Woman's Municipal League—Communication Commending an Ordinance Relative to the Wilful Waste of Foods.

Woman's Municipal League of the City of New York, 110 West Fortieth Street, March 23, 1918.

Honorable ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—The Food Committee of the Woman's Municipal League wishes to endorse ordinance No. 34, No. 373 on the calendar of the Board of Aldermen meeting on Tuesday, the 19th, referring to the restriction of waste foods in New York City. We urge the passage of this ordinance. My attention was called to this ordinance by seeing the copy of the same in the City Record of March 21st. Sixteen million dollars worth of food thrown away is a most amazing statement, and any means to eliminate this evil is worthy of hearty support.

Very sincerely yours,

(MRS. WALTER) E. N. SACHS, Chairman, Food and Markets Committee.

The Vice-Chairman laid before the Board the following communication from the Sheriff of Bronx County:

No. 384.

Sheriff, Bronx County—Request for Authority to Make Improvements to the County Jail Without Public Letting.

Sheriff's Office, Bronx County, Bergen Building, Tremont and Arthur Avenues, March 19th, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Honored Sir—Pursuant to the provisions of section 188, subdivision 8, of the Greater New York Charter, I respectfully request the issuance of special revenue bonds in the sum of two thousand dollars (\$2,000), for the purpose of making improvements in the Bronx County Jail at Tremont and Arthur Avenues, Bronx, New York.

I further request authority to do the work without public letting, as provided for by section 419 of the Greater New York Charter.

I have received estimates from reliable contractors and feel confident that this work can be done cheaper and better in this way. Another reason that prompts my request, as explained at length in my letter to you of the 16th inst., is that the improvements contemplated are urgent and must have immediate attention.

In view of the premises, therefore, I respectfully ask that you grant my request as quickly as possible. Yours very truly,

JAMES F. DONNELLY, Sheriff, Bronx County.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Central Purchase Committee:

No. 385.

Central Purchase Committee—Request for Authority to Purchase Flour and Flour Substitutes for Certain Departments Without Public Letting.

City of New York, Central Purchase Committee, Municipal Building, March 21, 1918.

Honorable Board of Aldermen, City Hall, Manhattan:

Gentlemen—Permission is hereby requested for the Departments of Public Charities, Correction and Health to purchase flour and flour substitutes as required by the Federal Food Administration, for the period of three months ending June 30, 1918, in the open market without public letting to the amount of approximately \$115,000.

The reason for this request is that on an opening for flour held in this office today no bids were received. Since the departments are in urgent need of this flour it will be necessary to purchase it in the open market. Very truly yours,

JAMES A. HAMILTON, Chairman.

In connection with the foregoing communication Alderman McCann offered the following resolution:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee be and it is hereby authorized and empowered to purchase flour and flour substitutes as required by the Federal Food Administration for use of the Departments of Public Charities, Correction and Health, in the open market without public letting, to the amount approximately of one hundred and fifteen thousand dollars (\$115,000).

After discussion, Alderman Collins moved to strike out the words and figures "one hundred and fifteen thousand dollars (\$115,000)," and insert in lieu thereof the words and figures "fifty thousand dollars (\$50,000)."

The Vice-Chairman put the question whether the Board would agree with said resolution as amended.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burke, Cassidy, Collins, Colne, Cox, Curley, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Stapleton, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—61.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 386.

Commissioner of Street Cleaning—Request for Authority to Purchase Wheels for Watson Bottom Dumping Wagons Without Public Letting.

Department of Street Cleaning of the City of New York, Office of the Commissioner, Municipal Building, New York City, March 22, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request that the Board of Aldermen authorize the purchase, without public letting, of 40 front wheels and 40 rear wheels for Watson bottom dumping wagons at a total expenditures not to exceed \$1,622 made up as follows: 40 front wheels at \$17.55 each, 20 rear wheels at \$21 each, 20 rear wheels at \$25 each.

Also repair parts for Kindling squeegee machines amounting to \$1,615.14 and parts for Hvass squeegee machines amounting to \$721.70.

All of the above described wheels and parts must be especially made for the machines by the manufacturers of the same and cannot be procured in the open market.

Yours truly,

A. B. MacSTAY, Commissioner.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Docks:

No. 387.

Commissioner of Docks—Request Relative to the Fixation of the Wages of Foreman Dock Builder.

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, March 22, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City Hall, Manhattan:

Dear Sir—The Present per diem rate for foreman dock builder in this department is \$5; this rate is for an eight hour day and six day week, making \$30 per week for 48 hours' work.

The prevailing rate of wages paid since January 1, 1918, by firms constituting the Contracting Dock Builders Association is, I am informed, \$6 per day, for an eight hour day and a six day week, with an allowance of four hours off on Saturday, making wages paid by these firms to foremen dock builders \$36 per week for 44 hours' work.

The rate paid by this Department at the present time has been in effect since January 1, 1915. In the meantime the wages of dock builders have been increased within the past year from \$4 to \$4.50 per day, and the present wages of engineer pile drivers are \$5.50 per day or 50 cents per day more than the foreman dock builder who is in charge of the work of the whole gang, including the engineer pile driver.

As this Department must depend very largely upon the ability and trustworthiness of the foreman dock builder in prosecuting the construction and maintenance work of the Bureau of Engineering, I respectfully request that the Board of Aldermen adopt a resolution establishing the position of Foreman Dock Builder in this Department at the prevailing rate of wages for that position, viz.: \$6 per day.

