PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE rules to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

FIRE RELAY-FREIGHT ELEVATORS - Sole Source - PIN# 2015FIRERELAY - Due 1-9-15 at 9:00 A.M.

Originally, the fire stair doors were set on dany-occupied floors to allow egress but to prevent re-entry to the floor from the stairs. The doors from the freight elevator vestibule were kept locked to prevent access to the floors. However, the current NYC code no longer allows these doors to prevent access and re-entry except of the doors automatically unlock in response to a fire alarm or trouble signal from the fire alarm. We need electric strikes installed in these doors to permit the doors from the fire stairs and the freight elevator vestibules to be secured and to prevent access/re-entry to dany floors, except during emergencies. The doors will be controlled by our security system, via idf closets on each dany-occupied floor, which must be interconnected to the fire alarm system so that the doors unlock automatically upon a fire alarm or trouble signal from the fire panel on each floor.

This is a notice of intent to have A.T.J. Electrical Co., Inc. perform the fire relay at the freight elevators of 100 Centre Street, NYC, NY because A.T.J. is the only vendor permitted to work in the fire alarm system because it is a proprietary system.

■ VENDOR LIST

Construction/Construction Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION - NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualifications and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction reconstruction site work of up to \$3,000,000 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contractors by making them more competitive in their pursuit of NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job

training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

*Firms that are in the process of becoming a New York City-certified M/WBE may submit a PQL application and submit a M/WBE Acknowledgment Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained on-line at: <http://a856-internet.nyc.gov/nycvendononline/home.asp>; or <http://www.nycgovparks.org/opportunities/business>

Can I review the comments made on the proposed rules? You can review online the comments made to the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. A few days after the hearing, written comments and a summary of oral comments received at the hearing will be available to the public at the Office of the General Counsel.

What authorizes DOB to make this rule? Sections 643 and 1043(a) of the City Charter, sections 28-404.1 and 28-415.1 of the Administrative Code and section 3314 of the Building Code authorize DOB to propose these amendments. These amendments were not included in DOB's regulatory agenda for this Fiscal Year because they were not contemplated when DOB published the agenda.

Where can I find the DOB's rules? The DOB's rules are in Title 1 of the Rules of the City of New York.

What rules govern the rulemaking process? DOB must meet the requirements of section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

The Department of Buildings ("Department") is proposing the following changes to Title 1 of the Rules of the City of New York ("Rules"):

- amend and renumber sections 9-01 and 9-02; and
- repeal sections 9-03 and 9-04.

The Department proposes to amend section 9-01, regarding supervisory responsibilities of licensed riggers, and section 9-02, regarding supervisory responsibilities of licensed sign hangers, by

- updating the sections to reflect changes made to the New York City Administrative Code ("Administrative Code") by Local Law 141 of 2013 and renumbering them as sections 104-20 and 104-21, respectively;
- clarifying how foremen are designated; and,
- moving the process under which licensed riggers and sign hangers issue certificates of fitness for qualified scaffold users from section 9-03 of the Rules to new sections 104-20 and 104-21 in order to include this process within the context of licensee supervision of such work.

The Department also proposes to repeal sections 9-03 and 9-04, as these provisions are, or will be, addressed elsewhere in the Administrative Code or the Rules.

- Section 9-03 concerns minimum qualifications for scaffold users. The substance of this rule will be moved to sections 104-20 and 104-21. Additionally, the training course requirements under this rule have been codified under Section 3314 of the New York City Building Code ("Building Code") by Local Law 141 of 2013.
- Section 9-04 concerns the process and conditions under which the Department may revoke, suspend or not renew rigger and sign hanger licenses. The substance of this rule has already been codified under Article 401 of Chapter 4 of Title 28 of the Administrative Code and section 104-07 of Title 1 of the Rules.

The Department also proposes to amend subdivision (j) of Section 102-01 to reflect the renumbering of Section 9-01.

The Department's authority for these rules is found in sections 643 and 1043(a) of the New York City Charter, sections 28-404.1 and 28-415.1 of the Administrative Code, and section 3314 of the Building Code.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Section 9-01 of Title 1 of the Rules of the City of New York is renumbered 104-20 and is amended as follows:

§ [9-01] 104-20 Supervisory Responsibilities of a Licensed [Master or Special] Rigger.

(a) **Applicability.** [In accordance with section 26-172 of the Administrative Code, all rigging work, other than work exempted under section 26-173 of such code, must be performed by or under the supervision of a licensed special or master rigger. The rules in this section set forth the specific supervisory responsibilities of a licensed special or master rigger.] This section shall apply to all rigging work performed by or under the direct and continuing supervision of a licensed rigger pursuant to section 28-404.1 of the Administrative Code.

(b) **Definitions.**

[Rigging Foreman. "Rigging Foreman" shall mean an individual, male or female, designated by a licensed master or special rigger in accordance with subdivision i of this section. Such person shall have the qualifications set forth in subdivision h of this section.

Critical Picks. The term "critical picks" shall mean rigging operations involving loads that:

- are at or above 95% of approved rated capacity of the crane or rigging equipment,
- are asymmetrical or have a wind sail area exceeding 500 square feet,
- may present a problem because of clearance, drift, or other interference,
- are fragile or of thin shell construction and are not provided with standard rigging ears,
- require multiple cranes or derricks (tandem picks), or
- require out of the ordinary rigging equipment, methods or setup.]

- For the purposes of this section, the term "critical pick" shall have the same meaning as set forth in section 3302.1 of the Building Code.
- For the purposes of this section, the term "direct and continuing supervision" shall have the same meaning as set

forth in section 28-401.3 of the Administrative Code.

