MESSAGES FROM THE MAYOR.

The Vice-Chairman laid before the Board the following messages from his Honor the Mayor:

No. 536.

City of New York, Office of the Mayor, May 26, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinance No. 536 entitled: “Ordinance providing for semi-monthly payment for services of officers and employees of The City of New York.”

This ordinance makes it mandatory to pay the salaries of all officers and employees of the City government twice a month. This matter has been agitated for some time, and I requested the heads of the different departments to take a vote of their employees so that we might ascertain the sentiment in favor of the new plan. As a result of this test vote, I find that such large departments as Health, Bellevue and Allied Hospitals, Bridges, Corrections, Park Department (Manhattan, Richmond and Queens), Charities (administrative force), Street Cleaning (the non-uniform force), and Taxes and Assessments registered a large vote against this new scheme of payment. As bi-monthly payments will entail a large additional expense, I think that you will agree that the matter should be taken up carefully. I have consulted with the Borough Presidents and the Comptroller, and it has been agreed that where we find a clearly preponderating sentiment in favor of bi-monthly payments in any particular department such payments will be instituted forthwith by administrative orders. Respectfully, JOHN PURROY MITCHEL, Mayor.

The Committee on Salaries and Offices, to which was referred on April 21, 1914 (Minutes, page 165), the annexed ordinance providing for semi-monthly pay for officers and employees of The City of New York, respectfully

REPORTS:

That there has been a great demand for the enactment of this measure on the part of all classes of employees, who feel that their condition will be much improved by receiving their salaries twice a month instead of once a month, thus enabling them to purchase more often for cash, and in many cases to do away with the hardship of borrowing at exorbitant rates. It is estimated that the additional cost will be but a small item.

The Committee recommends that the said ordinance be adopted.

AN ORDINANCE providing for semi-monthly payment of compensation for services of officers and employees of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section I. The salaries of all officers and employees of the City of New York and Counties therein, regulated at an annual rate of compensation, shall be due and payable by the City of New York twice each month, on the fifteenth and last days thereof, except where such days fall upon Sunday or a legal holiday, when such payment shall be made on the preceding business day; provided, however, that no such payment shall be required contrary to any existing laws of the State of New York.

Section II. It shall be the duty of all officers of the City of New York and Counties therein responsible for the payment of City employees to carry out the provision of this ordinance.

Section III. This ordinance shall take effect immediately after its approval by the Mayor.

OSCAR IGSTAEDTER, D. M. BEDELL, ANTHONY J. McNALLY, MICHAEL CARBERRY, EDWARD B. VALENTINE, FRANK DOSTAL, Jr., JACOB WEIL, Committee on Salaries and Offices.

Which was laid over, ordered printed in the minutes and published in full in the CITY RECORD.

Nos. 517 and 540.

City of New York, Office of the Mayor, May 26, 1914.

To the Honorable the Board of Aldermen:

Gentlemen: I return herewith disapproved proposed resolutions Nos. 517 and 540, respectively entitled:

“Resolution to provide for an issue of special revenue bonds to the amount of \$750 for the purchase of an automobile by the Coroner of Richmond.”

—and

“Resolution to provide for an issue of special revenue bonds to the amount of \$540 for the purpose of automobile hire for the Coroners of The Bronx.”

You will remember that on April 19, 1910, Mayor Gaynor vetoed a similar proposition providing an automobile for one of the Coroners. There are no new facts presented that would warrant any change in policy from that contained in the veto message of Mayor Gaynor.

Respectfully, JOHN PURROY MITCHEL, Mayor.

The Committee on Finance, to which was referred on April 14, 1914 (Minutes, page 107), the annexed resolution in favor of an issue of \$750 special revenue bonds for the purchase of an automobile for use of the Coroner of the Borough of Richmond, respectfully

REPORTS:

That having carefully examined the subject, it believes the proposed allowance to be necessary. The difficulty in reaching the various localities in this Borough through lack of transportation facilities is well known. The Coroner proposes to operate the machine himself, and the cost will therefore be nominal.

The Committee believes this facility to be an absolute necessity, and recommends that the said resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and fifty dollars (\$750), the proceeds whereof to be used by the Coroner of the Borough of Richmond for the purpose of purchasing an automobile. All obligations contracted for hereunder to be incurred on or before December 31, 1914.

HENRY H. CURRAN, JOHN DIEMER, JOHN S. GAYNOR, FRANK J. DOTZLER, D. M. BEDELL, F. H. STEVENSON, F. H. WILMOT, FRANCIS P. KENNEY, JESSE D. MOORE, Committee on Finance.

The Committee on Finance, to which was referred on April 21, 1914 (Minutes, page 166), the annexed resolution in favor of an issue of \$1,000 special revenue bonds for automobile hire for the Board of Coroners of The Bronx, respectfully

REPORTS:

That having carefully examined the subject, it believes an additional allowance to be necessary. It calculates, however, that \$500 in addition to the \$300 budgetary appropriation will be sufficient, and it, therefore, recommends that the accompanying substitute resolution be adopted.

ORIGINAL.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand dollars (\$1,000), the proceeds whereof are to be used by the Board of Coroners, Borough of The Bronx, for automobile hire.

SUBSTITUTE.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five hundred dollars (\$500), the proceeds whereof to be used by the Board of Coroners of the Borough of The Bronx for the purpose of automobile hire; all obligations contracted for hereunder to be incurred on or before December 31, 1914.

HENRY H. CURRAN, JOHN DIEMER, JOHN S. GAYNOR, FRANK J. DOTZLER, D. M. BEDELL, F. H. STEVENSON, JESSE D. MOORE, F. H. WILMOT, FRANCIS P. KENNEY, Committee on Finance.

Which was laid over, ordered printed in the Minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

No. 651.

At a meeting of the Executive Council of the Metropolitan Protective Association of the Department of Street Cleaning of The City of New York, it was duly

Resolved, That a resolution of this Association be presented to the Board of Aldermen of The City of New York, requesting the honorable members of that Board to pass an ordinance granting an increase in wages to employees of the Street Cleaning Department to the amount of \$139 per year for the following employees: Drivers, Sweepers, Hostlers, Section Hands and Stablemen. That in order to provide for such increase the Board of Aldermen authorize The City of New York to issue its bonds in an amount sufficient to provide for such increase during the coming year; and it was further

Resolved, That the attention of the honorable Board of Aldermen be called to the following facts:

First—That the employees of the Department of Street Cleaning at the present time receive the following wages:

Drivers, \$800 per year; Sweepers, \$780 per year; Hostlers, \$800 per year; Section Station Keepers, \$780 per year; Stablemen, \$760 per year.

Second—That these are the same wages that have been paid since the year 1909, when the last increase of wages was granted to these petitioners.

Third—That since that time the cost of living has increased over twenty-five per cent. The increase in wages that is requested is not quite eighteen per cent.

Fourth—That the expense of providing for an average family of four or five people in the most economical way, exceeds the amount of wages which the employees of this Department receive.

Fifth—That the only way by which an employee of this Department can support himself and family while working for the City, is have his family work also. Thus the City receives the benefit of the services of the employees family without paying for such services.

Sixth—That, therefore, the members of this Department request that in justice to them, The City of New York increase their wages to such an amount as will enable them to live decently and comfortably.

The Board of Aldermen is respectfully requested, in view of the foregoing facts, to present an ordinance with the resolution hereby adopted.

EDWARD H. TAYLOR.

Which was referred to the Committee on Salaries and Offices.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 652.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, May 16, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—I transmit herewith copy of a communication from the Vice President of the New York Central and Hudson River Railroad Company notifying the Board that a copy of the plans and profiles showing the proposed improvement in the tracks and structures of the railroad on the west side of the City, as provided for by chapter 777 of the Laws of 1911, will, after May 20, 1914, be kept for public inspection in room No. 5630 at the Grand Central Terminal, instead of in the present room No. 2605.

At the meeting of the Board of Estimate and Apportionment on May 15, 1914, the Secretary was directed to send you a copy of this communication for your information. Very truly yours,

JOSEPH HAAG, Secretary.

New York Central & Hudson River Railroad Company, Law Department, Grand Central Terminal, New York, May 13, 1914.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—Under chapter 777 of the Laws of 1911, being an act to provide for the regulation and improvement of the railroads, terminals and approaches thereto, and of the motive power to be used thereon of the New York Central & Hudson River Railroad Company, in The City of New York, etc., the Railroad Company is required to adequately provide at the Grand Central Terminal, in The City of New York, for continuous public exhibition, during business days and hours, of originals or copies of the plans and profiles referred to in said Act, so long as consideration thereof shall be pending between your Board and the Railroad Company.

In my letter of September 28, 1911, submitting to your Board the plans and profiles in question, I stated that adequate provision had been made for the continuous public exhibition of a copy of said plans and profiles during business days and hours in room No. 2605 at the Grand Central Terminal.

Owing to certain changes made in the location of the engineering forces of the Company, it is desirable that after May 20, 1914, said plans and profiles be kept for public exhibition in room No. 5630 at the Grand Central Terminal, instead of in the present room No. 2605.

I, therefore, beg to advise that up to and including the 20th day of May, 1914, adequate provision will continue to be made for the continuous public exhibition of a copy of said plans and profiles during business days and hours in room No. 2605, at the Grand Central Terminal, and that after the 20th day of May, 1914, adequate provision will be made by the Railroad Company in room No. 5630 at the Grand Central Terminal in The City of New York, instead of in room 2605 at the Grand Central Terminal, referred to in my letter of September 28, 1911, for continuous public exhibition during business days and hours of a copy of said plans and profiles, so long as consideration thereof shall be pending between your Board and the Railroad Company.

Yours very truly,

IRA A. PLACE, Vice President.

Which were severally ordered on file.

The Vice Chairman laid before the Board the following communication from the District Attorney of Queens County:

No. 654.

District Attorney's Office, Queens County, N. Y., Long Island City, May 20, 1914. Hon. P. J. SCULLY, City Clerk, New York:

Dear Sir—I hereby request the issuance of special revenue bonds to the amount of \$800 for extradition purposes. The appropriation for extraditions in the budget for 1914 was \$350, which was altogether inadequate for our needs. We have now a balance of only \$170.38 in this fund (No. 3543, Expenses in Extradition of Fugitive Criminals) and we have outstanding against it a bill for \$390.72, incurred in the extradition of a fugitive from Los Angeles, California. There is no method of calculating what will hereafter be required for this purpose, but I believe that the sum of \$800 now requested is not excessive, inasmuch as during the past five months \$561.34 has been needed for extraditions, and we expect that we will within a week have to extradite another fugitive from the neighborhood of Chicago. The police officer who made the trip to Los Angeles has laid out his own money for the County and it would be only justice to him to repay him this sum of \$390.72 as soon as possible. I therefore ask that you kindly have this matter put on the calendar of the Board of Aldermen as soon as practicable. Yours very truly,

MATTHEW J. SMITH, District Attorney.

Which was referred to the Committee on Finance.

The Vice Chairman laid before the Board the following communications from the Police Commissioner:

No. 655.

Gentlemen—The Police Commissioner is in receipt of a communication from the Board of Estimate and Apportionment, dated May 12, 1914, containing resolutions adopted by said Board on May 8, 1914, which read as follows:

“Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in City Departments of the grades of positions, in addition to those heretofore established, as follows:

Title and Rate.	Number of Incumbents.
Electrician, \$4.80 per diem.....	Unlimited
Wireman (Electrician), \$4.80 per diem.....	Unlimited
Lineman (Electrician), \$4.80 per diem.....	Unlimited

“Resolved, That the Board of Estimate and Apportionment hereby requests the heads of City Departments in which Electricians, Wiremen (Electricians) or Linemen (Electricians) are employed to provide for the compensation of such workmen beginning April 1, 1914, at the rate of four dollars and eighty cents (\$4.80) per diem, by the transfer of funds or by the application for an authorization of special revenue bonds in the necessary amounts or by the reorganization of the work, reducing the number of days of employment.”

In view of the above resolutions your Honorable Board is hereby respectfully requested to authorize an issue of special revenue bonds in the sum of \$1,000.77, to

provide for additional compensation for the following Chief Lineman, Linemen, Wireman and Cable Splicer (Electricians) now in the employ of the Police Department, and who are now paid from the appropriations made to this Department for the year 1914, as follows:

Code No. 1601, Police Department, Personal Service, Salaries, Regular Employees, Safeguarding Life and Property, Uniformed Force, Surgeons, Etc.—Chief Lineman, from \$1,500 per annum to \$4.80 per day, from April 1, 1914, 275 days.....	\$189 87

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand dollars (\$1,000), the proceeds whereof to be used by the City Clerk and Clerk of the Board of Aldermen for the purpose of defraying cost of moving the office records and furniture from the City Hall to the Municipal Building. All obligations contracted for hereunder to be incurred on or before December 31, 1914.

Which was referred to the Committee on Finance.
The Vice-Chairman laid before the Board the following communication from the President of the Borough of The Bronx:

No. 658.
City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, May 21, 1914.
Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—Request is hereby respectfully made that a resolution be adopted by the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of \$980, to provide funds for the employment of two (2) Elevatormen in the new Bronx Court House at 161st st. and 3d ave.

The amount requested is based on the following estimate, viz: 2 Elevatormen, at \$70 per month each (from June 1 to December 31, 1914), a period of seven (7) months each.

