THE CITY RECORD. OFFICIAL JOURNAL.

Vot. XXVI.

NEW YORK, SATURDAY, NOVEMBER 12, 1898.

NUMBER 7,760.

EXECUTIVE DEPARTMENT.

CITY OF NEW YORK-OFFICE OF THE MAYOR.

Forsuant to the authority vested in me by law, I, Robert A. Van Wyck, Mayor of The City of New York, do hereby call a special joint meeting of the Council and the Board of Ahlermen, constituting the Municipal Assembly of The City of New York, to be held in the Chamber of the Board of Aldermen, in the City Hall; in the Borough of Manhattan, in The City of New York, on Monday, November 14, 1898, at 2 o'clock in the alternoon, for the purpose of considering the Budget for 1899, made by the Board of Estimate and Apportionment of said city, and signed by the members thereof on October 31, 1808, and saturitted to the Municipal Assembly, as by law required.

In witness whereof, I have hereinto set my hand and affixed my seal of office, this ninth day of November, A. D. 1898. SEAL.]

ROBERT A. VAN WVCK, Mayor.

MUNICIPAL ASSEMBLY OF THE CITY OF NEW YORK.

THE CITY OF NEW YORK-OFFICE OF THE CITY CLERK, (November 9, 1898.

To the Members of the Council and Board of Aldermen :

In pursuance to the above call of his Honor the Mayor, you are hereby notified to attend a special joint meeting of the Council and Board of Aldermen, constituting the Municipal Assembly of The City of New York, to be held in the Chamber of the Board of Aldermen, in the City Hall, in the Borough of Manhattan, an Monday, November 14, 1898, at 2 o'clock in the afternoon, for the purpose specified in the foregoing call of his Honor the Mayor, which call is maile part of this notice to you.

Respectfully, P. J. SCULLY, City Clerk,

DEPARTMENT OF HIGHWAYS.

Supervisor of the City Record :

DEAK SIR-In accordance with the provisions of section 1546, chapter 378 of the Laws of 1897, I transmit the following report of the transactions of the Department of Highways for the week ending October 1, 1898. Respectfully.

JAMES P. KEATING, Commissioner of Highways.

Alderted Adopted.

On motion, the meeting adjourned.

THE CITY RECORD.

AQUEDUCT COMMISSION.

Minutes of the States Mosting of the Aquadust Councilisioners, held at their Office, No. 209 Stewart Buckling, on Tastaday, October 55, 1858, at 11 Schok A. M.

Which was carried by the following vote : Affirmative-Commissioners Ryan, Ten Eyck, Power and Windolph-4.

The following report was referred by the Construction or Executive Committee to the Board :

REPORT NO. 19.

CHIEF ENGINEER'S OFFICE - AQUEDUCT COMMISSIONERS, ROOM 273, NO. 280 BROADWAY, New YORK, October 17, 1898.

To the Honorable, the Committee on Construction :

To the Honorable, the Committee on Construction 3 GENELLMEN--It has become necessary, owing to certain conditions at the the blow-off at Shaft No. 24, to replace the steel screws of the gate gears with screws made of composition metal. Three new screws will be required. Messer, Skinner & Connully, who are providing fittings for the new bearings for these gate gears, offer to familis the screws for \$85. This price is reasonable, and as the screws have to fit the work now being done by Skinner & Connolly, I will ask your authority to have them turnish the screws at their price as given above. Yours respectfully, ALFRED CRAVEN, Acting Chief Engineer.

Commissioner Power moved that the authority asked for be granted. Which was carried by the following vote r Alternative-Commissioners Kyan, Ten Eyck, Power and Windolph-4.

The following communication was received from the Acting Chief Engineer :

REPORT NO. 20.

CHIEF ENGINEER'S OFFICE-AQUEDUCT COMMISSIONERS,) ROOM 213, No. 250 BROADWAY, NEW YORK, October 17, 1898.

To the Honorable the Aquaduct Commissioners :

GENTLEMEN-Since the last sale of buildings at auction in the Croton Valley, a number of houses have been vacated.

Distributes of the distributes of buildings of another in the Croton valley, a number of homse have been vacated.
 These supply houses become a cure; tramps go in them, and the blinds, sashes and other parts easily removed are stolen; and I will therefore recommend the sale at public auction of buildings on the following parcels:
 Vacant buildings on Parcels Nos. 230, 287, 439, 504, 505, 479, 531, 538 and 539.
 In addition to the vacant buildings on Parcel No. 531, there are two other buildings occupied by families who are two page to pay rent, and there are some other buildings which will be or should be vacated, on account of nubances, before the day recommended for the sale. These are on Parcels Nos. 420, 428, 430, 483 and 478.
 All the buildings proposed for sale are of little value, the Division Engineer stating that they may only bring from five to twenty dollars apiece.
 I think all of these buildings on the parcels enumerated should be included in the notice of sale, and the sual discretionary clause, covering withdrawal from sale in any special case, will provide ample protection for any tenant who might be caused to suffer hy being forced to vacate; such discretion to be exercised according to circumstances that may exist on date of sale.
 In lieu of my communication to you of September 20, designated as "Report No. 16 of Chief Engineer" which was " lad over," I would suggest that the buildings relered to in that report be neutoded in the sale.

These buildings are of so little value that I will suggest that no upset price be set on them, as when vacant itey become a source of nuisance in many ways, and it will be well to get rid of them at any price. At they stand, while being of little intrinsic value, they are considered by the Tay Assessors, and in addition to being a nuisance they become an annual expense due to your having to psy taxes on the assessed valuation.

Yours respectfully, ALFRED CRAVEN, Acting Chief Engineer.

