MESSAGES FROM HIS HONOR THE MAYOR.

The Chairman pro tem. laid before the Board the following message from his Honor the Mayor:

EXECUTIVE DEPARTMENT—CITY HALL,
NEW YORK, November 30, 1875.

To the Honorable the Common Council:

GENTLEMEN—I herewith return the resolution permitting Henry Spohn to erect and keep a stand on the sidewalk, in front of No. 204 Greenwich street, etc., from which I feel constrained to withhold my signature.

Independent of the question as to the power of the Common Council to grant such permission as is by this resolution proposed to be given to the individual named, the question of the policy and propriety of so obstructing the streets, stands, as to me, an insuperable objection to such a resolution as this is.

In the particular case, a stand, as proposed, in front of 204 Greenwich street, would be very objectionable. The spot indicated is on the corner of Vesey street—the sidewalk there is crowded with people—it is a busy locality. The width of the street is already insufficient for travel and traffic there, and an obstruction, such as the proposed stand, would be open to objection as a nuisance to the neighborhood, and to all who are obliged to pass there.

W. H. WICKHAM, Mayor.

Which was laid on the table, and ordered to be printed in the minutes, and published in the CITY RECORD.

The Chairman pro tem. laid before the Board the following message from his Honor the Mayor:

EXECUTIVE DEPARTMENT, CITY HALL,
NEW YORK, November 30, 1875.

To the Honorable the Common Council:

GENTLEMEN—I herewith return to you, without my signature, the resolution permitting Richard D. Cooke to retain a stand to be erected upon the line of the curb-stone in front of No. 32 New Church street.

I cannot approve of such an obstruction to the street as this resolution would attempt to authorize.

W. H. WICKHAM, Mayor.

Laid on the table, and ordered to be printed in the minutes and published in the CITY RECORD.

The Chairman pro tem. laid before the Board the following message from his Honor the acting Mayor:

To the Chairman of the Board of Supervisors of the County of New York:

Which was referred to the Committee on Law Department.

The Chairman pro tem. laid before the Board the following communication from the County Clerk:

BOARD OF COUNTY CANVASSERS,
COUNTY CLERK'S OFFICE, NEW COUNTY COURT-HOUSE,
NEW YORK, November 17, 1875.

To the Honorable the Aldermen of the City of New York:

GENTLEMEN—In compliance with a resolution of the Board of County Canvassers, I have the honor to transmit to your Honorable Body the annexed preamble and resolution, adopted by the Board of County Canvassers of this County at a meeting of said Board convened to canvass the votes cast at the late general election in this County.

I am, yours, most respectfully,

WM. WALSH, Secretary.

Supervisor Cole offered the following preamble and resolution:

Whereas, Experience has clearly demonstrated the fact that the present method of correcting errors or discrepancies found in the election district returns is liable to great abuse, and susceptible of inflicting great wrong, as the District Inspectors who make the errors, and who alone under the law have power to correct them, do so in almost, if not all cases, simply from memory or other imperfect data; and as it not unfrequently occurs that the correction of such errors determine the election of a candidate, the greatest care should be exercised in making them, and the Board of County Canvassers should have the means at its disposal of determining for itself the correctness of such corrections. This can only be done by having all the ballots cast at the election preceding such canvass of votes preserved inviolably until all the returns are canvassed, and the result declared by the Board of County Canvassers; be it therefore

Resolved, That the Board of County Canvassers hereby request the Common Council of this city to make application to the Legislature, when it next convenes, for the passage of an amendment to the present registry law, providing for the preservation and care by the Police authorities, or the Mayor, with proper restrictions and safeguards, of all the ballots cast at every election held in this city until after the statement and declaration of the result of every such election is made by the Board of County Canvassers; the said amendment also to be so framed as to permit the Board of County Canvassers, under like restrictions and safeguards, to correct such ballots, when necessary, in order to determine and correct finally, and with certainty, any error or discrepancy that may appear during the canvass of the returns from the several election districts by the said Board of County Canvassers.

