The communication and form of preamble and resolution in relation to the proposed increase of compensation to be paid to employees in the Department of Street Cleaning, as provided by section 1, chapter 426 of the Laws of 1897, submitted by the Commissioner of Street Cleaning at a meeting of this Board held June 22, 1897, was called up for consideration, as follows:

Whereas, section 1, chapter 426, Laws of 1897, provides that:

Debate was had thereon, whereupon the Counsel to the Corporation moved to amend said resolution by adding thereto the following:

And that the increased compensation authorized as above over that now paid to Sweepers or Drivers acting as assistants to the Section or Stable Foremen, shall not apply to any such Sweeper or Driver until he shall have been acting continually as assistant to a Section or Stable Foreman for the period of nine months, and up to the time when such nine months' services as such assistant is completed, the pay of such Sweeper or Driver shall remain as at present and until the end of the calendar month in which such nine months' service was terminated.

The question recurring upon the preamble and resolution as amended, they were adopted by the following vote:

Affirmative—The Comptroller, President of the Department of Taxes and Assessments, and Counsel to the Corporation—3.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, June 30, 1897.
To the Board of Estimate and Apportionment:

The first and second separate reports in the proceeding to acquire lands required for the Grand Boulevard and Concourse, in the Twenty-third and Twenty-fourth Wards, have been confirmed and filed in the Finance Department.

Under the laws affecting this proceeding, the awards have to be paid out of the Fund for Street and Park Openings, and three-fourths of the total cost is made a charge against the Mayor, Aldermen and Commonalty of the City of New York.

Chapter 684 of the Laws of 1895 authorizes the Board of Estimate and Apportionment, in its discretion, to authorize the issue of Consolidated Stock for the purpose of replenishing said fund on account of payments thus to be made in behalf of the City. The amount of the awards in these two proceedings, which is a charge against the City, is \$949,036.82, and the following resolution is therefore offered to provide for the issue of Consolidated Stock to that amount.

Respectfully, ASHBEL P. FITCH, Comptroller.

And offered the following:

Resolved, That, pursuant to the provisions of chapter 684 of the Laws of 1895, the Comptroller be and is hereby authorized and directed to issue bonds, in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as "Consolidated Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of nine hundred and forty-nine thousand thirty-six dollars and eighty-two cents (\$949,036.82), bearing interest at a rate not exceeding three and one-half per cent. per annum, and redeemable within such period as the Comptroller may determine, but not less than twenty nor more than fifty years from the date of issue, the proceeds of which bonds shall be applied to replenish the Fund for Street and Park Openings, on account of payments to be made from said fund on account of that proportion of the awards, costs, charges and expenses in the proceeding to acquire lands required for the Grand Boulevard and Concourse, in the Twenty-third and Twenty-fourth Wards, that may be chargeable against the Mayor, Aldermen and Commonalty of the City of New York.

Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, June 30, 1897.
To the Board of Estimate and Apportionment:

The awards in the proceeding to widen Elm street have not yet been confirmed by the Supreme Court on account of the delay in preparing the necessary assessment maps. The aggregate of these awards, however, is ascertainable and amounts to \$5,393,097. One-half of this—\$2,696,548.50—being chargeable against the City, and the awards being payable out of the Fund for Street and Park Openings, Consolidated Stock will have to be issued as provided by chapter 684 of the Laws of 1895.

Interest at the rate of 6 per cent. per annum is now running on these awards, and I am desirous of being in a position to pay the same the earliest possible moment.

I therefore offer the following resolution, which will enable me to include these bonds in the next bond sale, instead of waiting for the next succeeding sale, which will probably not take place until the latter part of the year.

Respectfully, ASHBEL P. FITCH, Comptroller.

And offered the following:

Resolved, That, pursuant to the provisions of chapter 684 of the Laws of 1895, the Comptroller be and is hereby authorized and directed to issue bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as "Consolidated Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of two million six hundred and ninety-six thousand five hundred and forty-eight dollars and fifty cents (\$2,696,548.50), bearing interest at a rate not exceeding three and one-half per cent. per annum, and redeemable within such period as the Comptroller may determine, but not less than twenty nor more than fifty years from the date of issue; the proceeds of which bonds shall be applied to replenishing the Fund for Street and Park Openings, on account of payments to be made from said fund for that proportion of the awards, costs, charges and expenses in the proceeding to widen Elm street that is chargeable against the Mayor, Aldermen and Commonalty of the City of New York.

Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller presented the following:

be and the same is hereby appropriated from the proceeds of bonds to be issued by the Comptroller, with the approval of a majority of the Board of Estimate and Apportionment, pursuant to chapter 728 of the Laws of 1896, application for the issue of which is hereby made; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with H. A true copy of report and resolution adopted by the Board of Education on June 23, 1897.

ARTHUR McMULLIN, Clerk of the Board of Education.

CITY OF NEW YORK, FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, June 26, 1897.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—The Board of Education, by resolution adopted June 23, 1897, appropriates the sum of \$59,934 from the proceeds of bonds to be issued by the Comptroller, with the approval of a majority of the Board of Estimate and Apportionment, pursuant to chapter 728, Laws of 1896; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with H. Probst, for erecting a new school building at the intersection of Andrews and Burnside avenues, Morris Heights.

Proposals were invited for the above work, on carefully prepared plans and specifications, by advertisement in the CITY RECORD, and seven bids were received, ranging from \$59,934 to \$82,900. The contract was awarded to the lowest bidder, H. Probst, at his bid of \$59,934, the amount appropriated.

There is no reason why the appropriation should not be approved.

I inclose a perspective view of the building and grounds.

The following description is furnished me by the Superintendent of Buildings:

"The site chosen is on the southerly side of a rise of ground fronting an open space formed by the junction of Andrews, Burnside and Aqueduct avenues, opposite the grounds now known as Berkeley Oval.