- For the purposes of this section, the term "registered design professional" shall have the same meaning as set forth in section 28-101.5 of the Administrative Code.
 - For the purposes of this section, the term "rigging foreman" shall mean an individual designated by a licensed rigger in accordance with subdivision (i) of this section. Such person shall have the qualifications set forth in subdivision (h) of this section. The term shall also refer to "suspended scaffold foreman" where such term is used in Chapter 33 of the Building Code.
- (c) **Planning.** Except where the design prepared by a registered design professional is authorized by chapter 33 of the Building Code or as otherwise specifically provided in paragraph (2) of subdivision (g)(2) of this section, the licensee must personally plan the equipment set-up and operation of all rigging operations. This responsibility may not be delegated.
- (d) **Supervision of rigging operations other than critical picks and tower or climber crane erection, jumping, climbing or dismantling.** Except as otherwise provided in subdivision [e] (e) of this section, [a] the licensee need not be personally on site during rigging operations provided that a rigging foreman designated by the licensee pursuant to subdivision [i] (i) of this section is continuously on site and [he or she] that such rigging foreman performs and/or manages the work under the [off site] off-site supervision of the licensee as follows:
- the licensee and the rigging foreman at the work site are in frequent and direct contact with each other during the course of the rigging operation[.];
 - for work involving the use of cranes, derricks, work platforms, [suspension] suspended scaffolds, or other rigging setup where the safe founding or support of such equipment is a cause of concern (i.e. over sidewalks, roadways or yards where vaults or other subsurface structures exist; or where hooks or clamps are used on parapet walls to support hanging scaffolds, etc.), the licensee personally visits the work site to inspect and approve the rigging equipment founding and setup prior to commencement of rigging operations and each time the founding or support changes[.];
 - the licensee is readily available to provide [on site] on-site supervision should the need arise[.]; and,
 - the rigging foreman has in his or her possession at the work site the ["Certificate of License Record" of the licensee (tear-off)] "Designated Foreman Card" issued by the [D] department pursuant to subdivision (j) of this section, which shall be presented upon the demand of any authorized enforcement officer.
- (e) **Supervision of critical picks and tower or climber crane erection, jumping, climbing, or dismantling.** The licensee must be continuously on site during critical picks and tower or climber crane erection, jumping, climbing, or dismantling, and must personally perform or personally supervise all [critical picks] such work. [Off site] Off-site supervision of [critical picks] such work is not permitted.
- (f) **Rigging Crew.** Except as otherwise provided in subdivision (g) of this section, all members of the rigging crew must be [employees on the payroll of such licensee or where the license is used by the holder thereof for or on a behalf of a partnership, corporation or other business association as provided for in section 26-138(b) of the administrative code such members must be employees on the payroll of such partnership, corporation or business association.] under the direct and continuing supervision of the licensee.
- (g) **Specialty Crew.** [Except as otherwise provided in this subdivision and except as provided for in section 26-138(b) of the administrative code, the licensee and/or a rigging foreman designated by a licensee may not perform or supervise rigging work for another person, corporation, partnership on business association. Where] Notwithstanding the provisions of section 28-401.17 of the Administrative Code, where rigging work is best handled by or requires crews of a specialty trade (e.g. handling hazardous materials or chemicals such as asbestos, or [climbing, erecting or dismantling tower cranes] tower or climber crane erection, jumping, climbing, or dismantling) the licensee and/or a rigging foreman designated by such licensee may perform or supervise work on behalf of a person, partnership, corporation or business association engaged in such specialty trade[,] by making an application on a form provided by the department subject to the following conditions:
- the [Cranes and Derricks Division of the] department must approve the licensee's [written request] application for such proposed rigging operation[.];

- (2) the licensee must either plan the equipment setup and operation or be an active participant of the planning team[.];
- (3) for loads of [one thousand two hundred] two thousand pounds or more, [and] for all critical picks, and for tower or climber crane erection, jumping, climbing, or dismantling, the licensee must provide continuous [on site] on-site personal supervision to the rigging crew[.];
- (4) for loads below [one thousand two hundred] two thousand pounds and which are not critical picks, or which are not related to tower or climber crane erection, jumping, climbing, or dismantling, the licensee need not be on site if a rigging foreman designated by such licensee is continuously on site [and he or she manages]. The rigging foreman shall manage the work under the [off site] off-site supervision of the licensee in accordance with the conditions set forth in [items (1), (2), (3), and (4) of] subdivision (d) of this section[.];
- (5) the licensee and/or his or her designated rigging foreman must have full authority to examine rigging hardware, to approve rigging setups, to mandate changes and to stop the job[.];
- (6) the licensee is responsible for all aspects of rigging safety on the job[.]; and
- (7) the licensee shall confirm that members of the specialty crew are insured to the minimum requirements specified in section [26-178] 28-401.9 of the [code] Administrative Code and are covered by worker's compensation [by] under the specialty crew's employer.

(h) Qualifications for designation as a rigging foreman.

 - (C) types and methods of rigging[.]; and
 - (D) pertinent hardware such as ropes, cables, blocks, poles, derricks, shearlegs and other tools used in connection with rigging operations.

(i) Designation of a Rigging Foreman. [Designation shall consist of the filing of written notification with the Department's Licensing Division of]

- (1) The licensed rigger must submit a notification of designation, on a form provided by the department, which includes the following information:
 - (1) (i) A list of all rigging [foreman] foremen employed by the licensee or by the business association of the licensee. Each rigging foreman's full name, home address, and home phone number shall be included [on] as part of the list.
 - (ii) A photograph of any newly designated rigging foreman.
 - (2) (iii) The notification shall be signed and notarized by the

licensee[.] and shall contain his or her license number [and shall be on the business letterhead of the licensee or of the business association of the licensee].

- (iv) The notification shall contain a representation by the licensee that all of the rigging [foreman] foremen designated by him or her have the qualifications specified in subdivision [h] (h) of this section.

- (2) A newly designated rigging foreman cannot perform foreman duties until such notification is received by the department and the department has issued a "Designated Foreman Card" pursuant to subdivision (j), below.
- (3) The list must be updated within two weeks of any change in the reported information relating to current designated [individuals] foremen or within [two weeks] one week of the termination of a designation. When a list is updated, a new notification listing all rigging foreman designated by the licensee shall be filed. The new notification shall be filed in a manner required by the department and shall contain the information set forth in [items (1) and (2)] subparagraphs (i), (ii), (iii) and (iv), above. The new list will supersede any earlier filed notification.
- (4) The designation of one or more rigging foremen shall not detract from the licensee's responsibility or liability, individually and/or through his business, for all aspects of rigging safety. This includes, but is not limited to, the actions of rigging foremen, rigging crews and specialty crews, if any.

(j) [Photo Identification Card] Designated Foreman Card.

- (1) The [licensee] department shall issue a [photo identification card (see Exhibit 1) to] "Designated Foreman Card" for each designated rigging foreman [designated by him or her with the licensee's signature affixed thereto]. Such card and a photo identification card acceptable to the department shall be carried by the rigging foreman at all times while he or she is engaged in any of the duties requiring such designation and shall be presented upon the demand of any authorized enforcement officer.
- (2) It shall be the responsibility of the licensee to [retrieve the identification card] take possession of the "Designated Foreman Card" when such designation is terminated and return the card to the department. A designation shall be [terminated] terminable by the licensee at any time, including if:
 - (1) (i) the person leaves the employ of the licensee or the business [association of the licensee] associated with the license holder under section 28-401.17 of the Administrative Code;
 - (2) (ii) the licensee finds that the designee is not competently performing his or her duties; or
 - (3) (iii) the licensee finds that the designee has acted in an unsafe or irresponsible manner in performing his or her duties.