Which was adopted.

(A true copy.)

WM. WALSH, Secretary.

Which was referred to the Committee on Law Department.

The Chairman pro tem. laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, CITY HALL,
NEW YORK, December 2, 1875.

To the Board of Aldermen of the City of New York:

GENTLEMEN—I have the honor to acknowledge the receipt of a copy of a resolution which is said to have been adopted by you on the 23d ult., and which is in terms as follows:

Whereas, This Common Council has ordered, by unanimous vote, that the pay of laborers shall be \$2.00 per day, and as it is important that this Board should be informed by the heads of the several Departments of the city government if it is intended by them to conform to the direction thus given by the Common Council; be it therefore

Resolved, That the heads of the several Departments of the city government be and they are hereby required to report to this Board, at its next meeting, if they intend to obey the order of this Common Council, making such increase in the daily wages of laborers, or if they still intend to persist in refusing to comply with the said order so increasing the pay of laborers in the employ of the city government.

I quote in full the copy received by me for the purpose of thus inviting your attention to expressions in it which seem peculiar, and which were, perhaps, adopted by the Board inadvertently, if, indeed, the copy be a correct transcript of the resolution as passed.

With all proper respect for the Board of Aldermen, and with entire readiness to defer always to any direction, request, or suggestions made by the Board as to any matter in which the law and my duty as a public officer allow me a discretion, I am, in this matter, constrained to report that the Department of Public Works cannot, under present circumstances, advance the rate of wages beyond the figures now paid.

On the 9th of June last, after an interview with a Committee of your Board, I addressed a letter to that Committee stating the reasons which had caused the present rate of wages to be adopted, and I now inclose a copy of that communication for your information. These reasons now make it impracticable to advance the rates—indeed they are stronger now because the market rates of labor are now, I am told, even lower than they were then and considerably lower than the figures by this Department allowed.

You are aware that the law makes it incumbent, not upon the Common Council, but upon each of the several Executive Departments of the city government to fix for itself the rates of wages by it paid. That function has been exercised by me as Commissioner of Public Works with a profound sense of the obligation which is upon me so to administer my trust as to fulfil my duty to the whole community and to all classes.

It is not likely that any individual member of the Board habitually pays to such laborers or workmen, as may be employed by him at his own expense, wages very considerably in excess of the market rates, except where he gives away his money as a gratuity or in charity, and I am unwilling to suppose that any member of the Board, if filling the responsible office now occupied by me, would administer it otherwise than under a sense of duty, or would allow public moneys under his charge to be disbursed as gratuities or otherwise than in payment at a reasonable approximation to the market rates for services performed or material furnished to the city.

In that manner I must continue to perform my functions as the head of this Department.

Very respectfully,

FITZ JOHN PORTER,

Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
ROOM NO. 19, CITY HALL,
NEW YORK, June 9, 1875.

Messrs. PETER SEERY, HENRY D. PURROY, E. J. SHANDLEY, MAGNUS GROSS, and JOHN REILLY,

Committee of the Board of Aldermen:

GENTLEMEN—Since I had the pleasure of meeting you in person a few days ago, I have received a copy of the resolutions adopted by the Board of Aldermen on the 3d instant, in reference to the change recently made in the rate of wages to persons employed upon the public works.

In deference to your wishes I now repeat, as briefly as possible, the remarks made at our interview and in reply to your inquiries on the subject.

The rate of wages recently announced was not established without careful and long consideration. During the administration of my predecessor in office, and some months ago, it was found to be not only proper and wise, but necessary in the public interests, to adopt such a measure, and to put it in operation as soon as it could be done without unnecessary hardship to the laborers. The rate of reduction was actually fixed at that time, and the decision then reached was not immediately enforced, only because the winter was of such unusual severity, and because the “hard times” had brought such unaccustomed privations to so many of the classes from which our laborers come, as to render the members of the city government reluctant to do anything which should reduce the amounts payable to the men during the season when the days were short, and when the weather was often so inclement as to render any out-of-door work impossible.

