October 8, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On October 4, 1918 (Cal. The President of the Borough of Manhattan, in his communication to the Board of Aldermen supporting his request, stated that the requested funds are necessary to provide teams and carts in the work of pavement repairs and basin cleaning for the balance of the year. He states that the deficit in these codes is caused by the delay, due to war conditions, in the delivery of motor apparatus intended for this work, and in expectation of which the 1918 budgetary appropriation was made.

The expenditures to date and balances in these accounts are as follows:

President, Borough of Queens—Approval of Contract for Repaving (Cal. No. 3).

(On October 4, 1918 (Cal. No. 50), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated September 25, 1918, from the Acting President, Borough of Queens, herein; and the following report of the Committee on Finance and Budget:

October 10, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The President of the Borough of Queens has requested permission to award a contract for repaving Fulton avenue and Main street from Stevens street to Van Alst avenue in the Astoria district of Long Island City (which is in the First Ward of the Borough), at an estimated cost of \$29,018.50. Of this amount, \$9,386.01 would be charged against the authorization of \$300,000 made for repaving, Borough of Queens, by the Board on July 1, 1918, and \$19,632.49 would be charged against the unencumbered balance of an authorization for repaving certain streets and avenues in the Borough of Queens, which was made by the Board of Estimate and Apportionment on February 9, 1917, thus providing for the cost of the contract which it is proposed to be awarded to the Uvalde Asphalt Company, which was the lowest bidder.

This matter was referred to the Committee on Finance and Budget, to whom an Assistant Engineer reported under date of October 8th, and in which he says that the streets in question in that part of the Borough of Queens known as Astoria are reported to be in extremely poor condition, and that the original pavement was sheet asphalt on old stone block foundation, which was paid for by assessment on adjoining property.

As the money is available in the manner requested by the Borough President and as the work seems to be necessary, the Committee on Finance and Budget hereby approves of and recommends that the permission to award the contract requested by the Borough President of Queens be granted and the resolution herewith submitted be adopted, which would authorize the use of the funds stated for the purpose of this proposed repaving contract. Yours truly,

CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

The following resolution was approved:

Resolved, That the Board of Estimate and Apportionment hereby grants permission and authorizes the President of the Borough of Queens to enter into a contract with the Uvalde Asphalt Paving Company for repaving with sheet asphalt on a concrete foundation the roadway of Fulton street and Main street, between Stevens street and Van Alst avenue, Borough of Queens, the cost to be chargeable as follows:

To Code C-P-Q, 10-B Repaving certain streets and avenues in the Borough of Queens	\$19,632 49
To Code C-P-Q, 10-E Corporate Stock for repaving streets in the Borough of Queens	9,386 01
	\$29,018 50

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and President of the Borough of Richmond—15.

From the Department of Finance.

President, Borough of Manhattan—Issue of Special Revenue Bonds (Cal. No. 5).

(On September 20, 1918 (Cal. No. 131), this matter was referred to the Comptroller.)

The Secretary presented a communication, dated August 5, 1918, from the Acting President, Borough of Manhattan, herein, and the following report of the Comptroller:

October 1, 1918.

To the Board of Estimate and Apportionment, The City of New York: Gentlemen—The President of the Borough of Manhattan in a communication dated August 5, 1918, Calendar No. 130, September 20, 1918, referred to the Comptroller, applied for an issue of special revenue bonds in the sum of \$276,066 to provide funds to meet an increase in wages for three Machinists' Helpers from \$3.25 per day to \$3.58 per day, to take effect June 1, 1918 (642 days at 43 cents per day), under Code 56TCR—1918—Personal Service, Wages Temporary Employees, Care of Highways, Asphalt Plant.

This request is based on two resolutions adopted by the Board of Estimate and Apportionment on June 28, 1918, which read as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments of the grade of position, in addition to those heretofore established, effective as of June 1, 1918, as follows:

Title	Rate Per Diem	Number of Incumbents

"Resolved, That the Board of Estimate and Apportionment hereby instructs the Secretary of the Board to notify the heads of City departments in which Machinists' Helpers are employed that the rate for such workmen has been fixed at: \$3.58 per diem, effective as of June 1, 1918, and to provide for compensation at that rate from date stated by application for authorization of special revenue bonds in the necessary amount or by reorganization of the working force, and for modification of schedules to meet the changes."

The Board of Aldermen on July 16, 1918, adopted a resolution approving and concurring in the resolution quoted first above and the Mayor duly approved such action.

In view of the above action, I am therefore this date directing the Chief Auditor of Accounts of the Department of Finance to provide the required funds by an issue of special revenue bonds in the sum of \$276,066, pursuant to the provisions of subdivision 7, section 188 of the Greater New York Charter. The adoption of the attached resolution will approve the revision of the schedules supporting Code 375 TCR—1918, providing for the increase of three Machinists' Helpers from \$3.25 to \$3.58 per day, 642 days, involving wage increases aggregating \$276,066 for the year 1918. Respectfully,

CHARLES L. CRAIG, Comptroller.

Affirmative—The Mayor, the Comptroller, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

Miscellaneous, New York City; City Chamberlain—Transfer of Appropriation (Cal. No. 6).

(On September 27, 1918 (Cal. No. 57-A), this matter was referred to the Comptroller.)

The Secretary presented a communication, dated September 18, 1918, from the Deputy City Chamberlain, herein, and the following report of the Comptroller:

October 7, 1918.

To the Board of Estimate and Apportionment, The City of New York: Gentlemen—In a communication dated September 18, 1918, No. 57a, Calendar of September 27, 1918, referred to the Comptroller, the City Chamberlain requested the transfer of \$500 to be used for the purchase of supplies for his office for the balance of the year.

The 1918 appropriation to the office of the Chamberlain for supplies was \$1,300, which was \$468.82 less than the actual disbursements for this account in 1917. There is a balance of only \$80 remaining in this account, and it is stated that this condition is due to the lack of sufficient appropriation and the increase in postage rates, which the supply account is mainly used for.

As there are no funds in the City Chamberlain's appropriations available for transfer, it is recommended that the sum of \$500 be transferred from Code 3052, Repairs and Replacements to Sidewalks, to the Supplies account of the City Chamberlain's appropriations.

The adoption of the attached resolution providing for the transfer of \$500 from Code 3052, Repairs and Replacements to Sidewalks, to the Supplies account of the City Chamberlain's office is hereby recommended.

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds within the appropriations for the year 1918, as follows:

FROM	
MISCELLANEOUS, NEW YORK CITY.

Miscellaneous, New York City; President, Borough of The Bronx—Transfer of Appropriation (Cal. No. 7).

(On October 4, 1918 (Cal. No. 88-D), this matter was referred to the Comptroller.)

The Secretary presented a communication dated September 27, 1918, from the President, Borough of The Bronx, herein, and the following report of the Comptroller:

October 8, 1918.

To the Board of Estimate and Apportionment, The City of New York: Gentlemen—In a communication to your Board dated September 27, 1918, Cal. No. 88d, October 4, 1918, referred to the Comptroller, the President of the Borough of The Bronx requests the transfer of \$6,350.50 from account 3052, Repairs and Replacement of Sidewalks, to account 490, Motor Vehicles and Equipment, to provide funds for the replacement of a five-ton motor truck.

It is explained by the Borough President that the five-ton truck it is desired to replace has been used mainly in the hauling of asphalt from the asphalt plant to the repair gangs; that this truck is in such poor condition that at least \$2,500 would be required to have it overhauled; that this matter was fully discussed at the hearing on the 1919 budget allowance; that the consensus of opinion was that

it would be bad policy to have the old truck repaired; and that it should be replaced by a new one as soon as possible.

The adoption of the attached resolution will effect the transfer desired. Respectfully,
CHARLES L. CRAIG, Comptroller.

(On September 20, 1918 (Cal. No. 144), this matter was referred to the Comptroller.)

The Secretary presented a communication dated July 19, 1918, from the President, Borough of The Bronx, herein; and the following report from the Comptroller:

October 1, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—The President, Borough of The Bronx, in a communication dated July 19, 1918, Cal. No. 144, September 20, 1918, referred to the Comptroller, applied for a modification of the schedule lines supporting Code 465, Wages, Regular Employees, Care of Sewers and Highways, in order to change the line "Mechanic's Helper, 1 at \$3.50 per day, 303 days, \$1,060.50," so it will provide for an increase of wages of said employee to \$3.68 per day, effective as of June 1, 1918, the increase involving \$31.86 being an increase of 18 cents per day for 177 days.

