APPROVED PAPERS.

FOR THE WEEK ENDING FEBRUARY 15, 1908.

No. 48.

Resolved, That, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000) for the purpose of rewiring and otherwise remedying the defects in the lighting system of the City Hall.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 49.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of four thousand dollars (\$4,000), the proceeds whereof to be applied to the payment of the salaries of two Clerks to the Board of Coroners of the Borough of Queens, at the rate of two thousand dollars (\$2,000) each per annum for the year 1908.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 50.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of sixteen hundred dollars (\$1,600), the proceeds whereof to be applied by the Sheriff of Richmond County to meet deficiencies in the maintenance account of the Richmond County Jail for the year 1907.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 51.

Resolved, That permission be and the same is hereby given to the Holtz & Freystedt Company to erect and maintain, at their own expense, an ornamental clock in front of premises known as Nos. 7 and 9 East Twentieth street, Borough of Manhattan, under the direction of the President of the Borough, such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 52.

Resolved, That permission be and the same is hereby given to the Hillside Rod and Gun Club of Flushing to shoot clay pigeons in Flushing, Borough of Queens, up to and including December 31, 1909.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 53.

Resolved, That permission is hereby given to George M. Cowenhoven of Sixty-seventh street and New Utrecht avenue, Brooklyn, to shoot clay pigeons on the premises of his home, at the aforesaid location.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 54.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity, that two lamp-posts be erected, street lamps placed thereon and lighted in front of No. 257 Twenty-second street (Holy Name Parish); also that one (1) lamp-post be erected, street lamp placed thereon and lighted in front of No. 253 Twenty-second street (Sisters), Brooklyn.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 55.

Resolved, That permission be and the same is hereby given to T. B. Pursley to parade with an advertising wagon through the streets and thoroughfares of the Borough of Manhattan, under the direction of the Police Department; such permission to continue only for a period of thirty days from date of receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, January 28, 1908.

Received from his Honor the Mayor, February 11, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 56.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and he is hereby authorized and empowered to enter into a contract, without public letting, for the shoeing of the horses of the Police Department to an amount not to exceed the sum of money appropriated for that purpose for the year 1908.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 57.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and he is hereby authorized and empowered to enter into a contract, without public letting, for the stabling and boarding of the horses of the Police Department to an amount not to exceed the sum of money appropriated for that purpose for the year 1908.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 58.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and twenty-five thousand dollars (\$225,000), to provide means for the improvement and development of the water supply system at and near Bayside Pumping Station, in the Third Ward, Borough of Queens, as set forth in section 178 of the Charter.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment July 8, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to the amount of two hundred and twenty-five thousand dollars (\$225,000), to provide means for the improvement and development of the water supply system at and near Bayside Pumping Station, in the Third Ward, Borough of Queens, as set forth in said section 178 of the Charter, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and twenty-five thousand dollars (\$225,000), the proceeds whereof to be applied to the purposes aforesaid.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 59.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred thousand dollars (\$100,000), to provide means for the construction and extension of the high pressure water service for fire and other purposes in the Coney Island section of the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment October 4, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of one hundred thousand dollars (\$100,000), to provide means for the construction and extension of the high pressure water service for fire and other purposes in the Coney Island section of the Borough of Brooklyn, as set forth in said section 178 of the Charter, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 60.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eighty thousand nine hundred and thirty-seven dollars and fifty-four cents (\$80,937.54), to provide means to pay the awards and the interest thereon, in the matter of acquiring title to lands, etc., required for the construction of a new bridge over Flushing Creek, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Town of Flushing, Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 20, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding eighty thousand nine hundred and thirty-seven dollars and fifty-four cents (\$80,937.54), for the purpose of providing means to pay the awards and the interest thereon, in the matter of acquiring title to lands, etc., required for the construction of a new bridge over Flushing Creek, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Town of Flushing, in the Borough of Queens, City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eighty thousand nine hundred and thirty-seven dollars and fifty-four cents (\$80,937.54), the proceeds to be applied to the purposes aforesaid.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 61.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of sixteen thousand dollars (\$16,000), to provide additional means to carry on the work of making maps, etc., and for making drainage and sewerage district plans of the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment December 13, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding sixteen thousand dollars (\$16,000), in addition to the amount heretofore authorized, to provide means for carrying on the work of making maps, etc., and for making drainage and sewerage district plans of the Borough of The Bronx, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding sixteen thousand dollars (\$16,000), the proceeds whereof to be applied to the purposes aforesaid.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 62.

Whereas, The Board of Estimate and Apportionment, at a meeting held January 24, 1908, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the Department of Public Charities, in addition to those already existing therein:

Position.	Per Diem Without Maintenance.	Per Diem With Maintenance.
Carpenter	\$5 00	\$4 50
Engineer (Stationary)	4 50	4 00
Electrician	4 00	3 50
Fireman (Stoker)	3 00	2 50
Oiler	3 00	2 50
Plumber	5 00	4 50
Painter	4 00	3 50
Steam and Gas Fitter	5 00	4 50

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution, and fixes the compensation of said positions as set forth therein.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 63.

Resolved, That, for the purpose of defraying minor incidental expenses contingent to the office of the Sheriff of Kings County, the said Sheriff of Kings County may, by requisition, draw upon the Comptroller for a sum not exceeding one thousand dollars (\$1,000), and may in like manner renew the draft as often as he may deem necessary, to the extent of the appropriation set apart for contingencies in his office, during the year 1908; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the said Sheriff of Kings County, covering the expenditure of the money paid thereon.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 64.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw warrants as follows:

One in favor of the New York Telephone Company for one hundred and fifty-eight dollars and twenty-three cents (\$158.23), being for telephone service furnished to the office of the City Clerk for the three months ended December 31, 1907.

One in favor of the New York and New Jersey Telephone Company for eighty-seven dollars and fifty-four cents (\$87.54), being for telephone service furnished to the rooms of the Board of Aldermen in the Borough of Brooklyn for the three months ended December 31, 1907.

One in favor of the New York and New Jersey Telephone Company for thirty-two dollars and ninety-eight cents (\$32.98), being for telephone service furnished to the office of the City Clerk in the Borough of Brooklyn for the three months ended December 31, 1907.

The said several sums to be payment in full for all services rendered during the periods stated and to be charged to and paid out of the appropriation entitled City Contingencies, 1907.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 65.

Whereas, The Board of Estimate and Apportionment, at a meeting held January 31, 1908, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the office of the District Attorney, New York County, in addition to those already existing therein:

	Per Annum.	Incumbents.
Chief Clerk	\$6,000 00	1
Deputy Chief Clerk	3,500 00	1
Auditor	3,500 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 66.

Resolved, That permission be and the same is hereby given to J. S. O'Shea to erect a storm door in front of his premises, No. 260 West One Hundred and Forty-sixth street, Borough of Manhattan, said storm door to conform in all respects with the ordinance in such case made and provided; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, February 4, 1908.

Approved by the Mayor, February 11, 1908.

No. 67.

Resolved, That the following named persons be and they are hereby appointed Commissioners of Deeds:

Adopted by the Board of Aldermen, February 11, 1908.

P. J. SCULLY, City Clerk.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

TUESDAY, FEBRUARY 11, 1908,
 TRIBUNE BUILDING, 154 NASSAU STREET,
 BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present: Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

(1) On motion, the record of the proceedings of the Commission for February 7, as printed in the CITY RECORD for February 11, was approved.

(2) The Secretary presented a communication from Joseph Haag, Secretary of the Board of Estimate and Apportionment, transmitting certified copy of resolution adopted by that Board on February 7, 1908, fixing February 14, 1908, as the date for consideration of the plans and conclusions relative to (a) the modification of the Lexington avenue route, (b) the modification of the Gerard avenue route, and (c) the Canal street route. The resolution was ordered filed.

(3) The Secretary presented a communication from Joseph Haag, Secretary of the Board of Estimate and Apportionment, transmitting certified copy of resolution adopted by that Board on January 31, 1908, and approved by the Mayor on February

3, 1908, granting to the Seaboard Refrigeration Company an extension of time in which to comply with the provisions of section 2, third, and section 2, twenty-second, of the contract dated June 22, 1906, granting a franchise to said company. The resolution was ordered filed.

(4)

The Secretary presented the following requisition of the Bradley Contracting Company, together with the certificate of the Chief Engineer, approving same, as approved by the Committee on Audit:

BRADLEY CONTRACTING COMPANY,
SIXTY-EIGHTH STREET AND NORTH RIVER,
NEW YORK, February 3, 1908.

Requisition No. 5—For work done and materials furnished under contract dated June 27, 1907, for the construction of section No. 9-0-1 of the Brooklyn loop lines of the Rapid Transit Railroad of The City of New York, to 31st day of January, 1908.

	For Month.	Total.
Total to date relative to the contract value of the whole work.....	\$33,148 00	\$136,173 00
Amount previously estimated.....		103,025 00
Amount of present estimate.....	33,148 00	33,148 00
Deduct 10 per cent.....	3,314 80	3,314 80
Requisition for amount due for work done and materials furnished during the month.....	\$29,833 20	\$29,833 20

BRADLEY CONTRACTING COMPANY,
(Signed) By FRANK BRADLEY, President,
Contractor.

Certificate No. 5—I hereby certify that the work done and materials furnished under contract dated June 27, 1907, for the construction of Section No. 9-0-1 of the Brooklyn loop lines of the Rapid Transit Railroad of The City of New York, for which requisition No. 5 of date February 3, 1908, is made by the Bradley Contracting Company, the contractor, has been done and furnished in accordance with the terms of the contract to the value of twenty-nine thousand eight hundred and thirty-three dollars and twenty cents; that such value has been ascertained relatively to the contract value of the whole work and that no certificate has previously been made for such work and materials.

(Signed) HENRY B. SEAMAN,
Chief Engineer of the Public Service Commission for the First District.

The following resolution was thereupon moved and duly seconded:

Whereas, The contractor, Bradley Contracting Company, has made requisition on this Commission, numbered No. 5, and dated February 3, for work done and materials furnished under contract dated June 27, 1907, for the construction of Section 9-0-1 of the Brooklyn loop lines of the Rapid Transit Railroad of The City of New York, to 31st day of January, 1908, amounting to twenty-nine thousand eight hundred and thirty-three dollars and twenty cents (\$29,833.20); and

Whereas, Henry B. Seaman, Chief Engineer, has certified that the work done and the materials furnished have been done and furnished in accordance with the terms of the contract, that the value has been ascertained relatively to the contract value of the whole work, and that no certificate has been previously made for such work and materials.

Resolved, That this Commission hereby approves the said requisition and directs that a voucher in due form be drawn on the Comptroller for the said amount.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

Amount previously estimated.....		5,525 00
Amount of present estimate.....	659 75	659 75
Deduct 10 per cent.....	65 98	65 98
Requisition for amount due for work done and materials furnished during the month.....	\$593 77	\$593 77

BRADLEY CONTRACTING COMPANY,
(Signed) By FRANK BRADLEY, President,
Contractor.

Certificate No. 3—I hereby certify that the work done and materials furnished under contract dated June 27, 1907, for the construction of pipe galleries on Section No. 9-0-5 of the Brooklyn Loop Lines of the Rapid Transit Railroad of The City of New York, for which Requisition No. 3, of date February 3, 1908, is made by Bradley Contracting Company, the contractor, has been done and furnished in accordance with the terms of the contract to the value of five hundred and ninety-three dollars and seventy-seven cents; that such value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials.

(Signed) HENRY B. SEAMAN,
Chief Engineer for the Public Service Commission for the First District.

The following resolution was thereupon moved and duly seconded:

Whereas, The contractor, Bradley Contracting Company, has made requisition on this Commission, numbered No. 3 and dated February 3, 1908, for work done and materials furnished under contract dated June 27, 1907, for the construction of pipe galleries on section No. 9-0-5 of the Brooklyn loop lines of the Rapid Transit Railroad of The City of New York, to the 31st day of January, 1908, amounting to five hundred and ninety-three dollars and seventy-seven cents (\$593.77); and

Whereas, Henry B. Seaman, Chief Engineer, has certified that the work done and the materials furnished have been done and furnished in accordance with the terms of the contract, that the value has been ascertained relatively to the contract value of the whole work, and that no certificate has been previously made for such work and materials.

Resolved, That this Commission hereby approves the said requisition and directs that a voucher in due form be drawn on the Comptroller for the said amount.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

(8)

Chairman Willcox presented the following hearing order, and it was moved and duly seconded that the same be adopted by the Commission:

HEARING ORDER (No. 250).

In the Matter
of

The hearing on the motion of the Commission as to the regulations, practices and service of the Interborough Rapid Transit Company, in the respects hereinabove mentioned.

It is hereby

Ordered, That a hearing be had on the 13th day of February, 1908, at 1.30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the

rooms of the Commission, No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the requirements, practices, equipment, appliances or service of said company upon its elevated lines, in the Boroughs of Manhattan and The Bronx, City of New York, in respect to the transportation of persons are unreasonable, unsafe, improper or inadequate, and if it be so found, then to determine whether changes in said regulations, practices, equipment, appliances or service in the particulars following ought reasonably to be made, in order to promote the security or convenience of the public, or in order to secure adequate service or facilities for the transportation of passengers; namely, whether said company should be directed to maintain a temperature of at least 60 degrees Fahrenheit in all cars operated by said company on its elevated lines at all times when said cars are in use for the transportation of passengers, said temperature to be tested at or near the centre of the car at a point not less than three (3) nor more than five (5) feet from the floor of the car, and to be maintained without any interference with the regular and proper operation of the ventilators of said cars;

And if such change, improvement and addition be found to be such as ought to be made as aforesaid, then to determine what period would be a reasonable time within which the same should be directed to be executed, all to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; further

Ordered, That the said Interborough Rapid Transit Company be given at least one day's notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity to present evidence and to examine and cross-examine witnesses as to the matters hereinabove set forth.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Chairman Willcox stated that he would take charge of the hearing.

(9) Chairman Willcox left the meeting at this point.

On motion, duly seconded, Commissioner McCarroll was elected Acting Chairman.

(10) The Secretary presented the following requisition of the Degnon Contracting Company, together with the certificate of the Chief Engineer approving same, as approved by the Committee on Audit:

THE DEGNON CONTRACTING COMPANY,
No. 60 WALL STREET,
NEW YORK, February 5, 1908.

Requisition No. 7—For work done and materials furnished under contract dated April 27, 1907, for the construction of Section No. 9-0-2 of the Brooklyn Loop Lines of the Rapid Transit Railroad of The City of New York, to 31st day of January, 1908, as follows:

	For Month.	Total.
Total to date relative to the contract value of the whole work.....	\$97,756 85	\$503,285 25
Amount previously estimated.....		405,528 40
Amount of present estimate.....	97,756 85	97,756 85
Deduct 10 per cent.....	9,775 69	9,775 69
Requisition for amount due for work done and materials furnished during the month.....	\$87,981 16	\$87,981 16

DEGNON CONTRACTING COMPANY,
(Signed) A. C. SANFORD, Chief Engineer.

Certificate No. 7—I hereby certify that the work done and materials furnished under contract dated April 27, 1907, for the construction of Section 9-0-2 of the Brooklyn Loop Lines of the Rapid Transit Railroad of The City of New York, for which Requisition No. 7, of date February 5, 1908, is made by the Degnon Contracting Company, the contractor, has been done and furnished in accordance with the terms of the contract to the value of eighty-seven thousand nine hundred and eighty-one dollars and sixteen cents, that such value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials.

HENRY B. SEAMAN,
Chief Engineer of the Public Service Commission.

The following resolution was thereupon moved and duly seconded:

Whereas, The contractor, Degnon Contracting Company, has made requisition on this Commission, numbered No. 7, and dated February 5, 1908, for work done and materials furnished under contract dated April 27, 1907, for the construction of Section No. 9-0-2 of the Brooklyn Loop Lines of the Rapid Transit Railroad of The City of New York, to the 31st day of January, 1908, amounting to eighty-seven thousand nine hundred eighty-one dollars and sixteen cents (\$87,981.16); and

Whereas, Henry B. Seaman, Chief Engineer, has certified that the work done and the materials furnished have been done and furnished in accordance with the terms of the contract; that the value has been ascertained relatively to the contract value of the whole work, and that no certificate has been previously made for such work and materials,

Resolved, That this Commission hereby approves the said requisition and directs that a voucher in due form be drawn on the Comptroller for the said amount.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

(11) The Secretary presented the following requisition of Cranford Company together with the certificate of the Chief Engineer approving same, as approved by the Committee on Audit:

CRANFORD COMPANY,
No. 190 MONTAGUE STREET, BROOKLYN, N. Y.,
NEW YORK, January 31, 1908.

Requisition No. 6—For work done and materials furnished under contract dated May 27, 1907, for the construction of the Rapid Transit Railroad of The City of New York, to 31st day of January, 1908, as follows:

	For Month.	Total.
Total to date relating to the contract value of the whole work.....	\$32,963 70	\$244,389 10
Amount previously estimated.....		211,425 40
Amount of present estimate.....	32,963 70	32,963 70
Deduct 10 per cent.....	3,296 37	3,296 37
Requisition for amount due for work done and materials furnished during the month.....	\$29,667 33	\$29,667 33

CRANFORD COMPANY, Contractor,
(Signed) Per A. C. ANGELL, Treasurer.

Certificate No. 6—I hereby certify that the work done and materials furnished under contract dated May 27, 1907, for the construction of section 9-0-3 of the Rapid Transit Railroad of The City of New York, for which Requisition No. 6, of date January 31, 1908, is made by Cranford Company, the contractor, has been done and

furnished in accordance with the terms of the contract to the value of twenty-nine thousand six hundred and sixty-seven dollars and thirty-three cents; that such value has been ascertained relatively to the contract value of the whole work and that no certificate has previously been made for such work and materials.

(Signed) HENRY B. SEAMAN,
Chief Engineer of the Public Service Commission for the First District.

The following resolution was thereupon moved and duly seconded:

Whereas, the contractor, Cranford Company, has made requisition on this Commission, numbered No. 6, and dated January 31, 1908, for work done and materials furnished under contract, dated May 27, 1907, for the construction of the Rapid Transit Railroad of The City of New York, to the 31st day of January, 1908, amounting to twenty-nine thousand six hundred and sixty-seven dollars and thirty-three cents (\$29,667.33); and

Whereas, Henry B. Seaman, Chief Engineer, has certified that the work done and materials furnished have been done and furnished in accordance with the terms of the contract; that the value has been ascertained relatively to the contract value of the whole work, and that no certificate has been previously made for such work and materials.

Resolved, That this Commission hereby approves the said requisition and directs that a voucher in due form be drawn on the Comptroller for the said amount.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

(12) The Secretary presented a communication from H. A. Metz, Comptroller, transmitting copy of his letter of February 5 to Chairman Willcox, in reference to Senate Bill No. 210, proposing an amendment to section 10 of article 8 of the Constitution, providing for exclusion from calculation of the debt limit of the outstanding railroad, subway or dock bonds issued for property, the income of which was sufficient to meet the interest necessary to payment of the bonds; and also transmitting statements from the Department of Finance, showing the financial results to the City of the operation of the Manhattan-Bronx Rapid Transit Subway and of the City's dock properties, with copy of Senate Bill No. 210, previously referred to. The papers were ordered filed.

(13) The Secretary presented a communication from the Board of Estimate and Apportionment, transmitting the following resolution adopted by that Board on January 31, 1908, which was ordered filed:

Resolved, That, pursuant to the provisions of section 37 of chapter 4, Laws of 1891, as amended, and section 14 of chapter 429, Laws of 1907, and a requisition of the Public Service Commission for the First District, duly made by the Chairman and Secretary thereof, on January 2, 1908, for an appropriation of five hundred thousand dollars (\$500,000) for the acquisition of real estate or interest therein, necessary in connection with the construction and operation of the Manhattan-Bronx subway—the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, to an amount not exceeding five hundred thousand dollars (\$500,000) for the purpose only of paying the awards on property as follows:

Damage Parcel No. 1, to Heinrich Van Deilen, as owner.....	\$47,216 00
Damage Parcel No. 2, to Bridget M. Dooley, as owner.....	29,055 00
Damage Parcel No. 3, to John Wanamaker, as owner.....	143,560 00
Damage Parcel No. 4, to the Sailors' Snug Harbor, in The City of New York (a corporation), as owner, and to John Wanamaker, as lessee..	175,743 50

—and interest thereon at the rate of 6 per cent. per annum.

(14) The Secretary presented a communication from the Corporation Counsel as to certain spurs from the Eleventh avenue tracks of the New York Central Railroad Company. On motion, duly seconded and carried, the Secretary was directed to reply to the letter, approving the course of the Corporation Counsel. The letter was as follows:

February 7, 1908.

WILLIAM R. WILLCOX, ESQ., Chairman, No. 154 Nassau street:

MY DEAR SIR—Referring to the Eleventh avenue condemnation matter, I have had several interviews with representatives of the New York Central Railroad. There are, as you know, certain spurs connecting with various business houses along the line of the road. These latter have applied to me not to compel the removal of the tracks until the title to the franchise which the City proposed to condemn, vests in the City.

You will remember that under the Saxe Law, the railroad has a year after the confirmation of the Commissioner's report before the City is entitled to take possession. On the one hand it would be a great hardship if, pending the proceedings, these spurs were removed and the business houses along the line of the track were deprived of the facilities now afforded. On the other hand, it is thought in the fixing of any award that may be made, the Commissioners should not consider in any way any use which might be made of these spurs. I have therefore been in consultation with the representatives of the New York Central Railroad Company to see if we could not formulate a stipulation by which the track spurs should be allowed to remain pending the proceedings, but that the Commissioners should not take them into consideration in any way in fixing the amount of the award. I think a satisfactory stipulation to that effect can be entered into, and if approved by your Commission, I will pursue this course. Before advising the Board of Estimate and Apportionment as to the steps they should take in regard to revoking these permits, I should be glad to hear from you in regard to this matter.

Yours truly,
(Signed) F. K. PENDLETON, Corporation Counsel.

(15) The Secretary presented a report from the Acting Chief of the Bureau of Transit Inspection, showing that Order No. 172, which required the Brooklyn Union Elevated Railroad Company to put its present platform at the Covert avenue station of the Lutheran Cemetery line in good condition on or before the 10th day of January, 1908, had not been complied with up to January 18, 1908. The report was referred to the Counsel to the Commission.

(16) The Secretary presented a letter from the Chief Engineer, in reference to the resolution of the Board of Aldermen regarding conditions at the One Hundred and Sixty-eighth and One Hundred and Eighty-first street stations of the Broadway branch of the subway, recommending a glass enclosure for the lower floor of the elevator shaft, in order to prevent the draught of air inconveniencing passengers. The letter was ordered filed.

(17) The Secretary presented a communication from the Counsel to the Commission as follows:

February 6, 1908.

Public Service Commission for the First District:

Arbitration, McDonald Contract, Manhattan-Bronx subway.

SIRS—In pursuance of authority vested in me, I have appointed, subject to your approval and at a compensation to be determined by you, Edward M. Shepard, Esq., of New York City, Counsellor-at-Law, to assist me in the performance of my duties in the matter of the review of the determination of George S. Rice, as Chief Engineer of the Public Service Commission for the First District, dated November 30, 1907, upon the claims presented for payment under contract dated February 21, 1900, between The City of New York, acting by the Board of Rapid Transit Railroad Commissioners for The City of New York, and John B. McDonald.

Respectfully yours,
(Signed) GEO. S. COLEMAN, Counsel to the Commission.

On motion, duly seconded, it was thereupon Resolved, That the appointment of Edward M. Shepard to assist the Counsel to the Commission in the matter above set forth, be approved.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

- (18) 3125
On motion, duly seconded, it was
Resolved, That the following appointments be made from the Civil Service lists:

Carried.

- (20) 1833
On motion, duly seconded, it was
Resolved, That the resignation of Adolph Moss, Page, be accepted, to take effect as of February 8, 1908.
Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

- (21) 2093
The Secretary presented a communication from the Chief Engineer stating that the Cranford Company, contractors for section 9-0-3 of the Brooklyn loop lines, had given notice that they had made a contract with the American Vittrified Conduit Company to supply them with ducts, and that the conduit company was a proper concern to furnish this material, and recommending that this contract by the Cranford Company be approved by the Commission.

Thereupon the following resolution was duly moved and seconded:

Whereas, The Cranford Company, contractors for section 9-0-3 of the Brooklyn loop lines, have given notice to this Commission that they have made a contract with the American Vittrified Conduit Company, Fuller Building, No. 949 Broadway, New York City, to supply them with ducts subject to test and acceptance by representatives of the Commission;

Resolved, That the Public Service Commission for the First District approves of the subletting of the above contract to the said American Vittrified Conduit Company.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

- (22) 1361
On motion, duly seconded, it was
Resolved, That a blue print of plan T-457, showing proposed marquee and illuminated signs over the north and south entrances to the Seventy-second street superstructure, be sent to the Interborough Rapid Transit Company to be considered in the obtaining of estimates of the cost of reconstructing the interior of this superstructure.
Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

- (23) O-251
Commissioner Eustis moved the adoption of the following final order after rehearing, which was duly seconded:

FINAL ORDER (No. 251).

John H. MacCracken,
Complainant,
against

New York City Interborough Railway
Company,
Defendant.

An order, No. 183, having been made herein on or about the 31st day of December, 1907, after a hearing duly had, ordering the defendant either to construct a proper, substantial and adequate waiting room or shelter for passengers transferring from the subway to its lines at One Hundred and Eighty-first street and St. Nicholas avenue, at a point on a level with such street railway tracks, and not more than fifty (50) feet distant therefrom, or at its election, at all times during the day and night, to hold at such point a car for the use of waiting passengers until the arrival of the next or succeeding car, either of the same or different lines, and further ordering the said company within ten (10) days after the service of such order to advise the Commission which of said courses it elected to pursue, and an order, No. 204, extending the time in which so to elect, having been made on or about the 14th day of January, 1908, and the defendant having, on or about the 20th day of January, 1908, notified the Commission that it would keep and maintain a standing car on its tracks at the said point throughout the entire day, excepting between the hours of 1 a. m. and 6 a. m., for the use of passengers transferring from the subway to its lines on One Hundred and Eighty-first street, and further stating its belief that such a standing car would render more satisfactory accommodations to the traveling public and would cause less interruption in the service than the practice of holding every car until the arrival of the next or succeeding car, as ordered by the Commission, and requesting that the said Order No. 183 be modified so that the maintenance of the standing car in the manner above described would be a compliance therewith, and an order for a rehearing, No. 214, having been duly made herein on the 21st day of January, 1908, and a rehearing having duly been had on the 29th day of January, 1908, at which Mr. Commissioner Eustis presided, and Leroy T. Harkness, Esq., Assistant Counsel, appeared for the Commission, and Alfred A. Gardner, Esq., and A. E. Mudge, Esq., appeared for the defendant,

Now, upon all the proceedings and upon the hearing and the rehearing heretofore had herein, it is

Ordered, That the action of the New York City Interborough Railway Company, in keeping such standing car upon its tracks at the point referred to, at all hours except between 1 a. m. and 6 a. m., shall be deemed a substantial compliance with the provisions of the said Order No. 183, subject, however, to the approval of the proper City authorities being obtained to the keeping of such standing car upon the street. It is, however, provided that if the use of such standing car be discontinued for any cause the defendant shall immediately notify the Commission of such discontinuance and within ten days thereafter advise the Commission which of the said courses contained in said Order No. 183 it will then elect to pursue.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

- (24) O-252
Commissioner Eustis moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 252).

