ARCHIBALD R. WATSON, Corporation Counsel.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held Friday, May 17, 1912, at 10 o'clock a. m.

Present—President James Creelman and Commissioners Alexander Keogh and Richard Welling. The President presided.

A public hearing was had on the application of the Commissioner of the Fire Department that the provision of the rules requiring competition be suspended in the case of Mr. Leonard Day and his appointment as Electrical Engineer in the Fire Department approved under Rule 12, clause 5. Hon. Joseph Johnson, Fire Commissioner, appeared in favor of the application. Mr. Robert W. Belcher, Assistant Secretary of the Civil Service Reform Association, appeared in opposition. Mr. Leonard Day also addressed the Commission. There were no other appearances, and the Chair declared the hearing closed.

The Commission then went into regular session, and the minutes of the meeting held May 14, and of two meetings held May 16, were approved.

On motion, it was resolved that the requirement of competition be waived in so far as it applies to the position of Electrical Engineer in the Fire Department, and the appointment of Mr. Leonard Day to that position, at a salary of \$5,000 a year, be approved under the provisions of clause 5 of Rule 12 of the rules of the Commission, it appearing that Mr. Day is a person of high and recognized attainments in the desired qualities and that competition in this case is not practicable.

Commissioner Welling voted in the negative.

Arthur Pick, of 235 E. 11th st., appeared, as directed, relative to his request that his name be removed from the disqualified list, upon which it had been placed by reason of his dismissal from the position of Financial Clerk in the Department of Docks and Ferries. The request was denied without prejudice to a renewal of same in advance of any examination which Mr. Pick might desire to enter, the action of the Commission, however, not to operate as a disqualification against Mr. Pick for provisional appointment.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 14, relative to the request of James V. The recommendation was adopted.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 13, recommending that clause 12 of Rule 15 (promotion) be amended by striking therefrom the following:

The Secretary was instructed to advertise a public hearing on the proposed amendment in accordance with Rule 3.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 13, stating that only one person had made application for the examination for promotion to Superintendent of the Bureau of Domestic Relations, Brooklyn, in the Department of Public Charities, although six persons were eligible for such examination. The Secretary was instructed to proceed with the examination, it appearing from an investigation by an Examiner of the Commission that the other persons eligible had declined to file applications.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated May 14, transmitting request of the Board of Water Supply, dated May 7, for approval of the promotion of Christopher Kenny, Clerk in the Administration Bureau, to a salary of \$2,500 per annum, to take effect May 7. PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Receivers of the South Shore Traction Company have, under date of May 2, 1912, made application to this Board to have declared null and void a contract dated December 31, 1909, and an agreement dated December 24, 1909, by and between the City and South Shore Traction Company, and for certain modifications and amendments in the terms and conditions of a contract dated May 20, 1909, between the City and the South Shore Traction Company, granting said Company the right to construct, maintain and operate a street surface railway upon certain streets and avenues set forth in said contract; and

Whereas, Section 172 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on May 16, 1912, fixing the date for public hearing thereon as June 6, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Times" and "The Morning Telegraph," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and was continued until June 13, 1912; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said contract of May 20, 1909, and as to the money value of the franchise or right applied for and proposed to be granted to the South Shore Traction Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the consent or right applied for by the South Shore Traction Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the South Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the South Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, On May 20, 1909, a contract was executed by the City granting the right or privilege to the South Shore Traction Company to construct, maintain and operate a street surface railway with the necessary wires and equipment for the purpose of conveying persons and property in the Boroughs of Queens and Manhattan, in The City of New York, from the westerly terminal of the Queensboro Bridge to the boundary line between the City and Nassau County, by the way of the Queensboro Bridge and various streets and avenues in the Borough of Queens; and

Whereas, A contract dated December 31, 1909, and an agreement dated December 24, 1909, were executed which purported to modify said contract executed May 20, 1909; and

Whereas, On May 2, 1912, the Receivers of the South Shore Traction Company petitioned the Board to have said contract of December 31, 1909, and said agreement of December 24, 1909, declared null and void and of no effect, and that said contract dated May 20, 1909, be amended first, as to route, and second, in such other respects as the Board deems fit and proper.

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The said contracts of May 20, 1909, and of December 31, 1909, and said agreement of December 24, 1909, are hereby declared by the parties hereto to be null and void and of no effect, and the grant herein contained with the conditions thereof shall in all respects be substituted for and take the place of all the rights and privileges granted by said contracts and agreement.

