### TAXI AND LIMOUSINE COMMISSION

NOTICE

 $\frac{Notice\ of\ opportunity\ to\ participate\ in\ a\ pilot\ program}{To\ test\ Group\ Vehicle\ Ride\ Program}$ 

The New York City Taxi and Limousine Commission ("TLC") invites interested parties to submit requests to participate in a pilot program testing the viability of a new class of for-hire transportation service in select locations throughout the City of New York.

The For-Hire Group Ride program will designate providers of a new class of group ride service in specified areas. Participation in the pilot program will permit owners of transportation businesses, such as commuter van services and for-hire vehicle bases to provide the piloted class of service. The pilot program is intended to test the use of a new class of for-hire service which will provide a fixed-fare group ride among designated pick up and drop off locations. These service areas will be selected to ameliorate reduction in transportation options due to impending service cuts by the MTA. The pilot will test whether and to what extent there is demand from the public for fixed fare group ride for-hire service from these points and whether this type of service can help the City design transportation alternatives and fill gaps in its existing transit network. Please note that participation in a TLC pilot program in no way guarantees any Commission action at the conclusion of the pilot or the continuation of the new type of service.

On July 15, 2010, the Commission voted to approve this pilot program. In order for your proposal to be considered for participation in this pilot program, your proposal should include the requirements listed in Section B *Proposal Content Requirements*. Please read carefully the *Evaluation Guidelines* set forth in Section C and the Memorandum of Understanding ("MOU") requirements for reporting set forth in Section D

### SECTION A The Pilot Program

## 1. Service Areas

The new for-hire service will be provided at the following locations, and encompass the following service areas (references are to former MTA bus routes):

- 1. The area served by the former B23 (Borough Park, Kensington, Flatbush)
- 2. The area served by the former B71 (Park Slope, Carroll Gardens, Prospect Heights)
- 3. The area served by the former Q74 (Kew Gardens, Queens College)  $\,$
- 4. The area served by the former Q79 (Little Neck, Glen Oaks, Bellerose)
- 5. An area running from Williamsburg through the Lower East Side to Union Square, including the area served by

Although the TLC anticipates designating certain fixed

stopping points within the service areas, drivers can arrange other drop-off locations individually with passengers on each trip. The TLC expects to approve no more than three participants per service area. The TLC expects that it may identify 4-7 drop-off locations in each area (and expects that it will identify no more than 9 for any area)

### 2. License and Equipment Requirements

(a) TLC Licensure. Successful proposers, upon entering into a Memorandum of Understanding (MOU) governing participation in the pilot, will be expected to apply for a special license which will be necessary for participation. In addition, proposers will need to identify the vehicles and drivers which will provide service through the proposer; the vehicle owners and drivers will also require special licensure. The special licenses needed to participate in the pilot program will be separate and distinct from any licenses already held by any proposer, its vehicles or drivers. These special licenses will be valid only for participation in the pilot program and will be valid for such participation in the designated service area for which the proposer was successful, only while the pilot continues. The special licenses will not be transferrable. All license applicants should expect to be fingerprinted and drivers can expect to be required to meet the requirements of Article 19-A of the Vehicle and Traffic Law. License applicants may also have to pay a licensing fee, although license applicants holding an existing, valid TLC license will not have to pay a license fee. In addition, participants, including vehicles and drivers, should expect to be held to standards of conduct and safety of operation that are similar to those in effect for all TLC licensees. Participants who fail to continue to meet such standards will be subject to license termination and the end of such participant's participation in the pilot. Note that applicants for special pilot licenses which hold other TLC licenses will be evaluated in part based on their history of

(b) Vehicle and Driver Requirements.

(i) In addition to obtaining the special TLC vehicle licenses for participation, vehicles must be affiliated with a participating base to participate in the pilot. Participating vehicles will be required to accommodate between 6 and 20 passengers, not including the driver. Vehicles will be required to be insured within minimum insurance limits currently applicable to commuter vans.

