LOUIS F. HAFFEN, President of the Borough of The Bronx.

## BOROUGH OF MANHATTAN.

REPORT OF BOROUGH PRESIDENT FOR QUARTER ENDING JUNE 30, 1906.

City of New York,

Office of the President of the Borough of Manhattan, City Hall,

October 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, City of New York:

Dear Sir—I submit herewith, pursuant to section 1544 of the Greater New York Charter, reports of the various bureaus under my control for the quarter ended June 30, 1906, to which I respectfully call your attention.

Yours very truly,

JOHN F. AHEARN,  
President of the Borough of Manhattan.

Offices of the Commissioner of Public Works,  
Nos. 13 to 21 Park row,  
September 28, 1906.

Hon. JOHN F. AHEARN, President, Borough of Manhattan:

Dear Sir—Pursuant to section 1544 of the Greater New York Charter, I submit the following report of the operations of the Department of Public Works for the quarter ended June 30, 1906:

The following contracts were entered into:

|  |              |
|--|--------------|
| Fourteen for paving and repaving (estimated cost)..... | \$619,326 11 |
| Eight for regulating and grading.....                  | 64,121 45    |
| Nine for sewers .....                                  | 77,812 80    |
| Twenty-two special .....                               | 5,047 12     |
| Seven miscellaneous .....                              | 71,884 32    |

Sixty contracts entered into at an estimated cost of..... \$838,191 80

Contracts were completed as follows:

|   |              |
|---|--------------|
| Fifteen for paving and repaving (cost).....         | \$227,677 55 |
| Two for regulating and grading (cost).....          | 17,848 62    |
| Sixteen for sewers and receiving basins (cost)..... | 59,772 82    |
| Five for flagging .....                             | 10,291 71    |

Total of thirty-eight contracts completed at a cost of..... \$315,590 70

The following are the areas of new pavements laid:

|                                  |      |
|----------------------------------|------|
| Sheet asphalt, linear miles..... | 1.23 |
| Granite blocks .....             | .66  |
| Asphalt blocks .....             | .24  |
| Wood blocks .....                | .66  |

Total linear miles..... 2.79

The repair force took up and relaid about 79,254 square yards of stone block pavement, and examinations were made of numerous complaints from citizens and from City Departments.

Permits were issued as follows:

|  |     |
|--|-----|
| To construct vaults.....                       | 105 |
| To repair vaults .....                         | 61  |
| To place guy posts.....                        | 25  |
| To place tar kettles.....                      | 185 |
| To place boilers.....                          | 237 |
| To place banner poles.....                     | 13  |
| To lay pavements at expense of applicants..... | 10  |

636

The receipts for permits to construct vaults amounted to \$101,550.75.

New mains were laid as follows:

Electric main conduits, 163,033 feet; gas mains, 15,506 feet; water mains, 10,783 feet; salt water mains, 28,749 feet; pneumatic conduits, 2,750 feet.

There were 6,323 linear feet of gas mains and 725 linear feet of electric mains overhauled.

There were 4,855 linear feet of long services for electricity laid, making in all 44,075 miles.

The following openings were made in the streets:

|  |       |
|--|-------|
| To lay and overhaul electric mains.....  | 563   |
| To lay and overhaul steam mains.....     | 3     |
| For other purposes.....                  | 30    |
| To lay and overhaul gas mains.....       | 51    |
| To lay and repair electric services..... | 2,827 |
| To lay and repair gas services.....      | 3,364 |
| To lay and repair steam services.....    | 191   |
| To lay and repair water mains.....       | 618   |
| To lay and repair sewers.....            | 73    |
| To lay and repair water services.....    | 419   |
| To lay and repair sewer services.....    | 255   |
| To construct and repair railways.....    | 789   |

Making a total of..... 9,183

Work is in progress under thirteen contracts for sewers. The total length of the sewerage system in the Borough of Manhattan is 513.57 miles, with 6,232 receiving basins. These figures include 3,455 linear feet of sewers and 17 receiving basins added to the system during the quarter.

The principal items of work done by the Mechanics and Laborers of the Bureau of Sewers are: Receiving basins relieved, 110; receiving basins cleaned, 2,823; linear feet of sewer cleaned, 158,460; linear feet of sewers relieved, 41,400; linear feet of culvert laid, 134; new manhole covers placed, 147; cubic feet of brickwork built, 2,171; cart loads of dirt removed, 9,071.

The Bureau of Incumbrances received and attended to 998 complaints of obstructions; made 212 seizures and removal of obstructions; issued 1,946 permits to place building materials on the streets; 363 permits to cross sidewalks; 343 permits to erect temporary sheds over sidewalks. The Bureau also removed 772 loads of dirt, stone and rubbish and 19 fallen trees, dangerous stumps, etc.

For information in detail regarding the operations of this Department you are referred to the accompanying documents, namely:

| Roadway regulated and graded, square yards..... | 333    |
| Broken stone hauled, loads.....                 | 24     |
| Material hauled and used, loads.....            | 14     |
| Broken stone used, loads.....                   | 563    |
| Ashes hauled, loads.....                        | 94     |
| Covering used, loads.....                       | 190    |
| Dirt removed, loads.....                        | 481    |
| Carting and trucking, loads.....                | 356    |
| Earth hauled, loads.....                        | 578    |
| Gravel hauled and used, loads.....              | 43     |
| Refuse removed, loads.....                      | 3,282  |
| Washouts filled, loads.....                     | 79     |
| Cleanings hauled, loads.....                    | 297    |
| Telford hauled, loads.....                      | 9      |
| Trap rock screenings hauled, loads.....         | 36     |
| Sand hauled, loads.....                         | 50     |
| Gravel screenings hauled, loads.....            | 196    |
| Sprinkling, hours.....                          | 8,358  |
| Rolling, hours.....                             | 236    |
| Gutters cleaned, miles.....                     | 965    |
| Crosswalk cleaned, miles.....                   | 399    |
| Roadway cleaned, miles.....                     | 370    |
| Roadway scraped, miles.....                     | 5      |
| Dangerous holes filled in.....                  | 2      |
| Weeds cut, miles.....                           | 10     |
| Drains cleaned.....                             | 12     |

The following is a summary of the work performed in the Repair Shops:

|                                  |    |
|----------------------------------|----|
| Monitors repaired.....           | 30 |
| Clips made.....                  | 12 |
| Monitors lashed.....             | 30 |
| Monitors painted.....            | 30 |
| Wrenches made.....               | 1  |
| Painting wheels and set.....     | 3  |
| Plates made.....                 | 4  |
| Monitors packed.....             | 40 |
| Wheels made for tool carts.....  | 6  |
| Tool carts painted.....          | 4  |
| Bolts made.....                  | 6  |
| Clips made.....                  | 8  |
| Pole chain made.....             | 4  |
| Whiffletrees painted.....        | 3  |
| Signs lettered.....              | 47 |
| Rollers repaired.....            | 4  |
| Bridge iron made.....            | 3  |
| Wheel jacks repaired.....        | 1  |
| New whiffle bars made.....       | 6  |
| Axle wrenches made.....          | 6  |
| Hose put on crooks.....          | 14 |
| Putting bands on hubs.....       | 30 |
| Tires made.....                  | 4  |
| Monitor wheels made.....         | 8  |
| Making hangers for monitors..... | 10 |
| Chisels sharpened.....           | 33 |
| Tool boxes painted.....          | 5  |
| Picks sharpened.....             | 65 |
| Rollers repaired.....            | 2  |
| New springs made.....            | 1  |
| Poles painted.....               | 5  |
| Poles made.....                  | 2  |
| Braces made.....                 | 8  |
| Stakes made.....                 | 16 |
| Signs painted.....               | 2  |
| Hangers made.....                | 2  |
| Wheels painted.....              | 2  |

The following is a statement of the various appropriations under charge of the Bureau of Highways, Division of Roads:

|  |              |
|--|--------------|
| Boulevards, Roads and Avenues, Maintenance of, 1906.....                       | \$114,150 00 |
| Amount transmitted during the first quarter ending March 31, 1906.....         | 22,717 65    |
| Balance, April 1, 1906.....  | \$91,432 35  |
| Amount transmitted during the second quarter ending June 30, 1906.....         | 40,755 28    |
| Balance, July 1, 1906.....   | \$50,677 07  |
| Roads, streets and avenues, unpaved, maintenance of, and sprinkling, 1906..... | \$35,000 00  |
| Amount transmitted during the first quarter ending March 31, 1906.....         | 6,109 53     |
| Balance April 1, 1906.....   | \$28,890 47  |

#### REPORT OF THE SUPERINTENDENT OF SEWERS.

President of the Borough of Manhattan,  
Bureau of Sewers, Nos. 13 to 21 Park Row,  
New York, July 11, 1906.

Hon. WILLIAM DALTON, Commissioner of Public Works:

Dear Sir—In compliance with your instructions I herewith forward the quarterly report of the Bureau of Sewers for the quarter ending June 30, 1906.

Statement No. 1 contains a report of the financial transactions during the quarter. Statement No. 2 is the report of the Chief Engineer, Mr. Horace Loomis, which is a detailed and complete statement of work done in course of construction and work completed during the quarter.

Statement No. 3 shows the amount of work done and materials used by the laboring force in the cleaning and repairing of sewers and basins during the quarter.

Yours respectfully,

JOHN V. COGGEY, Superintendent of Sewers.

Financial Transactions of the Bureau of Sewers for the Quarter Ending June 30, 1906.

July 10, 1906.

Hon. JOHN V. COGGEY, Superintendent of Sewers:

Dear Sir—In compliance with your instructions I herewith hand you a report of the work done and in course of construction under my supervision for the quarter ending June 30, 1906, with a statement of work done by Mechanics and Laborers.

The present total length of the sewerage system in the Borough of Manhattan is 2,711,692 feet or 513.57 miles, with 6,232 receiving basins, making the amount done during the quarter 3,455 linear feet of sewer and seventeen receiving basins.

The following is a list of all works completed during the quarter:

Sewer in One Hundred and Fifty-first street, between Harlem river and Seventh avenue.

Sewer in West One Hundred and Fifty-first street, between Seventh avenue and Macomb's Dam road.

Sewer in West One Hundred and Fifty-sixth street, between Boulevard Lafayette and Riverside drive.

Sewer in One Hundred and Seventieth street, between Fort Washington avenue and Broadway.

Sewer in One Hundred and Seventy-seventh street, between St. Nicholas avenue and Broadway.

Sewer in St. Nicholas avenue, west side, between One Hundred and Eighty-first and One Hundred and Eighty-third streets.

Receiving basin, northeast corner Thirty-eighth street and First avenue.

Receiving basin, northwest corner One Hundred and Thirty-third street and Lenox avenue.

Receiving basin, northwest corner One Hundred and Thirty-fifth street and Lenox avenue.

Receiving basin, northwest corner One Hundred and Fortieth street and Fifth avenue.

Receiving basin, northwest corner One Hundred and Forty-fourth street and Convent avenue.

Receiving basin, northwest corner Thirty-third street and Eleventh avenue.

Receiving basin, north side of Delancey street, between Clinton street and the Bowery.

There are now in active progress eleven contracts, payable from Street Improvement Fund, amounting to \$143,709.70. There are also two reconstruction contracts in progress, payable from fund Reconstruction of Sewers, Borough of Manhattan, amounting to \$8,266. A detailed statement of the above mentioned works appears in annexed schedule.

The following named contracts are contemplated and as soon as the surveys are made and the plans prepared they will be advertised at public letting:

Sewer in One Hundred and Twenty-fifth street, between Broadway and Claremont avenue.

Sewer in One Hundred and Seventy-first street, between Fort Washington and Haven avenues.

Sewer in One Hundred and Ninety-first street, between Wadsworth and St. Nicholas avenues.

Receiving basins, southeast corner Broadway and One Hundred and Forty-fourth and One Hundred and Forty-fifth streets.

Extension of sewer at Seventy-fourth street and East river.

Receiving basin on southwest corner Seventh avenue and One Hundred and Twenty-eighth street.

Sewer in Scammel street, between Henry and Madison streets.

Extension of sewer in Ninety-sixth street, between Second and Third avenues.

Extension of sewer in Sixty-first street, between Broadway and Central Park West.

Sewers in Two Hundred and Fourteenth and Two Hundred and Fifteenth streets, between Ninth and Tenth avenues.

Sewer in Two Hundred and Fourteenth street, between Tenth avenue and Harlem river.

Rebuilding of sewer in Twenty-sixth street, between Fifth and Sixth avenues.

Rebuilding of sewer in Liberty street, Greenwich to West street.

Rebuilding of sewer in Liberty street, between Nassau street and Maiden lane.

Rebuilding of sewer in John street, Broadway to Pearl street.

Rebuilding of sewer in Cedar street, between Broadway and Nassau street.

Sewer in One Hundred and Sixty-third street, between Broadway and St. Nicholas avenue.

Receiving basin, south side of Fourth street, near East river.

Receiving basin on northeast corner Avenue A and Twenty-second street.

West One Hundred and Seventy-seventh street (Depot lane), Haven avenue to Riverside drive.

Pier (new) 15, East river.

Sewer in Broadway, Two Hundred and Fourteenth street to Ship Canal Bridge, Two Hundred and Fifteenth, Two Hundred and Eighteenth and Two Hundred and Nineteenth streets.

Sewer in West One Hundred and Fifty-second street, between Eighth avenue and Macomb's Dam road.

Sewer in One Hundred and Seventy-seventh street (Depot lane), Fort Washington avenue to Haven avenue.

Sewer in West One Hundred and Twenty-ninth street, between Convent and Amsterdam avenues.

Restoring outlets at Nineteenth, Twentieth, Twenty-first and Twenty-second streets at Hudson river.

Rebuilding and extending sewer at Twenty-third street and North river.

Sewer in Seventh avenue, west side, between One Hundred and Forty-fourth and One Hundred and Forty-fifth streets.

Sewer in Seaman avenue, between Academy and Emerson streets.

Sewer in One Hundred and Seventy-seventh street, between Fort Washington and Haven avenues.

Sewer in Seventh avenue, west side, between One Hundred and Forty-fifth and One Hundred and Forty-sixth streets.

Sewer in Two Hundred and Thirteenth street, between Broadway and Tenth avenue, and in Tenth avenue, between Two Hundred and Eleventh and Two Hundred and Thirteenth streets.

The following contracts are now in readiness to be advertised, and as soon as contracts are approved will be let at public letting:

Sewer in Ninth avenue, between Two Hundred and Fifteenth and Two Hundred and Sixteenth streets, and in Two Hundred and Fifteenth street, between Ninth avenue and Broadway.

Reconstruction of outlet sewer under Pier 61 North river, and in Marginal street and West Twenty-first street.

Reconstruction of outlet sewer in Columbus avenue, between Sixty-first and Sixty-second streets, and in Sixty-first street, between Columbus avenue and Broadway.

Sewer in West One Hundred and Sixty-third street, between Broadway and St. Nicholas avenue.

Sewer in West One Hundred and Sixty-fourth street, between Broadway and St. Nicholas avenue.

Sewer in Broadway, west side, between One Hundred and Seventy-seventh and One Hundred and Eighty-first streets.

Sewer in Two Hundred and Thirteenth street, between Harlem river and Tenth avenue.

The following contracts have been let at public letting, and as soon as sureties are approved dates will be set for commencing work:

Reconstruction of sewer in Grand street, between Cannon and Columbia streets, and in Henry street, between Grand and Gouverneur streets.

Sewer in Lexington avenue, west side, between One Hundred and Twenty-third and One Hundred and Twenty-fourth streets.

Sewer in West One Hundred and Seventy-fourth street, between Amsterdam and Audubon avenues.

Extension of sewer in One Hundredth street, between Harlem river and First avenue.

Alteration and improvement to sewer in Forty-ninth street, between Tenth and Eleventh avenues.

Alteration and improvement to sewer in One Hundred and Fifty-second street, between Riverside drive and Broadway.

Seven contracts for sewers and basins have been completed during the quarter. Eleven contracts are now in progress; seven contracts are ready to be let, and for some eight or ten others contract plans have been drawn and specifications will be forwarded to the President's office in a short time.

As heretofore reported, the bulk of the work is located north of One Hundred and Twenty-fifth street, and principally in what is known as the Dyckman tract. Great activity has prevailed in this neighborhood among property owners in getting the improvements of regulating, grading, sewerage and paving for these streets, since that territory lies contiguous to the terminal of the subway at the Ship Canal bridge, and is now open for improvements.

The streets are now nearly all legally opened, and resolutions for sewerage the same have been passed by the Local Boards, and only a few are now pending before the Board of Apportionment. The prospect now is, before the end of the next season, this whole district will be provided with sewers.

Considerable work is now being done in the territory lying between One Hundred and Seventy-seventh and One Hundred and Eighty-first streets, Broadway and Riverside drive, by private owners; in their anxiety to put their property on the market, they consider it good policy to grade the streets and build the sewers at private expense, rather than waste the time which is usually consumed in passing resolutions and other necessary steps which are required according to law to build these works at public expense.

A large amount of work is contemplated in changing the outlet sewers in the lower part of the city in order to adapt them to works being constructed by the Department of Docks and Ferries. A great many new piers have been built and old ones torn down which carried outlet sewers. This makes it necessary to re-arrange the system in quite a number of places. I might mention what is known as the Chelsea District as being one of the points where we are preparing to rebuild outlets.

A new outlet is about to be constructed in West Twenty-first street, another one takes in sewers from West Fourteenth to West Nineteenth street; also repairs to sewer at West Twenty-third street. Another new outlet must be constructed at the foot of Albany street, also one at Pier 15, East river, and extension of sewer at Seventy-fourth street and East river.

These works are not assessable and are therefore constructed at the general expense from moneys appropriated for that purpose.

#### Sewer Permits.

Three hundred and eighty-two permits issued for new connections and two hundred and eighty-one permits issued for repairs.

#### Engineers' Fees.

Amount of engineers' fees assessed on property benefited and charged to Street Improvement Fund was \$3,044.32.

Yours respectfully,

HORACE LOOMIS, Chief Engineer of Sewers.

#### Statement Showing Amount of Work Done on Uncompleted Contracts for the Quarter Ending June 30, 1906.

| Date.    | Nature and Location of Work, etc.  | Estimated Cost. | Estimated Amount of Work Done. | Days.           |           |            |

## REPORT OF THE SUPERINTENDENT OF PUBLIC BUILDINGS AND OFFICES.

President of the Borough of Manhattan,  
Bureau of Public Buildings and Offices,  
New York, September 13, 1906.

Hon. WILLIAM DALTON, Commissioner of Public Works:

Dear Sir—In accordance with your instructions I have the honor to submit the following report of the transactions of this Bureau for the quarter ending June 30, 1906:

## Criminal Courts Building.

Orders were issued for the usual janitors and engineers' supplies and the care and maintenance of the building, including plumbing, steam and gas systems. Electric fans were installed in the various offices throughout the building. Mosaic flooring was taken up to permit plumber to make repairs, and the same reset. Repairs were made to the arches, and flagging was repaired in the areaways. The tubing of boiler No. 3 where defective was taken out and replaced with new. A doorway was cut on the second mezzanine floor, and repairs made to the tiling where necessary. The cellar of the building was excavated and the piling of the foundations examined to determine the condition of same. The flooring was repaired on the Centre street side of building where necessary.

The Elevators—A thorough examination was made of the elevators and the same repaired, and the hoisting and counter-weight cables were removed.

Court of General Sessions—Four Hundred and fifty-five rolltop desks, two Wilton rugs, about 10 feet 6 inches by 15 inches; three mats, 18 by 36 inches, and three rugs were furnished for detectives' room and telephone operator. A complete annunciator system was installed in Judge Rosalsky's room, two electric fans furnished and portable lamp and brackets installed. The following office furniture was delivered to the same room. One mahogany desk, one imitation mahogany costumer, one imitation mahogany easy chair, one imitation mahogany davenport, one mahogany table, one mahogany revolving bookcase, one imitation mahogany chair, one imitation mahogany armchair.

Supreme Court, New Part—About 28 yards of Wilton velvet carpet were furnished and laid, one golden oak flat-top desk, two golden oak tables, one golden oak flat-top stenographer's desk, twelve veneered settees, one golden oak table, one golden oak presiding chair, one golden oak flat-top desk, one golden oak table, twelve golden oak chairs. Iron railing and grill work was installed to partition off the court room. The following office furniture was furnished for the Judge's and Jury room: One golden oak rolltop desk, one leather couch, one golden oak costumer, one dozen golden oak chairs for Jury room, two golden oak revolving chairs, four golden oak chairs, one leather easy chair. The walls and ceilings were cleaned off, prepared and painted, and the wood work varnished. One eight-light combination fixture, three two-light combination brackets with pendants, switches, etc., and two portable lamps for Justice's desk were installed, together with all the wiring work, etc., required. All of the carpentering work required in fitting up court room and room adjoining used as a witness room was performed.

District Attorney's Office—Sixteen-inch electric fan motors were installed in the various offices as required. A complete annunciator system was also installed connecting the stenographers' room with the District Attorney and his assistants. One leather couch and one oak clock were furnished. Twelve awnings were furnished on top floor of the building, and two square and two round in the District Attorney's office, eight square awnings on the second floor, four square awnings on the first floor.

Coroner's Office—All of the old furniture in the Coroner's office, which was in a dilapidated condition, was replaced with the following new furniture:

Coroner Acritelli's Office—One golden oak rolltop desk, one golden oak revolving chair, one golden oak cabinet, one golden oak table, one leather couch, six golden oak chairs, one golden oak costumer, three golden oak revolving chairs, one 10 by 18 rug.

Coroner Dooley's Office—One golden oak rolltop desk, one golden oak revolving chair, one golden oak flat-top desk, one golden oak costumer, six golden oak chairs, one leather couch, one rug, 10 by 18.

Coroner Harburger's Office—One golden oak roll-top desk, six golden oak chairs, one revolving chair.

This building has been thoroughly overhauled and put in a satisfactory condition under contract, and an electric light system is now being installed in this building, and will be completed within a short time.

## Jefferson Market Court House.

The usual janitor's and engineer's supplies were furnished, and all the excavating and work to install subsidiary drainage system connecting with the main sewer was installed. All of the woodwork in the court room was cleaned off, prepared, painted and oiled, also the iron railing, sheathings and walls, and the radiators were bronzed. Twenty-four 16 candle power lights were installed in the clock tower, together with reflectors for same. Snow guards were erected on the main roof, and the valleys and gutters, and deck of roof repaired and painted. Glass partition was put up on magistrate's desk in Police Court. Two dozen chairs were furnished, and one presiding chair for the court room.

## Thirteenth District Municipal Court.

The usual janitor's and engineer's supplies were furnished, and 97 shades furnished and erected.

## Children's Court.

The usual janitor's and engineer's supplies were furnished. Addition was made to wood file case, and gate cut in the wooden railing in court room. Fanlights were furnished and hung over main and vestibule doors of the Eleventh street entrance.

## Essex Market Court House.

The usual janitor's and engineer's supplies were furnished. The walls, ceilings and woodwork in the court room were cleaned off, prepared and painted. The gutters and slate roof were repaired and painted; new scuttle cover furnished, and the leaders repaired and painted. Seven chairs were furnished for the magistrate's court.

## Fourteenth District Municipal Court.

A supply of law books were furnished to complete the library. About 200 yards of best body brussels carpet were furnished and laid in the Judge's room, platform and jury box. About 100 yards plain linoleum in the clerk's office and room back of bench. Six sections of bookcases with tops and bases were furnished, together with window shades throughout the court.

## Twelfth District Municipal Court.

One roll top and one flat top desk were furnished.

## First District Municipal Court.

Three sections of bookcases with tops and bases were furnished.

## Fifth District Municipal Court.

Janitor's supplies were furnished as usual, and the roof and skylight repaired and painted.

## Department of Finance.

Receiver of Taxes—Two fire-proof safes with combination locks, etc., were furnished; two wardrobes, three chairs, one roll top desk, one rotary chair, one hat tree were furnished for the Bureau of City Revenue and Markets.

Bureau for Collection of Taxes—Thirty-six revolving desk stools were furnished.

Bureau of Real Estate—One 5-foot oak table with drawers, one-half dozen chairs, six No. 453 chairs and one hat tree were furnished.

Auditing Bureau—One document case with 16 sections with inside arranged to order was furnished and installed.

Bureau of Franchises—Six bent wood chairs and two oak coat trees were furnished. One chair was furnished in room 3. One revolving stool for Deputy Comptroller's office; one vertical cabinet, two sets of alphabetical guides and 1,000 vertical folds were furnished in room 11. One chair in room 4; one wardrobe, two hat and coat trees in room 27; one 3-drawer vertical file with alphabetical guides, and 250 sub-divisions in room 11. One 5-foot desk for room 27. All of the electric fans in the various offices were repaired and placed in working order. Four rubber mats were furnished for use of the department, together with two revolving chairs for telephone operators. Window ventilators were furnished for the bookkeeping division, also one quartered oak desk.

Chamberlain's Office—Six steel shelves and two wardrobes were furnished and installed in the above office.

City Record Office—About 21 linear feet, 3 feet 6 inches high, with gate and wood top rail, were furnished and erected.

## Hall of Records.

One 35-foot extension ladder was furnished, together with small Engineer's supplies.

Register's Office—Three small rugs were furnished.

## City Paymaster's Office.

Janitor's and cleaning supplies were furnished.

## County Jail.

Four 8-light chandeliers and brackets were furnished and installed.

## The Markets.

Fulton—All the iron window guards, gratings, etc., were scraped, sandpapered and painted with two coats of oil paint. Defective glass in windows was taken out and replaced with new.

Jefferson—Small supplies were furnished as required.

West Washington—All the new doors and several of the iron shutters on this market were cleaned and painted. Repairs were made to the skylight of lantern and the roof of building bounded by West, Lawton, Gansevoort and Grace avenues painted. Skylights of the lantern bounded by Thompson avenue, Grace avenue, West street and Lawton avenue were repaired, and the main roof repaired and painted. The tin connecting the masonry was properly cemented. Cleaning supplies were furnished as required.

Washington—The usual cleaning supplies were furnished. The old 3-inch leader tubes were removed and replaced with 4-inch tubes. All the old putty on the skylights was removed, painted and the same reglazed.

## The Baths.

Free Floating Baths—After all the repairs were completed the baths were towed to their respective quarters on the East and North rivers, necessary tugs being provided for the towing. All of the pumps were repaired, 1,600 feet of 6-inch bolt rope and 1,300 feet of 3-inch bolt rope were furnished, with nails, spikes, etc., in addition to the contract work to these structures. Orders were issued for all of the carpenter work required for the erection of the platforms, bridges, and small repairs to the baths.

Rivington Street Bath—The usual cleaning and Engineer's supplies were furnished. A new set of extra heavy grate bars were furnished and installed in the boiler. Awnings were erected on the front of the building. Repairs were made to the steam plant; new blow-off valves were installed and pipes run to the tank. Steam trap furnished and connected, leaks repaired, discharge pipes run from injectors to tank in boiler room. Drain run to ash pit under boiler; returns under floor removed, and same installed above the floor, and drips connected to sewers as directed.

West Sixtieth Street Bath—The usual cleaning supplies were furnished. Ten 1-light outlets were installed under plunge, with waterproof sockets, etc. A fence was erected on the westerly parapet wall. New opening cut in sidewalk, and new vault light doors with locking attachments furnished and set. Brick work repaired and walls painted as required in making these repairs. A telephone has been installed for the use of this bath.

East Seventy-sixth Street Bath—The usual Janitor's and Engineer's supplies were furnished. On account of the erection of a building in the rear of this bath it was necessary to shore and underpin the rear walls, and build up the foundation. House service pipes were installed and connected to the water main in order to furnish sufficient water pressure to the second floor.

West Forty-first Street Bath—The usual Janitor and Engineer's supplies were furnished. Repairs were made to the steam plant and radiators; all piping, valves, etc., required were furnished.

East Eleventh Street Bath—The usual Janitor and Engineer's supplies were furnished. Considerable steam work was performed in order to complete the equipment of the building; new connections were furnished, together with new steam pressure reducing valve, new steam line to hot water tanks, new valves on circulation and hot water tanks, new thermometers, gauges, safety valves, steam pipes and connections necessary to place the plant in working order. The pressure tanks in the bath were covered with the usual canvas covering.

Allen Street Bath—The usual Janitor's and Engineer's supplies were furnished. Considerable plumbing and steam work was required to complete the equipment of the building after the same was finished. Bath tubs, showers, urinals and croton pipes were placed in working order. Hose connection was furnished. A gas lighting system was installed in the engine room, boiler room and basement. Work was completed on steam valves and lubricators, also on feed pipes, pumps, etc. New injector was installed on front and back of boiler, also new valves.

Twenty-third Street Bath—An additional order was issued to the contractors erecting this building to fill in with gravel and stone around the piling on the northwest and south walls. About 735 cubic yards in all.

One Hundred and Ninth Street Bath—The usual cleaning and engineer's supplies were furnished. Swinging doors were furnished at the entrance. Steam work on the piping and valves and coils was performed, also on the toilet fixtures, basins and showers in order to complete the bath equipment.

## Public Comfort Stations.

Battery Park—The usual cleaning supplies were furnished, and a complete system of heating, including Cottage No. 3 steam boiler, together with all globes, check, automatic, air and gate valves. The walls, ceilings, woodwork and piping were cleaned and painted.

Hanover Square—The usual cleaning supplies were furnished, and the walls, ceilings and woodwork cleaned off and painted, also the piping.

City Hall Park—The usual cleaning supplies were furnished.

Long Acre Square—The usual cleaning supplies were furnished. Plastering was repaired, walls, ceilings and woodwork were cleaned and painted.

Greeley Square—The usual cleaning supplies were furnished. The plastering was repaired, and walls, ceilings and woodwork cleaned and painted.

Chatham Square—The usual cleaning supplies were furnished. The walls, ceilings, woodwork and piping were cleaned and painted, and 575 feet of 1½-inch iron pipe were furnished and installed for the heating coils.

Sheriff and Delancey Streets—The usual cleaning supplies were furnished. The walls, ceilings, woodwork and piping cleaned and painted. A complete heating plant was installed, including Cottage Steam Boiler No. 3, with all necessary valves, piping, etc.