(k) Responsibility. The designation of one or more rigging foreman shall not affect the licensee's and/or business association's responsibility or liability for all aspects of rigging safety including but not limited to the actions of rigging foreman, rigging crews and specialty crews, if any.]

(k) Certificate of Fitness for Scaffold Users. In addition to the training requirements of section 3314.4 of the Building Code, individuals who use a suspended scaffold under the direct and continuing supervision of the licensed rigger shall possess a certificate of fitness.

- (1) An individual issued a certificate of fitness must:
 - (i) be found capable of performing the scaffold work in a safe and responsible manner by the issuer at the time of issuance;
 - (ii) be able to communicate without difficulty with the supervising licensed rigger or rigging foreman; and
 - (iii) have been trained in accordance with section 3314.4 of the Building Code and possess a valid certificate card from the training provider evidencing successful completion of the training.
- (2) Certificates of fitness may be issued by the licensed master or special rigger and the rigging foreman designated pursuant to this section.
- (3) It shall be the sole responsibility of the licensee who issues the certificate of fitness, either personally or through a designated foreman, to ensure that the individual who receives the certificate meets the requirements of paragraph one of this subdivision for the particular job. It shall be the licensee's responsibility to maintain written records and copies relating to whom and when certificates were issued, as well as each certificate holder's certificate card. If a person issued a

certificate of fitness is later found to be unqualified or to have failed to use a suspended scaffold in a safe and workmanlike manner, it shall be the licensee's responsibility to rescind the certificate of fitness and to remove the individual from the job.

(4) The certificate of fitness must be issued in a form acceptable to the department and include the name of the holder, the date of the issuance, the name and license number of the licensee, the name, address, and telephone number of the licensee's company, and the signature of the issuer.

(5) Such certificate of fitness, as well as the certificate card issued pursuant to 3314.4.5.8 of the Building Code, and photo identification of the certificate holder acceptable to the department, must be available on site for inspection.

(1) **Failure to comply with [rules] rule.** If [these] this rule [rules are] is not complied with, the Department may order that rigging operations stop, initiate disciplinary action against the licensee and/or contractor, and/or initiate proceedings for the impositions of fines or civil penalties.

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

What are we proposing? The Department of Buildings (DOB) is proposing to add a new rule regarding training requirements for anyone who works on a suspended scaffold or supervises such work.

When and where is the hearing? DOB will hold a public hearing on the proposed rule. The public hearing will take place at 10 A.M. on 1/9/15. The hearing will be in the 3rd Floor conference room at 280 Broadway.

How do I comment on the proposed rules? Anyone can comment on the proposed rules by:

- **Website.** You can submit comments to the DOB through the NYC rules Web site at <http://rules.cityofnewyork.us>.
- **Email.** You can email written comments to dobrules@buildings.nyc.gov.
- **Mail.** You can mail written comments to the New York City Department of Buildings, Office of the General Counsel, 280 Broadway, 7th Floor, New York, NY 10007.
- **Fax.** You can fax written comments to the New York City Department of Buildings, Office of the General Counsel, at 212-566-3843.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by calling 212-393-2085. You can also sign up in the hearing room before the hearing begins on 1/9/15. You can speak for up to three minutes.

Is there a deadline to submit written comments? Yes, you must submit written comments by 1/9/15.

Do you need assistance to participate in the hearing? You must tell the Office of the General Counsel if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by mail or email at the addresses given above. You may also tell us by telephone at 212-393-2085. You must tell us by 1/2/15.

Can I review the comments made on the proposed rules? You can review the comments made online on the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. A few days after the hearing, written comments and a summary of oral comments received at the hearing will be available to the public at the Office of the General Counsel.

What authorizes DOB to make this rule? Sections 643 and 1043(a) of the City Charter and Section 3314.4.5 of the New York City Building Code authorize DOB to make this proposed rule. This proposed rule was not included in DOB's regulatory agenda for this Fiscal Year because it was not contemplated when DOB published the agenda.

Where can I find the DOB's rules? The DOB's rules are in Title 1 of the Rules of the City of New York.

What rules govern the rulemaking process? DOB must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

Local Law 141 of 2013 repealed Section 3314 of the New York City Building Code regarding scaffolds and replaced it with new language. This proposed rule will clarify that Section 3314.4.5, which sets out training requirements for individuals who install, adjust, repair, maintain, use, inspect, or remove a suspended scaffold, or who supervise such work, applies to all work on suspended scaffolds on and after December 31, 2014, including for jobs filed prior to such date. Those requirements had previously been located in Rule 9-03, which is being repealed in another rulemaking.

The proposed new rule will state that on and after December 31, 2014 anyone who works on a suspended scaffold or who supervises such work must comply with the training requirements of Section 3314.4.5 of the New York City Building Code.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter and Section 3314.4.5 of the New York City Building Code.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Chapter 3300 of Title 1 of the Rules of the City of New York is amended by adding a new Section 3314-02 to read as follows:

§3314-02 Suspended Scaffold Training Requirements. On and after December 31, 2014, all individuals who install, adjust, repair, maintain, use, inspect, or remove a suspended scaffold, or who supervise such work must have completed the training specified in Section BC 3314.4.5 of the New York City Building Code.

Notice of Public Hearing and Opportunity to Comment on Proposed Rule

What are we proposing? The Department of Buildings (DOB) is proposing amendments to Section 3310-01 of Title 1 of the Rules of the City of New York, relating to site safety.

When and where is the Hearing? DOB will hold a public hearing on the proposed rule. The public hearing will take place at 10:00 A.M. on 1/12/15. The hearing will be in the 3rd Floor conference room at 280 Broadway.

How do I comment on the proposed rules? Anyone can comment on the proposed rules by:

- **Website.** You can submit comments to the DOB through the NYC rules Web site at <http://rules.cityofnewyork.us>.
- **Email.** You can email written comments to dobrules@buildings.nyc.gov.
- **Mail.** You can mail written comments to the New York City Department of Buildings, Office of the General Counsel, 280 Broadway, 7th Floor, New York, NY 10007.
- **Fax.** You can fax written comments to the New York City Department of Buildings, Office of the General Counsel, at 212-566-3843.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by calling 212-393-2085. You can also sign up in the hearing room before the hearing begins on 1/12/15. You can speak for up to three minutes.

Is there a deadline to submit written comments? Yes, you must submit written comments by 1/12/15.