Yours very truly,

MURRAY HULBERT, Commissioner of Docks.

Which was referred to the Committee on Salaries and Offices.

No. 390.

Supervisor of the City Record—Amending Request to Purchase Auto Trucks Without Public Letting.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, March 22nd, 1918.

Hon. JOHN McCANN, Chairman, Committee on Public Letting, Board of Aldermen:

Dear Sir—On March 12th, 1918, I forwarded a letter to the Board of Aldermen requesting permission, under section 419 of the Greater New York Charter, to purchase, without public letting, two two-ton auto trucks, complete, with bodies, at a cost not to exceed \$5,000. It was my intention to forward the enclosed letter and not the one sent, as it has not been decided whether we would have to use one-and-one-half or two-ton auto trucks. I respectfully request that the enclosed letter be substituted for the one forwarded. Respectfully,

PETER J. BRADY, Supervisor of the City Record.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Acting President of the Borough of Brooklyn:

No. 391.

President, Borough of Brooklyn—Request for Permission to Purchase Asphalt and Asphalt Sand Without Public Letting.

The City of New York, Office of the President of the Borough of Brooklyn, March 26th, 1918.

Honorable Board of Aldermen of The City of New York:

Gentlemen—Owing to the extraordinary condition of the asphalt market we find it impossible to secure bids in answer to our advertisement for asphalt and asphalt sand.

The asphalt companies inform us that they are unable to submit any bids, owing to the difficulty in securing supplies, as the Government has informed them that they anticipate taking over their ships for the transportation of oil.

They also inform us that the Government has requested them to cease manufacturing asphalt for the present, as it has decided that asphalt is a non-essential product and that the oils used in its manufacture will be required by the Government for fuel purposes.

As the companies have a small supply of asphalt on hand, which they will let us have on open market order, I would request that the attached resolution be adopted by your honorable Board as early as possible, permitting us to purchase asphalt and asphalt sand on open market order from April 1st to November 1st, as this will cover the period in which we can use this material. Yours very truly,

JOS. A. GUIDER, Acting President, Borough of Brooklyn.

Resolved, That, acting in pursuance of section 419 of the Charter, the President of the Borough of Brooklyn is hereby authorized to purchase, without public letting, liquid or solid asphalt in an amount not exceeding 600,000 gallons, or 25,000 tons, and asphalt sand in an amount not exceeding 17,000 cubic yards.

Which, on motion of Alderman McCann, was made a Special Order for the day.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burke, Cassidy, Collins, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, Mc-

Reports of the Committee on Finance—

No. 363.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$10,000, to Replenish Account for Repairing Street Pavements Between Railroad Tracks—President, Borough of Manhattan.

The Committee on Finance, to which was referred on March 19, 1918 (Minutes, page 638), the annexed request of the President of the Borough of Manhattan for amendment of special revenue bond issue, \$10,000, to replenish account for repairing street pavements between railroad tracks, respectfully

REPORTS:

That this resolution is introduced as a substitute for resolution (Int. No. 121) adopted February 13, 1918. Its purpose is to correct an error by inserting the word "repairing" for the word "repaving" and eliminating the clause limiting the use of the fund to the year 1918.

Your Committee recommends the adoption of said resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of replenishing account R. P. M.—32A, Repairing Street Pavements between Railroad Tracks, Borough of Manhattan.

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, March 12th, 1918.

Honorable ALFRED E. SMITH, President, Board of Aldermen, City Hall, Borough of Manhattan:

Dear Sir—Under date of February 13, 1918, the Board of Aldermen passed a resolution authorizing an issue of special revenue bonds in the amount of \$10,000 (which resolution was approved by the Board of Estimate on March 8, 1918) for the purpose of replenishing the account R. P. M.—32A, Repairing Street Pavements between Railroad Tracks, Borough of Manhattan.

This resolution reads "Repaving Street Pavements," which is incorrect. The resolution should be amended to read as follows:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of replenishing account R. P. M.—32A, Repairing Street Pavements between Railroad Tracks, Borough of Manhattan."

Will you be good enough to take the proper steps to have this amendment put through and oblige, Yours very truly,

ALBERT E. HULL, Secretary, Borough of Manhattan.

Which, on motion of Alderman Kenney, was made a Special Order for the day.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burke, Cassidy, Collins, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farlev, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Stapleton, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Van Name, President Connolly, by W. Sheriff's Office, Bronx County, Bergen Building, Tremont and Arthur Avenues, March 16, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—I desire to place before your body a request for the issuance of special revenue bonds in the sum of two thousand dollars, under the provisions of subdivision 8 of section 188 of the Greater New York Charter.

I have recently assumed the office of Sheriff of Bronx County and upon an inspection of the jail, which is under my care, found two conditions which called for immediate correction, in view of the responsibility which I have of keeping prisoners in safe custody.

The jail, as your body knows, is located in the Bergen Building, a privately owned building leased by The City of New York. Under my construction of the lease the obligation to make repairs is upon The City of New York, and the obligation to make new improvements is likewise upon The City of New York, and this judgment has been concurred in by the Corporation Counsel of The City of New York.

