Self-service storage facilities in designated areas within Manufacturing Districts

On #zoning lots# in designated areas within #Manufacturing Districts# as shown on the maps in APPENDIX J (Designated Areas Within Manufacturing Districts) of this Resolution, the City Planning Commission may permit, for a #self-service storage facility#, a modification, or waiver of the #industrial ground floor#, as required in Section 42-121 (Use Group 16D self-service storage facilities), provided the Commission finds that:

- (a) the #zoning lot# is appropriate for such #self-service storage facility use#, considering the economic development objectives of the City; and
- (b) it is impractical to provide an #industrial ground floor# as defined in Section 42-121 (Use Group 16D self-service storage facilities) on such #zoning lot#.

In making this determination, the Commission may consider the following:

- (1) the size and configuration of the #zoning lot# and its suitability to establish an #industrial ground floor# as defined in Section 42-121;
- (2) the design and layout of loading berths, interior column spacing, floor to floor height and other relevant physical characteristics in an existing #building# and its suitability for #industrial ground floor uses#;
- (3) the accessibility of the #zoning lot# to an arterial highway, or a designated truck route; the width of the existing #streets# providing access to the #zoning lot# and the ability of such #streets# to handle the traffic generated for such #industrial ground floor uses#;
- (4) recent trends and levels of investment in the surrounding area for such #industrial ground floor uses# within the last five calendar years;
- (5) the potential for conflict between such #industrial ground floor uses# and existing #uses# in the surrounding area;
- (6) the proximity of the #zoning lot# to rail and bus transit to serve employees; and
- (7) the need to undertake environmental remediation work on the #zoning lot#.

The Commission may impose additional terms and conditions to ensure the compatibility of a #self-service storage facility# with the surrounding area.

* * * NOTICE

On Wednesday, August 23, 2017, at 9:30 A.M., in Spector Hall, located at 22 Reade Street, New York, NY 10007, a public hearing is being held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by the New York City Department of City Planning (DCP). DCP proposes a zoning text amendment to establish restrictions on new self-storage facilities within Industrial Business Zones to ensure that their development does not unduly limit future siting opportunities for industrial uses. The proposed restrictions would apply within newly established "Designated Areas" in Manufacturing districts, which largely coincide with Industrial Business Zones (IBZs).

The public hearing will also consider a modification to the zoning text amendment (ULURP No. 170425 (A) ZRY). Written comments on the DEIS are requested and will be received and considered by the Lead Agency until Tuesday, September 5, 2017.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 17DCP119Y.

The land use actions necessary to facilitate the development of the Sendero Verde Site, subject to a concurrent related application proposed by HPD (the "Sendero Verde – East 111th Street" Proposal), include: a zoning map amendment, zoning text amendment, UDAAP designation, disposition of City-Owned property, acquisition of a portion of the disposition area by the City, a large-scale general development (LSGD) special permit, and a City Planning Commission certification to waive retail continuity requirements.

The public hearing will also consider a modification to the zoning text amendment (ULURP No. N 170359 (A) ZRM).

Written comments on the DEIS are requested and would be received and considered by the Lead Ágency until Tuesday, September 5, 2017.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Řeview (CEQR), CEQR No. 17DCP048M.

Draft Scope of Work for an Environmental Impact Statement Inwood Rezoning Proposal

NOTICE IS HEREBY GIVEN that a public scoping meeting will be held as detailed below for the Inwood Rezoning Proposal. The purpose of the scoping meeting is to provide the public with the opportunity to comment on the Draft Scope of Work to develop an Environmental Impact Statement (EIS) for the proposed Inwood Rezoning Proposal.

A public scoping meeting has been scheduled at the following date/ time/location to provide a forum for public comments on the Draft Scope of Work. English-Spanish interpretation will be provided at the scoping hearing.

> Thursday, September 14, 2017, at 6:00 P.M. JHS 52, Inwood Junior High School 650 Academy Street New York, NY 10034

Written comments will be accepted until Monday, September 25, 2017, at 5:00 P.M. and may be submitted at the public scoping meeting, or to the addresses below.

Directing that an Environmental Impact Statement be prepared, the Environmental Assessment Statement, Positive Declaration, and Draft Scope of Work were issued by the Office of the Deputy Mayor for Housing and Economic Development on Friday, August 11, 2017, and are available for review from the contact person listed below and on the websites of the Mayor's Office of Environmental Coordination and the New York City Economic Development Corporation: www.nyc.gov/oec and https://www. nycedc.com/project/inwood-nyc-neighborhood-study, respectively.

The New York City Economic Development Corporation (NYCEDC) together with the Department of Housing Preservation and Development (HPD) and the Department of Citywide Administrative Services (DCAS)—is proposing a series of discretionary actions (collectively "the Proposed Actions"). The Proposed Actions are intended to facilitate a development pattern in the Inwood neighborhood in northern Manhattan (Community District 12) that meets the long-term community vision for the neighborhood by extending the mixed-use character of Inwood east of 10th Avenue to the Harlem River and preserving the strong existing fabric in areas west of 10th Avenue. The proposed discretionary actions are intended to implement certain strategies identified in the Inwood NYC Action Plan, a comprehensive plan to preserve and create new affordable housing, create a comprehensive zoning framework, expand economic opportunities, and improve neighborhood livability.