"In designing a building for this locality, consideration was given to the facts that the plot had a street frontage on three sides; that nearly the whole district was occupied by frame houses of suburban type, and that an absolute fire-proof building for a school but two stories high was not necessary.

"The basement and front entrance are of rough native stone, laid up in random ashlar work. The first story is to be half-timbered and plastered and the second story covered with shingles, which will be left to acquire the silver-gray tint due to the action of the weather.

"The basement, which is almost entirely above ground, will afford a large indoor play-room for the children.

"The first story contains seven class-rooms, each with an outside wardrobe; large teachers' rooms and ample storage for books.

"The second story consists of an assembly-room, which is subdivided by sliding-doors into six class-rooms.

"The attic is partially finished and will afford space for calisthenic exercises.

"The stairways at either end of the building are stone and iron inclosed in fire-proof partitions.

"The furnishing will be adjustable desks and seats.

"One of the rooms, with a bay, facing south, is to be fitted up for kindergarten purposes, the ledge in the bay affording an excellent opportunity for the placing of flower-boxes, which are considered a part of the necessary equipment of the modern kindergarten-room.

"The heating and ventilation will be by steam, the gravity system being employed, owing to the small size of the building.

"The grounds, which are larger in proportion to the size of the building than afforded the schools below the Harlem river, will be laid out to retain, as far as possible, the natural beauty. Ample outdoor playgrounds will be afforded by paved spaces at the rear and sides of the building and in front, behind the terraced slopes."

Respectfully, EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment respectfully declines to approve the requisition of the Board of Education, by resolution adopted June 23, 1897, for the issue of bonds to the amount of fifty-nine thousand nine hundred and thirty-four dollars (\$59,934), to provide for the erection of a new school building at the intersection of Andrews and Burnside avenues, Morris Heights, on the ground that the plans for said building provide for a large use of wood in the construction thereof—the Board of Estimate and Apportionment being of the opinion that new school buildings in the City of New York should be constructed of more durable and fireproof materials.

Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

DEPARTMENT OF PUBLIC WORKS, NEW YORK, June 30, 1897. Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—I inclose herewith a copy of a letter that I have sent to the Board of Estimate and Apportionment, to be acted upon at to-morrow's meeting.

Very truly, CHARLES H. T. COLLIS, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, NEW YORK, June 30, 1897. Hon. WILLIAM L. STRONG, Mayor, and Chairman Board of Estimate and Apportionment:

DEAR SIR—Chapter 43 of the Laws of 1892 authorized the issue of bonds to the amount of \$300,000 for the erection of a building for the Seventh District Police Court and Prison and the Eleventh Judicial District Court.

Your Board has heretofore authorized the issue of bonds to the amount of \$229,072.11 for this purpose. There has been expended from this sum in the erection of the building \$226,466.42, leaving an unexpended balance of \$2,605.69; and this, with the amount not authorized by your Board, makes an unexpended balance of \$73,533.58 in the total amount appropriated by the act of 1892.

As stated in my letter to you of 11th instant, this Department is now called upon to fit up and furnish a new City Magistrate's Court and offices in the building. In an opinion dated the 4th instant, a copy of which you received with my letter of 11th instant, the Counsel to the Corporation advised that the expense is properly chargeable to the fund authorized by the act of 1892.

The estimated cost of the work that I am called upon to do by a committee of the Board of City Magistrates and a resolution of the Board of Aldermen is as follows:

Furniture, \$1,600; carpets and rugs, \$800; six typewriting machines and stands, \$700; Janitor's supplies, \$100; law books, \$500; altering Judges' Bench, \$900; painting the court room, \$600 (the Department is also called upon to make certain alterations in the prison located in the building, at an estimated cost of \$750)—total, \$5,950.

I respectfully ask your Board to authorize the further issue of bonds to the amount of \$3,500 under chapter 43, Laws of 1892, which, with the unexpended balance of \$2,605.69 of the amount already authorized, would make a total amount of \$6,105 available for the purposes herein stated; and I further request the authorization of your Board to proceed with the work included in the above estimate, and such other work as may be required in connection with that building within that limit of expenditure.

Very respectfully, CHARLES H. T. COLLIS, Commissioner of Public Works.

And offered the following:

Resolved, That the unexpended balances of bonds heretofore authorized to be issued, pursuant to the provisions of chapter 43 of the Laws of 1892, be and the same are hereby made applicable to defraying the expense of fitting up and furnishing a new City Magistrate's Court, and to making alterations to the prison in the new building in Fifty-fourth street, erected pursuant to the authority of said act, as requested by the Commissioner of Public Works, in his communication to this Board, dated June 30, 1897; and

Resolved, That, for the purpose of providing means therefor, in so far as said unexpended balances may be insufficient, the Comptroller be and is hereby authorized, pursuant to said chapter 43 of the Laws of 1892, to issue bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as "Consolidated Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of three thousand five hundred dollars (\$3,500), bearing interest at a rate not to exceed three per cent. per annum, and redeemable in not less than twenty years from the date of issue.

Which were adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

On motion, the Board adjourned to meet on Friday, July 2, 1897, at 1 o'clock P. M.

E. P. BARKER, Secretary.

President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments; Wm. L. Turner, the Acting Counsel to the Corporation.

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, July 2, 1897. Hon. ASHBEL P. FITCH, Comptroller:

SIR—The Department of Public Parks, by resolution adopted June 14, 1897, requests the Board of Estimate and Apportionment "to transfer the sum of \$6,000 from the unexpended balance of the fund provided under chapter 194, Laws of 1896, for Central Park, improvement of, constructing, etc., including walls, posts, piers, steps, etc., to the fund provided under the same law for the improvement of St. Mary's Park, which is insufficient.