This request is based on two resolutions adopted by the Board of Estimate and Apportionment on June 28, 1918, which read as follows:

The Board of Aldermen on July 16, 1918, adopted a resolution approving and concurring in the resolution quoted first above, and the Mayor duly approved such action.

The adoption of the attached resolution will approve the revision of the schedules supporting Code 465, Personal Service, Wages, Regular Employees, Care of Sewers and Highways, providing for the increase of one mechanic's helper from \$3.50 to \$3.68 per diem, 177 days, involving a wage increase of \$31.86 for the year 1918. Department of Parks, Borough of The Bronx—Transfer of Appropriation and Modification of Schedule (Cal. No. 9).

(On September 20, 1918 (Cal. No. 220-I-3), this matter was referred to the Comptroller.)

The Secretary presented a communication dated August 26, 1918, from the Commissioner of Parks, Borough of The Bronx, herein; and the following report of the Comptroller:

October 1, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Under date of August 26, 1918, the Commissioner of Parks, Borough of The Bronx, requested the approval of your Board (Calendar No. 220-I-3 of September 20, 1918), to transfer \$240 from Code 3048, "City Fund for Salary and Wage Accruals from Schedule-Supported Appropriations to Be Expended as Provided in the Budget Resolutions herewith," to Code 1234, "Hire of Horses and Vehicles with Drivers," of the Department of Parks, The Bronx. This request was referred to the Comptroller for report.

The letter from the Commissioner explains that the additional funds are required in Code 1234 for the purpose of meeting a bill of the Union Paving Company for furnishing a steam road roller with Engineer in connection with the work of rolling the Boston post road from 182d street to White Plains avenue, in an emergency caused by the breakdown of the departmental steam roller. It appears that the present balance in Code 1234 is not sufficient to permit of carrying on the necessary work and meeting the bill referred to. In fact, I am advised that the Department is now preparing a request for further replenishment of this account for the reason that additional funds will be needed for teams.

It appears to me, however, that this extra expense should be met, if possible, by transfer from the accounts of the Department of Parks, rather than from Code 3048, and a sufficient balance is available in Code 1230, "Highway Materials." A modification of Contract No. 4908 which has been arranged for will release \$2,700 in that account, which the Commissioner of Parks advises, can be drawn upon to the extent of \$240, and still leave a sufficient balance to last for the remainder of the year.

I therefore submit a resolution, which if adopted by your Board will authorize the transfer of \$240 from Code 1230 to Code 1234, as well as resolution revising the schedule supporting the latter appropriation. Yours very truly,
CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the Department of Parks, Borough of The Bronx, for the year 1918, as follows:

Department of Parks, Borough of Queens—Transfer of Appropriation (Cal. No. 10).

(On September 20, 1918 (Cal. No. 220-H-1), this matter was referred to the Comptroller.)

The Secretary presented a communication dated August 19, 1918, from the Commissioner of Parks, Borough of Queens, herein; and the following report of the Comptroller:

October 7, 1918.

To the Board of Estimate and Apportionment, the City of New York:

Gentlemen—In a communication, dated August 19, 1918, No. 220-H-1, Calendar of September 20, 1918, referred to the Comptroller, the Commissioner of Parks, Borough of Queens, requested a transfer of \$130.47 within the 1918 appropriations to his office, as follows:

FROM	
1398 Repairs and Replacements	\$130 47
TO	
1399 Motor Vehicle Repairs	\$130 47

The Commissioner states that this request is necessary on account of the additional cost of repairs to auto truck over the amount appropriated for such work this year. The 1918 budget allowance for account 1399, Motor Truck Repairs, was \$250.00. The unexpended balance therein is \$147.99, and there is an outstanding bill of \$202.06 for repairing motor truck; it will be necessary to transfer \$130.47 instead of \$130.47 to liquidate it.

The adoption of the attached resolution providing for the transfer of \$130.47 is hereby recommended. Respectfully,
CHARLES L. CRAIG, Comptroller.

Department of Parks, Borough of Queens—Transfer of Appropriation (Cal. No. 11).

(On September 20, 1918 (Cal. No. 220-H-3), this matter was referred to the Comptroller.)

The Secretary presented a communication dated September 9, 1918, from the Commissioner of Parks, Borough of Queens, herein; and the following report of the Comptroller:

October 8, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated September 9, 1918, No. 220-H-3, Calendar of September 20, 1918, referred to the Comptroller, the Commissioner of Parks, Borough of Queens, requested the transfer of \$2,200 within the appropriations of his office for 1918, as follows:

FROM	
1395 Highway Materials	\$2,200 00
TO	
1383 Forage and Veterinary Supplies	\$950 00
1384 Fuel Supplies	950 00
1387 Motor Vehicle Supplies	300 00
	\$2,200 00

The Commissioner submits the following in support of his request:

The 1918 appropriation to Code 1363, Forage and Veterinary Supplies, was \$3,385, of which \$3,241.80 has been spent, leaving a balance therein of only \$143.20; that based on the per capita rate of \$1.05 per day for forage supplies for each horse, the sum of \$966 will be required to feed 10 horses from October 1, 1918, to December 31, 1918, and that the difference between the sum required for forage and the sum requested to be transferred plus the balance in this account is to be carried in case of increased cost of veterinary supplies.

That the 1918 appropriation to Code 1364, Fuel Supplies, was \$3,500, of which \$3,367.72 has been expended, leaving a balance therein of \$132.28; that he now has an opportunity to purchase 100 tons of coal needed for new buildings, greenhouses, etc., at \$2.50 per ton, and that he does not know whether or not he will be able to get this coal in a month from now.

That the 1918 appropriation for Code 1387, Motor Vehicle Supplies, was \$641, of which nothing remains, while there are bills outstanding amounting to \$120; that at least 600 gallons of gasoline will be required to operate auto trucks, engines, etc., until the end of this year; that at the rate of 24½ cents per gallon, it will cost \$147; and that \$33 will be required for oils, greases, etc.

It would appear from the foregoing that the transfer of \$2,200 requested is necessary for the transaction of the business of the Park Department, Borough of Queens, for the remainder of this year.

The adoption of the attached resolution providing for such transfer is therefore recommended. Respectfully,
CHARLES L. CRAIG, Comptroller.

Fire Department—Transfer of Appropriation (Cal. No. 13).

(On September 20, 1918 (Cal. No. 220-F), this matter was referred to the Comptroller.)

The Secretary presented a communication dated August 23, 1918, from the Fire Commissioner, herein; and the following report of the Comptroller:

October 5, 1918.

To the Board of Estimate and Apportionment, The City of New York:
Gentlemen—The Fire Commissioner in a communication dated August 23, 1918 (Calendar No. 221 of September 20, 1918, referred to the Comptroller), requested transfer of funds between appropriations made to the Fire Department for the year 1917.

The details brought out upon examination are as follows: In 1917 an order was issued to the Mott Fire Engine Company for delivery of spiral tubes at an estimated cost of \$900, chargeable to 1917 Code No. 1681, General Plant Supplies. Upon completion of the delivery a bill for \$968.43, dated February 21, 1918, was submitted. The account was twenty-four cents over encumbered after allowing for the order for \$900, and it is therefore necessary to make a transfer thereto in the sum of \$68.43 in order to provide for the excess amount of \$968.43 and over encumbrance of twenty-four cents.

Request is made for transfer to Code 1681—1917 Materials, of \$409.95. The available balance in this account is \$22.15. The following 1917 bills, chargeable to this account, are unpaid. Bills of the American La France Fire Engine Company, Inc., as follows:

Bill dated December 18, 1917	\$13 50
Bill dated December 24, 1917	364 60
Bill dated December 27, 1917	54 00
	\$432 10

The above bills were for plates, shafts, gears, plugs, etc., for fire engines. The requested transfer is to provide necessary funds to meet said bills.

Request is made for the transfer of \$152.61 to 1917 Code No. 1699—General Plant Service, the unencumbered balance in which is \$875. The transfer requested, with the present balance in the account, is to be used to pay the following 1917 bills for water for company headquarters in the Borough of Queens:

Queens County Water Co.	\$60 32
Citizens Water Supply Co.	101 24
	\$161 56

The total amount requested to be transferred is to be obtained from 1917 accounts, in which there are unencumbered balances, as follows:

Personal Service, Salaries Regular Employees.	
Fire Fighting—	
1655 Operation	\$182 04
Supplies.	
1675 Forage and Veterinary Supplies	17 21
1676 Fuel Supplies	430 53
1700 Contingencies	21 45
	\$630 23

The adoption of the attached resolution authorizing the transfer as requested will enable the Department to meet the outstanding liabilities referred to herein. Respectfully,
CHARLES L. CRAIG, Comptroller.

