Whereas, There is in possession of J. ROGER S. TRACY, M. D., Register.

2d. The absence of a necessity upon sanitary grounds for so extensive a park area as originally proposed in the neighborhood in question; the deep valley of the Harlem river at that point pro-

viding abundant fresh-air currents, and the character of its steep banks precluding any future unhealthy density of population.

3d. The comparative nearness, in point of accessibility by rail, of Riverside, Morningside, and Van Cortlandt Parks, which afford such varied and ample facilities for pleasure and recreation of the great multitude, that the High Bridge Park must be considered as likely to be resorted to only to a comparatively limited extent, for which the proposed diminished area will be adequate.

4th. The necessity, in view of the numerous immense outlays for essential improvements already imposed upon the City, for limiting its expenditure for parks in addition to those already lavishly provided in the neighborhood, to the smallest amount consistent with true economy. The area which it is proposed to retain possesses qualifications of picturesqueness to the highest degree, and with a moderate outlay can be made to afford all the convenience and enjoyment to the public which it was originally desired to secure. Of the 52 62-100 acres which the proposed reduced area will include, 29 80-100 acres are already owned by the City, comprising the Old High Bridge Park, and the reservoir site, as well as New Croton Aqueduct territory, leaving only 22 82-100 acres to be acquired by purchase. The area with which it is proposed to dispense, while doubtless eminently suitable for park purposes, offers little save a simple additional extent of territory; and as the cost of all property taken will, through greatly increased valuations of real estate, far exceed the original estimates, your Committee cannot but regard the outlay required for its purchase as inadvisable.

These, among other considerations, have led to the recommendation by your Committee, that the area of the High Bridge Park, as adopted by this Board on December 24, 1888, be reduced to the limits described as follows, as per diagram:

The southerly limit of the park to be the present southerly line of the Old High Bridge Park extended to the easterly line of Edgecombe avenue and following the said easterly line of Edgecombe avenue to Tenth avenue, and the northerly limit of the park to be a line drawn 150 feet northerly from the northerly line of Washington Bridge, parallel thereto, and extending from Tenth avenue easterly to the easterly limit of the park as fixed December 24, 1888. The easterly and westerly limits of the park to be the same as heretofore adopted, within the northerly and southerly limits above laid down.

As a matter which should naturally have much weight in considering the question of the proposed reduction of area, your Committee has consulted the Counsel to the Corporation as to the possible liability of the City in connection therewith, and begs to submit an opinion received from him under date November 21, 1889, hereto annexed, in which he states: "I therefore advise you that the proposed area of High Bridge Park may be reduced without making the City liable for damages to the owners of property excluded thereby."

It should be remembered in this connection that the property, now proposed to be released from Park limits, has not only received the very material benefit of a release from all taxation and assessments since June 13, 1885, under the provisions of chapter 530, Laws of 1885, but possesses to-day a decidedly increased value over that which prevailed when the original area of the park was defined.

Respectfully submitted,

THEO. W. MYERS, Comptroller.
THOS. F. GILROY, Commissioner of Public Works.
W. HUTCHINS, President, Department of Public Parks.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, November 21, 1889.

V. B. LIVINGSTON, Esq., Secretary of the Board of Street Opening and Improvement:

SIR—I have received your letter of the 12th instant, requesting my opinion upon the question, whether the City would be liable for damages to the owners of property which would be excluded from High Bridge Park, if its area should be reduced by the Board of Street Opening and Improvement.

Special statutory provision was made for the payment of damages in the case of the Military Parade Ground on the Harlem river, to which reference is made in your letter.

Chapter 444 of the Laws of 1887, repealing the Act of 1871, under which the Military Parade Ground was laid out, provided for a commission to appraise and assess the loss and damage sustained by the owners of any real estate situated within its proposed boundaries, by reason of the laying out of the parade ground, or the proceedings taken under the Act of 1871, or by reason of the repeal of the act.

Under the decisions of this State, however, the owner of property within the lines of a proposed public improvement has no claim in law or equity to be compensated because his lands were not finally taken for that purpose.

It is so stated in the matter of Erastus H. Munson, 29 Hun, 325, where the rights of claimants to compensation in cases of this kind, and the duties of the Commission under the Act of 1877, above referred to, were examined at length.