In the Matter
of

Service, regulation and practices of the
New York Central and Hudson River
Railroad Company.

"Restoration of Putnam Division Service."

An order of the Commission, No. 211, having been made herein on the 17th day of January, 1908, requiring the New York Central and Hudson River Railroad Com-

pany to give reasons for the proposed discontinuance of trains on the Putnam Division after midnight, and said company having made answer thereto on the 3d day of February, 1908,

Ordered, That upon the matters therein a hearing be had on the 20th day of February, 1908, at 10.30 o'clock in the forenoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, No. 154 Nassau street, Borough of Manhattan, City and State of New York; that at said hearing the said New York Central and Hudson River Railroad Company show cause why it should not restore the service upon its Putnam Division after midnight, which has been discontinued by taking off trains 103, 105, 106, 107, 108 and 110; further

Ordered, That the said New York Central and Hudson River Railroad Company be given at least five days' notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity to present evidence and to examine and cross-examine witnesses as to the matters hereinbefore set forth.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

Commissioner Bassett moved the adoption of the following order:

COMPLAINT ORDER (No. 253).

Margaret Mager,
Complainant,

against

Nassau Electric Railroad Company,
Defendant.

The order of the Commission, being Order No. 253 for satisfaction or answer within ten (10) days, as to station at Ulmer Park, was approved, confirmed and ordered filed in the office of the Commission.

- (26) O-254
The Secretary presented the following order for hearing, of Chairman Willcox, and it was moved and duly seconded that the same be adopted by the Commission:

HEARING ORDER (No. 254).

In the Matter
of the

Hearing on the motion of the Commission as to the regulations, equipment and service of the Interborough Rapid Transit Company, in the respects hereinafter mentioned.

It is hereby

Ordered, That a hearing be had on the 25th day of February, 1908, at 2.30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the regulations, practices, equipment, appliances or service of said company upon its elevated lines operating on Columbus avenue, in the Borough of Manhattan, City of New York, with respect to the transportation of persons, are unjust, unreasonable, unsafe, improper or inadequate, and if it be so found, then to determine whether changes in said regulations, practices, equipment, appliances or service, in the particulars following, at the place herein mentioned, would be just, reasonable, safe, adequate and proper, and whether such changes shall be put in force, observed and used on the line of said company, and also to inquire and determine whether repairs, improvements, changes or additions to or in the tracks, switches, terminals, terminal facilities or other property or device used by said company, in the particulars following, ought reasonably to be made, in order to promote the security or convenience of the public or employees, or in order to secure adequate service or facilities for the transportation of passengers, namely:

Whether said company should be directed to construct and maintain a station or stations on its elevated structure on Columbus avenue at or near the intersection of Ninety-ninth street; and to equip said station or stations with one or more elevators or escalators for the conveyance of passengers to and from between the station platform and the surface of the street; and to equip said station or stations adequately and completely in every respect for the accommodation of seven car trains in each direction, and for the receiving and discharging of passengers for said trains.

And if such change, improvement and additions be found to be such as ought to be made as aforesaid, then to determine what period would be a reasonable time within which the same should be directed to be executed.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; further

Ordered, That the said Interborough Rapid Transit Company be given at least ten days' notice of such hearing, by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity to present evidence and to examine and cross-examine witnesses as to the matters hereinabove set forth.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

The order was referred to Chairman Willcox to designate a Commissioner to conduct the hearing.

- (27) O-255
Commissioner Bassett presented the following:

OPINION.

Coney Island and Brooklyn Railroad Company.

Automatic Circuit Breakers on Closed Cars.

(ORDER No. 203.)

By Order No. 21 the operating company was required to operate and equip its cars in service with improved circuit breakers, either such as are made by the General Electric Company or such as are equivalent thereto, on or before November 15, 1907. This order was loosely drawn in that it did not specify how many automatic circuit breakers should be placed on each car. The operating company claims to have understood that the placing of one automatic circuit breaker on each car was sufficient. Modern practice requires two automatic circuit breakers on each car, for reasons that are more fully stated in my opinion filed at the close of hearings in Order No. 166.

As the time is already becoming short for this company to procure and equip its closed cars with two automatic circuit breakers each before the warm weather shall arrive, and as the public will suffer no great injury for a few months by reason of the operating of the closed cars in some cases with only one automatic circuit breaker, I am of the opinion that the equipment of all closed cars in service with two automatic circuit breakers of modern type may be postponed until the closed cars go into service in the fall of 1908.

Let an order be prepared accordingly.
February 8, 1908.

(Signed) E. M. BASSETT, Commissioner.

Commissioner Bassett thereupon moved the adoption of the following final order, which was duly seconded:

FINAL ORDER (No. 255), AFTER HEARING ORDER No. 203.

In the Matter
of

The hearing on the motion of the Commission on the question of improvements in and additions to the equipment of the Coney Island and Brooklyn Railroad Company.

"Two automatic circuit breakers for each closed car."

This matter coming on upon the report of the hearing had herein on the 23d day of January, and by adjournment on the 29th day of January and the 5th day of February, 1908, and it appearing that the said hearing was held by and pursuant to an order for a hearing, No. 203, made the 14th day of January, 1908, and returnable on the 23d day of January, 1908, and that the said Order No. 203 was duly served upon the Coney Island and Brooklyn Railroad Company and that the said service was by it duly acknowledged, and that the said hearing was held by and before the Commission on the matters in said order specified, Mr. Commissioner Bassett presiding and Mr. Backus appearing for the Commission, and John J. Kuhn, Esq., and Mr. Britton appearing for the company;

Now, it being made to appear after the proceedings upon said hearing that it is just, reasonable and proper that the Coney Island and Brooklyn Railroad Company should be directed to make the additions to its appliances and equipment below set forth, in order to promote the security and convenience of the public and employees of said company;

Therefore, on motion of George S. Coleman, Esq., Counsel to the Commission, it is

Ordered, That the said Coney Island and Brooklyn Railroad Company shall, before the closed cars go into service in the fall for the winter season of 1908-1909, provide and equip all of the said closed cars in service with two automatic circuit breakers of modern type, and connect said circuit breakers in multiple on each car and at all times to maintain both of said circuit breakers on each car in good and perfect repair and keep the same properly adjusted for the capacity of the motors of the car on which they are placed, and that the circuit breaker over the motorman's head shall at all times be the one operated; further it is

Ordered, That within five days after service upon it of this order the said Coney Island and Brooklyn Railroad Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

(28) Commissioner Bassett moved the adoption of the following resolution, which was duly seconded:

Whereas, Proceedings have been pending before the Commission, under Order No. 66, made November 4, 1907, for improvements in the Cypress Hills terminal of the Brooklyn Union Elevated Railroad Company; and

Whereas, In said proceedings said company submitted to the Commission on the 13th day of January, 1908, a plan marked Plan "A," for the extensive enlargement and improvement of said terminal, which Plan "A" was marked Exhibit "I" in said proceeding; and

Whereas, In said proceedings J. F. Calderwood, as vice-president and general manager of said Brooklyn Union Elevated Railroad Company, and as vice-president and general manager of the Brooklyn Heights Railroad Company, and as vice-president and general manager of the Brooklyn, Queens County and Suburban Railroad Company, submitted to the Commission a stipulation for and on behalf of each of said companies for an exchange of transfers between said companies at various points, which stipulation is as follows:

"BROOKLYN RAPID TRANSIT COMPANY,
No. 85 CLINTON STREET, BROOKLYN, N. Y.,
OFFICE OF VICE-PRESIDENT AND GENERAL MANAGER,
January 23, 1908."

Mr. E. M. BASSETT, Commissioner, Public Service Commission, No. 154 Nassau Street, New York City:

DEAR SIR—Referring to the question of transfers between the Myrtle avenue-Richmond Hill line, operated by the Brooklyn Heights Railroad Company, and the Jamaica avenue line, operated by the Brooklyn, Queens County and Suburban Railroad Company, at the intersection of these two lines, Myrtle and Jamaica avenues, Richmond Hill, which was discussed at hearing on the 13th inst. before the Commission in connection with the proposed enlargement of the Cypress Hills station of the Brooklyn Union Elevated Railroad Company, I beg herewith on behalf of the Brooklyn Heights Railroad Company, the Brooklyn, Queens County and Suburban Railroad Company and the Brooklyn Union Elevated Railroad Company, to submit the following proposition:

Leaving aside all question of legality and without prejudice to any of the rights of the companies involved, but treating the question solely with reference to the exigency of the situation and with the intention of diverting from Cypress Hills a percentage of the traffic tributary to the Jamaica avenue line east of Richmond Hill, the Brooklyn, Queens County and Suburban Railroad Company and the Brooklyn Heights Railroad Company will concede the transfer privilege in question until the completion of the enlarged terminal by the Brooklyn Union Elevated Railroad Company at Cypress Hills and provide an exchange of transfers at Richmond Hill for westbound passengers of the Jamaica avenue line to westbound cars of the Myrtle avenue-Richmond Hill line, and for eastbound passengers of the Myrtle avenue-Richmond Hill line to eastbound cars of the Jamaica avenue line.

At Ridgewood, the westerly terminus of the Myrtle avenue-Richmond Hill line, transfers will be exchanged between that line and cars of the Brooklyn Union Elevated Railroad Company and the Brooklyn Heights Railroad Company, thus affording through passage between New York and Jamaica, via Ridgewood, for a single fare.

The arrangement above outlined, if approved by the Commission, will become effective February 15 proximo.

Yours truly,
(Signed) J. F. CALDERWOOD,
Vice-President and General Manager."

Now therefore be it

Resolved, That the Commission approve of the proposed plan for an exchange of transfers at said points, and accept the proposition of said companies to maintain said exchange of transfers at said points until the completion of the said enlargement and improvement of said terminal at the Cypress Hills station of said Brooklyn Union Elevated Railroad Company in accordance with said Plan "A," which was marked Exhibit "I" in said proceedings under Order No. 66 of this Commission, on the 13th day of January, 1908; and be it further

Resolved, That a copy of this resolution be transmitted to each of said companies.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett thereupon moved the adoption of the following final order, which was duly seconded:

FINAL ORDER (No. 256).

In the Matter
of the

Hearing on the motion of the Commission on the question of an improvement and addition to terminal facilities of the Brooklyn Union Elevated Railroad Company at Cypress Hills Station.
Under Order for Hearing No. 66, issued November 4, 1907.

This matter coming on upon the report of the hearing had herein on the 16th day of November, 1907, and various adjournments thereof, and it appearing that the said hearing was held by and pursuant to an order of this Commission made November 4, 1907, and that the said order was duly served upon the Brooklyn Union Elevated Railroad Company, and that the said service was by the said company duly acknowledged, and that the said hearing was held by and before the Commission on the matters in said order specified on the 16th day of November, 1907, and by adjournment duly had on the 23d day of November, 1907, and by adjournment duly had on the 2d day of December, 1907, and by adjournment duly had on the 9th day of December, 1907, and by adjournment duly had on the 13th day of January, 1908, and at each of said sessions Mr. Commissioner Bassett presiding, and Arthur N. Dutton, Esq., Assistant General Manager of the Brooklyn Union Elevated Railroad Company, appearing for said railroad company, and William S. Menden, Esq., appearing for said company at said session of January 13, 1908, and it appearing that said Brooklyn

Union Elevated Railroad Company on the 13th day of January, 1908, submitted to the Commission a plan marked "A" for the enlargement and improvement of the terminal of said company at Cypress Hills station, which said plan "A" is marked as Exhibit "I" in this proceeding, and that on the 23d day of January, 1908, J. F. Calderwood, as Vice-President and General Manager of the Brooklyn Union Elevated Railroad Company, Brooklyn Heights Railroad Company and Brooklyn, Queens County and Suburban Railroad Company, submitted to the Commission a stipulation for and on behalf of each of said companies, providing for an exchange of transfers between said companies at various points pending the completion of the enlargement and improvement of said terminal at said Cypress Hills station, a copy of which stipulation is attached to this order:

Now, it being made to appear after the proceedings on the said hearing that the following requirements are just, reasonable and proper and such as ought reasonably to be made in order to secure adequate service or facilities for the transportation of passengers and to promote the convenience of the public;

Therefore, on motion of George S. Coleman, Esq., Counsel to the Commission, it is Ordered:

(1) That pending the completion of the enlargement and improvement of said terminal of the Brooklyn Union Elevated Railroad Company at Cypress Hills station, in accordance with said plan "A" submitted by said company as Exhibit "I" in this proceeding on the 13th day of January, 1908, said company carry out the exchange of transfers with said Brooklyn Heights Railroad Company and said Brooklyn, Queens County and Suburban Railroad Company, at the points and in the manner specified in said stipulation of J. F. Calderwood, Vice-President and General Manager, hereto attached.

(2) That the said Brooklyn Union Elevated Railroad Company notify the Public Service Commission for the First District, on or before the 1st day of May, 1908, when the proposed enlargement and improvement of said terminal at said Cypress Hills station, in accordance with said plan "A" submitted on January 13, 1908, will be completed.

And it is further ordered: That this order shall take effect on the 15th day of February, 1908, and shall remain in force until modified by the further order of this Commission, without prejudice to the making and issuing of any further order or orders for hearing upon any of the matters involved in this proceeding.

And it is further ordered: That within five days from and after the service of this order the said Brooklyn Union Elevated Railroad Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

(29)

Commissioner Bassett presented the following:

REPORT.

In the Matter
of the

Hearing on the motion of the Commission as to the regulations, practices, equipment and service of the Brooklyn Union Elevated Railroad Company, in the respects hereinafter mentioned.

(ORDER No. 213.)

I was designated to take charge of a hearing regarding the need of a wrecking car at the Brooklyn Bridge terminal of the Brooklyn Union Elevated Railroad Company's lines. There appears to have been about three derailments of elevated cars, one at and the others near the Brooklyn Bridge, during the last four months, to attend to which a wrecking car was sent for. The company keeps two wrecking cars, one at East New York and the other at Thirty-sixth street. For derailments near the bridge the East New York wrecking car is usually sent for. It appears that on each occasion it took about one hour and five minutes for the wrecking car to reach the scene of the accident after its happening. The company is about to install six large boxes of wrecking tools at different places at and in the neighborhood of the bridge, and it is the opinion of the company officials and engineers that tools, jacks, etc., placed at convenient intervals in this way will be more useful than to maintain a wrecking car at the bridge.

On account of lack of head room derricks cannot be erected on the company's wrecking cars, and on this account the cars are not as useful as on ordinary railroads. Special crews are needed and no crews for operation of a wrecking car kept at the bridge would be useful during intervals between accidents. The cars are kept at present near the shops, so that when word is telephoned to the shop superintendent he can put a crew on the wrecking car and run it to any part of the system. Suitable tools can be placed in the car according to the nature of the accident.

I think it is the fact that a wrecking car is useful in two to five per cent. of the elevated railroad accidents. The company officials claim that in the case of the accidents reported by our Inspectors the delay in the wrecking car reaching the scene of the accident did not delay the operation of the road because as rapid progress was being made in replacing the car as would be made if the wrecking car was actually present, and that sometimes the wrecking car is not used when it is sent for. Congestion of the tracks lessens the usefulness of a wrecking car on a crowded elevated railroad because it cannot get by other cars that are usually stalled near the accident. This is especially so on the Brooklyn Bridge.

Notwithstanding these facts, the present operation of the Brooklyn Bridge cars is so dependent upon freedom from accidents and quick removal of stoppages when they occur that even if the presence of a wrecking car at the Brooklyn Bridge is of only slight and occasional benefit, one should, in my opinion, be maintained there. The Brooklyn Bridge problem is so acute that no small economy as to men or materials should stand in the way of the adoption of every possible precaution. If the six large tool boxes are supplied there certainly must be men kept in the neighborhood of the bridge who are competent to make use of the tools, and I can see no reason why these men, or possibly a few additional mechanics, should not be kept in the neighborhood of the bridge, who can operate the wrecking car. It is my opinion, therefore, that the tool boxes should be installed in accordance with the plans already made and that a wrecking car in repair and ready for use should at all times be kept at or near the Brooklyn Bridge.

Let an order be prepared accordingly.

February 8, 1908.

(Signed) E. M. BASSETT, Commissioner.

Commissioner Bassett thereupon moved the adoption of the following final order, which was duly seconded:

FINAL ORDER (No. 257). AFTER HEARING ORDER No. 213.

In the Matter
of

The hearing on the motion of the Commission as to the regulations, practices, equipment and service of the Brooklyn Union Elevated Railroad Company.
"Wrecking train at Brooklyn Terminal of Brooklyn Bridge."

This matter coming on upon the report of a hearing held herein on the 3d day of February, 1908, pursuant to an order of the Commission, No. 213, made January 21, 1908, and said order having been duly served on the said Brooklyn Union Elevated Railroad Company, and service of said order having been duly acknowledged by said company, and it appearing that said hearing was held by and before the Commission on the matters embraced and specified in said order No. 213, Commissioner Bassett presiding and conducting the investigation on behalf of the Commission in person, and Mr. Arthur N. Dutton appearing for said company, and proof having been duly taken upon said hearing, and it appearing therefrom that it would be just, reasonable and proper to direct the said Brooklyn Union Elevated Railroad Company to provide the increased facilities below set forth for removing obstructions to traffic in case

of accident, and that the time hereinafter given within which to provide such additional facilities is reasonable.

Now, on motion of George S. Coleman, Esq., Counsel to the Commission, it is Ordered:

I. That by or before the first day of March, 1908, said Brooklyn Union Elevated Railroad Company install at or in the immediate neighborhood of the Brooklyn Bridge six large boxes of wrecking tools, consisting of wedges, chains, locks, jacks, ropes, fire extinguishers, and such other apparatus as may be needed for use in case of accident and derailment upon the Brooklyn Bridge.

II. That the said company by or before the first day of March, 1908, station at its terminal yard at or near the Brooklyn terminal of the Brooklyn Bridge and keep and maintain there a wrecking car or wrecking train ready for use by said company in clearing its track upon and near said Bridge, and opening the same up for transportation in cases of derailments or other accidents on or near said Bridge. It is further

Ordered, That within five (5) days the said Brooklyn Union Elevated Railroad Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

(30) Commissioner Eustis moved the adoption of the following final order, which was duly seconded:

FINAL ORDER (No. 258).

In the Matter

of

The hearing on the motion of the Commission as to the regulations, practices, equipment and service of the New York Central and Hudson River Railroad Company in the respects hereinafter mentioned.

Under order for hearing No. 212, dated January 21, 1908.

This matter coming on upon the report of the hearing had herein on the 3d day of February, 1908, under order for hearing No. 212, dated January 21, 1908, and it appearing that said hearing was had pursuant to said order, which was duly served on the said New York Central and Hudson River Railroad Company on the 22d day of January, 1908, and that said hearing was held by and before the Commission on the matters embraced in said order on the 3d day of February, 1908, before Mr. Commissioner Eustis, presiding, Harry M. Chamberlain, Esq., appearing for the Commission and Clyde Brown, Esq., appearing for the said railroad company and proof having been taken upon said hearing and it having been made to appear by the proceedings on said hearing that the regulations, practices and service of said railroad company in respect to the transportation of persons, freight and property upon its line known as the New York and Putnam Division, at the Two Hundred and Twenty-fifth street crossing of said division, in the Borough of The Bronx, City and State of New York, are unsafe, improper and inadequate in that the gates at said crossing are maintained in a vertical position and are in practice lowered only when trains are approaching, and that owing to obstructions in the line of vision of the gatemen at said crossing, it is impossible for him in every instance to detect the approach of trains in time to lower said gates and thereby protect the traveling public, and that said gates are at times not lowered in time to protect the traveling public and that the changes in the method of operating said gates at said crossing ought reasonably to be made, in order to promote the security and convenience of the public, and it appearing from the testimony taken on said hearing that the security and convenience of the public would be promoted by a change in the practices of said company, in the manner of operating said gates at said crossing, by keeping said gates lowered in a horizontal position, except at such times as pedestrians, teams or vehicles may wish to cross the railroad tracks at said crossing, and it appearing from the testimony taken upon said hearing that the maintenance of said gates in a vertical position, as above stated, is contrary to and in violation of the orders of said railroad company to its gatemen at said crossing and that a compliance with such orders would promote the security and convenience of the public as aforesaid.

Now, on motion of George S. Coleman, Esq., Counsel to the Commission, it is

Ordered, That the New York Central and Hudson River Railroad Company be and it hereby is directed and required to keep and maintain the gates at said crossing in a horizontal position at all times except when pedestrians, teams or vehicles may desire to cross the tracks at said crossing. It is further

Ordered, That said New York Central and Hudson River Railroad Company put such change in the operation of said gates into effect within five days after service upon it of a certified copy of this order. It is further

Ordered, That said New York Central and Hudson River Railroad Company notify the Public Service Commission for the First District within five (5) days after the service of this order whether the terms of this order are accepted and will be obeyed.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

(31) Commissioner Eustis moved the adoption of the following dismissal order, which was duly seconded:

ORDER (No. 259) DISMISSING PROCEEDINGS UNDER ORDER NO. 111.

In the Matter

of the

Hearing on the motion of the Commission on the question of improvements in and additions to the service and equipment of the Interborough Rapid Transit Company.

Subway increase under Order No. 111.

This matter coming on upon the report of the hearing had on December 11, 1907, December 20, 1907, December 23, 1907, January 15, 1908, and January 29, 1908, and it appearing that the said hearing was held by and pursuant to an order of this Commission made November 27, 1907, and returnable on December 11, 1907, and that said order was duly served upon the said Interborough Rapid Transit Company, and that said hearing was held by and before the Commission on the matters in said order specified on said December 11, 1907, December 20, 1907, December 23, 1907, January 15, 1908, and January 29, 1908, Mr. Commissioner Eustis presiding, Mr. Alfred A. Gardner appearing for the Interborough Rapid Transit Company, and Mr. Oliver C. Semple appearing for the Commission;

Now, it being made to appear after the said hearing that under the new schedule of the company adopted January 9, 1908, a number of cars greater than that specified in the order for hearing has been added by the said company since the order was served; therefore

On motion of George S. Coleman, Esq., Counsel to the Commission, it is

Ordered, That this proceeding be and the same hereby is dismissed, and that this order be filed in the office of the Commission.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

(32) The Secretary presented a communication from the Brooklyn Heights Railroad Company, upon Order No. 220 of the Commission, with regard to the condition of tracks and switches on Main street at Prospect and Fulton streets. The communication was referred to Commissioner Bassett and stated:

"February 6, 1908.

"Referring to your favor of the 28th ult., transmitting Order No. 220, in the matter of complaint of Robert E. Anthony against the condition of tracks and switches

on Main street, at Prospect and Fulton streets, I beg to say that an inspection of this location shows that the tracks and switches are not at the present time in need of renewal. So far as the curves are concerned, as great a degree of elevation on the outer rail has been made as the grade of the street permits.

In compliance with Rule No. 8 of the Commission, copy of this letter has been sent to complainant.

Yours truly,

J. F. CALDERWOOD,
Vice-President and General Manager."

(33) The Secretary presented a communication from the General Solicitor of the New York Central and Hudson River Railroad Company transmitting the following resolution adopted by the Board of Directors of the New York and Harlem Railroad Company, on February 5, 1908, which was ordered filed:

Resolved, That Clyde Brown, general solicitor of the New York Central and Hudson River Railroad Company be and he is hereby authorized, on behalf of this company, to admit service of any order of either of the Commissions established by the Public Service Commissions Law; and to sign and acknowledge the notification of the receipt of a certified copy of any such order as provided in section 23 of the said law.

(34) The Secretary presented a communication from Henry A. Gumbleton, Secretary of the Local Boards, Borough of The Bronx, transmitting a resolution adopted by the Local Board of Van Cortlandt, Twenty-fifth District, on January 30, 1908.

On motion, duly seconded and carried, the Secretary was directed to ascertain the exact facts on the subject of the resolution and to reply to the letter. The resolution was as follows:

Resolved, That the Local Board of Van Cortlandt, Twenty-fifth District, hereby recommends to the Public Service Commission for the First District the construction and maintenance of stations at Two Hundred and Thirty-first street, Two Hundred and Thirty-eighth street and Two Hundred and Forty-second street, on the Broadway subway extension.

(35) The Secretary presented a communication from Charles SooySmith, Consulting Engineer, as to plans for the proposed new subway under Broadway, which was referred to the Chief Engineer, and was as follows:

February 7, 1908.

The President, Public Service Commission, No. 154 Nassau Street, City:

DEAR SIR—I feel impelled to make to your Board the following suggestions, which I trust you will consider of sufficient value for submission to your engineers. Namely, that the plans for the proposed new subway under Broadway, etc., should contemplate its possible ultimate conversion from use as a rapid transit route to its use by continuous train or movable sidewalk. This latter, I think the best equipped students of the subject now believe to be the inevitable ultimate way of getting relief for the growing surface traffic.

To provide for this possible change, perhaps, the only necessary alteration from the present plans would be to have a single line of columns instead of three; that is, bridging the entire four tracks by two spans of girders instead of four. There would be a considerable offset to the additional cost of the heavier girders, coming from the decreased width due to the saving of four clearances for the two lines of column omitted. In addition to the amount of excavation saved, there will doubtless be many points where the decreased width would save in damages, pipe removal difficulties, etc.

Doubtless the conditions limiting at the present time the treatment of problems for providing more transit facilities are such that a double decked structure giving six or eight tracks cannot be considered, but I have been very much impressed with the advantages there would be in the long run, if after all the difficulties of pipe removal, sewerage diversion, acquirements of lands, etc., have been overcome, for four tracks on the same level, an additional two or four could be put in underneath them.

A very considerable portion of the expense of a given line is made up of the maintenance during construction or renewal of subsurface pipe systems, renewal of pavements, sidewalks and back filling, acquirement of land, etc. These expenses would be a little increased were eight tracks, four beneath four, built instead of four only.

It would seem to me that the ideal plan for a central subway particularly under Broadway, would be four lower express tracks with movable sidewalk above. The earning power of such a subway would be so great that I am inclined to believe that it would be even now the most inviting plan that could be put forth if it has to be built with private capital.

You are doubtless flooded with impracticable suggestions, and I will take the liberty in justification of making the foregoing one of saying that I have been in close touch with the designing and carrying out of the underground road, having served as expert for the old Rapid Transit Commission and as Consulting Engineer in the inauguration of the work by Mr. McDonald. Permit me also to say that I have no alliance with any people who are interested or who would be interested in the construction of the road, nor any ambitions in the matter.

Yours very truly,
(Signed) CHARLES SOOYSMITH, Consulting Engineer.

(36) The Secretary presented a communication from the Subway Committee of the Allied Civic Bodies of South Brooklyn, transmitting a resolution commending the work of the Commission in the matter of the Fourth avenue subway. The communication was ordered filed.

