The Board met in pursuance of the following call:

OFFICE OF THE MAYORALTY,
EXECUTIVE DEPARTMENT, CITY HALL,
NEW YORK, April 12, 1894.

In pursuance of the authority contained in the 189th section of the New York City Consolidation Act of 1882, and chapter 106 of the Laws of 1893, a meeting is hereby called of the Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation, constituting a Board of Estimate and Apportionment, to be held at the office of the Mayor on Friday, April 13, 1894, at 11 o'clock A. M., for the purpose of transacting such business as may be brought before the Board.

THOS. F. GILROY, Mayor.

INDORSED:

Admission of a copy of the within as served upon us this 12th day of April, 1894.

THOS. F. GILROY,

Mayor;

ASHBEL P. FITCH,

Comptroller;

GEO. B. MCCLELLAN,

President of the Board of Aldermen;

E. P. BARKER,

President of the Department of Taxes and Assessments;

WM. H. CLARK,

Counsel to the Corporation.

Present—Thos. F. Gilroy, the Mayor; Ashbel P. Fitch, the Comptroller; George B. McClellan, the President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments; William H. Clark, the Counsel to the Corporation.

The minutes of the meeting held March 28, 1894, were read and approved.

The following communication was received:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, April 10, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—Since the contracts for this year's repavements, as authorized by your Board under chapter 35 of the Laws of 1892, have been let and awarded to the lowest bidders, it is found that the bids are, in the aggregate, considerably lower than the Department estimate, and that there is consequently an available balance for additional repavements.

I therefore respectfully recommend that your Board authorize the following additional repavements with asphalt on the present stone-block pavements:

Sixteenth street, from Third avenue to Rutherford place, and Rutherford and Livingston places, from Fifteenth street to Seventeenth street—these streets are adjacent to Stuyvesant Park, and the present old stone-block pavement is very much worn and in poor condition; area, 3,720 square yards; estimated cost.....	\$14,800 00
Eighty-first street, from Madison to Fifth avenue—The present pavement is square stone blocks, laid in 1879, and now very much out of repair; area, 1,500 square yards; estimated cost.....	6,000 00
Twelfth street, from Seventh avenue east to the present asphalt pavement—The present pavement is granite blocks and is very rough. It fronts on St. Vincent's Hospital, and is asked for by that institution; area, 350 square yards; estimated cost.....	1,400 00
Sixty-sixth street, from Park to Fifth avenue—The present pavement is old trap-blocks, much sunken and worn; area, 3,000 square yards; estimated cost.....	11,000 00
Total estimated cost.....	\$33,200 00

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Debate was had thereon, whereupon the Mayor offered the following:

Resolved, That, in pursuance of chapter 35 of the Laws of 1892, the Board of Estimate and Apportionment hereby authorizes and determines that the following-named streets be repaved with asphalt, to be laid on the present stone-block pavement, with crosswalks of North river blue-stone, or granite, at the intersecting and abutting streets, where deemed necessary, except where the intersecting and abutting streets are also paved with asphalt:

	SQUARE YARDS.	ESTIMATED COST.
Sixteenth street, from Third avenue to Rutherford place, and Rutherford and Livingston places, from Fifteenth to Seventeenth street.....	3,720	\$14,800 00
Twelfth street, from Seventh avenue east to the present asphalt pavement.....	350	1,400 00
Sixty-sixth street, from Park avenue to Fifth avenue.....	3,000	11,000 00
Total.....		\$27,200 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller moved that the recommendation to repave Eighty-first street, from Madison to Fifth avenue, be laid over. Adopted.

A communication was received from R. Ogden Doremus, M. D., dated April 11, 1894, requesting an appropriation for the New York Pasteur Institute. Referred to the Comptroller.

The following communication was received:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
NEW CRIMINAL COURT BUILDING, CENTRE, WHITE, ELM AND FRANKLIN STREETS,
NEW YORK, April 10, 1894.

Hon. THOMAS F. GILROY, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—On Friday, the 6th inst., I was served with an injunction restraining me from using the dump at Pier 12, East river, and the work of this Department at that place is necessarily stopped.

This involves an increased cost in doing the work, as all material heretofore dumped at Pier 12 has now to be carted to the Rutgers street or Canal street dumps. It also involves a loss to the City in the amount received for trimming scows, the contractor claiming a rebate on account of the closing of this dump.