In delivering the opinion of the Court, Mr. Justice Barrett said: "It is not denied that but for the Act of 1887, claimants would be remediless. Under the decisions in this State individual rights have been subordinated to the public convenience. * * *

"It is clear that the intention was to take this particular and extraordinary case out of the ordinary rule in this State, which * * * leaves the property-owner without power to compel the authorities, either to proceed, take and pay for his property, or, upon discontinuance, to compensate him for the practical impounding of his rights. If this was not intended, the act was delusive and meaningless. The Legislature knew the state of the law. It was aware that the property-owners had no legal redress. The machinery of a commission was surely not provided merely that the Commissioners might tell the property-owners what they already knew, namely, that their claims were without legal foundation."

I therefore advise you that the proposed area of High Bridge Park may be reduced without making the city liable for damages to the owners of property excluded thereby.

Very respectfully,

WM. H. CLARK, Counsel to the Corporation.

On motion, the report was laid over for the reconsideration of the Committee as to some alteration of the map or diagram submitted.

The following letter from Mr. W. C. Orr, relating to a public place at Eighth avenue and One Hundred and Tenth street, was read, and, on motion, referred to the Department of Public Parks for report.

LAW OFFICES OF WILLIAM C. ORR,
NO. 51 CHAMBERS STREET,
NEW YORK, November 27, 1889.

To the Honorable the Board of Street Opening and Improvement:

GENTLEMEN—As attorney for the executors of and trustees, under the last will and testament of Edward J. King, deceased, who are vested with the title to the lands and premises on and about the southwest corner of Eighth avenue and One Hundred and Tenth street, in the City of New York, I beg to call your attention to chapter 580 of the Laws of 1887, and chapter 424 of the Laws of 1888, relative to establishing a public place at Eighth avenue and One Hundred and Tenth street.

I respectfully ask, on behalf of said estate, that you will carry out the provisions of these laws without delay, as the legal representatives of Mr. King's estate, ever since the passage of these acts, have been and still are, desirous of the early carrying out of the same.

Very respectfully yours,

W. C. ORR, Attorney for estate of Edward J. King, deceased.

The following communication from the Department of Public Parks, relative to discontinuing proceedings for the opening of East One Hundred and Seventy-fourth and One Hundred and Seventy-fifth streets, was presented and read.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
NOS. 49 AND 51 CHAMBERS STREET,
July 16, 1889.

Mr. V. B. LIVINGSTON, Secretary, Board of Street Opening and Improvement:

SIR—I have the honor to acknowledge receipt of your letter of 10th instant, inclosing communications dated the 25th of March last, from the Corporation Counsel, relative to the action taken by the Board of Street Opening and Improvement on March 1, last, in declining to sign the petition to the Supreme Court for the opening of One Hundred and Seventy-fourth street, for the reason that the lay-out of the street was not approved by said Board; and the petition for the opening of One Hundred and Seventy-fifth street, because the street is over a mile in length; and have to state: 1st. With reference to One Hundred and Seventy-fourth street, that, since the adoption on June 15, 1888, of the resolution to open this street, a change in its lines west of the Harlem railroad and its extension to the Macomb's Dam road have been suggested, and it is therefore recommended that the resolution to discontinue the present proceeding be adopted. 2d. That at the time of the adoption, on August 3 last, of the resolution to open One Hundred and Seventy-fifth street, from Carter avenue to the Southern Boulevard, that street embraced two old streets, known as "Fitch street" and "Fairmount avenue." The Common Council passed resolutions on April 16 last, which were approved by the Mayor on May 6: 1st. "That the street now known as 'Fairmount avenue,' from Third avenue to the Southern Boulevard, shall continue to be and shall hereafter be known and designated as 'Fairmount avenue.' 2d. That the street now known as 'Fitch street,' from Carter avenue to Third avenue, shall hereafter be known and designated as East One Hundred and Seventy-fifth street."

In view of this action of the Common Council, and also for the reason given by the Counsel to the Corporation, it is recommended to adopt the resolutions to discontinue the pending proceeding. The resolutions referred to are returned inclosed herewith.