Do you need assistance to participate in the Hearing? You must tell the DOB Office of the General Counsel if you need a reasonable accommodation of a disability at the Hearing. You must tell us if you need a sign language interpreter. You can tell us by mail at the address given above. You may also tell us by telephone at 212-393-2085. You must tell us by 1/5/15.

Can I review the comments made on the proposed rules? You can review online the comments made to the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. A few days after the hearing, written comments and a summary of oral comments received at the hearing will be available to the public at the DOB Office of the General Counsel.

What authorizes DOB to make this rule? Sections 643 and 1043(a) of the City Charter, and section 3310 of the New York City Building Code authorize DOB to propose these amendments. These amendments were not included in DOB's regulatory agenda for this Fiscal Year because they were not contemplated when DOB published the agenda.

Where can I find the DOB's rules? The DOB's rules are in Title 1 of the Rules of the City of New York.

What rules govern the rulemaking process? DOB must meet the requirements of section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

Section 3310-01 of the DOB's rules establishes site safety requirements for major buildings. The current rules were drafted with construction and demolition sites in mind. However, façade projects possess their own unique safety challenges, which the existing site safety requirements do not specifically address. Accordingly, DOB Rule section 3310-01 is proposed to be amended to establish separate site safety requirements for major building façade projects.

Specifically, the proposed amendments to section 3310-01:

- Establish a new table of inspections for façade jobs.
- Require a site safety manager to inspect prior to the start of a façade job to verify compliance with the site safety plan.
- For the full recladding of a façade, require a site safety manager to be present full time.
- For façade repairs/alteration/maintenance (not full recladding), require a site safety manager to be present during certain operations.
- For façade repairs/alteration/maintenance (not full recladding), require a "competent person" designated by the permit holder to be present at all times active work is occurring.
- Set out requirements for the "competent person."

The Department's authority for these rules is found in sections 643 and 1043(a) of the New York City Charter and section 3310 of the New York City Building Code.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subdivision (a) of section 3310-01 of chapter 3300 of title 1 of the rules of the city of New York is amended to read as follows:

- (a) Site safety inspections for construction, alteration, or demolition projects. [It is the responsibility of the site safety manager or coordinator to perform the site safety inspections detailed in Tables 1 through 9 below at the intervals prescribed in the tables.] The primary site safety manager or coordinator for a construction, alteration, or demolition project must, at all times such site safety manager or coordinator is required to be present, perform the site safety inspections detailed in Tables 1 through 9, below, at the intervals prescribed in the tables, or ensure such inspections are performed by a site safety manager or coordinator. The requirements of this subdivision do not apply to a project whose scope is limited to façade work.

§ 2. Subdivisions (b), (c), and (d) of section 3310-01 of chapter 3300 of title 1 of the rules of the city of New York are relettered as subdivisions (f), (h), and (j), respectively, subdivisions (f), (h), and (j), as relettered, are amended, and new subdivisions (b), (c), (d), (e), (g), (i), and (k), and a new table 10, to follow the new subdivision (c) and precede the new subdivision (d), are added, to read as follows:

- (b) Definitions.

Alteration. For the purposes of this section, the term "alteration" shall have the same meaning as set forth in section 28-101.5 of the Administrative Code.

Alternate site safety manager or coordinator. A site safety manager or coordinator who is acting on behalf of the primary site safety manager or coordinator in accordance with the provisions of section 3310.5.3 of the Building Code.

Construction. For the purposes of this section, the term "construction" shall have the same meaning as set forth in section 3302.1 of the Building Code.

Demolition. For the purposes of this section, the term "demolition" shall have the same meaning as set forth in section 3302.1 of the Building Code.

Façade work (façade project). The restoration of an existing façade to a safe and like new condition following decay, wear, or damage; the modification of an existing façade; or the recladding of a façade.

Façade recladding (recladding of a façade). The removal of the exterior building envelope and replacement with a new exterior building envelope; or the installation of a new exterior building envelope over the existing façade.

Primary site safety manager or coordinator. The site safety manager or coordinator who has been designated as the primary site safety manager in accordance with the provisions of section 3310.5 of the Building Code.

Project. For the purposes of this section, the term "project" shall have the same meaning as set forth in section 28-101.5 of the Administrative Code.

Site safety coordinator. An individual who holds a valid site safety coordinator certificate from the department.

Site safety manager. An individual who holds a valid site safety manager certificate from the department.

- (c) Site safety inspections for façade project. For a project whose scope is limited to façade work:

- (1) The primary or alternate site safety manager must, whenever he or she is present at the project site, perform the site safety inspections detailed in Table 10, below, at the intervals prescribed in the table.
- (2) At all times when paragraph (1) of subdivision (c) of this section requires the presence of a competent person, and the primary or alternate site safety manager is not present at the site, the competent person as described by subdivision (e) must perform the site safety inspections detailed in Table 10, below, at the intervals prescribed in the table.

