The 840 deaths represent a death-rate of 23.56, against 21.10 for the previous week and 29.70 for the corresponding week of 1892.

Contagious and infectious diseases show a marked increase for the week, the number of cases reported of diphtheria, measles, scarlet fever, typhoid fever, typhus fever and small-pox being respectively 125, 99, 123, 19, 92, and 2 against 118, 93, 103, 11, 12 and 4 for the previous week, a total of 460 against 341. The increase of diphtheria was most noticeable in the Eleventh, Seventeenth, Nineteenth and Twentieth Wards, while there was a considerable decrease in the Tenth, Twelfth, Sixteenth and Twenty-first Wards. Measles increased markedly in the Seventh, Twelfth, Fourteenth, Sixteenth, Twentieth and Twenty-third Wards, and decreased in the Sixth, Eighteenth and Nineteenth Wards. Scarlet fever increased chiefly in the Eighteenth, Nineteenth and Twenty-second Wards, and decreased in the Twelfth, Seventeenth, Twentieth and Twenty-first Wards. 13 of the 19 cases of typhoid fever were below Fourteenth street (an unusual proportion), and 5 of the remaining 6 were above Fortieth street. 76 of the 92 cases of typhus fever were in the immediate vicinity of the place where the first cases were found, while the others were scattered.

ARMORY BOARD.

BOARD OF ARMORY COMMISSIONERS, SECRETARY'S OFFICE, STAATZ ZEITUNG BUILDING, TRYON ROW, NEW YORK, January 24, 1893.

TO ARCHITECTS.

A GENERAL INVITATION IS HEREBY extended to architects to furnish competitive designs and plans for an armory building for the use of Troop A, of the National Guard of the State of New York.

The building to be erected on the ground 200 x 200 feet in the rear of the Eighth Regiment Armory, between Ninety-fourth and Ninety-fifth streets, and fronting on Madison avenue. The building to be of glass, with stone trimmings and provided with a roof of glass, slate, tile or other durable material, and in design should harmonize as near as possible with the Eighth Regiment Armory adjoining.

The excavation for the building to be over the whole area of 200 x 200 feet, and to give a depth that will insure nine feet clear from the floor of the cellar to the ceiling above.

The cellar to contain a target range, marker's pit, large saddle room, armorer's room, boiler room and a runway for horses to the floor above.

The remainder of the cellar to be left unfinished and to be used as a stable, and to be fitted up by the Troop at their own expense, and not to be provided for in the present plans or estimates.

The main floor, on street level, is to be occupied with a ring of tan bark or dirt (similar to riding school rings) of the largest possible dimensions. This floor to be supported on columns and arches.

The plans to show accommodation in the building for Troop Meeting-room, Captain's Room, Lieutenant's Room, First Sergeant's Room, Quartermaster Sergeant's Room, Janitor's Apartments, Kitchen, with range, etc.; Locker-rooms, with lockers, to be provided for 105 men; suitable Water-closets, Bath-rooms, etc.; as much Gallery and Seating Accommodations as possible.

Building to be lighted by electricity and gas. Heated by steam. Ample provisions made for drainage.

Plans to be submitted, to be drawn scale 1-8 inch equal to one foot with a perspective drawing, rendered in black and white.

The entire cost of building, as called for in these specifications, shall not exceed \$140,000.

The Armory Board reserves the right to reject any or all plans which may be offered if, for any reason, they deem it best to do so, and in case any plan is accepted as presented or with alterations or suggestions of the Armory Board, and it is subsequently found that

a contract satisfactory to the Armory Board can be made for the complete erection of the building as herein called for, for a sum, including the architect's fees, which shall not exceed the appropriation for the work, the architect presenting such plans shall be engaged for the work and his compensation for plans and superintendence shall be four per cent. of the amount of such contract.

The plans must be prepared with the view of inviting proposals for the erection of the building for a gross sum, and must be presented to the Committee on Plans, at this office, on or before March 1, 1893.

A map showing the site is on file in this office, and must be consulted by architects for such information as they may need in that respect.

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, January 18, 1893.

PROPOSALS TO SUPPLY PRINTED, LITHOGRAPHED OR STAMPED FORMS, BLANKS, PAMPHLETS AND STATIONERY, I. E., OFFICIAL WRITING PAPER AND ENVELOPES, TO THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK.

TO PRINTERS AND LITHOGRAPHERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Printed, Lithographed or Stamped Forms, Pamphlets, and Stationery, I. E., Official Writing Paper and Envelopes, etc., will be received at the office of the Supervisor of the City Record, in the City Hall, until 12 o'clock M. on Wednesday, the 1st day of February, 1893. The said estimates will be publicly opened and read at a meeting of the Board of City Record to be held in the Mayor's office at or about the time above-mentioned.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for Furnishing Printed, Lithographed or Stamped matter," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be TWO THOUSAND DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for all the printing, lithographing or stamping required by any department or court—all the District Courts being considered as one, the blanks, etc., being similar—unless there be an item involving more than five hundred dollars, or several items each involving the expenditure of a like sum, in which case a contract or contracts will be made with the lowest bidder or bidders on such item

or items, and the contract for the remainder of the work for the department will be awarded to the bidder ascertained to be lowest after the deduction of such item or items. The bids must, therefore, be in detail on the items required for a department or court.

The printed or lithographed blanks, etc., must be folded, and be put up in packages by the contractors, according to the directions of the Supervisor of the City Record, and the contractors must complete the delivery of the goods at the office of the City Record within ninety (90) days from the execution of the contracts.

As many of the printed forms would be made worthless by typographical errors, or by mistakes in the preparation of samples, proofs must be furnished, under an agreement that the contractors shall not be expected to make changes practically altering the character of forms.

Blanks, etc., must be dated "1893," unless otherwise marked; but those of the Bureau of Assessments in the Finance Department shall have only the date "1893."

Particular care must be taken that the names of the present incumbents of offices are put upon the blanks, etc., as, for instance, Thomas F. Gilroy, Mayor; Henry D. Purroy, County Clerk; Ferdinand Levy, Register; Michael T. Daly, Commissioner of Public Works; William J. McKenna, Coroner; William M. Hoes, Public Administrator.

The delivery of the work must begin within five days from the execution of the contracts, and be continued in such a manner that the immediate needs of the Departments shall be supplied.

DESCRIPTION OF ARTICLES.

For particulars as to the quantities and kinds of Printing and Lithographing, reference must be had to the samples and specifications on file in the Department of Public Works. The kinds of paper to be used are stated on the samples. Copies of the specifications may be procured from the Supervisor of the City Record.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

Bidders must distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet and so on until it be accepted and executed.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person in making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities and as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

lates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities and as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
