APPROVED PAPERS.

FOR THE WEEK ENDING JULY 5, 1913.

No. 952.

AN ORDINANCE in relation to service of employees.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Four hours upon any Saturday during the months of July and August shall constitute a full day's work for all employees of any department or bureau of The City of New York. The head of a department or bureau shall have power to employ the subordinates of such department or bureau upon any legal holiday or may employ them upon any such Saturday in excess of the legal day's work above prescribed, and may pay them compensation therefor at the rate of their usual wages or salaries. The provisions of this section shall apply to and include per diem employees, but shall not apply to the uniformed Police and Fire Departments.

Section 2. This Ordinance shall take effect immediately.

Adopted by the Board of Aldermen June 17, 1913.

Approved by the Mayor June 24, 1913.

No. 953.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 29, 1913:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Deputy Chief Inspector	$3,000 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Adopted by the Board of Aldermen June 17, 1913.

Approved by the Mayor June 24, 1913.

No. 954.

Whereas, It has pleased Divine Providence to call to rest former Alderman and Assemblyman

FRANCIS J. BYRNE,

who ably and conscientiously performed his full duty to his district, and to the City, both as a member of this Board and of the Legislature; and,

Whereas, By his quiet, unobtrusive, painstaking conduct, the Hon. Francis J. Byrne endeared himself to his colleagues and political associates, and left to those who knew him naught but the memory of a man of high motive and unquestioned character, therefore, be it

Resolved, That the Board of Aldermen of The City of New York, sincere in its grief at the untimely taking away of its former member, place upon the record a vote of the high esteem in which the Hon. Francis J. Byrne was held and extends to his bereaved relatives sincere sympathy in the hour of their dire affliction.

Resolved, Further, that a copy hereof, suitably engrossed and duly authenticated by the City Clerk, be transmitted to the family of the deceased.

Adopted by the Board of Aldermen June 10, 1913.

Approved by the Mayor July 1, 1913.

No. 955.

Whereas, This Board of Aldermen has learned of the demise of an excellent public servant who demonstrated his worth and abilities in many capacities, and particularly in the once concurrent body of the Council,

DAVID L. VAN NOSTRAND,

Resolved, That it is fitting to record the sense of this Board of the value of the services of this good citizen. He was identified with the County and Borough of Queens for thirty-three years, as Justice of the Peace, Supervisor, Councilman in the Municipal Assembly for four years after the establishment of the Greater New York, Commissioner of Public Works and County Clerk, and on retirement therefrom became President of the First National Bank of Jamaica;

Resolved, That the Board extends its sympathies to the widow and family of the deceased.

Be it further resolved, that a copy of this preamble and resolutions, duly authenticated and suitably engrossed, be transmitted to the family.

Adopted by the Board of Aldermen June 10, 1913.

Approved by the Mayor July 1, 1913.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE TUESDAY, JULY 8, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held Wednesday, May 28, 1913, at 10 o'Clock a. m.

Present—President Frank Gallagher and Commissioner Alexander Keogh. The President presided.

A public hearing was had on the proposed amendment of the classification by striking from the Exempt Class, under the heading "Finance Department," the title "Medical Examiner." George L. Tirrell, Secretary of the Department of Finance; Frank J. Prial, Examiner, Law and Adjustment Division, and James Tilden Adamson, Supervising Statistician and Examiner of the department, appeared in behalf of the proposed amendment. There was no opposition and the Chair declared the hearing closed.

A public hearing was had on the proposed amendment of the classification by striking from the non-competitive class, under the heading "Positions in the Office of the Mayor," the following: Telephone Operator.

James Matthews, Executive Secretary in the office of the Mayor, appeared in behalf of the proposed amendment. There was no opposition and the Chair declared the hearing closed.

A public hearing was had on the proposed amendment of the classification by striking from Part I of the labor class, after the title "Cleaner (Men)" the words "Department of Education." There were no appearances.

The Commission then went into regular session and the minutes of the meetings held May 21 and 26 were approved.

On motion, it was resolved, that the classification be and the same hereby is amended by striking from the exempt class, under the heading "Finance Department," the following: Medical Examiner.

On motion, it was resolved, that the classification be and the same hereby is amended by striking from the non-competitive class, under the heading "Positions in the Office of the Mayor," the following: Telephone Operator.

On motion, it was resolved, that the classification be and the same hereby is amended by striking from Part I of the labor class, after the title "Cleaner (men)", the words "Department of Education."

On motion, it was resolved, that the disqualification appearing against the following named candidates on the eligible list of Patrolman be and the same hereby is removed, they having this day appeared before the Commission and satisfactorily explained certain statements as to arrests and former employment records: Jacob J. Samuel, 162 Harrison ave., Brooklyn, N. Y.; Joseph R. Scott, 153 Pennsylvania ave., Rosebank, S. I.; George M. Klub, 1127 Benedict ave., Woodhaven, N. Y.; Edward J. Koch, 1688 Gates ave., Brooklyn, N. Y.

On motion, it was resolved, that the names of the following persons be and the same hereby are removed from the eligible list of Patrolman under the provisions of clause 14 of rule 7, for false statements as to arrests, after a hearing accorded them on this day: Henry C. Wehde, 521 E. 82d st., New York City; Frederick Frank, 1434 57th st., Brooklyn, N. Y.

Louis Simonetti, 5914 9th ave., Brooklyn, N. Y., having failed to appear, as directed, to explain the circumstances of certain arrests, on motion, it was

Resolved, That the name of Louis Simonetti, 5914 9th ave., Brooklyn, N. Y., be and the same hereby is removed from the eligible list of Patrolman, under clause 14 of rule 7, and placed upon the disqualified list.

William R. Wright, of 800 Glenmore ave., Borough of Brooklyn, appeared, as directed, to show cause why his name should not be removed from the eligible list of Fireman under the provisions of clause 14 of rule 7, for physical disability. On motion it was

Resolved, That the name of William R. Wright, 800 Glenmore ave., Brooklyn, N. Y., be and the same hereby is removed from the eligible list of Fireman under the provisions of clause 14 of rule 7 for physical disability.

Jacob Jacobson, 315 E. 72d st., New York City, appeared, as directed, to show cause why his name should not be removed from the eligible list of Lay Sanitary and Tenement House Inspector. On motion it was resolved, that the name of Jacob Jacobson, 315 E. 72d st., New York City, be and the same hereby is removed from the eligible list of Lay Sanitary and Tenement House Inspector under the provisions of clause 14 of rule 7 for a false statement as to experience.

Hubert W. Eldred, 165 Terrell ave., Rockville Centre, L. I., appeared, as directed, in connection with his application for the position of Inspector, Bureau of Fire Prevention. After consideration of the matter, it was ordered that the disqualification appearing against the candidate's name on the eligible list be removed.

Thomas J. Robertson, 987 Flushing ave., Brooklyn, N. Y., having failed to appear, as directed, to show cause why his name should not be removed from the eligible list of Sweeper, Department of Street Cleaning, for the reason that he had been over the maximum age of forty years at the time of filing his application for that position, on motion, it was resolved, that the name of Thomas J. Robertson, 987 Flushing ave., Brooklyn, N. Y., be and the same hereby is removed from the eligible list of Sweeper, Department of Street Cleaning, it appearing that he had been over forty years of age at the time of filing application for that position.

Patrick McMullan, 50 2d st., Brooklyn, N. Y., appeared, as directed, relative to his request that his name be removed from the disqualified list upon which it was placed by reason of his dismissal from the position of Inspector of Meters and Water Consumption in the Department of Water Supply, Gas and Electricity. The matter was laid over.

Peter T. McEvoy, 559 66th st., Brooklyn, N. Y., appeared, as directed, relative to a misstatement as to experience in his examination for the position of Lay Sanitary and Tenement House Inspector. The matter was referred to the Examiners for a report as to whether his rating on experience had been affected by the misstatement.

On motion, it was resolved, that the Secretary be and he hereby is instructed to place the following names upon the eligible list of Fireman, when promulgated, the said persons having appeared before the Commission and satisfactorily explained certain statements as to arrests: Henry L. Koecher, 57 Jersey st., New Brighton, S. I.; George H. Shields, 107 E. 96th st., New York City; John J. Hastings, 336 W. 51st st., New York City.

Denis W. Lane, Manhattan State Hospital, Wards Island, N. Y., having failed to appear, as directed, to show cause why his name should not be withheld from the eligible list of Fireman, the Secretary was instructed to mark him "not qualified" on the eligible list, when promulgated, until such time as he should appear and make a satisfactory explanation to the Commission.

Walter T. Hourigan, 2112 8th ave., New York City, appeared, as directed, to explain a dissimilarity between the handwirting in the application filed by him for the position of Patrolman and a communcation addressed to the Commission requesting to be informed whether or not he had been rejected in the medical examination. The explanation of the candidate was satisfactory and the papers were ordered filed.