Sec. 2. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a street surface railway with the necessary wires and equipment for the purpose of conveying persons and property in the Boroughs of Queens and Manhattan of The City of New York, upon the following routes, to wit:

Beginning at the southeasterly line of the Queensboro Bridge plaza, the same being the northwesterly side line of Jackson avenue; thence by double track in, upon and across Jackson avenue to the viaduct over the Sunnyside Yards of the Long Island Railroad Company (Queens boulevard), or the approach thereto; thence by double track upon and along the viaduct over the Sunnyside Yards of the Long Island Railroad Company (Queens boulevard) and the approaches thereto; to Thomson avenue; thence by double track in and upon Thomson avenue to Hoffman boulevard; thence by double track in and upon Hoffman boulevard to Brooklyn and Jamaica turnpike or Fulton street; thence by double track in and upon Brooklyn and Jamaica turnpike or Fulton street to Rose avenue and by single track to Campion avenue; thence by single track in and upon Rose avenue to Archer place and by single track in and upon Campion avenue to Carl street; thence by single track in and upon Archer place to private property, and by single track in and upon Carl street to private property; thence in and upon private property by single or double track to a point approximately in line with Guilford street if the same were extended; thence by double track in and upon private property approximately in line with Guilford street if the same were extended and crossing under the tracks of the Long Island Railroad Company to Guilford street; thence by double track in and upon Guilford street to a point between Beaufort avenue and Broadway; thence by double track in and upon private property to and across Liberty avenue to Jay street; thence by double track in and upon Jay street to and across Sylvester avenue; thence by double track in and upon private property to Rockaway turnpike at approximately the point where the same is intersected by Shore avenue; thence by double track in and upon Rockaway turnpike to Pacific street; thence by double track in and upon Pacific street to and

Said route between the point in private property approximately in line with Guilford street if the same were extended, and the point where Central avenue is intersected by the boundary line between The City of New York and the County of Nassau, lying within certain streets, as shown upon a map commonly known as the "Jamaica map," which was adopted by the Board of Estimate and Apportionment January 11, 1912, and showing the street system and grades of that portion of the Fourth Ward, Borough of Queens, City of New York, bounded by Hillside avenue, Villard avenue, Old Country road, Farmers avenue, Freeport avenue, Rockaway boulevard, Van Wyck avenue and New Haven avenue, to wit: Sutphin road, from a point between the tracks of the Long Island Railroad and Brooklyn and Jamaica turnpike or Fulton street and crossing under the tracks of the Long Island Railroad to Lambertville avenue; Lambertville avenue, from Sutphin road to Spangler street; Spangler street, from Lambertville avenue to Brinkerhoff avenue; Brinkerhoff avenue, from Spangler street to Smith street; Smith street, from Brinkerhoff avenue to Ulster avenue; Ulster avenue, from Smith street to Westchester avenue; Westchester avenue, from Ulster street to the line dividing The City of New York from the County of Nassau.

All of the above described routes are within the Borough of Queens, City of New York, and are, together with turnouts, switches and crossovers, hereby authorized shown upon two maps, each entitled:

"Map Showing Proposed Railway of the South Shore Traction Co. in the Borough of Queens, City of New York, to Accompany Joint Petition dated May 2, 1912, to the Board of Estimate and Apportionment."

—and signed South Shore Traction Co., by Paul T. Brady and Willard V. King, Receivers; Harold B. Weaver, Chief Engineer, Manhattan and Jamaica Railway Co., by A. H. Flint, President, and Harold B. Weaver, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers, which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Second—To operate the cars of the Company upon two tracks when constructed upon the Queensboro Bridge and approaches thereto, such tracks to be assigned to the Company by the Commissioner of Bridges; beginning at the northwesterly side line of Jackson avenue at the bridge plaza, in the Borough of Queens, and there connecting with the tracks of the Company above described; thence in and upon said bridge plaza to the easterly approach to the Queensboro Bridge; thence upon and along said bridge approach and across intersecting streets and avenues to the Queensboro Bridge; thence upon and along the Queensboro Bridge to the westerly bridge approach; thence upon and along said westerly bridge approach to the westerly terminus thereof, in the Borough of Manhattan. The said route is more particularly shown upon the map hereinafter referred to, and is to be operated by the Company as a continuous route in connection with the route hereinafter described.

Sec. 3. The grant of the right or privilege to construct, maintain and operate the said railway from the Queensboro Bridge plaza, at Jackson avenue, Borough of Queens, to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau, upon the route hereinafter described, is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on each street and avenue described in the route of the Company to the construction and operation of said railway, shall be obtained by the Company, and a copy of such consents shall be filed with the Board before construction is commenced on such street or avenue. The consent in writing of the owners of half in value of the property bounded on all streets and avenues to the construction and operation of said railway, shall be obtained by the Company within one year from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, or a copy of an order of the Appellate Division of the Supreme Court that said railway ought to be constructed in lieu of such consents.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until May 20, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or corporation, or to any individual or individuals a similar right or privilege upon the same or other terms and conditions over the routes hereinafter described. The Company shall not at any time oppose the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company pursuant to this contract; and the consent of the Company to the use of any portion of its railway by such corporation or individual shall not be necessary.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route or any portion thereof over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such corporation or individual upon the tracks of the Company, and shall have the right to continue such operation until this contract or the right to use such property under the terms and conditions of this contract granted said corporation or individual by the City shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined by the Public Service Commission of the State of New York, for the First District.

