ARTHUR J. O'KEEFFE, Acting Police Commissioner.

POLICE DEPARTMENT.

September 4, 1907.

The following proceedings were this day directed by the Acting Police Commissioner:

Whereas, The exigencies of the Police service require the use of a gasoline touring five-passenger car, and it appearing that there are certain special made articles specified to be used in the construction of said car,

Ordered, That, in pursuance of section 1554 of the Charter, application be and is hereby made to the Board of Estimate and Apportionment for permission to contract for the same, in pursuance of the following specifications:

Capacity—Five (5) persons and full equipment for touring.

Wheel Base—Not less than 102 and more than 130 inches.

Front Wheels—Fitted for clincher tires, 32 inches or 34 inches, or 36 inches by 4 inches.

Rear Wheels—Fitted for clincher tires, about 32 inches, or 34 inches, or 36 inches by 5 inches.

Tires—Diamond, Continental, Michelin or Goodrich, or equal thereto.

Chassis Frames—Channel section of steel, not less than 4 by 1½ by 3-16 inches, or reinforced wood.

Transmission Gear System—For two, three or four speeds and reverse, preferably selected type, with Timken roller bearings, Hess-Bright ball bearings, or equally good bearings, throughout.

Gears shall be of chrome nickel steel, oil tempered or case hardened, of such diameter and pitch of teeth as to serve the purpose silent and well. Gears to be flanged on as far as possible, and to be arranged for direct drive on the high speed.

Gear case shall be of metal of adequate strength, oil tight and suitable for the purpose.

Gear shafts shall be of chrome nickel steel, with integral flanges, for gears that can be flanged, and provided with tapers for gears that may not be flanged.

Rear axle shall be of the most approved proportions of the No. 1 section, arranged for side chain drive and fitted with properly proportioned bearings for wheels, as well as neat and secure spring seats and proper anchorages for distance rods; or shaft-driven, floating type rear axle, with roller or ball bearings and ball thrust bearings.

Front axle shall be of the most approved proportions of the No. 1 tubular section, with symmetrical, strong and well proportioned knuckles, and fitted with approved ball or roller bearings for front wheels, also with neat and secure spring seats, forged integral with axles and other essentials.

Both axles shall be of chrome nickel steel, free from weld, blow holes or other imperfections.

Chassis springs shall be of semi-elliptical or full elliptical type, both front and back, and of such length and weight as to insure good spring action. The number of leaves in spring shall be such as to insure strength and flexibility. Bumpers, front and rear, shall be provided.

Spring clamps shall be of ample proportions to insure tight clamping, and with an adequate factor of safety. The quality of material to be used in springs shall be of such as to insure freedom from set and immunity from spring ruptures in normal service.

Wheels shall be of wood, of ample proportions, with spokes of clear, seasoned, second growth hickory, clamped tight between hub flanges and neatly fitted in fellos, which latter parts shall be of seasoned second growth hickory, of ample proportions and workmanlike finish.

Brakes—The car shall have two independent, complete and competent sets of brakes, one of which to be the emergency brake attached to the rear wheel hubs, and the other of which may be the differential or compensating shaft brake. Either set of brakes shall be capable of skidding the rear or driving wheels with ease and precision and at will. All brakes shall be provided with suitable and easily worked adjustments, as well as wearing faces, of such material as will continue to serve the purpose for an extended period.

The clutch shall be cone, leather-faced cork or spring lined, or metallic disk clutch of such design as to allow of the gradual acceleration of the car, with no perceptible slipping when the members of the clutch are in unhampered contact.

The flywheel shall be of such a diameter and weight as to insure immunity from "bucking" trouble, with the motor running at 200 revolutions a minute, and in starting, cranking, the motor, the flywheel shall afford an adequate effect.

Friction driven cars which comply in other respects with these specifications may be offered.

The Motor.

Cylinders shall be water cooled, at least four in number, with mechanically operated inlet and exhaust valves, of adequate proportions and strength. The cylinders shall be of cast gray iron, of symmetrical design, even thickness of walls, safe and proper, and free from open pores, blow holes, or other imperfections.

Cylinders shall have a bore of not less than 4 inches nor more than 5½ inches, and a stroke of not less than 4½ inches, nor more than 6 inches, for four cylinder motors, nor less than 4 inches bore for six cylinder motors, limiting the stroke in any case as for four cylinder motors.

Valves shall be of the most approved shape, of alloy steel, and ground to a full tight seat. The valve motion shall be of good construction and free from imperfections of material or workmanship.

Pistons shall be of gray cast iron, light, strong and balanced, with ample clearance to obviate sticking, but well fitted, tight piston rings, with a hardened gudgeon pin of alloy steel locked in such a manner as to prevent the same from floating out, or turning in the piston bosses.

Connecting rod shall be of special steel, die forged or cut from the solid, preferably No. 1 section, and with bearings of liberal and adequate proportions.

Crank shaft shall be of chrome nickel steel, of adequate proportions, liberal bearings and accurately finished. Engine shall develop not less than 24 horse power at 1,000 revolutions.

Cam shaft shall be of special steel, cams integral, hardened cam faces, and accurate workmanship throughout.

Crank case shall be of metal of good proportions, free from any imperfections of design or workmanship, with rigid arms, and the most approved structural shape.

Timing gears shall be accurately cut and noiseless in operation.

Ignition system shall be by high tension jump spark magneto and storage battery auxiliary or low tension wipe spark magneto and storage battery auxiliary, or some other approved double system.

Carburettor shall be of float feed type, of good construction and adequate for the needs of the intended service.

Governor shall be of suitable design, good workmanship, and correctly applied to the motor in such a way as to prevent "racing" when the motor is relieved of its load.

Steering post shall be free from lost motion, absolutely irreversible and the most approved design. The wheel shall be not less than 15 inches in diameter and 1¼ inches wood rim, the latter to be of selected mahogany. Mounted on the steering wheel or steering column shall be the lever control for spark and throttle.

A gasoline tank shall be provided, of copper or galvanized iron, of adequate weight, hung in frame at rear of car. The filler for gasoline tank shall be in an accessible location. Piping for gasoline shall be of copper or steel tubing, with an inside diameter not less than ½ inch. Piping for pressure shall be of the same material, of the same size.

Lubricating Oil System—The system of lubrication shall be force feed, adequate, complete and substantially automatic.

Water-cooling system shall be adequate and complete for the purpose. A pump, preferably of the centrifugal type, of ample proportions, shall be provided.

Electrical wiring shall be complete, visible, in neat and rigid fastenings. The wires throughout shall be of approved copper cable, with an adequate thickness of rubber, all incased in proper insulation.

Body shall be of suitable design and secure and workmanlike construction of wood or aluminum. Cushions and upholsterings shall be in leather of the most serviceable grade, neatly shaped and properly placed.

The body finish shall have from fourteen to sixteen consecutive coats of carriage finish, all suitably applied, and the final finish and appearance shall be absolutely first class in every way.

Accessories shall consist of:

(a) Prest-o-lite gas tank.

(b) One pair of 10-inch lens lights, connected to the prest-o-lite tank by means of copper piping securely run and properly placed.

(c) One pair of standard approved oil side lights.