The Commission then considered the case of Maurice A. Loewy, a candidate for Lay Sanitary and Tenement House Inspector, whose experience paper had been referred back to the Examiners for a report as to whether his rating had been affected by a misstatement therein. It appearing from a report of Examiner Foss, dated May 19, that his rating had been increased as the result of the misstatement, on motion, it was

Resolved, That the name of Maurice A. Loewy, 468 Riverside Drive, New York City, be and the same hereby is removed from the eligible list of Lay Sanitary and Tenement House Inspector under the provisions of clause 14 of rule 7, for a misstatement as to experience.

PUBLIC SERVICE COMMISSION.

Proposals.

INVITATION TO CONTRACTORS.

PART OF THE BROADWAY-FOURTH AVENUE RAPID TRANSIT RAILROAD.

THE CITY OF NEW YORK, ACTING by the Public Service Commission for the First District (hereinafter called "the Commission"), invites proposals to construct Section No. 1 of Routes 4 and 36, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Beginning at a point under Union square, in the Borough of Manhattan, about three hundred and ninety (390) feet north of the intersection of the southerly building line of 14th street with the centre line of the subway and extending thence northerly under Union square and Broadway to a point in Broadway about one hundred and six (106) feet north of the intersection of the easterly building line of Broadway with the northerly building line of West 26th street.

The general plan of construction calls for a surface railroad having four tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

The contractor will be required to prosecute the work of construction from working shafts located at the points specified in the contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River or along the North River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Department of Docks and Ferries, with whom all arrangements must be made with respect to utilizing such docks and bulkheads as may be available.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of thirty-six (36) months from the date of the delivery of this contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 22d day of July, 1913, at twelve fifteen (12:15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer of the quantities of the various classes of work and of the nature and extent, as near as practicable, of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad —Routes Nos. 4 and 36, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of Fifteen Thousand Dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars ($75,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds, and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, July 1, 1913.

Proposals.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, CENTRAL DEPARTMENT, BOROUGH OF MANHATTAN.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Commissioner of the Police Department of The City of New York, at the Bookkeeper's Office, Headquarters of the Police Department, 240 Centre st., Borough of Manhattan, in The City of New York, until 10 o'clock a. m., on

FRIDAY, JULY 18, 1913.

FOR FURNISHING AND DELIVERING TO THE POLICE DEPARTMENT OF THE CITY OF NEW YORK FORAGE FOR USE IN ALL THE BOROUGHS.

The time for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1913.

The amount of the security for the performance of the contract shall be thirty (30) per cent. of the total amount for which the contract is awarded.

No bid will be considered unless it is accompanied by a deposit, which shall be in the form of money, or a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or corporate stock or certificates of indebtedness of any nature issued by The City of New York and approved by the Comptroller as of equal value to the security required.

Such deposit shall be in an amount not less

than one and one-half (1½) per cent. of the total amount of the bid.

The bidder will state the price of each item or article contained in the specifications or schedules, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extension must be made and footed up, as the bids will be read from the total for each item. The bids will be compared and the contract awarded to the lowest bidder for each item in each borough.

Bidders in submitting their bids shall submit therewith a sample of oats (not less than two (2) quarts) in a suitable receptacle, in which shall be placed a certificate of the grading of said oats, issued by the New York Produce Exchange, said receptacle to be duly sealed by the Chief Inspector of said exchange.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, and any further information can be obtained at the office of the Bureau of Repairs and Supplies, Headquarters of the Police Department, 240 Centre st., Borough of Manhattan.

The Board of Assessors has levied and assessed the foregoing assessments in fifty equal annual instalments.

The "Tenth Installment" in each case is now due and payable, and hereafter for forty years an amount equal to one of the aforesaid annual installments with interest shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on June 30, 1904, and the "Tenth Installment" entered on June 25, 1913, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the tenth installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics' Bank Building, Court and Montague sts., Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 25, 1913, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

Corporation Sales of Real Estate.

CORPORATION SALE OF REAL ESTATE.

WM. P. RAE COMPANY, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, JULY 14, 1913.

at 12 o'clock m., at the Brooklyn Real Estate Exchange, No. 189 Montague st., Borough of Brooklyn, the following real estate belonging to the Corporation of The City of New York, and located in the Borough of Brooklyn, City of New York, bounded and described as follows:

All that certain piece or parcel of land situated in the Borough of Brooklyn, County of Kings and State of New York, shown as Parcel No. 1 on Map R. E. B.—82, File C23, on file in the office of the Department of Water Supply, Gas and Electricity, being part of Lot 20, Block 3487, on the tax maps, more fully described as follows:

Beginning at a point on the northerly side of Jamaica ave. 139.99 feet easterly from the northeast corner of Vermont and Jamaica aves.; thence northerly deflecting 85 degrees 11 minutes 40 seconds to the left 83.33 feet to the point of intersection of the northerly line of Mrs. Midas' lot with the westerly line of property of The City of New York; thence easterly deflecting 106 degrees 23 minutes 20 seconds to the right 3.13 feet to a point; thence southerly deflecting 73 degrees 36 minutes 40 seconds to the right (parallel to and distant 3 feet perpendicularly from the first mentioned course) 83.07 feet to a point on the northerly line of Jamaica ave., said point being located 155.74 feet from the easterly line of said property of The City of New York; thence westerly along the northerly side of Jamaica ave. 3.01 feet to the point or place of beginning, containing within said bounds 249.6 square feet, or 0.006 acres.

The minimum or upset price at which said property shall be sold is hereby fixed at two hundred dollars ($200), plus the cost of advertising the sale. The sale to be made upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay 10 per cent. of the amount of his bid, together with the auctioneer's fees at the time of the sale; the balance to be paid upon delivery of the deed, which shall be within thirty (30) days from the date of the sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

The deed so delivered shall be in the form of a bargain and sale deed without covenants, except as follows:

Excepting and reserving to The City of New York all easements and rights of every kind and description which it has in and to Jamaica ave. by reason of its ownership of or interest in the premises hereby conveyed, or otherwise with the same force and effect and to the same extent as though this conveyance had not been made or delivered; and the grantee, in further consideration of this conveyance, does hereby, for himself, his successors and assigns, waive, surrender and release any right to damages which have accrued or may at any time accrue from the use for any rapid transit, municipal, public or semi-public purpose of Jamaica ave. by reason of ownership of or interest in the premises hereby conveyed or herein described, without prejudice, however, to any rights or claims which have accrued or may hereafter accrue by virtue of such uses to the grantee herein or his successors in interest by reason of his ownership of the premises hereby conveyed; provided, however, that none of the foregoing exceptions, reservations, agreements or conditions shall operate to deprive the party of the second part or his assigns or successors in interest from claims or damages in case said Jamaica ave. should be discontinued, closed or abandoned as a public street in front of the premises hereby conveyed.

Maps of said real estate may be seen on application at the Comptroller's office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under resolution adopted at meeting ot the Board held June 11, 1913.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for educational purposes, in the

Borough of Manhattan,

Being annex building on the grounds of Public School No. 73, on the north side of E. 46th st., 115 feet east of 3d ave., in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 25, 1913, the sale by sealed bids of the above buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, JULY 21, 1913.

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1—One-story annex building on the grounds of Public School 73, on the north side of E. 46th st., 115 feet east of 3d ave.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 21st day of July, 1913, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened July 21, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

AT THE REQUEST OF THE PRESIDENT OF the Borough of Richmond, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Richmond.

Being the buildings, parts of buildings, etc., standing within the lines of Targee st., from the junction of Fingerboard road and Richmond road to the southerly line of Clove ave., in the Borough of Richmond, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 25, 1913, the sale by sealed bids, at the upset or minimum prices named in the description of each parcel of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, JULY 17, 1913.

at 11 a. m., in lots and parcels and in manner and form and at upset prices as follows:

Parcels No. 622 and 624—Two-story and attic frame house with two-story extension on Avenue O, between E. 25th st. and Mansfield place. Also two sheds. Upset price, $300.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 17th day of July, 1913, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened July 17, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

DEPARTMENT OF HEALTH.

Amendment to Rules.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held July 1, 1913, the following resolution was adopted:

Whereas, At a meeting of the Board of Health of the Department of Health of The City of New York held February 25, 1913, the bringing of fat and green (fresh) bones into The City of New York, except such fats as are wholly and exclusively used for the preparation of edible products, was prohibited on and after June 1, 1913; and

Whereas, It appears by the report of the Assistant Sanitary Superintendent dated June 28, 1913, that the business of bringing fats from places outside The City of New York is not a nuisance in any way when properly conducted, and that the said business can be so conducted; it is therefore hereby

Resolved, That the resolution aforesaid, dated February 25, 1913, be and the same is hereby amended so as to allow the bringing of fats and green (fresh) bones into The City of New York in accordance with the provisions of section 95 of the Sanitary Code, pursuant to a permit from this Board, and in accordance with rules and regulations which may be prescribed from time to time therefor.

JOSEPH HAAG, Secretary, 277 Broadway; Room 1406; Telephone, 2280 Worth. j28,jy10

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines and grades of the street system within the territory bounded approximately by Digby street, Jerome avenue, Vanderveer avenue, Liberty avenue, Thedford avenue, Dalrymple avenue, Perkins street and Liberty avenue, 4th Ward, Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on July 10, 1913, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on June 26, 1913, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines and grades of the street system within the territory bounded approximately by Digby street, Jerome avenue, Vanderveer avenue, Liberty avenue, Thedford avenue, Dalrymple avenue, Perkins street and Liberty avenue, in the 4th Ward, Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated January 20, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 10th day of July, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 10th day of July, 1913.

