The Construction or Executive Committee recommended the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in assigning Charles A. Thomas to temporary duty as Laborer at the Carmel dams, at two dollars per day, be and hereby is approved.

On motion of Commissioner Tucker, the same was adopted.

The Committee also presented the following communication, received from the Chief Engineer:

NEW YORK, August 9, 1892.

To the Honorable the Committee on Construction:

GENTLEMEN—Owing to the interference of the work going on at Bog Brook, about three hundred feet of fence walls which were to be built under the contract with Clinton Stephens could not be built.

As we have no item in the contract with David R. Paige & Co. to cover this work, I would ask you to authorize me to have the work done.

Mr. John McLoughlin, Superintendent for D. R. Paige & Co., offers to do a part of that work at the price formerly paid to Stephens, i. e., seventy cents a running foot, and to do the balance, which requires more work, for one dollar per running foot.

As these prices are very reasonable, and the work if done by another party would interfere

greatly with the present operations, I think it advisable to have the work done under the same superintendence, and I would recommend that it be given to Mr. McLoughlin.

The estimated amount of work is as follows:

150 feet, at 70 cents.....	\$105 00
200 feet, at \$1.....	200 00
	\$305 00

I am, respectfully,

A. FTELEY, Chief Engineer.

—and recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, the contract for doing the work above referred to is hereby awarded to John McLoughlin at his bid of three hundred and five dollars, and an appropriation of said amount is hereby made to cover the cost thereof.

The same was adopted by the following vote:

Affirmative—Commissioners Duane, Tucker, Scott and Cannon—4.

The Committee also recommended the adoption of the following preamble and resolution:
Whereas, Application has been made by John Peirce, assignee of W. H. Baker, contractor, for a further extension of time to January 1, 1893, for the completion of the contract for building the head-house and engine-room superstructure at Shaft No. 25, on Section 12 of the New Aqueduct; and the Chief Engineer having recommended that said extension of time be granted; therefore

Resolved, That the Aqueduct Commissioners hereby grant to John Peirce, assignee of W. H. Baker, contractor, an extension of time to January 1, 1893, in which to complete the contract above referred to, providing his bondsmen shall, within ten days from the date hereof, enter into a stipulation continuing their obligations for and during the completion of said contract under said extension of time, which is hereby allowed to him as further time for the performance of said contract; and further providing that said Peirce will enter into an agreement authorizing the Aqueduct Commissioners to deduct from any moneys that may become due on said contract the amount of direct damages provable by reason of said extension of time.

The same was adopted by the following vote:

Affirmative—Commissioners Duane, Tucker, Scott and Cannon—4.

The Committee also recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, Leveler A. S. Nye is hereby recommended to the Civil Service Commission for examination for promotion to the position of Transitman.

On motion of Commissioner Tucker, the same was adopted.

The Committee also presented the following communication, received from the Chief Engineer:

NEW YORK, August 10, 1892.

To the Honorable the Committee on Construction:

GENTLEMEN—After analyzing with care the results of the gaugings made of the flow in the New Croton Aqueduct, I find some discrepancies which make it desirable to make more accurate observations.

As I consider it important that before finally transferring the whole Aqueduct to the Department of Public Works, we should be able to furnish an accurate schedule of its capacity under various circumstances, I respectfully request that I may be authorized to spend the amount of \$500, for the purpose of establishing a measuring-weir in the Croton Dam Gatehouse, and to make such gaugings as will be found necessary.

I am, respectfully,

A. FTELEY, Chief Engineer.

—and recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, an appropriation of five hundred dollars is hereby made for the purpose of establishing a measuring-weir in the Croton Dam Gatehouse, and to make such gaugings as will be found necessary.

The same was adopted by the following vote:

Affirmative—Commissioners Duane, Tucker, Scott and Cannon—4.

The Committee also presented the following communication, received from the Chief Engineer:

NEW YORK, August 10, 1892.

To the Honorable the Committee on Construction:

GENTLEMEN—On March 30, 1892, you authorized the Chief Engineer to order from John Twinn, contractor, for building two brick engine-houses, all the additional masonry necessary to complete the foundations of the engine-houses at Pocantico and Dunwoodie.

From the knowledge then at hand it was thought that 25 cubic yards only would be necessary. During construction, however, the material of excavation was found unsuitable and had to be removed in view of the stability of the buildings. The total amount of rubble masonry thus built is 50 cubic yards at Pocantico and 99 cubic yards at Dunwoodie; in all 149½ cubic yards, at \$6 per cubic yard: \$897, as per the accompanying bills of John Twinn, which are submitted to you with my approval.

The authority given to the Chief Engineer being to build such rubble masonry to the amount of \$150, your approval is respectfully asked for the excess of masonry ordered, amounting to \$747.

I am, respectfully,

A. FTELEY, Chief Engineer.

—and recommended the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in having all the additional masonry and work done necessary to complete the foundations of the engine-houses at Pocantico and Dunwoodie is hereby approved; and, on his recommendation, an additional appropriation of seven hundred and forty-seven dollars is hereby made to cover the cost of doing the work above referred to; and the bills for doing said work are hereby approved and ordered certified to the Comptroller for payment.

