PERMANENT CENSUS BOARD.

REPORT FOR THIRD QUARTER OF 1913.
December 31, 1913.

Hon. ARDOLPH L. KLINE, Mayor, The City of New York:

Sir—I beg to submit herewith a report of the work of the Permanent Census
Board for the months of July, August and September, 1913, being the third quarter
for that year. The work of enumeration was carried on in the Boroughs of Man-
hattan, Brooklyn, The Bronx and Queens, but principally in the first two boroughs.
The following tables show in detail the exact amount of work done:

Numer of Enumerators Employed—July, 31; August, 33; September, 43. An aver-
age of 35 2-3 for the period covered.

Number of Blocks Covered—Manhattan, 199; The Bronx, 492; Brooklyn, 2,388;
Queens, 768; total 3,847.

Number of Children Enumerated—Manhattan, 147,796; The Bronx, 5,296;
Brooklyn, 68,230; Queens, 5,245; total, 22,567.

Number of days of service rendered, 2,003; number of days of actual enumeration,
1,896; number of days on call back cases (not included in days of enumeration), 33 1/2;
general daily average per enumerator, 114 1/2.

Physically and mentally defective children were discovered in the following
numbers and referred to the several offices having jurisdiction over them:

Department of Education—Physically ill, 41; illegally detained, 82; immigrants, 48;
truant, 8; illegally employed, boys, 256; illegally employed, girls, 303; graduated, no
employment certificates, 17; not attending evening school, 45; instructed at home, 37;
mentally deficient, 56; deaf, 3; blind and defective vision, 23; crippled, 37.

Department of Health—Tubercular, children, 13; tubercular, adults, 1; infantile
paralysis, 13; no permit to board children, 1.

Cases of poverty and neglect were also referred to the children's societies and
various charitable organizations, involving 47 children and 11 families.

The raising of the scholastic requirements for employment certificates to include
the completion of the sixth year increased the demand for census age certificates.
Seven hundred and thirty-six applications were received for these certificates, of which
579 were issued and 157 were not issued because the census records could not be
located.

Twenty-eight bonded immigrant cases were also investigated directly through this
office, all of whom were located and reported as attending school. During the summer
period the names of 4,675 immigrant children were reported to this office by the
Commissioner of Immigration and investigated by the Police Department under the
supervision of Lieutenant Thomas J. Gleason. Two thousand nine hundred and ten
of these cases were located and reported on; the remaining 1,765 were not found.
Inability to locate is partially due to the fact that the names of the children are not
forwarded to this office for some time after their arrival.

By the action of the Board of Estimate and Apportionment, an appropriation of
\$14,000 for the payment of salaries of ten Police Enumerators was made available
for the employment of 14 civilian Enumerators. Five of these positions were at
higher salaries than those theretofore paid, making it possible to promote five especially
efficient Enumerators and leaving 14 vacancies—eight of these had been filled by the
end of September. Respectfully, GEORGE H. CHATFIELD, Secretary.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'Clock A. M. on Wednesday, December 30, 1913.

Present at Roll Call—O. Grant Esterbrook, Acting President, Board of Aldermen; Douglas Mathewson, Deputy and Acting Comptroller; Robert R. Moore, Chamberlain, and Henry H. Curran, Chairman, Finance Committee, Board of Aldermen. His Honor, the Mayor, arrived later—See note.

The minutes of the meeting held December 17, 1913, were approved as printed.

The following communication was received from the Commissioner of Docks, recommending a lease to the Catskill and New York Steamboat Company, of the southerly side of Barrow street, Pier new No. 43, North River:

December 6, 1913.

Hon. ARDOLPH L. KLINE, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Dear Sir—I beg to recommend that a resolution be adopted by the Commissioners of the Sinking Fund approving of and consenting to the execution by the Commissioner of Docks of a lease to the Catskill and New York Steamboat Company of the southerly side of Barrow street Pier, new No. 43, North River, commencing at a point distant 222 feet westerly from the bulkhead line and running thence westerly a distance of 446 feet, at a rental of \$7,333.33 per annum.

The lease shall be for a period commencing on the first day of the month next succeeding the date upon which the lease shall be approved by the Commissioners of the Sinking Fund and shall terminate December 31, 1921.

The lessee shall have the right to use said premises and to collect wharfage from all vessels berthing thereat during the time that navigation is possible between New York and Catskill, that is to say, the time that said Company operates their steamboat line for freight and passengers between those points, and during the balance of the year the premises shall be in the possession of The City of New York, under the control of the Commissioner of Docks, and used for general wharfage purposes at the legal rates of wharfage, which shall be collected by the Dockmasters of this Department and retained by the City.

The Company shall make all repairs to the premises leased and the structures thereon, on the surface of the pier, but shall not be liable for repairs to the recreation structure nor any part thereof except when such repairs are made necessary through the negligence of said Company, its agents or employees. The Company shall at all times do such dredging during the term of said lease as may be considered by the Commissioner of Docks necessary and proper to be done in the basins, or slips, or water immediately adjacent to the said premises, including such repairs and dredging which may become necessary during the time that the premises are in the possession of the City for general wharfage purposes.

The City shall at all times during the term of said lease have the right to enter upon said premises and to construct or cause to be constructed extension or extensions to said pier, said work of construction to be conducted so as to cause as little inconvenience to the lessee as possible.

The remaining terms and conditions of the lease, except so far as they are inconsistent herewith, shall be similar to those contained in a lease to the Saugerties and New York Steamboat Company, dated December 13, 1909.

Pier 43, North River, is at present about 669 feet in length, of which the outer 446 feet is occupied by the Catskill and New York Steamboat Company under a lease which expired December 31, 1911, and the inner 223 feet is occupied by the Saugerties and New York Steamboat Company under a lease which expired at the same time. On November 18, 1909, however, the Commissioners of the Sinking Fund approved of a renewal of the present lease to the Saugerties and New York Steamboat Company for a term of ten years from December 31, 1911, at an increase of 10 per cent. on the present rental. This new lease to the Saugerties Line contains a provision that in case the City should at any time extend the pier outshore the City shall have the option of substituting in place of the premises at present occupied, 223 feet at any portion of the pier to be selected by the City when extended.

Pier 43, North River, is a recreation pier and has been set aside as such under the statute.

The Catskill and New York Steamboat Company is in the business of carrying, mainly, farm products from the towns and villages along the Hudson River to the City, and, in this respect, it fulfills the requirements of the Charter relative to recreation piers. It prosecutes its business in sharp competition with the railroads along the Hudson River, and the continuance of its ability to do business depends upon its retention of its present dock facilities. The maintenance of this competition allows the people of this City to buy farm produce after reasonably cheap transportation by water. To successfully conduct its business in the future, the Company has determined to spend a large sum of money on new steamboats. The business is so dependent upon location and lease of a landing place that this expense would be unwarranted unless a lease was secured for the term recommended herein.

The Company does business only during the portion of the year when navigation is possible on the Hudson River. For the remainder of the year the boats lie idle, although the lease provides that rental shall be paid for the entire year, and during the closed season of navigation it is provided that the premises leased shall be turned over to the City for general wharfage purposes and the amount of wharfage thus collected retained by the City.

It is difficult to make a comparison of the rental of piers in this vicinity for the reason that it is the only recreation pier between the Battery and West Fifth street. It cannot be considered as a shedded pier, as the south side is entirely open, and it is leased subject to the requirements of the Charter relative to recreation piers, and, in addition thereto, the outer end of the pier is used by the City during the winter season for the dumping of snow and ice.

The lease provides that the Company shall make all repairs to the pier contiguous to that portion leased, and the Company is thus obligated to keep in repair that part of the pier which is worn out and damaged considerably by the large number of snow and ice carts utilizing the outer end during the winter season for dumping purposes, and also for the large traffic incident to the use of the premises for general wharfage purposes during the winter season.

On October 30, 1911, a communication was addressed to the Commissioners of the Sinking Fund recommending the approval of a lease to the Catskill and New York Steamboat Company of a portion of the Barrow-street Pier, new No. 43, North River, on which no action was taken.

Now that the pierhead line has been modified, permitting a still further extension of the pier, it has become necessary to amend the former recommendation.

In 1911 it was possible to extend the pier 125 feet. It now can be extended 222 or 223 feet, and it is the intention of the Department, as soon as the work can be done without interfering with the Hudson River traffic conducted on this pier, to extend the pier out to the new pierhead line. This will provide a berth at the outer end of the pier for the Saugerties Line 223 feet in length; next inshore will come the Catskill and New York Steamboat Company's 446 feet, leaving two berths for public wharfage at the inshore end of the pier at a section of the waterfront where such wharfage is badly needed.

In order to provide these two full berths for public wharfage I have cut down the allowance to the Catskill Line to 446 feet instead of 460 feet as recommended in 1911. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

December 12, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On December 6, 1913, the Commissioner of Docks requested the Commissioners of the Sinking Fund to approve of and consent to an execution by the Commissioner of Docks of a lease, to the Catskill and New York Steamship Company, of the southerly side of Barrow-street Pier, new No. 43, North River, commencing at a point distant 222 feet westerly from the bulkhead line and running thence westerly a distance of 446 feet, at a rental of \$7,333.33 per annum.

The lease is to run for a period commencing on the first day of the month next succeeding the date upon which the lease shall be approved by the Commissioners of the Sinking Fund and shall terminate on December 21, 1921.

The lessee is to have the use of the premises during the time that it operates its

steamboat line for freight and passengers between New York and Catskill, and during the balance of the year the premises shall be in the possession of The City of New York, under the control of the Commissioner of Docks.

The Company is to make all repairs, and do all dredging during the term of the lease.

Pier No. 43, North River, about 669 feet in length, is a recreation pier. The southerly or only side that can be used for wharfage purposes is occupied on the outer end to the extent of 446 feet, by the Catskill and New York Steamboat Company under a lease which expired on December 31, 1911, at a rental of \$6,666.67 per annum, and the inner end, or 223 feet by the Saugerties and New York Steamship Company under a lease which expires on December 31, 1921, at a rental of \$3,666.67 per annum. The lease to the Saugerties and New York Steamship Company contains a provision that in case the City should at any time extend the pier, the City shall have the option of substituting in place of the premises at present occupied, 223 feet at any portion of the pier to be selected by the City.

The pier head line adopted by the Secretary of War on March 13, 1913, will permit extension of this pier by about 223 feet. When this extension is made the Saugerties and New York Steamship Company can be moved to the new section, the Catskill and New York Steamship Company remaining in their present position. This will give about 223 feet for public wharfage at the inshore end of the pier.

The rental proposed (\$7,333.33) is an increase of 10 per cent. over the rental \$6,666.67 paid under the lease which expired December 31, 1911, and double the rental paid \$3,666.67 by the Saugerties and New York Steamship Company for half the space under the lease which expires December 31, 1921. The City also gets the privilege of using and collecting wharfage during the winter months, which it does not have under the terms of the lease to the Saugerties and New York Steamship Company.