In December last an agreement was made by the City involving the payment of \$1,200 per quarter, in advance, to the owners of the easterly half of the pier, as a condition to their consent to the use of the dumping board.

The amount so agreed to be paid has not been paid, and it is for that reason that the injunction was served. It will be recollected that when the appropriation for this Department for the current year was made, I asked the Board of Estimate and Apportionment to include in the appropriation the amount necessary to pay for the use of this dump for this year, and that my request was refused upon the ground that such payment would be otherwise provided for, and for that reason I have no authority to make such payment out of the moneys appropriated for the purposes of my Department.

The Counsel to the Corporation has informed me that the matter must be brought before the Board of Estimate and Apportionment for such determination as it may make. The purpose of this communication is, therefore, to request that it may be considered at the earliest possible moment, in order to relieve my Department of a serious difficulty and increased cost in doing its work.

Very respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

Debate was had thereon, whereupon the Comptroller offered the following:

Resolved, That the Comptroller be authorized to pay the rent of the easterly half of Pier 12, East river, out of the appropriation made to the Department of Street Cleaning for the year 1894, upon the requisition of the Commissioner of Street Cleaning.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

W. S. Andrews, Commissioner of Street Cleaning, appeared and made a statement in explanation thereof.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 13, 1894.

To the Board of Estimate and Apportionment:

Herewith I present for approval a bill of Bloomingdale Brothers, amounting to \$651.20, for folding cribs, bedding, etc., furnished to the Health Department, in pursuance of chapter 535 of the Laws of 1893, and as per resolution of this Board dated July 18, 1893.

This bill having been duly certified by the Commissioners of Health, I offer for adoption the following resolution.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That, in pursuance of the provisions of chapter 535 of the Laws of 1893, the bill of Bloomingdale Brothers, dated December 23, 1893, for six hundred and fifty-one dollars and twenty cents (\$651.20), on account of supplies furnished the New Hospital (cement shed) adjoining the Willard Parker Hospital on Sixteenth street, be and the same is hereby approved; and the Comptroller is authorized to pay the said amount so certified and approved to the persons entitled thereto, and to issue Revenue Bonds of the Mayor, Aldermen and Commonalty of the City of New York to the amount of six hundred and fifty-one dollars and twenty cents for the payment thereof, on account of the appropriation made by the Board of Estimate and Apportionment July 18, 1893, bearing interest at a rate not exceeding three per cent. per annum, and the amount required for the redemption of the said bonds to be included in the Final Estimate for the year 1895.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 13, 1894.

To the Board of Estimate and Apportionment:

Herewith I present for approval a voucher of the Health Department, calling for the payment of seventeen hundred and seventy-two dollars and seventy-eight cents (\$1,772.78), being the balance due on the contract of Blake & Williams, for furnishing labor and materials for the heating of the isolated corrugated iron building formerly used for storing cement, near the foot of East Sixteenth street, New York City, as authorized by chapter 535 of the Laws of 1893.

The Assistant Engineer of the Finance Department reports to me that this work has been satisfactorily completed, and that the contractors are entitled to payment. The bill being properly certified to by the Commissioners of the Health Department, I accordingly offer for adoption the following resolution.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893, the bill of Blake & Williams, for seventeen hundred and seventy-two dollars and seventy-eight cents (\$1,772.78), being balance in full of contract for heating the corrugated iron building at the foot of East Sixteenth street, be and the same is hereby approved, and the Comptroller is authorized to pay the said amount so certified and approved to the persons entitled thereto, and to issue Revenue Bonds of the Mayor, Aldermen and Commonalty of the City of New York, of the amount of seventeen hundred and seventy-two dollars and seventy-eight cents (\$1,772.78) for the payment thereof, on account of the appropriation made June 1, 1893, bearing interest at a rate not exceeding three per cent. per annum, and the amount required for the redemption of said bonds to be included in the Final Estimate for 1895.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 13, 1894.

To the Board of Estimate and Apportionment:

I submit herewith, for the approval of this Board, an estimate of Lewis H. Newton for towing and unloading deck scows to and at Riker's Island, offered in pursuance of the advertisement published by the Commissioner of Street Cleaning, calling for such bids.

Section 709 of the Consolidation Act provides that the Commissioner of Street Cleaning "shall have power to enter into contracts with responsible persons and parties for the final disposition for periods, not exceeding five years, of all or any part of the said street sweepings, ashes or garbage, when collected; provided, always, that such contract shall be approved, both as to terms and conditions, by the Board of Estimate and Apportionment."

