### APPROVED PAPERS.

FOR THE WEEK ENDING JULY 23, 1904.

No. 408.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eighteen hundred dollars, to provide means for the acquisition of a small gore of land at the southeasterly corner of William street and the present property of the New York and Brooklyn Bridge, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 27, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eighteen hundred dollars (\$1,800), to provide means for the acquisition of a small gore of land at the southeasterly corner of William street and the present property of the New York and Brooklyn Bridge, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eighteen hundred dollars (\$1,800), the proceeds whereof to be applied to the purposes aforesaid."

Received by the President of the Board of Aldermen, May 31, 1904; received in the Board of Aldermen, June 7, 1904, and referred to the Committee on Finance; June 28, 1904, by said committee reported to the Board and laid over under the rule.

July 13, 1904, the Board of Aldermen having failed to pass upon the proposition within six weeks after the same was received, either by an affirmative vote or by a failure of a majority of all the members of the Board of Aldermen to vote against the same, therefore, in accordance with the provisions of section 48 of the amended Greater New York Charter, the proposition is deemed to be passed.

Dated July 13, 1904.

Approved by the Mayor, July 18, 1904.

No. 409.

Whereas, In and by an ordinance duly passed by the Board of Aldermen at its meeting on March 15, 1904, and duly approved thereafter by his Honor the Mayor, it was in part provided in section 1 thereof, as follows:

"There shall be a Mayor's Bureau of Weights and Measures in The City of New York, in charge of an Inspector of Weights and Measures, to be appointed by the Mayor and removable by him at his pleasure, who shall be paid a salary of twenty-five hundred dollars per annum"; and

Whereas, There now exists no appropriation from which said salary can be paid and the incidental expenses of said office can be defrayed; now therefore be it

Resolved, pursuant to subdivision 8 of section 188 of the Charter, That the Board of Estimate and Apportionment be and they hereby are requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand dollars, to provide the means necessary to make said payments for the year 1904, from and including the first day of April, 1904.

Adopted by the Board of Aldermen, June 28, 1904.

Approved by the Mayor, July 20, 1904.

No. 410.

Whereas, The City now holds under lease offices in the Borough of The Bronx intended for use by the Tenement House Department; and

Whereas, Such offices are fully furnished and equipped for the purpose for which they were leased, but owing to the insufficiency of the amount heretofore appropriated for salaries for the Tenement House Department that Department is unable to maintain in such offices a force of Clerks and other employees for the transaction of the public business, with the result that such offices are not now open to the public; and

Whereas, The public convenience would be served by the opening to the public of such offices and the establishment there of a sufficient force to transact the business of the public with the Tenement House Department in the Borough of The Bronx; and

Whereas, Application has been made by various organizations in the Borough of The Bronx for the opening and establishment of such offices and application has been made by the Commissioner of the Tenement House Department for an increase in the amount appropriated for salaries to that Department in order that such offices may be opened; now be it hereby

Resolved, That the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue, pursuant to subdivision 8 of section 188 of the Charter of The City of New York, Special Revenue Bonds to provide the means necessary to make payments for the salaries of persons to be employed in such offices of the Tenement House Department, in the Borough of The Bronx, to an amount not exceeding twenty thousand dollars.

Adopted by the Board of Aldermen, June 28, 1904.

Approved by the Mayor, July 20, 1904.

No. 411.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty thousand dollars (\$50,000), the proceeds whereof, or as much thereof as may be necessary, to be expended in the succor of the survivors and stricken families by the disaster to the steamer "General Slocum" on Wednesday, June 15, 1904; all expenditures on account of the fund to be hereby created to be under and by direction of the Mayor.

Adopted by the Board of Aldermen, June 28, 1904.

Approved by the Mayor, July 20, 1904.

No. 412.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000), the proceeds whereof shall be used for the purpose of erecting suitable signs designating the names of streets in the Borough of Richmond.

Adopted by the Board of Aldermen, June 28, 1904.

Approved by the Mayor, July 20, 1904.

No. 413.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eighty-five hundred dollars (\$8,500) for the purpose of providing means for the construction of a new fire-boat for the use of the Fire Department.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment June 3, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock to an amount not exceeding eight thousand five hundred dollars (\$8,500) for the purpose of providing means for the construction of a new fire-boat for the use of the Fire Department of The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight thousand five hundred dollars (\$8,500), the proceeds whereof to be applied to the purpose aforesaid."

Received in the Board of Aldermen June 7, 1904, and referred to the Committee on Finance; June 28, 1904, by said committee reported to the Board and laid over under the rule.

July 20, 1904, the Board of Aldermen having failed to pass upon the proposition within six weeks after the same was received, either by an affirmative vote or by a failure of a majority of all the members of the Board of Aldermen to vote against the same, therefore, in accordance with the provisions of section 48 of the amended Greater New York Charter, the proposition is deemed to be passed.

Dated July 20, 1904.

Approved by the Mayor, July 21, 1904.

