.

From the President of the Borough of Brooklyn (69609)—Stating that the transfer of William S. Lee, Attendant, to the Bureau of Public Buildings and Offices became effective September 28, 1906. Name dropped from the list of employees of this Department.

From the Department of Public Charities (69586)—Stating that in connection with the placing of float stage by them south of the East One Hundred and Sixteenth Street pier, East river, it is their understanding that the right of the Manhattan State Hospital does not extend to the bulkhead south of the pier, and it should not be necessary for them to secure the permit suggested by this Department from the hospital authorities for the placing of the float thereat. Commissioner of Public Charities notified that the bulkhead south of the pier is held under lease by the Manhattan State Hospital and that the consent of the hospital authorities for the maintenance of the float must be obtained.

From Thomas F. Rohan, Watchman (69634)—Stating that in connection with his absence from duty and his dismissal on October 3, 1906, such absence has been occasioned by his confinement in hospital and asking reconsideration of his discharge. Notified to call at this office when able to appear.

From Henry J. Hemmens (69632)—Acknowledging receipt of permit from this Department, under date of October 5, 1906, for piercing bulkhead leased to the Fort George Coal and Lumber Company, on Academy street, Sherman's creek, and Harlem river, and for crossing the property leased by this Department to the said company in rear of the bulkhead. Filed.

From Harris & Towne (69621)—Requesting copies of certain papers relating to the erection of shed on Pier 20, East river, by C. H. Mallory & Co., in connection with the proceedings brought by the City to acquire Piers 19 and 20, East river. Copies furnished as requested.

From Clarence DeWitt Rogers (69612)—Requesting preparation of map showing outside lines of property of occupants under leases and permits at the foot of Seventy-ninth and Ninety-sixth streets, North river. Map transmitted, the sum of \$3 to be paid for same.

From the Bouker Contracting Company (69464)—Requesting an extension of time within which to complete the delivery of rip-rap called for under Class II. of Contract No. 938. Extension granted to and including December 31, 1906.

From the National Lighterage Company (69556)—Submitting complaint against the change in wharfage rates with reference to barges and lighters, and requesting a reconsideration of same. Filed.

From the West End Board of Trade, Brooklyn (69591)—Asking whether it is the intention of the Department to place in commission on the Thirty-ninth Street Ferry to Brooklyn the old boats formerly in the Staten Island ferry service, and asking to be advised as to what increased service, if any, will be put into operation on the Brooklyn ferry. Notified that contract has been let for the building of three new boats for the Thirty-ninth street Ferry, but that the old boats will be placed in use until

such time as the new ones are ready; time table, on which it is proposed to run the ferry, forwarded.

From A. Haddock (69610)—Asking whether the Department will sell to him cinders from the municipal ferryboats. Notified that the cinders are being disposed of to the Staten Island Rapid Transit Railway Company.

From the Engineer-in-Chief—

1 (69639). Reporting that the work of furnishing and delivering lumber was completed on September 29, 1906, by John C. Orr Company, under Class IV. of Contract No. 967. Comptroller notified.

2 (69646). Reporting need of 16 additional Stationary Enginem. Municipal Civil Service Commission requested to submit eligible list.

3 (69672). Submitting report of work done under his charge and supervision for the week ending September 22, 1906. Filed.

Mrs. Josephine King, Matron in the municipal ferry service, appeared before the Commissioner in reference to the charges preferred against her on October 5, 1906, and after a hearing was reprimanded and ordered reassigned (69712).

The Engineer-in-Chief reported the following work superintended under Bureau orders:

No. 4536. Dredging in front of the bulkhead along Clinton avenue, Wallabout Basin, Borough of Brooklyn, by O'Brien Brothers.

No. 4562. Dredging in slip on north side of Pier (old) 28, East river, by Curtis-Blaisdell Company.

No. 4527. Dredging in front of bulkhead north of Delancey street, East river, by Burns Brothers.

No. 4608. Dredging in half slip adjoining northerly side of Pier 25, North river, by Southern Pacific Company.

No. 3931. Dredging in half slip adjoining southerly side of Pier 15, North river, by Henry DuBois Sons Company, under Contract No. 880.

No. 3914. Dredging in half slips adjoining north and south sides of Pier 14, North river, by Henry DuBois Sons Company, under Contract No. 880.

J. W. SAVAGE, Secretary.

New York, October 11, 1906.

The following communications were received, action being taken thereon as noted to wit:

From the Mayor (69651)—Transmitting communication from Charles A. Christman requesting information in relation to the progress and extent of the improvements at the Chelsea Section, North river. Information furnished.

From the Municipal Civil Service Commission—

1 (69608). Approving the transfer of Charles A. Pertain from the position of Watchman in this Department to that of Messenger. Changed to Messenger with compensation at the rate of \$100 per month, to take effect October 13, 1906.

2 (69706). Authorizing the transfer of George W. Cooper from the position of Dock Laborer to that of Marine Sounder in this Department. Changed to Marine Sounder with compensation at the rate of \$18 per week to take effect October 13, 1906.

From the Department of Water Supply, Gas and Electricity—

1 (69290). Advising that application has been made to the Board of Estimate and Apportionment for the issue of Corporate Stock to provide for the laying of water mains in the marginal street, from Thirteenth to Twenty-third streets, North river. Filed.

2 (69526). Stating, in response to request from this Department, that the moving of the hydrant on Pier (old) 56½, North river, would render it practically useless for the purpose for which it was intended. Department of Water Supply, Gas & Electricity again requested to relocate the hydrant in order not to interfere with the requirements of the Fire Department.

From the Jay Street Terminal (69426)—Requesting permission to construct a pier near the foot of Jay street, Borough of Brooklyn, to be known as Pier 3. Permit granted, the work to be done in accordance with plans submitted as amended and under the direction and supervision of the Engineer-in-Chief of this Department, upon the condition that an agreement is filed in this office to the effect that in the event of the City at any time acquiring the property for the purposes of improvement no additional item of value shall be claimed or demanded by reason of the erection of the pier other than the actual cost of the structure less depreciation, the work not to be commenced until such agreement is filed in form approved by the Corporation Counsel.

From the Carsten-Offerman Coal Company (69428)—Requesting permission to build a screening pocket on the southerly side of the foot of Washington street, Borough of Brooklyn. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department in accordance with plans submitted as amended.

From the Central Railroad Company of New Jersey (69565)—Requesting permission to make certain alterations to its ferry rack adjoining the northerly side of the pier foot of Twenty-second street, North river, involving the removal of a small portion of the outer end of the northerly side of the pier. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department in accordance with detailed plans to be first submitted and approved.

From the Sherman, Brown, Clements Co. (69496)—Requesting an extension of time within which to complete the delivery of materials called for under Class I. of Contract No. 967. Extension granted to and including November 1, 1906.

From John F. Kuhn (69546)—Requesting an extension of time within which to complete the work of repairing and painting the shed on Pier "A," North river, under Contract No. 989. Extension granted to and including October 3, 1906.

From the Coast Transit Company (69542)—Stating that the Bernstein Estate is attempting to charge them wharfage for having berthed their barge at One Hundred and Thirty-eighth street, Harlem river, for which they have already paid wharfage to the City, and requesting to be advised in relation thereto. Notified that an understanding exists between the Department and the Bernstein Estate whereby the estate collects one-half of the wharfage at that point and the Department the other half, the location being partly owned by the City and partly by the Bernstein Estate.

From Fox Brothers & Company (69529)—Stating that in connection with the submission of their bid on Classes 6 and 7 of Contract No. 1004, they neglected, through lack of time, to make complete footings of the totals of each item and asking that the bid be received as a formal one, and that, if the lowest bidder, the said classes be awarded to them. Advised that the sum total of their bids for the classes mentioned show that they are not the lowest bidder on either class.

From Beard & Paret (69463)—Requesting copies of all orders issued to the W. H. Beard Dredging Company for dredging under Contract No. 935. Copies furnished.

From Church E. Gates & Co. (69297)—Asking for a reduction in rental of certain upland leased to them in the vicinity of One Hundred and Forty-sixth street, on the Bronx side of the Harlem river, owing to the opening of an exterior street through the property which has reduced the area leased. Advised that as the reduction in area is slight, the Commissioner does not deem it advisable to make a change in the compensation.

From John Gillen, Laborer (69671)—Requesting reinstatement in the Department and submitting physician's certificate as to his illness during his absence from duty. Denied, owing to lack of work.

From the Engineer-in-Chief—

1 (69558). Recommending that the salary of Romeo T. Betts, Assistant Engineer, be increased to \$3,000 per annum. Salary increased to \$3,000 per annum, to take effect November 1, 1906, subject to the approval of the Municipal Civil Service Commission, if such approval be necessary.

2 (69560). Reporting that the work of repairing and painting the building on Pier "A," North river, was completed on October 3, 1906, by John F. Kuhn, contractor, under Contract No. 989. Comptroller notified.

3 (69561). Reporting that on October 2, 1906, the Department launch "Bronx" collided with the tug "Royal" off Pier 18, East river, and that it is his opinion that as the launch was going full speed at a time when the view was obstructed, the pilot in charge, Edwin J. White, was at fault, and he has therefore been suspended pending the investigation now in progress by the Local Board of Steamboat Inspectors. Action approved.

4 (69562). Recommending that the title of Joseph Meyers, Dock Laborer, be changed to Marine Sounder, with compensation at the rate of \$18 per week. Municipal Civil Service Commission requested to authorize the change.

5 (69563). Reporting need of repairs to asphalt pavement on marginal street near the southerly side of the tunnel opening of the New York and Jersey Railroad Company in the vicinity of Pier (new) 41, North river, and recommending that as the company is responsible for the bad condition of the pavement it be directed to make the necessary repairs thereto. Company notified to make the necessary repairs.

6 (69597). Recommending the issuance of an order for repairs to the sheathing and fender system on the pier foot of Thirtieth street, East river. Order issued to Engineer-in-Chief to do the work.

7 (69598). Recommending the issuance of an order for necessary repairs to the pier foot of Twenty-sixth street, East river. Order issued to Engineer-in-Chief to do the work.

8 (69600). Reporting that on September 18, 1906, George Delaney, a brakeman of the Staten Island Rapid Transit Railroad Company, while throwing a switch at St. George, Staten Island, sustained an injury to his kneecap, which injury Delaney claims was caused by stumbling over an air compressor hose belonging to G. B. Spearin, contractor for the construction of the ferry terminal, and recommending that in order to protect the City the Comptroller be notified of the accident. Comptroller and Corporation Counsel notified.

9 (69601). Reporting that on September 24, 1906, a catamaran, while being towed by the Department tug "Richmond" struck the steamboat "Orient" and carried away three of her wooden braces, and recommending that an order be issued for the making of the necessary repairs by the force of the Department. Order issued to Engineer-in-Chief to make the necessary repairs. Company notified that the Department is ready to make the repairs at such time and place as is most convenient to the company.

10 (69602). Recommending that in connection with the paving of the marginal street area of the Chelsea Section, between Bloomfield and Fourteenth streets, North river, the Bureau of Franchises be requested to ascertain as to the authority under which the sidings and spurs of the New York Central and Hudson River Railroad Company along this section are maintained and whether they can be removed at the pleasure of this Department, and as to whether the area between the tracks and for any distance on either side of same is to be paved and maintained by the New York Central and Hudson River Railroad Company. Bureau of Franchises requested to furnish the information.

From the Superintendent of Ferries (69571)—Submitting report of Captain William Cole in relation to the damage to the ferryboat "Richmond" on September 29, 1906, while entering Slip No. 2, at the St. George terminal, Borough of Richmond. Filed.