TABLE 10
Façade project inspections

	Requirement	Minimum Schedule of Inspections
(1)	<u>Verify that the approved site safety plan is on site.</u>	<u>Prior to the commencement of the project; and daily thereafter</u>
(2)	<u>Verify that required sidewalk sheds, fences, pedestrian protection, roof and adjoining property protection, safety netting, guardrails, perimeter protection, and controlled access zones are in accordance with the approved site safety plan.</u>	<u>Prior to the commencement of the project; and daily thereafter</u>
(3)	<u>Verify that all scaffolds, cranes, derricks, hoisting machines, mast climbers, sidewalk sheds, and fences possess a valid permit/certificate, and that such information is recorded in the permit log. (Note: certain types of scaffolds and cranes/derricks are exempt from permit/certificate requirements; see sections 3314.2 and 3319.3 of the building code for details.)</u>	<u>Prior to the commencement of the project; as each piece of equipment is brought to the site; and at the renewal or expiration of the permit/certificate</u>
(4)	<u>Verify that, where required, Department of Transportation permits for street or sidewalk closings are available at the site.</u>	<u>Once per permit</u>
(5)	<u>Verify that notice has been provided to the department prior to the installation or removal of a suspended scaffold or a mast climber.</u>	<u>Prior to each instance</u>
(6)	<u>Verify that plans for all scaffolds, cranes, derricks, hoisting machines, mast climbers, sidewalk sheds, and fences are available at the site. (Note: certain types of scaffolds and cranes/derricks are exempt from design requirements; see sections 3314.3 and 3319.3 of the building code for details.)</u>	<u>Prior to the commencement of the project; as each piece of equipment is brought to the site; and monthly thereafter</u>
(7)	<u>Verify that installation inspections have been successfully completed for all scaffolds, tower/climber cranes, derricks, hoisting machines, mast climbers, and sidewalk sheds, and that a record of such inspection is available at the site. (Note: installation inspections may also be required when equipment is moved to a new location at the site, or when components are relocated – for example, when decking and guardrails on a supported scaffold are moved to a different level.)</u>	<u>Following the installation of each piece of equipment</u>
(8)	<u>Verify that daily/pre-shift inspections have been successfully completed for all scaffolds, cranes, derricks, hoisting machines, mast climbers, and sidewalk sheds and that a record of such inspection is available at the site. (Note: certain types of cranes do not require an inspection; see section 3319.3 of the building code for details.)</u>	<u>Daily</u>
(9)	<u>Verify that inspections have been successfully completed following an adjustment or repair to a scaffold, crane, derrick, hoisting machine, mast climber, or sidewalk shed.</u>	<u>Following each adjustment or repair</u>
(10)	<u>Verify that the general contractor or sub-contractors, as appropriate, are verifying that workers have completed a course that is at least ten hours in length and approved by the United States Department of Labor Occupational Safety and Health Administration (OSHA) in construction industry safety and health, or an equivalent training, and that documentation of such verification is maintained at the site by the general contractor or sub-contractors.</u>	<u>Daily</u>
(11)	<u>Verify that the general contractor or sub-contractors, as appropriate, are providing a site specific safety orientation to all workers employed at the site, and that documentation of such orientation is maintained at the site by the general contractor or sub-contractors.</u>	<u>Weekly</u>
(12)	<u>Verify that contractors engaged in scaffold, mast climber, rigging, hoisting, or sign hanging work are checking that individuals engaged in such work possess training, certification, or licensing for such work, as appropriate, and that documentation of such check is maintained at the site by the contractor.</u>	<u>Daily</u>
(13)	<u>Verify that flagpersons are present to stop pedestrian and/or vehicular traffic during the following intermittent operations:</u> (i) <u>During all lifting and hoisting operations;</u> (ii) <u>When trucks enter and exit the site;</u> (iii) <u>When materials are being lifted over the sidewalk shed;</u> (iv) <u>When dangerous operations, e.g., blasting, occur; and</u> (v) <u>When the sidewalk and/or street is temporarily closed.</u>	<u>Throughout the day</u>
(14)	<u>Verify workers have required personal protection equipment (PPE), including but not limited to harness and life line.</u>	<u>Throughout the day</u>
(15)	<u>Verify that a means of communication exists between the responsible parties when the operator of hoisting machinery has no vision of the lift or loading areas.</u>	<u>Prior to the start of any such hoisting operation; and throughout the day as such hoisting operation is ongoing</u>
(16)	<u>Verify that all signs required by section 3301.9 of the building code are installed and contain the required information.</u>	<u>Prior to the commencement of the project; and upon the posting of any sign added after the commencement of the project</u>
(17)	<u>Verify that scaffolds, sidewalk sheds, fences, and other pedestrian protection are free of signs or advertisements not directly related to the project.</u>	<u>Prior to the commencement of the project; and daily thereafter</u>

(18)	Verify that the standpipe system has passed its most recent hydrostatic pressure test and flow test, and that the sprinkler system has passed its most recent hydrostatic pressure test.	Prior to the commencement of the project; and, if applicable, when a new hydrostatic pressure test and/or flow test is required.
(19)	Verify that where active work is occurring, where project material/debris/equipment is being stored, and where sidewalk sheds, fences, or other pedestrian protection is located: (i) Standpipe valves/hose connections/fire department connections are in place; and (ii) Standpipe valves/hose connections/fire department connections are free from obstruction.	Daily
(20)	In areas where a sidewalk shed or fence has been installed, verify that the required red light marking the fire department connection is functional and the required sign identifying the fire department standpipe connection is visible.	Prior to the commencement of the project; and daily thereafter
(21)	If "hot works" (welding, grinding operations producing sparks, torch operations, etc.) operations are performed, verify that fire extinguishers and dedicated personnel with valid FDNY fire watch certificate of fitness are on site at the location of "hot works" operations.	Prior to start of any "hot works" operations; and throughout the day as "hot works" operations are performed.
(22)	Verify compliance with the provisions of section 3314.11.5 of the building code when welding operations are conducted from a suspended scaffold.	Prior to the start of any welding operation from a suspended scaffold; and throughout the day as welding operations occur from a suspended scaffold
(23)	Verify that all flammable/combustible liquids and gases are located in a well-ventilated area, away from combustible materials, and away from open flame or sources of ignition.	Throughout the day
(24)	Verify that, where active work is occurring, where project material/debris/equipment is being stored, or where sidewalk sheds, fences, or other pedestrian protection are located: (i) Building egress is not obstructed; (ii) Areas used by the public are maintained free from ice, snow, grease, debris, equipment, materials, projections, tools, hoses, wires, ropes, or other items, substances, or conditions that may constitute a slipping, tripping, or other hazard; and (iii) Guards, shields or barricades surround all exposed, electrically charged, moving or otherwise dangerous parts of machines and equipment so as to prevent contact with the public.	Throughout the day
(25)	Verify that: (i) Sidewalk shed lights are functioning; (ii) No brace or rail is hanging unattached at one or more ends of the sidewalk shed; (iii) No portions of the sidewalk shed support structure are disconnected; (iv) No section of the sidewalk shed parapet is missing; and (v) All legs of the sidewalk shed remain on their support and are supported to the ground.	Prior to the commencement of the project; and daily thereafter
(26)	Verify that contractor sheds and offices are in accordance with section 3303.16 of the building code.	Prior to the commencement of the project; and upon the installation of any contractor shed added after the commencement of the project
(27)	Verify that chutes used for the removal of debris are installed and maintained in accordance with section 3303.5.5 of the building code.	As new chutes are installed at the site; as existing chutes are relocated at the site; and weekly thereafter
(28)	Verify required safety netting is installed and in good repair.	Daily
(29)	Verify required guardrails and toeboards on exterior scaffolds are installed and in good repair.	Daily
(30)	Verify that sufficient containers for the storage of waste/debris generated by the project are provided, and that such containers are: (i) Covered at the end of the shift; (ii) Covered anytime when full to near the rim; and (iii) Wheels are secured at the end of the shift.	Daily
(31)	Verify that, at the end of the shift, all tools and loose materials have been secured, and that all waste/debris generated by the project, including but not limited to garbage/debris located on scaffolds, mast climbers, sidewalk sheds, roofs, and setbacks, has been placed into containers or removed from the site.	Daily, at the end of the shift
(32)	Verify that combustible waste/debris generated by the project is not allowed to accumulate and is removed from the site.	Throughout the day
(33)	Verify that tools and equipment not in use are kept away from edges or openings.	Throughout the day
(34)	Verify that materials placed/stored on a sidewalk shed are placed/stored only in areas designated on the sidewalk shed plans, and such materials are secured against dislodgement and placed/stored so as to not exceed the design limits of the shed.	Daily
(35)	Verify that, at the end of the shift, suspended scaffolds have been lowered to the street, sidewalk shed deck, or building setback, or have been otherwise secured to the roof or the building in accordance with the scaffold plans.	Daily, at the end of the shift

(d) Site safety manager requirements for a façade project.

