over :

DEAR SIR-1 have received your communication, dated November 1, 1898. You doe that you do see to call my a reaction to the provisions of the Charter regulating the procedure to be taken to authorize contracts for public works, and expectally to the provisions of This 1, Chapter to, calling or action by the Roard of Public Logicovenceus and by the Municipal Assembly, and to ask me whether you should approve or disapprove of resolutions or authorized passed by the Monocipal Assembly authorizing specific public work, when such resolutions or orthonore, differ in terms from the resolutions or ordinances passed us to the same matters by the based of bulke the terms from the resolutions or ordinances passed us to the same matters by the

ordinates, other in terms from the resolutions of ordinatices passed as to the same instance by the fload at Public Improvements. The matter is one of importance, in view of the following provisions of section 413 of the Charter, providing that i "When a public work or improvement shall have been duly authorized, as aforesaid, then, but not until theo, it shall be lawful for the proper department to proceed in the execution thereof, in accordance with the provisions and subject to the limitations of this act." Section 410 of the Charter provides that : "It shall be the duty of the board of public improvements to prepare and to recommend to the municipal assembly all ordinances and resolutions regulating the totowing matters : "It shall be the duty of the board of public improvements to prepare and to recommend to the municipal assembly all ordinances and resolutions regulating the totowing matters : "It shall be the duty of the board of public improvements to prepare and to recommend to the municipal assembly all ordinances and resolutions regulating the totowing matters : "It shall be the duty of the board of public work or supplies, and agreements in relation".

the manifold assembly all ordinances and resolutions regulating the following matters: "(13). The making of all contracts for public work or supplies, and agreements in relation thereto by which the city shall be liable to pay money." Section 417 provides that : "Such proposed ordinances duly certified shall be submitted to the muna-ipal assembly. And the manifold assembly shall, without power or amendment, take such ordinance or ordinances into consideration, and shall either enset or reject the same, and if rejected, if or they shall be returned to the board of public improvements for further consideration." Section 413 of the Charter provides that— "Except as herein otherwise provides, any public work or improvement within the cogniz-ance and control of any one or more of the departments of the commissioners who constitute the board of public improvements in a public improvement within the cogniz-ance and control of any one or more of the departments of the commissioners who constitute the board of public improvements, that may be the subject of a contract, must have be duly anthorized and approved by a resolution of the board of public improvements and an ordinance or resolution of the municipal assembly. Any ordinance or resolution of the manoripal assembly approving any public work or improvement shall be subject to the power of the mayor over reso-lations or ordinances of the municipal assembly, which ordinance or resolution, together with a statement of the final theysetime thereof, duly certified by the city cierk, shall be transmitted to the board of public moreovements." The foregoing extracts from the Charter show plainly that any public work or improvement

The longoing extracts from the Charter show plainly that any public work or improvement, must be first duly authorized and approved by a resolution of the Board of Public Improvements, and that this resolution must be approved by an ordinance or resolution of the Manicipal Assembly, which resolution of the Manicipal Assembly shall be subject to the power of the Mayor. It has been suggested that the ordinance or resolution of the Manicipal Assembly need not be in the second the resolution of the Family need for the resolution of the functionance of Public Improvements, but the use of the

If has been suggested that the transacteor resolution of the Municipal Assembly acts the use of the word "approving" in the sentence "any ordinance or resolution of the Municipal Assembly approving any public work," shows that their power is to approve or disapprove just as the power of the Mayor over the ordinance or resolution of the Municipal Assembly is to approve or veto the resilution.

The resolution, Embarrassing questions could scarcely fail to arise if the Municipal Assembly should pass resolutions authonizing and approving any public work or improvement, which differed in terms from the resolution of the Board of Public Improvements authorizing the same, and no good reason exists why the resolution passed by the Board of Public Improvements should not in terms be approved, or authorized and approved, or passed by the Municipal Assembly in the identical words, authorized and approved by the resolution of the Board of Public Improvements. In other words, the power of the Municipal Assembly is to approve or disapprove the resolution adopted by the Board of Public Improvements. No doubt both the Council and the Board of Aldermen, upon their attention being called to this matter, would adopt what is unquestionably the only safe method of procedure, namely, that

61 this matter, would adopt what is unquestionably the only safe method of procedure, namely, that of passing resolutions relating to the same subject matter in identically the same words as the reso-lution of the Board of Public Improvements. 7 84

In my opinion if a resolution or ordinance authorizing a specific public work is passed by the Municipal Assembly, which onfers in terms from the resolution passed by the Board of Public. Improvements, it will be the safer course, if not the only safe course, for you to withhold your approval from the resolution or ordinance passed by the Manicipal Assembly. Kespectfully yours, (Signed) JOHN WHALEN, Corporation Coursel. 10

The following reports from the Commissioner of Highways were read and the matters laid

DEPARTMENT OF HIGHWAYS-COMMISSIONEE'S OFFICE,

NO. 150 NASSAU STREET, BOROUGH OF MANHATTAN, November 3, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAK STR-I have the honor to submit the following report on the ordinance for repaying with asphalt Bainbridge street, from Lewis street to Summer avenue, Borough of Brooklyn, said

ordinance having been transmitted to use for investigation and report, which a latter from the secretary of the Board of Public trapportunents, dated the 25th altitude. It is not a structure to approximate the finance of the part of the induced secretary of the common cost of the work is \$7,500, including the maintenance of the parenteen for filtern yours. The resolution does not show how the the parenteen to the public for. If it is intended to make it a charge against the appropriation for "Labor, Manifesiance and Supples," the work cannot be undertaken, because there is in available balance in that appropriation for the year. Very requirefully, JAMES P. KEATING, Commissioner al Highways.

DEPARTMENT OF HIGHWAYS-COMMONOWIA'S OFFICE, | NU. 130 NASSAU STREET, BURDLOH OF MASILATTAN, NOVEMBER 3, 1898.

How, MAURICE F. HULAHAM, President, Board of Public Improvements : DEAR Sta-On the ordinance received with a letter, dated October 25, from the Secretary of

DEAR SHOOD the ordinative received with a lefter, dialed Densier 25, from the Secretary of the Board of Public Improvements, providing that the marinage sy of Starg Greet, from Gorban avenue to Uron avenue, he reported with granite-block prevents, and that renowable he bail or each markerban, street or avenue, where not already done, 1 beg to report that the proposed improvement is necessary, and that the estimated cost therasis \$21,000. The resolution is defective, instantials does not indicate from what four the improvement is to be public. The appropriation for "Labor, Ministenance and Supplies," for 155%, commute drawn upon because it is already exhausted. Very respectfully, JAMES P. KEATING, Commissioner of Highways.

