MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 1791.

City of New York, Office of the Mayor, February 19, 1909.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I transmit to your Honorable Board the enclosed communication received by me under date of February 15, 1909, from Baron E. Mayor des Planches, Royal Italian Ambassador at Washington, D. C., with accompanying message of his Excellency, the Minister of the Royal Household, conveying the thanks of their Majesties the King and Queen of Italy for the resolution of sympathy recently adopted by your Honorable Board

Respectfully,

GEO. B. McCLELLAN, Mayor.

Regia Ambasciata D' Italia,
Washington, D. C., February 15, 1909.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York, N. Y.:

Honorable and Dear Sir—I have been asked to transmit to you the enclosed letter, by which H. E. the Minister of the Royal Household conveys to you and, through you, to the Honorable Board of Aldermen of The City of New York, the thanks of their Majesties the King and Queen of Italy for the noble address of sympathy which was sent to them after the earthquake had struck Sicily and Calabria, with unanimous consent of the Board of Aldermen.

I fulfil with great pleasure this agreeable duty and I avail myself of this opportunity of offering to you the assurances of my high consideration.

Yours sincerely,
E. MAYOR DES PLANCHES, Royal Italian Ambassador.

(Translation.)

Rome, February 2, 1909.

To the Honorable Mayor of The City of New York:

Honorable Mayor—The King and Queen, my August Sovereigns, have received, with profound gratefulness, the address sent to them by an unanimous vote of the Municipal Council of The City of New York with reference to the terrible cataclysm that has struck Sicily and Calabria.

Such solemn and piteous manifestation has been highly appreciated by their Majesties as a new proof of the generous sentiments of the citizens of New York and the interest that they have taken in the great Italian misfortune.

My August Sovereign desires that I shall convey to the Municipal Council, presided over by you, and to The City of New York, his particular thanks and those of the Queen for the kind expressions of sympathy for the calamity and for the respectful sympathies expressed to their Majesties, and in fulfilling this honorable function I take pleasure in extending to you, Honorable Mayor, my highest consideration.

GEN. E. PONZIO-VAGLIA,
The Minister of the Royal House of Italy.

Which was ordered on file.

PETITIONS AND COMMUNICATIONS.

No. 1792.

New York Fire Insurance Exchange,
Mutual Life Building, No. 32 Nassau Street,
New York, February 16, 1909.

P. J. SCULLY, Esq., Clerk of the Board of Aldermen, City Hall, N. Y.:

Dear Sir—Yours of February 3 covering copy of resolution adopted by the Honorable Board of Aldermen on February 2 duly received, and in reply we respectfully beg to say that the Board would seem to have been misinformed in the premises, inasmuch as the New York Fire Insurance Exchange has never made any rulings or fixed rates upon business property in the villages of Williamsbridge and Wakefield, both of which are located outside of the territory in which this exchange does its work.

We trust that you will convey this information to your Honorable Board and to such parties as copies of the resolution referred to were required to be sent.

Very truly yours,
H. E. HESS, Manager.

Which was ordered on file.

No. 1793.

Greater New York Taxpayers' Conference,
No. 165 Broadway,
New York, February 16, 1909.

The Honorable P. F. McGOWAN, President of the Board of Aldermen:

Dear Sir—I write concerning an amendment to the rules of the Board.

This conference, after discussing the subject at two meetings, suggest that the rules of the Assembly at Albany be adopted, so that a member voting in the affirmative shall have the right to move to lay aside all business and call up an ordinance or resolution for passage and demand the ayes and noes. It is not right that the majority should prevent the reconsideration of a vote, for the majority may be wrong and may defy the wishes of a majority of the rentpayers and taxpayers in this city.

If you wish our conference to explain more fully, I may state that one or more of our Executive Committee will attend a hearing of the Committee on Rules and present and explain our position.

