COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock a. m., on Wednesday, March 20, 1907.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick Keenan, Chamberlain; Patrick F. McGowan, President, Board of Aldermen, and John R. Davies, Chairman, Finance Committee, Board of Aldermen.

The following communication was received from the Commissioner of Docks, submitting for approval a plan for improving the water front between One Hundred and Fifty-third and One Hundred and Fifty-eighth streets, North river, Borough of Manhattan:

February 1, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission:

SIR—I submit herewith plan for improving the water front of The City of New York, between West One Hundred and Fifty-third and West One Hundred and Fifty-eighth streets, in the Borough of Manhattan, which has this day been adopted by me. I beg to request the approval of the Commissioners of the Sinking Fund thereto.

A technical description of the plan is as follows:

First—The establishing of a marginal street, wharf or place with its exterior or westerly line coinciding with the bulkhead line established by the Secretary of War in 1890, with its easterly or inshore line extending along a line drawn parallel with and distant 96 feet westerly from the easterly line of the right of way of the New York Central and Hudson River Railroad Company from the intersection of said easterly line of said proposed marginal street with the northerly line of West One Hundred and Fifty-eighth street to its intersection with the southerly line of West One Hundred and Fifty-fifth street at a point distant 96 feet from said easterly line of right of way, measured at right angles with said easterly line of right of way; thence southerly in a straight line to a point in the southerly line of West One Hundred and Fifty-third street, distant 230 feet easterly, measured along the prolongation of said southerly line of West One Hundred and Fifty-third street from the bulkhead line established by the Secretary of War in 1890; said proposed marginal street to extend from the westerly prolongation of the southerly line of West One Hundred and Fifty-third street northerly to the westerly prolongation of the northerly line of West One Hundred and Fifty-eighth street.

Second—The establishing of a pier 60 feet wide at the foot of West One Hundred and Fifty-third street; the establishing of a pier 60 feet wide at the foot of West One Hundred and Fifty-fourth street; the establishing of a pier 100 feet wide at the foot of West One Hundred and Fifty-fifth street; the establishing of a pier 60 feet wide at the foot of West One Hundred and Fifty-sixth street; the establishing of a pier 60 feet wide at the foot of West One Hundred and Fifty-seventh street, and the establishing of a pier 60 feet wide at the foot of West One Hundred and Fifty-eighth

street; all said proposed six piers to extend from the bulkhead line established by the Secretary of War in 1890, to the pierhead line established by the Secretary of War in 1890.

Third—The establishing of an area 100 feet wide adjoining the southerly side of the proposed pier at the foot of West One Hundred and Fifty-fifth street extending from the said bulkhead westerly to the said pierhead line for ferry improvements.

Very respectfully, your obedient servant,

J. A. BENDEL, Commissioner.

Mr. Daniel F. Mahoney, a taxpayer owning considerable property in the neighborhood, appeared before the Board and protested against the adoption of the plan because of the location of the proposed ferry at the foot of One Hundred and Fifty-fifth street.

The Dock Commissioner, who was present, explained that the adoption of the plan did not commit the Board to the establishment of a ferry at that point, as the plan can be changed at any time, and that the establishment of a ferry would have to be presented to and approved by the Commissioners of the Sinking Fund before a lease could be made.

The following protest was received and ordered printed in the minutes:

Before the Board of Sinking Fund Commissioners of The City of New York.

In the Matter
of

The proposed approval of a plan for improvement of the water front on the Hudson river, between West One Hundred and Fifty-third street and West One Hundred and Fifty-eighth street, Borough of Manhattan.

To the Honorable Board of Sinking Fund Commissioners:

The undersigned hereby respectfully protests against any action upon the above mentioned plan, upon the following grounds:

That no necessity for the improvement of the water front in the aforesaid locality exists; that the expenditure of public moneys upon the improvement of said water front would be wasteful and extravagant; that, owing to the grade of the only possible approach to the said water front the improvement of the same would be useless; therefore the undersigned respectfully protests against the adoption of said plan as an unlawful attempt to oust him from possession of a portion of said water front, now lawfully held by him under lease from the Commissioner of Docks.

Dated New York, March 20, 1907.

PHILIP F. DONOHUE,

By HOWARD S. GANS; JOSEPH FLANNERY, his Attorneys.

The Chairman of the Finance Committee, Board of Aldermen, moved that action in the matter be laid over until the next meeting.

Which motion was lost by the following vote:

Affirmative—The Chairman of the Finance Committee, Board of Aldermen.

Negative—The Mayor, the Comptroller, the Chamberlain and the President of the Board of Aldermen.

The Comptroller then presented the following report and offered the following resolution:

March 11, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Bense, Commissioner, Department of Docks and Ferries, in communication dated February 1, 1907, submits for the approval of the Commissioners of the Sinking Fund a plan adopted by him February 1, 1907, for improving the water front of The City of New York, between West One Hundred and Fifty-third street and West One Hundred and Fifty-eighth street, North river, in the Borough of Manhattan.

A technical description of the plan is included in the communication; it consists briefly of piers at the foot of each street, from One Hundred and Fifty-third street to One Hundred and Fifty-eighth street inclusive, each pier being the width of its respective street and extending out to the pierhead line established by the Secretary of War in 1890, a marginal street between the south side of One Hundred and Fifty-third street and the north side of One Hundred and Fifty-eighth street; the exterior line of said marginal street being the bulkhead line established by the Secretary of War in 1890, and the interior side being not less than thirty (30) feet outside of the right of way of the New York Central and Hudson River Railroad Company. The plan will therefore permit the widening of the railroad's right of way.

There is also laid out an area 100 feet wide along the south side of the pier planned at the foot of One Hundred and Fifty-fifth street and designated as "Area for ferry improvements." The Dock Commissioner states that he has received an application for a ferry franchise from the foot of One Hundred and Fifty-fifth street.

Available docking space is very limited in this section of the City, and, owing to the rapid development of this region, it would appear necessary to plan for some improvements on the river front to supply the anticipated demand for increased commercial facilities.

While I think that a better location for a possible ferry in this neighborhood could be selected, I think that the plan as presented may properly receive the approval of the Commissioners of the Sinking Fund.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the plan for improving the waterfront and harbor of The City of New York, between West One Hundred and Fifty-third and West One Hundred and Fifty-eighth street, in the Borough of Manhattan, made and adopted by the Commissioner of Docks in accordance with law February 1, 1907.

The report was accepted and the resolution adopted by the following vote:

Ayes—The Mayor, Comptroller, Chamberlain and President of the Board of Aldermen.

Present and not voting—The Chairman of the Finance Committee, Board of Aldermen.

The following communication was received from the Commissioner of Docks, submitting for approval a plan for improving the waterfront, from between West Ninety-fourth and West Ninety-fifth streets, to between West Ninety-seventh and West Ninety-eighth streets, on the North river, Borough of Manhattan:

February 27, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I submit herewith plan for improvement of the water front of The City of New York, from between West Ninety-fourth and West Ninety-fifth streets to between West Ninety-seventh and West Ninety-eighth streets, North river, which has this day been adopted by the Commissioner of Docks.