(d) One approved oil rear light.

(e) Lamp brackets for all lights, of mild steel or brass, suitably forged and securely placed.

(f) Tire irons shall be furnished and placed on the right side of the car, so that one each front and rear casing may be carried back of the front mud guards on the right side running board.

(g) Extra tires. The vendor shall furnish and provide one front and one rear casing, also four extra front and four extra rear inner tubes, all of the same quality and make as the regular tire equipment.

(h) Special tools, special wrenches and other tool equipment required to match the constructive features of the car shall be furnished by the successful bidder.

Folding cape top of black Pantasote with suitable lining, together with side and front storm curtains; also cover for top when same is folded back.

Nickel chrome steel shall be used for axles, crankshafts, all shafts, all gears and all other important parts.

Its composition and properties shall be as follows:

Chromium, 1.40; nickel, 3.30; carbon, .30; silicon, .26; sulphur, .015; phosphorus, .013; man., .40.

Tensile Strength—Untreated, not less than 110,000 pounds; elastic limit, 95,000; extension in 8 inches, 16 per cent.; contraction, 60 per cent.

Each bidder shall submit with his bid a guaranteed analysis and test of the steel used for the above named purpose.

For unimportant parts steel carrying as much as .025 phosphorus will be accepted.

Bidders will be required to give a demonstration over a distance of fifty (50) miles. The successful bidder will be required to furnish the machine selected within thirty (30) days from date of order.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, September 13, 1907.

PUBLIC NOTICE IS HEREBY GIVEN that promotion examinations for all City departments will be held upon dates to be announced later by this Commission.

These examinations are open to all persons who have served continuously in positions in Part II. (clerical service) and Part VII. (engineering service) in same bureau or office for a period of six months prior to October 1, 1907. (The requisite length of service in a grade is subject to change upon approval by the State Civil Service Commission, amending Civil Service Rule XV. so as to require two years' service in new Grade 1 and three years' service in new Grades 2, 3 and 4.)

Office Boys to be eligible must have reached the age of eighteen or have had two years' service upon filing of applications. Junior Clerks and others must have reached the age of twenty-one to be eligible for Senior Clerk. For all other positions applicants must be twenty-one.

Promotion lists now in existence will continue in force for a period of one year from date of promulgation, and until new lists are announced.

Applications can be procured at once from the application desk (Room 1119), and can be filed only after October 1 and until 4 p. m. October 31, 1907.

The efficiency records called for by Rule XV., paragraph 7, as amended, must be completed to September 30 and a transcript thereof must appear upon the application blank properly filled out and signed by the person designated by each appointing officer.

No further notice of these examinations will be sent to any department.

No personal application will be considered, and no one will be examined who has not filed an application.

Examinations for promotion to positions other than those in Parts II. and VII. of the competitive class will be held only upon special request.

FRANK A. SPENCER,

Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

FILLING-IN PRIVILEGE.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

will extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 5,700 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built, on that part of the Blackwell section situated between the northerly side of East Seventy-seventh street and the southerly side of East Seventy-ninth street, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finish grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within 57 calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions thereof.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street opening purposes in the

Borough of Manhattan.

Being the remaining buildings within the area of the proposed Delancey street extension, located between Broome and Spring streets, and extending from Mulberry street to Elm street, Borough of Manhattan, which were not sold at the sale held on Monday, June 24, 1907, and which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Department of Finance, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 5, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, SEPTEMBER 19, 1907,

at 10 o'clock a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level 2 feet below the existing curb and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned. The work of removal must be carried on in every respect in a thorough and workmanlike

manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 2, 1907.

TAXPAYERS WHO DESIRE TO OBTAIN their bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by section or ward, block and lot or map number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax. Each requisition should be accompanied by an envelope bearing the proper address of the applicant, and with return postage prepaid.

In case of any doubt in regard to ward, section, block or lot number, taxpayers should take their deeds to the Department of Taxes and Assessments and have their property located on the maps of that Department, and forward to the Deputy Receiver of Taxes, with the requisition, a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessments.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment, and avoid any delay caused by waiting in lines, as required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

John J. McDonough, No. 57 Chambers street, Borough of Manhattan, New York.

John B. Underhill, corner Third and Tremont avenues, Borough of The Bronx, New York.

James B. Bouck, Municipal Building, Borough of Brooklyn, New York.

George H. Creed, corner Jackson avenue and Fifth street, Long Island City, Borough of Queens, New York.

John De Morgan, Borough Hall, St. George, Staten Island, Borough of Richmond, New York.

After receiving the bills, the taxpayer will see that they are properly rebated, then draw check for the net amount to the order of the Receiver of Taxes and mail bill and check, with an addressed envelope, with the return postage prepaid, to the Deputy Receiver in whichever borough the property is located.

Checks should be mailed as soon as possible after the bills have been received by the taxpayer.

All bills paid during October must be rebated before payment.

DAVID E. AUSTEN,
Receiver of Taxes.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF RICHMOND, FOR UNPAID TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. METZ, Comptroller of The City of New York, the undersigned hereby gives public notice, pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments

have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York;

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

WEDNESDAY, NOVEMBER 20, 1907.

at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN,
Collector of Assessments and Arrears
of The City of New York.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held in the Old Council Chamber, City Hall, Borough of Manhattan, on Monday, July 8, 1907, the following proceedings were had:

Whereas, The City of New York, by contract dated May 31, 1906, granted to the New York and Port Chester Railroad Company the right to cross certain streets and highways and to construct, maintain and operate a railroad upon certain routes particularly set forth in section 1 of said contract, and which contract, including all the terms and conditions thereof, was executed by the Railroad Company on May 31, 1906, and by the Mayor, on behalf of The City of New York, on June 11, 1906; and

Whereas, The said company has petitioned the Board of Estimate and Apportionment, under date of April 4, 1907, for the consent of The City of New York to certain modifications and alterations in said routes, as is fully set forth in said petition; and

Whereas, In pursuance to such laws, this Board adopted a resolution on May 10, 1907, fixing the date for public hearing thereon as May 24, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Times" and the "New York Tribune," newspapers designated by the Mayor, and in the City Record for ten (10) days, immediately prior to the date of hearing, and the public hearing was duly held on such day, and was continued to June 7, 1907, and was concluded on said date; and

Whereas, This Board has made inquiry as to the proposed modifications and alterations in the said routes of said company, and has reached the conclusion that such modifications and alterations are desirable and in the public interest; now therefore it is

Resolved, That the following form of resolution for the consent or right applied for by the New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York and Port Chester Railroad Company as granted by contract dated May 31, 1906, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad; such changed, altered or amended route being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said contract dated May 31, 1906, which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein; and be it further

Resolved, That the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT FOR ALTERATION OF ROUTE.

