PETITIONS AND COMMUNICATIONS

No. 454.

Public Service Commission for the First District,
Tribune Building,
New York, March 7, 1910.

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City.

Dear Sir—Receipt is hereby acknowledged of a copy of a resolution adopted by the Board of Aldermen March 1, 1910, requesting the Public Service Commission for the First District to order the Brooklyn Union Elevated Railroad Company to widen the stairway and station at Sutter avenue, on the Canarsie elevated line, and to open for business the Livonia avenue station of the same line.

As to the matter of opening the Livonia avenue station, I would state that it was found upon a thorough investigation made last year, that until Livonia avenue is opened across the railroad's right of way, the business which would warrant the opening of the station is inaccessible, and that, therefore, an order requiring the company to open the station would be unwarranted. The traffic at Sutter avenue is very heavy, and it would be very desirable if the Livonia avenue station could be opened, as it would take a portion of the traffic now going to Sutter avenue. There are no streets crossing the railroad tracks between Sutter avenue and New Lots road. The Brooklyn Grade Crossings Commission said that no plans have been made for crossing the tracks, either under or over, and has apparently no expectation that the Borough government will open the highway in the near future. The district to the east of the railroad in the vicinity of Livonia avenue is but sparsely populated, while that to the west is thickly populated. It will, therefore, be seen that to open up the station, accessible only from the west, would be nearly useless.

As to Sutter avenue, I would say, that while it is undoubtedly congested at certain periods of the day, alterations which were made last fall at the instance of the Commission, seemed sufficient to remove any special danger of accidents. However, further attention will be given the question of stairways at Sutter avenue with a view to ordering changes, if the report of our expert should warrant it.

Very truly yours,

TRAVIS H. WHITNEY, Secretary.

New York, March 7, 1910.

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City.

Dear Sir—I beg to acknowledge receipt of a copy of a resolution adopted by the Board of Aldermen March 1, 1910, requesting the Public Service Commission for the First District to direct the Interborough Rapid Transit Company to finish, without further delay, the construction of an escalator at the West Farms station of the subway. Our record shows that the main cause of delay in the installation of an escalator at the One Hundred and Seventy-seventh street station has been the failure of the manufacturer to deliver the escalator, which is one of several purchased in the West. The preliminaries have been adjusted, the type of escalator and the plans have been approved, and the work will be carried on as rapidly as possible.

Very truly yours,

TRAVIS H. WHITNEY, Secretary.

No. 456.

Public Service Commission for the First District,
Tribune Building,
New York, March 7, 1910.

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City.

Dear Sir—On April 27, 1909, the Board of Aldermen adopted a resolution requesting the Public Service Commission for the First District to direct that a stairway to the elevated railroad be erected on the northeast corner of Third avenue and Fifty-ninth street in the Borough of Manhattan, in anticipation of the increased traffic

at that point on account of the Queensboro Bridge. Investigations were made in May, June and September, 1909, and on March 1, 1910. The conditions did not show the necessity for the construction of an additional stairway, and for that reason the matter has been kept alive and additional inspections made to ascertain what changes were taking place on account of the traffic across the Queensboro Bridge. The facilities at that point for handling the traffic are much better than at many other stations on the elevated and subway systems. In view of the existing physical conditions as shown by our investigations, and in view of operating changes which are expected in the near future, an order by the Commission for the erection of the stairway would not be warranted.

Very truly yours,

TRAVIS H. WHITNEY, Secretary.

Which were severally ordered on file.

JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Some time ago this association passed resolutions favoring the enactment of an ordinance prohibiting smoking automobiles in this section—an ordinance similar to the one covering public parks. At about that time an ordinance of that kind was introduced—so I am informed. No progress seems to have been made since, and the number of complaints that we receive is increasing. I do not believe any one will question the desirability of such an ordinance, except the ones who have the smoking automobiles. In every way the public weal seems to demand them. Will you not kindly tell me what the present situation is in regard to this matter, and what we may expect?

On behalf of this association, I may express in advance my appreciation of any trouble and interest you may take to further this reform measure.

Very truly yours,

ROBERT GRIER COOKE, President.

Which was referred to the Committee on Laws and Legislation.

In "Advertising, New York County, 1908" it will be observed that the total of these bills is \$10,000 in excess of the amount requested, which is explained by the fact that no part of the appropriation available for this purpose in 1908, amounting to \$10,000, has been used. The amount required in special revenue bonds is, therefore, \$10,000 less than the face of the bills.

Other Disbursements for Similar Advertising During 1909.

For the information of the Board of Aldermen, I state that the amount requested is in addition to the following expenses for advertising during the year 1909, other than for the Board of Water Supply and Public Service Commission:

General advertising, Budget.....	175,000 00
Revenue bonds for advertising claims.....	38,000 00

I transmit herewith pen-written schedules representing in detail the totals included in this report. I also transmit for your approval a resolution providing for the necessary authorization.

Yours respectfully,

WM. A. PRENDERGAST, Comptroller

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of one hundred and fifty-one thousand nine hundred and twenty-four dollars (\$151,924) for unpaid advertising bills for 1909 and preceding, for the following purposes:

March 7, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment March 4, 1910, authorizing the issue of \$104,500 corporate stock for the purpose of providing means for the City's share of the estimated cost of the construction of the superstructure, etc., of the diagonal viaduct across the Sunnyside Yard, to form an approach to the Queensboro Bridge, Borough of Queens.

I also transmit copy of report of the Comptroller relative thereto, together with form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,
JOSEPH HAAG, Secretary.

City of New York, Department of Finance,
February 21, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment, held on January 7, 1910, a report was presented from the Chief Engineer, recommending authorization for the issuance of \$101,000 corporate stock to meet the City's share of half the total cost of the diagonal viaduct crossing Sunnyside Yard, Queens, in accordance with agreement of June 21, 1907, between the City and the Pennsylvania, New York and Long Island Railroad Company.

Since the report of the Chief Engineer of the Board was written, the records of the Company have been developed to the extent of determining more accurately the half costs of this work, including engineering and inspection charges, as shown below:

Steel for superstructure	\$66,484 10
Roadway and sidewalks	35,993 75
Engineering and inspection	1,904 46
Total	\$104,382 31

The discrepancy on roadway and sidewalks from that noted in making up the request is due to omission of cost of cement in arriving at the original figures.

I therefore recommend that the Board of Estimate and Apportionment, pursuant to section 47 of the amended Greater New York Charter, authorize the Comptroller to issue corporate stock to the amount of \$104,500 for the purpose of providing means for the City's share of the estimated cost of the construction of the superstructure, sidewalks, pavements, etc., of the diagonal viaduct across the Sunnyside Yard, to form an approach to the Queensboro Bridge, Borough of Queens, pursuant to an agreement dated June 21, 1907, between The City of New York and the Pennsylvania Tunnel and Terminal Railroad Company for the construction of said viaduct; and the resolution hereto attached recommending an issue of \$104,500 be substituted in place of the resolution recommending \$101,000, attached to the report of the Chief Engineer of the Board of Estimate and Apportionment.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of one hundred and four thousand five hundred dollars (\$104,500), for the purpose of providing means for the City's share of the estimated cost of the construction of the superstructure, sidewalks, pavements, etc., of the diagonal viaduct across the Sunnyside Yard, to form an approach to the Queensboro Bridge, Borough of Queens, pursuant to an agreement dated June 21, 1907, between The City of New York and the Pennsylvania Tunnel and Terminal Railroad Company.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 4, 1910, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred and four thousand five hundred dollars (\$104,500), for the purpose of providing means for the City's share of the estimated cost of the construction of the superstructure, sidewalks, pavements, etc., of the diagonal viaduct across the Sunnyside Yard, to form an approach to the Queensboro Bridge, Borough of Queens, pursuant to an agreement dated June 21, 1907, between The City of New York and the Pennsylvania Tunnel and Terminal Railroad Company, for the construction of said viaduct, that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding \$104,500, the proceeds whereof to be applied to the purposes aforesaid.

Board of Estimate and Apportionment,
Office of the Secretary,
March 7, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 4, 1910, amending its resolution adopted February 11, 1910, recommending the establishment of additional grades of the position of Deputy Assistant District Attorney, in the office of the District Attorney, New York County, by inserting therein the number of incumbents for each grade.

I also transmit herewith copy of communication from the District Attorney, New York County, relative thereto, together with form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,
JOSEPH HAAG, Secretary.

March 3, 1910

To the Honorable the Board of Estimate and Apportionment, of The City of New York:

Gentlemen—It appears that various grades of the position of Deputy Assistant District Attorney in this office have been in existence for years, but have never been regularly fixed in accordance with section 56 of the Greater New York Charter. Therefore, at a meeting held on February 11, 1910, your Honorable Board, at my request, adopted a resolution recommending to the Honorable Board of Aldermen that the additional grades of the position of Deputy Assistant District Attorney be fixed as follows: \$1,500, \$2,000, \$2,500, \$3,000, \$4,000 and \$4,500 per annum, respectively.

The Aldermanic Committee on Salaries and Offices accepted said report, and the Board of Aldermen at a meeting held on the 2d inst. suggested that said report be returned to the Board of Estimate and Apportionment for correction, and if same was amended by inserting the number of incumbents in each grade it would then meet with their approval.

Therefore, in accordance with the suggestion of the Honorable Board of Aldermen, I respectfully request that your Honorable Board amend said resolution by inserting the number of incumbents in each grade as follows:

	Incumbents.	Salary Per Annum.
Deputy Assistant District Attorney.....	1	\$4,500 00
Deputy Assistant District Attorney.....	10	4,000 00
Deputy Assistant District Attorney.....	4	3,000 00
Deputy Assistant District Attorney.....	2	2,500 00
Deputy Assistant District Attorney.....	7	2,000 00
Deputy Assistant District Attorney.....	7	1,500 00

In the foregoing schedule are included eight Deputy Assistant District Attorneys who are to be assigned to the various City Magistrates' Courts, representing an annual increase of \$24,000, the details of which are familiar to your Honorable Board.

Respectfully yours,
CHARLES S. WHITMAN, District Attorney.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment March 4, 1910:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment February 11, 1910, which reads as follows:

Resolved, That, in accordance with the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the following grades of position in the office of the District Attorney, New York County, in addition to those already existing therein, viz.:

	Salary Per Annum.
Deputy Assistant District Attorney.....	\$4,500 00
Deputy Assistant District Attorney.....	4,000 00
Deputy Assistant District Attorney.....	3,000 00
Deputy Assistant District Attorney.....	2,500 00
Deputy Assistant District Attorney.....	2,000 00
Deputy Assistant District Attorney.....	1,500 00

be and the same is hereby amended to read as follows:

Resolved, That, in accordance with the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the following grades of position in the office of the District Attorney, New York County, in addition to those already existing therein, viz.:

Deputy Assistant District Attorney.....	7	2,000 00

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 461.

The City of New York,
• Office of the President of the Borough of Brooklyn,
Brooklyn, March 7, 1910.

The Honorable the Board of Aldermen:

Gentlemen—Request is hereby made for permission to enter into a supplemental contract without public letting with the Litchfield Construction Company, to an amount not exceeding \$1,575, for additional work in the completion of a contract for the reconstruction of a bridge over Gerrettsens Creek, in the Borough of Brooklyn. This contract is made necessary because of the fact that the original estimate of piling to be used on this bridge was 4,180 feet, but when the work was started it was found that 6,612 feet would be necessary. It was thought at the time the original estimate was made that the estimate for new piling was liberal, but when the work of actual construction began it was found that many piles in the old bridge which had been marked to be saved could not be used owing to the fact that they were shorter than the specifications called for, and further owing to the fact that in the centre of the bridge it was necessary to use piles more than twenty feet in length, which was the estimated length.

Yours very truly,

L. H. POUNDS, Commissioner of Public Works.

The President laid before the Board the following communications from the Commissioner of Water Supply, Gas and Electricity:

No. 462.

Department of Water Supply, Gas and Electricity,
Commissioner's Office,
New York, March 7, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, City:

Dear Sir—Several years ago the Department purchased a second-hand yacht for \$15,000. This boat has been used to patrol the waters in and around the Greater City to detect the theft of water from shipping hydrants. The receipts from that source have materially increased since the use of the boat. I have found, however, that she is too large and unwieldy to get in and out of the different slips and to manoeuvre as quickly as a boat on her mission should do. In addition, the expenses for repairs, operation and maintenance are very heavy, and a portion of the increase in collections is offset by the expense of maintaining this boat.

It is very essential for the Department to have a boat to patrol the waters. A motor boat is better adapted, however, for the work, and the expense of operating is considerably less. A suitable motor boat, new, can be purchased for about \$5,000, and I hereby make application for an issue of special revenue bonds, pursuant to subdivision 8 of section 188 of the amended Charter, for this money. In the event of this authorization of bonds, the Department obligates itself to sell the boat at public auction, thereby dispensing at the same time with part of the crew, with an ultimate saving also of repairs and operation. If the money is not authorized for the purchase of a new boat, I will be compelled to keep the yacht in commission with the full crew, which is of the number demanded by the United States marine regulations.

