(10) RULE 38 AS AT PRESENT CONSTITUTED IS HEREBY STRICKEN OUT, AND THE FOLLOWING IS SUBSTITUTED THEREFOR:

Whenever a vacancy is to be filled in any position in Schedules B, C or D, above the lowest grade, and there is no appropriate or adequate eligible list for promotion, the Municipal Commission shall forthwith arrange to hold a competitive examination for promotion, limited to those persons who have served with fidelity for six months in the next lower grade, or for one year in the second lower grade, except as provided in Rule 54. On the request of an appointing officer the Commission may admit to such examination persons holding positions in three or more grades, providing such persons shall have served with fidelity for a period equivalent to service of six months for each of such grades, the reasons for such request to be set forth, in each case, in detail.

No promotion shall be made from a position in one class to a position in another class unless the same be specially authorized by the Municipal Commission; but a person employed in any classified position shall be admissible to the open competitive examination prescribed for original entrance to any other position.

[Whenever a vacancy is to be filled in any position in the competitive class above the lowest grade, the Municipal Commission shall forthwith arrange to hold a promotion examination limited to those persons who have for more than six months served with fidelity in the next lower grade in the same office, department or institution, provided that if there are no persons who have served with fidelity for six months in the next lower grade, or provided all persons in the next lower grade fail in any promotion examination, then all persons in the next lower grade who have served with fidelity for six months in the same office, department or institution, shall have the right to compete in said promotion examination. On the request of the appointing officer the Municipal Commission may permit persons occupying two or more of the next lower grades to compete for the promotion, reasons for such course being set forth in detail.

Whenever after due trial it is found not practicable to fill a vacancy in any position through promotion in the manner herein prescribed, such vacancy shall be filled by original appointment through competitive examination in accordance with the provisions of subdivision 2 of Rule 29.

No promotion can be made from a position in one class to a position in another class unless the same be specially authorized by the Municipal Commission, but a person employed in any position shall not, because of such appointment, be barred from the open competitive examination provided for original entrance to any other position.]

The test of actual service being the main factor for fitness in promotion, there shall be kept in every office continuous and comparative records of the efficiency, punctuality, attention and general good conduct of all persons employed therein. Such records shall at all times be open to inspection to the Municipal Commission for the purpose of verification, or otherwise, and if the same shall have been regularly and properly kept, they shall constitute one of the elements in such promotion examination, with such relative weight as shall be assigned to them by the Examining Board, subject to the approval of the Municipal Commission. If such records have not been regularly and properly kept the Chief Examiner shall prescribe such tests as to him may seem best calculated to determine the relative merit and fitness of persons entitled to enter the promotion examination, subject to the approval of the Municipal Commission.

On receiving the notification of an appointing officer that a vacancy exists which is to be filled by promotion, the Municipal Commission, after consultation with such officer, shall set the earliest date practicable for the examination required under this rule and shall publish the same, by notice, posted conspicuously in the department, office or institution in which such vacancy exists and communicated to those eligible for such examination.

[The appointing officer shall notify the Municipal Commission of any vacancy in a position in his office to be filled by promotion, and thereupon, after consultation with the appointing officer, the Municipal Commission shall direct a competitive examination of those entitled to enter the same under the provisions of this rule, and shall publish the same by notice, giving date and place, posted conspicuously in the office where such vacancy exists, and sent by mail to those eligible for such examination.]

No person shall be promoted from any position in Schedule G to any position classified as subject to competitive examination, unless such person shall have served the City creditably for a period of three years in the department in which he is employed, and then only when the promotion is in accordance with these rules, and is in the direct line of duty and according to grade, and the person named shall pass an

examination of the same character as required for original appointment to said position.

It shall be the duty of the officer or officers constituting the appointing power in the department in which a vacancy exists to make and forward to the Municipal Commission a certified copy of the record of the Department, showing the efficiency, character and conduct of every person in such inferior grade who desires to become an applicant for such promotion. The Municipal Commission shall not be bound to accept such certified copies as final, but may in their discretion call for the original records instead. The Municipal Commission or Examining Board shall have the right to call upon the appointing officer for further information upon any of the matters before them.

Whenever there are less than three persons eligible for promotion to fill a vacancy and willing to compete therefor, or whenever an appointing officer wishes to promote uniformly all persons in a particular grade entitled to compete, the person or persons nominated by him may be promoted to the next higher grade, upon a certificate of the facts and on passing a non-competitive examination, approved by the Commission.

[In the uniformed force of the Department of Street Cleaning, in the Borough of Queens, the Borough of Brooklyn and the Borough of Richmond, persons holding positions or places of Dump Boardman, Hostler, Sweeper, Driver, Assistant to Section Foreman, or Assistant to Stable Foreman, who have been employed in the Department of Street Cleaning in any of the aforesaid boroughs for a period of one year, shall be eligible for examination for promotion to the position of Assistant Dump Inspector, and in case there are no Assistant Dump Inspectors eligible for promotion, or none who desire to be examined for promotion, then the persons holding positions or places classified in Schedule G in the uniformed force of the Department of Street Cleaning, who have been employed in any of said boroughs for a period of one year, shall be eligible for promotion to the position of Dump Inspector, Tug and Scow Inspector, Assistant Stable Foreman, Stable Foreman, Section Foreman and Time Collector, until April 1, 1902, on and after which date the required term of service shall be three years.]