Dated June 27, 1913.

JOSEPH HAAG, Secretary, 277 Broadway; Telephone, 2280 Worth. j27,jy9

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on June 26, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Liberty avenue, from the Brooklyn Borough line to Van Wyck avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings:

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on the prolongation of a line midway between Beaufort avenue and Jerome avenue as these streets are laid out immediately west of Van Wyck avenue, where it is intersected by a line midway between Lowell avenue and Longfellow avenue, and running thence southwardly along the said line midway between Lowell avenue and Longfellow avenue and along the prolongation of the said line to the intersection with a line midway between Dean street and Baltic street; thence southeastwardly along the said line midway between Dean street and Baltic street to the intersection with a line midway between Humboldt boulevard and South street; thence southwestwardly along the said line midway between Humboldt boulevard and South street and along the prolongation of the said line to the intersection with a line midway between West street and Wells avenue; thence southeastwardly along the said line midway between West street and Wells avenue to the intersection with the prolongation of a line midway between 1st street and 2d street; thence southwestwardly along the said line midway between 1st street and 2d street and along the prolongations of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Van Wyck avenue, the said distance being measured at right angles to Van Wyck avenue; thence southwardly along the said line parallel with Van Wyck avenue to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Metropolis avenue as this street immediately adjoins Lefferts avenue on the west, the said distance being measured at right angles to Metropolis avenue; thence westwardly along the said prolongation of a line parallel with Metropolis avenue to the intersection with a line midway between Maure avenue and Morris avenue as these streets immediately adjoin Mill street on the south; thence southwardly along the said line midway between Maure avenue and Morris avenue to the intersection with the prolongation of a line midway between Metropolis avenue and Sutter avenue as these streets immediately adjoin Hamilton avenue on the west; thence westwardly along the said line midway between Metropolis avenue and Sutter avenue and along the prolongations of the said line to the intersection with a line midway between Dalrymple avenue and Sutter avenue; thence westwardly along the said line midway between Dalrymple avenue and Sutter avenue and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Genesee street, the said distance being measured at right angles to Genesee street; thence northwardly along the said line parallel with Genesee street to the intersection with a line midway between Glenmore avenue and Pitkin avenue as these streets are laid out east of the borough line; thence westwardly along the said line midway between Glenmore avenue and Pitkin avenue and along the prolongation of the said line to a point distant 100 feet westerly from the westerly line of Elderts lane, the said distance being measured at right angles to Elderts lane; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Elderts lane to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Magenta street, the said distance being measured at right angles to Magenta street; thence eastwardly along the said line parallel with Magenta street to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Drew avenue, the said distance being measured at right angles to Drew avenue; thence northwardly along the said line parallel with Drew avenue to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Beaufort avenue, the said distance being measured at right angles to Beaufort avenue; thence eastwardly along the said line parallel with Beaufort avenue and along the prolongation of the said line to the intersection with a line midway between Weymouth street and Halifax street; thence southwardly along the said line midway between Weymouth street and Halifax street to the intersection with a line midway between Beaufort avenue and Jerome avenue; thence eastwardly along the said line midway between Beaufort avenue and Jerome avenue to the intersection with a line midway between Canal avenue and Boyd avenue; thence southwardly along the said line midway between Canal avenue and Boyd avenue to a point distant 100 feet northerly from the northerly line of Jerome avenue; thence eastwardly and parallel with Jerome avenue to the intersection with a line midway between Walker avenue and Woodhaven avenue; thence southwardly along the said line midway between Walker avenue and Woodhaven avenue to the intersection with a line midway between Jerome avenue and Kimball avenue; thence eastwardly along the said line midway between Jerome avenue and Kimball avenue to the intersection with a line midway between South Vine street and South Curtis avenue; thence northwardly along the said line midway between South Vine street and South Curtis avenue to a point distant 100 feet northerly from the northerly line of Jerome avenue; thence eastwardly and parallel with Jerome avenue to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Maure avenue, the said distance being measured at right angles to Maure avenue; thence northwardly along the said line parallel with Maure avenue to the intersection with a line midway between Jerome avenue and Beaufort avenue as these streets are laid out west of Van Wyck avenue; thence eastwardly along the said line midway between Jerome avenue and Beaufort avenue and along the prolongation of the said line to the point or place of beginning. The lines of the streets used as the basis for the nine courses first described are intended to be those as at the present time in use or as commonly recognized.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 10th day of July, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 10th day of July, 1913.

Dated June 27, 1913.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following communication was received:

To the Board of Estimate and Apportionment of The City of New York:

Referring to the communications of the Public Service Commission for the First District to your Honorable Board under date of February 4, 1913, and April 10, 1913, with regard to the connection between the Manhattan-Bronx Rapid Transit Railroad now operated by the Interborough Rapid Transit Company in Park avenue and the Lexington Avenue Subway to be operated by the Interborough Rapid Transit Company as part of the dual system of subways, the Public Service Commission for the First District now transmits to your Honorable Board for your approval and the approval of the Mayor of the City, as required by law, a certified copy of resolutions adopted by it on the 27th day of June, 1913, determining and establishing a route and general plan of construction for an additional rapid transit railroad in the Borough of Manhattan, in The City of New York, providing such connection, to be known as the Park Avenue-Lexington Avenue Connection, at 42d street (Route No. 43). This route begins at a point under Park avenue about midway between East 38th street and East 39th street and thence extends northerly under Park avenue, 41st street, private property, 42d street, private property, 43d street and Lexington avenue to 46th street and is the same as the route transmitted to your Board on February 4, 1913.

Dated New York, June 30, 1913.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

By EDWARD E. MCCALL, Chairman.

[SEAL OF THE COMMISSION.]

Attest: TRAVIS H. WHITNEY, Secretary.

—and the following resolutions were thereupon adopted:

Resolved, That the communication be received and in pursuance of law this Board hereby fixes Thursday, July 10, 1913, at 10.30 o'clock a. m., in Room 16, City Hall, Borough of Manhattan, as the time and place when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary of this Board be and he is hereby directed to publish notice of such consideration in the CITY RECORD.

Dated New York, July 3, 1913.

JOSEPH HAAG, Secretary. jy5,10

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held June 5, 1913, the following petition was received:

To the Board of Estimate and Apportionment of The City of New York:

The petition of the Fifth Avenue Coach Company respectfully shows:

I. That the petitioner is a domestic common carrier corporation, duly organized to own, operate, manage and control a line of stages or coaches for the transportation of passengers for hire.

II. That the post office address of the petitioner is No. 35 West 42d street, Borough of Manhattan, County of New York, State of New York.

III. That your petitioner owns and operates a lawfully established stage route acquired under chapter 536 of the Laws of 1886,

"from Eighty-ninth street in the City of New York down Fifth avenue, across Washington Park, and along South Fifth avenue to the Bleecker Street Elevated Station and return,"

—which stage route has been continuously operated by this company or its predecessors in title to such route since the 25th day of April, 1900, and was so operated for more than five years prior to said date, viz., since the year 1886 or thereabouts.

IV. That your petitioner, under the provisions of chapter 657 of the Laws of the State of New York of 1900, and the provisions of the Transportation Corporations Law, section 23, embodying the aforesaid act, has been authorized and empowered to own and operate the same as extended in and upon other streets and highways of The City of New York, upon obtaining the approval of the State Board of Railroad Commissioners to such extension, and has, upon two prior occasions, heretofore obtained the approval of said Board of Railroad Commissioners, the powers of which prior to May 27, 1913, were vested in the Public Service Commission for the First District with regard to The City of New York, and by virtue thereof has extended and has since operated such extensions by electricity or other motive power. That your petitioner has further extended its route pursuant to an order of the said Public Service Commission, granted on the 19th day of April, 1912.

V. In pursuance of section 1461 of the Charter of The City of New York and said section 23 of the Transportation Corporations Law—originally enacted as chapter 657 of the Laws of 1900, and amended by chapter 219 of the Laws of 1909—providing for the authorization of an extension of stage routes by the Public Service Commission, your petitioner on or about the 25th day of February, 1913, filed a petition with said Commission for a further extension of its routes, as follows:.

From the intersection of its route on West 57th street with 7th avenue, thence southerly along 7th avenue to Broadway, thence southerly long Broadway to West 34th street, thence westerly along West 34th street to 7th avenue, thence southerly along 7th avenue to West 31st street (connecting at West 32d street with its existing route), thence westerly along West 31st street to 8th avenue, thence northerly along 8th avenue to West 33d street, thence easterly along West 33d street to 7th avenue.

Also from the intersection of its route on 5th avenue with East 57th street, thence easterly along East 57th street to Park avenue, thence northerly along Park avenue to East 96th street.

Also from the intersection of Madison avenue and East 32d street, thence westerly along East 32d street to 5th avenue, connecting with its existing route upon said avenue.