It appears, through an oversight which occurred when the Board of Estimate and Apportionment, on March 27, last modified the original resolution of the Board of Aldermen adopted February 17, providing for funds to employ the necessary maintenance force for the new Court House, that the provision for "Elevatormen" which appeared in the original request of this office for funds to employ said force, was omitted, and the omission was not discovered until the certified copy of the modified resolution adopted by the Board of Aldermen on April 21, 1914, was received.

The following is a review of the action taken at the several meetings of the Board of Aldermen and Board of Estimate and Apportionment, respectively, relative to the funds required for said maintenance force.

January 9, 1914—Request for issue of revenue bonds for the sum of \$27,072.50, to provide for Court House force of maintenance employees.

January 13, 1914—Request received at meeting of Board of Aldermen (No. 75 Introductory). Referred to Finance Committee.

February 17, 1914—Special Orders No. 10. Report of Finance Committee recommending the issuance of \$14,295, which report stated "It believes that inasmuch as the Court House will not be taken over by the City authorities for at least two (2) months, engineers, firemen and elevatormen are not needed." Report adopted.

Board of Estimate and Apportionment, March 27, 1914—Resolution of the Board of Aldermen adopted February 17, 1914, modified and returned to said Board for concurrence. Said modification included the provision for Engineer and Firemen, but omitted to provide for "Elevatormen." The total allowance was modified from \$14,295 to \$11,370.

Board of Aldermen—April 21, 1914—Modified resolution adopted by the Board of Estimate and Apportionment on March 27, 1914, providing for an issuance of \$11,370, concurred in.

As it appears to be necessary that a resolution supplementary to the one adopted by the Board of Aldermen on April 21 be passed, to provide the necessary funds for the employment of the Elevatormen, it is respectfully requested that the matter be taken up at the next meeting of your Board on Tuesday, May 26, without being referred to the Finance Committee (as said committee has previously acted favorably on the request and had simply deferred the issuance of the bonds until the services of Engineer, Firemen and Elevatormen were needed), in order that prompt action may be had from the Board of Estimate and Apportionment, so that the money for the purpose will be available at the earliest possible date, as I expect to accept the Court House from the contractors, as completed, within a few days.

Respectfully, DOUGLAS MATHEWSON, President, Borough of The Bronx.
Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight hundred and forty dollars (\$840), the proceeds whereof to be used by the President of the Borough of The Bronx for the purpose of providing funds for the employment of two Elevatormen in the new Bronx Court House, from June 1 to December 31, 1914.

President Mathewson moved the adoption of this resolution.
There being no objection the Vice-Chairman put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Carberry, Carroll, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dowling, Dujat, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Kenneally, Kenney, Kochendorfer, Lein, Levy, McNally, Molen, Moore (Chas. The Vice-Chairman laid before the Board the following communication from the Park Commissioner of The Bronx:

No. 659.
The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, May 25, 1914.
Honorable GEORGE McANENY, President, Board of Aldermen, City Hall, New York City:

Sir—I have the honor to respectfully request that the Board of Aldermen recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue revenue bonds in the sum of \$31,881.75, of which \$24,037.60 is to be used for the purchase of additional road repair material, in order that this Department may be enabled to put the roads, drives and parkways under the jurisdiction of the Department of Parks, Borough of The Bronx, in good condition; \$3,479.15 for the purpose of employing additional Painters, and purchasing additional painters' materials, for painting the buildings, fences and railings under the care of this Department; and \$4,365 for repairs to the Colonial Mansion in Van Cortlandt Park—all as shown on the several maps and schedules which accompany this application.

The funds available in the appropriation budget for the year 1914 are altogether inadequate for the purpose of purchasing material for repairing any considerable portion of the park roadways; and it is very important that these roadways be put in a proper state of repair at once.

Year by year the traffic upon Bronx and Pelham parkway has increased to such an extent that it has now become probably the most constantly used parkway in the City. So enormous has been this increase that a recent census taken on a Sunday afternoon showed that almost eighteen hundred automobiles passed a given point on Bronx and Pelham parkway within an hour. Thus it may be seen that the comfort and safety of thousands of citizens from all over the City require that such roadways shall be put and kept in the very best state of repair.

I intend, in the event of securing the funds hereby applied for, to have all our park roads put and kept in first class condition. Practically all of the park roadways were in very bad condition this spring. This was due in part to neglect and in part to the fact that for several years the appropriations made to this Department for that purpose were entirely insufficient.

Funds available for the purchase of highway material during the present year are so grossly inadequate to meet pressing demands, that I am compelled to urge this application for sufficient funds to supply the deficiency.

The roads that can be repaired out of funds available are described in schedule "a" and shown in red on the accompanying maps; those that we are unable to repair with present funds are described in schedule "b" and shown in blue on the accompanying maps.

This Department has an aggregate of eighty-eight (88) buildings, the greater number of which are cared for by the Department; and these require painting, there having been little if anything done in the matter of painting these buildings for several years past.

In addition, we have upwards of 50,000 linear feet of two and three-pipe iron railing, the greater portion of which requires painting, and 8,000 linear feet of iron fence, all of which requires cleaning and painting.

The time allowed for painters, and the amount allowed for painters' materials, in the budget for 1914 are entirely inadequate to do this work; hence I ask for the sum of \$3,479.15, as shown on the schedule transmitted herewith. As paint not only adds to the appearance and neatness of these buildings and fences, but is an actual preservative, preventing their deterioration and decay, this is not only an essential, but a very necessary item.

The Colonial Mansion in Van Cortlandt Park is in dire need of repair and should by all means be put in good condition at once. In 1911 there was appropriated the sum of \$28,000 for an addition to this building, and the installation of heating plant in the old portion. Less than \$18,000 will be used, and \$10,000 of the amount will be rescinded. As the repairs shown on the schedule are very necessary, and as they cannot be made from the corporate stock appropriation now available, in excess of that required for the addition and heating plant, I earnestly request that this item of the application receive favorable consideration.

Because of the evident importance of putting and maintaining our park roadways, buildings, fences and railings in a high state of repair, and that without delay, I feel justified in most earnestly urging upon your Honorable Board favorable consideration of this request. Respectfully,

THOMAS W. WHITTLE, Commissioner of Parks, Borough of The Bronx.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment, May 22, 1914, amending resolution adopted May 15, 1914, which authorized, pursuant to section 178 of the Greater New York Charter, and subject to the concurrence by the Board of Aldermen, an issue of \$17,500 corporate stock for the completion of the Southfield Boulevard Development, Borough of Richmond, etc., under the jurisdiction of the Department of Water Supply, Gas and Electricity, by striking therefrom the words "when authority therefor shall have been obtained from the Board of Aldermen."

The resolution of May 15, 1914, was transmitted to your Board on May 19, 1914, and I would request that the same be returned to this office.

Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on May 15, 1914, which reads as follows:

"Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seventeen thousand five hundred dollars (\$17,500) to provide means for the completion of the Southfield boulevard development, Borough of Richmond, including coal bin and storehouse at new Grant City pumping station, pumping units and appurtenances at auxiliary stations, electric transmission line, and collecting main from auxiliary stations to main station, etc., in connection with improving the water supply system of said borough, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid; provided, however, that no part of said proceeds shall be used in the payment of salaries or wages of employees of the Department of Water Supply, Gas and Electricity."

—be and the same is hereby amended by striking out the words "when authority therefor shall have been obtained from the Board of Aldermen."

A true copy of resolution adopted by the Board of Estimate and Apportionment May 22, 1914.

JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Comptroller's Office, May 19, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On Friday, May 15, 1914, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to issue corporate stock to the amount of \$17,500 for the completion of the Southfield Boulevard Pumping Plant, Borough of Richmond, under the jurisdiction of the Department of Water Supply, Gas and Electricity.

The resolution adopted called for concurrent action by the Board of Aldermen. The Commissioner of the Department of Water Supply, Gas and Electricity has stated that there is urgent necessity for this appropriation, and for that reason he suggested that the bonds be authorized pursuant to section 178 of the Charter, so that the further action of the Board of Aldermen could be dispensed with.

I recommend that the resolution adopted on May 15 be amended to strike out the requirement that the Board of Aldermen concur. In this way several weeks' time can be gained.

Attached hereto is a resolution carrying this recommendation into effect.

Respectfully, WM. A. PRENDERGAST, Chairman, Committee on Corporate Stock Budget.

Calendar No. 56A. Authorizing the issue of \$8,000 corporate stock to provide means for the payment of the construction of five groynes on the Atlantic Ocean side of Seaside Park, Neponsit, under the jurisdiction of the Commissioner of Parks, Borough of Queens.

I also enclose copies of reports of the Committee on Corporate Stock Budget relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the

issue of corporate stock of The City of New York to an amount not exceeding thirty-four thousand dollars (\$34,000) to provide means for furnishing, delivering and laying necessary twelve-inch and twenty-inch distribution mains and appurtenances in and along E. 177th st. between Westchester and Zerega aves., Borough of The Bronx, in connection with improving the water supply system of said Borough, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid; provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contract, plans, specifications and estimates of cost pertaining to the same and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment and that no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Commissioner of Water Supply, Gas and Electricity is directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized; and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

A true copy of resolution adopted by the Board of Estimate and Apportionment, May 22, 1914.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 25, 1914.
To the Board of Estimate and Apportionment:

Gentlemen—Under date of February 4, 1914, the Commissioner of the Department of Water Supply, Gas and Electricity addressed a communication to the Comptroller, requesting the Corporate Stock Budget Committee to recommend to the Board of Estimate and Apportionment an authorization of \$34,000 in corporate stock to provide funds for the laying of water mains in Tremont ave. (now E. 177th st.), between Westchester ave. and Zerega ave., Borough of The Bronx. In connection therewith we report as follows:

E. 177th st., between the limits stated, is now occupied by a double line of street railway track in the centre of the street and outside of which the street is entirely unpaved. There is at present considerable traffic upon the street, and the adjacent territory, both north and south, is built up to some extent, the water for the building being secured from old and small distribution mains in the streets upon which the houses face. It is desirable from every point of view that E. 177th st. be paved, and, although no immediate return commensurate with the cost of the laying of the proposed mains is anticipated, it is probable that within a few years a considerable revenue will be derived therefrom. If the laying of the mains be deferred, it will be necessary to postpone the paving which is now needed or to tear up the pavements in order to lay the mains, thus materially increasing the expense.

The plan of the Department of Water Supply, Gas and Electricity provides for a 12-inch main on the north side of the street and a 20-inch main on the south side, the purpose of the two mains being to provide adequate facilities for extensions north and south of E. 177th st. and for adjacent territory to the eastward. The sizes of the mains are proportionate to the territory which it is proposed to serve.

We recommend, therefore, the adoption of the attached resolution granting the request. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Committee on Corporate Stock Budget.

No. 665.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eight thousand dollars (\$8,000), maturing not more than ten (10) years after date of issue, to provide means for the payment of the construction of five groynes on the Atlantic Ocean side of Seaside Park, Neponsit, to the extent of seven thousand one hundred and sixty-six dollars and sixty-six cents (\$7,166.66) and for engineering services in design, supervision and inspection to the extent of eight hundred and thirty-three dollars and thirty-four cents (\$833.34), and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid. Provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans, specifications and estimates of cost pertaining to the same and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert, until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said board; and be it further

Resolved, That the Commissioner of Parks, Borough of Queens, is directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect, engineer or expert, whenever such agreement or contracts are chargeable against corporate stock herein authorized.

A true copy of resolution adopted by the Board of Estimate and Apportionment, May 22, 1914.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, May 11, 1914.
To the Board of Estimate and Apportionment:

Gentlemen—Under date of March 31, 1914, the Commissioner of Parks, Borough of Queens, requested an authorization of \$18,300 corporate stock for the construction of five groynes or jetties to protect and build up the shore front on the ocean side of Seaside Park, Rockaway, and for engineering services in design, supervision and inspection on the work of construction. The amount requested for the construction of the jetties was \$15,000, and the remaining \$3,300 was for the engineering force as follows:

1 Assistant Engineer, 5 months at the rate of \$4,000..... \$1,666 67
1 Transitman, 5 months at the rate of \$1,650..... 687 50
1 Engineer Inspector, 5 months at the rate of \$1,200..... 500 00
Incidental expenses 445 83

The Commissioner stated that he made his request at the instance of Dr. J. W. Brannan, President of the Bellevue and Allied Hospitals, who is interested in the construction of a hospital for tuberculosis children at Seaside Park.

The hospital is being constructed by the New York Association for Improving the Condition of the Poor, which association has let contracts for the construction of two pavilions of the hospital. When the contractors started excavations for the building it was found necessary to change the site by moving it backward from the shore front eighty feet. This was because of the washing away of the beach at the southeasterly end of the park. The severe storms of the past winter have demonstrated that there is grave danger of losing a considerable portion of this park by erosion unless measures are taken to protect the beach front.

Even after the site of the hospital was moved backward eighty feet there was left a beach frontage at high tide of only twenty-five feet, whereas originally there was a frontage of one hundred and twenty-five feet.

In view of the fact that an important part of the treatment of the children is an open air treatment on the beach it is desirable to have a beach frontage of sufficient width to accommodate all the children.

Mr. Bailey B. Burritt, the Acting General Director of the Association for Improving the Condition of the Poor, states that if the hospital buildings had been

started where they had been originally planned they would now be standing in water for fifty feet of their width.

The proposed jetties are not only for the protection of the beach, but are intended to reclaim the beach area which is already washed away. Several acres of valuable land have already been lost by erosion, and it is believed that this land can be reclaimed by the erection of jetties.