In December, 1917, there was a convict here who was sentenced to five years in prison. He made an effort to escape from the prison, and when sentenced confessed before the County Judge of this County that he received from the outside the saw with which he attempted to escape. The opportunity for outside aid comes from the fact that the cell windows are in the outer walls of the building, and, while the jail is surrounded by a high wall and fence, the fence is so close to the jail that any outsider could with the aid of a pole pass a pistol or blackjack or other weapon into any prison cell.

In view of the fact that this opportunity does exist, and that it was recently taken advantage of by the prisoner referred to, to whom a saw was passed by means of a rope, I feel that it is my duty to correct this condition.

I have accordingly determined to place around each one of the 131 windows in the prison a wire mesh, set in an iron frame, the size of which is 4 feet by 6 feet. I have bids from several reputable contractors, and base the estimate set out below upon their figures.

A short time ago there was left in a cell of one of the prisoners two metal spoons, the handles of each of these spoons were so remodelled by some one that it was possible to turn the cell lock with the aid of the spoon. If the man had escaped from the cell and tier, and if he was successful in evading or overpowering the guards, and then shot the keeper upon the main gate by means of a gun obtained from the outside, as above shown, there might be, if the other prisoners assisted in the escape, a jail delivery.

To correct this situation I have determined to place an iron door at the foot of the stairway and an iron door around the elevator, with a gate in each of these doors, the turn-key of each of these two new gates should always be with the man upon the main gate, and any escape as above described would be impossible.

To further prevent the bringing of contraband goods into the jail I have determined to erect a wire screen behind which all visitors must talk to prisoners. The present facilities in the jail are entirely inadequate in this respect.

In the face of such conditions we cannot long hesitate to correct these dangers and I would therefore request your Honorable Board to issue special revenue bonds to cover the cost of making the improvements above outlined, and thus aid me in the discharge of my duty; said cost will be two thousand dollars.

Very truly yours,

JAMES F. DONNELLY, Sheriff.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 23, 1918.

No. 372—Sheriff, Bronx County. Request for Special Revenue Bonds, \$2,000, for the Purpose of Making Improvements to the County Jail.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee:

Sir—in accordance with your request of March 21, 1918, I have investigated the above request and report as follows:

The Bronx County Jail is located in leased quarters in the Bergen Building on the southeast corner of Tremont and Arthur avenues, Borough of The Bronx, where the Sheriff has three floors in the south building. The lease expires October 1, 1925, with the privilege of a ten-year renewal.

There are 106 separate cells arranged in five tiers in the rear end of the Sheriff's quarters. Each cell has a window which overlooks an arway formed by the prison wall and a retaining wall which supports open lots in the rear, which are on the level of the third tier of cells.

It is possible to approach the fence which protects this arway on three sides of the building. The windows have bars but no screens and the furthest distance from the surrounding grounds to the windows on the furthest tier is about forty feet. It would therefore be possible to throw things into any one of the windows from the adjoining property.

It is proposed to install wire mesh screens on the outside of the cell and corridor windows. No screens will be installed on other than jail windows. No screens will be installed on other than jail windows.

At the main entrance to the jail on the first floor it is proposed to install iron grilles around the elevator entrance and the stairway leading upstairs to provide necessary additional safeguards for the prison.

In the laundry, part of which is to be used as a meeting place for prisoners and visitors, it is proposed to install a fine wire mesh screen partition to separate visitors and prisoners and prevent the passing of drugs and other articles to prisoners.

The lowest of two invitation bids received for this work, which is reasonable, is as follows:

131 window screens	\$1,506 50
Elevator and stair enclosure	160 00
Screen partition	115 00

Total..... \$1,781 50

There was no request or allowance in the 1918 Budget for this work. On March 6, 1918, the Corporation Counsel rendered an opinion to the Sheriff that this work was not a part of this lessor's duty under the lease. Respectfully,

FRANCIS P. BENT, Director.

Which was laid over.

Hon. ALFRED E. SMITH, President, Board of Aldermen, New York City:

Dear Mr. President—The people of New York City are deeply concerned over the question of securing revenue for local government. Our own problem is accentuated by the enormous cost of the war and the fact that sources of revenue hitherto available for local government are all requisitioned and required for the Federal Government.

We appreciate the fact that the Board of Aldermen is in very close touch with the people of the city and, therefore, ask whether you will be good enough to arrange for a hearing before the Board, or the Committee on Public Welfare thereof, on the question of how to raise the local budget, which will, with the city's share of the direct state tax, be close to a quarter of a billion dollars? Could you arrange such a hearing for Monday, March 11th, or the latter part of that week, at which pending legislation at Albany might be discussed? Very truly yours,

F. C. LEUBUSCHER, President.

REPORTS:

Mr. George O. Eaton, Consulting Engineer of the Fire Department, appeared before the Committee and explained the necessity for the adoption of an ordinance effecting the renumbering of a section in an ordinance designated as "Liquefied Chlorine," which became effective September 18, 1917. In order to prevent any further confusion in regard to this matter, your Committee recommends the adoption of the following ordinance, for the purpose of effecting the correction referred to. AN ORDINANCE to amend article 17 of chapter 10 of the Code of Ordinances, by the change of a section number.

Be it Ordained by the Board of Aldermen of the City of New York as follows: Section 1. The ordinance adopted July 17, 1917, and effective September 18, 1917, relating to "Liquefied Chlorine," is hereby amended by having the section number thereof read "214a" instead of "214."

Sec. 2. This ordinance shall take effect immediately.