I beg to request the approval of the Commissioners of the Sinking Fund thereto.

A technical description of the plan is as follows:

The proposed "new plan" for improving the water front between West Ninety-fourth and West Ninety-eighth streets, North river, comprises:

First—The establishing of a bulkhead line extending from a point in a line drawn 362.5 feet north of and parallel to the north line of West Ninety-sixth street; said point being 100 feet west of the west line of Twelfth avenue to a point on a line 362.5 feet south of and parallel to the south line of West Ninety-sixth street and 100 feet west of the west line of Twelfth avenue.

Second—The establishing of a marginal street, wharf or place, with its inshore or east line coincident with the west line of the right-of-way of the New York Central and Hudson River Railroad Company, and with its west line coincident with the above described proposed bulkhead line, and extending from a line drawn parallel with and 362.5 feet north of the north line of West Ninety-sixth street to a line drawn parallel with and 362.5 feet south of the south line of West Ninety-sixth street.

Third—The establishing of a pier 80 feet wide with its north side 180 feet south of and parallel to the south side of West Ninety-sixth street. Also a pier 100 feet wide at the foot of West Ninety-sixth street with its north and south lines coincident with the north and south lines of West Ninety-sixth street produced. Also a pier 80 feet wide with its south side 180 feet north of and parallel to the north side of West Ninety-sixth street. Also a pier 25 feet wide with its south side 77.5 feet north of the north side of the proposed pier last described.

All said piers, four in number, extending from the hereinabove described proposed bulkhead line west to the pierhead line as established by the Secretary of War in 1890.

Very respectfully,

DENIS A. JUDGE, Deputy and Acting Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 12, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Bense, Commissioner, Department of Docks and Ferries, in communication dated February 27, 1907, submits for the approval of the Commissioners of the Sinking Fund a plan adopted by him February 27, 1907, for improving that portion of the waterfront of The City of New York between West Ninety-fourth and West Ninety-eighth streets, North River, which by the terms of chapter 152 of the Laws of 1894, providing for the extension of Riverside Park, remains under the control of the Dock Department.

A plan for the improvement of this portion of the waterfront was adopted May 24, 1901, by the Dock Department and approved by the Commissioners of the Sinking Fund June 20, 1901.

The plan now submitted is similar to the plan formerly adopted, except that a new pier twenty-five (25) feet wide is established, running from the bulkhead line to the pierhead line established by the Secretary of War in 1890; the north end of said pier being on the continuation of a line parallel with and distant 362.50 feet from the north side of West Ninety-sixth street.

The establishment of this twenty-five (25) foot pier is for the use of the First Battalion Naval Militia.

The amendment to section 142 of the Military Code, made under chapter 149 of the Laws of 1904, directs that suitable docking facilities be furnished the Naval Militia when directed by the Armory Board, and at a meeting December 27, 1906, the Armory Board adopted a plan for a pier at this location.

It is advisable that the Commissioners of the Sinking Fund approve the whole of the layout as presented, because the adoption of the former plan for the improvement of this portion of the waterfront is of doubtful legality, owing to the decision of Judge Davis, of the Supreme Court (42 Miscellaneous Reports, page 425), that the plan for the improvement of the waterfront, between West Seventy-seventh street and West Eighty-first street, had been unlawfully adopted.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the plan for improving the waterfront and harbor of The City of New York, on the North river, from between West Ninety-fourth and West Ninety-fifth streets to between West Ninety-seventh and West Ninety-eighth streets, made and adopted by the Commissioner of Docks in accordance with law February 27, 1907.

The report was accepted and the resolution unanimously adopted.

Mr. L. Laflin Kellogg, representing the United States Transportation Company, asked for and received the unanimous consent of the Board to be heard in the matter of the proposed lease to the said company of the pier at the foot of West Forty-fourth street, Borough of Manhattan. Mr. Kellogg stated that an arrangement had been made with the Dock Commissioner whereby Cyprien Fabre & Co. were to receive the lease of a pier in South Brooklyn and requested that favorable action now be taken on the lease to the United States Transportation Company.

Mr. John J. Delany, representing Cyprien Fabre & Co., was interrogated by the President of the Board of Aldermen and Mr. Delany stated that while a satisfactory arrangement had now been made with the Dock Commissioner, he would like to have some assurance from the Board that the recommendation of the Dock Commissioner would be favorably acted upon.

The Dock Commissioner, who was present, stated that the arrangement had been practically agreed upon. The Mayor then asked the Dock Commissioner if he was ready to make his recommendation. The Dock Commissioner stated that he was, and submitted the following for approval:

March 20, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I beg to advise you: that after due consideration I am of the opinion that the interests of the City would be best served by leasing to Cyprien Fabre & Co. the pier to be hereafter built and to be situated between Thirty-first and Thirty-second streets, South Brooklyn, to be 150 feet in width and having a length (approximately 1,000 feet), as shown upon the plan for the improvement of the waterfront at that point, adopted by this department May 31, 1906, and approved by the Commissioners of the Sinking Fund June 20, 1906. The lease to be for a term of ten years, to begin upon the receipt by the lessees of certificate from the Commissioner of Docks that the pier is completed and ready for occupation, at a rental of \$25,000 per annum; and the lease to contain the privilege of one renewal term of ten years at an advance in the rental of 10 per cent. over that charged for the first term. The lease will cover the pier only and will not include any rights to the adjoining bulkheads. The City is to erect on the pier a shed approximately in accordance with the plans for such sheds as developed in this department, no office arrangements to be built by the City within the shed, but water connections to the pier to be provided by the City. The lease to provide that the City will deliver the pier to the lessees with a depth of water of 30 feet in the adjacent slips and all subsequent dredging to be done by the lessees.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now in use by this department.

Very respectfully, your obedient servant.

J. A. BENSEL, Commissioner.

Which was referred to the Select Committee consisting of the Comptroller and the President of the Board of Aldermen for consideration and report after the calendar had been disposed of.

The following communication was received from the Change of Grade Damage Commission, relative to a renewal of the lease of offices at No. 280 Broadway, Borough of Manhattan:

NEW YORK, February 13, 1907.

Hon. HERMAN A. METZ, Comptroller, No. 280 Broadway, New York City:

DEAR SIR—Under the provisions of chapter 567 of the Laws of 1894, and acts amendatory thereof and supplemental thereto, the duty of providing sufficient and proper office accommodation for the above-named Commission is imposed upon the Comptroller. We were assigned Room 138 of the Stewart Building from on or about May 1, 1904. As I recall, a lease for a year was at that time executed at the request of the Real Estate Bureau of your department. No renewal of that lease from and after May 1, 1905, has been executed, and as a consequence your Auditors have declined to pass the bill of the Estate of Henry Hilton for rent which our Commissioners have certified to you for payment. We have occupied the office nevertheless from May 1, 1905, and are still occupying it. We will require the lease to be renewed for a year from and after May 1, 1907. We would respectfully ask that your Real Estate Bureau arrange about a lease covering the period from May 1, 1905, until May 1, 1908, so that the bills for rent already incurred may be paid and provision made for our continued use of the room until May 1, 1908.