One Hundred and Twenty-fifth Street Bath—The walls, ceilings and piping were cleaned and painted, and a complete heating plant installed, with all connections and parts. The usual cleaning supplies were furnished as required.

## Municipal Civil Service Commission.

The Municipal Civil Service Commission was removed from their quarters at No. 61 Elm street to No. 299 Broadway. All trucks, rigging, etc., required were furnished. All of the cabinetmaking necessary in the erection of panel fronts, counter tops, doors, etc., was done. Bookcases were repaired and erected. Closets were built, all shelving, etc., with panel doors, document and record compartments, pigeon holes, counters, etc., were made and erected for the new offices. One Remington No. 6 typewriter, combination book brackets for the several offices throughout the commission, one golden oak roll top desk, one golden oak revolving chair, 17½ dozen bent wood chairs, furnish and install two bookcases, two bookcases arranged as directed. Two No. 9, 10, 29, 12, 2, 4½ drawers with tops and bases, also 12 steel wardrobe sections. One golden oak roll top desk, 6 golden oak umbrella stands, one golden oak flat top desk, two golden oak tables, 2 feet 6 inches by 2 feet; three golden oak revolving chairs, one golden oak table, 2 feet 4 inches; one mahogany table, one imitation mahogany tree, one golden oak table, 3 feet by 1 foot by 10 inches; two golden oak roll top desks; one golden oak table, 3 feet by 6 feet; two golden oak tables, 2 feet by 5 feet; six golden oak bent wood arm chairs; two golden oak imitation mahogany chairs, two golden oak clothes trees; 250 desks for examination room; two mahogany tables; four roll top desks; four mahogany revolving chairs, four mahogany clothes trees, one oak table, one oak roll top desk, 6 imitation mahogany chairs, about 20 yards of body Brussels carpet was laid for runners, 350 yards of plain linoleum and four rubber ends for same were furnished and laid. Linoleums cemented to the floor; 300 yards of body Brussels carpet as selected, were also laid. One hundred and twenty-five pin sockets furnished for laying carpet, also 350 yards of body Brussels carpet, 400 yards of Victoria Wilton were laid. Two golden oak tables, 2 feet by 3 feet; two imitation mahogany chairs, one 4 foot quartered oak round table; three rugs, 60 inches by 30 inches, furnished for the Secretary. All the new woodwork was filled and grained, all the hardwood varnished and all the old furniture cleaned and varnished. A supply of rubber stamps was furnished to the office, together with waste paper baskets, cuspidors, letter presses, etc., also clocks. One fire-proof safe with combination locks, etc., was furnished, with the interior arranged as directed. Also one Fairbanks physician's scale. Three roll top typewriter desks, one-half dozen mats, two roll top desks, 11 chairs, one screen, and a supply of feather dusters also furnished.

## Offices, Commissioner of Public Works.

About 58 yards of body Brussels carpet were furnished and laid in the office of the Commissioner.

Bureau of Sewers—One Remington roll top typewriter desk was furnished.

Bureau of Buildings—Cleaning supplies were furnished as required. Lighting system maintained, new parts being furnished as required. Electric fans kept in repair. One revolving desk chair and four steel document cases were furnished.

Bureau of Highways—One dozen chairs, four revolving stools, two rotary chairs, telephone bracket, one plain chair, rotary, and window ventilators furnished.

Bureau of Public Buildings and Offices—The usual janitor's and engineer's supplies were furnished as usual to the store room, to be distributed to the various public buildings and offices as required. The orders for the use of horse, wagon and driver for Superintendent, and for cleaning glass in all of the public buildings issued as usual. The following supplies were distributed as needed: Coal and wood for heating, etc., ice, brooms, pails, soap, waste paper baskets, sapolio, sponges, mop handles, feather dusters, scrubbing brushes, ash cans, etc., for the use of the various public buildings, courts and offices under the care of the Bureau. Among the many items of repair made to the various courts and offices not hereinbefore mentioned are plumbing, steam fitting, carpentering, roofing, plastering, mason work, painting, electrical work, repairs to safes, repairs to machinery and elevators, and repairs to furniture. This work was done during the quarter under monthly orders. For the use of the mechanics in the employ of the Bureau supplies of lumber, hardware, paints, varnish, etc., were furnished.

Respectfully submitted,

WILLIAM H. WALKER, Superintendent, Public Buildings and Offices.

## DOCUMENT "I."

## REPORT OF THE SUPERINTENDENT OF BUILDINGS.

Bureau of Buildings,  
No. 220 Fourth Avenue,  
New York, July 18, 1906.

Hon. JOHN F. AHEARN, President of the Borough of Manhattan:

Dear Sir—I have the honor herewith to submit a statistical report of the operations of this Bureau for the three months ending June 30, 1906.

Respectfully,

EDW. S. MURPHY,  
Superintendent of Buildings, Borough of Manhattan.

EDWARD S. MURPHY, Superintendent of Buildings.

#### BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, IN ROOM 16, CITY HALL, MONDAY, OCTOBER 8, 1906.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermet, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The Board proceeded to the consideration of the departmental estimates for the year 1907, and the following estimates were considered:

The Borough Presidents; Department of Finance; Bonded Indebtedness, State Taxes, Rents; Charitable Institutions; miscellaneous and all other public officers not heretofore considered.

Dr. D. C. Potter, Chief Examiner of Accounts of Charitable Institutions, Department of Finance, appeared on behalf of Charitable Institutions.

E. C. Brennan, General Superintendent, United States Volunteer Life Saving Corps, appeared on behalf of said organization.

Edward Hageman Hall, Secretary, Hudson-Fulton Celebration Committee, appeared on behalf of said Committee.

James Long appeared on behalf of the Army and Navy Union, Spanish War Veterans.

The departmental estimates which were laid over at previous meeting until this date were then considered, and the following persons appeared on behalf of their respective Departments:

Dr. John W. Brannan, President, Board of Trustees, Bellevue and Allied Hospitals.

Stephen D. Stephens, County Judge and Surrogate of Richmond County.

Frank E. O'Reilly, for the Board of City Magistrates, Second Division.

Wm. S. Andrews, Commissioner of Records, New York County.

C. Livingston Bostwick, County Clerk of Richmond County.

Frank T. Fitzgerald and Abner C. Thomas, Surrogates, New York County.

The Board adjourned to meet October 12, 1906, at 10.30 o'clock a. m. for a public hearing of taxpayers in regard to the estimates for appropriations for the year 1907, pursuant to a resolution adopted September 14, 1906.

JOSEPH HAAG, Secretary.

#### BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, IN ROOM 16, CITY HALL, FRIDAY, OCTOBER 12, 1906.

The Board met for a public hearing in regard to the requisitions for appropriations for the year 1907, pursuant to a resolution adopted September 14, 1905.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermet, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The minutes of meeting held September 14, 1906, were approved as printed.

*New York Central and Hudson River Railroad Company.*

The communication from the Law Department relative to the right of the New York Central and Hudson River Railroad Company to maintain and operate certain tracks on Twelfth avenue, between Fifty-eighth and Sixtieth streets, in the Borough of Manhattan, together with a report from the Bureau of Franchises, which were presented to the Board at its meeting of September 14, 1906, and laid over, were, at the request of the Corporation Counsel again laid over for two weeks.

*New York, Westchester and Boston Railway Company.*

At the meeting of July 6, 1906, a report was presented from the Bureau of Franchises calling attention to section 5 of the ordinance granting a franchise to this company. The report recited the fact that, pursuant to this section, the company was required to spend within two years from the date of the signing of the ordinance, at least one million dollars for construction within the limits of The City of New York, and submit to the Comptroller a statement of the money so expended. It further stated that the two years would expire August 2, 1906.

The matter was then referred to the Comptroller and the President of the Borough of The Bronx for consultation with the Comptroller.

The Comptroller presented the following:

DEPARTMENT OF FINANCE—CITY OF NEW YORK, }  
September 25, 1906. }

Hon. HERMAN A. METZ, Comptroller:

SIR—In compliance with your instructions to estimate the cost within the limits of The City of New York of the construction of the New York, Westchester and Boston Railroad, I would report that, pursuant to an ordinance approved by the Mayor August 2, 1904, granting a franchise to the New York, Westchester and Boston Railroad Company, to construct and operate a railroad within The City of New York, "Said railroad company shall expend the sum of at least \$1,000,000 for the construction within The City of New York, within two (2) years from date of signing of this ordinance, which shall be exclusive of any moneys expended for right of way."

I have made a personal examination of the route, work in place and materials furnished; the work in place consists in grading, construction of bridges, etc., at intervals along the proposed line where the right of way has been secured, beginning at Van Nest, a point just east of the Bronx River at West Farms, and extending to the City line in the Village of Eastchester.

The total distance of the line from the Bronx River, north to City line, is 23,063 feet; of this distance the company has work completed and is working for a distance of 12,935 feet.

I annex hereto a statement showing my estimate of the cost of the work in place, materials furnished, sundry bills, engineering, etc., in the construction of the New York, Westchester and Boston Railroad within the limits of The City of New York to September 14, 1906, amounting in total to \$1,079,746.84.

I have not included an item of \$26,660 claimed by the railroad company for steel work completed in shops; if I had been able to check the amount of work done this charge would be properly included in my estimate.

It would appear, therefore, that the company has done sufficient work to comply with the requirements of the grant.

Respectfully,  
CHANDLER WITHINGTON, Chief Engineer.

STATEMENT SHOWING ESTIMATED COST OF WORK IN PLACE, MATERIALS FURNISHED, ETC.,  
IN THE CONSTRUCTION OF THE NEW YORK, WESTCHESTER AND BOSTON RAILROAD  
COMPANY WITHIN THE CITY OF NEW YORK TO SEPTEMBER 14, 1906.

DEPARTMENT OF FINANCE, }  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS, }  
October 5, 1906. }

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of an accounting with regard to disbursements of the New York, Westchester and Boston Railway Company for construction between August 2, 1904, and August 2, 1906, which matter was referred by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

Under date of July 9, 1906, the Comptroller received from the Secretary of the Board of Estimate and Apportionment the following communication:

"BOARD OF ESTIMATE AND APPORTIONMENT,  
"THE CITY OF NEW YORK,  
"July 9, 1906."

"Hon. HERMAN A. METZ, Comptroller:

"SIR—The New York, Westchester and Boston Railway Company was granted a franchise by ordinance of the Board of Aldermen, adopted July 26, 1904, and approved by the Mayor August 2, 1904.

"Section 5 of the aforesaid ordinance provided for the expending by the company of \$1,000,000 for construction within the limits of The City of New York, within two years from the date of the signing of this ordinance, exclusive of any moneys expended for right of way. In addition, the company was required to submit to the Comptroller a statement of the moneys expended, who, after investigation, was to report to this Board, and if, in the opinion of the Board, the necessary sum had not been expended, it might declare the grant to have ceased and determined.

"At the meeting of this Board of July 6, 1906, a report was received from the Bureau of Franchises stating that the two years will expire August 2, 1906, and sug-

gesting that as the Board will be in recess at that time, the matter be referred to the Comptroller to investigate and report to the Board on September 28, 1906, the result of such investigation. The matter was thereupon referred to yourself, and to the President of the Borough of The Bronx for consultation with you. I enclose herewith copy of the report submitted by the Bureau of Franchises.

"Respectfully,

(Signed) "JOSEPH HAAG, Secretary."

Under date of July 13, 1906, the Comptroller notified the New York, Westchester and Boston Railway Company that he had been directed to make said examination, as follows:

"July 13, 1906.

"WILLIAM L. BULL, Esq., President, New York, Westchester and Boston Railroad Company, No. 30 Broad Street, Manhattan, New York City:

"SIR—I have been requested by the Board of Estimate and Apportionment of The City of New York to furnish to said Board information relative to disbursements, exclusive of purchase of right of way, which shall have been made by the New York, Westchester and Boston Railroad Company, for the two years from August 2, 1904, to August 2, 1906.

"The ordinance under which the franchise of the New York, Westchester and Boston R. R. Company was granted by the Board of Aldermen requires the expenditure of \$1,000,000.00 for construction inside the limits of The City of New York within two years from the date of the signing of the ordinance, and requires a statement thereof to be submitted to the Comptroller. I advise you concerning this matter at this time in order that the statement may be in hand at as early a date as possible after August 2, 1906.

"Yours truly,

(Signed) "H. A. METZ, Comptroller."

In reply thereto a communication was received from William A. Pratt, Chief Engineer of said company, under date of August 7, 1906, stating that said company had expended "for construction within the limits of The City of New York \* \* \* exclusive of any moneys expended for right of way," between August 2, 1904, and August 2, 1905, amounts as follows:

|  |                |
|--|----------------|
| Bridges, superstructure .....            | \$314,656 32   |
| Cross-ties .....                         | 52,800 00      |
| Rails and angle plates .....             | 144,160 45     |
| Track bolts .....                        | 2,245 72       |
| Railroad spikes .....                    | 4,306 10       |
| Conduits .....                           | 22,041 55      |
| Grading, masonry and conduit laying..... | 399,205 97     |
| Engineering and superintendence .....    | 138,491 26     |
| Total .....                              | \$1,077,907 37 |

This communication was supplemented under date of August 22, 1906, by a re-statement adding to the original one an amount of \$10,937.41 for interest during construction, making the total amount to be accounted for \$1,088,844.78.

In the accounting which I have made of the books, vouchers, checks, etc., I have followed the distribution of items as set up by Engineer Pratt. Attached to this report is, first, a recapitulation table showing all disbursements of the said company as shown by this accounting with reference to supporting statements "A" to "G" inclusive. Statement "A" gives an accounting of the first item in Engineer Pratt's schedule of disbursements of \$314,656.32 on account of bridge superstructure. There are sub-statements following said statement "A" to the number of eighteen, giving an analysis of charges for materials, supplies and work for each of the bridges and an accounting of the purchases of bridge ties and guard rails. Statement "B" shows the details of disbursements on account of the purchase of cross-ties. Statement "C" gives details with regard to purchases of steel rails. Statement "D" gives an analysis of disbursements for angle plates, track bolts and spikes. Statement "E" disbursements for conduits. Statement "F" is supported by sub-statements "F-1," "F-2," "F-3" and "F-4," giving analysis of disbursements on account of grading, masonry and conduit laying. Statement "G" gives analysis of disbursements under the head of engineering and superintendence.

All of these analyses were in the hands of Chandler S. Withington, Chief Engineer of the Department of Finance, before his inspection of the work, and he informs me that from such examination as he has made there appears an equivalent to the amounts alleged to have been disbursed either in construction actually done or material on the ground or material on the docks owned by the company.

In connection with the statements attached to this report I beg to call your attention to certain features of the expenditure of the said moneys by this company, namely, the large amount of material purchased and unused on August 2, 1906, and the very heavy disbursements in the last few days of July, 1906.

*Heavy Disbursements in June and July, 1906.*

An examination of the recapitulation sheet attached to this report shows the disbursements for all accounts by months from August, 1904, to August, 1906.

|  |            |
|--|------------|
| The total disbursements for 1904 were.....   | \$5,970 16 |
| The total disbursements for 1905 were.....   | 168,687 42 |
| The total disbursements from January, 1906, to and including May, 1906, were ..... | 134,544 93 |

The total disbursements for June, 1906, by days were as follows:

|              |              |
|--------------|--------------|
| June 1.....  | \$2,375 93   |
| June 4.....  | 75,495 59    |
| June 16..... | 11,629 64    |
| June 18..... | 3,916 63     |
| June 20..... | 12,655 13    |
| June 22..... | 23,742 97    |
| June 27..... | 15,782 97    |
|              | \$145,598 86 |

The total disbursements for July, 1906, by days were as follows:

|              |             |
|--------------|-------------|
| July 2.....  | \$19,995 64 |
| July 3.....  | 829 63      |
| July 5.....  | 42,044 80   |
| July 10..... | 17,356 83   |
| July 11..... | 25,603 63   |
| July 12..... | 16,936 07   |
| July 21..... | 2,427 71    |
| July 24..... | 2,731 27    |
| July 30..... | 452,321 68  |
| July 31..... | 40,425 41   |
|              | 619,772 67  |

The total disbursements for August, 1906, by days were as follows:

|               |              |
|---------------|--------------|
| August 2..... | 3,333 33     |
| Total .....   | \$768,704 86 |

It may be noted in connection with the above statement that on July 30, 1906, alone, payments were made to the amount of \$452,321.68 out of a total disbursement for two years of \$1,077,907.37, and that the total disbursements for June and July and August 2, taken together, amount to \$768,704.86, or more than 70 per cent. of the total disbursements of the company for two years.

*MATERIAL PURCHASED IN ENORMOUS QUANTITIES JUST PREVIOUS TO AUGUST 2, 1906.*

Speaking generally with regard to the work, it appears that the company's route from One Hundred and Seventy-seventh street north to the city line is approximately 23,500 feet, and that the company now owns a little more than half of the same. The

company's representatives claim that they have the remainder of their right of way under condemnation or under arrangement for private purchase. The right of way is over private property, and not on public highways. The route of the company, however, crosses many streets and avenues as laid down on the map, and it is required to cross these streets or avenues either above or below grade.

#### Bridge Superstructure (Statement "A").

The accounting shows with regard to purchases of materials for bridge superstructure that the company purchased and charged in as part of its million dollar disbursement the following amounts of bridge material for the construction of bridges for locations where the railroad company does not own its right of way on either side of the street:

|   |             |
|---|-------------|
| Sub-statement A-9, Brady Avenue Bridge.....                         | \$18,176 06 |
| Sub-statement A-10, Bronxwood Avenue Bridge.....                    | 15,859 36   |
| Sub-statement A-16, Two Hundred and Thirty-third Street Bridge..... | 11,399 27   |
| Sub-statement A-17, Eastchester Road Bridge (steel in shop).....    | 15,320 00   |
| Total .....   | \$60,754 69 |

The dates of delivery of bridge steel, as shown by the vouchers of the company, from July 23 to July 30, were as follows:

|              |              |
|--------------|--------------|
| July 23..... | \$52,991 93  |
| July 28..... | 38,353 44    |
| July 30..... | 101,997 85   |
| Total .....  | \$193,343 22 |

For the Bronxdale Avenue Bridge, where the company owns only on one side of the street, the company purchased \$15,611.32 worth of material.

#### Cross Ties (Statement "B").

It appears that sufficient cross ties were purchased by the company to equip the entire trackage between One Hundred and Seventy-seventh street and the city line. These ties are stored on a dock near the northern terminal of the road in The Bronx. An examination of Statement "B" shows that of the \$52,800 worth of these ties purchased, as noted for future use, \$45,815.70 worth of the same were shipped from Florida and Georgia ports between the 18th and 26th of July, and are recorded as having arrived in the port of New York on the 29th or the 30th of July. These ties so shipped and so received were paid for to the amount of \$45,815.70 on the 31st of July, 1906, without having been inspected.

#### Steel Rails (Statement "C").

The company purchased approximately 4,500 tons of steel rail in May, June and July of the present year. I am informed by Chief Engineer Pratt, of the company, that the steel rails purchased, delivered and now in the possession of the company are sufficient to four-track the road and provide a third rail for each track for the entire distance between One Hundred and Seventy-seventh street and the city line. It is to be remembered in this connection that the company now possesses only a little more than one-half of its right of way for which these rails were bought, and, according to the statement of the company's officials, a large part of the remainder must be secured through the process of condemnation.

#### Angle Plates, Track Bolts and Spikes (Statement "D").

These items represent purchases of materials which could not be used until the tracks were laid. The amounts of these items of material on hand are as follows:

|                    |             |
|--------------------|-------------|
| Angle plates ..... | \$12,326 02 |
| Track bolts .....  | 2,272 32    |
| Spikes .....       | 4,306 10    |
| Total.....         | \$18,904 44 |

#### Conduits (Statement "E").

The company purchased and paid (payment for the most of the same being on July 30) for conduits to the amount of \$22,041.55. These conduits are for carrying the electric wires of the company, and are now stored on a dock in The Bronx.

#### Grading, Masonry and Miscellaneous Accounts (Statement "F" and Supporting Statements).

These statements represent a very large part of the work of construction actually done up to August 2, 1906. They may be roughly divided into four items: First, work under force account, June, July and August, 1905, total amount of payment, \$64,513.64; second, payment on contract, section No. 1, from September, 1905, to July, 1906, total amount, \$137,203.75.

Included in this item of \$137,203.75 is a charge for Thatcher bars and subway steel alleged to have been purchased by the contractor for use in constructing a subway under the Bronx and Pelham parkway, on neither side of which does the company own property, and in order to use which material it would be necessary for the company to complete condemnation proceedings.

Included in this statement on section No. 1 is a charge also for idle plant of the contractor amounting to \$15,676, so that of the \$137,203.75, \$60,932.64 is for subway material as above noted and for idle plant. Included in substatement F-3 (an analysis of the estimates for section No. 2, disbursements from September, 1905, to July, 1906, inclusive) is an additional charge for idle plant amounting to \$3,835.96. Substatement F-4 is a tabulation of miscellaneous bills, amounting to \$11,417.26.

In brief, therefore, the accounting under this subdivision shows the following:

|                              | Actual Construction Work. | Material on Hand and Idle Plant. |
|------------------------------|---------------------------|----------------------------------|
| Force Account .....          | \$64,513 64               | .....                            |
| Estimate, Section No. 1..... | 66,271 11                 | \$60,932 64                      |
| Estimate, Section No. 2..... | 182,237 36                | 3,833 36                         |
| Substatement F-4 .....       | 11,417 26                 | .....                            |
| Total.....                   | \$324,439 37              | \$64,766 00                      |

#### Engineering and Superintendence (Statement "G")

This statement shows that for preliminary engineering work, office administration, counsel fees, etc., a charge is made of \$138,491.26. I am not in a position to determine whether or not this disbursement bears a reasonable percentage to the work actually done. I merely call your attention to the fact that of this amount there is a charge of \$25,316.87 for legal expenses alone.

In conclusion, I beg to call your attention to the following recapitulation of materials on hand as compared with work actually done on August 2, 1906. In this recapitulation I have not charged to materials on hand but not used any bridge material except that purchased for the construction of bridges, the construction of which was impossible at the time of purchase because of the fact that the company did not own the property on either side of the street spanned, and I have given credit for all bridge steel delivered up to August 2 for bridges over streets where the company owns on both sides of the street or on one side of the street. I have also given the company credit for payments for idle machinery, although I am informed by Chief Engineer Pratt that the reason for the idleness of the contractor's machinery was the failure of the company to acquire land on the right of way upon which they expected to use said machinery.

#### Recapitulation.

|  | Excavation and Construction Work and Bridge Material for Bridges Where Land is Wholly or Partly Owned by Railroad Company. | Material on Hand. | Total.         |
|--|--|-------------------|----------------|
| Statement A—Bridges .....                      | \$253,901 63   | \$60,754 69       | \$314,656 32   |
| Statement B—Cross ties .....                   | .....  | 52,800 00         | 52,800 00      |

| Statement F—Grading, etc. ....                 | 353,949 33   | 45,256 64         | 399,205 97     |
| Statement G—Engineering and superintendence... | 138,491 26   | .....             | 138,491 26     |
|  | \$746,342 22   | \$331,565 15      | \$1,077,907 37 |

I make no recommendation in this report nor have I taken the liberty to express any opinion, as I understood from your instructions that the accounting was solely to furnish the facts for the use of the Board of Estimate and Apportionment.

Yours respectfully,

CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

Which were ordered printed in the Minutes and placed on file.

Frederick Loeser & Co.

The Secretary presented the following:

#### To the Honorable Board of Estimate and Apportionment of The City of New York:

Frederick Loeser & Co. hereby presents this petition to the Board of Estimate and Apportionment of The City of New York to accompany and supplement a petition dated June 30, 1906, which was heretofore presented to this Board by Frederick Loeser & Co., for permission to erect and maintain a structure in Livingston street, between Elm place and Bond street, as described in said petition and as indicated upon the plan presented herewith. This present petition is for permission to maintain in addition thereto a structure under part of Livingston street lying between Elm place and Bond street, in the Borough of Brooklyn, the fee of which was acquired by The City of New York in condemnation proceedings to widen Livingston street. The structure to maintain which permission is asked is shown on the diagram accompanying this petition by the letters R. S. T. U. The original petition to the Board of Estimate, dated June 30, 1906, asked for permission to erect and maintain a structure in Livingston street as indicated on the said plan by the letters A., B., C. and D. The letters B., T., U. and L. represent a tunnel which was constructed under Livingston street by Frederick Loeser & Co., under permission received from the Department of Public Works, on December 23, 1903. Of the street under which this old tunnel runs that portion represented by the letters R., S., U. and T. was acquired by The City of New York as aforesaid; and your applicant desires permission to maintain the old tunnel under that portion of the street in connection with the proposed new tunnel.

Your petitioner therefore prays that a resolution to this effect may be incorporated and made a part of the resolution prayed for in the petition of June 30, 1906.

Dated September 19, 1906.

FREDERICK LOESER & CO.,  
By WALTER GIBB.

State of New York, County of Kings, ss.:

Walter Gibb, being duly sworn, deposes and says: That he is a member of the firm of Frederick Loeser & Co., the petitioner above named; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief; and as to those matters he believes it to be true.

WALTER GIBB.

Sworn to before me this 19th day of September, 1906.

A. D. BRITTON,  
Notary Public, Westchester County.  
Certificate filed in Kings County.

#### To the Honorable Board of Estimate and Apportionment of The City of New York:

Frederick Loeser & Co. hereby petitions this Honorable Board for permission to erect and maintain a structure in Livingston street, between Elm place and Bond street, 50 feet long by 25 feet 4 inches outside to outside, as indicated upon the annexed plan between lines A, B, C and D; 35 feet by 25 feet 4 inches outside to outside of this proposed tunnel, included between the lines A, B, E and F, is to be constructed upon land the fee of which has been acquired, either wholly or in part, by Loeser & Co.; and the 15 feet by 22 feet, shown between the lines E, C, D and F, to be constructed under the bed of that part of Livingston street acquired by The City of New York in the condemnation proceedings to widen Livingston street. The plan provides for the construction of an additional tunnel adjoining the one already constructed under Livingston street, under permit as hereinafter set forth, and connecting the premises of Frederick Loeser & Co. on the northerly side with their premises on the southerly side of Livingston street. That portion of Livingston street indicated on said plan within the lines marked E, F, G and H, represents the 50 foot street as originally laid out and existing prior to the proceedings for the widening of Livingston street. The fee of the northerly half of this piece was acquired by Loeser & Co. by two deeds, one from the New York Life Insurance and Trust Company as executors, etc., and the other from G. P. Taylor, trustee, etc., of Townsend. Loeser & Co. also acquired one-half of the fee of the southerly half of the said fifty feet of the former bed of Livingston street by deed. The original deeds or certified copies and proof of record thereof will be submitted; also a certificate of the Title Guarantee and Trust Company showing the ownership of the fee of the street.

The said plan submitted herewith shows the location and dimensions of the said passageway and that the roof thereof will be below the water and gas mains and electric conduits. The sewer has already been cut for the construction of the tunnel joining the one for which application is hereby made, which tunnel was completed about the day of July, 1904. It is proposed to further cut off 22 feet of the above mentioned sewer. This will not affect the grade of the sewer, as it was raised to grade towards Elm place in the construction of the old tunnel.

The lines B, T, U and L represent the tunnel as at present constructed under Livingston street. Permission to construct this tunnel was received from the Department of Public Works on December 23, 1903. The lines K, L, A, H, B and G show the vaults which are at present constructed from the building line to the curb line. These vaults are constructed within the part of Livingston street which is owned in fee by Frederick Loeser & Co.

This present application as herein made is therefore for leave to maintain a structure in that portion of Livingston street owned by The City of New York, adjoining the tunnel already constructed, joining that portion of Livingston street which Loeser & Co. owns in fee with their premises on the southerly side of Livingston street. Frederick Loeser & Co. own the premises on the southerly side of Livingston street, and it is for the purpose of connecting such premises with their store on the northerly side of the said street that this proposed tunnel is to be constructed.

At the present time, and for many years, Livingston street has been necessarily used by Loeser & Co. for delivery purposes, and as a result they have occupied a large

portion of this street by their delivery wagons, and it is hoped that by the construction of this tunnel the present congestion of Livingston street will be considerably relieved.

Your petitioner will give a bond to be fixed by the Board of Estimate to hold The City of New York harmless during the construction of the tunnel as applied for in this petition and to hold The City of New York harmless from any claims and demands growing out of its maintenance, and your petitioner will make the construction under the supervision of the Engineer of the Board of Estimate.

Wherefore your petitioner prays that a resolution may be passed by the Board of Estimate permitting the construction of the tunnel as above described.

Dated June 30, 1906.

FREDERICK LOESER & CO.,  
By JOHN RICHMOND GIBB.

State of New York, County of Kings, ss.:

John Richmond Gibb, being duly sworn, deposes and says: That he is a member of the firm of Frederick Loeser & Co., the petitioner herein; that he has read the foregoing petition and knows the contents thereof and that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

JOHN RICHMOND GIBB.

Sworn to before me this 30th day of June, 1906.

[SEAL.] E. J. HANFORD,  
Notary Public, Kings County.

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,  
October 10, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

SIR—The firm of Frederick Loeser & Co., under date of June 30, 1906, has made application to the Board of Estimate and Apportionment for permission to construct and maintain a tunnel under and across Livingston street, between Bond street and Elm place, in the Borough of Brooklyn, in order to connect the properties owned by the firm on both sides of Livingston street.

A supplementary application, dated September 19, 1906, has also been presented to the Board for the right to maintain and use that portion of an existing tunnel which was constructed in Livingston street by Frederick Loeser & Co., the fee of which has since been acquired by The City of New York under condemnation proceedings to widen Livingston street.

The location of both tunnels is shown on a plan accompanying the petitions, entitled:

"Plan showing the location of proposed tunnel connecting the properties of Frederick Loeser & Co., Nos. 229 to 255 and Nos. 252 and 254 Livingston street, Borough of Brooklyn, to accompany application to the Board of Estimate and Apportionment, dated June 30, 1906, signed Frederick Loeser & Co., by Walter Gibb."