The expense last year for salaries, repairs, operation and maintenance was \$6,935.53, and the Department can get much better results with a smaller boat at an expense of about \$3,000.

Will you kindly present this communication for the consideration of the Honorable Board of Aldermen at its next meeting, also the attached resolutions for their adoption.

Yours truly,

HENRY S. THOMPSON, Commissioner.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby required to authorize the Comptroller to issue special revenue bonds to the amount of five thousand dollars (\$5,000), the proceeds whereof to be used by the Commissioner of Water Supply, Gas and Electricity for the purchase of a motor patrol boat.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered, pursuant to chapter 149 of the amended Greater New York Charter, to purchase, without advertising for competitive bids or proposals, a motor patrol boat for an amount not to exceed five thousand dollars (\$5,000).

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall:

Dear Sir—I respectfully request that you present this communication, with the attached resolution, for the consideration of the Honorable Board of Aldermen at its next meeting, for the issue of \$125,000 revenue bonds. The proceeds are, as stated, for the purpose of salaries and wages of men to be employed in waste detection and in the testing and repairing of the meters now in use.

In the four Boroughs of Manhattan, The Bronx, Queens and Richmond, where the revenue from the 68,000 meters in use amounts to \$4,130,000, there has been no

test of most of the meters since they were installed and no effort has been made to detect and prevent leaks in service pipes and unmetered places.

It is certain that such investigation as is here contemplated, at a cost of \$125,000, will increase the revenues of the Department over \$300,000 in the next two years. Deputy Commissioner Bemis has, I understand, presented the matter to you.

Very respectfully,

HENRY S. THOMPSON, Commissioner.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and twenty-five thousand dollars (\$125,000), the proceeds whereof to be used by the Commissioner of Water Supply, Gas and Electricity for the purpose of conducting an investigation for the prevention of waste of water, and to provide for the salaries and wages for Foremen, Inspectors, Mechanics, Laborers, etc., for the repair and testing of water meters in all Boroughs except Brooklyn, and for the operation and maintenance of a repair station.

No. 465.

Sheriff's Office, New York County,
Barelay Building, No. 299 Broadway,
New York, February 28, 1910.

To the Board of Aldermen, City of New York:

Gentlemen—Request is hereby made that your Honorable Board request the Board of Estimate and Apportionment to authorize an issue of special revenue bonds, under the provisions of subdivision 8 of section 188 of the Charter, to the amount of eleven hundred and eighty-five dollars (\$1,185), in order that I may pay the Engineer and the Assistant Engineer, at present employed in the County Jail, the prevailing rate of wages, which is four dollars and fifty cents (\$4.50) per day each.

The present Budget salaries of these employees is twelve hundred dollars (\$1,200) and nine hundred dollars (\$900) per annum, respectively, and both are now suing the City for the difference between those amounts and the prevailing rate of wages.

Under the prevailing rate of wages at four dollars and fifty cents (\$4.50) per diem, there will be required for the Engineer..... \$1,642 50
For the Assistant Engineer..... 1,642 50

Less amount of Budget appropriation..... 2,100 00

Amount of bond issue required..... \$1,185 00

No. 466.

Office of the County Clerk of Queens County,
Jamaica, Borough of Queens,
New York, March 2, 1910.

To the Honorable the Board of Aldermen of The City of New York, Aldermanic Chamber, City Hall, New York:

Gentlemen—I hereby make application for the issue of special revenue bonds for the sum of \$1,182.50 with which to purchase ten new book typewriting machines for use in this office.

These machines are to replace ten old machines now here which have outlived their usefulness, and as it will cost at least fifty dollars a piece to repair these machines, I have deemed it advisable and in the interest of public economy to ask for this appropriation.

These machines cost \$145 each, and the manufacturer has agreed to allow the sum of \$267.50 for the ten old machines, which would make the net cost for the ten new ones the sum of \$1,182.50, as follows:

Ten machines, at \$145 each..... \$1,450 00
Allowance for old machines..... 267 50

Amount requested..... \$1,182 50

I therefore urge the adoption of the inclosed resolution.

Respectfully yours,

MARTIN MAGER, County Clerk.

Resolved, That, in pursuance of subdivision 8 of section 188 of the Charter, the Comptroller of The City of New York be and he hereby is authorized and empowered to issue special revenue bonds of The City of New York in the sum of \$1,182.50, for the purpose of purchasing ten new book typewriting machines for use in the office of the County Clerk of Queens County.

No. 468.

Department of Public Charities of The City of New York,

To the Honorable the Board of Aldermen:

Gentlemen—Permission is hereby respectfully requested to purchase without public letting, at a cost not to exceed \$3,000, one automobile ambulance for the uses and purposes of this Department. This ambulance is desired for the new Coney Island Hospital, Borough of Brooklyn, which is to be opened on or before May 1, 1910. Not only are the distances to be covered very great, making the use of power ambulances desirable, but in my opinion it is important to do away with the horses

and dirt of the stable with their fly-breeding nuisances about the hospital as much as possible.

I would also respectfully request permission to purchase surgical instruments, appliances and the like for the said new Coney Island Hospital, Borough of Brooklyn, in amount not to exceed the sum of \$3,000, and without public letting, as it has been found impracticable to purchase satisfactory supplies of this nature when the contract has to be awarded to the lowest bidder.

This is a renewal of the request of the former Commissioner, made September 10 and September 25, 1909, respectively, but failed to pass the Board of Aldermen before December 31, 1909.

Inclosed herewith please find form of resolution for adoption by the Board of Aldermen in this or in any other form you may think proper.

Trusting this will have prompt consideration, I am

Respectfully yours,

M. J. DRUMMOND, Commissioner.

Resolved, That the Commissioner of Public Charities be and he is hereby authorized and empowered in pursuance of the provisions of section 419 of the Greater New York Charter, to enter into contract, without public letting, for the purchase of one automobile ambulance to be used in caring for the work in connection with the new Coney Island Hospital, Borough of Brooklyn, at a cost not to exceed \$3,000.

And likewise to contract in the same manner for the purchase of surgical instruments, appliances, and the like, for the said new Coney Island Hospital, Borough of Brooklyn, at a cost not to exceed \$3,000.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City:

Dear Sir—Upon assuming the duties of my office on January 1, 1910, I found that there remained to be copied 45,000 marriage records of my predecessor's administration.

Two copies of each record are required. One, in book form, is retained in this office. The other is sent to the State Department of Health.

In duplicate, therefore, there are 90,000 copies to be rewritten. Since January 1, 1910, there has been an increase in this arrearage of approximately 2,500 records per month. This condition is brought about by the fact that, while the work of the County Clerk's office has increased approximately 33 1/4 per cent, the number of employees has remained the same since 1894.

In verification of this statement I inclose a brief schedule showing the increased work of the office.

In order to bring the work of the office up to date I respectfully ask you to present to the Board of Aldermen a resolution providing for an issue of special revenue bonds to the amount of \$10,000. If granted, I propose to set to work immediately a sufficient number of temporary Clerks to copy these marriage records, paying them for their services at the rate of 10 cents per folio, or 100 words.

I believe you thoroughly appreciate the importance of getting this work up to date, and I therefore urgently ask your favorable consideration and the introduction of such a resolution at to-morrow's meeting of the Board of Aldermen.

Yours very truly,

WM. F. SCHNEIDER, County Clerk, New York County.

The President laid before the Board the following communication from Justice William E. Wyatt:

No. 470.

Court of Special Sessions, First Division,
Corner Franklin and Centre Streets,
New York, March 5, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City, New York:

Dear Sir—In the CITY RECORD of March 3d, I see a communication signed "Charles D. Waltham," and coming from No. 111 First place, Brooklyn, a most vindictive attack on Ernest K. Coulter, Clerk of the Children's Court, First Division, and an effort to discredit what has been done by the Justices of this Court toward obtaining a salary increase for Mr. Coulter.

As the senior Justice of this Court and with the full approval of my associates, I wish to say in the first place that we are advised by the Department of Taxes and Assessments that the name of Charles D. Waltham does not appear on the books of either the Brooklyn or New York Personal Tax Bureaus, nor does his name appear in either the Brooklyn or New York directories.

Inquiry at No. 111 First place, Brooklyn, develops the fact that there is a social club there, occupying one floor of an old residence. This club is known as the Garnet Club. The janitor, who was the only person in evidence, when a call was made at these premises, on last Thursday afternoon, so I am informed, said that

a man of the name of Waltham did come to the club rooms, but he did not know where he lived. When an effort was made again this afternoon to ascertain the residence of this Waltham, it was denied at the club that the man was known there. It was said that the statement of Thursday was a "mistake."

As to the charges, and any reply thereto, I do not feel that, considering the source of the letter, it is necessary to go into details. I only desire to say on this line that Mr. Coulter has been in the Children's Court since it was organized, in 1902 (in fact he helped in the work of organization before the court was formally opened), and has served continuously and faithfully all this time, first as Deputy Clerk, and after 1908 (November), as Clerk. Mr. Coulter has never been absent from the court without the permission of the Justices. The statement that he has been away from his duties one-third of the time is a flagrant falsehood. He was granted two months' leave of absence last summer by the Justices that he might visit Europe. He was gone less than eight weeks. It may be of interest to know that he spent a considerable portion of his time there in making a study of methods employed there in dealing with children in courts and institutions.

The statement that Mr. Coulter was absent for ten days in January on a lecturing tour of New England is not true. Mr. Coulter, I am glad to say, has frequently lectured on the subject of the New York Children's Court, always at the request of civic or charitable organizations that were anxious to learn something of the methods employed in this, the largest children's court in the world. In this work I believe Mr. Coulter has been doing a valuable service for the City and the entire community. Most of these lectures have been delivered at night and on Sundays, when they have interfered in no way with Mr. Coulter's duties. Most of them, too, have been delivered gratuitously, or for a fee merely covering the actual expenses.

Mr. Coulter has lectured occasionally for the Department of Education at night, as he has a perfect right to do. He has probably had seven or eight such lectures in the past season. There is a compensation of \$10 a night for this work, and the Courts long ago decided any question as to the right of a City employee to accept this.

I should also add that Mr. Coulter has often worked at night on Children's Court matters, preparing reports, statistics, etc. He has spent parts of many Sundays and holidays at his desk at the Court. But these are details on which it scarcely seems worth while to dwell here. Your Committee is undoubtedly in possession of reports submitted by the Board of Estimate and Apportionment as to the character and quality of Mr. Coulter's work. But I felt it my duty to thus communicate with you in view of this vindictive and personal attack.

Trusting that if any question should be raised because of the communication in question that you will be good enough to bring this to the attention of your Honorable Board, I am,

Respectfully yours,

WILLIAM E. WYATT, Justice, etc.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Clerk of the Court of Special Sessions:

No. 471.

Clerk's Office, Court of Special Sessions, First Division,
Corner Franklin and Centre Streets,
New York, March 4, 1910.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen:

Dear Sir—A letter addressed to you under date of February 26th appears in the CITY RECORD of March 3d. This letter is signed by Charles D. Waltham, of No. 111 First place, Brooklyn. It is altogether an unwarranted and mendacious attack on Ernest K. Coulter, Clerk of the Children's Court, protesting against a proposed increase in salary which is to come up before the Board of Aldermen on Tuesday next.

This Mr. Waltham poses as a taxpayer and, as such, protests against this increase. Mr. Coulter never heard of Mr. Charles D. Waltham; neither did I. Inquiry develops the fact that No. 111 First place, Brooklyn, is a sort of social club, known as the Garnet Club; it was formerly a bicycle club. No one was in evidence at the place but the janitor, who could not tell where the said Waltham lived, nor does his name appear in either the Brooklyn directory or the telephone book.

I speak from personal knowledge when I state that in the main it is unqualitatively false from start to finish. Mr. Coulter has been a faithful and able public official who has served in the Children's Court as Deputy Clerk and Clerk, continuously for almost eight years, or ever since the Court's organization.

As this matter has appeared in print in the public record, it seems to me that in justice to Mr. Coulter these facts might also appear in the same publication. Considerable stress is laid upon the fact that Mr. Coulter has absented himself last year in Europe, and from the Court generally in attending to lecture tours throughout the Eastern States. Last year Mr. Coulter, upon written application to the Justices of this Court, received a leave of absence for two months, in which to visit Europe. He had been devoting most of his time, days, nights and Sundays to the work of the Children's Court, and was run down in health in consequence. He remained away seven weeks. It might be added that shortly before his absence he had undergone a very severe operation for appendicitis. That Mr. Coulter has delivered certain lectures is true; that he has been compensated for some of them is also true. The majority of them, however, have been delivered gratis. These lectures have been given at the earnest solicitation of civic and philanthropic bodies in this and other cities who have been desirous of obtaining information regarding the workings of the Children's Court of New York, to the end that other Courts might be established or work carried on on similar lines in other cities.