This contract, made the day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and Port Chester Railroad Company, a domestic railroad corporation organized for the purpose of building, maintaining and operating a railroad from a point near the intersection of One Hundred and Thirty-second street and Willis avenue, in the Borough of The Bronx, and running thence easterly and northeasterly to the boundary line between the States of New York and Connecticut (hereinafter called the Port Chester Company), and Millbrook Company, a domestic corporation organized for the purpose of building railroads, tunnels, subways, etc., leasing or selling property, acquiring stocks, etc., parties of the second part, witnesseth:

Whereas, The Board did, on May 18, 1906, adopt a resolution authorizing the Mayor to execute, in the name and on behalf of the City, a contract between the Port Chester Company and the City, granting to the Port Chester Company the right or franchise to construct, maintain and operate a railroad across certain streets either above or below the grade thereof, in the Borough of The Bronx; and

Whereas, On the 11th day of June, 1906, the Mayor did execute, in the name and on behalf of The City of New York, a contract granting to the Port Chester Company the right to build said railroad, which contract was dated the 31st day of May, 1906; and

Whereas, In and by said contract the consent of the City was granted to the Port Chester Company for the construction, maintenance and operation of the said railroad across certain

enumerated streets, avenues or highways either above or below the grade thereof, within said City, upon certain conditions therein fully set forth; and

Whereas, On the second day of April, 1907, the Board of Directors of said Port Chester Company, at a meeting of said Board duly held on said date, and by a vote of two-thirds of all the directors of said Company, passed a resolution altering and amending the route of the said Company and changing the southern terminal thereof from a point at or near the intersection of One Hundred and Thirty-second street and Willis avenue to a point where Alexander avenue extended intersects the north bank of the Harlem river, and which alterations and amendments and change of terminal are shown upon a certain map, dated April 2, 1907, entitled:

"Survey, Map and Profile of the New York and Port Chester Railroad Company for New York County, New York, Section one, Section two and Section three."

—and signed by the Chief Engineer, President, Secretary and nine directors, which map was filed in the office of the County Clerk of New York County on April 4, 1907; and

Whereas, The said Port Chester Company has applied to the Board, as the local authority of The City of New York, by a verified petition, dated April 4, 1907, for the consent of such local authority for such change, alterations and amendments to the route of said railroad and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route, and for the modification of the said contract in accordance therewith; and

Whereas, Portions of such altered or amended route are identical with the route of the New York, Westchester and Boston Railway Company, authorized by a franchise granted to it by an ordinance of the Board of Aldermen, approved by the Mayor on the 2d day of August, 1904; and amended by a resolution of the Board of Estimate and Apportionment, approved by the Mayor on the 21st day of July, 1906; and

Whereas, On the day of 1907, the New York, Westchester and Boston Railway Company and the Port Chester Company entered into a contract in which it was agreed that the railroad upon so much of the said altered or amended route of the Port Chester Company as is common with the route of the New York, Westchester and Boston Railway Company shall be constructed by the Port Chester Company, each of the said companies to have equal rights to operate over and upon such portions of said railroad as are coincident; and

Whereas, Millbrook Company owns at least two-thirds of the issued capital stock of the New York, Westchester and Boston Railway Company, and all of the issued capital stock of the Port Chester Company; and

Whereas, On the day of 1907, the Board, as the local authority of The City of New York, adopted a resolution granting to the Port Chester Company the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and authorize the Mayor to execute and deliver a contract granting such right in the name and on behalf of the City, which resolution was approved by the Mayor on the day of 1907.

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Port Chester Company, subject to the conditions and provisions hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to, and is more particularly described as follows:

Branch Line.

Beginning at a point on the main line near Adams street and Morris Park avenue; thence running substantially parallel with Morris Park avenue and crossing Adams street, East One Hundred and Eightieth street, Lebanon street and West Farms road, One Hundred and Seventy-eighth street and Wyatt street, between Berrian avenue and Morris Park avenue; thence crossing One Hundred and Seventy-seventh street near Berrian avenue, crossing Apple avenue, the New York, New Haven and Hartford Railroad; thence crossing Bronx River avenue at or near its intersection with Craighill avenue; thence substantially parallel with Craighill avenue and between Craighill and Chanute avenues, as proposed in city layout of streets, crossing Westchester avenue and proposed streets to a point at or near the intersection of Craighill avenue and Lafayette avenue, as proposed on city layout of streets; thence crossing proposed streets to a point near the intersection of Leland avenue and O'Brien avenue, as shown on city layout; thence parallel to proposed Leland avenue to proposed Gildersleeve avenue; thence on a curve crossing Clason's Point road and proposed streets to a point near intersection of proposed Gildersleeve avenue and Hudson avenue; thence parallel to said proposed Hudson avenue to Barrett's creek, being the route shown on map entitled "Survey, Map and Profile of the New York and Port Chester Railroad for New York County, New York, Sections I., II. and III.," adopted by the Board of Directors of said company on the 2d day of April, 1907, and signed by Marsden J. Perry, president, and Mace Moulton, chief engineer, and Carleton Bunce, secretary, under seal, and adopted by two-thirds of all the directors of the company, and which map and profiles were filed in the office of the County Clerk of the City and County of New York on the fourth day of April, 1907, or any lawful amendment thereof which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said contract between The City of New York and the Port Chester Company, dated May 31, 1906, shall remain unchanged and shall apply to the routes herein authorized with the same force and effect as when they applied to the routes, described in said contract, and as though the routes herein authorized had been specifically described in said contract, except as follows:

1. The description of the route as hereby amended and described above shall be substituted for the description of the route as contained in the contract dated May 31, 1906.

2. The provision in section 2, subdivision XXXV., which requires the Port Chester Company to cede to the City without cost lands for a street adjacent to the right of way of the railroad, in case the Board adopts a map laying out such a street within one year from the date of signing the contract, shall apply to the route hereby authorized in substitution of the route authorized in the original contract, and the period of one year shall be extended to one year from the date on which this contract is signed by the Mayor.

Second—The Port Chester Company covenants and agrees to abandon and relinquish, and does hereby abandon and relinquish to the City, all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on the portions of the route described in the said contract dated May 31, 1906, and which are not shown on the map of the amended route filed April 4, 1907. Such portions of the route so relinquished and abandoned are more particularly described as follows:

Main Line.

1. The terminal loop located within the blocks bounded by Willis avenue, One Hundred and Thirty-fourth street, Brown place and One Hundred and Thirty-second street.

2. Beginning at a point in the line of the railroad between Adams street and Unionport road; thence to and across branch of Unionport road, Victor street, Washington street or White Plains road, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road, approximately 2,400 feet southeast of Bronx and Pelham parkway, to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line.

Branch Line.

3. Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street,

Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road near its intersection with Southern turnpike or Westchester avenue.

Third—It is agreed that no part of the expenditure for construction heretofore made by the New York, Westchester and Boston Railway Company shall be included in the sum of \$800,000 required to be expended by the Port Chester Company under section 2, subdivision XXVIII. of the contract dated May 31, 1906, as hereinbefore referred to, but said \$800,000 shall be expended in addition to moneys already expended for construction upon the said route by the New York, Westchester and Boston Railway Company.

The Port Chester Company shall, within fifteen days after the signing of this contract, furnish the Board of Estimate and Apportionment a statement of the amounts expended upon construction prior to the date on which this contract is signed: First, by the New York, Westchester and Boston Railway Company; and, second, by the Port Chester Company.