From the several Bureaus of the Department (69673)—Submitting record of absences of employees for the month of September, 1906. Filed.

From the Superintendent of Ferries—
1 (69595). Reporting damages to piles in dolphin, short rack, westerly ferry slip, Whitehall terminal, by the ferryboat "Manhattan" on October 3, 1906, Captain George M. Bunce commanding. Bunce directed to appear before the Commissioner.

2 (69603). Preferring charges of misconduct against Florence Marion, Matron at the Whitehall terminal of the Municipal ferry to Staten Island. Mrs. Marion directed to appear before the Commissioner.

Thomas Harrigan, Laborer, John J. Hennessy, Dockbuilder, and John W. Dwyer, Watchman (69692), were dropped from the rolls of the Department for absence since June 17, April 24, and February 17, 1906, respectively.

Consent was granted for the substitution of the Metropolitan Surety Company and the American Bonding Company of Baltimore as sureties in the places of Henry Weiler and Michael F. Conlon, on the proposal of Bernard Rolf, for removing old structures between Thirty-eighth and Thirty-ninth streets, Borough of Brooklyn, and for building new ferry structures for the new Thirty-ninth Street Ferry terminal and for dredging thereat under contract No. 1022.

Sylvan Schneittacher, Financial Clerk, appeared before the Commissioner in relation to the charges of misconduct preferred against him on October 9, 1906, and after a hearing decision was reserved.

J. W. SAVAGE, Secretary.

New York, October 12, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Schwarzschild & Sulzberger Company (69548)—Requesting permission to build a pile platform structure in front of the bulkhead between Forty-fifth and Forty-sixth streets, East river. Permit granted, this structure to remain only during the pleasure of the Commissioner, and to be erected under the supervision of the Engineer-in-Chief of this Department, and in accordance with plans submitted. It is understood and agreed, and is a condition of the permit that in the event of the City at any time acquiring the bulkhead rights between Forty-fifth and Forty-sixth streets, East river, no claim or demand shall be made for the value of the structure or for the value of any superstructure which may be erected thereon under any permission hereafter obtained; and further, that the said structure, or any structures hereafter erected thereon shall be removed within thirty days from date of notification so to do, and that no claim or demand shall be made for any consideration in view of such removal. Compensation for the land under water covered by the platform will be at the rate of 25 cents per square foot per annum, payable quarterly in advance to the Cashier of this Department.

From John S. Murphy (69682)—Requesting permission to make an opening on South street for the purpose of installing new water main at Pier 10, East river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department.

From George B. Spearin (69388)—Requesting that as the work of constructing the St. George Terminal of the Staten Island Ferry, under Contract No. 896, has been suspended, through no fault of his, a payment of reserve percentages on the work already completed be made him, that he be relieved from the obligation of carrying fire insurance on the completed work, and that he be permitted to substitute a bond sufficient to cover the small remaining portion of the work, instead of the former bond of \$90,000 for the complete contract. Comptroller advised of the facts in the matter and requested to make a payment of 90 per cent. of the retained percentages.

From the Engineer-in-Chief (69638)—Reporting that James J. Quill, Dockbuilder, is qualified to perform the duties of a Marine Sounder, and recommending that he be given the latter title, with compensation at the rate of \$18 per week. Municipal Civil Service Commission requested to authorize the change.

The original lease of Pier 52, East river, to the New York, New Haven and Hartford Railroad Company was transmitted to the Corporation Counsel, as per his request (69662).

The following Department orders were issued:

| No. | Issued To and For. | Price. |
|--------|--|----------|
| 23069. | N. Stafford Company, badges and buttons..... | \$230 00 |
| 23070. | N. Stafford Company, badges..... | 58 00 |

J. W. SAVAGE, Secretary.

New York, October 13, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Comptroller (69699)—Submitting vouchers of the New York and New Jersey Telephone Company for the sums of \$5.30 and \$46.95, part of which is for telephone service in the residences of officials of this Department, and asking to be advised as to the necessity for the expense and whether it is the intention to continue residential service. Advised that the four telephones to the residences of officers are considered absolutely essential, in case of need, accidents, etc.

The Commissioners of the Sinking Fund were requested (supplementing the Department's request of October 9, 1906) to authorize the Commissioner to arrange with the Union Ferry Company for the use of the ferryboat "Mineola," which is at present employed on the South Brooklyn Ferry, and which it will be necessary for this Department to charter in order to carry out the ferry time table, the ferry company having offered to charter the boat to the City at \$42 per day, including one engineer, and requesting also authority to take out a marine insurance policy on the boat for an amount not to exceed \$15,000.

The Auditor reported that the following were audited and forwarded to the Finance Department for payment:

1. Payroll for Construction and Repairs Force for the week ending October 12, 1906, amounting to \$28,638.74.
2. Payroll of the Municipal Ferry Force for the week ending October 12, 1906, amounting to \$1,501.40.
3. Claims for the week ending October 13, 1906, amounting to \$58,003.48.

The Cashier reported that moneys were received and deposited for the week ending October 13, 1906, amounting to \$13,692.50.

J. W. SAVAGE, Secretary.

New York, October 15, 1906.

The following communication was received, action being taken thereon as noted, to wit:

From S. Stewart (69700)—Requesting permission to dredge in front of bulkhead between Twenty-eighth and Twenty-ninth streets, East river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief.

Captain George M. Bunce appeared before the Commissioner in relation to damage to piles in the westerly ferry slip at the Whitehall Terminal of the Staten Island Ferry on October 3, 1906, and after a hearing was reprimanded and sent back to duty (69595).

Mrs. Florence Marion, Matron, appeared before the Commissioner in reference to the charges of misconduct preferred against her on October 11, 1906, and was reprimanded.

Sealed bids or estimates were received and opened for laying a temporary slag or granite pavement upon a concrete foundation on a portion of the newly made land, easterly of the bulkhead wall at Rector street section, North river, Borough of Manhattan, under Contract No. 1026, and on account of a possible misinterpretation of the wording of the specification, all the bids were returned unopened and the contract ordered readvertised.

The Municipal Civil Service Commission was requested to place the name of James Connor on the preferred eligible list for Marine Stoker, Connor's services not having been required by the Department since his appointment.

Daniel Donohue, No. 421 West Sixteenth street, Manhattan, was appointed to the position of Cartman, at \$3.50 per day for each horse, cart and driver employed.

J. W. SAVAGE, Secretary.

POLICE DEPARTMENT.

November 20, 1906.

The following proceedings were this day directed by Police Commissioner Theodore A. Bingham:

On reading and filing eligible list of the Municipal Civil Service Commission, dated November 9, 1906.

Ordered, That Tony Benedette, James L. Slevin and Thomas F. McDonald be and are hereby appointed Male Cleaners in the Police Department of The City of New York for duty in the Borough of Brooklyn, with compensation at the rate of \$600 per annum.

Ordered, That the Municipal Civil Service Commission be respectfully informed that John Henry, veteran, whose name appears at the head of such list, declined appointment.

Ordered, That the proceedings of November 19, 1906, awarding contracts to J. M. Knopp and Otto Metz, for repairs to station houses, etc., be and are hereby amended to read as follows:

On reading and filing report of the Chief Clerk.

Ordered, That the contract for furnishing all the labor and materials required in making and completing general repairs, alterations, painting, etc., at the Seventh, Twelfth, Sixteenth, and Fifty-seventh Precinct Police Stations, in accordance with specifications therefor, be and is hereby awarded to J. M. Knopp, No. 270 West Nineteenth street, as follows: Seventh Precinct, \$2,437; Twelfth Precinct, \$2,349; Sixteenth Precinct, \$3,047; Fifty-seventh Precinct, \$2,900, making a total of \$10,733, he being the lowest bidder, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing all the labor and materials required in making and completing general repairs, alterations, painting, etc., at the Fiftieth Precinct Police Station, in accordance with specifications therefor, be and is hereby awarded to Otto Metz, No. 22 East Twenty-first street, for the sum and price of \$4,593, he being the lowest bidder, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered To Be Paid.

On account Contingent Fund for amounts advanced by order of the Police Commissioner, \$1,125, same to be hereafter accounted for.

Ordered, That consent be and is hereby given to the substitution of the Metropolitan Surety Company as surety in the place of Chas. C. Langham and Henry Siefke in the proposal of William Horne Company for general repairs to heating system, First Precinct Station House.

Ordered, That consent be and is hereby given to the substitution of the Metropolitan Surety Company as surety in the place of Herman Sacks and David Lerner in the proposal of Rubin Solomon & Son for general repairs to heating system, Twelfth and Fourteenth Precinct Station Houses.

Referred to the Comptroller.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN.

TO BE SOLD AT PUBLIC AUCTION.

WEDNESDAY, DECEMBER 12, 1906

at 11 a. m., at the Kings County Penitentiary, No. 245 Crown street.

Borough of Brooklyn.

About 6,000 yards broken stone, now at the Kings County Penitentiary, No. 245 Crown street, Borough of Brooklyn.

About 200 yards cobblestone.

All quantities to be "more or less." All quantities to be "as are." All the above to be received by the purchaser at the Kings County Penitentiary, and removed therefrom immediately upon being notified that same are ready for delivery. All loading will be done by the Department.

All stone must be removed by January 15, 1907.

The successful bidder will be required to pay twenty-five per cent. in cash or certified check, of the estimated amount of his purchase to me at the time and place of sale, and the balance to the Warden at the Kings County Penitentiary, in cash or certified check on a New York City bank, upon delivery of the goods.

The Commissioner reserves the right to order resale of any goods that shall not have been removed by the purchaser within ten days after he shall have been notified that they are ready, and in case of such resale to forfeit to the use of the Department of Correction the twenty-five per cent. paid in at the time and place of sale.

Goods can be examined at the Kings County Penitentiary by intending bidders on any weekday before the day of sale.

JOHN V. COGGEY,
Commissioner.

POLICE DEPARTMENT—CITY OF NEW YORK, BOROUGH OF BROOKLYN.

OWNERS WANTED BY THE DEPUTY Property Clerk of the Police Department of The City of New York—Office, No. 209 State street, Borough of Brooklyn—for the following property, now in his custody, without claimants: Boats, rope, iron, lead, male and female clothing, boots, shoes, wine, blankets, diamonds, canned goods, liquors, etc.; also small amount of money taken from prisoners and found by Patrolmen of this Department.

THEODORE A. BINGHAM,
Police Commissioner.

BOROUGH OF BROOKLYN.

TO THE CONEY ISLAND AND BROOKLYN RAILROAD COMPANY AND TO THE OWNERS OF LAND ABUTTING CONEY ISLAND AVENUE, BETWEEN FORT HAMILTON AVENUE AND NEPTUNE AVENUE, IN THE BOROUGH OF BROOKLYN, CITY OF NEW YORK.

TAKE NOTICE THAT YOU AND EACH of you are required to show cause before me at the office of the Borough President, in the Borough Hall, Borough of Brooklyn, City of New York, on the 17th day of December, 1906, at 3 o'clock in the afternoon, why the route or right of way and the location of the railroad tracks of the said railroad company in Coney Island avenue, between Fort Hamilton avenue and Neptune avenue, in said borough, should not be changed from the westerly side of Coney Island avenue to the centre thereof.

This notice is given in pursuance of the provisions of chapter 610 of the Laws of 1906.

Dated Brooklyn, N. Y., November 23, 1906.

BIRD S. COLER,
President of the Borough of Brooklyn.

BOROUGH OF THE BRONX

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX, MUNICIPAL BUILDING, CROTONA PARK, ONE HUNDRED AND SEVENTY-SEVENTH STREET, AND THIRD AVENUE.