Mr. Coulter has delivered lectures on the Children's Court at the instance of the Department of Education. These lectures have been delivered at night, and the fact that he has been paid therefor has been sanctioned by the Court of Appeals of this State in a decision rendered several years ago.

I am very familiar with the work done in the Children's Court, and with the work done by Mr. Coulter, in particular, and I know whereof I speak, when I state that The City of New York has in Mr. Coulter a public servant of whom it may be justly proud.

I am writing this at length as I feel indignant that this false and mendacious attack by an utterly irresponsible person should have received publicity in the official organ of this city.

Yours respectfully,

WM. M. FULLER, Clerk.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond:

No. 472.

The City of New York,
Department of Parks, Boroughs of Manhattan and Richmond,
March 8, 1910.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—I am requested by the Trustees of the Metropolitan Museum of Art, in Central Park, to request from your Honorable Board authority to enter into contract, without public letting, for the purchase of metal frame show cases for the museum, at an expense not to exceed the sum of fifteen thousand dollars (\$15,000), payable from a fund which has already been provided by an issue of corporate stock for the enlargement, equipment, etc., of the museum building.

This request is made for the reason that in the opinion of the Trustees, based on the experience in the purchase of similar cases in previous years which has been done in a similar manner, the desired results can best and perhaps only be obtained in that way. The cases required are, as far as is known, made only by one party. They are required to be constructed of light metal frames with concealed locks and absolutely dustproof, under the supervision and direction of the museum authorities, and they will be built in this city by a firm of high standing.

Respectfully,

CHAS. B. STOVER, Commissioner.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he hereby is authorized and empowered to enter into a contract, without public letting, for the purchase of exhibition cases for the Metropolitan Museum of Art. in Central Park, at a cost not to exceed the sum of \$15,000.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 473.

The City of New York.
Office of the President of the Borough of Brooklyn,
Brooklyn, March 7, 1910.

To the Honorable the Board of Aldermen, New York City:

Gentlemen—In the Budget for the year 1910, for the Bureau of Public Buildings and Offices, this Department, no allowance was made for the new public bath at the corner of Fourth avenue and President street, which was opened in the latter part of 1909.

An appropriation, however, was made by your Honorable Body under date of November 30, 1909, issuing special revenue bonds, amounting to \$3,756, and conferred in by the Board of Estimate and Apportionment, under date of December 17, 1909. As this amount of revenue bonds will be exhausted on April 1, this year, it will be necessary to receive another issuance of revenue bonds to maintain this bath for the balance of the year 1910.

I therefore respectfully request that your Honorable Board adopt a resolution appropriating special revenue bonds amounting to \$10,575, to pay the following employees the balance of the year:

Two Enginemen, three Firemen, five male and four female Attendants, for maintaining the above named bath.

Yours very truly,

ALFRED E. STEERS, President.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 474.

Department of Street Cleaning, City of New York,
Nos. 13 to 21 Park Row,
New York, March 4, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Sir—I find that it will be necessary to do a great deal of dredging during this year in and about the various water-front dumps of this Department, in the Boroughs of Manhattan and The Bronx. Heretofore this work was always done for this Department by the Department of Docks and Ferries, but I am now informed by that Department that it declines to continue that policy for the reason that it is required to follow closely its budget in all of its outlay, and as this sudden change of policy on the part of the Department of Docks and Ferries was not foreseen, no provision for this expense was made by this Department in its Budget for 1910.

It is estimated that the amount required for the year 1910 for this work of dredging will be about ten thousand dollars (\$10,000), and I therefore request your Board, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to recommend to the Board of Estimate and Apportionment the issue of revenue bonds to the amount of ten thousand dollars (\$10,000) to meet the expense of dredging the waters in and about the dumps of this Department in the Boroughs of Manhattan and The Bronx for the year 1910.

Respectfully,

WM. H. EDWARDS, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President, Borough of Manhattan:

No. 475.

City of New York.
Office of the President of the Borough of Manhattan,
City Hall, March 8, 1910.

Hon. P. J. SCULLY, City Clerk, Borough of Manhattan:

Sir—You are hereby notified that I have designated Hon. Edgar Victor Frothingham, Commissioner of Public Works for the Borough of Manhattan, to act in my absence as President of the Borough of Manhattan, at all stated and special meetings of the Board of Aldermen.

Yours very truly,

GEORGE McANENY, President, Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 10, 1909, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified.

No. 303.

The Committee on Finance, to which was referred on February 15, 1910 (Minutes, page 517), the annexed communication asking for an issue of \$70,000 special revenue bonds for taxes and maintenance of lands transferred from the jurisdiction of the Aqueduct Commission to the Department of Water Supply, Gas and Electricity, respectfully

REPORTS:

That Commissioner Thompson appeared before the Committee and submitted the data hereto attached. The Committee believes that the money for State, County and Town taxes, amounting to \$45,233.24, and the \$10,000 requested for maintenance should be allowed, but does not feel warranted in recommending an allowance for school taxes until the exact amount needed is ascertained. It, therefore, recommends that the accompanying resolution for \$55,233.24 be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifty-five thousand two hundred and thirty-three dollars and twenty-four cents (\$55,233.24), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of the payment of State, County and Town taxes on watershed lands transferred from the Aqueduct Commission located in the towns of Cortlandt, Yorktown, New Castle, Lewisboro, North Salem, Bedford, Poundridge and Somers, Westchester County, and the maintenance of such lands during the year 1910.

FRANK L. DOWLING, WM. P. KENNEALLY, THOS. J. McALEER, W. J. HEFFERNAN, CHARLES P. COLE, FRANCIS P. KENNEY, DANIEL EHNTHOLT, Committee on Finance.

Department of Water Supply, Gas and Electricity,
Commissioner's Office,
New York, February 14, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall:

Dear Sir—About September of last year the Aqueduct Commission formally transferred to this Department, for care and maintenance, certain properties which they had improved in the following towns of Westchester County:

Cortlandt, North Salem, Yorktown, Bedford, New Castle, Poundridge, Lewisboro, Somers.

About the same time they transmitted certain bills for county and town taxes. As there were no funds appropriated to this Department for the payment of the bills they were returned, although the Department, anticipating the transfer of these properties, had included in its 1909 estimate for departmental expenses the money necessary for the payment of the taxes, but the Board of Estimate and Apportionment did not allow it. Provision was also made in the estimate for 1910 for the necessary funds for the payment of the taxes and \$10,000 for maintenance. The application was again denied by the Board.

I am advised that the tax bills for 1910 will be rendered by the several towns above mentioned on the 17th inst. If payment is not made within thirty (30) days a penalty of 4 per cent. is added.

As it now becomes the duty of this Department to pay the land and school taxes on these properties, I respectfully request that the funds be provided for by an issue of special revenue bonds in the sum of \$70,000. The county and town taxes on the lands transferred by the Aqueduct Commission last year were \$43,078.21. In addition to this amount there is a school tax which is not yet determined, and the total taxes as estimated for 1910, will be \$60,000. For the proper care and maintenance of the lands \$10,000 will be required.

Yours truly,

HENRY S. THOMPSON, Commissioner.

The State, County and town taxes affecting property which was turned over to this Department in July of last year by the Aqueduct Commission. The taxes are now due and must be paid before April 1 to avoid any penalty. On that date 4 per cent. is added. The penalty, if not paid, would be \$1,809.33:

	Assessed Valuation.	Taxes.
Town of Cortlandt, 787.975 acres, new Croton dam, Engineer's office	\$3,500.598 13	\$30,582 13

	\$5,680,856 88	\$45,233 24

School taxes are assessed according to the needs of the district and become due in July, 1910. On the best calculation which can be made, the expenses upon the City, assessed according to the tax valuation, are \$14,766.76.

For the new Croton lake, Croton dam, Cross River dam and lake and Croton Falls dam and lake turned over to this Department for maintenance, there will be required, in addition to the force already employed, 2 Foremen, 8 Laborers, 2 teams and a horse and wagon. The salary account would be as follows:

2 Foremen at \$4.....	\$2,504 00
8 Laborers at \$2.50.....	6,260 00
2 teams at \$4.....	2,504 00
1 horse and wagon at \$1.50.....	468 00
Supplies and contingencies.....	2,000 00

Total..... \$13,736 00

This force will be required for about eight months this year, and the \$10,000 requested would therefore approximately equal the cost of the force.

I. M. DE VARONA, Chief Engineer.

The Aqueduct Commission had a force of men taking care of these lands, but as the properties have been transferred to this Department it will be necessary for me to provide the requisite force of employees.

The Department will take care of the new Croton dam, Cornell reservoir and Cross River reservoir, which had previously been maintained by the Aqueduct Commission.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary to allow of small contingent items being settled without recourse to individual vouchers as would otherwise be necessary, unless the money was to be advanced from a private purse, and it, therefore, recommends that the said resolution be adopted.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the President of the Borough of Richmond, the said President of the Borough of Richmond may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500), and may in like manner renew the draft as often as may be deemed necessary, to the extent of the appropriation set apart for contingencies in his office during the year 1910; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the President of the Borough of Richmond, covering the expenditure of the money paid thereon.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Finance, to which were referred on February 8 and March 1, 1910 (Minutes, pages 379 and 463), communications requesting an issue of special revenue bonds to provide for deficiency in Budget allowance for the Bureau of Street Cleaning, Borough of Queens, respectfully

REPORTS:

That the details of this application, are set forth in the request dated February 28, 1910. The Superintendent of Street Cleaning appeared before the Committee and stated that to meet emergent conditions part of this force had already been employed. That at present he was able but three times a week to remove garbage in the congested sections, and in other parts of the Borough but once or twice a week. Upon the belief that this is an absolute emergency, the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and forty-nine thousand six hundred and ninety-four dollars and fifty cents (\$149,694.50), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of supplementing Budget appropriation for the Bureau of Street Cleaning, Borough of Queens, for the year 1910.

FRANK L. DOWLING, WM. P. KENNEALLY, THOS. J. McALEER, WM. J. HEFFERNAN, FRANCIS P. KENNEY, CHARLES P. COLE, Committee on Finance.

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, February 3, 1910.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—In accordance with the provisions of subdivision 8 of section 188 of the Greater New York Charter, it is respectfully requested that the Board of Aldermen approve of and recommend to the Board of Estimate and Apportionment the necessary authorization for the issue of \$177,253.25, special revenue bonds, to provide for the deficiency in Budget allowance for the Bureau of Street Cleaning, of the Borough of Queens, during the year 1910.

The attention of your Honorable Board is called thus early in the year, on account of the seriousness of the situation which impends in the Borough, concerning its health and sanitation, so far as the Bureau of Street Cleaning affects them.

I am fearful that nothing short of a positive disaster will follow, if something decisive is not done at once to remedy the present very unsatisfactory conditions.

A desire for stark economy impelled the pruning of the appropriation asked for to the extent of 40 per cent., notwithstanding the estimates were honestly made and with the utmost prudence, taking in all the conditions and future exigencies.

In 1908 there was allowed \$245,000, which was wholly inadequate, the Bureau suspending operations for several weeks. In 1909 there was provided \$306,000, when there was limited and inadequate force for three months. Yet with very serious conditions confronting the Bureau for 1910, only a meager sum of \$3,000 has been added to the amount allotted in 1909.

At the beginning of 1908 the population of Queens, which is growing by leaps and bounds, was estimated at 238,000. At the commencement of 1909 this population was estimated at 264,000, and the estimated population to-day is 322,000. New school houses, factories and plants have been established. Yet, with nearly 60,000 more people (one estimate makes it 72,000), with 40 additional miles of paved streets and gutters, with a tremendous increment of ashes, garbage and detritus to collect and dispose of, the ridiculously disproportionate increment of \$3,000 is made to the scant amount expended with the most stringent economy.

Estimated at its lowest cost for increased work caused by increase of population, it would require \$504,000 to carry on the work of this Bureau anywhere within the bounds of the necessities, with stringent economy in view. To allot but \$309,000 to do this work is obviously absurd. The lamentable feature of the whole affair is the unscientific and seemingly haphazard way the parsimony was exercised.

In the sweeping of the streets, and the collection, removal and final disposition of ashes, garbage, detritus, etc., labor is the chief factor, with carriage second in importance. The carriage or removal of this matter, owing to the action of the Health Board, the presentments of grand juries and the pronouncements of civic bodies, is made

more costly each year by the substitution of dumps at remote distances in the Borough for those encroached on by the multiplication of dwelling houses.