Very respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

The Commissioner of Public Works offered the following resolutions:

Resolved, That this Board deeming it for the public interest that the proceeding now pending in the Supreme Court for the opening of East One Hundred and Seventy-fourth street, from Carter avenue to Third avenue, should be discontinued, hereby respectfully requests the Counsel to the Corporation to take the necessary steps to discontinue the same.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Board of Aldermen—4.

The President of the Department of Public Parks being absent.

Resolved, That this Board deeming it for the public interest that the proceedings now pending in the Supreme Court for the opening of East One Hundred and Seventy-fifth street, from Carter avenue to the Southern Boulevard, should be discontinued, hereby respectfully requests the Counsel to the Corporation to take the necessary steps to discontinue the same.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Board of Aldermen—4.

The President of the Department of Public Parks being absent.

The following communication from the Counsel to the Corporation relative to closing John street, in the Twenty-third Ward, was presented and read:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, September 27, 1889.

V. B. LIVINGSTON, Esq., Secretary, Board of Street Opening and Improvement:

SIR—I am in receipt of your communication of the 22d ultimo, requesting my opinion as to the power of the Board of Street Opening and Improvement to close John street and continue Cedar place, from Eagle to Brook avenue, in the Twenty-third Ward.

Chapter 185 of the Laws of 1885, enlarging the powers of the Board of Street Opening and Improvement in the City of New York, provides that said Board "shall have the same power and authority as to laying out * * * and as to altering and closing all streets, roads, avenues and boulevards, as said Board now has to any street or avenue in that part of said city south of One Hundred and Fifty-fifth street and of the Harlem river; provided that this act shall not be deemed to confer upon said Board of Street Opening and Improvement any power or authority in respect to streets, roads, avenues, boulevards, parks, parkways and public places in the Twenty-third and Twenty-fourth Wards of the City of New York, which is not now vested in and possessed by the Department of Public Parks."

Consequently the power to close John street which was, at the time of the enactment of this law, possessed by the Department of Public Parks is now vested in the Board of Street Opening and Improvement.

The proposed extension of Cedar place to Brook avenue would practically be the laying-out of a new street, the power to do which is vested in your Board by the act above quoted.

Proceedings have been begun to acquire title to John street by the Mayor, Aldermen and Commonalty of the City of New York, but have gone no further than the appointment of Commissioners of Estimate and Assessment.

Very respectfully,

WM. H. CLARK, Counsel to the Corporation.

The Secretary stated that several petitions had been received from property-owners on John street, protesting against the closing of said street.

On motion, the communication from the Corporation Counsel and the protests from property-owners were referred to the Department of Public Parks for report on the advisability of closing John street.

On motion, the Board adjourned.

V. B. LIVINGSTON, Secretary.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
 No. 66 THIRD AVENUE.

TO CONTRACTORS.

PROPOSALS FOR POULTRY, ETC.

SEALED BIDS OR ESTIMATES FOR FURNISHING—

About 18,920 pounds of Poultry—

For use on Christmas Day.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M. of Wednesday, the 18th day of December, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Poultry," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made on Tuesday, December 24, 1889, before 7 o'clock A. M., all in accordance with specifications.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, December 6, 1889.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. THE BOARD OF PUBLIC CHARITIES AND CORRECTION
RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTI-
MATES IF DEEMED TO BE FOR THE PUBLIC INTEREST,
AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF
1882.

No bid or estimate will be accepted from, or contract
awarded to, any person who is in arrears to the Cor-
poration upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Corpora-
tion.

The award of the contract will be made as soon as
practicable after the opening of the bids.

Delivery will be required to be made from time to
time, and in such quantities as may be directed by the
said Commissioners.