Fire Department of The City of New York, Feb. 25, 1918.
Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, N. Y. City:

Dear Sir—Last year there were two amendments to the Code of Ordinances adopted by the Board of Aldermen, both of which were designated as new sections, to be known as section 214.

One of these is: "Regulations governing the manufacture and handling of soda water and carbonated beverages," and has three subdivisions, Nos. 1-2-3. This was passed by the Board of Aldermen on June 19th, 1917, and became effective July 3rd, 1917.

The other ordinance, which created another new section, No. 214, is designated as "Liquefied Chlorine." This was adopted by the Board of Aldermen on July 17th, 1917, and became effective Sept. 18th, 1917.

The above similar numbers for different ordinances have naturally caused confusion, and on Feb. 11, 1918, the Board of Hazardous Trades made a recommendation, which was approved by the Fire Commissioner, that the ordinance designated as "Liquefied Chlorine" be designated as No. 214-a.

I would therefore request that you have a new ordinance introduced for "Liquefied Chlorine," merely changing the number of the same from 214 to 214-a.

Respectfully, CHAS. W. CULKIN, Deputy Fire Commissioner and Chairman, Board of Hazardous Trades.

No. 353.

Report of the Committee on General Welfare in Favor of Referring to the Department of Health an Ordinance to Amend the Code of Ordinances, Relating to the Manufacture and Sale of Flexible Tubing to Be Used for Gas Connections.

The Committee on General Welfare, to which was referred on March 12, 1918 (Minutes, page 604), the annexed ordinance to amend chapter 25 of the Code of Ordinances, relating to the manufacture and sale of flexible tubing, to be used for gas connections, respectfully

REPORTS:

The adoption of this ordinance, in its present form, was opposed by Dr. Harris and Mr. Featherston, representing the Department of Health, and also by Mr. George O. Eaton, Consulting Engineer in the Fire Department. The only appearance before the Committee in favor was Mr. Friese, representing the New York Gas Tubing Company.

Your Committee is of the opinion that this matter should be referred to the Department of Health, and recommends that the Fire Department be called in consultation by the Commissioner of Health, with a view of formulating an ordinance to cover the matter referred to, if, in their opinion, such an ordinance should be deemed necessary.

AN ORDINANCE to amend chapter 25 of the Code of Ordinances of the City of New York, by adding thereto an article 4, relating to the inspection of and sale of flexible tubing to be used for making gas connections in the City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Chapter 25 of the Code of Ordinances is hereby amended by adding thereto a new article, to read as follows:

Article 4.

Manufacture and Sale of Flexible Tubing to Be Used for Making Gas Connections
Section 45. No flexible tubing to be used for making gas connections shall be sold in the City of New York on and after thirty days after the passage of this ordinance, unless it conforms to the following standards:

1. Tubing suitable for use only on gas lamps shall consist of a metal core covered with a rubber jacket, or a fiber cover, over which shall be spread a compound of glue and glycerine 1-32 inch thick, impervious to gas. The outside shall be wound by a protective braid or in the alternative the core may consist of a rubber tubing over which shall be spread a compound of gelatine or other substance impervious to gas. The outside shall be wound by a protective fiber or braid of cotton or silk and to be fitted with standard metal ends.

Tubing for use on gas irons shall consist of a wire or metal core covered with a textile or fiber cover, over which shall be a cotton filling, on which shall be spread a layer of glue and glycerine 1-32 inch thick, impervious to gas, which in turn shall

be covered with a textile or fiber cover, over which shall be spread a layer of asbestos. The outside to be wrapped by a wire or metal spiral, or in the alternative the core may be a cotton inserted rubber tubing covered by a spiral steel wire, fitted with approved ends.

Not more than three grades of flexible gas tubing for gas heating and cooking stoves should be sold and should be constructed as follows:

a. One with a metal tubing core, reinforced with a layer of paper or fiber; then a cotton filler, on which a dip of glue and glycerine 1-32 inch thick is applied; then a second layer of waxed paper, and to be finished with a protective braid of cotton.

b. One with a steel wire spiral core, covered with a rubber jacket; this is to have a layer of glue and glycerine 1-32 inch thick, impervious to gas; this to have a layer of fiber or paper, a binding of cotton, finished with a protective cotton braid.

c. One with a steel wire spiral core, covered with a layer of fiber or paper; then a layer of glue and glycerine 1-32 inch thick, with two layers of fiber or paper and one layer of asbestos; this is finished with a binding of steel spiral wire; the latter will protect the tubing from heat.

The ends of all tubing to be used for lighting fixtures shall be made wholly of brass. The ends of all other tubing shall be composed of not less than 35 per cent. of washed and dried fine para rubber, and shall be not less than 1 3/4 inches in length and 3/4 inch at the thickest point. The connection between the rubber ends and the tubing shall all be of metal only.

All tubing shall be tested by the manufacturer before the same is offered for sale, under sufficient pressure to indicate any leak in the tubing throughout its length, and the said tubing shall be labeled with the word "Tested," with the manufacturer's name or trade-mark thereunder.

2. Penalty—For a violation of this ordinance, any tubing offered for sale, not conforming to the requirements above set forth, shall be confiscated, and, in addition, the person, partnership or corporation offering the same for sale shall be guilty of a misdemeanor and liable to a penalty of not less than \$ and not more than \$ for each offense.