I concur in the terms and conditions recommended by the Commissioner of Docks and recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Catskill and New York Steamboat Company of the southerly side of Barrow street pier, new, No. 43, North River, commencing at a point distant 222 feet westerly from the bulkhead line and running thence westerly a distance of 446 feet, at a rental of seven thousand three hundred and thirty-three dollars and thirty-three cents (\$7,333.33) per annum, the lease to be for a period commencing on January 1, 1914, and terminating December 31, 1921.

The lessee shall have the right to use said premises and to collect wharfage from all vessels berthing thereat during the time that navigation is possible between New York and Catskill, that is to say, the time that said company operates their steamboat line for freight and passengers between those points, and during the balance of the year the premises shall be in the possession of The City of New York, under the legal rates of wharfage, which shall be collected by the Dockmasters of this Department of Docks and Ferries and retained by the City.

The company shall make all repairs to the premises leased and the structures thereon, on the surface of the pier, but shall not be liable for repairs to the recreation structure nor any part thereof except when such repairs are made necessary through the negligence of said company, its agents or employees. The company shall at all times do such dredging during the term of said lease as may be considered by the Commissioner of Docks necessary and proper to be done in the basins, or slips, or water immediately adjacent to the said premises, including such repairs and dredging which may become necessary during the time that the premises are in the possession of the City for general wharfage purposes.

The City shall at all times during the term of said lease have the right to enter upon said premises and to construct or cause to be constructed extensions to said pier, said work of construction to be conducted so as to cause as little inconvenience to the lessee as possible.

The remaining terms and conditions of the lease, except so far as they are inconsistent herewith, shall be similar to those contained in a lease to the Saugerties and New York Steamboat Company, dated December 13, 1909.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

The following communication was received from the Commissioner of Docks, recommending a lease to the Seaboard and Gulf Steamship Company of the easterly half of Pier 32 between Peck Slip and Rutgers Slip, East River, Borough of Manhattan:

December 6, 1913.

Hon. ARDOLPH L. KLINE, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I beg to recommend that a resolution be adopted by the Commissioners of the Sinking Fund approving of and consenting to the execution by the Commissioner of Docks of a lease to the Seaboard & Gulf Steamship Company of the easterly half of Pier 32, between Pike Slip and Rutgers Slip, East River, at a rental of \$10,000 per annum.

The lease shall be for a period of ten years from the first day of the month next succeeding the date upon which the said lease shall be approved by the Commissioners of the Sinking Fund.

The lessee shall have the right to use the offices on the first and second floors at the inshore end of the pier.

The lessee shall make all repairs to the easterly half of said pier together with the easterly half of the shed on said pier and with that part of the shed occupied by the offices included in this lease.

All painting to the entire shed on said pier, No. 32, shall be done or caused to be done by the Commissioner of Docks whenever in his opinion it is necessary or proper to be done, and two-thirds of the cost of such painting shall be paid to The City of New York on demand.

The lessee shall at all times do such dredging during the term of the lease as may be considered by the Commissioner of Docks necessary and proper to be done in the half basins, or slips, or waters immediately adjacent to the easterly side of said pier.

The remaining terms and conditions of the lease, except so far as they are inconsistent herewith, shall be similar to those contained in the form of leases for wharf property now used by this Department.

The company, in its application, states:

"It would appear from the records that, based on \$15,000 per annum for Pier 69, North River, special consideration should be given our request for suitable dockage considering that we are a coastwise line, having been engaged in the business for over three years, during which period we have not been able to get a permanent pier, resulting in considerable handicap and inconvenience for the growth of traffic promised from its conception."

"While Pier 32, East River, under existing conditions is not very desirable considering the requirements of coastwise business, it would appear the only available space not exceeding \$10,000 per annum that might be obtainable at this time."

This is not a very desirable pier for the steamship line, as there are a dozen oyster houses on the westerly side of the pier where oysters are received, opened and shipped.

The total revenue received from both the easterly and westerly sides of the pier during the year 1912 amounted to \$8,146.60. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

December 12, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On December 6, 1913, the Commissioner of Docks requested the Commissioners of the Sinking Fund to approve of and consent to the execution by the Commissioner of Docks of a lease to the Seaboard and Gulf Steamship Company, of the easterly half of Pier No. 32, East River, between Pike Slip and Rutgers Slip, at a rental of \$10,000 per annum for a period of ten years, from the first day of the month next succeeding the date upon which the said lease shall be approved by the Commissioners of the Sinking Fund. Under the terms of the lease the lessee is to have the privilege of using the offices on the first and second floors at the inshore end of the pier.

The easterly side of said pier is now occupied by Anning J. Smith, under a permit from the Commissioner of Docks, at a rental of \$200 per month; with this privilege and the oyster boat privileges, on the westerly side of the pier, the total revenue for the year 1912 for this pier amounted to \$8,146.

The rental proposed is reasonable and I concur in the terms and conditions of the proposed lease.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City of premises at No. 111 East 10th street, Borough of Manhattan, for use of the Department of Health as a Tuberculosis Clinic:

December 29, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Secretary of the Department of Health, requesting a lease from George F. Roesch, of the premises No. 111 East 10th street, Borough of Manhattan, for use as a tuberculosis clinic, for a period of three years from January 1, 1914, at a rental of \$1,200 a year. These premises are to take the place of No. 81 2d avenue, the lease of which expired on November 1, 1913. The building is about to be torn down.

The building at No. 111 East 10th street is a 3-story and basement building with cellar, located on a lot 23 feet 6 inches by 96 feet. The size of the building is 23 feet 6 inches by 40 feet, with rear extension on basement and first floor of about 8 feet. It is assessed for the year 1914 as follows:

Land	\$15,000 00
Building	3,000 00

Total	\$18,000 00
-------------	-------------

Appraisal by Division of Real Estate, land and building, is \$19,000. The rent of \$1,200 a year is therefore 6 2/3 per cent. of appraised value.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises No. 111 East 10th street, Borough of Manhattan, for use of the Department of Health as a tuberculosis clinic, for a period of three years from January 1, 1914, at an annual rental of \$1,200, payable quarterly; the lessor to pay taxes and install a water meter in the premises; the lessee to make whatever alterations and repairs it may deem necessary, and to pay for light, heat and water. Lessor, George F. Roesch, 109 East 10th street, Borough of Manhattan (Harry Tauzer & Co., agent, 90 East 10th street, Borough of Manhattan).

Respectfully, WM. A. PRENDERGAST, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from George F. Roesch, of the premises No. 111 East 10th street, Borough of Manhattan, for use of the Department of Health as a Tuberculosis Clinic, for a period of three years from January 1, 1914, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly; the lessor to pay taxes and install a water meter in the premises; the lessee to make whatever alterations and repairs it may deem necessary, and to pay for light, heat and water; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City of premises at No. 360 Fulton street, Jamaica, Borough of Queens, for use of the Law Department:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Corporation Counsel to the Commissioners of the Sinking Fund, requesting a lease from the Jamaica Savings Bank of rooms 44 and 45 in the Jamaica Savings Bank Building, No. 360 Fulton street, Jamaica, Borough of Queens, at an annual rental of \$384, for a period of one year from January 1, 1914.

These rooms contain an area of 483 square feet, and the rental asked is at the rate of 7 1/2 cents per square foot. The object of leasing these rooms is to facilitate the work of the Title Examiners in examining the title to lands ceded for street purposes in the Borough of Queens. The rooms at present occupied by them are located in the Queens County Trust Company's Building, and contain an area of 167.84 square feet, for which an annual rental of \$180, or \$1,072.50 per square foot is paid. The lease of the rooms expires on January 1, 1914. Eight men are engaged in the examination of titles in Queens County, and after the County Clerk's offices close, at 4 o'clock, this force has to crowd into this small room to continue its work.

The rate per square foot of the premises suggested to be leased is much less than that of the premises now occupied.

I, therefore, respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease from the Jamaica Savings Bank of rooms 44 and 45, in the Jamaica Savings Bank Building, No. 360 Fulton street, Jamaica, Borough of Queens, for use of the Law Department, for a period of one year from January 1, 1914, at an annual rental of \$384, payable quarterly; the lessor to furnish heat, light, elevator and janitor service, and to pay taxes and water rates.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Jamaica Savings Bank of Rooms 44 and 45, in the Jamaica Savings Bank Building, No. 360 Fulton street, Jamaica, Borough of Queens, for use of the Law Department, for a period of one year from January 1, 1914, at an annual rental of three hundred and eighty-four dollars (\$384), payable quarterly; the lessor

to furnish heat, light, elevator and janitor service and to pay taxes and water rates; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City of premises at No. 3230 3d avenue, Borough of The Bronx, for use as a law library by the County officials of Bronx County:

December 29, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the District Attorney of Bronx County, stating that it is necessary to secure quarters for a law library to be used by the Supreme Court Judge, the Surrogate, the County Judge, the Judges of Special Sessions and the District Attorney of the County of The Bronx. He states that there is not sufficient room in the Bronx Court House for such a library, and that the Bank building, known as the North Side Savings Bank, 3230 3d avenue, Borough of The Bronx, contains available space and is especially adapted for the purpose mentioned.

The owner of this building has agreed to lease to the City the rear room on the second floor at an annual rental of \$720. This room contains an area of 920 square feet, and the rental is at the rate of 78 cents a square foot.

I, therefore, respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the rear room on the second floor of the bank building known as the North Side Savings Bank, 3230 3d avenue, Borough of The Bronx, to be used as a law library by the Supreme Court Judge, the Surrogate, the County Judge, the Judges of Special Sessions and the District Attorney of the County of The Bronx, for a term of one year from January 1, 1914, with the privilege of renewal for an additional year, at an annual rental of \$720, payable quarterly; the lessor to pay taxes and water rates, supply heat, hall janitor service, make inside and outside repairs; the lessee to furnish light. Lessor, J. Clarence Davies, 149th street and 3d avenue, Borough of The Bronx.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from J. Clarence Davies, of the rear room on the second floor of the bank building known as the North Side Savings Bank, 3230 3d avenue, Borough of The Bronx, to be used as a law library by the Supreme Court Judge, the Surrogate, the County Judge, the Judges of Special Sessions and the District Attorney of the County of The Bronx, for a term of one year from January 1, 1914, with the privilege of renewal for an additional year, at an annual rental of seven hundred and twenty dollars (\$720), payable quarterly; the lessor to pay taxes and water rates, supply heat, hall janitor service and make inside and outside repairs; the lessee to furnish light; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Committee on the Allotment of Space in the New Municipal Building, presented the following report relative to the space assigned to the Department of Docks and Ferries:

November 28, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On October 16, 1913, the Commissioner of Docks requested the Commissioners of the Sinking Fund to reconsider and rescind so much of its resolution adopted on June 2, 1913, as requires the removal of the Department of Docks and Ferries from Pier "A", North River, to the Municipal Building.