The following report from the Commissioner of Highways was read, and the matter was referred to the Engineer of Stropt Openings :

The and Park place has been improved by a majority of the owners by curbing, include and planting of trees for a forty-two fort variageway or readings; that nearly two-thirds of and Park place is planted on the solecould with two room of trees, with due regard for a forty-two feet entringeway to room way; that sold trees, that the change of the width of and carriageway or roadway from forty-two to thirty-four test would destroy the trues the entire length of the street. street.

street. The street was planted, graded, fenced and tarbed by the owners on a notucal agreement that the street should have a borty two foot carriageway or readway, as it is were an eighty feet street, and all improvements were made accordingly; that there has been no resolution of the Board of Aldemen or of your Honorable Board making said tradway or carriageway forty-two feet; that is appears on the map of said city as a seventy net street with a threy-four feet readway. Therefore we would most respectfully periform your Honorable Body to change the map or plan of the City by making said tarriageway or readway forty-two feet with. GEO. N. BEOWER and others.

The following communication from the Commissioner of Water Supply was read and ordered

on blas

# DEPARTMENT OF WATER SUPPLY-COMMUNICATE'S OFFICE, No. 130 NASSAU STREET, NEW YORK, November 3, 1898.

Him. MAURICE F. HOLAMAN, Frendent, Board of Fubili Improvements : DEAU SIN-For your information I respectfully inclose a copy of an opinion I have received from the Corporation Coursel, quoting the law governing the execution of contracts by this Department for employing water for private or public use and consumption, and adviding me that the assent of the Board of Public improvements is necessary to the execution of the contracts or agreements with private water companies for related of the hydrants, and that the Commissioner or Water Sample Scould execute theo. of Water Supply should execute these.

Very ospecifully, WM. DALTON, Commissioner of Water Supply.

LAW DEPARTMENT-OFFICE OF THE CONPORTION COUNSEL, NEW YORK, October 25, 1898, J

How, WILLIAM DALTON, Commissioner of Water Supply :

Sig-I am in recipit of your communication of the 8th instant in which you inform me that Sin -11 and in recipit in your communication of the own instant in watch you include the that after the action of the Board of Pablic Improvements in passing a resolution establishing rates to be charged by private water companies for rentals of fire hydrams, the question arises whether the contracts or agreements shall be executed on the part of The Gity of New York by the Presi-dent of the Board of Pablic Improvements under puragraph 7 of section 415 of the Greater New York Charter, or by the Commissioner of Water Supply under sections 471 and 472 of that act. Under section 415 of the Commissioner of Pablic Improvements has power over con-tracts for water anoth with private community or other multicapities.

Under section 413 of the Charler, the Board of Public Indrovements has power over con-tracts for water supply with private companies or other numberpolities. By section 413 a restriction was placed upon the yowers of the Commissioner of Water Supply and it is there provided that : "It shall not be hawful for the Commissioner of Water Supply to enter into any contract what-ever with any person or corporation magaged in the business of supplying or selling water for private or public use and consumption, unless preliminary to the execution of the contract the assent of the Board of Public Improvements, after submission to it of the proposed contract in all its details, shall be given by resolution to the essention of such contract as submitted,"

I would advise that the usent of the Board of Public Improvements to the execution of the contract should be obtained as provided in section 471, and that you as Commissioner of Water Supply execute the contract.

#### Respectfully, JOHN WHALEN, Corporation Counsel. (Signed)

In accordance with the foregoing opinion the following resolution was manipoonaly adopted : Resolved. That the Commissioner of Water Supply be authorized to execute, instead of the President of the Board of Public Improvements, the contract with the Jamaica Water Supply Company which appears on page 799 of the minutes of September 26.

The following communication from the Commissioner of Water Supply was read ; on motion, the decession of the proposed ordinances for all departments was laid over until the second meeting in December :

DEPARTMENT OF WATER SUPPLY-COMMISSIONER'S OFFICE,

No. 150 NA3SAU STREET, NEW YORK, November 9, 1898,

NEW YORK, November 9, 1598. Hen. MAURICE F. HOLAHAN. Prevident, Baurd of Public Improvement: DEAR SIR—In the matter of the inclosed copy of proposed ordinances relating to different departments represented in your bound, which I received with letter of 1st instant, from the Secur-mey of the Bound, I have the bound which is received with letter of 1st instant, from the Secur-mey of the Bound, I have the bound is between the art substitute for the ordinances, so far as they relate in this Department, the inclosed typewritten draft. The priord draft or copy con-mins a number of provisions which are marely copied from the provisions of the present City Chanter, and are, therefore, superfluous. The other changes made in the typewritten draft are for the purpose at providing penalties which can only be colored, if established, by ordinance of the Manneipal Assembly. Other matters which are contained in the printed draft and which are expanded in the type-written draft, relate to matters which will be included in rules and regulations to be established by the Commissioner of Water Supply, under section 478 of the Greater New York Charter, and which will be printed on the back of all pennits issued by this Department. I, therefore, recommend the adoption of the typewritten draft, in place of the printed draft. WM. DALTON, Commissioner of Water Supply. (The typewritten draft referred is was submitted by the Commissioner at the meeting of Octo-

(The typewritten draft referred in was submitted by the Commissioner at the meeting of October 20, and appears in pp/924-920, of the minutes.)

The following communications from the Commissioner of Water Supply were read and faild over instil a form of resolution cauld be drafted to conduct with the optiment of the Corporation Counsel, forwarded by the Mayor :

DEFARTMENT OF WATER SUPPLY-COMMISSIONER'S OFFICE, No. 130 NASAD STREET, New Yorks, November 9, 1898

Hou, MADRICH F. HOLAMAN, President, Board of Public Improvements : DEAR SIR-A polition has been received by this department from property owners and real-These Site-A pointer has been been entered of this department being coperty owners and rea-terns on Jackson avenue, between Westchester avenue and Cedar phase, for the laying of water-mulin on us to apply their houses with eater, and the Chief Engineer of this department reports that the water-mains are necessary, there being eightree (18) houses on the line of the proposed much, in a distance of 1,200 leet, and that the estimated cost of the formisting and laying the woler-main is \$1,450.