Yours truly,
A. R. CONKLING,

Which was referred to the Committee on Rules.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Trustees of the Queens Borough Library:

No. 1794.

Alanson T. Briggs,
No. 32 Nassau Street, New York,
February 15, 1909.

Hon. PATRICK F. McGOWAN, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—I am instructed by the Board of Trustees of the Queens Borough Public Library respectfully to make application to the Board of Aldermen of The City of New York for additional funds by the issue of Special Revenue Bonds under the provisions of section 188, paragraph 8, of the Charter, in the sum of $7,616.62, to meet the deficiencies incurred by the Queens Borough Public Library in the maintenance of its library system for the calendar year 1908, as follows:

Supplies	$871 96
Telephone Service	403 04
Furniture and Repairs of	796 31
Fuel, Light, Rent, Repairs, etc	5,545 31
Total	$7,616 62

These deficiencies for the calendar year 1908 have been due to two causes. The Branch Library, known as the "Seaside Branch," was established late in the year 1907 and by some oversight the estimated amount required for the maintenance of said branch was not included in the estimates for the Budget of 1908. The cost of maintaining said branch was estimated for in the Budget of 1909, which has been allowed by the City, and the branch is and has been in operation since late in the year 1907. The cost of said branch for the year 1908 amounted to $6,190.70. During the year 1908 it was found that this error had been made and application for funds to meet the probable deficiencies was made to the Board of Estimate and Apportionment. It has been found, however, that it is not possible to provide these funds except under section 188, paragraph 8, of the Charter, owing to the fact that the Seaside Branch is not maintained under the provisions of the contract relative to the Carnegie gift. This will explain the tardiness of this application.

Of the total deficiencies of $7,616.62, $6,190.70 is, therefore, accounted for by the fact that no provision was made in the Budget for 1908 for the Seaside Branch. The remaining sum of some $1,500 in deficiency is caused by the necessity during the year 1908 to move the administration quarters from Long Island City to Jamaica, from its former and inadequate quarters. This change, which was absolutely necessary, caused an increase not contemplated in the Budget for 1908 of some $2,200.

The deficiencies above stated are actual deficiencies incurred for the year 1908. The allowance in the Budget for conducting the libraries in this system for the year 1909 has included the same items of cost for 1909 as those for which these deficiencies have been incurred in 1908, and the allowance of these funds to meet the deficiencies for the year 1908 will not have the effect of increasing the running cost of the library for the year 1909. The excess of expenditure over the appropriation is due to increased cost of fixed charges which it has been impossible for the library to avoid. There has been no deficit in the appropriation for salaries, although it has been expended.

I, therefore, respectfully have to request on behalf of the Trustees of the Queens Borough Public Library that your Honorable Board authorize the issue of Revenue Bonds, under section 188, paragraph 8, of the Greater New York Charter, in the sum of $7,616.62, and that your Board request the Board of Estimate and Apportionment to concur therein.

Very respectfully,
ALANSON T. BRIGGS.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Fire Commissioner:

No. 1795.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, February 15, 1909.

PATRICK J. SCULLY, Esq., City Clerk, City Hall, N. Y.:

Sir—Referring to preambles and resolutions adopted by the Board of Aldermen on February 2, requesting the Fire Commissioner to inform the Board of Aldermen of the existing general conditions in reference to fire protection in the former Villages of Williamsbridge and Wakefield, I am directed to inform you that the Chief of Department to whom this matter was referred, reported thereon under date of February 11, as follows:

"Borough of Manhattan, February 11, 1909.

"Hon. NICHOLAS J. HAYES, Fire Commissioner:

"Sir—In compliance with your letter of the 10th inst., in relation to last section of attached resolution, adopted by the Board of Aldermen on the 2d inst., I desire to state that as the general conditions relative to guarding against fire in Williamsbridge and Wakefield have been greatly improved by the organization of the paid companies of this Department in that section, I consider that the fire protection at the present time is ample, and it seems to me to be unjust to increase the rates from 75 cents to $1.50. I am under the impression that the rates should be decreased the above amount for the reason above stated.