(1) Site safety manager presence at a façade project which does not constitute façade recladding. For a project that is limited in scope to façade work, and which does not constitute façade recladding:

- (i) The primary site safety manager must, at a minimum, visit the site after required sidewalk sheds, fences, pedestrian protection, and roof and adjoining property protection have been installed, but prior to the commencement of the project.
- (ii) The primary or alternate site safety manager must be present while the following work is performed:
 - (A) Supported scaffold installation or removal, but not including the relocation of existing deck planking or guardrails to a different level of the scaffold provided any such relocation is designated on the scaffold design documents;
 - (B) Mast climber installation or removal; or
 - (C) Other work as directed by the commissioner.
- (iii) The primary or alternate site safety manager must visit the site within 24-hours of the issuance of a hazardous violation by the department.
- (iv) The primary or alternate site safety manager must be present when the following rigging work is performed, and such rigging work is not performed by or under the direct and continuing supervision of a licensed rigger:
 - (A) Suspended scaffold installation or removal;
 - (B) Suspended scaffold use; or
 - (C) Hoisting machine installation/assembly/erection, climbing/jumping, removal/disassembly, or a relocation requiring modifications to tie-backs, counterweights, or connections to the base building/structure.

(2) Façade recladding. For a project that is limited in scope to façade work, and which constitutes façade recladding, the primary or alternate site safety manager is required to be present at the site during all times active work is occurring, through all phases of work, beginning with the installation of the sidewalk shed and continuing until the building is enclosed and the sidewalk shed is removed, except that, the primary or alternate site safety manager is not required to be present at the site during the following activities, provided no other work is in progress:

- (i) Surveying that does not involve the disturbance of material, structure, or earth;
- (ii) Use of a hoist to transport personnel only;
- (iii) Use of a material hoist that is fully enclosed within the perimeter of the building;
- (iv) Finish trowelling of concrete floors;
- (v) When personnel are provided for temporary heat, light, or water; or
- (vi) Truck deliveries to the site where the sidewalk is closed and the entrance gate is within that closed sidewalk area.

(3) Multiple façade jobs. A site safety manager may serve as the primary or alternate site safety manager at multiple projects whose scope is limited to façade work, and which does not constitute façade recladding, provided such site safety manager is not contemporaneously the primary or alternate site safety manager for any construction, alteration, or demolition project, or any façade recladding project, and further provided that the site safety manager is able to fulfill all duties imposed upon the site safety manager by law and these rules.

(4) Site safety log. In addition to the requirements of subdivisions (f) and (g) of this section, the primary or alternate site safety manager working pursuant to this subdivision must:

- (i) Record their presence at the jobsite by signing the site safety log and noting their time of arrival and departure from the site, immediately after arriving at the site and immediately prior to leaving the site, respectively; and
- (ii) Record the results of inspections required by subdivision (c) of this section prior to leaving the site for the day.

(e) Competent person for façade project.

(1) Competent person to be present. For a project that is limited in scope to façade work, and which does not constitute façade recladding, a competent person, who meets the requirements

of paragraphs (2) and (3) of this subdivision, must be present at the site during all times active work is occurring, continuing through all phases of work, beginning with the installation of the sidewalk shed and continuing until the building is enclosed and the sidewalk shed is removed, except that such competent person is not required to be present at the site during the following activities, provided no other work is in progress:

- (i) Surveying that does not involve the disturbance of material, structure, or earth;
- (ii) Use of a hoist to transport personnel only;
- (iii) Use of a material hoist that is fully enclosed within the perimeter of the building;
- (iv) Finish trowelling of concrete floors;
- (v) When personnel are provided for temporary heat, light, or water; or
- (vi) Truck deliveries to the site where the sidewalk is closed and the entrance gate is within that closed sidewalk area.

(2) Written designation of the competent person. The designation of one or more individuals to serve as a competent person in accordance with this subdivision must be evidenced by a written letter, signed and dated by the permit holder. Such letter must, at a minimum, contain the name and contact information for each designated individual. Such letter must be kept on site and be available for inspection by the commissioner upon request.

(3) Qualifications of competent person. A competent person designated in accordance with this subdivision must either:

- (i) Be a licensed rigger;
- (ii) Be a rigging foreman working under the direct and continuing supervision of a licensed rigger and meeting the qualifications of section 104-20 of these rules; or
- (iii) Possesses all of the following qualifications:
 - (A) Satisfactorily completed the orientation and training required by Section 3310.10 of the Building Code;
 - (B) Beginning July 1, 2016, satisfactorily completed a site safety manager training course that is at least 40 hours in length and is approved by the department;
 - (C) Beginning July 1, 2016, where the 40-hour course required by clause (B) above was satisfactorily completed, within the last three years, a site safety manager refresher course that is at least 7 hours in length and is approved by the department;
 - (D) Beginning July 1, 2016, completed the training required by Section 3314.4.5.1 of the building code for supported scaffold installers;
 - (E) Beginning July 1, 2016, completed the training required by Section 3314.4.5.3 of the building code for suspended scaffold supervisors;
 - (F) Beginning July 1, 2016, satisfactorily completed a course that is at least 30 hours in length and approved by the United States Department of Labor Occupational Safety and Health Administration (OSHA) in construction industry safety and health; and
 - (G) Be approved by the primary site safety manager.

(4) Proof of qualifications. Evidence, acceptable to the commissioner, of completion of the licensure, training, or other qualifications required by paragraph (3) of this subdivision must be made readily available to the commissioner upon request.

(5) Site safety log. In addition to the requirements of subdivisions (f) and (g) of this section, the competent person working pursuant to this subdivision must:

- (i) Record his or her presence at the jobsite by signing the site safety log and noting the time of arrival and departure from the site, immediately after arriving at the site and immediately prior to leaving the site, respectively;
- (ii) Record the results of inspections required by subdivision (c) of this section prior to leaving the site for the day; and
- (iii) Record any conditions reported to the site safety manager in accordance with paragraph (7) of this subdivision.

(6) Reporting to the department. The competent person working

pursuant to this subdivision must immediately report to the department any accidents or incidents that require notification to the department in accordance with Section 3301.8 of the building code.