Within thirty (30) days after such determination by the Public Service Commission such new corporation or individual shall file with the said commission its acceptance or rejection in writing of said determination. In the event of rejection such corporation or individual shall immediately cease the operation of its cars over the tracks of the Company and shall within thirty (30) days thereafter pay to said Company for the use of its tracks and equipment already enjoyed a sum equal to the legal interest on such portion of the actual cost of construction of said railway structures and additions and betterments thereto, as the number of cars operated by such corporation or individual shall have borne to the number of cars operated by the company or companies using the same during said period; also a like proportion of the cost of keeping the tracks and electrical equipment in repair; also a like proportion of laying and repairing of pavement, removal of ice and snow, taxes, and all duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, together with the actual cost of the power used for the operation of the cars of such individual or corporation. Provided, however, that such corporation or individual shall not be compelled to pay to the Company any sum as compensation for loss to it due to competition.

Fifth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten (10) years of this contract, upon giving to the Company one (1) year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying in and northwesterly from the Brooklyn and Jamaica turnpike, or Fulton street; and at any time after the first fifteen (15) years of this contract, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying southeasterly from the Brooklyn and Jamaica turnpike, or Fulton street, by underground electric power, substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system and remove its poles, wires and other structures used by it for that purpose, from the streets and avenues of the City.

Sixth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The Company shall complete and put in operation that portion of the railway herein authorized from the Manhattan terminal of the Queensboro Bridge to the intersection of the tracks of the Long Island Railroad with Thomson avenue at or near Greenpoint avenue on or before October 31, 1912, from the intersection of the tracks of the Long Island Railroad Company with Thomson avenue to the intersection of Thomson avenue and Broadway on or before December 31, 1912, from the intersection of Thomson avenue and Broadway to the proposed new Long Island Railroad station in the former village of Jamaica, on or before March 31, 1913. The Company shall complete and put in operation that portion of its railway herein authorized between the former village of Jamaica and the City line at Central avenue within six months after notification by the President of the Borough of Queens that he is willing to issue a permit for the construction of tracks on the streets involved.

Upon the failure of the Company to complete the construction and place in operation any of the said portions of the railway on or before the dates or times herein specified, the right herein granted shall cease and determine, and all sums or securities paid to the City, or deposited with the Comptroller, as security for performance by the Company of the terms and conditions of this contract, as herein provided, shall be forfeited to the City without action by the City, provided, however, that the Board may extend the time within which to complete the construction and place the railway in operation as it may deem just and equitable.

Eighth—Said railway shall not cross any railway or railroad other than street surface railways encountered in the route at the grade thereof, but shall be constructed either above or below the grade of such railway or railroads. If any railway or railroad other than street surface railways are operated at the same grade of the streets or avenues in which the Company is hereby authorized to construct a railway at the time the Company constructs such railway, then the Company may construct at its own expense and use a temporary crossing and approaches thereto either upon private property or within the lines of such streets or avenues to be determined by resolution of the Board, and continue to use such temporary crossing until such time as either the grade of such street or avenue or such railway or railroad shall have been changed so that such railway or railroad shall not cross such street or avenue at the grade thereof. When such grade shall have been changed and a permanent crossing shall have been constructed to carry such street or avenue either above or below the grade of such railway or railroad, then the Company shall upon the order of the Board, abandon the above described temporary crossing, and construct its tracks upon such permanent structure as shall be directed by the Board. Any property acquired in fee by the Company for the purpose of the temporary crossing hereinafter provided for shall be ceded to the City without compensation therefor by the Company, when the same is required by the City for the purpose of widening such street or avenue, upon the removal of the tracks of the Company from such temporary crossing and approaches thereto, to the permanent crossing structure.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time during the term of this contract, or should any such street or avenue be made a boulevard, in which it may be desirable to have the position of the tracks changed, the Company shall, at its own expense, change its tracks to conform with such new grades, lines and positions as shall be directed by the Board or by the official having jurisdiction of such streets, avenues or boulevards, and during the construction of any public improvement upon said street, avenue or boulevard, the Company shall take care of and protect the track at its own expense; all to be done subject to the direction of the City official having jurisdiction.

Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic; provided, that no roadway shall be widened beyond the total width of the street, avenue or highway.

Eleventh—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twelfth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Provided, however, that the Company may, with the approval of the City officials having jurisdiction over such matters, oil that portion of the surface of the streets and avenues, between the tracks, the rails of the tracks and two (2) feet beyond the rails on either side thereof, at least twice each summer season, in such a manner as may be necessary to prevent the rising of dust, and if the Company shall so oil such portions of the streets and avenues then the Company shall not be required to water such streets and avenues as herein provided.

Thirteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free

and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Fourteenth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Fifteenth—The Company hereby agrees that in the City is, or shall become, entitled to acquire, and shall at any time during the term of this contract acquire or otherwise come into the possession of any of the property on which railway tracks shall be constructed on that portion of the route described herein as private property, no compensation shall be awarded for the right to have railway tracks thereon, and in the event that the City shall have acquired such property, then the rights hereby granted in the streets and avenues shall be extended to cover such property and all the terms and conditions of this contract shall be applicable thereto.