The balance referred to is as follows:

Amount provided June 30, 1896, \$90,000; amount transferred for other purposes, \$25,200; amount expended, \$50,980.55—\$76,180.55—balance, \$13,819.45. Amount provided July 10, 1896, for St. Mary's Park, \$15,000; amount expended, \$435.55—balance, \$14,564.45. The amount of the bid for the work by the lowest bidder is \$18,110.70. The amount of transfer asked for, \$6,000; added to the balance, \$14,564.45—makes \$20,564.45 as the total cost of the work, allowing \$2,453.82 for contingencies, Engineers' and Inspectors' fees, etc.

There appears to me no reason why the transfer asked for should not be given.

Respectfully, EUG. E. McLEAN, Engineer.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supply of the profits thereof. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for his faithful performance in the sum of Twelve Thousand (\$12,000) Dollars, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of Six Hundred (\$600) Dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if

he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Street Cleaning, of the ashes, street sweepings and other refuse, other than garbage, collected in the City of New York, at Riker's Island, within the cribwork there constructed, for a period of six months from the date of execution of the contract, but terminable after three months by notice in writing given by the Commissioner of Street Cleaning, in pursuance of authority conferred by section 709, New York City Consolidation Act.

The estimated quantity of ashes, street sweepings and refuse to be so unloaded at Riker's Island for six months is about 7,000 cubic yards daily, or as much less as the Commissioner of Street Cleaning may decide to furnish, provided that the quantity shall not in any day be less than one-half the output of such material.

The person or persons to whom the contract may be awarded will be required to furnish such suitable workmen, tools, in-truments, implements, machines, and whatever else may be necessary for unloading said scows or boats, and all other expenses incurred in connection with such unloading, and to conform to and obey all laws of the United States, of the State of New York, ordinances of the Board of Aldermen of the City of New York, the Sanitary Code of the Board of Health of said City relating to or affecting the work to be so done.

Bidders are required to state in their estimates, under each, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any bid or estimate for the above work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested. Each estimate shall also be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, or a guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance in the amount of Twenty Thousand Dollars, and if he or they shall omit or refuse to execute the same they will pay to the Mayor, Aldermen and Commonalty of the City of New York any difference between the sum to which he would be entitled on its completion and that which the Mayor, Aldermen and Commonalty of the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller. The person or persons to whom the contract may be awarded will be required to execute such contract within five days from the receipt of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned such contract, and as in default to the Corporation.

Each estimate must be accompanied by a certified check on a solvent banking incorporation in the City of New York, payable to the order of the Comptroller of the City of New York, for five per centum of the amount for which the work bid for is proposed in any one year to be performed. On the acceptance of any bid the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract the check of the accepted bidder will be returned to him.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate of dollars (\$) per "Large" scow-load of about 650 cubic yards capacity, and dollars (\$) per "Small" scow-load of about 330 cubic yards capacity.

All bids must be made with reference to the form of contract and the requirements thereof, on file at the Department of Street Cleaning, or they will be rejected.

From the bids or proposals received the Commissioner of Street Cleaning may, as provided in the aforesaid section 709, New York City Consolidation Act, select the bid or bids, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank forms of contract, specifications and proposals may be obtained at the office of the Department of Street Cleaning, No. 32 Chambers street, New York City.

No. 17. FOR REGULATING AND GRADING JACOBUS PLACE, ON MARBLE HILL, N. Y. CITY, at the intersection of Van Corlear place to Terrace View avenue, South, AND SETTING CURB-STONES AND FLAGGING SIDEWALKS THEREIN.

No. 18. FOR REGULATING AND GRADING TERRACE VIEW AVENUE ABOUT 100 FEET NORTH OF UNITED STATES CHANNEL LINE, from Broadway to Kingsbridge avenue, AND SETTING CURB-STONES AND FLAGGING SIDEWALKS THEREIN.

No. 19. FOR REGULATING AND GRADING WICKER PLACE, ON MARBLE HILL, N. Y. CITY, from Jansen avenue to Kingsbridge avenue, AND SETTING CURB-STONES AND FLAGGING SIDEWALKS THEREIN.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained in Bureau of Water Purveyor on second floor, for Nos. 1 to 10, inclusive, and in Room 1733 for Nos. 11 to 20, inclusive.

CITY OF NEW YORK—LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, January 1, 1897. *The Hon. WILLIAM L. STRONG, Mayor:*

SIR—I have the honor to transmit herewith the annual report of the Law Department for the year ending December 31, 1896. It conforms with the requirements heretofore prescribed, and sets forth the operations and action of the Department during the past twelve months and the condition of the City's law business at the close of the year 1896.

With the growth of the City of New York, the business of the Law Department has largely increased also. Its volume has reached proportions never before equaled, as will appear by a comparison of the reports of previous years with the following table of—

OPINIONS.

The reports of previous years, as well as of this, show that the preparation of opinions, at the request of the heads of the various departments and boards, is a very important branch of the Department's work. These opinions cover an immense field and wide range of subjects, frequently involving prolonged study.

During the year 1896 written opinions were given on request, as indicated below:

| | |
|---|-------|
| Comptroller | 444 |
| Commissioner of Public Works | 68 |
| Dock Commissioners | 58 |
| Park Commissioners | 48 |
| The Mayor | 28 |
| Police Commissioners | 45 |
| Commissioner of Street Cleaning | 23 |
| Board of Street Opening | 20 |
| Commissioner of Public Charities | 40 |
| Commissioner of Correction | 21 |
| Common Council | 14 |
| Board of Assessors | 30 |
| Commissioner of Taxes and Assessments | 13 |
| Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards | 42 |
| Miscellaneous | 194 |
| Total | 1,088 |

8,879 pages of press copying were required for the opinions and other correspondence of the Department during the year.