(7) Providing a copy of the log to the site safety manager. The competent person working pursuant to this subdivision must, at the end of the day, provide a copy of the day's completed site safety log to the primary site safety manager, or to the alternate site safety manager where so directed by the primary site safety manager. In addition, the competent person must immediately report the following items to the primary or alternate site safety manager:

(i) Any accidents or incidents that require notification to the department notification in accordance with Section 3301.8 of the building code and paragraph (6) of this subdivision;

(ii) Any items that fail the inspections required by subdivision (c) of this section; and

(iii) Any items listed in Section 3310.8.2.1 of the building code.

(f) Site safety log for jobs whose site safety plan was approved prior to December 31, 2014. [A] For jobs whose site safety plan was approved by the department prior to December 31, 2014, a site safety log [shall] must be maintained at the site by the site safety manager or coordinator and made available for inspection upon the request of the commissioner.

(1) The site safety manager or coordinator shall ensure that all daily entries in the site safety log are completed. These entries must be recorded by 7:00 a.m. on the day following the activities.

(2) The site safety manager or coordinator, or an alternate, shall sign the log at the beginning of each day, and must be present at the job at all times during ongoing construction or demolition. If at any point during the day the site safety manager or coordinator, or alternate, shall be relieved of his or her responsibilities at the site, or leave the site for any reason, he or she shall indicate this in the log and an alternate shall sign in.

(3) Log contents. At a minimum, the site safety log shall contain the following:

- (i) Date and location of inspections performed in accordance with subdivision (a) of this rule;
- (ii) Date and names of individuals met with to satisfy the requirements of §3310.8.1 of the building code;
- (iii) Any unsafe acts and/or conditions, and dates and locations of said unsafe acts and/or conditions;
- (iv) Companies and representatives notified of unsafe acts and/or conditions;
- (v) Dates of notification of unsafe acts and/or conditions;
- (vi) Dates of correction of unsafe acts and/or conditions;
- (vii) Any accident involving the public or damage to public or private property;
- (viii) Any violations, stop work orders or summonses issued by the department, including date issued and date lifted or dismissed;
- (ix) Dates and location where horizontal and vertical netting have been installed, replaced and/or repaired;
- (x) Date horizontal safety netting is removed; and
- (xi) Date when building reaches a height of 75 feet (22.860 mm).

(g) Site safety log for jobs whose site safety plan was approved on or after December 31, 2014. For jobs whose site safety plan was approved on or after December 31, 2014, the requirements of Section 3310.8.4 of the building code shall apply.

(h) Permit log for jobs whose site safety plan was approved prior to December 31, 2014. [Any] For jobs whose site safety plan was approved by the department prior to December 31, 2014, any equipment brought onto the job that requires permits, as well as a description of the equipment, where it is to be located, permit number, issue and expiration date of the permit, and certificate of inspection, if required, [shall] must be entered on a separate permit log that [shall] must be maintained at the site by the site safety manager or coordinator and made available for inspection upon the request of the commissioner.

(i) Permit log for jobs whose site safety plan was approved on or after December 31, 2014. For jobs whose site safety plan was approved on or after December 31, 2014, the requirements of Section

3310.8.5 of the building code shall apply.

(j) Notification [The] for jobs whose site safety plan was approved prior to December 31, 2014. For jobs whose site safety plan was approved by the department prior to December 31, 2014, the site safety manager or coordinator [shall] must immediately and directly notify the department in accordance with section 3310.8.2 of the building code, as such code existed on the date the site safety plan was approved, if he or she discovers in the routine performance of the job any of the conditions listed in such section 3310.8.2 or below:

(i)1 Required standpipe is not in place at each story below the construction or demolition floor;

(ii)2 Required standpipe valve(s) are not in place at each story below the construction or demolition floor;

(iii)3 Required standpipe is not capped;

(iv)4 Required standpipe is not connected to a water source or siamese connection;

(v)5 Required standpipe siamese hose connection(s) is obstructed;

(vi)6 Required standpipe siamese hose connections are not marked by a red light and a sign reading, "Standpipe Siamese Connection";

(vii)7 A breach exists in the required standpipe risers, cross connections, or siamese connections;

(viii)8 The standpipe alarm activates; or

(ix)9 When a building over 75 feet (22.86 m) is being constructed or demolished and at least one elevator or hoist in a state of readiness is not available for FDNY access.

(k) Notification for jobs whose site safety plan was approved on or after December 31, 2014. For jobs whose site safety plan was approved on or after December 31, 2014, the requirements of Section 3310.8.2.1 of the building code shall apply.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

What are we proposing? HPD is proposing amendments to Chapter 6 of Title 28 of the Rules of the City of New York (the "421-a Rules") to clarify a grandfathering provision that was added in 2008 after State and local legislatures enacted major changes to the 421-a tax exemption program.

When and where is the Hearing? HPD will hold a public hearing on the proposed rule. The public hearing will take place from 2:00 P.M. to 4:00 P.M. on Monday, January 12, 2015. The hearing will be in HPD's offices at 100 Gold Street, 9th Floor, Room 9-P10, New York, NY 10038.

How do I comment on the proposed rules? Anyone can comment on the proposed rules by:

- **Website.** You can submit comments to HPD through the NYC rules Web site at <http://rules.cityofnewyork.us>.
- **Email.** You can email written comments to rules@hpd.nyc.gov.
- **Mail.** You can mail written comments to Elaine R. Toribio, TIP Director, 100 Gold Street, Room 8-D09, New York, NY 10038.
- **Fax.** You can fax written comments to HPD, 212 863-5899, ATTN: Elaine R. Toribio.
- **Speaking at the Hearing.** Anyone who wants to comment on the proposed rules at the public hearing must sign up to speak. You can sign up before the hearing by calling (212) 863-7698. You can also sign up in the hearing room before the hearing begins on January 12, 2015. You can speak for up to three minutes.

Is there a deadline to submit written comments? All written comments must be submitted on or before January 12, 2015.

Do you need assistance to participate in the Hearing? You must tell the Department if you need a reasonable accommodation of a disability at the Hearing. You must tell us if you need a sign language interpreter. You can tell us by mail at the address given above. You may also tell us by telephone at 212-863-7698. You must tell us by January 2, 2015.

Can I review the comments made on the proposed rules? You can review the comments made online on the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. A few days after the hearing, copies of all comments submitted online, copies of all written comments, and an audiotape of oral comments concerning the proposed rules will be available to the public at 421-a Customer Service Conference Room No. 8-CO9, 8th Floor, 100 Gold Street, between 10:00 A.M. - 4:00 P.M. on weekdays.