Those reasons for delay in the matter had all ceased to exist before the present rates were published.

The prices generally paid for labor, of the kind which is affected by the recent regulations, have for a long time been much lower than the rates heretofore paid for it by this and other Departments of the city government. And the tendency has been steadily towards lower and lower wages, as the country has been recovering from the disturbing influences of the war and of the ill-management of our finances, which unsettled all prices by inflating the currency.

Under such circumstances, a continuance by this Department of the high rates heretofore paid, cannot be justified by any rule of honest administration or of fair dealing.

Officers of government are but agents and trustees of the tax-payers, in making disbursements of public moneys. And the tax-payers of the city should not be compelled by action of mine, or by any neglect to act, to pay, whether for supplies or for labor, prices which are much higher than those paid for the same things by individual citizens in transacting their own affairs.

In so far as the wages paid by government to laborers upon public works are in excess of the current wages for similar work generally paid at the time by individuals employing labor in the same locality, they would appear to be mere gratuities. And I do not know what right or justification I, as a public officer, can have for giving away public moneys. Indeed, I am informed that a number of our tax-payers, observing the great difference between the rates which were until recently paid by the city and those which are paid by individuals for the same kind of labor, were, at the time the reduction was made, actually in consultation with counsel with a view to proceedings in the courts to enjoin and restrain this and the other Departments from paying rates which might properly have been called wasteful had they been continued.

The resolutions of the Board of Aldermen very properly call attention to the fact that it is the laboring man who is the real tax-payer. When the public treasury is plundered, and when taxes are increased, it is the laboring man who is the most certain to feel the weight of the public burden; everybody else can shift it and shift it, until it settles down upon him at last, and he must carry the load by paying higher prices for rent and for all the necessities of life. It is the laboring man who is thus the real party in interest in securing an honest and economical administration of government.

But when we say the “laboring man” in that connection, we mean not merely the three or four thousands of individuals actually employed upon the public works, but the many tens of thousands who constitute the great laboring class, and whose own money it would be that would thus be robbed and wasted by me, for only the temporary benefit of the few of their numbers who should actually receive the excessive wages I might pay out under the circumstances of the present situation.

I am doing everything in my power to reduce the expenditures of this Department, and so to reduce the rate of taxation. And it was only after getting everything else as far as possible in train to secure that result, that I finally assented to enforcement of the reduced rates of wages which, as I have above stated, had been previously determined upon by my predecessor in office.

And, that the reduction thus made is not now improper, or a real hardship upon the persons immediately affected by it, is manifest from these two considerations:

First.—That, even under the present reduced rates, unskilled labor is paid twenty cents per hour, and that it is optional with the laborer himself, under reasonable provisions, how many hours per day he shall work. The days are now long; the weather is generally good at this season; and nearly every day is available for work in the open air. To the men who work only eight hours per day, one dollar and sixty cents are paid. But to those who labor upon the Public Works the ten hours per day which are exacted by individual employers of the same class of labor, two dollars are paid. This is in excess of the wages allowed by the contractors who are carrying on large works at present, and some of our men are already showing their appreciation of the fact by working the ten hours and so earning the extra pay; and

Second.—That, notwithstanding the reduction of which complaint has been made to you, the applications for employment upon the public works, from laborers, and indeed from all classes of persons who have never heretofore worked as day laborers, are by thousands in excess of any ability the city has to pay them. And this Department is, during every hour of the day, under the painful necessity of refusing to employ hungry men who are eager for work.

The laborers themselves understand these things, and some of them have, during the last few days, taken the trouble to assure me that, in what I have done towards a reduction of the rates, I have been but performing my plain duty.