## FINANCE DEPARTMENT.

## NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

## TWELFTH WARD, SECTION 7.

ONE HUNDRED AND TWENTIETH STREET—REGULATING, GRADING, CURBING AND FLAGGING, from Morningside Park, West, to Amsterdam avenue. Area of assessment:

Both sides of One Hundred and Twentieth street, from Morningside Park, West, to Amsterdam avenue, and to the extent of half the block at the intersecting and terminating streets.

—that the same were confirmed by the Board of Revision of Assessments on July 21, 1904, and entered on July 21, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments, and of Water Rents, unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before September 19, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

EDWARD M. GROUT,  
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, July 21, 1904.

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF MANHATTAN:

## SIXTH WARD, SECTION 1.

All as shown on a map entitled "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 3," adopted by the Board of Directors of said company on the 5th day of May, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and H. C. Winchester, Secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment.

Third—General: And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railway to cross in order to make connections with any other railway within one thousand (1,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections, and provided further that such connections shall be limited to two in number.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The

pany, its successor or assigns, shall have previously procured a new grant for the same from The City of New York.

Fourth—The New York, Westchester and Boston Railway Company, its successor or assigns, shall pay for this privilege to The City of New York the following sums of money: During the first ten years, commencing upon the day when this ordinance shall be approved by the Mayor, an annual sum of eight thousand (\$8,000) dollars, and during the succeeding fifteen years an annual sum of sixteen thousand (\$16,000) dollars. From the date of the commencement of the operation of any portion of the railway until the end of the first ten years of this grant, an additional sum of forty (40) cents per linear foot per annum for each line of single track railway within the lines of all streets in use, legally opened streets, or streets for which proceedings to open have been initiated, and for the succeeding fifteen years an additional sum of eighty (80) cents per linear foot per annum, in lieu of said sum of forty (40) cents. Such payments shall likewise apply to all streets hereafter opened during the term of this grant, unless the land required for the opening of such street across the right of way of the railway company shall have been ceded free of cost to The City of New York. All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the 1st day of January, April, July and October in each year. The terms hereafter to be fixed for any renewal term of this grant shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last year of the original grant, and no renewal of such grant shall provide for a further renewal.

Fifth—The said annual charge or payment shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payment, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Sixth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sub-let in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York, Westchester and Boston Railway Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Seventh—No street shall be crossed by the railway at grade, and all streets now open or in use, or streets hereafter opened crossing the line of said railway shall be carried over or under said railway by the grantee, at the sole cost and expense of the grantee. The costs of all approaches to said crossings and any damages to property incurred by such change of grade shall likewise be borne and paid by the grantee.

Eighth—All viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed at the expense of the grantee, and in such manner as shall not interfere with the ordinary use of the street as a public highway. All viaducts over streets shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street. In the case of tunnel construction under a street, there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

Ninth—Any superstructure of the railway crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span; if more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved. The width of such superstructure of the railway shall not exceed sixty (60) feet when measured over all.

Tenth—The plans for all structures over or under any street must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of either steel, concrete or masonry, or a combination of these materials.

Eleventh—The railway shall be constructed in the most modern and approved manner of railway construction. The roadbed shall be ballasted throughout its entire length within the limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast.

Twelfth—The roadbed within the limits of The City of New York shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. For any failure to comply herewith, the railway company shall be liable for a penalty of fifty dollars (\$50) per day.

Thirteenth—The entire right of way of the company within the City limits shall be fenced throughout.

Fourteenth—All abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company. There shall be constructed along the line of the route of the main line of the railway as proposed, for the accommodation of local passenger traffic, at least six (6) stations between the Harlem river and the Bronx river, and at least four (4) stations between the Bronx river and the northern line of The City of New York as now fixed; provided, however, that if the railway is constructed only as far south as the intersection of the Southern Boulevard and Westchester avenue, then there shall be at least three (3) stations west of the Bronx river. On the branch line there shall be constructed at least three (3) stations east of Westchester avenue.

Fifteenth—The said railway may be operated by electrical power, except the overhead trolley system, or by any other mechanical motive power

which may be lawfully employed upon the same, except locomotive steam power; provided, however, that steam locomotive power may be used for switching and shunting trains when specifically authorized by the Board of Estimate and Apportionment; such permission to continue only during the pleasure of the said Board.

Sixteenth—No wires for the transmission of power shall be permitted except they be placed in conduits, and in any conduits laid by the company for the transmission of power for its own use, provision shall be made to carry three (3) cables for the use of the police, fire and ambulance service of the City without charge therefor.

Seventeenth—The railway company shall not carry power along its structure for any purpose except the operation of its railway, except as provided above.

Eighteenth—The railway company shall operate a train schedule on the main line of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time either day or night shall there be greater headway between such trains than thirty (30) minutes; provided, however, that said railway company during the first five years after the commencement of the operation of any portion of the railway shall be required to operate its trains within the City limits between the hours of 1 o'clock and 4 o'clock A. M., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

Nineteenth—All cars on said railway shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty (50) dollars per car per day for each offense.