(37) The Secretary presented a communication from the Central Federated Union, transmitting a resolution adopted by it on February 2, 1908, which was referred to Chairman Willcox for answer. The resolution was as follows:

Whereas, After a campaign of education carried on by the organizations represented in the Central Federated Union, it is the desired wish of 220 labor organizations containing a membership of 250,000 trades unionists, a large percentage of which are vitally interested in the construction of subways in The City of New York; and

Whereas, The various hearings now being conducted by the Public Service Commission show a disposition to commence active construction on plans best suited to allay the present overcrowded conditions affecting the bridges and street railroad companies; and

Whereas, The present Commission has justified its appointment by prompt public inquiry into the scandalous conditions of transport service in this City, and in promptly considering new routes; therefore be it

Resolved, That we, the Central Federated Union of New York City respectfully request:

First—That a comprehensive plan of subway transport for the City as a whole be reported at as early a date as possible, to determine on how many and which routes should be commenced; to prepare specifications and invite bids for construction on such terms as shall attract the greatest number of responsible bids for normal construction sections, and thereupon to proceed with the work as fast as economical use of funds shall permit.

Second—If the Public Service Commission shall promptly announce and vigorously progress subway plans. We believe public opinion will compel provision of funds therefor, and we pledge our efforts to see that our City officials shall realize the necessity for immediate action.

Third—We favor prompt extension of our City's available credit by exception of indebtedness for dock and subway, as well as other definitely profitable investments from calculation of the City's debt, and we condemn our present debt limitation as one long obsolete, but kept in the law for the purpose of so obstructing the City in the use of its credit as to compel it to depend upon private capital to supply light and transport service on such extortionate terms as it may dictate.

Fourth—It is with the full knowledge that your Commission has been created in order to take care and supervise all the facilities for public conveyances, such as subways, trolley lines, lighting, telephoning and telegraphing, that we request you to give your earnest and immediate attention to all these matters. You will certainly observe that the working people of this great City contribute largely towards the income of all such facilities and it is their prerogative to ask that immediate action be taken to at once report a plan of subway construction that will relieve the entire

City of its present overcrowded system of street railway transportation, both elevated and subways.

Fifth—We hereby offer the services of the Central Federated Union to act in concert with you, to bring about a satisfactory system of construction with a thorough understanding with those who will be employed on that work. Concurred in, and decided to send a copy to Governor Hughes, the Public Service Commission and to the members of the Board of Estimate and Apportionment.

(38)

The Secretary presented the following vouchers, the bills of which have been duly approved by Commissioner Eustis, as Committee on Audit for the month of February, whereupon, on motion, duly seconded, it was

Resolved, That the vouchers enumerated below be approved by this Commission and forwarded to the Comptroller of The City of New York for payment:

Voucher No.	In Favor Of.	Services or Material.	Amount.
672.	Art Metal Construction Company	Furniture, as per bill of January 24, 1908.....	\$195 00
673.	Banks & Co.	Law books, as per bill of January 27, 1908.....	758 50
674.	The Banks Law Publishing Company	Law books, as per bill of February 4, 1908.....	299 00
675.	Chambers Printing Company	Printing, as per bills of January 4 and 9, 1908.	52 00
676.	Fritz & Soedel Manufacturing Company	Furniture, as per bill of January 24, 1908.....	36 19
677.	Fowler Manufacturing Company	Toilet service, month of January, as per bill of January 31, 1908.....	20 13
678.	Hammacher, Schlemmer & Co.	Hardware, as per bills of December 17 and 28, 1907	3 35
679.	Keuffel & Esser Company	Engineering supplies, as per bills of January 18, 20, 23 and 24 (4), 1908.....	80 68
680.	The Lawyers' Co-operative Publishing Company	Law publications, as per bill of January 28, 1908	37 25
681.	Library Bureau	Stationery and furniture, as per bills of January 7, 15, 28 and 30, 1908.....	180 95
682.	The Macey Company	Furniture, as per bill of January 31, 1908.....	16 00
683.	William H. Miller	Janitor service, month of January, as per bill of January 31, 1908.....	26 00
684.	New York Telephone Company	Telephone service, as per bills of November 1 (3), December 1 (9) and December 31 (2), 1907	290 10

GEORGE CROMWELL,
President of the Borough.

Louis L. Tribus, Acting Commissioner of Public Works.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

REPORT FOR THE QUARTER ENDING MARCH 31, 1907.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13-21 Park Row,
City of New York, January 8, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, New York:

Sir—In accordance with the provisions of section 1544 of the revised Charter, I desire to submit the report of the transactions of the Department of Water Supply, Gas and Electricity for the quarter ending March 31, 1907.

The work accomplished by the different divisions of the Department is referred to in the several reports attached showing in detail the advancements and improvements particularly in the water service and public lighting.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

I.

Department of Water Supply, Gas and Electricity,
Office of Chief Engineer, Nos. 13-21 Park Row,
City of New York, April 15, 1907.

Hon. JOHN H. O'BRIEN, Commissioner:

Sir—I beg to submit herewith report showing the condition of the water supply in the Boroughs of Manhattan, The Bronx, and Queens for the quarter ending March 31, 1907; the expenditures provided for under the Tax Levy Budget as well as under the appropriations made by bond issues, and balances remaining on April 1, 1907.

The plan outlined in the first quarterly report made by the present Chief Engineer in 1905 of recording the work done sufficiently in detail to show its progress and the cost thereof, as well as the expenditures incurred in every case, thus affording a basis of comparison, has been adhered to.

EXPENDITURES.

BOROUGH OF MANHATTAN AND THE BRONX.

Contracts Entered Into During the Quarter Ending March 31, 1907.
BOROUGH OF MANHATTAN AND THE BRONX.

Frank H. D'Ossone—Furnishing, repairing, placing and emptying vault pans, etc., at Mount Kisco, Westchester County, N. Y.....	\$4,263 20
Wm. E. Burke—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$5,293 10
Hugh L. Fox—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$1,026 09

The John C. Orr Company—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$3,052 12
Wm. E. Burke—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$1,106 70
Yellow Pine Company—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$3,791 55
The Manhattan Supply Company—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$2,529 90
A. J. Hemphill—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$5,661 89
Thomas C. Dunham—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$1,749 95
United and Globe Rubber Manufacturing Companies—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, etc.	\$1,477 50
Bruce & Cook—Furnishing and delivering pig lead.....	\$5,200 00
John Fox & Co.—Furnishing and delivering tapping cocks, tapping cock boxes, twist drills and plug drills and hydrant nozzles, waste cocks, caps and chains, handles, screws and bridges.....	\$8,120 96
Arthur C. Jacobson & Sons—Furnishing and delivering mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, coal, coke, cordwood, lumber, etc.....	\$2,035 50
Cavanagh Bros. & Co.—Furnishing and delivering mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, coal, coke, cordwood, lumber, etc.....	\$2,465 15
John Fox & Co.—Furnishing and delivering cast-iron water pipe, branch pipe and special castings	\$44,640 00
Siegel-Cooper Company—Furnishing and delivering mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, coal, coke, cordwood, lumber, etc.....	\$1,222 50
Wm. E. Burke—Furnishing and delivering mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, coal, coke, cordwood, lumber, etc.....	\$1,420 32
The Manhattan Supply Company—Furnishing and delivering mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, coal, coke, cordwood, lumber, etc.....	\$2,117 16
M. J. Drummond & Co.—Furnishing and delivering double nozzle standard New York hydrants, repair parts for the same and lead-lined elbows	\$16,508 20
Interborough Supply Company—Furnishing and delivering agricultural, mechanics' and contractors' tools, paints, oils, hardware, miscellaneous supplies, coal, coke, cordwood, lumber, etc.....	\$3,921 75

BOROUGH OF QUEENS.

John Fox & Co—Engineers' and Draughtsmen's supplies, cast-iron water pipe, branch pipe, special castings, etc.....	\$3,173 30
M. J. Drummond & Co.—Engineers' and Draughtsmen's supplies, cast-iron water pipe, branch pipe, special castings, hydrants, hydrant repairs, gate valves, gate valve repairs, etc.....	\$3,747 20
Florence Iron Works—Engineers' and draughtsmen's supplies, cast-iron water pipe, branch pipe, special castings, hydrants, hydrant repairs, etc.	\$1,299 20
Boyce & Barnes Company—Furnishing, delivering and storing anthracite coal in the following amount: 4,600 gross tons of anthracite coal....	\$17,659 50
James P. Graham—Furnishing, delivering and laying water mains in Borden and Beebe avenues, etc., Long Island City, Central, Wilson, Crocheron and Maple avenues, etc., Flushing, Third Ward, etc.....	\$152,234 57

Water wasted over Kensico Dam: 196 million gallons.

Work Done on Watersheds and Aqueducts During the Quarter.

Division No. 1.

Cutting, trimming and hauling fence posts, cutting and hauling telephone poles, cleaning shores of lake, cleaning screens in gate chambers, removing snow and keeping gutters, culverts and drains clear of ice and snow; patrolling line of aqueduct, collecting samples of water for the Mount Kisco Laboratory.

Division No. 2.

Rebuilding retaining walls, with all the necessary filling and grading for same; rebuilding fences; recutting, trimming and hauling telephone poles and fence posts; regulating the flow of water for the Sing Sing prison; removing snow; cleaning gutters, drains and culverts and patrolling line of aqueduct.

Division No. 3.

Building, repairing and painting fences; cutting and trimming fence posts; cleaning up line of aqueduct; cleaning machinery and screws in gatehouse; removing snow, cleaning gutters, drains and culverts and patrolling line of aqueduct.

Division No. 4.

Building, repairing and painting fences; hauling telephone poles; removing snow; cleaning gutters, drains and culverts; cleaning up and patrolling line of aqueduct.

Division No. 5.

Building retaining wall, with all the necessary excavation for same; hauling building stone; building, repairing and painting fences; building and painting fence gates; filling and grading on aqueduct banks; removing snow and keeping the cross-walks, drains, gutters and culverts clear of ice and snow; cleaning up and patrolling line of aqueduct.

Division No. 6.

Building, repairing and painting fences and fence gates; relaying sidewalks; building gutters; filling and grading and building stone fence wall; removing snow; keeping gutters, drains and culverts free of ice and snow; cleaning up and patrolling line of aqueduct.

Division No. 7.

Building frame house over shaft 26 to protect the gauge; repairing fences; repairing gutters; redressing stonework; hoisting and trimming coal; cleaning drains, gutters and cross-walks of ice and snow; cleaning surface of water in reservoir; cleaning up line of aqueduct, High Bridge and steps leading to High Bridge.

Division No. 8.

Whitewashing gate chambers in the Sixth avenue gatehouse; removing snow and ice from cross-walks; cleaning screws and screens in gate chambers; keeping surface of water clean; cleaning and maintenance of gatehouses; painting and caulking rowboats for the reservoir; repairing walks and banks of reservoir; patrolling Central Park reservoirs and pipe lines.

Boyd's Corners Reservoir.

Cutting brush along shore of reservoir; cleaning ditches in front of dam; relaying stone wall fence; cleaning and oiling stopcocks; removing snow from entrance to stopcock vaults; patrolling shores of reservoir and all streams that empty into it; collecting samples of water for the laboratory.

White Pond Reservoir.

Cutting and burning brush and dead trees on land around reservoir and down the outlet; rebuilding boundary stone fence wall; patrolling reservoir and collecting samples of water for the laboratory.

West Branch Reservoir.

Relaying stone wall fence; cutting and trimming chestnut fence posts and telephone poles; repairing fences; cutting and burning brush, weeds, etc., along the shores of the reservoir; cleaning gatehouses and oiling machinery; removing snow from roofs of gatehouses; patrolling reservoir and collecting samples of water for the laboratory.

Middle Branch Reservoir.

Cutting and burning brush, weeds, etc., along the shores of reservoir; cleaning pipe tunnel and stopcock vault and oiling stopcocks; removing snow from entrance to tunnel and stopcock vaults; patrolling Middle Branch to junction with West Branch; cleaning road ditches and culverts and collecting samples of water for the laboratory.

East Branch and Bog Brook Reservoirs.

Cutting and burning weeds, brush and dead trees along shores of reservoirs and banks and streams; cleaning and oiling stopcocks in gatehouses and cleaning stopcock vaults; carting salt for the electrozone plant at Brewsters; removing snow and ice from sidewalks and gutters in front of New York City property in the Village of Brewsters; clearing gutters and culverts of ice and snow at the electrozone plant; rebuilding stone fence wall at Bog Brook Reservoir; patrolling reservoirs and streams and collecting samples of water for laboratory.

Lake Gleneida.

Cutting and burning weeds, brush and dead trees on west side of lake; collecting samples of water for the laboratory; patrolling lake and streams.

Kirk Lake.

Building property line fence between New York City land and that of adjoining owners, the fence rail and fence posts for same being cut on City property; patrolling lake and streams and collecting samples of water for the laboratory.

Muscot River and Branches, from Mahopac Falls to Westchester County Line. Removal of all fallen trees, brush, etc., from the river channel, and the streams have been patrolled regularly.

Lake Mahopac.

The outlet, flume, etc., have been maintained in good order, and samples of water have been collected each week for the laboratory. The property owned by The City of New York at Mahopac Village and around Cranberry Pond and down the outlet of same has been patrolled regularly to prevent nuisances and damage to fence walls. Samples of water are taken weekly, one from the inlet to Cranberry pond and one from the outlet below Mahopac Village. Men are detailed to patrol the following rivers: West Branch Reservoir and streams running into it; west branch of the Croton river, from west branch dam to Westchester County line; middle branch of the Croton river and branches from junction of Quaker brook and East branch, Croton river, to Paulding, Dutchess County.

Electrozone Plant.

The Electrozone Plant at Brewsters Village has been operated continuously during the quarter.

Titicus Reservoir.

Rebuilding and repairing fences and fence gates; cleaning gate houses and machinery. All the culverts along the highways cleaned of ice and snow; cutting and burning of brush along the margins of the reservoir; patrolling reservoir and streams and collecting samples of water for the laboratory.

Muscot Reservoir.

Building and rebuilding stone wall fence; cutting and burning brush on the west side of reservoir. All the culverts along the highways cleaned of ice and snow; collecting samples of water for the laboratory and patrolling reservoir and stream.

Bronx River Division.

Mainly clearing Stony Brook channel and Bear Gutter channel; keeping bridges and culverts free from ice and snow, and other necessary work of repairs; cutting and hauling telephone poles and fence posts. The Watchmen and Patrolmen have given their constant care and attention, keeping watch of City property and preserving, as far as possible, the purity of the water of the reservoirs, streams and channels on the Bronx and Byram watersheds.

Croton Watersheds, Aqueducts and Bronx River Works, Maintenance and Repairs.

Influx	5	16	.115	.020	3.0	752	290
Efflux	5	16	.106	.015	...	675	246

Except for a slight increase in microscopic organisms, the analyses show considerable improvement over the corresponding quarter of 1906.

Laying Water Mains.

No contracts for laying water mains have been completed during the quarter. The following is the amount of work done on contracts now under way:

Linear Feet of Pipe Laid.

48-inch	2,970
36-inch	810
20-inch	150
12-inch	9,191
6-inch	731
Total	13,852

Stopcocks Set.

48-inch	1
20-inch	7
12-inch	25
6-inch	41
Total	74

Hydrants Placed.

Double nozzle standard, New York.....	44
---------------------------------------	----

Repairing and Renewal of Pipes, Stopcocks, etc.

In addition to the regular repair companies three gangs of men have been employed during the quarter relaying and repairing water mains and cleaning, repairing and resetting stopcocks, hydrants, etc.:

The amount of work done is as follows:

216 linear feet of new 4-inch pipe laid.
220 linear feet of new 6-inch pipe laid.
76 linear feet of new 12-inch pipe laid.
11 linear feet of new 20-inch pipe laid.
18 linear feet of new 36-inch pipe laid.
13 linear feet of new 48-inch pipe laid.
31 6-inch mains repaired.
12 12-inch mains repaired.
1 16-inch main repaired.
3 20-inch mains repaired.
3 48-inch mains repaired.
250 linear feet of 4-inch pipe abandoned.
1 new 4-inch stopcock set.
7 new 6-inch stopcocks set.
2 new 12-inch stopcocks set.
2 new 20-inch stopcocks set.
3 36-inch mains repaired.
11 6-inch stopcocks repaired.
2 12-inch stopcocks repaired.
4 20-inch stopcocks repaired.
1 30-inch stopcock repaired.
2 6-inch stopcocks replaced.
1 12-inch stopcock replaced.
202 6-inch stopcocks inspected and used.
153 12-inch stopcocks inspected and used.
14 20-inch stopcocks inspected and used.
4 30-inch stopcocks inspected and used.
12 36-inch stopcocks inspected and used.
1 48-inch stopcock inspected and used.
7 additional double nozzle New York standard hydrants set.
35 double nozzle New York standard hydrants set in place of defective ones.
16 double nozzle New York case hydrants set in place of defective ones.
3 new Victor hydrants set in place of defective Victor hydrants.
3 double nozzle New York case hydrants abandoned.
1 No. 1 hydrant replaced.
2 double nozzle "A" hydrants replaced.
1 No. 2 hydrant replaced.
3 double nozzle "B" hydrants repaired.
8 leaking taps shut off.
2 frozen hydrants thawed out.

Surveys, etc.

In addition to the above work three parties of men have been employed during the quarter locating and measuring stopcocks, hydrants, etc., on the mains from Forty-second street to Ninety-sixth street, and from the East river to the North river. When not engaged on this work the men have been employed cleaning and oiling stopcocks, etc., and when necessary assisting the regular repair companies in thawing out frozen hydrants, unloading hydrants and stacking the same in the various pipe yards.

Work Done by Repair Companies.

New hydrants set in place of those defective.....	188
Old hydrants repaired.....	2,784
New stopcocks set in place of those defective.....	3
Old stopcocks repaired.....	284

Croton mains repaired, defective or broken.....	209
Taps shut off at Croton mains, service pipes defective.....	282
Hydrants improperly closed—closed same properly.....	609
Linear feet of pipe used in repairs to Croton mains.....	221.5
Permits to tap on Croton mains, Manhattan.....	206
Permits to tap on Croton mains, The Bronx.....	225
Permits to tap on Croton mains over 1 inch—	431
2-inch connections.....	19
3-inch connections.....	3
	22

In addition to this work hydrants that were frozen, particularly in the Borough of The Bronx, were thawed out and resalted, and all gates on the Croton feed mains in that borough kept free of snow so as to be accessible in case of break in mains.

No work has been done during the quarter to City horse troughs or fountains, as the water has been shut off from them from December 1 until April 1, 1907.

On February 22, 1907, at 10.45 a. m., a report was received from Police Headquarters at our repair shop, at One Hundred and Twenty-first street and Sylvan place, that a water main on the westerly side of Broadway, between One Hundred and Forty-fourth and One Hundred and Forty-fifth streets, was broken.

A repair gang under Foreman T. F. Dolan immediately went to the place of the break and found that our 36-inch main on the westerly side of Broadway, between One Hundred and Forty-fourth and One Hundred and Forty-fifth streets, had been broken by a blast set off by contractors excavating a cellar in that block. The water pressure in the main was promptly shut off and the repairs to the 36-inch pipe, which was the high pressure main, were immediately begun and completed the following day at 12 a. m. Some of the cellars in the buildings west of Broadway were flooded by the escaping water. These were pumped out by our men, who did everything else that was possible to relieve the discomfort occasioned by the break.

On the night of March 15, 1907, owing to a very deep excavation made for a building at the northwest corner of Frankfort and William streets, the street in front of the excavation caved in, undermining and breaking the sewer and breaking also our 20-inch, 12-inch and 6-inch mains in Frankfort street, between Park row and William street. The water pressure on these three mains was promptly shut off and comparatively little damage was done by the escaping water, other than the flooding of the deep excavation above mentioned.

The roadway in Frankfort street, in front of this excavation, was in such bad condition, owing to the cave-in, that it was impossible to repair the water mains then, and we were obliged to cap the 20-inch, 12-inch and 6-inch pipes on each side of the excavation and lay a temporary water pipe on the surface of the street, to which the house services might be connected, so as to keep the buildings in Frankfort street supplied with water. As these three water mains were above the sewer which had been broken, no permanent repairs can be made until the sewer is rebuilt.

On March 16, 1907, the 36-inch water main on the westerly side of Broadway, which had been broken on February 22, 1907, as already reported, was again broken by the contractors who were blasting out rock in the cellar of the new building on the westerly side of Broadway, between One Hundred and Forty-fourth and One Hundred and Forty-fifth streets. Notice of the break was received at our repair shop at One Hundred and Twenty-first street and Sylvan place, at 3.13 p. m., and the pressure in the main was promptly shut off. Repairs were immediately started and were completed on March 17, and the water pressure again turned on the main. The escaping water from the broken main entered the cellars of the buildings west of Broadway. Our employees pumped out the water from the cellars.

BOROUGH OF QUEENS.

The general condition of the distribution system is good. A satisfactory understanding between this department and the Bureau of Highways has been arrived at in reference to expense incurred where street grades are changed. Improvements made by the Pennsylvania Railroad (tunnels, etc.) have not yet reached that stage where the supply main on Thompson avenue will be affected. The contract with D'Ambra & Tuccillo is practically completed, with the exception of the asphaltting and a few minor details.

Work on Contract No. 1 with James P. Graham, has commenced and 8-inch water mains borrowed from Manhattan have been laid and water turned on in Lawrence street and Old Mill road, Third Ward, aggregating 3,500 feet in length. The first installments of foundry returns for this contract have been received, and a shipment of pipes and specials is expected soon.

The contract with John J. Young for hauling and laying water mains in North Vermont street, Crosby avenue, etc., has begun and will probably be completed in one month under favorable weather conditions.

Contract No. 2 with James P. Graham will be commenced at an early date, shipment of pipe being expected in a short time.

Cost of work still unfinished, \$322,000.

Plans and specifications are being prepared for laying additional water mains which will include a 20-inch supply pipe from Bayside pumping station to Cemetery lane.

Report of Work Done by Repair Gangs in the Borough of Queens for Quarter Ending March 31, 1907.

Kind of Work Done.	First Ward.	Third Ward.
Number of taps made.....	57	36
Number of leaks repaired.....	13	20
Number of stop-cocks repaired.....	16	5
Number of hydrants repaired.....	109	38
Number of gate boxes repaired.....	..	8
Number of stop-cocks reset.....	10	2
Number of hydrants reset.....	3	22
Number of gate boxes reset.....	2	6
Number of hydrants removed.....	2	..

Number of times investigating leaks.....	57	..
Number of times water was shut off and turned on.....	26	1

Men at work at pipe yard, inspecting hydrants, thawing out hydrants and at pumping stations during the quarter.

Work Done under public contract, 3,500 feet of 8-inch main laid with 8 hydrants, ten 8-inch gate valves and eight 6-inch gate valves.

MECHANICAL DIVISION.

BOROUGH OF MANHATTAN AND THE BRONX.

Ninety-eighth Street Pumping Station.

On the No. 1 pumping engine, valves and bushings in the water end were renewed and the water end was given a general overhauling.

On the No. 2 engine, the domes were removed; the tubes in the reheater were overhauled and tested and the domes were replaced and new joints made.

In the boiler room repairs were made to the line used to wash down the fire room, a 2 1/4-inch gate valve on same being renewed. The feed pipes on boilers Nos. 7 and 8 were disconnected and the castings on the front of the boiler chipped and fitted so that it would not bear upon the feed line pipe. The front of one of the boilers, which had been cracked, was drilled and wrought iron strips put in place to properly brace same.

The fire service line in the coal bunker received a general overhauling and renewing, 350 feet of 4-inch pipe and four stand pipes or risers had to be taken down and renewals were made of one length of pipe, 4 malleable iron tees and one L, etc., and the line restored.

One Hundred and Seventy-ninth Street Pumping Station.

On No. 1 engine, during the past quarter the water cylinder was overhauled and 50 new studs, valves and springs put in. Two new gears were fitted on by-pass valves. A new set of suction and delivery valves were installed in attached air pump. New springs were fitted to cams of high and intermediate pressure steam valves.

On Blake engine No. 2, a new set of suction and delivery valves were installed in attached air pump; new valves and springs installed in attached air compressor and joints made on bonnet, and drain pipe header was run to take drip from pans on top of water cylinders. The attached air pump had new set of springs and valves installed in suction and delivery, and a new set of valves and springs were installed in attached air compressor. New globe valve and nipples were put on main jacket pipe. In the water cylinder a key was fitted to by-pass valve and operating pinion was put on to replace one which had broken. Thirty-five new springs, studs and valves were put in water cylinder suction and discharge to replace broken and weak springs and studs.

On Worthington engine No. 5, the high pressure jacket piping from main valve at the separator was renewed, and new joints made to high pressure cylinders. The low pressure jacket line was renewed from floor to low pressure trap in basement. Independent air pump was connected to condenser.

The tower service pipe connection for charging balancing tank was renewed with brass pipe and new check and globe valves were installed in same.

On Worthington engine No. 6, joints were made on high pressure jacket piping. The low pressure jacket piping was renewed on low pressure cylinder, first platform, and from floor line to low pressure trap in basement. Rocker shaft for attached air pump was taken down, arms bored out and extra keyway cut in each. A new shaft to suit was made, with two splines in each, arms forced on and two new keys fitted to each one. The bearing boxes were taken down, rebabbitted and bored out. Brasses were fitted on connecting rod links and crosshead pins fitted.

A new valve seat was fitted to attached air pump to replace one found adrift and too loose to be replaced. A new set of valves was also put in suction and delivery of attached air pump.

Independent air pumps were connected to condenser, and steam, water and drain pipe and connections made to air pumps. The water connections to balancing tank renewed with brass pipe.

On the coal hoist, two cable clamps were fitted on boom frame and a new cable put in. Main steam connections and pipe to hoisting engine were renewed.

The coal conveyor track was braced with tie rods and shored. Curves on shaft at head house were taken down and moved to bring track into line. A new joint was made on leaky water main which kept the coal buckets filled with water. A leader pipe was erected to carry drainage to bottom of shaft.

The main steam connections to feed pumps were renewed and a new throttle valve installed on Worthington feed pumps. The drain pipes were renewed and connected to sewer. The main service pipe and connections to damper regulators, sinks, water closet and urinal were renewed.

In the boiler room, joints were made on all connections to superheater. Joints were also made on stop valve bonnets of No. 7 and No. 8 boilers.

Jerome Avenue Pumping Station.

In addition to the regular maintenance of this station, repairs were made to the traps and drainage system from the No. 2 and No. 3 pumping engines. A new Flinn steam trap was installed on each pumping engine and the old ones, which were taken out, were repaired.

The coal scales at the entrance to the main coal bunker and in the boiler room were overhauled, repaired and tested, and are now in good order.

High Bridge Pumping Station.

Both boilers were cleaned, the tubes and plates having all scale removed. The boilers were then tested by the Police Department. Minor repairs were made to the boiler trimmings. Repairs are being completed on the grates of these boilers. The damper regulator was overhauled and put in good running order.

On the No. 1 pump minor repairs were made to the water and steam ends and to the air pumps. New joints were made on the steam jackets and exhaust, and the crosshead pins and brasses of the air pump were refitted. Minor repairs were also made on the feed pumps.