Sixteenth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is authorized to operate.

Sec. 4. The grant of the right or privilege to operate cars upon two (2) tracks of the Queensboro Bridge and the approaches thereto, upon the route hereinbefore described, and to use other equipment owned by the City upon said bridge, is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until May 20, 1919, and may continue for a further term not exceeding in any case fifteen (15) years, which further term may be terminated at the option of the Board at any time during said fifteen (15) years, upon six (6) months' notice by the Board to the Company.

Second—The Company shall use only such tracks as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks to such individual or other corporation.

Such tracks and all electrical equipment necessary for the operation of cars thereon shall be installed at the expense of the City, and shall remain the property of the City, but the Company shall keep and maintain such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars.

If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge in order to facilitate operation of cars by the Company, said Company must do all the work and furnish all the labor and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost imposed by the terms and conditions of this paragraph as the use of such track and appliances by the Company bears to the entire use of such track and appliances.

Third—Before beginning the operation of the cars, the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate and a sketch showing clearance dimensions, weight on axles and wheel spacing or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution thereof of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platforms and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Fourth—The Company shall furnish and supply a sufficient number of cars (herein called local bridge cars) and commence the operation of same as soon as practicable after this contract is signed by the Mayor, and continue to operate the same during the term of this contract back and forth upon the bridge between the bridge plaza in the Borough of Queens and the bridge approach in the Borough of Manhattan, with such frequency as to provide reasonable accommodations for the traveling public, provided, however, that if the through cars operated by the Company, or the operation of cars across the bridge by any other company, shall in the opinion of the Commissioner of Bridges be sufficient to supply reasonable accommodations for the traveling public, the operation of such local bridge cars shall be discontinued for such period as designated by the Commissioner of Bridges.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge or to affect in any way the control of such Commissioner over such bridge, as provided by the Charter of the City.

Sec. 5. The grant of the said rights and privileges to construct, maintain and operate a street surface railway from the Queensboro Bridge plaza, at Jackson avenue, in the Borough of Queens, to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau, upon the route hereinbefore described, and to operate cars upon the Queensboro Bridge and the approaches thereto, are both subject to the following conditions, which shall be complied with by the Company.

First—The Company shall pay to the City for this privilege the following sums of money:

(a) During the first term of five (5) years an annual sum which shall in no case be less than

thirty-five hundred dollars (\$3,500) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of thirty-five hundred dollars (\$3,500).

During the second term of five (5) years an annual sum which shall in no case be less than seven thousand dollars (\$7,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand dollars (\$7,000).

During the third term of five (5) years an annual sum, which shall in no case be less than twelve thousand dollars (\$12,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve thousand dollars (\$12,000).

During the remaining term ending May 20, 1934, an annual sum which shall in no case be less than fourteen thousand seven hundred dollars (\$14,700), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fourteen thousand seven hundred dollars (\$14,700).

(b) For the use of the bridge structure and approaches thereto the sum of five cents for each round trip or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of such cars shall be certified by the Commissioner of Bridges to the Comptroller once each month in such form as shall be designated by the Comptroller.

(c) For the use of the tracks owned by the City upon the bridge and approaches, a sum equal to four (4) per cent. per annum upon the valuation of thirty thousand dollars (\$30,000) per mile of single track used, provided, however, that if such tracks are used by any other company or companies, then the Company shall pay only such portion of such four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such tracks by the Company. The Commissioner of Bridges shall compute the sums due the City for the use of such tracks and certify the same to the Comptroller.

(d) For the use of terminal loops and other terminal facilities which are the property of the City a sum equal to four (4) per cent. upon the cost of the tracks in the terminals, and all overhead equipment necessary for the operation of the cars, provided, however, that if such terminal loops and other terminal facilities are used by any other company or companies, then the Company shall pay only such portion of four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such facilities by the Company. The Commissioner of Bridges shall compute the sums due the City for the use of such terminal facilities and overhead equipment and certify the same to the Comptroller.

The Company upon the delivery of this contract and before any rights herein conferred are exercised by the Company shall pay to the City the sum of twenty thousand dollars (\$20,000), which sum the City agrees to accept as payment for all sums due the City pursuant to the said contract of May 20, 1909, from the date thereof to the date hereof, and is the sum the Company agrees to be due the City pursuant to said contract.

The gross annual receipts mentioned above shall be the gross earnings of the Company from all sources within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Second—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the Charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Third—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Fifth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The rate of fare upon the local bridge cars, or the through cars of the Company, entitling a passenger to ride once across the bridge shall not exceed three cents, and the Company shall at all times have tickets on sale, one of which shall entitle a passenger to ride across said

bridge, and the Company shall sell such tickets at the rate of not exceeding three cents for one and five cents for two.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Sixth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company, and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such service than provided for by it.