For example, \$65,730 was asked for the labor hire, and only \$45,950 was allowed. For horses and carts \$195,856 was asked for and \$144,149 was allowed. With a force absurdly small as it is to cope with present and more irksome conditions to come during the year, with the moneys allowed it must be further reduced until it is so crippled that it will be impossible to do more than a small portion of the work necessary. In reciting a similar condition which confronted this Bureau last year the attention of the Finance Department was aroused and an investigation followed. On the basis of the reports made, Hon. Herman A. Metz reported to the Board of Estimate as follows, in part:

"No great study in conditions is required to show that the amount allotted Queens in this matter is wholly inadequate for its needs.

"I find that while records of material handled are available for all the Boroughs, those of Queens Borough show an excess yield per day, per 1,000 inhabitants, largely beyond that of either Brooklyn or Manhattan."

Mr. Metz formulates a table showing estimated population of the Boroughs for January 1, 1909, and the known Budget allowance, and the percentage of each relative to the whole. Commenting on this, he says:

"The Budget per cent. allowed conforms in the cases of Manhattan, Brooklyn and The Bronx (51 per cent., 34 per cent. and 75 per cent., respectively) fairly well with the per cent. of total population in those Boroughs. But Richmond shows an excess allowance of 60 per cent. above its fair apportionment on such basis, and Queens a decrease of 40 per cent. below.

"The request for \$66,259.75, or at the rate of \$78,761 yearly, considered additionally to the \$253,100 allowance for 1909, raises Queens percentage from 3.2 per cent. to 4.2 per cent. of the thereby increased Budget allowance. However, if a favorable review is to be given the other items, this total will increase from 3.2 per cent. to 4.6 per cent., and considering that the collection costs increase per 1,000 inhabitants with the sparsity of population and the area necessary to be traversed, and similarly the cost of final disposition where hauls are excessive to dispose of this stuff similarly, it appears that these factors would warrant a cost apportioned to thinly populated Boroughs per 1,000 inhabitants in excess of what densely populated Manhattan should receive, even giving due consideration to its excessive length of paved streets and traffic density, increasing sweeping costs."

Since this report was made there has been an increment of population in Queens equivalent to many pretentious cities in this and other States, in nearly all of which the cost of maintenance of a bureau similar to this is much larger than the amount asked for the maintenance and operation of the Bureau in Queens. The increase in population, the increase in mileage of streets to be cleaned, the longer haul enforced by further remoteness of dumps and the tremendous increment of garbage, ashes and detritus makes the force of this Bureau obviously inadequate to thoroughly cope with conditions, and not even an approximation of the necessities of the situation can be hoped for. The complimentary notices of the approximated or partial work of last year from citizens and civic bodies, demonstrated the appreciation of the difficulties of this Bureau by the taxpayers themselves.

The flow of population to Queens Borough and the increasing improvements are daily adding to the burdens of this Department. It will be a hopeless task, taxing the resources and ingenuity of this Bureau, to go through the year 1910 with a force of men ridiculously disproportionate to the exigencies of the situation. To add to the difficulties by striking off men from the list of employees, is nothing short of calamitous.

I am positive that with the present small force to do the great work intended for this Bureau there will be so much left undone that there will follow a public clamor that may have its sequel in the action of the health authorities and the Grand Jury. The health of the people and the proper sanitation of Queens Borough largely depend upon the effective work of this Bureau.

The population is not locating at any one point of the Borough, but at widely separated points, and concomitantly increases the labor and cost of the Bureau. These conditions will be exaggerated when the Pennsylvania tubes, the Belmont tunnel and other transportation arrangements are completed (in the spring), capable of carrying 128,000 passengers to Queens hourly. This, together with the swelling of the population by the transient summer residents, will tax the capacity of this Bureau to its utmost.

The sums necessary for labor and the additional trucks and carts are in detail as follows:

3 District Superintendents at \$1,800 each.....	\$5,400 00
4 Section Foremen at \$1,200 each.....	4,800 00
1 Dump Inspector.....	1,200 00
1 Assistant Dump Inspector.....	900 00
15 Assistant Foremen at \$3.25 each per day.....	15,258 75
26 Laborers at \$2.50 per day each.....	20,345 00
75 Sweepers at \$2.50 each per day.....	58,687 50
24 trucks and teams at \$6 each per day.....	45,072 00
6 horses and carts at \$3.50 each per day.....	6,573 00
6 sprinkling wagons at \$3.50 each per day.....	4,389 00
6 sweepers at \$6 each per day.....	7,128 00
Rockaway summer increase.....	7,500 00
	\$177,253 25

I cannot too strongly impress your Honorable Board with the gravity of the situation, and the need of this matter receiving action at the earliest possible date in the interest of the public weal.

Respectfully,

LAWRENCE GRESSER, President, Borough of Queens

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, February 28, 1910.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—On February 3, 1910, I transmitted to your Honorable Body for approval of and recommendation to the Board of Estimate and Apportionment a request for the necessary authorization for the issue of one hundred and seventy-seven thousand two hundred and fifty-three dollars and twenty-five cents (\$177,253.25) special revenue bonds to provide for the deficiency in Budget allowance for Bureau of Street Cleaning of the Borough of Queens during the year 1910.

The matter was referred to the Finance Committee of your Board, and I understand that exception has been taken to that part of the request which would provide moneys for positions not established by the Board of Estimate and Apportionment.

I therefore desire to amend my request of February 3 by limiting the amount to one hundred and forty-nine thousand six hundred and ninety-four dollars and fifty cents (\$149,694.50) as the irreducible minimum for the use of the Bureau of Street Cleaning, leaving out of consideration items which should be granted but which are secondary in importance to what is the dire need for even approximating the work which should be accomplished by the Bureau in question.

Labor is the essence and the main factor in the cleaning of streets, collection and the removal of the ashes, garbage and waste matter and also figures in the final disposition. The influx to Queens from Manhattan and other localities has been in progress for some time. The latest estimate is that Queens has now a population of three hundred and forty thousand people. The establishment of every home increases the labors and burdens of this Bureau. There is every indication of a continued great impouring of people into the Borough. Building operations are greater now than ever before in the history of Queens, and before July the work of this Bureau will be multiplied considerably.

The Budget appropriation did not suffice for one-half the population, and already there is complaint from newcomers of the failure to remove garbage and ashes from remote and newly settled localities. If this thing is permitted to continue, I fear that with the present inadequate force it will be beyond human endeavor to cope with conditions which threaten in the early summer. The health and sanitation of this Borough demand immediate action. If an epidemic should impend because of festering garbage it would be because of the limitations and restrictions placed on the Bureau of Street Cleaning.

For the information of your Committee I attach hereto a tabulation of the absolute necessities of the Bureau of Street Cleaning which should be provided for at once:

26 Laborers at \$2.50 per diem each	\$20,345 00
75 Sweepers at \$2.50 per diem each	58,687 50
24 Trucks and Teams at \$6 per diem each	45,072 00
6 Horses and Carts at \$3.50 per diem each	6,573 00
6 Sprinkling Wagons at \$3.50 per diem each	4,389 00
6 Teams and Sweepers at \$6 per diem each	7,128 00
Rockaway Summer Increase	7,500 00

Total \$149,694 50

Respectfully submitted,

LAWRENCE GRESSER, President, Borough of Queens.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved that this resolution be amended by making a reduction in amount of one-sixth.

Alderman Johnson moved as a further amendment that the reduction be one-fourth. Alderman Dowling accepted the amendment and the motion of Alderman Johnson was then adopted.

The President then put the question whether the Board would agree to accept such report and adopt said resolution as amended, calling for an appropriation of \$112,270.88.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Boschen, Brady, Brush, Callaghan, Campbell, Carberry, Cole, Cornell, Cunningham, Davis, Delaney, Desmond, Dotzler, Dowling, Downing, A. S. Drescher, W. The Committee on Finance, to which was referred on March 1, 1910 (Minutes, page 619), communications from the Trustees of Bellevue and Allied Hospitals and the State Board of Charities asking for \$8,000 special revenue bonds to establish service for care of the apparently insane, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary and warranted by the needs of this class of patients whose transportation by inexpert Policemen is frequently an aggravation and an added cause of malady. It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight thousand dollars (\$8,000), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of meeting the cost of the additional equipment and service necessary at Bellevue Hospital to secure the better transportation of persons apparently insane.

Board of Trustees, Bellevue and Allied Hospitals,
First Avenue and Twenty-sixth Street,
New York, February 16, 1910.

Hon. JOHN PURROY MITCHELL, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of Special Revenue Bonds to an amount not exceeding \$8,000 for the purpose of meeting the cost of the additional equipment and service necessary at Bellevue Hospital in order to secure the better transportation of persons apparently insane. At present these sufferers are brought to the hospital in care of Policemen, very frequently in a patrol wagon. This practice is very objectionable, and it is proposed to provide an ambulance and special officers and Nurses at Bellevue Hospital in order that persons apparently insane may be brought to the psychopathic wards for observation accompanied by trained attendants and in a special ambulance. This entire question has been carefully considered by the State Charities Aid Association in conference with the officers of this Department, and a copy of an exhaustive report on this subject made by the State Charities Aid Association is enclosed. The \$8,000 is proposed to be expended for the items named in that report as follows:

1 new automobile ambulance	\$3,500 00
2 Chauffeurs at \$1,200 each	2,400 00
2 male Nurses (deputy peace officers) at \$750 each	1,500 00
1 female Nurse	600 00
Total	\$8,000 00

Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

January 7, 1910.

To the Trustees of Bellevue and Allied Hospitals, East Twenty-sixth Street, New York City:

Gentlemen—The Standing Committee on Hospitals has been making some inquiries relative to the possibility of securing better transportation of persons apparently insane. In this connection it has secured from the psychopathic ward of Bellevue Hospital the following tables, which show from what sources alleged insane persons are received in that ward:

	1907.		1908.	
	Men.	Women.	Men.	Women.
(1) Total number of patients	1,539	1,347	1,296	1,136
(2) Number received from their homes without police interference	315	48	113	5
(3) Number received from their homes in charge of police officers	306	29	434	130
(4) Number received as prisoners brought by police officers	208	21	173	154
(5) Number committed by City Magistrates for mental examination	350	147	26	91
(6) Number transferred from workhouses, jails, etc.	38	13	80	20
(7) Number received from general hospitals	220	203	200	190
(8) Walked in alone	62	23	82	40

It will be noted that the patients included in subdivisions 3, 4, 5 and 6, are brought to the psychopathic ward of Bellevue Hospital by a police officer, either with or without a patrol wagon. Over one-half of the men are included in these groups, and nearly one-half of the women. The exact figures are as follows:

In 1907, 61.7 per cent. of the men and 48.5 per cent. of the women came to the hospital in charge of police officers, and in 1908 56.4 per cent. of the men and 47.8 per cent. of the women came in a similar way.

This seems to us decidedly objectionable. In the case of seriously sick or injured persons a physician and the aid of a hospital is considered necessary, and the Police Department is called upon only so far as may be necessary to facilitate the work of the Hospital Attendant in removing the person, by restraining and keeping in order a too curious crowd. The insane person is not always tractable, and for this reason, together with the fact that there has been no provision for trained Hospital Attendants to handle these cases, the custom has grown up of depending upon a Policeman and a patrol wagon. Unfortunately this was extended in many cases, and the police station and the jail were used as a place of confinement for such persons. The establishment of psychopathic wards in connection with our general hospitals has made such confinement inexcusable, and it has to a large extent disappeared. Legislation is now being contemplated by the State Charities Aid Association, which will make it possible for Magistrates to send persons who are charged with minor offenses to the psychopathic wards of Bellevue and Kings County Hospitals, which aims to still further substitute the hospital for the prison as a place of confinement pending the determination of a person's sanity.

Now that there are hospital facilities for the detention of insane persons, the next logical step necessary to carry out the policy of substituting the physician and the hospital for the Policeman and the prison is for the hospital to provide a means of transportation and a trained Attendant to remove such cases to the hospital.

The objections to the present practice stated briefly are:

1. A Policeman, by reason of his training, which constantly requires him to be stern in suppressing disorderly and criminal persons, acquires stern and rough habits of dealing with people, and for this reason is the very person who should not handle an insane person.

2. The uniform of the Policeman, regardless of the gentleness which its wearer may possess, is at once associated by the insane patient with an attempt to lock him up and deprive him of his rights, which acts very frequently to aggravate and make violent a case otherwise tractable, thus interfering with a calm, medical observation and treatment of the case, and tending to bring on rather than ward off serious insanity.

3. The use of a patrol wagon greatly exaggerates this effect. A patrol wagon is intended to convey criminals, and should not be used to convey sick persons. This is especially true where the disease is insanity.

In view of these facts we think the following practice should be substituted for that at present in vogue:

1. Bellevue Hospital should provide an ambulance with a trained Attendant, which should be used in the Boroughs of Manhattan and The Bronx to convey all cases of persons who are insane, or who are suspected of being insane, to the hospital, provided such persons cannot be persuaded by their friends to go to the hospital voluntarily.