New joints were made on the main steam line and valves on same were overhauled. Part of the steam line to the hoisting engine on the dock was renewed.

The heating system in this station has been overhauled and many parts have been renewed; new radiators, piping, valves and fittings have been put in place.

The free exhaust to the sewer has been changed to the outside of the building and the circulating water pipe in the suction tank has been extended and submerged. The above changes have practically eliminated all elements which gave cause to vapor and moisture in the station, thereby improving the drainage and reducing the tendency to rust the ironwork of the machinery and rotting of the woodwork in floors, and thereby putting the plant in a good sanitary condition.

BOROUGH OF QUEENS.

First Ward.

Pumping station No. 1 is in good order. The boilers have been changed regularly every month, thoroughly cleaned and all scale and incrustation entirely removed. The combustion chamber in boiler No. 1 was repaired and pointed up and repairs were made to the furnace of boiler No. 2. Repairs were made to the fronts of boilers and to the shaking grates.

On the pumps the valves and seats were faced and scraped. On the No. 2 engine the charge pipe was changed so as to admit water to the pump chamber direct instead of through the valve chamber. A new piston rod crosshead was furnished for the boiler feed pump. During these repairs it was necessary to use the injector for feeding the boiler and its lack of economy is shown in the falling off of the station duty.

The small Worthington pump used for draining out the cellar was overhauled and put in good order. New hose was furnished at this station for fire protection.

The 10-ton scale was tested and ordered to be cleaned, overhauled and repaired. To be in keeping with the present development of this end of the Borough and also to prevent trespassing, plans are under way for building a wall and fence around this station and otherwise improving the Department property.

At station No. 2 changes were made on the main suction line and to the piping leading to the open well. One branch of thirteen wells on the main suction line which had heretofore been unused were repaired and put into service.

Pending the installation of the boiler feed pump the boiler was fed by the injector.

The station began delivering a regular daily supply about the middle of the quarter and same has continued to be in excess of 750,000 gallons per day. It is probable, however, that this amount may have to be reduced to prevent a large infiltration of salt water, as explained in the last annual report. Attention was called in the latter also to the relatively large expense of running the station, and it should not be maintained, therefore, any more than absolutely necessary.

To permit of the weighing of coal burned at the boiler, a wheelbarrow scale has been installed in the boiler room. A 10-ton scale will also be installed at this station and provision will be made for permanently covering the 16-foot open well.

Station No. 3 is in good order. The boilers were tested by the Police Department and regularly changed every month.

The fire tile on boiler No. 1 was renewed. The feed water heater was overhauled and repaired. Cap wrenches, caps, bolts for the tube points of the boilers have been received and a new gauge cock has been placed on the water columns.

A new set of valves, guards and springs were placed in suction chamber of engine No. 1 and the wooden lagging on engine No. 2 was repaired.

Third Ward.

At the Bayside pumping station the boilers were tested by the Police Department and were regularly changed every month. New firing tools were received and the automatic damper regulator was overhauled and repaired. This station is in good running order and easily yielding a daily supply of more than 1,000,000 gallons of water.

At the Flushing pumping station on boiler No. 1 twenty boiler tubes were removed and new tubes put in their places. The furnace of the boiler was relined with fire brick; bridge wall rebuilt; new jamb blocks put in place; fire clay arch rebuilt over the furnace doors and the fire tile on the boiler tubes was taken out and renewed. Repairs are under way to the shaking grates in this boiler.

A new wheelbarrow scale has been set up in the boiler room and a new set of firing tools were received.

The main steam line from the boilers to the engine was generally overhauled, new joints being made and new valves suitable for high pressure being put in place. New joints were also made on the steam separator in the engine room and new Mason steam traps were installed in the compressor room. A new belt was placed on the governor of the pumping engine.

The dwelling house adjoining this station is being repaired by the Department employees.

The Whitestone pumping station is in good order. The boilers have been changed every month, thoroughly cleaned, all scale and incrustation being removed. These boilers have been satisfactorily tested by the Police Department.

A new set of firing tools has been furnished for the boiler room and repairs are being made to the shaking grates under boiler No. 2.

In the engine room the steam trap, steam piping and cylinder drip pipes were overhauled and renewed where necessary.

This station is now delivering a maximum yield possible with the present well system, which is in need of a general overhauling and cleaning, which should result in a general increase in the daily yield of water.

In order to be in keeping with the present development in the Third Ward and to prevent malicious trespass, plans in accordance with the surrounding architecture have been prepared for the construction of a railing and gate house around the stand-pipe and its pressure-regulating valves at College Point.

High Pressure Fire Service.

About the middle of March work on the contracts with the Continental Asphalt Paving Company for laying high pressure mains in the three districts was resumed and is progressing rapidly.

The total amount of work completed to March 31, is as follows:

Total Linear Feet of Pipe Laid.

Northern District.

24-inch mains	11,208
20-inch mains	10,320
16-inch mains	8,604
12-inch mains	41,368
8-inch hydrant connection.....	5,070
6-inch blow-off pipe.....	240

High-Pressure Pumping Stations.

Oliver and South Street Station.

The work done on this station during the quarter has amounted to very little, owing to the extremely cold weather, but it is anticipated that rapid progress will be made as soon as the weather opens.

The machinery for this station is being manufactured by the Allis-Chalmers Company and may be ready for shipment as soon as the buildings are ready to receive it.

Gansevoort and West Street Station.

The conditions which obtain at the Oliver and South street station hold good for the Gansevoort and West street station. The extremely cold weather has delayed the work as much on this building as on the Oliver and South street building, but rapid progress is anticipated as soon as the weather opens, permitting work to be done.

The machinery for this station is also being manufactured by the Allis-Chalmers Company.

Salt Water Suction Mains.

Oliver and South Street Station—No work has been done by the contractor for the construction of the salt water suction mains for this station.

Gansevoort and West Street Station—The concrete suction chamber adjacent to the pumping station has been completed to the satisfaction of the Department and work on the suction mains has been carried as far as West street. Work has been closed down during the past quarter owing to the severe weather. It will be resumed as soon as the weather allows.

Report of the Filtration Division.

The office force have been continuously employed making detail plans relating to the contract drawings for the proposed filters at Jerome Park Reservoir. Detail plans and estimates have also been made for three proposed methods of filtering water from Oakland Lake, Third Ward, Borough of Queens, and including surveys and land taking plans for a strip of land averaging 40 feet wide all around the lake.

The Experimental Station at Jerome Park Reservoir has been placed in regular service with Mr. Theodore De Long Coffin in charge as Filter Inspector, and Mr. Henry F. Muer as Bacteriologist. The filter is being operated first at a ten million gallon per acre rate and the cleaning is being done by the process of washing the surface first used at Long Island. The United Water Improvement Company have made some experimental runs with their ozone plant, but have not as yet made any official runs on account of numerous necessary changes suggested by the trial runs.

Force and Office Room.

Plans already have been made to secure quarters for the whole of the Engineering Force, on the ninth floor, and it is expected that the offices will be ready for occupancy early in June.

Respectfully submitted,

I. M. DE VARONA, Chief Engineer.

II.

City of New York, Borough of Brooklyn,
Department of Water Supply, Gas and Electricity,
Office of Deputy Commissioner, Municipal Building, Room 28,
Brooklyn, July 26, 1907.

Hon. JOHN H. O'BRIEN, Commissioner, Water Supply, Gas and Electricity:

Dear Sir—I beg to forward herewith report of the transactions of the Department in this Borough for the three months ending March 31, 1907, as shown by the report from the following Bureaus:

Bureau of the Chief Engineer;
Bureau of Water Rates;
Bureau of Electricity and Gas;
Office of Supplies and Accounts.

The report from the Bureau of Lamps and Lighting is not included, as I understand Mr. Lacombe presents his report to you direct.

Very truly yours,

WM. C. COZIER,
Deputy Commissioner, Borough of Brooklyn.

City of New York, Borough of Brooklyn,
Department of Water Supply, Gas and Electricity,
Office of Chief Engineer, Municipal Building, Room 25,
Brooklyn, April 15, 1907.

Hon. WILLIAM C. COZIER, Deputy Commissioner:

Dear Sir—I transmit herewith report, in duplicate, of the work done under my charge for the quarter ending March 31, 1907.

Respectfully yours,

J. W. McKAY, Acting Chief Engineer.

BUREAU OF WATER RATES.

BOROUGH OF BROOKLYN.

City of New York,
Department of Water Supply, Gas and Electricity,
Bureau of Water Rates,
Brooklyn, April 3, 1907.

Hon. WILLIAM C. COZIER, Deputy Commissioner:

Dear Sir—I have the honor to submit herewith a detailed statement of the receipts for water rents for the quarter ending March 31, 1907, and statement of the receipts for the corresponding term of 1906:

Receipts for the Quarter Ending March 31, 1907.

Condition of the Supply.

The new pumping stations established last year on both the old and the new watersheds, and the further development of the yield from the existing stations increased the supply so that it was sufficient with the available storage in the reservoirs within the City limits to meet the demands of the consumers, in spite of the fact that the average consumption for the quarter was higher than that for the last quarter, and also in spite of the fact that the following conditions existed:

On January 1 the contents of the distributing reservoirs, i. e., Ridgewood and Mount Prospect, were about normal, but during the months of January and February and the early part of March these reservoirs were heavily drawn upon until on March 9 only 147,000,000 gallons remained. During this same period, however, the water in the Hempstead Storage Reservoir was materially added to, it having at the beginning of the quarter only 284,000,000 gallons, while on March 31 there was nearly double that quantity, or, to be exact, 534,000,000 gallons. The necessity of drawing on the supply in the distributing reservoirs, instead of on the Hempstead Reservoir, was that the conduit was being used to its fullest capacity and yet was not delivering sufficient water to the Ridgewood Pumping Station to allow of sufficient pumping at that station at all times to meet the demands made by the increasing daily consumption, which had increased some 6,000,000 gallons over that of the previous quarter, all of which consumption in excess of the pumpage had to be drawn from the two reservoirs named. The consumption is always the largest at this time of the year owing to the low temperature, but as soon as the weather became milder and the consumption fell off the Ridgewood and Mount Prospect Reservoirs rapidly filled, until on March 31 there was slightly more water in them than at the beginning of the quarter.

Another reason for the inability of the Ridgewood Pumping Station to keep the pumping up to the demands made by the large consumption during the greater part of the quarter was the impossibility to maintain the steam pressure at this station to operate a sufficient number of engines to pump the required amount of water, even though the water was available.

This grave condition was caused by the fact that at times it was impossible to obtain enough of the small size coal suitable for the grates that had been reinstated in the furnaces early in the previous year. As it is a well-known fact that these small sizes of coal are always scarce during the early part of the year, and that it is always dangerous to rely entirely upon this kind of coal, I have guarded against a recurrence of this unfortunate state of affairs by arranging for a coal supply for the coming year of large coal, coal which can be depended upon to make steam and also coal that is always mined in sufficient quantities to be obtainable at all times as required. The condition existing during this quarter, when an adequate supply to the Ridgewood stations could not be brought through the existing conduits and pipe lines, demonstrated conclusively the importance of extending the steel pipe line to Massapequa now under construction to Clear Stream.

The total waste from all the ponds on the old and new watersheds during the quarter was as follows:

	January.	February.	March.	Total.
Baisley's	None	None	33,059,200	33,059,200
Springfield	467,200	None	559,000	1,026,200
Conselyea's	None	None	20,609,500	20,609,500
Watts	None	None	48,499,800	48,499,800
Smith's	None	None	10,291,400	10,291,400
Millburn	None	None	None	None
East Meadow	None	None	12,047,200	12,047,200
Newbridge	None	None	1,395,900	1,395,900
Wantagh	None	None	5,520,000	5,520,000
Massapequa	4,286,400	None	18,797,200	23,083,600
Total	4,753,600	None	150,779,200	155,532,800

The analysis made of the water supplied showed that the quality of the water in the entire distributing system of the Borough was the same as that for the corresponding quarter of last year.

Distribution System.

The extension of the Distribution System in the outlying districts has been continued both under the general contracts for extension and by the Department force for emergency work. The total amount of work done was as follows:

Contract for Hauling and Laying Water Mains, Isaac Harris, Contractor.

8-inch pipe laid, linear feet.....	6,680
6-inch pipe laid, linear feet.....	319
Total, linear feet.....	6,999
8-inch gates set.....	22
6-inch gates set.....	33
Total.....	55
Hydrants set.....	33

Contract for Hauling and Laying Water Mains, Charles Crawford Company, Contractors.

8-inch pipe laid, linear feet.....	5,318
6-inch pipe laid, linear feet.....	161
Total, linear feet.....	5,479
8-inch gates set.....	12
6-inch gates set.....	26
Total.....	38
Hydrants set.....	24

Emergency Work by Department Force.

8-inch pipe laid, linear feet.....	1,112
6-inch pipe laid, linear feet.....	162
Total, linear feet.....	1,274
8-inch gates set.....	1
6-inch gates set.....	16
Total.....	17
Hydrants set.....	16

During the quarter petitions for water mains in 36 streets and avenues were received and reported on, of which 27 were reported on favorably, recommending the laying of 2,581 linear feet of 12-inch pipe and 8,200 linear feet of 8-inch pipe.

The general work of repaving and caring for the distribution mains, hydrants, etc., has been carried on as usual by the Repair Yards' Gangs.

The work done during the quarter was as follows:

Permits Issued.

Special Work.

New Lots Pumping Station.

Connected suction main to engine house. Material used:
Eighteen feet 24-inch pipe, two 24-inch bevel hubs, two 24-inch sleeves.

Forest Stream Pumping Station.

Laid new suction main and connected up. Material used:
Two hundred and four feet of 12-inch pipe, one 12 by 6 inch three-way, two 16-inch by 16-inch three-way, three 12-inch by 6-inch four way, one 15-inch by 6-inch four way, one 16-inch gate, one 16-inch cap.

Morris Park Pumping Station.

Connected up suction mains. Material used:
Twelve feet of 20-inch pipe, 142 feet of 16-inch pipe, 324 feet of 12-inch pipe, 114 feet of 8-inch pipe, 36 feet of 6-inch pipe, 9 6-inch gates, 2 16-inch gates, 3 8 by 6 inch three-way, 6 12 by 6 inch three-way, 4 16 by 6 inch three-way, 2 16 to 12 reducers, 2 16-inch 45-degree bends, 1 12-inch 90-degree bend, 1 8-inch cap, 1 20-inch cap.

Oconee Pumping Station.

Cut in 6-inch branch to 15-inch main. Material used:
One 16 by 6 inch patent half sleeve, one 6-inch patent gate.

St. Albans Pumping Station.

Connected suction main with engine house. Material used:
Seven feet of 16-inch pipe, one 16-inch 90-degree bend.

Rosedale Pumping Station.

Five 6-inch cut in to 16-inch main. Material used: five 16-inch patent half sleeves, five 6-inch patent gates; three 12-inch patent half sleeves, three 8-inch patent gates.
One 6-inch cut in to 12-inch main. Material used: one 12-inch patent half sleeve, one 6-inch patent gate.

Broadway and Halsey street.

Connected blow off on 36-inch main with manhole of sewer. Material used:
52 feet 8-inch pipe, one 8 by 8 inch three-way, two 8-inch 90 degree bends, one 8-inch 45 degree bend, one 8-inch cap.

Bushwick Avenue and Eldert Street.

Connected blow off on 36-inch main with manhole of sewer. Material used:
0 feet of 12-inch pipe, one 12-inch offset, one 12-inch 45 degree bend.

Special Work.

Laid 108 feet of 6-inch pipe for Highway Department in yard on Sixty-seventh street, between Seventeenth and Eighteenth avenues. Set one new fire hydrant, made cut in on Sixty-seventh street, with 8 by 6 patent gate and sleeve.

Connected blow off at New Utrecht Pumping Station, and laid 72 feet of 4-inch pipe.

Laid new 6-inch main on Eighty-fifth street, between Twenty-second and Twenty-third avenues, 300 feet, and set one new fire hydrant.

Inspected all gates and blow offs on the 10, 12, 16, 20 and 48 inch mains, and found same in good order.

Cut 12-inch pipe on New Utrecht avenue, that obstructed building of new tunnel; raised pipe 12 feet, so as to go over tunnel, and reconnected at both sides.

Cut and capped 8-inch pipe on Fifty-second street, that obstructed building of new tunnel between Eighteenth and Nineteenth avenues.

Cut 4 inches from special casting for Gravesend Pumping Station, connected with 30-inch sleeve on force or delivery main from station.

Cut 12-inch and 8-inch mains on Eighty-sixth street and Fifteenth avenue, which obstructed building of new sewer, after lowering pipe so as to go underneath sewer, reconnected at both sides 8-inch and 12-inch mains.

Miscellaneous.

Dead ends connected.....	2
Water shut off for contractors.....	7
Water turned on new mains.....	3
Sidewalks repaired around fire hydrants.....	6
Streets repaired in front of fire hydrants.....	6

8-inch pipe laid.....	13 linear feet;		
6-inch pipe laid.....	46 linear feet.		
Total	1,120 linear feet.		

Hydrants set 6

Contract for Laying 20-inch Main in Belmont and Fountain Avenues, etc.—James P. Graham, Contractor.

20-inch pipe laid.....	785 linear feet;	20-inch gates set.....	3
16-inch pipe laid.....	113 linear feet;	16-inch gates set.....	2
Total.....	898 linear feet.	Total.....	5

In the early part of the year an appropriation was asked for replacing old tuberculated mains in many streets in the Borough. This appropriation, amounting to \$750,000, has been granted. On February 6, bids were received for the work of replacing the mains in Flushing, Franklin, Marcy, Metropolitan, Myrtle avenues, and other streets. The lowest bidders were the Interurban Construction Company, the amount of their bid being \$225,702. The contract was awarded to them and signed on March 5, 1907. The pipe and special castings for this work are being cast and the work of pipe laying will be commenced as soon as sufficient material has been delivered on the ground. Plans and specifications are being prepared for a second contract, covering the old mains in the Williamsburg and Greenpoint sections of the Borough.

Plans were prepared for cross-connecting existing mains for the purpose of improving the distribution of water. Plans and contract were prepared for setting about 1,200 fire hydrants on existing mains. Owing to no money being available for these two contracts they have been suppressed.

To determine water waste, a house to house inspection was made of some premises located in the Eastern District, from February 14 to March 5, 1907. The results of the work were as follows:

District Inspected—Bounded roughly by Flushing avenue, Marcy avenue, Division avenue, Berry street, Broadway, Driggs avenue, North Third street, Wythe avenue, North Fourteenth street, Union avenue, Broadway.

Area of district, $\frac{3}{4}$ square mile.

Premises inspected, 4,400.

Leaks found, 2,230.

Total leakage per day, 1,100,000 gallons.

Average leakage per tap, 500 gallons per day.

Work begun, February 14, 1907.

Work completed, March 5 1907.

Number of Inspectors, 16.

Time consumed, 16 days.

Average number of premises inspected per day per man, 17.

High-Pressure Fire Service System.

Mains.

No work was done during the quarter on the contract for laying the high-pressure service mains. The work, however, is nearly completed, only the following remaining to be done: Laying 500 linear feet of 12-inch pipe and 25 linear feet of 20-inch pipe, and the setting of 225 hydrants.

Pumping Stations.

Good progress was made by the contractor for the construction of the pumping stations during the quarter. The excavation for the main station at Joralemon street has been completed and the forms for the subgrade work are in place. The reserve station at St. Edwards street will probably be completed and ready for use on or before August 1.

Contracts have been prepared for the installation of travelling cranes at both the pumping stations.

Motors and Pumps.

Most of the drawings have been submitted and approved. All the motors have been completed and two have been tested. The pumps are well under way and will undoubtedly be completed on time to go on the foundations. The latter have been held up by slow progress on the buildings owing to inclement weather during January and February. The contractor has men on the ground to install the necessary ducts, etc., as the buildings go up.

Power for Pumping Stations.

As this feature of the work came under the direct charge of Chief Engineer Lacombe, of the Bureau of Electricity, the preparation of the contract was turned over to his Bureau. Professor Sever, Consulting Electrical Engineer, informed me at the end of the quarter that the proofs of the contract were received by him.

Private Telephone System.

The question of a contract for the private telephone system to be used in connection with the operation of the high-pressure fire service stations has been taken up, but the final details have not as yet been decided upon.

Extensions of System.

Plans, specifications and estimates have been prepared for the extension of the system into the Eastern District and Greenpoint section, and along the Gowanus Canal, and for the equipment of the pumping stations for same. As soon as the appropriations for this work, which have been asked, are granted, the contracts will be forwarded for approval and printing.

Coney Island System.

There were two alarms of fire during the quarter, one on March 28 and one on March 30. The station was tested every day, and is in good condition. The work done at the station during the quarter was as follows:

Hours run for testing purposes, 37 hours 30 minutes.	
Hours run for fire service, 35 minutes.	
Revolutions made testing.....	84,470
Revolutions made during fire service.....	1,400
Gallons pumped testing.....	3,294,330
Gallons pumped during fire service.....	54,600
Cubic feet of gas consumed testing.....	52,380
Cubic feet of gas consumed during fire service.....	1,240
Discharge pressure in pounds.....	150
Supply pressure in pounds.....	42

Driven Wells.

Work done by Department Force.

At New Lots Station seven (7) deep wells have been driven to an average depth of 180 feet. All these wells have 8-inch casings, with 20-foot, 6-inch Johnson strainers and 30 feet of 6-inch suction. Their capacity averages 300,000 gallons in 24 hours. At Ozone Station eleven (11) shallow wells were pulled up and redriven. Their average depth is about 70 feet. It was found that the old wells were broken and filled with sand and gravel. The pipe line was also partly filled with sand and gravel, some parts of the pipe being completely filled. They have all been cleaned out, so that the station can now deliver into the conduit 5,000,000 gallons in 24 hours as against 2,000,000 delivered before the wells were redriven.

At Morris Park Station fifteen (15) shallow wells were driven. Ten (10) of these wells are tile wells and five have 6-inch Johnson strainers. Their average depth is 65 feet. It was found that the wells at this station gave good results, every well being good for 350,000 gallons or more in 24 hours, and that this station, when started, was easily good for 5,000,000 gallons of water per day. At Forest Stream Station the sinking of shallow wells on the new pipe line has been continued. Four (4) wells were driven at this station, and they gave indications of being able to give good results, as the material was of the best water bearing sand and gravel.

At Massapequa Station one gang was started driving wells and repairing old ones. It was found that all of the 4-inch shallow wells were broken and out of commission. Up to date, one (1) deep well has been sunk, which, it is thought, will give a good yield, the flow being about 100 gallons per minute. Two (2) shallow wells have also been completed.

Work done by Contract.

The work of sinking deep wells under the Geo. W. Phillips' contract has been continued at the following named stations: Clear Stream, Forest Stream, Rosedale and St. Albans. Wells have been started at other places, as follows: Aqueduct, Spring Creek, Springfield and Seamans Neck road, east of Wantagh.

Section I.

At Clear Stream ten (10) wells have been driven to depths varying from 133 feet to 176 feet, the material at these depths being very unsatisfactory; white sand and wood. By special requisition one well has been continued to a depth of 260 feet, the material continuing to be the same; fine white sand, which gives the water a milky appearance. At Forest Stream ten (10) wells have been sunk to depths varying from 122 feet to 175 feet, the material being the same as at Clear Stream; very unsatisfactory.

At Spring Creek five (5) wells have been started, the deepest being down to clay at 130 feet. The material above the clay is coarse gravel, water bearing. Two thousand eight hundred and twenty-three feet have been driven during the quarter on this section of the contract.

Section II.

Work was commenced on this section about the middle of March. Six (6) wells have been sunk to the clay at a depth of about 65 feet, or a total depth for the six wells of 390 feet.

Section III.

At Aqueduct ten (10) wells have been started, nine of them being down to about 60 feet each, and one to a depth of 125 feet, the material at the latter well being very coarse gravel. No clay has been struck at this station. At St. Albans seven (7) wells have been driven through the clay, each to a depth of about 175 feet, the material at the bottom being fine sand and clay, mixed. Work has been stopped here and the remainder of the wells will be put down at Springfield, where one well has been started and is down 56 feet. At Rosedale ten (10) wells have been driven, nine of which are completed, the strainers being in coarse sand and fine gravel, at a depth varying from 120 to 140 feet.

These wells are very satisfactory, No. 9 yielding at the rate of 720,000 gallons per day when pumped to a clear strainer. During the quarter 2,414 feet have been driven on this section of the work.

Contracts and specifications for deep wells or shallow wells at Canarsie, Gravesend, Spring Creek, Ozone, Baisleys, Springfield, Watts Pond, Woodhaven, Shetucket, Lynbrook and Rockville Centre Pumping Stations have been completed, and these contracts are now being advertised, the date for the opening of the bids being fixed at April 10. Detail plans showing the lay-out of the wells and appurtenances have been prepared for these contracts.

Developing Deep Wells at Jameco Pumping Station.

The contractor for this work, Mr. Silas W. Titus, has pumped during the quarter from fifteen (15) deep wells, the yield being as follows:

	Gallons.
Average daily pumping in January.....	6,380,360
Average daily pumping in February.....	5,505,188
Average daily pumping in March.....	7,167,106

The remaining six deep wells have been ready for connecting up, but the contractor has been waiting for some arrangement with the City to obtain the use of the Davidson pump and suction line.

A form of contract for the two-year extension of this contract, according to the option in it given to the City, has been prepared. Forms of contracts have also been prepared for two pumping plants within the Borough limits, to be installed by Mr. Titus.

The Queens County Water Company have continued to deliver into the conduit the 3,000,000 gallons of water daily, called for in their contract, without interruption. The 20-inch Gem Meter used to measure this delivery was tested at the end of last quarter.

Pumping Stations.

Ridgewood Engine House, North Side.

Engine No. 1, Triple—Placed new valves on jacket drains, repaired jacket pump, renewed air compressor pipe and overhauled air compressor; repaired condenser leaks; compensating cylinder repacked twice during quarter; repacked low-pressure rods, made new climax joint on main steam line to engine room; pump end overhauled and a number of new valves and springs placed.

Engine No. 2, Triple—Packed compensating trunnions and accumulator; pumps examined, a number of new valves placed, air compressor repaired.

Engine No. 3, Triple—Fitted and connected new charging pipes, renewed valves on jacket drains, placed new nipple on cold water service piping to primary heater; compensator trunnions were repacked, air compressor and jacket piping repaired.

Engine No. 3, Beam—Fitted two sets of crank pin brasses, fitted main eccentric rock shaft, repacked air pump; hot well and foot valves examined, pumps examined and several new valves placed; rebuilt four well screens for main pump; incidental repairs, such as packing, keying journals, taking up wear on side rods and boxes.

Davidson Pumps—During the quarter the rods on these pumps were packed continuously; quadrants packed a number of times also.

Two new quadrants were made and placed on No. 2 engine.

New valve rods were placed in L. P. chest of No. 2 engine.

Air pumps on all engines were overhauled and fitted with new valves and springs.

Connected up new exhaust pipes to feed pumps in engine room.

All engines equipped with new galvanized iron drip pans.

Corrugated rubber floor matting received and placed on floor of this engine room. Before the end of the present month it is expected that Mr. M. T. Davidson can be allowed to proceed with the work of repairing these engines.