Yours respectfully,

LAMONT McLOUGHLIN, Clerk to Commission.

In connection therewith the Comptroller presented the following report and offered the following resolutions:

March 11, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—William E. Stillings, George C. Norton and Oscar S. Bailey, Commissioners of the Change in Grade Commission, created pursuant to the provisions of chapter 537 of the Laws of 1893, as amended by chapter 567 of the Laws of 1894, were directed, pursuant to a court decision in the year 1904, to complete the business before the Commission. The duty of providing office accommodations for the Commission is imposed upon the Comptroller, and in a communication under date of February 13, 1907, addressed to this Department by Mr. Lamont McLoughlin, Clerk of the Commission, he states that Room No. 138 in the Stewart Building has been occupied by his Board since May 1, 1905, although no lease has been authorized since that time, and that he will require the lease to be renewed for a year from and after May 1, 1907, and requests that a lease be entered into covering a period from May 1, 1905, until May 1, 1908.

The matter of providing accommodations for this Board was presented to the Commissioners of the Sinking Fund on July 20, 1904 (see Minutes, S. F. 1904, page 606), and it was understood at that time that the work of the Commission would be completed within at least two years, although at the present time it would appear that the work will continue indefinitely and that the City will be supplying office accommodations for some time to come.

In view of the fact that the City has been in occupation of the room since May 1, 1905, without paying rent, there is no doubt that some action should be taken at the present time for the payment of the same, but I do not deem it advisable that a lease should be authorized beyond May 1, 1907, and that the matter be referred to the Corporation Counsel in order to determine the necessity of continuing the work of said Board, and also, that after an investigation has been made as to the status of the work to be still performed, that he should inform the Commissioners of the Sinking Fund as to how long the room will be required.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the hiring of Room No. 138 in the Stewart Building, No. 280 Broadway, Borough of Manhattan, for the use of the Change in Grade Commission for a term from May 1, 1905, to May 1, 1907, at a rental of \$650 per annum, which is at the same rate as now paid for the room in question, which contains 446 square feet, and to authorize the Comptroller to pay the sum of \$1,300 to Horace Russell and Edward D. Harris, executors, etc., as rent for said room for the two years in question, without the necessity of entering into a lease, the said rent to include light, heat, elevator and janitor service.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring of Room No. 138 in the Stewart Building, No. 280 Broadway, Borough of Manhattan, for the use of the Change of Grade Damage Commission, for a term from May 1, 1905, to May 1, 1907, at a rental of six hundred and fifty dollars (\$650) per annum, and that the Comptroller be and is hereby authorized to pay to Horace Russell and Edward D. Harris, executors, etc., the sum of thirteen hundred dollars (\$1,300), being the rent for said room for the two years in question, without the necessity of entering into a lease, the said rent to include light, heat, elevator and janitor service.

Resolved, That the Corporation Counsel be and is hereby requested to advise the Commissioners of the Sinking Fund, relative to the necessity of continuing the work of the Change of Grade Damage Commission, as to the work already performed and the status of the work still to be performed, and as to how long Room No. 138 in the Stewart Building, No. 280 Broadway, occupied by said Commission, will be required.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Examining Board of Plumbers, relative to a renewal of the lease of premises at No. 149 Church street, Borough of Manhattan:

March 8, 1907.

Commissioners of the Sinking Fund, No. 280 Broadway, City:

GENTLEMEN—The time for the renewal of the premises occupied by this Board having arrived, I would respectfully recommend that our present quarters—Rooms 14, 15 and 16, third floor—at No. 149 Church street, be re-leased for a term of one year at the expiration of the present lease, or from May 1, 1907, to May 1, 1908, with the understanding that the owner shall make necessary repairs and cleansing of walls and ceilings.

Yours respectfully,

EXAMINING BOARD OF PLUMBERS,

ROBERT McCABE, President.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 12, 1907.

Recommended that the lease of the Rooms 14, 15 and 16, on the third floor of the building No. 149 Church street, Borough of Manhattan, be renewed for a period of one year from May 1, 1907, at an annual rental of \$960, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease, except that the lessor shall be required to make the necessary repairs and clean the walls and ceilings of said rooms. Lessor, Church & Warren Company.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of Rooms 14, 15 and 16, on the third floor of the building No. 149 Church street, in the Borough of Manhattan, for the use of the Examining Board of Plumbers, for a period of one year from May 1, 1907, at an annual rental of nine hundred and sixty dollars (\$960), payable quarterly; the lessor to make necessary repairs and clean the walls and ceilings of said rooms, otherwise upon the same terms and conditions as contained in the existing lease;

lessors, Church & Warren Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Board of Coroners, relative to a renewal of the lease of premises on the northeasterly corner of Tremont and Third avenues, Borough of The Bronx:

March 4, 1907.

Hon. HERMAN A. METZ, Comptroller:

DEAR SIR—Inclosed herewith we send you a letter received from Mr. John P. Friedhoff, the owner of The Bronx building in which our office is located, asking for a renewal of the lease of the premises from May 1, 1907. Will you kindly have the same attended to and oblige,

Yours truly,
A. F. SCHWANNECKE,
President of the Board of Coroners.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 11, 1907.

Recommended that the lease of the second floor of the premises situated on the northeasterly corner of Tremont and Third avenues, Borough of The Bronx, be renewed for a period of one year from May 1, 1907, at an annual rental of \$2,000, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, John P. Friedhoff.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the second floor of premises situated on the northeasterly corner of Tremont and Third avenues, Borough of The Bronx, for the use of the Board of Coroners, for a period of one year from May 1, 1907, at an annual rental of two thousand dollars (\$2,000), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, John P. Friedhoff; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received relative to an amendment to resolution authorizing a lease of Room 518, in the Mechanics' Bank Building, at the junction of Montague, Court and Clinton streets, in the Borough of Brooklyn, for the use of the Collector of Assessments and Arrears, Department of Finance (see page):

March 6, 1907.

Real Estate Department, Comptroller's Office, No. 280 Broadway, New York:

GENTLEMEN—We return herewith the leases for Room 518 in the Mechanics' Bank Building, No. 215 Montague street, Brooklyn, as they have not been made out according to the terms agreed upon between us and the representative from the Department of Assessments and Arrears.

Our understanding was that the rent was to be paid monthly, the same as that for the office of the same department on the third floor. As none of our leases are made subject to quarterly payments, particularly when payment would be made at the end of the quarter, we do not care to make an exception in this case. Please have the leases changed in this respect.

We might also add that the office has been at the disposal of the City since January 10, 1907.

Hoping that you will have this adjusted as soon as possible, we are,

Yours very truly,

WM. G. SPROTT, for the Company.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 13, 1907.