2. The Police Department should be called upon only in those cases in which it may be necessary to protect persons and property from injury, until an Attendant of the psychopathic ward arrives, and in those cases in which it may be necessary for the Attendant to ask assistance in handling unusually violent cases. The former cases would not be frequent, and with an experienced Nurse the latter cases would be very few indeed.

In order to put these principles into practice it would be necessary for Bellevue Hospital to provide persons who can at once be trained Nurses for the psychopathic ward and Deputy Peace Officers. In the case of a person "apparently insane, and conducting himself in a manner which in a sane person would be disorderly," the Nurse would, in accordance with the provisions of section 88 of chapter 87 of the Consolidated Laws of 1909, apprehend the person and take him to the psychopathic ward for the determination of the question of his sanity, thus eliminating or reducing to a minimum the necessity of calling upon the police authorities. Such a Nurse should also be sent, upon proper notification, to various courts, workhouses, jails, etc., from which persons are received for examination as to their sanity, and such a person should be transported under the custody of a Nurse in an ambulance of the psychopathic ward. An ambulance should be made available for this purpose at all hours of the day and night, which should be differentiated as little as is practicable from an ordinary automobile, so as to avoid the attention of the public in the vicinity of the residence or place of confinement of the person for whom the ambulance is called.

Estimate of Additional Officers and Equipment Necessary.

Bellevue Hospital would need for this purpose a new automobile ambulance and two additional chauffeurs. It is quite possible, indeed probable, that this ambulance could do some emergency work in Bellevue's immediate district in addition to the work of bringing in insane patients. If it were so arranged that either one of the automobile ambulances which Bellevue would then own, could be sent for insane patients with the provision that only one of them should at any one time go out of Bellevue's immediate emergency district, much additional emergency work could be done by automobile ambulances. This ought to make unnecessary at least one or possibly two of the present horse ambulance Drivers. The psychopathic ward of Bellevue would also need at least two additional male Nurses (who would be at the same time Deputy Peace Officers) and one female Nurse. The estimated cost of this additional equipment and services at Bellevue is as follows:

1 new automobile ambulance.....	\$3,500 00
2 Chauffeurs, at \$1,200 each.....	2,400 00
2 male Nurses (Deputy Peace Officers), at \$750 each.....	1,500 00
1 female Nurse.....	600 00
	\$8,000 00

This provides for an expenditure of \$8,000, but it will be noted as stated above, that the expenditure of this money would not only give an adequate ambulance service for the transportation of insane persons, but it would also add to the emergency ambulance equipment of Bellevue and remove the expense of maintenance of at least one, and probably two horse ambulances.

In making this inquiry and preparing these recommendations we have consulted with representatives of the State Lunacy Commission, and they are in entire accord with the suggestions made in this communication. Indeed it was partially at their suggestion that the inquiry was undertaken. The matter we consider of very great importance and the expenditure involved is small in proportion to the advantages which would accrue from such an ambulance service. We would therefore respectfully urge action on your part with regard to the matter.

Respectfully yours,

HOMER FOLKS, Secretary.

Board of Trustees, Bellevue and Allied Hospitals, }
First Avenue and Twenty-sixth Street, }
New York, February 16, 1910. }

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds to an amount not exceeding \$3,500 to be used as follows: Two thousand dollars to be used in addition to money already appropriated for converting ward 31 of Bellevue Hospital into an isolation ward; and \$1,500 to be used in addition to \$4,700 already granted for building a new gate house and transfer room, so as to include the installation of bath rooms in the admitting office.

On October 20, 1908, the Board of Aldermen authorized an appropriation of \$10,000 for the purpose of converting wards 18 and 25 of Bellevue Hospital into rooms for the house staff and ward 31 into isolation rooms. The lowest bid was in excess of the appropriation and it was resolved to proceed with the work in wards 18 and 25. This cost about \$7,000, leaving a balance of \$3,000, which with an additional \$2,000 will meet the cost of constructing new isolating rooms.

On January 19, 1909, the Board of Aldermen authorized an appropriation of \$4,700 for the erection of a temporary reception office at the gate of Bellevue Hospital and of a transfer room within the grounds. It has since been considered advisable not to construct a transfer room, inasmuch as the new dormitory for men employees will be opened within a few months and one of the buildings to be vacated can be converted into a room for the care of patients waiting to be transferred to other hospitals. It is very necessary, however, to improve the facilities of the admitting office by installing bath rooms in order that the patients may be bathed and their property checked before they are sent to the wards of the hospital. Bids which have been received prove that

the sum of \$4,700 is insufficient for the purposes of installing baths in addition to the gate house, and it is estimated that an additional \$1,500 will be required.

Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

	Per Annum.
1 Assistant Clerk	\$2,000 00

March 7, 1910.

To the Honorable Committee on Salaries and Grades, Board of Aldermen:

Gentlemen—I am the Clerk of the Court of Special Sessions of the Second Division of The City of New York, and appear as representing the said Court in support of our application to establish the positions of Assistant Clerk at the rate of \$2,000 per annum, and of Stenographer and Typewriter at the rate of \$1,200 per annum.

In respect of the position of Assistant Clerk, I would state that we are greatly in need of this position for the following reason: From the year 1898 to the year 1908, a period of ten years, the office force has consisted of 1 Clerk, 1 Deputy Clerk and 1 Assistant Clerk, or a total of three persons. During this period the business of the Court increased over 500 per centum. In the year 1908 we were allowed an additional Assistant Clerk, making a total of four persons constituting the office force for the Borough of Brooklyn. Under section 744 of the Code of Criminal Procedure, we are required to write the minutes of the proceedings of the Court, which are so voluminous that the time of one Clerk is taken up exclusively in this work. We are also required to issue all subpoenas and certificates of judgment and various reports. Under the scheme of the new method of keeping accounts we are required to keep a set of books and this practically necessitates a familiarity with bookkeeping.

Owing to the great increase in the business of the Court we were obliged to detail the Chief Court Attendant to clerical work, and as he has been trained under our supervision and is familiar with the practice and procedure of the Court, we feel we should appoint him to this position if the same is granted us.

In respect of the position of Stenographer and Typewriter, I would state that this position is very much needed, for the following reason: The law requires us to prepare the Court calendars, which consist of typewritten copies of the cases to be adjudicated. We also prepare a typewritten copy of the list of witnesses subpoenaed to Court, which consists of the name of the witness, address, and the nature of the service. Also the correspondence of the Court has to be looked after.

It might be interesting, perhaps, to explain how we were able to get along for a period of ten years without the position of Stenographer and Typewriter. The facts are as follows: In the year 1898, the year of the organization of the Court, the Assistant Clerk who was appointed had a knowledge of typewriting, and this Clerk did all the typewriting up to and including the year 1908, when unfortunately her mind became deranged and it became necessary to have her committed to a sanatorium, where she is at the present time. It therefore became necessary to find some one who could operate a typewriting machine, and I had to do this work myself until we could train a Clerk to do this work. I still continue to operate a typewriter in drawing all the orders of the Court, orders on remittitur and dictation from the Justices, which I take in abbreviation.

Therefore for these reasons we respectfully request that these two positions be granted to us.

Respectfully submitted,

JOS. L. KERRIGAN, Clerk of the Court.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Heffernan moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

The Committee therefore recommends that the said resolution be returned to the Board of Estimate and Apportionment in order that the number of incumbents in each grade may be set forth.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held February 25, 1910:

REPORTS:

That these applicants having furnished the customary letters of reference from competent persons, it recommends that the accompanying substitute resolution be adopted.

No. 446.

The Committee on Salaries and Offices, to which was referred on March 1, 1910 (Minutes, page 686), the annexed resolution, requesting the Board of Estimate and Apportionment to take favorable action on salaries of Attendants at Brooklyn Institute of Arts and Sciences, respectfully

REPORTS:

That having examined the subject, it believes the proposed increase in salary to be necessary in this period of high cost of living, and it, therefore, recommends that the said resolution be adopted.

Whereas, The City of New York has for some years past been beautifying its avenues and public parks with structures of architectural splendor, tending to serve as institutions of learning in arts and sciences; and

Whereas, The Borough of Brooklyn now has in its environments a great institution of this character, namely, the Brooklyn Institute of Arts and Sciences, supported and maintained by this municipality; and

Whereas, It has been brought to our attention that the Doormen, Attendants and men of like employment in said institution are not receiving an adequate wage for the duties necessarily required of them, involving education, diligence, tact, neatness of attire, etc., and other manual labors, and as it is the sense of this Board that such labor should be recompensed by a compensation sufficient at least for their proper maintenance in this period of abnormal costs and expensive living, and as there are but a comparatively few citizens employed in said institution in the capacity outlined, and the expense attaching to such proposed increase in their emoluments will not exceed in the aggregate a yearly additional outlay of three thousand dollars, or thereabouts,

Resolved, That this Board recommend an increase in the salaries of said men from their present allotment of \$55 per month to \$75 per month; further

Resolved, That a copy of this resolution be forwarded to the Board of Estimate and Apportionment, that they may be thoroughly advised of the wishes of this Board in the premises.

Reports of Committee on Laws and Legislation—

Nos. 161 and 354—(G. O. No. 11).

The Committee on Laws and Legislation, to which were referred on February 1, 1910 (Minutes, page 229), the annexed ordinance to regulate the cold storage of perishable foodstuffs, and on March 1, 1910 (Minutes, page 581), the annexed protest from the New York Produce Exchange, respectfully

REPORTS:

That two public hearings were held on February 9 and February 16, 1910, very largely attended by the most influential representatives of the interests which appear to be affected, if not alarmed, by the proposed ordinance. The arguments in opposition were in the direction that cold storage was beneficial, enabling quantities of perishable food to be preserved during plentiful seasons for use when in the natural course they could not be procured; also that the system was actually economical for the ultimate consumer. Both these positions were strenuously denied by those who approve the ordinance, notably by a delegation of housewives.

The object of the ordinance is, as stated by the introducer, Alderman Dowling, to permit the consumer to learn exactly what is placed before him for sale. There is no desire to entail an unnecessary hardship on any business or trade. Special interests must bend to the demands of the public, and this ordinance, if adopted, would tend to afford protection to the public against the gambling in food products, which has been widely intimated, by their retention for a lengthy period in cold storage until an artificial scarcity is created.

A great deal of the opposition is based on the application of the ordinance to single fowls and fishes. It is recommended that it be provided that tags shall be

placed on barrels, boxes or packages which may contain fowls, fish or game, and not on the actual carcasses. Further suggestion has been made that the operation of this ordinance will force the cold storage plants out of the city in order to successfully compete with outside plants which cannot be regulated by a city ordinance. This objection may be met by an amendment to section 2; under such provision cold storage foodstuffs of every character, no matter where they had been stored, would have to be tagged in a manner to afford the information to the purchaser which this ordinance seeks to impart, and unfair competition from sources outside the city limits would be eliminated.

In regard to the constitutional power of the local legislative body to pass an ordinance of this kind, the Committee is informed that the city of Chicago recently adopted an ordinance imposing severe restrictions on the bakers of that city, which has been held operative by the Court of Appeals of Illinois, and a very stringent bill has been introduced in the House of Delegates of Maryland on the lines of this proposed ordinance.

Besides the approval of the ordinance manifested at the public hearings, a large number of messages and letters approving this ordinance have been received by your Committee from different parts of the city, and many inquiries from other municipalities asking for copies of the proposed ordinance, averring that it is a step in the right direction for the public interest.

Your Committee believes that with the alterations appearing in a substitute ordinance, herewith presented, "the greater good of the greater number" will be observed, that the consumers will benefit and the conductors of the cold storage system by adjusting their methods to imperative demands of the public, will discover that they too are benefited.

Your Committee therefore recommends that the accompanying substitute ordinance be adopted and the communications placed on file.

(SUBSTITUTE.)

AN ORDINANCE for the purpose of establishing a system of record in relation to cold storage detention of perishable provisions in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The carcass of any animal, or any part thereof, domestic fowls, fish or game, intended for use as human food, placed in cold storage in The City of New York, shall have securely fastened thereon, or in the case of fowl, fish or game upon the barrel, box or package containing same, a tag bearing the date of reception of such carcass, or part thereof, in plain letters and figures, such tag to be stamped in equally plain letters or figures when each such carcass, part thereof, or in the case of fowl, fish or game the barrel, box or package containing same, is removed from cold storage, giving the date of removal, which tag shall be prominently displayed by the retailer to all prospective purchasers.

Sec. 2. On each box, can or other container of perishable provisions placed in and coming from cold storage there shall be placed a tag or slip bearing dates as provided in section 1 of this ordinance, which shall be displayed by the retailer for the scrutiny of any prospective purchaser.