There were received from the Finance Department 645 requests for the examination of claimants, in 347 of which oral examinations, under oath, were conducted. The circumstance that only 347 claimants were examined, when 645 requests for examination were received, is explained by the fact that a large number of the claims filed were in mechanics' liens cases and in assessment matters, where, all the facts being already within the knowledge of the City's officers, examinations were not necessary. In addition to these claims in the ordinary suits against the City there were 1,186 claims filed for rebates of excise license fees, which were examined into and filed.

MATTERS SPECIALLY MENTIONED.

In the work of the Law Department for the year 1896, the most interesting feature, and also one of the most important is what has been done in acquiring real estate for various purposes, chiefly through the exercise of the right of eminent domain.

The work that has been accomplished in this direction is far in excess of anything hitherto done in the history of the City, and lying, as much of it does, at the foundation of City improvements, and being a necessary preliminary thereto, its importance and far-reaching effect can hardly be exaggerated.

The facts may be stated under the following heads:

Ordinary Streets, Roads and Avenues.
Extraordinary Streets, Boulevards and Public Places.
Parks.
School-house Sites.
Court-house Site.
Site for the use of the Fire Department.
Bridge Approaches.
Dock Condemnation Proceedings.
Real Estate Required for Use in Connection with the Water Supply.

ORDINARY STREETS, ROADS AND AVENUES.

The proceedings to acquire land for streets, roads and avenues are nearly all in charge of the Bureau of Street Opening. There are now more proceedings of this character pending before Commissioners than ever before in the history of the City, and more reports were moved for confirmation during the year 1896 than during any previous year. Fifty-three such reports were submitted to the Court for confirmation, involving awards aggregating \$1,900,691.84, of which 45 were confirmed during the year and the confirmation of the other eight is confidently expected early in the year 1897. In previous years the number was as follows: Confirmed in 1895, 44; confirmed in 1894, 34; confirmed in 1893, 35.

No motion to confirm was denied nor any appeal decided against the City.

An important question is pending before the Court of Appeals on a second appeal as to whether, where streets north of One Hundred and Fifty-fifth street on Manhattan Island are more than a mile in length, the whole or only one-half of the cost of the opening is to be borne by the property-owners. The question has, so far, been decided in favor of the City. The opening of the three important avenues and road mentioned below is awaiting the decision of this appeal: Audubon avenue; Wadsworth avenue, from One Hundred and Seventy-third street to Eleventh avenue, and Edgecombe road, from One Hundred and Fifty-fifth to One Hundred and Seventy-fifth street.

A large part of the work of this Bureau has been in proceedings that have not yet been moved for confirmation. Some of the larger and more important ones are referred to below.

Attention is called to the following table:

| | 1896. | 1895. |
|--|--------|--------|
| Commissions appointed..... | 90 | 72 |
| Active proceedings pending at the end of the year..... | 138 | 96 |
| Number of meetings of Commissions..... | 3,343 | 2,785 |
| Folios of testimony taken..... | 53,779 | 37,965 |
| Opinions furnished..... | 159 | 58 |
| Lineal feet of street acquired by cession..... | 11,250 | 3,470 |

On March 11, 1896, the fees of Commissioners were increased from \$6 to \$10 a session, yet the ratio of taxed costs to awards has not increased.

EXTRAORDINARY STREETS, BOULEVARDS AND PUBLIC PLACES.

The Elm Street Widening.

The Commissioners of Estimate and Appraisement in this important proceeding were appointed on the 27th of February, 1895. The litigation has been pressed with unusual energy and diligence during the year 1896. For several weeks the Commissioners, William G. Choate, Joel B. Erhardt and William G. Davies, have been holding daily sessions, and they have announced their intention to continue such sessions until all the testimony has been taken. It is hoped that the case may be finally submitted to the Commissioners before March 1, 1897, and that their report may be filed prior to May 1, 1897.

Most of the annual leases on the parcels that are to be taken expire on the 1st of May next, and the property-owners naturally desire that if their property is to be taken by the City it should be taken and paid for as soon after that date as possible. More than 4,000 pages of typewritten testimony have already been taken.

It may be well to state that this improvement involves the widening and straightening of Elm street, from Worth street to Spring street, so as to make it of the uniform width of 80 feet; also the cutting through of the blocks from Worth street to Duane street, the taking of property on the westerly side of Centre street, between Duane and Reade street, and the taking of the whole block bounded by Centre, Reade and Chambers streets; widening of Marion street, from Spring street to its northerly terminus, and the cutting through of the blocks from Prince street to Great Jones street, so that at the latter street the westerly line of the proposed Elm street will be a continuation of the westerly line of Lafayette place.

Grand Boulevard or Concourse, from One Hundred and Sixty-first Street to Moshulu Parkway.
This proceeding was begun in 1895 under authority of chapter 130 of the Laws of that year. The Boulevard extends a distance of over four miles, with a width of 180 feet, following the ridge easterly of Jerome avenue. The Commissioners have sat continuously three or four times in each week, and in July, 1896, submitted to the Court their first separate or partial report, involving awards aggregating \$576,937.96. They have almost completed their second separate or partial report. When these two reports have been confirmed the Boulevard will be opened as far as Burnside avenue, being about one-half of its entire length as projected.

Harlem Speedway.

This road or avenue extends from One Hundred and Fifty-fifth to Dykman street, a distance of about two and one-half miles along or near the westerly bank of the Harlem river. The proceedings to acquire the land have been in progress during the whole year. The evidence on behalf of the property-owners and the City was submitted to the Commissioners and the latter have filed their report. Evidence on behalf of the property-owners was presented to the effect that the property taken was of the value of \$3,000,000. The evidence given by the City's experts placed the value at a little less than \$200,000. The award made by the Commissioners was \$253,576.50. The hearing on the objections to the report is about to be concluded, after which it will be presented to the Court for confirmation.