And in case the Board of Estimate and Apportionment or its representatives shall, within ten days after the receipt of such report, require the Port Chester Company to furnish further details in regard to such report, the Railroad Company shall furnish the same within fifteen days after such demand.

The Port Chester Company shall, upon demand of the Board of Estimate and Apportionment or its representative, and upon the same conditions in regard to the time of furnishing the same, furnish further statements of the amounts expended from the time of the last preceding report to the date of the demand.

The Port Chester Company may at any time file with the Board of Estimate and Apportionment statements of the amounts expended upon such construction.

Fourth—The Port Chester Company and the Port Chester Company do hereby agree to assume all liability to any person or company by reason of the execution of this contract by the City, and it is a condition of this contract that the City shall assume no liability whatsoever either to persons or companies on account of the same, and both the Millbrook Company and the Port Chester Company hereby agree to repay to the City any damage which the City may be compelled to pay by reason of this contract.

Sec. 3. The parties hereto each promises, covenants and agrees on its part and behalf, to conform to and abide by all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the Corporate seal of said City to be hereunto affixed, and the parties of the second part, by their officers, thereunto duly authorized, have caused their corporate names to be hereunto signed and their corporate seals to be hereunto affixed the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the contract dated May 31, 1906, as amended by the foregoing form of proposed contract for the consent of such modifications and alterations.

Resolved, That these preambles and resolutions, including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York and Port Chester Railroad Company and the said form of proposed contract for the grant of said franchise or right containing said result of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty days immediately prior to September 20, 1907, in the City Record, and at least twice during the ten days immediately prior to September 20, 1907, in the "New York Times" and "New York Tribune," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the New York and Port Chester Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York and Port Chester Railroad Company, as granted by contract dated May 31, 1906, such modifications and consent being fully set forth and contained in the foregoing form of proposed contract for the granting of such franchise or right, and before adopting any such contract, will, at a meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on the 20th day of September, 1907, at 10.30 a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Dated July 8, 1907. JOSEPH HAAG, Secretary. 227,320

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held in the Old Council Chamber, City Hall, Borough of Manhattan, Monday, July 8, 1907, the following proceedings were had:

Whereas, The Queens Lighting Company has, under date of June 7, 1907, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate pipes, mains, conductors and necessary appliances in, under and along the streets, avenues, highways and public places within that portion of the Borough of Queens as described in said petition for the purpose of supplying gas for lighting the streets and to public and private consumers; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws this Board adopted a resolution June 14, 1907, fixing the

date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two days in the New York "Daily News" and the New York "Times," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Queens Lighting Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Queens Lighting Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Queens Lighting Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made and entered into this day of.....1907 by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Queens Lighting Company, a corporation formed under and pursuant to the Laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable pipes, mains or other conductors with the necessary service pipes and connections therewith, for conducting gas through the streets, lanes, alleys, squares and highways now opened or which may hereafter be opened, in that portion of the Third and Fourth Wards of the Borough of Queens, as constituted by section 1581 of chapter 466 of the Laws of 1901 (the Greater New York Charter), bounded and described as follows:

Commencing at the point on the southerly shore of Little Neck Bay, where the boundary line between The City of New York and the County of Nassau intersects the same; thence southeasterly along said southerly shore of Little Neck Bay to the creek known as Alley creek; thence southerly along the line of the centre of said Alley creek to a point where the same extended would meet West Alley road; thence westerly along said West Alley road to where the same intersects and joins Rocky Hill road; thence southerly along said Rocky Hill road to the point where the same intersects and joins Black Stump road; thence westerly along said Black Stump road to a point where the same intersects and joins the road known as Brushville road and Holliswood avenue; thence southerly along said road known as the Brushville road and Holliswood avenue to a point where the continuation of the same is known as Flushing avenue; thence continuing southerly along said Flushing avenue to a point where the same joins and intersects Hillside avenue; thence easterly along said Hillside avenue to a point where the same joins and intersects Carpenter avenue; thence southerly and southwesterly along said Carpenter avenue to a point where the same joins and intersects Pocahontas avenue; thence southwesterly along said Pocahontas avenue to where the same joins and intersects the right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue; thence westerly along the right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue, to a point formed by the intersection of such right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue, Farmers avenue and a road known as the Old Country road or Hollis road; thence southerly across said road known as the Old Country road or Hollis road to Farmers avenue; thence southerly along said Farmers avenue to a point where the same meets Locust avenue, at or near Central avenue; thence southwesterly along said Locust avenue to a point where the same joins and intersects the road known as Rockaway road; thence northwesterly along said Rockaway road to a point where the same joins and intersects the road known as the Three Mile Mill road; thence southwesterly along said Three Mile Mill road to a point where the same reaches Jamaica Bay, near Cornell's creek; thence easterly along the northerly shore of Jamaica Bay to the boundary line between The City of New York and the County of Nassau; thence northeasterly along said boundary line between The City of New York and the County of Nassau, as present constituted, to the point or place of beginning. Being all that portion of the Third and Fourth Wards of the Borough of Queens, City of New York, embraced within such boundaries, as more clearly shown on the map or plan attached to this contract and certified to by the President of the Company, and dated June 4, 1907.

Sec. 2. The grant of this privilege is in consideration of and subject to and conditioned upon the performance and observance of the following conditions:

First—The said right to lay, construct, maintain and operate pipes, mains or other conductors for conducting gas in the above described territory shall be held and enjoyed by the Company, its successors or assigns, from the date when this contract is signed by the Mayor until the twenty-seventh day of October, nineteen hundred and thirty-one, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate such a gas system by itself, and is not to include any valuation derived from the ownership, operation or control of any other gas, electric or other system used for the purpose of supplying light, heat or power, by the Company, its successors or assigns.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year, before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of this original contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this original contract, or if the same is renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, if the Board shall so elect, the mains, service pipes and street lamps erected and located by the Company in the territory designated in section 1 of this contract, including all property erected or located by it in the public streets or roads of the City, as the same now exist or may be extended, and in all new streets or roads which may be hereafter opened in that portion of the Borough of Queens, constructed pursuant to this contract, shall become and be the property of the City, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If the Board shall so elect, upon the termination of this grant for any cause, the plant and property erected and located by the Company pursuant to this contract, in that portion of the Borough of Queens as bounded and described in section 1 of this contract, including the buildings, plants, holders, meters, house fittings and all property not situated in the public streets or roads used by the Company in the manufacture and distribution of gas to street lamps and public and private buildings in said territory, shall become and be the property of the City on payment to the Company of the value of the same, as fixed by three disinterested freeholders, appointed and paid in the same manner and with the same powers as appraisers appointed upon any renewal of this original contract, as above set forth, but such valuation shall in no case be greater than the value of such property as shown by the last report submitted by the Company to the Board, as required by the terms of this contract, and shall not include any compensation for any value which such property may have by reason of this grant.

If, however, at the termination of this grant for any cause, as aforesaid, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, mains and conductors from all the streets and public places within the limits of the territory in which it is authorized to operate by this contract.

Third—The Company, its successors or assigns, shall pay for this privilege to the City the following sums of money, to wit:

1. One thousand dollars (\$1,000) in cash within thirty days after the signing of this contract.

2. During the period between the date on which this contract is signed by the Mayor and the twenty-seventh day of October, nineteen hundred and eleven, an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of five hundred dollars (\$500).

4. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to two (2) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

5. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand five hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand five hundred dollars (\$1,500).

6. During the last five years of this original contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and which shall be equal to five (5) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

All the sums herein provided for shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Fourth—The said annual charge or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any gas or other company providing for payments for similar rights or franchises at a different rate, and no transfer, sale, assignment, lease

or sublease of the rights or franchises hereby granted, whether original or renewal, or any part thereof, shall be valid or effectual for any purpose unless the said transfer, sale, assignment, lease or sublease shall contain a covenant on the part of the transferee, purchaser, assignee or lessee that the same is subject to all the conditions of this contract and that the transferee, purchaser, assignee or lessee assumes and will be bound by all of said conditions, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said transferee, purchaser, assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

It is agreed that any and all payments to be made under the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinances of the City or by any law of the State of New York.

Fifth—The plant, manufactory or works of this Company which may be erected under the privilege contained in and granted by this contract for the purpose of manufacturing and furnishing gas, shall be constructed so as not to be in any way detrimental to the public health, nor otherwise create a nuisance. Before the construction of any plant, holder or other apparatus used in the manufacture or storage of gas the Company shall obtain the approval of the Board to the location and the plans for the construction of the same.

Sixth—The Company shall construct, maintain and operate its gas system, mains, conductors, service connections and pipes subject to the supervision, control and inspection and to the entire satisfaction of the proper authorities of the City who have jurisdiction in such matters, under the Charter or ordinances of the City, or under the provisions of this contract, and the entire expense of such supervision, control and inspection shall be borne by the Company.

Before opening any street, lane, alley or public place to lay or to begin the laying of any mains, conductors, pipes or service connections, the Company shall submit to the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, working plans which shall include and show in detail the proposed location and method of construction of said mains, conductors, pipes or service connections, and the mode of protection or changes in all subsurface structures required by the construction of such mains, conductors, pipes or service connections, and shall obtain from these officials, if such working plans are approved, permits for the construction of such work.

Wherever the pipes or conductors of the Company in any part of the Borough of Queens are to be laid under or adjoining a railroad track, the work of trenching for and laying the same shall be conducted so as to interrupt as little as possible the running of cars thereon, and when the work is finished, the track and street, avenue or public place shall be replaced and repaved by said Company in as good condition as before the commencement of the work.

Whenever the Company shall open any street, avenue or public place in the territory in which it is granted the privilege to operate by this contract, for the purpose of laying pipes or conductors, then the Company, when restoring the pavement of said street, shall do so in accordance with the specifications for the construction of said pavement, and the Company shall also, at its own cost and expense, maintain the same in good condition, and at the proper grade and curvature, for the period of one year from the time of its restoration, whether the same had been restored by the said Company or by the City authorities, as hereinbefore provided. When streets paved with improved pavements, on which the contractor's guarantee has not expired through time, are to be paved, the Company shall have the power to arrange with the contractor to open and relay such pavements under an agreement or contract.

If the Company at any time, after five days' notice from the President of the Borough of Queens, shall neglect or refuse to restore, repave or maintain any pavement in accordance with the provisions of this contract, then the President of the Borough of Queens may restore, repave or maintain the same, and the cost of such restoration, repavement or maintenance, with legal interest thereon, shall be a proper charge against, and may be deducted from, the security fund to be deposited by the Company with the Comptroller, as hereinbefore provided.

Seventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eighth—Within three (3) months after the execution of this contract by the Mayor, the Company shall commence the laying of mains, and within two (2) years thereafter shall have laid and in operation at least five miles of mains within the streets in the territory in which it is hereby granted the privilege to lay its mains, and shall supply gas through the same to the sections known as Queens and Little Neck. The Company shall also, within ten (10) years thereafter have laid, ready to supply gas through the same, a main or conductor, as follows: Commencing at or near Little Neck Bay, then through Main avenue to Alley road; through Alley road to Springfield road, and through Springfield road to Rockaway road; also, from Alley road, along Rocky Hill road and Hillside avenue to the section known as Holliswood. From and after five (5) years from the date of the signing of this contract the Company shall also lay such further mains as may be directed by the Board. Unless the provisions of this paragraph be fulfilled by the Company, this grant shall cease and determine.

Ninth—In the event that the City finds it necessary to change the grade or line of any street, road or avenue now existing, or which may hereafter be opened in any part of the Borough of Queens, or place therein any new structures, or change the location of any structure therein, the Company agrees that it will make no claim or attempt to obtain any compensation for its expense in relaying or replacing its mains, if the same is necessary to conform to such improvement in or of such street, road or avenue, in the territory in which it is hereby granted the right to lay its mains.

Tenth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its main to such places and along such streets as he may direct, but shall not be required to lay a greater length of main or conductor during any one year than that hereinbefore prescribed, provided, however, that if any public building or public lamps the Commissioner desires to be lighted are situated within one hundred (100) feet of any main or conductor of the Company in a public street, avenue or highway, then and in that case the Company shall be required to extend the same, in addition to the above, in compliance with section 65 of the Transportation Corporations Law (chapter 566 of the Laws of 1890), and a public lamp shall be deemed a building or premise within the meaning of such section.

Eleventh—The gas plant, mains and all appurtenances thereto shall be constructed and operated in the latest approved manner, and shall be operated with the most modern and improved appliances. The gas furnished by the Company shall be of the best quality, and the supply shall be continuous for twenty-four hours in each day during the term of this contract, or any renewal thereof, except for interruption from unavoidable causes over which the Company shall have no control.

Twelfth—The Company shall file with the Board on or before the first day of November in each year a map, plan or diagram, showing the boundaries of the territory in which the Company is authorized to lay its mains by this contract, upon which shall be plainly marked in black the mains laid, up to September 30 of the year preceding, and in red the mains laid during the year ending on the 30th day of September next, preceding the date of the filing of such map, plan or diagram. This map, plan or diagram shall have a statement thereon of the number of miles of mains laid up to the 30th day of September of the preceding year, and of the number of miles of mains laid during the year ending on the 30th day of September next, preceding the date of the filing of the same, in the words and figures following, viz.:

Number of miles of mains laid up to September 30, 19 : : miles, feet.
Number of miles of mains laid during the year ending September 30, 19 : : miles, feet.

—And shall be certified by the Secretary of the Company. Copies of this map, plan or diagram shall also be filed in the office of the Department of Water Supply, Gas and Electricity, and in the office of the President of the Borough of Queens.

Thirteenth—The gas to be furnished by the Company shall be of the standard at present fixed by law. Said gas shall have an illuminating power of not less than twenty-two sperm candles of six to a pound, burnings at the rate of one hundred and twenty grains of spermaceti per hour, tested at a distance of not less than one mile from the distributing holder by a burner consuming five cubic feet of gas per hour by a flat flame burner giving greatest results at not less than four-tenths of an inch pressure at the point of ignition, and each one hundred cubic feet of gas shall not contain more than five grains of ammonia, nor more than twenty grains of sulphur, nor more than a trace of sulphuretted hydrogen. Provided, however, that should a new process be hereafter generally used to manufacture gas of a higher standard than the gas at present manufactured by the Company, then the Company binds itself to furnish gas equal to that furnished by such new process, should the same be ordered by the Board. And the Company further binds itself to furnish gas of superior candle-power and quality to that herein set forth or ordered by the Board whenever required to do so by any general or local act of the Legislature, and such act shall be deemed a modification of this agreement, but no act providing for the furnishing of an inferior quality of gas shall be deemed to in any way affect the provisions of this agreement. The pressure of said gas shall not exceed that fixed by law.