The resolution adopted by the Commissioners of the Sinking Fund, on June 2, 1913, pursuant to the provisions of section 4 of chapter 670 of the Laws of 1907, designating what departments were to occupy a portion of the new Municipal Building at the Manhattan Terminal of the New York and Brooklyn Bridge, set apart for "Department of Docks and Ferries—9,166 square feet of space on the twenty-fourth floor and 8,809 square feet of space on the twenty-fifth floor."

The Department of Docks and Ferries at present has its quarters in a structure or building on Pier "A", North River, erected under the provisions of chapter 454 of the laws of 1884, "for the use of the Department of Docks and Police Department." The northerly half of the lower deck (or pier surface) is occupied by the Harbor Police and is used for offices and dormitories for this division. The northerly side of the pier is used for the berths for the Police Department's boat "Patrol". The remaining portion of the pier is occupied by the Department of Docks and Ferries for filing and storage rooms.

The entire superstructure is used for offices of the Department of Docks and Ferries.

The City has expended the following for the erection of the pier superstructure, equipment, etc.

Cost of pier	\$148,471 12
Original superstructure	73,354 66
Extension to superstructure in 1900	29,850 01
Second story	17,047 56
Fireproof filing room	3,072 00
Department labor on above	1,683 73
Filing cases	1,795 00
Modifications in drainage and ventilating system	149 77
	126,952 73

Total

\$275,423 89

The pier with its present superstructure is not available for commercial purposes on account of the height of pier or first floor, it being only 14 feet 3 inches, which is not sufficient to erect a portable derrick for the loading and unloading of freight, at least 18 to 20 feet headroom being necessary.

On account of the central location for the "Patrol" and the lack of any other suitable site, in our opinion, it is very necessary that the Harbor Precinct of the Police Department should not be removed from its present location, Pier "A", North River.

To make this pier available for commercial purposes, the superstructure should be removed and the Police quarters moved from the northerly side to the southerly side of the pier, for the northerly side is the better for wharfage purposes, the northerly side being 285 feet and the southerly side 160 feet. To accomplish this, the improvements which cost the City \$125,157.73 (\$126,952.73 less \$1,795, the cost of the filing cases) would have to be removed, at the best for nothing, and would be a total loss. To this loss must be added \$8,000 or \$10,000 to move the Police Precinct quarters to the southerly side of the pier. The southerly side of the pier is not a suitable berth for the "Patrol"; we merely suggest it in order to give the best paying commercial arrangement.

Owing to the exposed condition of the southerly side of the pier it might be necessary, in order to protect the "Patrol" from the stone structure, to install a fender system.

The north or the only side that could be used commercially is not well adapted for wharfage purposes, for when fruit steamers are berthed at Pier No. 1 (a couple a week) and two car floats, alongside the steamer, being loaded with bananas for shipment, the "Patrol" has to vacate its berth in order to allow these car floats to get in.

The bulkhead between Pier "A" and Pier No. 1 is only 64.25 feet in length; it widens out to about 190 feet at the outer end of the pier, but even so, there is no room for wharfage on the northerly side of Pier "A" when the fruit boat has two railroad floats alongside of it, hence it could not be leased for exclusive use, without interfering with the use of Pier No. 1. The best that might be expected would be canal boats and barges; the tolls for canal boats are at the rate of 50 cents per day; for barges 1 cent per foot per day or fraction thereof. Two canal boats or barges per

day for every day of the year would only give an annual rental or income of \$730 (or perhaps \$1,000 per annum).

From the location of Pier "A" relative to other piers, the construction of the pier, which is masonry, the loss of money expended for the superstructure, the money necessary to alter the pier for commercial purposes and the small estimated income, we are of the opinion that it would not be an economical proposition to move the Police Department to the other side of the pier and remove the Department of Docks and Ferries from quarters that have been made admirably suitable, at a cost of \$275,423.89, for the purposes for which it is being used.

We therefore recommend the adoption of the attached resolution rescinding so much of the resolution adopted on June 2, 1913, as required the removal of the Department of Docks and Ferries from Pier "A", North River, to the New Municipal Building. Respectfully,

WM. A. PRENDERGAST, Comptroller; R. R. MOORE, Chamberlain; HENRY S. THOMPSON, Commissioner, Department of Water Supply, Gas and Electricity; Committee on Allotment of Space in the New Municipal Building.

The following resolution was then offered for adoption:

Resolved, That the resolution adopted by this Board at its meeting held June 2, 1913, wherein the Departments which are to occupy the new Municipal Building are designated, with allotments of space to be occupied by each, be and the same is hereby amended by striking out the following:

"Department of Docks and Ferries—9,166 square feet of space on the 24th floor; 8,809 square feet of space on the 25th floor."

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

29 December, 1913.

To the Honorable Board of Sinking Fund Commissioners of the City of New York:

On 2d June, 1913, your Honorable Board, following the suggestions contained in the report of this Committee, dated 5th May, 1913, among other allotments, definitely assigned 8,063 square feet in the Municipal Building to the Municipal Reference Library (fifth floor).

Your Committee respectfully recommends modification of this previous definite allotment of space, in accordance with request received and with further consideration by your Committee, as follows:

Allot—Finance Department, Comptroller: Fifth floor, additional, 4,013 square feet (4,670 square feet less 657 square feet for corridor). This allotment is for offices for the Comptroller on this floor, in accordance with recent request of the Finance Department and further study of his space needs; and your Committee recommends that his request for this space (previously assigned to the Municipal Reference Library under his control) be confirmed. Municipal Reference Library: Fifth floor, 1,862 square feet.

Vacant—Fifth floor, south, 1,531 square feet.

The allotments as herein recommended and the vacant spaces are shown on the drawing (dated 29 December, 1913: Ralph M. Comfort, Consulting Expert on Space Efficiency and Interior Equipment; McKim, Mead & White, Architects), submitted by the Commissioner of Bridges, herewith, as follows:

Layout (1/8-inch scale floor plan)—Floor 5 (part), Drg. No. 75-34.

Respectfully submitted,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; R. R. MOORE, Chamberlain; Commissioner of Water Supply, Gas and Electricity; Commissioner of Bridges, Ex-officio, Select Committee on Allotment of Space in the New Municipal Building.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the assignment of fifteen (15) Bronze Chandeliers to the Armory Board:

December 12, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—In a communication dated December 1, 1913, the Acting President of the Borough of Manhattan states that there are fifteen bronze chandeliers in the basement of the Hall of Records that are no longer needed by his Department and that the Secretary of the Armory Board has requested that they be assigned to the Armory Board. In connection therewith I report as follows:

The fifteen heavy bronze chandeliers were originally designed and constructed for use in the Hall of Records. They were used in that building for some time but were recently removed and a more modern system of lighting installed. They are now stored in the basement of the building.

The Secretary of the Armory Board states that these chandeliers could be installed in various armories throughout the City, and requests that, they being no longer of use to the President of the Borough of Manhattan, they be transferred to his Department.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Armory Board fifteen bronze chandeliers now in possession of the President of the Borough of Manhattan and no longer required by his department.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered

the following resolution, relative to the assignment of fifty-one (51) filing cases to the Armory Board:

December 30, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On December 24, 1913, the Board of Estimate and Apportionment adopted a resolution transferring the sum of \$918 from the Armory Board to the Office of the President of the Borough of Manhattan for the purpose of obtaining from the Borough President, forty-five filing cases as no longer required for use in his office.

These cabinets were originally purchased by the Borough President at a cost of \$54.40 each but the Superintendent of Buildings has decided to discontinue the use of this style of filing cabinets. For this reason he desired to exchange forty-five cabinets in part payment for other filing cabinets costing \$931.60. The Art Metal Construction Company stated that they were willing to allow \$918 for the old cabinets.

The Secretary of the Armory stated that these cases could be used in the various military organizations throughout the City and that he was willing to purchase them from the President of the Borough of Manhattan at the same price offered by the Art Metal Construction Company. Request was therefore made to the Board of Estimate and Apportionment for the transfer of the \$918 from the Armory Board to the Borough President's office which was approved.

Request is now made that your commission approve of the transfer of the filing cases, pursuant to the provisions of section 205 of the Greater New York Charter.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

December 29, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—I am in receipt of a communication from the Commissioner of the Department of Public Charities, stating that the Bureau of Domestic Relations in the Borough of Brooklyn, now located in the Court at Vanderbilt and Myrtle avenues, is greatly overcrowded; that there is no room for investigators who at the present time are obliged to use the top of a filing case or the window sill for writing their reports. He further states that the work is increasing daily, and requests that quarters at 439 Myrtle avenue, Borough of Brooklyn, be secured.

This store is in a new building and contains an approximate area of 1,000 square feet. The rental thereof is \$600 per annum, at the rate of 60 cents per square foot. This is the same rent which is being paid for the adjoining store at 437 Myrtle avenue, which is similar in every respect.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the store premises, including toilet, at 439 Myrtle avenue, Borough of Brooklyn, for use of the Department of Public Charities, for a term of one year from January 1, 1914, with the privilege of renewal for an additional year, at an annual rental of \$600, payable quarterly; the lessor to pay taxes and water rates, furnish heat and make inside and outside repairs. Lessor, Victor Holding Company, 26 Court street, Borough of Brooklyn.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Section 10 of chapter 548 of the Laws of 1912, provides that prisoners of the County of the Bronx and persons lawfully detained on any process therein shall be confined in the jail or prison or other place of detention of the County of New York in which such prisoners and persons of the County of New York arrested, held or detained are now confined or detained, as provided by law, until the jail or other place of detention to be hereafter erected by the County of the Bronx shall be furnished in such manner as in the opinion of the Sheriff of the County of the Bronx will confine the prisoners or other persons lawfully detained in the same, when it shall be lawful for the said Sheriff to remove them to the jail or other place of detention of the said County of the Bronx.

In a communication to the Commissioners of the Sinking Fund, under date of December 24, 1913, the Sheriff-elect of the County of the Bronx requests the Commissioners of the Sinking Fund to designate the cells and places of confinement in the Bronx County Court House as the Bronx County Jail.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund designate as the Bronx County Jail, the cells and places of confinement in the building known as the Bronx County Court House, located at 3d avenue and 161st street, Borough and County of the Bronx.

Respectfully,

W.M. A. PRENDERGAST, Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby designate as the Bronx County Jail, for all the purposes for which common jails may by law be used, the cells and places of confinement in the building known as The Bronx County Court House, located at 3d avenue and 161st street, Borough and County of The Bronx.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to an application of the Westchester Lighting Company of Yonkers for a pipe line privilege:

December 11, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On December 1, 1913, the Commissioner of Water Supply, Gas and Electricity requested the Commissioners of the Sinking Fund to fix a proper rental for the occupation by the Westchester Lighting Company of Yonkers, N. Y., of a $\frac{1}{2}$ -inch gas service pipe under and across the old Aqueduct in the City of Yonkers, N. Y., at a point on Yonkers avenue, 200 feet west of Ashburton avenue.