Loeser & Co. claim the fee in that portion of Livingston street, 50 feet in width, as originally laid out and existing prior to its widening, and have presented a certificate from the Title Guarantee and Trust Company showing that the title to one portion of the street is vested in Arthur Gibb and Walter Gibb, co-partners in the firm of Frederick Loeser & Co., and that an undivided one-half of another portion is vested in said Arthur Gibb and Walter Gibb, the other undivided one-half being vested in Anna A. Duffield, or her heirs or devisees.

The firm of Loeser & Co. proposes to construct and maintain the new tunnel between Bond street and Elm place across the 50-foot width of Livingston street, as it existed before widening, under a permit to be obtained from the President of the Borough, by right of their ownership of the fee in said property.

They also propose to construct and maintain that part of the tunnel between the south curb line and the south building line of Livingston street under a similar permit, and request permission from the Board of Estimate and Apportionment to use the intervening strip, fifteen (15) feet wide, in the roadway of Livingston street, as widened, between the old south building line and the new south curb, marked C, D, E, F on plan.

Upon a similar application made by Abraham & Straus in 1905 for a tunnel under Livingston street, the Board gave a revocable consent, under advice of the Corporation Counsel.

The present case of Frederick Loeser & Co. differs somewhat from that of Abraham & Straus, in that the latter firm held title to the entire area covered by Livingston street, as originally opened and laid out, while there is a small interest in the portion under consideration still held, as shown by the Title Guarantee and Trust Company, by other parties than Loeser & Co. These interests are provided for in the conditions and terms of the consent, as offered by the accompanying resolution.

Copies of the application of June 30, 1906, and the accompanying plan were forwarded to the President of the Borough of Brooklyn and to the Commissioner of Water Supply, Gas and Electricity, with the request that these officials have the project examined by the respective bureaus in their departments, with a view to ascertain if there were any objections to granting consent for the construction or any special conditions which should be added to the usual form of consent for similar privileges.

The President of the Borough replied, calling attention to the necessity of constructing a new manhole at the end of the sewer after a section has been abandoned, the work to be done at the expense of Loeser & Co. This is provided for in the usual conditions.

The Commissioner of Water Supply, Gas and Electricity, under date of September 28, 1906, returned a copy of the plan presented, approved by John W. McKay, Acting Chief Engineer of the Department for the Borough of Brooklyn.

The proposed new tunnel will be constructed west of and alongside of the existing tunnel. This existing tunnel was built under a permit issued by the Department of Public Works on December 23, 1903, being completed during July, 1904, and extends from the original northerly curb of Livingston street to and beyond the southerly building line of Livingston street, as now established by the City, shown by B, X, L, Y.

The width of Livingston street as originally laid out was 50 feet, and the street as widened is now 80 feet. The additional 30 feet was acquired by condemnation proceedings, and the title vested in the City November 11, 1905, payment amounting to \$120,171, being made to Loeser & Co. for the parcel of land taken and consequent damages.

By these proceedings the City acquired ownership in the portion of the tunnel between the old southerly building line to the new southerly building line, a length of 30 feet, R, S, X, Y.

By an ordinance adopted by the Board of Aldermen, March 13, 1906, the width of the roadway of Livingston street was established at 50 feet and the width of the sidewalks at 15 feet. The portion of the existing tunnel in the roadway of Livingston street is therefore 15 feet, the remaining 15 feet being under the sidewalk, and therefore under the jurisdiction of the President of the Borough of Brooklyn.

I have no objections to offer to the applications and would suggest that consent be given in each case for a term of twenty-five years from the time the title to the additional width of Livingston street vested in The City of New York, to wit, November 11, 1905, but revocable at the pleasure of the Board of Estimate and Apportionment or its successors in authority upon six months' notice in writing to Frederick Loeser & Co.

The existing tunnel is reported to have cost \$145 per linear foot, and the length of that portion which has become the property of The City of New York under condemnation proceedings is thirty (30) feet, making the value of the tunnel belonging to the City \$4,350. An annual rental charge of five (5) per cent. is suggested on this valuation, which would amount to \$217.50. The area of the roadway of Livingston street occupied by the tunnel is 19 feet 4 inches by 15 feet, or 290 square feet; this, at an average valuation of the abutting properties of \$5.33 per square foot, will make a total valuation of \$1,545.70. The annual compensation charged for tunnels under the streets to be used as a passageway for employees and for transferring goods is eight (8) per cent. of the valuation of the area occupied, amounting in this case to \$123.65. Adding this amount to the rental for the tunnel makes a total of \$341.15.

I would therefore suggest that an annual compensation of \$341 be charged for the use and maintenance of that portion of the existing tunnel belonging to the City south of the former building line of Livingston street, with a five (5) per cent. increase for each succeeding term of five years. On this basis the charges should be as follows:

During the first term of five years the annual sum of \$341.  
During the second term of five years the annual sum of \$358.  
During the third term of five years the annual sum of \$376.  
During the fourth term of five years the annual sum of \$395.  
During the fifth term of five years the annual sum of \$415.

Compensation should date from November 11, 1905, the date at which the title vested in The City of New York.

The firm of Loeser & Co. has obtained the necessary permit for the construction of that portion of the new tunnel marked A, B, E, F on plan which comes within the original lines of Livingston street, and in which it claims the fee from the President of the Borough of Brooklyn.

The proposed new tunnel is to occupy a space 25 feet and 4 inches wide outside to outside by 15 feet long under the roadway of Livingston street between the former southerly building line and the new southerly curb line, marked C, D, E, F on plan, the fee of which belongs to The City of New York. This is an area of 380 square feet, which, at an average valuation of the abutting properties of \$5.33 per square foot, amounts to \$2,025. The annual charge for the use of such area being eight (8) per cent. of this amount, will be \$162.

I would therefore suggest that the annual compensation for the consent to construct, maintain and use the new tunnel be fixed at \$162, with an increase of five (5) per cent. for each succeeding five years. On this basis the charges will be as follows:

During the first five years the annual sum of \$162.  
During the second five years the annual sum of \$170.  
During the third five years the annual sum of \$178.  
During the fourth five years the annual sum of \$187.  
During the remainder of the term the annual sum of \$197.

Compensation to commence upon the date of the approval of the consent by the Mayor and terminate on or before November 11, 1930.

The applicant should also pay such fees for the opening of the street as may be determined by the President of the Borough of Brooklyn.

I would also suggest that the firm of Frederick Loeser & Co. shall deposit the sum of five hundred dollars (\$500) in money or securities to be approved by the Comptroller, to be deposited with him as security for the faithful performance of the terms and conditions of the consent in each case.

I transmit herewith resolutions covering each individual case for adoption by the Board.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, The firm of Frederick Loeser & Co. represents that it owns properties on both sides of Livingston street, in the Borough of Brooklyn, as widened to eighty (80) feet, and a portion of the fee in Livingston street as originally laid out, having a width of fifty (50) feet, between Bond street and Elm place; and

Whereas, The said firm of Frederick Loeser & Co. constructed a tunnel under a permit issued by the President of the Borough of Brooklyn, dated December 23, 1903, under and across said Livingston street as originally laid out, and beyond into their property on the southerly side of said Livingston street, the said tunnel being the property of said Frederick Loeser & Co.; and

Whereas, A certain portion of said tunnel between the former southerly line of said Livingston street and the southerly line as now established, a distance of thirty feet, marked R, S, X, Y on plan, became the property of The City of New York, under

the condemnation proceedings brought for the purpose of widening Livingston street, title passing to The City of New York November 11, 1905; and

Whereas, The said firm of Frederick Loeser & Co. has made application to the Board of Estimate and Apportionment of The City of New York, under date of September 19, 1906, for permission to maintain and use that portion of the present tunnel under said Livingston street, which is now the property of The City of New York; now therefore be it

Resolved, That the consent of the Corporation of The City of New York, by its Board of Estimate and Apportionment, be and the same is hereby given to the firm of Frederick Loeser & Co., the owner of certain properties on the northerly and southerly sides of Livingston street, between Bond street and Elm place, in the Borough of Brooklyn, City of New York, to maintain and use a certain portion of a tunnel already constructed, and designated on the accompanying plan by letters R, S, X, Y, belonging to The City of New York, having been acquired under condemnation proceedings, title vesting in the City November 11, 1905, said portion lying between the former southerly line and the now established southerly line of said Livingston street.

The tunnel is to be used as a passageway and for transferring merchandise between the buildings owned by the said firm on both sides of the street. The said tunnel is 19 feet and 4 inches wide, outside to outside, the easterly face being 121 feet westerly from the westerly line of Bond street, and is designated on the plan by the words "Present Tunnel." The location of said tunnel is shown upon a plan accompanying the application, entitled:

"Plan showing location of proposed tunnel connecting the properties of Frederick Loeser & Co., Nos. 229 to 255 and Nos. 252 and 254 Livingston street, Borough of Brooklyn, to accompany application to the Board of Estimate and Apportionment, dated June 30, 1906,"

—signed Frederick Loeser & Co., by Walter Gibb, a copy of which is hereto attached and made a part hereof.

The consent hereby granted is subject to the following terms and conditions:

1. Said consent shall be for a period of twenty-five (25) years from the date at which the tunnel became the property of The City of New York, to wit, November 11, 1905, providing, however, that the same may be canceled and annulled upon six months' notice in writing to the said firm of Frederick Loeser & Co., its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of said firm, its successors or assigns, to the use of said tunnel in the aforesaid portion of Livingston street shall cease and determine.

2. The said firm of Frederick Loeser & Co., its successors or assigns, shall pay into the Treasury of The City of New York the following sums of money as compensation for the use of said tunnel:

During the first five years, the annual sum of \$341.  
During the second five years, the annual sum of \$358.  
During the third five years, the annual sum of \$376.  
During the fourth five years, the annual sum of \$395.  
During the fifth five years, the annual sum of \$415.

Such sums shall be paid into the Treasury of The City of New York, in advance, on November 1 of each year. The compensation herein proposed shall commence from November 11, 1905, at which date the title vested in The City of New York. The first payment shall be due November 1, 1906, and shall cover the period from November 11, 1905, to November 1, 1907. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter to be paid under any ordinance of The City of New York or by any laws of the State of New York.

3. Upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns, shall vacate and deliver, in perfect condition, and repair, the tunnel described in this consent. And the said grantee shall at its own cost and expense keep the said tunnel in perfect condition during the term of occupancy.

4. The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, or any rights therein pass to any other person, firm or corporation, either by the acts of said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority.

5. The grantee, its successors or assigns, shall allow to The City of New York a right of way through, under or above any part of the tunnel occupied under the consent hereby granted, for any substructures which may be placed by The City of New York in that portion of Livingston street occupied by said tunnel.

6. The said tunnel and any pipes and conduits laid therein shall be maintained and used subject to the supervision and control of the proper authorities of The City of New York, and shall be open at all times for inspection by all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

7. This consent is subject to whatever right, title or interest the owners of property abutting on said Livingston street or others may have in or to said street.

8. Said grantees shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the maintenance and operation of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either persons or property on account of this consent.

9. This consent is granted on the further and express condition that all laws and ordinances now in force, or which may hereafter be adopted shall be strictly complied with.

10. This consent shall not become operative until the grantee shall have obtained from the President of the Borough of Brooklyn a permit to occupy and use that portion of the tunnel located under the southerly sidewalk on said Livingston street.

11. This consent is upon the express condition that the said grantee, within thirty days after its approval by the Mayor, and before anything is done in the exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge and the repairs of the tunnel and street pavement. In case of default in the performance by said grantee of any of such terms and conditions The City of New York shall have the right to cause the materials to be furnished and the work to be done for making the necessary repairs, after ten days' notice in writing, and shall collect the reasonable cost thereof from said fund without legal proceedings; or, in case of default in the payment of the annual charges, shall collect the same with interest from such fund after ten days' notice in writing to said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty (30) days' notice in writing pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default of the payment thereof the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of

The City of New York acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

12. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the use, maintenance and operation of the tunnel herein described.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the firm of Frederick Loeser & Co., the owner of certain lands on the northerly and southerly sides of Livingston street, between Bond street and Elm place, in the Borough of Brooklyn, City of New York, to construct a tunnel under that portion of said Livingston street owned by The City of New York, the said portion being a strip 15 feet by 25 feet 4 inches, between the former southerly line of Livingston street and the now south curb line of Livingston street, as widened, marked C, D, E, F on plan. The location of the proposed tunnel is shown upon a plan accompanying the application and entitled:

"Plan showing location of proposed tunnel connecting the properties of Frederick Loeser & Co., Nos. 229 to 255 and Nos. 252 and 254 Livingston street, Borough of Brooklyn, to accompany application to the Board of Estimate and Apportionment, dated June 30, 1906,"

—signed Frederick Loeser & Co., by Walter Gibb, a copy of which is hereto annexed and made a part hereof upon the following terms and conditions:

1. Said consent shall be for a term not extending beyond November 11, 1930, providing, however, that the same may be canceled and annulled upon six months' notice in writing to the firm of Frederick Loeser & Co., its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of said firm, its successors or assigns, in and upon the aforesaid portion of Livingston street shall cease and determine.

2. The said firm of Frederick Loeser & Co., its successors or assigns, shall pay into the Treasury of The City of New York the following sums of money:

During the first five years, the annual sum of \$162.  
During the second five years, the annual sum of \$170.  
During the third five years, the annual sum of \$178.  
During the fourth five years, the annual sum of \$187.

During the remainder of the term until November 11, 1930, the annual sum of \$197.

Such sums shall be paid into the Treasury of The City of New York on November 1 of each year, provided, however, that the first payment shall be only such portion of \$162 as the time between the approval of this consent and November 1 following shall bear to the whole year. The compensation herein proposed shall commence from the date of approval hereof by the Mayor, and shall be paid annually in advance. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter to be paid by any ordinance of The City of New York or by any law of the State of New York.

3. Upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns, shall, at its own cost, cause the tunnel to be removed and all that portion of Livingston street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York, or its duly authorized representatives. If the tunnel to be constructed by the said grantee under this permit shall not be required to be removed it is agreed that the said tunnel shall become the property of The City of New York.

4. The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority.

5. The said grantee shall pay the entire cost of—

- The construction and the maintenance of the tunnel.
- The protection of all surface and subsurface structures which shall in any way be disturbed by the construction of the tunnel.
- All changes in sewers or other subsurface structures made necessary by the construction of the tunnel, including the laying or relaying of pipes, conduits, sewers or other structures.
- The replacing or restoring the pavement in said street which may be disturbed during the construction of said tunnel.
- Each and every item of the increased cost of any future substructure caused by the presence of said tunnel under this consent.
- The inspection of all work during the construction or removal of the tunnel, as herein provided, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction shall be begun the grantee shall obtain permits to do the work from the President of the Borough of Brooklyn, and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed upon the grantee by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans which shall include and show in detail the method of construction of such tunnel and the mode of protection or changes in all subsurface structures required by the construction of the tunnel.

7. The grantee, its successors or assigns, shall allow to The City of New York a right of way through, under or above any part of the tunnel constructed under the consent hereby granted for any and all subsurface structures which are now or may be hereafter placed by The City of New York in that portion of Livingston street occupied by said tunnel.

8. The said tunnel and any pipes and conduits laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. The said tunnel shall be open at all times to the in-

spection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to Livingston street.

10. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of the consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee, its successors or assigns, shall commence the construction of said tunnel under this consent and complete the same within twelve months from the date of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding three months.

13. This consent is upon the express condition that the said grantee, within thirty days after its approval by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500), either in money or in securities, to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge and the repairs of the street pavement. In case of default in the performance by said grantee of any of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten days' notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or in case of default in the payment of the annual charges, shall collect the same with interest from such fund, after ten days' notice, in writing, to the said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default of the payment thereof, the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

14. Said grantee shall give notice to the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin construction of the work hereby authorized, at least forty-eight hours before such construction commences. The grantee shall also give to the Board of Estimate and Apportionment notice, in writing, of the date on which the work is commenced, and also the date on which the same is completed.

15. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the tunnel hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens' and Richmond—15.

#### *Spuytan Duyvil and Port Morris Railroad Company.*

In the matter of the application of the Spuyten Duyvil and Port Morris Railroad Company to make certain changes in its line at Spuyten Duyvil.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,  
October 8, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On January 10, 1905, a resolution was adopted by the Board of Aldermen granting permission to the Spuyten Duyvil and Port Morris Railroad Company to make certain changes in its line at Spuyten Duyvil, in the Borough of The Bronx, upon terms to be approved by the Board of Estimate and Apportionment. This resolution was approved by the Mayor on January 17, 1905, and thereafter referred to the Board of Estimate and Apportionment.

Several reports were made by the Bureau of Franchises and presented by the Comptroller to the Board, proposing terms and conditions which should be complied with by the railroad company for the right to make such changes, and on April 14, 1905, the Board finally adopted the terms and conditions which should be imposed. No action has been taken since this time, as the railroad company declined to comply with the conditions.

At the meeting of the Board of Estimate and Apportionment (Public Improvements) held February 9, 1906, a communication was received from J. J. McKelvey, Secretary of the Park District Protective League, of Spuyten Duyvil, requesting that this matter of the change in route be again taken up by the Board, as it was claimed that the operation of the railroad in the tunnel would be of benefit to the surrounding property. Likewise the communication suggested that in place of some of the conditions imposed by the Board upon the first application, certain other conditions be imposed in lieu thereof, which it was claimed would be of more advantage to the district, and suggesting as one condition that the railroad company should cede a right of way along the northerly side of its tracks upon which a viaduct could be constructed connecting the point at Spuyten Duyvil with Marble Hill, and thereby making a direct connection between the Spuyten Duyvil section and the Union station of the New York Central and Hudson River Railroad and the Interborough Rapid Transit Railroad at Broadway.

This matter was referred to the Chief Engineer, Mr. Lewis, who reported that he believed that the suggestions were worthy of serious consideration by the Board, and recommended that the matter be referred to the Bureau of Franchises, which had conducted all previous negotiations upon the first application by the railroad company.

Thereafter I took up the question with Mr. McKelvey, and he has held several conferences with the officials of the railroad company, and secured from them a tentative offer as to what they will be willing to do in consideration of the granting of the new route required.

The situation is somewhat different than originally proposed, in that the company desires to keep its original right of way and use the same for a siding and for the storage of cars, whereas the first application was for a change of route, with the understanding that the original right of way should be abandoned.

I have gone carefully over the offer of the railroad company, as presented by Mr. McKelvey, and it would seem that it might be possible to reach an agreement along the lines suggested. The procedure, however, necessary, is as follows:

1. That the railroad company shall make formal application to the Board of Estimate and Apportionment for the right to construct, maintain and operate a four-track railroad from a point in its present right of way easterly of the former Kingsbridge road, now closed, in a westerly direction under Spuyten Duyvil road, the two branches of Johnson avenue, and again under Spuyten Duyvil road to the intersection of its present right of way.

The original plan for change of line was made to the Board of Aldermen, and since that time the law has been changed, which would require a new application to be made to the Board of Estimate and Apportionment.

2. That the Park District Protective League should make application to the Board of Estimate and Apportionment:

- For the laying out of the necessary streets to carry the scheme of the viaduct as proposed.
- For the change in grade of the two branches of the Spuyten Duyvil road, in order that the tunnel may be constructed.
- For a removal from the map of the unnamed street lying immediately to the north of the present right of way of the railroad, and extending easterly from the Spuyten Duyvil Station to the Spuyten Duyvil road.
- To lay out a new drainage street from Johnson avenue to Spuyten Duyvil road to take the place of the drainage street now laid out between said streets, which will be impossible of construction owing to the existence of the tunnel. It may also be necessary to secure one or more easements under the railroad property from the Spuyten Duyvil road for future sewers.

I would therefore recommend that the Board advise the railroad company that it should make the necessary application in the form of a verified petition, to be accompanied by a map showing the changes proposed, and that the Park District Protective League be advised to confer with the President of the Borough of The Bronx, in order that the proper map for the changes of plan of the street system may be prepared.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The Chair stated that, without objection, the Secretary would notify the company and advise the Park District Protective League accordingly.

There being none, it was so ordered.

#### *Nassau Electric Railroad Company.*

In the matter of the application of the Nassau Electric Railroad Company for a franchise to construct, maintain and operate a double track street surface railroad on Livingston street and Lafayette avenue, in the Borough of Brooklyn, and upon which report was presented to the Board by the Bureau of Franchises, and the matter referred to the Committee of the Whole, which Committee did, on October 5, request the President of the company to present his objections in writing to the report submitted by the Bureau of Franchises.

The Secretary presented the following:

BROOKLYN RAPID TRANSIT COMPANY,  
No. 168 MONTAGUE STREET,  
BROOKLYN, N. Y., October 5, 1906.

To the Board of Estimate and Apportionment, No. 277 Broadway, Borough of Manhattan:

SIR—In compliance with your verbal request of today, I beg to answer as to the attitude of this company concerning the terms proposed by Harry P. Nichols, Assistant Engineer of the Bureau of Franchises, to apply to the granting of a franchise to this company to lay and operate tracks in Lafayette avenue and Livingston street, Borough of Brooklyn, as shown on map attached to the Assistant Engineer's report.

As I understand, you desire me to take up seriatim the various conditions proposed by Mr. Nichols, beginning on page 32 of the report referred to.

#### *Section 1.*

Grant of right to the Nassau company, description of route, map referred to.

Accepted.

#### *Section 2.*

First—Consents of property owners must be obtained within six months, or appeal to court must be made within two months thereafter; otherwise, rights to cease.

Accepted.

Second—Term, ten years; renewal ten years, upon revaluation and appraisals, etc.

While we feel that ten years is too brief a term, for the interest of the company and the public alike, we would accept a franchise for that period.

Third—Upon termination of contract, rights to cease, to become the property of the City, or to be removed.

Accepted; with the amendment that the tracks shall become the property of the City upon due compensation to the Nassau Company or shall be removed by the owning Company upon demand by the City if no new franchise be granted or the old one extended. If franchise be given to a new company the Nassau Company to be compensated for the then value of tracks, overhead work.

Fourth—Compensation, \$33,150 per annum, to be not less than 3 per cent. and 5 per cent. of the gross receipts, computed as per railroad law. Compensation not to be considered a tax.

Not accepted.

Fifth—Annual charge to be maintained throughout term of contract.

Included in above.

Sixth—Rights not to be assigned.

Rights not to be assigned except to companies now or hereafter belonging to the Rapid Transit system.

Seventh—City has right to grant similar privileges. Tracks may be used by other companies upon compensation to Nassau Company. Nassau Company shall not object to City using tracks. City may use tracks without compensation to Nassau Company.

Accepted with the proviso that due compensation shall be made to the Nassau Company by the City if it should make use of its tracks and other property.

Eighth—Tracks to be constructed so as to admit of operation by underground system, and shall be so operated upon one year's notice by the City.

Not accepted because it would burden the Company with large additional cost, and produce what for the present at least would be of no use.

Ninth—Commencement and completion of railroad.

Construction would be commenced and completed without undue delay.

Tenth—Construction under control of City authorities.

Accepted.

Eleventh—Accepted.

Twelfth—Fare not to exceed five cents between all points on the Nassau system or branches thereto. Rates for carrying property shall be reasonable.

Not accepted.

Thirteenth—Nassau Company to operate cars as often as reasonable convenience may require.

Accepted.

Fourteenth—Fenders must be provided for cars.

Accepted.

Fifteenth—Cars must be heated.

Accepted.

Sixteenth—Watering of roadbed.

Accepted.

Seventeenth—Cars must be lighted.

Accepted.

Eighteenth—Company must remove snow and ice.  
Same rule to apply on Livingston street respecting snow and ice that governs on other streets in that district.  
Nineteenth—Company must keep in repair pavement to five feet on each side of track.  
Company to keep in repair pavement to two feet on each side of the track.  
Twentieth—City may sue for forfeiture.  
Accepted.  
Twenty-first—Fine of \$50 per day for insufficient service.  
Not accepted; the company will agree to exercise its best efforts to meet the requirements of the public concerning service.  
Twenty-second—City to assume no liability of damages of construction or operation.  
Accepted.  
Twenty-third—\$10,000 deposit to secure performance of conditions.  
Not accepted; the City can enforce conditions of contract.

## Section 3.

## Conditions for Transit Company.

With reference to section 3, paragraphs 1 to 5 inclusive, and section 4, paragraph 1, both of which relate to and involve other companies of the Brooklyn Rapid Transit system, I beg to state that each railroad company of the system has different stockholders or is controlled by different contracts, and as trustees for such stockholders or as parties to such contract the Brooklyn Rapid Transit Company or its constituent companies must not sacrifice the rights or interest of one railroad company of its system in order to obtain privileges for another. Each application should, in our opinion, stand by itself, and the conditions attaching to it should not be unnecessarily connected with or modify rights or privileges held by other companies under existing franchises.

For the above reason, and for the following reasons given under the paragraphs of section 3, the companies comprising the Brooklyn Rapid Transit system are unable to accept any of the terms or conditions set forth in paragraphs 1 to 5 of section 3, and paragraph 1, section 4.

## First—Transit Company to enter into contract with Bridge Commissioner.

Not accepted. The companies of the Brooklyn Rapid Transit system are desirous of improving the facilities for service over the Bridge and have recently submitted a plan to the Commissioner of Bridges which is regarded as better than the one recommended in this report.

## Second—Transit Company to construct certain pieces of track.

Not accepted; because it would interfere with the operation of the cars of this company.

## Third—Transit Company to remove certain tracks.

Not accepted for the same reason.

## Fourth—Transit Company to guarantee five cent fare between all points in Brooklyn.

Not accepted.

## Fifth—Transit Company to deposit \$100,000 security.

Not accepted. The following of such a precedent would be unduly burdensome to the company and needlessly tie up a large amount of capital needed in the development of property. Further, there is no need for such security, as the City has its remedy in the enforcement of the terms and conditions of the contract finally entered into.

## Section 4.

## Conditions for the Brooklyn Company:

First—The Brooklyn Company to apply for and accept franchise in Fulton and Liberty streets.

Not accepted for the reason given as to Section 3, second and third conditions.

## Section 5.

Conditions of Article 4 of the Railroad Law not inconsistent with this contract to be complied with by the Nassau Company.

Accepted.

## Section 6.

Nassau Company agrees to abide by all terms and conditions.

Accepted.

Complying with your further request that I state to the Board the conditions under which this company would be able to avail itself of the privilege of a franchise in Livingston street, I beg to say that we stand ready to build the tracks, overhead work and other appurtenances necessary to first-class construction of the line designated in our application of June 2, 1905, to your Honorable Board, and to operate the same to our best ability for the relief of that most congested district of Brooklyn, and to faithfully comply with all reasonable and lawful requirements as to the character of service or any other matter pertaining to the business in question.

We believe that upon due consideration it will be your conclusion that in doing this we would take our full share of the cost of the Livingston Street Improvement.

Respectfully,

E. W. WINTER, President.

Which was referred to the Committee of the Whole.

## George J. Hoster.

An application was received from George J. Hoster for permission to construct, maintain and operate a single track railroad spur from the tracks of the New York Central and Hudson River Railroad Company on Eleventh avenue and Thirty-fourth street to the premises of the petitioner, situated on the northeast corner of Eleventh avenue and West Eighty-fourth street, in the Borough of Manhattan.

Which was referred to the Bureau of Franchises for investigation and suggestions.

## American Express Company.

An application was received from the American Express Company for permission to construct, maintain and operate a single track railroad spur to connect the premises of the petitioner at Bronx Park, on the east side of Webster avenue, and approximately 400 feet south of the Southern Boulevard, with the existing tracks of the Union Railway Company in front of said premises.

Which was referred to the Bureau of Franchises for investigation and suggestions.

## New York and Queens County Railway Company.

Protests were received from Charles H. Hawley, Richard J. Shannon and others against the construction of a street surface railway on Parsons avenue, Ash street and Percy street, in the Borough of Queens.

Which were referred to the Bureau of Franchises.

## Seaboard Refrigeration Company.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,  
October 2, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On September 14, 1906, the Board of Estimate and Apportionment adopted a resolution granting an extension of time to the Seaboard Refrigeration Company in which to make certain payments, as required by the provisions of the contract granting a franchise to this company.

The resolution provided that the extension of time should not take effect unless the company filed with the Board, within thirty (30) days after the approval of the resolution, an agreement in writing wherein it would state that the consent of the Board to the extension of time should not in any wise change, alter or amend any of the other terms, conditions or requirements of the contract.

This resolution was approved by your Honor September 19, 1906.

The Seaboard Refrigeration Company has this day filed the aforesaid agreement, duly executed by its president and secretary, for and on behalf of the company.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Agreement made and entered into the 1st day of October, 1906, by and between the Seaboard Refrigeration Company and the Corporation of The City of New York.

Whereas, The Board of Estimate and Apportionment did, by resolution adopted June 15, 1906, approved by the Mayor June 22, 1906, grant to the Seaboard Refrigeration Company the franchise, right or privilege to construct, maintain and operate a conduit not to exceed 18 inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, under and along certain streets and avenues in the Borough of Brooklyn, and designated therein; and

Whereas, A contract containing certain terms and conditions to govern the aforesaid franchise, right or privilege was executed by Charles E. Booth, President, and Henry Guttin, Secretary, on the 22d day of June, 1906, for and on behalf of the Seaboard Refrigeration Company, and by the Hon. Patrick F. McGowan and P. J. Scully, the Acting Mayor and City Clerk of The City of New York, for and on behalf of said City, on July 6, 1906; and

Whereas, "Section 2, Third" provides that the company shall pay to The City of New York "five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract"; and

Whereas, "Section 2, Twenty-second" provides that "this grant is upon the express condition that the company, within thirty (30) days after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars (\$5,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the company of the terms and conditions of this grant \* \* \*"; and

Whereas, The Seaboard Refrigeration Company, in a petition dated August 3, 1906, requests an extension of time in which to comply with the provisions of "Section 2, Third" and "Section 2, Twenty-second" of the aforementioned contract; and

Whereas, The Board of Estimate and Apportionment of The City of New York, on the 14th day of September, 1906, by resolution duly adopted, duly consented to an extension of time up to and including November 1, 1906, for the company to comply with the provisions of "Section 2, Third" and "Section 2, Twenty-second"; and

Whereas, In and by said resolution, it was further provided that said consent should not become operative until said Seaboard Refrigeration Company should duly execute, under its corporate seal, an instrument in writing to the satisfaction of the Board of Estimate and Apportionment and file the same in the office of said Board within thirty (30) days from the passage of the said resolution granting the said requested extension. In and by said instrument in writing, the company should promise, covenant and agree that the consent of the Board of Estimate and Apportionment so given to the extension of time, should not in any way change, alter or amend any of the terms, conditions and requirements in the contract fixed and contained and heretofore duly executed by said company.