What authorizes HPD to make this rule? Sections 1043 and 1802 of the City Charter and Section 421-a of the Real Property Tax Law authorize HPD to make these proposed rules.

Where can I find the HPD rules? The HPD rules are in title 28 of the Rules of the City of New York.

What rules govern the rulemaking process? HPD must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the City Charter.

Statement of Basis and Purpose of Proposed Rule

Real Property Tax Law §421-a provides real property tax exemptions for eligible, new multiple dwellings. HPD determines eligibility for §421-a real property tax exemptions. HPD is proposing amendments to Chapter 6 of Title 28 of the Rules of the City of New York (the "421-a Rules") to clarify a grandfathering provision that was added to the rules after major programmatic changes were enacted by State and local legislatures between December 2006 and February 2008.

Deadline for Exemption from Affordability Requirements and the AV Cap

- Under the 421-a Program, developers apply to HPD for certificates of eligibility to receive the tax exemption. A Preliminary Certificate of Eligibility entitles a project to a real

property tax exemption for up to three years of construction, and a Final Certificate of Eligibility entitles a project to post-completion exemption benefits, which last between 10-25 years and are phased out over the benefit period.

- The §421-a Program includes a Geographic Exclusion Area, which is a residential zone in the City established by State and local laws. In the Geographic Exclusion Area, §421-a benefits are not as-of-right and projects must meet certain affordability requirements to receive a §421-a tax exemption ("Affordability Requirements").
- If projects in the Geographic Exclusion Area provide affordable units offsite instead of onsite, they may only receive §421-a benefits for a portion of the project's billable exempt assessed value ("AV Cap"), depending upon when the project commenced and completed construction and the date of the written agreement for the construction of offsite affordable units. If the AV Cap applies, a portion of the project's assessed value is fully taxable.
- The Geographic Exclusion Area was expanded by State and local laws between December 2006 and February 2008. However, these laws included an exemption for projects that commenced construction prior to July 1, 2008. Projects that were formerly outside the Geographic Exclusion Area and which commenced construction prior to July 1, 2008 would not have to meet the Affordability Requirements.
- The rules implementing these legislative changes defined commencement of construction as the later of:
 - (a) the date of issuance of a building or alteration permit based upon Department of Buildings (DOB)-approved architectural and structural plans, or;
 - (b) the date upon which a new metal or concrete structure to be incorporated into the multiple dwelling that shall perform a load bearing function for such multiple dwelling is installed.
- The rules also addressed the effect of any future upzoning of properties within the new Geographic Exclusion Area. The rules provided that the commencement date for a project located on property that was later upzoned would only be altered if the architectural and structural plans initially approved by DOB were amended to provide for more than a 35% increase in the multiple dwelling's floor area ("35% standard").
- HPD intended for the 35% standard to apply to (1) projects that were outside the Geographic Exclusion Area before the applicable deadline, but in the Geographic Exclusion Area after the applicable deadline; and (2) projects that would not have been subject to the AV Cap before the applicable deadline, but would have been subject to the AV Cap after the applicable deadline.
- The proposed rule amendments reflect HPD's original intention for the 35% standard: The 35% standard will only apply to projects that were affected by the change in the Geographic Exclusion Area in relation to the Affordability Requirements or the AV Cap.
- The proposed rule amendments also incorporate the definition of floor area contained in Zoning Resolution §12-10, which should govern the measured building expansion.

HPD's authority for these rules is found in section 1802 of the New York City Charter and section 421-a of the Real Property Tax Law.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. The definition of "Applicable Deadline" contained in subdivision (a) of Section 6-09 of Chapter 6 of Title 28 of the Rules of the City of New York is amended to read as follows:

Applicable deadline. "Applicable Deadline" shall mean, unless otherwise exempted pursuant to the Act, (a) with respect to a multiple dwelling within the Geographic Exclusion Area, June 30, 2008, [and] (b) with respect to the limitations on benefits imposed pursuant to paragraph five of subdivision b of this section, December 27, 2007, and (c) with respect to the limitations on benefits imposed pursuant to paragraph six of subdivision b of this section, June 30, 2008.

§ 2. Clause (iii) of subparagraph (2) of paragraph (b) of the definition of "commence" contained in subdivision (a) of section 6-09 of Chapter 6 of Title 28 of the Rules of the City of New York is amended to read as follows:

(iii) for any multiple dwelling that was not located in the GEA on or before the Applicable Deadline, but is located in the GEA after the Applicable Deadline, or for any multiple dwelling that would not have been subject to the exemption cap pursuant to the provisions of subdivision 9 of the Act on or before the Applicable Deadline, but would

be subject to such exemption cap after the Applicable Deadline, if the architectural and structural plans approved by the Department of Buildings in conjunction with the issuance of the first such building or alteration permit for such multiple dwelling are thereafter amended to provide for more than a thirty-five percent (35%) increase (the "35% standard") in the floor area, as defined pursuant to the Zoning Resolution, of such multiple dwelling [as defined pursuant to the Act], the construction of such multiple dwelling shall be deemed to have commenced on the date upon which such amended plans are [filed with] approved by such department, provided, however, that, [in the case of a multibuilding project that meets the requirements of clause (ii) of this paragraph (2), any such increase in the floor area may be distributed amongst the multiple dwellings in such multibuilding project in any manner permitted under the Zoning Resolution and the 35% standard may be applied to such multibuilding project on an aggregate rather than a single building basis] the amendments to this clause (iii) that were adopted on [insert effective date of CAPA rule] shall only apply to multiple dwellings whose applications for a Preliminary Certificate of Eligibility are approved by the Department on or after May 1, 2014; and

YOUTH AND COMMUNITY DEVELOPMENT

NOTICE

The Department of Youth and Community Development's (DYCD) upcoming Request for Proposals release for Community Schools will be procured using the Innovative Procurement method, section 3-12 of the Procurement Policy Board Rules through the Health and Human Services Accelerator system.

This new method would entail two phases to the evaluation process.

The first phase, DYCD will evaluate proposals according to criteria set forth in the RFP around capacity and experience. Proposals which are considered viable will be selected to go onto phase two. The second phase would have the final selection for award be made by the principals in conjunction with their School Leadership Team (SLT) at each of the school sites, contingent of DYCD's final responsibility determination. The principals and SLTs will be using objective criteria to determine the best fit for the particular school.

DYCD would like to give this opportunity to accept comments on this proposed method. Please email comments no later than January 5, 2015 to ACCO@dycd.nyc.gov. Please enter "Comments on Innovative Procurement" in the subject line.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