Boilers.

Morris Boiler Room—During the quarter boilers Nos. 1, 2, 3, 4, 5 and 9 were tested by the Police Department and passed; boilers Nos. 3, 4, 5, 6, 7, 8, 11 and 12 cleaned and washed. The feed pipes on boilers Nos. 2, 3, 6, 7 and 8 were repaired; braces on Nos. 11 and 12 were repaired.

Furnished and placed guards on ends of bolts in back connections to prevent burning off.

Repaired blow-off on No. 10 boiler. New sets of grate bar patterns made and bars furnished for boilers Nos. 11 and 12.

Repaired safety valves on Nos. 2, 4 and 7.

Repaired relief valves on battery.

Repaired gauge cocks on battery.

Repaired leaks in main steam line.

These boilers were stopped and started a number of times on account of leaky tubes and combustion chambers.

We were compelled to make most of the repairs on these boilers ourselves, which should properly have been made by Messrs. B. Franklin Hart, Jr., & Co.

The contractor's handling of the work is very unsatisfactory, and during the quarter he has paid very little attention to it; also he has constantly ignored messages requesting him to have his man at the station to carry on the work as he should.

A record is being kept of the work done by the Department force, and a deduction will be made for same from the contractor's payments on account of this contract.

A new bridge wall pattern of proper design was made, and castings for No. 4 boiler made from it.

The coal conveyor was fitted with new shafts and pins.

Repaired elevator engine journals, jack shaft bells, etc.

Feed pump repacked and valves replaced.

West Side Boilers—Boilers Nos. 1, 2, 3, 4, 5 and 6 were tested and passed by the Police Department.

All the boilers in this battery were washed and cleaned.

The work of installing the Coe Combustion System on this battery was completed during the quarter.

The damper regulators furnished under this contract have not given satisfaction. As soon as the contractor puts them in proper working order we will make the test as called for under the terms of the contract.

Davidson Boilers—Bottom sheet of boiler No. 17 repaired; safety valves on Nos. 15 and 20 repaired.

Furnaces of Nos. 15, 16 and 20 relined.

The Police Department tested and passed Nos. 15, 16 and 20.

Cleaned and washed Nos. 13, 14, 15, 16, 19 and 20.

Shops.

All shops have been kept very busy during the quarter making repair parts for the engines in Ridgewood and Line Stations.

The pipe shop has more to do than it can handle on work for the station and well gangs.

The blacksmith has been kept unusually busy making and repairing fire tools and repairing wheelbarrows.

Ridgewood Engine House, South Side.

Worthington Engine No. 1—During the quarter one compensator broke, and same was replaced with new one we had in stock. All compensators, accumulators, valves and stems were packed.

Worthington Engine No. 3—Placed new No. 3 steam trap, packed pump rods, compensators and accumulators. Put in new jacket pipes between cylinders on one end.

Worthington No. 5—The high pressure piston ordered from H. R. Worthington the latter part of the previous quarter was received and put in place; connected up new No. 2 steam trap; replaced with new pipe all the old piping between the main discharge and the heater.

All rods, balance cylinders, accumulators, valves, etc., were packed; put in new drain pipes from all parts of the engines.

During the quarter duplex pump was placed and connected to hot well of new engine; discharge pipe was connected to the sewer on Fountain avenue. Overflow from hot well to conduit connected. All the old pipes leading from the main discharge of pumps to boilers were removed and replaced with new pipe; the old pipe was unfit for use.

The blow-off piping on the new Babcock & Wilcox boilers as connected by Contractor Gerstle was unsafe, and same was altered by dropping it about fifteen (15) inches below the pipe from boilers; this drop allows plenty chance for expansion; this pipe was connected to the sewer.

Owing to the excessive amount of No. 2 Buckwheat coal delivered here during the quarter it was almost impossible to keep steam enough to run the engines, and as a result it was necessary to connect a steam jet in each stack of the locomotive boilers.

Both heaters were overhauled and put in good condition.

A new sink with drinking water connections was connected up in the Strong boiler house; a sump was built in the cellar and covered with iron floor plates; this sump receives the drains from the pumps and accumulators. The hot well pump was connected to this and can be used to pump water into the sewer.

Contractor Gerstle has made very little progress with his work since the last quarter; all efforts by this office to make him push the work have failed; something should be done to compel him to finish this work.

New Lots No. 1.

During the quarter the water ends on both pumps were overhauled and a number of new valves and springs were placed where necessary. The priming pipes were renewed.

The sediment and cams on Davidson air pump were repaired at Ridgewood and replaced on the pump. The feed and air pumps were overhauled and put in good condition. The water columns on boilers Nos. 1, 2 and 3 were removed, repaired and connected up with new pipes and fittings.

Feed and blow-off piping on boiler No. 3 was removed and connected up with new pipe and valves.

All the boilers were cleaned and washed each month during the quarter.

New Lots No. 2.

This plant was started up for the first time with one engine about the middle of February, 1907, and run during the day time until the 1st of March, when it was put in operation full time. Since it was put in operation full time only minor repairs have been necessary, and the engine is now running in fair condition.

Since the starting of this engine the yield over the Temporary Plant is about two and one-half million gallons per day.

No. 3 boiler was laid up for some time, awaiting necessary repairs to be made by the contractors (B. F. Hart, Jr., & Co.), and as usual it took them considerable time to start; however, they have completed the work, with the exception of some small repairs necessary to the damper, which cannot be made until the station is shut down.

Much time was spent in cleaning these boilers, as they had become very dirty, owing to the long time we were compelled to keep them in service while waiting for the contractor to give us the use of the third boiler.

The blow-off piping on this battery was badly connected up; had same disconnected and lay-out changed to allow for necessary expansion; then connected it up again with new pipe valves and fittings.

These boilers are now in good condition.

Considerable pipe fitting has been done by the Department force since the station was put in service.

Temporary Plant.

This plant is now out of commission, and as soon as the second engine in the new station is ready for service it will be dismantled, and we can use the pumps at some other station.

Woodhaven.

The work of building this station has been started, and as soon as the order to do the necessary excavating is issued the work will be pushed to rapid completion.

It is expected to have this station in operation before the end of the present quarter. All the work will be done by the force of this division.

Aqueduct.

Only minor repairs were found necessary during the quarter, such as packing repairs, piping, etc. A new feed pump was furnished and set up in the engine room. The smokestack was painted by contract during the quarter. The boilers were tested and passed by the Police Department during the quarter, and are now in good condition.

The yield from this station averages about 4,710,000 gallons daily. The water is of a good quality.

Shetucket.

The work of building this station was started during this quarter; the boiler is set and the boiler and engine house completed; some delay was caused by the lack of

laborers to do the excavating in the engine room. The well gang will start shortly to drive the wells. By the time they have finished we will have the pumps set and ready to start. This station should be ready to be put in operation by the first of June next.

Spring Creek.

M. T. Davidson furnished and fitted new water cylinder linings, follower and stuffing box bushing in Davidson engine. The pump was overhauled and new valves and springs placed where necessary.

The Knowles engines were overhauled and put in good condition.

Air and feed pumps repaired and put in good condition.

The boilers were tested and passed by the Police Department.

Furnaces in both boilers were relined and several leaky tubes were repaired by the Department force.

The shallow wells at this station were shut down, owing to the excessive amount of chlorine in the water.

Oconee.

During the quarter M. T. Davidson furnished and placed in cylinder of No. 2 engine one new brass lining; the pumps were also overhauled and put in good condition by the Department force; a new leather was made and placed in the piston; new valves and springs were placed in the discharge chamber.

No. 1 pump was overhauled and fitted with a new steam chest by M. T. Davidson. Owing to the blow connection on the boilers being above the bottom sheets on the back ends, a settlement of scale caused a small blister in boiler No. 1. Had the boiler makers cut this out and placed a hard patch 6 inches square on the sheet.

In order to avoid a recurrence of this evil, a blow connection was made on the bottom of the shell and the piping was increased in size from 1½ inches to 2 inches.

The masons relined the furnace of boiler No. 1. Safety valves on both boilers were repaired.

The weir box at this station was in a very bad condition; the carpenters relined it with sheeting and put it in good condition.

During the quarter we had considerable trouble with the pumps from the large amount of sand coming from the wells; after investigation it was found that the suction line mains were three-quarters full of sand; it was also found that several strainers were useless in the wells. The work of cleaning the suction line is now under way.

When the repairs are completed the yield from this station should be close to 5,000,000 gallons daily.

Baiseleys.

During the quarter only minor repairs were found to be necessary, such as packing rods, valves, renewing valves, springs, etc.

The boilers in this station were tested and passed by the Police Department.

The Department masons relined the furnace of boiler No. 1.

Jameco.

During the quarter the Davidson engine was shut down long enough for Davidson's men to place a new steam chest on the high pressure cylinders; this chest was placed temporarily while the old one was at the shop for repairs.

The Worthington engine was kept in constant operation during the quarter, and shut down long enough for packing of rods, etc.

This engine should be shut down long enough to allow some repairs on the steam ends.

New brasses were fitted to the filter engine. Valves and piston rods were packed.

Boilers.

The boilers in this plant were pushed to their utmost, and if the yield from this station is to be further increased, it will be absolutely necessary to place a new boiler in service here at an early date.

Owing to the location of the blow-off connection on the two old boilers here, blisters appeared on the bottom sheets. They were cut out and hard patches placed, and the work of changing the blows to the bottom of the sheet, as was done at the Oconee Station, will be commenced at the first opportunity.

The safety blows on all boilers were repaired. The feed piping was overhauled. The furnaces of the two old boilers were relined by the Department masin.

Springfield.

Only minor repairs, such as packing, renewing valves and springs, were found necessary.

The boilers were thoroughly cleaned and washed each month and are in first-class condition.

A number of leaks appeared in the well connections from the main suction line, caused by the settling of same. The necessary repairs have been made.

St. Albans.

The work of connecting up the Worthington pump was completed during the quarter by the Department force. This pump is now running continuously and giving good satisfaction.

The daily average pumping has increased 300,000 gallons since this pump was put in service. Considerable work was done at this station by the Department steam fitters, and we are now overhauling the old Davidson pump. The pumps were all packed during the quarter. The boilers were cleaned and washed each month, and are now in first-class condition.

This station is now in first-class condition, and both habitable and presentable, and I hope we will be able to increase the yield from the wells now being driven by Contractors Rogers & Phillips.

Rosedale.

Only small repairs, such as packing rods, etc., were required during the quarter.

The boiler makers repaired some leaks in the fire box of boiler No. 2; both boilers were cleaned and washed, and are in good condition. Contractors Rogers & Phillips completed seven (7) of their deep wells. I had Mr. Lynch's men from the East New York repair yard place ten Smith's connections on the main suction line to connect the new wells to. After the completion of this work, one pipe fitting gang was sent out and cut and fitted connections to wells Nos. 1, 2, 3, 4, 5, 6 and 7. No. 5 well was ready to connect, but the yield was so small it was not deemed advisable to connect it at the time. However, by connecting up these six wells the yield from this station was increased over 1,000,000 gallons per day. There are three (3) more to be connected, and when this is done the yield should be about four and one-half million (4,500,000) gallons per day.

A plunger pump should be installed in this station; we would then obtain much better results than we do at the present time with centrifugal pumps.

Forest Stream.

The water ends on engines Nos. 1 and 2 were overhauled; new valves and springs placed where necessary; a number of valve guards broke and were replaced with new ones made at Ridgewood. The air pumps were overhauled, and pipe connections renewed. Feed pumps were overhauled, and old discharge piping renewed.

All fittings on boiler No. 2 were repaired, the safety valve was removed and reconnected with new joint; both boilers were cleaned and washed each month. This station is in good condition.

There are several shallow wells at this station ready to be pumped out as soon as the water falls in the brook. Our pipe gang will connect them to the suction line.

Clear Stream.

Engines Nos. 1 and 2 were overhauled, new valves, springs and guards were placed where necessary.

On March 21 this station was shut down and the work of removing the old discharge and suction piping on the air pumps was made. The boilers were overhauled, blow-off piping renewed. The furnaces of both boilers are now being repaired by the Department masons. This station is now in good condition for the summer season.

Watts Pond.

Large engine in this station overhauled; a number of new valves, springs and plates renewed. Air pump overhauled, new valves and springs fitted in water end; all rods repacked.

Our masons relined furnace of boiler No. 2. Both boilers were washed and cleaned each month during the quarter.

It is intended to renew the brick settings on both the boilers as soon as possible.

Smiths Pond.

Water ends on engines Nos. 1 and 2 were overhauled each month; new valves and springs placed where necessary. Owing to the high rate of speed at which these engines are run when operated to their full capacity, a large number of valves and springs are used during the year.

Air pumps on both engines were overhauled and fitted with new ones. The blow-off piping on engines Nos. 1 and 2 was repaired and fitted with new blow valves. The boilers were washed and cleaned each month during the quarter.

Millburn.

Worthington Engine No. 1—Water cylinders fitted with new plunger and rod. New cut-off and crank fitted for L. P. valve rod. The valve, pistons and plunger rods were repacked.

Davidson Engine No. 2—Only minor repairs were required, such as packing rods, renewing water valves and springs, etc.

Davidson Engine No. 3—Water ends overhauled, new valves and springs placed where necessary, repaired automatic lubricator, renewed pipe connections to same.

Davidson Engines Nos. 4, 5 and 6—Only minor repairs were made, such as packing, etc., required to keep engines in operation.

Worthington Engine No. 7—The steam and water ends were overhauled and a number of new valves, plates and springs were placed. Air pump No. 5 was overhauled and fitted with a new set of valves and springs; automatic lubricator was repaired and connected up with brass pipe and new valves and fittings.

Air jacket pumps were repaired and repacked.

Feed pumps on west battery of boilers were overhauled and put in good condition; new suction pipe to well was connected up.

Steam traps were renewed and piping renewed where necessary. One (1) 8-inch steam whistle was connected up on the west end of the building.

Dynamo engine was repaired and fitted with new valves, rods and brasses.

Boilers.

All the tubes in the west battery of boilers were cut out and replaced with new ones; when tubes were removed boiler shell was scaled and cleaned; the furnaces and bridges were repaired; the feed and blow-off piping was repaired; new valves were placed where necessary. Considerable time was spent on this work. The boilers are now in first-class condition. The work of building a new feed pump room will commence shortly and when the same is completed the pumps will be set up. Much repair work will be saved by this change.

During the quarter the pumps in this station were pushed to their utmost. The work of installing surface condensers and air pumps contracted for with M. T. Davidson is progressing satisfactorily.

Agawam.

Only minor repairs were necessary during the quarter, such as packing pumps, repairing piping, etc.

Owing to the heavy rain and thaw during the middle of March, this station was shut down on the 16th inst.; advantage was taken of this and the boilers at the station were repaired.

Merrick.

The engines were repacked during the quarter and drip piping was renewed.

The Department boiler makers cut out a bad spot on boiler No. 2 and placed a hard patch over same. This station was shut down six (6) days during March owing to heavy thaws and rain. The wells at this station are in bad repair.

Matowa.

The large engines were repacked during the quarter and new lubricator connected. The air pump was repaired and plunger was refitted with new nuts. Plunger was repacked.

Feed pumps were overhauled and fitted with valves and springs.

The tubes were cut out of boiler No. 1 and new ones put in; the water legs were recaulked; a short piece was fitted on the uptake to connect the new stack.

The new smoke stack ordered last quarter for boiler No. 1 was delivered and put in position by the contractor.

Smoke stack on boiler No. 2 blew down and an order has been issued to the Burke Engineering and Contracting Company of Brooklyn to furnish and install a new one.

Wantagh.

Engines Nos. 1 and 2 were overhauled, journals were repacked, crosshead refitted, engines keyed up and packed, Worthington pump repacked, new valves and springs placed where necessary.

Five tubes were cut out of boiler No. 1 and replaced with new ones.

Both boilers were cleaned and washed and are in good condition.

Seaford.

Only minor repairs were necessary to the engines.

The old boiler in this station, as reported last quarter, is in bad condition. The boiler makers were kept here almost constantly repairing leaks, etc.

An order has been issued to remove one of the locomotive boilers from Ridgewood to this station; when same is delivered it will be set and connected up.

Massapequa.

The engines were overhauled, rods and valve stems packed, belts shortened, etc.

This station was kept in continuous operation until the middle of March.

The Worthington pump was overhauled and fitted with new valves and springs.

Several leaks appeared in boilers Nos. 1 and 2; the boiler makers made necessary repairs. They were cleaned and washed and put in good condition.

The well gang started the work of repairing wells and driving new ones at this station. This was badly needed and when the work is finished this station will show much better results.

Repairs to Pumping Stations, Buildings, Etc.

On February 14 the carpenters, painters, masons and tinsmiths who comprised the maintenance and repair gangs to the various pumping stations were placed under the direction of the Engineer in charge at the Ridgewood Engine House.

Very little need be mentioned as to the condition of the stations from Ridgewood to Massapequa; they are all in a disgraceful condition, and while the number of men available for this work is entirely inadequate to complete during the current year the repairs so urgently required, every effort will be made to have the work done at an early date next year.

Work done by Carpenters.

Ridgewood—Laid new yellow pine floor in the Davidson Engine Room.

Ridgewood Reservoir—Laid new yellow pine floor in kitchen of Keeper's house; repaired stoop; made and placed new door in gate house; made and placed new covering over chamber No. 3.

Mt. Prospect—Built new toilet in basement for firemen.

New Lots—Made eight (8) lockers.

Aqueduct—Sheeted the outside of station with novelty siding; placed new doors and windows.

Shetucket—This station was built during the quarter.

Oconee—The weir box at this station has been relined.

Springfield—The coalbin has been repaired.
Massapequa—Weir box repaired.

Work done by Painters.

Davidson Pump Room—The side walls, ceiling and pumping machinery cleaned and painted.

The window frames, sashes, trim and doors were painted and grained; floor varnished, window lights cut and put in.

Engineer's quarters painted and varnished.

Feed pump room and toilet painted.

South Side—The sash and window trim, doors, ironwork around machinery painted.

The work of cleaning and painting the pumping engines is now under way.

The west side temporary boiler house was painted.

The old blower room remodeled and oil room painted outside; toilet and wash room painted inside.

Spring Creek—The side walls, ceiling window and door trim cleaned and painted.

Morris Park—Painted outside.

Jameco—The side walls, ceiling, window and door trim; pipe covering cleaned and painted.

Aqueduct—Outside of station painted.

Springfield—Side walls, ceiling, door and window trim painted. Painters now at work on outside filter and engine house.

Forest Stream—Side walls, ceiling, door and window trim painted. Painters now at work on the dwelling house.

Superintendent's House at Rockville Centre—Painted and papered and painters still working there.

Mason Work.

Ridgewood, South Side—Made concrete floor in cellar, built wall around the wells; made concrete sump.

Morris Park—Built brick wall in engine room.

Built gate vault in Bushwick avenue for distributing system.

Built concrete floor and wall behind the new boilers in the Ridgewood Pumping Station.

Relined boilers at North Side Ridgewood, New Utrecht, Gravesend, Mount Prospect, Spring Creek, Oconee, Jameco, Clear Stream, Forest Stream, Watts Pond and Millburn Pumping Stations.

The tinsmiths have been kept busy making drip pans for Ridgewood and Line Stations; also on repairs to the roofs of the different stations.

The two (2) teams furnished on Department order have been kept busy hauling material for the well drivers, carpenters, painters and masons.

Mount Prospect—The work at this station during the quarter consisted of a genuine overhauling and keeping in good condition all the engines and boilers. The water ends of engines Nos. 3, 4 and 5 were examined; replaced old cups in piston of No. 5 with new ones and readjusted the leather cups in water pistons of Nos. 4 and 5. The valves were also examined.

The turbine pump has been stopped once a month for a few hours to adjust bearings, make new joints and pack the valve stems requiring packing. This engine will require a thorough overhauling very soon.

The boilers have been cleaned once each month and the tubes and back connections each week.

The engines and boilers at this station are in fairly good condition.

Gravesend—Engine No. 1 at this station, which was overhauled by the Worthington Company some time last year, has not been working satisfactorily, and the pump was practically useless. Some changes have been made, however, by the force at the station, which have improved the working of the pump so much that it can be operated at any time in case engine No. 2 requires any repairs or repacking. The boilers have been furnished with a new set of grate bars and the furnaces relined.

New Utrecht—Engine No. 2 has been thoroughly repaired and is now in good condition. One air pump and two vacuum pumps have been looked over and repaired. One of the Davidson feed pumps was also overhauled. The damper regulator has been refitted and is in good working order. New tube was installed in boiler No. 1.

New Work at Pumping Stations.

Ridgewood, North Side—The contract for the remodeling of this station has been awarded to Messrs. Fuller & O'Connor, and they are now engaged in arranging preliminaries prior to starting the work. Progress has been made in the erection of the new machine shop at this station. The Davis & Farnum Manufacturing Company, the contractors for the new pumping engines, have submitted drawings and are at present working in the shops on the heavy castings for the engines. The contract for the new boilers was awarded to the Heine Safety Boiler Company, who are to submit plans before proceeding with the work.

Plans and specifications have been prepared for the rearrangement of the force mains from the South Side station, necessitated by the building of the new station and the installation of the proposed new pumps at the North Side station.

Ridgewood, South Side—The contractors for the new boilers at this station, the R. J. F. Gerstle Company, have erected four (4) boilers, but have been very dilatory in completing the contract. This work should have been completed and the boilers under steam on March 10, but up to the present writing very little has been done on the installing of the steamfitting and breeching. The contractor for the new chimneys, H. R. Heinicke, has completed the east chimney and is ready to start on the west chimney as soon as we are able to let him proceed with this work, when the new boilers have been put in operation. The temporary pumping engine has been completed and will be placed in service when the steamfitting is completed by the contractors for the boilers.

Gravesend—The work on the new building has been entirely completed and the final estimate on same was rendered on March 2. The contract for the new boilers has been relet and work is being carried on on them by B. Franklin Hart, Jr., & Co. The construction of the boilers is under way and plans for the superheater and breeching have been submitted for approval. The new engine has been completed, but cannot be placed in service until the boilers are erected. No work has been done on the steamfitting for this station, owing to the fact that the boilers have not been delivered. The contract for the grading and digging of the well trench at this station is now being advertised.

New Lots—One of the new engines at this station was started about the middle of February. The work of erecting the second engine is under way. The contractor for the steamfitting has completed his work and a final estimate on same has been rendered.

Canarsie—Owing to the severe weather conditions, the contractor for the building at this station has not been able to do much work, but is now starting, and it is expected that work will be pushed with all possible dispatch. Very little work has been done on the contract for the grading at this station, owing to weather conditions, but the contractor expects to put a large force to work at once. The contractors for the engines, the Marine Engine and Machine Company, have most of the large castings and a great many of the smaller parts completed at the shop. The three boilers have been delivered on the ground and will be erected as soon as the foundations are ready. The contractor for the steamfitting has been unable to do any work on his contract and will not be able to do any until the building is well under way and the boilers and engines installed.

Wantagh—Contracts and specifications have been prepared for new engines and boilers for this station. Some preliminary work has also been done on the plans for the new building.

Spring Creek—Contracts and plans both for the proposed temporary building and for machinery installation for a temporary high lift pumping station at this point have been completed and the contracts are now ready to be advertised.

Jameco—Plans are now under way and contract and specifications have been prepared for the extension of the Jameco Pumping Station and the installing therein of two triple expansion high lift pumps to deliver directly into the 72-inch steel pipe line.

Temporary Plants—Plans, contracts and specifications have been prepared for three (3) temporary pumping plants, to be located somewhere between Spring Creek and Clear Stream.

Electric Lighting—Plans and specifications are being prepared for the installation of the necessary apparatus for lighting the Canarsie, New Lots and Gravesend new pumping stations.

Infiltration Galleries.

Massapequa—No work was done during the quarter on the construction of this gallery. Water was, however, pumped into the conduit, as follows:

From Station 39-25, gallons.....	6,919,991
From Station 10, gallons.....	307,821,965
From Station 26-40, gallons.....	153,199,820
From main station, gallons.....	938,657,000

Total gallons	1,406,598,776
Average per day, gallons.....	15,628,875

Wantagh—Work on this gallery has been completed, except some cleaning up and repairing manholes and well. The total amount of water pumped into the conduit during the quarter was 1,001,780,190, or an average daily amount of 11,130,891 gallons.

On October 6, 1906, an application was made to the Board of Aldermen, requesting the adoption of a resolution to authorize the Commissioner to spend \$50,000 without the formality of a public letting, for the purposes of paying for water to be pumped along the line of the infiltration galleries and also to provide for flumes and conduits. The said resolution was adopted by the Board of Aldermen on October 9, 1906, and approved by the Mayor on October 19, 1906.

Under the authority conferred in said resolution, Departmental orders were given to the contractor, Mr. M. J. Dady, to pump water into the conduit from several temporary plants furnished and installed by him. In order to obtain the water from the easterly plant installed by Mr. Dady, it is necessary to provide a 20-inch cast-iron line to extend from said plant to the conduit at Massapequa. This work is being performed by Contractor Dady under a Departmental order, authority for the issue of which is provided for in the above resolution.

The following is the amount of work done on this pipe line during the quarter: 910 feet of 16-inch pipe laid between Carman Stream and Unqua Stream, with lead joints.

3,691 feet of 20-inch pipe laid and caulked with lead, and 225 feet laid and caulked with yarn, at Massapequa, and between East Massapequa and Unqua Stream.

A 3-foot weir box and 30 feet of flume was also built to measure the water delivered by the contractor.

The contractor has installed a 4,000,000-gallon pumping plant at Carman Stream, now ready for operation.

Additional Steel Pipe Conduit.

The contractors for this work, while unable to make as good progress in pipe laying as previously, owing to weather conditions, made use of every favorable day to push the work, and, all things considered, made very fair progress with the same.

Surveys for Extension of Steel Pipe Conduit.

The property locations in the field have been completed as far as the easterly boundary of Rockville Centre. Calculations of the lands to be condemned, together with a working sheet of same, have been completed as far as the westerly boundary of Lynbrook. This working sheet also shows the fixture of the steel pipe line, together with the stationing as far as Lynbrook. All areas have been computed to the easterly line of Valley Stream, and maps for the condemnation of lands have been completed to a point about 2,500 feet easterly from the east boundary of Valley Stream. In making the final determination of the roads and streets in the district already covered it was necessary to look up the deeds and descriptions by which these roads were laid out, filed in the offices of the Town Clerks at Jamaica and Hempstead. Two plans were prepared, showing generally the lands to be acquired for the extension of these mains from Clear Stream to Matowa.

The forms of contract and specifications for the above extension are in course of preparation.

Surveys.

In addition to the surveys for the extension of the steel pipe line, the following surveys were made during the quarter:

Surveys and levels for proposed concrete bridge and wing walls on Park avenue, Wantagh, between upper and lower ponds.

Survey and levels for Bridge No. 2, on Park avenue, Wantagh.

Survey and levels for proposed concrete bridge, bulkhead and weir on the Merrick road, between Bellmore and Wantagh.

Survey of land to be acquired at the southeast corner of the Hempstead Storage Reservoir.