VI. Your petitioner made a part of its said petition copies of its incorporation and charter papers, and papers showing its previous applications for extension and the proceedings by the Railroad Commissioners upon the basis of which the same were granted, all of which had theretofore been filed with said Commissioners on or about December 18, 1907, as well as the papers upon the basis of which its routes were extended under order of said Public Service Commission of April 19, 1912, and the papers evidencing acceptances of such extensions which had been theretofore filed therein, also the papers filed and proceedings had before said Commission in support of its prior applications for extensions of routes, dated May 13, 1912, and as amended by its petition dated July 29, 1912.

VII. The application made as aforesaid on the 25th of February, 1913, was held in abeyance and without action thereon by said Commission by reason of the fact that legislation was proposed by The City of New York transferring the franchise granting power with regard to extensions of stage routes in case of existing companies in the position of your petitioner from the Public Service Commission for the First District to your honorable Board, which legislation, as your petitioner is advised, was realized on or about May 27, 1913, by the enactment of chapter 769 of the Laws of 1913.

The application of your petitioner filed on February 25, 1913, was the renewal of an application covering many of the same streets which was filed with said Commission on or about the 13th day of May, 1912, and upon which various hearings were had, which application was denied on or about the 31st day of December, 1912—"at the present time," but renewed as above stated on February 25, 1913.

Full cognizance of the aforesaid proceedings, as the petitioner is informed and believes, has been taken by your Board, and it is and has been fully advised as to the applications of the petitioner for said extensions, not only through the record of the proceedings before the Public Service Commission which are transmitted to your Board from time to time by the Public Service Commission, but by information and notice of these facts which the Bureau of Franchises of your honorable Board has received from the representatives of the petitioner.

In view of the transfer of power by said new legislation from said Commission to your Board, the petitioner now transfers its proceedings with due diligence to your Board and hereby presents to you its application for a franchise upon streets and avenues upon the same routes as were made the subject of application to said Public Service Commission and asks consideration hereof as an application pending with substantial continuity before the competent authorities having jurisdiction in the premises since on or about the 13th day of May, 1912.

Wherefore, your petitioner asks that it be granted a franchise for an extension of its routes and for the right to establish, maintain and operate the same upon the said streets, avenues, viaducts and highways as heretofore applied for to the Public Service Commission and hereinabove specified in paragraph designated "V" hereof

New York, June 19, 1913. j27,jy10

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Brooklyn and North River Railroad Company has, under date of January 8, 1912, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway upon and along Flatbush Avenue Extension, from Fulton street to Nassau street, Borough of Brooklyn, and upon and over the Manhattan Bridge and its approaches to and connecting with existing tracks in Canal street, Borough of Manhattan; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 11, 1912, fixing the date for a public hearing thereon as May 9, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The Times" and "New York Press," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Brooklyn and North River Railroad Company, and the adequacy of the compensation to be paid therefor; and

Whereas, This Board adopted a resolution on January 30, 1913, ordering the proposed form of contract for the grant of the franchise or right entered upon the minutes, published pursuant to law, and fixing March 13, 1913, as the date for a public hearing thereon, and such hearing was opened on said date, and has been continued from time to time to June 5, 1913; and

Whereas, At the meeting of this Board held June 5, 1913, a report was received from the Franchise Committee recommending certain amendments in and to the proposed form of contract, and said recommendations were adopted, and the proposed form of contract amended in accordance therewith; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Brooklyn and North River Railroad Company, containing the form of the proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Brooklyn and North River Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of , 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Brooklyn and North River Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas The Brooklyn Heights Railroad Company, The Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and the Coney Island and Brooklyn Railroad Company did, on December 15, 1911, enter into a so-called participating agreement as follows:

The Brooklyn Heights Railroad Company, the Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and Coney Island and Brooklyn Railroad Company (called participating companies) agree to unite in organizing New Company for purpose of constructing and operating a line running generally from North River via Canal street, Manhattan Bridge and Flatbush Avenue Extension to Fulton street—called Local Railroad—and between termini of bridge, called Bridge Line.

Capital to be sufficient for construction and equipment of line and to be subscribed for in following proportions by participating companies:

Brooklyn Heights R. R. Co. and Nassau Electric R. R. Co.....25%
Metropolitan Street Railway Co.....25%
Third Avenue R. R. Co. and Dry Dock, East Broadway and Battery Railroad Co.....25%
Coney Island and Brooklyn Railroad Co...25%

Fare to be five cents for one continuous ride, except that fare on Bridge Line only will be three cents, with two tickets for five cents.

For fare of five cents on Local Railroad each passenger to be entitled to one transfer to intersecting lines of participating companies, and intersecting lines of participating companies to issue transfers to Local Railroad on payment of five-cent fare. No transfers to be issued upon transfers by Local Railroad, and none by participating companies.

Inasmuch as the principal portion of the business of the Local Railroad is likely to be traffic represented by transfers issued or received on said Local Railroad, and issued or received by said participating companies, in addition to the traffic now carried by said participating companies exclusively, but likely to be diverted to said Local Railroad, and any satisfactory division of receipts from such traffic and of the expense of hauling such traffic is impossible of determination in advance between the New Company and each of the participating companies, therefore, in order to procure the co-operation of all of said participating companies the following arrangement is agreed upon, to wit:

Each participating company shall retain the fares collected upon its lines and represented by transfers to the Local Railroad, and shall have the right to redeem the transfers received by it

from the Local Railroad at the minimum rate of 1¾ cents per transfer thus redeemed.

If, however, at the end of any year's operation, any of the participating companies should not be satisfied that the aforesaid minimum rate for the redemption of transfers received by it from the Local Railroad is sufficient, then the New Company shall increase the redemptive value of such transfers to a rate that may be equitable, but not to exceed two cents for transfer thus redeemed, and provided said increased rate thus established shall leave remaining a profit of at least ten (10%) per cent. on the stock of the New Company from the operations of its railroad, and in the event that there should be any difference between any such participating company and the New Company as to the rate at which such transfers received from the Local Railroad by the participating companies should be redeemed, such difference shall, at the option of either party, be determined by arbitration in the usual manner, but such arbitration shall not fix the aforesaid redemptive rate at less than 1⅞ cents, nor more than two cents per transfer.

EDWARD A. MAHER, General Manager for the Receiver, Third Avenue Railroad Co.: S. W. HUFF, President Coney Island and Brooklyn Railroad Company; T. S. WILLIAMS, President, The Brooklyn Heights Railroad Company: C. D. MENEELY, Vice-President, The Nassau Electric Railroad Company: ADRIAN H. JOLINE, DOUGLAS ROBINSON, as Receivers Metropolitan Street Railway Company; EDWARD A. MAHER, General Manager for Receiver, Dry Dock, East Broadway and Battery Railroad Company.

December 15, 1911.

Whereas, The New Company provided for in said agreement has been organized by a certificate of incorporation filed in the office of the Secretary of State on December 30, 1911, under the name of the Brooklyn and North River Railroad Company;

Now, therefore, in consideration of the making of such participating agreement by the said companies, and of the terms thereof, particularly those which relate to the through operation of cars by the new company from North River, Borough of Manhattan, to Fulton street, Borough of Brooklyn, and the issue and receipt of transfers for a single fare of five (5) cents, and for the purpose of enabling such through operation, issue and receipt of transfers, and in further consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a double track street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers and property in the Boroughs of Manhattan and Brooklyn, in The City of New York, upon the following route, to wit:

Beginning at a point in Flatbush Avenue Extension at its intersection with Fulton street; thence in and upon Flatbush Avenue Extension to its intersection with Nassau street; thence in, upon and across Nassau street to the northerly side thereof, to a point where connection can conveniently be made with the tracks upon the Manhattan Bridge to be used by the Company, all in the Borough of Brooklyn.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route. Provided, however, that nothing in this contract shall be construed as permitting the construction or existence of more than a double track street surface railway in any portion of the route above specified.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"The Brooklyn and North River R. R. Co. Map showing proposed railway of the Brooklyn and North River R. R. Co., in the Boroughs of Brooklyn, Manhattan, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated January 3, 1912."

—and approved by Edward A. Maher President, and Henry J. Kolb, Civil Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Second—To operate the cars of the Company on two tracks when constructed upon the Manhattan Bridge and approaches thereto; such tracks to be assigned to the Company by the Commissioner of Bridges, beginning at a point on the northerly side of Nassau street, where connection can conveniently be made with above tracks in Nassau street; thence upon and along land acquired for the Manhattan Bridge terminal in the Borough of Brooklyn to the approach to the Manhattan Bridge; thence upon and along said approach to the Manhattan Bridge; thence upon and along the Manhattan Bridge to the approach thereto in the Borough of Manhattan; thence upon said approach to land acquired for the Manhattan Bridge terminal in the Borough of Manhattan; thence upon and along said land to Canal street, and there connecting with the existing tracks or tracks to be substituted therefor in Canal street.

The said route is more particularly shown on the map hereinbefore referred to.

