CITY OF NEW YORK,
DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES,
NOS. 13 TO 21 PARK ROW,
NEW YORK, May 10, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I have to request that you will authorize the transfer of \$1,400, from the appropriation of "Salaries of Deputies, Clerks, etc.," of this Department in the Borough of Brooklyn, for the year 1899, to the Department of Health, Borough of Brooklyn, 1899.

When the appropriations were made for this Department for the year 1899, an item of cleaning and caring for a building at No. 40 Clinton street, Borough of Brooklyn, occupied by the Department of Health, was provided for, as heretofore, upon the supposition that it was the duty of this Department to care for and clean that building.

Under an opinion from the Corporation Counsel's office, dated April 4, 1899, this Department is advised that it is not the duty of the Department of Public Buildings, Lighting and Supplies to care for and maintain this building, but the duty of the Department of Health.

There being no appropriation to cover this item given to the Department of Health, it is desirable that this transfer be made.

Very respectfully,

HENRY S. KEARNY, Commissioner.

And offered the following:

Resolved, That the sum of one thousand four hundred dollars (\$1,400) be and hereby is transferred from the appropriation made to the Department of Public Buildings, Lighting and Supplies, for the year 1899, entitled "Salaries of Deputies, Clerks, Laborers, Cleaners, Janitors and Employees, Borough of Brooklyn," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Department of Health, for 1899, entitled "Contingencies, Borough of Brooklyn," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Council and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, May 18, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—I am in receipt of your communication of March 31, 1899, which reads as follows:

"The inclosed deeds have been left with me by Hon. W. J. LaRoche for action under chapter 89 of the Laws of 1899, which authorizes the Board of Estimate and Apportionment to acquire the right, title and interest in certain lands in the Borough of Brooklyn and release the interest of the City in certain lands therein.

"Before presenting this matter to the Board of Estimate and Apportionment will you please advise me whether the deeds are proper and will be approved by you as to form, and what action should be taken by the Board of Estimate and Apportionment in order to comply with this law, copies of which are attached to the deeds?

"If you do not approve of the form of the deeds please prepare new deeds and approve them as to form."

In reply thereto I would say that I am of opinion, if the Board of Estimate and Apportionment should determine to acquire and release the lands referred to in chapter 89 of the Laws of 1899, such determination should be expressed by a resolution of said body, either in the following form, or one similar in substance:

"Resolved, That, under the authority conferred upon the Board of Estimate and Apportionment of The City of New York by chapter 89 of the Laws of 1899, passed March 15, 1899, it is hereby determined, upon the execution and delivery of a full covenant warranty deed made by William J. LaRoche and Ella, his wife, to the Comptroller, conveying to The City of New York in fee simple all that certain piece or parcel of land situate, lying and being in the Ninth Ward, in the Borough of Brooklyn, City of New York, bounded and described as follows, to wit:

"Beginning at a point formed by the intersection of the northerly line or side of Berkeley place with the westerly line or side of Plaza street, running thence northerly along the westerly line or side of Plaza street eight feet and three inches to a point where it intersects the dwelling-house of the parties of the first part; thence westerly on a radius of ten feet, more or less, thirteen feet and one inch, to a point on the northerly line or side of Berkeley place, distant fourteen feet and two inches westerly from the place of beginning, and running thence easterly along the said northerly line or side of Berkeley place fourteen feet and two inches to the point or place of beginning. The City of New York will convey by quit-claim deed to William J. LaRoche all that certain piece or parcel of land situate, lying and being in the Ninth Ward, in the Borough of Brooklyn, City of New York, bounded and described as follows, to wit: Beginning at a point on the westerly line or side of Plaza street, distant eight feet and three inches northerly from the corner formed by the intersection of the westerly line or side of Plaza street with the northerly line or side of Berkeley place, running thence northerly on a radius of ten feet, sixteen feet and four inches, to a point distant easterly one foot and three inches from the westerly line or side of Plaza street; thence northerly and parallel with said Plaza street thirty-two feet to a point; thence again northerly and on a radius of ten feet, sixteen feet and nine inches, to a point on the westerly line or side of Plaza street, and running thence southerly along the said westerly line or side of Plaza street sixty-one feet and four inches to the point or place of beginning."