"Very respectfully,
(Signed) "EDWARD F. CROKER, Chief of Department."

Respectfully,
WILLIAM A. LARNEY, Secretary.

Which was ordered on file.

The President laid before the Board the following communication from the Board of City Magistrates, First Division:

No. 1796.

Board of City Magistrates, First Division,
No. 55 East Twenty-first Street,
New York, February 18, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Sir—I beg to hand you herewith copy of resolution passed at the last meeting of the Board of City Magistrates, First Division, together with a letter addressed to me by the Hon. Arthur C. Butts, the proposer of the above mentioned resolution.

The condition of the ordinances of the City is such that in many instances penalties of trifling amount are specified where in reality fines could be imposed and rapid and summary jurisdiction thereby conferred upon the magistrates instead of a long and tedious civil proceeding instituted by the Corporation Counsel on behalf of the City. The ambiguity existing of the ordinances in many instances is very great. The fines imposed by the magistrates for violations of amended ordinances would very soon cover any expense incurred in amending the present ordinances.

I am, sir, with great respect,

Yours very truly,
P. T. BARLOW, President.

City Magistrate's Court, Fourth District,
No. 151 East Fifty-seventh Street,
New York, February 16, 1909.

Hon. PETER T. BARLOW, President, Board of City Magistrates, First Division, New York City, N. Y.:

My Dear Sir—Explanatory of my reasons for introducing at the last meeting of our Board a resolution urging his Honor, the Mayor, and the Board of Aldermen of our City to take measures for revising the ordinances of the City, I have to say this:

In the year 1908 there were 32,322 persons arrested and brought before the Magistrates' Courts of the First Division for violation of the ordinances of the City.

It is beyond all doubt that a very large percentage of such cases never should have been brought before courts of criminal jurisdiction. The most cursory reference to the City ordinances will disclose that in nearly all cases the violations of the provisions of the ordinances are punishable by a penalty to be collected in a civil court. Police officers, however, witness such violations, arrest the offender, arraign him before the Magistrates' Court, and in many instances in the rush of business the Magistrate assumes the ordinance violated provides for punishment and the offender is fined—and indeed sometimes in a flagrant case, imprisoned—unlawfully and without authority of law. As examples I refer you to the following sections: 265, 266, 267, 268, 297, 298, 430, 494, 529, 531 and Part II., 38.

The Sanitary Code (pages 121 to 167, Crosby's Code, 1908) does not provide for any punishment for any violation thereof which can be imposed by a magistrate. By section 1172 of the Charter all violations of such Sanitary Code are misdemeanors of which Magistrates have no jurisdiction.

The willful violation of the Building Code subjects the offender to no prosecution for any criminal offense.

The violation of the Park Ordinances provides for no punishment of offenders, except the ordinance adopted pursuant to chapter 453, Laws of 1902. (See Crosby's Code, 1908, pages 269-270).

I would call your particular attention to chapter 10 of the City Ordinances, relating to the sale, use and transportation of explosives. (Crosby's Code, pages 98-100).

It is very doubtful if any person is criminally liable for violating any provision of the regulations adopted by the so-called "Municipal Explosives Commission."

Section 2 of the ordinances (now section 420, page 98) creating such commission, provides as follows:

"Sec. 420. It shall be the duty of the said commission to formulate and adopt such regulations as in its judgment may be necessary to carry out the purpose of this ordinance, and from time to time to add to or in any way change or amend such regulations. The said regulations and the amendments thereto, and any changes which shall be made therein shall be subject to approval by the Mayor, and when so approved shall be published by the Fire Commissioner in the CITY RECORD, and in such other manner as he shall deem necessary."