Commissioner Power moved that the recommendation of the Acting Chief Engineer be approved, and the President and Secretary be authorized to arrange for the sale of the buildings at public auction. Which was carried by the following vote : Affirmative-Commissioners Byan, Ten Eyck, Power and Windolph-4-

The following communication from the Acting Chief Engineer was presented :

REPORT No. 21.

CHEEF ENGINEER'S UPPERS-AQUEOUCT COMMISSIONERS, ROOM 213, NO. 280 BROADWAY, NEW YORK, October 17, 1898.

To the Honorable the Aqueduct Commissioners :

To the However, the Agreeduct Committeeners: GENTLEMES—My report on the communication of W. B. and G. F. Chamberlin, attorneys, dated August to, having been referred back to the Chief Engineer with a further communication from the same attorneys, dated September 22, 1898. I beg hereby to confirm my previous report of August 30, the final recommendation in which provides that the trustees of the property in question be permitted to leave the church stand on the City property until the award is paid by the City, and they then be allowed two months' time to remove the buildings. I will add, however, that should the building cease to be used as a place of worship before the payment by the City, then the trustees should be required, and should agree, to remove the buildings within sixty days of notice being given for removal. Yourw respectfully. ALFRED CRAVEN, Acting Chief Engineer.

Commissioner Power moved that the recommendation of the Acting Chief Engineer in the matter of the church property above referred to, be agreed to. Which was carried by the following vote 1 Affirmative—Commissioners Kyan, Ten Eyck, Power and Windolph-4.

The following communication from the Acting Chief Engineer was presented :

REPORT NO. 22.

CHIEF ENGINEER'S OFFICE-AQUEDUCT COMMISSIONERS, ROOM 213, No. 280 BROADWAY, NEW YORK, UCIDER 18, 1898.

GENTLEMEN-In the matter of the application of Mesars. John J. Hart & Co. for an extension of time of sixty (60) days from November 1, 1898, in which to complete their contract at Shaft No. 25, I beg to report as follows : The contract is converted by the second second

25. I beg to report as follows: The contract in question was awarded to John J. Hart & Co. at your stated meeting of April 20, 1898; the contract was duly executed on April 27, and Hart & Co. commenced work on May 31, thirty-three days after the execution of the contract, not several months as stated by Hart & Co. in their communication of October 10. This delay, however, was due to the fact that Mr. Twiname, the former contractor at the same place, was not ready to vacate until May 31, and Hart & Co. could not well commence work until then. In other words, I consider the delay of thirty-three days was to a large degree unavoidable on the part of Hart & Co., and will therefore recommend that they be granted an extension of time of one month from November 1, or until December 1, 1808. December 1, 1898. I will add that I consider the work so advanced that it should be practically completed in

Yours respectfully, ALFRED CRAVEN, Acting Chief Engineer.

Commissioner Power moved that the Secretary be authorized to prepare a resolution in accord-ance with the usual form, provided that the survive agree to extending the time of John J. Hart & Co, to complete their contract, to December 15, 1898. Which was carried by the tollowing vote : Affirmative-Commissioners Ryan, Ten Eyck, Power and Windolph-4.

Commissioner Power moved the subplion of the following resolution : Resolved, That, subject to the approval of the Board of Fatimate and Apparticement of The City of New York, the President of this Commission he and hereby is authorized and directed to emer into a lease with the owner of the Stewart Building, in said city, for the occupancy of Romme Nos. 207, 209, 211, 213, 214, 215 and 210 by the Aquaduct Commissioners for one year from May 7, 1898, at a result of seven thousand five hundred didlars (\$7,500) per annum, physicle quarterly, at the expiration of each quarter. Which was carried by the following rote : Affirmative - Commissioners Ryan, Ten Eyck, Power and Windolph-4. The following sementation from the Action Chief Forder and

The following communication from the Acting Chief Engineer was presented :

REPORT NO. 23.

CHIEF ENGINEER'S OFFICE-ACCEDUCT COMMISSIONERS, ROOM 213, NO. 280 BROADWAX, NEW YORK, October 18, 1898.

5009

To the Honorable the Aqueduct Commissioners :

To the Honorable the Aqueduct Commissioners : GENTLEMEN-I have received from Division Engineer Gowen two bids he has obtained for painting and other work that is necessary at his office and Janitor's house. It was thought that by employing a journeyman to do the work by the job it might be done for less than the accompanying offers, but Mr. Gowen informs me that he finds it impossible to find such a person who was willing to wait indefinitely for his pay. As these buildings will be permanently retained to be used eventually as a Keeper's House, I consider it essential that they should be kept in a good state of preservation, and will ask that I be authorized to have the necessary work done, as set forth in the accompanying specifications, by A. E. Knowles, at his bid of \$246. Oswald Beeron bids \$249.75 for the same work. Mr. Gowen informs me that he asked for bids from five or six patties, hat only received two, as above given. Yours respectfully. ALFRED CRAVEN, Acting Chief Engineer.

Commissioner Power moved that the recommendation of the Acting Chief Engineer be

Commissioner Fault adopted. Which was carried by the following vote : Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4. On motion of Commissioner Ten Eyck, the Secretary was instructed to communicate with Mr. H. T. Dykman, coansel in charge, regarding bill for school taxes in School District No. 9. Town of Somers, Westchester County, N. V., which was raised from 550 to \$100 per acre. On motion, the Commission then adjourned. HARRY W. WALKER, Secretary.

Minutes of Stated Maeting of the Aqueduct Commissioners, held at their Office, No. 209 Stewart Building on Tuesday, October 25, 1898, at 11 o'clock A. M.

The Commissioners adjourned to meet on Friday next, October 28, 1898, at 12 o'clock noon, HARRY W. WALKER, Screetary,

POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORE, NO. 300 MULBEREV STREET, NEW YORK, November 11, 1898.

Supervisor of the City Record :