The Commissioner states that he has no objection to granting the permit, provided the pipe is installed without the use of dynamite or other explosives for blasting in case any work is encountered in the tunnel, and provided, further, that the work shall be done in a manner satisfactory to the department.

As the privilege is small, only 60 square feet of space being occupied, I recommend a nominal annual rental of \$10.

I, therefore, recommend the adoption of the attached resolution consenting to the request and fixing the rental.

Respectfully,

W.M. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund approve of the granting by the Commissioner of Water Supply, Gas and Electricity, of a permit to The Westchester Lighting Company of Yonkers, N. Y., the privilege of laying and installing a one and a half inch ($\frac{1}{2}$ inch) gas service pipe under and across the Old Aqueduct at a point on Yonkers avenue, two hundred feet (200 feet) west of Ashburton avenue, in the City of Yonkers, N. Y.; that the compensation to be paid to the City for such privilege shall be the nominal sum of ten dollars (\$10) per annum; the work to be done at the expense of the Westchester Lighting Company of Yonkers, under the jurisdiction and direction of the Commissioner of Water Supply, Gas and Electricity, and to be installed without the use of dynamite or other explosive for blasting in case any rock is encountered in the trench, and subject to such conditions as the Commissioner shall prescribe; the privilege to be on condition that the Company shall be liable for any damage due to laying or maintenance of said pipe; the permit to contain a stipulation that the Commissioner of Water Supply, Gas and Electricity may revoke such permission or privilege at any future time if found necessary in the interest of the City.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Gentlemen—A request has been received from the President of the Borough of Brooklyn for the removal of the encroachments lying within the lines of West 37th street, from Neptune avenue to the Atlantic Ocean, in the Borough of Brooklyn, to permit the improvement of the street.

These encroachments consist of buildings and other improvements, some of which are only partly taken in this proceeding, and their estimated removal value appor-

tioned by damage parcels is as follows: Damage Parcels Nos. 57-66, \$15. No. 99, \$10; No. 101, \$25; No. 102, \$25; No. 103, \$15, making a total of \$90, which amount should be realized by their sale.

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by sections 205 and 1553 of the Revised Charter, adopt a resolution authorizing and ordering that the said encroachments be offered for sale at the upset or minimum prices named above, and also authorizing and ordering the President of the Borough of Brooklyn to demolish and remove all those encroachments that are not sold at the said upset prices, as encumbrances upon a public street, and such a resolution is herewith transmitted. Yours respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, The President of the Borough of Brooklyn has requested the removal of the encroachments lying within the lines of West 37th street, from Neptune avenue to the Atlantic Ocean, in the Borough of Brooklyn, and

Whereas, If these improvements are offered for sale at upset prices, some of them would probably realize a fair return in proportion to the awards given, it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids, at the following upset or minimum prices: Damage Nos. 57-66, \$15; No. 99, \$10; No. 101, \$25; No. 102, \$25; No. 103, \$15, making a total of \$90, of all the buildings, parts of buildings, etc., lying within the lines of West 37th street, from Neptune avenue to the Atlantic Ocean, in the Borough of Brooklyn, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund at a meeting held October 4, 1910, and the President of the Borough of Brooklyn is hereby authorized and ordered to demolish and remove all those encroachments that do not realize the said upset prices, as encumbrances upon a public highway, in the manner provided by section 205 of the Revised Charter, as amended by chapter 398 of the Laws of 1909.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a sale of encroachments within the lines of Queens boulevard, from the westerly line of Burrough avenue to the easterly line of Finsk avenue, in the Borough of Queens:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On October 29, 1913, the Commissioners of the Sinking Fund adopted a resolution authorizing the sale of the encroachments within the lines of Queens boulevard, from the westerly line of Burrough avenue to the easterly line of Finsk avenue, in the Borough of Queens, at the upset price of \$300 for Parcel No. 303, \$300 for Parcel No. 313, \$500 for Parcel No. 320, \$200 for Parcels Nos. 321-322, and \$200 for Parcels Nos. 325-326.

These with others were offered for sale by sealed bids in accordance with the above resolution on November 24, 1913, and no bids were received for them.

Parcel No. 313 consists of about nine-tenths of an old frame church which may be moved, and a representative of the congregation has offered to purchase the City's part of it for \$200, which amount he claims represents its real sale value, and all that they can offer to pay for it.

The other buildings are old and two of them (No. 303 and Nos. 325-326) are irregular in shape and cannot be profitably moved. The following offers have been made for them for wrecking purposes, \$50 for Parcel No. 303, \$100 for Parcel No. 320, \$100 for Parcels Nos. 321-322, and \$50 for Parcels Nos. 325-326, and it is considered advisable to accept these offers by readvertising them for sale at these upset prices, rather than to turn them over to the President of the Borough of Queens to remove at an expense to the City.

I therefore request that a resolution be adopted amending the resolution of October 29, 1913, by substituting for "No. 303, \$300; No. 313, \$300; No. 320, \$500; Nos. 321-322, \$200, and Nos. 325-326, \$200" the words "No. 303, \$50; No. 313, \$200; No. 320, \$100; Nos. 321-322, \$100, and Nos. 325-326, \$50," and such a resolution is herewith transmitted. Yours respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, The Commissioners of the Sinking Fund adopted a resolution at a meeting held October 29, 1913, authorizing the sale at public auction or by sealed bids of Damage Parcels Nos. 303, 313, 320, 321-322 and 325-326 of the proceeding for the widening of Queens boulevard, from the westerly line of Burrough avenue to the easterly line of Finsk avenue, in the Borough of Queens, at the upset price of \$300, \$500, \$200 and \$200 respectively, and

Whereas, It has not been possible to obtain the above prices for these encroachments, and it is deemed in the interests of The City of New York to re-offer the encroachments at lower upset prices, it is therefore

Resolved, That the resolution adopted October 29, 1913, is hereby amended by substituting the words "No. 303, \$50; No. 313, \$200; No. 320, \$100; Nos. 321-322, \$100, and Nos. 325-326, \$50," in place of "No. 303, \$300; No. 313, \$300; No. 320, \$500, \$200 and \$200 respectively, and

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Rev. Charles A. Brown and the delegation of business men who were present at the last meeting and given a hearing relative to the application of the Police Commissioner for a lease of premises known as Literary Hall, corner Park avenue and 2d street, Bayside, Borough of Queens, for use as a station house, again appeared before the Board and urged that immediate action be taken on the lease.

Mr. O'Malley, Appraiser of Real Estate, Department of Finance, stated that he

had made an examination of the property and was ready to report if the Board desired to act in the matter.

Discussion followed.

The Deputy and Acting Comptroller then asked for and received unanimous consent for the consideration of the following report and offered the following resolution:

December 30, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—I am in receipt of a communication from the Police Commissioner to the Commissioners of the Sinking Fund, requesting a lease between the City of New York and the owner of the premises known as Literary Hall, situated at Park avenue and 2d street, Bayside, Long Island.

The premises consist of a frame building, having two stories and basement, approximately 32 by 40 feet. The owner demanded a rental of \$1,200 a year, but after negotiations by the Division of Real Estate of this Department this rental was reduced to \$600 a year.

The owners of the property are to pay the taxes and make outside repairs. The City is to pay for light, heat, water and janitor service, and make such inside alterations and repairs as it may deem necessary.

I think, however, that the execution of this lease should be withheld until the incoming administration has approved of the selection of the premises.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize a lease from the Bayside Hall Association of premises known as Literary Hall, located at the southwest corner of Park avenue and 2d street, Bayside, Borough of Queens, for use of the Police Department, for a period of three years from February 1, 1914, at an annual rental of \$600, payable quarterly; the lessors to pay the taxes and make outside repairs; the City to pay for light, heat, water and janitor service, and make such inside alterations and repairs as it may deem necessary; the lease not to be executed by the Comptroller until the Police Commissioner in office on January 1, 1914, has approved of the selection of the above premises.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Bayside Hall Association, of the premises known as Literary Hall, located at the southwest corner of Park avenue and 2d street, Bayside, Borough of Queens, for use of the Police Department, for a period of three years from February 1, 1914, at an annual rental of six hundred dollars (\$600), payable quarterly; the lessors to pay taxes and make outside repairs; the City to pay for light, heat, water and janitor service, and make such inside alterations and repairs as it may deem necessary; the lease not to be executed by the Comptroller until the Police Commissioner in office on January 1, 1914, has approved of the selection of the above premises; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller asked for and received unanimous consent for the consideration of the following:

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the assignment of space in the City Hall to the President of the Board of Aldermen, Vice-Chairman of the Board of Aldermen and Chairman of the Finance Committee, Board of Aldermen:

December 30, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of the following communication under date of December 29, 1913, from the President of the Borough of Manhattan:

"Under the agreement reached on Wednesday last by members of the new Sinking Fund Commission, the office of the President of the Borough of Manhattan will be transferred on January 1 from the City Hall to the Municipal Building, and the office of the President of the Board of Aldermen from the Emigrant Bank Building to the City Hall. It is also proposed that, upon the transfer of the City Clerk's offices to the Municipal Building, the quarters now occupied by him be used by the President and other officers of the Board of Aldermen. Pending this change, I shall, as President of the Board of Aldermen, continue to use the rooms I have occupied as Borough President, on the second floor of the City Hall. There will not, however, be room enough in these quarters to take care of more than half the staff of the President of the Board of Aldermen. May I ask, therefore, that the lease of the rooms in the Emigrant Bank Building—which, I understand, is now held from month to month—be continued at least until February 1."

The lease under which the President of the Board of Aldermen now occupies the premises in the Emigrant Industrial Savings Bank Building will not expire until May 1, 1914, and can be cancelled at any time upon thirty (30) days' notice.

I am informed that the space assigned to the City Clerk in the new Municipal Building is not at the present time available, but will be in the near future.

I therefore respectfully recommend that the space in the City Hall now occupied by the City Clerk, Chairman of the Finance Committee and the Aldermanic Library be assigned, upon the removal of the present incumbents therefrom, to the President of the Board of Aldermen, Vice-Chairman of the Board of Aldermen and the Chairman of the Finance Committee of the Board of Aldermen.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby assign the rooms in the City Hall now occupied by the City Clerk, Chairman of the Finance Committee, Board of Aldermen, and the Aldermanic Library, to the President of the Board of Aldermen, the Vice-Chairman of the Board of Aldermen, and the Chairman of the Finance Committee, Board of Aldermen, said assignment to take effect upon the removal of the present incumbents therefrom.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the compilation from the original records of a complete register of the real property owned by the City:

November 5, 1913.