Sec. 3. Any failure on the part of any proprietor of a cold storage plant or any person engaged in retailing foodstuffs as herein described to comply with the provisions of this ordinance, shall, upon conviction thereof, before any Magistrate either upon the confession of the party or competent testimony, be fined in a sum not less than fifty dollars and not more than two hundred and fifty dollars for each offense, and in default of payment thereof may be committed to the City Prison by such Magistrate until the same be paid.

Sec. 4. This ordinance shall take effect immediately.

Resolution Unanimously Adopted by the Board of Managers of the New York Produce Exchange at a Meeting Held February 15, 1910.

Resolved, That the bill now pending before the Board of Aldermen, known as No. 161 and entitled, "An ordinance for the purpose of establishing a system of record in relation to cold storage detention of perishable provisions in The City of New York," is a menace to the business of the provision dealers of the New York Produce Exchange for the following reasons:

First—The provisions of this bill are absolutely impracticable.

Second—This bill is absolutely unnecessary, ample authority now being vested in the Board of Health to protect consumers of provisions in this city from the sale of goods not in prime condition.

Third—That if the terms of this ordinance were enforced, an unnecessary burden of additional expense would be put on consumers of provisions, incurred in the tagging of goods prescribed in the measure.

Which was laid over.

No. 280—(G. O. No. 12).

The Committee on Laws and Legislation, to which was referred on February 1, 1910 (Minutes, page 495), the annexed ordinance in favor of carrying into effect such provisions of section 50 of the Greater New York Charter relative to the placing of signs, etc., respectfully

REPORTS:

That, having examined the subject, it believes the proposed ordinance to be necessary, and therefore recommends that the said ordinance be adopted.

AN ORDINANCE carrying into effect certain provisions of section 50 of the Greater New York Charter relating particularly to the placing of signs other than electric signs, signposts, awnings, awning-posts, horse-troughs or storm doors, and to the exhibiting of banners, placards or flags.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. No person, firm or corporation shall hereafter erect, place, keep or maintain any sign, other than an electric sign, signpost, awning or marquee, awning-post, horse-trough or storm door, or exhibit any banner, placard or flag in or across any street or thoroughfare, or from houses or other buildings, unless a license therefor shall have been granted as herein more specifically provided.

Sec. 2. All licenses shall be issued by the City Clerk for such terms as are hereinafter named, and shall be in force and effect for the term specified, unless sooner suspended or revoked. The City Clerk shall have power to hear and determine complaints against any of the licenses hereunder and for any violation of the regulations herein provided, subject to the approval of the Mayor, shall have power to suspend

or revoke a license. Any person desiring to exercise any of the privileges regulated by this ordinance shall file in the office of the City Clerk an application endorsed by the Alderman of the district, in which the applicant shall specify the kind of license desired.

Sec. 3. Signs and Signposts.—Signs, showbills and showboards may be placed and maintained on the fronts of buildings, with the consent of the owner thereof, and shall be securely fastened. They shall not project more than one foot from the house wall, except that signs may be hung or attached at right angles to any building and extend not to exceed three feet therefrom in the space between the second floor (the ground floor being considered the first floor), and a point eight feet in the clear above the level of the sidewalk in front of such building. Signs may be attached to the sides of stoops, but not to extend above the railing or beyond the stoop line of any stoop. No sign, showbill or showboard shall be placed, hung or maintained except as in this section prescribed and for each sign, showbill or showboard so placed, hung or maintained a license fee of two dollars (\$2) shall be paid.

Transparencies may be placed on public lamp-posts, not to exceed the number of six, by any church, educational, charitable or beneficial association, upon the payment of a license fee of one dollar (\$1), and such permission shall continue only for a period of thirty days from the date of issue of such license.

Sec. 4. Awnings (or Marquises) and Awning-Posts.—Awnings (or marquises) of tin or other light metal, or of iron and glass may be erected and maintained across the sidewalks of any of the streets of The City of New York, except Broadway, Fifth avenue, Madison avenue and the Bowery, and those parts of Lexington avenue which are distant two hundred feet from any intersecting cross street upon which a surface car is operated, in the Borough of Manhattan, provided any and every such awning shall not be higher than the floor of the second story of the building (the ground floor being considered the first floor), but in no case to be covered with wood, and every awning or water-shed of any kind covering one-half, or less, than the full width of the sidewalk, shall have connected therewith a gutter and leader of material and size sufficient for conducting the water from the same to the outer line of the curbstone. Drop-awnings, without vertical supports may be erected within the stoop-lines, but in no case to extend beyond six feet from the house-line, and to be at least eight feet in the clear above the sidewalk.

Sec. 5. All posts fixed in any street for the purpose of supporting any awning shall be of iron not exceeding six inches in diameter, and the rail crossing the same shall also be of iron; the said posts shall be placed next to and along the inside of the curbstone, and the cross-rail, which is intended to support the awning, shall not be less than eight, nor more than ten feet in height above the sidewalk and the said cross-rail shall be strongly secured to the upright posts. No portion or part of any canvas or cloth, or tin, or other light metal, used as an awning, shall hang loosely or project upward or downward from the same over any sidewalk or footpath. Iron posts for awnings shall be well and securely braced from the building with wrought-iron rails or rods at least one inch in diameter, in the proportion of one brace for every post.

Sec. 6. The President of a Borough shall order and direct any awning, awning-post or bracket, which may be erected contrary to the provisions of this ordinance, to be forthwith removed; and any person who shall neglect or refuse to comply with such direction and order shall forfeit and pay for every such offense the sum of ten dollars.

Sec. 7. No awning shall be erected or maintained except as prescribed in sections 4 and 5 and for each awning so erected a license fee of five dollars (\$5) shall be paid.

Sec. 8. Horse-troughs.—Horse-troughs may be placed and maintained on sidewalks, adjacent to the curb, provided they be of a size and pattern approved by the President of the Borough in which they are to be located, and shall in no way prove an impediment to pedestrians. For each horse-trough located in The City of New York the licensee therefor shall stipulate with the Commissioner of Water Supply, Gas and Electricity to pay as compensation such an amount as shall be deemed an equivalent or as may be provided by the scale of water rents for the water supplied.

Sec. 9. No horse-trough shall be placed except as prescribed in section 8, and for each horse-trough so placed or maintained a license fee of five dollars (\$5) shall be paid.

Sec. 10. Storm Doors.—Storm doors, not exceeding ten feet in height, nor more than two feet wider than the doorway or entrance of any building, may be erected or maintained within the stoop-lines, but in no case to extend more than six feet outside the house-line. No structure under the name of "storm door" shall be lawful which shall practically be an extension of the building front or house front within the stoop-line, or an enlargement of the ground floor of any premises.

Sec. 11. No storm door shall be erected or maintained except as prescribed in section 10, and for each storm door so erected or maintained a license fee of five dollars (\$5) shall be paid.

Sec. 12. Banners, Placards and Flags.—No banner, placard or flag shall be hung or suspended from houses or poles, or attached thereto in or across any street (except that it shall be lawful to display the national or state colors or emblems at any or all times), unless it be by and with the consent of the owner or owners of the property from which any banners, placard or flag shall be hung or suspended.

Sec. 13. For every banner, placard or flag hung or suspended as allowed under section 12, a license fee of one dollar shall be paid, and such permission shall continue only for a period of thirty days from the date of issue of such license.

Sec. 14. Any person, firm or corporation engaging in or attempting the exercise of any of the provisions of this ordinance without having procured a license therefor, shall, upon conviction thereof, by any Magistrate, either upon confession of the party or competent testimony, be fined in a sum not less than two dollars (\$2) nor more than ten dollars (\$10), for each offense and in default of the payment of such fine may be committed to the City Prison by such Magistrate until the same be paid; but such imprisonment shall not exceed a

Report of Committee on Rules—

No. 431.

The Committee on Rules, to which was referred on March 1, 1910 (Minutes, page 683), the annexed resolution in favor of appointing a special committee of five, Brooklyn members, to suggest means to remedy the confusion and inconvenience existing by reason of many streets in various locations, Borough of Brooklyn, having identical names, respectfully

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Dowling moved that the vote by which Introductory No. 79 was lost on March 1, 1910, be reconsidered.

Which motion was adopted.

Alderman Dowling then moved the adoption of the resolution, which is as follows:

No. 79.

The Committee on Public Lighting, to which was referred on January 18, 1910 (Minutes, page 152), the annexed communication and resolution from the Commissioner of Water Supply, Gas and Electricity asking for permission to expend \$57,000 for repairs of engines, boilers, wells and appurtenances without public letting, respectfully

REPORTS:

That the details of this request are fully set forth in the communication and resolution. Commissioner Thompson appeared before the Committee and stated that the repairs had run to about these figures for the past four or five years. The Committee believes that it is impossible to contract for emergency work of this nature, and therefore, recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered to issue open orders for the repair of engines, pumps, boilers, wells, appurtenances, etc., to an amount not exceeding fifty-seven thousand dollars (\$57,000), as follows:

For the Boroughs of Manhattan and The Bronx, \$23,000; for the Borough of Brooklyn, \$26,000; for the Borough of Queens, \$3,000; for the Borough of Richmond, \$5,000.

FRANCIS P. BENT, JAMES J. SMITH, EDWARD BRADY, MAX S. LEVINE, THOMAS F. BARTON, ALEXANDER S. DRESCHER, Committee on Public Lighting.

Department of Water Supply, Gas and Electricity,

Nos. 13 to 21 Park Row,

New York, January 13, 1910.

Hon. JOHN PURROY MITCHELL, President, Board of Aldermen.

Dear Sir—I find it necessary to obtain permission from the Board of Aldermen to expend a certain sum of money without the formality of advertising for competitive bids. The money will be expended for the repair of engines, boilers, wells and appurtenances. It has been the custom, I understand, for the Department to obtain this authorization each year.

For the class of work above specified it is not practicable to prepare contracts or specifications. It is impossible to tell in advance what parts of the machinery will break and the extent of the damage cannot be determined until the engine, in most cases, has been taken apart. The operation of the plants is continuous and prompt repairs are absolutely necessary in order that there may be as little interruption or interference in the service of water as is possible. The total collapse of the engine or boiler would, as you understand, seriously affect the districts which depend for their service of water upon the pumping stations and, in addition to the loss of water to the consumers, the fire hydrants within these sections would be put out of commission. It is respectfully requested, therefore, that this communication be presented to the Honorable Board of Aldermen at its next meeting, and that you also submit for their consideration the resolution attached, which provides for the expenditure of \$57,000.

Yours truly,

HENRY S. THOMPSON, Commissioner.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Alderman Dowling moved that the vote by which Introductory No. 302 was lost on March 1, 1910, be reconsidered.

Which motion was adopted.

Alderman Dowling then moved the adoption of the resolution, which is as follows:

No. 302.

The Committee on Finance, to which was referred on February 15, 1910 (Minutes, page 516), the annexed resolution in favor of an issue of \$3,000 special revenue bonds for 1909 deficit in office of District Attorney of Queens County, respectfully

REPORTS:

That District Attorney De Witt appeared before the Committee and presented the accompanying list of bills due. He stated that although the contingent account of this office had average \$12,000 per annum for the past five years, the Board of Estimate and Apportionment had not increased the allowance over \$7,000, and consequently made for a deficit had to be found at the end of each fiscal year. The Committee recognizes the fact that the population of this Borough is rapidly increasing, and with it the work of this office has grown; the bills as presented, however, being within \$2,500 the Committee recommends that the accompanying resolution for that amount be adopted.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred dollars (\$2,500), the proceeds whereof to be used

by the District Attorney of Queens County for the purpose of meeting deficit in contingent account.

(ORIGINAL.)

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of three thousand dollars (\$3,000), the proceeds to be used for the purpose of paying deficiencies in the account for Contingencies for the office of the District Attorney of Queens County for the year 1909.

District Attorney DeWitt appeared before the Board and stated that in October, 1909, when this Budget allowance had been exhausted, he had applied to the Comptroller for more funds, and had been advised by that official to wait for such relief until the end of the year. He also stated that under a court decision, a District Attorney in this State had the right to go ahead with necessary work regardless of the state of his office finances.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

The President laid before the Board the following communication from the Corporation Counsel:

No. 478 (G. O. No. 8).

City of New York,
Law Department, Office of the Corporation Counsel,
New York, March 8, 1910.

Hon. JOHN PURROY MITCHELL, President of the Board of Aldermen:

Sir—I am in receipt of your communication, dated February 28, 1910, the material part of which is as follows:

"I have been requested by several members of the Board of Aldermen to ask your opinion upon the following matter:

"On February 14, 1910, Hon. Frank L. Dowling, Chairman of the Finance Committee of the Board of Aldermen, addressed to you an inquiry concerning the requested issue of special revenue bonds to pay the salaries of Police Lieutenants and Detective Sergeants at the newly established rate of \$2,250 per annum. Mr. Dowling's letter, together with the reply of the Acting Corporation Counsel, appear on pages 528 to 531 of the printed minutes of the Board of Aldermen, a copy of which I enclose herewith.

