**PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES**

NYCHA is currently accepting applications for Pre-Qualified List (PQL) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established six (6) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting, Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab Analysis), Plumbing and Electrical.

All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQLs and to obtain applications, please visit NYCHA's website at: https://www.nyc.gov/site/nycha/business/nycha-pql.page

**Statement of Basis and Purpose**

Local Law No. 85 for the year 2023 (Local Law 85) requires the Department of Sanitation (DSNY) to establish a mandatory citywide organics collection program. This program will make the source separation of residential organic waste in the City of New York mandatory. The law requires DSNY to implement the mandatory organics collection program in 30 residential sanitation districts by October 2, 2023, and in all remaining sanitation districts by October 7, 2024. DSNY's current rules provide that source separation of yard waste from organic waste is required in all districts in Staten Island and the Bronx beginning March 25, 2024, and in all districts in Manhattan beginning October 7, 2024. As a result of budget constraints, DSNY has determined to amend the date on which mandatory source separation of residential organic waste commences in all such districts in Staten Island, the Bronx and Manhattan to October 6, 2024.

New material is underlined.  
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subdivision (k) of section 1-08 of title 16 of the rules of the city of New York is amended to read as follows:

(k) *Designation of districts for the required source separation of designated yard waste and designated organic waste.* Pursuant to section 16-308.1 of the Administrative Code, the commissioner designates the following districts that will be required to source separate yard waste and organic waste on or after the dates specified in this section:

- (1) all districts in the borough of Queens (14 districts) on the effective date of this rule.
- (2) all districts in the borough of Brooklyn (18 districts) on October 2, 2023.