"Resolved, That the Comptroller, acting on behalf of The City of New York, be and is hereby authorized and directed to execute and deliver said quit-claim deed to William J. LaRoche upon receipt of the afore-mentioned deed from William J. LaRoche, and Ella, his wife, to The City of New York."

Both deeds are defective in construction and matter. Proper deeds will be prepared, ready for execution immediately after notification from the Board of Estimate and Apportionment of their action in the premises, together with a copy of resolutions adopted.

Respectfully yours,

JOHN WHALEN, Corporation Counsel.

Whereupon the Mayor moved the adoption of the resolutions as above suggested by the Corporation Counsel.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 23, 1899.

To the Board of Estimate and Apportionment:

GENTLEMEN—The report of the Commissioners of Estimate in the proceeding to acquire title to lands fronting upon Riverside Park, as and for a part of extension of Riverside Park, and for public docks, wharves, etc., pursuant to the provisions of chapter 152 of the Laws of 1894, was confirmed on May 3, 1899. These expenses are partly payable out of the Fund for Street and Park Openings and partly out of the Dock Fund. The awards payable out of the Fund for Street and Park Openings amount to \$204,521, upon which interest is running from May 3, 1899, at the rate of six per cent. per annum. I estimate that \$2,999.64 will be sufficient to provide for the payment of this interest if the bonds are authorized with reasonable celerity. This total amount, i. e., \$207,520.64, should be provided for by the issue of Corporate Stock in the manner provided by section 174 of the Charter, as no portion of the cost is to be assessed upon private property. The following resolution is therefore submitted.

Respectfully,

BIRD S. COLER, Comptroller.

And offered the following:

Resolved, That, pursuant to the provisions of section 174 of the Greater New York Charter, the Comptroller be authorized, subject to concurrence herewith of the Municipal Assembly, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of two hundred and seven thousand five hundred and twenty dollars and sixty-four cents (\$207,520.64), the proceeds whereof shall be applied to replenishing the Fund for Street and Park Openings for the following expenses payable from said fund and chargeable against The City of New York:

Awards and interest in the proceedings to acquire title to lands in fee, etc., including upland and land under water, etc., fronting on Riverside Park, as and for a part of extension of Riverside Park, and for public docks, wharves, etc., pursuant to chapter 152 of the Laws of 1894, \$207,520.64.

The awards amount to \$365,250. It will not be necessary to provide for interest on these awards if the bonds are promptly authorized and payment made before the expiration of four months after the confirmation of this report. The following resolution is therefore submitted.

Respectfully,

BIRD S. COLER, Comptroller.

And offered the following:

Resolved, That, subject to concurrence herewith by the Municipal Assembly, the Comptroller be authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of three hundred and sixty-five thousand two hundred and fifty dollars (\$365,250), to provide for the payment of awards in the third separate report of the Commissioners of Estimate in the proceedings to acquire title to lands required for a public park bounded by One Hundred and Eleventh and One Hundred and Fourteenth streets, First avenue and the East river, as provided by chapter 746 of the Laws of 1894.

The Comptroller presented the following:

JOHN R. THOMAS, ARCHITECT,
No. 160 BROADWAY,
NEW YORK, May 16, 1899.

The Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I submit to you herewith the drawings and specifications for the equipment and finishing of the new "Hall of Records," and suggest that bids be advertised for.

Very respectfully yours,

JOHN R. THOMAS, Architect.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 24, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Architect of the New Hall of Records Building, Mr. John R. Thomas, in communication of May 16, 1899, to the Board of Estimate and Apportionment, submits "drawings and specifications for the equipment and finishing of the 'New Hall of Records,'" and suggests that "bids be advertised for." He also submits a form of proposal and a form of contract.

I have examined with great care these drawings and specifications. The drawings are in great and elaborate detail, and fully designate the work to be done.

The specifications are exceedingly minute and full, and explain the whole work in such great detail as to leave nothing ambiguous.

The work to be included in this contract is extensive and costly.

It includes the "plaster work, cabinet finish, hardware, masonry, ornamental metalwork, electric equipment, steam power, heating apparatus, plumbing and draining system, elevator equipment and other work," all designated in the contract as the "finishing and equipment" of the building.