A form of this contract and specifications was submitted to this Board on February 9, 1894, and on that date approved. It now remains to approve the terms and conditions thereof, as to the price to be charged. Three bids were received by the Commissioner of Street Cleaning, in pursuance of his advertisement, of which the bid of Mr. Newton (nine cents per cubic yard) was the lowest.

There appearing to be no reason why this proposal should not be accepted, I offer for adoption the following resolution:

Respectfully,
ASHBEL P. FITCH, Comptroller.

Resolved, That the proposal of Lewis H. Newton, for towing and unloading deck scows at Riker's Island, from the several dumps of the Department of Street Cleaning, dated April 6, 1894, be and the same is hereby approved and accepted, and that the Commissioner of Street Cleaning be and he hereby is authorized to enter into a contract with said Lewis H. Newton, for such work, under the terms of the contract approved by this Board February 9, 1894, and as provided by section 709 of the New York City Consolidation Act of 1882.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 13, 1894.

To the Board of Estimate and Apportionment:

At a meeting of this Board held March 28, 1894, there was referred to the Comptroller a communication of the Commissioner of Public Works, requesting the approval of the Board of Estimate and Apportionment to the contract entered into by the Department of Public Works to pay to J. K. Ganong the sum of \$600, in compensation for a barn which was removed from his property in the Town of Yorktown, in the Croton watershed, as a nuisance and injury to the city's water supply, and furthermore requesting similar action on the contract of the said Department to pay to William H. Wright the sum of \$100, for the removal of a barley pit at Ferris' Switch, on the New York and Mahopac Railroad, which was removed for the same cause.

I have caused these matters to be examined by the Engineer of the Finance Department, who reports that the prices agreed upon by the Department of Public Works are fair and reasonable. I accordingly offer for adoption the following resolution.

Respectfully,
ASHBEL P. FITCH, Comptroller.

Resolved, That, pursuant to the provisions of section 25 of chapter 189 of the Laws of 1893, the contracts of the Department of Public Works to pay to J. K. Ganong the sum of six hundred dollars (\$600) in compensation for a barn removed from his property in the Town of Yorktown, in the Croton watershed, as a nuisance and injury to the City's water supply, and to pay to William H. Wright the sum of one hundred dollars (\$100) for the removal of a barley pit at Ferris' Switch, on the New York and Mahopac Railroad, which was removed for the same cause, be and the same are hereby approved, and that the Comptroller be and he hereby is authorized to pay the said amounts to the persons entitled thereto, upon proper vouchers from the Department of Public Works.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 13, 1894.

To the Board of Estimate and Apportionment:

At a meeting of this Board held December 26, 1893, a resolution was adopted authorizing the issue of bonds to the amount of \$1,370,421, to provide for the payment of the awards for the lands in the Seventh Ward, acquired for the purposes of a public park, at or near Corlears Hook, in pursuance of the provisions of chapter 529 of the Laws of 1884.

Owing to the peculiar provisions of this act, which directed that the bonds issued under its authority should be redeemed by designating by lot one-tenth of the total amount thereof in each year, and owing to the fact that interest thereon was limited to the rate of three per cent., it was found impossible to dispose of these bonds, and much hardship has undoubtedly been suffered by property-owners who have been unable to secure payment for their property thus acquired by the City. But for this unfortunate state of affairs neither the City authorities nor your subscriber could properly be held accountable—a fact which has been recognized by the opinions of two of the Justices of the Supreme Court, before whom attempts were made to punish the Comptroller for contempt of court in not obeying a mandamus directing the payment of the award made to the relator in that proceeding.

At the earliest possible opportunity, however, I forwarded a draft of the bill to the State Legislature, the effect of which was to permit the Comptroller to issue bonds for the expenses mentioned in chapter 529 of the Laws of 1884 under such terms and conditions as to make the same readily salable. This bill was promptly passed by the Legislature and signed by the Governor, and a certified copy thereof is herewith submitted.

I offer the following resolution, approving an issue of bonds under the authority of this act, and to the amount above mentioned, for the payment of these awards.

Respectfully,
ASHBEL P. FITCH, Comptroller.

CHAPTER 251.

AN ACT to amend chapter five hundred and twenty-nine of the laws of eighteen hundred and eighty-four, entitled "An act to make provision for a public park in the seventh ward in the city of New York, including therein all necessary alterations of the map or plan of said city, the acquisition of land for said park and the payment of all expenses connected therewith, from moneys to be raised by bonds, taxes and assessments for local improvements," passed June fourteenth, eighteen hundred and eighty-four.