The routes described in paragraphs first and second of this section are to be operated by the Company as a part of a continuous route running from the intersection of Flatbush avenue and Fulton street, in the Borough of Brooklyn, along the Flatbush avenue extension to and across the Manhattan Bridge and its approaches to Canal street, in the Borough of Manhattan, and by means of trackage agreements with other companies along Canal street and other streets to the Desbrosses street ferry at the North River.

The said continuous route is shown by red and blue lines on the map hereinbefore referred to.

Section 2. The grant of the right or privilege to construct, maintain and operate said railway in and upon Flatbush avenue extension, from Fulton street to the northerly side of Nassau street, is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said six (6) months, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—Nothing in this consent shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions in and upon said Flatbush Avenue Extension, from Fulton street to the northerly side of Nassau street, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company upon said Flatbush Avenue Extension.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company, upon said Flatbush Avenue Extension, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon said Flatbush Avenue Extension, or any portion thereof over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract, or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Third—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company shall commence construction of the railway herein authorized, within six (6) months from the date upon which the consents of the property owners are filed with the Board, or from the date of the order of the Appellate Division of the Supreme Court, made pursuant to section 174 of the Railroad Law, confirming the determination of the commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within twelve (12) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court, or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Fifth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued, such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Sixth—The portion of said railway in the Borough of Manhattan and upon the Manhattan Bridge and its terminals shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan; or by electric storage battery power; provided that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York. The portion of said railway in the Borough of Brooklyn, except upon the Manhattan Bridge and its terminals, may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Brooklyn; or by electric storage battery power; provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Seventh—No wires for the transmission of power, except trolley wires, shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) conduits not less than three (3) inches in diameter each, for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City, as above.

Eighth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Ninth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Brooklyn, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewal or altered pavement.

Tenth—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Section 3. The grant of the right or privilege to operate cars upon two (2) tracks of the Manhattan Bridge and the approaches thereto, upon the route hereinbefore described, and to use other equipment owned by the City upon said bridge is subject to the following conditions, which shall be complied with by the Company.

First—The Company shall use only such tracks and terminal facilities as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks and terminal facilities to such individual or other corporation.

Such tracks, terminal facilities and all electrical equipment necessary for the operation of cars thereon shall be originally installed at the expense of the City, and shall remain the property of the City, but the Company shall pay the cost of keeping and maintaining such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars, and the Company shall renew any or all tracks and electrical equipment used by it upon the bridge and its terminals when directed by the Commissioner of Bridges, and in such manner as may be prescribed by him. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge, in order to facilitate operation of cars by the Company, said Company shall do all the work and furnish all the labor, material and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks, terminal facilities and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost or work required by the terms and conditions of this subdivision as the use of such track, terminal facilities and appliances by the Company bears to the entire use of such tracks, terminal facilities and appliances.

Second—Before beginning the operation of the cars, the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate, and a sketch showing clearance dimensions, weight on axles and wheel spacing, or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company, and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges, or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution therefor of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platform and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Third—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge, or to affect in any way the control of said Commissioner over such bridge as provided by the Charter of the City.

Fourth—The Company hereby agrees that it shall not operate any cars exclusively for a purely local service between the termini of the Manhattan Bridge, and further agrees that the route of none of the cars operated by the Company shall end at either terminal of said Manhattan Bridge.

Section 4. The grant of the said rights and priveleges to construct, maintain and operate a street surface railway in and upon Flatbush Avenue Extension from Fulton street to the northerly side of Nassau street upon the route hereinbefore described, and upon the Manhattan Bridge and approaches thereto upon the route hereinbefore described, are both subject to the following conditions, which shall be complied with by the Company:

First—The said rights and privileges shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years upon a fair revaluation of the right and privilege to operate over such continuous route and for the right to use the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, and the terminal loop or other terminal facilities which are the property of the City and used by the Company.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding fifteen (15) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the least year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of fifteen thousand dollars ($15,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years, an annual sum which shall in no case be less than four thousand dollars ($4,000), but which shall be equal to three (3) per cent. of its gross receipts if such percentage shall exceed the sum of four thousand dollars ($4,000).

During the remaining term of five (5) years, an annual sum which shall in no case be less than seven thousand dollars ($7,000), but which shall be equal to five (5) per cent. of its gross receipts if such percentage shall exceed the sum of seven thousand dollars ($7,000).

The gross annual receipts mentioned above shall be the gross receipts from all sources within the limits of the City, less the sum or sums paid for the redemption of transfers issued, pursuant to this contract, by the Company to the intersecting or contiguous lines of the companies which are parties to the participating agreement dated and executed December 15, 1911, hereinbefore referred to, viz.:

The Brooklyn Heights Railroad Company, the

Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and Coney Island and Brooklyn Railroad Company, or the successor companies of either or any of them.

The rate for such redemption shall not in any case exceed two (2) cents for each transfer so issued and redeemed.

(c) For the use of the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, the sum of five cents for each round trip, or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of cars shall be certified by the Commissioner of Bridges to the Comptroller once each month, in such form as shall be designated by the Comptroller.

The annual charges shall commence on November 13, 1912.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said agreement, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereo, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Sixth—The rate of fare for any passenger upon the railway hereby authorized shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of the City, and the Company shall not charge a rate of fare for any passenger of less than five (5) cents for one continuous ride upon any part of the route hereby authorized, where said route is identical with the route upon which cars shall be operated by the Manhattan Bridge Three Cent Line, by virtue of its franchise granted by contract dated July 10, 1912, without the consent of the Board, except that the Company shall and must charge a fare of but three (3) cents for a single ride between the termini of the Manhattan Bridge, and shall and must sell tickets for two (2) such rides between the termini of said Bridge, in either direction, for five (5) cents.

The Company shall not charge any passenger desiring to ride on any car operated by the Company from one terminal of the Manhattan Bridge to the other terminal thereof, but no further, a fare exceeding three (3) cents for each of such rides, and the Company shall at all times have for sale tickets at the rate of two tickets for five (5) cents, each of which shall entitle a passenger to ride across said bridge between the termini thereof, upon any of the cars of the Company; and the Company shall not charge any passenger for a ride between the termini of Manhattan Bridge a rate of fare less than three (3) cents for each single ride, nor sell tickets entitling a passenger to such ride at the rate of less than two tickets for five (5) cents, without the consent of the Board.

It being the intention and of the essence of this contract:

1. That the railway hereby authorized shall be operated by the Company as part of a continuous line from Fulton Street, Brooklyn, to Desbrosses Street Ferry, Manhattan, under the franchise, rights and privileges herein granted and on the route herein specified, and from the termination of the route herein specified at the terminal of the Manhattan Bridge, in the Borough of Manhattan, to Desbrosses Street Ferry, in said Borough, by way of Canal Street and other necessary streets, under trackage agreements with such of the companies named in the participating agreement hereinbefore referred to, or the successor companies of either or any of them, as hold valid franchises to operate on said Canal Street and such other necessary streets.

2. That transfers shall be exchanged for a single fare between the through or continuous line of railway to be operated as above, and the intersecting lines in the Borough of Manhattan, and intersecting or contiguous lines in the Borough of Brooklyn, of such participating companies and the successor companies of either or any of them.

—it is further provided that the rate of fare for any passenger from any point on such through or continuous line operated by the Company to any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Manhattan which intersects such through or continuous line, and to any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Brooklyn, which intersects or is operated on a route or route within five hundred feet of the Brooklyn terminus of said through or continuous line, and from any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Manhattan, which intersects such through or continuous line operated by the Company, and from any point on any line of any of the participating companies and the successor companies of either or any of them in the Borough of Brooklyn, which intersects or is operated on a route or routes within five hundred feet of the Brooklyn terminus of the said through or continuous line operated by the Company to any point on such through or continuous line operated by the Company, shall not exceed five (5) cents, and for this purpose transfers shall be issued and received by the Company and the participating companies and the successor companies of either or any of them upon payment of said single fare of five (5) cents. But neither the Company nor any of the participating companies shall by this contract be required to issue transfers upon transfers or more than one transfer for said single fare of five (5) cents, nor shall the Company be required by this contract to issue transfers upon the payment of said single fare of three cents or to any passenger tendering a ticket, as above provided, for transportation between the termini of the Manhattan Bridge.

The Company shall carry free upon the railway hereby authorized during the term of this contract, all members of the Police and Fire Departments of the City when such employees are in full uniform.

It is understood and agreed that nothing herein contained shall be construed as limiting the present or future jurisdiction of any body or official to which the legislature of the State of New York has delegated or may delegate its powers to regulate the rate of fare to be charged upon such railway of the Company.

Seventh—No cars shall be operated upon the railway hereby authorized other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway and no freight cars shall be operated upon the tracks of said railway. Provided that no cars for the transportation of express matter shall be operated between the hours of six o'clock a. m. and eight o'clock p. m. daily, and that the Board may further limit the operation of such cars as public convenience may require.

The rate for the carrying of property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it.

Eighth—(a) The Company, within three (3) months after the signing of this contract by the Mayor, shall itself execute and procure the execution by the other companies of trackage agreements for the use of such tracks of the companies named in the participating agreement hereinbefore referred to or the successor companies of either or any of them on Canal street and other streets in the Borough of Manhattan as may be necessary for the through operation of its line between Fulton street, Borough of Brooklyn, and Desbrosses Street Ferry, Borough of Manhattan, and shall within the same time file sworn copies of such agreements with the Board.