Seventh—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, as may be determined by the Board. Provided, however, that the Company, during the first five (5) years of this contract, shall not be required to operate its cars between the hours of one (1) o'clock a. m. and five (5) o'clock a. m. each day unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Ninth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Tenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eleventh—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for same.
 12. The names of the directors elected at the last meeting of the corporation held for such purpose.
 13. Location, value and amount paid for real estate owned by the Company as by last report.
 14. Location, value and amount paid for real estate now owned by the Company.
 15. Number of passengers carried during the year.
 16. Total receipts of Company for each class of business.
 17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
 18. Total expenses for operation, including salaries.
- and such other information in regard to the business of the Company as may be required by the Board.

Twelfth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or at option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fourteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Fifteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Sixteenth—This grant is upon the express condition that the Company shall, before anything is done in exercise of the rights conferred hereby, and at all times thereafter during the term of this contract have on deposit with the Comptroller of the City the sum of twenty thousand dollars (\$20,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company

of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty thousand dollars (\$20,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Seventeenth—The Company upon the delivery of this contract and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City a further sum of thirty thousand dollars (\$30,000), either in money or securities to be approved by him, fifteen thousand dollars (\$15,000) of which shall be returned to the Company only upon the condition that the Company shall have completed the construction of a double-track street surface railway and placed the same in operation from the Manhattan terminal of the Queensboro Bridge to the intersection of the tracks of the Long Island Railroad Company with Thomson avenue, at or near Greenpoint avenue, and from said Greenpoint avenue to the intersection of Thomson avenue with Broadway, and from the intersection of Thomson avenue with Broadway to the proposed new Long Island Railroad station in the former village of Jamaica, on or before the dates herein elsewhere specified for the completion of the construction of those portions of the railway, and the remaining fifteen thousand dollars (\$15,000) shall be returned to the Company only upon the condition that the Company shall have completed the construction of the railway and placed the same in operation from the said proposed new Long Island Railroad station to the intersection of Central avenue and the City line, within the time herein elsewhere specified for the completion of that portion of the railway.

The sum of thirty thousand dollars (\$30,000) provided for in this paragraph is to be in addition to any sum already deposited by the Company with the Comptroller of the City of New York under the provisions of paragraph 17 of the contract of May 20, 1909, the respective rights of the City and of the Company in the sum so deposited under said contract being left for future adjustment through judicial proceedings or otherwise.

For the purpose of facilitating the work of the Company in constructing and putting in operation said section of its railway, it is hereby consented that the Company may construct its temporary overhead crossings on Thomson avenue within the lines of said avenue.

If and when any such portions of the railway shall be constructed and put in operation at any time within the periods herein specified, a certificate stating that such portion of the railway has been constructed and put in operation shall be prepared by the President of the Company, and delivered to the Board, and the Board shall immediately verify the correctness of such statement, and either accept such statement as correct, or, if it deems it to be incorrect, return said certificate to the Company, specifying in writing the respects in which it deems such statement to be incorrect. If such statement or statements, with respect to the portions of the railway hereinabove referred to, which are required to be constructed and placed in operation within specified periods, as a condition of the return of said portions of the said sum of thirty thousand dollars (\$30,000), are filed with the Board within said specified periods and are found by the Board to be correct or are thereafter proven to be correct, the Board shall thereupon adopt a resolution directing the Comptroller to return to the Company the said portions of said thirty thousand dollars (\$30,000) as herein provided. Unless such certificate or certificates are delivered to the Board by the Company and the statement therein contained accepted by said Board as correct or proven by the Company to be correct, then such sum of thirty thousand dollars (\$30,000) or such portion thereof as shall not have already been returned to the Company, as herein provided, shall be forfeited to and become the property of the City.

Eighteenth—Nothing herein contained shall be construed to constitute a waiver of any forfeiture of money which has accrued under the contract between the City and the Company dated May 20, 1909.

Nineteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twentieth—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Twenty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 6. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 7. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the Board of Estimate and Apportionment hereby grants to The Staten Island Rapid Transit Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Rapid Transit Railway Company (hereinafter called the Company), party of the second part, witnesseseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate,

(a) An additional or third track siding across and upon Nicholas avenue, in the Third Ward, Borough of Richmond, beginning at a point on the right-of-way of the Company approximately 220 feet east of the easterly line of said Nicholas avenue, and there connecting with an existing third or additional track; thence westerly upon and along said right-of-way to a point approximately 130 feet west of the westerly line of said Nicholas avenue, and there connecting with an

existing third or additional track; said third or additional track to be constructed immediately to the south of the present track of the Company crossing Nicholas avenue. All as shown upon a map entitled:

"Map Showing Proposed Third Track across Nicholas Avenue, in the Third Ward, Borough of Richmond, City of New York, to Accompany the Petition of The Staten Island Rapid Transit Railway Co. to the Board of Estimate and Apportionment, dated April 20, 1912."

—and signed by C. C. F. Bent, Vice-President, and W. B. Redgrave, Engineer Maintenance of Way, a copy of which is attached hereto, and made a part hereof.