Became a law April 4, 1894, with the approval of the Governor. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows: Section 1. Section four of chapter five hundred and twenty-nine of the laws of eighteen hundred and eighty-four, entitled "An act to make provision for a public park in the seventh ward of the city of New York, including therein all necessary alterations of the map or plan of said city, the acquisition of land for such park and the payment of all expenses connected therewith from moneys to be raised by bonds, taxes and assessments for local improvements," is hereby amended so as to read as follows:

§ 4. For the payment of the expenses of acquiring the said lands, the comptroller of the city of New York is hereby authorized and directed to prepare and issue bonds of the said city, which shall bear interest at a rate not exceeding four per centum per annum, and shall be redeemable in not less than ten nor more than fifty years, as the said comptroller shall determine; and it shall be the duty of the clerk of the common council to countersign the same and affix thereto the seal of the said city. Such bonds shall not be disposed of at less than the par value thereof.

§ 2. Nothing contained in this act shall operate to invalidate or affect any bonds which may have been heretofore issued by the comptroller of the city of New York to provide for the payment of the expenses of acquiring the said lands or of any part thereof; but said bonds shall be a charge upon the said city, and shall be payable in like manner and as though this act had not been passed. It shall be lawful, however, for the owner of any such bonds heretofore issued, to surrender the same at their par value to the comptroller of the city of New York for cancellation and to receive in the place thereof bonds issued under the authority of this act to a like amount, and bearing the same rate of interest.

§ 3. This act shall take effect immediately.

State of New York, office of the Secretary of State, ss.:

I have compared the preceding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom, and of the whole of said original law.

Given under my hand and the seal of office of the secretary of state, at the city of Albany, this ninth day of April, in the year one thousand eight hundred and ninety-four.

[SEAL.]

JNO. PALMER, Secretary of State.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Parks, held on the 30th ultimo, the following preambles and resolution were adopted:

Whereas, Among the amounts appropriated and expenditures authorized by the Board of Estimate and Apportionment under chapter 11 of the Laws of 1894, are the following:

AMERICAN MUSEUM OF NATURAL HISTORY,
CENTRAL PARK (SEVENTY-SEVENTH STREET AND EIGHTH AVENUE),
OFFICE OF THE PRESIDENT, NEW YORK, April 6, 1894.

Hon. ASHBEL P. FITCH, Comptroller, New York City:

DEAR SIR—While not intending to be too obtrusive in the matters of the Museum, I feel impelled to ask if you can consistently cause your Engineer to visit the building and inspect the plans just approved by the Park Board for the completion and equipment of the east wing of the Museum? The Commissioners will present them to the Board of Estimate and Apportionment at its next meeting.

You will, I know, excuse my zeal and anxiety when it is explained to you that my earnestness arises from the wish to see this matter in completed shape for the work of the summer before leaving for a much-needed trip abroad.

This will allow me to carefully inspect the methods of the prominent foreign museums, and will permit me to depart with the consciousness that the work will progress without any delay to the interests of the institution.

You will receive this note at the hands of Mr. Wallace, for whom I solicit a few moments of your time. I am

Yours, very sincerely,

MORRIS K. JESSUP, President American Museum of Natural History.

Referred to the Comptroller.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 12, 1894.

To the Board of Estimate and Apportionment:

At a meeting of this Board, held December 22, 1893, a report was presented by my predecessor, showing the unusually large excess of warrants drawn against the Street Improvement Fund in 1893 over the collections made during said year. The collections for 1893 amounted to \$1,235,066, while the payments aggregated \$2,590,390.48.

I regret to state that since the beginning of this year the deficiency in collections has continued to be very large, owing to the unusual amount of work which has been undertaken, and to the failure of property-owners to pay their assessments. The receipts of the Street Improvement Fund for the quarter ending March 31, 1894, were \$264,164.10, while the payments have been \$482,133.24.

It becomes necessary, therefore, to replenish this fund from the proceeds of Assessment Bonds, and I offer the following resolution, authorizing the issue of said bonds to the amount of \$250,000.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the Comptroller be and he is hereby authorized to issue, from time to time as may be required, at such rate of interest, not exceeding three per cent. per annum, and for such period conformable to law as he may determine, "Assessment Bonds of the Corporation of the City of New York," to the amount of two hundred and fifty thousand dollars (\$250,000), as provided by section 144 of the New York City Consolidation Act of 1882.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller called the attention of the Board to the large amount of Assessment Bonds required to be issued, owing to the failure of property-owners to pay assessments.