The same was adopted by the following vote:

Affirmative—Commissioners Duane, Tucker, Scott and Cannon—4.

The Committee also presented the following communication, received from the Chief Engineer:

NEW YORK, August 17, 1892.

To the Honorable the Committee on Construction:

GENTLEMEN—At the end of May when I visited the Bog Brook Dams in the company of the President of the Aqueduct Commissioners, I found it necessary to order forthwith some extra labor covering certain sheet-piling, draining and other work not provided for in the contract. Although authorized by you to engage labor for temporary purposes, I verbally submitted the matter to you at your first meeting in June, and stated that under the circumstances it was impossible for me to estimate the amount of labor that would be required. You then approved of my course and authorized me to employ such labor and procure such materials as should be required for the purposes indicated.

The accompanying bills, \$59.78 for material, and \$67.50, \$119.58, \$197.45 for labor, in all to the amount of \$444.31, are consequently submitted for your approval and the payment of the same is recommended.

I am, very respectfully,

A. FTELEY, Chief Engineer.

—and recommended the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, an appropriation of four hundred and forty-four dollars and thirty-one cents is hereby made to defray the expense of extra labor covering certain sheet-piling, draining and other work at the Bog Brook Dams, above referred to, and the bills for doing said work are hereby approved and ordered certified to the Comptroller for payment.

The same was adopted by the following vote:

Affirmative—Commissioners Duane, Tucker, Scott and Cannon—4.

The Committee also presented the following:

The Construction or Executive Committee submit herewith communication of the Comptroller, addressed to the Counsel to the Corporation, concerning claim of John H. Curran, amounting to \$634, for salary claimed to be due him while employed as an Axeman on the New Aqueduct, and opinion of the Counsel to the Corporation, addressed to the Secretary of the Aqueduct Commissioners, advising that the claim is a proper one for compromise; and the Comptroller having adjusted and settled said claim for the sum of \$317, we recommend the adoption of the following resolution:

Resolved, That a voucher be and hereby is ordered drawn in favor of John H. Curran for the sum of \$317, being the amount adjusted and agreed upon by the Comptroller and said Curran for salary due him while employed as an Axeman in the Engineer Corps of the Aqueduct Commissioners, and certified to the Comptroller for payment.

The same was adopted by the following vote:

Affirmative—Commissioners Duane, Tucker, Scott and Cannon—4.

The Comptroller, under date of July 30, 1892, gave notice of the issue of warrants for the payment of vouchers not certified to by the Aqueduct Commissioners, for

Manhattan Island Section, Additional lands	\$1,250 00
Reservoir D	1,450 00
Westchester County Section	663 16
Double Reservoir I, Sodom Dam	3,532 24
Reservoir M	394 30
Cornell Dam	150 00

—leaving a balance to the credit of Additional Water Fund of \$73,587.83.
Also stating that on July 29, 1892, bonds were issued to the amount of \$100,000.
Which was ordered entered upon the books of the Commission and filed.
On motion of Commissioner Tucker, the minutes of meetings of June 29, July 6, 20 and 27, 1892, were ordered approved.

The Commissioners then adjourned.

J. C. LULLEY, Secretary.

The Committee of Finance and Audit presented the following:

The Committee of Finance and Audit report:

That they have examined the bids and checks received August 24, 1892, for building the New Croton Dam, on Croton river, at Cornell Site, in the Town of Cortlandt, Westchester County, New York.

The checks, amounting to \$200,000, were correct, and transmitted to the Comptroller, and his receipt is on file.

The bids were found correct as to their formality, and the sureties proposed appear to be sufficient.

On motion of Commissioner Scott, the same was ordered filed.

The Construction or Executive Committee recommended the adoption of the following resolution:

Resolved, That the contract for furnishing all materials and doing all work necessary for building the New Croton Dam, at Cornell Site, on Croton river, in the Town of Cortlandt, Westchester County, New York, be and the same is hereby awarded to James S. Coleman, at his bid of \$4,150,573; it being the lowest bid received for doing said work, and less than the estimate of the Chief Engineer.

The same was adopted by the following vote:

Affirmative—The Comptroller, the Commissioner of Public Works, and Commissioners Duane, Tucker, Scott and Cannon—6.

Before the vote was announced Commissioner Scott stated that the Comptroller, who had voted for said resolution in the Construction or Executive Committee, asked to be recorded as voting in the affirmative upon the adoption of the resolution by the Commissioners; and upon his motion, seconded by the Commissioner of Public Works, unanimous consent was given to have his vote so recorded.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city. (2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 15th day of November, 1892, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimate a price, per cubic yard, for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,

No. 31 CHAMBERS STREET,
NEW YORK, August 14, 1892.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property who shall also be the owners of a majority of the property in frontage on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the paving, repaving or repairs.

THOS. F. GILROY,
Commissioner of Public Works.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 61, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of THREE THOUSAND (\$3,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.