Any bidder for this contract must be known to be en-
gaged in and well prepared for the business, and must
have satisfactory testimonials to that effect, and the
person or persons to whom the contract may be awarded
will be required to give security for the performance of
the contract by his or their bond, with two sufficient
sureties, in the penal amount of fifty (50) per cent.
of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name
and place of residence of each of the persons making the
same; the names of all persons interested with him or
them therein; and if no other person be so interested,
it shall distinctly state that fact; also that it is made
without any connection with any other person making
an estimate for the same purpose, and is in all respects
fair and without collusion or fraud; and that no member
of the Common Council, Head of a Department, Chief
of a Bureau, Deputy thereof, or Clerk therein, or other
officer of the Corporation, is directly or indirectly inter-
ested therein, or in the supplies or work to which it
relates, or in any portion of the profits thereof. The
bid or estimate must be verified by the oath, in writing,
of the party or parties making the estimate, that the
several matters stated therein are in all respects true.
Where more than one person is interested, it is requisite
that the verification be made and subscribed by all the
parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in
the City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they
will, on its being so awarded, become bound as his
sureties for its faithful performance; and that if he
shall omit or refuse to execute the same, they will
pay to the Corporation any difference between the sum to
which he would be entitled on its completion and that
which the Corporation may be obliged to pay to the person
or persons to whom the contract may be awarded at any
subsequent letting; the amount in each case to be cal-
culated upon the estimated amount of the work by
which the bids are tested. The consent above men-
tioned shall be accompanied by the oath or affirmation,
in writing, of each of the persons signing the same that
he is a householder or freeholder in the City of New
York, and is worth the amount of the security required
for the completion of this contract, over and above all
his debts of every nature, and over and above his
liabilities as bail, surety or otherwise; and that he has
offered himself as a surety in good faith and with the
intention to execute the bond required by section 12 of
chapter 7 of the Revised Ordinances of the City of New
York, if the contract shall be awarded to the per-
son or persons for whom he consents to become surety.
The adequacy and sufficiency of the security offered to
be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless ac-
companied by either a certified check upon one of
the State or National banks of the City of New York,

drawn to the order of the Comptroller, or money, to the
amount of five per centum of the amount of the security
required for the faithful performance of the contract.
Such check or money must not be inclosed in the sealed
envelope containing the estimate, but must be handed to
the officer or clerk of the Department who has charge of
the estimate-box, and no estimate can be deposited in
said box until such check or money has been examined by
said officer or clerk and found to be correct. All such
deposits, except that of the successful bidder, will be re-
turned to the persons making the same within three days
after the contract is awarded. If the successful bidder
shall refuse or neglect, within five days after notice, that
the contract has been awarded to him, to execute the
same, the amount of the deposit made by him shall be
forfeited to and retained by the City of New York, as
liquidated damages for such neglect or refusal; but if
he shall execute the contract within the time aforesaid,
the amount of his deposit will be returned to him.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or if he or
they accept but do not execute the contract and give
the proper security, he or they shall be considered as
having abandoned it and as in default to the Corpora-
tion, and the contract will be readvertised and relet as
provided by law.

The quality of the articles, supplies, goods, wares, and
merchandise must conform in every respect to the sam-
ples of the same on exhibition at the office of the said
Department. Bidders are cautioned to examine the
specifications for particulars of the articles, etc., re-
quired, before making their estimates.

Bidders will state the price for each article, by which
the bids will be tested.

Bidders will write out the amount of their estimate in
addition to inserting the same in figures.

Payment will be made by a requisition on the Com-
ptroller, in accordance with the terms of the contract, or
from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and
showing the manner of payment, will be furnished at
the office of the Department; and bidders are cau-
tioned to examine each and all of its provisions care-
fully, as the Board of Public Charities and Correction
will insist upon its absolute enforcement in every par-
ticular.

JURORS.

NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.

Room 127, Stewart Building,
No. 280 Broadway, Third Floor,
New York, June 1, 1889.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered in person, if possible, and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

No. 1. FOR REGULATING AND PAVING, WITH ASPHALT PAVEMENT ON CONCRETE FOUNDATION, THE CARRIAGEWAY OF BROAD STREET, from Wall street to Exchange place.

No. 2. FOR REGULATING AND PAVING, WITH ASPHALT PAVEMENT, ON THE PRESENT STONE-BLOCK PAVEMENT, THE CARRIAGEWAY OF THIRTY-EIGHTH STREET, from Fourth to Madison avenue.

No. 3. FOR REGULATING AND PAVING, WITH ASPHALT PAVEMENT ON CONCRETE FOUNDATION, THE CARRIAGEWAY OF WALL STREET, from the westerly crosswalk at Nassau street to the easterly crosswalk at Hanover street.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested in him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 1, No. 31 Chambers street.

COMMISSIONER'S OFFICE,

NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent. per ton (Custom House measurement) for each time they take water. Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,
THOMAS F. GILROY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, June 1st,

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,
Commissioner of Public Works.