Recommended that the resolution adopted by the Commissioners of the Sinking Fund on January 30, 1907, which authorized a lease of Room 518 on the fifth floor of the Mechanics' Bank Building, at the junction of Montague, Court and Clinton streets, in the Borough of Brooklyn, for the use of the Collector of Assessments and Arrears of the Department of Finance, for a period from the date of occupation to May 1, 1909, at an annual rental of \$575, payable quarterly, be amended so that the said rent shall be paid "monthly" instead of "quarterly."

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board, at meeting held January 30, 1907, authorizing a lease to the City from the Mechanics' Bank Building, a corporation, rent payable to the D. & M. Chauncey Company, Limited, Agents, of Room 518, on the fifth floor of the Mechanics' Bank Building, at the junction of Montague, Court and Fulton streets, Borough of Brooklyn, for the use of the Department of Finance (Collector of Assessments and Arrears), for a period from the date of occupation to May 1, 1909, at an annual rental of five hundred and seventy-five dollars (\$575), payable quarterly, the lessor to furnish light, heat, elevator and janitor service, be and the same is hereby amended by making the rent payable "monthly" instead of "quarterly."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Street Cleaning relative to a lease of premises at Nos. 498 and 500 East Seventy-fourth street, Borough of Manhattan:

March 8, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Sinking Fund Commissioners:

SIR—I request the consent and approval of your Board, pursuant to section 541 of the Charter, for a lease from Mrs. Mathilde Protzmann (residing at No. 514 East One Hundred and Sixty-second street) of the two stores and the cellar beneath of the premises known as No. 496 East Seventy-fourth street, in the Borough of Manhattan, for a term of five (5) years, from May 1, 1907, at the annual rental of \$660, payable monthly; the lessor to remove or open the partition between the two stores, to put and keep the premises in good tenantable repair and condition and to pay for the Croton water used on the premises during the term of the lease.

This proposed lease is to provide premises in place of the present section station at No. 1368 Avenue A, the lease of which terminates on the first day of May, 1907, and will not be renewed by the present owner.

Respectfully,
M. CRAVEN, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 14, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Macdonough Craven, Commissioner of the Department of Street Cleaning, in a communication addressed to the Commissioners of the Sinking Fund, under date of March 8, 1907, requests that a lease be entered into of the two stores and cellar beneath of the premises known as No. 496 East Seventy-fourth street, in the Borough of Manhattan, for the use of his Department, for a term of five years, from May 1, 1907, at an annual rental of \$660, payable monthly; the lessor to remove or open the partition between the two stores, to put and keep the premises in good tenantable repair and condition and to pay for the Croton water used on the premises during the term of the lease.

The proposed lease is to provide premises in place of the present section station at No. 1368 Avenue A, the lease of which terminates on May 1, 1907, and will not be renewed by the present owner.

I have had an examination made of the premises and it appears that the same consist of two small stores on the south side of East Seventy-fourth street, in the 5-story brick building, No. 1391 Avenue A. The numbers of these stores should be 498 and 500, instead of 496. No. 498 is 18 by 24 feet, with an L in the rear 6 by 10 feet, and has two small rear windows. No. 500 is 18 by 24 feet. Both stores are in good condition, have metal ceilings and iron sinks; the cellar underneath has concrete floor; toilets in the cellar.

The rent asked, \$660 a year, while full value, is in my opinion reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the two stores and cellar beneath of the premises known as Nos. 498 and 500 East Seventy-fourth street, in the Borough of Manhattan, for a term of five years, from May 1, 1907, at an annual rental of \$660, payable monthly; the lessor to remove or open the partition between the two stores, to put and keep the premises in good tenantable repair and condition and to pay for the Croton water used on the premises during the term of the lease. Lessor, Mrs. Mathilde Protzmann.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City, from Mrs. Mathilde Protzmann, of the two stores and cellar beneath, of the premises known as Nos. 498 and 500 East Seventy-fourth street, Borough of Manhattan, for a term of five years from May 1, 1907, at an annual rental of six hundred and sixty dollars (\$660), payable monthly; the lessor to remove or open the partition between the two stores, to put and keep the premises in good tenantable repair and condition, and to pay for the Croton water used on the premises during the term of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Law Department relative to a lease of Rooms 100, 101, 102 and 103, in the Gerken Building, Nos. 90 and 92 West Broadway, Borough of Manhattan, for the use of the Bureau of Street Openings of the Law Department:

January 18, 1907.

To the Commissioners of the Sinking Fund:

SIRS—The Bureau of Street Openings, Law Department, now occupies the twelfth, thirteenth and fourteenth floors of the Gerken Building, Nos. 90 and 92 West Broadway.

Owing to the increase in the number of street opening proceedings, and in the number of employees, additional room is needed for the proper conduct of these proceedings.

Mr. Frederick Gerken, the owner of the premises, has consented to enter into a lease of Rooms 100, 101, 102 and 103, on the westerly side of the ninth floor, which contain about 600 square feet, at the rate of \$1,550 per annum.

These rooms may be obtained now, because they will be vacated by the present tenant on February 1 instead of May 1.

I recommend that your Commission adopt a resolution that the City obtain a lease from Mr. Gerken of the above mentioned rooms on the ninth floor, expiring at the same time that your Commission intends to have the lease of the twelfth, thirteenth and fourteenth floors expire.

Very respectfully,

G. L. STERLING, Acting Corporation Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. George L. Sterling, Acting Corporation Counsel, in a communication addressed to the Commissioners of the Sinking Fund, requests that a lease be entered into for Rooms 100, 101, 102 and 103, on the westerly side of the ninth floor of the Gerken Building, which contain about 600 square feet, at the rate of \$1,550 per annum.

The City has at present under lease the twelfth, thirteenth and fourteenth floors of the Gerken Building, situated at Nos. 90 and 92 West Broadway, Borough of Manhattan, for the use of the Bureau of Street Openings of the Law Department, the Commissioners of the Sinking Fund, at their meeting held January 30, 1907, having authorized the lease for a period of five years from October 1, 1906, the rental being at the rate of \$13,500 per annum.