I, therefore, respectfully recommend the adoption by your Board of the annased resolution, embodying also a resolution for estimission to the Municipal Assembly, authorizing the work to be done.

Very respectfully, WILLIAM DALTON, Commissioner of Water Supply,

DEPARTMENT OF WATER SUPPLY-COMMISSIONER'S COTOGE, No. 130 NAUGAP STREET, NEW YORK, Ontober 31, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements: Hon, MARRET F. HOLAHAN, Premium, Board of Public Information. Drive Str.—The Chief Engineer of this Department reports to not that for the purpose of increasary improvement and increase in the water surply of Long Fland City, non-the First Ward of the Bornagh of Queens, it is necessary that water-mains be had in Newtown road, from Jackson necame to Broadway, and in Broadway, from Newtown road to Luyster struct, and also to drive teriz-lack test wells at Pamping Stations Nos. 1 and 3 in that Ward of the Borough of Journs. The length of water-mains to be laid in 5,000 feet, and the estimated cost \$5,000, the aggre-gate length or depth of test wells to be driven is z,000 feet, and the estimated cost \$5,000, I therefore respectively resonanced the adoption by your Board or the amound resolution, authorizing these works, and the presentation to the Manicupal Assembly of the resolution or architence also herein annexed, authorizing the name. Very respectively. WM. DALTON, Commissioner of Water Supply.

Respectfully, EDWARD M. GROUT, Fresident of the Borough.

The following communication from the Comptroller was read and placed on file:

CITY OF NEW VORK-DEPARIMENT OF FINANCE, COMPTROLLERS' OFFICE, November 5, 1898.

JOHN H. MOONEY, Esq., Scientary, Bound of Public Improvements, No. 346 Broadway, Bornugh of Manhattan, N.Y. City:

DEAR SIR-In compliance with the preamble and resolution passed by the Board of Fublic Improvements, I transmit betewith a detailed statement showing the balances to the credit of the Main Sewer Relief and Extension and Sewerage Funds of the Europept of Brocklyn on October

Main Sewer Relief and Extension and Sewerage Funds of the Borough of Brooklyn on October 19, 1898. To the credit of the Main Sewer Relief and Extension Fund there is a book balance of only eleven thousand three hundred and forty-one dollars and three cents [\$(1,341,03). As this balance is insufficient to meet the phymenis that are to accree ander the contract of Fankel J. Creem for the construction of a main relief sewer extension in Reid and other avenues and streets to Borough of Brooklyn, which it is estimated will amount to twenty thousand dollars (\$20,000), it would be in violation of the law to permit the contract to proceed with the work. The contract above referred to was entered into by the officials of the former City of Brook-lyn and was not certified by the Comptroller, as required by the provision of section 3 of title 18 of the Charter of said city, undoubtedly for the reason that the Comptroller Jound that there were not sufficient funds to meet the payments to become due under said contract. In the Sewerage Fund Laws, 1802-1803, 1 find a book balance of \$158,444.65, which com-prises the balances of the proceeds of sale of bonds and assessments. The assessments, when collected, were credited to this fund, together with the proceeds of the sale of bonds, or, in other words, they were merged together in one fund and applied to the payment incurred in the construction of severs, the redemption of bonds, the payment of interest un outstanding bonds, and such other expenses as would appear to be a proper charge against said Fund,

Fund By an analysis of the account I find that there is a balance of the proceeds of the bonds issued for the construction of sewers amounting to \$74,474, which is available, and may be applied to the contracts referred to in Mr. Grout's communication, which are chargeable to the Sewerage

Fund Laws, 1892-1894. In regard to the balance of the assessments collected, amounting to \$83,967.65. I desire to state that bonds were issued to advance the money needed for the construction of severs in anticipation of the collection of the assessments; consequently the bond moneys are to be used for the construction of the severs and the assessments, as collected, should be held to redeem the interest and principal of said bonds as same become due. Votors respectfully. Yours respectfully.

BIRD S. COLER, Comptroller.

Resolved, That the Commissioner of the Department of Sewars he and he hereby is instructed to present to the Comptroller for certification the contract for the construction of sewer in Map C, District No. 37, Prospect place, between Ralph and Buffulo avenues, Borough of Prooklyn. The following communication from the Commissioner of Water Supply was read :

DEPARTMENT OF WATER SUPPLY. Commissioner's Office, No. 150 Nassau Street, New York, November 7, 1898.

Hon. MAURICE F. HOLAHAN, Fresident, Board of Public Improvements:

Hen. MAURICE F. HDLAHAN, Frexident, Board of Fublic Improvements: DEAR SIR- With the letter of the 24th ultimo, from the Secretary of your Board, I received for investigation and report, the application of the Flatbush Water Works for permission to lay water mains in Thirty-fourth street, from Avenue E to Vernon avenue, and Vernon avenue, from East Thirty-fourth street to Clove road, and Clove road, from Vernon avenue to Clarkson street, in the Borough of Brooklyn, as shown by an accompanying diagram. In reply I have to state that there is no objection to the granting of the desired permission, provided that the Flatbush Water Works Company shall agree to comply with the resolutions of your Board, that charges for hydrant rentals shall not exceed \$20 per annum for each hydrant, nor the present gross payment the company now receives, and that the Company shall furnish water for sprinkling purposes, free of charge. There will be required on these lines, free (5) hydrants for air cocks and blowing off same. Very respectfully, WM. DALTON, Commissioner of Water Supply. And the following resolution was theremore monored t.

And the following resolution was thereupon adopted ; And the following resolution was thereupon adopted : Resolved, That authority be, and is hereby given, to the Commissioner of Highways and Commissioner of Water Supply to issue permits to the Flatbash Water Works Company that will enable said company to lay water mains in East Thirty-fourth street, Avenue E to Vernon avenue, and in Vernon avenue, from Fast Thirty-fourth street to Clove road, and in Clove road, from Vernon avenue to Clarkson street, in the Borough of Brooklyn, when said Flatbush Water Works Company have executed an agreement with the City providing for the supply of five hundred gallons of water per day for each hydrant erected along said streets for two hundred days in the year, where needed for sprinkling purposes by the City Departments, in accordance with the resolution of August 24, 1889. Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Severs, Commissioner of Bridges, President Borough of Brooklyn and President of the Board, Negative—None.