(b) An additional or third track siding across and upon Granite avenue, in the Third Ward, Borough of Richmond, beginning at a point on the right-of-way of the Company approximately 110 feet east of the easterly line of said Granite avenue, and there connecting with an existing third or additional track; thence westerly upon and along said right-of-way to a point approximately 80 feet east of the easterly line of Bay avenue, said third or additional track to be constructed immediately to the south of the present track of the Company crossing Granite avenue. All as shown upon a map entitled:

"Map Showing Proposed Third Track across Granite Avenue, in the Third Ward, Borough of Richmond, City of New York, to Accompany the Petition of The Staten Island Rapid Transit Railway Co. to the Board of Estimate and Apportionment, dated April 20, 1912."

—and signed by C. C. F. Bent, Vice-President, and W. B. Redgrave, Engineer Maintenance of Way, a copy of which is attached hereto and made a part hereof.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until October 28, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred and fifty dollars (\$150) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) From the date on which this contract is signed by the Mayor until October 28, 1934, the annual sum of two hundred dollars (\$200), being the annual sum of one hundred dollars (\$100) for each crossing herein authorized.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise

exemption from liability to perform each and all of the conditions of this contract.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of the City, acting by the Board, or its successors in authority.

Fifth—Upon the termination of this contract, or if the same be renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence and complete the construction of the tracks and appurtenances herein authorized within one (1) year from the date upon which this contract is signed by the Mayor, otherwise the rights herein granted shall cease and determine.

Seventh—The Company shall pay the entire cost of the construction and maintenance of the tracks herein authorized to be constructed, and in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the said tracks, including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said streets which may be disturbed during the construction of the tracks.

(d) The inspection of all work during the construction or removal of the tracks, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun the Company shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon it by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The Company shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks, and the mode of protection or changes in all subsurface structures required by the construction of such tracks.

Ninth—The said railroad crossings shall, for their entire length between the lines of the streets where they are laid on the surface, be paved between the rails and for a width of two (2) feet outside thereof with asphalt blocks or vitrified brick, laid upon a concrete foundation, or such other material as may be prescribed by the President of the Borough of Richmond, and in a manner acceptable to him. The said crossings shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Tenth—The Company shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said railroad tracks, and appurtenances, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

Eleventh—Free and uninterrupted access to and passage over the streets shall be maintained at all times, both during construction and thereafter, and no cars shall be allowed to stand upon said railroad tracks within the limits of said streets.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—The Company shall at all times keep the streets upon which the rails authorized by this contract are laid, between the said rails and for a distance of two (2) feet beyond the said rails, on either side thereof, free and clear from ice and snow.

Fourteenth—The Company shall, upon being ordered by the Board so to do, remove the tracks hereby authorized to be constructed on and across Nicholas avenue and Granite avenue, from the surface of said streets, and construct the same over or under the said streets, as directed by the Board, and in such manner as the Board may prescribe, under the supervision of the local authorities of the Borough, at its own expense. And it further agrees, that if at any time during the continuance of this contract or any renewal thereof, proceedings shall be taken under the Railroad Law or any law of the State, looking to the removal of the tracks laid by it on the surface of any street, under authority of this contract, then and in that event the Company shall remove the tracks herein authorized and construct the same across said streets, either over or under the same as directed, at its own cost and expense. Nothing contained herein shall be deemed to affect the rights or liabilities of the Company as to the tracks already laid by it.

Fifteenth—The Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks hereby authorized at all times when cars or trains shall be operated thereon. Should gates be erected, maintained and operated across any of the streets or avenues for the purpose of excluding pedestrians or vehicles from the tracks hereby authorized, the Company shall locate and erect the posts for such gates at such points as may be directed by the President of the Borough of Richmond.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks and other structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Seventeenth—This grant is upon the express condition that the Company within thirty (30) days after the signing of this contract by the

Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the repairs of street pavement, and the removal of the tracks at its own expense as herein provided, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the other terms and conditions of this contract and orders of the Board acting hereunder, the Company shall pay a penalty of ten dollars (\$10) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Eighteenth—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—The word "street" wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across and over which the Company is hereby granted the right to construct its tracks.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. Nothing in this contract contained shall be deemed to limit in any way the police power now vested or hereafter to be delegated or granted to the City by the State of New York.

Sec. 5. The Company promises, covenants and agrees to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Galbreath, Engineer; a copy of each of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Company within one (1) month from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said one (1) month, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railroad shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years, and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the first ten (10) years of this contract an annual sum of five hundred dollars (\$500).

During the succeeding five years of this contract an annual sum of one thousand dollars (\$1,000).

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to Septem-

ber 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Before any rights hereby conferred are exercised by the Company and within thirty (30) days after the date on which this contract is signed by the Mayor, the Company shall also pay to the City the sum of six thousand two hundred and fifty dollars (\$6,250) for the past use and occupation of the streets by railroad tracks previously operated by the New York Dock Company.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Fifth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any person or corporation a franchise or right to use the streets hereinbefore described or any part of them for railway purposes.