Mr. Thomas does not submit with his communication any approximate estimate of the cost, but he informs me that, in his opinion, the work covered by this contract will cost about \$2,500,000. It may be more or less, which can only be disclosed by the competitive bids.

The specifications call for the very best of material and work in every particular.

Without going largely into the details so fully elaborated in the drawings and specifications, I will mention the following prominent points:

The building is to be lighted entirely by electricity. The electricity to be generated by the electric plant in the building. No arrangements whatever for gas. This electric plant is located in the sub-basement, and is ample.

The heating and ventilation will be on the plenum or blower system, the fresh air being drawn from the street at the height of the sidewalks.

Heat will also be supplied by direct radiation, through radiators heated by steam.

There will be six passenger elevators, four private elevators and one sidewalk elevator; one of the six passenger elevators will be so constructed as to be able to carry 8,000 pounds, say a safe of that weight.

The elevators are to be worked on the hydraulic system.

The plumbing is to be of the best and most modern system. The sanitary arrangements have open fixtures, and are equal to all requirements.

Cold drinking water, at a temperature of 40 degrees, is to be furnished throughout the building. The water to be equal to commercial water known as "Hygeia" water.

The steam power is furnished by five boilers, which, with all other machinery, are located in the sub-basement.

There will be no wooden floors in the building. The floors of the vestibules, the rotunda and the corridors to be of marble, those of the rooms to be of mosaic.

The trim throughout the building is of marble, except in the two Surrogates' Courts, which are, one of mahogany, and the other of quartered oak.

No wood is used in the building, except as above mentioned in the courts, and in the doors and windows. The wood of window frames is covered by copper.

The ceilings in all the rooms will be plain, except in the two court rooms, where they are rich and highly ornamental.

The ceilings of the first-story vestibules will be finished in marble mosaics.

I call attention to the paragraph at bottom of page 64 of the specifications, as follows:

"The contractor shall have this mosaic executed by artists selected by the Architect, to provide the mosaic work of ceilings (subject to the stipulation in the preceding paragraph), and shall pay to said artist the sum of ten thousand dollars (\$10,000) (free and clear of all rebates,

discounts and allowances) for his work, the said artist supplying his own marbles and glass, together with any glazes or foils which he may use back of the glass mosaic."

Also, under the head of sculpture, page 72, is the following:

"The contractor shall provide and set two sculptured groups of three figures each; one group on each side of the Chambers street entrance—two seated figures—one on each cheek of Centre street steps—twenty-four single standing figures on pedestals above main cornice between sixth-story windows on Centre street front, and on Chambers and Reade street pavilions, and two groups as shown, one group over each east and west door in Chambers street vestibule.

"These latter will be in the best selected flawless white Carrara statuary marble of the size shown. All other of this sculpture will be in the best selected flawless Hollowell statuary granite."

"The contractor shall have the models made for all of this sculpture by artists selected by the Architect, paying to the selected artists for the models, or casts thereof, as directed by the Architect, delivered in New York, the sums directed by the Architect, the aggregate being eighty-five thousand dollars (\$85,000), free and clear of all rebates, discounts and allowances."

It will be observed in the case of the mosaic, the price is fixed by the Architect at \$10,000. In the other he fixes the amounts to be paid.

This is an unusual power, and requires consideration.

In the contract for the erection of the Appellate Court Building, Twenty-fifth street and Madison avenue, the sculpture and mural painting is provided for as follows:

"The contractor must allow for statuary, sculpture and mural painting the sum of \$215,000 net."

"All statuary and sculpture must be executed by such sculptors as may be designated by the Architect, and the Justices of the Appellate Division of the Supreme Court, First Department, or a majority of them.

"No work of any sculptor not so designated will be accepted or considered as conforming to the terms of this contract.

"The contractor shall execute with each sculptor so selected a contract based upon specifications furnished by the Architect, which contract and specifications shall be approved by the Justices of the said Appellate Division, or a majority of them."

"In the event of the actual work for statuary, sculpture and mural painting being obtained under the above conditions for less than the sum hereinbefore allowed, the difference must be credited to the party of the first part and deducted from the gross amount to be paid to the party of the second part under this contract."