The cost of the jetties proposed by the former Commissioner of Parks in Queens is entirely too high. The erection of serviceable jetties by the Neponsit Company on property adjoining the Seaside Park has proved that it is not necessary to spend such a large sum for groynes for the City's park.

The Bureau of Contract Supervision has submitted estimates based on actual prices for jetties in that locality. These estimates show that the five groynes can be built for less than half the amount proposed by the Commissioner.

The amount proposed for engineering supervision is entirely too large. It is almost fifty per cent. of the cost of construction. The time required for the construction work is estimated at one hundred days.

Plans have already been drawn for the work, and the expense for plans and specifications will be practically nothing. About the only engineering expense necessary will be supervision and inspection. It has been suggested that a more than adequate force would be as follows:

Assistant Engineer, at \$4,000 (1 month) \$333 34
Engineering Inspector, at \$1,200 (5 months)..... 500 00

The work of a Transitman will be necessary for a short time, but there is a balance in account "C. D. P.—405, Department of Parks, Borough of Queens, Salaries of Engineering Force," available for this purpose.

It is estimated that \$8,000 will be sufficient for the engineering force and for the construction of the jetties. This will provide for jetties costing considerably more per foot than the jetties built by the Neponsit Company.

We recommend the adoption of the attached resolutions, which will authorize corporate stock to the amount \$8,000.

We recommend that the corporate stock be authorized to mature not later than ten years from the date of issue. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Committee on Corporate Stock Budget.

No. 666.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, May 26, 1914.
To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment May 22, 1914, relative to the abolishment and establishment of grades of positions as follows:

Department and Position.		Rate Per Annum.	Incumbents.
Cal. No. 13	Education—Abolishment of grade of position of Clerk, Bookkeeper or Statistician.....	\$1,500 00	12
Cal. No. 60	Register, New York County—Establishment of grade of position of Draftsman.....	1,050 00	2

I also transmit herewith copies of reports of the Committee on Salaries and Grades relative thereto.

Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen that grade of position established in the Department of Education be abolished, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk, Bookkeeper or Statistician	\$1,500 00	12

A true copy of resolution adopted by the Board of Estimate and Apportionment May 22, 1914.

City of New York, Department of Finance, Comptroller's Office, May 15, 1914.
To the Board of Estimate and Apportionment:

Gentlemen—Schedule No. 853, Salaries, Regular Employees, Audit and Accounts, Department of Education, for the year 1914, contained an appropriation of \$18,000 for the employment of 12 additional Clerks, Bookkeepers or Statisticians at \$1,500 each per annum. The Budget specifically stated that this appropriation was to be used for "auditing and accounting of supplies in accordance with the direction of the Board of Education.

On March 27, 1914, at the request of the Board of Education, the line "Clerk, Bookkeeper or Statistician, 12 at \$1,500," was transferred from Schedule 853, Audits and Accounts, to Schedule 856, Purchase and Storage of Supplies. Subsequently 11 of these positions were filled by employees having the title of Clerk, and on May 15 the schedule was modified by changing the line "Clerk, Bookkeeper or Statistician, 12 at \$1,500," to read Clerk, 11 at \$1,500; Clerk, Bookkeeper or Statistician, 1 at \$1,500.

The grade of position of Typewriter Accountant at \$1,500 per annum was established April 21, 1914, for one incumbent, the intention being to substitute this position for the remaining one of Clerk, Bookkeeper or Statistician at \$1,500. The necessary modification of the schedule is pending.

In view of the foregoing facts, we recommend the adoption of the attached resolution, abolishing the 12 positions created under the title of Clerk, Bookkeeper or Statistician. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

No. 667.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position in the office of the Register of New York County, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Draftsman	\$1,050 00	2

A true copy of resolution adopted by the Board of Estimate and Apportionment May 22, 1914.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 15, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1914, the Register of New York County requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the additional grade of position of Draftsman at \$1,100 per annum for two incumbents, in the office. The Bureau of Standards reports thereon as follows:

"The request is to establish the position of Draftsman at \$1,100 per annum for two incumbents in the Department of Preservation of Public Records and Copying in the Register's office. The Register states that a part of the work of this Department includes the copying of old maps, which necessitates the employment of skilled Draftsmen. The Register further states that two Draftsmen will be required to do all the map work necessary to be done. The funds to meet the payment of the proposed positions will be provided by dropping the position of Clerk at \$1,100 per annum for two incumbents. The requested grade of position at \$1,100 per annum is not in accordance with the standard list of rates adopted heretofore by the Board of Estimate and Apportionment. The appropriate rate would be \$1,050. No increase in appropriation is involved in the request."

In view of the above facts we recommend the adoption of the attached resolution, granting the request, at the rate of \$1,050 per annum. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Manhattan:

No. 668.

City of New York, President of the Borough of Manhattan, Municipal Building, May 26, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall, New York:

Dear Sir—By resolution adopted May 6, 1913, the Board of Aldermen set apart for use as push-cart markets the four large spaces situated under the Manhattan Bridge approach between East Broadway and Cherry st. The money necessary to put these lots in condition for use by the push-carts has not yet been appropriated, and the lots are to-day vacant and unused.

You will no doubt recall, that prior to the action by the Board of Aldermen, the two lots lying between Madison and Cherry sts. had been assigned to the President of the Borough of Manhattan for use as a corporation yard—it being the intention to move to this location the wholly unsatisfactory Rivington St. Yard, the site of which would then become available for use by the Recreation Commission, to which it had accordingly been assigned. The use of one of these lots is very important to my Department, and we are being constantly urged by the Recreation Commission to abandon the Rivington St. Yard, in order that that site may be made available for a much needed playground.

A preliminary examination made in my capacity as Chairman of the Committee on Markets, of the Board of Estimate and Apportionment, has satisfied me that the lot lying between Monroe and Cherry sts. will not be needed for push-cart purposes. The other three lots reserved by the Board of Aldermen, lying between East Broadway and Monroe st., will be ample to provide for the need of push-cart markets in that section of the Borough.

I, therefore, respectfully urge that your honorable Board rescind its action of May 6, 1913, in so far as it related to the lot lying between Monroe and Cherry sts.

Very truly yours, MARCUS M. MARKS, President, Borough of Manhattan.

Which was referred to the Committee on Markets.

ORDINANCES AND RESOLUTIONS.

Alderman Curran asked and obtained unanimous consent to introduce the following:

No. 669.

Resolved, That permission is hereby given to the Recreation Alliance to occupy the Aldermanic Chamber on the afternoon of Thursday, June 11, 1914, after 4 o'clock, for meeting purposes, said Recreation Alliance to be responsible for proper care of the Chamber during that period without disarrangement of desks, papers, or other paraphernalia.

Which was laid over under the rule and subsequently adopted.

ANNOUNCEMENT.

The Vice-Chairman stated that he had been supervising the proofs of the manual of the Board of Aldermen for 1914-1915, and that publication would have been had before the present date were it not that the numerous changes in location of the offices of the various City Departments rendered it advisable to delay issue until the correct addresses, telephone numbers, etc., could be included for the benefit of the members. He promised an issue in the near future.

REPORTS:

That having examined the subject, it believes the proposed improvement to be necessary. It has received a statement in relation to this matter from the County Clerk, which is made part of this report. Hon. HENRY H. CURRAN, Chairman and Members of the Finance Committee, Board of Aldermen, City of New York, N. Y.:

Gentlemen—Pursuant to your request at to-day's hearing of your committee relative to application for ten thousand (\$10,000) dollars in revenue bonds for steel files and cases for the use of this office, I am herewith submitting both floor and profile plans. These plans provide for thirty-eight hundred (3,800) files and seventeen hundred and forty (1,740) book shelves, which will about accommodate the records for 1914 and 1915. I have based my figure (\$10,000) on the advice of a representative of the Art Metal Furniture Company of New York, who, after a personal investigation and study of the plans herewith submitted, assured me that the cost for fitting this room up in the form called for by these specifications would be approximately ten thousand (\$10,000) dollars.

Respectfully requesting a prompt consideration of this matter, I am,

Very sincerely yours,

CHARLES S. DEVOY.

The Committee on Finance, to which was referred, on May 12, 1914 (Minutes, page 258), the annexed request from the Corporation Counsel for \$26,600 special revenue bonds for expenses in connection with litigation over pollution of the waters of New York harbor, respectfully

REPORTS:

That the details of this application are fully set forth in the letter of request. The Committee believes that \$20,000 revenue bonds will be sufficient, any liability remaining to be paid out of the funds now at the disposal of this office in its contingent account.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty thousand dollars (\$20,000), the proceeds whereof to be used by the Corporation Counsel for the purpose of meeting expenses in connection with litigation over pollution of New York harbor waters. All obligations contracted for hereunder to be incurred on or before December 31, 1914.

City of New York, Law Department, Office of the Corporation Counsel, New York, May 7th, 1914.

To the Honorable the Board of Aldermen, City of New York:

Sirs—This Department is prosecuting an original action in the Supreme Court of the United States entitled the State of New York vs. State of New Jersey and Passaic Valley Sewerage Commission. This suit is now No. 3 on the Docket of Original Actions for the present term of the Supreme Court of the United States.

The record in this case has been completed and consists in over one and one-half million typewritten words, and in addition thereto there are two hundred and twenty exhibits, comprising maps, charts, diagrams, tabulations and voluminous data. This extensive record, together with the exhibits therein, is now in the custody of the Clerk of the Supreme Court of the United States, awaiting an order from this Department to be printed and prepared for submission and argument to the aforesaid tribunal.

The records of cases before the Supreme Court of the United States are printed in Washington, D. C., under the supervision of the Clerk of that Court.

This Department is in receipt of a communication from Mr. James D. Maher, Clerk of the Supreme Court of the United States, in which is set forth the printer's estimate for the printing of this record and the reproduction of the various maps, charts, diagrams, etc., as follows:

"I have had the printer make an estimate of the amount necessary to be advanced by the complainant to cover the Clerk's costs and cost of printing the record in the case of the State of New York vs. the State of New Jersey et al., No. 3 on the docket of original actions for the present term. The estimate is as follows: Clerk's costs, \$4,875, and for printing, \$13,300, making a total of \$18,175."

The amount, \$18,175, does not include the expenses incidental to the preparation and printing of a digest of this voluminous record for the use of the Court during the argument, nor does it include the expenses of the preparation and printing of a brief and a reply brief, all of which are printed under the supervision of the Clerk of the Supreme Court.

The approximate cost and expenditure necessary for all these items will be about \$26,000. The amount specified in the Clerk's letter must be deposited by check with the Clerk of the Supreme Court of the United States before the record in this suit can be printed and prepared for argument before that Court.

This suit was instituted by a bill of complaint praying for an injunction restraining the Passaic Valley Sewerage Commission from constructing and operating a trunk sewer, about twenty-eight miles in length, designed to collect the sewage and trade wastes from thirty-seven municipalities and townships along the Passaic Water Shed. The volume of this septic filth would be over three hundred and sixty million gallons per day discharged south of the Battery at the lower end of Manhattan Island. The daily addition to the present highly polluted waters of New York's Upper Bay of so vast a quantity of putrescent refuse in its most objectionable and injurious condition would menace alike the health and comfort of the citizens of New York, and strike fatally at the commercial pre-eminence of our great port of entry.

There is no appropriation to this Department from which the amount of \$26,000 could be paid for the foregoing purpose and I therefore request that your Honorable Board recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue special revenue bonds to an amount sufficient to pay for this item. Yours respectfully,

LOUIS H. HAHLO, Acting Corporation Counsel.

The Committee on Finance, to which was referred on May 12, 1914 (Minutes, page 316), the annexed resolution in favor of an issue of \$360 special revenue bonds to pay salary of temporary Clerk in office of Coroners, Borough of The Bronx, respectfully

REPORTS:

That, having examined the subject, it believes the proposed appropriation to be partly necessary. After an investigation it finds that \$270 will suffice for this purpose, and the introducer has agreed to this decision.

It, therefore, recommends that the accompanying substitute resolution be adopted.

SUBSTITUTE.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and seventy dollars (\$270), the proceeds whereof to be used by the Board of Coroners, Borough of The Bronx, for the purpose of paying salary of Emergency Clerk during the vacation period in June, July and August, 1914.

ORIGINAL.

The Committee on Finance, to which was referred on May 12, 1914 (Minutes, page 317), the annexed resolution in favor of an issue of \$100,000 special revenue bonds for the purpose of an exhibit by The City of New York at the Panama-Pacific Exposition, respectfully

REPORTS:

That a committee representing the Board of Estimate and Apportionment and the Board of Aldermen has given this subject preliminary consideration, and decided that to furnish a creditable exhibit, appropriately housed, it will be necessary to expend this amount. The Committee coincides with this opinion, and, therefore, recommends that the said resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred thousand dollars (\$100,000), the proceeds whereof to be used by the Special Committee of the Board of Estimate and Apportionment and Board of Aldermen for the purpose of defraying all expenditures for labor, material, supervision and transportation necessary to arrange and maintain exhibit of The City of New York, and for all other expenses incidental thereto, at the Panama-Pacific Exposition to be held at San Francisco, Cal., commencing February 20, 1915, and continuing until December 4, 1915.

City of New York, Office of the Mayor, May 18, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—By action of the Board of Estimate and the Board of Aldermen, a committee has been appointed to prepare plans for the representation of The City of New York at the Panama-Pacific International Exposition to be held in San Francisco in 1915. As you are aware, this exposition will open on January 1, 1915. It has been determined that The City of New York will have an exhibit at this fair similar to exhibits sent to previous world's fairs.