To the Honorable the Commissioners of the Sinking Fund of the City of New York:

Gentlemen—In connection with the record of real property owned by the City, recently submitted to your honorable Commission, an index was compiled of all deeds conveying property to and from the City, recorded in the office of the Register of New York County, from 1676 to December 31, 1912, inclusive. Similar indexes for the Boroughs of Brooklyn and The Bronx are now being compiled and are nearing completion. It has been suggested that these indexes be utilized in determining whether the City has title to property other than that which appears upon its records. In the property record recently compiled and presented to your Board only the properties known to belong to the City and included in the exempt list of the Department of Taxes and Assessments were dealt with, and it would seem desirable to determine finally all of the real properties owned by the City. With a complete record of all property acquired and alienated, the deduction of one from the other should show the actual real estate holdings of the City. To obtain such a record it would be necessary to supplement the indexes already completed with similar indexes covering all of the boroughs, including the former municipalities consolidated therewith, and a complete list of all properties acquired by Colonial and State grants, cessions and condemnation proceedings.

An analysis of the completed index and examination of a number of the deeds listed thereon discloses the fact that only the deeds executed since January 1, 1891, contain block numbers. The deeds executed prior to that date contain descriptions, in many instances vague, which would necessitate the drafting of maps for comparison and identification, and every deed would have to be carefully read as to the description of the parcel conveyed and record made of the same.

So far as known no attempt has ever been made to compile a complete list of the City's real estate holdings from the original records of conveyance, and while this work would entail considerable time and expense, it is believed that it would be fully justified by the results. Not only would such a record be of inestimable value to the City in many ways, but there is always the possibility that the search

may disclose properties belonging to the City, in the possession of private interests, of which it has no knowledge, and the value of which may be many times the cost of the work. Such a search would also set at rest the rumors that frequently arise that private individuals are in possession of property that belongs to the City.

In view of these facts I would respectfully request authority to undertake the work as outlined above.

Very respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested to furnish the necessary funds, either by an authorization of an issue of special revenue bonds, or transfer of available balances from other funds, under the jurisdiction of the Comptroller on behalf of this Board, to provide for the compilation from the original records of a complete register of the real property owned by the City, with the accompanying data pertaining to the acquisition of the same.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Note—At this point his Honor the Mayor arrived, and the following matters on the calendar requiring a unanimous vote were then considered:

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the cancellation of certain assessments for public improvements affecting property owned by the First German Church of East Williamsburg, in the Borough of Queens:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund of the City of New York:

Gentlemen—First German Presbyterian Church of East Williamsburg has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Queens, designated on the official tax map as Section 1, Ward 2, Block 67, Lots 27, 28, 29, 30, 31 and 35.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same prior to 1905, that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinabove set forth accrued. Said premises are used as follows: Lots 27 to 30, inclusive, as a playground; Lot 31 as a parish house and public school, and Lot 35 as a church and public school.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation as follows: Lots 31 and 35, in 1909 and since; Lots 27 to 30, exempt in 1909, assessed for 1910; taxes for 1911 cancelled by Comptroller's order and exempt in 1912 and since; and the assessed valuation for the year 1913 is \$4,800 for Lot 31, \$75,000 for Lot 35, and \$4,200 for Lots 27 to 30.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

No. 978, Section 1, Block 67, Lot 31 of 33..... 2 07

No. 978, Section 1, Block 67, Lot 35 of 33..... 7 45

Petitioner has included in its application certain assessments against Lot 33, Block 67, which is occupied as a parsonage, but in view of the fact that such lot is not exempt from taxation, except to the extent of the usual \$2,000 parsonage allowance, I refuse to certify my approval of the application so far as respects said Lot 33.

The records of this Department show that a part of the church building erected on said Lot 33, to wit, the ground floor lecture hall 50x90, and the rear class room, 21x45, and a part of the parish house erected on said Lot 31, to wit, the first floor thereof, 30x50, have been leased by the petitioner to the Board of Education of The City of New York for the period from April 1, 1912, to July 1, 1914, with the privilege of renewal for an additional term of five years at an annual rental of \$2,100.

It appears, therefore, that said Lots 31 and 35 are not used exclusively for carrying out thereupon the purposes of the petitioning corporation, within the meaning of said subdivision 7, section 4, article 1 of the Tax Law. In view of this fact, in my opinion the petitioner is not entitled to a total cancellation of the foregoing assessments against said Lots 31 and 35, but only to the cancellation of a proportionate part thereof, such proportionate part being based on the value of that portion of the property not leased, as compared with the value of the part leased. It being impossible to physically apportion the property, an equitable method of arriving at the respective valuations of the part rented and the part not rented would be to capitalize the yearly rent paid at 10 per cent., which would give \$21,000 as the value of the part leased, and deducting said sum from the combined valuation of Lots 31 and 35, i. e., \$79,800, gives \$58,800 as the value of the part not leased. On this basis the respective proportions are as follows: Part leased, 26 per cent.; part not leased, 74 per cent. A fair adjustment of the matter, therefore, in my opinion, would be to

cancel the total amount of the foregoing assessments against said Lots 31 and 35, the principal of which is \$923.17, upon the payment by petitioner of 26 per cent thereof, or \$240.02.

As to the foregoing assessments against Lots 27 to 30, inclusive, I would recommend that the same be cancelled upon the payment by petitioner of the nominal sum of \$10.

The total amount involved as principal in the above assessments is \$1,934.51. The property affected by these assessments is located in the Borough of Queens, Prospect and Metropolitan avenues.

The pastor, Rev. John Deitz, in response to a request, has submitted a financial statement for the year ending December 31, 1911, showing the total receipts from all sources to be \$4,810.25, and the expenditures for all objects \$4,678.10, leaving a balance of \$132.15.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation to the extent hereinbefore set forth, during the times when said assessments above mentioned accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221a of the Greater New York Charter, except as to the liens and the portions of the liens which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of the First German Presbyterian Church of East Williamsburg to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of \$250.02, provided that payment be made within sixty days from the date of the passage of the resolution authorizing such payment. WM. A. PENDERGAST, Comptroller.

Resolved, That upon payment of the sum of two hundred and fifty dollars and two cents (\$250.02), within sixty days from date, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221a of the Charter, to cancel the following assessments levied and assessed against property owned by the First German Presbyterian Church of East Williamsburg, in the Borough of Queens:

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the cancellation of certain assessments for public improvements affecting property owned by St. Luke's Protestant Episcopal Church, Manhattan:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—St. Luke's Protestant Episcopal Church has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Manhattan, designated on the official tax map as section 3, block 922, lot 1.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about December 1, 1908; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a church and meeting house.

It appears from an examination of the Assessment Rolls that said property has been partially exempt from local taxation prior to the year 1908, and since, and the total valuation for the year 1913 is \$149,000, divided as follows: Church and parish house, \$138,000; parsonage, \$11,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Kingsbridge Road Closing between 137th and 149th Streets" (confirmed

May 1, entered August 3, 1908):

No. 1185, Section 7, Block 2050, Lot 1.....\$41 29

As heretofore appears, the Department of Taxes and Assessments has exempted that part of the lot used for church and parish house purposes, and has assessed the part used as a parsonage, without making a physical apportionment of the lot on the tax maps.

Although the Commissioners of the Sinking Fund have no power, under section 221a of the Charter, to cancel the foregoing assessment so far as it affects the part of the lot used as a parsonage, by reason of the fact that such part is not entitled to exemption from taxation under article 1, section 4, subdivision 7 of the Tax Law,

nevertheless they have the power to cancel the proportionate part of such assessment against the part of the lot used for church and parish house purposes, such proportionate part to be determined by the relative valuations placed on the church and parish house and the parsonage, respectively, by the Department of Taxes and Assessments. The valuation placed on the church and parish house (\$138,000) is approximately 93 per cent. of the total valuation (\$149,000), and that on the parsonage 7 per cent.

I would recommend, therefore, that the foregoing assessment be cancelled to the extent of 93 per cent. thereof, upon the payment of a nominal consideration. As to the remainder of said assessment, viz., 7 per cent. thereof, I refuse to certify my approval of the application.

The total amount involved as principal in the above assessments is \$41.29. The property affected by these assessments is located in the Borough of Manhattan, northeast corner of Convent avenue and 141st street.

The records of the Division of Awards and the Division of Real Estate of this Department show no awards paid or payable to the petitioner, and no lease to The City of New York, affecting the property above described.

The attorneys, Davies, Auerbach & Cornell, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources (including balance of \$1,084.79 from preceding year) to be \$21,120.37, and the expenditures for all objects, \$20,120.14, leaving a balance of \$1,000.23.

The attorneys state further that although the petitioner began and ended the year with approximately the same amount on hand, it was obliged to borrow \$4,000, so that the regular income was \$3,000 less than the regular expenditures.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation to the extent hereinbefore set forth, during the time when said assessment, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to that part of such lien which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of St. Luke's Protestant Episcopal Church to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the lien above set forth, be cancelled to the extent of 93 per cent. thereof, upon the payment of the sum of \$10 and the balance of said assessment with accrued interest, provided that payment be made within sixty days from the date of the passage of the resolution authorizing such payment. WM. A. PENDERGAST, Comptroller.

Resolved, That pursuant to the provisions of section 221-A of the Greater New York Charter as amended, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller to cancel the foregoing assessments to the extent of 93 per cent. thereof, upon payment of the sum of ten dollars (\$10), and the balance of said assessments with accrued interest, provided that payment be made within 60 days from date.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the cancellation of certain assessments for public improvements affecting premises owned by the Swedish-Finnish Evangelical Mission Church in Brooklyn:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—Swedish-Finnish Evangelical Mission Church in Brooklyn has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Brooklyn, designated on the official tax map as section 3, block 922, lot 22.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about December 1, 1908; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a church and meeting house.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation for the year 1910 and since and the assessed valuation for the year 1913 is \$5,700.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Paving 41st Street from 6th Avenue to New Utrecht Avenue" (entered

December 27, 1910):

No. 23, Section 3, Block 922, Lot 22.....\$25 25

"Regulating, Grading, Etc., 41st Street from 6th Avenue and Point 320 Feet West of 9th Avenue, Etc." (entered March 22, 1910):

No. 23, Section 3, Block 922, Lot 22.....97 13

Although this property is not within the territory in which, as a general proposition, applications for exemption of church property are to be considered, as fixed by the resolution of the Commissioners of the Sinking Fund adopted June 14, 1911, nevertheless, as the petitioner has established to my satisfaction an inability to meet the payment of the aforesaid open charges, I would recommend that such charges be cancelled upon payment of an amount equal to the face thereof, without penalty or interest, following the provisions of the resolution of the Commissioners of the Sinking Fund adopted March 5, 1913, which modifies the policy of the Board as expressed in the aforesaid resolution of June 14, 1911, with respect to churches not within the territory.