(b) The Company shall commence through or continuous operation of the railway from Fulton street, Borough of Brooklyn, to Desbrosses Street Ferry, Borough of Manhattan, within the time fixed by this contract for the completion of construction and commencement of operation of the railway herein authorized, and shall continue such through or continuous operation throughout the entire term of this contract, whether original or renewal.

(c) The Company shall carry passengers on its through or continuous line and issue and receive transfers to and from the lines of the participating companies or the successor companies of either or any of them, for a single fare of five (5) cents, as provided by subdivision sixth of this section.

In the event of the failure of the Company to do or perform any of the acts or requirements contained in this subdivision and designated as a, b and c, respectively, and within the time specified, the franchise, rights and privileges hereby granted shall cease and determine and such *ipso facto* forfeiture shall not be waived, prevented or affected in any way by the inability of the Company to procure the execution by any participating company or the successor companies of either or any of them of the trackage agreements, the invalidity of such agreements when executed, the failure or refusal of any participating company or the successor companies of either or any of them to issue or receive transfers, or by the invalidity of the participating agreement dated and executed December 15, 1911, and hereinbefore referred to.

Ninth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter during the term of this contract be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Tenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eleventh—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Twelfth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Thirteenth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon the request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Fourteenth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Fifteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, except where an *ipso facto* forfeiture is provided for, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Sixteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Seventeenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Eighteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars ($10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders, and wheel-guards, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of Ten Thousand Dollars ($10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Nineteenth—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twentieth—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Twenty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 5. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 6. This grant is also upon the further and express condition that the provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 7. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereuntto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part by its officers thereunto duly authorized has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The Brooklyn and North River Railroad Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 10, 1913, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, July 10, 1913, in two daily newspapers to be designated by the Mayor therefor and published in the City of New York, at the expense of The Brooklyn and North River Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of a franchise or right applied for by The Brooklyn and North River Railroad Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 10, 1913, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appeear and be heard.

JOSEPH HAAG Secretary.
Dated New York, June 5, 1913. j16,jy10

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Long Island Railroad Company has under date of May 6, 1912, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate additional railroad tracks across Hamilton street, South street and Farmers avenue or Old Country road, at or near Hollis, in the 4th Ward of the Borough of Queens; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on May 23, 1912, fixing the date for public hearing thereon as June 20, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Globe" and the "Evening Mail," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Long Island Railroad Company and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Long Island Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Long Island Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This Contract, made this day of , 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and

in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Long Island Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain railroad tracks at or in the vicinity of Hollis, in the 4th Ward of the Borough of Queens, as follows:

(a) Sixteen (16) tracks across Hamilton street (Winsted avenue), between Fulton street (Jamaica avenue) and South street (Liberty avenue), adjoining the two existing main line tracks of the Company.

(b) Three (3) tracks across South street (Liberty avenue), immediately east of the point where South street is intersected by Hamilton street.

(c) Three (3) tracks across Farmers avenue or Old Country road, at the junction of said avenue with said road, hereafter referred to as Farmers avenue.

—all as shown on a map and profile entitled:

"Amended map and profile to accompany application, dated May 6, 1912, of the Long Island R. R. Co. to the Board of Estimate and Apportionment, City of New York, for the right to install and maintain tracks across Winsted avenue (Hamilton street), Old Country road, or Farmers avenue, and Liberty avenue (South street), in the Borough of Queens."

—and signed: The Long Island R. R. Co., by Joseph F. Keany, Attorney for Petitioner; a copy of which is attached hereto and made a part of this contract.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks, shall be held and enjoyed by the Company for the term of twenty-five (25) years from May 1, 1913, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum hereinafter named in this subdivision.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum hereinafter named in this subdivision, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than two thousand dollars ($2,000). If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate of two thousand dollars ($2,000) until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the annual rate herein named. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City the sum of twenty thousand dollars ($20,000) as compensation for the privilege hereby granted for the original term of twenty-five (25) years and in full satisfaction for any claim which the City may have for the past unauthorized use and occupation of the streets by the tracks herein authorized. Such payment shall be made simultaneously with the delivery to the Company of this contract executed by the Mayor.

Any payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—No assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the tracks mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to the contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—Tracks across Hamilton street.

The sixteen (16) tracks hereby authorized across Hamilton street shall be constructed and maintained over and above the surface of said street in the manner and subject to the terms and conditions hereinafter named:

(a) The Company shall construct a bridge or archway of sufficient width and capacity to accommodate the sixteen (16) tracks hereby authorized and also the two (2) main line tracks of the Company now laid and existing on the surface of Hamilton street, between Fulton and South streets. Said bridge or archway shall have a span of at least thirty-two (32) feet and a clearance of at least fourteen (14) feet over the surface of Hamilton street at the centre line thereof. For the purpose of constructing said bridge or archway with the prescribed clearance, the Company shall depress the surface of Hamilton street as now existing between Fulton and South streets. The method of constructing said bridge or archway and of depressing the street grades shall be subject to the approval of the Board, and the Company shall submit to the Board, for its approval, plans showing the method of such work. The grades of said bridge or archway and of Hamilton street shall be as shown on the map and profile attached to and made part of this contract or as may be hereafter fixed by the Board.

(b) That portion of Hamilton street under the bridge or archway and for a distance of fifty (50) feet outside the same at either end thereof shall be well and sufficiently lighted at the expense of the Company, during such hours of the day and night and by such lighting system as may be prescribed by the President of the Borough of Queens and to his entire satisfaction.

(c) Hamilton street for its entire length from Fulton street to South street, the depression of which is made necessary by the construction of the said bridge or archway, shall be provided by the Company with such suitable and adequate drainage system, with proper outlets therefor, as may be prescribed by the President of the Borough of Queens, and to his entire satisfaction. And the Company shall pave the surface of Hamilton street, for its entire length from Fulton to South street, including its intersection with such streets, with such material as may be prescribed by the President of the Borough of Queens.

(d) The work of constructing the said bridge or archway, changing the street grades and the drainage system, providing drainage outlets and paving the street, as above provided, shall be done at the sole cost and expense of the Company. The Company shall also, at its own entire cost and expense, and for the entire term of this contract, whether original or renewal, maintain the said bridge or archway and the piers and abutments thereof in good order and repair.

(e) The construction of said bridge or archway shall be completed in no event later than the day two (2) years after the date of the execution of this contract by the Mayor. During the period of such two (2) years and pending the construction of said bridge or archway the Company may construct, maintain and operate the tracks hereby authorized across Hamilton street, at the same grade as the surface of said street; provided, however, that the Board may, by resolution, direct the removal of such tracks from the surface of Hamilton street and the construction of the bridge or archway across said street before the expiration of such two-year period.

The Company shall complete the construction of the bridge or archway hereinbefore provided for on or before the expiration of the two-year period or within the time fixed by the Board, should the Board direct the prior removal of the surface tracks, and the Company shall, before such expiration, or within such time, as the case may be, remove from the surface of Hamilton street the sixteen (16) tracks hereby authorized and the said two (2) main line tracks and thereafter maintain and operate the same upon said bridge or archway subject to the terms and conditions of this contract.

Should the Company fail or neglect to complete the construction of the said bridge or archway within the two-year period hereinbefore specified, or within the period fixed by the Board, should it direct the prior removal of the surface tracks, as the case may be, or should the Company, within the same time, fail to remove from the surface of Hamilton street the sixteen (16) tracks hereby authorized and also the said two (2) main line tracks, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton street shall cease and determine upon the termination of said two-year period, or on the date fixed for the prior removal of the surface tracks.

Should the Company not take advantage of the privilege to construct, maintain and operate the tracks hereby authorized upon the surface of Hamilton street, as hereinbefore provided and fail to complete the construction of the said bridge or archway within two (2) years from the date of the execution of this contract by the Mayor, as hereinabove provided, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton street shall cease and determine upon the termination of such two-year period.

Seventh—Should the Company, pending the construction of the said bridge or archway, construct, maintain and operate the sixteen (16) tracks hereby authorized, at the same grade as the surface of Hamilton street, such construction, maintenance and operation shall be in the manner and subject to the terms and conditions hereinafter named:

(a) Such surface tracks and the appurtenances thereto shall be constructed and maintained so as to conform to the grade and lines of the street as now existing.

As long as said tracks, or any portion thereof, remain on the surface of said street, the Company shall maintain all that portion of the surface of the street in which the said tracks are constructed, from outer track to outer track, in a passable condition for pedestrian and vehicular traffic, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

(b) The Company shall at all times keep that portion of the street in which the said tracks are constructed, from outer track to outer track, free and clear from ice and snow.

(c) The Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks at all times when cars or trains are being operated thereon. Should it seem necessary, in the opinion of the Board, at any time during the period of the maintenance of the tracks on the surface of the street, that gates be erected, maintained and operated across the street, for the purpose of excluding pedestrians and vehicles from the tracks hereby authorized, then the Company shall erect, maintain and operate such gates as may be designated upon thirty (30) days' notice by the Board to the Company.