Survey for the construction of concrete bridges over Wantagh Stream at the Merrick road and at Seaman's road, respectively, to replace the present structures. Contract and plans for this work are now in the course of preparation.

Ponds, Conduits and Reservoirs.

The usual work of patrolling and cleaning the ponds and streams, and protecting the surface supply from pollution has been carried on during the quarter.

The following schedule shows the work done on cleaning closets and cesspools, to prevent pollution of the supply:

Near Foster's Meadow Stream.....	455
Near Springfield Stream.....	641
Near Valley Stream and Pines Brook.....	298
Near Millburn Stream and Schodack Brook.....	197
Near Wantagh and East Meadow Streams.....	308
Near Hempstead	2,659
Along conduit line	873

The total cost of this work during the quarter was \$1,193.01.

Laboratory.

During the quarter there have been 1,605 samples of water from the Brooklyn supply analyzed. The number of examinations were as follows:

Physical examinations	1,294
Chemical examinations (complete).....	111
Chemical examinations (partial).....	433
Microscopical examinations	287
Bacteriological examinations	1,523
Bacteriological examinations (coli tests).....	1,247

The following miscellaneous analyses were also made:

Cement	20
Oil	16
Sand	14
Coal	13
Metals and alloys.....	13
Special tests and experiments.....	57

The average condition of the water supply during the quarter was as follows:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
Ridgewood Reservoir—							
Average influx.....	4	10	.027	.032	9.2	109	213
Basin 1, efflux.....	4	9	.025	.026	..	88	140
Basin 2, efflux.....	4	9	.023	.026	..	80	144
Basin 3, efflux.....	4	9	.025	.021	..	113	137
Mount Prospect Reservoir...	4	8	.041	.007	9.9	808	86
Average taps	3	9	.025	.010	..	283	141

Contracts.

The following contracts were prepared and forwarded during the quarter:
January 11—For furnishing and driving or sinking deep and shallow wells.
January 18—For hauling and laying a 48-inch main and appurtenances in Fort Greene Park.

January 22—For constructing and establishing two pumping plants and well systems complete within Borough limits.

January 31—For furnishing and delivering centrifugal pumps.

February 14—For furnishing, delivering and installing hand traveling cranes at the high pressure fire service stations.

March 2—For cleaning water mains and cutting in stopcock, connections and blow-offs on water mains.

March 14—For furnishing, delivering and laying water mains and appurtenances in Eighth, Eleventh, Coney Island and Prospect avenues, etc.

March 21—For unloading, hauling, storing and trimming 10,400 tons of coal required for various stations.

March 22—For furnishing and delivering cast-iron pipe and special castings.

The following are the contracts for which bids were received, together with the names of the lowest bidders and the total amount of their bids, on the basis of the Engineer's estimate of the work to be done:

February 1—For furnishing and delivering 20,000 gross tons semi-bituminous coal:
George D. Harris & Co..... \$55,800 00

February 6—For furnishing, delivering and laying water mains and removing existing water mains in Flushing, Franklin, Harrison, Marcy and Metropolitan avenues, etc.:
Interurban Construction Company..... \$225,702 00

March 13—For furnishing, constructing and remodeling the Ridgewood Pumping Station, North Side:
Fuller & O'Connor..... \$304,325 00

March 13—For furnishing and delivering cast-iron special castings:
John Fox & Co..... \$3,725 00

I feel it my duty to call your attention once more to the urgent need of additional men to properly supervise and carry out the large amount of work the Bureau has on hand, to keep the records of the same and to prepare contracts and plans for new work. It is utterly impossible to adequately do the work with the present force.

Yours respectfully,

J. W. McKAY, Acting Chief Engineer.

III.

Department of Water Supply, Gas and Electricity,

Bureau of Water Register, Nos. 13 to 21 Park Row,

New York, August 6, 1907.

Hon. JOHN H. O'BRIEN, Commissioner of Water Supply, Gas and Electricity:

Sir—I herewith transmit statement of receipts for water rents, penalties, taps, permits, etc., in the Borough of Manhattan, for the quarter ending March 31, 1907:

Regular Rates.

	Penalties.	Principal.	Total.

ELECTRICAL BUREAU.

BOROUGH OF MANHATTAN AND THE BRONX.
Department of Water Supply, Gas and Electricity,
No. 21 Park Row, New York,
August 13, 1907.

Hon. JOHN H. O'BRIEN, Commissioner:

Sir—I submit herewith a report of work done by the Electrical Bureau of this Department for the quarter ending March 31, 1907:

Applications received for inspection of interior wiring..... 8,612
Applications closed 9,362

Balance open 3,424

Certificates issued for interior wiring..... 8,587
Temporary certificates issued for interior wiring..... 284

Total certificates issued for interior wiring..... 8,871

Permits issued for signal wires..... 1,251
Permits issued for electric lighting..... 1,280
Permits issued for pole lines..... 108
Permits issued for resetting poles..... 21
Permits issued for City lamp-posts..... 12
Permits issued for underground conductors..... 1,098
Permits issued for subsidiary connections..... 736
Permits issued for subways..... 29

Total permits issued for outside electrical work..... 4,535

Complaint notices issued..... 1,568
Complaint notices attended to..... 1,401

Balance open..... 1,560

Number of incandescent lamps covered by certificates..... 247,742
Number of arc lamps covered by certificates..... 2,951
Number of motors covered by certificates..... 3,632
Horse power capacity of motors covered by certificates..... 10,040
Number of generators covered by certificates..... 57
Kilowatt capacity of generators covered by certificates..... 9,157½
Total number of inspections made by twenty-three men..... 29,480

The Inspectors have removed 88,700 feet, or 16.81 miles of overhead wires without any additional expense to the City.
Converters, 9-1118½ kilowatts.

Respectfully submitted,
FRANK E. BROWN, Electrical Engineer.

V.

New York, April 1, 1907.

Hon. JOHN H. O'BRIEN, Commissioner, Department of Water Supply, Gas and Electricity, Nos. 13 to 21 Park Row, New York City:

N. TAYLOR PHILLIPS, Deputy Comptroller.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of The City of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, January 8, 1908, at 10 A. M.

Present—President William F. Baker and Commissioners R. Ross Appleton and Frank L. Polk.

The President, Mr. William F. Baker, presided.

A public hearing was had on the proposed amendment of the classification by including in the exempt class, under the heading "Bureau of Public Works in Each Borough," the following positions for the Borough of Queens:

"Deputy Superintendent of Highways."

"Deputy Superintendent of Street Cleaning."

Hon. Joseph Bermei, President of the Borough of Queens, addressed the Commission in behalf of the amendment. Mr. Albert De Roode, Assistant Secretary of the Civil Service Reform Association, opposed the exemption of the positions.

A public hearing was had on the proposed amendment of the classification by including in the Exempt Class, under the heading "Bureau of Buildings in Each Borough," the following additional position for the Borough of Queens:

"Chief Inspector of Buildings."

Hon. Joseph Bermei, President of the Borough of Queens, addressed the Commission in behalf of the amendment. Mr. Albert De Roode, Assistant Secretary of the Civil Service Reform Association, opposed the exemption of the position.

A public hearing was had on the proposed amendment of the classification by including in the non-competitive class for the Department of Water Supply, Gas and Electricity, the following title:

"Pilot."

Mr. Frank Higgins, Inspector of Meters and Water Consumption, representing the Commissioner of Water Supply, Gas and Electricity, addressed the Commission in behalf of the amendment. Mr. L. B. Dow, representing the American Association of Machinists, Masters and Pilots, also addressed the Commission. There was no opposition and the hearing closed.

The President stated that Patrick Kellet, of No. 817 Tenth avenue, had been notified to appear before the Commission and show cause why his name should not be removed from the eligible list of Patrolman, under the provisions of Rule VII., paragraph 14, in view of the communication from the Police Commissioner to the effect that although the candidate had stated under oath in his application that he had never been complained of, indicted or convicted of any violation of law, he had admitted, when certified to the Police Department, that he had been arrested more than once for intoxication, and that he once had been convicted on that charge and sent to the Workhouse. The candidate failed to appear.

The Commission then went into regular session and the minutes of the meeting held December 30, 1907, were approved.

On motion, it was

Resolved, That the application of the President of the Borough of Queens for an amendment of the classification by including in the exempt class for his Department a Deputy Superintendent of Highways, a Deputy Superintendent of Street

Cleaning and an additional Chief Inspector of Buildings be continued on the calendar for the meeting of January 15.

On motion, it was

Resolved, That the classification be and the same hereby is amended by including in the non-competitive class, under the heading "Positions in the Offices of the Borough Presidents and Department of Water Supply," the following:

"Pilot, Department of Water Supply, Gas and Electricity."

On motion, it was

Resolved, That the name of Patrick Kellet be and the same hereby is removed from the eligible list of Patrolman, pursuant to the provisions of Civil Service Rule VII., paragraph 14.

On the recommendation of the Committee on Transfers the following transfers were approved:

695. James P. Sullivan, from the position of Axeman, at \$8.40 per annum, in the Board of Water Supply, to that of Axeman, at \$7.80 per annum, in the Department of Parks, Borough of The Bronx.

721. John W. Davren, from the position of Private Secretary, at a salary of \$1,800 per annum, in the office of the President of the Borough of Queens, to that of Clerk at the same salary.

722. Joseph F. Hawkes, Jr., from the position of Axeman, at a salary of \$7.20 per annum, in the Public Service Commission, First District, to that of Axeman, at a salary of \$9.00 per annum, in the office of the President of the Borough of Brooklyn.

740. William J. Coyle, Court Attendant, from the Municipal Court, Seventh District, Borough of Brooklyn, to the Municipal Court, First District, Borough of Brooklyn.

741. Matthew J. Dowd, Court Attendant, from the Municipal Court, First District, Borough of Brooklyn, to the Municipal Court, Seventh District, Borough of Brooklyn.

742. James F. Campbell, from the position of Stenographer and Typewriter, at a salary of \$1,200 per annum, in the Law Department, to that of Court Stenographer, at a salary of \$2,000 per annum, in the Municipal Court, Sixth District, Borough of Manhattan, his name appearing among the first three on the eligible list for the latter position.

743. Richard D. Lyons, Marine Engineer, from the Department of Correction to the Department of Public Charities.

744. Darius Gallagher, Marine Engineer, from the Department of Correction to the Department of Public Charities.

746. A. L. Bridgman, from the position of Assistant Engineer, at a salary of \$1,350 per annum, in the Board of Water Supply, to that of Topographical Draughtsman, at the same salary, in the office of the President of the Borough of Brooklyn (Bureau of Sewers).

748. William L. A. Arctander, Topographical Draughtsman, from the office of the President of the Borough of Richmond to the office of the President of the Borough of The Bronx.

749. Joseph P. McKeever, Inspector of Carpentry and Masonry, from the Bureau of Buildings, Borough of Brooklyn, to the Bureau of Buildings, Borough of Queens.

750. John F. Mylod, Rodman, from the office of the President of the Borough of Richmond to the office of the President of the Borough of The Bronx.

755. Otto Metz, Keeper, at a salary of \$1,200 per annum, in the Department of Correction, to Court Attendant, at a salary of \$1,200 per annum, in the Municipal Court, First District, Borough of Manhattan.

756. John Nolan, Court Attendant (\$1,200 per annum), in the Municipal Court, First District, Borough of Manhattan, to Court Attendant (\$1,500 per annum), in the City Court of The City of New York.

757. George H. Gordon, from the position of Court Stenographer, at a salary of \$2,000 per annum, in the Municipal Court, Fifth District, Borough of Manhattan, to that of Court Stenographer, at a salary of \$3,000 per annum, in the City Court of The City of New York.

759. Andrew F. McNamara, Clerk, second grade (\$1,050 per annum), from the Tenement House Department to the Bureau of Buildings, Borough of Brooklyn.

761. George J. Woehrlin, Topographical Draughtsman, from the office of the President of the Borough of Richmond to the office of the President of the Borough of Brooklyn (Division of Sub-Structures).

On the recommendation of the Committee on Reinstatements the following reinstatements were approved:

747. Miss Loretta M. Willis, in the position of Typewriting Copyist, second grade (\$750 per annum), in the Law Department, she having resigned from a similar position on April 26, 1907.

754. Frederick L. Morehead, in the position of Keeper in the Department of Correction, he having resigned from a similar position on December 4, 1907.

The President presented the following report on transfers, reinstatements, etc., in the labor class, acted upon by him.

Transfers Approved.

Department of Bridges—

John Ruane, from Laborer to Bridge Tender.

John Madden, from Laborer to Bridge Tender.

John O'Neil, from Laborer to Bridge Tender.

Hubert Wittges, from Blacksmith's Helper to Bridge Tender.

James Egan, from Climber and Pruner, Department of Parks, Boroughs of Brooklyn and Queens, to Lineman, Fire Department.

James Kelly, from Hostler to Driver, Department of Street Cleaning.

James I. Willis, from Sewer Cleaner to Laborer, office of the President of the Borough of Queens.

August J. Kremp, from Rammer to Laborer, office of the President of the Borough of Queens.

Charles Baldwin, from Hostler to Driver, office of the President of the Borough of Richmond.

Reinstatements Approved.

Thomas J. Fanning, Driver, Department of Street Cleaning.

August Heller, Driver, Department of Street Cleaning.

Prokop Uhlin, Sweeper, Department of Street Cleaning.

Frederick Schmidt, Laborer, office of the President of the Borough of Manhattan.

Edward Woychinske, Laborer, office of the President of the Borough of Queens.

Reassignments Approved.

John J. Mullen, Dock Laborer, Department of Docks and Ferries.

Peter Gorman, Sweeper, Department of Street Cleaning.

Michael Reilly, Sweeper, Department of Street Cleaning.

Thomas F. Hanlon, Laborer, Department of Water Supply, Gas and Electricity.

Patrick Shea, Sewer Cleaner, office of the President of the Borough of Manhattan.

Patrick McCann, Laborer, office of the President of the Borough of Manhattan.

Emergency Appointments Approved.

Joseph Tallon, Scowman, five days, from December 29, 1907.

Charles Scully, Scowman; five days, from December 29, 1907.

Michael De Simone, Scowman; five days, from December 30, 1907.

Applications Denied.

Request of the President of the Borough of The Bronx, dated December 28, 1907, for authority to transfer Mary Smith, Cleaner, from the office of the President of the Borough of Brooklyn, to his office, there being a preferred list for that position.

Request of the President of the Borough of Richmond, dated December 16, 1907, for authority to transfer Harry A. Sigel, Cleaner, from the Board of Education to his office, the title of Cleaner not being classified for the office of the President of the Borough of Richmond, and there being a preferred list of Laborers.

The report of the President was adopted.

The appeals of the following named persons for a rerating of their examination papers were denied on the recommendation of the Chief Examiner, no errors of marking or rating having been indicated:

Martin J. Sgier, M. D., Medical Inspector, Medical Clerk, No. 1036 Myrtle avenue, Brooklyn.

Louis J. Schoefer, Gas Inspector, No. 819 East One Hundred and Sixty-third street.

Annie Sisk, Laboratory Assistant, No. 58 Richmond turnpike, New Brighton, Staten Island.

Catherine Britton, Laboratory Assistant, No. 2 Sherman street, New Brighton, Staten Island.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to summon the following named persons for a non-competitive examination to qualify them for appointment to the position of Monitor, pursuant to the provisions of Civil Service Rule XVIII.:

Elmer Higbee, No. 2166 Eighth avenue.

Hendrika Broes-van-Heekeren, No. 16 Cambridge place, Brooklyn.

Lydia Heal, No. 101 Castleton avenue, West New Brighton, S. I.

William D. Keep, No. 431 Pacific street, Brooklyn.

Annie B. Keep, No. 162 Remsen street, Brooklyn.

William N. Berg, No. 73 West One Hundred and Eighteenth street.

Edythe L. Kirk, No. 453 West One Hundred and Fifty-second street.

Frank T. Maloney, No. 70 Jane street.

A communication was presented from the Chief Examiner, dated January 2, submitting the following statement of examinations held during the month of December, 1907:

The communication was ordered filed.

On motion, it was

Resolved, That the eligible list for promotion to Assistant Foreman, Fire Department, resulting from the examination held September 23 to 27, 1907, inclusive, be and the same hereby is established as of December 30, 1907, the date on which the rating of the papers was completed.

On motion, it was

Resolved, That the eligible list of Gymnasium Attendant, resulting from the examination held on November 21, 1907, be and the same hereby is established as of January 6, 1908, the date on which the rating of the papers was completed.

A communication was presented from the Mayor, dated January 8, requesting an amendment of the classification by striking from the exempt class, under the heading "Mayor's Office," the following title: "Executive Secretary."

The Secretary was directed to advertise a public hearing on the proposed amendment, in accordance with Rule III., for Wednesday, January 15, at 10 o'clock a. m.

A communication was presented from the Secretary of the State Civil Service Commission, dated January 3, forwarding a list of the employees of the Department of the Sheriff of Kings County, under date of December 31, 1907. The Secretary was directed to communicate with the Commissioner of Correction and state that the Commission would await his request for an examination for the said employees to qualify them for transfer to his Department, in accordance with chapter 637 of the Laws of 1907.

On motion, it was

Resolved, That Mr. C. W. Redwood, of No. 306 Hancock street, Brooklyn, be and he hereby is excepted from examination under the provisions of Rule XII., paragraph 6, to be employed in the laboratory of the Department of Natural History of the College of The City of New York, from time to time, to set up and to repair scientific instruments used in that laboratory, and to assist at lectures when the said instruments are used for demonstration purposes; provided, however, that his compensation for such services during the current year shall not exceed the sum of \$750.

On motion, it was

Resolved, That Mr. F. A. Ross, of No. 118 West Ninetieth street, be and he hereby is excepted from examination under the provisions of Rule XII., paragraph 6, to be

employed by the Department of Public Charities during the current year to install a system of fire protection in the hospitals under the jurisdiction of that Department; provided, however, that his compensation for the services rendered shall not exceed the sum of \$750.

The reassignment to duty of Mrs. Mary Kennedy, an Attendant in the office of the President of the Borough of Manhattan, was approved, it appearing from the doctor's certificate furnished that her absence from October 12, 1907, was due to illness.

A letter was presented from the Commissioner of Licenses, dated January 7, requesting permission to employ Lizzie Solinger as a Cleaner in his office, with compensation at the rate of \$1.50 a month. The request was granted, and the Secretary was directed to certify the vouchers, when presented, under the provisions of Rule XII., paragraph 6.

A communication was presented from the President of the Borough of Queens, dated December 23, stating that Joseph Wacker had been reinstated as a Foreman of Laborers in the Bureau of Highways of his Department, in pursuance of an order of Mr. Justice Aspinall of the Supreme Court, dated October 28, 1907, as of the date of June 15, 1907, with pay at the rate of \$3 a day from that date to the date of his reinstatement, and transmitting a payroll in the amount of \$398 for certification. The Secretary was directed to certify the payroll and to note the reinstatement on the records of the office.

A letter was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, dated December 13, transmitting a supplementary payroll for salary of Alfred Dretland as Deckhand, for seven days at \$2.50 a day; Max Nabler as Deckhand, for seven days at \$2.50 a day, and Harold Terrell as Marine Stoker, for seven days at \$3 a day; and requesting certification of the payroll on the ground that the Department had not been able to make permanent appointments to the said positions from the Commission's eligible lists until after that time. The Secretary was directed to certify the payroll.

A communication was presented from Deputy Comptroller John H. McCooley, dated January 4, with reference to the cases of James A. Wallace, William H. Murphy, George A. Riger, Joseph Erlenwein and Daniel H. Shay, employees of the Stock and Bond Division of the Finance Department, whose salaries had been increased by the Comptroller to take effect December 1, but whose increases were not allowed by the Commission at that time for the reason that they had been in the City service less than one year. It appeared from the letter of the Deputy Comptroller that Messrs. Wallace, Murphy and Riger had completed their year's service on December 3, 11 and 13, respectively, and it was therefore requested that their increases in salary be allowed by the Commission for the reason that the said dates were prior to the adoption of the resolution of the Board of Estimate and Apportionment on December 13, 1907, directing the heads of City Departments to refrain from making any increases in salary in the positions and grades covered by certain schedules, pending the final adoption of the same by the Board of Aldermen, in accordance with section 56 of the Charter. It was also requested by the Deputy Comptroller that the notice sent regarding the promotion of Messrs. Erlenwein and Shay be considered as void for the reason that they had not completed their year's service until after the adoption of the aforesaid resolution. On motion, the requests were granted.

A letter was presented from the Comptroller, dated December 31, requesting permission to extend the appointment of the following named temporary Clerks for a period of sixty days from December 31, 1907, in view of the fact that they were employed in the Stock and Bond Division and it would greatly hamper the work of the Department to lay them off and appoint new and inexperienced Clerks in their places:

Thomas M. Sullivan;

James A. Malloy;

Harry Leisersohn.

The request was granted.

A letter was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, dated January 3, requesting authority to extend the appointment of Miss Sadie A. Bryan, temporary Clerk, for an additional two months, commencing January 4. The Secretary was directed to certify the payroll of the said employee until January 31 only.

The additional leave of absence, without pay, for one month from January 1, 1908, granted James F. Murphy, Topographical Draughtsman in the Board of Water Supply, was approved subject to the furnishing of a doctor's certificate.

A letter was presented from the Fire Commissioner, dated December 31, requesting authority to employ Mr. Axel S. Hedman, architect, of No. 302 Broadway, to prepare plans, drawings and specifications for, and to supervise the construction of, a building for an engine and hook and ladder company, on Flushing avenue, east of Wynan street, Long Island City, Borough of Queens, at a compensation of \$2,500 (5 per cent. of the estimated cost of the work). The matter was laid over pending the receipt of additional information from the Fire Commissioner.

A letter was presented from Hon. Edgar J. Lauer, Justice of the Municipal Court of The City of New York, Borough of Manhattan, Fourteenth District, dated January 2, transmitting for consideration by the Commission the following opinion of G. L. Sterling, Esq., Acting Corporation Counsel, under date of December 30, 1907:

"Hon. Edgar J. Lauer, Justice, Municipal Court, City of New York, Borough of Manhattan, Fourteenth District:

"Sir—I am in receipt of your communication dated December 20, 1907 reading as follows:

"I desire to secure your opinion in reference to the certification of the payroll applicable to the new Ninth District Municipal Court as it will exist after January 1, 1908.

"By virtue of chapter 603 of the Laws of 1907, there were elected from the new Ninth District, as therein constituted, three additional Justices, so that after January 1, 1908, there will be four elected Justices of the new Ninth District. Each of the new Justices has the appointment of two Assistant Clerks, by virtue of section 6 of this act, which amends section 1373 of the Greater New York Charter. By virtue of the same section, the Board of Justices has assigned some of the new Assistant Clerks to duty in districts other than the Ninth District. The questions on which I desire to be advised are these:

"1. Whether the payroll requires certification of all the four Justices of this district or whether or not any one Justice may make the required certification.

"2. Whether or not the names of the Assistant Clerks assigned to districts other than the Ninth District, although appointed by Justices elected from this district, must be placed on the payrolls of this district. If so, it is, as you will appreciate, a rather difficult matter for the Justice or Clerk to make the necessary certification in regard to such Clerks as follows: That the services set forth in said payroll were necessary for the proper conducting of the lawful business of said Court, and have been faithfully performed for and on behalf of The City of New York."

"Replying to your first question, I beg to call your attention to Rule XXI. of the Municipal Civil Service Commission, reading, in part, as follows:

"Certification of Payrolls."

"1. It shall be the duty of the appointing officer in any Department, office or institution, the employees of which are paid direct from the Treasury of the City, to submit to the Commission all payrolls for certification, as required by section 19 of the Civil Service Law, and to certify to the Commission that the persons named therein were appointed or promoted to or employed in the positions indicated, in compliance with the provisions of the Civil Service Law and of these rules, and that they are regularly employed in the performance of the appropriate duties of such indicated positions, and have at no time during the period covered by such payroll been assigned to the performance of duties appertaining to any other title. * * *

"It seems to me that the certification of the payroll by one of the Justices of the new Ninth District would be sufficient to comply with the Civil Service Commission rule.

"And replying to your second question, I am of the opinion that the Assistant Clerks assigned to districts other than the Ninth District, although appointed by the Justices elected from that district, should be placed upon the payroll of the district to which they have been assigned.

"The views I have expressed I think would comply with the law and rules of the Municipal Civil Service Commission, but I would respectfully suggest that it might be advisable for you to present the question to the Municipal Civil Service Commission for its approval, and also to the Comptroller of The City of New York, who, pursuant

to the provisions of the Greater New York Charter, has established certain regulations for the certification of payrolls in his office to the end that all requirements of the Civil Service Commission and the Comptroller's office may be complied with.

"Respectfully yours,

"G. L. STERLING,
"Acting Corporation Counsel."

After consideration of the matter the Secretary was directed to communicate with Justice Lauer and state that the Commission concurred in the opinion of the Acting Corporation Counsel.

A communication was presented from Hon. George Fielder, Justice, Municipal Court, Borough of Brooklyn, Sixth District, requesting approval of the emergency appointment of Charles W. Balch, of No. 53 Cranberry street, Brooklyn, as Stenographer in his Court, for a period of fifteen days, beginning January 1, 1908; and requesting also that, in the absence of an eligible list of Court Stenographer, fourth grade, Mr. Balch be given a non-competitive examination to qualify him for a provisional appointment, pursuant to the provisions of Rule XII., paragraph 3. The emergency appointment was approved, but the matter of qualifying Mr. Balch for a provisional appointment was laid over, and the Secretary was directed to request that a permanent appointment be made from one of the appropriate lists of Stenographer.

On motion, it was

Resolved, That Mr. Aaron Hirtenstein be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., paragraph 6, to be employed from time to time during the current year as an Interpreter in the office of the Commissioner of Licenses; provided, however, that his total compensation shall not exceed the sum of \$750.

On motion, it was

Resolved, That Miss Edith Mead, of No. 565a Monroe street, Brooklyn, be and she hereby is excepted from examination pursuant to the provisions of Rule XII., paragraph 6, to be employed during the current year as an Attendant at the Children's School Farm, DeWitt Clinton Park, Borough of Manhattan; provided, however, that her total compensation for such services shall not exceed \$750.

A communication was presented from the Police Commissioner, dated January 4, stating that, pursuant to a peremptory writ of mandamus issued out of the Supreme Court, Kings County, on the 21st day of December, 1907, and an opinion of the Corporation Counsel, dated January 2, 1908, John S. Clancy, who was retired from the Police Force on the 14th day of February, 1905, had been reinstated in his position as Patrolman, and transmitting supplementary payrolls for the salary of the said officer from the date of his retirement to the date of his reinstatement, with interest. The payrolls were approved, and the Secretary was directed to note the reinstatement on the records of the office.

The Secretary reported to the Commission that a communication had been received from the President of the Borough of The Bronx stating that in view of the conclusions of the Commission regarding the impersonation of Frederick W. Pearce in the examination for Inspector of Regulating, Grading and Paving, and the consequent irregularity of his appointment to that position, he had been dismissed from the Department. The Secretary also reported that a communication had been received from Mr. William J. Kinsley, expert on handwriting, dated January 4, stating that after a careful comparison of the two sets of examination papers referred to him, i. e., those of Frederick W. Pearce for Inspector of Regulating, Grading and Paving (application No. 23325) and those of Edward H. Pearce for Inspector of Sewer Construction (application No. 31854), he had reached the positive conclusion that both sets of papers were written by one and the same hand. The papers were ordered filed.