Now, therefore, in consideration of the premises and of the consent of the Board of Estimate and Apportionment to the extension of time up to and including November 1, 1906, to the Seaboard Refrigeration Company, and in consideration of the sum of one dollar (\$1) by the Corporation of The City of New York to the said Seaboard Refrigeration Company in hand paid, receipt whereof is hereby acknowledged, the said Seaboard Refrigeration Company doth covenant and agree to and with the said Corporation of The City of New York to accept, and it hereby does accept all the terms, conditions, requirements and provisions of said resolutions of the Board of Estimate and Apportionment of The City of New York, passed September 14, 1906, granting the consent of said Board to said extension of time up to and including November 1, 1906.

Said Seaboard Refrigeration Company further covenants and agrees that all the terms, provisions and conditions in said contract, dated June 22, 1906, contained, excepting only the time specified in "Section 2, Third" and "Section 2, Twenty-second" shall apply to the grant, franchise or right to said Seaboard Refrigeration Company as specified in the aforesaid contract with the same force and effect as they originally applied, and are specified in the contract dated June 22, 1906, and as if the extension of time up to and including November 1, 1906, had been specifically designated in said contract dated June 22, 1906.

Said Seaboard Refrigeration Company further covenants and agrees that the said consent of the Board of Estimate and Apportionment as given to said extension of time up to and including November 1, 1906, shall not in any wise change, alter or amend any of the terms, conditions and requirements in the said contract of June 22, 1906, fixed and contained, and heretofore duly executed by said Seaboard Refrigeration Company, excepting only said change in "Section 2, Third" and "Section 2, Twenty-second" as hereby consented to, and that said contract of June 22, 1906, shall remain in full force and effect except as expressly stated in the resolutions of the Board of Estimate and Apportionment consenting to said extension of time.

In witness whereof, The said Seaboard Refrigeration Company has caused these presents to be signed in its name and behalf and its corporate seal to be hereunto affixed by its president, the day and year first above written.

[SEAL.]

Attest:

HENRY GUTTIN, Secretary.

CHARLES E. BOOTH, President.

State of New York, City and County of New York:

On the 1st day of October in the year one thousand nine hundred and six, before me personally came Charles E. Booth, to me known, who being by me duly sworn did depose and say: That he resided in The City of New York; that he is the President of the Seaboard Refrigeration Company, the corporation described in and which executed the above instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was said corporate seal; that it was so affixed by order of the Board of Directors of said corporation and that he signed his name thereto by like order.

SARAH E. SINNIGAR, Notary Public, Kings County,  
Certificate filed New York County.

Approved as to form:

JOHN J. DELANY, Corporation Counsel.

Which was ordered printed in the minutes and filed.

The Secretary presented the following communications, viz:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
No. 320 BROADWAY, NEW YORK,  
October 11, 1906.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Rapid Transit Act, as amended by chapter 472 of the Laws of 1906, provides that as soon as the necessary consents have been obtained for any rapid transit railroad, or railroads, and the detailed plans and specifications have been prepared, this Board for and in behalf of the City shall enter into a contract for the construction of such road, or roads. The Board may in any case contract for the construction of the whole road, or all the roads, provided for by the aforesaid plans in a single contract, or by separate contracts executed from time to time, or at the same time (section 34, Rapid Transit Act).

By section 34-a of the act the Board, subject to the approval of your Board, is given full power and authority to provide for the maintenance, supervision, care and operation of the railroad, or railroads, so constructed, and may enter into a contract for the maintenance and operation of such road, or roads, for a term of years not to exceed twenty years. Such contract for maintenance and operation must provide for payment of rental, and it may provide for a renewal, or renewals, not to exceed twenty years in the aggregate (section 34-a).

By the next section it is provided that if in the opinion of your Board a contract for equipment, maintenance and operation is inexpedient, impracticable or prejudicial to the public interest, the Rapid Transit Board may equip the said road, or roads, in whole or in part, at the public expense, and enter into a contract for the maintenance and operation of such road, or roads, so equipped, for a term of years not to exceed ten years (section 34-b).

By section 34-d it is provided that if in the opinion of your Board either a contract for equipment, maintenance and operation, or a contract for maintenance and operation, as provided in the preceding sections, would be inexpedient, impracticable or prejudicial to the public interest, the Rapid Transit Board is to devise and prepare a plan for the maintenance and operation of such road, or roads, by the City itself (section 34-d).

The next section of the act (section 34-e) reads as follows:

"Nothing contained in this act shall be deemed or be construed as intending to limit, or as limiting, in any manner, the discretion of the Board of Rapid Transit Railroad Commissioners, provided in the opinion of the Board of Estimate and Apportionment, or other analogous local authority of such City, it is expedient, practicable and in the public interest to do so, to enter into contracts for construction, equipment, maintenance and operation with the same person, firm or corporation, or for any one or more of said purposes with the same person, firm or corporation, or with different persons, firms or corporations, either in one contract or in separate contracts, and at any time or times."

The foregoing review of the provisions of the Rapid Transit Act as now in force will show that contracts in several forms may lawfully be entered into; the choice between the various forms being left by the act to the judgment of your Board.

On the 12th day of May, 1905, this Board determined and established the routes of two railroads in The City of New York, which are called, respectively, for brevity, the Lexington Avenue Route and the Seventh and Eighth Avenue Route, and these were thereafter transmitted to your Board and approved by it on July 14, 1905, and by the Mayor on July 28, 1905. This Board immediately thereafter took the necessary steps to ascertain the names of the owners of property along these two routes, and endeavored to obtain their consents; but having failed to obtain the consent of the majority of such owners, application was made pursuant to law to the Appellate Division of the Supreme Court for the appointment of Commissioners. These Commissioners having reported in favor of the two routes above referred to, the Appellate Division in the First Judicial Department confirmed their finding that the two railroads ought to be constructed, but the formal order to that effect has not yet been entered.

On June 1, 1905, this Board determined and established the route of two other railroads in The City of New York, which are called, respectively, for brevity, the Jerome Avenue Subway and the Jerome Avenue Elevated Road. These were thereafter transmitted to your Board, approved by it on July 14, 1905, and by the Mayor on July 28, 1905. This Board immediately thereafter took the necessary steps to ascertain the names of the owners of property along these two routes, and succeeded in obtaining the consents of a majority in value to the Jerome Avenue Elevated Road. It was found impossible after protracted effort to obtain the consents of a majority of the owners along the various streets constituting the route of the Jerome Avenue Subway, and an application was made, pursuant to law, to the Appellate Division of the Supreme Court for the appointment of Commissioners. Such Commissioners have been appointed, and have recently reported favorably. It is expected that this report will be confirmed by the court within a comparatively short time.

It is the opinion of this Board that the construction of the routes above referred to should be undertaken at as early a date as possible.

The Lexington Avenue Route is designed for four tracks from One Hundred and Twenty-ninth street to the City Hall Park, and thence with two tracks to the Battery. In The Bronx it will continue with three divergent branches, one to connect with the existing subway near Cortlandt avenue, another to Park avenue and One Hundred and Fifty-sixth street, and a third to Sedgwick avenue and One Hundred and Sixty-fourth street. From the two points last named further extensions may easily be made northerly, if desired; and in particular a connection with Jerome avenue can be provided, as explained below.

The Seventh and Eighth Avenue Route is designed to run from One Hundred and Fifty-fourth street and Eighth avenue, in Manhattan, to the Battery, at which point a connection can be made with the Lexington Avenue Route above referred to. This line would naturally be extended northerly along the line of Jerome avenue.

The Jerome Avenue Subway is designed to extend under Jerome avenue from about One Hundred and Sixty-fourth street to Woodlawn road, opposite the Woodlawn Cemetery. From the southerly end of this route three spurs are provided to connect with railways in Manhattan. The first is a connection leading to the bridge over the Harlem river belonging to the Putnam division of the New York Central and Hudson River Railroad Company, and uniting this line with the Manhattan Elevated Road. The second spur is a subway passing under the Harlem river to a point in Eighth avenue near One Hundred and Fifty-fourth street so as to connect with the subway in Eighth avenue. The third spur is planned to connect with One Hundred and Fifty-third street, near Cromwell avenue, so as to afford a means of junction with the proposed Lexington avenue subway.

The Jerome Avenue Elevated Road consists of an elevated structure running northerly along Jerome avenue near its intersection with Clarke place. This structure can be made to connect with the southern part of the Jerome avenue subway system, and is really an alternative route to the subway along Jerome avenue north of Clarke place.

The several railroads thus planned will, if constructed, constitute complete systems of railroads on the east and west sides of the Borough of Manhattan, which on the one hand will serve to relieve the great demand for additional transit facilities on the east side of the city, and on the other will afford means for carrying the large number of passengers entering the City from Long Island and New Jersey at the Pennsylvania Railroad station. If such systems shall be built, and shall be supplemented by the extension to the north along Jerome avenue, or other extensions in the Borough of The Bronx which have already been planned, an addition to the transit facilities in Manhattan and The Bronx will have been effected that should go far to solving the rapid transit problem in these boroughs.

The cost of the Lexington Avenue Route, as estimated by the Chief Engineer of this Board, without including the equipment, is \$30,000,000; and the cost of constructing the Seventh and Eighth Avenue Route, if the whole of it shall be built, is estimated by the Chief Engineer of this Board, without equipment, at the sum of \$40,800,000. The Seventh and Eighth Avenue Route, it should be understood, involves certain alternatives, as set forth in the route itself, and as explained in the communication transmitted to your Board with the routes and general plans on June 1, 1905, and would in all probability not all be built at this time. The cost of the Jerome Avenue Subway is estimated at \$13,625,000, without equipment. If an elevated line along Jerome avenue is constructed north of Clarke place, there will be a saving in cost of \$10,000,000.

It is apparent that if the City shall undertake to construct these routes and shall look forward either to making a lease when the construction is completed, or shall undertake to operate the road itself, the full cost of construction must be paid by the City, and (in the event of municipal operation or of the adoption of one form of lease) the City will in addition have to pay the full cost of equipment. If, however, a contract can be entered into with some person, firm or corporation, who will undertake to construct, equip, maintain and operate the road, it may perhaps be possible to offer sufficiently favorable terms in a lease to induce a contractor to build the same for less than actual cost.

Before finally determining what policy the City ought to pursue, your Board will doubtless wish to be better informed than is possible at the present time, with regard to the actual price for which responsible parties will undertake to build these roads, and also whether responsible contractors can be induced to equip, maintain and operate these roads when constructed for the comparatively short period of lease which the Rapid Transit Act now prescribes. At the hearing held by the Mayor on April 20, 1906, upon what was known as the Elsborg Bill, amending the Rapid Transit Act, this Board expressed serious doubts as to whether it would be possible to find any bidder willing to equip and operate an independent road under the limitation of a lease to twenty years. In the memorandum of the Mayor accompanying his approval of this bill, dated April 26, 1906, the Mayor said:

"I fail to see, however, any substantial reason for believing that this limitation will have such an effect. While it is impossible for us to say what response will be made when these prospective leases are offered to the public, I think that in the light of past experience, both here and abroad, we have the right to expect that private capital will be freely offered for investment in an enterprise which should prove to be profitable even under these conditions."

In order to ascertain the facts in this regard the Rapid Transit Board would respectfully suggest to your Board the propriety of offering for competition a contract to be made with one person, firm or corporation for the construction, equipment, main-

tenance and operation of the lines above mentioned. In the advertisement for proposals it will be expedient to allow bidders to submit proposals for any one or more of the sections into which the several routes have been separated by this Board in the routes and general plans as adopted and approved so that the largest liberty of bidding may be afforded. It would also be expedient at the same time to call for bids from contractors for the mere construction of the several sections of these roads, leaving to a subsequent period (if such bids should be accepted) the making of contracts for the equipment, the maintenance and operation of the railroads when constructed.

If in the opinion of your Board it is "expedient, practicable and in the public interest" to adopt the foregoing suggestion, this Board will cause detailed plans and specifications to be prepared and a form of contract to be drafted. Under section 37 of the Rapid Transit Act, as amended by chapter 607 of the Laws of 1906, it will be necessary, before finally fixing the terms and conditions of any contract, to advertise a public hearing with regard to it, and no contract whatever can be entered into unless and until your Board shall have consented thereto and prescribed a limit to the amount of bonds available for construction and equipment and the purchase of the necessary lands or easements.

If, however, your Board shall be of the opinion that it is "inexpedient, impracticable or prejudicial to the public interest" to attempt to enter into a single contract for the construction of these roads, or any of them, the Rapid Transit Board, on being so advised, can, if desired, prepare plans and specifications and invite bids for the construction of so much thereof as your Board may determine is within the present financial ability of the City to undertake. Contracts for sectional construction need not, of course, all be executed at the same time. If these roads are to be built piecemeal it would be possible for the City to let contracts from time to time during the next two or three years, and in this way the immediate burden upon the debt-incurring capacity of the City would be to a certain extent avoided.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

(Signed) BION L. BURROWS, Secretary. (Signed) A. E. ORR, President.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
No. 320 BROADWAY, NEW YORK,  
October 11, 1906.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—On June 22, 1906, your Board adopted the following resolution:

"Resolved, That, in accordance with section 4 of the Rapid Transit Law, as amended, the Board of Estimate and Apportionment, as the local authorities of The City of New York, hereby requests the Board of Rapid Transit Commissioners of said City to proceed forthwith to the consideration of a rapid transit subway system to serve the transportation needs of the City by a continuous system of connected routes in the Boroughs of The Bronx, Manhattan, Brooklyn and Queens, with provision for a future extension under the Narrows of the transportation line into the Borough of Richmond; said rapid transit line to begin at a point in the Borough of The Bronx to be recommended by the President of said Borough, to proceed thence to the Borough of Manhattan and along certain streets in said Borough to be recommended by the President of said Borough, to connect with the Williamsburg Bridge, and, crossing said bridge, to proceed in the Borough of Brooklyn through Broadway to Jamaica avenue, and to connect also with the Manhattan Bridge, and, crossing said bridge, to proceed in the Borough of Brooklyn by way of Flatbush avenue, as extended, and Flatbush avenue and Fourth avenue to Fort Hamilton, with a spur connection at Fortieth street for extension to Coney Island; and

"Resolved, That the Board of Estimate and Apportionment recommends to the Rapid Transit Commission that the said rapid transit system be provided for in a contract or contracts which shall insure the operation of the entire system, as recommended, by one corporation, whether said corporation be a private corporation or the Corporation of The City of New York."

In accordance with the terms of this resolution, the Rapid Transit Board communicated with the Presidents of the Boroughs of The Bronx, Manhattan and Brooklyn. The President of the Borough of Brooklyn, under date of July 5, 1906, responded at considerable length, making certain recommendations, to which reference will be made below. Under date of August 7, 1906, the President of the Borough of The Bronx transmitted a proposed rapid transit route in that borough extending northerly from a point near the Third avenue bridge through Willis avenue, Melrose avenue and the Boston road to the City limits at Mount Vernon. No communication has been received from the President of the Borough of Manhattan upon this subject.

Accompanying the communication from the President of the Borough of Brooklyn was sent a map indicating what, in his judgment, would be a suitable route to comply with the request contained in the resolution of your Board, above quoted. This line begins in the Borough of The Bronx at Pelham Bay Park and follows the Westchester avenue line already laid out by this Board, and approved by your Board; then follows the Third avenue line heretofore laid out to the neighborhood of Delancey street and the Bowery, and at that point the line diverges. It is suggested that one branch shall cross the Williamsburg Bridge and follow the line of Broadway, in the Borough of Brooklyn. The other branch will continue down the Bowery to Canal street, and then, crossing the Manhattan Bridge, follow the Flatbush avenue extension and Fourth avenue to Fort Hamilton, with a branch diverging near Thirty-eighth street and continuing to Coney Island. The line over the Williamsburg Bridge and along Broadway is included in Route No. 9, already submitted to your Board. The routes over the Manhattan Bridge, down Fourth avenue to Fort Hamilton, and to Coney Island, are also coincident with routes laid out by the Rapid Transit Board and approved by your Board.

In the opinion of the Rapid Transit Board it would be inexpedient to include in the rapid transit subway system now under consideration a route to connect with the Williamsburg Bridge, and to proceed in the Borough of Brooklyn through Broadway to Jamaica avenue. Such a line, although serving a large population and of very great importance, would more properly be connected with a system of loops serving either to unite the Williamsburg Bridge and Brooklyn Bridge, or the Williamsburg Bridge and the contemplated tunnels under the East river. As will be perceived by the map, it would diverge approximately at right angles from the general direction of the rapid transit system which is in contemplation, and for these reasons this Board would not recommend uniting in one contract and as part of one system the Broadway-Williamsburg Bridge line with a system connecting the northern part of the Borough of The Bronx with Fort Hamilton and Coney Island, and, perhaps, ultimately with the Borough of Richmond. A system so vast as that which is now in contemplation might easily be overloaded by adding to it divergent branches, however profitable these might ultimately prove to be.

With respect to the line proposed by the President of the Borough of The Bronx, it may be said that it parallels closely the White Plains Road Branch, already laid out by this Board, as well as the Port Chester and the New York, Westchester and Boston roads, for which franchises have already been granted to private corporations. Moreover, if it should be determined to build such a line as the Borough President suggests, the whole scheme would necessarily be delayed for some considerable period. It would be necessary to survey and lay out the route, to obtain the approval of your Board to it, and probably to apply to the Supreme Court for its approval.

For these reasons the Rapid Transit Board would recommend as a continuous system of connected routes a rapid transit line following closely that suggested by the President of the Borough of Brooklyn in his communication to this Board of July 5, 1906. The line proposed would begin at Pelham Bay Park in the Borough of The Bronx, following Westchester avenue to the Southern Boulevard as an elevated road; thence as a subway west on One Hundred and Thirty-eighth street to a point near the intersection of Lincoln avenue and East One Hundred and Thirty-eighth street; thence under the Harlem River and Third avenue and the Bowery to the Battery. At a point near the intersection of the Bowery and Canal street a divergent branch is recommended to connect with the Manhattan Bridge, and then passing over the Manhattan Bridge and under Flatbush avenue extended to Fourth avenue, and thence southerly under Fourth avenue to Fort Hamilton. Near the intersection of Thirty-eighth street and Fourth avenue there would be another divergent branch extending under Fortieth street, New Utrecht avenue and other streets to a point in Eighty-sixth street near its intersection with Bay Thirty-fourth street, and from thence as an elevated railroad over Eighty-sixth street and Stillwell avenue to Coney Island.

The line thus recommended is shown on the accompanying sketch map. It will be observed that it constitutes a continuous system of connected routes in the Boroughs of The Bronx, Manhattan and Brooklyn, and affords the possibility of making provision for future extension under the Narrows from a point on Fourth avenue in Brooklyn. It complies also with the resolution of your Board by connecting with the Manhattan Bridge, Flatbush avenue and Fourth avenue to Fort Hamilton, "with a spur connection at Fortieth street for extension to Coney Island."

The whole of this line has already been laid out by this Board in the various routes heretofore submitted to your Board, and approved by you. The portion of the route from Pelham Bay to a point near the Harlem River was originally adopted by this Board in June, 1905, but did not extend as far as Pelham Bay Park, owing to the fact that the streets were not then laid out beyond Westchester Village. Subsequently a new street was laid out and placed upon the map or plan of The City of New York by your Board, and thereupon a new and extended route was adopted by this Board on May 17, 1906, and approved by your Board June 8, 1906, and by the Mayor June 14, 1906. Efforts have been made which it is thought will be successful to obtain the consent of the requisite number of property owners along this line.

From a point in the Borough of The Bronx, near the Harlem River, to the Battery the entire route was adopted by this Board on May 12, 1905, being known as Route No. 3; was approved by your Board on July 14, 1905, by the Mayor on July 28, 1905. It was subsequently confirmed by the Appellate Division, First Judicial Department, although the formal order has not yet been entered.

For the portion running from the Bowery to the Manhattan Bridge, which is included in Route No. 9, known as the Brooklyn and Manhattan Loop Line, Manhattan Section, Commissioners were appointed some time since by the Appellate Division of the Supreme Court, but have not yet presented their report, although they have taken a large mass of testimony. The delay is due entirely to the opposition of property owners along certain portions of this route. The Brooklyn and Manhattan Loop Line was adopted by this Board on May 25, 1905, and approved by your Board on July 14, 1905, and by the Mayor on July 28, 1905. It is impossible to predict how soon the Supreme Court Commissioners may make their report in regard to this line, or what the report will be, or what may be the action of the Appellate Division in respect to it.

With respect to the portion of the line over the Manhattan Bridge and Flatbush avenue extended there is a physical difficulty—namely, that the bridge has not yet been constructed, and, as the Rapid Transit Board are advised, it will not be completed for two or three years to come. Under these circumstances no efforts have been made to obtain the consents of property owners along the proposed line, or in lieu thereof the consent of the Appellate Division of the Supreme Court. It is thought that there will be no difficulty in obtaining the requisite consents long before the bridge can possibly be finished.

The connection between the Manhattan Bridge line and the northerly end of Fourth avenue is a portion of the Manhattan and Brooklyn loop lines, already referred to as Route No. 9, Brooklyn Section. In this case commissioners were appointed by the Appellate Division in the Second Judicial Department, and filed their report, but on motion of certain property owners the Appellate Division referred the matter back to the commission to give an opportunity for the presentation of testimony, and that case is also still pending.

The route from the northerly end of Fourth avenue to Fort Hamilton, known as Route No. 11, was adopted by this Board on June 1, 1905, approved by your Board on July 14, 1905, by the Mayor on July 28, 1905, and by the Appellate Division in the Second Judicial Department by an order entered June 18, 1906.

The route diverging from a point near Fourth avenue and Thirty-eighth street (Brooklyn) was adopted by this Board on June 7, 1906, approved by your Board June 15, 1906, and by the Mayor June 18, 1906. Subsequently, efforts were made through the representatives of the property owners to obtain the consent of the requisite number to this route. On September 20, 1906, the Board received a large number of consents, said to amount to 65 per cent. of the value of the property along the route. Before the Board can determine whether these consents are legally sufficient, it will be necessary to obtain certificates from a Title Company, and to examine as to the assessed valuation of the several parcels represented—a task which will occupy but a relatively short time.

From this review of the various links composing the proposed system, it will be perceived that all the legal preliminaries have been completed with respect to the greater portion of the line, and that they are in process of being completed with respect to all the remainder except that part crossing over the Manhattan Bridge. As to this part, the necessary consents can no doubt be obtained long before the bridge itself is completed.

The resolution of your Board, to which this communication is a reply, contains a recommendation that the Rapid Transit System in question should be provided for in a contract which shall insure the operation of the entire system by one corporation—"whether said corporation be a private corporation or the corporation of The City of New York."

In a separate communication relative to the Lexington avenue and Seventh and Eighth avenue lines, the Rapid Transit Board has submitted to your Board some suggestions as to the best mode of dealing with the business problems that arise in connection with the effort to make a contract, or contracts, for construction, equipment, maintenance and operation of a rapid transit system. These suggestions so made apply with equal force to the comprehensive system now under discussion. If your Board thinks it desirable to do so, the Rapid Transit Board can (as soon as the remaining consents are obtained) prepare plans and specifications and advertise for bids for one contract to construct, equip, maintain and operate the entire system above described, or any part thereof; and at the same time invite bids for the construction of the separate sections composing it. The fact that the Manhattan Bridge is still under construction need not seriously embarrass the letting of the contract, because so far as that portion of the system is concerned, the contractor would only be called upon at most to lay wires and electrical conduits over the bridge, the plans of which would, of course, be open to his inspection. The cost of this complete system from The Bronx to Fort Hamilton, including the Coney Island route, as suggested by the President of the Borough of Brooklyn (not including connection with the Williamsburg Bridge and the Broadway, Brooklyn, branch) would be, in accordance with the estimate of the Chief Engineer, \$57,000,000.

By a resolution of your Board adopted July 19, 1906, the Rapid Transit Board was requested to consider and determine whether an elevated railroad should not be established over Delancey street from the terminus of the Williamsburg Bridge to the Bowery and thence along the Bowery to Park row, and along Park row to the entrance of the New York and Brooklyn Bridge; and the Rapid Transit Board was further requested to direct the immediate preparation of plans and a form of contract for the construction of a rapid transit railroad through a part of Route No. 9, already referred to, known as the Brooklyn and Manhattan Line.

These matters are receiving the attention of the Board, and a communication to your Board will shortly be sent to it advising you of the action taken by us upon these subjects. In connection with them this Board may be able to deal with the question of the proposed line under Broadway, Brooklyn, to the Williamsburg Bridge. As already stated, it is the judgment of this Board that the Broadway line ought to form a part of the system which it was originally planned to connect with, namely, the general and comprehensive Brooklyn and Manhattan Loop Line.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

(Signed) BION L. BURROWS, Secretary. (Signed) A. E. ORR, President.

The Comptroller moved that both communications be referred to the Committee of the Whole.

Which was agreed to.

The Secretary presented the following communication from the President, Borough of Richmond, requesting the transfer of \$2,500 from the account Bureau of Buildings—Contingencies and Emergencies for 1906, to the account Bureau of Buildings—Salaries:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND.  
NEW BRIGHTON, N. Y., October 2, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York City:

DEAR SIR—I beg respectfully to request the transfer of the following: \$2,500 from Bureau of Buildings—Contingencies and Emergencies, 1906, to Bureau of Buildings—Salaries, 1906.

Yours very truly,  
GEORGE CROMWELL,  
President of the Borough of Richmond.

The following resolution was offered:

Resolved, That the sum of twenty-five hundred dollars (\$2,500) be and the same is hereby transferred from the appropriation made to the President of the Borough of Richmond for the year 1906, entitled Bureau of Buildings—Contingencies and Emergencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said President of the Borough of Richmond for the same year, entitled Bureau of Buildings—Salaries, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The Secretary presented the following communication from the Fire Commissioner requesting the transfer of \$53,500 from the account Salaries—Engine and Hook and Ladder Companies' Payrolls for 1906, to other salary accounts for the same year:

HEADQUARTERS, FIRE DEPARTMENT—CITY OF NEW YORK,  
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
BOROUGH OF MANHATTAN, October 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—I have the honor to request that the Board of Estimate and Apportionment authorize the transfer of \$53,500 from the appropriation made to this Department for the year 1906 entitled Salaries—Engine and Hook and Ladder Companies' Payrolls, which, it is estimated, will be in excess of the amount required for the purposes thereof, to appropriations made to this Department for the current year, which, it is estimated, will be insufficient in the amounts stated, namely:

|   |             |
|---|-------------|
| Salaries—Headquarters payroll.....                  | \$2,400 00  |
| Salaries—Bureau of Chief of Department payroll..... | 2,400 00    |
| Salaries—Bureau of Combustibles payroll.....        | 125 00      |
| Salaries—Bureau of Fire Marshal payroll.....        | 900 00      |
| Salaries—Fire Alarm Telegraph payroll.....          | 2,300 00    |
| Salaries—Hospital and Training Stables payroll..... | 5,300 00    |
| Salaries—Buildings Superintendent payroll.....      | 75 00       |
| Apparatus, supplies, etc.....                       | 40,000 00   |
| Total .....   | \$53,500 00 |

Respectfully,  
(Signed) JOHN H. O'BRIEN, Commissioner.

The following resolution was offered:

Resolved, That the sum of fifty-three thousand five hundred dollars (\$53,500) be and the same is hereby transferred from the appropriation made to the Fire Department for the year 1906, entitled Salaries—Engine and Hook and Ladder Companies' Payrolls, the same being in excess of the amount required for the purposes thereof, to the appropriations made to said Department for the same year, entitled and as follows:

|   |             |
|---|-------------|
| Salaries—Headquarters payroll.....                  | \$2,400 00  |
| Salaries—Bureau of Chief of Department payroll..... | 2,400 00    |
| Salaries—Bureau of Combustibles payroll.....        | 125 00      |
| Salaries—Bureau of Fire Marshal payroll.....        | 900 00      |
| Salaries—Fire Alarm Telegraph payroll.....          | 2,300 00    |
| Salaries—Hospital and Training Stables payroll..... | 5,300 00    |
| Salaries—Buildings Superintendent payroll.....      | 75 00       |
| Apparatus, supplies, etc.....                       | 40,000 00   |
|   | \$53,500 00 |

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The Secretary presented the following communication from the President, Borough of Queens, requesting the transfer of \$35,801.87 from various appropriations for the year 1906 to other appropriations for the same year:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,  
LONG ISLAND CITY, October 3, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, City of New York:

DEAR SIR—I find that deficiencies exist in the appropriations to several of the Bureaus within my jurisdiction, and that there is a surplus in appropriations to other Bureaus.

I therefore submit the enclosed resolution for adoption by the Board of Estimate and Apportionment, which I would request be given early consideration.

Respectfully,  
JOSEPH BERMEL,  
President, Borough of Queens.

The following resolution was offered by the President of the Borough of Queens:

Resolved, That the sum of thirty-five thousand eight hundred and one dollars and eighty-seven cents (\$35,801.87) be and the same is hereby transferred from the appropriations made to the President of the Borough of Queens for the year 1906, entitled and as follows:

|   |             |
|---|-------------|
| Bureau of Highways—Salaries .....                           | \$2,000 00  |
| Bureau of Highways—Maintenance of Viaducts and Bridges..... | 7,000 00    |
| Bureau of Highways—Labor, Maintenance and Supplies.....     | 21,000 00   |
| Bureau of Buildings—Salaries .....                          | 1,000 00    |
| Bureau of Public Buildings and Officers—Salaries .....      | 3,415 87    |
| Bureau of Street Cleaning—Salaries .....                    | 1,200 00    |
| Bureau of Street Cleaning—Rents .....                       | 186 00      |
|   | \$35,801 87 |

—the same being in excess of the amounts required for the purposes thereof, to the appropriations made to the said President of the Borough of Queens for the same year, entitled and as follows:

|  |                    |
|--|--------------------|
| Bureau of Sewers—Labor, Maintenance and Supplies.....  | \$13,346 56        |
| Bureau of Public Buildings and Offices—Supplies and Repairs (including wages of Mechanics, Laborers, Cleaners, etc)..... | 11,655 76          |
| Bureau of Street Cleaning—Sweeping, Carting and Final Disposition of Material, including Cremation or Utilization.....   | 10,799 55          |
|  | <u>\$35,801 87</u> |

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The Secretary presented a communication from the Department of Health, requesting the fixing of the salaries of the position of Secretary to the President at \$4,000 per annum (1 incumbent), Clerk at \$2,100 (2 incumbents), and various other positions in said Department.