The great progress that has taken place in municipal government in the United States since the last international exposition, and particularly the progress that has taken place in New York City, seems to me to make it extremely important that our exhibit should be not only well considered, but comprehensive and fully illustrative of the typical and noteworthy activities which are carried on in the government of the City. The exposition authorities rightly expect that New York City will, because of its conspicuous position among the cities of the country, have an especially adequate exhibit. I am confident that it will be the judgment of the people of the City, as it is the judgment of the City officials, that we should have a thoroughly worthy exhibit at the Panama Exposition. In order that this may be accomplished I have been asked by the committee to suggest that your honorable Board authorize the issue of revenue bonds in the amount of \$100,000 for the purpose of preparing New York City's exhibit.

Respectfully yours,
Which was laid over.

JOHN PURROY MITCHEL, Mayor.

REPORTS:

That a very competent and full detail is contained in the application. The Committee believes the request to be well backed up by the figures furnished and recommends that the accompanying resolution be adopted.

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, May 13, 1914.

Hon. GEORGE McANENY, President, Borough of Aldermen:

Dear Sir—Request is hereby respectfully made, that a resolution be adopted by the Board of Aldermen, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of \$8,370, to provide funds for the purchase of necessary supplies in connection with the maintenance, cleaning and equipment of the public buildings under the jurisdiction of this department, as below described; also for reimbursement of moneys expended out of the Tax Budgetary appropriations made to the President of the Borough of The Bronx for the year 1914, which was used for above purposes.

County Offices in New Court House, 161st Street and 3d Avenue.	
Furniture, equipment, supplies and fuel.....	\$4,700 00
Bronx County Supreme Court Rooms.	
Furniture, fittings, law books and stationery.....	2,000 00
	\$6,700 00

Money Advanced.

Reimbursement of money advanced for the purchase of office equipment for Bronx County officials, who took office on January 1, 1914, the expenditures being made from appropriations to the President of the Borough of The Bronx in the Budget for 1914, and for which expenditures no provision was made in said Budget.....

1,670 00
\$8,370 00

It is of the utmost importance that the issue of Special Revenue Bonds, as above requested be made available at the earliest possible date, for the \$1,670 advanced was diverted from the purposes for which said amount was appropriated, to the extent that this appropriation is entirely exhausted.

The new Court House, at 161st street and 3d avenue, the contract for the construction of which will probably be accepted within a week or two, has been occupied by the County and Supreme Court officials, since the installation of Bronx County on January 1, 1914, and it is estimated that it will require the sum of \$4,700, as requested, for the remainder of the year 1914, out of which amount the cost of maintenance and cleaning supplies of the Court of Special Sessions (Children's Court) located at 137th street east of Alexander avenue, will be defrayed.

The \$2,000 required for furniture, fittings, etc., for the Supreme Court, Bronx County, is mandatory, under the provisions of section 402, chapter 834, Greater New York Charter.

Appended hereto are lists describing the purposes for which the funds are required.

1. Court House, 161st street and 3d avenue, and Children's Court, 137th street near Alexander avenue.

2. Supreme Court, Bronx County.

3. Money advanced out of departmental appropriation.

Respectfully, DOUGLAS MATHEWSON, President, Borough of the Bronx.

Hon. GEORGE McANENY, President of the Board of Aldermen:

Sir—A resolution was adopted by your honorable Board on July 3d, 1913, authorizing an issue of special revenue bonds in the amount of \$34,434.90 for the purpose of providing funds for the payment of salaries and wages of various employees and for Elevator Attendants provided by the contractors, Messrs. City of New York, Department of Finance, May 22, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City Hall, New York City:

Dear Sir—On April 22, 1914, the Board of Education requested the Board of Aldermen to adopt a resolution requesting the issue of special revenue bonds to the amount of \$2,820, pursuant to subdivision 8 of section 188 of the Greater New York Charter, for the purpose of defraying additional expenses for janitorial service in the Department of Education, as follows:

One additional Elevator Attendant for the Wadleigh High School with compensation at the rate of \$750 per annum, as there are at present two passenger elevators and only one Attendant.

One additional male Cleaner for Public School 79, Queens, with compensation at the rate of \$480 per annum.

One additional male Cleaner for the Jamaica High School with compensation at the rate of \$480 per annum.

One additional Elevator Attendant for the Washington Irving High School with compensation at the rate of \$750 per annum, to act as a relief man on account of the long hours this building is in use for extra activities.

One additional Elevator Attendant for the Morris High School with compensation at the rate of \$750 per annum.

One Elevator Attendant for the Bushwick High School with compensation at the rate of \$750 per annum.

In addition to the above, it was ordered that the issuance of special revenue bonds be asked for in order to increase the compensation of the Janitor of Public School 15, Queens, for the care of two portable buildings on the grounds of said school from \$10 to \$25 per month, taking effect January 1, 1914.

In response to your request for information concerning the necessity for such issue of special revenue bonds, I report as follows:

The appropriation for janitorial service in the Department of Education, all Boroughs for the year 1914 (Code 948) is \$1,699,252.30. Although this appropriation was not scheduled as are other salary accounts, the amount allowed was arrived at on the basis of a specific allowance for each and every school, with additional allowances for each particular special activity. No provision was made for the items for which revenue bonds are now requested, but in making up the accounts no deduction was made on the basis of salary accruals, so that there is a limited margin in the lump sum appropriation granted.

As to the items mentioned, provision for an Elevator Attendant for the Bushwick High School, with compensation at the rate of \$750 per annum, is unnecessary, as the annual rate of \$15,540, established on February 3, 1914, for this school, pursuant to the provisions of section 56 of the Charter, was calculated to cover such elevator service as may be required. The elevator in this building was not designed for passenger service, although it is being used to transport Teachers to the restaurant on the sixth floor, and to carry pupils who are unable to climb stairs owing to some physical disability.

As to the remaining six items in the request, I am of the opinion that they should be held in abeyance for consideration in the Budget for 1915, especially in view of the fact that a reorganization of the janitorial force in the Department of Education along the lines proposed in the joint report of the Special Committee of the Board of Estimate and Apportionment and the Committee on School Inquiry, entitled "The Work and Compensation of Janitors Employed by the Board of Education," is now pending before the Board of Education. At a meeting of the Committee on Education, Board of Estimate and Apportionment, May 4, 1914, the Committee took steps to cooperate with the Board of Education in working out a plan for the proposed reorganization with a view to completing it in time to be used as the basis for the 1915 allowance for janitorial compensation. Respectfully,

WM. A. PRENDERGAST, Comptroller; Chairman, Committee on Education.

Which report was accepted.

No. 527 (G. O. No. 254).

The Committee on Finance, to which was referred on April 21, 1914 (Minutes, page 112), the annexed resolution in favor of an issue of \$7,000 Corporate Stock for removal of piles and foundations of the "Old Iron Pier" at Coney Island, respectfully

REPORTS:

That upon a protest from the business men of this locality a reconsideration has been had of this matter, and it has been decided to allow this pier to remain during the 1914 season as a landing place from excursion boats, under the supervision of the Department of Docks and Ferries, with the understanding that this appropriation will be rescinded by the Board of Estimate and Apportionment at its meeting on May 29, 1914, the committee recommends that the said resolution be ordered on file.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven thousand dollars (\$7,000), to provide means for the removal of the piles and foundations of the "Old Iron Pier," and for the removal of other piers and jetties from the beach fronting Seaside Park at Coney Island under the jurisdiction of the Department of Parks, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid. Provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate has approved forms of contracts, plans, specifications and estimate of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for payment of an salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Commissioner of Parks, Borough of Brooklyn, is directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost prior to advertising for bids for work chargeable to the proceeds

of the corporate stock herein authorized, and such Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

No. 649—(G. O. No. 257).

The Committee on Salaries and Offices, to which was referred on May 10, 1914 (Minutes, page 382), the annexed resolution in favor of granting leave of absence with pay to City employees while in the military service of the United States as volunteers or militia, respectfully

REPORTS:

That, having examined the subject, it believes the proposed resolution to be one which is reasonable and just, and follows the precedent established at the time of the Spanish-American War as is shown by the accompanying correspondence.

It therefore recommends that the said resolution be adopted.

Resolved, That in the event of the President of the United States calling for volunteers or for the militia of the State for the service of the United States, the employees of the City who may enter the service of the United States as such volunteers or militia, shall receive their salaries under leave of absence during their continuance in such service.

OSCAR IGSTAEDTER, D. M. BEDELL, JACOB WEIL, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., MICHAEL CARBERRY, Committee on Salaries and Offices.

City of New York, Department of Finance, April 30, 1914.

Hon. HENRY H. CURRAN, Chairman of the Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—Your communication dated April 25, 1914, has been received by me, asking if, during the war with Spain in 1898, any arrangement had at that time been entered into by The City of New York whereby City employees who volunteered and went to the war were paid by the City during the time they were engaged in the country's service.

In reference to the question asked by you the following resolutions were adopted at various dates herein referred to by the Board of Aldermen and Board of Estimate and Apportionment, respectively:

At a meeting of the Board of Aldermen April 19, 1898, the following resolution was adopted:

"Whereas, By the action of the National Legislature at Washington it is extremely likely that within a few days the United States will be involved in a conflict of arms with the Kingdom of Spain; and

"Whereas, In case a call on the part of the Executive, the President of the United States, it is the duty of every loyal citizen of the republic to volunteer his services for the defense of his country and the upholding of its honor; therefore be it

"Resolved, That the heads of the various departments of the City Government be requested in every case where any employee in any department of the Municipal Government shall volunteer to bear arms in the coming conflict to grant leave of absence with full pay during the time of such service.

"Resolved, That the Clerk be instructed to transmit a copy of these resolutions to the head of every department of the City Government."

At a meeting of the Board of Estimate and Apportionment, April 22, 1898, the Mayor offered the following resolution:

"Resolved, That in the event of the President of the United States calling for volunteers or for the militia of the State for the service of the United States, the employee of the City who may enter the service of the United States, as such volunteers or militia shall receive their salaries under leave of absence during their continuance in such service."

Which resolution was formally adopted.

Subsequent to the passage of this resolution the opinion of the Corporation Counsel was furnished to the Bridge Commissioner, in which he held that such employees should be paid their salaries.

Chapter 654 of the Laws of 1899 provides that:

1. All employees of the state or of a state department who enlisted as volunteers in the United States service during the war with Spain, who did not receive their pay as state employees during their absence from their places of employment, are hereby declared entitled to their pay as public employees, from the time of their enlistment until their honorable discharge from the service of the United States.

2. * * * The sum of \$20,000, or so much thereof as may be necessary, is hereby appropriated. * * *

On October 1, 1900, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to issue revenue bonds of The City of New York to an amount not exceeding \$10,000, pursuant to the provisions of chapter 644 of the Laws of 1900, for the purpose of providing means for the payment to soldiers, sailors and marines of the United States Army and Navy during the war with Spain who were in the employ of the City at the time of enlistment, the salary or per diem compensation to which they would have been entitled if they had remained in the employ of the City.

Trusting that the foregoing will give you the information which you require,

Very truly yours, EDMUND D. FISHER, Deputy and Acting Comptroller.

May 21, 1914.

Hon. FRANK L. POLK, Corporation Counsel, Hall of Records, City:

Dear Mr. Polk—Shortly subsequent to April 22, 1898, the Corporation Counsel furnished to the Bridge Commissioner an opinion holding that City employees who enlisted in the war with Spain should be paid their salaries by the City in pursuance of the following resolution adopted by the Board of Estimate and Apportionment on April 22, 1898:

"Resolved, That in the event of the President of the United States calling for volunteers or for the militia of the State for the service of the United States, the employee of the city who may enter the service of the United States, as such volunteers or militia shall receive their salaries under leave of absence during their continuance in such service."

Could you let me have—tomorrow if possible—a copy of that opinion? Alderman Post has introduced a similar resolution, apropos of the trouble in Mexico, in the Board of Aldermen. Sincerely yours, HENRY H. CURRAN.

Corporation Counsel, City of New York, May 22d, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee of Finance, Board of Aldermen:

Sir—In compliance with request contained in your communication of May 21, 1914, to the Corporation Counsel, it affords me pleasure to enclose herewith copy of the opinion requested by you. Respectfully yours, LOUIS H. HAHLO, Acting Corporation Counsel.

Law Department of The City of New York, Office of the Corporation Counsel, Borough of Manhattan, April 25, 1898.

Hon. JOHN L. SHEA, Commissioner of Bridges:

Dear Sir—Your communication, dated April 23, 1898, stating that you are informed by your Train Dispatcher on the New York and Brooklyn Bridge that a great number of your men are making preparations to enlist in the Army, and asking me to advise you if you are obligated, under the resolution adopted by the Board of Estimate, to provide compensation for these men at their regular salaries during their absence, and also to pay the men required to take their places while they are away, is received.

To which I answer yes; you are obligated under the resolution adopted by the Board of Estimate to provide compensation for the men who enlist in the Army, at their regular salaries during their absence, and also to pay the men required to take their places while they are away. Yours respectfully,

(Signed) JOHN WHALEN, Corporation Counsel.

The Committee on Salaries and Offices, to which was referred on January 27, 1914 (Minutes, page 284), the annexed ordinance in favor of adding grade of uniformed Marine Engineers to Fire Department, respectfully

REPORTS.

That it asked the Corporation Counsel for his opinion as to its power in connection with the proposed legislation, and has received the reply hereto attached. Under the terms of the opinion, the Committee is constrained to recommend that the said ordinance be placed on file.