Twentieth—All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment.

Twenty-first—During the first twenty-five (25) years of this grant the rate of fare upon said railway within the limits of The City of New York as now fixed shall not exceed five (5) cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith and controlled by it, to any point thereof or of any such connecting line or branch thereof, within the limits of The City of New York, as such limits now exist, during such term.

At the expiration of twenty-five years the Board of Estimate and Apportionment shall be entitled, after due hearing and determination of the reasonableness thereof, to require for the term of the renewal of said grant that the fare for each passenger within the City limits, as they may then be constituted, shall not exceed five (5) cents.

The rates for the carrying of property upon the routes of the grantee within the limits of The City of New York shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such service than provided for by it.

Twenty-second—The said railway company shall carry free within the limits of The City of New York during the existence of this grant or its renewal, all letter carriers of the United States Government, and members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

Twenty-third—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of the City.

Sec. 3. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided, that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said railway company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of forfeiture shall accrue.

Sec. 4. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Sec. 5. Said railway company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railway upon the main line, from the northern line of the City as far south as the intersection of the Southern Boulevard and Westchester avenue, within five years from such date, otherwise this grant shall cease and determine.

Said railway company shall expend the sum of at least one million dollars (\$1,000,000) for construction within the limits of The City of New York within two years from the date of the signing of this ordinance, which sum shall be exclusive of any moneys expended for right of way.

A statement of the moneys so expended for construction shall be submitted to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board the grantee has not proven an expenditure of the said sum within the time given, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within seven years from the date of the signing of this ordinance shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railway shall cease and determine.

And in the event that the said railway company shall not, within the said seven years, construct its main line south of the intersection of the Southern Boulevard and Westchester avenue and to the Harlem river, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the

provisions of this section, the grantee shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed, shall be allowed a hearing. In case any or all of the rights hereby granted are forfeited, it is a condition of this grant that all sums theretofore paid to The City of New York, together with the deposit of \$20,000 as provided for in section 14 of this ordinance, and all structures erected by said grantee, its successor or assigns, within the lines of any street, shall be forfeited to and become the property of The City of New York.

The Board of Estimate and Apportionment shall have power to extend the time provided for in this section for the completion of the railway and for the work to be performed and expenditure to be made, as above, for a period or periods not exceeding in the aggregate two years, but such extension shall not be made unless the reasons given by the grantee for non-fulfillment are, in the opinion of the Board of Estimate and Apportionment, for causes over which the grantee had no control and was in no wise responsible.

Sec. 6. The grantee shall assume all liability by reason of the construction and operation of the railway and the City shall assume no liability whatsoever to either persons or property by reason of its construction or operation.

As a condition of this grant, the grantee, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the railway company, its successor or assigns.

Sec. 7. Any portion of the right of way of the said railway company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

Sec. 8. In case the City shall acquire the land necessary for a street across the grantee's right of way and such land for the street is not ceded by the said grantee, then the railway company shall pay the same rates for the privilege of crossing said street as are provided for in paragraph fourth of section 2 of this ordinance.

Sec. 9. In case any of the streets as now shown on the map of The City of New York and crossed by the said railway above grade are altered or widened after the grantee has completed its railway, and such widening requires the alteration of the superstructure of the railway, the grantee and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

Sec. 10. In case the route as laid out shall make it necessary in the opinion of the Board of Estimate and Apportionment to change the map of The City of New York, in order to avoid unnecessary or undesirable crossings or for other reasons purely on account of the location of the railway, and by such change or alteration additional streets bounding the grantee's right of way are determined upon, then the grantee shall acquire such streets at its own expense.

Sec. 11. Any alterations which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the railway company, and in such manner as the proper City officials may prescribe.

Sec. 12. All construction of railway crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the grantee to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund herein provided.

Sec. 13. The company's property and structures shall not be used for advertising purposes in any way, under a penalty of fifty (50) dollars per day for each offense. Such restriction shall not apply to the interior of stations or cars.

Sec. 14. This grant is upon the express condition that the New York, Westchester and Boston Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of twenty thousand dollars (\$20,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from such fund after ten days' notice in writing to the said company. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of twenty thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 15. That if the said New York, Westchester and Boston Railway Company, its successor or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said company, specifying any default on the part of said company and requiring said company to remedy the same within a reasonable time, and upon the failure of said company to remedy its said default within a reasonable time, said company shall, for each day thereafter during which the default or defect remains, pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the company, in which case the said company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

Sec. 16. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York, within ten days after the adoption of this ordinance.

Sec. 17. This ordinance shall take effect immediately.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, NEW YORK, June 30, 1904.

The foregoing proposed ordinance was approved by resolution of the Board of Estimate and Apportionment, adopted June 24, 1904. ## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICE TO CONTRACTORS.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