Petitioner has included in its application certain instalment assessments for the 8th Ward improvement, under chapter 365, Laws of 1889, etc., viz., the 1908 and 1909 instalments. These assessments were to be levied in ten annual instalments—instalment only a lien as levied, first instalment levied in 1900.

I refuse to certify my approval of the application, however, so far as respects said instalment assessments, for the reason that the property was not acquired until 1908, eight years after the levying of the first instalment, the petitioner had due notice of the existence thereof, and presumably such assessments were an element affecting the value of the property when purchased; and furthermore, that at the time petitioner acquired the property such charges had accrued, although not liens.

The total amount involved as principal in the above assessments is \$354.38. The property affected by these assessments is located in the Borough of Brooklyn, 8th Ward, southerly side 41st street, between 7th and 8th avenues.

The report of the Division of Awards of this Department, dated November 28, 1913, and the report of the Division of Real Estate of this Department, dated May 4, 1912, show no awards paid or payable to the petitioner, and no lease to The City of New York, affecting the property described herein.

The Treasurer, Carl E. Froberg, in response to a request, has submitted a financial statement for the year ending December 31, 1911, showing the total receipts from

all sources to be \$1,442.68 and the expenditures for all objects, \$1,502.06, leaving a deficit of \$59.38.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said charges, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the liens which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of the Swedish-Finnish Evangelical Mission Church of Brooklyn, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of \$354.38, provided that payment be made within sixty days from the date of the passage of the resolution authorizing such payment.

Resolved, That upon payment of the sum of three hundred and fifty-four dollars and thirty-eight cents (\$354.38) within 60 days from date, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Swedish-Finnish Evangelical Mission Church in Brooklyn:

Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the cancellation of certain assessments for public improvements affecting premises owned by the Bedford Park Presbyterian Church in the Borough of The Bronx:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:
Gentlemen—Bedford Park Presbyterian Church has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as block 3298, lot 1.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about May 26, 1902; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious purposes.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation prior to 1907, and since, and the assessed valuation for the year 1913 is \$28,500.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"East 199th Street, Opening from Bainbridge Avenue to Jerome Avenue" (confirmed March 18, entered May 1, 1907):
No. 6, Block 3298, Lot 1..... \$29 90
"Acquiring Title to Grand Boulevard and Concourse, Etc." (confirmed December 8, Entered December 30, 1909):
No. 21644, Block 3298, Lot 1..... 23 71

The total amount involved as principal in the above assessments is \$53.61. The property affected by these assessments is located in the Borough of The Bronx, Bedford Park boulevard and Bainbridge avenue.

The records of the Division of Awards and the Division of Real Estate of this Department show no awards paid or payable to the petitioner, and no lease to The City of New York affecting the property above described.

The treasurer, A. F. LeGost, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources (including balance of \$126.26 from preceding year) to be \$4,045.64 and the expenditures for all objects \$4,007.31, leaving a balance of \$38.33.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Bedford Park Presbyterian Church, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of \$0.10.

WM. A. PRENDERGAST, Comptroller.

Resolved, That, upon payment of the sum of ten dollars (\$10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Bedford Park Presbyterian Church in the Borough of The Bronx:

Sworn to before me this 28th day of March, 1912. LEWIS C. GROVER, Commissioner of Deeds for the City of New York.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a petition from Richard Crown to the Commissioners of the Sinking Fund, stating that he is the owner of certain premises located on the southwesterly corner of Clarkson avenue and Albany avenue, in the Borough of Brooklyn, and requesting a release of the interest of the City in a certain strip of land fronting thereon and lying within the lines of what was formerly Clarkson street, in said Borough.

The southerly line of Clarkson avenue as now laid out is distant 12 feet 10 1/2 inches northerly from the old line of Clarkson street, between East 40th street and Albany avenue. It is that portion of old Clarkson street lying between the southerly line of Clarkson avenue as now laid out and the southerly line of old Clarkson street, abutting the property of the petitioner, which it is requested to be released.

The value thereof has been appraised by the Division of Real Estate of this Department at \$427.10. Under the rule adopted by the Commissioners of the Sinking Fund the price to be paid by the petitioner will be 50 per cent. of such appraisal, or \$213.55, which to my mind is reasonable and just.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund

adopt a resolution authorizing a release to Richard Crown, residing at the southwest corner of Clarkson and Albany avenues, Borough of Brooklyn, of the interest of the City in and to all that certain piece or parcel of land, situate, lying and being in The City of New York, Borough of Brooklyn, County of Kings, bounded and described as follows:

All that certain strip, piece or parcel of land, situate, lying and being in the Twenty-ninth Ward of the Borough of Brooklyn (formerly Town of Flatbush), County of Kings, City and State of New York, and bounded and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Clarkson avenue with the westerly side of Albany avenue, and running thence westerly along the southerly side of Clarkson avenue forty (40) feet; thence southerly and parallel with Albany avenue twelve (12) feet ten and one-half (10½) inches to the old line of Clarkson street, and thence easterly and parallel with Clarkson avenue and along the old line of Clarkson street forty (40) feet to the westerly side of Albany avenue, and thence northerly along the westerly side of Albany avenue, twelve (12) feet ten and one-half (10½) inches to the said line of Clarkson avenue, at the point or place of beginning;

— in consideration of the sum of \$213.55, plus the additional charge of \$12.50 for the preparation of the necessary papers. The conveyance from the City to be made subject to the following terms and conditions:

That the grantee waive any and all claims for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the lands fronting on the section of the street or avenue to be conveyed.

That the deed contain the following reservation: Excepting and reserving to the party of the first part all easements and right of way of every kind and description which it has in and to Clarkson street or avenue by reason of his ownership of or interest in the premises hereby conveyed or otherwise with the same force and effect and to the same extent as though this conveyance had not been made or delivered; and the party of the second part, in further consideration of this conveyance, does hereby for himself, his successors and assigns, waive, surrender and release any right to damages which have accrued or may at any time accrue from the use, for any rapid transit, municipal, public or semi-public purposes, of Clarkson street or avenue by reason of ownership of or interest in the premises hereby conveyed or herein described; without prejudice, however, to any rights or claims which have accrued or may hereafter accrue by virtue of such use to the grantee herein or his successors in interest by reason of his ownership of the premises adjoining those hereby conveyed; provided, however, that none of the foregoing exceptions, reservations, agreements or conditions shall operate to deprive the party of the second part or his assigns or successors in interest from claims or damages in case said Clarkson street or avenue should be discontinued, closed or abandoned as a public street or avenue in front of the premises hereby conveyed.

That such conveyance be made in such form as shall be approved by the Corporation Counsel.

The deed not to be delivered until evidence has been produced that all taxes, assessments and liens due the City, which appear against the land in the street or avenue and the petitioner's abutting property have been paid.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, Richard Crown, in a petition addressed to the Commissioners of the Sinking Fund, states that he is the owner of certain property located at the southwesterly corner of Clarkson avenue and Albany avenue, in the Borough of Brooklyn, and requests a release of the interest of the City in a certain strip of land fronting thereon, and lying within the lines of what was formerly Clarkson street in said Borough.

The following petition was received from Mary E. Jones for a release of the City's interest in certain property at the foot of East 38th street, Borough of Manhattan:

To the Honorable Commissioners of the Sinking Fund of the City of New York:

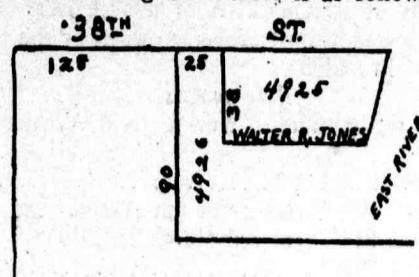

The petition of Mary E. Jones, wife of Oliver L. Jones, of Cold Spring Harbor, Nassau County, New York, respectfully shows:

1. That she has been for many years past and now is the owner in fee of the lot on the south side of East 38th street, New York City, adjoining the East River, being described in a deed thereof to Walter R. Jones, deceased, dated June 30, 1849, situate 150 feet east of 1st avenue and being sixty-four (64) feet in front on 38th street, and thirty-eight (38) feet in depth on the westerly line thereof and sixty-eight (68) feet on the southerly and easterly sides on the same as bounded by the East River, said lot being known as No. 267 on a Map in Tin Case 65, on file in the Register's office, New York County, and is shown thereon as follows:

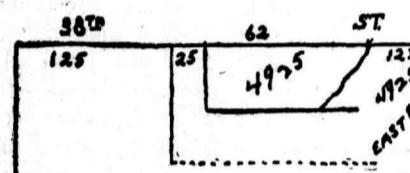

2. That said Walter R. Jones died in 1855, in New York City, seized of the said premises and the same became the property of your petitioner in 1882 upon the death of Charles H. Jones, her father, who was a brother of said Walter R. Jones.

3. Upon information and belief your petitioner alleges that in 1853, for the purpose of levying annual taxes, the City caused a map to be made of lands in the locality aforesaid, showing dimensions into lots with the names of the owners thereof and affixing to each lot a number known as Ward Map Numbers, and the same was used from 1854, for many years thereafter, in levying the amount of taxes and assessments, to be paid by the owners of Ward Nos. 4925 and 4926, which numbers represented one-half of block between 37th and 38th streets along the East River in the locality referred to herein. A diagram thereof is as follows:

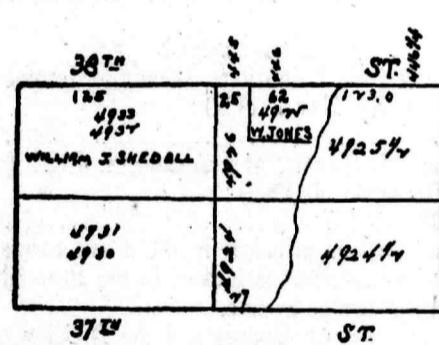

4. That between the years 1854 and 1910 there was assessed and levied by the City certain annual taxes upon the land under water of the East River in front of the said upland lots, and in levying the same the Tax Department regarded the persons who owned the adjacent upland as having a presumptive right to parts of the land under water in front of such upland and tax bills for such taxes as were levied thereon were issued by the City therefor, and all such bills as to the land under water in front of said lot 4925 and owned by Walter R. Jones and said Charles H. Jones and your petitioner have been paid by the said owners during said years, the said bills bearing the Ward Number 4925½ for such years, and an assessment levied thereon of \$75.12 for grading 1st avenue, confirmed March 12, 1864, was also paid.

5. That on or about 1869, for the same purpose, the City caused a map to be made of said premises, showing dimensions in lots with ward numbers. A diagram thereof is as follows:

6. That in the tax lists for each year, from 1869 for many years thereafter, there were assessed and charged against the owners of said 4925 a certain sum of taxes imposed with respect to their ownership of interest in, or right to lands under water adjacent thereto, by the Ward No. 4925½, and all of which were duly paid.