"Mr. Dowling asked the following specific question: 'Will you kindly advise this Committee, at your earliest convenience, if, in your opinion, these men should receive pay at this increased rate, and, further, if the issuance of special revenue bonds is the proper step to be taken in this connection?'

"The question which I have been asked to put to you, and which does not appear to have been either asked or answered in the correspondence which has already taken place, is as follows:

"Is it obligatory upon the Board of Aldermen to issue revenue bonds to pay the salaries of the Lieutenants and the Detective Sergeants at the rate of \$2,250, or may they, in their discretion, if they see fit so to do, refuse to issue these bonds?

"The facts, as far as I have been able to learn them by inquiry made of the Police Department officials, are as follows:

"The Board of Estimate and Apportionment established a new grade for Police Lieutenant at \$2,250 on November 30, 1909. This action was concurred in by the Board of Aldermen, the grade being established as requested on or about December 8, 1909.

"The Corporation Counsel, on or about December 16, 1909, advised the Police Commissioner that, under this resolution of the Board of Aldermen, the Detectives of the first grade are entitled to be paid at the rate of \$2,250, equally with the Lieutenants.

"On or about December 8, 1909, the Police Commissioner appointed to the new grade 618 Lieutenants and 148 Detectives, who have since that date been receiving pay at the rate of \$2,250 per annum. The increase of these men involved an increased expenditure to the Police Department which has been estimated by the Police Commissioner to be \$194,500. No funds have as yet been appropriated to the Police Department to meet this increased cost, but the Police Commissioner has requested the Board of Aldermen to issue revenue bonds to that amount, and the question is now before the Board of Aldermen upon a favorable report from the Finance Committee.

"From the time of the increase of these men to the new grade up to the present they have been paid out of the general appropriation of the Police Department, with the result that a deficit will occur at the end of the year if the issue of revenue bonds be not now made to defray the increased cost involved.

"The questions raised are:

"First—Had the Police Commissioner authority in law to increase these Lieutenants and Sergeants prior to the appropriation of funds by the Board of Aldermen and the Board of Estimate and Apportionment sufficient to carry the increase in the payroll involved?

"Second—Even if the Commissioner had authority so to do, may the Board of Aldermen now, if it see fit, refuse consent to the issue of bonds, thereby, in effect, denying the Police Commissioner to continue in this grade the men already advanced to it?

"Third—In any event, should a bond issue to cover the increase in salaries of these Lieutenants and Sergeants be authorized by the Board of Aldermen and the Board of Estimate and Apportionment, or should such a bond issue be made directly by the Comptroller under subdivision 7 of section 188 of the Greater New York Charter?

"Your prompt reply is requested in order that it may be laid before the Board of Aldermen at its meeting to-morrow (Tuesday), March 1."

Under date of December 16, 1909, the Police Commissioner addressed a communication to this Department calling attention to a resolution adopted by the Board of Aldermen on November 30, 1909, and approved by the Mayor December 8, 1909, as follows:

"Whereas, The Board of Estimate and Apportionment, at a meeting held November 19, 1909, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Lieutenant in the Police Department, in addition to those already existing therein, with salary at the rate of twenty-two hundred and fifty dollars (\$2,250) per annum.

"Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein."

This resolution is copied from the copy of the resolution transmitted by the Police Commissioner and appears in the printed minutes of a stated meeting of the Board of Aldermen February 15, 1910, at page 530.

The Police Commissioner referred to chapter 100 of the Laws of 1907, amending, among other sections, sections 290 and 299 of the Charter, and he asked to be advised whether the resolution above set forth increased the salary of the detective of the first grade from \$2,000 to \$2,250 per annum, the grade fixed by the Aldermen for the position of Lieutenant in the Police Department. The Commissioner stated that he intended to prepare the payrolls of the Lieutenants at the rate of \$2,250 per annum from December 8, 1909, and this office advised the Commissioner that it was the intention of the Legislature that members of the force detailed to the Detective Bureau as detectives of the first grade, while performing duty in the said Bureau and being designated as detectives of the first grade, should be paid the salary paid to Lieutenants of Police. (The opinion from this Department will be found in the printed minutes, pages 530, 531.)

Under date of February 8, 1910, Hon. Frank L. Dowling, Chairman of the Committee on Finance, Board of Aldermen, addressed a communication to this Department enclosing extract from the minutes of the Board of Aldermen, meeting of February 1, 1910, showing a request from the Police Commissioner for \$194,500 special revenue bonds to pay increases in salaries of Lieutenants and first grade Detectives, in accordance with resolution fixing grade at \$2,250. The opinion from the Police Commissioner is that the Board of Aldermen authorized the issue of special revenue bonds in the sum of \$194,500, to pay the increase in salary of 618 Lieutenants in the Police Department from \$2,000 to \$2,250 per annum for the year 1910, amounting to \$157,000, and to pay the increase in salary of 150 first grade Detectives in the Police Department from \$2,000 to \$2,250 for the year 1910, amounting to \$37,500. Mr. Dowling stated that these men had been paid at the new rate from the month of December, 1909, and all of the month of January, 1910, out of the regular appropriations of the Police Department, but the Comptroller of the City had notified the Commissioner that he could not use his certificate for this purpose, on account of the resolution of the Board of Estimate and Apportionment, even if, as the fact is, these salaries came within one of them.

This Department was asked to advise the Committee on Finance whether these men should receive pay at this increased rate, and further, if the issuance of special revenue bonds was the proper step to be taken in this connection.

In reply to these inquiries this office advised the Chairman of the Finance Committee that Detectives of the first grade were entitled to receive pay at the increased rate (the Lieutenants being paid such increased rate), and that the issuance of special revenue bonds was the proper step to be taken to provide means for paying the salary of these men, if there was no appropriation to the uses and purposes of the Police Department for the year 1910 to cover such increases. (This communication will be found in the printed minutes, pages 528-530.)

From the printed minutes above referred to, it appears that on February 1, 1910, the Committee on Finance, to which was referred on February 1, 1910, the request from the Police Commissioner, made its report and recommended the adoption of a resolution to the effect that under the provisions of subdivision 8 of section 188 of the Charter, the Board of Estimate and Apportionment be requested to authorize the Comptroller to issue special revenue bonds to the amount of \$194,500 (see page 527 of the minutes), and that under Rule 21, consideration of this report be deferred, and subsequently it was laid over until the next meeting (page 531).

As you state in your communication the questions now submitted have not hitherto been presented to this Department.

In the year 1907 several acts were passed amending sections of the Charter relating to the Police Department. By chapter 499 of the Laws of 1907, section 290 of the Charter was amended by, among other things, fixing the salary of the Police Commissioner at the rate of \$7,500 a year and the salary of each of the Deputy Commissioners at the rate of \$4,000 a year. This section reads as follows:

"* * * The board of estimate and apportionment may, from time to time, in its discretion, increase the salaries of the police commissioner, the first deputy commissioner, the second deputy commissioner, the third deputy commissioner and the fourth deputy commissioner, or the salary of either of them. The comptroller of the city of New York is hereby authorized and directed to issue special revenue bonds, under the provisions of section one hundred and eighty-eight of chapter four hundred and sixty-six of the laws of nineteen hundred and one, in an amount sufficient to provide for the payment of the salary of the fourth deputy commissioner, during the current fiscal year, and to provide for the payment of the increases, if any, which may be made in the salaries of the police commissioner, first deputy commissioner, second deputy commissioner, the third deputy commissioner and the fourth deputy commissioner during the current fiscal year."

By chapter 100 of the Laws of 1907, sections 290 and 299, respectively, were amended so as to read, in part, as follows:

"Sec. 290. * * * The police commissioner shall organize and maintain a bureau for detective purposes, to be known as the detective bureau. The police commissioner shall, from time to time, detail to service in said bureau as many members of the force as he may deem necessary to make the bureau efficient, and may at any time revoke any such detail. Of the members of the police force so detailed the police commissioner may designate, not exceeding one hundred and fifty in number, detectives of the first grade, who, while performing duty in said bureau and while so designated as detectives of the first grade, shall be paid the same salary as Lieutenants of police, under this chapter, but the police commissioner may at his pleasure revoke any such designation. * * *

"Sec. 299. The annual salaries and compensation of the officers and members of the police force shall be as follows, to wit: * * * of each captain of police who was heretofore a deputy chief of police, as provided in section 276 of this act, one thousand dollars; of each captain of police who held the rank or grade of first grade of police with an annual salary of three thousand five hundred dollars before this act took effect, three thousand five hundred dollars; of every other captain of police, two thousand seven hundred and fifty dollars; of each police surgeon, three thousand five hundred dollars, and each police surgeon shall have the same rank as a captain of police detailed to act as inspector; of each lieutenant of police, two thousand four hundred dollars; of each sergeant, one thousand dollars; of each sergeant, one thousand dollars; and the grade and pay or compensation of patrolmen or plainclothesmen shall be as follows, to wit: * * *

This section then provides for different grades and pay of the Patrolmen and Policemen of the Police Force. Section 56 of the Charter, as amended by chapter 43 of the Laws of 1902 reads in part, as follows:

"Sec. 56. * * * Except as in this section otherwise provided it shall be the duty of the board of aldermen, upon the recommendation of the board of estimate and apportionment to fix the salary of every officer or person whose compensation is paid out of the city treasury other than day laborers and teachers, examiners and members of the supervising staff of the department of education, irrespective of the amount fixed by this act, except that no change shall be made in the salary of an elected officer or head of a department during his tenure of office."

Section 188 of the Charter, as amended by chapter 24 of the Laws of 1905, provides in part as follows:

"Sec. 188. The comptroller is authorized to issue special revenue bonds to provide the means necessary to make payments for the following purposes:

"7. To provide for the payment of claims, charges, expenses and appropriations which have been or may be lawfully payable by the city of New York, as hereby constituted, and the several counties wholly included within its limits, and for which no other provision for payment has been made. Separate accounts shall be kept of the bonds issued and payments made on account of county charges and expenses, and the comptroller shall similarly certify the amounts thereof to be raised by tax in the respective counties and to be included in the general fund for the reduction of taxes as provided by subdivision three of this section in the case of judgments."

"8. To provide for the payment of expenses authorized by the concurrent vote of all the members of the board of estimate and apportionment upon a resolution recommending such authorization, adopted by the affirmative vote of three-fourths of all the members of the board of aldermen; provided, however, that the amount thus issued shall not in any one year exceed two million dollars. * * *

The courts construing the provisions of section 56 of the Charter have held that it is not necessary to fix the salary of each individual in the service of the City by name, but that the Board of Aldermen, upon the recommendation of the Board of Estimate and Apportionment may fix the salary or compensation of an office or position (People ex rel. Stokes vs. Tully, 108 App. Div., 345).

It has, therefore, been the practice for these Boards to fix the compensation of positions and the head of Department has appointed or promoted persons and assigned them to such positions pursuant, of course, to the provisions of the rules and regulations of the Municipal Civil Service Commission, and with due regard to the grade made by such Commission.

The Municipal Civil Service Commission of The City of New York has classified in the competitive class at Part VII. the police service grade (1) Patrolman (of the first grade as defined by section 299 of the City Charter). Grade (2) Sergeant; grade (3) Lieutenant; grade (4) Captain.

Strictly speaking, it seems to me that neither the Board of Aldermen nor the Board of Estimate and Apportionment fix grades in the City service; they fix the salary or compensation of offices or positions. In regard to the service generally and the employment of officers and employees, it is quite clear that the Board of Aldermen and the Board of Estimate may fix different salaries or compensation to different positions of the same nature, as for example, Clerks. In such a case where there are different salaries or compensations attached to the different positions of Clerk, upon the approval of a resolution fixing such rates, the incumbents of positions of Clerk do not ipso facto become entitled to the increase or any particular rate, and it requires further action by the head of the Department assigning persons in such a class to the particular position in order to entitle such persons to the pay attached to such position.

As an example, reference may be made to the case of Pilots in the Department of Charities. The position of Pilot was classified by the Municipal Civil Service Commission as an ungraded position. Pursuant to the provisions of section 56 of the Charter, additional grades of the position of Pilot in the Department of Public Charities were established at the rate of \$1,400 and \$1,520 per annum respectively. In actions brought on behalf of two Pilots who were being paid at less rates than the additional rates, the demurrer to the complaint in each action was sustained because there was no allegation in the complaint that the plaintiff had been appointed or promoted by the proper officer of the Department to either of the additional grades, and that a Pilot in such Department does not become entitled ipso facto to the payment provided for the two additional grades, and that the head of the Department must designate the grade to be occupied by the employee before the salary of the position can be demanded. (Johnston vs. City; McAvoy vs. City, New York Law Journal, February 13, 1909; Mr. Justice O'Gorman.)