(d) Passage over said street by either pedestrians or vehicles shall not be interrupted for a greater period than five consecutive minutes at any hour of the day or night.

Eighth—Should the right and privilege to maintain and operate the sixteen (16) tracks across Hamilton street be forfeited as hereinabove provided, the Company shall at its own cost and expense eliminate the existing grade crossing of the main line tracks at Hamilton street, and for this purpose, within one (1) year after notice to do so from the Board, shall complete the construction of and thereafter maintain a bridge across said street of sufficient width and capacity to carry the said main line tracks and shall upon such completion remove to and thereafter maintain upon such bridge the said main line tracks. The said bridge shall be constructed and maintained in the manner and subject to the terms and conditions contained in section 2, sixth, of this contract, except that the Company shall not be required to depress or pave a greater portion of Hamilton street than may, in the judgment of the Board, be necessary for the construction of a bridge to carry only the main line tracks.

Ninth—Tracks across South street.

The three (3) tracks hereby authorized across South street shall be constructed and maintained over and above the surface of such street on a bridge which shall have a span at least equal to the present width of said street, and a clearance of at least fourteen (14) feet above the surface of said street at its present grade; provided, however, that whenever the grade and lines of said street are finally established, either as shown on the map and profile attached hereto or as may be hereafter fixed by the Board, the Company at such time thereafter as said street is ready for physical improvement and upon notice to do so from the Board, shall alter the said bridge by raising the span thereof so as to allow a clearance of at least fourteen (14) feet over the surface of South street at the new grade thereof and remove the piers and abutments to points outside the lines of said street as changed. The method of such alteration shall be subject to the approval of the Board and before commencing the work thereof, the Company shall submit to the Board for its approval, plans showing such method.

(a) In connection with the alteration of said bridge, the Company shall perform all the work of changing the grades of South street and of its intersection with Hamilton street and of changing the drainage system of said streets, and providing the drainage outlets made necessary by the maintenance of said bridge over South street, as above provided, and the Company shall also replace or restore the street pavement which may be disturbed during such work, all to be done under the supervision and subject to the approval of the President of the Borough of Queens.

(b) The Company shall commence and complete the work of alteration, as above provided, within one (1) year after notice to do so from the Board, otherwise the right and privilege hereby granted to construct, maintain and operate three (3) tracks across South street shall cease and determine unless said period shall be extended as hereinafter provided.

(c) The work of altering the said bridge, changing the street grades and the drainage system, providing drainage outlets and replacing or restoring the street pavement, as above provided, shall be done at the sole cost and expense of the Company. The Company shall also at its own entire cost and expense, and for the entire term of this contract, whether original or renewal, maintain the said bridge and the piers and abutments thereof in good order and repair.

Tenth—Tracks across Farmers avenue.

The three (3) tracks hereby authorized across Farmers avenue shall be constructed and maintained over and above the surface of such avenue in the manner and subject to the terms and conditions hereinafter named:

(a) The Company shall construct a bridge of sufficient width and capacity to accommodate the three (3) tracks hereby authorized and also the two (2) main line tracks of the Company now laid and existing across Farmers avenue on the surface thereof, carrying said Farmers avenue under said bridge at the width shown on the tentative plan for this territory and upon the completion of said bridge shall remove from the surface of said Farmers avenue the three (3) unauthorized tracks and the said two (2) main line tracks now constructed thereon, and shall thereafter maintain the said tracks on said bridge.

(b) Said bridge shall be constructed with a clearance of at least fourteen (14) feet over the surface of Farmers avenue. For the purpose of constructing said bridge with the prescribed clearance, the Company shall perform all the work of changing the street grades and the drainage system and of providing the drainage outlets made necessary by the construction of said bridge, and shall also replace or restore the street pavement which may be disturbed during such work; all to be done under the supervision and subject to the approval of the President of the Borough of Queens. The method of constructing said bridge and changing the street grades shall be subject to the approval of the Board. Before commencing work the Company shall submit to the Board for its approval, a plan showing the method of such work. The grade of said bridge and of Farmers avenue shall be as shown on the map and profile attached to and made a part of this contract or as may be hereafter fixed by the Board.

(c) The Company shall commence and complete the work of constructing said bridge and of changing the street grades and drainage system, as above provided, within one (1) year after the date of the execution of this contract by the Mayor, and shall within the same period remove from the surface of Farmers avenue the three (3) unauthorized tracks and the two (2) main line tracks now constructed thereon: otherwise the right and privilege hereby granted to construct, maintain and operate three (3) tracks across Farmers avenue shall cease and determine, unless said period shall be extended as hereinafter provided.

(d) The Company shall bear the entire cost and expense of constructing said bridge, changing the street grades and the drainage system, providing drainage outlets and replacing or restoring the street pavement, as above provided, and shall also pay all damages to property owners, resulting from change of street grades, except as to such portion of such cost and of such damages as would relate to or result from the elimination of the crossing at grade of the two (2) existing main line tracks. Said last-named portion shall be apportioned in the manner provided by the Railroad Law for the elimination of existing grade crossings, except that in no event shall the City's share of such portion exceed the sum of Forty-eight thousand five hundred dollars ($48,500), and the Company agrees to assume and repay to the City any sum in excess of the said Forty-eight thousand five hundred dollars ($48,500) which the City may be required to pay as its share of such portion. The Company shall, at its own entire cost and expense, for the entire term of this contract, whether original or renewal, maintain the said bridge and the piers and abutments thereof in good order and repair.

Eleventh—The provisions of this contract, which require the Company to remove from the surface of Farmers avenue the two (2) main line tracks now laid and existing across such avenue and to thereafter maintain the same on the bridge hereinbefore provided for, are and shall be subject to the condition that the Public Service Commission for the First District shall adopt an order eliminating the existing crossing at grade of the said main line tracks across Farmers avenue, and directing the construction and maintenance of the said tracks over and above the surface of said avenue. Nothing in such order contained, however, providing for the apportionment of the cost of such elimination in a different or more favorable manner to the Company than as herein provided for shall operate to vary the provisions of this contract as to the cost of such elimination, and the Company agrees to waive any such different or more favorable provisions.

Twelfth—Should the grades or lines of Hamilton street, South street or Farmers avenue, be changed at any time after the said bridge and archway across Farmers avenue and Hamilton street respectively are constructed, or after the bridge across South street is reconstructed, pursuant to the terms of this contract, the Company, when directed to do so by resolution adopted by the unanimous vote of the Board, shall, at its own entire cost and expense, change or reconstruct said bridge and archway so as to allow a clearance of at least fourteen (14) feet over the surface of said streets and avenue at the new grades thereof, and remove the piers or abutments of said bridges and archway to such point or points within or without the lines of said streets and avenue as changed as may be prescribed by the Board; and the Company agrees to waive as to these crossings any provisions of law now in force, or hereafter enacted, which shall provide for the apportionment of the cost of changing or altering existing overgrade or undergrade crossings.

Thirteenth—During the work of constructing or reconstructing the tracks, bridges and archway hereby authorized across Hamilton street, South street and Farmers avenue, the Company shall at all times permit pedestrians and vehicles to have free and uninterrupted access to and passage over said streets and avenue and across the tracks of the Company, except as interruptions are hereby permitted as to Hamilton street, or, in lieu thereof, the Company shall provide and maintain temporary crossings on its own lands at or near said streets and avenue for this purpose, and the Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks at all times when cars or trains are being operated thereon.

Fourteenth—The Company shall, upon demand, convey, or cause to be conveyed to the City, for a nominal consideration, a perpetual easement to construct and maintain any necessary sewers, pipes, mains or conduits in and through the lands contained within the limits of, or forming the boundaries or a portion thereof, of the Hollis and St. Albans yards, the whole forming the Holban yard, so called, and also the right to enter upon such lands from time to time as may be necessary for purposes of inspection or to make repairs. In constructing and maintaing such structures the City shall properly support and protect the Company's tracks and equipment.

The Company shall, upon demand, convey, or cause to be conveyed to the City in fee, for a nominal consideration, subject, however, to the right of the Company to continue the operation of its trains or cars thereon, such pieces or parcels of land lying within or forming the boundaries, or a portion thereof, of the Hollis and St. Albans yards, the whole forming the Holban yard, so called, which may be necessary to widen existing streets or for proposed new streets. In case the Company cannot convey or obtain the conveyance of any such piece or parcel of land, the City may acquire the same by condemnation proceedings, and the Company shall reimburse the City for the expense of such condemnation.

Fifteenth—The Company agrees that the lands located within the limits of the so-called Holban yard, comprising the Hollis and St. Albans yards, except such portions thereof as shall lie within the right of way of the Company's main line and Montauk Divisions so called, shall be assessed for public improvements of any nature in the same manner and to the same extent as are other lands not devoted to railroad uses, and the Company agrees to assume and pay such assessments. Provided, however, that where the Company, pursuant to the foregoing subdivision, shall convey or cause to be conveyed to the City in fee any piece or parcel of land for a new street or to widen an existing street, the lands of the Company fronting on said portion of the street so conveyed shall not be chargeable with any portion of the expense of opening or widening the residue of said street, except as provided in like cases by the Charter of the City.