3. Inspection—It shall be the duty of the Department of Water Supply, Gas and Electricity, from time to time, to inspect all tubing offered for sale within the city, and the said department is hereby authorized to empower its inspectors to confiscate any tubing found to be offered for sale in violation of this ordinance.

4. The Department of Water Supply, Gas and Electricity is hereby authorized to appoint the necessary inspectors, not exceeding five, who shall be men duly qualified to inspect gas tubing, and the salary of said inspectors shall be \$ per year for each inspector.

No. 373 (G. O. 45)

Report of the Committee on General Welfare in Favor of Adopting an Ordinance in Relation to the Wilful Destruction of Foods.

The Committee on General Welfare, to which was referred on March 19, 1918 (Minutes, page 645), the annexed ordinance in relation to the wilful destruction of foods, respectfully

REPORTS:

Your Committee is of the opinion that any measure which tends to the conservation of food and the prevention of food wastage should be adopted. In these times, when the most destructive war in the history of the world is being conducted, and when the Federal Government at Washington is resorting to the most drastic measures to prevent the wastage of food products, your Committee believes that the proposed ordinance would go far to correct an evil which in some instances is probably more the result of carelessness than criminality, and recommends the adoption of this ordinance, to be known as section 9-A, chapter 27, of the Code of Ordinances.

It is the purpose of your Committee to further consider this proposition, and it may at a later date recommend certain amendments for the purpose of further strengthening the ordinance.

AN ORDINANCE to amend chapter 27 of the Code of Ordinances by inserting therein a new section in relation to the wilful destruction of foods.

Be it Ordained by the Board of Aldermen of the City of New York as follows: Section 1, chapter 27, of the Code of Ordinances is hereby amended by inserting therein a new section to be known and styled as follows:

§9a. Wilful destruction of food prohibited; term "food" defined; exception. No person, firm or corporation shall wilfully waste or destroy, or cause, suffer or allow to be wilfully wasted or destroyed, any wholesome food fit for human consumption. The term "food," as herein used, shall be taken to mean and include meats, pork, fowl, vegetables, bread and bread rolls. Provided, however, the provisions of this section shall not apply where the wilful destruction and waste of such food is regulated or controlled by the provisions of the United States Food Control Laws, or the New York State Food Control Laws. Any person, firm or corporation who shall violate the provisions of this section shall, upon conviction thereof, be punished by a fine of fifty dollars (\$50), or imprisonment for ten (10) days, or both.

This section shall take effect immediately and shall continue in force during the time the United States is at war and thereafter until the mayor of the City of New York shall declare that the emergency causing the enactment thereof no longer exists.

Sec. 2. The table of section headings of chapter 27 of the Code of Ordinances is hereby amended to read as follows:

CHAPTER 27.

Miscellaneous.

- Section 1. Advertisements; false and misleading.
2. Animals.
3. Bathing in public; floating baths.
- 3a. Beaches and other parts of the water front to be protected against bottles, crockery, glass and glassware.
4. City magistrates' courts.
5. Jurors' fees.
6. Letter-boxes.
7. Queens county; county clerk's fees.
8. Session laws; compensation for same in Queens and Richmond.

SPECIAL ORDERS.

S. O. 40 (Int. No. 344).

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$50,000, for the Purchase and Storage of Foodstuffs, to Be Sold Later to Consumers by the Commissioner of Public Markets.

The Committee on Finance, to which was referred on March 12, 1918. (Minutes, page 557), the annexed request of the Commissioner of Public Markets for Special Revenue Bonds, \$50,000, for the purchase and storage of foodstuffs to be sold to consumers later, respectfully

REPORTS:

That on this proposition the Committee heard Commissioner Day and Mr. Thomas Smith of the Bureau of Contract Supervision. Your Committee also has a report on the subject from the latter bureau, which is made a part hereof. While it may appear that the Comptroller has power to issue the bonds asked for under the provisions of the act creating the State Food Commission, the Committee is one of opinion with the report herein referred to, and to eliminate any doubt that may arise presents the accompanying resolution for adoption.

Resolved, That, pursuant to the provisions of subdivision 8, section 188, of the Greater New York Charter, and section 14 of chapter 813 of the Laws of 1917, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifty thousand dollars (\$50,000), the proceeds whereof to be used by the Commissioner of Public Markets

to purchase food and fuel and for the handling and sale thereof and for any incidental expenses incurred therein.

FRANCIS P. KENNEY, WM. P. KENNEALLY, MICHAEL STAPLETON, B. E. DONNELLY, PETER SCHWEICKERT, JNO. J. O'ROURKE, ALGERNON LEE, SAMUEL J. BURDEN, EDWARD V. GILMORE, ROBERT L. MORAN, Committee on Finance.

Office of the Commissioner of Public Markets, Municipal Building, New York, March 12, 1918.

To the Honorable Board of Aldermen:

Gentlemen—Whereas, the State Food Commission has granted power to The City of New York to buy and sell food and fuel to the inhabitants of The City of New York; and

Whereas, the Board of Aldermen and the Mayor have named the Department of Public Markets as the agency for such purchase and sale; and

Whereas, the time has arrived when considerable quantities of foodstuffs would have to be purchased in order to get as nearly production prices as possible; and

Whereas, legally, the Department of Public Markets is without power to make purchases without money available to pay the amount obligated; and

Whereas, cash payments greatly facilitate purchases and cheapen prices,

I therefore respectfully request your Honorable Body to issue special revenue bonds in the amount of \$50,000 for use in purchasing for immediate consumption or for storage to be sold to consumers later, any foodstuffs which this department may find feasible or advisable to purchase; that the money so created be put into a special account for the use of the Department of Public Markets, either in the Department of Finance or as a special account in the Department of Public Markets, subject to direct oversight and audit by the Department of Finance; that I, as Commissioner of Public Markets, be put under bond in such amount as your Honorable Board may deem sufficient for the protection of the City to guarantee on my part faithful handling of such funds; that I be allowed to make such purchases direct and pay such commissions for purchase and sale as in my judgment may be just and proper.