HEREBY GIVE NOTICE THAT PETITIONS have been presented to me, and are on file in my office for inspection, for—

No. 483. Construction of a temporary connection from the existing sewer in Longfellow avenue to the existing sewer in Home street, at the intersection of Longfellow avenue and Home street.

No. 484. Paving with creosote-treated wood blocks on concrete foundation and setting curb where necessary on East One Hundred and Sixtieth street, between Forest avenue and Westchester avenue.

The petitions for the above will be submitted by me to the Local Board having jurisdiction thereof on December 8, 1906, at 11 a. m., at the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park, One Hundred and Seventy-seventh street and Third avenue.

Dated November 26, 1906.

LOUIS F. HAFEN,
President of the Borough of The Bronx.

BOARD OF WATER SUPPLY.

OFFICE OF THE BOARD OF WATER SUPPLY, No. 299 BROADWAY, NEW YORK, November 5, 1906.

TO CONTRACTORS.

CONSTRUCTING PORTIONS OF THE PECKSKILL DIVISION OF THE CATSKILL AQUEDUCT.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply at the above offices until 2 p. m. on

TUESDAY, DECEMBER 4, 1906.

FOR THE CONSTRUCTION OF PORTIONS OF THE PECKSKILL DIVISION OF THE CATSKILL AQUEDUCT, BETWEEN HUNTER'S BROOK AND FOUNDRY BROOK VALLEYS, IN THE TOWNS OF CORTLANDT AND YORKTOWN, WESTCHESTER COUNTY, AND PHILLIPSTOWN, PUTNAM COUNTY, NEW YORK.

At the above place and hour the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

This work is authorized by chapter 724, Laws of 1905, of the State of New York.

The principal items in the Engineer's estimate of the work are as follows:

1,061,000 cubic yards of excavation in open cut.
661,000 cubic yards of refilling and embankment.
131,000 cubic yards of excavation and replacing of top soil for surface dressing.

167,000 cubic yards of excavation in tunnels.

211,000 cubic yards of concrete masonry for aqueduct in open cut.

45,000 cubic yards of concrete masonry in tunnel.

340,000 barrels of Portland cement.

300,000 pounds of steel for reinforcing concrete.

76,000 linear feet of stone boundary walls.

60,000 linear feet of fences and guard rails.

The bond required for faithful performance of the contract will be Five Hundred Thousand Dollars (\$500,000). No bid will be received or considered unless accompanied by either a certified check upon a national or State bank in The City of New York, drawn to the order of the Comptroller, or money to the amount of Seventy-five Thousand Dollars (\$75,000).

Time allowed for the completion of the work is 48 months after signing of contract.

Copies of a pamphlet containing further information for bidders, form of proposal, forms of contract and bond, approved by the Corporation Counsel, specifications and drawings can be obtained at the office of the Board of Water Supply on application in person or by mail.

J. EDWARD SIMMONS,
President;

CHAS. N. CHADWICK,
CHAS. A. SHAW,
Board of Water Supply.

J. WALDO SMITH,
Chief Engineer;

THOS. HASSETT,
Secretary.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before January 2, 1907, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,
PAUL WEIMANN,
JAMES H. KENNEDY,
Board of Assessors.

WILLIAM H. JASPER,
Secretary,
No. 320 Broadway,
City of New York, Borough of Manhattan,
November 28, 1906.

n28,d10

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz:

BOROUGH OF MANHATTAN.

List 8899, No. 1. Paving Broadway (excluding the area between the tracks of the Metropolitan Street Railway Company), north from Dyckman street to the Spuyten Duyvil Creek, with asphalt blocks, curbing and recubing.

List 8979, No. 2. Sewer in One Hundred and Fifty-sixth street, between Boulevard Lafayette and Riverside drive.

List 8998, No. 3. Sewer and appurtenances in St. Nicholas avenue, west side, between One Hundred and Eighty-first and One Hundred and Eighty-third streets.

List 8994, No. 4. Paving with asphalt pavement, curbing and recubing Kingsbridge avenue, between Terrace View avenue South and Van Corlear place.

List 8996, No. 5. Regulating and paving Kingsbridge avenue, between Van Corlear and Wicker places.

List 8997, No. 6. Paving, curbing and recubing Kingsbridge avenue, from Terrace View avenue North southerly to Wicker place.

List 9011, No. 7. Laying crosswalks on One Hundred and Sixty-fifth street, at the west side of Broadway.

List 9016, No. 8. Paving West One Hundred and Forty-third street, from Lenox to Seventh avenue, with sheet asphalt, curbing and recubing.

BOROUGH OF THE BRONX.

List 8744, No. 9. Regulating, grading, curbing, flagging and laying crosswalks in East One Hundred and Sixty-fifth street, from Jerome avenue to the approach to the Grand Boulevard and Concourse, and from the approach to the Grand Boulevard and Concourse to Webster avenue, together with a list of awards for damages caused by a change of grade.

List 8760, No. 10. Regulating, grading, curbing, flagging and laying crosswalks in Rye avenue, from Burnside avenue to East One Hundred and Eighty-third street, together with a list of awards for damages caused by a change of grade.

List 8987, No. 11. Receiving basins and appurtenances at the northeast, southeast and northwest corners of River avenue and East One Hundred and Fiftieth street.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Broadway, from Dyckman street to the Harlem River Ship Canal, and to the extent of half the block at the intersecting and terminating streets.

No. 2. Both sides of One Hundred and Fifty-sixth street, from Broadway to Riverside drive.

No. 3. West side of St. Nicholas avenue, from One Hundred and Eighty-first to One Hundred and Eighty-third street.

No. 4. Both sides of Kingsbridge avenue, from Terrace View Avenue South to Van Corlear place, and to the extent of half the block at the intersecting streets.

No. 5. Both sides of Kingsbridge avenue, from Van Corlear place to Wicker place, and to the extent of half the block at the intersecting and terminating streets.

No. 6. Both sides of Kingsbridge avenue, from Terrace View Avenue North to Wicker place, and to the extent of half the block at the intersecting and terminating streets.

No. 7. Both sides of One Hundred and Sixty-fifth street, from Fort Washington avenue to Broadway.

No. 8. Both sides of One Hundred and Forty-third street, from Lenox to Seventh avenue and to the extent of half the block at the intersecting streets and avenues.

No. 9. Both sides of One Hundred and Sixty-fifth street, from Jerome avenue to Walton avenue, and from Sherman avenue to Webster avenue, and to the extent of half the block at the intersecting streets and avenues.

No. 10. Both sides of Rye avenue, from Burnside avenue to East One Hundred and Eighty-third street, and to the extent of half the block at the intersecting streets and avenues.

No. 11. Block bounded by One Hundred and Forty-ninth and One Hundred and Fiftieth streets, River and Gerard avenues, and block bounded by One Hundred and Fiftieth and One Hundred and Fifty-first streets, Cromwell and Gerard avenues.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before December 26, 1906, at 11 a. m., at which time and place the

said objections will be heard and testimony received in reference thereto.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES FOR THE below named work and materials will be received at the office of the Department of Water Supply, Gas and Electricity, Room 1536, Nos. 13 to 21 Park row, Borough of Manhattan, in the City of New York, until 2 o'clock p. m. on

WEDNESDAY, DECEMBER 5, 1906.

Borough of Brooklyn.

No. 1. FOR FURNISHING AND DELIVERING WROUGHT IRON OR WROUGHT STEEL PIPE AND PIPE FITTINGS.

The time allowed for the delivery of the supplies and the performance of the contract is ninety (90) calendar days.

The amount of security shall be fifty (50) per cent of the amount of the bid or estimate.

Bids will be received on any or all classes, but in bidding on any particular class the bidder must state a price for each and every item in that class, per linear foot or other unit of measurement, by which the bids will be tested.

The bids will be compared and awards made to the lowest bidder on each class.

All goods must be delivered, as directed, at the places stated in the specifications. The weight, measure, etc., will be allowed as received at the places of delivery.

Delivery will be required to be made from time to time and in such quantities and places as may be directed by the Commissioner.

Blank forms may be obtained at the office of the Department of Water Supply, Gas and Electricity, the Borough of Manhattan, Nos. 13 to 21 Park row, and at Rooms 25 and 28, Municipal Building, Borough of Brooklyn.

JOHN H. O'BRIEN,
Commissioner.

Dated November 19, 1906.

DEPARTMENT OF EDUCATION.

DEPARTMENT OF EDUCATION, SOUTHWEST CORNER OF PARK AVENUE AND FIFTY-NINTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Superintendent of School Buildings at the above office of the Department of Education until 11 o'clock a. m. on

MONDAY, DECEMBER 10, 1906.

Borough of Manhattan.

No. 1. FOR MANUAL TRAINING EQUIPMENT IN STUYVESANT HIGH SCHOOL, ON FIFTEENTH AND SIXTEENTH STREETS, ABOUT 80 FEET WEST OF FIRST AVENUE, BOROUGH OF MANHATTAN.

The time allowed to complete the whole work will be 90 working days, as provided in the contract.

The amount of security required in each case will be fifty per cent. (50%) of the total aggregate cost of item or items awarded to the contractor where such aggregate equals or exceeds one thousand dollars (\$1,000). For awards whose aggregate cost in each case is less than one thousand dollars (\$1,000) no contract will be entered into and no bond or sureties will be required. Such awards will be made by written order.

(a) Each item must be bid upon as separate and distinct from any other item.

(b) A person submitting a proposal may enter upon one bid blank two or more items, as he may see fit, but each item must be bid upon as required in (a).

(c) Should a person who had submitted a proposal for each item separately, including them all, desire to supply all the materials and perform all of the work, Items 1 to 44, inclusive, at a less price than the sum total of the bids for each item of his bid, such a proposal may be entered thereon, and not otherwise, as an alternate under the heading: LUMP SUM BID FOR ALL OF THE MATERIALS AND LABOR AS REQUIRED BY ITEMS 1 TO 44, INCLUSIVE, but the Committee will not make such award unless paragraph (a) has been strictly complied with, and the lump sum so bid is lower than the total sum of the lowest amount bid for each item.

(d) In the event of award being made as provided in (c) the amount of security required will be Thirty Thousand Dollars (\$30,000).

On Contract No. 1 the bidders must state the price of each or any article or item contained in

the specifications or schedules herein contained or hereto annexed, by which the bids will be tested.

Extensions must be made and footed up, as the bids will be read from the total of each item, and award made to the lowest bidder on each item.

Delivery will be required to be made at the time and manner and in such quantities as may be directed.

Blank forms, plans and specifications may be obtained or seen at the office of the Superintendent at Estimating Room, ninth floor, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan.

C. B. J. SNYDER,
Superintendent of School Buildings.

Dated November 26, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF EDUCATION, CORNER OF PARK AVENUE AND FIFTY-NINTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Superintendent of School Buildings at the above office of the Department of Education until 11 o'clock a. m. on

MONDAY, DECEMBER 10, 1906.

Borough of Manhattan.

No. 2. SALE OF USED AND DISCARDED FURNITURE, BUILDING MATERIALS, ETC.

The articles to be sold are now on storage at No. 426 East One Hundred and Tenth street, Borough of Manhattan, where they may be seen, and are marked as intended for sale.

The removal of said articles from the premises where they are now stored must be made within ten (10) working days from the opening of bids.

The amount of security required is One Hundred Dollars (\$100).

The following is a list of the articles to be sold:

Lots Nos. 1, 2, 3, 4 and 5, assortment of broken desks and chairs.

Lot No. 6, 54 modeling desks.

Lot No. 7, gymnasium apparatus, old lumber, etc.

Lot No. 8, 3 book closets.

Lot No. 9, 3 tables and 4 desks.

Lot No. 10, 12 small desks.