Tax and Appropriation Surplus and Deficiency Account; Fire Department—Transfer of Funds (Cal. No. 14).

(On September 20, 1918 (Cal. No. 184), this matter was referred to the Comptroller.)

The Secretary presented a communication dated July 24, 1918, from the Fire Commissioner requesting the transfer of \$36.49 from the Tax and Appropriation Surplus and Deficiency Account to funds within his appropriation for the year 1916; and a report of the Comptroller dated October 8, 1918, recommending the retransfer of the amount to accounts of the Fire Department for said year from the aforesaid account. The Comptroller withdrew the foregoing report.

Miscellaneous, New York City; Department of Public Charities—Transfer of Appropriation (Cal. No. 15).

(On September 20, 1918 (Cal. No. 220-M-2), this matter was referred to the Comptroller.)

The Secretary presented a communication dated September 11, 1918, from the Commissioner of Public Charities herein; and the following report of the Comptroller:

October 1, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On September 20, 1918 (Calendar No. 220-M-2), your Board referred to the Comptroller a communication from the Commissioner of the Department of Public Charities dated September 11, 1918, requesting \$47,000 additional funds to provide for a deficit in the account Code 1952—1918, Fuel Supplies.

The total estimate of the Department of Public Charities for fuel supplies for 1918, based on the prices prevailing when the budget was prepared, July, 1917, was \$480,244, less \$30,000, which it was stated would be saved by repairs to the boiler plant.

The Department states that this saving has been effected but there is a shortage in the account of about \$47,000. When the 1918 budget was prepared it was estimated that the Department could dispense with most of the steamboat service after April 1, 1918, but owing to the fact that the Central Storehouse Elevator has not yet been completed it will be necessary to operate all the steamboats during the entire year. The item allowed in 1918 for steamboats is 500 tons No. 1 buckwheat coal at \$6.50 a ton. The normal requirement to continue the boats in operation for the entire year is 4,600 tons, thus creating a deficit of 4,100 tons at \$6.50 per ton, or \$26,650.

The remainder of the shortage is due to the higher prices than were estimated in the 1918 budget. For instance, it was estimated that No. 3 buckwheat coal for Kings County Hospital could be purchased at \$5 per ton, whereas it was necessary to pay from \$5.95 to \$6.95 per ton; No. 1 buckwheat coal for City Hospital at \$6.50 per ton, whereas it cost from \$6.90 to \$7.29 a ton. In other instances, where the particular kind of coal desired was not obtainable it was necessary to substitute other coal. In the 1918 estimate the coal for the Municipal Lodging House is given as pea coal at \$7.50 per ton, whereas, it has been found necessary to purchase the following:

Egg coal, \$9.80 to \$10.65 per ton.
Stove, \$9.80 per ton.
Nut, \$9.80 to \$10.05.
Pea, \$7.85 to \$9.25.

It is estimated by the Department that the resulting shortage is about \$20,000, thus making the total deficit of about \$47,000.

The additional funds granted may be provided by transfer from Code 3052—1918, Repairs and Replacements to Sidewalks where there is sufficient balance available for this purpose.

The adoption of the attached resolution will effect the transfer requested.

Respectfully,
CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Department of Water Supply, Gas and Electricity—Transfer of Appropriation (Cal. No. 16).

(On September 20, 1918 (Cal. No. 220-Q), this matter was referred to the Comptroller.)

The Secretary presented a communication dated August 23, 1918, from the Commissioner of Water Supply, Gas and Electricity, herein; and the following report of the Comptroller:

October 1, 1918.

To the Board of Estimate and Apportionment, the City of New York:

Gentlemen—On September 20, 1918 (Cal. No. 220-Q), your Board referred to the Comptroller a communication, dated August 23, 1918, from the Commissioner of the Department of Water Supply, Gas and Electricity, requesting a transfer of \$2,201.09 from the 1918 budget appropriation for the purchase of chloride of lime, chlorine gas and copper sulphate, to the appropriation for motor vehicle materials, being the balance of the transfer requested on June 10, 1918 of \$4,406.19, half of which was authorized by a resolution of your Board adopted July 12, 1918.

The 1918 budget appropriation for motor vehicle materials was \$4,110, of which \$2,747 was out of tax levy funds and \$1,363 water revenue allowances which, with the transfers authorized, made the total funds available \$6,113.16. The expenditures down to September 26, 1918, have been \$4,698.70, leaving a balance of \$1,614.40, against which there are unissued orders amounting to \$800. The cost of motor vehicle materials for the Bureau of Water Supply for the year 1917 was \$3,231.12, against \$5,298.70 for the nine months of 1918. This increase is due to the advance in price of all materials, the unusual amount of repairs to department vehicles and the use of 149 cars this year as against 121 last year.

In view of the increased materials required during the nine months of this year as compared with the materials purchased during the prior year, it is recommended that the amount requested be transferred. There is an available balance in the appropriation for Chloride of Lime, Chlorine Gas and Copper Sulphate account from which the transfer can be made.

The adoption of the attached resolution will effect the transfer requested.

Respectfully,
CHARLES L. CRAIG, Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds within appropriations made to the Department of Water Supply, Gas and Electricity for the year 1918, as follows:

Register, New York County—Issue of Special Revenue Bonds (Cal. No. 17).
(On October 4, 1918 (Cal. No. 84), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a resolution adopted September 24, 1918, by the Board of Aldermen, herein, approved by his Honor the Mayor, September 30, 1918, and the following report of the Comptroller:

October 2, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On September 24, 1918, the Board of Aldermen adopted the following resolution and it was approved by the Mayor on September 30, 1918:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of fifteen hundred dollars (\$1,500), the proceeds whereof to be used by the Register of the County of New York for the purpose of purchasing materials and employing labor necessary in making alterations to the Ashokan gaging chamber near Brown's Station, N. Y., and other incidental labor expenses connected with the placing therein of a duplicate plant of the Register's office of New York County."

In support of his application for these special revenue bonds, the Register of New York County stated, under date of August 12, 1918, as follows:

"In response to a request made by the Register of New York County, and, acting on a report of the Deputy and Acting Comptroller, the Board of Estimate on October 26, 1917 (Calendar No. 96, City Record, 1917, page 9397), passed a resolution approving the transfer of funds appropriated for the year 1917 from salary and wage accruals to the Register of the County of New York, contingencies, \$2,000. The amount thus appropriated was designed to meet the expense of transportation of the duplicate real estate records of this office to a building in the Ashokan reservoir region, and the altering and fitting up with shelving of a building then selected by the Board of Water Supply. Since that time another building, the Ashokan gaging chamber, has been selected by the Board of Water Supply with the approval of the Department of Water Supply, Gas and Electricity, instead of the triangulation tower first suggested. The building now selected is easier of access, better lighted and safer for storage purposes than the triangulation tower. Under the authorization of the Board of Estimate, the sum appropriated was expended or encumbered in the year 1917, under contracts or supposed contracts, some of which had been filled or are in process of fulfillment. For boxes in which the records are stored, \$112.82 was expended; for steel shelving a contract for \$80.36 was made with the Art Metal Company, and the work has been completed, except the setting of the shelving in place, which awaits the necessary alterations to the building. For cartage, a contract for \$300 was made with the Smart Garage and Machine Company of Suffern, N. Y., and the boxes have been filled and stored, and the contractor is ready to complete fulfillment on the making of the alterations to the building. The sum of \$1,217.18 is covered by these expenditures or contracts."

"In addition, open market orders, 189 and 190, for \$900 each, were issued on December 26, 1917, to the Board of Water Supply for the purchasing of materials and the labor necessary for alterations in the building in which the records were to be stored. Those orders were accepted by the Board of Water Supply after consideration, and with the approval of the Department of Water Supply, Gas and Electricity, and it was presumed that the whole amount appropriated was thus encumbered before the end of the year of 1917. Since the present administration came into office, however, a question has arisen as to the right of the Board of Water Supply to accept such orders, which had to be filled by the making of subsidiary contracts in the year 1918, and the Comptroller, in a letter of July 30, 1918, informs this office that the money covering those orders must be transferred to the unencumbered balances for the year 1917. On account of this technical objection to the method of procedure, it will be necessary for the Register to make new contracts for the alteration of the building at the Ashokan reservoir. Estimates have been invited and it is believed that the work can be done for less than the amount of the open market orders given to the Board of Water Supply in December of 1917."