Under these circumstances, I am at a loss to perceive how I can conform to the request to rescind the regulations just published. The persons in whose behalf the request is made have my hearty sympathy in any temporary distress they may feel; but my duty as a public officer is clear, and that is, to protect the interests of the city and of the laboring men themselves as tax-payers, by adhering to the determination of paying only the reasonable and current rates for both the supplies used and the labor employed by this Department. When, for any reason, I cannot pursue this plain and honest policy, the day of my usefulness as a public officer will have passed.

As soon as it can be done, I shall give to the men who reside in the lower wards work nearer their homes, and so enable them to save the amount they now have to expend, as care fare, in reaching the upper end of the island, where most of the work is at present done. And I need hardly say to you, that I shall be most happy to co-operate in every way possible in measures to give full employment to all who will work; and that no act or word of mine shall ever contribute to depress unnecessarily the prices paid by this Department for efficient labor.

I am, gentlemen, very respectfully,

Your obedient servant,

FITZ JOHN PORTER, Commissioner of Public Works.

Which was ordered on file.

The Chairman pro tem. laid before the Board the following communication from the Department of Police:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
300 MULBERRY STREET,
NEW YORK, December 2, 1875.

To the Hon. SAMUEL A. LEWIS, President Board of Aldermen:

SIR—Inclosed please find copy of preamble and resolutions, concerning the disposal of street-cleaning material, this day adopted by the Board of Police, which I am instructed to transmit to you, with the request that it be presented to the Honorable Board of Aldermen for consideration.

By order of the Board of Police,

S. C. HAWLEY, Chief Clerk.

Whereas, By the provisions of the statutes concerning street cleaning (chapter 677 of the Laws of 1872), the Board of Police is required to cause the streets of the city to be thoroughly cleaned and kept clean, and to remove from said city, daily, all the materials gathered in the process of street cleaning, except such parts thereof as in the judgment of the Board of Health may be suitable to fill low and sunken lots; and

Whereas, There is no point adjacent to the City of New York, and outside thereof, either on land or water, where the materials in question can be placed without trespassing upon the independent jurisdiction of the State of New Jersey, Staten Island, Long Island, Westchester County, or the State of Connecticut, to conform to the mandate of the law requiring the material to be removed daily out of the city, the Board of Police have been compelled during the summer to waste the material in the open ocean, outside of Coney Island, at great expense to the treasury of the city. Even this method will not be practicable during the winter season, when storms and ice will render the towing of scows out to sea impossible; and

Whereas, Lying near to and southeast of Randall's Island is an extensive area called "Sunken Meadows," which is now valueless, the Board of Police is informed that this area could be reclaimed and utilized by depositing thereon the street cleaning materials. If raised above high tide, it would add to the freehold estate of the city an area of valuable land equal to about one-half the present extent of Randall's Island. With the approval of the Board of Health this arrangement would afford to the Board of Police facilities for the lawful disposition of street cleaning materials during the winter, without which the business of street cleaning can only be done at great cost and risk; therefore

Resolved, That the Honorable Mayor, Aldermen, and Commonalty of the City of New York be and are hereby respectfully requested to take such measures and action as shall seem to be appropriate and effective to enable the Board of Police (with the approval of the Board of Health) to bring into use for the purpose above mentioned, and to reclaim and fill up the area of land under water, adjacent to Randall's Island, known as "Sunken Meadow."

Adopted by the Board of Police, December 2, 1875.

WM. H. KIPP, First Deputy Clerk.

NEW YORK, December 2, 1875.

To the Police Commissioners, New York:

GENTLEMEN—In answer to your verbal message, received to-day per Captain Gunner, I would say, that I see no objection whatever to the city authorities filling in the harbor behind a bulkhead line established by the Legislature.

The Committee on Lands, Places, and Park Department, to whom was referred the annexed petition and memorial of property-owners on Third avenue, from Harlem Bridge to One Hundred and Forty-seventh street, against grading the said avenue, respectfully

REPORT:

That, in pursuance of a resolution, adopted November 18, 1875, your Committee communicated with the Department of Public Parks, and in reply received the following:

DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE (EAST),
NEW YORK, November 20, 1875.