Lot No. 11, 13 lockers, 1 closet base and 4 desks.

Lot No. 12, 12 wire screens.

Lot No. 13, various parts of filing boxes.

Lot No. 14, 14 crates of sash adjusters.

Lot No. 15, 67 fast top desks.

Lots Nos. 16 and 17, 141 three-seated desks.

Lot No. 18, 9 settees.

Lot No. 19, 8 biology tables.

Lot No. 20, 2 swings.

Lot No. 21, 36 three-seated desks.

Lot No. 23, 4 screens.

Lot No. 24, 106 desks on street.

Lot No. 25, 20 pieces of slate.

Lot No. 26, 64 pedestal chairs and box top desks, 1 water filter, 1 gas range, 17 pieces of pine partition, 1 rolling shutter, 36 glass rolling doors.

Lot No. 27, 16 large rolling doors and sash.

Cash payment must be made at the time and place of sale by the successful bidder, in addition to submitting the bond heretofore set forth, in the sum of one hundred dollars.

Should the successful bidder fail to remove the goods or articles within ten days, the said bidder will be considered as having forfeited ownership of said articles and the money paid therefor and the said articles will be resold for the benefit of the City. In the event of the successful bidder failing to remove the articles within the time limited, the security above mentioned will be considered as forfeited, and will be retained by the City of New York.

PATRICK JONES,

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 26, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

Borough of The Bronx

being a portion of a building situated on the corner of Morris Park avenue and Taylor street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, more particularly described on the map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Manhattan. The sale will take place on

FRIDAY, DECEMBER 14, 1906

on the premises, at 11 a. m., and will be sold at the highest marketable price on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of the buildings, parts of buildings, etc., standing within the lines of said streets, from the streets, by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money, and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller sales of the above described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, November 26, 1906.

CORPORATION SALE OF TAX CERTIFICATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 8, 1907

at 12 o'clock m., at the Comptroller's office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to a certain tax sale certificate, registered in the office of the Collector of Assessments and Arrears in Liber 83 of tax sales by the certificate No. 5233, being for the sale for the non-payment of taxes on Lot No. 33 in Block 99 of the Twenty-fourth Ward of the Borough of Brooklyn, now known as Lot No. 39, in Block 1300, Section 5, on the tax maps of the Borough of Brooklyn. The minimum or upset price at which the certificate is to be sold is hereby appraised and fixed at four hundred and seventy-one dollars and forty-four cents (\$471.44), and the Comptroller is hereby authorized to take the necessary steps for making such sale upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount due on said certificate as purchase money at the time of the sale, which sum shall not be less than four hundred and seventy-one dollars and forty-four cents (\$471.44), and in addition thereto the purchaser shall pay the auctioneer's fees on such sale.

Upon the payment of the amount bid at such sale, together with the auctioneer's fees, the Comptroller is hereby authorized to execute and deliver an assignment of the said certificate to the purchaser, which shall be taken by the purchaser without recourse.

The Comptroller may at his option resell the certificate if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for the cost and expense of any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund under resolution adopted at a meeting of the Board held November 21, 1906.

H. A. METZ,
Comptroller.

City of New York, Department of Finance,
Comptroller's office, November 28, 1906.

NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessments for the opening and acquiring title to the following named streets and road in the BOROUGH OF BROOKLYN:

TWENTY-FOURTH WARD, SECTION 5.

UNION STREET—OPENING, between Bedford avenue and Rogers avenue. Confirmed October 20, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Rogers avenue where the same is intersected by a line drawn parallel with the northerly side of Union street and distant 100 feet northerly therefrom; running thence westerly and parallel with the northerly side of Union street to the easterly side of Bedford avenue; running thence southerly and along the easterly side of Bedford avenue to a line drawn parallel with the southerly side of Union street and distant 100 feet southerly therefrom; running thence easterly and parallel with Union street to the westerly side of Rogers avenue; running thence northerly and along the westerly side of Rogers avenue to the point or place of beginning.

TWENTY-NINTH WARD, SECTION 16.

SEELEY STREET—OPENING, between Gravesend avenue and Nineteenth street. Confirmed October 25, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Eighteenth street where the same would be intersected by a line drawn parallel with Seeley street and distant 200 feet southerly therefrom; running thence westerly and parallel with Seeley street to the easterly side of Gravesend avenue; running thence northerly and along the easterly side of Gravesend avenue to its intersection with the southerly side of Terrace place; running thence easterly and along the southerly side of Terrace place to the westerly side of Eighteenth street; running thence southerly and along the westerly side of Eighteenth street to the point or place of beginning.

TWENTY-NINTH WARD, SECTIONS 15 AND 16.

BEVERLEY ROAD—OPENING, between Bedford avenue and East Thirty-first street. Confirmed October 26, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Bedford avenue where the same is intersected by the centre line of the block between Beverley road and Vernon avenue; running thence easterly and along the centre line of the block

between Beverley road and Vernon avenue to the westerly side of East Thirty-first street; running thence southerly and along the westerly side of East Thirty-first street to the centre line of the block between Avenue C and Beverley road; running thence westerly and along the centre line of the block between Avenue C and Beverley road to the easterly side of Bedford avenue; running thence northerly and along the easterly side of Bedford avenue to the point or place of beginning.

THIRTY-FIRST WARD, SECTION 21.

WEST THIRTEENTH STREET—OPENING, between Eighty-sixth street and Gravesend basin. Confirmed October 25, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point in the southerly side of Eighty-sixth street where the said southerly side of Eighty-sixth street is intersected by the centre line of the block between West Thirteenth street and Stillwell avenue; running thence southerly and along the centre line of a block between West Thirteenth street and Stillwell avenue to a point south of Hubbard's creek, which point is located where a prolongation of the northerly side of Gravesend basin would intersect the centre line of the block between West Thirteenth street and Stillwell avenue; running thence easterly and along said prolongation to the northerly side of Gravesend basin and the northerly side of the block between West Thirteenth street and West Twelfth street intersects the northerly side of Gravesend basin; running thence northerly and along the centre line of the block between West Twelfth street and West Thirteenth street to its intersection with the southerly side of Eighty-sixth street; running thence northwesterly and along the southerly side of Eighty-sixth street to the point or place of beginning.

The above-entitled assessments were entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before January 25, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, November 26, 1906.

CORPORATION SALE OF REAL ESTATE.

BRYAN L. KENNELLY, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

THURSDAY, DECEMBER 13, 1906

at 12 o'clock m., at the New York Real Estate Salesroom, Nos. 14-16 Vesey street, the following-described real estate belonging to the Corporation of The City of New York, and located in the Borough of The Bronx, viz.:

All those certain parcels of land being known and designated by the numbers 1, 2, 8 and 11, as shown on the map filed with the judgment roll, entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, which said parcels were included in the deed made by the East Bay Land and Improvement Company to The City of New York, recorded in the Register's Office of the County of New York December 11, 1899, in Volume 23, page 211, Section 10, on the land maps of the County of New York.

Parcel No. 1 being a part of Edgewater road, lying between Craven and Worthen streets.

Parcel No. 2 being a part of East Bay avenue, lying between Craven and Worthen streets.

Parcel No. 8 being a part of Worthen street, lying south of Eastern Boulevard.

Parcel No. 11 being a part of Craven street, lying south of Eastern Boulevard.

The minimum or upset price at which said property shall be sold is hereby fixed at forty thousand dollars (\$40,000).

The sale of the said premises is made upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay ten (10) per cent. of the amount of his bid and the auctioneer's fee at the time of sale and ninety (90) per cent. upon the delivery of the deed, which shall be thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the party who may fail to comply therewith will be held liable for any deficiency that may result from any such resale.

The right is reserved to reject any and all bids. Maps of said real estate may be seen on application at the Comptroller's office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under resolution adopted November 14, 1906.

H. A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, November 22, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property,

affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SEVENTY-FIRST STREET—SEWER, from Fort Washington avenue to Broadway. Area of assessment: Lots Nos. 1, 50, 58 and 89, of Block 2142, same being bounded by Fort Washington avenue and Broadway and One Hundred and Seventieth and One Hundred and Seventy-second streets. —that the same were confirmed by the Board of Revision of Assessments on November 22, 1906, and entered on November 22, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 21, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, November 22, 1906.
n23,d7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.

EVELYN PLACE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Jerome avenue to Aqueduct avenue East. Area of assessment: Both sides of Evelyn place, from Jerome avenue to Aqueduct avenue East, and to the extent of half the block at the intersecting avenues.

FREEMAN STREET—REGULATING, GRADING, SETTING CURBSTONES, FLAGGING SIDEWALKS, LAYING CROSSWALKS, PLACING FENCES, LAYING PAVEMENT AND PLANTING TREES, from Southern Boulevard to the Bronx river. Area of assessment: Both sides of Freeman street, from the Southern Boulevard to Westchester avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same were confirmed by the Board of Revision of Assessments November 22, 1906, and entered on November 22, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 21, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

TWENTY-SIXTH WARD, SECTION 13.

MILFORD STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS between Atlantic and Glenmore avenues. Area of assessment: Both sides of Milford street, from Atlantic to Glenmore avenues, and to the extent of half the block at the intersecting avenues.

THIRTEENTH WARD, SECTION 18.

SEVENTY-FOURTH STREET—PAVING, between Second and Third avenues. Area of assessment: Both sides of Seventy-fourth street, from Second to Third avenue and to the extent of half the block at the intersecting avenues. —that the same were confirmed by the Board of Revision of Assessments on November 22, 1906, and entered November 22, 1906, in the

Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments interest will be collected thereon as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessments shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays till 12 m., and all payments made thereon on or before January 21, 1907 will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of assessments for OPENING AND ACQUIRING TITLE to the following-named streets in the BOROUGH OF BROOKLYN:

TWENTY-FOURTH WARD, SECTION 5.
PRESIDENT STREET—OPENING, between Bedford avenue and Rogers avenue. Confirmed October 26, 1906; entered November 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Rogers avenue, where the same is intersected by a line drawn parallel to the northerly side of President street and distant 100 feet northerly therefrom; running thence westerly and parallel with President street to the easterly side of Bedford avenue; running thence southerly and along the easterly side of Bedford avenue to where a line drawn parallel with the southerly side of President street and distant 100 feet southerly therefrom would intersect the same; running thence easterly and parallel with President street to the westerly side of Rogers avenue; running thence northerly along the westerly side of Rogers avenue to the point or place of beginning.

TWENTY-EIGHTH WARD, SECTION 11.
DECATUR STREET—OPENING, between Hamburg avenue and Brooklyn line. Confirmed October 25, 1906; entered November 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of Hamburg avenue where the same is intersected by the centre line of the block, between Decatur street and Cooper street; running thence northerly and along the centre line of the blocks between Decatur street and Cooper street to the line dividing the boroughs of Queens and Kings; running thence northwesterly and along the line dividing the boroughs of Kings and Queens to the centre line of the blocks between Decatur street and Schaeffer street; running thence southwesterly and along the centre line of the blocks between Decatur street and Schaeffer street to the northerly side of Hamburg avenue; running thence easterly along the northerly side of Hamburg avenue to the point or place of beginning.

THIRTIETH WARD, SECTION 18.
NARROWS AVENUE—OPENING, from Seventy-first street to Shore road. Confirmed March 29, 1906; entered November 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Commencing at the intersection of the easterly side of Narrows avenue with the Bay Ridge parkway or shore road; running thence easterly and parallel with the southerly side of Eighty-ninth street to the centre line of the block between Narrows avenue and First avenue; running thence northerly and along the centre line of the blocks between Narrows avenue and First avenue to the southerly side of Bay Ridge avenue; thence westerly along the southerly side of Bay Ridge avenue to the Shore road, and thence southerly along the easterly side of the Bay Ridge parkway or Shore road to the point or place of beginning.