Debate was had thereon, whereupon the Comptroller offered the following:

Resolved, That in view of the very large amount of money expended by the City for assessments which is to be repaid by property-owners, and the failure of property-owners to promptly pay their assessments and reimburse the City Treasury for the money thus disbursed, and in view of the fact that it is thus rendered necessary to constantly issue bonds of the City to raise money for the payment of such assessments, that the Comptroller be directed to immediately arrange for a sale of all properties on which there are unpaid assessments.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 13, 1894.

To the Board of Estimate and Apportionment:

Herewith I present for approval five vouchers, calling for the payment of \$392.90, presented by the Commission to Revise the Laws affecting Common Schools and Public Education in the City of New York, created by chapter 532 of the Laws of 1893.

These bills having been duly certified to by the said Commissioners, I offer for adoption the following resolution:

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That, pursuant to the provisions of chapter 532 of the Laws of 1893, the following expenses of the Commission to Revise the Laws affecting Common Schools and Public Education in the City of New York be and hereby are approved:

John C. Clark, salary as Clerk of Commission, for the month of March, 1894.....	\$150 00
C. G. Burgoyne, for printing 2,000 copies of report of Commissioners.....	130 80
A. Westbrook Company, for engraving three copies of report of Commissioners.....	12 00
John C. Clark, disbursements as Secretary of Commission.....	93 15
John C. Clark, disbursements as Secretary of Commission.....	6 95
Total.....	\$392 90

—and the Comptroller is hereby authorized to pay the said amounts so certified and approved to the persons entitled thereto, from the appropriation made for this purpose in the Final Estimate for 1894.

Which was adopted by the following vote:
Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

Hon. ASHBEL P. FITCH, Comptroller, New York City:

MY DEAR SIR—Permit me to hand you inclosed a statement, amounting to \$2,250, due me for services rendered by me in accordance with the details expressed within the said statement.

In May, 1891, I rendered a like statement both to the Excise Board and to your predecessor, Mr. Myers, but paid no further attention to the matter, and, by reason of my neglect, I presume it failed to receive attention.

In November, 1893, I again submitted to Mr. Myers, then the Comptroller, a duplicate of the statement, which you will find contained the full particulars of the services which I rendered, for which I claim compensation. I beg of you at your earliest convenience to present the same for consideration to the Board of Estimate and Apportionment. Of that occasion, I beg to be notified, so that if the Board should require any proof in corroboration of the services, I can then present them. There is in the possession of the Excise Board the Stenographer's minutes of the testimony taken in the proceedings in which I acted as its counsel.

Entreating your prompt attention, permit me to subscribe myself,

Very respectfully, yours,

THOS. F. GILROY,
Mayor;

ASHBEL P. FITCH,

E. P. BARKER,
President of the Department of Taxes and Assessments;

WM. H. CLARK,
Counsel to the Corporation.

Present—Thomas F. Gilroy, the Mayor; Ashbel P. Fitch, the Comptroller; George B. McClellan, the President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments.

Absent—William H. Clark, the Counsel to the Corporation.

The minutes of the meeting held April 13, 1894, were read and approved.

The Comptroller called up a communication from the Commissioner of Public Works, recommending the repavement of Eighty-first street, from Madison to Fifth avenue, with asphalt, laid over at the last meeting of this Board.

Debate was had thereon, whereupon the Comptroller offered the following:

Resolved, That, in pursuance of chapter 35 of the Laws of 1892, the Board of Estimate and Apportionment hereby authorizes and determines that Eighty-first street, from Madison to Fifth avenue, shall be repaved with asphalt, to be laid on the present stone-block pavement, with cross-walks of North river blue stone or granite at the intersecting and abutting streets where deemed necessary, except where the intersecting and abutting streets are also paved with asphalt; the estimated area and cost being respectively fifteen hundred square yards and six thousand dollars (\$6,000).

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller called up a communication from the Department of Public Parks, recommending the repavement of Fifth avenue, from Ninetieth to One Hundred and Tenth street, laid over at the last meeting of this Board.

Debate was had thereupon, whereupon the Mayor presented the following estimate of cost of repaving.