Which was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented the following communication from the Corporation Counsel, requesting the fixing of the salary of the Secretary to the Corporation Counsel at \$3,500 per annum:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, October 9, 1906.

Board of Estimate and Apportionment of The City of New York:

DEAR SIRS—The salary of the Secretary to the Corporation Counsel is now fixed at the sum of \$2,000, and I request that your Board take the necessary action to increase the salary to \$3,500 per annum.

When the matter comes before your Board for consideration I would like to have an opportunity to appear and explain the reasons for the proposed increase.

Yours respectfully,

WILLIAM B. ELLISON, Corporation Counsel.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen that the salary of the position of Secretary to the Corporation Counsel be fixed at the rate of thirty-five hundred dollars (\$3,500) per annum for one (1) incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The President of the Borough of The Bronx appeared and took his place in the Board.

The Secretary presented the following communication from Mr. Robert Louis Hoguet, transmitting statement of the Committee of the Board of Aldermen appointed to investigate the Department of Street Cleaning, in which a request is made for an issue of \$6,100 Special Revenue Bonds to defray the minor incidental expenses contingent to said investigation, in addition to the \$10,000 authorized to be issued on March 30, 1906:

IVINS, MASON, WOLFF & HOGUET, COUNSELLORS-AT-LAW,  
No. 27 WILLIAM STREET,  
NEW YORK, October 5, 1906.

JOSEPH HAAG, Esq., Clerk of the Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—At the request of Alderman Max S. Grifenhagen and B. W. B. Brown I beg to hand you herewith a statement of the work of the Committee of the Board of Aldermen appointed to investigate the Department of Street Cleaning, and of the reasons why an additional appropriation for that purpose is desirable.

I am sending you this paper, as I understand it is the intention of the Committee that the application therein contained shall be made to the Board of Estimate at its meeting held Friday, October 12, and in order to give you an opportunity to place the matter in due time on the calendar.

Very truly yours,

ROBERT LOUIS HOGUET.

To the Honorable Members of the Board of Estimate and Apportionment of The City of New York:

SIRS—On the 23d day of January, 1906, Alderman Max S. Grifenhagen introduced in the Board of Aldermen the following resolution, which was on that day adopted by the Board of Aldermen:

No. 149.

By Alderman Grifenhagen—

Whereas, It is alleged that the Street Cleaning Department has made no provisions for merchants, trades people and storekeepers to dump their rubbish and waste, which, if true, works an unnecessary hardship upon certain of our citizens; therefore be it

Resolved, That the Committee on Street Cleaning is hereby directed to make a thorough examination into this and other matters relating to the Street Cleaning Department, to the end that they may be able to recommend such facilities as will enable the people of this City to do business without unnecessary hardship or expense, and that said committee is hereby instructed to report to the Board, at the earliest possible moment, upon this and any other matter of importance which it may wish to consider and report upon, relating to the Street Cleaning Department or its management.

Alderman Dowling moved that the matter be laid over and made a Special Order for the next meeting at 2 o'clock p. m.

Which motion was lost.

The resolution was then adopted.

At a meeting of the Board of Aldermen, held on January 30, 1906, the Standing Committee of the Board of Aldermen and Street Cleaning, to whom the foregoing resolution was referred, made the following report:

No. 174.

The Committee on Street Cleaning, to whom was referred on January 23, 1906 (Minutes, page 436), the annexed resolution, introduced by Alderman Grifenhagen (Introductory No. 149), directing the Street Cleaning Committee to make a thorough investigation of the Street Cleaning Department in regard to certain complaints, etc., respectfully report:

That this is a matter of great importance, and in order that we might have the aid of a member of the Board who will be able to examine and if necessary cross-examine witnesses, your Committee respectfully recommends that a resolution be adopted by the Board appointing a Special Committee of five, at least one of whom shall be a lawyer, to co-operate and act with the Committee on Street Cleaning in this investigation.

Resolved, That a Special Committee of five, of which at least one shall be a lawyer, be appointed to co-operate and act with the Street Cleaning Committee in the consideration of the resolution introduced by Alderman Grifenhagen at the last meeting (Introductory No. 149) and the investigation of the abuses complained of in said resolution.

Which report was accepted, and the resolution referred to the Committee on Rules.

On February 6, 1906, a Special Committee of five members of the Board of Aldermen, consisting of Hon. Max S. Grifenhagen, Hon. B. W. B. Brown, Hon. Frank L. Dowling, Hon. Thomas J. Mulligan and Hon. Robert F. Downing, was appointed in accordance with the report of the Standing Committee of Street Cleaning, and on February 28, 1906, the Standing Committee and the Special Committee of five made the following report:

That a public hearing was held by the Street Cleaning Committee, with whom the Special Committee of five co-operated, at the City Hall on February 16, 1906, at which there were presented sufficient facts verbally and by letters to, in the opinion of your committee, not only warrant an investigation into the provisions made by the Department for the distribution of rubbish and waste, but into the conduct of the entire Department of Street Cleaning. That your committee is of the opinion, however, after careful consideration, that the scope of the investigation under the resolution of Alderman Grifenhagen (Introductory No. 149) is limited to the provisions made for merchants, trades people and storekeepers to dump their rubbish and waste, and therefore recommends the adoption of the annexed resolution:

Whereas, The Committee on Street Cleaning and the Special Committee appointed by the Board of Aldermen at its meeting held February 6, 1906, to co-operate and act with the said committee in the investigation of the Department of Street Cleaning, have reported to the Board of Aldermen upon the results of a public hearing held by the joint committees and have advised the Board that the original resolution is too limited in scope for an effective investigation; and

Whereas, Section 54 of the Charter provides for a departmental investigation by a Special Committee only;

Resolved, That said Special Committee be authorized, empowered and directed to inquire whether the laws and ordinances of the City relating to the Street Cleaning Department are being faithfully observed, and the duties of the officers of such department and the obligations of any of the persons, firms or corporations contracting with said department are being faithfully discharged; also to examine and report whether there are any unnecessary, inefficient or unfit employees, any excessive salaries, compensations or other moneys paid, and generally in respect of any and all matters which will conduce to the orderly, effective and economical administration of the said Street Cleaning Department. Said Special Committee to have power to subpoena, examine and compel the attendance of witnesses and access to the books and records of the City or of any department or officer thereof, and with power to retain the necessary Subpoena Servers, Stenographer, Counsel or other employees who to them may seem necessary for the purposes of the said investigation.

The Special Committee of five thereafter duly organized and Aldermen Max S. Grifenhagen and Robert F. Downing were respectively elected Chairman and Secretary.

The committee consulted with the Corporation Counsel and was advised by him that the committee had no power under the Charter to retain counsel other than the Corporation Counsel, but that he would consider the appointment as special counsel of such member of the bar as might be suggested by the committee. The committee later suggested William M. Ivins as counsel, who was appointed.

On the 15th day of March, 1906, the Board of Aldermen passed the following resolution:

Whereas, The Board of Aldermen, by resolution adopted on the 6th day of February, 1906, and in the exercise of the powers conferred upon the Board by section 54 of the Greater New York Charter, appointed a special committee for the purpose of investigating the Department of Street Cleaning; and

Whereas, On the 28th day of February, 1906, the said Board adopted a resolution defining the authority of the said special committee, and empowering it to incur certain expenses necessary for the purposes of the said investigation; therefore be it

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed the sum of twenty-five thousand dollars (\$25,000), the proceeds whereof shall be applied to the purposes of the said investigation.

On March 30, 1906, the Committee and the majority leader of the Board of Aldermen appeared before the Board of Estimate and Apportionment, which Board authorized an issue of \$10,000 Special Revenue Bonds to provide for the expenses of the Committee, the Chairman of the Board of Estimate and Apportionment declaring that the Committee could ask the Board of Estimate and Apportionment to make an additional appropriation should the sum of \$10,000 prove to be insufficient. This declaration was made in the following conversation between the Chairman of the Board and Alderman Meyers, the majority leader:

(New York "Herald," March 31, 1906.)

"We expect," said Alderman Meyers, "to show at least that great abuses exist, and that the Department could be run more effectually and far more economically."

"Will \$5,000 do to begin with?" asked the Mayor.

"We thought that \$15,000 would be nearer the mark."

"You can come back for the balance of the \$25,000 any time you need it," put in the Mayor.

"Very well, then; split the difference and give us \$10,000," said the Alderman.

With this assurance and with the immediate appropriation of \$10,000, the Committee of the Board of Aldermen began at once to investigate the situation and to examine various witnesses whose names were suggested to it, or who presented themselves to the Committee, all with a view to shorten the public hearings as much as possible.

For the purpose of defraying minor incidental expenses of the Committee from time to time, as the same might become due, the Board of Aldermen, on April 1, 1906, passed the following resolution:

Resolved, That for the purpose of defraying minor incidental expenses contingent to the investigation of the Department of Street Cleaning, the Special Committee appointed for said purpose may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500), and may in like manner renew the draft as often as they may deem necessary, to the extent of the appropriation of ten thousand dollars (\$10,000) made for the said purpose; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by a majority of the said Special Committee, covering the expenditure of the money paid thereon.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative.

Under this resolution five (5) vouchers for \$500 each were presented to the Comptroller by the Committee and were honored by City warrants on April 17, May 14, May 19, June 2 and June 21, respectively. All of the money so spent has been accounted for under the certificate of the Committee and to the satisfaction of the Comptroller.

The Special Committee held seventeen public meetings for the taking of testimony, averaging from four to five hours each, in the course of which 83 witnesses were examined, some of them upon several different occasions, and 2,597 pages of testimony were taken. In addition to the public meetings above mentioned, the committee held several executive sessions for the discussion of ways and means, and in the course of the preparation of the committee's findings. In addition to the taking of testimony, the committee, or its counsel, examined large quantities of written material in the shape of reports of scientific experts, reports of accountants and veterinarians' reports. Two members of the committee made three trips, each of which consumed an entire day, to Brooklyn, for the purpose of making a personal inspection into the conditions surrounding the contract held by the American Railway Traffic Company for final disposition in the Borough of Brooklyn.

The counsel of the committee also examined a large number of witnesses, and took copious extracts from the letter books and files of the Department of Street Cleaning, in preparation for public hearings, thereby saving much valuable time and a considerable amount of money. The transcript of the testimony so taken, and copies of extracts from the Department books and files, filled 2,775 typewritten pages. In addition to its counsel, the committee found it necessary to employ several investigators, detectives, stenographers, process servers, scientific experts and accountants who rendered valuable services. Finally the committee's counsel prepared a printed report, a copy of which is herewith annexed, which report was adopted by the Board of Aldermen, as the report of the committee on July 10, 1906.

The committee believes that if the recommendations, embodied in the report of the committee, are carried out a saving to the city, within the next four years of nearly \$1,000,000 can be effected. The committee respectfully refers to those portions of the report dealing with sanitary utilization, snow removal, final disposition in Brooklyn,

the trimming and picking contract in New York, for a confirmation of this statement.

In view of these facts the committee considers that an expenditure of approximately \$16,000, outside of counsel fees (as shown by the committee's financial statement hereto annexed), is extremely reasonable. Although the committee had every reason to believe that the full sum of \$25,000 was available for the use of the committee, it determined, unofficially and informally, that it would make every effort to keep the cost of the investigation, exclusive of counsel fees, down to \$15,000. In exceeding this sum by approximately \$1,000 the committee feels that it has substantially accomplished its purpose.

The appropriation of \$10,000 leaves a sum of \$6,150 still to be appropriated by your Honorable Board. The committee respectfully requests that such appropriation be now made and that the Comptroller be authorized to issue Special Revenue Bonds for that amount.

Respectfully submitted,

ROBERT F. DOWNING.  
FRANK L. DOWLING.  
B. W. B. BROWN.  
THOS. J. MULLIGAN.  
MAX S. GRIFENHAGEN.

Dated, New York, October 2, 1906.

COMMITTEE OF BOARD OF ALDERMEN TO INVESTIGATE THE DEPARTMENT OF STREET CLEANING.

#### Financial Statement.

#### Expenditures and Claims:

|  |            |             |
|--|------------|-------------|
| Amount paid and expended to date, as per annexed Schedule A..... | \$5,672 80 |             |
| Amount of unpaid claims, as per annexed Schedule B....           | 10,336 71  |             |
| Amount appropriated.....   |            | \$16,114 51 |
|  |            | 10,000 00   |
| Debit balance.....   |            | \$6,114 51  |

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby further approves of and concurs in the resolution of the Board of Aldermen, adopted March 13, 1906, to the extent of six thousand one hundred and fifty dollars (\$6,150) to be applied to the investigation of the Department of Street Cleaning by a special committee appointed by the Board of Aldermen by resolution adopted February 6, 1906 (in addition to the amount heretofore authorized), and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of six thousand one hundred and fifty dollars (\$6,150), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the President, Board of Trustees, Bellevue and Allied Hospitals, requesting the establishment of an additional grade of the position of Trained Nurse, with salary at the rate of \$900 per annum.

Which was referred to a select committee consisting of the Comptroller and the President, Board of Aldermen.

The Secretary presented a communication from the Surrogate of Queens County requesting the Board to ratify and approve of the action taken by him in fixing the salary of an additional grade of Copyist at the rate of \$720 per annum, as of date September 1, 1906.

Which was referred to a select committee consisting of the Comptroller and the President, Board of Aldermen.

The Secretary presented the communication from the President, Borough of The Bronx, requesting the establishment of an additional grade of the position of Draughtsman's Helper, with salary at \$60 per month, from September 1, 1906, for four incumbents.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
MUNICIPAL BUILDING, CROTONA PARK,  
September 27, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

DEAR SIR—I desire to establish a grade of four incumbents of the position of Draughtsman's Helper in this Department at \$60 per month, to take effect September 1, 1906. Will you kindly present this matter to the Board of Estimate and Apportionment for their approval.

Respectfully,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of the position of Draughtsman's Helper under the jurisdiction of the President, Borough of The Bronx, in addition to the already existing grades, with salary at the rate of sixty dollars (\$60) per month, for four incumbents, as of date September 1, 1906.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Commissioner of Public Charities, requesting the establishment of the positions of Confidential Stenographer, at \$1,500 per annum, and Confidential Inspector of Food Supplies, at \$1,500 per annum.

Which was referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a communication from the Board of Trustees, College of The City of New York, requesting the fixing of the salaries of the positions of 1 Curator, at \$4,750; 1 Assistant Curator, at \$2,500; 6 Clerks, at \$600 each per annum, and various other positions.

Which was referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented the following report of the Comptroller and the President, Borough of Richmond, two of the Committee appointed, pursuant to a resolution of the Board of Estimate, adopted May 19, 1905, to investigate the value of the plants of the existing water companies on Staten Island; the sources of water supply available through them, etc., and to report to the Board as to the cost of said plants and the advisability of the purchase thereof.

NEW YORK, October 1, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Committee of the Board of Estimate and Apportionment, to which was referred the question of the purchase of the private water companies on Staten Island, begs to report to the Board that it has been unable to agree with the Staten Island Water Supply Company upon a price which the City could properly pay and the company would accept.

At the last conference held with representatives of the company it was agreed that the City and the company should each select an engineer, who, by mutual agreement, should select a third engineer, and that this commission should endeavor to agree upon a fair value of the property of the company. Your committee has named Mr. Allen Hazen as the City's representative and the company has also made its selection. We would request the Board of Estimate and Apportionment to ratify the action of the Committee and authorize the payment of his fee and half that of the third engineer who may be agreed upon.

Respectfully,

HERMAN A. METZ, Comptroller,  
GEORGE CROMWELL,  
President, Borough of Richmond.

The following resolutions were offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the recommendations of the Committee, appointed pursuant to a resolution adopted by said Board May 15, 1905, to investigate the value of the plants of the existing water companies on Staten Island, etc., that the City appoint one engineer and the Staten Island Water Supply Company another, and that these two select a third engineer, forming a commission to agree, if possible, upon a fair value of the property of said Company; and be it further

Resolved, That the Committee be and is hereby empowered to select and designate such an engineer to represent the City.

Which were adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Acting Secretary, Board of Trustees, Bellevue and Allied Hospitals, and report of the Investigation Division, Department of Finance, approved by the Comptroller, to whom, on September 14, was referred the request of the Board of Trustees, Bellevue and Allied Hospitals, for an issue of \$5,000 Special Revenue Bonds to provide means for the payment of services of Martin McHale and John M. Thompson, experts employed in the matter of acquiring title to property located at Twenty-eighth and Twenty-ninth streets, First avenue and the East river, as a site for Bellevue Hospital:

BELLEVUE AND ALLIED HOSPITALS,  
OFFICE OF THE BOARD OF TRUSTEES, BELLEVUE HOSPITAL,  
NEW YORK, September 11, 1906.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Room 79, No. 280 Broadway, New York City:

DEAR SIR—The Board of Trustees of Bellevue and Allied Hospitals, at its meeting held on September 7, resolved to request the Board of Estimate and Apportionment for an appropriation of five thousand dollars in Special Revenue Bonds as a means to pay for the services of Martin McHale and John M. Thompson, experts employed in the matter of acquiring title to the block of land bounded by Twenty-eighth and Twenty-ninth streets, First avenue and the East river, as an additional site to Bellevue Hospital. These bills have been audited by the Deputy Comptroller of The City of New York and have been found just and reasonable by him. They have also been examined by the Acting Corporation Counsel and found correct. This is in compliance with the directions of the Hon. James A. Blanchard, Justice at a Special Term of the Supreme Court of the State of New York, held at Part 1, County Court House, on the 23d day of July, 1906, when it was ordered that the bills be taxed at the gross sum of \$5,000.

Respectfully,

A. M. ROBBINS, Acting Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
October 6, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the request of the Board of Trustees of Bellevue and Allied Hospitals for the issue of Special Revenue Bonds to the amount of \$5,000, for the purpose of paying for the services of Martin McHale and John M. Thompson, employed as experts in the matter of acquiring title to the block of land bounded by Twenty-eighth and Twenty-ninth streets, First avenue and the East river, as an additional site to Bellevue Hospital, referred by the Board of Estimate and Apportionment to the Comptroller, and by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

The services of Messrs. McHale and Thompson were rendered in proceedings instituted by the City in 1903 for the acquisition of the above mentioned real estate. Their claims, \$2,500 each, have been certified to as correct by the Corporation Counsel, audited by the Deputy Comptroller, and regularly taxed in a bill of costs against the City.

Section 1447 of the Greater New York Charter provides for payment of such claims as these out of the fund created by the resolution authorizing acquirement of the lands in regard to which the services are rendered. The resolution of the Board of Estimate and Apportionment, dated July 1, 1903, authorizing the Corporation Counsel to institute condemnation proceedings for the acquisition of the said real estate, created no fund for the purpose, nor has any provision therefor as yet been made.

As the claims are for services rendered some two years ago, and as they have been certified as correct by those duly authorized to pass on them, it would seem proper that provision be made for their early payment, and I would respectfully recommend that the Comptroller be authorized to issue Corporate Stock to the amount of \$5,000, to provide means for the payment of these expenses in connection with the acquisition of said real estate, as per the attached resolution.

I have prepared said resolution for authorization of the said issue of Corporate Stock under the provisions of subdivision 8 of section 169 of the Charter, which authorizes the issue of Corporate Stock by the Board of Estimate and Apportionment, "without the concurrence of or approval of any other board or public body \* \* \* [subdivision 8]. To pay the awards, costs, charges and expenses of acquiring title to lands required for public purposes and which have been or may hereafter be authorized by or pursuant to law."

Yours respectfully,

CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of subdivision 8 of section 169 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by said section 169 of the Charter, to the amount of five thousand dollars (\$5,000), to provide means for the payment of expenses in connection with the acquisition of the property extending from First avenue to the East river, between Twenty-eighth and Twenty-ninth streets, Borough of Manhattan, required for the uses and purposes of the Bellevue and Allied Hospitals of The City of New York.

Which was adopted by the following vote:

**Affirmative**—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Sheriff of Kings County and report of the Investigation Division, Department of Finance, approved by the Comptroller, to whom, on September 14, was referred the request of the Sheriff of Kings County for an issue of \$2,568 Special Revenue Bonds to meet various salaries for the months of September, October, November and December, 1906.

Which was ordered on file and a copy of report sent to the Sheriff of Kings County.

OFFICE OF THE SHERIFF OF KINGS COUNTY,  
COURT HOUSE, BOROUGH OF BROOKLYN,  
August 5, 1906.

To the Honorable Board of Estimate and Apportionment, New York City:

GENTLEMEN—I beg to request that you authorize the issue of Revenue Bonds to the extent of \$2,568, in payment of salaries for the following positions, months of September, October, November and December, this year:

Six Cleaners, at \$750 per year each.  
One Stenographer, at \$1,000 per annum.  
One Cashier, at \$2,500 per annum.

It is absolutely essential for the proper conduct of this Department that these amounts be appropriated for these positions. The Sheriff's office in Kings County is handicapped beyond description, due to lack of help; the Jail is similarly embarrassed, and I sincerely trust that you will grant me this additional assistance.

Respectfully,

MICHAEL J. FLAHERTY,  
Sheriff, Kings County.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
October 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to a communication from the Sheriff of Kings County, under date of August 5, 1906, addressed to the Board of Estimate and Apportionment, which communication was referred to the Comptroller for his consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to submit the following:

As it does not appear that the above request of the Sheriff of Kings County has ever been presented to the Board of Aldermen, where it should properly go before being submitted to the Board of Estimate and Apportionment, being a matter of an authorization of a Special Revenue Bond issue, I would report that it is a matter not properly before the Board of Estimate and Apportionment, and would suggest that the said communication be returned to the Sheriff of Kings County with the recommendation that he address his request in connection therewith first to the Board of Aldermen.

Respectfully yours,

CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending that the Board of Estimate approve of the selection of site for Fire Department purposes, located on Twelfth avenue, between Forty-second and Forty-third streets, Brooklyn, and authorize the acquisition of the same by purchase, at a price not exceeding \$2,600:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
October 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Fire Department in a communication has requested the selection of a site on Twelfth avenue, between Forty-second and Forty-third streets, for the use of his Department. The site submitted by Mr. A. J. Murphy is 40 feet in width front and rear by 100 feet in depth on each side, and is known as Lot No. 44 in Block 5597, on the tax assessment maps for the purposes of taxation in the Borough of Brooklyn.

The price asked by Mr. Murphy is \$2,600 for the two lots. While I consider this price full value, I do not consider it excessive, and I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site by the Commissioner of the Fire Department and authorize its acquisition at private sale at a price not exceeding \$2,600.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Commissioner of the Fire Department in the matter of the selection of a site for departmental purposes, located in the Borough of Brooklyn, bounded and described as follows:

Beginning at a point on the westerly side of Twelfth avenue distant 60 feet 2½ inches southerly from the corner formed by the intersection of the southerly line of Forty-second street with the westerly line of Twelfth avenue; running thence westerly parallel with Forty-second street 100 feet; thence southerly and parallel with Twelfth avenue 40 feet; thence easterly and again parallel with Forty-second street 100 feet to the westerly side of Twelfth avenue; thence northerly along the westerly side of Twelfth avenue 40 feet to the point or place of beginning, said premises being known by the Lot No. 44, in Block 5597, section 17, on the tax assessment maps for the purposes of taxation in the Borough of Brooklyn, together with all the right, title and interest of the owner of said premises, of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller of The City of New York is hereby authorized to enter into a contract for the acquisition of the above described property at a price not exceeding twenty-six hundred dollars (\$2,600), said contracts to be presented to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

**Affirmative**—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Education and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, to whom, on July 6, was referred the resolution of the Board of Education requesting the acquisition of property located on Rockaway avenue and Sumpter street, Brooklyn, selected as a site for school purposes:

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the City Superintendent of Schools and the Local School Board of District No. 36, that property adjoining Public School 73, Borough of Brooklyn, be acquired for the purpose of erecting thereon a large addition to said school building, in which there are now 709 children on part time. Your Committee is of the opinion that property on Rockaway avenue and Sumpter street, adjoining the present

school site on the north, should be selected for this purpose. It is the intention to erect an addition to this school building as soon as the necessary additional land is acquired, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Rockaway avenue and Sumpter street, adjoining Public School 73, in Local School Board District No. 36, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$24,500:

Beginning at a point formed by the intersection of the southerly line of Sumpter street with the easterly line of Rockaway avenue, and running thence easterly along the southerly line of Sumpter street two hundred and sixty-three (263) feet one (1) inch, thence southerly and parallel with Rockaway avenue one hundred (100) feet, thence westerly and parallel with Sumpter street two hundred and sixty-three (263) feet one (1) inch to the easterly line of Rockaway avenue, thence northerly along the easterly line of Rockaway avenue one hundred (100) feet to the southerly line of Sumpter street, the point or place of beginning, be the said several dimensions, more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education June 27, 1906.

A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 27, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at a meeting held June 27, 1906, adopted the following resolution:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Rockaway avenue and Sumpter street, adjoining Public School 73, in Local School Board District No. 36, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$24,500:

Beginning at a point formed by the intersection of the southerly line of Sumpter street with the easterly line of Rockaway avenue, and running thence easterly along the southerly line of Sumpter street two hundred and sixty-three (263) feet one (1) inch, thence southerly and parallel with Rockaway avenue one hundred (100) feet, thence westerly and parallel with Sumpter street two hundred and sixty-three (263) feet one (1) inch to the easterly line of Rockaway avenue, thence northerly along the easterly line of Rockaway avenue one hundred (100) feet to the southerly line of Sumpter street, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

The property described in the above resolution is an addition to the present site of Public School 73 and covers a plot on Sumpter street at the southeasterly corner of Rockaway avenue 263 feet 1 inch by 100 feet. It is known on the tax books as Lots Nos. 6, 12 and 16 to 21 in Block 1528, Section 6, Volume 2. Lots 6, 10 and 12 (irregular) on the corner of Rockaway avenue and Sumpter street form a vacant plot 143 feet 1 inch by 100 feet, are owned by George F. Lamb and are assessed at \$7,500. Next to this vacant plot is a two-story and basement brick two-family dwelling 20 by 50 feet on a lot 20 by 100 feet. Assessed: Land, \$1,000; building, \$3,500; total, \$4,500. Owned by Frederick Bach, who has placed his property in the hands of Lawyer M. J. Mulqueen, of No. 253 Broadway, Manhattan.

Adjoining this is a two-story high basement frame dwelling, 20 by 40 feet on a lot 20 by 100 feet. Assessed: Land, \$1,000; building, \$1,500; total, \$2,500. The remainder of the site is covered by four two-story and cellar two-family frame houses, 20 by 40 feet on lots 20 by 100 feet, which rent for from \$28 to \$20 a month. Each assessed: Land, \$1,000; building, \$1,500; total, \$2,500, making the total assessment of the property to be taken, \$24,500.

In my opinion the entire parcel desired by the Board of Education is not worth over \$42,000.

The prices asked by the owners are as follows:

No. 336 Sumpter street, asking price to the City, \$5,500.  
No. 338 Sumpter street, owner will not name a price.  
No. 340 Sumpter street, asking price to the City, \$5,000.  
No. 342 Sumpter street, asking price to the City, \$5,700.  
No. 344 Sumpter street, owner has not decided as to what he will do.

The property No. 346 Sumpter street is offered at \$4,000. This piece is not included in the City's selection, but is identical in construction with the premises Nos. 336 to 344 Sumpter street, which shows that the real value of the houses included within the area of the plot desired by the Board of Education is not over \$4,000 each.

I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving of the action of the Board of Education and authorize the acquisition of the property by condemnation proceedings.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described property for school purposes, in the Borough of Brooklyn:

Beginning at a point formed by the intersection of the southerly line of Sumpter street with the easterly line of Rockaway avenue, and running thence easterly along the southerly line of Sumpter street two hundred and sixty-three (263) feet one (1) inch, thence southerly and parallel with Rockaway avenue one hundred (100) feet, thence westerly and parallel with Sumpter street two hundred and sixty-three (263) feet one (1) inch to the easterly line of Rockaway avenue, thence northerly along the easterly line of Rockaway avenue one hundred (100) feet to the southerly line of Sumpter street, the point or place of beginning, be the said several dimensions more or less, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$24,500,

—and the Corporation Counsel be and he is hereby authorized to institute condemnation proceedings for the acquisition of all the parcels of land within the area of the above described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described premises at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

**Affirmative**—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, submitting modified form of specifications for the plumbing and drainage work of the New York Public Library Building.

Which was referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting an issue of \$75,000 Revenue Bonds

to carry on the maintenance work of the Department to the close of the current year, owing to the deficiency in the appropriation for Labor, Maintenance, Supplies, etc.

Which was referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity requesting an issue of \$1,133,500 Corporate Stock to provide means for the improvement of the distribution system, the laying of additional mains, the placing of additional fire hydrants, etc.

Which was referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Public Charities, requesting favorable action by the Board of Estimate on the resolution now pending before the Board of Aldermen, relative to the issue of \$150,000 Special Revenue Bonds to meet deficiencies in some of the appropriations of said Department.

Which was laid over pending action by the Board of Aldermen.

The Secretary presented a communication from the President, Borough of The Bronx, requesting an appropriation for the purpose of installing a municipal asphalt repair plant in the Borough of The Bronx.

Which was referred to the Comptroller.

The Secretary presented a communication from the Supervisor of the City Record, requesting the transfer of \$2,000 from some unexpended balance to the appropriation made to the Board of City Record for 1906, entitled City Record—Supplies, Rents and Contingencies.

Which was referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, transmitting map showing property between One Hundred and Fortieth and One Hundred and Forty-second streets, from Fifth avenue to the Harlem river, which he requests the City to purchase as a pipe yard.