The above entitled assessments were entered on the day hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that: "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of 7 per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all

payments made thereon on or before January 17, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of 7 per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, November 20, 1906.

n22,d6

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.
WEST ONE HUNDRED AND SIXTY-SEVENTH STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS, from Edgecombe avenue to Amsterdam avenue. Area of assessment: Both sides of West One Hundred and Sixty-seventh street, from Amsterdam avenue to Edgecombe avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

TWENTY-SECOND WARD, SECTION 4.
WEST SIXTY-EIGHTH STREET—ALTERATION AND IMPROVEMENT TO SEWER, between West End avenue and Amsterdam avenue. Area of assessment: Both sides of Sixty-eighth street, from West End avenue to Amsterdam avenue; east side of West End avenue and west side of Amsterdam avenue, from Sixty-eighth to Sixty-ninth street.

WEST SIXTY-NINTH STREET—ALTERATION AND IMPROVEMENT TO SEWER, between West End avenue and Amsterdam avenue. Area of assessment: Both sides of Sixty-ninth street, from West End avenue to Amsterdam avenue; east side of West End avenue and west side of Amsterdam avenue, from Sixty-ninth street to a point about 100 feet northerly therefrom.

—that the same were confirmed by the Board of Assessors on November 20, 1906, and entered on November 20, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 19, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

EIGHTH WARD, SECTION 3.
LAYING CEMENT SIDEWALKS on both sides of FIFTY-SECOND STREET, between Sixth and Seventh avenues; on FIFTY-EIGHTH STREET, north side, between Sixth and Seventh avenues, and on THIRTIETH STREET, north side, between Third and Fourth avenues; also on the northeast corner of FIFTY-EIGHTH STREET AND THIRD AVENUE. Area of assessment: Both sides of Fifty-second street, between Sixth and Seventh avenues, Lots Nos. 1, 41 and 47 of Block 801; Lots Nos. 4, 19, 21, 22 to 31 and 37. Block 800; north side of Thirtieth street, between Third and Fourth avenues, Lots Nos. 41 and 47. Block 668; northeast corner of Third avenue and Fifty-eighth street, Lot No. 1, Block 846.

EIGHTH WARD, SECTION 3, AND THIRTIETH WARD, SECTION 18.
SIXTIETH STREET—SEWER, between Fifth and Sixth avenues. Area of assessment: Both sides of Sixtieth street, from Fifth to Sixth avenue.

TWELFTH WARD, SECTION 2.
WEST NINTH STREET—PAVING, with asphalt pavement, between Clinton and Henry streets. Area of assessment: Both sides of Ninth street, from Clinton to Henry street, and to the extent of half the block at the intersecting streets.

WEST NINTH STREET—SEWER, from Clinton street to Henry street. Area of assessment: Both sides of Ninth street, from Clinton street to Henry street.

TWENTY-SEVENTH WARD, SECTION 11.
TROUTMAN STREET—SEWER, from Irving avenue to Wyckoff avenue. Area of assessment: Both sides of Troutman street, from Irving avenue to Wyckoff avenue.

STARR STREET—SEWER, from Irving avenue to Wyckoff avenue. Area of assessment: Both sides of Starr street, from Irving avenue to Wyckoff avenue.

TWENTY-EIGHTH WARD, SECTION 11.
BUSHWICK AVENUE—SEWER, westerly side, from Jefferson avenue to the existing sewer south of Hancock street. Area of assessment: West side of Bushwick avenue, from Jefferson avenue to a point 80 feet south of Hancock street.

TWENTY-NINTH WARD, SECTION 5, AND TWENTY-NINTH AND THIRTY-SECOND WARDS.

NOSTRAND AVENUE—REGULATING, GRADING AND PAVING, between Malbone street and Flatbush avenue. Area of assessment: Both sides of Nostrand avenue, from Malbone street to Flatbush avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

TWENTY-NINTH WARD, SECTION 16.
EAST ELEVENTH STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Beverley road and Cortelyou road. Area of assessment: Both sides of Eleventh street, from Beverley road to Cortelyou road, and to the extent of half the block at the intersecting and terminating streets.

THIRTY-SECOND WARD, SECTION 15.
EAST THIRTY-FOURTH STREET—PAVING, from Avenue F to Glenwood road. Area of assessment: Both sides of Thirty-fourth street, from Avenue F to Glenwood road, and to the extent of half the block at the intersecting streets and avenues.

—that the same were confirmed by the Board of Assessors on November 13, 1906, and entered November 13, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided for in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessments shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays until 12 m., and all payments made thereon on or before January 12, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ,

City of New York—Department of Finance,
Comptroller's Office, November 13, 1906.

n15,28

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
EAST ONE HUNDRED AND SEVENTY-FIFTH STREET—REGULATING, GRADING, PAVING, CURBING, FLAGGING, LAYING CROSSWALKS AND PLANTING TREES, from Third avenue to the Southern Boulevard. Area of assessment: Both sides of East One Hundred and Seventy-fifth street, from Third avenue to the Southern Boulevard, and to the extent of half the block at the intersecting and terminating streets.

—that the same was confirmed by the Board of Assessors November 13, 1906, and entered on November 13, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 12, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,

City of New York—Department of Finance,
Comptroller's Office, November 13, 1906.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the Commissioner of the Department of Parks, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

Being the two buildings located on Bay Ridge parkway at Fifth avenue, between Sixty-sixth and Sixty-seventh streets, in the Borough of Brooklyn.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances

thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

FRIDAY, NOVEMBER 30, 1906

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, November 2, 1906.

n8,30

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the President of the Borough of Brooklyn, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

All the right, title and interest of The City of New York in and to the buildings remaining within the area of the property acquired for the proposed opening and extending of Grand street, from Hooper street to Havemeyer and South Fourth streets, which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan. The sale will take place on

WEDNESDAY, NOVEMBER 28, 1906

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said

period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,
Comptroller.

Comptroller's Office, November 2, 1906.

n8,28

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Park Department, said buildings being situated in the

Borough of Brooklyn

and erected upon property bounded and described as follows:

Beginning at a point on the northerly line of Sunnyside avenue distant 42.54 feet westerly from the westerly line of Warwick street; thence easterly along the northerly line of Sunnyside avenue 2,031.54 feet, more or less, to the westerly boundary line of the National Cemetery; thence southerly along the westerly boundary line of the National Cemetery 285 feet, more or less, to the northerly line of Jamaica avenue; thence westerly along the northerly line of Jamaica avenue 2,067 feet, more or less, to a point 400 feet easterly from the easterly line of Barbey street; thence northerly at right angles to Jamaica avenue 115 feet, more or less; thence easterly parallel with Jamaica avenue 7.21 feet, more or less, to a point in the southerly side of Sunnyside avenue distant 57.69 feet westerly from the westerly line of Warwick street; thence northerly 62 feet, more or less, to the point of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

WEDNESDAY, NOVEMBER 28, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the

same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN of all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond at the above office until 12 o'clock m. on

THURSDAY, DECEMBER 27, 1906.

Borough of Richmond.

No. 1. FOR FURNISHING PLANS FOR THE FOUNDATIONS, BUILDING, RUNWAY, CONNECTING FLUES AND CHIMNEY OF A REFUSE DESTRUCTOR TO BE BUILT AT WEST NEW BRIGHTON IN ADDITION TO FURNISHING ALL PLANS, SPECIFICATIONS, SUPERVISION, LABOR, MATERIALS AND APPURTENANCES NECESSARY FOR THE ERECTION AND COMPLETION OF THE FURNACE AND STEAM BOILER PORTION OF THE PROPOSED WEST NEW BRIGHTON DESTRUCTOR AT WEST NEW BRIGHTON, BOROUGH OF RICHMOND, THE CITY OF NEW YORK, U. S. A.

The specifications require an incinerator or destructor capable of burning in a sanitary and economical manner sixty (60) tons per 24 hours of mixed refuse containing ashes, garbage and rubbish.

The destructor portion of the installation shall be erected complete by the contractor, including furnace, steam boiler, forced draught apparatus, etc.

No experimental or untried installations will be considered.

The time for the completion of the work and the full performance of the contract is 90 days.
The amount of security required is 50 per cent. of the bid or estimate.

Contract for the building based on such plans as may be selected will be subsequently made.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Richmond Building, New Brighton, Borough of Richmond.

GEORGE CROMWELL,
President.

The City of New York, November 16, 1906.

BOARD OF CITY RECORD.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Supervisor of the City Record, Room 807, Park Row Building, Nos. 13 to 21 Park row, in The City of New York, until 11 o'clock a. m. on

TUESDAY, DECEMBER 4, 1906.

FOR SUPPLYING PRINTED, LITHOGRAPHED OR STAMPED FORMS, PAMPHLETS, PRINTED BLANKS AND STATIONERY, INCLUDING LETTER AND WRITING PAPER AND ENVELOPES, WITH PRINTED HEADINGS OR INDORSEMENTS, ETC., FOR THE USE OF THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK DURING THE YEAR 1907.

The time of delivery shall not be later than June 30, 1907, except under the following conditions:

First—Delivery must be made not more than 30 days after the receipt of copy, if required by the Supervisor.

Second—Where revised copy is required by the character of the sample, all work shall be completed within 30 days after such revised copy is received from the department by the contractor.

The amount of security shall be twenty-five per cent. of the amount of the bid.

The bidder must state the price for each item and the total price of each schedule. The bids will be tested and the award made as a whole to the bidder whose aggregate bid is the lowest for the entire contract; but the Board of City Record may, in its discretion, award the contract by schedule.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work, reference must be made to the specifications, to be had at the office of the Supervisor and on file in the office of the Comptroller.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Board of City Record, a copy of which, with the proper envelope in which to inclose the bid,

together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the City Record, where further information can be obtained.

GEORGE B. McLELLAN,
Mayor,
WILLIAM B. ELLISON,

LAW DEPARTMENT.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Corporation Counsel of The City of New York, No. 2 Tryon row, in The City of New York, at 11 o'clock a. m. on

FRIDAY, DECEMBER 7, 1906

for searching the title of all the property involved in a proceeding known as "In the matter of acquiring title by The City of New York to certain lands and premises, situated in the Counties of Kings and Queens," etc., the said property being generally a strip about two hundred (200) feet wide, immediately south of the present conduit line in the County of Queens, and running from the Kings County line or thereabouts to the Nassau County line or thereabouts. Accurate surveys will be furnished by the City, and may be seen at the office of the Corporation Counsel in the Borough of Brooklyn.

Only bids from title companies will be accepted.

The search required should run back forty years, and should be guaranteed to the City, and should show all persons having any interest of any description in the property on the date of vesting title in the City, June 18, 1906, and all taxes, liens or other incumbrances. The City will furnish the names of the reputed owners of the property and the instruments under which they claim so far as known to it.

The amount of the security shall be Five Hundred Dollars.

BOARD OF ESTIMATE AND APPOINTMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out as a public park the territory lying between the westerly side of Riverside Drive and the Hudson river, and between the northerly side of West One Hundred and Fifty-eighth street and the present southerly boundary of Fort Washington Park, Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 7, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 23, 1906, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do proposes to change the map or plan of The City of New York by laying out as a public park the territory lying between the westerly side of Riverside Drive and the Hudson river, and between the northerly side of West One Hundred and Fifty-eighth street and the present southerly boundary of Fort Washington Park, in the Borough of Manhattan, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 7th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 7th day of December, 1906.

Dated November 24, 1906.

