Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 18, 1902, authorizing the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

Resolved, That, pursuant to the provisions of sections 47 and 613, chapter 466 of the Laws of 1901 (the amended Greater New York Charter), the Board of Estimate and Apportionment hereby approves of the issue of bonds to an amount not exceeding one hundred and fifty thousand dollars (\$150,000), to provide for the construction of additional driveways and paths, for the completion of the fountain in front of the Botanical Museum Building and for additional cases for the Museum of the New York Botanical Garden in Bronx Park, in accordance with the plans and communications submitted by the Commissioner of Parks for the Borough of The Bronx to the Board of Estimate and Apportionment on November 25, 1901, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of one hundred and fifty thousand dollars (\$150,000), the proceeds whereof shall be applied to the purposes aforesaid.

No. 271.

Whereas, This Board, on the 6th day of January, 1902, adopted a resolution (which received the approval of his Honor the Mayor on the 13th of said month), authorizing, for emergency purposes of the Fire Department, the purchase, otherwise than by contract at public letting, of forage to an amount not exceeding \$11,000, and of fuel to an amount not exceeding \$9,000; and

Whereas, It has been reported by the Fire Commissioner, under date of May 12, 1902, that while exigencies of the service which could not reasonably have been anticipated, have required the expenditure of \$12,168.52 for forage, an excess of \$1,168.52 over the amount authorized therefor, the requirements for fuel have

necessitated the use of but \$6,055.24, or \$2,944.76 less than the sum of \$9,000 allowed for that purpose, making the total expense incurred on both accounts but \$18,223.76 or \$1,776.24 less than \$20,000, the combined amounts authorized for the two purposes; therefore.

Resolved, In order that the claims for forage furnished in excess of the sum of \$11,000 may be audited and allowed by the Comptroller of The City of New York, the aforesaid resolution of January 6, 1902, be amended by fixing the limit authorized, under its terms, for the purchase of forage at \$12,168.52, and of fuel, \$6,055.24, the total liabilities incurred for the purchase of these supplies.

Pursuant to request of the Visiting Board of Fordham Hospital, they were informed that a Druggist had already been appointed to the hospital, and that in the opinion of the Trustees the telephone service, as at present organized, is superior to that which has been had in the past, and the Fordham Visiting Board was called upon to submit any evidence which may be in their possession as to their losing calls in consequence of any inadequacy in the service.

The Secretary was instructed to write a letter to John S. Billings, thanking him for his advice and assistance to the Committee on Buildings in their preparation of plans for the New Harlem Hospital.

The resolution of the Board accepting the resignation of William Sergeant, Engineer, was reconsidered and then the consent of the Board was given to the transfer of said William Sergeant to the Department of Public Charities.

It was moved, seconded and carried that the Board purchase one fourteen hundred (1,400) pound ambulance from Barry & Co., at \$600 and one two-horse ambulance of about seventeen hundred (1,700) pounds from Abbott, Downing & Co., at \$600.

The Corporation Counsel was requested to assign to the Board a Counsellor for the purpose of advising the Board to take such steps, as may seem necessary, concerning the absence from the hospital of the Steward, Mr. Samuel A. Russel.

lem river, in the Borough of Manhattan.

The grade in each case will be the same as

filled at ten feet above Mean Low Water at its

of the bank on 1 to 1 slopes will not extend
outside of the outside lines of the streets.

Filling shall be commenced within five days
after receipt of notification from the Engineer
that the work or any part of it is ready to be
begun, and shall be carried on to the satisfaction
of the Engineer.

If at any time during the progress of the
work it shall be deemed necessary to order the
suspension of the whole or any part of the

not commence the filling until ordered so to do.

The privilege to fill in the said described area

privilege must be paid at the time of award of

In case the purchaser at any time does not

bond in double the amount of the purchase price
as security for the satisfactory performance of
the said work, in accordance with the terms and

McDOUGALL HAWKES,
Commissioner of Docks.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A,"
FOOT OF BATTERY PLACE, BOROUGH OF MANHAT-
TAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE
received by the Commissioner of Docks at
Pier "A," Battery place, in The City of New
York, on

FRIDAY, JUNE 20, 1902.

until 12 o'clock noon, for the right to dump and
fill in behind the crib bulkhead recently built

along Lexington avenue and One Hundred and
Thirty-second street, on the westerly side of the
Harlem river, between said crib work and the
upland banks within the lines of said streets.