Seventh—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Eighth—It is understood that the tracks hereby authorized are now constructed and operated upon the surface of the streets, but should the Public Service Commission for the First District of the State of New York determine at any time during the term of this contract, pursuant to law, that such tracks must be operated either above or below the grade of the streets, then the Company shall at its own cost and expense construct the railroad hereby authorized at such a position, and shall complete said construction within nine (9) months from the date of such determination by said Public Service Commission; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City, provided that the period for completion of such construction may be extended by the Board, but the total extension of time shall not exceed in the aggregate six (6) months, and provided, further, that when the completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railroad shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed, it any, by the Company for the operation of the railroad within the limits of the City, whether the same be upon streets and avenues or upon private property shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—The work of construction of the tracks hereby authorized shall be done in such manner as shall not substantially interfere with the ordinary use of any street or avenue as a public highway.

Eleventh—Cars may be operated upon said tracks by steam locomotives, which shall be housed or boxed so as to conform with the type commonly known as the dummy engine, or by any other motive power which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York, provided, however, that the Board, upon giving to the grantee one year's notice, may require the Company to operate its railroad upon the whole or any portion of the tracks hereby authorized by such proper system of electric power as may be designated by the Board, and the Company shall thereupon discontinue the use of steam locomotives from such tracks.

Twelfth—Neither passengers nor vehicles shall be prevented from crossing the tracks hereby authorized by the occupation of such tracks by cars or trains operated thereon for a greater period than five (5) consecutive minutes, at any time, and the aggregate of such periods shall not exceed ten (10) minutes in any hour between 7 o'clock a. m. and 6 o'clock p. m.

Thirteenth—Should the Company be allowed to operate at the same grade as the streets and

avenues, the Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks at all times when cars or trains shall be operated thereon. Should it seem necessary in the opinion of the Board at any time during the term of this contract that gates be erected, maintained and operated across any of the streets or avenues for the purpose of excluding pedestrians and vehicles from the tracks hereby authorized, then the Company shall erect, maintain and operate such gates as may be designated upon thirty (30) days' notice by the Board to the Company.

Fourteenth—As long as said railroad, or any portion thereof, remains in any street or avenue, the Company shall set the curbs, pave the roadway and sidewalks and keep in permanent repair that portion of the surface of the streets or avenues in which the said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Brooklyn, said President may make the same at the expense of the Company, and the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Fifteenth—Should the Company be allowed to operate at the same grade as the streets and avenues, it shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Sixteenth—Should the grades or lines of the streets and avenues in which the railroad is hereby authorized be changed at any time after the railroad has been constructed and during the term of this contract, which may necessitate the change of the grade or a position of the said tracks, then the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Seventeenth—It is agreed that the right hereby granted to operate a railroad shall not be in preference or in hindrance to public work of the City, and should the said railroad in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eighteenth—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railroad, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Nineteenth—Said railroad shall be constructed and operated in the latest approved manner of railroad construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railroad equipment, including rolling stock and railroad appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Twentieth—The rates for carrying property upon the tracks hereby authorized shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company, and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no rates in excess of those fixed shall be charged for such service.

Twenty-first—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railroad constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use in streets and avenues by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-fourth—The Company shall assume all liability to persons or property by reason of the

construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted the rendering of efficient public service, at reasonable rates, the repairs of the street pavement, the quality of construction of the railroad and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the obstruction of traffic and the maintenance of flagmen, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any draft made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding on right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Twenty-seventh—The Company hereby agrees that it will not institute any proceedings to acquire by condemnation any land, property, appurtenances or rights pursuant to any law, unless and until permitted to do so by resolution of the Board, otherwise this grant shall cease and determine.

Twenty-eighth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-ninth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further express condition and limitation that the Company will not institute any proceedings to acquire by condemnation any land, property, appurtenances or rights owned by or leased to, used or occupied by the Union Ferry Company of New York and Brooklyn, in the operation of its public ferries, or any of them, or in connection therewith, nor any right of way over or through such lands or property except for the express purpose of making an extension to connect by land any two or all of the Company's three sets of land tracks described in its certificate of incorporation, and shown on the map hereinbefore described, attached hereto, and made a part of this contract. The Company shall first, however, by valid proceedings under the Railroad Law, file a proper certificate for such extension and apply for and receive the consent of the City to such extension and connection and the franchises therefor. Said Company shall not for any purpose apply to the local authorities of the City for a right or franchise to use or cross within one thousand (1,000) feet of the nearest entrance to any of said ferries any street, highway or place used by the public leading to any of said ferries without serving prior written notice thereof on said Ferry Company; provided, however, that nothing in this section contained shall be deemed to prevent the Company from taking all necessary proceedings by condemnation or otherwise on prior written notice thereof, served on said Ferry Company, to maintain the crossing of its track at the foot of Montague street (so-called) as and only to the extent the track of the New York Dock Company now crosses thereon, but any right so secured by condemnation or otherwise shall be taken subject to the right of the City to open a new street through the property.