"It thus appears that the amount requested in this communication as an appropriation for contingencies in the Register's office is not a new appropriation, but a reappropriation of funds already granted by the Board of Estimate in the year 1917, and which it was believed had been encumbered and contracted for in that year. The amount which the Comptroller holds was not properly encumbered in last year's appropriation is returned to the city treasury, being the amount of \$1,782.82, and the smaller amount is now asked for to meet the same expenditure."

"It is not necessary at this time to go into the great importance of preserving a duplicate plant of the real estate records in the Register's office affecting property interests of many millions of dollars which would be endangered in case of fire or other damage to the Hall of Records. The City authorities have already passed upon the necessity of the expenditure of the small amount necessary for the preservation of the duplicate records and a large proportion of the money has already been spent."

"As the work must be done before the cold weather sets in, it is hoped that immediate action will be taken for the appropriation requested and for the necessary issue of revenue bonds by the city."

Upon the facts thus fully stated, the adoption of the attached resolution, concurring in the resolution of the Board of Aldermen, as above set forth, is recommended. Respectfully,

CHARLES L. CRAIG, Comptroller.

Hon. James P. Davenport appeared in favor.

On motion, Rule 19 was waived in this matter and the following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on September 24, 1918 and approved by the Mayor on September 30, 1918, requesting an issue of special revenue bonds in the sum of fifteen hundred dollars (\$1,500), the proceeds whereof to be used by the Register of the County of New York for the purpose of purchasing materials and employing labor necessary in making alterations to the Ashokan Gaging Chamber, near Brown's Station, N. Y., and other incidental expenses connected with the placing therein of a duplicate plant of the records of the Register's Office of New York County, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor, the Comptroller be and he hereby is authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding fifteen hundred dollars (\$1,500), redeemable from the tax levy of the year succeeding their issue.

October 7, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Mr. H. H. Reilly, Chief Clerk of the Surrogate's Court, County of Bronx, asks in his letter of September 24, 1918, to me, that \$800 be provided to permit the temporary employment of a Stenographer to take the place of the regular Stenographer of that Court, who is seriously ill and unlikely to resume his duties for some time. Mr. Reilly states that the approaching jury trials and many pending motions make necessary the appointment of the temporary Stenographer.

There is in the appropriation to Charitable Institutions, Bronx County, in the account entitled "3306, St. Joseph's Institute for the Improved Instruction of Deaf Mutes," \$800 which can be spared for the purpose above stated.

The attached resolutions provide for the transfer of the \$800 requested and for the modification of the salary schedule affected. Respectfully,

Register, Kings County—Transfer of Appropriation (Cal. No. 19).

(On September 27, 1918 (Cal. No. 57-D), this matter was referred to the Comptroller.)

The Secretary presented a communication, dated September 17, 1918, from the Register, Kings County, herein, and the following report of the Comptroller:

October 8, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication to your Board, dated September 19, 1918 (No. 57-d, Calendar of September 27, 1918), which was referred to the Comptroller, the Register of Kings County requested a transfer of \$50 from Accruals or some other available account to cover the expenses for telephone service for the remainder of the year as the balance in the telephone account is nearly exhausted.

The Register stated that his 1918 appropriation for telephone service is \$50 less than the sum appropriated for that account in 1917, and that 6,000 of the 7,000 calls allowed on his contract were used up on July 31, 1918. Based on the number of calls used in 1917, between August 1 and December 31, 1917, at least 2,000 additional calls will be required to conduct the business of his office, and at the rate of 2½ cents per call, at least \$50 will be required to pay for them.

In Code 3458, New York Institution for the Instruction of the Deaf and Dumb, there is a sufficient balance to permit of the transfer of \$50, and it is recommended that the transfer be made from this account instead of from Accruals.

The adoption of the attached resolution providing for the transfer requested from Code 3458 is hereby recommended.

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds within appropriations for the year 1918, to Kings County, as follows:

FROM

District Attorney, Queens County—Issue of Special Revenue Bonds (Cal. No. 20).

(On September 20, 1918 (Cal. No. 216), this matter was referred to the Comptroller.)

The Secretary presented a communication, dated August 16, 1918, from the District Attorney, Queens County, herein, and the following report of the Comptroller:

October 7, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated August 16, 1918, No. 216, Calendar of September 20, 1918, referred to the Comptroller, the District Attorney of Queens County requested an additional appropriation of \$48.43 for Code No. 3545, Extradition of Fugitive Criminals.

The District Attorney states that the 1918 budget allowance for this account was \$500. There is a balance of only \$14.76 remaining in this code; that there are two bills outstanding thereagainst amounting to \$63.19, and that the additional sum of \$48.43 is required to pay them.

As there are no funds in this office available for transfer, and as section 240 of the County Law makes these expenses mandatory charges, I have directed the Chief Auditor of Accounts of the Department of Finance to issue, pursuant to

subdivision 7, section 188, of the Charter, special revenue bonds to the amount of \$48.43, the proceeds thereof to be used for the purpose above stated. Hereto appended is a resolution providing for your approval of such procedure.

Respectfully,
CHARLES L. CRAIG, Comptroller.

Tax and Appropriation Surplus and Deficiency Account; Various City and County Departments—Transfer of Unencumbered Balances of Budget Appropriations from 1899 to 1916, Inclusive (Cal. No. 22).

The Secretary presented the following report of the Comptroller:

October 8, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—An examination of the appropriation accounts and the encumbrances recorded therein shows that there are unencumbered balances aggregating \$174,077.58 of appropriations of the years 1899 down to and including 1917 which are now available for transfer to the "Tax and Appropriation Surplus and Deficiency Account," and a revision of certain appropriation balances of 1913, 1915, 1916 and 1917, with supplemental encumbrances which have been registered therein shows that it will be necessary to re-transfer from the "Tax and Appropriation Surplus and Deficiency Account" the sum of \$4,729.27, which had been previously transferred thereto as unneeded balances of the particular appropriations affected.

For the purpose of authorizing, in accordance with section 237 of the Charter, the transfer of these unencumbered balances to the "Tax and Appropriation Surplus and Deficiency Account" and the re-transfer of the amounts referred to for the purpose of adjusting the accounts affected, I herewith submit a resolution which would authorize the transfer and the re-transfer respectively of the amounts stated, all of which are specifically enumerated in the resolution herewith submitted, the adoption of which would authorize the action recommended. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment does hereby authorize and approve the transfer, pursuant to section 237 of the Greater New York Charter, by the Comptroller to the "Tax and Appropriation Surplus and Deficiency Account" of the following unencumbered balances in budget appropriations for various years from 1899 to 1916 inclusive, amounting in the aggregate to one hundred and seventy-four thousand and seventy-seven dollars and fifty-eight cents (\$174,077.58); and the Board does also hereby approve of the retransfer by the Comptroller of amounts aggregating four thousand seven hundred and twenty-nine dollars and twenty-seven cents (\$4,729.27) to the following budget appropriation accounts from said Tax and Appropriation Surplus and Deficiency Account, which amounts had been previously transferred thereto from the budget appropriation accounts enumerated:

Title Guarantee and Trust Company (Assignee of Wlady Konop)—Claim of (Cal. No. 23).

The Secretary presented the following certificate of the Comptroller:

October 8, 1918.