OSCAR IGSTAEDTER, D. M. BEDELL, JACOB WEIL, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., MICHAEL CARBERRY, Committee on Salaries and Offices.

City of New York, Law Department, Office of the Corporation Counsel, Hall of Records, May 21st, 1914.

Committee on Salaries and Offices of the Board of Aldermen, City Hall, New York City:

Gentlemen—I am in receipt of a letter dated April 2, 1914, from Mr. Albert E. Hull, Committee Clerk, of which the following is a copy:

"By direction of the Committee on Salaries and Offices, I send you herewith a copy of a proposed ordinance now before said Committee for report. Will you be kind enough to inform the Committee whether, in your opinion, the Board of Aldermen has the power to enact legislation of this character?"

A copy of the proposed ordinance enclosed with said letter is as follows:

"AN ORDINANCE in relation to adding to the grades and ranks of officers and members of the uniformed force of the Fire Department of The City of New York, the rank of uniformed Marine Engineer.

"Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

"Section 1. The rank and salaries of the officers of the Fire Department shall be as follows:

"Chief of department, whose annual salary shall be not more than six thousand dollars; deputy chiefs of department, whose annual salary shall be not more than four thousand two hundred dollars; battalion chiefs, whose annual salary shall be not more than three thousand three hundred dollars; medical officers, whose rank and salary shall be the same as that of battalion chiefs, one of whom shall be appointed chief medical officer, whose annual salary shall be not more than six thousand dollars; veterinarians, whose rank and salary shall be the same as that of deputy chiefs; captains or foremen of companies, whose annual salary shall be not more than two thousand one hundred and sixty dollars; lieutenants or assistant foremen of companies, whose annual salary shall be not more than eighteen hundred dollars; pilots of fireboats, who shall continue to receive annual salaries as now provided for by law; engineers of steamers, whose annual salary shall be one thousand six hundred dollars; uniformed marine engineers, whose annual salary shall be one thousand six hundred dollars.

"Section 2. All engineers of steamers of the fire department of The City or New York holding licenses as marine engineers, now or hereafter assigned to the duties of engineers on fireboats of the fire department of the City of New York, shall have the title and rank of marine engineer, the grade for which shall be established as provided for by law.

"Section 3. This ordinance shall not be construed to affect, modify or impair the effect and validity of any ordinance heretofore adopted relating to the salaries or grades of any member of the uniformed force of the Fire Department.

"Section 4. This ordinance shall take effect immediately."

The proposed ordinance is in substance, if not in form, an amendment to a portion of section 740 of the Greater New York Charter. It adds to the list of officers and employees of the Fire Department mentioned in such section a new position, i. e., that of uniformed Marine Engineer, and regulates to a certain extent the manner in which such position shall be filled.

I think that the power of the Board to enact such a proposed ordinance is extremely doubtful. Prior to the passage of chapter 247 of the Laws of 1913, commonly known as the Home Rule Bill, I suppose there could be no questions about the Board's lack of power, and I do not believe that anything contained in that act supplied the omission. You are doubtless so thoroughly familiar with the provisions of that statute, that I will not encumber this opinion with a recital of any portion thereof, but will content myself with calling your attention to several recent decisions of the courts interpreting the act and ordinances of local legislative bodies seeking to enlarge Charter provisions in relation to the subjects discussed in such decisions.

In the course of the opinion of the Appellate Division, Fourth Department, in the case of City of Geneva v. Fenwick, 159 App. Div. 621, it is said:

"Each municipality can exercise such prerogatives as are delegated to it by the Legislature, and I do not believe that by the enactment of the 'Home Rule Bill' (so-called) the Legislature intended to confer upon municipalities the right to override plain Charter provisions ample and efficient to accomplish a given purpose. To hold otherwise would be to invest municipalities with the right to frame their own charters and to utterly disregard special powers conferred upon them by the Legislature."

A more recent decision was made by Mr. Justice Weeks construing an ordinance of your Honorable Board enlarging the power of the Police and Fire Commissioners to reinstate removed members of the forces of their respective departments under section 1543A of the Greater New York Charter. I refer to the case of People ex rel. O'Connor v. McKay, Law Journal, April 30, 1914. The opinion is as follows:

"Motion is denied (Anckner v. Moscovitz, Maddox, J., N. Y. Law Journal, March 30, 1914). In my opinion the Home Rule Bill was intended to give general powers to municipalities not in excess of the constitutional restrictions upon legislative action, but was not intended to give Boards of Aldermen power by ordinance to remove restrictions and limitations placed upon public officers by existing charter provisions."

I think the reasoning underlying the refusal of the courts to give their sanction to the ordinances considered would justify a similar refusal to approve of the proposed ordinance, a copy of which you have sent me, should it be enacted and be submitted for judicial approval.

There are other considerations which to my mind militate against the legality of the proposed ordinance, if adopted, and I am, therefore, constrained to advise you that, in my opinion, the ordinance would not be sustained by the courts.

Respectfully yours,

FRANK L. POLK, Corporation Counsel.

The Committee on Salaries and Offices, to which was recommitted on March 24, 1914 (Minutes, page 1012), the annexed report and resolution in favor of abolishing certain positions in the office of the Board of Education, respectfully

REPORTS:

That, having examined the subject, it believes the proposed action to be unnecessary, inasmuch as it will undoubtedly become necessary at some future date to again fill these grades in order to carry on the work of the department.

It therefore recommends that the said resolution be ordered on file.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at a stated meeting held March 6, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the

Board of Aldermen that grades of position established in the Department of Education be abolished, as follows:

OSCAR IGSTAEDTER, D. M. BEDELL, JACOB WEIL, ANTHONY J. McNALLY, FRANK DOSTAL, Jr., MICHAEL CARBERRY, Committee on Salaries and Offices.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 24, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On February 11, 1914, the Board of Education requested establishment and the abolishment of grades of positions in the schedule for the Inspecting and Drafting force in the Bureau of Buildings. In connection therewith we report as follows:

The position of Sanitary Assistant, at \$2,800 per annum, is vacant. It is proposed to abolish this grade and create a new grade at \$2,400 per annum and to promote Mr. James J. Sheridan, a Sanitary Inspector, now receiving \$1,884 per annum. We recommend that the \$2,800 grade be abolished, the remainder of the request to be held.

Owing to lack of work the drafting and inspecting force has been decreased, and it is proposed to abolish the positions so made vacant, so that when the force is again increased men may be employed at lower and standard rates of compensation. The positions to be abolished are as follows:

Title.	Number of Incumbents.	Rate Per Annum.
Architectural Draftsman	2	\$2,355 00
Architectural Draftsman	5	1,831 67
Architectural Draftsman	1	1,570 00
Mechanical Draftsman	1	1,570 00
Structural Steel Draftsman.....	1	1,831 67
Inspector of Masonry and Carpentry.....	1	1,884 00
Inspector of New Buildings.....	1	1,884 00

It is proposed to establish four new positions with title of Inspector of Masonry and Carpentry, at \$1,500 per annum. In view of the final report of your Committee on School Inquiry, to the effect that no data is now available upon which to determine the actual value of the work rendered by the inspecting force in the Bureau of Buildings and the recommendation that a time and cost system be installed for the purpose of testing the efficiency of and the necessity for the 111 Inspectors now employed, we recommend that this part of the request be held without action for the present.

I recommend the adoption of the attached resolution abolishing the vacant positions. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The Committee on Salaries and Offices, to which was referred on April 14, 1914 (Minutes, page 19), the annexed resolution in favor of establishing grade of officer, Department of Correction, respectfully

REPORTS:

That having examined the subject, it believes the proposed grade to be unnecessary, the department being already supplied with the grade of Attendant, which completely covers the duties to be performed.

It, therefore, recommends that the said resolution be placed on file.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommend to the Board of Aldermen the establishment in the Department of Correction of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Officer	\$800 00	6

The Committee on Salaries and Offices, to which was referred on April 28, 1914 (Minutes, page 183), the annexed resolution in favor of establishing certain grades of positions in the Mayor's office, respectfully

REPORTS:

That upon consultation with the Mayor's Secretary it finds that out of the twelve grades and twenty-one positions contemplated by the resolution there are now required but three grades with one incumbent each. The committee believes that so much of the resolution should be approved, and it, therefore, recommends that the accompanying resolution be adopted, and that the remaining grades be placed on file.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, May 8, 1914.
Board of Aldermen, City Hall, New York City:

Sirs—Under date of April 22nd, 1913, your honorable Board passed an ordinance covering the matter of fees for sewer connections in the different boroughs of the City. Said ordinance went into effect on July 7th, 1913. This office was duly furnished with a certified copy of same, but due to some inexplicable oversight the ordinance was not called to the attention of our Permit Clerk until September 9th, 1913, being then called to his attention by a message from the Finance Department, asking whether the terms of the ordinance were being complied with as to the increased charge for sewer connections from \$3 to \$5 in the Borough of Richmond.

The matter was looked into at once, and since that date the \$5 charge has been made in each and every instance. Prior to that, however, 126 permits were granted at the old rate of \$3, aggregating a virtual deficiency in collection of \$252.

It is doubtful whether it will be possible for us to collect this money from the many permittees affected, and it would undoubtedly cost much more than the amount of the deficiency to make the collection.

As this failure to collect the full amount was caused by the mislaying of the certified copy of the ordinance, and as the cost of collection would probably be more than the amount involved, we would ask that the Board pass such resolution as may be necessary to suspend the operation of the ordinance for the Borough of Richmond for the period of time between July 7th and September 8th, 1913, inclusive, thus validating the collections made.

Very truly yours,
C. J. McCORMACK, President of the Borough.

Reports of Committee on Health—

Majority Report—No. 520—(G. O. No. 270).

The majority of the Committee on Health, to which was referred on April 14, 1914 (Minutes, page 108), the annexed ordinance in relation to the sale and use of wood alcohol in The City of New York respectfully

REPORTS:

That it held a well attended public hearing at which full discussion was had on this subject. There was a strong protest from the manufacturers, refiners and agents for the wood alcohol product against any change in the name, which they claimed had been used commercially for many years. The ordinance was commended by several members of the medical profession, the Deputy Commissioner of Health, the Society for the Prevention of Blindness and the counsel for the Association of the Blind.

The Committee has given careful consideration to the question and believes there is merit in the protests of the persons interested in the manufacture and sale of the product. In consequence thereof it has amended the proposed ordinance by providing that the name "wood alcohol" shall not be changed on packages over one gallon, but making the name "wood naphtha" on containers of one gallon or less. It is of the opinion that the public will be protected by this change of name on the smaller packages with the additional safeguard provided by the label prescribed herein.

It recommends that the ordinance, as amended, be adopted.

SUBSTITUTE.

AN ORDINANCE in relation to the sale and use of "wood alcohol" in The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Any substance known as wood alcohol, in its crude or deodorized form, having the chemical composition known professionally as CH₃OH is hereby prohibited if sold in a receptacle of the capacity of one gallon or less from being sold under any other name than "wood naphtha," nor shall it be lawful to use said chemical composition in any medical or toilet preparation. Said chemical composition, when sold as such, shall be labeled with a regulation poison label with the following words added: "This fluid taken internally, inhaled or used externally, is likely to produce blindness and lead to death." Said words shall be printed in type not less in size than eight point, as known to the trade, in red letters on a white field.

Section 2. Any person guilty of a violation of this ordinance, or any part thereof, shall upon conviction thereof before a City Magistrate, be punished by a fine of not less than twenty nor more than fifty dollars for the first offense, and not less than fifty dollars for any subsequent conviction, and in default of payment of any fine so imposed shall be committed to the City prison for a term of ten days, each day of imprisonment to be taken as a liquidation of each dollar of such fine.

Section 3. This ordinance shall take effect thirty days after its approval by the Mayor.

AN ORDINANCE in relation to the sale and use of "wood alcohol" in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Any substance known as wood alcohol, in its crude or deodorized form, having the chemical composition known professionally as C.H.₃OH, is hereby prohibited from being sold under any other name than "Wood Naphtha," nor shall it be lawful to use said chemical composition in any medical or toilet preparation. Minority Report, No. 520 (G. O. No. 271).

The minority of the Committee on Health, to which was referred on April 14, 1914 (Minutes, page 103), an ordinance in relation to the sale and use of wood alcohol in The City of New York, respectfully

REPORTS:

That the Committee held a public hearing on this subject at which strong protests were voiced by the representatives of the wood alcohol trade, and by Professor Charles Baskerville, of the College of The City of New York. It seems to the undersigned that it is beyond the power of the Board of Aldermen to make such a radical change in the name of a commercial product, and this view is borne out by an opinion filed with the Committee by a well known law firm, copy of which is attached.

Professor Baskerville, a recognized authority on this question, submitted a proposed ordinance much more drastic and far reaching in its provisions, and containing far greater safeguards for the general public in connection with the sale and use of wood alcohol than the proposed ordinance submitted by the majority of the Committee.

With this belief, and with the purpose of presenting for the approval of the Board the very best regulation that can be offered, the undersigned submits the annexed ordinance, and recommends its adoption.

A. C. BENNINGER, Committee on Health.

AN ORDINANCE in relation to the sale and use of wood alcohol in the City of New York.

Be it ordained by the Board of Aldermen of The City of New York as follows:

Section 1. No person shall sell, offer for sale, deal in, supply or give away, or have in his possession with intent to sell, offer for sale, deal in, supply or give away any article of food or drink or any medicinal or toilet preparation intended for human use internally or externally which contains any wood alcohol, otherwise known as methyl alcohol, either crude or refined, under or by whatever name or trade mark the same may be called or known.