Negative-None.

The Board approved the transfer of Thomas H. Dibbins, Engineer, from the Department of Water Supply to the Department of Fulfic Buildings, Lighting and Supplies, Borough of Brooklyn. The requisition in the President of the Board for the transfer of S. B. Cady, Assistant ; A. Dulon, L., Hermensen, C. L. Von Logau and R. Windowsky, Draughtsmen ; E. P. Ramsey and A. R. Saterlee, Transfirmen, and E. Nagy, Axeman, from the Corporation Counsel's office (Bureau at Street Openings) to the Topographical Hureau, floard of Public Improvements, was approved, and the Secretary was directed to transmit the requisition to the Mayor for his approval. Adjourned.

JOHN H. MOONEY, Secretary.

0,570 pages of press copying were required for the opinions and other correspondence of the Department during the year. There were received from the Finance Department \$45 requests for the examination of claimosts, in 354 of which oral examinations, order oath, were conducted. The circumstance that only 354 claimants were examined, when 545 tenders for examination were received, is explained by the fact that a large number of the claims filed were in mechanics' liens cases and in a sussment matters, where all the facts being already within the knowledge of the City's officers, examinations were not nucessary. In addition to these claims in the ordinary suits against the City there were \$35 claims filed for rebates of excise license fees, which were examined into and filed.

#### GENERAL REMARKS.

The Department has been subdivided as follows : The General Office.

The formers of Storer Openings. The Burnow of Storer Openings. The Burnow of the Corporation Arrowey. The Office of the Artoriev for the Callection of Arrears of Personal Taxes. The Office of the Special Counsel in Charge of Proceedings Relating to the Water Supply. The Office of Artoney to the Department of Screet Improvements of the Twenty-third and and Screet Water Water.

Twenty-fourth Words. At the close of the year the Department and was as follows :

The Contral Office. 1 Chief Clerk. 1 Deputy Clore Clerk. 1 Regular Clerk. The Coonsel to the Corpora-2 Examiners. Stenographers. sin. Typewriters. 12 Assistants. Messenger Boys. 5 Junior Annanati, 1 Senior Law Clerk, 2 Junior Law Clerks. z General Charks 3 1 Lionerian, 3 Coprists (10 Persona) 3 Office Boys. The Burran of Movel Openings. Chief Computer.
 Genural Clerks.
 (45 Persons.) 5 Stenographers. 2 Senior Amistanii Typ writers, Amillants. 1 Searcher, r Chief Clerks

The Bureau of the Corporation Attorney. 3 Piccon Servers. (9 Persona.) 1 MIDWINEYS A MERANIS The Office of the Attorney for the Collection of Arrears of Personal Taxos.

= Law Clerks. 1 Clerk, t Ameney. (4 persona)-

The Office of the Special Counsel in Charge of Proceedings Relating to the Water Supply. The Counsel employs assistants and clocks as occasion may require, and in connection with other duties not relating to the Water Supply,

The Attachery is the Department of Street Interventions of the Twenty-third and Twenty-fourth Wards. 1 Clerk. (2 persons).

Attorney. Making a total of 115 persons in the Law Department.

#### MATTER SPECIALLY MENTIONED.

MATTER SPECIALLY MENTIONED. In the report of the Law Department for the year 1806 attention was particularly called to the acquisition of title to real estate, chiefly through the exercise of the right of eminent domain, for various public purposes. For the year 1807 the statement may be reparted that " the work that was accomplished in this direction has been far in excess of anything hitberto dome in the history of the dity, and lying, as much of it does, at the foundation of citle monovements, and being a necessary preliminary thereto, its important and for-reaching effect can bardly be exagorated." I will follow generally the arrangement of the subject made in that report, continuing the history of what was then encompleted and referring to the new proceedings. The fasts may be stared under the 6 dlowing heads : Onlineary Streets, Roads and Asennes, Extraordinary Streets, Boalewards and Public Places. Parks. School-house Sites.

School-house Sites. Court-house Sites.

Armory sice.

Bridge approaches. Sites for the use of the Fire and Police Departments.

Hall of Records.

Dock conferentian proceedings. Real estate required for use in connection with the water supply.

Ordinary Streets, Roads and Avenues.

The proceedings to acquire lands for streets, scals and avenues are nearly all in charge of the Bureau of Street Opening. There are now more proceedings of this character pending before Commissioners than ever before in the history of the city, and more reports were moved for con-firmation during the year (Soy than during any previous year.

A detailed account of the work of this bureau is printed in the body of the report, and only a

A detailed account of the work of this bureau is printed in the body of the report, and only a fize salient points will be mentioned here. Seventy reports of Commissioners of Estimate and Assessment were confirmed during the year, which is twenty-five more than during the previous year. The amount of awards in pro-ceedings confirmed was \$3,922,052.05, and more than three times the amount of the previous year. The amount of assessments confirmed in tS97 was \$2,286,177.54, which is more than double the amount of assessments confirmed in tS97 was \$2,286,177.54.

The amount of assessments confirmed in 1597 was \$2,286,177:54, which is more than double the amount of the previous year. In addition to the streets, title to which was acquired through condemnation proceedings, there were cossions of land for street purposes by the property-owners in thirty separate cases, so that it may be said that full for street purposes by the property-owners in thirty separate cases, so that it may be said that full for street purposes by the property-owners in thirty separate cases, so that it may be said that full for street purposes by the property-owners in thirty separate cases, so that it may be said that full to a hundred new streets was acquired. The number of lineal feet thus acquired is 160,010,05, or almost exactly 30.42 miles. It will be observed that the taxed costs in these proceedings amounted to \$181,700.12-4that is to say, about 4% per cent, of the amount of the awards. Thus, it costs less to open streets by confirmation proceedings, and to assess the cost thereof, than would be the fees of an assignee in administering an estate equal in amount to the awards made. It is to be remembered, also, that the salaries of the office force and a part of the rent of the rooms occupied by the Boreau, as well as of the general expense of running u, are included in the taxed costs. the taxed costs.