In this there appears to be some control. In the case presented the matter is left entirely with the Architect.

It is questionable, in my mind, that, under the law, the Architect can properly fix a price for work to the amount of \$10,000.

The propriety is also questionable of his having under his sole control the patronage attending the expenditure of \$85,000 for models.

However this matter may be arranged, the control should remain with the Board of Estimate and Apportionment.

The specifications define the following kinds of marble to be used:

Throughout the basement the mingled white and dark green Lake Champlain marble known as "Verde Antique."

The marble of all stories from the first to the fifth mezzanine, both inclusive, and of the stairs from the basement to the roof, but excepting in all rooms of the second, third, fourth, fifth and sixth mezzanine stories will be Monterrenti Sienna marble.

In the rooms of the first story it will be Connemara green marble.

In the rooms of the second story it will be Pavonazza marble.

In the third and fourth stories it will be of Lake Champlain marble, the third story being "Verde Antique" and the fourth that known as "Jasper."

In the north court room it will be old Convent Monterrenti Sienna, rich yellow, with black veinings. In south court room it will be Connemara green marble. In the other rooms of the fifth and fifth story mezzanine it will be Lake Champlain red marble, known as "Oriental."

The marble work in sixth story, except for the stairs and rooms, to be of Lake Champlain "Verde Antique." In the sixth story rooms it will be yellow Numidian marble.

The marble work in seventh story, except for stairs and in rooms, will be of Lake Champlain marble, known as "Jasper."

In the seventh-story rooms and in the eighth story, except stairs, it will be of the grey or drab Lake Champlain marble, known as "Olive."

The finish of the rotunda of the first and second story corridors surrounding the same and of the east and west vestibules will be of marble. The marble of rotunda will extend up to and stop at the band above the cornice at the level of the third-story floor.

I think the work as detailed will present a rich and harmonious interior, and every possible ordinary want is provided for; the building, when finished according to these designs, will be as nearly perfect as can be looked for.

With the exceptions noted above, I have no adverse criticism to offer.

Respectfully,

EUG. E. MCLEAN, Engineer.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1889.
No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.
The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners, or be provided for by the specifications.
Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the total amount of the bid.
Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.
Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

Bidders must satisfy themselves by personal examination, and by such other means as they may prefer, as to the nature and extent of the work or materials, and shall not, any time after the submission of an estimate, dispute or complain of such statement, nor assert that there is any misunderstanding in regard to the nature or amount of the work to be done or materials to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written on the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. No. 2. FURNISHING AND DELIVERING TO THE DEPARTMENT OF HIGHWAYS, BROKEN STONE AND SCREENINGS OF TRAP ROCK OR SYENITE, TO BE DISTRIBUTED WHERE REQUIRED ALONG CERTAIN STREETS SOUTH OF RICHMOND TURNPIKE.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF HIGHWAYS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained in Room No. 1636, Nos. 13 to 21 Park Row.

Bidders are required to state in their estimate, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state that fact; also, that it is made without any connection with any other person making any bid or estimate for the above work or supplies, and that it is in all respects fair and without collusion or fraud; and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each estimate shall also be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, or of two (2) guarantee or surety companies, duly authorized by law to act as surety, incorporated under the Laws of the State of New York, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to the person or persons making the estimate, they will on its being so awarded become bound as his or their sureties for its faithful performance in the amount of Seven Thousand (\$7,000) Dollars, and that if he or they shall omit or refuse to execute the same they will pay to the City of New York any difference between the sum to which he or they would be entitled on its completion and that which the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

The price in the bid or estimate must be written, and also stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all the bids, if, in his judgment, it be deemed best for the interest of the City. No bid will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or proposal must be accompanied by a certified check on one of the State or National banks of the City of New York, payable to the order of the Comptroller of said city, for Three Hundred and Fifty Dollars (\$350), or by money to that amount. On the acceptance of any bid, the checks or money of the unaccepted bidders will be returned to them, and upon the execution of the contract the check or money of the accepted bidder will be returned to him.

All bids must be made with reference to the form of contract and the requirements thereof on file at the Department of Street Cleaning, or they will be rejected.