Addition to the Speedway.

This addition was provided for by chapter 894 of the Laws of 1895, which allows the acquisition of a tract of land on the westerly side of the Speedway proper extending from One Hundred and Fifty-fifth street northerly to the High Bridge Park, and from the Speedway westerly to the line of the Aqueduct. The proceeding to acquire title to this property is now being prosecuted before the Commissioners of Estimate and Assessment.

Exterior Street, from Sixty-fourth to Eighty-first Street, on the East River.

This proceeding is peculiar, involving indirectly questions of law as to the alleged riparian rights of owners abutting on the East river. The Commissioners have made their final report and decided that the City may take the property required without paying for the alleged and so-called riparian rights. A motion for confirmation of this report will be made in January next, and if the decision of the Commissioners is sustained by the Court it will establish a principle which will be of immense pecuniary advantage to the City of New York.

PARKS.

Fort Washington Park.

On the 7th of August, 1896, the lands involved became vested in the City of New York, and became a part of its park area. On that day the report of the Commissioners of Appraisal was confirmed. The park was laid out and designated by chapter 581 of the Laws of 1894. It includes the historical Fort Washington point and land of a rugged character and rocky formation, which make a park of great natural beauty. It lies between the lines of One Hundred and Seventy-first and One Hundred and Eighty-fourth streets extended, and between the avenue known as the Lafayette or French Boulevard on the East and the Hudson river on the west, an area of about 706 city lots.

The testimony, including the arguments of counsel, covers about 3,000 pages. The highest testimony as to value given by witnesses for the property-owners aggregated \$1,584,183, while the highest testimony given on behalf of the City aggregated \$742,653.72. The Commissioners' award was \$804,868.20, being \$743,314.80 less than the claimant's highest testimony, and \$62,214.48 above the City's highest testimony.

St. Nicholas Park.

This proceeding was begun in July, 1894, and is still pending before the Commissioners of Appraisal. During the year 1896 about 1,600 pages of testimony have been taken, all relating to the value of the property to be acquired. The park was established by chapter 366 of the Laws of 1894, amended by chapter 522 of the Laws of 1895. It is situated between One Hundred and Thirtieth and One Hundred and Forty-first streets, St. Nicholas avenue, Convent avenue and Amsterdam avenue.

Colonial Park (so-called).

This park lies between One Hundred and Forty-fifth and One Hundred and Fifty-fifth streets, Bradhurst and Edgecombe avenues, and consists of a side hill and a narrow, level space on the east, resembling in its main features Morningside Park. The proceeding to acquire title to this park has progressed during the year, and about 1,800 pages of testimony have been taken, all relating to the value of the property sought to be acquired.

Riverside Park Extension.

This park was laid out and designated by chapter 152 of the Laws of 1894, and includes land between Seventy-second and One Hundred and Twenty-ninth streets, westerly of the roadway of the New York Central and Hudson River Railroad Company. The proceeding was begun in 1894. Owing to the peculiar nature of the property sought to be acquired, consisting almost entirely of lands under water, bulkheads and bulkhead rights, necessitating the taking of soundings for the purpose of ascertaining the depth of the water and the mud, it has not been possible to take a large amount of testimony, although the proceeding is progressing as rapidly as possible.

Little Italy Park (So-called).

This park was laid out and designated by chapter 746 of the Laws of 1894. It embraces all the lands on the East river, between One Hundred and Fourteenth and One Hundred and Eleventh streets and East of First avenue. The taking of testimony has proceeded as rapidly as possible, about 2,600 pages having been received before the Commissioners during the year.

Fort George Park.

This park was laid out under chapter 876 of the Laws of 1895. The Commissioners were appointed on the 17th of April, 1896, and sessions are now being held weekly and have been so held for the greater part of the year. The property taken lies between Washington Bridge Park and Dykman street, Tenth avenue and the Speedway, and embraces about 398 city lots. The proof of title on behalf of the property-owners is nearing completion and evidence as to values will soon be taken.

Eleventh Ward Park.

Early in the year the Board of Street Opening and Improvement designated lands to be laid out as a park on the east side of the City, comprising the two tenement-house blocks bounded by Stanton, Houston, Pitt, Willett and Cherry streets. Commissioners of Estimate were appointed on the 10th of July, 1896, and they have already taken over 300 pages of testimony.

West Side Park.

The Board of Street Opening and Improvement also, during the year, laid out and established a park on the west side of the city, bounded by Ninth and Tenth avenues and Twenty-seventh and Twenty-eighth streets. Commissioners of Estimate have been appointed upon the application of this Department and evidence is now being taken before them.

SCHOOL-HOUSE SITES.

The results achieved in this matter have been especially gratifying. The statements and tabulations below are well worth examination, if one desires to form an adequate conception of the labor, skill, fidelity and success with which the City's interests have been represented. Thirty-two separate and distinct school sites have been acquired by the City of New York during the year 1896, and title thereto is now vested in the City of New York, twenty-six of these by condemnation proceedings and six by purchase.

The awards in the twenty-six proceedings amounted to \$1,594,646.54. The sums paid for the six sites acquired by private purchase amounted to \$72,500, making a total of \$1,667,146.54, which is the amount expended, or to be expended for property acquired for school purposes during the year 1896.

The following is a table relating to school sites which were acquired through condemnation proceedings in the year 1896:

COURT-HOUSE SITE.

A tract of land on the northeast corner of Madison avenue and Twenty-fifth street, about 25 feet on the avenue, and 150 feet deep on Twenty-fifth street, with an "L" running back about 98 feet and 9 inches, was acquired by condemnation proceedings in the year 1896. It is intended as a site for a court-house to be erected for the use of the Appellate Division of the Supreme Court in the first department. The amount awarded was \$370,500. The testimony of the property-owners was to the effect that the property was worth \$460,000; that of the City, that it was worth \$336,200.