Under section 44 of the Charter the Board of Aldermen of the City is clothed with legislative powers, but there is grave doubt if it has the power to delegate such legislative power to the Municipal Explosives Committee. Such Committee has formulated certain regulations, and they have been approved by the Mayor, but even if violations thereof are made punishable as misdemeanors by Magistrates—and I think examination will disclose that they are not—it is questionable if they have any force or effect for the reason above stated, because such rules and regulations have not been enacted as ordinances of this City.

It is quite impossible within proper compass to point out all the defects of our present ordinances. I do not hesitate to pronounce them a reproach to the City. The citizens of New York are entitled to have their ordinances so plain that they can be readily understood, and the punishment for their violation plainly stated—whether a penalty to be collected by civil action or a fine to be imposed by a Magistrate.

The only way, in my opinion, to remedy this deplorable condition is to have the Mayor and the Board of Aldermen co-operate in selecting a commission of learned lawyers, as in the case of the compilation of the Consolidation Act, who will devote themselves to formulating the present crude, badly arranged and generally unsatis-

factory ordinances into a code, which will be satisfactory from every standpoint—to citizens, to lawyers and the courts.

I have the honor to be,

Yours very truly,
ARTHUR C. BUTTS, City Magistrate.

Magistrate Butts offered the following resolution, which was seconded by Magistrate Crane, and passed unanimously:

"Resolved, That a communication be sent by this Board to the Hon. George B. McClellan, Mayor of The City of New York, and also to the Board of Aldermen of The City of New York, urging the appointment of a commission of lawyers, learned in the law, to prepare a Code of Ordinances of The City of New York."

A true copy.

PHILIP BLOCH, Secretary.

Which was refered to the Committee on Codification.

The President laid before the Board the following communication from the Surrogates, New York County:

No. 1797.

Chambers of the Surrogate's Court, County of New York,
New York, February 19, 1909.

To the Board of Aldermen, New York City:

Gentlemen—In the estimates for this Court and Office for the year 1909 the Surrogates asked, among other things, for the sum of $1,000 for payment of the Sheriff for services in serving citations and orders in proceedings commenced by the Surrogates to compel accountings of delinquent guardians, executors and others; and for the sum of $220 for Libers and Stationery for the use of the Department for Preservation of Public Records. Neither of these amounts was allowed, according to the Budget as finally passed. The matter was called to the attention of the Board of Estimate and Apportionment by letter dated January 7, 1909, and we understand was formally referred by them to the Comptroller.

Both of these appropriations are absolutely necessary to the carrying on of the work of this office. We request the passage of a resolution authorizing an issue of Special Revenue Bonds under subdivision 8 of section 188 of the Greater New York Charter, to the amount of $720, being $500 for the payment of the Sheriff for services in serving citations, etc., as above stated, and $220 for Libers and Stationery for the Department for Preservation of Public Records.

Yours very truly,
ABNER C. THOMAS,
JOHN P. COHALAN,
Surrogates.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Fire Commissioner:

No. 1798.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh street,
Manhattan, February 19, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall, New York:

Sir—I have the honor to request that the Honorable Board of Aldermen will adopt a resolution permitting the Fire Commissioner to purchase in the open market coal for the fireboats, houses, etc., in quantities that may be required from time to time during the next few months.

In explanation of this request I have to say that at public letting held in this office on the 8th inst. there was practically no competition and the prices were higher than the coal can be purchased at private sale at the present time. It is believed that if authority is granted by your Honorable Board, it will result in a saving to the City. It is estimated that the expenditures necessary for this purpose will be as follows:

Borough of Manhattan	$7,000 00
Borough of Brooklyn	5,000 00
Borough of Queens	5,000 00
Borough of Richmond	2,000 00
Borough of The Bronx	6,000 00

Respectfully,
NICHOLAS J. HAYES, Fire Commissioner.