JOSEPH HAAG,
Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.
n24,d6

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held November 9, 1906, the following petition was received:

In the matter of the application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and said Nassau Electric Railroad Company, for the construction of an electric railroad on portions of Atlantic avenue, in the Borough of Brooklyn, City of New York.

To the Board of Estimate and Apportionment:
The petition of the undersigned respectfully shows:

First—By chapter 256 of the Laws of 1832, the Brooklyn and Jamaica Railroad Company was organized and empowered to construct a railroad, "with such appendages as may be deemed necessary for the convenient use of the same," between Brooklyn and Jamaica.

In addition to the general powers given by law, the corporation was authorized to prescribe the manner in which the railroad should be used, and by what force the carriages to be used thereon may be propelled.

Second—That thereafter it constructed a steam surface railroad upon a right of way which it acquired by purchase or condemnation proceedings, portions of which line were included within the limits of what is now Atlantic avenue.

Third—By chapter 178 of the Laws of 1834 the Long Island Railroad Company was organized and empowered to construct a railroad from Greenport to a point on the waters adjacent to Brooklyn, "with such appendages as may be deemed necessary for the convenient use of the same," with power to prescribe the manner in which its road shall be used, and by what force the carriages to be used thereon may be propelled.

Fourth—By chapter 94 of the Laws of 1836 the Brooklyn and Jamaica Railroad Company was authorized to lease its railroad from Brooklyn to Jamaica to the Long Island Railroad Company, and it was provided that the use of the said Brooklyn and Jamaica Railroad, under such lease, should be taken as a performance of the obligations on the part of the Long Island Railroad Company to construct its road from Greenport to Brooklyn.

Fifth—This lease was made of all the corporate rights and franchises of the said Brooklyn and Jamaica Railroad Company, and has been extended from time to time, and now has seventy (70) years to run. The Long Island Railroad Company under it and under its own charter has been for many years operating a double-track steam railroad over the right of way formerly of the Brooklyn and Jamaica Railroad Company, situated in the centre of what is now Atlantic avenue, from the junction of Atlantic and Flatbush avenues, in the Borough of Brooklyn to Jamaica and points eastward thereof.

Sixth—The Brooklyn and Jamaica Railroad Company was foreclosed and its property conveyed to the Atlantic Avenue Railroad Company of Brooklyn, and said Atlantic Avenue Railroad Company of Brooklyn was, on or about January 26, 1899, merged with the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company is now possessed of all its property and franchises.

Seventh—By chapter 499 of the Laws of 1897, for the improvement of Atlantic avenue and for the removal of the steam railroad of the Long Island Railroad Company from the surface, it was provided that the railroad of the Atlantic Avenue Railroad Company of Brooklyn, "now leased and operated by the Long Island Railroad Company," between Flatbush avenue and Atkins avenue, should be changed by said companies "by depressing the same from Flatbush avenue to near the easterly side of Bedford avenue, so as to leave the surface free from the steam railroad tracks, fences and gates of the steam railroad of the Long Island Railroad Company then existing thereon." From this point the right of way of the railroad should be operated in an open cut, to a point between Bedford and Nostrand avenues. From there running east the tracks should be raised and run on an elevated structure to the easterly side of Ralph avenue. From Ralph avenue the tracks were to descend to the grade of Atlantic avenue, at a point between Ralph and Howard avenues. From there they were to be operated in an open cut to the west side of Cooper place. From there they were to be placed below the surface of the street to a point near the east side of Stone avenue. From there the right of way should be through an open cut to a point near the westerly side of Jardine place, where it should coincide with the grade of Atlantic avenue. From there eastward it should be operated on a surface grade to near the easterly side of Snediker avenue. At this point the tracks were to be elevated, passing over Williams avenue at a height of eight feet, and over Alabama avenue at a height of twelve feet, and from the easterly side of Alabama avenue the tracks should be operated over an elevated structure to a point near Linwood avenue. From there they should descend to the grade of Atlantic avenue, near Atkins avenue, and from that point eastward should be operated on the existing grade.

Eighth—Said act also provided that when completed the Long Island Railroad Company, as lessee of the Atlantic Avenue Railroad Company of Brooklyn, was authorized and directed to run its trains "over such improvement and the road of such railroad as constructed and authorized by law," and no cars of other companies, without permission of the said Long Island Railroad Company, shall be run thereon or thereunder.

Ninth—By chapter 497 of the Laws of 1899 it is provided that whenever any right of way, grade or tracks of any steam railroad in any street, in any city of the first class, are required by law to be changed or altered by elevating or depressing the same for the purpose of discontinuing the use of steam power upon the surface of said highway or street, such alteration or change of grade shall not be deemed to curtail or affect any right which such company, or its lessees or assigns, may have to maintain and operate a surface passenger railroad within the limits of the right of way so depressed or elevated, and over or under the railroad tracks so depressed or elevated, with all turnouts, sidings or tracks necessary to secure the continuous connection of portions of such surface railroad. In the event that any such turnouts, sidings or tracks shall extend beyond the lines of the right of way of such railroad corporation whose tracks have been so depressed or elevated in or upon any of the streets or highways aforesaid, such turnouts, sidings or tracks so extending beyond the lines of such right of way shall only be constructed upon condition that the consent of the owners of one-half in value of the property bounded, and the consent also of the local authorities having the control of that portion of such street or highway upon which it is proposed to construct such turnout, siding or tracks, shall be first obtained. No such railroad shall be operated by steam locomotives, and shall not be used except for passenger traffic.

Tenth—That the change of grade provided in and by the aforesaid acts for the improvement of Atlantic avenue has been duly made, such portions of the aforesaid track required by said act to be depressed below the surface of the street have been so depressed, and such portions as were required to be elevated have been elevated, that the connections between the same have been constructed, and the trains of the

Long Island Railroad Company are now being operated thereon by electricity.

Eleventh—That the tracks for an electrical railroad have been laid upon the aforesaid right of way of the said railroad, over or under the said improvement, with the exception of the following portions thereof, viz:

1. From the westerly side of Bedford avenue to a point midway between Nostrand avenue and New York avenue.

2. From a point opposite Columbus place to a point near Louis place.

3. From a point opposite Olive place to a point nearly opposite Alabama avenue, with the exception of the portion of the south side of Atlantic avenue, between Snediker and Georgia avenues, occupied by the tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate.

At these points, where either the cuts are located (being the portions of said right of way by which the trains from the depressed subway reach the surface), or the inclined portion of the elevated structure extends from the grade of the avenue to a place where there is sufficient headroom for the cars to pass thereunder. At these points the existence of these obstacles make it impossible to operate a continuous railroad upon the surface of said right of way.

Twelfth—That in order to secure a continuous connection and operation of said surface railroad, it is necessary that a turnout or siding, consisting of a single track on each side of said right of way, should be constructed in the various portions of Atlantic avenue lying between the points aforesaid, and also that the same should be connected with the tracks of the street surface railroads intersecting the same. That such sidings and connections have been duly located, and that the portions of the streets proposed to be occupied thereby are, and the general line of the improvement is designated on the blue print hereto annexed, marked "A," Drawing No. R-4. Maps showing each one of such sidings in detail are also hereto annexed, marked "B," "C," "D," "E" and "F," and show the location of the poles carrying the electric wires.

Thirteenth—That your petitioners are advised and believe that under the statutes aforesaid, and under the provisions of law relative to the subject, your petitioners are authorized to construct said turnouts and sidings and to operate an electric railroad over the same in connection with the line constructed upon the surface of the aforesaid right of way as aforesaid, upon obtaining the consent of the local authorities of the City of New York, and the consent of the majority of the owners of the property abutting on said sidings, or, in lieu of the latter, the consent of the Appellate Division of the Supreme Court.

Fourteenth—That your petitioners have used diligent efforts to obtain the consent of the majority of said abutting owners, but have been unable so to do, and are now about to apply to the Appellate Division for its consent in lieu thereof.

Fifteenth—That the portions of Atlantic avenue over which the petitioners desire to obtain the consent of the City to operate is only a very small portion of the entire route of the proposed railroad, the remainder being upon the property of your petitioners.

That this proposed railroad will be a trolley railroad of the most modern character, and its construction and operation will be a great public convenience, and will, as your petitioners are informed and believe, largely enhance the value of the property abutting on Atlantic avenue and of that in the vicinity. That your petitioners believe that a rental of one hundred dollars (\$100) a year for a franchise to operate each of four turnouts, or the aggregate annual rent of four hundred dollars (\$400) (which represents a capitalization of four per centum of \$10,000), would be a reasonable rent to pay for such privileges, and your petitioners hereby offer to pay the same to the City for its consent to such construction.

Wherefore, your petitioners respectfully pray that the Board of Estimate and Apportionment will grant to the Nassau Electric Railroad Company and the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, the consent of The City of New York for the construction of a double track electrical railroad to be laid on the surface of Atlantic avenue in the Borough of Brooklyn, City of New York, one track thereof to be laid on each side of said avenue in the portions thereof adjoining the places where the right of way of the Long Island Railroad Company above mentioned is obstructed by the elevated and depressed tracks, to wit:

1. Leaving the said right of way at a point forty (40) feet westerly from the westerly side of Bedford avenue, and thence running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about one hundred and fifty (150) feet easterly from the easterly line of Nostrand avenue, and thence curving inward, intersecting the said right of way and connecting with the tracks thereon.

2. Leaving the said right of way at a point opposite the easterly line (if extended) of Columbus place, and running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about opposite to the easterly side of Cooper place (if extended), and thence curving inward, intersecting the said right of way, and connecting with the tracks thereon.

3. Leaving the said right of way at a point approximately at the centre of Stone avenue, or Eastern Parkway Extension, and running with a single track on each side of the line of the said right of way, to a point about opposite the easterly curb line of Alabama avenue (excepting the portion of the southern side of Atlantic avenue between Snediker and Alabama avenues, occupied by the existing tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate); thence curving inward into the said right of way and connecting with the tracks laid thereon.

4. Together with the right to erect and maintain the necessary poles, wires and appurtenances, the poles supporting the wires by which said cars are to be operated to be placed as far as practicable within the limits of the right of way aforesaid.

THE LONG ISLAND RAILROAD COMPANY.

By RALPH PETERS, President.

THE NASSAU ELECTRIC RAILROAD COMPANY.

By T. S. WILLIAMS, Vice-President.

State of New York, County of Kings, ss.: Ralph Peters, being duly sworn, says that he is the President and an officer of the Long Island Railroad Company, one of the corporations petitioners in the above entitled matter. That the foregoing petition is true to the knowledge of this deponent, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is because the petitioner is a corporation; that the grounds of deponent's belief as to all matters in said petition not stated upon his own knowledge, are

investigations which deponent has caused to be made concerning the subject matter of this action, and information acquired by deponent in the course of his duties as an officer of the corporation petitioner in this action.

RALPH PETERS.

Sworn to before me this 3d day of July, 1906.

WILLIAM J. HAWSON,

Notary Public, Kings County.

Certificate filed in New York County.

State of New York, County of Kings, ss.: T. S. Williams, being duly sworn, says that he is the Vice-President and an officer of the Nassau Electric Railroad Company, one of the corporations petitioners in the above entitled matter; that the foregoing petition is true to the knowledge of this deponent, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is because the petitioner is a corporation; that the grounds of deponent's belief as to all matters in said petition not stated upon his own knowledge, are

Sworn to before me this 3d day of July, 1906.

J. H. BENNINGTON,

Notary Public, Kings County, N. Y.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, dated July 3, 1906, was presented to the Board of Estimate and Apportionment at a meeting held September 14, 1906.

Resolved, That in pursuance of law this Board sets Friday, the 7th day of December, 1906, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions, to be published for at least fourteen (14) days in two daily newspapers in the City of New York, to be designated by the Mayor and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

JOSEPH HAAG,

Secretary.