Fourteenth—The Company agrees to provide and furnish to the Department of Water Supply, Gas and Electricity the necessary apparatus and station to conduct tests to ascertain the pressure and quality of the gas furnished by it, if required to do so by the Commissioner of Water Supply, Gas and Electricity. Should any tests made by the said Commissioner of gas furnished by the Company show that said gas is of an inferior quality or other than that specified herein, or is being furnished at a pressure exceeding that fixed by law, the Company shall immediately remedy such defect upon notice from said Commissioner.

Fifteenth—The rates to be charged by the Company in the Borough of Queens for gas furnished by it to the City and to private consumers shall never be in excess of the following, and it is agreed that the same may be reduced by the Board, as hereinafter provided:

For gas furnished to the City for street lighting, to be used in its public buildings, or for gas furnished to any other public buildings located in the Borough of Queens, the sum of seventy-five cents per thousand cubic feet.

For furnishing gas to open-flame lamps, consuming three cubic feet of gas per hour, and burning for a period of three thousand nine hundred and fifty hours in any one year, for each lamp, at each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes and burners, the replacing of cross-heads, lamp-irons and lanterns, and the replacing and repairing of lamp-posts when owned by the Company, a sum not to exceed seventeen dollars (\$17) per year, and for similar services to other open-flame lamps burning a different number of cubic feet per hour, or a different number of hours per year, at proportionate rates.

For furnishing and connecting, ready for use, each mantle gas lamp with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods, regulating apparatus and all appurtenances necessary for each lamp, at each lamp, and also operating and maintaining it, including illuminating, the operation and maintenance to include the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burner appliances, mantles, chimneys, globes, rods, regulating apparatus, lanterns, lamp-irons, frames and cross-heads thereto, and replacing and repairing of lamp-posts when owned by the Company, a sum not to exceed twenty-five dollars (\$25) for every such lamp not consuming more than three and one-half (3½) cubic feet of gas per hour, for three thousand nine hundred and fifty hours in any one year, and for similar services to mantle lamps burning a different number of cubic feet per hour or a different number of hours per year at proportionate rates.

For furnishing illuminating material other than gas for each lamp, at each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burners, burning appliances, lamp-irons, lanterns, lamp-irons and cross-heads thereto, the sum of twenty dollars (\$20) per lamp, burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For supplying illuminating material other than gas to, and for furnishing and connecting ready for use, each mantle lamp, with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods and regulating apparatus, necessary for each lamp, at each lamp, and also operating and maintaining it. The operation and maintenance to include the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burner appliances, mantles, chim-

neys, globes, rods, regulating apparatus, lanterns, lamp-irons, frames and cross-heads thereto, the sum of twenty-seven dollars (\$27) per lamp burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For gas furnished to private consumers in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Third Ward of the Borough of Queens, one dollar and twenty cents per thousand cubic feet during the year nineteen hundred and seven; one dollar and fifteen cents per thousand cubic feet during the year, nineteen hundred and eight; one dollar and ten cents per thousand cubic feet during the year nineteen hundred and nine; one dollar and five cents per thousand cubic feet during the year thereafter, and in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Fourth Ward of the Borough of Queens, the sum of one dollar per thousand cubic feet.

The Company also agrees that if in the future any new or improved style of street lighting is available for use it will furnish the same throughout the territory in which it is hereby granted the right to operate at such reasonable prices as may be fixed by the Board, subject to the provisions of this contract.

Sixteenth—The Company shall supply gas to the public buildings and public lamps of all types situated on the line or lines of the mains of said Company throughout the territory in which it is hereby granted the right to lay its mains and furnish open flame and mantle naphtha lamps, where such mains are not laid, if required by the Commissioner of Water Supply, Gas and Electricity, and said public buildings and lamps shall be lighted when required by the City at rates not to exceed those hereinafter set forth, or as may be hereafter established by the Board. As a condition of this contract the Company binds itself to submit bids or proposals for lighting the public buildings and furnishing and lighting public lamps of all types in the entire territory in which it is granted the right to operate by this contract, along the lines of its mains as they exist or may be extended, whenever the same are advertised or called for by the Commissioner of Water Supply, Gas and Electricity, or his successor in authority, at rates not exceeding those above set forth, or which may be hereafter established by the Board.

Seventeenth—The Company shall also, in any and all bids or proposals which it may hereafter submit for lighting public buildings and lamps in the Borough of Queens, agree to repair such lamp-posts as belong to the City or may be acquired or erected by it, and erect new ones at prices not to exceed the following, except as provided elsewhere in this paragraph:

For each lamp-post straightened, the sum of one dollar and fifty cents (\$1.50).

For each column refitted, the sum of one dollar and fifty cents (\$1.50).

For each column recalcined, the sum of one dollar (\$1).

For each column refitted, the sum of three dollars and fifty cents (\$3.50).

For each service pipe refitted, the sum of six dollars (\$6).

For each standpipe refitted, the sum of four dollars (\$4).

For discontinuing service per lamp, the sum of two dollars (\$2).

For each lamp-post removed, the sum of three dollars and fifty cents (\$3.50).

For each lamp-post reset, the sum of ten dollars (\$10).

For each lamp-post painted, the sum of twenty-five cents (25c.) per coat.

For the erection of each new lamp-post, complete (with service and standpipes when for gas), and with cross-heads, lamp-irons and lanterns in place, the sum of ten dollars (\$10).

For the sale to the City of the gas lamp-posts with gas lamps belonging to the Company, erected ready for use complete with service and standpipes connected, all in good repair, per post, the sum of eight dollars (\$8).

The Company may submit bids for any or all of these items at prices not to exceed twenty-five per cent. in excess of those above set forth, or which may be hereafter fixed by the Board, whenever, in the opinion of the Commissioner of Water Supply, Gas and Electricity these prices appear to be insufficient.

Eighteenth—During the term of this contract or any renewal thereof the Board shall have the power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to lay its mains for gas for private lighting, provided such rates shall be reasonable and fair.

The maximum rates herein fixed for public lighting and for repairs and replacements of street lamps and posts shall continue until October 27, 1911, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to reduce such rates, provided such reduced rates shall be reasonable and fair.