DEPARTMENT OF PUBLIC WORKS,
WATER PURVEYOR'S OFFICE—NO. 31 CHAMBERS STREET, ROOM 1,
NEW YORK, April 16, 1894.

Hon. THOMAS F. GILROY:

DEAR SIR—Seventy-second street, from Third to Fourth avenue, and First avenue, from One Hundred and Ninth to One Hundred and Sixteenth street, were paved with granite on the old Telford foundation in 1891. Contract price \$2.87 per yard, with joints filled with coal tar.

The contract price for granite on concrete at that time (1891)..... \$3 80

The same for 1894..... 3 20

The cost for 1894 less by..... \$0 60

I would estimate the cost for granite on Telford foundation according to the specification for Seventy-second street and First avenue at \$2.65. The present condition of these pavements (Seventy-second street and First avenue) shows that the Telford foundation is a suitable one.

Respectfully,
STEVENSON TOWLE.

The Comptroller offered the following:

Resolved, That, pursuant to the provisions of chapter 11 of the Laws of 1894, the Department of Public Parks be and is hereby authorized to expend upon the repaving of Fifth avenue, between Ninetieth street and One Hundred and Tenth street Plaza, with new granite-block pavement and bridge-stone, laid on the existing Telford foundation and joints filled with gravel and coal-tar pitch, for the sum not to exceed eighty thousand dollars (\$80,000), according to specifications for similar work in Department of Public Works, the work to be done by contract let to the lowest bidder.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The following communication was received:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, April 12, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I am in receipt of the letter of 3d instant from the Clerk of your Board, stating that the communication of 7th instant from the Deputy and Acting Commissioner in regard to the proposed repavement of Sixty-third street, between Lexington and Third avenues, was referred back to this office for further information relative thereto.

The facts are as follows:

Early in the year a petition from property-owners on that block was received, asking that the street be repaved with granite blocks, and, in accordance therewith, such repavement was recommended by me to your Board, and was authorized by the Board. Subsequently another petition was received from residents and house-owners on the block, that the street be repaved with asphalt, and it appeared that this petition was signed by a majority of the house-owners and residents. On this ground the Deputy and Acting Commissioner asked in his letter of March 7 that your Board rescind its previous action and authorize the repavement of the street with asphalt.

In view of the conflicting requests of the residents and house owners, the Consulting Engineer on Pavements recommends that your Board rescind its resolution for a granite-block pavement, and that the old pavement be not replaced by a new one until the property-owners arrive at an agreement on the subject. In the meantime the old pavement can be repaired.

I concur in the recommendation of the Consulting Engineer, and respectfully ask your Board to rescind its resolution for a granite-block pavement.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Whereupon the Comptroller offered the following:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment February 13, 1894, designating streets and avenues to be repaved with granite-block pavement on concrete foundation, be and the same is hereby amended by striking out from said list of streets and avenues Sixty-third street, from Third to Lexington avenue.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The following communication was received:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, April 16, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I have report from the Chief Engineer of the Croton Aqueduct that, in consequence of the action of the Board of Assessors in extending the limits of assessment for the One Hundred and Fifty-fifth Street Viaduct, the cost of making the assessment lists, maps, etc., has been increased so as to exceed by \$697.65 the amount of \$740,130.15 appropriated for this improvement, which latter amount includes the additional appropriation of \$90,000 made by your Board in September, 1893.

I therefore respectfully ask that your Board appropriate the additional amount of \$697.65 to cover the deficiency in the present appropriation, which will entirely and absolutely close the account of the cost and assessment for this improvement.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Debate was had thereon, whereupon the Comptroller offered the following:

Resolved, That the Comptroller be and is hereby authorized and directed to issue Assessment Bonds to the amount of six hundred and ninety-seven dollars and sixty-five cents (\$697.65) in the manner provided by section 144 of the New York City Consolidation Act of 1882, for the work and materials necessary for completing the viaduct from St. Nicholas place to the Macomb's Dam Bridge, as provided by chapter 570 of the Laws of 1887.

The form of the agreement (showing the manner of payment for the work), with specifications, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered as provided in the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at ten (10) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which they relate, specifying the kind of cables it is proposed to furnish.

The Fire Department reserves the right to decline any and all bids or estimates, or any part thereof, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of one thousand (1,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty (50) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has

been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 5 and 9, No. 31 Chambers street.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

MICHAEL T. DALY,
Commissioner of Public Works.