(ii) Drivers, as noted, will need to be certified under Article 19-A of the Vehicle and Traffic Law. All drivers, prior to receiving the special TLC license authorizing participation in the pilot, will need to demonstrate that they hold a current, valid, unsuspended and unrestricted state driver's license authorizing them to drive the type and size of vehicle they will be driving in the pilot. Note that DMV suspension or revocation of the underlying driver's license will result in termination of the special TLC pilot driver's license. (iii) Vehicles must display exterior and interior markings as determined by the Chairperson of the TLC and detailed in the MOU.

## 3. Fares and Service Requirements

- (a) Passenger transportation fares will be at a fixed rate per passenger. Preference will be given to proposers able to provide service for \$2 per passenger, or less, for any ride provided under the pilot.
- (b) Transportation will be group rides provided to passengers on a first come, first served basis. This will be an on-demand service and will not be pre-arranged.
- (c) Transportation providers may, at their option, provide transportation at set times, or at such times as a vehicle contains as many passengers (up to vehicle seating capacity) as the participant deems acceptable to continue to the next point in the service area.
- (d) Transportation providers will not be required to keep a passenger log, although they will be expected to maintain records regarding how many trips vehicles complete each day and total passenger count for each trip on a date and time basis.

## 4. Duration

The pilot program will last for one year from date set by the Chairperson, anticipated to be about August 15, 2010, and it is expected that all proposals and resulting MOUs will contemplate service continuation while the pilot is in progress. The TLC may terminate the pilot program at any time as to all or any service areas or as to any participant. An MOU and related special pilot licenses will be terminated upon the termination of the program as to any participant. In the event of termination of the program as to any service area, all MOUs and all special licenses in effect for the affected service area will terminate upon pilot termination for that area, if termination occurs before the one year period.

### SECTION B Proposal content requirements

- 1. Each proposal must indicate the service area or areas for which the proposal is made. Preference will be given to proposers who demonstrate a capacity to supply the entire transportation need in a particular service area. Secondary consideration will be given to proposers who would supply only a portion of the need for a particular service.
- 2. Each proposal must provide detail as to how service will be provided as to each service area included in the proposal, including
- (a) how many vehicles will provide service, including type and size.

to proposers which can provide service at least every 30

(c) how determinations will be made to commence transportation (whether set schedule or upon a certain number of passengers in the vehicle). Preference will be given

- minutes between 6:00 A.M. and 10:00 P.M.
- (d) schedules of service, if applicable.
- (e) proposed fares.
- (f) whether the proposer anticipates being able to fulfill the entire transportation need within each service area for which a proposal is made.
- (g) whether the proposer holds existing TLC licenses.
- (h) when the proposer estimates service can commence, if the proposer is picked to provide service.
- 3. Each proposal must identify each participating vehicle and driver including by TLC license number, if applicable. Each participating vehicle must be affiliated with the proposer.
- 4. Each proposal must identify how the proposer intends to maintain the usage data required to be maintained and forwarded to the TLC.
- 5. Each proposer must provide information as to its safety record in providing transportation to the public, including violation history. Preference will be given to proposers which, by virtue of TLC licensure or other authority, have a demonstrated record of providing safe and efficient transportation services to the public

### SECTION C **TLC Evaluation Assessment Guidelines**

The TLC will evaluate the proposal contents to determine proposal merit. Proposals will be evaluated based upon:

- (a) the proposer's ability to meet the total transportation need for the service area.
- (b) how many vehicles will provide service and on the type and passenger capacity of such vehicles.
- (c) the hours or times service will be provided.
- (d) how determinations will be made to commence
- transportation (whether set schedule or upon a certain number of passengers in the vehicle.
- (e) schedules of service, if applicable.
- (f) fare information.
- (g) how the proposer intends to collect, store usage
- information and forward same to the TLC.
- (h) the proposer's safety record.
- (i) the proposer's record of providing safe and efficient transportation service to the public.

### **READER'S GUIDE**

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

### NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers. workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign** Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may

## CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

## VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at http://nyc.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

## **Attention Existing Suppliers:**

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

## SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

## PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

### NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

### PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

### ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

### PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

### HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