Which was referred to the Comptroller.

The Secretary presented a communication from the President, Borough of The Bronx, submitting copy of letter from the Justice of the Second District Municipal Court requesting an issue of \$960 Corporate Stock to provide means for furnishing heating apparatus in building at One Hundred and Sixty-second street, Brook and Washington avenues, occupied by said Court, etc.

Which was referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Bridges recommending the issue of \$6,000 Corporate Stock should the Board deem it advisable to adopt the plan suggested by the Commissioner of Public Works, Borough of Brooklyn, for the removal of two supporting columns of the Brooklyn Bridge Station, at the intersection of Sands and Washington streets, Brooklyn, with a view to providing freer access to the roadway of the bridge at this point.

Which was referred to the Comptroller.

The following matter, not upon the calendar, was considered by unanimous consent:

The Secretary presented the following communication from the President, Borough of Manhattan, requesting the transfer of \$17,700 from the Account Bureau of Highways—Repairs and Renewals of Pavements and Regrading for the year 1906 to other accounts for the same year.

CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,  
CITY HALL, October 11, 1906.

JOSEPH HAAG, Esq., Secretary to the Board of Estimate and Apportionment:

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment for the following mentioned transfer of funds:

|       |  |             |
|-------|--|-------------|
| From— | Repairs and Renewals of Pavements and Regrading, 1906.....   | \$17,700 00 |
| To—   | General Administration, Supplies and Contingencies, 1906.....                                      | \$1,500 00  |
|       | Bureau of Highways—Flagging Sidewalks and Fencing Vacant Lots in front of City property, 1906..... | 1,200 00    |
|       | Bureau of Public Buildings and Offices—Salaries and Wages, 1906....                                | 15,000 00   |
|       |  | \$17,700 00 |

Yours respectfully,

JOHN F. AHEARN,  
President of the Borough of Manhattan.

The following resolution was offered:

Resolved, That the sum of seventeen thousand seven hundred dollars (\$17,700) be and the same is hereby transferred from the appropriation made to the President, Borough of Manhattan, for the year 1906, entitled Bureau of Highways—Repairs and Renewals of Pavements and Regrading, the same being in excess of the amount required for the purposes thereof, to the appropriations made to said President for the same year, entitled and as follows:

|  |             |
|--|-------------|
| General Administration—Supplies and Contingencies.....                                       | \$1,500 00  |
| Bureau of Highways—Flagging Sidewalks and Fencing Vacant Lots in front of City Property..... | 1,200 00    |
| Bureau of Public Buildings and Offices—Salaries and Wages.....                               | 15,000 00   |
|  | \$17,700 00 |

—the amount of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Board also considered a public improvement matter, by unanimous consent, which will appear in separate minutes of this date, and then, in pursuance of a resolution adopted September 14, 1906, proceeded to a public hearing of taxpayers in regard to estimates for appropriations to be made and included in the Budget for the year 1907.

The following gentlemen appeared and addressed the Board at said hearing:

Mr. Henry Bruere, representing the Citizens' Union, addressed the Board in regard to the requests for appropriations made by the Health Department, the Department of Charities and the Bellevue and Allied Hospitals.

A representative of property owners in the Borough of Queens protested against an appropriation being made for a crematory and final disposition plant at Rockaway Park.

Mr. W. H. Allen appeared and urged that a larger appropriation be made for the physical examination of school children, as did also Miss Julie Richman.

Dr. William R. Stewart, President of the State Board of Charities, appeared and urged that an appropriation be made for the increase in the salaries of hospital helpers. Mr. Homer Folks, of the State Charities' Aid Association, also urged that an appropriation be made for the increase in salaries of the hospital helpers.

Mr. Albert de Rodda, Assistant Secretary of the Civil Service Reform Association, appeared and urged favorable consideration of the request in regard to the increase in the salaries of hospital helpers.

Mr. Remington Vernam, representing certain property owners in Arverne, L. I., appeared and urged favorable consideration on the request of the President of the Borough of The Bronx for an appropriation for topographical work in order to extend the sewer system in Arverne, as did also Mr. Milner.

Mr. Paul Kennedy addressed the Board in favor of the appropriation asked by the Department of Health for the sanatorium at Otisville.

A representative of the Central Labor Union addressed the Board in behalf of an increase in the salary of Park Laborers.

A representative of the Sweepers of the Street Cleaning Department addressed the Board in behalf of an increase in the salaries of sweepers in that Department.

Hon. David Welsh, representing certain property owners at Rockaway Park, protested against an appropriation for an incinerating and disposal plant at that place.

Mr. Snyder addressed the Board, urging an increase in the salaries of the hostlers in the Street Cleaning Department.

No one else desiring to be heard, the Chair declared the hearing closed.

The President of the Board of Aldermen moved that when the Board adjourn, it adjourn to meet on Friday, October 19, 1906, at 10.30 o'clock a. m., which motion was adopted.

The Board then adjourned to meet Friday, October 19, 1906, at 10.30 o'clock a. m.

JOSEPH HAAG, Secretary.

## BOROUGH OF MANHATTAN.

### WASHINGTON HEIGHTS DISTRICT.

At a meeting of the Board of Local Improvements of the Washington Heights District, held October 9, 1906, the following members were present:

Aldermen Meyers, Davies, and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of laying out West One Hundred and Twenty-sixth street, from a point about 100 feet west of Morningside avenue to the northerly side of Manhattan street.

On motion of Alderman Davies the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be altered and changed by laying out thereon an extension of One Hundred and Twenty-sixth street, between Morningside avenue and Manhattan street; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of laying out a new street extending from Overlook terrace to Bennett avenue.

On request of Mr. J. M. Libbey this matter was laid over until the second Tuesday in November.

The Acting President presented for the Board's consideration the matter of laying out Buena Vista avenue, from a point about 400 feet north of Haven avenue to the centre of the bend in One Hundred and Seventy-seventh street.

Mr. Dunn, representing Mr. James A. Deering, appeared in opposition. Mr. Louis H. Moos in favor.

On motion, this matter was laid over one week, awaiting the report of Alderman Griffenhagen.

The Acting President presented for the Board's consideration the matter of laying out One Hundred and Seventy-second, One Hundred and Seventy-third and One Hundred and Seventy-fifth streets, between Fort Washington and Buena Vista avenues, and a new street between the proposed extension of One Hundred and Seventy-third and One Hundred and Seventy-fifth streets.

Mr. Dunn, representing Mr. James A. Deering, appeared in favor.

On motion, this matter was laid over for one week, awaiting the report of Alderman Griffenhagen.

The Acting President presented for the Board's consideration the matter of laying out a widening of Boulevard Lafayette, between One Hundred and Seventy-seventh and One Hundred and Eighty-first streets, and a widening of One Hundred and Eighty-first street, between Boulevard Lafayette and Buena Vista avenue.

On motion of Alderman Davies this matter was laid over for one week, Mr. Joseph A. Flannery to be notified.

The Acting President presented for the Board's consideration the matter of paving West One Hundred and Eightieth street, between Amsterdam avenue and Broadway, with asphalt block pavement.

Estimated cost, \$12,792.50. Assessed value of the property affected, \$454,000.

Mr. Edward A. Isaacs appeared in favor.

On motion of Alderman Davies the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To pave with asphalt block pavement on concrete foundation, curb and recurb, One Hundred and Eightieth street, between Amsterdam avenue and Broadway; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of repairing sidewalk at No. 552 West One Hundred and Twenty-sixth street.

Estimated cost, \$70.80. Assessed value of the property affected, \$10,000.

On motion of Alderman Davies a resolution was adopted, providing for this work.

The Acting President presented for the Board's consideration the matter of repairing sidewalk at the northeast corner of One Hundred and Sixteenth street and Fifth avenue.

Estimated cost, \$1,111.20. Assessed value of the property affected, \$86,000.

On motion of Alderman Meyers a resolution was adopted providing for this work.

The Acting President presented for the Board's consideration a communication from F. Stuart Williamson, Consulting Engineer of the Riverside drive extension, calling attention to the building proposed to be erected on the westerly side of Riverside drive, at about One Hundred and Eighty-first street.

On motion, this matter was ordered on file.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

#### BOROUGH OF MANHATTAN.

##### YORKVILLE DISTRICT.

At a meeting of the Board of Local Improvements of the Yorkville District, held October 9, 1906, the following members were present:

Alderman Riordan and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of repairing sidewalk at No. 1421 Second avenue.

Estimated cost, \$318.20. Assessed value of the property affected, \$21,500.

On motion of Alderman Riordan a resolution was adopted providing for this work.

The Acting President presented for the Board's consideration the matter of constructing receiving basins on the north and south sides of Seventy-second street at the retaining wall of an exterior street.

Estimated cost, \$846. Assessed value of property affected, \$244,000.

On motion of Alderman Riordan the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Yorkville District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct receiving basins on the north and south sides of East Seventy-second street, at the retaining wall of exterior street; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion the Board adjourned.

BERNARD DOWNING, Secretary.

#### BOROUGH OF MANHATTAN.

##### KIP'S BAY DISTRICT.

At a meeting of the Board of Local Improvements of the Kip's Bay District, held October 9, 1906, the following members were present:

Alderman Kenneally and President Ahearn.

The President presented for the Board's consideration the matter of repairing sidewalk at No. 521 East Fourteenth street.

Estimated cost, \$90.20. Assessed value of property affected, \$19,000.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

#### MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,  
No. 299 Broadway,  
New York, September 12, 1906.

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 299 Broadway, on Wednesday, September 12, 1906, at 10 o'clock in the forenoon.

All the Commissioners were present.

A public hearing was held on the proposed amendment of the classification of positions in the Labor Class, Part II., by including therein the following title:

"Brass Finisher, Fire Department."

Thomas F. Barrett, Esq., Battalion Chief, representing the Fire Commissioner, addressed the Commission in behalf of the amendment. There was no opposition, and the hearing closed.

A public hearing was held on the proposed amendment of the classification of non-competitive positions, under the heading, "Positions in the Department of Public Charities, the Department of Correction, the Bellevue and Allied Hospitals, the New York and Brooklyn Truant Schools and the Brooklyn Disciplinary Training School," by changing the line, "Hospital Helper, with compensation not exceeding \$600 per annum, with maintenance," to read:

"Hospital Helper, with compensation not exceeding \$720 per annum, with maintenance."

Dr. S. T. Armstrong, General Medical Superintendent of Bellevue Hospital, addressed the Commission in behalf of the amendment. There was no opposition, and the hearing closed.

No one having appeared in behalf of the request of the Comptroller for an amendment of the classification of exempt positions in his department, by striking therefrom the line, "Seven Stock and Bond Clerks," the hearing which had been ordered was adjourned until Wednesday, September 19, 1906, at 10 o'clock.

The Commission then went into regular session, and the minutes of the meeting held September 5 were approved.

On motion, it was

Resolved, That the classification of positions in the labor class, Part II., as fixed by the rules, be and the same hereby is amended by including therein the following: "Brass Finisher, Fire Department."

On motion, it was

Resolved, That the classification of positions in the non-competitive class, under the heading, "Positions in the Department of Public Charities, the Department of Correction, the Bellevue and Allied Hospitals, the New York and Brooklyn Truant Schools and the Brooklyn Disciplinary Training School," as fixed by the rules, be and the same hereby is amended by changing the line:

"Hospital Helper, with compensation not exceeding \$600 per annum, with maintenance."

—to read, "Hospital Helper, with compensation not exceeding \$720 per annum, with maintenance."

The Committee on Transfers recommended that the following transfers be approved:

John F. Farley, from the position of Engineer in the Department of Health (non-competitive) to that of Engineman in the Department of Water Supply, Gas and Electricity (competitive), under the provisions of Rule XIV., paragraph 3.

John F. Healy, from the position of Inspector of Sewer Construction in the office of the President of the Borough of Brooklyn to a similar position in the office of the President of the Borough of Manhattan.

Philip J. Barry, from the position of Rodman in the Rapid Transit Railroad Commission to a similar position in the office of the President of the Borough of The Bronx.

Mrs. J. Wells Wentworth, from the position of Inspector of Tenements at \$1,200 per annum to that of Clerk at the same salary, Tenement House Department, under the provisions of Rule XIV., paragraph 3.

John E. Owens, from the position of Attendant in the Department of Docks and Ferries to a similar position in the office of the President of the Borough of Manhattan.

William J. Hodges, from the position of Gardener in the Department of Parks, Boroughs of Brooklyn and Queens, to that of Laborer in the office of the President of the Borough of Brooklyn.

J. Frank Johnson, from the position of Transitman to that of Transitman and Computer in the Department of Docks and Ferries.

C. B. Wintersteen, from the position of Transitman to that of Transitman and Computer in the Department of Docks and Ferries.

And that the following transfers be disapproved:

Louis Goodman, from the position of Transitman and Computer in the Board of Estimate and Apportionment to a similar position in the Department of Water Supply, Gas and Electricity, the Commission being of the opinion that the vacancy to which transfer was sought should be filled by promotion.

William A. Jennings, from the position of Clerk (Financial) at \$960 per annum in the Department of Docks and Ferries to the position of Clerk (Financial) at \$1,000 per annum in the Department of Finance, for the reason that the candidate would not be eligible for such increase until one year from the date of his appointment.

The recommendations of the Committee on Transfers were adopted.

The President presented the following report on transfers, reinstatements, etc., in the labor class, acted upon by him:

#### Transfers Approved.

John O'Neill, Laborer, from Department of Street Cleaning to Department of Bridges.

#### Applications Granted.

Request of the President of the Borough of The Bronx for approval of his action in rescinding the dismissal of John Smith, Laborer, on July 5, 1906.

Request of the President of the Borough of The Bronx for approval of his action in rescinding the dismissal of Henry Mueller, Laborer, on July 7, 1906.

Request of the President of the Borough of Queens for approval of his action in rescinding the dismissal of Lewis Steele, Laborer.

Request of the President of the Borough of Richmond for approval of his action in rescinding the dismissal of the following named Laborers:

James McAvoy, Thomas McAdams,

Allen Hughes, James Cowhig,

James H. Van Name, Freeman F. Webster.

#### Applications Denied.

Request of the Commissioner of Docks and Ferries for authority to transfer Frank Murphy from Sweeper in the Department of Street Cleaning to Laborer in his department, he being less than one year in his present position.

Request of the President of the Borough of Brooklyn for authority to transfer James Du Bois from Foreman Dock Builder, Department of Docks and Ferries, to Foreman Dock Builder in his department, the position of Dock Builder not existing in the office of the President of the Borough of Brooklyn.

Request of the President of the Borough of The Bronx for authority to transfer Thomas J. D. Carrigan from Laborer to Assistant Foreman, he being less than one year in his present position.

Request of the President of the Borough of The Bronx for authority to transfer Thomas F. Baldwin from Assistant Foreman to Foreman of Laborers, he being less than one year in his present position.

Request of the President of the Borough of The Bronx for authority to transfer Louis Ulrich and Augustine F. Mulhall from Laborer to Stableman, the latter position not being classified for his department.

Request of the Commissioner of Street Cleaning for authority to transfer Terence Donohue from Driver to Machinist's Helper, he having served less than one year as a Stableman, under which title he is employed.

Request of the Commissioner of Street Cleaning for authority to transfer Edward A. Farrell from Driver to Machinist's Helper, he having served less than one year as a Stableman, under which title he is employed.

The report of the President was adopted.

The appeals of the following named candidates for a rerating of their examination papers were denied, no errors of marking or rating having been indicated:

John A. Greegan, No. 38 South Elliott place, Brooklyn. Promotion to fifth grade Stenographer and Typewriter, Docks and Ferries.

Teresa M. Hickey, No. 137 Hoyt street, Brooklyn. Promotion to fourth grade Stenographer, Bureau of Buildings.

Joseph Gaffney, No. 687 East One Hundred and Sixty-second street. Assistant Engineer, Rapid Transit Commission.

The President offered the following recommendations with reference to the matters enumerated, which had been referred to him for consideration at a previous meeting:

1. Proposed plan of requiring candidates for promotion to file applications in the office of the Commission between prescribed dates, at a certain time of the year, to be fixed by the Commission; also matter of simplifying the present system of keeping efficiency records of candidates, which would make necessary an amendment of Rule XV., section 7.

Recommend the adoption of the proposed plan of requiring candidates for promotion to file applications; and with reference to amending Rule XV., section 7, so as to simplify the present method of keeping efficiency records, recommend that a public hearing be held in the near future.

2. Matter of calling an open competitive examination for the position of Steward in order to fill one vacancy in the Department of Public Charities at a salary of \$1,200 per annum.

Recommend that the examination be called.

3. Matter of calling an open competitive examination for the position of Inspector of Food Supplies, and authorizing a provisional appointment in the Department of Public Charities pending the promulgation of the list.

Recommend that the application be denied.

4. Matter of calling an open competitive examination for Deputy Superintendent of Hospitals (Lay), in order to fill a vacancy in the Department of Public Charities at a salary of \$1,000 per annum.

Recommend that the examination be called.

5. Matter of conducting an open competitive examination for the position of Dock Superintendent (male), in order to fill one vacancy in the Department of Public Charities at a salary of \$1,000 or \$1,350 per annum.

Recommend that certification be made from the list for Dockmaster.

The recommendations of the President were adopted.

The Secretary recommended the amendment of Civil Service Rule XIV. (transfers), by striking therefrom clauses 1 and 2, and substituting in lieu thereof the following:

"1. A person who has been permanently appointed to a position in the competitive class may be transferred without examination to a similar position in such class, or to a position of the same grade thereof, if it be in a graded service, in any other department, office or institution; provided that for original entrance to the position proposed to be filled by transfer there is not required by these rules, in the judgment of the Commission, an examination involving tests or qualifications essentially different from or higher than those required in an examination for original entrance to the position from which transfer is sought; or provided that if such person entered the service without competitive examination he shall have served with fidelity for at least three years in the position held by him, or in a similar position.

"2. A person may be transferred from an exempt or non-competitive position to a competitive position, or from a position in the competitive class to a position in a different group of such class, only when the person transferred has qualified in an open competitive examination and is eligible for certification and appointment from the appropriate eligible list for the position to which transfer is proposed, and is so certified and appointed. Such certification and appointment shall remove from the eligible list the name of the person transferred; but no such transfer shall be allowed when there is in existence an appropriate list of persons eligible for promotion to the position proposed to be filled by transfer.

"A person holding a position in the non-competitive class may be transferred to a similar position in the same class."

A public hearing was ordered on the proposed amendment for Wednesday, September 19, 1906, at 10 a. m.

On motion, the President was requested to communicate with the District Attorney and ask him to inform the Commission as to the status of the case of the People vs. Edward H. Pearce, and to state that, in the opinion of the Commission, a speedy disposition of the same was desirable, for the reason that if Pearce was guilty of impersonation, it was decidedly detrimental to the service to allow him to continue in his present position in the office of the President of the Borough of Brooklyn.

On motion, it was

Resolved, That the eligible list for Inspector of Lamps and Gas, resulting from the examination held July 18, 1906, be and the same hereby is established as of September 4, 1906, the date on which the rating of the papers was completed.

On motion, it was

Resolved, That the eligible list for Topographical Draughtsman, resulting from the examination held on June 2, 1906, be and the same hereby is established as of September 4, 1906, the date on which the rating of the papers was completed.

The Chief Examiner submitted the following statement of examinations held during the month of August:

| Examinations.  | Candidates. |
|--|-------------|
| August 6. Promotion to Rodman, Dock Department.....                        | 15          |
| August 9. Rodman, non-competitive, Aqueduct Commission.....                | 4           |
| August 16. Topographical Draughtsman, non-competitive, Richmond.....       | 5           |
| August 16. Inspector of Sewer Construction, non-competitive, Brooklyn..... | 6           |
| August 30. Attendant (male), non-competitive.....                          | 30          |
| August 30. Rodman, non-competitive, Rapid Transit Commission.....          | 2           |
| August 31. Deputy Superintendent, Hospitals, non-competitive.....          | 1           |
| August 31. Marine Engineer, non-competitive.....                           | 1           |

| Number of Examinations.        | Number Examined. |
|--------------------------------|------------------|
| 1 mental, promotion.....       | 15               |
| 7 mental, non-competitive..... | 49               |
| 8.....                         | 64               |

The communication was ordered filed.

A communication was presented from the Secretary of the State Civil Service Commission, dated September 5, stating that that Board was arranging for a conference with Municipal Civil Service Commissioners, to be held in the Senate Chamber at Albany early in the month of October, and requesting that Secretary Spencer read his paper entitled "Frauds in Examinations," which was presented at the Civil Service conference held in Washington during the month of May. The Secretary was authorized to attend the convention.

A communication was presented from the Secretary of the State Civil Service Commission, dated August 14, transmitting, for the attention of the Municipal Commission, letters from Messrs. A. L. Johnson, No. 66 West One Hundred and Thirty-fourth street, New York City, and Frank Conklin, care of General Delivery, New York City, which had been referred to him by the Governor. Secretary Birdseye stated that as the matters mentioned related solely to municipal affairs, he referred them to the Municipal Commission with the request that it give the complaints careful consideration. The letters were ordered filed.

A communication was presented from the Board of Water Supply, dated August 20, requesting that a non-competitive examination be held to qualify a Stenographer and Typewriter for employment outside The City of New York, with salary at the rate of \$1,050 per annum, pending the promulgation of an appropriate eligible list from which to make a permanent appointment. The Secretary stated that there were no persons on the list for Stenographer and Typewriter (male) who would accept an appointment outside The City of New York at a salary of \$1,050. The matter was referred to the President for a recommendation.

A communication was presented from the Superintendent of Buildings, Borough of The Bronx, dated September 4, requesting approval of the reassignment to duty of James J. Judge, Inspector of Carpentry and Masonry, who had been absent owing to illness since July 16. The reassignment was approved.

A communication was presented from the Secretary of the Board of Water Supply, dated August 29, requesting that the increase in salary of Mr. Thaddeus Merriman, Assistant Engineer, to \$3,300 per annum, be approved by the Commission, and stating that, in his opinion, the provisions of Rule XII., paragraph 4, did not apply, in view of the fact that there was only one man higher than Mr. Merriman on the list for Assistant Engineer at the time of his appointment, and he had never declined the salary which Mr. Merriman accepted for the reason that he had not been offered an appointment. The request was denied, and the Secretary was instructed to inform the Board of Water Supply that, in view of the provisions of Rule XI., paragraph 4, the Commission was without power to approve the said increase in salary until one year from the date of Mr. Merriman's appointment.

A communication was presented from the Deputy Commissioner of the Department of Water Supply, Gas and Electricity, dated September 7, stating that, subject to the approval of the Commission, the salary of Mr. Lawrence F. McCann, Appointment Clerk, had been increased to \$2,700 per annum, to take effect September 1. It appearing that the increase in salary could not be allowed without examination, the Chief Examiner was directed to hold a non-competitive examination to qualify the candidate for promotion from the eighth to the ninth grade, under the provisions of Rule XV., paragraph 9.

On motion, it was

Resolved, That the appointment of William H. Fay, No. 334 Warburton avenue, Yonkers, to the position of Office Boy, in the Board of Water Supply, at a salary of \$300 per annum, be and the same hereby is approved under the provisions of Rule XII., paragraph 7, it appearing that the services are to be rendered outside The City of New York and that appointment from an eligible list is impracticable.

The reports of the following Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Health, July 18.

Department of Correction, September 5.

On motion, it was

Resolved, That the following emergency appointments in the Steam Dumper Service of the Department of Street Cleaning be and they hereby are approved under the provisions of Rule XII., paragraph 4:

August 28, 1906.

Charles Lundin, Assistant Engineer. John Pauli, Fireman.  
Otto J. Rocholl, Deckhand.

August 29, 1906.

Thomas A. Farrell, Assistant Engineer. James Grady, Fireman.

September 9, 1906.

James Grady, Fireman. William Turner, Mate.  
Edward Watson, Fireman.

On motion, it was

Resolved, That the emergency appointment of Mr. Samuel Kahn as Interpreter (Yiddish) in the Municipal Court, Borough of Brooklyn, Seventh District, be and the same hereby is approved for a period of seven days, from September 6, under the provisions of Rule XII., paragraph 4.

A communication was presented from the Secretary of the Department of Docks and Ferries, dated September 6, stating that John Connolly, a Deckhand in that Department, had requested a leave of absence, without pay, for six months from September 1, in order that he might go to Europe, and requesting approval of such leave of absence. The request was denied.

A communication was presented from the Commissioner of Correction, dated September 10, requesting that the following examinations for promotion in his Department be held:

Promotion from first and second grade Clerk to fifth grade Clerk in the following Bureaus:

Storehouse Bureau.

Workhouse Bureau.

Central Office Bureau.

Promotion from Office Boy to Junior Clerk (Grade B).

Promotion from Junior Clerk (Grade B) to first grade Clerk.

The Chief Examiner was directed to proceed with the said examinations in the month of November.

A communication was presented from the President of the Borough of Richmond, requesting the Commission to amend its records, to show that William Heyman, candidate for appointment to Leveler, answered the notice sent him by that Department, and did not "fail to report," as originally stated. The request was granted.

A communication was presented from the President of the Borough of Richmond, dated September 4, requesting that the increase in salary of Edward B. Sheeran, Clerk, to \$1,500 per annum be approved from August 1, the date upon which he took such action. The Secretary stated that Mr. Sheeran would be eligible for the said increase in salary if the list for promotion to fifth grade Clerk in the office of the President of the Borough of Richmond were divided into Bureau lists. The Secretary was instructed so to divide the list, and to approve Mr. Sheeran's pay roll for the month of August at the increased rate.

The Secretary was instructed to inform the President of the Borough of The Bronx, in reply to his renewed request for approval of the pay roll of John Corbley, Inspector of Sewer Connections, for salary for the months of January, February, March, April and May, 1906, during which period he was absent because of illness, that the Commission could find no provision in the rules which would authorize it to approve the same.

A communication was presented from the President of the Jamaica Bay Improvement Commission, dated September 1, stating that, in accordance with permission granted by the Civil Service Commission, two Draughtsmen, one Assistant Engineer, two Rodmen and one Axeman had been employed, without examination, with compensation not to exceed \$250 in any case; that, in the cases of the Assistant Engineer

and the two Draughtsmen, the limit of compensation would soon be reached, and requesting, inasmuch as the work of the Commission was by no means finished, and it had been found impossible to get other suitable men to accept employment for a limited period, that the Commission, by resolution, subject to the approval of the Mayor and the State Civil Service Board, fix the aggregate sums to be paid said persons at \$900, \$800 and \$600, respectively.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the limitation of compensation in the cases of Messrs. Augustus T. Kurth, Charles Wyeth and Alexander H. Fox, employed in the Jamaica Bay Improvement Commission to render expert services, under the authority of Civil Service Rule XII., paragraph 6, be and the same hereby is suspended, and the maximum compensation of such persons is hereby fixed in the case of Augustus T. Kurth at \$900, in the case of Charles Wyeth at \$800, and that of Alexander H. Fox at \$600.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to conduct a non-competitive examination of the following named persons to qualify them for employment as Bath Attendants in the office of the President of the Borough of Manhattan, pending the establishment of an eligible list for that position:

Thomas F. Daly, No. 34 Madison street.

Joseph Harris, Jr., No. 461 West Twenty-seventh street.

John J. Hogan, No. 227 West One Hundred and Forty-eighth street.

The reassignment to duty of Timothy Capper, Inspector of Masonry in the Department of Parks, Boroughs of Manhattan and Richmond, was approved, it appearing from the certificate furnished that his absence from June 16 was due to illness.

A communication was presented from the Secretary of the Rapid Transit Railroad Commission, dated August 6, requesting that the Commission conduct an open competitive examination for the position of Assistant Engineer in that Department at a salary of \$1,200 per annum. The Secretary was directed to notify the Department that, in the judgment of the Commission, a salary of \$1,200 was far below the prevailing rate for the position; that its records showed that only twenty persons out of the fifty-six who obtained places on the last list for Assistant Engineer compiled for that Department were willing to accept appointment at \$1,200, the others all declining on the score of insufficient compensation; and that, in view of that fact, the Commission did not feel justified in holding another examination for that grade of salary.

A communication was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, asking approval of the increase in salary of Frederick C. Alden, Clerk, from \$1,350 to \$1,500 per annum, to date from June 1, and stating that Mr. Alden was originally appointed as Clerk in that Department from an eligible list for the position of Purchasing Agent, to which was attached a salary of \$1,800 per annum, and that there was but one other clerk in the Bureau with Mr. Alden receiving the same salary, namely, \$1,350 per annum. The Secretary was instructed to certify the pay roll at the increased rate, under the authority of Rule XV., paragraph 12.

A communication was presented from Henry R. M. Cook, Esq., Auditor of the Board of Education, dated September 11, requesting approval of supplementary pay rolls of his Department covering extra services rendered by William J. Tobin, Henry A. Richmond, T. Jamison, Walter A. Lyon, David H. Pierce, John Bannon, John J. McLaughlin and Edgar Story, Janitors of Public Schools. The communication stated that the extra services were rendered necessary by the fact that free baths had been installed in the school buildings under the jurisdiction of these Janitors, which required their presence in the buildings at night. The Secretary was instructed to attach the certificate of the Commission to the pay rolls.

The Secretary called the attention of the Commission to the increase in salary of Oscar Dryer, Clerk in the Department of Finance, from \$1,200 to \$1,500 per annum, and asked for instructions as to passing the payroll at the increased rate. It appeared that Mr. Dryer entered the service without examination and was subsequently promoted to the fourth grade of clerkship after taking an examination for such promotion; that he based his eligibility for promotion to the fifth grade upon the fact that he had, prior to taking the examination for promotion to the fourth grade, obtained a place upon another eligible list for promotion carrying with it a salary of \$1,500 per annum, from which list, however, he had never been promoted, and which subsequently expired by limitation. The Secretary was instructed to inform the Comptroller that the Commission could not certify the payroll at the increased rate until Mr. Dryer had qualified in an examination for promotion to the fifth grade of clerkship.

A communication was presented from the Secretary of the Department of Docks and Ferries, dated July 30, stating that the compensation of the following named Marine Engineers had been increased to \$1,800 per annum, to take effect on August 1:

Bernard J. Jennings.  
Jesse O. Aukebauer.  
Jonathan A. Wilson.  
Theodore S. F. Stolting.  
James Gallagher.  
Charles N. Boylan.  
Lawrence F. Oliver.  
John R. Safford.