SITE FOR THE USE OF THE FIRE DEPARTMENT.

During the year 1896 a condemnation proceeding was instituted and concluded for the purpose of acquiring title to a lot of land on the southerly side of Twelfth street, between University place and Fifth avenue, as a site for the use of the Fire Department. The report of the Commission was confirmed and the title vested in the City. The property-owners claimed \$52,247 as the value of the property; the City admitted it to be worth \$34,000; the award of the Commissioners was \$36,150.

BRIDGE APPROACHES.

The important proceeding for the acquisition of title to lands on both sides of the Harlem river for approaches to the new Third Avenue Bridge has proved to be also a perplexing and complicated one. Over 2,000 pages of testimony have been taken during the year, and it is expected that the evidence will be all in by about the 1st of February, 1897. Under the terms of an act of the Legislature, passed in May, 1896, the title to the lands sought to be acquired was vested in the City. The contractors are now proceeding with the construction of the bridge and its approaches, although, as already intimated, the proceeding is not yet terminated.

WILLIS AVENUE BRIDGE APPROACHES.

The proceedings for the acquisition of lands in this matter, between One Hundred and Thirty-second street and Willis avenue and One Hundred and Twenty-fifth street and First avenue, have been completed, so far as the property-owners are concerned. The City's case has also been completed as to the lands on the north or east side of the Harlem river. It is expected that the remainder of the testimony will be finished about the 1st of February, 1897, so that the Commissioners will be able to report shortly afterward.

DOCK CONDEMNATION PROCEEDINGS.

It has been found necessary, in order to carry out the plan of improvement instituted by the Dock Department to acquire property along the water front by the exercise of the right of eminent domain. Such proceedings have hitherto been unusual, and the questions that arise are novel as well as difficult. Several important proceedings of this nature should be especially noticed.

In the early part of the year title was acquired to the half block on the south side of Bethune street, between Thirteenth avenue and West street, to the bulkhead in front of this property on the North river, and also to property and bulkhead rights on the south side of Thirty-fourth street at the North river. The other proceedings relating to property in the neighborhood of West Eleventh street and Thirteenth avenue are being pressed rapidly to a conclusion, and it is expected that they will be terminated in the early part of the year 1897. A proceeding has also been commenced for the taking of the territory, including the bulkhead rights on the river west of West street, bounded by Gansevoort street on the north and Bethune street on the south.

A proceeding has also been commenced for the acquisition of an undivided half of Pier No. 35, East river.

REAL ESTATE REQUIRED FOR USE IN CONNECTION WITH THE WATER SUPPLY.

For many years this Department has been conducting litigation for the acquisition of lands and easements required in order to secure and protect the water supply, particularly in the counties of Westchester and Putnam.

One very important proceeding, however, is for the acquisition of the so called Jerome Park reservoir, which is in the City and County of New York. The Commissioners in this proceeding were appointed early in 1895. The proceeding was vigorously prosecuted with the result that in the year 1896 an order of the Supreme Court was obtained confirming the first separate report of the Commissioners. This report covered 58 parcels. The amount awarded was \$1,847,058.71, costs and counsel fees amounting to \$21,477.77. The amount claimed by the property owners, and of which there was evidence under oath, was \$3,413,061.

The following is a table of proceedings in which reports have been made:

| | NUMBER OF PARCELS. | CLAIMANTS' VALUATION. | AMOUNT AWARDED. |
|---|--------------------|-----------------------|-----------------|
| Brewster, First Supplemental Proceeding | 29 | \$166,700 00 | \$113,018 00 |
| Brewster, Third Separate Report | 55 | 334,042 30 | 171,506 00 |
| Reservoir "M," Second Section, Second Separate Report. Claim of Town of North Salem for roadway | .. | 20,000 00 | |
| Patterson and Towners, First Separate Report | 21 | 148,658 00 | 92,008 00 |

The following proceedings, as popularly known, were instituted: Reservoir "D," Fourth Section; Farmer's Mills and White Pond; Middle and West Branch of Croton river; Cornell Dam, Sixth Supplemental Proceeding; Cornell Dam, Seventh Supplemental Proceeding; Cornell Dam, Eighth Supplemental Proceeding; Double Reservoir "I," additional lands.

A little space only remains which can be devoted to other matters relating to the Law Department. The fact has been noticed on other occasions, and should not be forgotten, that a large part of the time of the Counsel to the Corporation, personally, is occupied in attending meetings of the various Boards of which he is a member and in consultation with the Mayor and heads of the Municipal Department, as well as with his own assistants. Moreover, while the Legislature is in session, much of his time, as well as all of the time of one senior assistant, is required for the examination of proposed legislation and the advocacy of or opposition to bills introduced into the Legislature.

Among other matters that may be touched upon is the success with which the Department has sustained before the Courts the action of the Commissioners of Police in dismissing officers from the Police Force. When such a dismissal takes place it is very common for the person involved to obtain a writ of certiorari to review the action of the Police Commissioner with the hope of showing that it was illegal and thus obtain reinstatement. In almost every case that has been brought before the courts in the last year the decision of the Commissioners has been sustained. The most prominent of those cases was that of Captain Strauss, whose dismissal was affirmed by the Appellate Division of the Supreme Court.

One of the most important decisions that has been rendered for many years was that of the Appellate Division in the case of Sage vs. The Mayor, which involved the title to the tideway, that is the land between low and high water, in the Harlem river, between Ninety-fourth and Ninety-fifth streets, and which indirectly involves the title of the City to the tideway elsewhere. The Appellate Division wrote an exhaustive opinion fully sustaining the position of the City in claiming absolute ownership of the tideway around Manhattan Island.