Conditions of the right to dump and fill in on
westerly side of Harlem river, between Lexing-
ton avenue and One Hundred and Thirty-second
street, in the Borough of Manhattan.

The filling will be put in to a height of about
five feet or less above mean high water mark over
the above described area.

The privilege to fill in the said described area
will be sold to the highest bidder, but the Com-
missioner reserves the right to reject all bids if
deemed for the interest of the City so to do.

One-half the purchase price for such right or
privilege must be paid at the time of award of
the work of filling in has been completed.

The total estimated quantity to be filled in is
about 16,500 cubic yards, more or less. This total
estimated quantity is approximate only and is
estimated without allowance for sinkage or settle-
ment below the mud line. The Department is not
bound in any way by such estimate and bidders
must satisfy themselves of the actual quantity re-
quired to fill in the above described area by ex-
amination of the premises or such other means
as they may prefer. The intention of the De-
partment being to fill in the whole of the said
premises behind the crib bulkhead to the westerly
line of One Hundred and Thirty-second street,
and no allowance will be made to the purchaser
from the purchase money on account of any dis-
crepancy which may be found between the above
estimated quantity and the actual amount of fill-
ing required. The purchaser will be required to
place the filling in accordance with the specifica-
tions:

All the filling shall be placed directly in the
rear of the crib and carried from the crib toward
the shore until the bank of same has been carried
out at the finished grade for a distance of about
40 feet from the face of the crib, at which time
if so directed by the Engineer, the filling may
be commenced from the shore toward the crib.

Owing to the fact that a portion of the crib
work has already shown a movement, and that
it is likely that it will settle further to some ex-
tent, the work of filling in will have to be con-
ducted with much care, and for that reason the
purchaser will estimate upon being delayed on
the work, which it is not expected will be carried
on continuously to completion from the time it is
commenced.

All material must be dumped and filled in only
in such manner, at such points and in such order
of procedure and at such times and seasons as
may from time to time be directed and the work
of filling in may be entirely suspended for such
periods of time as may be directed. The pur-
chaser shall have no claim for damage or for
any allowance from the purchase money on ac-
count of such suspension of the work.

All directions shall be given by the Engineer,
and wherever the word Engineer is used in these
specifications it refers to and designates the En-
gineer-in-Chief of the Department of Docks and
Ferries, or such officer or employee as may be
designated by him.

No filling shall be placed directly on the top
of the crib until all the remainder of the filling is
done, unless specially so directed by the En-
gineer.

All the filling except as otherwise specified
herein shall be of ashes, cellar dirt, broken stone,
etc., entirely free from garbage or any other or-
ganic matter objectionable in the opinion of the
Engineer.

No piece of rip rap stone coming directly on or
against the crib work shall be greater than about
three feet in its largest dimension and must be
deposited carefully in such manner as will not
injure the crib work.

At any section of the crib the filling shall be
brought up level with the under side of the
backing log of the crib at such section and no
higher unless otherwise directed.

The filling shall be commenced within five
days after the date of the receipt of a notification
from the Engineer that the work or any part of
it is ready to be begun and shall be completed
on or before November 1, 1902. If at any time
during the progress of the work it shall be
deemed necessary to order the suspension of the
whole or any part of the filling, the time for
completing said filling shall be extended so much
as it may have been delayed by such suspension.

The purchaser shall, during the work of filling
in and at all times until the completion thereof,
take all necessary precautions and place proper
guards for the prevention of accidents, and put
up and maintain at night sufficient lights, and
he shall indemnify and save harmless The City
of New York from all damages and costs to which
it may be put by reason of injury to the person
or property of another resulting from negligence
or carelessness in the performance of the work
or guarding the same.

In case the purchaser at any time does not
proceed with the work of filling in to the satis-
faction of the Commissioner of Docks, the said
Commissioner will at once terminate the privilege
of filling in and proceed to have the remainder
of the filling in done by other parties in such
way and manner as he deems proper.

The purchaser will be required to furnish a
bond in double the amount of the purchase price,
as security for the satisfactory performance of
the said work, in accordance with the terms and
conditions hereof.

Dated, THE CITY OF NEW YORK, June 6, 1902.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there. m14