New York, November 9, 1906.

500 square feet of old flagstone, retrimmed and relaid.

13,000 square feet of new flagstone.

No. 2. FOR REGULATING, GRADING, CURBING, LAYING SIDEWALKS AND CROSSWALKS ON EMMA STREET, FROM FLUSHING AVENUE TO WILLIAM STREET, SECOND WARD, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time allowed for doing and completing the above work will be forty-five (45) working days.

The amount of security required will be Twenty-five Hundred Dollars (\$2,500).

The Engineer's estimate of quantities is as follows:

7,000 cubic yards of earth excavation.

2,000 linear feet of concrete curb.

7,200 square feet of new flagstone.

300 square feet of new bluestone bridging.

No. 3. FOR REGULATING, GRADING, CURBING, LAYING SIDEWALKS AND CROSSWALKS ON ELEVENTH AVENUE, FROM GRAND AVENUE TO WILSON AVENUE, FIRST WARD, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time allowed for doing and completing the above work will be fifty (50) working days.

The amount of security required will be Four Thousand Dollars (\$4,000).

The Engineer's estimate of quantities is as follows:

3,400 linear feet of new bluestone curbstone, furnished and set.

1,500 cubic yards of earth excavation.

4,500 cubic yards of earth filling, furnished.

16,600 square feet of new flagstone.

700 square feet of new bluestone bridging.

No. 4. TO CONSTRUCT A SEWER AND APPURTENANCES IN ST. NICHOLAS AVENUE, FROM THE BROOKLYN BOROUGH LINE TO MYRTLE AVENUE, AND IN MYRTLE AVENUE, FROM ST. NICHOLAS AVENUE TO TESLA PLACE, IN THE SECOND WARD.

The Engineer's estimate of the quantities required is as follows:

1,355 linear feet of reinforced concrete sewer, 15 feet.

690 linear feet of reinforced concrete sewer, 11 feet 3 inches.

1,335 linear feet of reinforced concrete sewer, 10 feet.

2,070 linear feet of reinforced concrete sewer, 9 feet 6 inches.

1,200 linear feet of reinforced concrete sewer, 5 feet 6 inches.

800 linear feet of reinforced concrete sewer, 5 feet.

520 linear feet of reinforced concrete sewer, 4 feet 6 inches.

650 linear feet of reinforced concrete sewer, 4 feet.

510 linear feet of reinforced concrete sewer, 3 feet 6 inches.

255 linear feet of reinforced concrete sewer, 3 feet.

255 linear feet of reinforced concrete sewer, 2 feet 6 inches.

11,000 linear feet of 12-inch vitrified salt-glazed or cement concrete sewer pipe for sub-drain.

255 linear feet of 24-inch vitrified salt-glazed or cement concrete sewer pipe.

2,000 linear feet of 12-inch vitrified salt-glazed or cement concrete culvert pipe.

10,000 pounds of structural steel in place, not shown on plan.

10,000 pounds steel for reinforcement, not shown on plan.

8 domes, complete.

50 manholes, complete.

60 receiving basins, complete.

2,000 cubic yards of rock, excavated and removed.

100 cubic yards of concrete in place, not shown on plan.

100 cubic yards of broken stone for foundation in place.

750,000 feet, B. M., timber for foundation.

2,000,000 feet, B. M., timber for bracing and sheet piling.

10,000 linear feet of piles below caps, furnished, driven and cut off.

The time for the completion of the work and the full performance of the contract is by or before four hundred (400) working days.

The amount of security required is One Hundred and Fifty Thousand Dollars.

No. 5. TO CONSTRUCT A SEWER AND APPURTENANCES IN ELEVENTH AVENUE, FROM NEWTOWN ROAD TO FLUSHING AVENUE, AND IN VANDEVENTER AVENUE, FROM ELEVENTH AVENUE TO TENTH AVENUE, IN THE FIRST WARD.

The Engineer's estimate of the quantities required is as follows:

2,695 linear feet of 12-inch vitrified salt-glazed or cement concrete sewer pipe.

4 linear feet of 15-inch vitrified salt-glazed or cement concrete sewer pipe.

270 linear feet of 24-inch vitrified salt-glazed or cement concrete sewer pipe.

200 linear feet of 12-inch vitrified salt-glazed or cement concrete culvert pipe.

2,300 linear feet of 6-inch vitrified salt-glazed or cement concrete sewer pipe for house connections.

19 manholes, complete.

80 receiving basins, complete.

200 cubic yards of rock, excavated and removed.

6,000 feet, B. M., timber for foundation.

5,000 feet, B. M., timber for bracing and sheet piling.

The time for the completion of the work and the full performance of the contract is by or before ninety (90) days.

The amount of security required is Five Thousand Dollars (\$5,000).

No. 6. TO CONSTRUCT A SEWER AND APPURTENANCES IN CLARK STREET, FROM MAIN STREET TO VAN ALST AVENUE, AND IN VAN ALST AVENUE, FROM NEWTOWN AVENUE TO GRAND AVENUE, IN THE FIRST WARD.

The Engineer's estimate of the quantities required is as follows:

1,225 linear feet of 12-inch vitrified salt-glazed or cement concrete sewer pipe.

1,060 linear feet of 15-inch vitrified salt-glazed or cement concrete sewer pipe.

50 linear feet of 12-inch vitrified salt-glazed or cement concrete culvert pipe.

850 linear feet of 6-inch vitrified salt-glazed or cement concrete sewer pipe for house connections.

20 manholes, complete.

2 receiving basins, complete.

25 cubic yards of rock, excavated and removed.

5,000 feet, B. M., timber for foundation.

10,000 feet, B. M., timber for bracing and sheet piling.

The time for the completion of the work and the full performance of the contract is by or before ninety (90) days.

The amount of security required is Three Thousand Dollars (\$3,000).

No. 7. TO CONSTRUCT A SEWER AND APPURTENANCES IN THIRD AVENUE (OR LATHROP STREET), FROM JAMAICA AVENUE TO A POINT ABOUT 280 FEET NORTH OF BROADWAY, IN THE FIRST WARD.

The Engineer's estimate of the quantities required is as follows:

695 linear feet of 12-inch vitrified salt-glazed or cement concrete sewer pipe.

740 linear feet of 6-inch vitrified salt-glazed or cement concrete sewer pipe for house connections.

6 manholes, complete.

10 cubic yards of rock, excavated and removed.

2,000 feet, B. M., timber for foundation.

5,000 feet, B. M., timber for bracing and sheet piling.

The time for the completion of the work and the full performance of the contract is by or before sixty (60) days.

The amount of security required is One Thousand and Two Hundred Dollars.

No. 8. TO CONSTRUCT A TEMPORARY SEWER AND APPURTENANCES IN TWENTIETH STREET, BETWEEN FIFTH AVENUE AND SEVENTH AVENUE, AT WHITESTONE, THIRD WARD.

The Engineer's estimate of the quantities required is as follows:

768 linear feet of 12-inch vitrified salt-glazed or cement concrete sewer pipe.

6 manholes, complete.

10 cubic yards of rock, excavated and removed.

2,000 feet, B. M., timber for foundation.

5,000 feet, B. M., timber for bracing and sheet piling.

The time for the completion of the work and the full performance of the contract is by or before thirty (30) days.

The amount of security required is One Thousand Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed per square yard, linear foot or other unit of measure, by which the bids will be tested.

The extensions must be made and footed up, as the bids will be read from a total.

Bids will be compared and the contract awarded at a lump or aggregate sum.

Blank forms may be obtained and the plans and drawings may be seen at the office of the President of the Borough of Queens.

Dated Long Island City, November 14, 1906.

JOSEPH BERMEI,

President of the Borough of Queens.

SUPREME COURT—FIRST DEPARTMENT.

COUNTY OF NEW YORK.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the SOUTHERLY SIDE OF ONE HUNDRED AND FIRST STREET, between Second and Third avenues, in the Borough of Manhattan, duly selected for purposes of a public playground.

NOTICE IS HEREBY GIVEN THAT

Charles L. Hoffman, Samuel S. Koenig and John B. Davis, Commissioners of Estimate and Appraisal, appointed by an order of the Supreme Court in the above-entitled proceed-

ing, filed in the office of the Clerk of the County of New York on the 23d day of November, 1906, will appear before the Justice of the Supreme Court, sitting at Special Term, Part II., at the County Court House, in the Borough of Manhattan, on the 10th day of December, 1906, at 11 o'clock in the forenoon, to be examined by any person interested in said proceeding, as to their qualifications to act as such Commissioners.

Dated New York, November 26, 1906.

WILLIAM B. ELLISON,

Corporation Counsel.

n27,d8

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening MORRIS AVENUE (although not yet named by proper authority), from the east side of the New York and Harlem Railroad to the Grand Boulevard and Concourse, in the Twenty-third and Twenty-fourth Wards of The City of New York.

NOTICE IS HEREBY GIVEN THAT THE final last partial and separate report of the Commissioners of Estimate and Assessment in the above-entitled matter will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 4th day of December, 1906, at 10.30 o'clock in forenoon, of that day; and that the said final last partial and separate report has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of five days, as required by law.

Dated Borough of Manhattan, New York, November 26, 1906.

ANTHONY J. McNALLY,

HENRY ILLWITZER,

LORENZO S. PALMER,

Commissioners.

JOHN P. DUNN,

Clerk.

n26,d1

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening GROVE STREET (although not yet named by proper authority), from East One Hundred and Eighty-second street to Southern Boulevard, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward, City of New York.

In re applications for damages to new Lot No. 32 in new Block 3100 (old Lot No. 79 in old Block 1427), new Lot No. 35 in new Block 3100 (old Lot No. 80 in old Block 1427), new Lot No. 36 in new Block 3100 (old Lot No. 81 in old Block 1427), new Lot No. 37 in new Block 3100 (old Lots Nos. 82, 83, 84 and 85 in old Block 1427), new Lot No. 6 in new Block 3100 (old Lot No. 86 in old Block 1427).

By reason of the discontinuance, abandonment and closing in front thereof of former Kingsbridge road, from Prospect avenue to Southern Boulevard, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York.

WE, THE COMMISSIONERS OF ESTIMATE AND ASSESSMENT in the above-entitled proceeding, having been directed as follows:

First—By order bearing date the 22d day of March, 1904, and duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Benjamin F. Gerding for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 32 in Block 3100 (old Lot No. 79 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Second—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Franz Guth for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 35 in Block 3100 (old Lot No. 80 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Third—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Franz Yungling for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 36 in Block 3100 (old Lot No. 81 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Fourth—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to John F. Dowd, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 37 in Block 3100 (old Lot Nos. 82, 83, 84 and 85 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to

And we, the said Commissioners, having been directed also by the aforesaid orders and by the provisions of chapter 1006 of the Laws of 1895, to ascertain and determine the benefit and advantage to the lands, tenements and hereditaments and premises which shall be benefited by the closing, discontinuance and abandonment of the aforesaid Kingsbridge road, from Prospect avenue to Southern boulevard.

We, therefore, the undersigned, hereby give notice to all persons interested in these proceedings, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Sixth—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 17th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of December, 1906, at 10 o'clock a. m.

Seventh—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of December, 1906.

Eighth—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of The Bronx in the City of New York, and being all that part of Kingsbridge road within the block bounded by Southern boulevard, Prospect avenue, Grote street and Garden street, and designated on the tax maps of The City of New York as Lot No. 33 in Block 3100.

Ninth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 22nd day of January, 1907, at the opening of the Court on that day.

Tenth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, October 13, 1906.