No. 1799.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
February 19, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 19, 1909, recommending to the Board of Aldermen the establishment of the position of Notarial Clerk in the Office of the County Clerk of New York County, with salary at the rate of $1,500 per annum for two incumbents, together with report of the select committee, consisting of the Comptroller and President of the Board of Aldermen, to which this matter was referred, relative thereto.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,
JOSEPH HAAG, Secretary.

County Clerk's Office, County of New York,
New County Court House,
New York, January 13, 1909.

To the Honorable the Board of Estimate and Apportionment, City:

Gentlemen—I beg most respectfully to request your Honorable Board to include in the payroll of this office two Notarial Clerks and that an appropriation of $3,000 be made for the purpose of paying salaries of said Clerks. This sum was included in the Budget of this office for the year 1909, but not allowed. The object in renewing the application for this appropriation is that these Clerks are paid out of the fees paid for the qualification of Notaries Public and the said sum has been deducted from the total of said fees received, the balance of which have been paid over to the State Treasurer. It is my desire that said moneys be paid over monthly to the Comptroller and that the Notarial Clerks be paid in the same manner as are other clerks in this office. The amount of such qualification fees annually exceed the sum of $3,000, which will provide for the salaries of the two Notarial Clerks at $1,500 each per annum as at present paid them from fees. In this connection I beg to call your attention to the fact that the Notarial Clerk in Kings County has been upon the payroll of the County Clerk of said County since the year 1902, hence my request which I trust will meet with your approval.

Yours respectfully,
PETER J. DOOLING, County Clerk.

Department of Finance, City of New York,
February 4, 1909.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—I transmit herewith a report made by the Bureau of Municipal Investigation and Statistics relative to a communication from the County Clerk of New York County, requesting the establishment of the position of Notarial Clerk for two incumbents at the rate of $1,500 per annum each, and the further request that an appropriation of $3,000 be made to provide means for the payment thereof. Said matter was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, at a meeting held January 22, 1909.

In view of the facts contained in said report, your Committee recommends the adoption of the resolutions appended hereto for the establishment of the position of Notarial Clerk at $1,500 per annum, for two incumbents, and for the transmittal of a copy of said report to the County Clerk for action relative to a request for Special Revenue Bonds.

Yours respectfully,
(Signed) H. A. METZ, Comptroller;
(Signed) P. F. McGOWAN, President, Board of Aldermen;
Select Committee.

February 2, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—At a meeting of the Board of Estimate and Apportionment held January 22, 1909, a communication was received from the County Clerk of New York County, requesting the establishment of the position of Notarial Clerk, for two incumbents, with salary at the rate of $1,500 per annum each, and asking further that an appropriation of $3,000 be made, to provide means to pay the said salaries. This matter was referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen, for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics. As a result of the examination made therein, I beg to report as follows:

The salaries of the Notarial Clerks in the County Clerk's office, New York County, have heretofore been paid by the County Clerk individually, from moneys retained for this purpose from notarial fees, the County Clerk having been authorized by law to retain for this purpose the sum of $3 out of each $10 paid in by notaries upon filing their oaths of office.

The receipts from notarial fees during the year 1907 were $38,926, and for the year 1908, $35,286.50. During 1908 $3,000 was retained and paid to two Notarial Clerks at $1,500 each, this being the amount allowed by law for the collection of the notarial fees.

Chapter 246, section 84, Laws of 1908, provides:

"The clerk of each of the counties of New York and Kings may retain from each fee so paid by a notary public, as a condition of filing his oath of office, $3, but not exceeding the total amount of $1,500 in the county of Kings, nor $3,000 in the county of New York in any one year, and each of the county clerks of the counties of New York and Kings may apply the amount so retained by him, in payment of the salary of the notarial clerk or clerks in his office.

"If the office of any such county clerk is a salaried office, such county clerk shall pay over the sum so retained by him to the officer to whom fees of such county clerk are required by law to be paid."