The area affected by this proposal is generally bounded by the Harlem River to the east, the Sherman Creek Inlet and Dyckman Street to the south, the Hudson River to the West, and Broadway Bridge and West 218th Street to the north. Within this area, over a 15-year period, the Proposed Actions are expected to result in a net increase of approximately 4,533 dwelling units (DUs), including either 1,372 or 1,618 affordable units (depending on which Mandatory Inclusionary Housing (MIH) option is selected), 489,905 square feet (sf) of community facility space, and 1,326,215 sf of commercial/retail space, as well as a net decrease of 50,614 sf of light industrial space, and a net decrease of 216 accessory parking spaces (depending on which MIH option is selected), and the creation of new waterfront open space along the Harlem River.

The proposed project would require multiple City approvals. Some of these approvals are discretionary actions requiring review under the New York State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR). The Office of the Deputy Mayor for Housing and Economic Development will be the lead agency for CEQR. It is currently anticipated that the Inwood Rezoning Proposal would require the following discretionary approvals:

- Change all or portions of existing M1-1, M2-1, M3-1, C8-3, C8-4, and R7-2 districts within the proposed rezoning area to M1-4, M1-5, M2-4, C4-4D, C4-5D, C6-2, R7A, R7D, R8A, R8, and R9A districts; and to
- o Change portions of existing C1-3 and C1-4 overlays to C2-4 overlays and establish new C2-4 overlays.

Zoning text amendment to:

- o Establish the Special Inwood District (SID), which would modify the underlying zoning regulations, establish additional requirements, and allow for greater flexibility in the type and shape of development.
- Establish the proposed C4-4D, C4-5D, C6-2, R7D, R8A, R8, and R9A districts, as well as a portion of the proposed R7A district, as MIH areas, which would require a share of new housing to be permanently affordable where significant new housing capacity would be created.
- o Establish a Waterfront Access Plan (WAP) to create a framework for the creation of public waterfront open space along the Harlem River.
- City Map changes to facilitate the creation of open space and consolidation of utility operations:
 - o Demap a portion of Academy Street east of Tenth Avenue,
 - o Demap West 208^{th} Street at the North Cove,
 - o Demap (and dispose of) un-built and non-essential marginal or exterior streets mapped along and in the Harlem River,
 - o Demap (and provide an easement for) a volume of the street above West $203^{\rm rd}$ Street east of Ninth Avenue, and
 - o Demap a portion of West 201st Street east of Ninth Avenue.
- Urban Development Action Area (UDAA) Designation/ Urban Development Action Area Plan (UDAAP):
 - o Authority to designate the City-Owned Block, Block 2233, Lot 13, and a portion of Lot 20 as a UDAA and UDAAP approval to facilitate the development of affordable housing, a new library, and Universal Pre-K classrooms.
- Disposition Authority for:
 - o City-Owned Block 2187, Lot 20, and Block 2185, Lot 36, to facilitate the creation of future public open space along the Harlem River waterfront;
 - o City-Owned Block 2197, Lot 75, along the Harlem River to facilitate the creation of property with both street and waterfront frontage;
 - Block 2197, Lot 47 (following its acquisition by the City), along the Harlem River to facilitate the creation of property with both street and waterfront frontage;
 - City-Owned Block 2233, Lot 13 (Inwood branch of the New York Public Library at 4780 Broadway), and part of Lot 20 (a portion of the adjacent J.H.S. 52 parking lot), for the development of affordable housing, a new library, and Universal Pre-K classrooms; and
 - An easement over a demapped volume of the street above West 203rd Street east of Ninth Avenue to facilitate the consolidation of Con Edison operations.

• Authority for the City to acquire the following properties:

- o Block 2197, Lot 47, to facilitate the creation of property with both street and waterfront frontage;
- A condominium unit within a future development on Block 2233, Lot 13 (Inwood branch of the New York Public Library at 4780 Broadway), and part of Lot 20 (a portion of the adjacent J.H.S. 52 parking lot), for use as a library; and
- Public access easements across Block 2183, Lot 1, and Block 2184, Lot 1, and the demapped portion of West 201st Street east of Ninth Avenue to facilitate the creation of future public open space and to maintain utility access.

The Inwood Rezoning Proposal would also include a zoning mechanism that would incentivize the creation of waterfront open space by allowing private property owners along the waterfront to merge with small City-Owned waterfront lots. This mechanism may require the subdivision of City-Owned waterfront lots, where tidal wetlands regulated by the New York State Department of Environmental Conservation (NYSDEC) are mapped. Therefore, the proposed project may require a permit from NYSDEC under the Tidal Wetlands Act (Article 25 of the New York Environmental Conservation Law) to subdivide City-Owned property. Finally, in addition to financing by HPD, a future developer of the library site may seek funding from the New York City Housing Development Corporation (HDC) to facilitate that potential development.

Written comments on the Draft Scope of Work will be accepted at the addresses below until Monday, September 25, 2017, at 5:00 P.M.

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Pregualification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS) Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC) Department of Health and Mental Hygiene (DOHMH) Department of Homeless Services (DHS) Department of Probation (DOP) Department of Small Business Services (SBS) Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA) Office of the Criminal Justice Coordinator (CJC)

NOTE:

As of January 1, 2017, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2017, the contractor will no longer be deducting the tax credit as a separate line item on the invoice. Should the tax credit be extended, it will once again appear as deduction and line item on the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E85, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.