The case of the will of Angelina Crane may also be referred to. She left the residue of her

estate, amounting to over \$50,000, to the City of New York, for the purpose of erecting a drinking fountain. The will was admitted to probate by the Surrogate after a severe contest. Upon appeal to the Appellate Division of the Supreme Court the decree of the Surrogate was affirmed, and it was held that the City had a perfect right to receive the bequest as a gift for the purpose of erecting a drinking fountain.

During the year the last of the old special proceedings for the vacation or reduction of assessments was disposed of. There are none of such proceedings now pending instituted previous to the year 1892. In fact, comparatively little litigation remains affecting old assessments, meaning thereby those confirmed previous to 1892.

There was much litigation during the year with contractors, growing out of their agreements with the City for constructing various public works. Since January 1, 1896, 22 such cases, in which the sum of \$176,052.29 was demanded, have been tried, all except three being jury cases. In 16 cases judgments, aggregating \$71,820.35, were recovered against the City, the recovery being 47 per cent. of the amount demanded. In five cases the complaints were dismissed or verdicts directed for the City. In one case the jury disagreed. It is to be remembered that in many of those cases a part of the claim must be conceded to be just. In addition to this, 22 cases were settled out of court by paying 61 per cent. of the recovery sought. In the case of Smith vs. The Mayor, a decision valuable to the City was rendered by the Appellate Division reaffirming the doctrine in a peculiar case, that the final certificate is conclusive in the absence of proof of fraud, bad faith or misconstruction of the contract.

The case of Montgomery vs. The Mayor, decided by the Court of Appeals, also establishes a valuable and important precedent in the City's favor in this class of cases.

During the year the litigation with the Domestic, Fire and Marine, Insurance Companies, which has been pending for thirteen years past, has been closed, and final orders entered, either canceling the assessments or quashing the writs, as the law applicable to the particular facts required.

Another branch of the same litigation arose out of assessments of bank shares in national banks owned by fire and marine insurance companies, and affects the taxes for the years 1883, 1884, 1885 and 1886, 1892, 1893, 1894 and 1895. The companies sought to review the assessments for those years in 104 cases, involving taxes that had been paid to the amount of \$184,928.83. In their anxiety to avoid the payment of any taxes whatever, these companies obtained 47 writs of certiorari, involving taxes actually paid in the sum of \$118,197.68, which writs could not be sustained.

In this litigation, while the City was called upon to refund taxes unlawfully paid in the principal sum of \$66,731.15, it nevertheless succeeded in establishing its right to retain the taxes paid in the principal sum of \$118,197.68. It is distinctly advantageous that this litigation has been finally adjusted and closed and the amount to be refunded determined, since interest was running against all taxes which had been paid upon unlawful assessments where those assessments were under review by certiorari.

The annexation to the City of New York of the territory formerly in Westchester County, comprising the Villages of Wakefield and Williamsbridge, and parts of the Towns of West Chester, East Chester and Pelham, has entailed a large amount of additional work upon this Department.

There was outstanding at the time of annexation a large amount of bonds previously issued for which the City of New York became liable. The validity of these bonds was questioned, and it became necessary to establish such validity before they could be recognized by the Finance Department. They had been issued in most instances under special statutes, and it became necessary to make a careful examination to see that all of the statutory requirements relating thereto had been complied with.

In addition to this, a large number of claims have been presented rendering necessary the examination of contracts that had been made by the previous local authorities for light and water, as well as for local improvements. There were also numerous claims for salaries and fees of officers and employees of various kinds, with the provisions of law relating to which members of this Department were not familiar.

The act of annexation made no provision for the settlement or payment of these claims, which, in large numbers, are now being examined, and new ones are being continually presented.

Perplexing questions, growing out of assessments and taxes, have also arisen.

The Town of East Chester and the County of Westchester have brought equity actions in the Supreme Court of Albany County against the City to recover large sums of money, which, they claim, the City should pay as its proportion of the debts of that town and county.

I desire to again express my cordial appreciation of the faithful services of the members of the Department Staff, without whose intelligent assistance the results obtained would have been impossible.

Very respectfully,

FRANCIS M. SCOTT, Counsel to the Corporation.

Motions to fill vacancies in Commissions (2).

The usual summary for the quarter and year, and also a comparison by years of the work of the Bureau, is annexed to the report.

There are eighty-three (83) proceedings waiting for rule maps, forty-six (46) waiting for draft damage and benefit maps, and ten (10) waiting for final maps.

Of the proceedings confirmed during this year, Farragut street was confirmed in nine months and eight days after the filing of the Oaths of the Commissioners, of which we were obliged to wait for maps five months and thirteen days.

Nine of the forty-five proceedings confirmed were confirmed within less than a year from the filing of the oaths of the Commissioners.

One proceeding, One Hundred and Sixty-third street, took seven years, seven months and eight days from the filing of the oaths of the Commissioners until the entry of the order confirming the report; but this proceeding was not assigned to the Bureau of Street Openings until November 1, 1895.

Excluding this last-named proceeding, the average time which was required for the confirmation of the other forty-four proceedings was one year, five months and twenty-three days, of which the average time consumed in waiting for maps was four months and seven days, leaving one year and forty-six days for the average time required to confirm the said reports.

There are now pending in the Bureau only thirteen proceedings in which Commissioners were appointed prior to your administration. All of these proceedings excepting one—the Kingsbridge road closing—will be confirmed during the year.

We take pleasure in calling your attention to the increase in the work and efficiency of the Bureau, indicated by the summary showing a comparison for the three years last past.

We have acquired, through cessions and condemnation proceedings, about fourteen and two-thirds miles of streets, an increase of more than 38 per cent. over last year, which showed about the same increase over the year 1894.

The taxed costs in proceedings confirmed shows only an increase of about \$150 over last year,

notwithstanding that we confirmed five more proceedings and that the Commissioners fees were raised last March by the Legislature from \$6 a session to \$10 a session.