Section 2. No person shall sell, offer for sale, deal in, supply or give away, or have in his possession with intent to sell, offer for sale, deal in, supply or give away any wood alcohol, otherwise known as methyl alcohol, either crude or refined, under or by whatever name or trade mark the same may be called or known, unless the container in which the same is sold, offered for sale, dealt in, supplied or given away shall have affixed thereto, the regulation poison label containing the following words printed in type not less in size than eight point as known to the trade, in red letters on a white field, viz.:

"Poison.

"Wood Alcohol. It is unlawful to use this fluid in any article of food or drink, or medicinal or toilet preparation, for human use, internal or external."

Section 3. Any person guilty of a violation of this ordinance, or any part thereof, shall upon conviction thereof before a City Magistrate, be punished by a fine of not less than twenty nor more than fifty dollars for the first offense, and not less than fifty dollars for any subsequent conviction, and in default of payment of any fine so imposed shall be committed to the City Prison for a term of ten days, each day of imprisonment to be taken as a liquidation of each dollar of such fine.

Section 4. This ordinance shall take effect thirty days after its approval by the Mayor.

James P. McGovern, Counselor at Law, 27 William St., New York, May 22, 1914.

To the Honorable Committee on Health, Board of Aldermen, City of New York:

Gentlemen—On behalf of William S. Gray & Co., of 76 William st., Borough of Manhattan, City of New York, the largest distributors in the world of wood alcohol, I beg to submit this opinion of law in opposition to the adoption by your honorable body of "An ordinance in relation to the sale and use of 'wood alcohol' in The City of New York," familiarly known as the Weil Ordinance, No. 520. Stripped of verbiage the said ordinance provides that wood alcohol in its crude or deodorized form shall not be sold under any other name than "wood naphtha."

I.—(A) Methyl or Wood Alcohol Is the Correct Chemical and Commercial Designation of the Product Referred to in the Proposed Ordinance and It Cannot Lawfully Be Labeled, Marketed or Sold Under Any Other Name; (B) "Wood Naphtha" Would Be a Misnomer.

The Encyclopaedia Britannica, 11th Edition, Volume 1, Page 527, in defining "alcohols" says:

"Alcohols are classified on two distinct principles, one depending upon the number of hydroxyl groups present, the other on the nature of the remaining groups attached to the carbon atom, which carries the hydroxyl group. * * * The second principle leads to alcohols of three distinct types, known as primary, secondary and tertiary. The genesis and formulation of these types may be readily understood by considering the relation which exists between the alcohols and the present hydrocarbon. In methane CH₄ the hydrogen atoms are of equal value, and hence only one alcohol, viz.: CH₃OH, can be derived from it. This compound, methyl alcohol, is the simplest primary alcohol and it is characterized by the grouping: CH₂OH."

The same authority (Volume XVII, Page 298), says:

"Methyl alcohol (CH₃OH) the simplest aliphatic alcohol. * * * The name methyl, from Gr. Methu, wine, ulc. wood, explains its origin. Discovered by Boyle in 1661, it was first carefully studied by Dumas and Peligot in 1831; its synthesis from its elements (through methane and methyl chloride) was effected by Berthelot in 1858. It is manufactured by distilling wood in iron retorts, * * *

The Century Dictionary and Cyclopaedia (Vol. 1, Page 132), defines methyl or wood alcohol as

"Alcohol obtained by the destructive distillation of wood. When pure it is a colorless mobile liquid (CH₃OH), with an odor and taste like ordinary alcohol (ethyl hydrate), * * * though the commercial article has a strong pyrolygneous smell."

The same authority (Vol. V, Page 3933), defines "naphtha" as follows:

"An artificial volatile colorless liquid obtained from petroleum. It is a general term applied to the products of the distillation of crude petroleum between gasoline and refined oil."

And the Standard Dictionary of the English Language in Vol. 11, Page 1176, defines "naphtha" as

"A light, colorless, volatile, inflammable oil distilled from organic bodies, as bituminous shale, asphalt minerals, etc., but principally from petroleum * * *

It will thus be readily seen that wood alcohol is an established chemical substance derived from the destructive distillation of wood; that it has been known as wood alcohol for nearly a hundred years, and that in its chemical composition and properties and commercial utilization it is distinctively different from naphtha as scientifically and ordinarily understood.

From the standpoint of trade all authorities, price lists, exchanges, railroad tariffs, insurance rating boards, etc., designate "naphtha" as a petroleum or coal tar product, while wood alcohol is listed only by that term as a wood distillate.

II.—Weil Ordinance No. 520 Unconstitutional.

I respectfully advance the opinion that an ordinance which will not allow a producer or manufacturer to market his product under the name by which it has been known to the public and compels him to label it by another and totally misleading designation, and one which has no value in the industry, would be clearly unconstitutional, because it would deprive him of his property without due process of law in violation of the Constitution of the United States and the State of New York. While the right of property is subject to the police powers of the State such power cannot be exercised so as to require a man to call his hay "straw" or his wood alcohol "wood naphtha."

III.—Lawful Regulation Favored.

I take this opportunity of advising your Honorable Board that my clients are in favor of an ordinance which will prevent the use of wood alcohol in any food, drink, medicinal or toilet preparation for human use and which will require in connection with the sale of wood alcohol a conspicuous "poison" label, and they

believe that this is adequately provided for in the other ordinance now before your honorable body bearing the same title introduced by Alderman McCann.
Yours respectfully, JAMES P. MCGOVERN, Attorney for William S. Gray & Co.

Alexander & Green, 165 Broadway, New York, May 18, 1914.
WOOD PRODUCTS COMPANY, Buffalo, New York:

Dear Sirs—You have shown us a proposed ordinance entitled "An Ordinance in relation to the sale and use of 'wood alcohol' in The City of New York," and have requested our opinion as to the constitutionality of a provision thereof prohibiting the sale of the substance known as wood alcohol under that name or any other name than "wood naphtha." The exact language of the proposed ordinance on the subject is as follows:

"Section 1. Any substance known as wood alcohol in its crude or deodorized form, having the chemical composition known professionally as CH₃OH, is hereby prohibited from being sold under any other name than 'Wood Naphtha'."

We understand that the substance known as methyl or wood alcohol is a definite chemical compound derived from the destructive distillation of wood; that it is an important article of trade and commerce and extensively used in the arts; that it has been known as wood alcohol for many years and is so termed on boards of trade and in price lists, trade circulars, etc., as well as in dictionaries, encyclopedias and technical treatises; in brief, that the name "wood alcohol" is not only scientifically accurate but is the commonly accepted name by which the substance is known to the public at large, and as such has a trade value in the industry in which your corporation is engaged.

We understand further that commercially speaking "naphtha" is a term applied to a petroleum or coal tar product.

Upon these facts we think the proposed ordinance in so far as it seeks to prohibit the sale of wood alcohol under that name and to compel its sale under the name "wood naphtha" would be open to objection on constitutional grounds. The right of property which the law protects includes the right to deal with and dispose of such property in any lawful manner, subject of course to the police power of the State. In our opinion legislation which prevents a producer or manufacturer from selling his product (provided it is something which may lawfully be made and enter into commerce) under its true name, and compels him to sell it under a different name, is unconstitutional as depriving him of his property without due process of law in violation of the Fourteenth Amendment of the Constitution of the United States and of Article 1, Section 6, of the Constitution of the State of New York. Yours truly,

ALEXANDER & GREEN.

SPECIAL ORDERS.

No. 42—(Int. No. 553).

The Committee on Finance, to which was referred on April 28, 1914 (Minutes, page 175), the annexed request from the President of the Borough of Manhattan for \$25,000 special revenue bonds for repairs to Washington Market, respectfully

REPORTS:

That having examined the subject, it believes the proposed improvement to be necessary. It is calculated by the Department that the new mezzanine floor will be immediately rented for offices and ice boxes, and the rentals will approximate \$14,000 a year, which will pay for this improvement in two years. The details are set forth in the application.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty-five thousand dollars (\$25,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of additional repairs to Washington Market, with a view of increasing the floor space in the building.

All obligations contracted for hereunder to be incurred on or before December 31, 1914.

City of New York, President of the Borough of Manhattan, Municipal Building, April 22, 1914.

Hon. GEORGE McANENY, President of the Board of Aldermen:

Dear Sir—Application is hereby made for an issue of special revenue bonds, in the amount of \$25,000, for the purpose of additional repairs to Washington Market, with a view of increasing the floor space in the building.

The scheme proposed by the architect under whose supervision the general repairs are now progressing appears to be feasible and economical, and it is believed will substantially increase the revenue of the building by added floor space which will be available for leasing.

A brief detail of the proposed work by the architect now in charge of the general repairs is attached herewith. Very truly yours,

MARCUS M. MARKS, President, Borough of Manhattan.

Dr. W. R. PATTERSON, Assistant Commissioner Public Works, Municipal Building, Manhattan:

Dear Sir—In regard to increasing the floor space at Washington Market, I would advise that it is entirely feasible to do this, both from a structural and economic point of view.

First—*From the Structural Point of View.* Washington Market has but a single floor. This is at about the level of the surrounding streets. The existing building is, however, sufficiently high and the plans on file indicate sufficiently extensive foundations to permit of the building of a mezzanine floor, about thirty feet wide, between the exterior wall and the next row of column along three sides and part of the fourth side of the fourth side of the building. And to do this without any serious structural change or the adding of new foundations.

Such a mezzanine would have a clear height of, at least, ten feet, while on the floor below there would be a clear height of about twelve feet. No objection can be found on the ground of either lighting or ventilation, while the refrigeration problem would be simplified. The appearance of the exterior would remain unchanged and the interior would, on the whole, be improved.

Second—*From the Economic Point of View.* There are upwards of forty-two thousand square feet of floor space, of which about twenty-four thousand—i. e., that not occupied by aisles—brought in a rental in 1912 the sum of \$51,426.68. The mezzanine floor I have suggested above would add about fifteen thousand square feet or more than one-third to the former area. For many purposes for which floor space has been used, such as large refrigerators, some offices, etc., the added space would be as valuable as any. If instead of using this mezzanine for such purposes, thus making more space on the main floor available for selling, it was determined to use any part of the mezzanine floor for the latter purpose, it would be feasible to give easy access by means of a ramp.

I estimate that this mezzanine could be built, of substantial and pleasing form, for twenty-five thousand (25,000) dollars.

In 1912, Washington Market, with a gross area of forty-two thousand square feet, paid a rental, on this gross area, of one dollar and twenty-two cents (\$1.22) per square foot, while operating expenses and maintenance amounted to twenty-five cents per square foot or a rental, less operating expenses and maintenance, of ninety-seven cents per square foot.

On a proportionate basis, the fifteen thousand square feet, which it is proposed to add, would pay a gross rental of \$18,300 and a rental, less operating expenses and maintenance, of \$14,550. Thus the mezzanine would pay interest on the investment and return the capital invested in two years, while the net income to the City, of \$14,550 a year, would still continue.

Viewing the situation as a whole, we now have a building assessed at seventy-five thousand dollars, on land assessed at nine hundred and fifty thousand dollars. In other words, the improvement is not in proportion to the land value. This fact accounts for the very high return from a small additional investment on the building, as described above.

Attached hereto is data obtained from the Comptroller's office, which show the valuation, operating expenses and rental for the year 1912.

Yours very truly,

CHARLES H. HIGGINS.

The Committee on Finance, to which was referred on April 28, 1914 (Minutes, page 176), the annexed request from the President of the Borough of Manhattan for \$12,500 special revenue bonds for repairs to public baths, respectfully

REPORTS:

That having examined the subject, it believes the proposed repairs to be necessary. The statement hereto attached shows the estimated cost of the repairs in detail. The Committee is assured that this estimate has been most carefully prepared, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twelve thousand five hundred dollars (\$12,500), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of making necessary repairs to free floating baths.

Hon. GEORGE McANENY, President of the Board of Aldermen:

Dear Sir—Request is hereby made for an issue of special revenue bonds in the amount of \$12,500, for repairs to the free floating baths, which are necessary before they can be placed in commission for the use of the public during the summer.

When the Budget for this year was prepared, the item for repairs to the free floating baths was omitted, as it was assumed that the baths would not be used, owing to the objections raised by the Department of Health. Since that time, however, the Department of Health has modified its objections sufficiently to permit the use of the adjacent waters for bathing, and the free baths may again be used.

Each year it has been necessary to make numerous repairs to the baths after operation during the summer and storage during the winter, so that the present necessity is not a new one.

Your early consideration is respectfully requested. Very truly yours,

MARCUS M. MARKS, President, Borough of Manhattan.

The Committee on Finance, to which was referred on April 28, 1914 (Minutes, page 178), the annexed request from the Board of Education for \$500 special revenue bonds to pay arrears in salary of a Statistician, respectfully

REPORTS:

That it has had an investigation of this subject made by the Secretary of the Committee on Education of the Board of Estimate and Apportionment, whose report is filed herewith. Under the circumstances therein recited this appropriation must be made.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five hundred dollars (\$500), the proceeds whereof to be used by the Department of Education for the purpose of paying to Nathalia Boniface the difference

between salary at the rate of \$1,200 and at the rate of \$1,800 per annum, from March 1, 1914, to December 31, 1914.

City of New York, Department of Finance, May 4, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, New York City:

Dear Sir—I transmit herewith copy of a report from the Acting Secretary, Committee on Education, relative to a request now pending before your Committee, from the Board of Education, for an issue of special revenue bonds to the amount of \$500 for the purpose of paying Miss Nathalia Boniface the difference between salary at the rate of \$1,200 and at the rate of \$1,800 per annum from March 1, 1914, to December 31, 1914. Respectfully,

CHARLES S. HERVEY, Deputy Comptroller and Acting Chairman, Committee on Education.