It would appear from the last paragraph of the statute herein previously quoted, that the County Clerk of New York County, being a salaried officer, should pay over to the City Chamberlain the amount retained by him to pay the salaries of the two Notarial Clerks employed in his office, and it would then become necessary for the local authorities to pay these salaries in the same manner as are the salaries of other City and County employees. However, no provision has been made therefor in the Budget for the year 1909.

In view of the facts herein stated, I would respectfully suggest that the Select Committee recommend to the Board of Estimate and Apportionment the approval of the resolution appended hereto, providing for the establishment of the position asked, and further that the Secretary of the Board of Estimate and Apportionment be directed to communicate with the County Clerk advising said official to present to the Board of Aldermen, as provided by section 188 of subdivision 8 of the City Charter, a request for the authorization of an issue of Special Revenue Bonds in the sum of $3,000 to provide the means to pay the salaries of the Notarial Clerks, the establishment of which positions are herein recommended.

Yours respectfully,
CHAS. S. HERVEY, Supervising Statistician and Examiner.

Whereas, The Board of Estimate and Apportionment at a meeting held February 19, 1909, adopted the following resolution:

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

No. 1801.

Board of Estimate and Apportionment—City of New York,
Office of the Secretary, No. 277 Broadway,
February 22, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 19, 1909, approving of the issue of $10,000 Corporate Stock to provide means for the running of precise levels and the establishment of bench marks, in connection with the topographical work of all Boroughs, under the direction of the Chief Engineer of the Board of Estimate and Apportionment, together with form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

I also inclose copy of report of the Chief Engineer of the Board of Estimate relative thereto.

Very truly yours,

Report No. 90.

Board of Estimate and Apportionment,
Office of the Chief Engineer,
February 16, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—On November 25, 1908, the Municipal Engineers of The City of New York adopted the following resolution:

"Resolved, That the Municipal Engineers recommend that the Board of Estimate of New York City establish a system of bench marks throughout Greater New York, referring to mean sea level at Sandy Hook, such bench marks to be of permanent construction, so placed as to be convenient for use by all the Boroughs and Departments of New York City; and further, that they publish such list of bench marks after adoption."

This resolution was presented by a Committee consisting of a representative from each Borough, which Committee had been created to consider the desirability of the establishment of a series of bench marks, the elevations of which should be determined by lines of precise leveling. The United States Coast and Geodetic Survey determined the mean sea level at Sandy Hook and has established a number of bench marks in The City of New York. Many of them, however, have been destroyed.

After the receipt of this resolution I entered into correspondence with the Superintendent of the United States Coast and Geodetic Survey concerning the most approved methods used by the Survey in precise leveling, the instruments employed, the nature of the bench marks, etc. It seemed desirable, if this work were to be done, to have it conform with the standards used by the Survey and to make this work practically a continuation of the triangulation of the City which has recently been completed and the final report of which is now in press, and will soon be presented to the Board. The number of datum planes to which the elevations used by the different branches of the City government now refer is somewhat bewildering, each of the following Departments, or Bureaus, having its own datum, no two of which agree:

Brooklyn Highways Bureau, Queens Borough, Public Service Commission, Manhattan and The Bronx Highway and Sewer Bureaus, Brooklyn Sewer Bureau, Department of Water Supply, Department of Bridges, Atlantic Avenue Improvement, Brooklyn; Board of Water Supply, Croton Aqueduct Commission, Department of Docks and Ferries.

Of the above Bureaus or Departments, the only one using the United States Coast and Geodetic Survey datum is the Board of Water Supply.