In respect to the Police Department of the City, I think the situation is somewhat different. By the Charter, ranks and grades of the officers and members of the Police Force are established, and the salaries of the officers and members of the Police Force were established by the Charter and by the amendments of 1907.

These amendments, however, I think are but continuations of the Charter, and therefore, the provisions of section 56 are still in force, in so far as the Board of Aldermen upon the recommendation of the Board of Estimate and Apportionment may change the salaries of officers and members of the Police Force, except in respect to the Commissioner, and the four Deputy Commissioners. I think this conclusion is emphasized by the provisions of section 270 of the Charter, as amended by chapter 469 of the Laws of 1907, wherein the power is given to the Board of Estimate alone in its discretion, from time to time, to increase the salaries of the Police Commissioner and his Deputies.

The resolution fixing the salary of Lieutenant of Police at the rate of \$2,250 a year recommends "the establishment of the grade of position of Lieutenant in the Police Department, in addition to those already existing therein, with salary at the rate of two thousand two hundred and fifty dollars (\$2,250) per annum." It would seem that the effect of this resolution would be to establish the grade or rate of pay of Lieutenant of Police at the sum of \$2,250 a year.

It is true that an additional grade is recommended, but it must also be noticed that this additional grade is recommended in addition to those already existing in the Police Department. So far as I am aware, there was but one grade then existing for Lieutenant of Police, and that was the grade of \$2,000 fixed by the Charter at section 259, as amended by chapter 160 of the Laws of 1907. This resolution took its form doubtless from the fact that in most cases of employees of the City where it is intended to create different or additional positions, such fact is recited in a resolution to avoid the result which occurred in the Stokes case above cited, where the Board intended to fix an additional compensation, but used the expression and fixed "the salaries of the positions of Examiner of Dependent Children and Examiner of Charitable Institutions in the Department of Public Charities, at the rate of \$1,200 per annum each," or words to that effect, and the Court held that this fixed the salary of all persons at that one amount.

The Police Department is organized in a sense as a military organization. I think the spirit of the Charter is that there shall not be different rates of pay for Lieutenants of Police, and, therefore, every person holding that rank or position is entitled to the salary attached thereto by statute.

If this interpretation of the law is correct, it would follow that the pay of the Lieutenants of Police became fixed at the rate of \$2,250 a year on December 8, 1909, when the Mayor approved the resolution of the Board of Aldermen, and it would also follow that Detectives of the first grade would also thereupon become entitled to pay at the rate of \$2,250 a year, and it would be incumbent upon the City to pay the salaries of Lieutenants of Police and Detectives of the first grade at said increased rates. The Police Commissioner, as I understand it, has not made any order increasing the pay of the Lieutenants of Police and the Detectives of the first grade; he has simply ordered that the names of such persons be placed upon the payroll at the increased rate.

While, as already indicated, I think that the above construction of the law is correct, I do not think that it is entirely free from doubt.

The fundamental question is whether the act of the two boards fixing the salaries at \$2,250 legally established these salaries at that rate. If it did, then the salaries became legal obligations upon The City of New York, and it is incumbent upon the City authorities in some way to provide the money with which to pay them. The action of the two boards I think was equivalent to declaring under section 56 of the Charter that the salaries of Lieutenants of Police and of those entitled to the same salaries as Lieutenants of Police were thereby fixed at \$2,250 a year. If that is the case, the City could not escape payment by refusing to make the proper appropriation.

It has often happened that where the Board of Estimate and Apportionment failed to include in the Budget an appropriation for the payment of a legal charge, that the courts have, by mandamus, required that Board so to do, and it has also happened in a number of cases where a legal charge existed against the City, yet no funds had been appropriated with which it could be paid, that the courts have ordered the Comptroller or proper City officers to issue bonds for the purpose of obtaining the money.

In the present case, if the resolutions fixing these salaries had been adopted while the process of making up the Budget for 1910 was going on, I think that a mandamus would have issued to compel the inclusion by the Board of Estimate and Apportionment of money sufficient to pay these salaries.

The resolutions fixing them, however, were not as a matter of fact passed until after the Budget for 1910 had been completed and adopted by the proper authorities. There is, therefore, now no way in which the money can be obtained with which to pay these salaries, except by the issue of special revenue bonds for the purpose under subdivision 7 of section 188 of the Charter. The effect of that subdivision is that it is the duty of the Comptroller to issue special revenue bonds for the purpose of obtaining money with which to pay lawful charges for which no other provision for payment has been made.

It is thus to be observed that the Board of Aldermen have nothing to do with the issuance of special revenue bonds under this subdivision, but the Comptroller alone is authorized to issue them in proper cases. It follows, therefore, whether I am correct or not in the conclusion reached above as to the legality of the increase of pay, that the Board of Aldermen should take no action as to issuing special revenue bonds under subdivision 7 of section 188 of the Charter. This, I think, is quite clear.

I should perhaps consider in this connection the issuing of special revenue bonds under subdivision 8 of section 188 of the Charter. This is a separate and distinct authority. The section, so far as it relates to the point I am now considering, is as follows:

"The comptroller is authorized to issue special revenue bonds to provide the means necessary to make payments for the following purposes: * * *

"8. To provide for the payment of expenses authorized by the concurrent vote of all the members of the Board of Estimate and Apportionment upon a resolution requesting such authorization, adopted by the affirmative vote of three-fourths of all the members of the Board of Aldermen; provided, however, that the amount thus issued shall not in any one year exceed two million dollars."

This clause is often spoken of as the omnibus clause in relation to the issue of special revenue bonds.

I presume it would be legal to treat the present cases as coming within this subdivision, although hardly within its general object and intent; but it would be necessary to adopt a different form of procedure from that proposed and to start de novo from the situation as it existed immediately after the adoption of the resolutions fixing the salaries. The procedure would be as follows:

A resolution should be adopted by the Board of Aldermen by a vote of three-fourths of all its members, requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds for the purpose and in the amount necessary for paying the expense of complying with the resolutions fixing the salaries. If such a resolution were authorized by the concurrent vote of all the members of the Board of Estimate and Apportionment, I have no doubt that special revenue bonds issued under such authority for the purpose mentioned would be valid, and there could be no question as to the legality of the increase of salaries.

I have already in effect answered your questions and have endeavored to show the reasoning through which I arrive at those answers. I will answer them specifically, however, as follows:

First—I answer your first question as follows:

I do not think it can be fairly said that the Police Commissioner did make the increases prior to the appropriation of funds. He merely prepared a payroll on which the salaries were placed at the increased rate, pursuant to the action of the two Boards, and did not attempt to exercise any choice, selection or power of his own, but merely complied with the obvious intent of the two Boards. This, I think, was legal, although, as I have stated above, I do not think the answer is entirely free from doubt.

Second—I answer your second question in the negative. I do not think that any action that the Board of Aldermen may take or refuse to take as to the issue of special revenue bonds under subdivision 7 would have any effect upon what has already been done in regard to these salaries. The law does not give them any authority to pass upon the question of the issue of special revenue bonds in the case under consideration under subdivision 7. The Comptroller alone issues them.

Third—I answer your third question as follows:

The issue of special revenue bonds should not be authorized either by the Board of Aldermen or the Board of Estimate and Apportionment. If issued, they should be under authority of subdivision 7 of section 188 of the Charter, and by authority of the Comptroller alone.

I may also call your attention to the method suggested above of proceeding under subdivision 8 of section 188 of the Charter. That, as stated above, is an entirely different procedure, but could be resorted to as indicated.

Very respectfully,

G. L. STERLING, Acting Corporation Counsel

The stock to be so redeemed shall be provided accordingly.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a trust company or a State bank incorporated and doing business under the laws of the State of New York, or upon a National bank, two per centum of the par value of the stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted of the amounts due for the stock awarded to them respectively, including accrued interest from the date of sale, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that in making proposals for bonds or stock, "every bidder may be required to accept a portion of the whole amount thereof bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the stock offered for sale.

7. Stock issued in coupon form can be converted into registered stock, and stock issued in registered form can be converted into coupon stock in denominations of \$1,000.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held January 21, 1910, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Bronx Traction Company respectively shows:

First—That your petitioner is a street surface railway corporation, and by the articles of consolidation filed in the office of the Secretary of the State of New York on May 12, 1904, became the owner of the franchises or rights theretofore granted to the Suburban Traction Company; the Van Nest, West Farms and Westchester Traction Company; the Wakefield and Westchester Traction Company; the West Farms and Westchester Traction Company; and the Williamsbridge and Westchester Traction Company.

That by resolutions adopted by the Town Board of the Town of Westchester on June 7, 1892, consents of the local authorities were granted to construct railroads on various highways in said town, among them grants to the Williamsbridge and Westchester Traction Company and the West Farms and Westchester Traction Company, which authorized construction on Bronxville avenue, Bear Swamp road, Unionport road and Old White Plains road, northward from what is now known as Morris Park avenue to Williamsbridge.

That a new street or avenue known as the New White Plains road has been constructed by The City of New York, which new street or avenue embraces within its lines some portions of the Old White Plains road, Unionport road and Bear Swamp road.

Your petitioner operates a double-track railroad by overhead electrical trolley system, upon some portions of said old streets and highways now included within the New White Plains road lines, and upon the portions of said New White Plains road.

That to fix its franchise or right upon said New White Plains road it hereby applies for a franchise or right to construct a double-track extension or branch from its existing railroad on Morris Park avenue, at the junction of New White Plains road, northward along the New White Plains road, with double tracks, to East Gun Hill road, now or formerly the junction of Bridges avenue, all in the Borough of the Bronx, City of New York.

Second—That the petitioner owns and operates a double-track railroad which terminates at Westchester square, at the junction of Westchester avenue (formerly Westchester turnpike) and Main street, in the former Village of Westchester, and has a single track running from said junction upon and along Main street and Fort Schuyler road to the Eastern boulevard. The latter track has been operated for more than five years last past.

Your petitioner proposes to extend its road and construct a branch or extension thereof, and operate the same by the overhead electrical system, commencing at Westchester square, at the junction of Westchester avenue (formerly Westchester turnpike) and Main street, in the former Village of Westchester, running thence with a single track upon and along Main street to and across the bridge over Westchester Creek; thence upon and along Fort Schuyler road, also known as Throggs Neck road, to the Eastern boulevard; running thence northward with double tracks upon and along Eastern boulevard across the Pelham Bridge over Eastchester Bay, formerly known as Hutchinsons River; thence upon and along the Pelham Bridge or Shure road to northward line of The City of New York.

Third—That the said Town of Westchester is now within the Borough of The Bronx, The City of New York, and both the said extensions or branches are to be constructed in said Borough. That such construction and operation thereon will enable the applicant to operate a double-track road on each of said highways, and add to the convenience of public travel in The City of New York.

Wherefore, your petitioner prays that public notice of the application for such two grants of franchises or rights from The City of New York, and of the time and place when and where the same will be first considered, be given, as required by law, and that grants be made for such construction and operation, in accordance with the provisions of the Greater New York Charter and the Railroad Law.

Dated New York, January 7, 1910.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held January 21, 1910, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Union Railway Company of New York City respectfully shows:

First—That it is a consolidated street surface railroad company formed by the filing of articles in the office of the Secretary of State on July 3, 1894, and has for many years operated a double-track surface railroad in the Boroughs of Manhattan and The Bronx, in New York City, by the overhead electrical trolley system.

Second—That one of the petitioner's double-track roads is constructed upon Third avenue, from Harlem River to Pelham avenue, and thence along Pelham avenue to the Southern boulevard at the westerly side of Bronx Park, and forms a line for public travel between the Harlem River terminus and Bronx Park, in said City.

Third—Your petitioner, for the convenience of public travel, proposes to extend its railroad by the construction of a double-track extension or branch thereof from its present terminus at the intersection of Southern boulevard and Pelham avenue; thence easterly upon and along Pelham avenue (the Fordham and Pelham avenues) to the easterly boundary line of Bronx Park, and thence on the Bronx and Pelham parkway to the westerly side of Pelham Bay Park, and thence on Pelham avenue (the Fordham and Pelham avenues) to the Eastern boulevard, in the Borough of The Bronx, City of New York, and operate the extension or branch by the overhead electrical trolley system. That a grant to construct a railroad on Pelham road, which is now included within the lines of Bronx and Pelham parkway, was made by amended chapter 361, Laws of 1863, to the predecessor of your petitioner, but the latter is now advised that the grant was and now is invalid.

Wherefore, your petitioner prays that public notice of the application for the grant of a franchise or right from The City, and the time and place when and where the same will be first considered, be given, as required by law, and that a grant be made for such construction and operation, in accordance with the provisions of the Greater New York Charter and the Railroad Law.