The City of New York, Department of Finance, Comptroller's Office, April 30, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Sir—On April 22, 1914, the Board of Education requested the Board of Aldermen to issue special revenue bonds to the amount of \$500, for the purpose of paying to Miss Nathalia Boniface the difference between salary at the rate of \$1,200 and at the rate of \$1,800 per annum from March 1, 1914, to December 31, 1914. In connection therewith I report as follows:

Miss Boniface was originally appointed by the Board of Education to the position of Statistician at an annual salary of \$1,200. In 1912 she filed a claim in the Comptroller's office for \$3,000 arrears of salary, under a resolution of the Board of Aldermen fixing the position of Statistician for the Department of Education at \$1,800 per annum. The Corporation Counsel, to whom this claim was referred for an opinion, rendered an opinion on June 18, 1912, in which he advised the Comptroller to compromise the claim on the most favorable terms as there was a likelihood of the Board of Education being held liable. The Comptroller refused to assent to a compromise, and the case went to trial before Justice Newburger in June, 1913. His Honor dismissed the complaint for technical reasons, and an appeal was taken by the plaintiff to the Appellate Division. Before the appeal came up for argument the plaintiff proposed a compromise on this basis: She offered to give a general release of all demands down to March 1, 1914, provided that thenceforth she be recognized as a Statistician and paid the salary of such, amounting to \$1,800 per annum, which was the rate for which she sued.

With regard to this proposed settlement Deputy Comptroller Brough, in a letter to the Corporation Counsel, dated February 16, 1914, stated that he would approve of the proposed settlement providing the Board of Education would adopt a resolution recognizing Miss Boniface as a Statistician entitled to an annual compensation of \$1,800 from March 1, 1914, in consideration of the execution of a release of all claims for arrears of salary down to that date. The Board of Education accordingly adopted the resolution asked for by the Deputy Comptroller on March 25, 1914, and transmitted a certified copy of same to the Civil Service Commission. The latter approved of the action taken by the Board of Education and directed that Miss Boniface's title be changed on the records to "Statistician at \$1,800 per annum," to date from March 1, 1914.

The rate of pay provided for Miss Boniface in the 1914 Budget was \$1,200. Hence, it will require the additional sum of \$500 to pay her for the period extending from March 1, 1914, to December 31, 1914, at the rate of \$1,800 per annum. There are no funds available in any of the salary accounts for 1914 to provide for Miss Boniface's salary increase. In view of the foregoing, the request of the Board of Education for special revenue bonds should be granted. Respectfully,

MATHILDE C. FORD, Acting Secretary, Committee on Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"April 20, 1914.

"I beg to inform you that the Committee on Bylaws and Legislation, at its meeting held on April 17, 1914, considered your communication under date of April 13, reading as follows:

"I am in receipt of a communication from Secretary Palmer enclosing a certified copy of a preamble and resolution adopted by the Board of Education on March 25, 1914, relative to recognizing Nathalia Boniface as a Statistician and fixing her salary at \$1,800 per annum, to date from March 1, 1914, subject to the execution of a release of all claims for arrears of salary down to March 1, 1914.

"In reference to this matter I beg to call your attention to the fact that no provision was made in the salary fund for the office of the City Superintendent of Schools with which to pay the claim in question. It therefore seems necessary to request the Board of Estimate and Apportionment to issue revenue bonds for the purpose of paying to Miss Boniface the difference between the salary rates, \$1,200 and \$1,800, from March 1, 1914, to December 31, 1914. This amounts to \$500—ten months at \$500 per annum. If this course meets with the approval of your Committee, kindly advise me to that effect, and I will have a resolution prepared for presentation at the next meeting of the Board of Education."

"It was ordered that you be authorized to take the necessary steps to the end that revenue bonds be issued by the Board of Estimate and Apportionment for the purpose of paying to Miss Boniface the difference between salary at the rate of \$1,200 and at the rate of \$1,800 per annum, from March 1, 1914, to December 31, 1914,"—and submits for adoption the following resolution:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of five hundred dollars (\$500), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of paying to Miss Boniface the difference between salary at the rate of \$1,200 and at the rate of \$1,800 per annum, from March 1, 1914, to December 31, 1914; and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on April 22, 1914.

A. E. PALMER, Secretary, Board of Education.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Carberry, Carroll, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dowling, Dujat, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Kenneally, Kenney, Kochendorfer, Lein, Levy, McNally, Molen, Moore (Chas. The Committee on Finance, to which was referred on May 12, 1914 (Minutes, page 261), the annexed request from the Park Commissioner, Borough of Queens, for \$10,000 special revenue bonds to pay wages of additional employees, respectfully

REPORTS:

That the letter of application gives the details in full. The Commissioner appeared before the Committee and stated that these figures had been carefully checked by one of the Examiners of the Board of Estimate and Apportionment, and, with his superintendent, certified to the necessity of the additional force. The Committee recommends that the accompanying resolution be adopted, understanding that proper care of this tree nursery will bring a heavy financial return to the City.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the Park Commissioner, Borough of Queens, for the purpose of paying wages of additional employees, as follows:

Pruners and Climbers (1,800 days at \$2.50)	\$4,500 00
Laborers (2,200 days at \$2.50)	5,500 00

The City of New York, Department of Parks, Borough of Queens, May 9, 1914.

The Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—I respectfully request your Honorable Board to approve the issue of special revenue bonds to an amount of \$10,000 to provide for the wages of Laborers and Pruners and Climbers necessary to carry on the maintenance work of the department, which is sorely in need of additional help, and also to care for the transplanting and proper treatment of about forty thousand (40,000) trees in our nursery which have been neglected through lack of adequate help. Our pruning and climbing force consists of only twenty-one men who are kept constantly busy caring for street trees and parks.

Attached find statement of present condition and additional force required.

Respectfully, JOHN E. WEIER, Commissioner.

Pruners and Climbers in Detail—Trees in City streets, 21 men, entire force. Twenty additional men to care for nursery, which includes a stock of 40,000 trees that have to be transplanted, 2,000 of which will be ready to be placed in City streets within the coming year of 1915.

The appropriation of the \$4,500 asked for for the Forester will result in a profit of more than eight times its value, according to the estimates of the Forester. This sum applied to the labor necessary to care for the young trees and transplant them will yield the following result:

Plane—available for 1915—2,000 at \$4.....	\$8,000 00
Norway maple, elm, available for 1915, 2,000 at \$5.....	10,000 00
Horse chestnut, available for 1915, 150 at \$5.....	750 00
Pines, Austrian and white, available for 1915, 6,000 at \$3.....	18,000 00
Total.....	\$36,750 00

By appropriating \$5,000 a year for the labor necessary to care for the trees in this nursery for the next four years, the City will get a value of more than \$100,000. This yield will come from the delivery of trees of each proper planting size to other boroughs of the City. Under these conditions, it seems necessary, as a business proposition, that the money required by the Forester to care for this stock should be appropriated.

This department returned an unexpended balance of \$5,125.62 in last year's estimate.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

REPORTS:

That it is the common testimony of departmental heads that better results can be secured by open market purchase of automobiles. The Commissioner of Public Charities has ascertained that he can buy a machine fitted for the work required at less than \$1,700 if given this permission.

The Committee recommends that the accompanying substitute be adopted.

No. 47—Int. No. 484

The Committee on Public Letting, to which was referred on April 14, 1914 (Minutes, page 9), the annexed request from the President of the Borough of Brooklyn for authority to purchase an auto truck, without public letting, at a cost not to exceed \$6,000, respectfully

REPORTS:

That the Borough President states that he can obtain a better bargain in a 5-ton truck by being allowed to purchase without public letting than by going to the cost of drawing specifications and advertising. This has been the general experience in the purchase of automobiles.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Brooklyn be and he is hereby authorized and empowered to purchase, in the open market without public letting, one automobile truck for use in connection with the work of the municipal asphalt plant, at a cost not to exceed six thousand dollars (\$6,000).

No. 48—Int. No. 522.

The Committee on Public Letting, to which was referred on April 21, 1914 (minutes, page 109), the annexed request from the Corporation Counsel for authority to move departmental effects and install certain furnishings in new offices, without public letting, at a cost not to exceed \$16,400, respectfully

REPORTS:

That the letter of application contains a very full statement of the efforts made to secure bids on the various items embraced in the request. It is evident that, as much care has been taken in this matter as if the formal specifications had been drawn and advertising had hereon. After careful scrutiny, the Committee is convinced that the City's interests have been fully protected, and it recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Corporation Counsel be and he is hereby authorized and empowered to enter into a contract or contracts without public letting for the removal of the effects of the Law Department to the new Municipal Building, necessary carpenter work, shelving, etc., electric work and the purchase of linoleum, at a total expense not to exceed sixteen thousand and four hundred dollars (\$16,400).

City of New York, Law Department, Office of the Corporation Counsel, New York, April 15th, 1914.

To the Honorable the Board of Aldermen of The City of New York:

Dear Sirs—On April 6, 1914, I wrote the Board requesting that a resolution be adopted authorizing me to expend not more than \$10,000, without public letting, for the expense of the removal of this Department to the Municipal Building. I find that the estimate of the cost of the work submitted to me by the architects is much too low, and I therefore find it necessary to amend my request. Bids for this work were requested from a number of concerns with the following results:

Moving Steel Furniture.

Art Metal Construction Company, Woolworth Building.....	\$9,500 00
O. M. Edwards Company, New York Life Building.....	No bid
Library Bureau, 316 Broadway.....	No bid

P. Belford's Sons, 91 Court st., Brooklyn.....	No bid

Carpenter Work, Shelving and Temporary Shelving.

Robert J. Cluse, 148th st. and 3d ave.....	\$1,857 00

Linoleum.

Bids were received from the following:

Conradson & Hill, 200 5th ave., New York.

E. H. Pepper, 120 W. 31st st., New York.

Abraham & Straus, Brooklyn.

John Wanamaker, New York City.

David E. Kennedy, 48 W. 38th st., New York.

The lowest bid received was that of Conradson & Hill, who are now doing the work for the Finance Department, and who offered to lay the linoleum at the same price as they are receiving for that work, that is: To supply and lay 3/16-inch brown battleship linoleum laid on heavy felt paper and cemented to the floor for \$1.20 per square yard.

It is necessary to cover the floors of the rooms occupied by the Stenographers and the general Clerks' office, where it is not practicable to use rugs. These floors contain about 700 square yards and the cost will be approximately \$840.

It will be noted that only one firm submitted a bid for removing the steel furniture. That is explained by the fact that the cost of the work of taking apart the cases and reassembling them in the new building is so uncertain that no concern except the firm who originally erected the furniture is willing to submit a bid.

For a similar reason we were able to obtain only one bid for the electric work. No firm except the concern who are now doing the electric work in the building was willing to bid on work where it was so difficult to determine the cost.

The lowest bids received show that the cost of the removal of our offices will be as follows:

For moving steel furniture.....	\$9,500 00
For electric work.....	3,863 00

For moving equipment, books, records, etc.....	1,000 00
For carpenter work, temporary shelving, etc.....	1,195 00
For linoleum	840 00

\$16,398 00

I therefore request that the amount authorized to be spent without public letting be increased to \$16,400.

Yours respectfully,

FRANK L. POLK, Corporation Counsel.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Carberry, Carroll, Chorosh, Cole, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dowling, Dujat, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hogan, Kenneally, Kenney, Kochendorfer, Lein, Levy, McNally, Molen, Moore (Chas. L.), Moore (Jesse D.), Moran, Mullen (Frank), Mullen (Jas. F.), Nugent, O'Rourke, Ottes, Pendry, Pouker, Quinn, Reardon, Robitzek, Rosenbloom, Schweickert, Spencer, Squiers, Stapleton, Stevenson, Taylor, Trau, Valentine, Weil, Wendel, White, Wilmot, and the Vice-Chairman—59.

GENERAL ORDERS.

No. 230 (Int. No. 494).

The Committee on Salaries and Offices, to which was referred on April 14, 1914 (Minutes, page 17), the annexed resolution in favor of establishing grades of Directors of Bureaus, Department of Health, respectfully

REPORTS:

That two of these positions are now graded at \$3,000, and two at \$3,500 per annum, but according to Commissioner Goldwater, the present incumbents devote but part of their time to this very important work. It is proposed by the Commissioner to insist on full time service, and if the present incumbents do not care to comply with this stand he desires the increased salaries to induce high class professional men to serve.

The Director of Public Health Education is an entirely new position designed to enable the Department to secure the services of a competent publicity agent in matters relating to the public health. All these positions are to be in the competitive class.

The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held April 3, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommend to the Board of Aldermen the establishment in the Department of Health of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Director of Bureau of Infectious Diseases.....	\$5,000 00	1
Director of Bureau of Child Hygiene	5,000 00	1
Director of Bureau of Hospitals.....	5,000 00	1
Director of Bureau of Food Inspection	5,000 00	1
Director of Bureau of Public Health Education.....	5,000 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

The Committee on General Welfare, to which was recommended on May 12, 1914 (Minutes, page 285), the annexed ordinance in favor of regulating fees for possession of pistols, etc., respectfully

REPORTS:

That having further examined the subject and having received reliable information that the average cost to the Police Department in making an investigation of each applicant is in the neighborhood of \$5, it has decided that it is advisable to make that amount the rate for carriers of weapons, while retaining the nominal fee of \$1 for householders.