Sec. 4. The grant of this privilege to the Company is likewise subject to the following conditions:

This contract shall not become operative until the Company shall procure and cause to be executed and proved in proper form for record and duly delivered to the Board, an agreement in which both the New York Dock Railway and the New York Dock Company shall each agree with the City and between themselves:

First—That each of said Companies hereby consents to the condemnation by the City at any time in the future of any property, land, franchises or tracks owned by them, or either of them, or of the right to use such land, property, franchises or tracks, in common with said Companies, or either of them, which for public use or for public purposes may be required by the City or by any persons or corporation, thereunto duly authorized by the City.

Second—That in any such condemnation no

award shall be claimed by either Company for the value of any railroad franchise granted by the City, nor shall any award be made therefor.

Third—That should the City at any time in the future establish a freight terminal or other means of public service requiring the use of the railroad, docks or other property and facilities of either Company, then, either Company or both shall upon notification by the Board permit the City to enter upon such property and use such property and facilities for said purposes. The compensation to either Company and other terms upon which the City shall be entitled to use such property and facilities shall be as favorable to the City as those upon which similar property and facilities are similarly used in manner and extent by other persons or corporations. If no similar property and facilities are similarly used in manner and extent by other persons or corporations, then the said compensation and other terms shall be reasonable, and may be determined by condemnation, but the City shall at all times be permitted to enter upon such property for said purposes after sixty (60) days' notice by the Board to either or both of said Companies, provided that such condemnation proceedings shall be initiated within ninety (90) days after such entry.

Fourth—That the foregoing provisions shall be binding upon the said Companies and their successors or assigns.

Sec. 5. The grant herein is made by the City solely for the purpose of legalizing the existence of tracks in public streets which had heretofore been constructed and operated without authority, and this grant is not to be construed as in any way forming a precedent for the City in determining its policy in relation to future applications of the Company, its successors or assigns, to occupy the streets or public property by railroad tracks.

Sec. 6. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 7. This grant is also upon the further and express condition that the provisions of article 5 and other provisions of the Railroad Law pertinent thereto shall be strictly complied with by the Company.

Sec. 8. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

between the New York Dock Railway (hereinafter called the Railway Company), party of the first part; the New York Dock Company (hereinafter called the Dock Company), party of the second part, and The City of New York (hereinafter called the City), party of the third part;

Whereas, The Railway Company on November 23, 1910, applied to the Board of Estimate and Apportionment, as the local authority of the City, for the right to construct, maintain and operate a railroad across five streets, namely, Joralemon, Baltic, Imlay, Commerce and Bowne streets, in the Borough of Brooklyn; and

Whereas, On June 15, 1912, a resolution granting the right to construct, maintain and operate said railway across said streets and authorizing the Mayor to execute and deliver the contract for said right, in the name and on behalf of the City, was approved by the Mayor; and

Whereas, Said contract provides that the same shall not become operative until the Railway Company procures and causes to be executed and proved in proper form for record and duly delivered to the Board of Estimate and Apportionment a certain agreement the terms and conditions of which are fully set forth in said contract;

Now, therefore, in consideration of the premises and of the sum of one dollar by each of the parties of the first part and second parts to the other paid, the receipt whereof is hereby acknowledged, the parties of the first and second parts do hereby covenant and agree with each other, and with the party of the third part, as follows:

First—The Railway Company and the Dock Company each hereby consents to the condemnation by the City at any time in the future of any property, land, franchises or tracks owned by them, or either of them, or of the right to use such land, property, franchises or tracks in common with said Companies or either of them, which for public use, or for public purposes may be required by the City, or by any persons or corporation thereunto duly authorized by the City.

Second—In any such condemnation no award shall be claimed by either Company for the value of any railroad franchise granted by the City, nor shall any award be made therefor.

Third—Should the City at any time in the future establish a freight terminal or other means of public service requiring the use of the railroad, docks or other property and facilities of either Company, then either Company or both shall upon notification by the Board permit the City to enter upon such property and use such property and facilities for said purposes. The compensation to either Company and other terms upon which the City shall be entitled to use such property and facilities shall be as favorable to the City as those upon which similar property and facilities are similarly used in manner and extent by other persons or corporations. If no similar property and facilities are similarly used in manner and extent by other persons or corporations, then the said compensation and other terms shall be reasonable and may be determined by condemnation, but the City shall at all times be permitted to enter upon such property for said purposes after sixty (60) days' notice by the Board to either or both of said Companies, provided that such condemnation proceedings shall be initiated within ninety (90) days after such entry.

Fourth—The foregoing provisions shall be binding upon the said Companies, their successors and assigns.

In witness whereof, the Railway Company and the Dock Company by their officers thereunto duly authorized, have caused their corporate names to be hereunto signed and their corporate seals to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property at date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City