It appears that the additional rooms are necessary in order to accommodate the additional Clerks who will be transferred from the Borough of Brooklyn. The rental asked of \$1,550 per annum for the premises in question is not excessive, and is at the same rate as is now paid for the upper floors, considering the fact that they consist of the choicest part of the ninth floor, overlooking the Hudson river.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of Rooms 100, 101, 102 and 103, on the ninth floor of the Gerken Building, Nos. 90 and 92 West Broadway, Borough of Manhattan, for a period from the date of occupation to October 1, 1911, at an annual rental of \$1,550, payable monthly, lessor to furnish light, heat, elevator and janitor service and place the rooms in tenantable condition. Lessor, Frederick Gerken.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Frederick Gerken, of Rooms Nos. 100, 101, 102 and 103 on the ninth floor of the Gerken Building, Nos. 90 and 92 West Broadway, Borough of Manhattan, for the use of the Law Department (Bureau of Street Openings), for a period from the date of occupation to October 1, 1911, at an annual rental of fifteen hundred and fifty dollars (\$1,550), payable monthly; the lessor to furnish light, heat, elevator and janitor service, and place the rooms in tenantable condition; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

This is an increase of \$200 a year over the present existing lease, but, in my opinion, is reasonable; otherwise upon the same terms and conditions as contained in the existing lease. The lessor to furnish sufficient heat and the City to make all repairs and to pay for the Croton water used on the premises. Lessor, Charles E. Ring.
5. In regard to the lease of the front room, back room and room downstairs of the premises No. 525 Fifth street, Borough of Manhattan, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the same for a period of two years, from May 1, 1907, at an annual rental of \$720, payable monthly, which is an increase of \$140 a year over the present existing lease, but, in my opinion, is reasonable; otherwise upon the same terms and conditions as contained in the existing lease. Lessor, John Becker.

In regard to the lease of the store on the ground floor and basement of No. 230 East One Hundred and Fourth street, Borough of Manhattan, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the same for a period of three years, from May 1, 1907, at an annual rental of \$540, payable quarterly, which is an increase of \$60 a year over the present existing lease, but, in my opinion, is reasonable; otherwise upon the same terms and conditions as contained in the existing lease. The Comptroller presented the following report from the Appraiser of Real Estate, relative to a claim of Edward Sidney Rawson, who was District Attorney of the County of Richmond, for the sum of \$1,500, being the rental of offices at No. 35 Broadway, Port Richmond, used by him in his official capacity as District Attorney of Richmond County, for a period from January 1, 1899, to December 31, 1904:

March 9, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Edward Sidney Rawson, Esq., who was District Attorney of the County of Richmond for a period from January 1, 1899, to December 31, 1904, filed in this Department a claim for \$1,500, alleged to be due to him for the rental of offices at No. 35 Broadway, Port Richmond, used by him in his official capacity as District Attorney of Richmond County during the six years he held that position.

The above claim was filed in the shape of a voucher for \$1,500, served upon the Comptroller on the 30th day of December, 1904. An investigation of the details shows that the said claimant had his official offices in the premises No. 35 Broadway, Port Richmond; that the premises consisted of the frame building, two stories in height, on a plot of ground 160 feet in depth and 120 feet in width; that the said premises contained five rooms on the lower floor and two on the upper floor, and also a loft over the extension, used for the storage of supplies.

Said premises had been formerly occupied by the law offices of the firm of DeGroot, Rawson & Stafford, with which he was connected at the time of his election, and on January, 1899, there were no regular offices for the District Attorney of Richmond County, and that on his election the claimant entered into an agreement with Mr. DeGroot, who owned the building, by which he was permitted to occupy a part of it for the District Attorney's offices; that two rooms in said building were set apart for his use as District Attorney, and he was also to have access to all other parts of the building and was at liberty to use the library of the aforesaid law firm, consisting of 1,500 volumes.

The testimony further shows that the agreement between the claimant and Mr. DeGroot was verbal and that he never attempted to have the rent paid by the County of Richmond or by The City of New York, but waited until the expiration of his term of office, when he presented a claim for six years' rental at \$250 a year. The said claim was disallowed by your predecessor on March 29, 1905, for the reason that the Commissioners of the Sinking Fund never authorized the lease of said premises.

In answer to the question, "And as District Attorney, did you enter into an agreement for the occupation of these two rooms?" to which the said claimant answered under oath, "I made an agreement with the firm of DeGroot, Rawson & Stafford, whereby at the end of the year the sum of \$250 was deducted from the whole amount due me, that is, I deducted the sum of \$250 from my salary and paid it to them. There was no transfer actually of funds. I took my salary and put it in the common pot of the firm, and at the end of the year the sum of \$250 was deducted from my share for the rent of the District Attorney's offices."

In view of the facts in the case, I do not see how I can recommend the payment of rent upon property, although occupied for public purposes, such occupation was contrary to the provisions of the Greater New York Charter. I would therefore respectfully recommend that the matter be presented to the Commissioners of the Sinking Fund for such action as they may deem necessary and proper in the premises.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Discussion followed, and the Comptroller offered the following:

Resolved, That the Commissioners of the Sinking Fund hereby decline to authorize the payment of the claim of Edward Sidney Rawson for fifteen hundred dollars (\$1,500), being the rental of offices at No. 35 Broadway, Port Richmond, occupied by him as District Attorney for the County of Richmond without the authority of the Commissioners of the Sinking Fund, for a period from January 1, 1899, to December 31, 1904.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a resolution adopted by the Armory Board, accepting the bid of the American Seating Company for furnishing and putting in place 1,304 folding chairs in extension to Thirteenth Regiment armory in the Borough of Brooklyn, in the sum of \$1,949:

March 11, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held March 7, 1907, the following was adopted:

"Resolved, That the bid of the American Seating Company, No. 19 West Eighteenth street, Borough of Manhattan, for item No. 1, furnishing and putting in place 1,304 folding chairs in extension to Thirteenth Regiment armory, in the Borough of Brooklyn, in the sum of \$1,949, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board."

I would report: On March 1, 1907, the Armory Board received and opened the following bid for furnishing and putting in place 1,304 folding chairs for the Thirteenth Regiment armory, Borough of Brooklyn: The American Seating Company, \$1,949.

The bid, \$1,949, of the American Seating Company for this work being the lowest, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution of the Armory Board, adopted March 7, 1907:

"Resolved, That the bid of the American Seating Company, No. 19 West Eighteenth street, Borough of Manhattan, for item No. 1, furnishing and putting in place 1,304 folding chairs in extension to Thirteenth Regiment armory, in the Borough of Brooklyn, in the sum of nineteen hundred and forty-nine dollars (\$1,949) be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a resolution adopted by the Armory Board, appropriating \$3,000 for installing mains, submains and distributing panels in Administration Building of the Thirteenth Regiment armory, in the Borough of Brooklyn, and requesting the Commissioners of the Sinking Fund to concur therein and authorize the Comptroller to issue the necessary bonds:

March 13, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held February 14, 1907, the following was adopted:

"Resolved, That an appropriation of three thousand dollars (\$3,000) be and is hereby made for installing mains, submains and distributing panels in Administration Building of Thirteenth Regiment C. A., N. G., N. Y., Borough of Brooklyn; that the Commissioners of the Sinking Fund be requested to concur therein and authorize the Comptroller to issue bonds to provide payment therefor; and that the Secretary be directed to advertise for bids or proposals for same."

I would report that many of the lights in the Thirteenth Regiment armory cannot be used at present, owing to the insufficient size of wire in the present mains. The present mains are also not installed in a satisfactory manner.

It is proposed to install a complete system of new service mains, large enough to provide for the present lights and also the extension of electric service to rooms not at present lighted by electricity.