It requires no argument to prove the absurdity of a condition under which nearly every City Department uses a different datum for its levels, the actual relations between which are known to comparatively few. I believe, therefore, that the establishment of a series of permanent bench marks in all Boroughs and the publication of their elevations for the use of all Departments and Bureaus would be of enormous benefit. The expense of doing this work would probably not exceed $15,000. As it would extend over all Boroughs, it could not be advantageously done by the Topographical Bureau of any particular Borough. There is, however, on the staff of your Engineer an Assistant who has been closely identified with the work of triangulation, and who is familiar with the methods of precise surveying which prevail in the Coast and Geodetic Survey. This Assistant could at once take up this work and carry it to completion. The funds required to meet the expense could be raised by an issue of Corporate Stock in the same manner as are the means required for topographical work, and I beg, therefore, to recommend that the Board of Estimate and Apportionment authorize an issue of Corporate Stock in the sum of $10,000 to meet the expense of the establishment of a series of bench marks in all Boroughs of The City of New York, and that the Chief Engineer of the Board of Estimate and Apportionment be authorized to carry out this work.

A resolution to this effect is hereby submitted.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of $10,000 to provide means for the running of precise levels and the establishment of bench marks, in connection with the topographical work of all Boroughs, under the jurisdiction of the Chief Engineer of the Board of Estimate and Apportionment.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 19, 1909, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding ten thousand dollars ($10,000), to provide means for the running of precise levels and the establishment of bench marks, in connection with the topographical work of all Boroughs, under the direction of the Chief Engineer of the Board of Estimate and Apportionment, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand dollars ($10,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was referred to the Committee on Finance.

AN ORDINANCE to amend section 364 of article 4 of chapter 7 of part 1 of the Code of Ordinances, relating to "Stands within the stoop lines, etc."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 364 of article 4 of chapter 7 of part 1 of the Code of Ordinances of The City of New York, relating to "Stands within the stoop lines, etc.," is hereby amended so as to read as follows:

Sec. 364. Every such stand must be strictly within the stoop line and shall not be an obstruction to the free use of the sidewalk by the public, and shall not exceed the space of 6 feet long by 4 feet wide, except that in the case of bootblack stands a space not more than 3 feet wide and 4 feet long may be occupied by each chair of such stand. The construction and erection of all stands permitted by this ordinance shall be at the expense of the applicant and under the direction of the President of the Borough in which said stand is located. No. 1817.

By Alderman Bent—

Whereas, General Order No. 94 of the Police Commissioner, issued under date of December 26, 1908, which requires that the members of the police force purchase a new standard of revolver, will entail a hardship on the nearly ten thousand members of that body in that the additional expense will fall on many who can ill afford it; and

Whereas, It is contended that the style of revolver now in use has been demonstrated to serve every purpose of such an instrument, the same having come into use on the recommendation of Theodore Roosevelt as Commissioner; and

Whereas, No reason appears to have been advanced for the change directed in said General Order No. 94; therefore

Resolved, That it is recommended that the time for such enforced rule which is to take effect March 1, 1909, be extended, with the suggestion that such men as have revolvers authorized by former Commissioner Roosevelt be exempted from this order.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE Commissioner, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings now standing on the property owned by The City of New York, acquired by it for bridge purposes, in the

Borough of Manhattan.

Said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., lying within the lines of property taken for bridge purposes between Monroe street and the Bowery, and more particularly designated as being all or part of those buildings known as No. 61 Division street, No. 71 Division street, No. 84 East Broadway, and the rear building at No. 69 Monroe street, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held October 9, 1907, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, MARCH 5, 1909,

at 10.30 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Deputy and Acting Comptroller.

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., now standing within the lines of the new street to be opened as an approach to the Manhattan Bridge, extending from Nassau street to the intersection of Flatbush avenue and Fulton street, in the Fourth, Fifth and Eleventh Wards of the Borough of Brooklyn, City of New York, and being more particularly described as being parts of the following buildings: No. 140 Tillary street (part of the front), No. 152 Tillary street (part of the rear), No. 35 Fleet street (part of front), No. 195 Prince street (part of rear), No. 39 DeKalb avenue (part of rear), all of which are more particularly shown on a draft damage map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held February 20, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, MARCH 2, 1909,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing thereon or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waster resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within sixty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