John J. Moran.  
Wilfred S. Van Aken.  
William D. Bush.  
John C. Reid.  
Clifford S. Hawkins.  
Joseph Mason.  
Daniel J. McMahon.  
Philip J. O'Reilly.

—and that compensation of the following named Marine Engineers had been increased to \$1,650 per annum, to take effect August 1:

Michael C. Banning.  
Arris Williams.  
Edgar W. Ellis.  
Charles M. Prior.  
James Watt.  
John A. Howard.  
Thomas McCall.  
Michael Boylan.  
Robert Crosson.

William J. Johnson.  
Christopher W. Sorensen.  
Ingvald Tonning.  
Clement A. Somner.  
Morgan W. Brown.  
Archibald Jeffrey.  
Emmet G. Charlton.  
Charles H. Jansen.

The Secretary requested to be informed whether subdivision 3 of paragraph 4 of Rule XI. applied to the case, in view of the fact that a number of persons on the eligible list from which some of the aforesaid Marine Engineers were selected had declined appointment at the salaries accepted by them. After a consideration of the matter, in view of the fact that all the Marine Engineers in the Department had been increased in order that they might receive the prevailing rate of wages, and the Secretary was instructed to attach the certificate of the Commission to the payrolls when presented.

A communication was presented from the Yawman & Erbe Manufacturing Company, dated September 4, quoting a price of \$127.50 for equipping five report sections with locking attachments and fourteen card cabinets with lock bar attachments. The matter was laid over.

The request of Joseph Betts, No. 251 Seventh street, that his name be restored to the list for Inspector of Tenements was granted, he having declined appointment on May 22, 1906, on account of illness.

A communication was presented from H. Bohn, Esq., business agent of the Copper-smiths' Union, dated September 6, renewing his request of June 19 for the classification of the title "coppersmith." The Secretary was instructed to communicate with Mr. Bohn and state that there had been no demand for an eligible list of coppersmiths, and until the same was requested by some department requiring the services of such persons the Commission did not consider it advisable to classify the title and make up a list.

The request of George H. Thomas, No. 137 Keap street, Brooklyn, that his name be restored to the list for Janitor was denied, he having declined appointment in his home borough.

The request of Barnett H. Goldstein, No. 535 McDonough street, Brooklyn, that his name be restored to the list for Stenographer and Typewriter was denied, he having failed to report to a notice sent him on January 22, 1906.

The request of Charles M. Strauss, No. 248 East Seventy-eighth street, that his name be restored to the list for Axeman was denied, he having been appointed in the office of the President of the Borough of Richmond on June 1, 1906, and subsequently dismissed for unsatisfactory services.

The request of Frederick B. Barshell, No. 22 West One Hundred and Fourteenth street, that his name be restored to the lists for Structural Steel Draughtsman, Transman and Computer, and Topographical Draughtsman, was granted, he having been in Europe when certified on July 15 for appointment in the Rapid Transit Railroad Commission, and now being ready to accept an appointment.

The request of Florence L. Brophy, No. 2161 Eighty-fifth street, Brooklyn, that her name be restored to the list for Typewriting Copyist was granted, she having been

obliged to decline an appointment offered her in the Tenement House Department on June 29 on account of illness.

The request of Emond J. Kenny, Jr., No. 624 East One Hundred and Ninety-eighth street, for restoration to the preferred list of Laborer was granted, he having been ill at the time of certification of his name for appointment.

The application of Ransom F. Graves for an examination for promotion from Office Boy to Junior Clerk (Grade D) in the office of the Commission was granted.

An affidavit was presented from Patrick J. Knowles, No. 156 Summit street, Brooklyn, to the effect that he made an error in answering question 3 on his application for Patrolman and question 2 on the preliminary sheet of his examination papers in stating that he was born in the United States, as he had recently learned that he was born in Ireland and brought to the United States when an infant, which statement he substantiated by an extract from the Register of Baptisms, Parish of Fairview, Ireland, and requesting permission to correct the said papers. The Secretary stated that Mr. Knowles was on the existing list of Patrolman with a percentage of 75.41. The request was granted.

The Commission then considered a communication signed by Daniel Quinn, Esq., attorney and counsellor at law, No. 509 Sterling place, Brooklyn, protesting on behalf of a number of Clerks in the Department of Finance, Borough of Brooklyn, who were receiving salaries of \$1,200 per annum and over against the action of the Comptroller in ordering them to file bonds for the faithful performance of their duties, which would cost them from \$10 to \$15 each. Mr. Quinn also appeared in person and addressed the Commission regarding the matter, after which the communication was referred to the President for a reply.

The Commission then adjourned, to meet Wednesday, September 19, 1906, at 10 o'clock.

FRANK A. SPENCER, Secretary.

#### CHANGES IN DEPARTMENTS, ETC.

##### TENEMENT HOUSE DEPARTMENT.

October 22—Resigned, Alexander L. Jones, No. 18 Macon street, Brooklyn, Inspector of Tenements, salary \$1,200 per annum. This resignation to take effect on October 17, 1906.

## DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Health of the Department of Health until 10 o'clock a. m. on

FRIDAY, NOVEMBER 2, 1906.

FOR FURNISH

Delivery will be made to such place or places within The City of New York in such quantities and in such manner as may be required by the Board of Health during the year 1906; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The time for the completion of the work and the full performance of the contract is during the year 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid.

Bids will be compared and the contract awarded to the lowest bidder for each class, as indicated by the specifications.

Blank forms and further information may be obtained at the office of the Chief Clerk of the Department of Health, southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan.

THOMAS DARLINGTON, M. D.,  
President;  
ALVAH H. DOTY, M. D.,  
THEODORE A. BINGHAM,  
Board of Health.

Dated October 19, 1906.

## BOROUGH OF QUEENS.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS, THIRD FLOOR OF THE BOROUGH HALL, FIFTH STREET AND JACKSON AVENUE, LONG ISLAND CITY, BOROUGH OF QUEENS, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Queens at the above office until 11 o'clock a. m. on

FRIDAY, NOVEMBER 2, 1906.

No. 1. FOR REPAVING WITH WOOD BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF CHURCH STREET, FROM METROPOLITAN AVENUE TO THE NORTH SIDE OF HILLSIDE AVENUE, FOURTH WARD, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time allowed for doing and completing the above work will be thirty-five (35) working days.

The amount of security required will be Ten Thousand Dollars (\$10,000).

The Engineer's estimate of quantities is as follows:

8,000 square yards wood block pavement.  
1,000 cubic yards concrete, including mortar bed.

4,600 linear feet of new concrete curb, furnished and set.

No. 2. FOR REPAVING WITH WOOD BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FIRST AVENUE (COLLEGE POINT), FROM FERRY TO THIRTEENTH STREET, THIRD WARD, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time allowed for doing and completing the above work will be forty-five (45) working days.

The amount of security required will be Fifteen Thousand Dollars (\$15,000).

The Engineer's estimate of quantities is as follows:

15,500 square yards wood block pavement.  
1,940 cubic yards concrete, including mortar bed.

7,250 linear feet of concrete curb, furnished and set.

2,000 cubic yards of earth excavation.

No. 3. FOR REPAVING WITH WOOD BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF THIRD AVENUE, FROM FIRST STREET TO THIRTEENTH STREET (COLLEGE POINT), THIRD WARD, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time allowed for doing and completing the above work will be thirty-five (35) working days.

The amount of security required will be Eight Thousand Dollars (\$8,000).

The Engineer's estimate of quantities is as follows:

7,650 square yards of wood block pavement.

1,000 cubic yards concrete, including mortar bed.

6,100 linear feet of new concrete curb, furnished and set.

400 cubic yards of earth excavation.

No. 4. FOR PAVING WITH ASPHALT BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF SEVENTH AVENUE, FROM BROADWAY TO GRAHAM AVENUE, FIRST WARD, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time allowed for doing and completing the above work will be thirty (30) working days.

The amount of security required will be Three Thousand Dollars (\$3,000).

The Engineer's estimate of quantities is as follows:

3,100 square yards of asphalt block pavement.

400 cubic yards of concrete, including mortar bed.

100 linear feet of old bluestone curbstone, redressed, rejointed and reset.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereafter annexed, per square yard, linear foot or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from a total.

Bids will be compared and the contract awarded at a lump or aggregate sum.

Blank forms may be obtained and the plans and drawings may be seen at the office of the President of the Borough of Queens.

Dated Long Island City, October 17, 1906.

JOSEPH BERTEL,  
President of the Borough of Queens.

## BOROUGH OF MANHATTAN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Manhattan at the City Hall, Room 16, until 3 o'clock p. m. on

WEDNESDAY, OCTOBER 31, 1906.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR THE RECONSTRUCTION OF OUTLET SEWER AND APPURTENANCES AT TWENTY-THIRD STREET, NORTH RIVER.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required, is as follows:

60 linear feet of brick sewer, arch and wall, all complete, Class I.

161 linear feet of brick sewer, 6 feet 3 inches by 5 feet 6 inches inside diameter, built in the old box, all complete, Class II.

20 linear feet of wooden box sewer of varying dimensions, viz.: 6 feet 3 inches by 5 feet 3 inches at easterly end and approximately 14 feet by 4 feet 6 inches at westerly end, inside dimensions, all complete, Class III.

730 linear feet of 4 feet 6 inches diameter wooden barrel sewer (now in place) to be cut free, in 20-foot lengths, from their present supporting and holding planking and raised to grade, all complete, Class IV.

160 linear feet of 4 feet 6 inches diameter new wooden barrel sewer, to be furnished and built in place; of the same dimensions and held in place at bottom, sides and top in the same manner and with the same size timbers, planking, bolts, nuts and washers as shown for the bottom, etc., etc., Class V.

4 new sewer barrel manholes, furnished, fitted and placed.

20 sewer barrel bands for repairs, furnished, fitted and placed.

100 feet, B. M., of yellow pine creosoted sewer barrel staves, in place, for repairs of length approximating 20 feet, etc.

1,000 feet, B. M., of 3-inch by 10-inch yellow pine planking, in place, including fitting, placing and spiking with spikes furnished by the contractor.

2,000 feet, B. M., of 5-inch by 12-inch yellow pine planking, in place, including fitting, placing and spiking with spikes furnished by the contractor.

2,000 feet, B. M., of 5-inch by 16-inch yellow pine planking, in place, including fitting, placing and spiking with spikes furnished by the contractor.

5,000 feet, B. M., of timber and planking for bracing and sheet piling.

The time allowed to complete the whole work is two hundred (200) working days.

The amount of the security required is Sixty-five Hundred Dollars (\$6,500).

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR BUILDING SEWER AND APPURTENANCES IN WEST ONE HUNDRED AND THIRTY-NINTH STREET, BETWEEN RIVERSIDE DRIVE AND BROADWAY.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required, is as follows:

18 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameter.

426 linear feet of salt-glazed vitrified stone-ware pipe sewer of 15-inch interior diameter.

540 cubic yards of rock to be excavated and removed.

1,000 feet, B. M., of timber and planking for bracing and sheet piling.

1,300 feet, B. M., of timber and planking for foundation.

The time allowed to complete the whole work is one hundred and twenty-five (125) working days.

The amount of the security required is Two Thousand Dollars (\$2,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms may be had and the plans and drawings may be seen at the office of the Commissioner of Public Works, Nos. 13 to 21 Park row, Bureau of Sewers, Borough of Manhattan.

JOHN F. AHEARN,  
Borough President.

The City of New York, October 19, 1906.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 21, 1906, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, pursuant to the provisions of subdivision 7 of section 2 of the contract between The City of New York and the New York and Port Chester Railway Company, will give a hearing on November 2, 1906, at 10.30 o'clock a. m., in the Old Council Chamber, City Hall, Borough of Manhattan, on a "map or plan, showing the grades at which this railroad will cross such public highways in the Borough of The Bronx, between Westchester avenue and the northerly city line, as the line of this railroad will cross."

Dated October 20, 1906.

JOSEPH HAAG,  
Secretary.

No. 277 Broadway, Room 805.

Telephone 3454 Worth.

020,31

PUBLIC NOTICE IS HEREBY GIVEN that the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to widen Second avenue, between Fifty-seventh and Sixty-first streets, by adding 100 feet to its westerly side, giving the street a width of 200 feet for these four blocks, and by laying out a plaza in the remainder of the block bounded by Fifty-ninth and Sixtieth street and Second and Third avenues, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 2, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on September 21, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out a public park, bounded by Knickerbocker avenue, Irving avenue, Putnam avenue and Palmetto street, and a new street to form the southwesterly boundary of said park, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 2, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on September 21, 1906, notice of the adoption of which is hereby given, viz.:

(A)—Laying Out a Public Park.

Beginning at the intersection formed by the southeasterly side of Palmetto street with the southwesterly side of Irving avenue, and running thence northeasterly along the southwesterly line of Irving avenue 720 feet to the northwesterly side of Putnam avenue;

Thence southwesterly along the northwesterly side of Putnam avenue 400 feet;

Thence northwesterly and parallel with Irving avenue 720 feet to the southeasterly side of Palmetto street;

Thence northeasterly along the southeasterly side of Palmetto street 400 feet to the point of beginning.

(B)—Laying Out a Public Street to Form the Southwesterly Boundary of the Proposed Park, the Southwesterly Side of this Street, to

Begin at a point on the southeasterly side of Palmetto street, distant 200 feet northeasterly from the intersection of the northeasterly side of Knickerbocker avenue with the southeasterly side of Palmetto street, and running thence southeasterly parallel with and 200 feet distant from the northeasterly side of Knickerbocker avenue to the northeasterly side of Putnam avenue.

The northeasterly side of said street to be parallel with and 50 feet distant from the southwesterly side.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 24 day of November, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 24 day of November, 1906.

Dated October 20, 1906.

JOSEPH HAAG,  
Secretary.

No. 277 Broadway, Room 805.

Telephone 3454 Worth.

020,31

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to—

No. 1. Lay out the property shown upon the plan submitted by the Commissioner of Bridges as required for an approach to the Manhattan Bridge, between the Bowery and Monroe street, including the entire two blocks bounded by the Bowery, Canal street, Forsyth street and Bayard street, and portions of the blocks between Forsyth and Monroe streets, all of these portions of blocks being occupied by the bridge structure.

No. 2. Close Chrystie street, between Canal street and Bayard street, the westerly end of the block of Forsyth street, between Canal and Bayard streets, and of the small portions of Bayard and Market streets indicated upon the map submitted by the Bridge Commissioner.

No. 3. Lay out new streets to take the places of those which it is proposed to discontinue and close, these streets being parallel with the bridge structure and extending from Forsyth street to East Broadway on the easterly side, and from Bayard street to East Broadway on the westerly side, in the Borough of Manhattan, City of New York.

--and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 2, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on October 5, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out the property shown upon the plan submitted by the Commissioner of Bridges as required for an approach to the Manhattan Bridge, between the Bowery and Monroe street, including the entire two blocks bounded by the Bowery, Canal street, Forsyth street and Bayard street, and portions of the blocks between Forsyth and Monroe streets, all of these portions of blocks being occupied by the bridge structure.

No. 2. Close Chrystie street, between Canal street and Bayard street, the westerly end of the block of Forsyth street, between Canal and Bayard streets, and of the small portions of Bayard and Market streets indicated upon the map submitted by the Bridge Commissioner.

No. 3. Lay out new streets to take the places of those which it is proposed to discontinue and close, these streets being parallel with the bridge structure and extending from Forsyth street to East Broadway on the easterly side, and from Bayard street to East Broadway on the westerly side, in the Borough of Manhattan, City of New York.

--and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 2, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on October 5, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out the property shown upon the plan submitted by the Commissioner of Bridges as required for an approach to the Manhattan Bridge, between the Bowery and Monroe street, including the entire two blocks bounded by the Bowery, Canal street, Forsyth street and Bayard street, and portions of the blocks between Forsyth and Monroe streets, all of these portions of blocks being occupied by the bridge structure.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out a public park, or playground, in the two blocks bounded by Douglass street, Dumont avenue, Barrett street and Blake avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 2, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on September 21, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out a public park, or playground, in the two blocks bounded by Douglass street, Dumont avenue, Barrett street and Blake avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection formed by the easterly line of Barrett street with the southerly line of Blake avenue;

Thence easterly along the last-mentioned line 480 feet to its intersection with the westerly line of Douglass street;

Thence southerly along the last-mentioned line 500.46 feet to its intersection with the northerly line of Dumont avenue;

Thence westerly along the last-mentioned line 480 feet to its intersection with the easterly line of Barrett street;

Thence northerly along the last-mentioned line 500.46 feet to the point of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be

held in the City Hall, Borough of Manhattan, City of New York, on the 2d day of November, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and in the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 2d day of November, 1906.

Dated October 20, 1906.

JOSEPH HAAG,  
Secretary,  
No. 277 Broadway, Room 805.  
Telephone 3454 Worth.

**BOARD OF ASSESSORS.**

**PUBLIC NOTICE IS HEREBY GIVEN TO** the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

**BOROUGH OF MANHATTAN.**

List 8951, No. 1. Alteration and improvement to sewer in Avenue St. Nicholas, west side, between One Hundred and Forty-ninth and One Hundred and Fifty-fifth streets, and new sewer in Avenue St. Nicholas, east side, between One Hundred and Fiftieth and One Hundred and Fifty-first streets.

List 8953, No. 2. Regulating, grading, curbing and flagging West One Hundred and Seventy-second street, between Broadway and St. Nicholas avenue.

List 8981, No. 3. Alteration and improvement to sewer in West Sixty-ninth street, between West End avenue and Amsterdam avenue.

List 8983, No. 4. Alteration and improvement to sewer in West Sixty-eighth street, between West End avenue and Amsterdam avenue.

List 8984, No. 5. Paving and curbing West Fifty-seventh street, from a point 260 feet west of Eleventh avenue to Twelfth avenue.

**BOROUGH OF THE BRONX.**

List 8818, No. 6. Regulating, grading, curbing, flagging and laying crosswalks in Concord avenue, from East One Hundred and Forty-first street to Kelly street.

List 8838, No. 7. Paving with asphalt pavement and curbing Pond place, from East One Hundred and Ninety-seventh to East One Hundred and Ninety-eighth street, together with a list of awards for damages caused by a change of grade.

List 8954, No. 8. Regulating, grading, curbing, flagging, laying crosswalks, building approaches

and placing fences in Vyse avenue, from West Farms road to East One Hundred and Seventy-second street.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Avenue St. Nicholas, from One Hundred and Forty-ninth to One Hundred and Sixty-second street; north side of One Hundred and Forty-ninth and both sides of One Hundred and Fiftieth, One Hundred and Fifty-first and One Hundred and Fifty-second streets, from Avenue St. Nicholas to Amsterdam avenue; east side of Amsterdam avenue, from One Hundred and Forty-ninth to One Hundred and Fifty-second street; both sides of Convent avenue, from One Hundred and Forty-ninth to One Hundred and Fifty-second street; both sides of One Hundred and Fifty-third street, extending about 162 feet west of Avenue St. Nicholas; both sides of One Hundred and Fifty-fifth street, from Amsterdam avenue to Avenue St. Nicholas; both sides of One Hundred and Sixtieth street, from Avenue St. Nicholas to the east side of Jumel terrace; both sides of Jumel terrace, from One Hundred and Sixtieth street to Sylvan place; both sides of Sylvan place, from Jumel terrace to Avenue St. Nicholas; south side of One Hundred and Sixty-second street, extending about 206 feet east of Avenue St. Nicholas.

No. 2. Both sides of One Hundred and Seventy-second street, from St. Nicholas avenue to Broadway, and to the extent of half the block at the intersecting streets.

No. 3. Both sides of Sixty-ninth street, from West End to Amsterdam avenue; east side of West End avenue and west side of Amsterdam avenue, from Sixty-ninth street to a point about 100 feet northerly therefrom.

No. 4. Both sides of Sixty-eighth street, from West End to Amsterdam avenue; east side of West End and west side of Amsterdam avenue, from Sixty-eighth to Sixty-ninth street.

No. 5. Both sides of Fifty-seventh street, from Twelfth avenue to a point about 540 feet easterly.

No. 6. Both sides of Concord avenue, from One Hundred and Forty-first street to Kelly street, and to the extent of half the block at the intersecting streets and avenues.

No. 7. Both sides of Pond place, from One Hundred and Ninety-seventh to One Hundred and Ninety-eighth street, and to the extent of half the block at the intersecting streets and avenues.

No. 8. Both sides of Vyse avenue, from West Farms road and One Hundred and Sixty-seventh street to One Hundred and Seventy-second street, and to the extent of half the block at the intersecting and terminating streets and avenues.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before November 20, 1906, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,  
PAUL WEIMANN,  
JAMES H. KENNEDY,  
Board of Assessors.

WILLIAM H. JASPER,  
Secretary,  
No. 320 Broadway,  
City of New York, Borough of Manhattan,

| Arithmetic              | 3 |
| Letter writing          | 2 |
| Handwriting (on letter) | 2 |

The percentage required is 70.

In the general paper candidates will be asked elementary questions in United States history and geography, and will also be asked questions designed to ascertain their intelligence and fitness.

Vacancies exist in various departments.

The salary is \$300 per annum.

Candidates must not be over 18 years of age.

FRANK A. SPENCER,  
Secretary.

012,24

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, October 11, 1906.

**PUBLIC NOTICE IS HEREBY GIVEN** that an open competitive examination will be held for the following position:

STENOGRAPHER AND TYPEWRITER (MALE AND FEMALE), MONDAY, OCTOBER 29, 1906, AT 10 A. M.

First, second and third grades.

Salary, \$750, \$900 and \$1,050.

The receipt of applications will close on Thursday, October 18, at 4 p. m.

The subjects and weights of the examination are as follows:

|                              |   |
|------------------------------|---|
| Accuracy, neatness and speed | 6 |
| Spelling and punctuation     | 1 |
| Handwriting                  | 1 |
| Letter                       | 1 |
| Arithmetic                   | 1 |

The percentage required is 70.

Candidates who successfully pass this examination will be certified for employment beyond the limits of The City of New York, and will not be certified for employment within the limits of the City.

Candidates for the first grade will be required to take stenographic dictation at the rate of 60 words per minute; for the second grade, 80 words, and for the third grade, 100 words.

They will also be required to pass the lower grades in order to qualify for the highest grade.

Vacancies exist in the Board of Water Supply.

The minimum age is 18 years.

FRANK A. SPENCER,  
Secretary.

011,29

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, September 25, 1906.

**PUBLIC NOTICE IS HEREBY GIVEN** that an open competitive examination will be held for the following position:

DIETITIAN (MALE AND FEMALE), WEDNESDAY, OCTOBER 31, 1906, AT 10 A. M.

The receipt of applications will close on Thursday, October 25, 1906, at 4 p. m.

The percentage required is 70.

A physical examination will precede the mental.

The salary attached to the position is \$2.50 per day.

The minimum age is 21 years.

FRANK A. SPENCER,  
Secretary.

027,025

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

**PUBLIC NOTICE WILL BE GIVEN** of all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

WILLIAM F. BAKER,  
President;

R. ROSS APPLETON,  
ALFRED J. TALLEY,  
Commissioners.

FRANK A. SPENCER,  
Secretary.

### DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Board of Education, said buildings being situated in the

Borough of Manhattan

and erected upon property bounded and described as follows:

Beginning at a point on the easterly side of Hudson street distant 71 feet northerly from the northerly line of Grove street, and running thence easterly along the northerly line of the site of Public School one hundred and nine (109) feet to an angle in said line; thence northeasterly and still along the northerly line of the site of Public School 3 sixty-six (66) feet three (3) inches to the westerly line of Bedford street; thence northerly along the westerly line of Bedford street 51 feet 6 inches; thence southwesterly along the northerly line of the premises No. 105 Bedford street 62 feet 7 inches; thence westerly along the northerly line of the premises No. 492 Hudson street 87 feet 10 inches to the easterly line of Hudson street; thence southerly along the easterly line of Hudson street 43 feet to the northerly line of the site of Public School 3, the point or place of beginning, be the said several dimensions more or less.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

MONDAY, DECEMBER 3, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,  
Comptroller.

### NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of Assessment for opening and acquiring title to the following named street, in the Borough of Brooklyn:

FIRST, THIRD, FOURTH, NINTH, ELEVENTH AND TWENTIETH WARDS, SECTIONS 1, 4 AND 7.

LIVINGSTON STREET—OPENING, from 50 feet to 80 feet, between Court street and Flatbush avenue. Confirmed May 12, 1906; entered October 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Clinton street where the same is intersected by the centre line of the block between Schermerhorn street and State street; running thence northerly and along the easterly side of Clinton street to the southerly side of Pierrepont street; running thence easterly along the southerly side of Pierrepont street to the westerly side of Fulton street; running thence southerly and along the westerly side of Fulton street to its intersection with the westerly side of Court street; running thence southeasterly to the intersection of the southerly side of Myrtle avenue with the easterly side of Fulton street; running thence easterly along the southerly side of Myrtle avenue 100 feet; running thence southerly and parallel with Fulton street and distant 100 feet easterly therefrom to the easterly side of Adams street; running thence southeasterly and parallel with Fulton street and distant 100 feet northeasterly therefrom to the intersection of Pearl street and Willowbury street; running thence easterly and along the southerly side of Willowbury to the westerly side of Raymond street; running thence southerly and along the westerly side of Raymond street to the southerly side of DeKalb avenue; running thence easterly and along the southerly side of DeKalb avenue to the westerly side of Washington avenue; running thence southerly and along the westerly side of Washington avenue to its intersection with the northerly side of Butler street, or Sterling place; running thence westerly and along the northerly side of Butler street, or Sterling place, to its intersection with the easterly side of Fifth avenue; running thence northeasterly along the easterly side of Fifth avenue to the northeasterly side of Dean street; running thence northeasterly and along the easterly side of Third avenue; running thence northeasterly and along the easterly side of Third avenue to a point distant 100 feet northerly of the northerly line of State street; running thence westerly and along the centre line of the blocks between State street and Schermerhorn street to the point or place of beginning.

The above-entitled assessment was entered on the day hereinafore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby, ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before December 19, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,  
Comptroller.

City of New York—Department of Finance,  
Comptroller's Office, October 20, 1906.

023,65

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

Borough of Brooklyn.

All the buildings, parts of buildings, etc., standing within the lines of East Nineteenth street, between Avenue L and Avenue M, in the Thirty-second Ward of the Borough of Brooklyn, City of New York, more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan. The sale will take place on

FRIDAY, NOVEMBER 16, 1906

at 11 a. m., on the premises and will be sold at the highest marketable price on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds, at the time and place of sale, and the entire removal of the buildings, parts of buildings, etc., standing within the lines of said streets, from the streets, by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,  
Comptroller.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the Board of Education, said buildings being situated in the

Borough of Brooklyn

and erected upon property bounded and described as follows:

Beginning at a point formed by the intersection of the northerly line of St. Mark's avenue with the westerly line of the lands of Public School 42, which point is distant 200 feet westerly from the westerly line of Classon avenue; running thence northerly along the westerly line of the lands of Public School 42 157 feet; thence westerly and parallel with St. Mark's avenue 25 feet; thence southerly and parallel with Classon avenue 157 feet to the northerly line of St. Mark's avenue; thence easterly along the northerly line of St. Mark's avenue 25 feet to the westerly line of the lands of Public School 42, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

MONDAY, NOVEMBER 12, 1906

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist

within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City

of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

#### PROPOSALS FOR \$4,500,000.00 OF FOUR PER CENT. CORPORATE STOCK OF THE CITY OF NEW YORK.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

EXEMPT FROM ALL TAXATION, EXCEPT FOR STATE PURPOSES.

Executors, Administrators, Guardians and others holding Trust Funds are authorized by Section 9 of Article 1 of Chapter 417 of the Laws of 1897, as amended, to invest in said Stock.

SEALED PROPOSALS WILL BE RECEIVED BY THE COMPTROLLER OF THE CITY OF NEW YORK at his office No. 280 Broadway, Borough of Manhattan, in The City of New York, until

FRIDAY, NOVEMBER 2, 1906

at 2 o'clock p. m., when they will be publicly opened in the presence of the Commissioners of the Sinking Fund, or such of them as shall attend, as provided by law, for the whole or a part of the following-described Registered Stock of The City of New York, bearing interest at the rate of Four per cent. per annum, from and including the date of payment therefor, to wit:

\$4,000,000.00 of Corporate Stock of The City of New York (for Various Municipal Purposes). Principal payable November 1, 1906. Interest payable semi-annually on May 1 and November 1.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation, except for State purposes.

\$500,000.00 of Corporate Stock of The City of New York, to Provide for the Supply of Water. Principal payable November 1, 1906. Interest payable semi-annually on May 1 and November 1.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation, except for State purposes.

The said Stock is issued in accordance with the provisions of Section 10 of Article 8 of the Constitution of the State of New York.

The principal of and interest on said Stock are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund, adopted June 9, 1898.

#### CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award, to him or them, to pay to the City Chamberlain the amount of the Stock awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted of the amounts due for the Stock awarded to them respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of Bonds or Stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the Bonds offered for sale at a price at par or higher may also offer to purchase all or none of said Bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the Bonds to the bidder offering the highest price for all or none of said Bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision the condition that the bidder will accept only the whole amount of Stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the Stock offered for sale.

7. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope addressed to the Comptroller of The City of New York.

HERMAN A. METZ, Comptroller.

The City of New York—Department of Finance, Comptroller's Office, October 20, 1906.

(Oct. 22, Nov. 2.)

#### CORPORATION SALE OF REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

FRIDAY, NOVEMBER 9, 1906

at 12 o'clock m., at the Brooklyn Real Estate Exchange, No. 189 Montague street, the following-described real estate belonging to the Corporation of The City of New York, and located in the Borough of Brooklyn, viz.:

Beginning at a point on the westerly side of East Thirteenth street distant 53 feet northerly from the corner formed by the intersection of the northerly side of Avenue V with the westerly side of East Thirteenth street; thence northerly along the westerly side of East Thirteenth street 61.84 feet; thence southwesterly 26.63 feet; thence southeasterly 63.54 feet to the westerly side of East Thirteenth street, the point or place of beginning, be the said several dimensions more or less, and being the premises known as Lot No. 3, in Block 567, Thirty-first Ward, Borough of Brooklyn, City of New York.