The proposed work will be a valuable improvement to the building, and I think that the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board, and authorize the Comptroller to issue bonds to the amount of \$3,000 for installing mains, submains and distributing panels in Administration Building of Thirteenth Regiment, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Whereas, The Armory Board at meeting held February 14, 1907, adopted the following resolution:

A., N. G., N. Y., Borough of Brooklyn; that the Commissioners of the Sinking Fund be requested to concur therein and authorize the Comptroller to issue bonds to provide payment therefor, and that the Secretary be directed to advertise for bids or proposals for same;"

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution and that, for the purpose of providing means for the payment thereof, the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of three thousand dollars (\$3,000), the proceeds whereof to be applied to the payment of the expenses aforesaid.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises at No. 83 Chambers street, Borough of Manhattan, for the use of the Department of Finance (City Paymaster):

March 16, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at their meeting held February 8, 1905, adopted two separate resolutions, one authorizing a lease of the basement, sub-basement and store floor, for a period of two years from May 1, 1905, at an annual rental of \$5,500, the other for a period of two years and three months, of the first loft, at an annual rental of \$2,500, in the premises No. 83 Chambers street, extending through to and being No. 65 Reade street, in the Borough of Manhattan, for the use of the Paymaster of The City of New York; the owners to furnish steam heat in the loft, the City to furnish heat in the basement, sub-basement and store floor, and light in all of the premises occupied by it, as well as janitor service.

The owners of the premises in a communication dated March 5, 1907, have offered to renew the lease for a period of one year from May 1, 1907, at an annual rental of \$9,000, instead of \$8,000, as paid heretofore, otherwise upon the same terms and conditions as contained in the present existing lease. This would make an increase in rental of \$1,000.

Considering the price reasonable, inasmuch as the increase in rental values in the neighborhood, together with the fact that the office of the Paymaster of The City of New York should be in a separate building from any other Department, and as it is impossible at the present time to find suitable quarters in any other building for the use of the Paymaster at any less rate than the amount asked by the owners of these premises, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the entering into of a lease for a period of one year from May 1, 1907, of the sub-basement, basement, store floor and first loft of the premises No. 83 Chambers street, extending through to and being No. 65 Reade street, in the Borough of Manhattan, at an annual rental of \$9,000, payable quarterly; the owners to furnish heat in the first loft, the City to furnish heat in the sub-basement, basement and store floor and to furnish light and janitor service in all that portion of the building occupied by it. Lessors, Nina Perry Paris, Mary C. Smith, Agnes Dickinson, George H. Draper, George G. DeWitt, trustee.

The owners of the property have had several offers for the sale of the building, and should a sale take place, the City would undoubtedly have to acquire leased quarters for the Paymaster in some other building. An offer has been made to sell the property to the City at private sale for \$225,000. It is not necessary at this time, nor is this Board interested in the value of the real estate, but I understand there is a bill in the Legislature which contemplates the paying of wages of a number of people semi-monthly who are now paid monthly. If this bill should become a law it would require almost the doubling of the Paymaster's office force, which increase would necessitate the acquisition of more room, and it may be possible to acquire either this parcel of land or some other building for the sole use of the Paymaster.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Nina Perry Paris, Mary C. Smith, Agnes Dickinson, George H. Draper and George G. DeWitt, trustee, of the sub-basement, basement, store floor and first loft of the premises No. 83 Chambers street, extending through to and being No. 65 Reade street, in the Borough of Manhattan, for the use of the Department of Finance, for a period of one year from May 1, 1907, at an annual rental of nine thousand dollars (\$9,000), payable quarterly; the owners to furnish heat in the first loft, the City to furnish heat in the sub-basement, basement and store floor, and to furnish light and janitor service in all that portion of the building occupied by it; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Street Cleaning, relative to a lease of offices in the Realty Building, corner of One Hundred and Forty-ninth street and Bergen avenue, Borough of The Bronx:

March 15, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Sinking Fund Commissioners:

SIR—I request the consent and approval of your Board pursuant to section 541 of the Charter, for a lease from the Fleischmann Realty and Construction Company of the two offices Nos. 28 and 29, in the building known as the Realty Building, at the southwest corner of One Hundred and Forty-ninth street and Bergen avenue, in the Borough of The Bronx, for a term of five (5) years from April 1, 1907, at the annual rent as follows: For the first and second years, \$1,020; for the third and fourth years, \$1,120; for the fifth year, \$1,200, payable quarterly; the lessor to provide light, heat and janitor's service for every day of the week from 8 a. m. to 6 p. m., and to furnish Croton water; to paint the walls of the offices in the color to be selected by this Department and to give permission to put a door in the corridor in front of these offices, making a special entrance and also to put a partition in either one or both of the offices, and to put and keep the premises in good tenable condition and repair, during the term of the lease.

The purpose of this lease is to furnish offices for the use of the Deputy Commissioner of the Borough of The Bronx.

Respectfully,

M. CRAVEN, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 19, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Macdonough Craven, Commissioner of the Department of Street Cleaning, in a communication addressed to the Commissioners of the Sinking Fund under date of March 15, 1907, requests that a lease be entered into of the two offices, Nos. 28 and 29, in the building known as the Realty Building, at the southwest corner of One Hundred and Forty-ninth street and Bergen avenue, in the Borough of The Bronx, for a term of five years from April 1, 1907, at the annual rent as follows: One thousand and twenty dollars (\$1,020) a year for the first and second years, one thousand one hundred and twenty dollars (\$1,120) a year for the third and fourth years, and one thousand two hundred dollars (\$1,200) a year for the fifth year, payable quarterly; the lessor to provide light, heat and janitor service for every day of the week from 8 a. m. to 6 p. m., and to furnish the Croton water; to paint the walls of the offices in the color to be selected by the Department of Street Cleaning, and to give permission to put a door in the corridor in front of these offices, making a special entrance, and also to put a partition in either one or both of the offices, and to put and keep the premises in good tenable condition and repair during the term of the lease. The purpose of the lease is to furnish offices for the use of the Deputy Street Cleaning Commissioner of the Borough of The Bronx.