Sixteenth—The limits of the Holban yard as referred to in subdivisions fourteenth and fifteenth of this contract shall be as shown upon a map entitled:

"Map showing limits of Holban Yard in the Borough of Queens, to accompany application dated May 6, 1912, of The Long Island Railroad Company to the Board of Estimate and Apportionment, City of New York."

—and signed, The Long Island Railroad Company, by Joseph W. Keany, Attorney for Applicant, a copy of which is attached hereto and made a part of this contract.

Seventeenth—In the event that any of the rights and privileges hereby granted shall cease and determine for failure of the Company to commence and complete construction pursuant to the terms of this contract or otherwise, such forfeiture shall not affect the right or title of the City to any moneys paid to the City as compensation for such rights and privileges or its right to retain and hold as security for the faithful performance of the terms and conditions of this contract as to such rights and privileges which may not be so forfeited, any sums which may be deposited with the Comptroller of the City as hereinafter provided, nor shall such forfeiture affect the right of the City to compel the compliance by the Company with such terms and conditions, and in the event that all of such rights and privileges shall cease and determine for failure of the Company to commence and complete construction pursuant to the terms of this contract, all sums paid to the City as compensation, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City.

It is provided that the periods herein fixed for completing the reconstruction of the bridge across South street and performing the work in connection therewith, and for completing the construction of the bridge across Farmers avenue, removing the surface tracks from the said avenue and performing the work in connection therewith, may be extended by the Board, but the total extension of time in the case of either of said streets shall not exceed in the aggregate one (1) year, and provided further that when the commencement or completion of such construction or reconstruction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed

for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given notice to the Board of any such court proceedings or other occasion of delay, and delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Eighteenth—Said tracks, bridges and archway and the appurtenances thereto shall be constructed, or reconstructed, maintained and operated subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided by the Charter of the City.

No construction or reconstruction upon said tracks, bridges and archway and the appurtenances thereto shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued, such officials may also impose such conditions as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Nineteenth—The electrical equipment to be installed by the Company for the operation of the tracks authorized by this contract, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twentieth—The right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said tracks, bridges and archway or the appurtenances thereto in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, support and protect the tracks, bridges and archway and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-first—Any alteration, not herein provided for, to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or reconstruction and operation of the tracks, bridges and archway and the appurtenances thereto, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-second—In addition to the work to be done by or at the expense of the Company, as herein provided, the Company shall pay:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction or reconstruction of the tracks, bridges and archway and the appurtenances thereto hereby authorized or required.

(b) The cost of inspection required by the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, of all work during the construction or reconstruction of the tracks, bridges and archway and the appurtenances thereto, and during the removal of the surface tracks herein provided for.

Twenty-third—The right hereby granted is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenue in which the Company is hereby authorized to construct, maintain and operate the tracks, bridges and archway.

Twenty-fourth—The Company shall assume all liability to persons or property by reason of the construction, reconstruction or operation of the tracks, bridges and archway and the appurtenances thereto authorized by this contract, and the damages for changes of street grades made necessary thereby, except such damages as shall be included within the cost of eliminating the crossing at grade of the existing two (2) main line tracks across Farmers avenue, the apportionment of which cost is hereinbefore provided for, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any person or corporation a franchise or right to use any of the streets or avenues herein named, or any part of them, for railway or other purposes.

Twenty-sixth — In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted, except where an *ipso facto* forfeiture is provided for, may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or, at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the tracks, bridges and archway and the appurtenances thereto constructed and in use in streets and avenues by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If the Company shall fail to give efficient public service at reasonable rates or fail to maintain its structures and equipment, as herein provided, in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains pay to the City the sum of two hundred and fifty dollars ($250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-eighth—This grant is upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars ($10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privileges hereby granted, if any such payment be hereafter required, the maintenance in good order and repair of the bridges and archway and tracks hereby authorized, the removal or relocation of the piers and abutments of said bridges and archway and the widening or elevation of the superstructures thereof in case of future changes in the width or grade of the streets, the removal of the surface tracks wherever required, the repairs of the street pavement, the removal of snow and ice, and the paving and lighting of Hamilton street, and in case of default in the performance by the Company of such terms and conditions, the City shall have the right to cause the work to be done and materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from said fund without legal proceedings; or, after default in the payment of the annual charges, should any be hereafter required, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to keep any other of the terms and conditions of this contract, the Company shall pay a penalty of ten dollars ($10) a day for each day of failure, all of which sums may be deducted from the said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day, not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appeearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars ($10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-ninth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places, or any other property to which the City has title or over which the public has an easement" across which the Company is authorized to lay tracks.

Thirty-first—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto afixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Long Island Railroad Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 10, 1913, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, July 10, 1913, in two (2) daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the Long Island Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Long Island Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 10, 1913, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.

Dated New York, June 5, 1913. j16,jy10

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Bronx Traction Company has, under date of May 5, 1913, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway as an extension to its existing system upon and along Morris Park avenue, from Bear Swamp road to Williamsbridge road, Borough of The Bronx; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on May 8, 1913, fixing the date for public hearing thereon, as June 5, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Herald" and "The New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Bronx Traction Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Bronx Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Bronx Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Bronx Traction Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Morris Park Estates is the owner in fee of that portion of Morris Park avenue, hereinafter described in section 1, lying between the northeasterly side of Bear Swamp road and Williamsbridge road; and

Whereas, Said Morris Park Estates, as additional compensation for the rights conferred hereby, has deposited in escrow a deed of cession of said portion of Morris Park avenue, to the width of one hundred (100) feet, which said deed, pursuant to the provisions of section 992 of the Greater New York Charter, is to be delivered to the Corporation Counsel simultaneously with the delivery of this contract; and

Whereas, By resolution adopted by the Board May 8, 1913, the President of the Borough of The Bronx was requested, in his discretion, to issue a temporary permit to the Company to open Bear Swamp road or Bronxdale avenue at Morris Park avenue, for the purpose of constructing a street surface railway thereon; and

Whereas, Such permit was issued on May 12, 1913; and

Whereas, Under and by virtue of such permit the Company has constructed and placed in operation that portion of the proposed extension upon and across Bear Swamp road at its intersection with Morris Park avenue; and

Whereas, There has been constructed and placed in operation the remaining portion of the proposed extension, to wit: Upon and along Morris Park avenue, from the northeasterly side of Bear Swamp road to Williamsbridge road;

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company in Morris Park avenue, at or near its intersection with the southwesterly side of Bronxdale avenue (formerly Bear Swamp road); thence northeasterly across said Bronxdale avenue to the intersection of the northeasterly side thereof with Morris Park avenue, and thence northeasterly upon and along said Morris Park avenue to Williamsbridge road, Borough of The Bronx.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing proposed extension of The Bronx Traction Company in the Borough of The Bronx, City of New York, to accompany petition dated May 5, 1913, to the Board of Estimate and Apportionment,"

—and signed by Edward A. Maher, Vice-President, and T. F. Mullaney, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor, until January 19, 1936, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred dollars ($100) in cash upon the delivery of this contract and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than three hundred and fifty dollars ($350), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of three hundred and fifty dollars ($350).

During the second term of five (5) years an annual sum which shall in no case be less than six hundred and fifty dollars ($650), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of six hundred and fifty dollars ($650).

During the third term of five (5) years an annual sum which shall in no case be less than seven hundred and twenty-five dollars ($725), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of seven hundred and twenty-five dollars ($725).

During the fourth term of five (5) years an annual sum which shall in no case be less than eight hundred dollars ($800), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred dollars ($800).

During the remaining term expiring January 19, 1936, an annual sum which shall in no case be less than eight hundred and seventy-five dollars ($875), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred and seventy-five dollars ($875).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law, as amended.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions

as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall, upon request of the Board, consent to the use for street surface railway purposes of the tracks and appurtenances covered by this grant, or any portion thereof, by any such other corporation or individual which may receive a franchise therefor from the City.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary for the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the sad parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Ninth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Eleventh—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Thirteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fourteenth—The Company shall attach to each car run over the said railway proper fenders and wheelguards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Fifteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Seventeenth—Cars on said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if directed by the President of the Borough of The Bronx, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curblines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-third—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fourth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-fifth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-sixth — In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-eighth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company here by agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-ninth—This grant is upon the express condition that any and all sums of money or any and all securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City as a fund for the faithful performance by the Company of the terms and conditions of the several franchises so granted, shall likewise form a fund for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheelguards, in case of a violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Board, to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure, direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof, this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirtieth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-first—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," enocuntered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5 and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By .....Mayor.
(CORPORATE SEAL.)
Attest: .....City Clerk.
BRONX TRACTION COMPANY,
By .....President.
(SEAL.)
Attest: .....Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Bronx Traction Company, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 10, 1913, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, July 10, 1913, in two (2) daily newspapers to be designated by the Mayor therefor, and published in the City of New York, at the expense of the Bronx Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Bronx Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 10, 1913, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appeaer and be heard.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all person interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