The Secretary reported to the Commission that a communication had been received from Mr. Albert S. Osborn, specialist in questioned documents, of No. 653 Averill avenue, Rochester, N. Y., dated December 31, 1907, stating that after careful examination of the examination papers of Edward H. Pearce and those purporting to be written by Lee Curtis, he was of the positive opinion that both examinations were taken by the same man.

On motion, the Secretary was directed to communicate with the Commissioner of Water Supply, Gas and Electricity and inform him that the Commission's conclusions regarding the impersonation of Lee Curtis by Edward H. Pearce in the examination for Axeman held on August 17, 1904, had been substantiated by the opinion of the handwriting expert, and to request that he take immediate steps to dismiss Pearce from his Department.

On motion, the bill of Mr. Albert S. Osborn, amounting to \$25, for expert services in connection with the examination of the handwriting in the Pearce and Curtis Civil Service papers, was approved under the provisions of Rule XII., clause 6.

The following emergency appointments were approved in accordance with Rule XII., paragraph 4:

Process Server, Postmaster, Bayport, L. I., Bureau of Buildings, Brooklyn.
Process Server, Postmaster, Waterbury, Conn., Bureau of Buildings, Brooklyn.
H. S. Morrison, Stenographer, Board of Estimate and Apportionment.
S. Ascher, Stenographer, Brooklyn Disciplinary Training School.
M. N. Burnet, Typewriter, office of the Commissioners of Accounts.
The Interborough Stenographic Company, Typewriters, City Magistrates' Court, First Division.

F. N. Duyckinck, Typewriter, City Magistrates' Court, First Division.
Emil Richardt, Brass Band Instructor, Brooklyn, Disciplinary Training School.
Roy Sly, Nurse, Bellevue and Allied Hospitals.
Francis D. Raucher, Nurse, Bellevue and Allied Hospitals.

Process Server, Postmaster, Woodhaven, L. I., Bureau of Buildings, Borough of Brooklyn.

Process Server, Postmaster, Jamaica, L. I., Bureau of Buildings, Borough of Brooklyn.

Miss Lucy Costello, Nurse, Bellevue and Allied Hospitals.

George W. Cole, employed to disconnect windmills, office of the President of the Borough of Richmond.

James J. Lantry, Plumber, office of the President of the Borough of Richmond.

J. R. Hodgson, Veterinarian, Bureau of Public Works, Borough of Brooklyn.

The following reports of Departmental Examining Boards for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Office of the President of the Borough of Brooklyn, December 18.

Department of Correction, December 27, 31.

Department of Street Cleaning, December 19, January 3.

Department of Public Charities, December 30.

Brooklyn Disciplinary Training School, December 27.

New York Nautical School (Board of Education), January 1.

On motion, it was

Resolved, That Dr. W. H. Wright be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., paragraph 6, to be employed from time to time during the current year as Veterinarian in the office of the President of the Borough of Queens; provided, however, that his total compensation for the services rendered shall not exceed the sum of \$750.

The following vouchers in payment of salary to persons not regularly employed by The City of New York, for special services rendered to the City during the periods indicated, were certified under the provisions of Rule XII., paragraph 6:

December 31, 1907—Mackenzie, Quarrier & Ferguson, Engineers, Department of Parks, Boroughs of Brooklyn and Queens.....	\$152 90
Year 1907—George W. Cole, Oiler of Windmills, office of the President of the Borough of Richmond.....	40 00
May 25 to September 28, 1907—Collins P. Bliss, testing paving brick, office of the President of the Borough of Richmond.....	95 79
October 15 and 24, 1907—Collins P. Bliss, testing paving brick, office of the President of the Borough of Richmond.....	49 42

A letter was presented from Hon. George F. Roesch, Justice, Municipal Court, Borough of Manhattan, Fourth District, dated December 31, 1907, requesting authority to employ Mr. Edward J. Rosenthal, of No. 163 East Fourth street, as an In-

terpreter in Russian, German, Yiddish and Italian languages for the new Second Judicial District, for a period of two years, beginning January 1, 1908, and expiring January 1, 1910, to take the place of the Interpreter of that Court, who was transferred to the City Court. The request was denied for lack of power, but the Secretary was directed to communicate with Justice Roesch and inform him that a provisional appointment for a period of sixty days would be allowed, pursuant to the provisions of Rule XII., paragraph 3, during which time the matter of filling the position permanently could be considered.

On motion, it was

Resolved, That the emergency appointment of Mr. Edward J. Rosenthal, of No. 163 East Fourth street, as Interpreter (Russian, German, Yiddish and Italian) in the Municipal Court, Borough of Manhattan, Second District, for a period of fifteen days, be and the same hereby is approved, in accordance with the provisions of Rule XII., paragraph 4.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to summon Mr. Edward J. Rosenthal, of No. 163 East Fourth street, for a non-competitive examination to qualify him for provisional appointment as Interpreter (Russian, German, Yiddish and Italian) in the Municipal Court, Borough of Manhattan, Second District, pursuant to the provisions of Rule XII., paragraph 3.

A letter was presented from the Secretary of the Department of Health, dated January 2, requesting approval of the transfer of certain employees of that department from the position of Telephone Switchboard Operator to that of Clerk; also the transfer of several Bacteriologists to the position of Assistant Director of the Research Laboratory, without change of salary. The request for approval of the transfer of the Switchboard Operators to the position of Clerk was denied for lack of power. The Secretary was directed to communicate with the Health Department, however, and state that a request for a promotion examination would be entertained in the month of October; and, on motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with an examination for promotion from Bacteriologist to Assistant Director of the Research Laboratory in the Department of Health, pursuant to the provisions of Rule XV., clause 10.

A communication was presented from the Secretary of the Department of Taxes and Assessments, dated January 3, stating that, pursuant to an order of the Supreme Court in mandamus proceedings, Mr. George Hartman had been appointed a Deputy Tax Commissioner in the Borough of Brooklyn. The Secretary stated that Mr. Hartman was a veteran of the Civil War and stood No. 1 on the Brooklyn list for Deputy Tax Commissioner. The appointment was noted and the Secretary was directed to request the Department to furnish the Commission with a copy of the order of the Court.

A communication was presented from the Commissioner of Parks, Boroughs of Brooklyn and Queens, dated January 2, forwarding, for such action as the Commission might think proper, a communication from Anna T. Herbert relative to her standing on the eligible list of Attendant. It appeared that the candidate had declined appointment in the Department of Parks, Boroughs of Brooklyn and Queens, in June, 1907, giving as her reason for declining that she was already employed, and that in her communication to Commissioner Kennedy she had requested him to amend his report to the Commission and inform it that she had given a "legal excuse" for declining. The matter was laid over pending the receipt of further information from the candidate.

The application for Typewriting Copyist of Miss Frances Coffey, Union street, Haverstraw, New York, which bore the certificate of one non-resident of The City of New York, was accepted.

The requirement of citizenship was waived in the cases of Miss Sadie Rosenweig, No. 670 President street, Brooklyn, and Miss Nora T. Farrell, No. 425 West Forty-second street, and their applications for Typewriting Copyists were accepted.

A letter was presented from Miss L. Dorothy Roberts, of No. 121 Wyckoff avenue, Brooklyn, dated December 30, stating that she had mailed an application for Typewriting Copyist in time for the last collection on December 30, 1907 (the closing date for the receipt of such applications), and that she was at a loss to understand why the same was not delivered at the office of the Commission until 3.28 p. m. on December 31. The application was accepted.

A letter was presented from Miss Bella Gold, No. 538 Fiftieth street, Brooklyn, candidate for Typewriting Copyist, stating that she would receive her father's naturalization papers within the next few days and that she would forward them to the Commission immediately. The application was accepted, subject to the production of the said papers.

A letter was presented from Jacob P. Joseph, No. 806 Eighth avenue, New York City, dated January 2, protesting against the assignment of Section Foreman Pasqual Bresha to perform the duties of "Special Inspector" in the Department of Street Cleaning. The Secretary was directed to communicate with the Commissioner and request a report.

A letter was presented from Professor R. A. Pearson, of the Department of Dairy Industry, New York State College of Agriculture, at Cornell University, dated January 2, requesting that, in the event of an examination for Inspector of Foods (milk) being called, the same be held in Ithaca as well as in New York City. The Secretary was directed to reply to the communication and state that the Department would be duly notified of the next examination, and that if Professor Pearson would renew his request at that time the Commission would be very glad to give it careful consideration.

The requests of the following named persons for restoration to the eligible lists indicated were granted:

Thomas Hall, No. 214 Twenty-ninth street, Brooklyn, Fireman. (Was appointed in the Fire Department on June 18, 1907, and resigned on July 1, 1907, before completing his probationary period.)

Jacob J. Vogel, No. 262 West One Hundred and Twenty-second street, Janitor (steam heating), all Boroughs. (Was certified on September 18 and declined appointment in all Boroughs except Manhattan and The Bronx, for the reason that there was illness in his family at the time.)

Alfred Sommerfield, No. 148 West One Hundred and Seventeenth street, Clerk (first to fourth grade), for appointment at not less than \$1,350 per annum. (Failed to reply to notice sent him by the Department of Parks, Borough of The Bronx, on September 21, 1907, under a misapprehension of the rules.)

M. G. Murphy, No. 1698 Broadway, Brooklyn, Janitor (steam heating), at \$900 per annum. (Stated that when he declined appointment in the Borough of Manhattan he intended his declination to be "location" and not salary.)

Frederick A. Stanley, No. 461A Quincy street, Brooklyn, Telephone Operator. (Stated that he had been in Alaska and did not receive notice sent him by the Fire Department on October 10, 1907.)

Charles A. Ward, Jr., No. 569 Chauncey street, Brooklyn, Chainman and Rodman. (Stated that he was in Europe when certified to the President of the Borough of Brooklyn on April 3, 1907.)

William J. Klan, No. 64 Greenwich avenue, first grade Clerk (Office Boy). (Stated that he failed to receive notices of certification owing to change of address.)

Miss Mary McWilliams, No. 289 Pearl street, Brooklyn, Typewriting Copyist. (Statement of the Department of Health, that she failed to reply to notice sent her, incorrect.)

John J. Rush, No. 324 Franklin avenue, Brooklyn, Axeman. (Declined appointment in March, May and July on account of illness.)

The request of Eugene de Massiah, of No. 34 Pellington place, Brooklyn, that his name be restored to the eligible list of Interpreter, was denied for lack of power, he having been dismissed from that position in the Municipal Court, Borough of Brooklyn, Seventh District, on June 30, 1906.

The request of Albert J. Yost, of No. 230 Eighty-eighth street, Brooklyn, that his name be restored to the list of Inspector of Elevators, was denied for laches, it appearing from the records that his name was removed from that list at his own request on February 18, 1907.

The Commission then adjourned to meet Wednesday, January 15, 1908, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Special Meeting of the Municipal Civil Service Commission of New York, Held at the Offices of the Commission, No. 299 Broadway, on Thursday, January 9, 1908, at 2 p. m.

The Board met pursuant to a call of the Chair.

There were present President William F. Baker and Commissioners R. Ross Appleton and Frank L. Polk.

The President, Mr. William F. Baker, presided.

Mr. Baker tendered his resignation as President of the Commission, to take effect immediately. The resignation was accepted.

On motion of Commissioner Baker, duly seconded, Commissioner Polk was elected President of the Commission.

The President then took the chair.

On motion, it was

Resolved, That the transfer of Mabel L. Bethel from the position of Stenographer and Typewriter (fourth grade) in the office of the Municipal Civil Service Commission, to that of Clerk (fourth grade), with salary at the rate of \$2,100 per annum, be and the same hereby is approved, to take effect January 1, 1908.

On motion, it was

Resolved, That, subject to the action of the Board of Estimate and Apportionment in relation to its resolution of December 13, 1907, directing heads of Departments to refrain from making increases in salaries, etc., the salaries of the following named employees of the Municipal Civil Service Commission be and they hereby are fixed at the amounts indicated, to take effect January 1, 1908:

Joseph F. McDonald, Clerk, \$1,500 per annum.

William M. Tighe, Clerk, \$1,500 per annum.

John Mesler, Clerk, \$900 per annum.

Joseph J. Skelding, Clerk, \$1,500 per annum.

Harry Somerville, Clerk, \$750 per annum.

John Moran, Clerk, \$750 per annum.

James Sherry, Clerk, \$750 per annum.

James J. McMahon, Clerk, \$900 per annum.

Katherine M. Sullivan, Stenographer and Typewriter, \$1,050 per annum.

David Scott, Stenographer and Typewriter, \$1,050 per annum.

Joseph A. Ruddy, Clerk, \$1,350 per annum.

On motion, it was

Resolved, That, subject to the action of the Board of Estimate and Apportionment in relation to its resolution of December 13, 1907, directing heads of Departments to refrain from making increases in salaries, etc., and upon the establishing of the necessary grades, the salaries of the following named employees of the Commission be and they hereby are fixed at the amounts indicated:

George H. Eberle, Clerk, \$2,400 per annum.

Claude F. Curtis, Clerk, \$2,400 per annum.

August Knoepfle, Clerk, \$1,050 per annum.

Margaret V. O'Neill, Telephone Operator, \$1,050 per annum.

The Commission then adjourned to meet Wednesday, January 15, 1908, at 10 o'clock, a. m.

F. A. SPENCER, Secretary.

LAW DEPARTMENT.

Statement and Return of Moneys Received by Herman Stiefel, Assistant Corporation Counsel, Bureau for the Recovery of Penalties, for the Month of January, 1908, Rendered to the Comptroller, in Pursuance of the Provisions of Sections 259 and 1550 of Chapter 378 of the Laws of 1897 as Amended by Chapter 466, Laws of 1901.

HERMAN STIEFEL,
Assistant Corporation Counsel.

POLICE DEPARTMENT.

January 27, 1908.

The following proceedings were this day directed by the Police Commissioner:
The following bids were this day opened and read for furnishing and delivering seventy-five (75) horses for the mounted, patrol wagon and carriage service: Henry Dahlgren, St. George Hotel, Brooklyn, ten horses for patrol wagon service, \$325 per horse, \$3,250; five horses for carriage service, \$325 per horse, \$1,625; sixty horses for mounted service, \$325 per horse, \$19,500, making a total of \$24,375, and Fiss, Doerr & Carroll Horse Company, No. 153 East Twenty-fourth street, Manhattan, ten horses for patrol wagon service, \$310 per horse, \$3,100; five horses for carriage service, \$310 per horse, \$1,550; sixty horses for mounted service, \$310 per horse, \$18,600, making a total of \$23,250.

The following bids were this day opened and read for making, completing and delivering two power launches for the Police Department of The City of New York: Frederick A. Verdon Company, West New Brighton, Richmond, \$11,828; the Electric Launch Company, Bayonne, N. J., \$12,970, and John W. Sullivan, No. 827 East Ninth street, Manhattan, \$11,500.

Joseph H. Murtha, for the Winthrop Press, No. 419 Lafayette street, Manhattan.

Henry Niehoff, for Flower & Co., No. 49 Broadway, Manhattan.

The resignation of the following Special Patrolman is hereby accepted:

John Shields, employed by Lincoln Trust Company, Broadway and Seventy-second street, Manhattan.

THEO. A. BINGHAM, Police Commissioner.

POLICE DEPARTMENT.

January 28, 1908.

The following proceedings were this day directed by the Police Commissioner:

On reading and filing report of the Chief Clerk.

Ordered, That all bids received on line numbers 102 and 163, for furnishing and delivering plumbing supplies, etc., be and are hereby rejected, the Commissioner deeming it for the interest of the City so to do.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to the Merchant & Evans Company for the following line numbers at the prices indicated: 6, \$43.75; 24, \$156; 46, \$58.5; 47, \$8.46; 48, \$3.60; 63, \$17.25; 64, \$13.50; 65, \$8; 66, \$5; 67, \$2; 68, \$18.90; 69, \$15.72; 70, \$80; 71, \$80, making a total of \$458.03, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to the Marine Manufacturing and Supply Company for the following line numbers at the prices indicated: 100, \$102; 103, \$7.50; 104, \$6.50; 105, \$5.50; 106, \$3.75; 113, \$7; 151, \$70, making a total of \$202.25, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to John G. Grennell for the following line numbers at the prices indicated: 75, \$203; 87, \$3.50, making a total of \$206.50, he being the lowest bidder, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to Thomas C. Dunham, Inc., for the following line numbers at the prices indicated: 62, \$232.50; 72, \$153.86; 73, \$214.85; 76, \$329.50; 82, \$3.62; 80, \$30; 85, \$62.25; 86, \$8.70; 89, \$7.90; 90, \$2.72; 94, \$1.86; 95, \$3.75; 97, \$102; 155, \$6.32; 156, \$5.32; 157, \$7.98; 158, \$8.55; 159, \$8.55; 160, \$9.48; 161, \$9.48; 162, \$7.98; 164, \$9.48; 165, \$9.48; 166, \$9.48; 167, \$12.80; 168, \$9.48; 169, \$12.64; 170, \$13.04; 171, \$10.44; 172, \$9.60; 173, \$13.04; 174, \$38; 175, \$11.40; 176, \$10.44; 177, \$11.40; 178, \$7.74; 179, \$8.44, making a total of \$1,413.07, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to the Benoit Paint and Material Company for the following line numbers at the prices indicated: 77, \$3.25; 78, \$1.63; 79, \$2.50; 80, \$3.25; 81, \$5; 83, \$12; 91, 94 cents; 92, \$1; 93, \$6.25; 96, \$3, making a total of \$38.82, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to the Eureka Manufacturing Company for line number 88, for the sum and price of \$110.25, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to the Hemphill Engineering Company for the following line numbers at the prices indicated: 7, \$15; 8, \$12.60; 9, \$19.80; 10, \$18.40, making a total of \$65.80, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering plumbing, roofing, paints, glass, oils, hardware and boat supplies, in accordance with specifications therefor, be and is hereby awarded to Cavanagh Brothers & Co. for the following line numbers at the prices indicated: 74, \$195; 98, \$23.50; 99, \$30; 101, \$1.20; 107, \$10.50; 108, \$37.50; 109, \$62.50; 110, \$62.50; 111, \$15; 112, \$34; 127, \$5.50; 128, \$5; 129, \$4.50; 130, \$4.50; 131, \$4.50; 132, \$2; 133, \$1.20; 134, \$1.08; 135, \$1.80; 136, \$7; 137, \$7; 138, \$7; 139, \$7; 140, \$17.50; 141, \$17.50; 142, \$29; 143, \$17.50; 145, \$7; 146, \$18; 147, \$17.50; 148, 80 cents; 149, 80 cents; 150, \$1.25; 152, \$5.40; 153, \$4.50; 154, \$17.50, making a total of \$684.03, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That consent be and is hereby given to the substitution of the Title Guaranty and Surety Company in the place of Edward O. Binzen and John G. Reinhardt as surety in the proposal of George N. Reinhardt to furnish forage in the Boroughs of Manhattan and The Bronx.

Ordered, That consent be and is hereby given to the substitution of the Title Guaranty and Surety Company in the place of Joseph Johnson and Thomas Carlin as surety in the proposal of James F. McManus for furnishing forage, Borough of Richmond.

Having investigated the financial condition of Mary Burke and, as a result of such investigation and from the evidence now before me, being of the opinion that the said Mary Burke does not need for her support the pension heretofore granted her:

Now, under authority vested in me by Section 350 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Mary Burke on or about the 1st day of July, 1890, be and the same is hereby reduced to \$180 per annum.

Approved.

Application of Joseph D. Kelly, Deputy Clerk, for leave of absence from 9 a. m. to 1 p. m., January 30, 1908.

Denied.

THEO. A. BINGHAM, Police Commissioner.

POLICE DEPARTMENT.

January 31, 1908.

The following proceedings were this day directed by the Police Commissioner:

On reading and filing report of the Chief Clerk,

Ordered, That all bids received for furnishing and delivering lumber and building materials on line numbers 21, 22 and 28 be and are hereby rejected, the Commissioner deeming it for the interest of the City so to do.

Ordered, That the contract for furnishing and delivering lumber and building materials, in accordance with specifications therefor, be and is hereby awarded to Charles H. Heinsohn, Nos. 284 and 286 Avenue A, for the following line numbers at the prices indicated: 1, \$81.25; 2, \$93.75; 3, \$45; 4, \$131.25; 5, \$97.50; 6, \$150; 14, \$110; 15, \$58; 16, \$48; 17, \$40; 18, \$35; 19, \$25; 20, \$10; 23, \$3; 32, \$32.50, making a total of \$960.25; he being the lowest bidder, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering lumber and building materials, in accordance with specifications therefor, be and is hereby awarded to Arthur C. Jacobson & Sons, Nos. 81 to 87 Bridge street, Brooklyn, for the following line numbers at the prices indicated: 8, \$14.60; 9, \$34.50; 10, \$12; 12, \$48, making a total of \$109.10, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering lumber and building materials, in accordance with specifications therefor, be and is hereby awarded to the East River Mill and Lumber Company, No. 425 East Ninety-second street, for the following line numbers at the prices indicated: 11, \$220; 24, \$2, making a total of \$222, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering lumber and building materials, in accordance with specifications therefor, be and is hereby awarded to William H. Sidway, Fifty-seventh street and Eleventh avenue, for the following line numbers at the prices indicated: 7, \$19; 25, \$12.50; 30, \$4, making a total of \$35.50, he being the lowest bidder, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for furnishing and delivering lumber and building materials, in accordance with specifications therefor, be and is hereby awarded to the John C. Orr Company, foot of Java street, Brooklyn, for the following line numbers at the prices indicated: 13, \$8; 26, \$2.80; 27, \$1; 29, \$3; 31, \$2; 33, \$57.50, making a total of \$74.30, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

On reading and filing certified copy of judgment of the Appellate Division, Supreme Court, First Judicial Department, dated January 17, 1908, and opinion of the Corporation Counsel, dated January 27, 1908.

Ordered, That Peter Clancy, who was dismissed as Patrolman of the Police Force of The City of New York on the 28th day of February, 1907, be and is hereby reinstated as such Patrolman.

Ordered, That the Bookkeeper be and is hereby directed to pay the costs as taxed, amounting to \$112.52, from the Contingent Fund upon presentation of proper vouchers.

On reading and filing eligible list of the Municipal Civil Service Commission, dated January 10, 1908, and authorization of the Municipal Civil Service Commission to extend said eligible list.

Ordered, That Lewis Steinert, No. 148 East Fifty-fourth street, Manhattan, whose name appears on such eligible list, be and is hereby appointed Stenographer in the Police Department of The City of New York, with compensation at the rate of \$2,000 per annum, to take effect February 3, 1908.

Ordered, That the Municipal Civil Service Commission be respectfully informed as to the other names appearing on such eligible list that Henry Van D. Winans declined appointment on account of position not being in the Borough in which he re-

sides; John L. Webb, Thomas F. Falvey and Henry S. Terbell failed to appear and Edward J. O'Connell declined appointment on account of already accepting appointment in a Magistrate's Court.

On reading and filing communication from the Municipal Civil Service Commission, dated January 30, 1908, approving transfer of Otto Markofski as a Carpenter,

Ordered, That Otto Markofski be and is hereby transferred from the Department of Parks, Borough of Brooklyn, to the Police Department of The City of New York as Carpenter, with compensation at the rate of \$4.50 per diem.

On reading and filing communication from Thomas F. Hogan, dated January 28, 1908, declining position as Cleaner,

Ordered, That the appointment of Thomas F. Hogan, as Cleaner, in the Police Department of The City of New York, for duty in the Borough of Manhattan, be and is hereby revoked.

Ordered, That Charles D. McIntosh, No. 73 East One Hundred and Thirteenth street, Manhattan, whose name appears on eligible list of the Municipal Civil Service Commission, dated January 21, 1908, be and is hereby employed as Cleaner in the Police Department of The City of New York, for duty in the Borough of Manhattan, with compensation at the rate of \$600 per annum.

Advanced From Contingent Fund.

To Arthur Woods, Fourth Deputy Police Commissioner, \$100.

Special Order No. 26, issued this day, is hereby made part of the proceedings of the Police Commissioner.

BOROUGH OF MANHATTAN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Manhattan, at the City Hall, Room No. 16, until 2 o'clock p. m. on

TUESDAY, FEBRUARY 18, 1908.

No. 1. FOR FURNISHING AND DELIVERING TWELVE HUNDRED (1,200) CUBIC YARDS OF WASHED GRAVEL.

The amount of security required will be One Thousand Dollars (\$1,000).

No. 2. FOR FURNISHING AND DELIVERING SIX THOUSAND (6,000) CUBIC YARDS OF SAND.

The amount of security required will be One Thousand Dollars (\$1,000).

No. 3. FOR FURNISHING AND DELIVERING SIXTY THOUSAND (60,000) GALLONS OF NO. 6 PAVING CEMENT.

The amount of security required will be One Thousand Dollars (\$1,000).

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

The time allowed for doing and completing the contracts is until December 31, 1908.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure, or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms and specifications may be had at the office of the Commissioner of Public Works, Nos. 13 to 21 Park row, Bureau of Highways, Room 1607, Borough of Manhattan.

JOHN F. AHEARN,
President, Borough of Manhattan.
The City of New York, February 4, 1908.

See General Instructions to Bidders on the last page, last column, of the "City Record."

BOARD OF ELECTIONS.

OFFICE OF THE BOARD OF ELECTIONS OF THE CITY OF NEW YORK, No. 107 WEST FORTY-FIRST STREET, BOROUGH OF MANHATTAN.

No. 27. Constructing receiving basins at the northeast and southeast corners of Walton avenue and East One Hundred and Sixty-ninth street.

No. 28. Laying out on the map of The City of New York an extension of the Grand Boulevard and Concourse so as to include the area bounded by said Grand Boulevard and Concourse, Moshulu parkway and Van Cortlandt avenue, so as to provide a proper connection between the said Grand Boulevard and Concourse and Moshulu parkway.

No. 29. Placing guard rail in front of lots on the west side of Brook avenue, beginning at a point 158.25 feet north of One Hundred and Sixty-ninth street and extending about 112 feet.

No. 31. Laying out on the map of The City of New York Dorothea place, in the block bounded by Fordham road, Marion avenue, East One Hundred and Ninety-fourth street and Decatur avenue, as originally laid out.

No. 33. Acquiring title to the lands necessary for the widening of Moshulu avenue, between Broadway and a point about 175 feet westerly therefrom.

The petitions for the above will be submitted by me to the Local Board having jurisdiction thereof, on February 27, 1908, at 2 p. m. at the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park, One Hundred and Seventy-seventh street and Third Avenue.

Dated February 14, 1908.