The minimum or upset price at which said property shall be sold is fixed at \$120, and the Comptroller is authorized to take the necessary steps to make such sale upon the following

#### TERMS AND CONDITIONS.

The highest bidder will be required to pay 10 per cent. of the amount of his bid, together with the auctioneer's fee, at the time of sale, and the balance, 90 per cent., upon the delivery of the deed, the quit-claim for the premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to

comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held October 10, 1906.

H. A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, October 19, 1906.

#### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9. EAST ONE HUNDRED AND SIXTY-THIRD STREET—SEWER and appurtenances, between Sherman and Sheridan avenues. Area of assessment: Both sides of One Hundred and Sixty-third street, from Grand Boulevard and Concourse to Sherman avenue; both sides of Sherman avenue, from One Hundred and Sixty-third to One Hundred and Sixty-fourth street; both sides of One Hundred and Sixty-fourth street, from the Concourse to Sherman avenue; south side of One Hundred and Sixty-fifth street, from Concourse to Sherman avenue, and east side of Concourse, from One Hundred and Sixty-third to One Hundred and Sixty-fifth street.

EAST ONE HUNDRED AND FORTY-SIXTH STREET—REGULATING, GRADING, CURBING AND FLAGGING, from Mott avenue to Walton avenue. Area of assessment: Both sides of East One Hundred and Forty-sixth street, from Mott avenue to Walton avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

#### TWENTY-THIRD WARD, SECTION 10.

RECEIVING BASINS on the northwest corner of LONGWOOD AVENUE AND SPOFFORD AVENUE, and on the northeast and southeast corners of LOCUST AVENUE AND EAST ONE HUNDRED AND THIRTY-SIXTH STREET. Area of assessment: North side of Spofford and Longwood avenues, from Tiffany street to Barry street, and south side of Barry street, from Longwood avenue to Burnet place.

EAST ONE HUNDRED AND SIXTIETH STREET—SEWER and appurtenances, between Union avenue and Prospect avenue. Area of assessment: Both sides of One Hundred and Sixtieth street, from Union avenue to Prospect avenue.

#### TWENTY-FOURTH WARD, SECTION 11.

OAKLAND PLACE—REGULATING, GRADING, CURBING AND FLAGGING, from Belmont avenue to Prospect avenue. Area of assessment: Both sides of Oakland place, from Belmont avenue to Prospect avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

ELSMERE PLACE—REGULATING, GRADING, CURBING AND FLAGGING, from Prospect avenue to Southern Boulevard. Area of assessment: Both sides of Elsmere place, from Prospect avenue to Southern Boulevard, and to the extent of half the block at the intersecting and terminating avenues.

#### TWENTY-FOURTH WARD, SECTION 12.

LISBON PLACE—SEWER and appurtenances, between Moshulu parkway South and East Two Hundred and Fifth street, and EAST TWO HUNDRED AND FIFTH STREET—SEWER, between Lisbon place and the Grand Boulevard and Concourse. Area of assessment: Both sides of Lisbon place and East Two Hundred and Fifth street, from Moshulu parkway South to the Grand Boulevard and Concourse.

FORT INDEPENDENCE STREET—SEWER and appurtenances, between Bailey avenue and Heath avenue. Area of assessment: Both sides of Fort Independence street, from Bailey avenue to Heath avenue; north side of Heath avenue, from Giles place to Fort Independence street, and east side of Bailey avenue, from Fort Independence street to Two Hundred and Thirty-eighth street.

MOHOLU PARKWAY SOUTH—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Webster avenue to Van Cortlandt avenue; thence to Jerome avenue. Area of assessment: Both sides of Moshulu parkway South, from Webster avenue to Jerome avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same was confirmed by the Board of Revision of Assessments October 18, 1906, and entered on October 18, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act." Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon from or before December 17, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, October 18, 1906.

019,11

#### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

#### FIRST WARD.

NEWTOWN AVENUE—SEWER, from Van Alst avenue to Rapelje avenue. Area of assessment: Both sides of Newtown avenue, from Van Alst avenue to Rapelje avenue; both sides of Grand avenue, from Rapelje avenue to Steinway avenue; both sides of Ely avenue, from Newtown avenue to a point about 130 feet south of Newtown avenue; both sides of Crescent, from Newtown avenue to Flushing avenue; both sides of North Henry street, extending about 352 feet north of Newtown avenue; both sides of Carver street, extending about 375 feet north of Newtown avenue; both sides of Isabella place, extending about 370 feet north of Newtown avenue; both sides of Debevoise avenue, extending about 340 feet north of Newtown avenue; both sides of Winslow place, extending about 215 feet east of Debevoise avenue; both sides of Rapelje avenue, from a point beginning about 410 feet south of Grand avenue to Vandewater avenue; both sides of Briell street, from a point about 295 feet south of Grand avenue to a point about 315 feet north of Grand avenue; both sides of Bartow street, extending about 253 feet south of Grand avenue; both sides of Blackwell street, from a point distant about 308 feet south of Grand avenue to a point distant about 300 feet north of Grand avenue; both sides of Pomeroy street, commencing about 308 feet south of Grand avenue and extending about 345 feet north of Grand avenue; both sides of Kouwenhoven street, commencing about 428 feet south of Grand avenue and extending about 285 feet north of Grand avenue.

—that the same was confirmed by the Board of Revision of Assessments on October 18, 1906, and

entered on October 18, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessments shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act." Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before December 17, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

#### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

#### TWENTY-SECOND AND TWENTY-NINTH WARDS.

PROSPECT AVENUE—REGULATING AND GRADING, from Fort Hamilton avenue to a point near Eleventh avenue, where it winds and turns, and PAVING, between Vanderbilt street and a point near Eleventh avenue; also SETTING OR RESETTING CURB AND LAYING SIDEWALKS where not already done. Area of assessment: Both sides of Prospect avenue, from Fort Hamilton avenue to Eleventh avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

TWENTY-NINTH WARD, SECTION 16. SHERMAN STREET—REGULATING AND PAVING, between Ocean parkway and Reeve place. Area of assessment: Both sides of Sherman street, from Ocean parkway to Reeve place, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same was confirmed by the Board of Revision of Assessments on October 18, 1906, and entered on October 18, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments interest will be collected thereon, as provided in section 1019 of the Greater New York Charter. Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act." Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before December 17, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, October 18, 1906.

#### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

#### TWENTY-FOURTH WARD, SECTION 11.

MARMION AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Crotona Park North to the Southern Boulevard. Area of assessment: Both sides of Marmion avenue, from Crotona Park North to the Southern Boulevard, and to the extent of half the block at the intersecting streets and avenues.

—that the same was confirmed by the Board of Revision of Assessments on October 16, 1906, and entered on October 16, 1906, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act." Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

—that the same was confirmed by the Board of Revision of Assessments on October 18, 1906, and

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third Avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payment made thereon on or before December 15, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER

**AT THE REQUEST OF THE PRESIDENT** of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

##### Borough of Brooklyn.

All the buildings, parts of buildings, etc., standing within the lines of Tenth Avenue, between Sixty-first and Sixty-second streets, in the Borough of Brooklyn, City of New York, more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Manhattan. The sale will take place on

**WEDNESDAY, OCTOBER 24, 1906**

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

##### TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of the buildings, parts of buildings, standing within the lines of said streets, from the streets, by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above-described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,  
Comptroller.

City of New York—Department of Finance,  
Comptroller's Office, October 9, 1906.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Board of Education, said buildings being situated in the

##### Borough of Manhattan

and erected upon property bounded and described as follows:

Beginning at a point formed by the intersection of the easterly line of Greenwich Avenue with the southerly line of the lands of Public School 41, which point is distant 193 feet 5 inches northerly from the northerly line of West Tenth street, and running thence easterly along the southerly line of the said lands of Public School 41 sixty (60) feet to the westerly line of the lands of said school; thence southerly along the westerly line of the lands of said school 25 feet; thence easterly and again along the southerly line of the lands of said school 94 feet 8 inches; thence southerly along the easterly line of the premises No. 32 Greenwich Avenue 31 feet; thence westerly along the southerly line of the lands of said premises No. 32 Greenwich Avenue 173 feet to the easterly line of Greenwich Avenue; thence northerly along the easterly line of Greenwich Avenue 50 feet to the southerly line of the lands of Public School 41, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

**THURSDAY, NOVEMBER 15, 1906**

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

##### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, floorings, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said

period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent and agreement to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,  
Comptroller.

City of New York—Department of Finance,  
Comptroller's Office, October 5, 1906.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for Carnegie Library purposes, said buildings being situated in the

##### Borough of The Bronx

and erected upon property bounded and described as follows:

Beginning at a point on the curve forming the southerly side of One Hundred and Sixty-ninth street as now legally opened, said point being distant northeasterly, measured along said curve, 221.77 feet from the beginning of said curve where it intersects the tangent forming the easterly side of Franklin Avenue; running thence in a southwesterly direction 124.65 feet; running thence in a northwesterly direction 121.24 feet to the southeasterly side of Franklin

avenue as now laid out; running thence in a northeasterly direction on a curve along the southerly side of Franklin avenue as now laid out 178.24 feet to the point or place of beginning, said premises being known as Nos. 1280 to 1292 Franklin avenue, and being recorded on the tax maps as Block 2615, Lots Nos. 23, 25 and 28; the dimensions herein indicated being more or less.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

**THURSDAY, NOVEMBER 8, 1906**

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

**TERMS AND CONDITIONS.**

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them are put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

**Borough of Brooklyn**

and erected upon property bounded and described as follows:

Beginning at a point formed by the intersection of the southerly line of Tillary street with the westerly line of Bridge street, and running thence westerly along the southerly line of Tillary street 215 feet 1 inch to the easterly line of Lawrence street; thence southerly along the easterly line of Lawrence street 150 feet 2 inches; thence easterly and parallel or nearly so with Tillary street 215 feet 6 inches to the westerly line of Bridge street; thence northerly along the westerly line of Bridge street 150 feet to the southerly line of Tillary street, the point or place of beginning, be the said several dimensions more or less.

By direction of the Comptroller, the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

**MONDAY, NOVEMBER 12, 1906**

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

**TERMS AND CONDITIONS.**

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist

within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them are put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,

Comptroller.

City of New York—Department of Finance,  
Comptroller's Office, October 3, 1906.

011,N12

**CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.**

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for park purposes, said buildings being situated in the

**Borough of Manhattan**

and erected upon property within the lines of the block bounded by the westerly side of Ninth avenue, the northerly side of West Twenty-seventh street, the easterly side of Tenth avenue and the southerly side of West Twenty-eighth street, in the Borough of Manhattan, City of New York, with the exception of Public School No. 33, situated on West Twenty-eighth street.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

**FRIDAY, NOVEMBER 9, 1906**

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction.

It is to be strictly understood that the purchasers at the sale, after complying with all the terms and conditions hereinafter mentioned, shall erect without cost to The City of New York a tight board fence six feet high, in accordance with the rules and regulations of the municipal departments. The buildings will be sold upon the following

**TERMS AND CONDITIONS.**

The purchaser must erect without cost to The City of New York a tight board fence six feet high in front of the property.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil-piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide

and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them are put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,

Comptroller.

City of New York—Department of Finance,  
Comptroller's Office, October 1, 1906.

05,N9

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, No. 57 CHAMBERS STREET, BOROUGH OF MANHATTAN, NEW YORK, September 24, 1906.

**NOTICE TO TAXPAYERS.**

**NOTICE IS HEREBY GIVEN THAT THE** assessment rolls of real estate and personal property in The City of New York for the year 1906, and the warrants for the collection of taxes, have been delivered to the undersigned, and that all the taxes on said assessment rolls are due and payable on

**MONDAY, OCTOBER 1, 1906**

at the office of the Receiver of Taxes in the borough in which the property is located, as follows:

Borough of Manhattan, No. 57 Chambers street, Manhattan, N. Y.

Borough of The Bronx, corner of Third and Tremont avenues, The Bronx, N. Y.

Borough of Brooklyn, Rooms 2, 4, 6 and 8, Municipal Building, Brooklyn, N. Y.

Borough of Queens, corner Jackson avenue and Fifth street, Long Island City, N. Y.

Borough of Richmond, Borough Hall, St. George, Staten Island, N. Y.

In case of payment during October the person so paying shall be entitled to the benefits mentioned in section 915 of the Greater New York Charter (chapter 378, Laws of 1897), viz.: A deduction of interest at the rate of 6 per cent. per annum between the day of such payment and the 1st day of December next.

All bills paid during October must be rebated before checks are drawn for payment.

When checks are mailed to the Receiver of Taxes they must be accompanied by addressed envelopes with postage prepaid in order to insure return of receipted bills by mail.

Checks dated October 1st should be mailed to the Receiver as soon as possible after bills have been received by the taxpayer.

Draw checks only to the order of the Receiver of Taxes.

DAVID E. AUSTEN,

Receiver of Taxes.

824,N1

**INTEREST ON CITY BONDS AND STOCK.**

**THE INTEREST DUE ON NOVEMBER 1,** 1906, on the Registered Bonds and Stock of The City of New York will be paid on that day by the Comptroller, at his office in the Stewart Building, corner of Broadway and Chambers street (Room 37).

The Transfer Books thereof will be closed from October 15, 1906, to November 1, 1906.

The interest due on November 1, 1906, on the Coupon Bonds and Stock of the present and former City of New York will be paid on that day by the Knickerbocker Trust Company, No. 66 Broadway.

The interest due on November 1, 1906, on Coupon Bonds of other corporations now included in The City of New York will be paid on that day at the office of the Comptroller.

HERMAN A. METZ,

Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, September 12, 1906.

CONTRACT NO. 1009.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REPAIRING AND PAINTING THE MUNICIPAL FERRY-BOATS OR OTHER FLOATING PROPERTY OF THE DEPARTMENT, AND FURNISHING AND DELIVERING MISCELLANEOUS SUPPLIES THEREFOR.

The time for the completion of the work and the full performance of the contract is on or before the expiration of 365 calendar days.

The amount of security required is Forty Thousand Dollars (\$40,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for all classes and award made to the lowest bidder for all classes.

Work will be required to be done at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the said Department.

Dated October 20, 1906.

J. A. BENDEL,

Commissioner of Docks.

022,N2

**See General Instructions to Bidders on the last page, last column, of the "City Record."**

**SALE OF OLD MATERIAL.**

**THOMAS BOWE, AUCTIONEER, WILL** sell on behalf of the Department of Docks and Ferries, on

**THURSDAY, OCTOBER 25, 1906**

commencing at 10.30 o'clock a. m., at the Timber Basin at the foot of East Ninety-first street, in the Borough of Manhattan, the following lots of old material:

At the Timber Basin, foot of East Ninety-first Street, East River.

Raft No. 1. 12-inch by 12-inch yellow pine, yellow pine piles and timber of various sizes. Size of raft, about 60 by 40 by 3 feet deep.

Raft No. 2. 3-inch by 10-inch spruce. Size of raft, 24 by 24 by 10 courses deep.

Raft No. 3. Raft of 4-inch by 10-inch and 12-inch by 12-inch yellow pine. Size of raft, 34 by 36 by 9 feet deep.

Raft No. 4. Raft of 12-inch by 12-inch yellow pine, and yellow pine pile butts of various lengths. Size of raft, 36 by 3 feet deep.

Raft No. 5. Catamaran with about 65 oak piles, 40 to 50 feet long.

Raft No. 6. Raft containing 3-inch by 10-inch, 4-inch by 10-inch, 5-inch by 10-inch and 12-inch by 12-inch yellow pine; also 15 spruce piles 12 to 30 feet long. Size of raft about 40 by 60 by 3 feet deep.

Raft No. 7. One catamaran 25 by 27 feet, loaded with about 50 pile butts 5 to 15 feet long.

Raft No. 8. Bunch of yellow pine piles. Size of piles, about 32 to 35 feet long.

Raft No. 9. Bunch of spruce piles, about 23 piles, 20 to 30 feet long.

Raft No. 10. Raft of piles and square timber. Size of raft about 30 by 20 by 4 courses deep.

At the foot of West Fifteenth Street, North River.

Lot No. 1. Two 5-foot plate girders, about 50 feet in length, together with 3-inch angle iron knee braces and overhangs attached to girders; also two frame steel trestle supports, diagonally braced and about 22 feet in perpendicular height, composed of latticed columns, each column being made up of channels with latticed webs consisting of 3-inch angles; in all, about 12 tons of structural steel.

Lot No. 2. About 3,000 linear feet of standard 70-pound railroad rail and about 30-foot lengths, together with eight standard railroad crossovers; in all, about 42 tons of standard rail and cross-overs.

#### TERMS OF SALE.

The sale will commence at 10.30 o'clock a. m. Each of the above lots will be sold separately and for a sum in gross.

The estimated quantities stated to be in the several lots are believed to be correct; but the Commissioner of Docks will not make any allowance from the purchase money for short deliveries on any lot, and bidders must judge for themselves as to the correctness of the estimate of quantity when making their bids.

If the purchaser or purchasers fails or fail to effect removal of the material within ten days from the date of sale, he or they shall forfeit his or their purchase money or moneys and the ownership of the material.

Terms of sale to be cash, to be paid at the time of sale.

An order will be given for the material purchased.

Dated The City of New York, September 25, 1906.

The bids will be compared and the contract awarded at a lump sum for all the work, articles, materials or supplies specified and contained in the annexed specifications and schedules.

Delivery will be required to be made from time to time and in such quantities and places as may be directed.

Blank forms may be obtained at the office of the Department of Water Supply, Gas and Electricity, the Borough of Manhattan, Nos. 13 to 21 Park row, and at Room 25, Municipal Building, Borough of Brooklyn.

JOHN H. O'BRIEN,  
Commissioner.  
024,07

Dated October 23, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW, NEW YORK, OCTOBER 23, 1906.

#### AUCTION SALE.

ON THURSDAY, NOVEMBER 8, 1906

at 11 a. m., the Department of Water Supply, Gas and Electricity will sell to the highest bidder, at public auction, by William H. Smith, auctioneer, at the Department Storehouse, No. 234 Herkimer street, in the Borough of Brooklyn, City of New York, the following parcels of old square lanterns and boulevard globes, with lamp irons:

4,978 square lanterns.

300 boulevard globes.

5,278 lamp irons.

—more or less. This material is stored in the following quantities in the following localities, and may be examined at any time on application to the Bureau of Lamps and Lighting, Department of Water Supply, Gas and Electricity, Borough of Brooklyn.

They will all be sold, irrespective of locality, at the Department Storehouse, No. 234 Herkimer street, Brooklyn, on the date first above given.

Department Storehouse, No. 234 Herkimer Street—

2,378 square lanterns.

300 boulevard globes.

2,678 lamp irons.

In the Yard of the Brooklyn Union Gas Company, Foot of Twelfth Street, at Gowanus Canal—

1,000 square lanterns.

1,000 lamp irons.

Department Storehouse, No. 137 Jamaica Avenue—

1,600 square lanterns.

1,600 lamp irons.

Purchasers may bid on the entire number of lanterns with lamp irons, or in lots of 100 lanterns with lamp irons, of either square or boulevard type.

TERMS OF SALE.

The upset prices at which these materials will be sold is as follows:

For each square lantern with lamp irons and for each boulevard globe with lamp irons, five (5) cents.

No bid below these prices will be considered or accepted. Successful bidders must make cash payments in bankable funds at the time and place of sale.

The purchaser or purchasers must take the material at the locations given in the condition that it is, and must remove all the materials from the place of storage within twenty-one (21) days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City.

The purchaser or purchasers must remove the material as directed by the officer of the Department in charge at the place of storage, and will not be allowed to select the material for removal at will.

JOHN H. O'BRIEN,  
Commissioner, Department of Water Supply, Gas and Electricity.

 Class 42—Triple-nozzle standard New York hydrant repairs.  
 Class 43—Spruce lagging.  
 Class 44—Engineers' field instruments.

Where items of a particular manufacture or make are named it must be understood that such names are adopted as a standard. Any item equal in make may be furnished if accepted.

The time allowed for the delivery of the supplies and the performance of the contract will be three hundred (300) calendar days.

The amount of security shall be fifty per centum of the amount of the bid or estimate.

For particulars as to the quantity and quality of the supplies or of the nature and extent of the work required or of the materials to be furnished, bidders are referred to the specifications and lists of materials, supplies and apparatus to be furnished, and to the samples at the office of the Department.

The Commissioner reserves the right to reject all bids or estimates if he deem it to be for the interest of the City so to do.

Bids will be received for one or more classes. Bidders must state the price of each article in the class for which they bid, per pound, gallon, dozen, gross, etc., by which the bids will be tested. All prices are to include containers, and to be "net," without discounts or conditions. Awards will be made to the lowest bidder on each class, and all bids will be held to be informal which fail to name a price for every item in the class for which the bid is made.

All goods must be delivered as directed. The weight, measure, etc., will be allowed as received at points of delivery.

Delivery will be required to be made from time to time and in such quantities and places as may be directed by the Engineer.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Department, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, and any further information may be obtained upon application therefor at the office of the Chief Engineer, Room 1521.

## SUPREME COURT—FIRST DEPARTMENT.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of so much of the PUBLIC PARK lying on the easterly side of Amsterdam avenue, between West One Hundred and Fifty-first street and West One Hundred and Fifty-second street, as is not now owned by The City of New York, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS OF Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 12th day of November, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of November, 1906, at 1 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 14th day of November, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The

City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the westerly prolongation of the middle line of the block between East One Hundred and Ninety-sixth street and East One Hundred and Ninety-seventh street with a line parallel to and distant 100 feet westerly from the westerly side of Creston avenue; running thence northerly along the last mentioned parallel line to the southerly side of East One Hundred and Ninety-eighth street; thence easterly along the southerly side of East One Hundred and Ninety-eighth street to its intersection with a line parallel to and distant 100 feet easterly from the easterly side of Bainbridge avenue; thence southerly along the last mentioned parallel line to its intersection with the easterly prolongation of the middle line of the block between East One Hundred and Ninety-sixth street and East One Hundred and Ninety-seventh street; thence westerly along the last mentioned easterly prolongation and middle line of the block and its prolongation westwardly to the point or place of beginning; as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 14th day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, October 11, 1906.

N. J. O'CONNELL,  
 Chairman;

ALBERT ELTERICH,  
 GEORGE P. BAISLEY,  
 Commissioners.

JOHN P. DUNN,  
 Clerk.

022,19

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of so much of the PUBLIC PARK, bounded by Farragut street, Edgewater road, Hunt's Point road and East river, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House in the Borough of Manhattan in The City of New York, on the 24th day of November, 1906, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter as amended by chapter 466 of the Laws of 1901.

Dated Borough of Manhattan, New York, October 20, 1906.

FRANCIS V. S. OLIVER,  
 JOHN H. BEHRMAN,  
 FRANCIS W. POLLOCK,  
 Commissioners.

JOHN P. DUNN,  
 Clerk.

020,31

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of so much of the PUBLIC PARK lying on the easterly side of Amsterdam avenue, between West One Hundred and Fifty-first street and West One Hundred and Fifty-second street, as is not now owned by The City of New York, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT THE final report of the Commissioners of Estimate and Assessment in the above entitled matter will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 25th day of October, 1906, at 10.30 o'clock in forenoon of that day; and that the said final report has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of five days, as required by law.

Dated Borough of Manhattan, New York, October 19, 1906.

JAMES DUNNE,  
 PATRICK J. CASEY,  
 Commissioners.

JOHN P. DUNN,  
 Clerk.

019,24

### FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the SOUTHEASTERLY CORNER OF BROOK AVENUE AND ONE HUNDRED AND FORTY-FIRST STREET, in the Borough of The Bronx, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT Michael B. Stanton was appointed by an order of the Supreme Court, made and entered on the 16th day of October, 1906, a Commissioner of Estimate and Appraisal in the above entitled proceeding.

Notice is also given that the above-named Commissioner of Estimate and Appraisal will attend

at Special Term, Part II., of the Supreme Court, to be held at the County Court House, in the Borough of Manhattan, City and County of New York, on the 2d day of November, 1906, at 11 o'clock in the forenoon of that day, to be examined under oath as to his qualifications to act as such Commissioner, and that said Commissioner is subject to challenge by any party or person interested in this proceeding.

Dated New York, October 17, 1906.  
WILLIAM B. ELLISON,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
City of New York.  
019,30

## FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND EIGHTY-SEVENTH STREET (although not yet named by proper authority), from Amsterdam avenue to New avenue bounding High Bridge Park, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House, in the Borough of Manhattan, in the City of New York, on the 26th day of October, 1906, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Richmond, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Manhattan, New York, October 13, 1906.

EDWARD W. MURPHY,  
WM. H. GENTZLINGER,  
FERDINAND LEVY,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CAMERON PLACE (although not yet named by proper authority), from Jerome avenue to Morris avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 29th day of October, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 31st day of October, 1906, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 30th day of October, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of a line parallel to and distant one hundred feet westerly from the westerly line of Jerome avenue with the westerly prolongation of the middle line of the blocks between Cameron place and East One Hundred and Eighty-second street; running thence easterly along said prolongation and middle line and its easterly prolongation to its intersection with a line parallel to and distant one hundred feet easterly from the easterly line of Morris avenue; thence southerly along said parallel line to its intersection with the northerly line of East One Hundred and Eighty-first street; thence westerly along said line of East One Hundred and Eighty-first street to its intersection with a line parallel to and distant one hundred feet westerly from the westerly line of Jerome avenue; thence northerly along said parallel line to the point or place of beginning, as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, September 28, 1906.

J. C. JULIUS LANGBEIN,  
Chairman;

GEORGE I. CLARK,  
GEORGE BURCHILL,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## SUPREME COURT—SECOND DEPARTMENT.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of SECOND STREET (although not yet named by proper authority), from St. John's avenue to Maryland avenue, in the Fourth Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held at the County Court House, in the Borough of Brooklyn, in the City of New York, on the 5th day of November, 1906, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Richmond, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Manhattan, New York, October 22, 1906.

FREDERICK S. MULLEN,  
ARTHUR D. GREENFIELD,  
DAVID P. SCHWARTZ,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## KINGS COUNTY.

In the matter of acquiring title by The City of New York to certain lands and premises situated at the SOUTHEASTERLY CORNER OF HERKIMER STREET AND NEW YORK AVENUE, in the Borough of Brooklyn, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT Joseph M. Cogan, Arthur S. Somers and John Brennan, Commissioners of Estimate in the above-entitled proceeding, have made and signed their final report, and on October 18, 1906, filed the same in the office of the Board of Education of The City of New York, at Park avenue and Fifty-ninth street, Borough of Manhattan, in the City of New York, and on the same day filed a duplicate of said report in the office of the Clerk of Kings County in the Hall of Records, in the Borough of Brooklyn, in the City of New York, and that said report will be presented for confirmation to the Supreme Court at Special Term for hearing of motions, to be held in the County Court House, in Kings County, on October 31, 1906, at 10.30 o'clock a. m., or as soon thereafter as counsel can be heard.

Dated Borough of Brooklyn, City of New York, October 18, 1906.

WILLIAM B. ELLISON,  
Corporation Counsel.

018,29

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening MARTENSE STREET, between New York avenue and Flatbush avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 5th day of November, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of November, 1906, at 4 o'clock p. m.

Second—That the abstracts of our said amended and supplemental estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn in the City of New York, there to remain until the 16th day of November, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn in the City of New York, which, taken together, are bounded and described as follows, viz:

Commencing at a point where the easterly side of Flatbush avenue is intersected by the center line of the block between Linden and Martense avenues as said avenues are laid down on the Commissioners' Map of The City of New York; running thence easterly along the center line of the block between Linden and Martense avenues to the westerly side of New York avenue; running thence southerly along the westerly side of New York avenue to a point where said westerly side of New York avenue is intersected by the center line of the block between Martense and Church avenues as laid down on said map of The City of New York; running thence westerly along the center line of the block between Martense and Church avenues to the easterly side of Flatbush avenue, and thence northerly along the easterly side of Flatbush avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn in the City of New York, on the 3d day of December, 1906, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, October 16, 1906.

MARTIN E. HALPIN,  
Chairman;  
DOMINIC B. GRIFFIN,  
DANIEL G. CAMPION,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of SECOND STREET (although not yet named by proper authority), between York and Franklin avenues, in the First Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held at the County Court House, in the Borough of Brooklyn, in the City of New York, on the 29th day of October, 1906, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Richmond, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Manhattan, New York, October 15, 1906.

WM. M. MULLEN,  
AUGUSTUS ACKER,  
EDWARD M. MULLER,  
Commissioners.

JOHN P. DUNN,  
Clerk.

015,25

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of NICHOLAS AVENUE (although not yet named by proper authority), from Richmond terrace to the pierhead line, in the Third Ward, Borough of Richmond, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 26th day of October, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of October, 1906, at 11 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 27th day of October, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Richmond, in the City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northerly prolongation of a line parallel to and distant one hundred (100) feet east of the easterly line of Morning Star road and a line parallel to and distant one hundred (100) feet north of the northerly line of Richmond terrace; running thence easterly along said last-mentioned parallel line north of the northerly line of Richmond terrace to its intersection with the northerly prolongation of a line parallel to and distant one hundred (100) feet east of the easterly line of Lafayette avenue; thence southerly along said last-mentioned prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of Richmond terrace; thence easterly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of Elm street; thence southerly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of Harrison avenue; thence easterly along said parallel line to its intersection

with a line parallel to and distant one hundred (100) feet west of the westerly line of Richmond avenue; thence southerly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of Hatfield avenue; thence westerly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of Nicholas avenue; thence southerly along said parallel line and its southerly prolongation to its intersection with the easterly prolongation of the middle line of the block between Innis street and Sherman avenue; thence westerly along said easterly prolongation and parallel line and its westerly prolongation to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of Sands street; thence northerly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of Innis street; thence westerly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of Innis street; thence westerly along said parallel line to its intersection with a line parallel to and distant one hundred feet east of the easterly line of Morning Star road; thence northerly along said last-mentioned parallel line and its northerly prolongation to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 26th day of December, 1906, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, September 22, 1906.

SIDNEY F. RAWSON,  
Chairman;  
WILLIAM T. CROAK,  
JOHN F. DUNN,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