To the Committee of the Board of Aldermen on Lands, Places, and Park Departments:

GENTLEMEN—This Department is in receipt of a copy of the resolution adopted by the Honorable Board of Aldermen on the 18th inst., with relation to a petition and memorial of property-owners in opposition to the regrading of Third avenue, from One Hundred and Forty-seventh street to Harlem river.

The facts connected with this portion of Third avenue are as follows: By chapter 841 of the Laws of 1868, a special commission was appointed to lay out and establish the grades of the streets and avenues of the late town of Morrisania. This commission completed the work assigned to it, and filed their map establishing the grades, etc., on the 23d day of February, 1871.

The Amended Annexation Act (chapter 329 of the Laws of 1874) confirmed this map and the grades established by it, subject, however, to be altered by the Commissioners of this Department whenever they shall deem such change necessary. This Department has not altered the grade on this avenue.

On December 21, 1874, his Honor the Mayor approved of an ordinance of the Common Council directing this Department to grade Third avenue, from One Hundred and Forty-seventh street to Harlem river, in accordance with the grade established by the map above mentioned.

This ordinance was defective in some particulars, and on the advice of the Counsel to the Corporation this Department applied to the Common Council for a supplemental ordinance to enable the work to be proceeded with.

This supplemental ordinance was passed and approved by his Honor the Mayor, on the 21st August, 1875.

This Department at once proceeded with the work. A City Surveyor was appointed, the necessary surveys made, the specifications and contract prepared, printed and approved of by the Counsel to the Corporation, and the advertisements calling for proposals for the work are ready to be published.

The Surveyor's estimate of the whole cost of the work is between \$12,000 and \$13,000.

Yours, very respectfully,

H. G. STEBBINS, President D. P. P.

Your Committee, believing that the said Department have greater facilities to ascertain the needs and requirements of that portion of the city than this Committee or your Honorable Body, they therefore suggest that the subject-matter of the petition and memorial be left entirely to the Department of Public Parks for action thereon, and your Committee respectfully requests to be discharged from the further consideration of the subject.

The Committee on Printing and Advertising, to whom was referred the annexed report of the Committee on Markets, in favor of paying bill of proprietors of the Windsor Hotel, for expenses incurred in the reception and entertainment of King Kalakaua; also, notice of a bill of Edward Van Rans, for coaches supplied on the same occasion, which at the meeting of the Board of August 5, 1875, was ordered to be paid, when the bill first referred to was referred to your Committee, respectfully

REPORT:

That your Committee, while unable to comprehend why a bill that had previously been reported to your Honorable Body, this year, by two other Committees, viz., Finance and Markets, should have been referred to them, nevertheless undertook to perform the duty assigned them, from a conviction that simple justice to the proprietors of the Windsor Hotel demanded that action should be taken, definitely, upon the bill by the city authorities, who incurred the expense, and the city at once be relieved of the approach of receiving and entertaining a foreign dignitary, and then refusing or neglecting to pay the bills.

In order that they might have some authentic information to guide them in their investigation, your Committee determined to correspond with the Special Committee of the Common Council of last year, under whose direction the entertainment and reception were given and the bills incurred, and with a view also of obtaining an expression of opinion from each of the members of the Committee, as to the correctness of the bill, instructed the Clerk to address to each of the said Special Committee the following:

"The undersigned, one of the Special Committee of the Common Council of 1874, appointed to receive King Kalakaua, is of the opinion that the bill of the proprietors of the Windsor Hotel, for receiving and entertaining the king and suite, is correct, and should be paid. The amount of the bill is \$6,286.91.

"If you sign the above, please return it in the inclosed envelope; if not, please give your reasons or opinions, in writing, for the use of the Committee now in charge of the subject."