the taxed costs. Attention was called in the report for 1896 to an important question, then pending before the Court of Appeals, as to whether, where streets north of One Hundred and Fifty-fifth street on Man-hattan Island are more than a mile in length, the whole or only one-half of the cost of the opening is to be horne by the property-owners. Those cases, involving three important avenues, to wit, Audubon avenue, Wadsworth avenue and Edgecomile road, have here disposed of, the appeals having been dismissed by the Coart of Appeals, and the City has been ancreasful in its claim that the whole of the cost of opening such streets must be assessed upon the property-owners, and not one-half only, as was claimed by opposing counsel under the alleged authority of chapter 565 of the Laws of 1865. Attention is called to the following table :

	18975	x895.	3895.
Commissions appointed. Proceeding a pending at the end of the year	867 243 5, 113 81, 134 772 33, 164, 14	90 138 3-341 51-719 7-99 14-750	72 96 97,785 37,765 37,765 58 3,479

The pay roll for the Horeau in the month of December, (\$90, called for \$4,098.84; for Decem-

ber, 1507, 55, 584, 11. The average time required for the completion of a proceeding was one pror, six months and twenty-two days. Much of this time was consumed to waiting for maps. The average time taken for that purpose was at months and fouriern days. The shortest time on which a proceeding was completed was five months and use days.

Extrasedinary Secule, Bouldwards and Public Flaces.

#### THE FLM STREET WIDENING,

The Commissioners of Estimate and Assessment in this important proceeding were appointed on the 27th of February, 1895. The litigation was pressed with unusual energy and elligence during the year 1896 and the year 1897, until on the 28th day of April, 1897, the Commissioners made an informal report of the amount of awards which they had determined upon, to wir,

made an informal report of the amount of awards which they had determined upon, to wis, \$5,401,377.
The grant labor involved in preparing the assessment maps caused some delay, and it was finally determined that a motion should be made to confirm the awards separate and apart from the assessment. A motion for such continuation was made before Mr. Justice Smyth in November, 1807, and was under consideration by him at the end of the year.
It may be well to state that this improvement involves the widening and straightening of Elemetric from Worth to Spring street, so as to make it of the aniform width of eighty teet; also the cutting through of the blocks from Worth to Daane street; the taking of property on the westerly sile of Centre street, between Dume and Reade streets; the taking of the whole block bounded by Centre, Reade and Chambers streets ; the videning and street from Spring street to its northerly terminus, and the enting through of the blocks from Prince to Great Jones street to its northerly terminus, and the cutting through the watering of the watering will be a continuation of the westerly line of Latayetts place.
It was provided by chapter 641 of the Laws of 1807 that title should yest upon the 1st of May of that year, and that interest should run at the legal rate upon the awards from that date to the date of payment.

The buildings on the property acquired for the opening, widening and extending of this street, were sold at public auction, and most of them had been forn down at the end of the year.

GRAND BOULEVARD DE CUNCIDERSE, FROM USE BUNDRED AND SIXTV-FIRST STREET TO MOSHOLU PARKWAY.

This proceeding was begun in 1895, under authority of chapter (40 of the Laws of that year. The budlevaid extends a distance of over four miles, with a width of 180 feet, following the ridge easierly of Jerome avenue. For the purpose of acquiring tile it was divided into four sections, and a separate proceeding instituted as to each section. The reports of the commissions on three of these sections were confirmed during the year 1897, the amounts of awards being as indicated below.

Sectors:	Dark of Consumation,	Awasu.
First	February 10: 1897 May 4, 1897 O tober al. 1897	4576-027 g6 589,448 47 264,947 00

These three sections taken together extend from One Hundred and Sixty-first to One Hun-dred and Eighty-fourth street. The fourth sections extends from One Hundred and Eighty-fourth street north to a line which is about 200 feet south of One Hundred and Ninety-eighth street.

#### HARLEM SPEEDWAY.

This road or avenue extends from One Hundred and Folty-fifth to Dyckman street, a distance of about two and a half miles along or near the westerly bank of the Harlem river. The pro-receiling for acquiring title therato is under thapter too of the Laws of 1893. Evidence on the part of property-owners was presented to the effect that the property taken was of the value of \$3,000,000. The evidence given by the City's experts placed the value at a liftle less than \$200,000. The Commissioners awarded \$255,575.50, and the Coart, after hearing the objections, fixed the damages at \$275,504.22. The order of confirmation was entered July 30, 1897.

#### ADDITION TO THE SPEEDWAY.

This addition was provided for by chapter Sq4 of the Laws of 1595, which allows the acquisi-tion of a tract of land on the westerly side of the Speedway proper, extending from One Hundred and Fifty-fifth street northerly to the Hugbbridge Park, and from the Speedway westerly to the line of the Aqueduct. Title vested in the City on the 19th day of January, 1896, upon the filing of the caths of the Commissioners. The awards are to bear interest at 6 per cent, from that date. A separate and partial report has been filed as to Parcels Nos. 4, 5, 6 and 6½, awarding \$304,512.

EXTERIOR STREET, FROM SIXTY-FOURTH TO EIGHTV-FIFTH STREET, ON THE EAST RIVER.

The report in this proceeding, involving, as it did, peculiar and important questions of law as to alleged repartan rights of owners abuiting on the East river, was confirmed on the 14th of July, 1897, and the contention of the City was sustained. The amount of the awards was \$497,458, which, with the faxed costs, made the assessment \$517,738.28.

#### Parks.

ST. NICHULAS PARK. This park is situated between One Hundred and Thirteth and One Hundred and Forty-first streets. St. Nichelas, Convent and Amsterdam avenues. The proceeding to acquire title to the land was begun in July, 1894, and is still pending before the Commissioners of Appraisal, During the year 1897 about 1,000 pages of testimony have been taken relative to the value of the property. The testimony as to a considerable portion of the land embraced within the park area has been nucluied both on behalf of the property-owners and the City, and the matter is now in the hands of the Commissioners for their determination and report.

#### COLONIAL PARK (SO-CALLED).

This park lies between One Hundrad and Forty-fills and One Hundred and Fifty-fifth streets, Bradmarst and Edgecombe avenues, and consists of a sidehill and a nurrow level place on the east resembling, in its main features, Morsingside Park. About 1,200 pages of testimony were

taken during the year 1597, and the testimony was closed in December, 1897. The matter is now in the hands of the Commissioners for their determination and report.