I would respectfully urge speedy action on the part of your Honorable Body in view of the tremendous importance attached to this very vital matter of city administration. Very truly yours,

JONATHAN C. DAY, Commissioner.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, Room 1300, March 18, 1918.

No. 344—Request of the Commissioner of Public Markets for Special Revenue Bonds, \$50,000, for Use in Purchasing any Foodstuffs Which the Department May Find Feasible and Advisable to Purchase.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—As requested in your communication of March 14, 1918, I have caused an investigation into this matter and below I give the facts in relation thereto.

The Board of Estimate and Apportionment on October 19, 1917, adopted the following resolution, in which the Board of Aldermen concurred on October 23, 1917:

"Be it resolved and certified, pursuant to the provisions of section 14 of chapter 813 of the Laws of 1917, that on account of the deprivation of necessities of life in the City of New York, by reason of a shortage in the supply of, and excessive charges for, milk, meats, other foods and fuel, an emergency exists which requires that the City of New York purchase milk, meats, other foods and fuel and provide storage for and sell the same to its inhabitants."

Section 14, referred to in the above mentioned resolution, reads as follows:

"14. Purchase and sale of food and fuel by municipalities. Any municipality in this state may, in case of an actual or anticipated emergency on account of a deprivation of necessities, by reason of excessive charges or otherwise, purchase food and fuel with municipal funds or on municipal credit, and provide storage for and sell the same to its inhabitants in such manner and through such agencies as it may determine, but before the exercise of any such power or authority by any municipality it shall have the consent in writing from the state food commission to exercise such power. The mayor, if any, and the governing body or bodies of any such municipalities shall file with the state food commission a resolution and certificate stating that such a necessity has arisen in said municipality and otherwise satisfy the state food commission that such a necessity exists. The state food commission shall act upon the application as in its judgment the public interest requires and may prescribe such regulations and restrictions as it deems wise.

"Special revenue bonds may be issued by the city comptroller for the purpose of this section in any city which issues such bonds, and the same shall be issued in the manner provided by the city charter or other act applicable thereto."

Pursuant to the application mentioned above the State Food Commission on November 1, 1917, granted the application with the following restrictions:

"(1) Such consent is granted until further order of the Commission.

"(2) The City of New York shall make monthly, or oftener if required by the State Food Commission, a report of its operations pursuant to the foregoing consent to the State Food Commission. Such report shall be in such form as shall be prescribed by the Commission."

The Board of Aldermen, at a meeting held on January 7, 1918, designated the Commissioner of Public Markets of the City of New York as the agency for the purchase, storage and sale to the inhabitants of the City of food and fuel under authority of the above mentioned law.

The Commissioner of Public Markets, in order to alleviate the conditions as set forth in the resolutions of the Board of Estimate and Apportionment and the Board of Aldermen, requests that the sum of \$50,000 be provided by the issue of special revenue bonds as a fund to permit him to purchase food and fuel for immediate sale to the public or for storage, to be sold later to the public. The Commissioner has stated that the plan of the Department of Markets for bringing food to New York and selling it to the public at the lowest possible prices will develop in its practical details, as the various conditions to be met might arise.

The Commissioner has been able to sell food sent to him on consignment and some acquired on credit, which was paid for out of the proceeds of the sales. In order that he might take advantage of the low prices afforded in cash sales and also to permit the purchase of food for storage at a time when low prices are afforded, to be sold later when public interest would be served, it would be desirable that such a fund be created.

It is suggested that the usual restriction in the resolutions recommending special revenue bond appropriations "that all obligations contracted for hereunder to be incurred on or before December 31, 1918," be eliminated. The purpose of this is to permit the account to be a continuing one so that all credits might be applied back to the fund and without new authorization next year.

The procedure for the audit of bills for purchases and for the sale of food and fuel acquired is now being worked out by the Department of Finance.

It is questionable whether, under the provisions of section 14, above quoted, action by the Board of Aldermen is necessary, as the Comptroller appears to have power to issue special revenue bonds, but such action by your Board will remove any question in the matter. Respectfully,

FRANCIS P. BENT, Director.

Alderman Gaynor moved to recommit the foregoing proposition to the Committee on Finance.

The Vice-Chairman put the question whether the Board would agree with said motion of Alderman Gaynor.

Which was decided in the negative.

Affirmative—Aldermen Bostwick, Burke, Colne, Falconer, Ferrand, Friedman, Gaynor, Moore, Post, Quinn, Smith and Wirth—12.

Negative—Aldermen Atwell, Beckerman, Bell, Braunstein, Buckley, Calman, Cassidy, Collins, Curley, Donnelly, Dunn, Farley, Ferguson, Fowler, Fullum, Gilmore, Haubert, Held, Hilkemeier, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Mullen, O'Brien, O'Rourke, Palitz, Roberts, Ryan, Schweickert, Vladeck, Walsh, Williams, Wise, Wolff, Zettler; President Van Name, President Connolly, by W. Augustus Shipley, Assistant Commissioner of Public Works; President Bruckner, by William J. Flynn, Commissioner of Public Works; President Riegelmann, by Joseph A. Guider, Commissioner of Public Works—45.