Members of the Committee, viz., Alderman Gilon, and Assistant Aldermen Keating and Bruck, returned the above, thereby approving of the bill; the opinion of five of the Committee, viz., Aldermen McCarthy, Koch, and Ottendorfer, and Assistant Aldermen Kehoe and Keenan, are herewith submitted; and two, viz., Alderman Falconer and Assistant Alderman Kreps, failed to make any response.

The replies received are as follows:

650 FIFTH AVENUE, November 13, 1875.

F. J. TWOMEY, Esq.:

DEAR SIR—I am in receipt of yours of the 10th instant, inclosing a note setting forth that the Committee having charge of the bills incurred on the reception of King Kalakaua, indorsed the correctness of the bill of the Windsor Hotel, and asking that if I approved the same I return it signed.

Before the arrival of the king, a sub-committee of the joint committee was appointed, consisting of Aldermen Gilon and Koch, Assistants Bruck and Keating, to whom was given the direction of all expenses connected with the king's reception, and the proprietors of the Windsor Hotel, through Mr. Wilkinson, their general manager, were notified by me that no orders were to be honored except the same came from the said sub-committee, or some member thereof.

Therefore I have no knowledge of the correctness of the bill of the Windsor Hotel, but from my belief in the integrity of the proprietors of the hotel and that of the sub-committee, I am inclined to believe that it must be correct.

Respectfully yours,
ROBERT McCAFFERTY.
69 PRINCE STREET,
NEW YORK, November 13, 1875.

F. J. TWOMEY, Esq.:

DEAR SIR—My statement in reply to your communication of the 10th inst. is, that I cannot see how I can conscientiously sign my name to any document certifying the correctness of the amount named in your letter, when I have no detailed statement of bill of items.

During King Kalakaua's stay at the Windsor Hotel, the Committee, of which I was a member, issued strict orders, that nothing should be delivered except through a certificate from some member of the Committee, and I have no recollection of certificates being given amounting in the aggregate to the sum you mention.

I am at any time ready to sign a paper certifying as to the correctness of this bill, but in the absence of a bill of items I cannot do so.

I regret that this bill still remains unpaid, and that it has not been paid long ago, nor do I wish to throw any obstacles in the way to prevent a speedy payment, but I must first be convinced of its correctness before I can affix my signature.

I remain, very respectfully, yours,
GEO. KOCH.

OFFICE OF THE NEW YORK STAATS-ZEITUNG,
"TRYON ROW," COR. CENTRE AND CHATHAM STS.,
NEW YORK, November 12, 1875.

DEAR SIR—I cannot certify to the correctness of the bill of the Windsor Hotel for entertaining King Kalakaua at the time of his visit to our city. At the first meeting held by the Special Committee of the Common Council, it was resolved to inquire of the proprietors of several hotels at what prices they would be willing to entertain the king and his suite during their stay in our city. Alderman McCafferty, if I remember correctly, undertook to make the inquiry. I was never invited to any meeting of the Committee where it was decided to select the Windsor Hotel, nor was my consent asked or given for any of the other arrangements. I don't know anything of the particulars or merits of the bill presented by the Windsor Hotel; but, considering the number of persons belonging properly to the suite of the king, and the number of days they stayed in the hotel, it is, in my opinion, exorbitant.

Respectfully,
OSWALD OTTENDORFER.

F. J. TWOMEY, Clerk of the Board of Aldermen.

NOVEMBER 12, 1875.

FRIEND TWOMEY—I was not one of the Special Committee who received or entertained his sable majesty, and, therefore, cannot say as to the correctness of the amount charged. The Committee who were appointed to take charge and make all arrangements, I think, were Aldermen Keating and Bruck, from the lower house, and Aldermen Koch, Gilon, and McCafferty, from the upper story. I will call at your office on Monday, and would be glad to do what is in my power to have what is just paid.

Truly yours, etc.,
JOHN J. KEHOE,
No. 138 First avenue.
NEW YORK, Nov. 12, 1875.