#### RIVERSIDE PARK EXTENSION

This park was laid out and designated by chapter 152 of the Laws of 1894, and includes land between Seventy-second and One Hundred and Twenty-ninth street westerly of the roadway of the New York Central and Hadson River Kailroad Company. The proceeding was begun in 1894, and during the year 1897 about 1,000 pages of testimuony were taken. The case, both on the part of the property-owners and of the City, has been concluded as to a considerable part of the property sought to be acquired.

#### LITTLE ITALY PARK (SO-CALLED).

This park was laid out and designated by chapter 746 of the Laws of 1894, and embraces all the land on the East river between One Hundred and Eleventh and One Hundred and Fourteenth streets east of First avenue. About 1,400 pages of testimony were taken during the year 1897, the testimony as to the grater part of the land has been concluded and two separate reports have been made by the Commissioners, the aggregate amount of the awards being \$1,701,223, each of which has been confirmed, and the City has become the owner of the property included in each of the wards.

said reports. The part not yet reported upon is a small partion of the entire area, and a report may be expected as to that early in the year 1898.

#### FORT GEORGE PARK.

This park was laid out under authority of chapter 876 of the Laws of 1895. The Commis-sioners were appointed on the 17th of April. 1896, and during the year 1897 about 1,600 pages of testimony were taken. Proof of title has been completed, and the case on behalf of the property-owners, as to value, as about three-foarths completed.

#### ELEVENTH WARD PARK.

Early in the year 1805 the Board of Street Opening and Dorovement designated lands to be laid out as a park on the east side of the city, comprising the two tenement blocks bounded by Stanton, Housion, Put, Willeft and Cherry streets. Commissioners of Estimate were appointed on the 10th of July, 1805, and in the year 1807 about 1,800 pages of festimony were taken. Proof as to title has been completed, and the proof as to value has been more than half completed.

#### WEST SIDE PARK.

The Board of Street Opening and Inprovement also in the year 1896 laid out and established a park on the west side of the city, bounded by Ninth and Tenth arennes, Twenty-seventh and Twenty-righth streets. Commissioners were appointed in that year, and during the year 1897 over 800 pages of testimony were taken. Proof of title as to all the property involved has been con-cluded, and constitueable testimony on behalf of the property-owners as to value has been taken.

#### HIVISION STREET PARK (SO-CALLED).

This park was laid out by the Board of Street Opening and Improvement, under chapter 320 of the Laws of 1887, and chapter 203 of the Laws of 1895, and Commissioners of Estimate were

of the Laws of Towy, and enabled 50, or the laws of Toys, and Commessioners of Estimate were appointed on February 5, 1897. The land involved consists of three tenement-house blocks, bounded by Hester, Essex, Division, Norfolk, Saffolk, Canal, Rutgers and Jefferson streets and East Bouadway. About 1,000 pages of festimony were taken during the year 1897. Proof as to tide to all the property embraned within the park area has been concluded, and considerable testimony has been taken on behalf of property owners as to the value of property.

#### SEVENTEENTH WARD PARK OR PLAYGROUND.

On the roth of December, 1897, the Board of Street Opening and Improvement, ander the provisions of chapter 420 of the Laws of 1897, chapter 223 of the Laws of 1895, chapter 576 of the Laws of 1897, selected, Jocard and had out this public park or playground, com-prising nearly all of the tenement-house block bounded by Houston, Essex, Norfolk and Stan-ton streets, and requested the Coursel to the Corporation to acquire title to it by condomnation proceedings. The notice of application to the Court for the appointment of Commissioners of Estimate on the 20th of January, 1898, is now being advertised.

On December 17, 1897, the Board of Street Opening and Improvement, parsiant to chap-ter 120 of the Law of 1897, selected, located and lad out a public park, comprising the two blocks bounded by Eleventh and Twelth arenues, Fifty-second, Fifty-third and Fifty-iourth street, and requested the Cannel to the Corporation to institute a proceeding for the purpose of arguinng title to this land. A matter of analiente up the Cannel for the

A notice of application to the Court for the appointment of Commissioners of Estimate on the zist of January, 1898, is now being published.

School house Sites. The statements and tabulations below will show in detail the extent and importance of this branch of the Department's work, as well as the skill, fidelity and success with which it has been conducted. 44 separate and distinct school sites have been acquired during the year 1897, and title thereto is now vested in The Cuty of New York ; 36 of these by condemnation proceedings

The record for 1896 was 32; 26 by condemnation proceedings and 6 by purchase.
 The record for 1896 was 32; 26 by condemnation proceedings and 6 by purchase.
 The sums paid for the 36 proceedings amounted to 52, 396,966.
 The sums paid for the 8 sites acquired by private parchase accounted in \$354,000, making a total of \$2,750,956, which is the on-ant expended or to be expended for property acquired for school purposes during the year 1897.
 All of the proceedings mentioned as pending in the report for 1896 have been concluded, except one, as to which the Barri of Elucation ba, requested that no testimony be taken.

The following is a Table Relating to School Sites which more Acquired through Condemnation Proceedings in the Year 1897.

Armory Stle.

The condemnation of lands for sites upon which to erect armories for the National Guard is authorized by chapter 559 of the Laws of 1893, and under that act the procedure relative to the acquisition of title is that provided for by chapter 23 of the Code of Civil Procedure.

Fa31'040 DG

#### SUPPLEMENT.

#### THE CITY RECORD.

During the year 1807 a condemnation proceeding was instituted for the purpose of acquiring tills to seven hole of hand on the wotherly side of Sixty-sixth street, between Columbus avenue and Control Park, West, as a site upon which to erect an armory for the use of the First Battery of the National Guard. Commissioners of Apprairal wave appointed to said proceedings, and testimony as to the value of the property is now being taken before them.

#### Bridge Approaches. THIRD AVENUE BRIDGE.

The proceeding for the acquisition of title to lands on both sides of the Harlem river, for the approaches to the New Third Avenue Drawbridge, mentioned in the report for 1896, has been conclused.