The Vice-Chairman then put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the negative by the following vote, three-fourths of all the members of the Board having failed to vote in favor thereof:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Braunstein, Buckley, Calman, Cassidy, Collins, Cox, Curley, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Fullum, Gilmore, Haubert, Held, Hilkemeier, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien,

O'Rourke, Palitz, Post, Roberts, Ryan, Schmitz, Schweickert, Stapleton, Vladeck, Walsh, Williams, Wise, Wolff, Zettler; President Van Name, President Connolly, by W. Augustus Shipley, Assistant Commissioner of Public Works; President Bruckner, by William J. Flynn, Commissioner of Public Works; President Riegelmann, by Joseph A. Guider, Commissioner of Public Works; the Vice-Chairman—53.

Negative—Aldermen Bostwick, Burke, Colne, Diemer, Falconer, Friedman, Gaynor, Moore, Quinn, Smith and Wirth—11.

Alderman Kenneally moved that the vote by which the foregoing report and resolution was lost be reconsidered.

Which was adopted.

The proposition was then, on motion of Alderman Kenneally, restored on the Calendar of Special Orders.

At this point the Acting President of the Borough of The Bronx was excused from further attendance.

A Question of Personal Privilege.

At this point Alderman Falconer arose to a question of personal privilege. The question had been briefly stated by the Alderman when the Vice-Chairman ruled that there was no invasion of personal privilege and declared the Alderman out of order, inasmuch as the question raised was predicated on the contents of a personal letter addressed to Alderman Squiers.

Alderman Falconer took dissent at this ruling and appealed from the decision of the Chair.

The Vice-Chairman then put the question, "Shall the decision of the Chair stand as the decision of the Board?"

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Cassidy, Collins, Colne, Cox, Curley, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Fullum, Gilmore, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, Martin, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Roberts, Ryan, Schmitz, Schweickert, Stapleton, Vladeck, Walsh, Williams; President Van Name, President Connolly, by W. Augustus Shipley, Assistant Commissioner of Public Works; President Riegelmann, by Joseph A. Guider, Commissioner of Public Works—49.

Negative—Alderman Falconer—1.

GENERAL ORDERS.

G. O. 21 (Int. No. 91).

Report of the Committee on General Welfare in Favor of Adopting Substitute Ordinance to Amend the Code of Ordinances, Relating to "Snow and Ice."

The Committee on General Welfare, to which was referred on January 15, 1918 (Minutes, page 112), the annexed ordinance to amend subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances, relating to "snow and ice," respectfully

REPORTS:

Your Committee heard the introducer of the proposed ordinance and also the Hon. Frank L. Dowling, President of the Borough of Manhattan; Commissioner of Street Cleaning, Mr. A. C. MacStay; Mr. T. J. Murphy, representing the Corporation Counsel, and Dr. A. Korn, President of the Harlem Property Owners' Association, who favored the ordinance, and there were no appearances in opposition. It is the contention of those favoring the proposed ordinance that the provision relating to snow and ice, as formerly existed, should be re-enacted, because of the innumerable serious and fatal accidents that have occurred by neglect or failure of householders to remove snow as required by ordinance.

Your Committee is of the opinion that the proposed ordinance is desirable, but feeling that it should be modified, herewith presents a substitute ordinance, which it recommends for adoption.

SUBSTITUTE.

AN ORDINANCE to amend subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances, relating to snow and ice.

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances is hereby amended to read as follows:

§21. Property owners' duties.

1. Must clear sidewalks. Every owner, lessee, tenant, occupant, or other person, having charge of any building or lot of ground in the city, abutting upon any street or public place, where the sidewalk is paved, shall, within 4 hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow [and] or ice, dirt or other material from the sidewalk and gutter, the time between 9 p. m. and 7 a. m. not being included in the above period of 4 hours; provided, however, that such removal shall in all cases be made before the removal of snow [and] or ice from the roadway by the commissioner of street cleaning, or by the borough president of Queens or Richmond, or subject to the regulations of said commissioner of street cleaning or of said borough president of Queens or Richmond, for the removal of snow [and] or ice, dirt or other material; except that in the boroughs of Queens and Richmond any owner, lessee, tenant or occupant or other persons who has charge of any ground abutting upon any paved street or public place, for a linear distance of 500 feet or more, shall be considered to have complied with this section, if such person shall have begun to remove the snow [and] or ice from the sidewalk and gutter before the expiration of the said 4 hours, and shall continue and complete such removal within a reasonable time.

Whenever any owner, lessee, tenant, occupant or other person having charge of any building or lot of ground, abutting upon any street or public place where the sidewalk is paved, shall fail to comply with the provisions of any ordinance of the city for the removal of snow [and] or ice, dirt, or other material from the sidewalk and gutter in the street, on the side of the street on which such building or vacant lot abuts; the [president of the] commissioner of street cleaning or borough [in which such building or vacant lot is located] president of Queens and Richmond, as the case may be, may cause such removal to be made, meeting the expense thereof from any suitable street cleaning or highway fund, and thereafter the expense of such removal, as to each particular lot of ground, shall be ascertained and certified by the said commissioner of street cleaning or the borough president of Queens and Richmond to the comptroller, and the board of estimate and apportionment may authorize such additional expenditures as may be required, for the said removal of such snow [and] or ice, [and snow] dirt, or other material, to be repaid to the fund from which the payments were made, with proceeds from the issue and sale of revenue bonds, which shall be sold by the comptroller as provided by law.

