Spending Limits†
\$150,000

THRESHOLD‡

Minimum Funds Raised
\$5,000
# of Contributors
75

\* Both monetary and “in-kind” contributions of goods and services are subject to these limits. Contributions from corporations, including, but not limited to, professional corporations (“P.C.’s”) are prohibited. Program participants are also prohibited from accepting contributions from political committees that are not registered with the Campaign Finance Board.

The candidate may contribute up to three time the applicable contribution limit to his or her campaign.

† Certain spending, such as the costs of compliance with the Program’s requirements, is “exempt” from these limits. In addition, if a participant runs against a well-financed non-participant, the spending limit for that election may be lifted.

‡ Candidates must meet this two-part threshold, abide by the Program’s requirements, and face opposition on the ballot to qualify for public financing. Only the first \$125 of a contribution counts towards meeting dollar amount threshold.

The number of contributors must be district residents.