7. That the area of land under water represented by said tax on 4925½ was not clearly specified or indicated on any of the tax maps used for said taxing purposes prior to 1874, and in that year the City caused an assessment map of said premises to be filed and levied on said lot 4925½, an assessment of \$114.60 (confirmed March 26, 1874) for stone block pavement, 1st avenue between 36th and 61st streets, and on the 10th day of November, 1891, the Clerk of Arrears sold said lots Nos. 4925 and 4925½ to Samuel Jones for the term of one thousand years, and who paid the sum then due thereon to the City on said No. 4925½, and on the 30th day of November, 1891, and received a certificate therefor No. 4658 from the City, which certificate was assigned by the said Samuel Jones to and is now held by your petitioner. That at least one-third part thereof was charged upon said No. 4925½. A copy of which map is as follows:

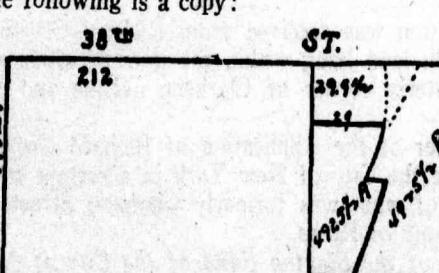

8. That for the years 1878 and 1879 taxes were levied on said lot No. 4925½ and for the non-payment thereof, on or about May 9, 1883, the City sold to the Mayor Commonalty of the City of New York, for the term of one thousand years for the amount then due thereon, and on the 30th day of July, 1888, the Mayor, etc., caused a notice of such sale and of a conveyance thereof to the Mayor, etc., to be given to your petitioner, notifying her that unless the said sum with interest and charges be paid to the Clerk of Arrears within six months thereafter the said conveyance to the Mayor, etc., would become absolute, and on the 18th day of January, 1889, and within the said six months, your petitioner paid the Clerk of Arrears the sum of \$523.35 in payment of the above taxes, interest and charges.

9. That for the years 1880, 1881, 1882, there was assessed upon lots Nos. 4925 and 4925½ the sum of about \$380 for taxes, and on the 17th day of December, 1886, the Clerk of Arrears sold the same for non-payment thereof to John Lyon Gardiner, for the term of one thousand years, and upon the payment to the said Clerk of the sum of \$680.70 by said Gardiner for your petitioner, a certificate of such sale was duly issued to him, numbered 1224, and thereafter said certificate was surrendered and a lease, dated December 18, 1888, was issued to him, signed by proper authorities of the City, except the Comptroller, who declined to sign the same upon the ground that part of said premises included in such sale belonged to the City, and said lease is held by your petitioner.

10. That in or about the year 1884 the said lot, No. 4925½, was assessed for paving 38th street, 1st avenue to East River (confirmed May 17, 1884), in the sum of \$221.78 and thereafter on the 10th day of November, 1891, the City sold said lot to Samuel Jones for the term of one thousand years for the aforesaid assessment, and on the 30th day of November, 1891, the said Samuel Jones paid to the Finance Department the sum of \$341 for said assessment for your petitioner and received a certificate of sale thereof, No. 4659, from the City, which said certificate was only assigned to, and the same is now held by your petitioner.

11. That in the year 1883 a map of said premises was made by the City for tax purposes, of which the following is a copy:

— and that from that date to about 1894 the taxes levied by the City upon the premises known by Ward No. 4925½ and later by No. 4925½B were paid by your petitioner, and such payment being in addition to the amount paid to the City by J. Lyon Gardiner for her on the said sale in 1886 under certificate of sale No. 1224 issued to him by the City and referred to in section 9 above. The lands under water above referred to being numbered 4925½A and 4925½B.

That the premises, numbered 4925½A, on said last mentioned map were redeemed from said sale of December 17, 1886, by or on behalf of the owner of the premises adjacent to that number and the amount paid to the City on said sale.

December, 1913.
To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a petition to the Commissioners of the Sinking Fund from Mary E. Jones, requesting a release of the City's interest in certain premises on 38th street and East River, Borough of Manhattan. The petitioner alleges that she is the owner of the premises more particularly described in the petition; that for many years from 1854 to the present time, taxes and assessments as set forth in detail in the petition, were paid by her and her predecessors in title; that in 1891 a judgment was entered in favor of Simon Bernheimer against the City affecting premises formerly lands under water from a line 25 feet south of 38th street to the corner line of the block, and that she was not made a party to such action and had no notice thereof.

The petitioner further states that in 1895, one Skelly brought an action against her and her tenant to recover possession of part of the premises then claimed by her, such action being based upon the judgment in the City's action against Bernheimer; that this action was tried and resulted in a judgment in favor of the plaintiff for so much of the premises involved in the action as lay south of a line parallel to and 25 feet south of 38th street, and that in 1910, the Department of Docks and Ferries issued a permit to occupy a portion of the premises claimed by her, and since 1882 she claims she has been in continuous, peaceful and undisturbed possession of the land under water out to the stone wall bulkhead.

I submitted this petition to the Corporation Counsel and requested him to inform me as to the merits of the same and the interest of the City in the property claimed to be owned by Mary E. Jones.

The premises referred to in the petition were originally lands under water of the East River between high and low water marks, title to which was vested in the City under the Dongan Charter. It appears from the petition that the premises requested to be released were bulkheaded, and filled in, in the year 1882, and a survey made by the Department of Docks shows that a fence was maintained along the 38th street front of such premises, and that the premises had been filled in and a stone faced embankment built along the river front. No evidence was presented as to how long prior to 1891 such fence was maintained.

The Corporation Counsel in an opinion under date of March 18, 1913, certifies that the City's interest in the premises requested to be released was a mere cloud upon the title of a private owner.

I do not think that this petition should be granted upon the claim of adverse possession, as such claim is not sufficient or satisfactory. There is, however, more than sufficient evidence to justify a compromise by settling the disputed boundary line, and I believe the matter can be effectually disposed of in that manner. The boundary line should be a line drawn at right angles to the southerly side of East 38th street, from the point of intersection of a line drawn parallel to and 25 feet southerly from said southerly side of East 38th street with the stone faced embankment.

I therefore respectfully recommend that the Commissioners of the Sinking Fund determine upon and establish as the boundary line between the property of the City of New York and that of Mary E. Jones, located at the foot of East 38th street, Borough of Manhattan, a line:

Beginning at a point in the stone faced embankment where a line drawn parallel with and distant 25 feet southerly from the southerly side of East 38th street intersects the stone faced embankment, said point being distant 233 feet 11 $\frac{1}{4}$ inches easterly measured along said parallel line, from the easterly side of 1st avenue as shown on map entitled "Supreme Court, New York County, The Mayor, etc., of New York against Simon Bernheimer, et al., Map showing the lines fixed by Judgment, filed October 19, 1891," running thence northerly at right angles with said southerly side of East 38th street, 25 feet to the southerly side of East 38th street, —and that the City of New York release to Mary E. Jones, in consideration of the sum of \$101, and the additional charge of \$12.50 for the preparation of the necessary papers, all its interest in the land lying between the above mentioned boundary line and the property owned by her and contained within the southerly line of East 38th street, and a line distant 25 feet southerly therefrom and parallel thereto. The release not to be delivered, however, until Mary E. Jones has furnished evidence that all taxes, assessments and liens due the City, which appear against the above described property and the abutting property owned by her have been paid, nor until she has delivered to the City of New York a release of all her interest in and to all lands lying east of the above mentioned boundary line.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, Mary E. Jones, in a petition addressed to the Commissioners of the Sinking Fund, requests a release of the City's interest in certain property at the foot of East 38th street, Borough of Manhattan, and more particularly hereinafter described; and

Whereas, it appears that the premises in question were originally lands under water between high and low water mark, title to which was vested in the City under the Dongan Charter, and that the petitioner claims title thereto and is the owner of lands abutting thereon; and

Whereas, The Commissioners of the Sinking Fund, under section 205 of the Charter, have power by unanimous vote to settle and adjust by mutual conveyances or otherwise, and upon such terms and conditions as they may deem proper, disputes existing between the City and private owners of property in respect to boundary lines.

Resolved, That the Commissioners of the Sinking Fund hereby determine upon and establish as the boundary line between the property of the City of New York and that of Mary E. Jones, located at the foot of East 38th street, Borough of Manhattan, a line,

Beginning at a point in the stone-faced embankment where a line drawn parallel with and distant 25 feet southerly from the southerly side of East 38th street intersects the stone-faced embankment, said point being distant 233 feet 11 $\frac{1}{4}$ inches easterly measured along said parallel line, from the easterly side of 1st avenue, as shown on Map entitled "Supreme Court, New York County, The Mayor, etc., of New York against Simon Bernheimer, et al., Map showing the lines fixed by Judgment, filed October 19, 1891," running thence northerly at right angles with said southerly side of East 38th street, 25 feet to the southerly side of East 38th street; and be it further

Resolved, That pursuant to the provisions of Section 205 of the Greater New York Charter, the Commissioners of the Sinking Fund by unanimous vote, hereby authorize a release to Mary E. Jones, of all its interest in the land lying between the above mentioned boundary line and the property owned by her and contained within the southerly line of East 38th street and a line distant 25 feet southerly therefrom and parallel thereto, in consideration of the sum of one hundred and one dollars (\$101) and the additional charge of twelve dollars and fifty cents (\$12.50) for the preparation of the necessary papers. The release not to be delivered, however, until Mary E. Jones has furnished evidence that all taxes, assessments and liens due the City, which appear against the above described property and the abutting property owned by her have been paid, nor until she has delivered to the City of New York a release of all her interest in and to all her lands lying east of the above mentioned boundary line.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Robert L. Meyer, for a conveyance of the City's interest in a strip of land at the northwest corner of DeBevoise avenue and Potter avenue, Long Island City, Borough of Queens:

New York, October 30, 1913.