I have had an examination made of the premises in question, and it appears that they consist of the corner room fronting on One Hundred and Forty-ninth street and Bergen avenue, and the adjoining room fronting on One Hundred and Forty-ninth street, in the new two-story brick business building at the southwest corner of One Hundred and Forty-ninth street and Bergen avenue, in the Borough of The Bronx. Room No. 28 is 12 by 24 feet, and Room No. 29 is irregular in shape, but averages 10 by 24 feet. Both rooms are well lighted and have steam heat and electric lights. The rent asked is at the same rate as charged other tenants in the building, and is, in my opinion, reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the two offices, Nos. 28 and 29, in the Realty Building, at the southwest corner of One Hundred and Forty-ninth street and Bergen avenue, Borough of The Bronx, for a period of five years from April 1, 1907, at the annual rental as follows: One thousand and twenty dollars (\$1,020) a year for the first and second years, one thousand one hundred and twenty dollars (\$1,120) a year for the third and fourth years, and one thousand two hundred dollars (\$1,200) a year for the fifth year, payable quarterly; the lessor to provide light, heat and janitor service for every day of the week from 8 a. m. to 6 p. m., and to furnish the Croton water; to paint the walls of the offices in the color to be selected by the Department of Street Cleaning and to give permission to put a door in the corridor in front of these offices, making a special entrance, and also to put a partition in either one or both of the offices, and to put and keep the premises in good tenable condition and repair during the term of the lease. Lessor, the Fleischmann Realty and Construction Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from the Fleischmann Realty and Construction Company, of the two offices, Nos. 28 and 29, in the Realty Building, at the southwest corner of One Hundred and Forty-ninth street and Bergen avenue, Borough of The Bronx, for a period of five years from April 1, 1907, at a rental as follows: Ten hundred and twenty dollars (\$1,020) a year for the first and second years, eleven hundred and twenty dollars (\$1,120) a year for the third and fourth years, and twelve hundred dollars (\$1,200) a year for the fifth year, payable quarterly; the lessor to provide light, heat and janitor service for every day of the week from 8 a. m. until 6 p. m., and to furnish Croton water, to paint the walls of the offices in the color to be selected by the Commissioner of Street Cleaning, to put a door in the corridor in front of these offices, making a special entrance, and also to put a partition in either one or both the offices, and to put and keep the premises in good tenable condition and repair during the term of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The calendar numbers having been disposed of, the Chair recognized the Comptroller:

The Comptroller brought up the matter of the application of Bertha M. Schmitt, Clerk in the office of the Commissioners of the Sinking Fund, for an increase in salary, and offered the following resolutions:

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to recommend to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary for the position of Clerk in the office of the Commissioners of the Sinking Fund be fixed at seventeen hundred dollars (\$1,700) per annum.

Resolved, That when the salary for the position of Clerk in the office of the Commissioners of the Sinking Fund has been fixed by the Board of Aldermen at seventeen hundred dollars (\$1,700) per annum, the Secretary is hereby authorized and directed, subject to the approval of the Civil Service Commission, to fix the salary of Miss Bertha M. Schmitt as Clerk in the office of the Commissioners of the Sinking Fund at seventeen hundred dollars (\$1,700) per annum.

Which resolutions were severally unanimously adopted.

The Comptroller called the attention of the Board to an opinion rendered by the Corporation Counsel to the Board of Education, relative to the leasing of property, acquired for educational purposes, of which the following is a copy:

March 13, 1907.

Hon. EGERTON L. WINTHROP, President of the Board of Education:

SIR—I am in receipt of your communication dated November 28, 1906, wherein you inquire as to whether or not the Board of Education has power to execute leases for property acquired for educational purposes independently of the action of the Commissioners of the Sinking Fund.

I am of the opinion that section 1066 of the Greater New York Charter confers ample powers upon the Board for this purpose. That section distinctly states that the "Board shall have power to lease property required for the purpose of furnishing school accommodations, and to prepare and execute leases therefor."

I am aware that former Corporation Counsel Rives held that it was a debatable question whether or not the Board of Education had the authority to execute a lease for the purpose mentioned, and in support of his contention cited section 96 of the Charter, wherein the Board of Education was classified among the administrative departments of The City of New York. He claimed that, reading this section in conjunction with section 217, which provides that all applications to lease real estate for the purposes of "The City of New York" should be considered by the Commissioners of the Sinking Fund. He concluded, therefore, that it was not entirely clear that section 1066 gave the power about which you inquire.

Since this opinion was rendered the case of Gunnison vs. the Board of Education, 176 N. Y. 11, was decided, and holds that while the Board of Education is a department of The City of New York, yet for the purpose of managing and directing its own internal affairs it is an entity separate and distinct from The City of New York.

It can be thus readily seen that this case resolves the difficulty which perplexed Mr. Rives, and it can, therefore, be said that the Board of Education may execute leases for educational purposes without the sanction or approbation of the Commissioners of the Sinking Fund.

I am also aware that former Corporation Counsel Whalen maintained in June, 1898, that leases made by your department had to be approved by the above-mentioned Commissioners. His opinion is easily understood when one bears in mind that it was rendered prior to the enactment of that portion of section 1066 to which I have adverted above, giving the Board of Education power to prepare and execute leases.

Respectfully yours,

(Signed) G. L. STERLING, Acting Corporation Counsel.

Discussion of the matter followed, and the Comptroller offered the following resolution:

Whereas, The attention of the Commissioners of the Sinking Fund has been called to the fact that the Corporation Counsel has rendered an opinion to the Board of Education under date of March 13, 1907, advising that he is of the opinion that section 1066 of the Greater New York Charter confers ample powers upon the said Board to execute leases for property acquired for educational purposes independently of the action of the Commissioners of the Sinking Fund.

Resolved, That the Board of Education be and is hereby requested to continue, notwithstanding the said opinion of the Corporation Counsel, to send their applications for leases to this Board as heretofore.

Which resolution was unanimously adopted.

The Committee to whom was referred the matter of the proposed lease by the Commissioner of Docks to the United States Transportation Company, of the pier at the foot of West Forty-fourth street, North river, reported in favor of the lease as recommended by the Dock Commissioner, and the Comptroller presented the following:

November 12, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission:

SIR—I beg to advise that after due consideration I am of the opinion that the interests of the City would be best served by leasing to the United States Transportation Company the pier at the foot of West Forty-fourth street, North river, together with the bulkhead commencing from a point 120 feet north of the pier, between Forty-second and Forty-third streets, North river, and extending to the northerly side of the pier at the foot of West Forty-fourth street, a distance of about 220 feet; this Department to erect, at its cost and expense, a shed on the said pier and upon said bulkhead, extending inshore 50 feet from the bulkhead line, said sheds to be modelled after the sheds upon Pier (new) 36, North river, and the adjoining bulkhead now occupied by the Clyde Steamship Company.

The lease to be for a term of ten years, commencing from the date that said pier and bulkhead, together with the sheds thereon, shall be completed and ready for occupation; the rental for said pier and bulkhead shall be at the rate of \$25,000 per annum, plus 5 per cent. of the cost of construction of the sheds thereon.

The lessee shall have the privilege of a renewal for a further term of ten years at an advance of 10 per cent. on the rental for the first term.

The remaining terms and conditions of the lease shall be similar to those contained in the printed form of lease now used by this Department.

I would therefore recommend that the Commissioners of the Sinking Fund approve of and consent to the granting of a lease to the United States Transportation Company of the premises, and upon the terms mentioned above.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

November 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Bense, Commissioner, Department of Docks and Ferries, in communication under date of November 12, 1906, to the Commissioners of the Sinking Fund, states that the interests of the City would be best served by leasing to the United States Transportation Company the pier at the foot of West Forty-fourth street, North river, together with the bulkhead commencing from a point 120 feet north of the pier between Forty-second and Forty-third streets, North river, and extending to the northerly side of the pier at the foot of West Forty-fourth street, a distance of about 220 feet, the Dock Department to erect at its cost and expense a shed on the said pier and upon said bulkhead, extending inshore 50 feet from the bulkhead line; said sheds to be modelled after the sheds upon Pier (new) 36, North river, and the adjoining bulkhead now occupied by the Clyde Steamship Company.