Nineteenth—The Company shall supply gas to all applicants in the territory in which it is authorized to operate, not in arrears for prior bills, owning or occupying premises on streets in which gas mains or conductors are laid, and where the Company has not laid mains or conductors it shall lay the same upon the application, in writing, of the owner or occupant of any building or premises within one hundred feet of any main laid by it, provided he shall pay all money due from him to the Company. The Company, however, shall not refuse to supply gas to any person owning or occupying premises on the line of its mains or to extend its mains for that purpose if there be any rent or compensation in arrears for gas supplied, or for pipes or fittings furnished to a former occupant thereof, unless such owner applying for a supply of gas shall have undertaken or agreed with the former occupant to pay to or exonerate him from the payment of such arrears, and shall refuse and neglect to pay the same; and if for the space of ten days after such application, and the deposit of a reasonable sum as security, if required, in pursuance of section 66 of the Transportation Corporations Law, the Company shall refuse or neglect to supply gas as required, said Company shall forfeit and pay to the applicant the sum of ten dollars, and the further sum of five dollars for every day thereafter during which such refusal or neglect shall continue; provided that the Company shall not be required to lay service pipes for the purpose of supplying gas to any applicant where the ground in which such pipe is required to be laid shall be frozen or shall otherwise, in the opinion of the Board, present serious obstacles to laying the same; nor unless the applicant, if required, shall deposit in advance with the Company a sum of money sufficient to pay the cost of his portion of the pipe required to be laid, and the expense of laying such portion.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the mains of the Company can apply to the Board to compel the Company to comply with the provisions of this contract, and all orders of the Board made on the request of any

such consumer or person shall be complied with by the Company.

The provisions herein made in regard to a penalty for refusal to comply with the provisions of this subdivision of the contract, and requiring the payment of interest on deposits made by consumers, may, in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

The repeal or amendment of section 65 of the Transportation Corporations Law, requiring the Company to extend its mains to supply gas to any building within one hundred feet of its existing mains, upon application for the same, shall not be deemed to in any way affect the provisions of this contract, except that if such amendment requires the Company to do something in addition to or not inconsistent with the provisions of this contract, then, and in that case, the Company shall comply with both the provisions of this contract and the laws of the State in regard to such extensions.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twenty-first—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation, merger or sale of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests, or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporations without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

In the event of any consolidation, sale or merger with any other gas company operating in the same territory whereby any duplication of plant or mains shall be effected, such duplication shall not be included in the assets on which a return is to be provided in fixing a reasonable rate.

Twenty-second—The Company hereby agrees and stipulates that any and all rights which by its incorporation it may now have or may hereafter acquire, under the law, as it now exists or may be hereafter amended or altered, whereby it may purchase, acquire or hold stock, bonds or other evidences of indebtedness in any other corporation, are hereby waived; but the Company may exercise such rights upon acquiring the consent of the Board so to do, under such conditions as it may impose.

Twenty-third—The Company shall submit a report duly verified to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall show the following:

- Capital authorized—
 - Preferred stock.
 - Common stock.
 - Bonds (classes to be specified).
 - Debentures.
- Capital issued—
 - Preferred stock.
 - Common stock.
 - Bonds (classes to be specified).
 - Debentures.
- Amount of sinking fund.
- Amount and rate of dividends paid during year.
- Amounts and rates of interest paid on the various classes of bonds during the year.
- Capacity attached to piping—
 - Miles of mains.
 - Street lights.
 - Open flame.
 - Mantle lights.
 - House lights.
 - Meters.
 - Number of consumers for light.
 - Number of consumers for fuel.
- Highest price received for gas, per thousand cubic feet.
- Average price received for gas, per thousand cubic feet.
- Authorized price per thousand cubic feet.
- Amount of gas manufactured during year.
- Amount of gas sold during year.
- Detailed statement of total cost of manufacture and distribution of entire amount of gas during year, showing also cost of manufacture and distribution of same per thousand cubic feet.
- Balance sheet showing assets and liabilities in detail.
- Detailed statement of cost of property situated in the Borough of Queens, showing miles and size of mains, number of meters, holders, buildings, machinery, manufactories, interior piping, lamps, service connections, etc., and cost of same, including separately, value of franchise.
- Detailed statement of amount of depreciation on above.
- Detailed statement of present value of above.
- Statement showing stock and bonds owned in other companies, setting forth name of companies, date of acquiring stock, par value, amount paid for and present value of same.
- Statement showing number and location of factories and holders.

A detailed statement showing the kinds and quantities of residuals and the prices received for the same.

And such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing, the Company shall pay a penalty of twenty-five dollars (\$25) per day until such statement or copy of such report is rendered, and in default of such payment, the same, upon order of the Board, may be deducted from the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Twenty-fourth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain the standard fixed by the Board or by law, as set forth above, for the quality of gas furnished by it to the City or private consumers, or exceeds the maximum pressure allowed by law, or fail to maintain its structures in good condition throughout the full term of

its occupancy of such streets, or fail to comply with any provision of this contract, the Board may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time said Company shall for each day thereafter during which the default or defect remains pay to the City the sum of one hundred dollars (\$100), as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, or in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller as hereinafter provided.

If, for a period of two consecutive weeks, the gas system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings in law or in equity, if it shall appear, in the judgment of said Board, that the same was not operated through the fault of the Company.

The Company shall, in the exercising of any and all the rights conferred on it by this contract, comply with all the provisions of chapter 429 of the Laws of 1907, establishing the "Public Service Commissions" of the State of New York, and all acts amendatory or additional thereto, and shall immediately upon obtaining the same, furnish to the Board, for filing among its records, a copy of the certificate required to be obtained by the Company under section 68 of such act, certified by the Commission having jurisdiction over the Company.

Twenty-fifth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

And the said Comptroller shall at all times have access to the plant of said Company, and on reasonable notice be provided with an inventory thereof.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant, shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-seventh—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of one thousand five hundred dollars (\$1,500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. In case of the failure of the Company to comply with the terms of this contract relating to the filing of annual statements, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of the City a penalty of one hundred and twenty-five dollars (\$125) for each violation.

The procedure for the imposition and collection of the penalties in the grant shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure, withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of one thousand five hundred dollars (\$1,500), and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then, and in such case, such other board, authority, officer or officers shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-ninth—The words "notice," "demand" or "direction," wherever used in this contract, shall be deemed to mean a written notice, demand or direction. Every such notice, demand or direction to be served upon the Company shall be delivered at such office in The City of New York as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at The City of New York. Delivery or mailing of such notice, demand or direction as and when above provided shall be equivalent to direct personal notice, demand or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract, and nothing contained herein shall be deemed to affect in any way the right of the City to grant a similar privilege upon the same or other terms and conditions to any other person or corporation in any part of the Borough of Queens.

Thirty-first—Whenever this contract requires the Company to do or refrain from doing something in addition to or not inconsistent with the laws of the State or the ordinances of the City, the Company shall be bound to observe the provisions of the contract or any amendments or modifications of the same. This provision shall be deemed to apply to any and all orders, requests and directions of all local authorities vested with powers by this contract, in addition to those conferred upon such authorities by the laws of the State and the ordinances of the City.

Section 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

By....., Mayor.

[CORPORATE SEAL.]

Attest:....., City Clerk.

QUEENS LIGHTING COMPANY,

By....., President.

[SEAL.]