It, therefore, recommends that the accompanying ordinance be adopted.

SECOND SUBSTITUTE.

AN ORDINANCE prescribing the fees to be paid to have and possess pistols or revolvers in dwellings or places of business, or to have and carry concealed a pistol or revolver in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section four hundred and thirty-four of chapter ten of part one of the Code of Ordinances of The City of New York, as amended by the ordinance adopted January 24, 1911, and received from his Honor the Mayor February 7, 1911, without his approval or disapproval thereof, is hereby amended to read as follows:

Sec. 434. [The Police Commissioner is hereby authorized and empowered, for reasons appearing to be satisfactory to him, to annul, or revoke any permission given under this ordinance.] Every person to whom a [permit] license shall be granted [as above provided], to have and possess a pistol or revolver in a dwelling or place of business in The City of New York shall pay therefor [the sum of \$2.50, which shall be applied in aid of the Police Pension Fund, and return, in detail, shall be made to the Comptroller or the Police Commissioner monthly, under oath, of the amount so received and credited] an annual fee of \$1. Every person to whom a license shall be granted to have and carry concealed a pistol or revolver in said city shall pay therefor an annual fee of \$5; provided, that no fee shall be charged or collected for a license to have and carry concealed a pistol or revolver which shall be issued upon the application of the Commissioner of Correction, or the warden or superintendent of any prison, penitentiary, workhouse or other institution for the detention of persons convicted or accused of crime or offense, or held as witnesses in criminal cases in The City of New York. The Committee on General Welfare, to which was referred on April 14, 1914 (Minutes, page 106), the annexed ordinance regulating fees for possession of pistols, etc., respectfully

REPORTS:

That after a hearing on this subject it concludes that some further regulation of fees for this privilege is advisable. It does not believe, however, that the proposed fees should be charged, or that the expense to the City in this connection warrants making them so high. It has embodied the result of its deliberations in the form herewith presented, and recommends that the accompanying substitute ordinance be adopted.

The Committee on Buildings, to which was referred on May 12, 1914 (Minutes, page 313), the annexed ordinance regulating fences, signs, billboards, etc., respectfully

REPORTS:

That the Committee has had this matter under consideration for three months, and in conjunction with Alderman Curran, Mayor Gaynor's Billboard Commission, the Real Estate Board, the billboard interests, the various trades interested, and representatives of several civic bodies, has evolved the present proposed ordinance. A public hearing has been held at which there was no opposition, except to a few minor items, all of which have been changed to conform to the views of those present.

The Committee believes the ordinance as now submitted is in such shape as to be agreeable to all concerned, and at the same time to conserve the interests of the City.

It therefore recommends that the accompanying substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE regulating fences, signs, billboards, roof signs, advertisements and other structures in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York as follows:

Section 1. All fence, billboard and sign structures erected upon the ground and all roof sign structures shall be erected entirely within the building line and be properly secured, supported and braced and shall be so constructed as not to be or become dangerous.

Section 2. Ground Sign Structures—(1) No ground fence, billboard or sign structure within the fire limits of The City of New York as now or hereafter constituted, shall be at any point over twelve feet above the adjoining ground, except that when the face of any such structure, excepting the ornamental moulding thereof, shall be constructed entirely of metal or of wood covered on all sides with sheet metal, such structure shall not be at any point over twenty-four feet above the adjoining ground.

(2) Any person, firm or corporation that shall occupy any vacant lot or premises with a billboard or other advertising ground structure or device, shall be subject to the same duties and responsibilities as the owner of such lot or premises with respect to keeping the same clean, unsanitary, inoffensive and free and clear of all noxious substances in the vicinity of such billboard, structure or device; and with respect to the removal of snow from the sidewalk and curb in front thereof.

Section 3. Roof Sign Structures—(1) All roof sign structures shall be so constructed as to leave a clear space of at least seven feet between the roof level and the lowest part of such structure and at least five feet between the vertical supports thereof; such structures shall be set back at least six feet from the face of the front and rear walls and shall not interfere with any openings in the roof or with any fire escape. Such structures, excepting the ornamental surface moulding thereof, shall be constructed entirely of metal, including the uprights, supports and braces for same, and shall be required to bear a wind pressure of not less than thirty pounds to the square foot of area subject to wind pressure.

(2) No roof sign structure having a tight, closed or solid surface shall be at any point over thirty-one feet above the roof level. Roof sign structures not having a tight, closed or solid surface may be erected upon fireproof buildings to a height not exceeding seventy-five feet above the roof level, and upon non-fireproof buildings to a height not exceeding fifty feet above the roof level, but the portions of such structures covered and exposed to wind pressure shall not exceed thirty-five per cent. of the total area.

Section 4. Signs on Walls of Buildings—(1) No sign shall be so erected as to cover the doors or windows of any building or otherwise prevent free ingress or egress to or from any window, door or fire escape on any building in The City of New York.

(2) No sign shall be erected upon the front, rear or side wall of any building so as to project above either the roof cornice or parapet wall or above the roof level where there is no cornice or parapet wall; except that a sign erected at a right angle to the building wall, the horizontal width of which sign parallel to such wall does not exceed two feet may be erected to a height not exceeding two feet above the roof cornice or parapet wall or above the roof level where there is no cornice or parapet wall. A sign attached to a corner and parallel to the vertical line of such corner, shall be deemed erected at a right angle to the building wall.

(3) No electric sign as defined in the Electric Sign Ordinance approved July 24th, 1912, the horizontal width of which sign parallel to the building wall shall exceed two feet, and no part of or appendage to any such sign shall project more than three feet beyond the building line.

Section 5. Unlawful Structures.—Upon the adoption of this ordinance the fire department of The City of New York shall notify by registered mail the owner or lessees of any sign structure attached at other than a right angle to the wall of the building and extending outside the building line and projecting above the roof cornice or parapet wall or above the roof level where there is no cornice or parapet wall, and of any sign structure which shall be so erected as to prevent free ingress and egress to and from any door, window or fire escape of any building, to remove or alter such structures so as to comply with this ordinance. If such order is not complied with within sixty days, The City of New York shall remove such structure at the expense of such owner or lessee.

Section 6. Permits.—(1) No ground-sign or roof-sign structure shall be erected unless plans and specifications, showing the dimensions, material and details of construction, accompanied by the written consent of the owner or owners, lessee or lessees of the property upon which it is to be erected, shall have been filed with the Superintendent of Buildings having jurisdiction, nor until all of the provisions of Section 4 of the Building Code of The City of New York relating to such structures shall have been complied with, nor until a permit for its erection shall have been obtained from such Superintendent of Buildings. In the case of a sign structure illuminated by electricity, a certificate must also be procured from the Department of Water Supply, Gas and Electricity, certifying that the electric wiring and electric appliances of the proposed sign are in conformity with the rules and regulations of that department.

(2) Before any permit shall be issued under this ordinance, a permit fee shall be paid to the Bureau of Buildings as follows: For ground structures, \$2; for roof structures having a tight, closed or solid surface, \$5; for roof structures not having a tight, closed or solid surface, \$10. Every structure for which a permit is issued shall be inspected at least once in each calendar year by the Bureau of Buildings.

Section 7. Registration and Identification.—Every ground-sign and roof-sign structure, existing or hereafter erected, shall be registered with the Bureau of Buildings of the Borough in which such structure is situated by the person, firm or corporation maintaining the same, and shall have displayed upon the front thereof the name and address of such person, firm or corporation, and the serial number of the permit issued for such structure. The Bureau of Buildings may issue permits in several series so as to distinguish between existing structures and new structures erected in conformity with this ordinance, or between various classes of structures, and may prescribe suitable regulations not inconsistent herewith concerning the form and contents of the applications for various classes of permits. Permits shall be issued for existing structures not conforming to the requirements of this ordinance, provided such structures were erected in conformity with the legal requirements in effect when they were erected, but no fees shall be charged for permits or registration for such existing structures.

Section 8. Unsafe Structures.—Should any fence, sign, bill board or roof-sign structure be or become insecure or in danger of falling or otherwise unsafe, in the opinion of the Bureau of Buildings, the owner thereof or the person maintaining the same shall upon notice from said bureau, immediately in case of immediate danger and in any case within ten days, secure the same under the supervision of and in the manner to be approved by said Bureau in conformity with the provisions of this ordinance.

Section 9. Alteration of Existing Sign Structures.—No existing fence, sign, billboard or roof-sign structure shall be enlarged, rebuilt, structurally altered or relocated unless or until it shall comply with the provisions of this ordinance. This shall not apply to the relettering or rewiring of illuminated signs.

Section 10. Exceptions.—(1) No part of this ordinance shall apply to walls constructed wholly or principally of stone, marble, brick, terra cotta, concrete or other like material composing a masonry or monolithic wall, back yard fences on the ground in the interior of a court, picket fence and ornamental metal fences.

(2) No part of this ordinance except section 4 shall apply to signs, showbills and other boards permitted by and erected in compliance with section 260 of the General Ordinances of The City of New York or to electric signs permitted by and erected in compliance with the provisions of the Electric Sign Ordinance approved July 24th, 1912.

Section 11. Penalty and Abatement.—(1) No fence, sign, billboard or roof-sign structure shall be erected in The City of New York except as in this ordinance provided under a penalty of \$100 for each offense. No such structure shall be maintained in The City of New York contrary to the provisions of this ordinance under a penalty of \$10 for each day or part of a day the same shall be so maintained.

(2) In addition, any fence, sign, billboard or roof-sign structure erected or maintained in violation of this ordinance shall be subject, upon notice, to abatement by the Bureau of Buildings having jurisdiction.

Section 12. Except as expressly hereinbefore provided in section 5 hereof, this ordinance shall have no retroactive effect.

Section 13. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Section 14. This ordinance shall take effect immediately.

Be It Ordained, By the Board of Aldermen of The City of New York, as follows:

Section 1. Section 2 of article 1 of the "Public Hack Ordinance," adopted May 27, 1913, and approved June 2, 1913, is hereby amended to read as follows:

2. Definitions—[A public hack is a vehicle plying for hire and which solicits public patronage upon the streets and highways of this City.] *A public hack is a vehicle which uses the streets, highways and public places of the City for the transportation of passengers, with or without baggage, for hire, pay or compensation of any kind. It makes no difference whether such a hack is hired on the public streets or in a garage or livery stable or over the telephone.*

A cab is a public hack so designed and constructed as to comfortably seat, in the opinion of the Chief of the Bureau of Licenses, not more than two persons as passengers inside thereof.

By President Marks—

City of New York, President of the Borough of Manhattan, Municipal Building, May 26, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall:

Dear Sir—Request is hereby made for an issue of special revenue bonds in the amount of sixteen thousand dollars (\$16,000) for the purpose of purchasing desks, chairs, carpets, etc., to refurbish the Aldermanic Chamber of the Board of Aldermen and to construct a stairway between the second and third floors for the use of the Art Commission, who will occupy part of the third floor when alterations are completed in the City Hall. Yours very truly,

MARCUS M. MARKS, President, Borough of Manhattan.

Office of Grosvenor Atterbury, Architect, 20 W. 43rd St., New York, May 26, 1914.

Hon. GEORGE McANENY, President of the Board of Aldermen, New York, City Hall:

(Attention of Mr. Martin.)

Dear Sir—I enclose herewith copy of a letter sent to the Commissioner of Public Works, which explains itself.

The item for the stairs is much higher than I had hoped or expected, but I do not see how we can reduce it very much. The item of marble work is a large one, and comes to over \$1,400. It might be possible to use some of the old marble, and it might be possible to omit some, as, for instance, in the toilet on the third floor, thereby saving some \$300 or \$400.

I feel that the work ought to be done in the best manner to correspond with all the other work in the City Hall, and therefore there is not very much that can be simplified. Very truly yours,

GROSVENOR ATTERBURY.

Office of Grosvenor Atterbury, Architect, 20 West 43d Street, New York.

May 26, 1914.

Commissioner of Public Works, Municipal Building, City:

(Attention of Dr. Patterson.)

Dear Sir—As requested by you, I submit herewith preliminary estimates for the proposed alterations in the City Hall. With the limited time we had to get these estimates, you understand they are only roughly made up, and might vary some with more careful figuring.

New wooden and glass screens at either end of the main corridor first floor, to replace the present ones..... \$1,069 (8)

New stairs from the second story to the third story, which are to be occupied by the Art Commission. This contemplates an iron stair with marble treads, replastering of the well hole after the old work has been removed, removal of the old iron spiral stairs, and replastering and painting the circular shaft; also includes a toilet room on the third floor with a closet and wash basin, small changes in the heating and electric lighting, and other necessary changes to complete the work. I have been over the items carefully, and I do not see how we can reduce this figure very much below..... 5,400 (2)

If the work has to be done in a proper way to conform with the other work in the building.

Changes in the Aldermanic Chamber..... \$10,300 00

This includes new desk and chairs, new table and chairs for reporters, new carpet and repairs to the floor underneath, redecoration of the ceiling except the portraits, new chairs for the President and Clerks.

Very truly yours,

(Signed.) GROSVENOR ATTERBURY.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of \$16,000, for the purpose of renovating the Aldermanic Chamber in City Hall, and for purchasing desks, chairs, carpets, etc., to refurnish said chamber, and to construct a stairway between the second and third floors for the use of the Art Commission in reaching its offices on the third floor of City Hall; all obligations contracted for hereunder to be incurred on or before December 31, 1914.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, MAY 28, 1914.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.
Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word “final” is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.