The lease to be for a term of ten years, commencing from the date that said pier and bulkhead, together with the sheds thereon, shall be completed and ready for occupation; the rental for said pier and bulkhead shall be at the rate of \$25,000 per annum, plus five (5) per cent. of the cost of construction of the sheds thereon.

The lessee to have the privilege of a renewal for a further term of ten years at an advance of ten (10) per cent. on the rental for the first term.

The remaining terms and conditions of the lease to be similar to those contained in the printed form of lease now used by the Department of Docks and Ferries.

I would report that the rental of the proposed lease equals approximately five (5) per cent. of the value of the land and improvements thereon which are included in the lease.

I consider the terms of the proposed lease reasonable, and would therefore recommend that the Commissioners of the Sinking Fund may properly approve of and consent to the granting of the lease to the United States Transportation Company of the premises upon the terms mentioned above.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the United

States Transportation Company of the pier at the foot of West Forty-fourth street, North river, together with the bulkhead commencing from a point 120 feet north of the pier between Forty-second and Forty-third streets, North river, and extending to the northerly side of the pier at the foot of West Forty-fourth street, a distance of about 220 feet; the Department of Docks and Ferries to erect at its own cost and expense a shed on the said pier and upon said bulkhead, extending inshore 50 feet from the bulkhead line, such sheds to be modelled after the sheds upon Pier (new) 36, North river, and the adjoining bulkhead, now occupied by the Clyde Steamship Company; the lease to be for a term of ten years, commencing from the date that said pier and bulkhead, together with the sheds thereon, shall be completed and ready for occupation; the rental for said pier and bulkhead to be at the rate of twenty-five thousand dollars (\$25,000) per annum, plus 5 per cent. of the cost of construction of the sheds; the lessee to have the privilege of a renewal for a further term of ten years, at an advance of 10 per cent. on the rental for the first term. The remaining terms and conditions of the lease to be similar to those contained in the printed form of leases now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated November 12, 1906.

The report was accepted and the resolution unanimously adopted.

The Committee to whom was referred the following recommendation of the Commissioner of Docks for a lease to Cyprien Fabre & Co. of a pier to be built between Thirty-first and Thirty-second streets, South Brooklyn, reported in favor of the same:

March 20, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I beg to advise that after due consideration I am of the opinion that the interests of the City would be best served by leasing to Cyprien Fabre & Company the pier to be hereafter built and to be situated between Thirty-first and Thirty-second streets, South Brooklyn, to be 150 feet in width and having a length (approximately 1,000 feet) as shown upon the plan for the improvement of the waterfront at that point, adopted by this Department May 31, 1906, and approved by the Commissioners of the Sinking Fund June 20, 1906. The lease to be for a term of ten years, to begin upon receipt by the lessees of certificate from the Commissioner of Docks that the pier is completed and ready for occupation, at a rental of \$25,000 per annum, and the lease to contain the privilege of one renewal term of ten years at an advance in rental of 10 per cent. over that charged for the first term. The lease will cover the pier only and will not include any rights to the adjoining bulkheads. The City is to erect on the pier a shed approximately in accordance with the plans for such sheds as developed in this Department, no office arrangements to be built by the City within the shed, but water connections to the pier to be provided by the City. The lease to provide that the City will deliver the pier to the lessees with a depth of water of 30 feet in the adjacent slips and all subsequent dredging to be done by the lessees.

The remaining terms and conditions of the lease will be similar to those contained in leases of wharf property now in use by this Department.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

The Comptroller offered the following:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to Cyprien Fabre & Company of the pier to be hereafter built and to be situated between Thirty-first and Thirty-second streets, South Brooklyn, to be 150 feet in width and having a length (approximately 1,000 feet) as shown upon the plan for the improvement of the waterfront at that point, adopted by the Department of Docks and Ferries May 31, 1906, and approved by the Commissioners of the Sinking Fund June 20, 1906. BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

NOTICE IS HEREBY GIVEN OF A PUBLIC hearing on the form of contract for the construction of that portion of the proposed Brooklyn-Manhattan loop lines lying in Centre street, between Canal and Broome streets, in the Borough of Manhattan, to be held on

THURSDAY, APRIL 11, 1907,

at 3 p. m., in the office of the Board, Room 401, No. 320 Broadway, New York.

Copies of draft of the said contract may be obtained at the office of the Board for ten cents each.

A. E. ORR,
President.

BION L. BURROWS,
Secretary.

Dated New York, March 26, 1907.

INVITATION TO CONTRACTORS.

(CENTRE STREET, FROM PEARL TO CANAL.)

THE CITY OF NEW YORK (HEREIN after called the City) acting by its Board of Rapid Transit Commissioners (hereinafter called the Board) contemplates building a certain Rapid Transit Railroad, known as Route No. 9, in Centre street (Manhattan) and other streets in the Boroughs of Manhattan and Brooklyn, including ultimately Delancey street, Grand street, Desbrosses street, Canal street and William street in Manhattan, and Fulton street, Lafayette avenue and Broadway in Brooklyn.

By this advertisement, the City invites proposals to construct that part of said Railroad which is situated in Centre street between Pearl street and Canal street, and in Walker street and Canal street between Centre street and Chrystie street, in accordance with the detailed plans and specifications adopted therefor.

The general plan of construction calls for a subsurface railroad. There will be four tracks in Centre street and two tracks in Walker street and Canal street, and provisions for spurs turning west into Canal street.

A station between Leonard and White streets will be constructed, and suitable cross-overs, turn-outs and sidings are also to be provided, all as shown in the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the stations are intended to be placed within private property, rights in which will be acquired for the purpose.

The manner of construction shall be, in Centre street, by excavation under cover, and in Walker street and Canal street also by excavation under cover unless otherwise directed by the Board.

In the detailed plans for construction, provisions for pipe galleries through Centre street from Pearl street to Canal street are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Board reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The price stated for railroad construction is to include the furnishing of all materials and the performance of all labor requisite to the complete construction of that part of the proposed railroad which is to be built under this contract, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty-one months from the date of delivery of the contract.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 11, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals must be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder, or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

The award of the contract or contracts (if awarded) will be made by the Board within ten days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of three hundred thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, 10 per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Each bidder must state in his proposal the names and places of business of the proposed sureties on the bond and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule

of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board will give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders.

Every proposal must, when submitted, be inclosed in a sealed envelope indorse "Proposal for Constructing Rapid Transit Railroad—(Centre street, from Pearl to Canal)" and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited upon a national or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for the sum of twenty-five thousand dollars.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and to make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be inclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