The said commissioner of street cleaning or the borough president of Queens or Richmond, as the case may be, shall, as soon as possible after [the] such work is done, certify to the corporation counsel the amount of the expense chargeable against each piece of property. The corporation counsel is hereby directed and authorized to sue for and recover the amount of this expense, [together with \$3 penalty for each offense,] and, when so recovered, the amount shall be turned over to the city chamberlain, to be deposited to the credit of the general fund of the City of New York for the reduction of taxation.

Any person violating any provision or regulation hereof shall, upon conviction thereof by any city magistrate, be fined for such offense not less than One Dollar (\$1) and not more than Three Dollars (\$3) and in default of payment thereof may be imprisoned for a period of one day.

Note—Matter in brackets [] is old matter to be omitted; matter in italics is new matter.

The Committee on General Welfare, to which was referred on January 22, 1918 (Minutes, page 152), the annexed ordinance to amend article 1 of chapter 22 of the Code of Ordinances relating to snow and ice, respectfully

REPORTS:

The proposed ordinance is to harmonize the provisions of subdivision 1 of section 217 of article 3 of chapter 22 of the Code of Ordinances, relating to snow and ice, with the provisions of the ordinance under consideration, so that the matter of removal of rubbish and snow in the Boroughs of Manhattan, Brooklyn and The Bronx shall be performed by the Street Cleaning Commissioner and not by the Borough Presidents of the respective boroughs. In consideration of the foregoing your Committee recommends the adoption of the accompanying ordinance.

AN ORDINANCE to amend section 1 of Article I of chapter 22 of the Code of Ordinances, relating to snow and ice.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 1 of Article I of chapter 22 of the Code of Ordinances is hereby amended to read as follows:

Section 1. Reimbursement for removal of rubbish or snow.

§1. Reimbursement for removal of rubbish or snow.

Whenever any owner, lessee, tenant, occupant, or other person, having charge of any building or lot of ground abutting upon any street or public place, where the sidewalk is paved, shall fail to comply with any of the provisions of this chapter for the removal of snow [and] or ice, dirt or other material from the sidewalk and gutter on the side of the street on which said building or lot abuts, the commissioner of street cleaning, or the borough president of Queens or Richmond, as the case may be, may cause such removal to be made, meeting such expense from any suitable street cleaning or highway fund. Thereafter, the expense of such removal as to each particular lot of ground shall be ascertained and certified by the commissioner of street cleaning, or by the president of the borough of Queens or Richmond, to the comptroller, and the board of estimate and apportionment may authorize such additional expenditures as may be required, for the removal of the snow [and] or ice, dirt or other material, to be repaid to the fund from which the payments were made, or, instead, in the borough of Queens or Richmond, to the special fund for restoring and repaving in said boroughs, if the presidents thereof so elect, with proceeds from the issue and sale of revenue bonds, which shall be sold by the comptroller as provided by law. [The commissioner of street cleaning, or borough president of Queens or Richmond, as the case may be, shall, as soon as possible after the work is done, certify to the corporation counsel the amount of expense therefor, chargeable against each piece of property, who shall sue and recover the amount of such expense from the owner of such property, together with a penalty of \$3 for each offense.]

Sec. 3. This ordinance shall not preclude the acquisition of the above described lands and premises, or any part thereof, by purchase from the owner or the respective owners thereof, at a price to be fixed by the Board of Estimate and Apportionment.

Sec. 4. The Clerk of the Board is hereby directed to prepare two similar surveys, maps or plans of said lands and premises and file the same, one in the office of this Board and the other in the office of the Clerk of the County of Queens, in accordance with the provisions of section 1432 of the Greater New York Charter.

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 11, 1918.

To the Honorable the Board of Aldermen, City Hall, New York, N. Y.:

Sirs—Some time since corporate stock was made available for the acquisition of a site for the construction of a Refuse Destructor at Jamaica, efforts have been made from time to time to determine upon a site which would meet the least objection and not conflict with the City Ordinances as to zoning restrictions. Many sites have been

looked into, but for one reason or another I have been unable to determine upon a desirable location for the proposed destructor until recently.

I submit herewith for your approval, in accordance with the Charter provisions, the selection of a site located on the corner of Catherine Street and Church Street, Jamaica, running about 180 feet on Church Street and about 175 feet on Catharine Street.

In view of the fact that the ownership of this parcel is in more than one person and that there is a difference in the prices for various lots I believe it to be to the best interest of the City that this site be acquired by condemnation proceedings.

I transmit also a survey of the real estate involved. Respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burke, Calman, Cassidy, Collins, Colne, Cox, Curley, Donnelly, Dunn, Falconer, Farley, Ferguson, Fullum, Gaynor, Gilmore, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Moore, Mullen, O'Brien, O'Rourke, Roberts, Schmitz, Schweickert, Stapleton, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Connolly, by W. NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale.

Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of the building.

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.
GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, or the party or parties making the bid, that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.
The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.
The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.
Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