To the Commissioners of the Sinking Fund of The City of New York:

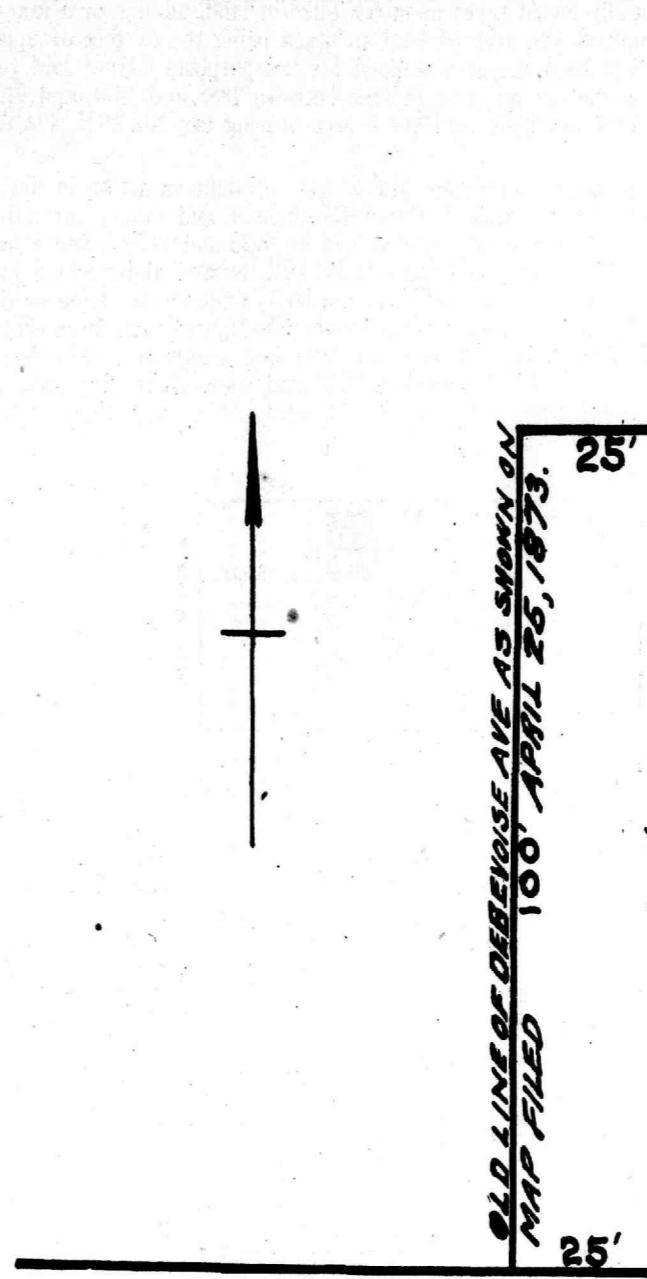

Gentlemen—I am the owner of a piece of property, situated on the northwest corner of DeBevoise or 2d avenue and Potter avenue, in Long Island City, Borough of Queens, having a frontage of 100 feet on DeBevoise or 2d avenue and a frontage of 95 feet on Potter avenue. I became the owner of this property by deeds from Emily P. Woolsey, dated April 24, 1888. At that time (in 1888), DeBevoise or 2d avenue had a width of 150 feet in front of my property, which street lines, showing 150 feet in width were adopted April 25, 1873. The street lines in said avenue were subsequently, pursuant to chapter 644 of the Laws of 1893, amended by reducing the width thereof to 100 feet, centrally located, eliminating therefrom a strip of 25 feet upon each side. By deed dated August 26, 1896, Robert J. Trimble and Kate T. Woolsey, individually and as executrix of the last will and testament of Edward J. Woolsey, deceased, conveying to me all of the bed of DeBevoise avenue to the center line thereof, fronting upon my above-described property.

I am informed that my title to the strip of 25 feet, lying between the old and the

new westerly lines of DeBevoise or 2d avenue, is questioned, and that it will be necessary for me to obtain the interest of The City of New York therein.

I hereby make application for a conveyance to me of the interest of The City of New York in said strip of land, upon such terms and conditions as may be agreed upon between your honorable Commission and myself. Very respectfully yours,

ROBERT L. MEYER, 437 East 84th street, New York City.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

December 29, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from Robert L. Meyer to the Commissioners of the Sinking Fund, stating that he is the owner of certain property located on the northwesterly corner of DeBevoise avenue and Potter avenue, Long Island City, Borough of Queens, and that between this property and the northerly line of DeBevoise avenue as now laid out, is a strip of land which was contained within the original lines of DeBevoise avenue; that at the time he acquired this property, in 1888, DeBevoise avenue was 150 feet in width in front of his property; that pursuant to chapter 644 of the Laws of 1893, the street lines of this avenue were subsequently reduced by changing the width thereof to 100 feet, eliminating therefrom a strip of 25 feet on each side, and he requests the City to release its interest in and to this strip abutting his premises.

On the Commissioners' map of Long Island City dated April 15, 1873, DeBevoise avenue was laid out at this location with a width of 150 feet, but title to any portion of this avenue was never acquired until 1907. In the proceeding for the taking, which was confirmed on February 11, 1907, DeBevoise avenue was shown as a one hundred-foot street, instead of a one hundred and fifty-foot street, as laid out on the above mentioned Commissioners' map, leaving twenty-five feet on each side.

I therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize a release to Robert L. Meyer of No. 437 East 84th street, Borough of Manhattan, of the interest of the City in and to certain premises located in the Borough of Queens, City of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the northerly line of Potter avenue with the westerly line of DeBevoise avenue as now laid out; running thence northerly along the westerly line of DeBevoise avenue 100 feet; running thence westerly and parallel with Potter avenue 25 feet; running thence southerly along the westerly line of DeBevoise avenue as shown on a map entitled "Commissioners' Map of Long Island City, in Queens County, State of New York," filed in the City Clerk's office of Long Island City April 25, 1873, 100 feet to the northerly line of Potter avenue; running thence easterly along the northerly line of Potter avenue 25 feet to the point or place of beginning.

—in consideration of the sum of \$101, and the additional charge of \$12.50 for the preparation of the necessary papers. The conveyance from the City to be made subject to the following terms and conditions:

That the grantee waive any and all claims for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the lands fronting on the section of the street or avenue to be conveyed.

That the deed contain the following reservation: Excepting and reserving to the party of the first part all easements and rights of way of every kind and description which it has in and to DeBevoise avenue by reason of its ownership of or interest in the premises hereby conveyed or otherwise with the same force and effect and to the same extent as though this conveyance had not been made or delivered; and the party of the second part, in further consideration of this conveyance, does hereby for himself, his successors and assigns, waive, surrender and release any right to damages which have accrued or may at any time accrue from the use, for any rapid transit, municipal, public or semi-public purposes, of DeBevoise avenue by reason of ownership of or interest in the premises hereby conveyed or herein described; without prejudice, however, to any rights or claims which have accrued or may hereafter accrue by virtue of such use to the grantee herein or his successors in interest by reason of his ownership of the premises adjoining those hereby conveyed; provided, however, that none of the foregoing exceptions, reservations, agreements or conditions shall operate to deprive the party of the second part or his assigns or successors in interest from claims or damages in case said DeBevoise avenue should be discontinued, closed or abandoned as a public street or avenue in front of the premises hereby conveyed.

That such conveyance be made in such form as shall be approved by the Corporation Counsel.

The deed not to be delivered until evidence has been produced that all taxes, assessments and liens due the City, which appear against the land in the street or avenue and the petitioner's abutting property have been paid.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, Robert L. Meyer, in a petition addressed to the Commissioners of the Sinking Fund, states that he is the owner of property located at the northwest corner of DeBevoise avenue and Potter avenue, Long Island City, Borough of Queens, and re-

quests a release of the interest of the City in strip of land fronting thereon, hereinafter described, which was contained within the original lines of DeBevoise avenue.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

Beginning at the corner formed by the intersection of the northerly line of Potter avenue with the westerly line of DeBevoise avenue as now laid out; running thence northerly along the westerly line of DeBevoise avenue 100 feet; running thence westerly and parallel with Potter avenue 25 feet; running thence southerly along the westerly line of DeBevoise avenue as shown on a map entitled, "Commissioners' Map of Long Island City, in Queens County, State of New York, filed in the City Clerk's office of Long Island City April 25, 1873," 100 feet to the northerly line of Potter avenue; running thence easterly along the northerly line of Potter avenue 25 feet to the point or place of beginning; and be it further

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release to Robert L. Meyer, of No. 437 East 84th street, Borough of Manhattan, of the interest of the City in and to the property hereinabove described in consideration of the sum of one hundred and one dollars (\$101) and the additional charge of twelve dollars and fifty cents (\$12.50) for the preparation of the necessary papers. The conveyance from the City to be made subject to the following terms and conditions.

That the grantee waive any and all claims for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the lands fronting on the section of the street or avenue to be conveyed.

That the deed contain the following reservation:

"Excepting and reserving to the party of the first part all easements and rights of way of every kind and description which it has in and to DeBevoise avenue by reason of its ownership of or interest in the premises hereby conveyed or otherwise with the same force and effect and to the same extent as though this conveyance had not been made or delivered; and the party of the second part, in further consideration of this conveyance, does hereby for himself, his successors and assigns, waive, surrender and release any right to damages which have accrued or may at any time accrue from the use for any rapid transit, municipal, public or semi-public purposes of DeBevoise avenue by reason of ownership of or interest in the premises hereby conveyed or herein described; without prejudice, however, to any rights or claims which have accrued or may hereafter accrue by virtue of such use to the grantee herein or his successors in interest by reason of his ownership of the premises adjoining those hereby conveyed; provided, however, that none of the foregoing exceptions, reservations, agreements or conditions shall operate to deprive the party of the second part or his assigns or successors in interest from claims or damages in case said DeBevoise avenue should be discontinued, closed or abandoned as a public street or avenue in front of the premises hereby conveyed."

That such conveyance be made in such form as shall be approved by the Corporation Counsel.

The deed not to be delivered until evidence has been produced that all taxes, assessments and liens due the City which appear against the land in the street or avenue, and the petitioner's abutting property have been paid.

The report was accepted and the resolution unanimously adopted.

Adjourned.

It appears that a resolution was adopted by this Local Board initiating this improvement on September 8, 1913, the both Aldermen of the district voting in favor thereof.

The President of the Borough asked the Board if they were in favor of the amendment as suggested and the two Aldermen voted in the negative. Amendment lost.

Estimated cost, \$7,300, or \$127.50 for each 25-foot lot.

Engineer reports that the cost of maintaining the present earth road for the year ending July 31, 1913, was \$1,027.07, making a cost of 57 cents a square yard. If the street is paved, we are advised that the Department of Street Cleaning could keep the same clear for a cost of 10 cents per square yard. The cost of cleaning receiving basins on this street for the year ending July 31, 1913, was \$5.97.

The official board of the Tremont M. E. Church has requested that asphalt blocks be laid opposite the church to minimize noise.

Chief Engineer suggests that instead of this the entire street be paved with bituminous concrete, which is a cheap, durable and practically noiseless pavement.

Cost Per 25-Foot Lot.

Redressed granite block pavement \$127.50
Asphalt block pavement 126.75
Bituminous concrete pavement 92.50

It was finally agreed to pave this street with a bituminous concrete pavement on a concrete foundation, and the following resolution was adopted:

Paving with bituminous concrete on a concrete foundation (preliminary pavement) the roadway of E. 178th st., from Park ave. to 3d ave., setting curb where necessary, together with all work incidental thereto.

Total estimated cost, \$5,300, or \$92.50 for each 25-foot lot, which was adopted.