To the Honorable, the Board of Estimate and Apportionment:

Sirs—Pursuant to section 246 of the Charter, I hereby certify that the Department of Correction of The City of New York has filed in the Department of Finance a payment voucher on the completion and acceptance of the work of Wlady Konop under his contract for installing locks, lock casing and housing for same at the City Prison, Queens, in the sum of \$1,350; that the Corporation Counsel has advised that the contract, in payment for which said voucher was prepared, is void, and that the voucher does not constitute a legal claim against the City; that no action has been instituted for the work, labor and materials furnished towards the performance of the contract which was entered into on August 20, 1917; that the claimant in good faith furnished the labor and material and installed 100 locks at the City Prison, Borough of Queens, and The City of New York is actually using the same; that the actual cost and outlay to the claimant in furnishing the locks and performing the work, for which no payment has been made, is \$1,213, which is the value of the benefit derived by the City therefrom; that it is equitable and proper for the City to adjust said claim in that sum notwithstanding its illegality and invalidity as against The City of New York, inasmuch as it has received value and a benefit from the same; that by an instrument executed by Wlady Konop on the 20th day of October, 1917, and filed in the Department of Finance on October 24, 1917, he transferred to the Title Guarantee and Trust Company of New York the sum of \$2,700 due or to grow due to him by reason of his contract for furnishing all the labor and material necessary to install new locks, lock casing and housing for same at the City Prison, Queens; that the sum of \$1,350 has been paid on account of said contract and that the said additional sum of \$1,213 should be paid to the said Title Guarantee & Trust Company pursuant to the assignment, provided it and Wlady Konop will accept the same in full settlement of this claim. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 246 of the Greater New York Charter, hereby determines that the City has received a benefit from Wlady Konop, and is justly and equitably obligated to pay to the Title Guarantee and Trust Company of New York, his assignee, without interest, the sum of \$1,213 for labor and services performed and materials supplied in the installation of 100 locks, lock cases and housing for the same at the City Prison, Borough of Queens, pursuant to a contract with the Department of Correction, entered into on August 20, 1917; that the same shall be paid in full satisfaction of the claim of Wlady Konop for \$1,350, alleged to be due him; that the interests of the City will be best subserved by the compromise of said claim in that amount and that such sum shall be paid only upon the execution by the Title Guarantee & Trust Company of New York and said Wlady Konop of full releases in favor of The City of New York in such form as may be approved by the Corporation Counsel; and the Comptroller is hereby authorized to pay said claim in the sum of \$1,213 from the appropriate fund available for the purpose.

Which was adopted by the following vote:

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette Street, New York, September 26, 1918.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—The Public Service Commission for the First District, pursuant to a resolution (a certified copy of which is transmitted herewith), adopted by it on the 24th day of September, 1918, transmits herewith for the consent of your Honorable Board a proposed agreement modifying the contract between The City of New York, acting by the Commission, and Walter Farrington and Charles H. Brown, a partnership, doing business under the firm name and style of Walter Farrington & Co., for the construction of station finish for parts of the Broadway-Fourth Avenue and Seventh Avenue-Lexington Avenue Rapid Transit Railroads, Route No. 33 (Sections Nos. 1, 2 and 3) and Route No. 48 (Section No. 3), so as to provide for the inclusion in the Schedule of Unit Prices in said Contract Schedule Items for cinder concrete to be substituted in place of gravel concrete in the finish on the train platforms and mezzanine floors of the stations of said portions of said rapid transit railroads.

The Chief Engineer of the Commission has reported that this substitution is necessary because of the great scarcity of gravel at the present time, due to the fact that it is being requisitioned by the Federal Government.

The Public Service Commission for the First District requests your Honorable Board to consent to the said proposed agreement herewith transmitted.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

(Seal.)

Resolved, That this Commission do and hereby does approve and adopt the proposed agreement modifying the contract between The City of New York, acting by this Commission, and Walter Farrington and Charles H. Brown, a partnership, doing business under the firm name and style of Walter Farrington & Co., for the construction of station finish for parts of the Broadway-Fourth Avenue and Seventh Avenue-Lexington Avenue Rapid Transit Railroads, Route No. 33 (Sections Nos. 1, 2 and 3) and Route No. 48 (Section No. 3), so as to provide for the inclusion in the Schedule of Unit Prices in said Contract Schedule Items for cinder concrete for finish on the train platforms and mezzanine floors, and that the Secretary of this Commission be and hereby is authorized and directed to transmit said proposed agreement to the Board of Estimate and Apportionment for the consent of said Board, and that the Chairman and Secretary of this Commission be and hereby are authorized and directed to execute and deliver said proposed agreement if and when so consented to by said Board and approved as to form by the Acting Corporation Counsel.

State of New York, County of New York, ss: I, James B. The foregoing agreement is hereby approved as to form.

Dated, New York, 1918.

October 8, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On September 24, 1918, the Public Service Commission for the First District adopted, subject to the consent of the Board of Estimate and Apportionment, a resolution approving a form of proposed agreement modifying the contract (No. 49-10) of Walter Farrington & Company for the construction of station finish on portions of the Broadway-Fourth Avenue and Seventh Avenue-Lexington Avenue Rapid Transit Railroads (Route 33, Sections 1 to 3, and Route 48, Section 3).

At the meeting of the Board of Estimate and Apportionment held October 4, 1918, this matter was referred to the Comptroller (Calendar No. 36).

The proposed agreement provides for the substitution of cinder concrete for gravel or broken stone concrete, modifying the schedule of Unit Prices set forth in Article XIX of the contract, by the insertion of items as follows:

Item 523 (h)—For 3-inch cement finish for train platforms and mezzanine floors, the 2-inch bottom layer to be composed of one (1) part of cement, two and one-half (2½) parts of sand and six (6) parts of thoroughly burned steam cinders, washed and free from ashes and dirt, and the 1-inch top layer to be composed of one (1) part cement and two (2) parts of sand, the sum of 12¼ cents per square foot.

Item 524 (h)—For foundation concrete for train platforms and mezzanine floors, composed of one (1) part of cement, two and one-half (2½) parts of sand and six (6) parts of thoroughly burned steam cinders, washed and free from ashes and dirt, the sum of \$7.25 per cubic yard.

The reason for the substitution of cinder concrete for gravel or broken stone concrete, advanced by the Engineers of the Commission, is that gravel is practically unobtainable due to the requirements of the Federal Government and the supply of broken stone is very limited and deliveries uncertain for the same reason.

The location where the cinder concrete is to be used does not require a concrete of any great structural strength and the cinder concrete will satisfactorily meet all requirements. The use of the cinder concrete will result in a probable saving of approximately \$700.

Being advised that the substitution of cinder concrete for gravel or broken stone concrete is necessary and that the prices fixed by the agreement are reasonable I recommend the adoption of the attached resolution approving the request.

Respectfully,

CHARLES L. CRAIG, Comptroller.

The following was offered:

Whereas, On March 15, 1918, the Board of Estimate and Apportionment authorized the awarding of a contract by the City, acting by the Public Service Commission for the First District, to Walter Farrington & Company for the construction of station finish on portions of the Broadway-Fourth Avenue and Seventh Avenue-Lexington Avenue Rapid Transit Railroads, known as Route No. 33, Sections No. 1 to No. 3, and Route No. 48, Section No. 3; and

Whereas, On September 26, 1918, the Public Service Commission for the First District formally requested the Board of Estimate and Apportionment to consent to a proposed agreement modifying said contract with Walter Farrington & Company so as to provide for the substitution of cinder concrete in place of gravel or broken stone concrete for finish on the train platforms and mezzanine floors, for the reasons

that gravel is practically unobtainable, due to the requirements of the Federal Government and that broken stone can only be had in very limited quantities; and

Whereas, It is stated that the substitution of cinder concrete for the purpose described would in no wise impair the efficiency of the work and that its use will expedite the completion of the work on said contract because neither gravel nor broken stone can be obtained within a reasonable time, in addition to which there will probably be an approximate saving of seven hundred dollars (\$700); therefore, be it

Resolved, That the Board of Estimate and Apportionment does hereby consent to and approve of the proposed modifying agreement with respect to the substitution of cinder concrete in place of gravel or broken stone concrete, as more particularly described in the proposed modifying agreement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

(On October 4, 1918 (Cal. No. 37), this matter was referred to the Comptroller.)

The Public Service Commission for the First District requests your Honorable Board to consent to such proposed contract herewith transmitted and to prescribe a limit to the amount of bonds available to meet the requirements of the City in executing said proposed contract, to wit, the sum of forty-eight thousand seven hundred twenty dollars and twenty-five cents (\$48,720.25), and also to direct the Comptroller of The City of New York to issue the bonds of said City at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe for the purpose of providing the necessary means to meet the City's obligations under said proposed contract, to wit, the sum of forty-eight thousand seven hundred twenty dollars and twenty-five cents (\$48,720.25).

The Public Service Commission for the First District does hereby, pursuant to section 45 of the Greater New York Charter, make requisition for the authorization of Corporate Stock for the full amount sufficient to pay the entire estimated expense of the City in executing said proposed contract, to wit, the sum of forty-eight thousand seven hundred and twenty dollars and twenty-five cents (\$48,720.25), said requisition to be charged to the appropriations heretofore made by your Honorable Board for the purpose of carrying out the contract dated March 19, 1913, between The City of New York, acting by this Commission, and Interborough Rapid Transit Company, known as Contract No. 3.

