Local Law 86: Quarterly and Semi-Annual Reporting of Individuals in DOC Custody

Fourth Quarter, 2017

Numbers are generated by the Department of Correction and New York Police Department and are reported to, and compiled by, the Mayor's Office of Criminal Justice. Charts 1, 3, 14, and 15 are reported on a quarterly basis, and charts 2, 4-13, and 16 are reported semi-annually.

DOC population data is reported in two different formats:

Snapshot: the population of individuals in DOC custody on a given day

Admissions: a cumulative measure of individuals admitted to DOC custody over time

The 16 charts included in this report adhere to the following format:

Changes from Previous Reporting Cycles

Pretrial detainees with open parole violations were previously treated as pretrial detainees due to data availability. However, per statute requirements beginning with this report, all individuals with open cases and a parole warrant are now counted as parole violators.

The category amount pending was added to paragraph 13 for individuals who have had bail posted but are awaiting surety review to determine if the source of the funds is legitimate.

Table 1: Average Daily Population of Individuals in DOC Custody for Q4 2017

"The average daily population of inmates in the custody of the department of corrections."

* Defendants with no bail set are those with remands in all of their cases. Bail figures indicate any individual admitted with bail set on a case; bail may not be the sole reason for the detention.

** $1 bail is used to account for time spent in jail by a defendant who is already in jail for another case or hold.

***Individuals with amount pending have had bail posted but are awaiting surety review to determine if the source of the funds is legitimate.