F. J. TWOMEY, Clerk Common Council.

F. J. TWOMEY, Esq., Clerk, etc.:

DEAR SIR—In answer to your communication relative to the expenses attached to the reception given to King Kalakaua, I would most respectfully state that, as one of the Special Committee, I have no personal knowledge of what was done by the Committee, not having acted with them. I was not present but once with them, and that was upon the occasion that the king was at St. Stephen's Church.

I am of the opinion there was a majority of the Committee that took charge of the matter, and they know all that was done in relation to the matter.

Not having acted with the Committee, it is impossible for me to sign.

Yours, very respectfully,
PATRICK KEENAN.

Your Committee learn from an interview with the hotel proprietors that the Committee insisted upon being assigned a suite of rooms upon the first floor of the hotel, and, in order to obtain them, a gentleman, who occupied them with his family, and for which he paid three hundred and fifty dollars per week, was obliged to vacate. Dinners for twelve persons were ordered every day by the Committee, and, on an average, sixteen others were daily invited and attended, and the most costly wines, cigars, etc., supplied. Delegations of army and navy officers, the Board of Trade, and other associations were constantly presented and received, and, on one occasion, the carpeting on the Committee's room was entirely spoiled and cost six hundred dollars to replace it. At the public reception, which was attended by nearly two thousand persons, the public parlors were used, and the effect of such a promiscuous gathering upon the carpeting, furniture, etc., can be well imagined. An extra dining-room and a state dinner was supplied every day, and not the usual and ordinary dining-room of the hotel, which greatly added to the expense of the reception of the king. In fact, all that could be done was done to impress the king with the splendor and magnificence of a civic reception in the City of New York, and it would appear that even all former precedents were set aside, and the degree of extravagance indulged in was in keeping with the dignity of the recipient of the city's hospitality, in this instance being nothing short of royalty itself.

That the proprietors of the hotel acted in good faith there can be no question, as there can be none. That the bill submitted, in view of all the circumstances attending the extravagant reception and entertainment is but fair, and should be paid.

The Committee on Markets of this Board, who last investigated the subject, and reported in favor of paying the bill, effected a reduction in one or two of the items, and asked that it be paid at the sum of \$6,058.91, in lieu of \$6,286.91, the sum first claimed. In the correctness of the recommendation your Committee fully agree, and therefore respectfully offer for your adoption the following resolution:

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to transfer from any appropriation of former years six thousand and fifty-eight dollars and ninety-one cents, that amount being the sum required to pay the annexed bill of the proprietors of the Windsor Hotel for expenses of the Joint Special Committee of the Common Council of last year, incurred in the reception and entertainment of King Kalakaua and suite; and the Comptroller, after such transfer shall have been made, is hereby authorized and directed to draw a warrant in favor of Hawk and Wetherbee for the said sum of six thousand and fifty-eight dollars and ninety-one cents, and charge the same to the proper appropriation, when made, as above requested, by the Board of Estimate and Apportionment.

E. J. SHANLEY, } Committee on
S. N. SIMONSON, } Printing and Advertising.

Which was recommitted to the Committee, with instructions to report at the next meeting of the Board.

UNFINISHED BUSINESS.

Alderman Gilon called up Special Order No. 6, being a resolution, as follows:

Resolved, That in pursuance of chapter 477, section 2, Laws of 1875, the Commissioner of Public Works is hereby authorized and directed to lay such water-pipes, mains, and fixtures as have been ordered or may be ordered by the Common Council to be laid, and such other pipes, mains, and fixtures as he may deem necessary to extend and enlarge the distribution of Croton water through the City of New York, including the two new wards, and to furnish a sufficient supply thereof to the institutions in charge of the Department of Public Charities and Correction, located on Blackwell's Island, Ward's Island, and Randall's Island, and in laying mains necessary to deliver said water at higher levels and in greater quantities.

The Chairman pro tem. put the question whether the Board would agree with said resolution.

Which was decided in the negative by the following vote (three-fourths of all the members elected not voting in favor thereof):