In witness whereof, the Public Service Commission for the First District has caused its official seal to be hereto affixed and these presents to be signed by its Secretary, this 26th day of September, 1918.

COMMUNICATIONS, PETITIONS, ETC.

From Citizens and Public Bodies.

Fifth Avenue Coach Company (Cal. No. 28).

Consent granted Fifth Avenue Coach Company to temporarily operate stages or omnibuses for public use in the conveyance of persons or property upon certain streets and avenues in the Borough of Manhattan.

The Secretary presented the following:

October 7, 1918.

Board of Estimate and Apportionment, Municipal Building, New York City:

Dear Sirs—The temporary license for the operation of buses upon Washington Heights and other streets by the Fifth Avenue Coach Company, which was granted by your Board on April 12, 1918, expires on the 15th instant. This license was accepted by the Company April 18, 1918, at the instance of the property owners and residents upon Washington Heights and other streets, but with the reservation on the part of the Company, as stated in its formal acceptance of the license, that it could only give such service as was found to be practicable for it to give without prejudice to the obligation assumed by the Company in the matter of service required under its existing franchises.

At the time the extension was granted it was assumed that some disposition might be made by your Honorable Board before the expiration of the license period of the application of the Company for extension of routes which have been and are still urged by property owners of this and other sections of the city. In view of the fact that no action has been taken by your Board in the matter we are in receipt of constant advice from the property owners and residents urging strenuously a further extension of the license in question, particularly in view of the congested condition of all transportation facilities in the City of New York, owing in part to the great industrial activity in the city due to the war. Accordingly, we avail ourselves of the opportunity to state to your Board that we are willing, as requested by the property owners and residents, to accept a further extension of the license which expires on the 15th instant, the same to continue in force as a temporary license, subject, however, to termination at any time on sixty days' written notice to the Company.

We therefore suggest, in view of the requests now being urged by the property owners and residents, that this matter be placed on the calendar of the Board of Estimate for Friday the 11th instant and that a determination be duly made by your Honorable Board.

Following are the portions of streets and avenues involved:

31st street, from 5th avenue to 8th avenue; 8th avenue, from 31st street to 33d street; 33d street, from 8th avenue to 7th avenue; 7th avenue, from 33d street to 31st street; said 31st street to be used for westbound operation only; said 8th avenue to be used for northbound operation only; said 33d street to be used for eastbound operation only; said 7th avenue, from 33d street to 31st street, to be used for north and south bound operation; Broadway, from 135th street to 169th street; St. Nicholas avenue, from St. Nicholas place, at or near 149th street, to Wadsworth avenue, at or near 154th street; Edgecombe road, from 155th street to 167th street; 167th street, from Edgecombe road to Broadway. Respectfully submitted,

FIFTH AVENUE COACH COMPANY, J. A. RICHMAN, President.

William H. Page, counsel for the company, and Reginald Pelham Bohon appeared in favor. Stewart Browne also appeared.

The following resolution was offered:

Resolved, That the consent of the Board be and the same is hereby given, subject to the terms and conditions hereinafter set forth, to the Fifth Avenue Coach Company to temporarily operate stages or omnibuses for public use in the conveyance of persons and property upon the following portions of streets and avenues:

31st street from 5th avenue to 8th avenue; 8th avenue from 31st street to 33d street; 33d street from 8th avenue to 7th avenue; 7th avenue from 33d street to 31st street; said 31st street to be used for westbound operation only; said 8th avenue to be used for northbound operation only; said 33d street to be used for eastbound operation only; Broadway from 135th street to 169th street; St. Nicholas avenue from St. Nicholas place at or near 149th street to Wadsworth avenue at or near 154th street; Edgecombe road from 155th street to 167th street; 167th street from Edgecombe road to Broadway.

The terms and conditions upon which the said consent is herewith given are as follows:

1. This consent shall take effect and be in force on October 15, 1918, and shall continue only during the pleasure of the Board of Estimate and Apportionment, and shall be revocable immediately upon notice by said Board, in writing, to the said Company, and thereupon all rights of the said Company in or upon said streets, by virtue of this consent, shall cease and determine.

2. The Company shall pay into the Treasury of The City of New York the sum of one hundred dollars (\$100), to cover the cost of examination and report with respect to this consent, and also a sum which shall be equal to five per cent. of the gross receipts from the operation hereunder. For the purpose of this provision, it shall not be necessary for the Company to separate the gross receipts derived from the operation hereunder from the gross receipts derived from other operations of the Company upon which the Company is required to pay five (5) per cent. of its gross receipts, but the Company shall, in the report of the gross receipts from its other lines to the Comptroller, include the gross receipts from the operation hereunder.

Such payments shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid under any ordinance of The City of New York, or by any law of the State of New York.

3. As long as this consent is in force, the said Company shall operate its vehicles in an easterly direction only, through West 33d street between 7th and 5th avenues.

4. All vehicles which shall be used in the operation of said routes shall conform with all laws and ordinances with respect thereto.

5. The Company shall permit the Comptroller of the City to inspect all books and records of the Company for the purpose of ascertaining the amounts due to the City hereunder.

6. This consent is upon the express condition that the sum of ten thousand dollars (\$10,000), heretofore deposited with the Comptroller of the City by the Company, under and pursuant to a consent given to the Company by the Board by resolution adopted March 30, 1917, permitting the Company to operate stages or omnibuses for the conveyance of persons upon certain streets and avenues in the Borough of Manhattan from the existing lines of the Company to the intersection of 168th street and Broadway, and now on deposit with the Comptroller, shall remain on deposit with the Comptroller during the term of this consent, which fund shall be security for the performance of all the terms and conditions of this consent.

In case of default in the performance by the Company of any of the terms and conditions of this consent, The City of New York shall have the right to make good or cause to be made good any damage which may result from such default on the part of the Company, after ten (10) days' notice in writing, and shall collect the reasonable cost thereof from said fund, without legal proceedings, or, in case of default in the payment of the charge for the privilege, shall collect the same from such fund, with interest, after ten (10) days' notice, in writing, to the Company.

In case of any draft so made upon the security fund, the Company shall, upon thirty (30) days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of ten thousand dollars (\$10,000), and in default of the payment thereof, the consent hereby given shall forthwith cease. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

7. This consent is granted on the further condition that it shall not be construed or deemed to recognize in or give to the Company any right or claim other than the permission hereby granted, the status of the City and the Company and its franchise rights, if any, to remain entirely unaffected by the granting or acceptance hereof.

8. Law Department, Office of the Corporation Counsel, New York, October 3, 1938.

Board of Estimate and Apportionment of The City of New York:

Sirs—I have received a communication under date of August 13, 1938, signed by Joseph Haag, Secretary, enclosing a certified copy of a resolution adopted by the Board of Estimate and Apportionment on August 9, 1938, reading as follows:

"Resolved, By the Board of Estimate and Apportionment, that the Corporation Counsel be requested to apply to the Court for an order suspending the proceedings for further acquisition of real estate for the Bronx Parkway during the period of the war, and that the Bronx Parkway Commission be requested to join with the Corporation Counsel in that application."

I have had several conferences with Mr. William W. Niles, the Vice-President of the Bronx Parkway Commission, with respect to the subject matter of said resolution, and have been furnished by him with certain information relative to the acquisition of real property by the Bronx Parkway Commission, both by purchase and condemnation, from which the situation in respect thereto seems to be as follows:

In four condemnation proceedings title to the property involved has vested and awards thereon have been made and confirmed, aggregating, with costs, expenses and interest to a period of three months after the date of the order of confirmation, the sum of \$1,686,152.

Seventeen condemnation proceedings are pending in which title has vested, but in which reports have not been made by the Commissioners of Appraisal appointed by the Court for that purpose. The probable amount of awards, costs, expenses and interest in such proceedings is estimated by Mr. Niles at the aggregate sum of \$1,140,966.27.

A contract for the purchase of one parcel for the sum of \$32,000 has been entered into by the Commission with the Castle Heights Water Company, owner of the property, and the money to complete the purchase has been appropriated. One other proceeding has been instituted, and an application to the Court for the appointment of Commissioners has been granted, but the order appointing Commissioners has not as yet been entered. Title to the property sought to be acquired in that proceeding has therefore not vested.

Certain negotiations with the owners have been had by the Commission looking toward the purchase of other parcels of property, but contracts have not as yet been entered into.