Conclused.
About Soo pages of testimony were taken during the year 1897.
The Commissioners made five separate reports covering all the property embraced in the proceeding, all of which reports have been confirmed by the Court.
During the year 1897 a proceeding was instituted for the purpose of acquiring title to lands for the South Third avenue, extending from the north side of the Hundred and Twenty-eighth areer to the Harlem fiver.
Commissioners of Estimate have been appointed in the proceeding. Their oalss of office as such Commissioners were filed in the effice of the Clerk of the County of New York on November 12, 1897, and nodes the provisions of the Amendatory Act, chapter 710 of the Laws of 1896, the file to the lands in question vested in the Cuy on the filing of stationals.
In October, 1897, the Board of Estimate and Apportionment adopted a resolution providing for the wittening of East One Hundred and Thirtheth street and the southwest or Lexington aremite appointed to east ball by the Court appointed in the title to the lands in question vested in the Cuy on the filing of stationals.
In October, 1897, the Board of Estimate and Apportionment adopted a resolution providing for the wittening of East One Hundred and Thirtheth street and the southwest or Lexington aremite appoint to east or were of Public Works for and in behalf of the Cuy.
A notice of application to the Court for the appointment of Countistioners of Estimate in the matter of acquired by the Court for the the postiment of Countistioners of Estimate in the matter of acquired for the 20th day of January, 1898.

matter of acquiring title to said lands a now being advertised for the both day of January, 1898.

NEW PAST RIVER TRIDGE, FROM NEAR THE FOOT OF GRAND STREET.

Although the Law Department have responsibility for this proceeding the following is statul : The lower relating chorene are Laws of (895, chapter 789; Laws of (896, chapters 612 and 754, and Laws of (807, chapters 612 and 724). The Commission, I am informed, have employed their own counsel. There proceedings have been began for the condemnation of outfalls property; one as to property in The City of New York, and two as to property in Brooklyn. Commissionmers were approached in each proceeding and testimony is being taken in each by them.

them

The Bridge Commusion, I am also informed, maker rathority visited in it by the acts, ins-purchased during the year several points of property both in New York and Brooklyn.

#### WILLS AVENUE MADOD APPROACHES.

The proceedings for the organization of lands between the Hamiled and Thirty-second street and Willie avenue had that thus tred one Tw sty-fish areas and First avenue, for approaches to the reproceed broke according to the Horn over or the point influented have progressed during the year. The final maps over received on July 20, 1807, and do final report of the Commissioners was filed August 15, 1897-

The proceedings conferred measure any in order in carry can the plan of improvement instituted by the back Department to separe property along the water from by the exercise of the right of eminant domain have been vigority progenited during the year, p65 months, have been beld in the primeriling measured hellow, the approximations reports were confirmed thiring the year, and the amounts of the awards were as follows:

	Awarda.
Huralio and Gameroori streets	= \$764,088 cz
Inne and Horatio streets	
West Twelfith stront,	- 078,474 37
Rethane and West Tweifth streets	. 890,000 00

Total of awards	\$3,087,842 39
The following proceedings are still pending :	

West Eleventh and Bank streets Bank and liethane streets,

Watts and Canal street

West Forty-second and West Forty-third streets.

Pier 33, East river. Bulkhend adjunting Pier 35, East river.

Fier 50, East river. One Hundred and Fourth and One Hundred and Fifth streets, East river.

Real Estate Required for Use in Connection with the Water Supply.

The higher processory for the acquisition of lands and easements required in support. The higher processory for the acquisition of lands and easements required in structure and protect the water experies particularly in the Counties of Weatchester and Putnam, has proceeded during the year 1507. The important proceeding which, however, relates to hand in The City of New York, known as the Jaronae Park Reservant Proceeding, was concluded, the Countessioners of Apprairal having made their final reports, designated as the Second and Third Separate Reports. The Second Report included by separate chains, and the amount of the awards was \$843,063. The amount claimed was \$1,348,205 - a saving of \$303,232. The Third Separate Report involved new claim for damages to contiguous real estate caused by the construction of the reservoir.

by the construction of the reservoir.

This claim was disallowed, the Supreme Court holding that the Commissioners of Appraisal had no power to hear and determine the claim in question and make an award therefor, The proceeding known as the Fourth Supplementary Cornell Dam Proceeding was closed The protecting allowed in the rest of the second se

Making a saving in favor of the City of ..... \$119,025 b6

In the Mount Kisco proceeding, the Second Separate Report was made covering forty

parcels. 

Making a saving to the City of ..... \$300,514 So

In the Carmel or Lake Gleneida proceeding, the Second Separate Report was made. 

Making a saving in favor of the City of ..... \$106,736 69

In the Fatterson and Towners proceeding, the evidence was closed and submitted to the Commissioners, but no report has yet been made. A proceeding known as the Lake Mahopac proceeding, embracing seventy-two parcels of land in the Town of Carmel, was instituted and evidence is being taken on behalf of the

claimants.

In this, however, is not included about 250 separate parcels acquired by the City, for which

no claims have yet been filed. It is estimated that these claims will aggregate over \$1,000,000.

Courses Litigation.

A large amount of litigation was prosecuted during the year, growing out of contracts for

A rate of the second Department bring represented upon such hearings.

The total Deduction	amount recovered, excluding interest and costs, was, g the amount admitted to be due to the plaintifs, to wit a balance remaining, which may be called the net recovery, of	55,080 30 0,054 20 49,332 10
Two	of these cases, however, were their against the express advice of the Law	Department

and wholly apon the argent request of the Comproller. 

The difference between the amount thus remaining of	54,342 35 23,275 65 8,068 70

So that there was a not recovery against the City of approximately 4 per cent, of the amount claimed.

Austing the most important contract suits disposed of during the year was the rate of William E. Dena vs. The Mayor, etc. The contract involved was for the Construction of Dyckman street from the Harlem over to

The bounder invert After the contractor had been paid the sum of 5147,979.65, a dispute arose between him and the representatives of the City as to the latter's liability to pay an instalment of \$12,343.76. It was claused on behalt of the City that the certificate of completion of the Completioner of Fublic Works had been obtained by mistake, and that the contractor had not done the amount of work for which he claused compensation. Solid was accordingly brough completion of \$12,012,76 claimed to be due under the contract.