FRANK D. ARTHUR,
Chairman;
THEODORE E. SMITH,
HENRY H. SHERMAN,
Commissioners.

JOHN P. DUNN,
Clerk.

n26,d15

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of the approaches to the MADISON AVENUE BRIDGE, over the Harlem river, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room 805, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, on November 24, 1906, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in the City of New York; and we, the said Commissioners, will hear parties so objecting at our said office on the 10th day of December, 1906, at 4 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, November 23, 1906.
LEONIDAS DENNIS,
CYRUS L. SULZBERGER,
EDWARD D. FARRELL,
Commissioners.

JOSEPH M. SCHENCK,
Clerk.

n24,d6

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the widening of THIRD AVENUE, opposite East One Hundred and Fifty-ninth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 13th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting and for that purpose will be in attendance at our said office on the 18th day of December, 1906, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 17th day of December, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the middle line of the block between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Third avenue, and running thence northerly along the said parallel line to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Washington avenue; thence northerly along the said last-mentioned parallel line to a point on the southerly line of East One Hundred and Sixtieth street; thence easterly along the said southerly line of East One Hundred and Sixtieth street and its prolongation to a point on the easterly line of Washington avenue; thence northeasterly and parallel to the northwesterly line of Third avenue to a point on the easterly line of Brook avenue; thence southeasterly to a point on the southeasterly line of Third avenue, distant one hundred (100) feet northeasterly from the corner formed by the intersection of the easterly line of Brook avenue with the southeasterly line of Third avenue; thence southerly and parallel to the easterly line or side of Brook avenue to a point on a line parallel to and distant one hundred (100) feet southeasterly from the southeasterly side of Third avenue; thence southwestwardly along the said last-mentioned parallel line to a point on the westerly line or side of Brook avenue; thence southerly along the said westerly line of Brook avenue to its intersection with the middle line of the block between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, and thence westerly along said middle line of the blocks to the point or place of beginning, as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 4th day of February, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 20, 1906.

JOHN P. COHALAN,
Chairman;
WALTER MULLER,
Commissioners.

In the matter of acquiring title by The City of New York to certain premises situated on the WESTERLY SIDE OF AMSTERDAM AVENUE, between One Hundred and Twenty-ninth and One Hundred and Thirtieth streets, in the Borough of Manhattan, in the City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education, situated at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, on November 22, 1906, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in the City of New York, and we, the said Commissioners, will hear parties so objecting, at our said office, on the 6th day of December, 1906, at one o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, November 21, 1906.
WARREN LESLIE,
MONTE HUTZLER,
ABRAHAM L. BOOKMAN,
Commissioners.

JOSEPH M. SCHENCK,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of PUBLIC PARK bounded by Rae street, German place, Carr street and St. Ann's avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 10th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of December, 1906, at 12 o'clock noon.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 13th day of December, 1906.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 17th day of January, 1907, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in

the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 16, 1906.
FRANCIS W. POLLOCK,
Chairman;
HENRY ILLWITZER,
MARTIN J. DONNELLY,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BATHGATE AVENUE (although not yet named by proper authority), from East One Hundred and Eighty-eighth street to Pelham avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 10th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of December, 1906, at 4 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 12th day of December, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of Tremont avenue and the southwesterly prolongation of a line parallel to and distant one hundred (100) feet northwesterly from the northwesterly line of Bathgate avenue; running thence northeasterly along said southwesterly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of East One Hundred and Eighty-eighth street; thence northwesterly along said parallel line to its intersection with the southeasterly line of Washington avenue; thence northeasterly along said southeasterly line of Washington avenue and its northeasterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet northwesterly from the northwesterly line of Pelham avenue; thence southeasterly along said last-mentioned parallel line to its intersection with the northeasterly prolongation of the northwesterly line of Hoffman street; thence southwesterly along said northwesterly prolongation and northwesterly line of Hoffman street to its intersection with a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of East One Hundred and Eighty-eighth street; thence northwesterly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet southeasterly from the southeasterly line of Bathgate avenue; thence southwesterly along said last-mentioned parallel line and its southwesterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of Tremont avenue; thence northwesterly along said last-mentioned parallel line to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 31st day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 15, 1906.
WALLACE S. FRASER,
Chairman;
JAMES H. GOGGIN,
PATRICK GORDON,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HULST (STREET) AVENUE (although not yet named by proper authority), from Greenpoint avenue to Jackson avenue, in the First Ward, Borough of Queens, of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 17th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of December, 1906, at 11 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 18th day of December, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of Greenpoint avenue with the middle line of the block between Buckley street and Hulst street; running thence northerly along said middle line of the block to its intersection with the southerly line of Jackson avenue; thence easterly along the said southerly line of Jackson avenue to its intersection with the middle line of the block between Hulst street and Van Pelt street; thence southerly along the last-mentioned middle line to its intersection with the northerly line of Greenpoint avenue; thence westerly along the northerly line of Greenpoint avenue to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 23d day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 982 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 22, 1906.

JOHN ALLEN,
Chairman;
C. J. DILLON,
P. GILSEY MEADING,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of GREENE AVENUE (although not yet named by proper authority), from Forest avenue to Grand View avenue, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court, bearing date the 24th day of January, 1906, and the 9th day of October, 1906, and duly entered in the office of the Clerk of the County of Queens, in The City of New York, on the 20th day of May, 1906, and the 23d day of October, 1906, copies of which orders were duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 20th day of May, 1906; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but bene-

fited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 252 Jackson avenue, Borough of Queens, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 6th day of December, 1906, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, November 22, 1906.

WM. S. COGSWELL,
HENRY P. HULING,
CHAS. AICHMANN,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to FOURTEENTH AVENUE, from West street to Sixty-fifth street, excepting that portion of said avenue occupied by the tracks of the Long Island Railroad and the Sea Beach Railroad, between Sixty-first street and Sixty-second street, in the Twenty-ninth and Thirtieth Wards, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 29th day of May, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 30th day of June, 1906, and indexed in the Index of Conveyances in Section 17, Blocks 5594, 5599, 5600, 5605, 5606, 5611, 5612, 5617, 5618, 5623, 5624, 5629, 5630, 5635, 5636, 5642, 5643, 5649, 5650, 5656, 5657, 5663, 5664, 5670, 5671, 5677, 5678, 5684, 5685, 5691, 5692, 5698, 5699, 5705, 5706, 5712, 5713, 5719, 5720, 5726, 5727, 5733, 5734, 5740, 5741, 5747, 5748; Section 16, Blocks 5297, 5298, 5299, 5300, 5301, 5314, 5344, 5345, 5346, 5347, 5348, 5349, 5350, 5351, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 14th day of December, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, November 19, 1906.

CROMWELL G. MACY,
JAS. B. SHELDON,
ARCHIBALD J. QUAIL,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

n19,d12

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of POTTER AVENUE (although not yet named by proper authority), from East river to Chauncey street, and from Rapelje avenue to Flushing avenue, in the First Ward, Borough of Queens, in The City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held for the hearing of motions at the County Court House, in the Borough of Brooklyn, in The City of New York, on the 4th day of December, 1906, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Queens, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Manhattan, New York, November 19, 1906.

W. J. FOSTER,
WILLIAM E. STEWART,
WM. SMITH,
Commissioners.

JOHN P. DUNN,
Clerk.

n19,30

SECOND JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands, premises, rights and property necessary to be taken for the improvement of the waterfront of The City of New York, for ferry purposes, between the southerly line of Thirty-eighth street prolonged, the southerly line of Thirty-ninth street prolonged, the westerly line of Second avenue and the pierhead line established by the Secretary of War in 1890, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 8th day of June, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 13th day of June, 1906, and indexed in the Index of Conveyances in Section 3, Block 702, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the improvement of the waterfront for ferry purposes between Thirty-eighth and Thirty-ninth streets, Borough of Brooklyn, as particularly described in the petition of The City of New York filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, parties and persons respectively entitled to or interested in the lands and premises, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose aforesaid or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within ten days after date of this notice.

And we, the said Commissioners, will be in attendance at our office, Room 92, No. 166 Montague street, Borough of Brooklyn, New York City, on the 28th day of November, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, November 17, 1906.

WILLIAM BERRI,
EVERETT GREENE,
HENRY F. COCHRANE,
Commissioners.

GEORGE T. RIGGS,
Clerk.

n17,28

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EAST THIRTY-FIRST STREET, between (East Broadway) Church avenue and Flatlands avenue, omitting that portion occupied by the tracks of the Manhattan Beach Division of the Long Island Railroad, in the Twenty-ninth and Thirty-second Wards, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn in The City of New York, on or before the first day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the third day of December, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 12th day of December, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Church avenue and distant 100 feet easterly from the easterly side of East Thirty-first street; running thence southerly parallel with East Thirty-first street to the southerly side of Avenue G; running thence easterly along the southerly side of Avenue G to the westerly side of East Thirty-second street; running thence southerly along the westerly side of East Thirty-second street to its intersection with the northerly side of Flatbush avenue; running thence northwesterly along the northerly side of Flatbush avenue to the easterly side of Nostrand avenue; running thence northerly and along the easterly side of Nostrand avenue to the southerly side of Avenue G; running thence easterly and along the southerly side of Avenue G to a point distant 100 feet westerly from the westerly side of East Thirty-first street; running thence northerly parallel with East Thirty-first street to the southerly side of Church avenue; running thence easterly and along the southerly side of Church avenue to the point or place of beginning.

Also beginning at a point formed by the intersection of the southerly side of Flatbush avenue with the westerly side of East Thirty-second street; running thence southerly and along the westerly side of East Thirty-second street to its intersection with the northerly side of Avenue I; running thence westerly and along the northerly side of Avenue I to a point distant 100 feet easterly from the easterly side of East Thirty-first street; running thence southerly and parallel with East Thirty-first street to the southerly side of Flatlands avenue; running thence southwesterly along the southerly side of Flatlands avenue to the prolongation of a line drawn parallel with the westerly side of East Thirty-first street and distant 100 feet westerly therefrom; running thence northerly and parallel with East Thirty-first street and distant 100 feet westerly therefrom to the northerly side of Avenue I; running thence westerly and along the northerly side of Avenue I to the easterly side of Nostrand avenue; running thence northerly and along the easterly side of Nostrand avenue to its intersection with the southerly side of Flatbush avenue; running thence southeasterly and along the southerly side of Flatbush avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 11th day of February, 1907, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, November 12, 1906.

JOSEPH MANNE,
Chairman;
ADRIAN M. WILLIAMSON,
FREDERICK CUZNER,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

n12,28

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to CARROLL STREET, from Albany avenue to East New York avenue, in the Twenty-fourth and Twenty-ninth Wards in the Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 1st day of December, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 13th day of December, 1905, and indexed in the Index of Conveyances in Section No. 5, Blocks 1406, 1407, 1408, 1409, 1410, 1412, 1413, 1414, 1415 and 1416, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 5th day of December, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, November 7, 1906.

JAMES B. SHELDON,
SOLON BARBANELL,
EDWARD KELLY,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to OWL'S HEAD PARK, bounded by First avenue, Shore

road, Wakeman place and Bay Ridge avenue, in the Thirtieth Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WILLIAM W. Goodrich was appointed by an order of the Supreme Court, made and entered herein on the 29th day of May, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 10th day of July, 1906; and that Herbert T. Ketcham was appointed by an order of the Supreme Court, made and entered herein on the 20th day of September, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 16th day of October, 1906, and indexed in the Index of Conveyances in Section 18, Blocks Nos. 5835, 5836, 5837, 5847, 5859, 5860, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 4th day of December, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, November 5, 1906.

WILLIAM W. GOODRICH,
HERBERT T. KETCHAM,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

n5,28

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