The Commission has promised to furnish me at once with certain detailed and necessary information which I desire before taking any action which I may deem necessary in order to comply with your resolution. Upon receipt of such information I will submit to you a further report relative to the matter. Respectfully yours,

WILLIAM P. BURR, Corporation Counsel.

Jamaica Avenue and Farmers Avenue, from Winsted Avenue to the Point Where Farmers Avenue Crosses the Long Island Railroad, Borough of Queens—Proposed Amendment to Use District Map, Section No. 15 (Cal. No. 76).

The Secretary presented a report, dated July 1, 1918, of the Committee on City Plan and Public Improvements, relative to the proposed amendment, which was referred to the Committee February 21, 1918 (Cal. No. 58), stating that the Committee is advised that several high class manufactories would be located along the southerly side of Jamaica Avenue in case the restriction was modified. The Local Board of the district adopted a resolution approving this change but only on condition that the abutting owners agree that no building on the south side of Jamaica Avenue, between Winsted Avenue and Stanbury's Mill, shall extend nearer than 10 feet from the present street lines; this restriction to cover a period of five years. Owing to the proximity of the Long Island Railroad tracks and the junction of two divisions of this railroad, the locality seems well adapted to such use and the Committee believed that a public hearing should be given on the proposed change with the proviso as to setback which is included in the Local Board resolution.

(The hearing in the matter was fixed for September 20, 1918, by resolution adopted July 12, 1918 (Cal. No. 18), and was duly advertised. On September 20, 1918 (Cal. No. 34), the hearing was continued to September 27, 1918. On the latter date (Cal. No. 7), the hearing was closed and the matter laid over until this meeting, to enable the abutting property owners to present a stipulation, properly executed, agreeing to abide by the conditions recommended in the report of the Committee on City Plan and Public Improvements.)

The Secretary also presented a stipulation of the Cedarlyn Corporation and the Printing Industries Corporation.

The matter was laid over two weeks (October 25, 1918), pending approval of stipulation as to form by the Corporation Counsel.

Public Service Commission for the First District—Agreement Modifying Contract No. 3 for Performance of Work by Interborough Rapid Transit Company of Constructing Connections Between Existing Rapid Transit Lines and New Lines to Be Operated by Said Company, and Issue of Corporate Stock Therefor (Cal. No. 77).

(On October 5, 1917 (Cal. No. 115), the Board adopted a resolution consenting to and approving of an agreement providing for the performance of the work herein, the cost of which was to be paid by the Interborough Rapid Transit Company out of its contribution of \$58,000,000 towards the cost of construction under rapid transit contract No. 3.)

(On March 1, 1918 (Cal. No. 89), a communication dated February 20, 1918, from the Public Service Commission submitting modifying agreement was presented to the Board and referred to the Comptroller, as was also on March 28, 1918 (Cal. No. 73), a communication dated March 25, 1918, from the Public Service Commission, urging action on this proposed modifying agreement.)

(On May 24, 1918 (Cal. No. 66), a report of the Comptroller was presented and approved, requesting the Public Service Commission to furnish to the Board certain information relative to this matter; and referring it to the Corporation Counsel with request to advise the Board what rights and remedies the City has in the premises.)

(On May 27, 1918 (Cal. No. 1), the Corporation Counsel was requested to confer with the Comptroller and the Public Service Commission relative to the insertion in the proposed modification of Contract No. 3 of a clause designed to further protect the rights of the City.)

(On May 28, 1918 (Cal. No. 1), in conformity to the action of the Public Service Commission, the Board rescinded its resolution of October 5, 1917, approving agreement No. 7, modifying Contract No. 3, by which the Interborough Rapid Transit Company was to pay for the work in question, and adopted a resolution approving the new agreement and appropriating \$300,000 corporate stock to meet the cost of this work.)

The Secretary presented a report, dated September 27, 1918, of the Corporation Counsel, relative to this matter.

The Corporation Counsel wishes to be advised whether the Public Service Commission has submitted to the Board the report requested, as, in the absence of such report, he is without the necessary information to properly pass upon the matters set forth in the Comptroller's communication to the Board.

(On October 4, 1918 (Cal. No. 25), the above mentioned report of the Corporation Counsel was presented and the matter was laid over until this meeting.)

William Fuller, representing the Public Service Commission for the First District, appeared.

The matter was laid over two weeks (October 25, 1918).

Municipal Courts—Issue of Special Revenue Bonds (Cal. No. 78).

(On August 9, 1918 (Cal. No. 66), this matter was referred to the Comptroller; on September 27, 1918 (Cal. No. 21), it was laid over one week, under Rule 19, and on October 4, 1918 (Cal. No. 92), the matter was laid over until this meeting.)

The Secretary presented a resolution adopted July 16, 1918, by the Board of Aldermen, herein approved July 26, 1918, by his Honor, the Mayor, and the following report of the Comptroller:

September 17, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On July 16, 1918, the Board of Aldermen adopted the following resolution, which was approved by the Mayor on July 26, 1918:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of two thousand five hundred dollars (\$2,500), the proceeds whereof to be used by the Board of Justices, Municipal Courts, for the purpose of purchasing equipment; all obligations contracted for hereunder to be incurred on or before December 31, 1918."

The 1918 allowance to the Municipal Courts for the purchase of equipment was \$6,643, of which \$6,602.24 has been spent, leaving therein a balance of only \$40.76. The auditor of these courts states that there are bills amounting to \$935.35 outstanding for law books; that the purpose of the request is to pay these bills and to provide funds for the purchase of law books for the twenty-six (26) Municipal Court Libraries for the period between July 1 and December 31, 1918, at an estimated cost of about \$1,600.

The auditor further states that in the early part of 1918, when the 7th District Municipal Court of Manhattan moved to its present quarters, No. 360 West 125th Street, Borough of Manhattan, \$2,565 was expended from the equipment account to supply its necessary fittings, furnishings, etc., no allowance having been made in the 1918 appropriation to cover this expense, and that this accounts for the present deficit in the equipment account.

It would appear from the foregoing that \$2,500 will be required by the Board of Justices of the Municipal Courts to meet the outstanding bills and to provide funds for the purchase of new law books. The adoption of the attached resolution, approving of the resolution adopted by the Board of Aldermen on July 16, 1918, is, therefore, recommended. Respectfully submitted,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on July 16, 1918, and approved by the Mayor on July 26, 1918, requesting an issue of special revenue bonds in the sum of two thousand five hundred dollars (\$2,500), the proceeds whereof to be used by the Board of Justices, Municipal Courts, for the purpose of purchasing equipment, be and it is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor the Comptroller be and he is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding two thousand five hundred dollars (\$2,500), redeemable from the tax levy of the year succeeding the year of their issue, provided that all obligations contracted for hereunder are to be incurred on or before December 31, 1918.

Which was adopted by the following vote:

The following matters not on the Calendar for this day were considered by unanimous consent:

President, Borough of Richmond—Transfer of Appropriation (Cal. No. 79).

The Secretary presented a communication dated October 11, 1918, from the President, Borough of Richmond, requesting transfer of \$7,500 to the account for motor vehicle equipment.

Health Department—Additional Appropriation for Controlling "Spanish Influenza" (Cal. No. 80).

(On September 27, 1918 (Cal. No. 71), an appropriation of \$25,000 was authorized for this purpose.)

The Secretary presented the following:

Department of Health, City of New York, 139 Centre Street, October 9, 1918.

Board of Estimate and Apportionment, Municipal Building, City:

Gentlemen—Acting for and in behalf of the Board of Health of the Department of Health of The City of New York, I respectfully request your Honorable Board to appropriate immediately an additional sum of \$55,000, to be expended for the purpose of controlling Spanish influenza and pneumonia, subject to such restrictions and limitations as your Honorable Board may prescribe.

Section 1177 of the Charter provides for the compensation of Special Inspectors, Physicians and Nurses, and for supplies and contingencies as may be at any time appropriated by the Board of Estimate and Apportionment for the prevention of danger from contagious or infectious diseases found to exist in the City of New York, and for the care of persons exposed to danger from contagious or infectious diseases, in excess of the annual appropriation.

The war conditions have taken from the City thousands of nurses and other hundreds of nurses are themselves sick with influenza and pneumonia. Thousands of our citizens are likewise afflicted. It devolves upon The City of New York, through its Board of Health, to make provision for the care of these people. You have already most generously placed at our disposal \$25,000. I trust that it will be unnecessary to expend all of the additional sum asked for to-day, but we must have these funds at command in order to go forward with the work. Respectfully,

ROYAL S. COPELAND, Commissioner.