But the number of proceedings confirmed does not adequately represent the increased work of the Bureau.

Some action has been taken by the Bureau in three hundred and seventy-four different proceedings. We have appointed ninety-five commissions, an increase of more than 31 per cent. over last year.

We have pending in the Bureau one hundred and forty-five proceedings in which commissioners have been appointed, an increase of more than 44 per cent. over last year.

The opinions written by the Bureau have increased to nearly three times as many as last year. The number of meetings of commissioners has increased 20 per cent., while the folios of testimony taken have increased 40 per cent., showing an average increase of work for each session as compared with last year.

We moved for confirmation and submitted, prior to December 31, eighty proceedings which were not confirmed up to the 1st of January. All of these proceedings excepting three—the Grand Boulevard and Concourse, Fox street and Beck street—have since been confirmed. These eight proceedings involved awards amounting to \$741,796.10 and included about four and three-fifths miles of streets.

A large part of the work of the office during the past year has been upon proceedings to open Exterior street, the Second section of the Grand Boulevard and Concourse, Willis Avenue Bridge Approach, and the widening of One Hundred and Forty-ninth street, Washington avenue and One Hundred and Thirty-eighth street. Reports in these proceedings will probably be filed during the winter.

We take this opportunity to testify to the faithfulness and zeal with which the office force has uniformly performed its work during the past year. While the increase in the business of the Bureau has often borne heavily upon individuals, increased duties have invariably been assumed with cheerfulness and vigor.

All of which is respectfully submitted.

JOHN P. DUNN, HENRY DE FOREST BALDWIN,
Assistants in Charge of the Bureau of Street Openings

Office of Attorney for Collection of Arrears of Personal Taxes.

OFFICE OF ATTORNEY FOR COLLECTION OF ARREARS OF PERSONAL TAXES, NEW YORK, December 31, 1896. Hon. FRANCIS M. SCOTT, Counsel to the Corporation:

SIR—I beg to submit herewith my report for the year 1896:

Amount collected for taxes and interest \$65,750 12
Amount of costs collected 317 71
Interest earned on bank deposits 38 76

Total \$66,106 59

The Receiver of Taxes remitted to this office during the year the names of 2,823 delinquents, which, with 735 undisposed of last year, makes the office chargeable with a total of 3,558.

The schedules of this report and the recapitulation at the end show 3,664 accounted for. This apparent surplus of 106 is due to the fact that in some instances a delinquent will appear named in several schedules, because of the several proceedings had against him.

The total amount collected this year falls below the total collected for the year 1895. During the present year, the names of but 2,823 delinquents were remitted to this office, while, in the year 1895, 5,030 names were received.

Very respectfully yours,

R. G. MONROE, Attorney.

Report of the Special Counsel in Charge of the Proceedings to Acquire Title to Lands in Connection with the Water Supply.

For many years this Department has been conducting litigation for the acquisition of lands and easements required in order to secure and protect the water supply, particularly in the counties of Westchester and Putnam.

One very important proceeding, however, is for the acquisition of the so-called Jerome Park Reservoir, which is in the City and County of New York. The Commissioners in this proceeding were appointed early in 1895. The proceeding was vigorously prosecuted, with the result that in the year 1896 an order of the Supreme Court was obtained confirming the first separate report of the Commissioners. This report covered 58 parcels. The amount awarded was \$1,847,058.71, costs and counsel fees amounting to \$21,477.77. The amount claimed by the property-owners, and of which there was evidence under oath, was \$3,413,061.

The following is a table of proceedings in which reports have been made:

| | NO. OF PARCELS. | CLAIMANT'S VALUATION. | AMOUNT AWARDED. |
|--|-----------------|-----------------------|-----------------|
| Brewster, First Supplemental Proceeding..... | 29 | \$166,700 00 | \$113,018 00 |
| Brewster's Third Separate Report..... | 55 | 331,042 30 | 171,506 00 |
| Reservoir "M," Second Section, Second Separate Report. Claim of Town of North Salem for roadway..... | .. | 20,000 00 | |
| Patterson & Towners, First Separate Report..... | 21 | 148,658 00 | 92,008 00 |

The following proceedings, as popularly known, were instituted:

| Reservoir "D," Fourth Section. |
| Farmers Mills and White Pond. |
| Middle and West Branch of Croton River. |
| Cornell Dam, Sixth Supplemental Proceeding. |

Whereas, In the opinion of this Board the examinations hitherto conducted by the Civil Service Board of the City of New York, in so far as the same relate to the employees in this Department, have resulted in the presentation to this Board of eligible lists, from which competent and satisfactory persons could be selected; and

Whereas, From a scrutiny of the examination papers, giving the questions to which applicants are required to reply, it is the opinion of this Board that the same are, in general, well adapted to ascertain the fitness of applicants for appointment; be it

Resolved, That the Board of Civil Service Commissioners of the City of New York be and are hereby requested to continue to act as an examining board for this Department, to ascertain the fitness of all applicants for appointment, both in the uniformed force and the non-uniformed force, rating the same upon the basis of fifty, and substantially under the rules and regulations now prevailing; and

Whereas, It is the opinion of this Board that, in the matter of promotion, it has accessible an amount of personal knowledge as to the character and record of each applicant that enables it to conduct the most effective examinations for qualification of fitness; and

Whereas, This Board has, for this reason, hitherto requested the Board of Civil Service Commissioners of the City of New York to permit this Board to rate to the extent of fifty per cent. in such examinations for promotion in the uniformed force; be it

Resolved, That this Board, under the provisions of the law, will rate all applicants for promotion, both in the uniformed force and non-uniformed force, on qualification of fitness, to the extent of fifty per cent. of the entire rating, receiving from the Civil Service Board the rating of that Board for merit in each of such applications, upon the basis of fifty per cent., as in the statute provided.