Attest:....., Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Queens Lighting Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to September 20, 1907, in the CITY RECORD, and at least twice during the ten days immediately prior to September 20, 1907, in the "New York Daily News" and the "New York Times," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the Queens Lighting Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Queens Lighting Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on September 20, 1907, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard;

and be it further Resolved, That before the publication of the resolution, form of contract and notice of public hearing thereon, hereinbefore provided for, the said form of contract shall be submitted to the Corporation Counsel for his approval as to form and to incorporate therein such matter as he may deem advisable to fully protect the interests of the City.

JOSEPH HAAG,
Secretary.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 and the acts amendatory thereof. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the Court House in the City of Kingston, N. Y., on the 21st day of September, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal and discharge all the duties conferred upon such Commissioners of Appraisal for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map. All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster and State of New York, shown on map entitled "Reservoir Department, Section No. 9, Board of Water Supply of The City of New York. Map of real estate situated in the Town of Olive, County of Ulster and State of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Shokan and West Shokan, between Esopus creek and railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, N. Y., on the 18th day of July, 1907, bounded and described as follows:

Beginning at the northeast corner of parcel No. 434, in the centre of Esopus creek, and running thence along the centre line of said creek and partly along the centre line of the westerly branch of said creek and the easterly lines of said parcel No. 434 and along the easterly and northerly lines of parcels Nos. 433, 432, 427 and 436 and partly along the easterly line of parcel No. 401, the following courses and distances: South 26 degrees 23 minutes east 88 feet, south 11 degrees 12 minutes east 437.6 feet, south 2 degrees 12 minutes east 208.4 feet, south 13 degrees 40 minutes east 204.4 feet, south 9 degrees 9 minutes east 432 feet, south 20 degrees 37 minutes east 232.0 feet, south 22 degrees 15 minutes east 564 feet, south 48 degrees 37 minutes east 370.4 feet, south 58 degrees 59 minutes east 184.4 feet, south 73 degrees 35 minutes east 508.2 feet, south 67 degrees 11 minutes east 704.1 feet, south 61 degrees 5 minutes east 824.9 feet, south 38 degrees 54 minutes east 1,369.7 feet and south 22 degrees 49 minutes east 520.9 feet, to the northeast corner of parcel No. 430, in the centre of Shokan Avenue Bridge, over Esopus creek; thence along the easterly lines of said parcel and parcel No. 428, and still continuing along the said centre line of the westerly branch of Esopus creek, south 38 degrees 59 minutes east 195.5 feet and south 36 degrees 11 minutes east 592.4 feet to the southeast corner of said parcel No. 428; thence partly along the southerly line of same, north 31 minutes west 63 feet to the northeast corner of parcel No. 429, in the westerly shore line of Esopus creek; thence along the said shore line and the easterly lines of said parcel and parcel No. 437, south 29 degrees 1 minute east 922.4 feet to the southeast corner of said parcel, in the northerly line of parcel No. 394; thence partly along said northerly line, south 87 degrees east 82.9 feet to the northeast corner of said parcel, in the centre of Esopus creek; thence along the centre line of said creek and partly along the easterly line of said parcel, south 2 degrees 31 minutes west 386.4 feet to the northwest corner of parcel No. 379; thence along the northerly line of said parcel, north 89 degrees 49 minutes east 96.2 feet to the northeast corner of same, in the easterly shore of before-mentioned Esopus creek; thence along the said shore and the easterly shore of the easterly branch of Esopus creek the following courses and distances: South 4 degrees 46 minutes 21 seconds east 2,221.2 feet, south 6 degrees 7 minutes west 309.7 feet, south 16 degrees 38 minutes east 188.1 feet and south 42 degrees 58 minutes east 241.1 feet to the southeast corner of said parcel No. 379; thence along the southerly line of said parcel and partly along the southerly line of parcel No. 380, south 85 degrees 16 minutes west 528.3 feet, crossing the easterly branch of Esopus creek, an island, and the westerly branch of said creek to a point in the easterly line of parcel No. 382, in the westerly line of a road

leading from Shokan to Olive City; thence along the said westerly line and partly along the said easterly line of parcel No. 382, south 36 degrees east 43 feet to the southeast corner of said parcel, in the northerly property line of the Ulster and Delaware Railroad Company; thence along the said railroad property line and partly along the southerly line of said parcel No. 382, and along the southerly line of parcel No. 383, south 82 degrees 15 minutes west 137.1 feet to the southwest corner of said parcel No. 383; thence partly along the westerly line of same, north 16 degrees 35 minutes west 41 feet to another point in the before-mentioned southerly line of parcel No. 382; thence partly along the said southerly line and the southerly line of parcel No. 381, and still continuing along the before-mentioned northerly railroad property line, south 87 degrees 7 minutes west 305.8 feet, on a curve of 996 feet radius to the right, 195 feet, and on a curve of 4,434 feet radius to the right, 14.7 feet, to a point in the southerly line of parcel No. 380; thence partly along the said southerly line on a curve of 4,434 feet radius to the right, 385 feet, to the southwest corner of parcel No. 388; thence along the westerly line of said parcel on a curve of 4,434 feet radius to the right 1,394.7 feet, south 5 degrees 18 minutes east 230.7 feet, and on a curve of 4,551 feet radius to the right, 884 feet, to the southwest corner of parcel No. 389; thence partly along the westerly lines of said parcel No. 389 and parcel No. 390, and along the westerly lines of parcels Nos. 397 and 398, partly along the westerly line of parcel No. 399, and along the westerly lines of parcels Nos. 403, 415, 427, 431, 432, 433 and 434, and still continuing along the easterly property line of the before-mentioned Ulster and Delaware Railroad Company, on a curve of 4,551 feet radius to the right, 165.5 feet, and north 23 degrees 49 minutes 15 seconds west 8,289.9 feet, crossing Beekman brook and Bush Kill, crossing a road leading from West Shokan to Shokan and Olive City, a cross road, Shokan Avenue, a road leading from Boiceville to West Shokan, to the northwest corner of said parcel No. 434; thence along the northerly line of same, north 71 degrees 52 minutes east 921.6 feet, recrossing the road leading from Boiceville to West Shokan, to the point or place of beginning.

Reference is hereby made to the said map, filed as aforesaid, in the office of the County Clerk of the County of Ulster, for a more detailed description of the real estate to be acquired.

In case any property above described is used for any public purpose, such as a highway, etc., such use shall continue until The City of New York shall have legal right to take possession of or change the same.

SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT.

PUTNAM COUNTY.

Catskill Aqueduct, Section No. 2.

In the matter of the application and petition of J. Edward Simmons, Charles A. Shaw and Charles N. Chadwick, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905, in the Town of Philipstown, County of Putnam, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN that the second Separate Report of John J. Delany, William Wood and George F. Secor, who were appointed Commissioners of Appraisal in the above-entitled matter, by an order of the Supreme Court, made at a Special Term thereof, held at the Court House in White Plains, Westchester County, January 19, 1907, was filed in the office of the Clerk of the County of Putnam on the 24th day of August, 1907.

Said report bears date of August 16, 1907, and affects Parcels Nos. 51, 52, 67, 71, 74, 75, 76, 84, 85, 86 and 87 in this proceeding.

Notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Ninth Judicial District at the Court House in White Plains, Westchester County, N. Y., on the 5th day of October, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as may be just.

Dated New York, September 9, 1907.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