On motion, Rule 19 was waived in this matter, and the following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 1177 of the Greater New York Charter, hereby appropriates an additional sum of \$55,000 to be used by the Department of Health for the purpose of controlling the spread of "Spanish influenza" and pneumonia, the said sum to be raised by the issuance by the Comptroller of special revenue bonds under subdivision 9 of section 188 of the said Charter.

Dated May 22, recommending that the Commission deny the request of the Board of Inebriety, under date of May 15, that an examination be held for the position of Correction Officer, in view of the fact that thirty-eight names still remain upon the eligible list of Prison Keeper (Correction Officer); and recommending further that the Department be advised that in the event of a vacancy in the position in the institution at Warwick, N. Dated May 22, stating that attention had been called to the fact that Edwin T. Aiken, Jr., who was appointed as Janitor in the Department of Education on Jan. 10, 1917, at an annual salary of \$732, had been transferred to Public School 143 in Brooklyn at an annual salary of \$1,600, and that such assignment was irregular, as the latter school required the services of a Janitor-Engineer and the duties performed were not in accordance with the title of Janitor. The report recommended that the Department of Education be requested to inform the Commission if the school mentioned contained a high-pressure heating plant or moving machinery requiring the services of a Janitor-Engineer, in which case the payroll of Mr. Aiken could not be passed under the title of Janitor.

Dated May 23, relative to the request of the Secretary of the Borough of Manhattan that the promotion list of Fourth Grade Clerk certified on May 16 be subdivided by placing the names of Francis M. Robinson, Robert L. McNichol and Herman Kahn on a list for the Bureau of Highways, leaving the remainder of the names on the list for the Bureau of Administration. The report recommended that the request be denied for the reason that it had not been shown that the clerks mentioned had been actually employed in the Bureau of General Administration on the date of the mental examination; and for the further reason that such action would create a list for the Bureau of Highways, for which no examination had been ordered and in which there might have been other clerks eligible who had not had an opportunity to compete.

The recommendations were approved.

JOHN H. DELANEY, Commissioner.

Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held at Bellevue Hospital on Friday, Sept. 27, 1918, at 3:30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. O'Keefe, Stern and Farley, Trustees. Excused—Mr. Paulding and Mr. Wright, Trustees, and Mr. Coler, Commissioner of the Department of Public Charities, ex-officio.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows: The papers yesterday reported the death of Captain Rae W. Whidden, who held the position of Visiting Physician on the Tuberculosis Services of this hospital.

At the request of the authorities of the Brooklyn Navy Yard, we admitted 30 sailors suffering from pneumonia and Spanish influenza. One of the patients died yesterday and three of them are still in a serious condition; the others are doing well.

Dr. Vosburgh, one of the two remaining Resident Alienists, received his orders from the Surgeon General yesterday, to report for military service on Oct. 6.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent, as follows:

It was resolved to extend to the family of Dr. Whidden the sincere condolences of the Trustees on the death of Dr. Whidden.

The admission of sailors suffering from pneumonia and Spanish influenza was noted.

It was resolved, to grant Dr. Vosburgh an indefinite leave of absence without salary, on account of military service, to date from Oct. 6, 1918.

COMMITTEE REPORTS.

Dr. Brannan presented a tabulation of bids received at the Office of the Central Purchase Committee on Tuesday, Sept. 24, for canned goods and groceries, and on Sept. 26 for meats. On the recommendation of the Committee on Supplies, based upon a report from the Purchasing Agent to the General Medical Superintendent, contracts were awarded to the low formal bidders on all lines except line 183, on schedule of canned goods and groceries on which an error was made at the Cen-

tral Purchase Committee. Bids on this item were rejected.

Reference was made to a letter from the Comptroller, dated Sept. 20, in regard to the Trustees' request to the Board of Estimate and Apportionment for \$12,000 for corporate stock for the construction of the enclosed bridge across Gouverneur Slip. After discussion and consideration, it was resolved to inform the Comptroller that the construction of the bridge is not alone desirable but necessary for the proper administration of the hospital and the Out Patient Department, but in view of the report of the Chairman of the Priorities Committee of the War Industries Board, the Trustees believe that it would be to the best interests of the nation if the construction of this bridge would be deferred until after the conclusion of the war.

Dr. Brannan and Mr. O'Keefe reported that they had represented the department at the adjourned hearing before the subcommittee of the Board of Estimate held on Thursday, Sept. 26, on the budget for Bellevue and Allied Hospitals for 1919.

On motion, duly seconded and carried, it was resolved to request the Sinking Fund Commission to renew the lease for one year from Jan. 1, 1919, with the privilege of renewal, at a rental of \$900 a year of the premises at 197 Monroe st., which are used as a residence for the nurses of Gouverneur Hospital.

Reference was made to three bills, dated Sept. 23, from Mr. Raymond F. Almirall for professional services rendered in connection with the extension to the main building at Fordham Hospital, the construction of the north roof ward, and in regard to the contemplated construction of wooden buildings, which bills were referred to the Building Committee for proper attention.

Reference was made to the contemplated drive among the employees of the department for the sale of the Fourth Liberty Loan Bonds.

Dr. Brannan reported that he had learned from Mr. Sachs that he had sent a letter to the Mayor resigning as a Trustee of Bellevue and Allied Hospitals and that the Mayor had accepted his resignation. After consideration, it was moved, seconded and carried to instruct the Secretary to convey to Mr. Sachs his sincere regret at his severing his relations from the Board of Trustees of the hospitals of the department, and to extend to him their appreciation of his valued services since the creation of the department in 1902.

COMMUNICATIONS.

The General Medical Superintendent presented a letter, dated Sept. 20, from Dr. Symmers, Acting Director of Laboratories, reporting that Ernest Goetz, who has been on continuous service at Bellevue Hospital, as Hospital Helper since 1881, wishes to retire on pension and recommends that the request be approved. On motion, duly seconded and carried, it was resolved to request the Board of Estimate and Apportionment to give favorable consideration to the application for retirement on pension.

Dr. Brannan referred to a letter, dated Sept. 23, from Mayor Hylan in regard to the methods to be followed in City departments in dealing with employees, a copy of which letter was sent to each member of the Board.

The minutes of the Medical Board of Harlem Hospital for Sept. 17, were presented. The recommendation regarding the appointment of a Director and a Technician for the Pathological Department were considered. Application was made in the departmental estimate for 1919 for a salary for a Pathologist, this place having been allowed by the Board of Estimate in the budget for 1918, which subsequently was denied by the Board of Aldermen. The General Medical Super-

intendent was requested to see what could be done to provide a Technician from the budget appropriation, the budget now being under consideration by the Board of Estimate and Apportionment. The report regarding the shortage of internes and the recommendation that the action of the Hospital Conference Committee taken on Aug. 26, be endorsed, to include hospitals as an "instrument of public service" was noted, the subject having been previously considered by the Trustees on Sept. 5 and 9. As a result the War Industries Board has placed hospitals in Class I of the essential occupation group, which also includes munition factories, shipyards, air-craft industries, etc., and the General Medical Superintendent was authorized to certify to the Local Boards the need of particular men for the administration of the hospitals of the department when the men are called upon to file their questionnaires.

Consideration was given to a letter dated Sept. 23, from Dr. Oscar M. Schloss, resigning as Visiting Physician, Pediatric Service at Bellevue Hospital, informing the Trustees that he had accepted an appointment on Dr. Holt's service at the Babies' Hospital and that it will be impossible to continue as Visiting Physician at Bellevue. On motion, duly seconded and carried, this resignation was accepted with sincere regret.

A letter, dated Sept. 25, was presented from Dr. T. W. Hastings, stating that he has been honorably discharged from military service on account of physical disability, which also makes it impossible for him to attend to his professional duties this fall and winter, as Assistant Visiting Physician, Bellevue Hospital. After consideration, it was moved, seconded and carried to grant Dr. Hastings an indefinite leave of absence, on account of illness.

A motion to adjourn the meeting was moved, seconded and carried.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in full the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$10, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unimpaired at the expiration of the contract period.

The purchaser shall not lease, occupy, cause, or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, shafts, walls, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curbs in front of said buildings, extending within the described area, shall be torn down and removed from the premises. Note of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the premises must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions, being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signals by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All burials, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money in corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 401 of the Greater New York Charter.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inscribing the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to include the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