Suit was accordingly brought for the sum of \$13,043.76 claimed to be due under the contrast, together with \$25,000 as damages. The City denied its liability and set up a counterclaim to the effect that the contractor, through mistake, had obtained \$26,514.90 more than be was entitled to and accordingly demanded judgment for that sum against hum. A long trial before a jury followed, resulting in a vertice for the City for \$21,694 and judgment in its favor for the sum of \$21,998.35, was subsequently entered.

Important Cases before the United States Supreme Court and the Court of Appenla,

Important Cases before the United States Supreme Court and the Court of Appends, In April, 1897, I argued before the United States Supreme Court the important case of Robert W. Workman vs. The Mayor, etc. This cases was a liber in admirally to obtain damages against The Clip of New York for injuries caused by the "New Yorker," a fireboat under control of the Fire Department of The Clip of New York, which, when coming up the East river and attempting to enter the slip for the pur-pose of extinguishing a tire, collided with the barkentine "Linda Park." It was held by the United States Circuit Court of Appends that The City of New York was not responsible for the regligence of the members of its Fire Department, committed while attempting to extinguish a fire within the corporation limits, and that this rule was not affected by the fact that the suit was in admirally instead of at common law. The case was considered to important, both on account of the principle involved and the face that it was the first of its class in which the City's hability could be tested in the United States Courts, that an appeal was taken to the Supreme Court of the United States. That court had not decided the case at the end of the year.

Courts, that an appeal was taken to the Supreme Court of the United States. That court had not decided the case at the end of the year. In the report for the year 1366, reference was made to the case of Henry W. Sage vs. The Mayor, etc., which was decided in that year by the Appellate Division. The case is an exceedingly important one, involving directly title to the tideway, finitis, the land between high and low water in the Harlem river, between Ninety-forth and Ninety-fifth streets. It indirectly involved the tille to the tideway elsewhere on Manhattan Island. The Court of Appeals, in the year 1867, affirmed the decision of the Court below, and sup-taked fully the position of the City in claiming absolute ownership of the tideway around Manhattan Island.

A proceeding was also in-tituted under chapter 674 of the Laws of 1896 for the purpose of discontinuing all proceedings in relation to certain parcels that were conditioned in various pend-ing proceedings under chapter 189 of the Laws of 1893. 

In addition to the foregoing proceedings the assessment and taxation of about 5,000 acres of the City's property award in the Counties of Westchester and Putnam for use in connection with the City's water supply is the subject of constant examination, contexts and lineation. The following proceedings, as popularly known, were peopling at the end of the year i Bronx river, Ryg Fond and Wampus.

In Honorable the Actuation Communicates GEN (1.700 N=-In the mother of the application of Mesure, Jahn J. Hart & Coufor an extension of time of early (500 days from November 1, 1850%, in which to complete their contract at Shaft No. 25. I beg to report as follows: The contract in question was awarded to John J. Hart & Cou at your stated usering of April 20, 1858 : the contract was tub executed on April 27, and Hart & Cou commenced work on May 34, thirty-liner days after the execution of the contract, not several months as stated by Hart & Could the end of the end of the execution of the contract, not several months as stated by Hart & Could the end of the end of the same place, was not ready to vacate until May 31, and Hart & Cou could not well for mence work until them. In other works, I consider the delay of thirty-three days up to a large degree convoldable on the part of Hart & Cou, and will therefore repronuend they they up to a large degree convoldable on the part of Hart & Cou, and will therefore therein the first they be grantist an extension of time of one month from November 1, or until December 1, 1808. \$1,792 93 Schedule No. 146-J. H. Timmerman (City Paymatter), wages of Sweeper (John B. Hood) for weeks from June 2 to October 6, 1898 \$207 33 Schedule No. 147-December 1, 1808. 4 will edd that I consider the work so advanced that it should be practically completed in J. H. Timmerman (City Paymaster), wages of Hostler (Hy. Seery) for weeks from July 1 to October 5, 1868. J. H. Timmerman (City Paymaster), wages of Sweepers, Cartmen, etc., for week ending October 13, 1898. \$192 35 time time. Yours respectfully, ALFRED CRAVEN, Acting Chief Engineer. 39.546 83 At FRED CRAVEN, Acting Chief Engineer. Commissioner Power moved that the Secretary be authorized to prepare a resolution in accord-ance with the usual form, provided that the survive agree to extending the time of John J. Hart & Co. to complete their contract, to December 15, 1595. Which was carried by the following rote: Afternative - Commissioners Ryan, Ten Eyok, Power and Windolph-4. Commissioner Power moved the adoption of the following resolution : Resolved, That, subject to the approval of the Board of Estimate and Apportionment of The City of New York, the President of this Commission be and hereby is authorized and directed to enter thick a lease with the owner of the Sten at Failding, in soil city, for the occupancy of Rooms Nus. 207, 209, 217, 213, 214, 215 and 210 by the Aquedact Commissioners for one year from May 1, (SpS, at a rectal of seven th maand five hundred dollars (\$7,500) per amount, physicle quarterly, at the expiration of each quarter. Which was carried by the following vote : Afternative - Commissioners Ryan, Ten Eyek, Power and Windolph-4. The following communication from the Acting Chief Engineer was presented : REFORT No. 23. Contract Excepted, Thomas Lenane, No. 307 West street, Borough of Manhattan, October 12, Jurnishing \$24,611 81 forage. <text> Fines Imposed, Week Emling October 15, 1898. REFORT NO. 23. CHIEF ENGINEER'S OFFICE-ACCEDUCT COMMISSIONERS, J ROOM 213, NO. 280 BROADWAX, NEW YORK, October 18, 1858. To the House is the Aqueaust Commissioners To the Honora in the Aquindust Constitutioners': GENTIENDAN- There received from Division Engineer Gowen, two bids he has obtained for painting and other work that is necessary at his office and familiar's house. It was thought that by employing a fourneymen to do the work by the job it might be done for less than the eccompanying offers, but Mr. Concern Informs me that he foods it impossible to find such a person who are willing to wait indonoidly for bus pay. As these buildings will be permanently relained to be used eventually as a Kerper's House, I consider it executes that they should be kept in a grad date of preservation, and will as their T be authorized to have the necessary work done, as set but in the accompanying specifications, by A. E. Knowlos, at his bid of \$240. Owe done, as partice, but buly received two, as above given Your respectfully. ALFRED URAVEN, Anting Chief Engineer, Commissioner Power moved that the recommendation of the Acting Chief Engineer be adapted.