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

FRIDAY, MARCH 6, 1908,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to the following-described property, which it has by virtue of a lease from Cornelius Furgueson, Supervisor of the Town of New Utrecht, to the City of Brooklyn, which lease is recorded in the Register's Office of the County of Kings, in Liber 1715 of Conveyances, page 143, in and to all that certain lot mentioned and described as follows:

All that certain lot known as and by the number 6, in Block 1154, Ward 30, in the former City of Brooklyn, which was sold December 6, 1886, for 100 years to the Town of New Utrecht for the assessments for the opening of Ninety-second street, for the sum of thirty-one dollars and fifty cents (\$31.50).

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at seventy-one dollars and sixty-nine cents (\$71.69).

The purchaser, in addition thereto, to pay the auctioneer's fee on such sale, and also to pay the further sum of one hundred dollars (\$100) for the expense of examination, advertising, etc. The sale of the said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money, and the further sum of \$100 on such parcel as above provided for, and also the auctioneer's fee at the time of sale. The quitclaim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held February 5, 1908.

N. TAYLOR PHILLIPS,

Acting Comptroller,
City of New York, Department of Finance,
Comptroller's Office, February 14, 1908.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
EAST ONE HUNDRED AND EIGHTIETH STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES, from Webster avenue to Grand Boulevard and Concourse. Area of assessment: Both sides of One Hundred and Eightieth street, from Webster avenue to Grand Boulevard and Concourse, and to the extent of half the block at the intersecting streets and avenues, —that the same was confirmed by the Board of Revision of Assessments on February 13, 1908,

and entered February 13, 1908, in the record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third Avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 13, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,

Comptroller,
City of New York, Department of Finance,
Comptroller's Office, February 13, 1908.
f14,28

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND FIFTY-SIXTH STREET—PAVING AND RECURBING, from Audubon place to Riverside drive. Area of assessment: Both sides of West One Hundred and Fifty-sixth street, from Audubon place to Riverside drive, and to the extent of half the block at the intersecting street and avenue.

WEST ONE HUNDRED AND FIFTY-SEVENTH STREET—PAVING AND RECURBING, from Audubon place to Riverside drive. Area of assessment: Both sides of West One Hundred and Fifty-seventh street, from Audubon place to Riverside drive, and to the extent of half the block at the intersecting street and avenue.

—that the same were confirmed by the Board of Revision of Assessments on February 13, 1908, and entered February 13, 1908, in the record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 13, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of 7 per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller,
City of New York, Department of Finance,
Comptroller's Office, February 13, 1908.

NOTICE TO PROPERTY OWNERS.

NOTICES OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF BROOKLYN:

TWENTY-NINTH AND THIRTY-SECOND WARDS, SECTIONS 15 AND 23.

EAST THIRTY-FIRST STREET—OPENING, from East Broadway (Church Avenue) to Flatlands avenue, excepting the lands occupied by the tracks of the Manhattan Beach Division of the Long Island Railroad. Confirmed December 31, 1907; entered February 13, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Church Avenue and distant 100 feet easterly from the easterly side of East Thirty-first street; running thence southerly parallel with East Thirty-first street to the southerly side of Avenue G; running thence easterly and along the southerly side of Avenue G to the westerly side of East Thirty-second street; running thence southerly and along the westerly side of East Thirty-second street to its intersection with the northerly side of Flatbush Avenue; running thence northwesterly and along the northerly side of Flatbush Avenue to the easterly side of Nostrand Avenue; running thence northerly and along the easterly side of Nostrand Avenue to the southerly side of Avenue G; running thence easterly and along the south-

erly side of Avenue G to a point distant 100 feet westerly of the westerly side of East Thirty-first street; running thence northerly parallel with East Thirty-first street to the southerly side of Church Avenue; running thence easterly and along the southerly side of Church Avenue to the point or place of beginning.

Also beginning at a point formed by the intersection of the southerly side of Flatbush Avenue with the westerly side of East Thirty-second street; running thence southerly and along the westerly side of East Thirty-second street to its intersection with the northerly side of Avenue I; running thence westerly and along the northerly side of Avenue I to a point distant 100 feet easterly from the easterly side of East Thirty-first street; running thence southerly and parallel with East Thirty-first street to the southerly side of Flatlands Avenue; running thence southwesterly and along the southerly side of Flatlands Avenue to the prolongation of a line drawn parallel with the westerly side of East Thirty-first street and distant 100 feet westerly therefrom; running thence northerly and parallel with East Thirty-first street and distant 100 feet westerly therefrom to the northerly side of Avenue I; running thence westerly and along the northerly side of Avenue I to the easterly side of Nostrand Avenue; running thence northerly and along the easterly side of Nostrand Avenue to its intersection with the southerly side of Flatbush Avenue; running thence southeasterly and along the southerly side of Flatbush Avenue to the point or place of beginning.

The above-entitled assessment was entered on the day herebefore given in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this Act."

Section 159 of this Act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 13, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

HERMAN A. METZ,

Comptroller,
City of New York, Department of Finance,
Comptroller's Office, February 13, 1908.
f14,28

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

POMEROY STREET—FLAGGING, between Broadway and Jamaica Avenue. Area of assessment: both sides of Pomeroys street, from Broadway to Jamaica Avenue.

—that the same was confirmed by the Board of Assessors on February 11, 1908, and entered on February 11, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson Avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before April 11, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,

Comptroller,
City of New York, Department of Finance,
Comptroller's Office, February 13, 1908.
f14,28

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST TWO HUNDRED AND SIXTEENTH STREET—REGULATING, GRADING, CURBING, FLAGGING, AND CONSTRUCTING WALL AND GUARD RAIL, from Broadway to Harlem River. Area of assessment: Both sides of West Two Hundred and Sixteenth street, from Broadway to the Harlem River, and to the extent of half the block at the intersecting streets and avenues.

—that the same was confirmed by the Board of Assessors on February 11, 1908, and entered on February 11, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and

Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of 7 per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 11, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of 7 per centum per annum from the date when above assessment became a lien to the date of payment.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of assessment for OPENING AND ACQUIRING TITLE to the following named avenue and street in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.
JEROME AVENUE—OPENING, from its present southern terminus to the bulkhead line of the Harlem River. Confirmed October 5, 1907; entered February 3, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly bulkhead line of the Harlem River, midway between the southern edge of the New York and Putnam Railway Bridge and the prolongation westwardly of the northern side of Jerome Avenue; thence by a line at right angles to the easterly bulkhead line of the Harlem River eastwardly to its intersection with a line parallel with and 100 feet westwardly from the westerly side of Sedgwick Avenue; thence northwardly by said parallel line to its intersection with the prolongation northwardly of a line parallel with and 100 feet northerly from the northerly side of East One Hundred and Sixty-second street; thence by said prolongation and parallel line southeastwardly to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Jerome Avenue; thence by said parallel line northerly to its intersection with the prolongation northwesterly of a line parallel with and 100 feet northerly from the northerly side of East One Hundred and Sixty-fourth street; thence southeastwardly by said prolongation and parallel line to its intersection with a line parallel with and 100 feet southeasterly from the southeasterly side of Jerome Avenue; thence by said line parallel with Jerome Avenue continuing into a line parallel with and 100 feet at right angles from the southeasterly and southerly side of the eastern approach to the Central Bridge to its intersection with the northeasterly side of Cromwells Creek; thence northwesterly and westwardly by said northeasterly and northerly side of Cromwells Creek to its intersection with the easterly bulkhead line of Harlem River; thence northerly by said easterly bulkhead line to the point or place of beginning.

TWENTY-THIRD WARD, SECTION 10.

COSTER STREET—OPENING. from Hunts Point road to Edgewater road. Confirmed December 30, 1907; entered February 3, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly prolongation of a line parallel to and 100 feet westerly from the westerly line of Hunts Point road with a line parallel to and 100 feet northerly from the northerly line of Mohawk (now Garrison) avenue; running thence easterly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet easterly from the easterly line of Hunts Point road; thence southerly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet northerly from the northerly line of Lafayette avenue; thence easterly along said last mentioned parallel line to its intersection with the middle line of the blocks between Faile street and Bryant street; thence southerly along said middle line of the blocks and its southerly prolongation to its intersection with the bulkhead line of the East River; thence westerly along said bulkhead line to its intersection with the southerly prolongation of the middle line of the blocks between Barretto street and Manida street; thence northerly along said prolongation and middle line to its intersection with a line parallel to and 100 feet northerly from the northerly line of Lafayette avenue; thence easterly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet westerly from the westerly line of Hunts Point road; thence northerly along said last mentioned parallel line to the point or place of beginning.

The above entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 3, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York, Department of Finance,
Comptroller's Office, February 3, 1908. f5,19

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS** in the **BOROUGH OF MANHATTAN**:

NINETEENTH WARD, SECTION 5.

RESTORING ASPHALT PAVEMENT on EAST FIFTY-FIFTH STREET, between First and Second avenues, Borough of Manhattan, and known as Lots Nos. 16, 17 and 19 in Block 1348.

This assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter, that the same was entered on February 1, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 1, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York, Department of Finance,
Comptroller's Office, February 1, 1908. f3,17

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
December 14, 1906.

UNTIL FURTHER NOTICE AND UNLESS otherwise directed in any special case surty companies will be accepted as sufficient upon the following contracts to the amounts named:

Supplies of Any Description, including Gas and Electricity—
One company on a bond up to \$50,000.
Two companies on a bond up to \$125,000.
Three companies on a bond up to \$200,000.

Asphalt, Asphalt Block and Wood Block Pavements—

Two companies on a bond up to \$50,000.
Three companies on a bond up to \$125,000.

Regulating, Grading, Paving, Sewers, Water Mains, Dredging, Construction of Parks, Parkways, Etc.—

One company on a bond up to \$25,000.
Two companies on a bond up to \$75,000.
Three companies on a bond up to \$150,000.
Four companies on a bond up to \$250,000.

New Docks, Buildings, Bridges, Aqueducts, Tunnels, Etc.—

One company on a bond up to \$25,000.
Two companies on a bond up to \$75,000.
Three companies on a bond up to \$150,000.
Four companies on a bond up to \$250,000.

Repairs, Ventilating, Heating, Plumbing, Etc.—

One company on a bond up to \$25,000.
Two companies on a bond up to \$75,000.
Three companies on a bond up to \$150,000.
Four companies on a bond up to \$250,000.

On bonds regarded as hazardous risks additional surety will be required as the Comptroller sees fit in each instance.

All bonds exceeding \$250,000 will by that fact alone be considered hazardous risks, no matter what the nature of the work.

PUBLIC NOTICE IS HEREBY GIVEN that applications will be received from FRIDAY, FEBRUARY 14, UNTIL 4 P. M. FRIDAY, MARCH 13, 1908, for the position of **PATHOLOGIST**.

The examination will be held on **TUESDAY, MARCH 31, 1908,**

at 10 a. m.
The subjects and weights of the examination are as follows:
Technical 6
Experience 4

The percentage required is 75 on the technical paper and 70 on all.

Candidates must have had practical experience in autopsy work, pathology and bacteriology. Certification for Bacteriologist will be made from the resulting eligible list.

One vacancy exists.
The salary is \$1,500 per annum.
The minimum age is 21 years.

F. A. SPENCER,
Secretary.
f14,m13

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, February 10, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that applications will be received from **MONDAY, FEBRUARY 10, 1908, UNTIL 4 P. M., MONDAY, FEBRUARY 24, 1908,**

for the position of **COURT STENOGRAPHER, FOURTH AND FIFTH GRADES.**

The examination will be held on **WEDNESDAY, MARCH 11, 1908,**

at 10 a. m.
The subjects and weights of the examination are as follows:

General dictation 6
(Rating to be based on accuracy of transcription from notes taken at a given speed.)

Special dictation 4
(Rating to be based on speed and on ability to read back notes at once.)

The percentage required is 70.
The salary is \$1,800 to \$3,000 per annum.
One vacancy exists in the Municipal Court, Brooklyn, at a salary of \$2,000 per annum.

The general dictation will be given at two rates of speed, viz.: 150 and 175 words a minute, the lower rate for the fourth grade, the higher for the fifth.

The second branch of the examination is taking notes of testimony, question and answer being read by different examiners and taken at such rate of speed as the candidate desires, providing that it is at a rate of not less than 150 words per minute, and then read back, no transcript of this part of the examination being called for.

Candidates who wish to transcribe their notes on the typewriter should bring their own machines.

The minimum age is 21 years.

F. A. SPENCER,
Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

FRANK L. POLK,
President;
R. ROSS APPLETON,
ARTHUR J. O'KEEFE,
Commissioners.

FRANK A. SPENCER,
Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

FILLING PRIVILEGE.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on **FRIDAY, FEBRUARY 21, 1908.**

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE EASTERLY PART OF THE FULTON SECTION, ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the line of the present filling about 18 feet west of the west line of Pier (new) No. 18, East River, easterly a distance of about 208 feet to the close row of piling located about 18 feet west of the westerly side line of Pier (new) No. 19, and extending also from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 43 feet to 63 feet to the old crib bulkhead running along the southerly side of South street. The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 5,000 cubic yards.

This estimate is arrived at by computing the net void space between the face of the old crib bulkhead, along the southerly side of South street, and the rear of the rip rap to be placed, in the rear of the bulkhead wall, either before commencement or during the progress of the work herein called for.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall built or to be built, on the easterly part of the Fulton Section, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions must be given by the Engineer, and wherever the word Engineer is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken

stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above described basin up to grade, shall be completed within fifty (50) days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser, in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

Dated The City of New York, February 11, 1908.

ALLEN N. SPOONER,
Commissioner of Docks.
f14,21

See General Instructions to Bidders on the last page, last column, of the "City Record."

PUBLIC NOTICE OF UNCLAIMED TRUCKS, WAGONS, CARTS, ETC.

THOMAS BOWE, Auctioneer.

PUBLIC NOTICE HAVING HERETOFORE been given by advertisement, pursuant to the provisions of section 853 of the Greater New York Charter, to any and all persons claiming to own or owning the said trucks, wagons, carts, etc., mentioned and described in said advertisement, to claim the same within three months from and after the 21st day of October, 1907, and that upon failure to claim the same within such time as provided by law, the Commissioner of Docks would, after due advertisement, sell such unclaimed trucks, wagons, carts, etc., at public auction to the highest bidder to pay the expenses which have been incurred in connection therewith, notice is hereby given that the Commissioner of Docks will, on

TUESDAY, FEBRUARY 18, 1908,

at 10.30 o'clock a. m., sell at public auction to the highest bidder, at the Pound, foot of West Twenty-sixth street, North River, Borough of Manhattan, the following unclaimed trucks, wagons, carts, etc., to wit:

Lot No. 1, Pound No. 347—Single covered wagon, with shafts. Black top and red wheels. Marks, "V. Claisse, 20 Wooster Street, Confectioner." Taken from front of Pier 41, North River, on January 12, 1907. Fair condition.

Lot No. 2, Pound No. 357—Single covered wagon, with shafts. Green body, red wheels. Marks, "F. Zimmerman & Co., License 1184." Taken from front of Pier 42, North River, on January 14, 1907. Fair condition.

Lot No. 3, Pound No. 362—Dirt cart, body broken. Tire of one wheel missing. No marks. Taken from front of Pier 42, North River, on January 14, 1907. Bad condition.

Lot No. 4, Pound No. 369—Coal cart. Black body and red wheels. One wheel broken. Marks, "C. D. S. No. 5, License 1845." Taken from front of Canal street pier, North River, on January 15, 1907. Bad condition.

Lot No. 5, Pound No. 370—Ash cart. Red body, red wheels. No tailboard. Marks, "Wm. Weir, 113 Warren Street, License 1086." Taken from front of Canal street pier, North River, on January 15, 1907. Bad condition.

Lot No. 6, Pound No. 371—Single ice wagon, with shafts. Blue body, red wheels. Marks, "N. Devits, 269 7th Avenue." Taken from front of Gansevoort street pier on January 15, 1907. Bad condition.

Lot No. 7, Pound No. 373—Dirt cart. Body broken. Red wheels. Marks, "Robert Malloy, Truckman, License 1972." Taken from front of Pier 43, North River, on January 15, 1907. Bad condition.

Lot No. 8, Pound No. 374—Old cart. Red body and red wheels. Nuts of both wheels missing. No marks. Taken from front of Canal street, North River, on January 15, 1907. Very bad condition.

Lot No. 9, Pound No. 375—Single truck, with shafts. Red body and red wheels. Front wheel broken and shafts broken. License 1747. Taken from front of Pier 47, North River, on January 15, 1907. Bad condition.

Lot No. 10, Pound No. 376—Single wagon, with shafts. Green body, red wheels. Marks, "Ryan & Smith, Truckmen, 299 Pearl Street, License 4151." Taken from front of Pier 42, North River, on January 25, 1907. Fair condition.

Lot No. 11, Pound No. 388—Single wagon, with shafts. Blue body and yellow wheels. Platform on body for carrying glass. Marks, "Semon Bache & Co., corner Hubert and West streets; also 961 6th Avenue." Taken from front of Pier 38, North River, on February 19, 1907. Bad condition.

Lot No. 12, Pound No. 396—Dirt cart; red body and red wheels. Marks, "Bureau of High-

ways, License 2740." Taken from front of Pier 42, North River, on February 20, 1907. Bad condition.

Lot No. 13, Pound No. 397—Coal cart; black body and red wheels. Marks, "Bureau of Highways, License 4911." Taken from front of Pier 42, North River, on February 20, 1907. Bad condition.

Lot No. 14, Pound No. 398—Double truck; no pole. High side racks. Red body and red wheels. Tail end of truck broken. Marks, "Wm. Smith, Truckman, 44 Hudson Street, C. H. L. 1497." Taken from front of Pier 38, North River, on February 20, 1907. Bad condition.

Lot No. 15, Pound No. 402—Dirt cart; red body and red wheels. Marks, "J. Hallissey, 361 West 12th Street, License 665." Taken from front of Pier 52, North River, on February 20, 1907. Bad condition.

Lot No. 16, Pound No. 408—Double covered wagon; no pole. Red body and yellow wheels. Marks, "American Ice Cream Co., Depots 56 Market Street and 45 Monroe Street." Taken from front of Pier 30, East River, on February 21, 1907. Bad condition.

Lot No. 17, Pound No. 411—Single wagon, with shafts. Red body, red wheels. Body of wagon recently repaired. License 1569. Taken from front of Pier 30, East River, on February 23, 1907. Fair condition.

Lot No. 18, Pound No. 412—Single wagon, with broken shafts. Green body and red wheels. Marks, "Leonard's Ice Cream, No. 65." Taken from front of Pier 30, East River, on February 23, 1907. Bad condition.

Lot No. 19, Pound No. 415—Single truck, with shafts. Red body and red wheels. Tires of hind wheels loose. Marks, "Stromberg Cotton & Woolen House, 45 Water Street, License 12618." Taken from front of Pier 41, North River, on March 2, 1907. Bad condition.

Lot No. 20, Pound No. 418—Double truck, no pole. Red side racks and red wheels. No marks. Taken from front of Pier 43, North River, on March 4, 1907. Fair condition.

Lot No. 21, Pound No. 421—Double truck, no pole. High side racks, painted red and red wheels. Marks, "License 1624." Taken from front of Pier 42, North River, on March 4, 1907. Fair condition.

Lot No. 22, Pound No. 429—Ash cart, with side strips; painted black. No marks. Taken from front of Canal street, North River, on March 5, 1907. Bad condition.

Lot No. 23, Pound No. 464—Coal cart, red wheels and black body. Marks, "L. Mahoney & Co., Coal and Wood, 129 Liberty Street." Taken from front of Pier 1, North River, on March 21, 1907. Bad condition.

Lot No. 24, Pound No. 465—Single covered wagon, red wheels, green body. Marks, "Sam Nathan, Moving Van and Express, Office 1566 Second Avenue, License 398." Taken from front of Pike street, East River, on March 21, 1907. Bad condition.

Lot No. 25, Pound No. 466—Ash cart, red wheels, iron body. Marks, "W. J. Allen, 120 Pearl St., License No. 30." Taken from front of Pier 1, North River, on March 21, 1907. Good condition.

Lot No. 26, Pound No. 467—Coal cart, red wheels and blue body. Marks, "W. J. Allen, 120 Pearl Street, License 1510." Taken from front of Pier 1, North River, on March 21, 1907. Bad condition.

Lot No. 27, Pound No. 468—Coal cart, red wheels and black body. Tail board missing. No marks. Taken from front of Pier 1, North River, on March 21, 1907. Bad condition.

Lot No. 28, Pound No. 470—Body of coal cart; booms broken off; wheels, tail board and axle missing. Body painted yellow. License 4648. Taken from front of Pier 1, North River, on March 22, 1907. Bad condition.

Lot No. 29, Pound No. 471—Body of single wagon, with shafts. Wheels and axle missing. Tailboard painted red, sides dark green; one side of body broken. Taken from front of Pier 1, North River, on March 22, 1907. Bad condition.

Lot No. 30, Pound No. 477—Double-barrel truck; no pole; red wheels. Marks, "S. D. Brias, 304 Front St." Taken from front of Pier 36, East River, on March 25, 1907. Bad condition.

Lot No. 31, Pound No. 478—Single-barrel truck, with shafts. Red wheels. Marks, "Louis Kramer." Taken from front of Pier 36, East River, on March 25, 1907. Bad condition.

Lot No. 32, Pound No. 483—Double-rack truck, pole and trees; red wheels and red racks. Marks, "Fulton Foundry, 25 Furman St., Bklyn. J. A. S., No. 18, branded on inside." Taken from Pier 30, East River, on March 27, 1907. Fair condition.

Lot No. 33, Pound No. 488—Single wagon, no shafts. Red wheels, green body. License P. C. 5674. Taken from foot of Eighteenth street, North River, on March 28, 1907. Fair condition.

Lot No. 34, Pound No. 489—Double-rack truck, no pole. Red wheels, red racks. License 1120. Taken from foot of Twenty-first street, North River, on March 28, 1907. Bad condition.

Lot No. 35, Pound No. 494—Single truck, with shafts; red wheels, red body. Marks, "H. G." in front. License 9610. Taken from between Piers 31 and 32, East River, on March 29, 1907. Bad condition.

Lot No. 36, Pound No. 495—Single wagon, with shafts. Red wheels and green body. License 5077. Taken from front of Pier 32, East River, on March 30, 1907. Fair condition.

Lot No. 37, Pound No. 503—Double ash cart, no pole and red wheels, iron body, painted green. Marks, "P. Dillon, Contractor, 385 Water St., P. C. 873." Taken from front of Pier 30, East River, on April 2, 1907. Fair condition.

Lot No. 38, Pound No. 507—Double truck; pole and wheel nuts missing. Wheels in bad condition. License 10736. Taken from foot of Canal street, North River, on April 3, 1907. Very bad condition.

TERMS AND CONDITIONS OF SALE.

All expenses of removing, storing, advertising and selling such trucks, wagons, carts, etc., will be deducted from the purchase price paid, and any remainder of such purchase price over and above said expenses will be held by the Commissioner of Docks, in trust, for the owner or owners thereof for a period of twelve months from the receipt of same; and if not claimed within said twelve months the Commissioner of Docks will pay such remainder over to the Commissioners of the Sinking Fund.

The purchase price must be paid immediately after the sale. In case of the failure to pay the purchase price the property for which said purchase price is not paid will be immediately resold, and if the price paid on such resale is less the difference will be charged against the person or persons failing so to pay. Upon the payment of the purchase price a receipt will be given to the purchaser, and upon the production of such receipt at the Pound the trucks, wagons, carts, etc., therein described will be delivered to the purchaser.

All property purchased at the sale must be removed from the Pound within five days after the sale or within any extension of time beyond such period which the Commissioner of Docks may grant. In case of failure to remove the same within the time specified, or in case of failure to remove the same within any extended time which may be granted by the Commissioner of Docks, the purchaser will be deemed to have

abandoned the property sold to him, and the purchase price paid by him will be forfeited and the property will be resold.

DENIS A. JUDGE,
Deputy and Acting Commissioner
of Docks.

February 6, 1908. \$8.18

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at the above office until 12 o'clock m., on

TUESDAY, FEBRUARY 18, 1908.

CONTRACT NO. 1114.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR FURNISHING AND DELIVERING ABOUT 20,000 TONS OF ANTHRACITE COAL.

The time for the completion of the work and the full performance of the contract is on or before the expiration of ninety calendar days.

The amount of security required is \$30,720. Bidders will state a price per ton, by which price the bids will be tested. Award, if made, will be to the lowest bidder, according to such price per ton.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the said Department.

DENIS A. JUDGE,
Deputy and Acting Commissioner
of Docks.

Dated February 4, 1908. \$5.18

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, March 31, 1904.

THE COMMISSIONER HAS FIXED THE amounts of bonds required on contracts awarded by this Department, as follows:

On all contracts for supplies, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is not over \$200,000, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$200,000, but not over \$1,000,000, 25 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$1,000,000, 20 per cent. of the estimated cost.

JOSEPH W. SAVAGE,
Secretary.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Correction at the above office until 11 o'clock a. m., on

TUESDAY, FEBRUARY 25, 1908.

Borough of Manhattan.

No. 1. FOR FURNISHING AND DELIVERING HARDWARE, PAINTS, IRON, STEAM FITTINGS, LUMBER AND MISCELLANEOUS ARTICLES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before ten days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the totals and awards made to the lowest bidder on each item, except the bids on lumber will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

JOHN V. COGGEY,
Commissioner.

Dated February 10, 1908. \$11.25

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

BOARD OF ASSESSORS.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

BOROUGH OF MANHATTAN.

List 9469, No. 1. Regulating, grading, curbing and flagging Two Hundred and Thirteenth street, from Tenth avenue to the Harlem River.

List 9541, No. 2. Sewer in Seventh avenue, west side, between One Hundred and Forty-fourth and One Hundred and Forty-fifth streets.

BOROUGH OF THE BRONX.

List 9453, No. 3. Regulating, grading, curbing, flagging, laying crosswalks, building approaches and placing fences in East One Hundred and Thirty-ninth street, from a point about 100 feet west of Cypress avenue to Locust avenue.

List 9485, No. 4. Sewer in East One Hundred and Eighty-second street, between Arthur avenue and Belmont avenue.

List 9489, No. 5. Paving East One Hundred and Forty-ninth street, curbing, flagging and laying crosswalks where necessary, between Mott avenue and the approach to the bridge over the Harlem River.

List 9576, No. 6. Paving and curbing Fox street, from Prospect avenue to Avenue St. John. The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on

No. 1. Both sides of Two Hundred and Thirteenth street, from Tenth avenue to the Harlem River, and to the extent of half the block at the intersecting and terminating streets and avenues.

No. 2. West side of Seventh avenue, from One Hundred and Forty-fourth to One Hundred and Forty-fifth street.

No. 3. Both sides of One Hundred and Thirtieth street, from a point about 100 feet west of Cypress avenue to Locust avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

No. 4. Both sides of One Hundred and Eighty-second street, from Arthur avenue to Belmont avenue.

No. 5. Both sides of One Hundred and Forty-ninth street, from Mott avenue to Gerard avenue, and to the extent of half the block at the intersecting streets and avenues.

No. 6. Both sides of Fox street, from Prospect avenue to Avenue St. John, and to the extent of half the block at the intersecting streets and avenues.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before March 17, 1908, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,
PAUL WEIMANN,
JAMES H. KENNEDY,
Board of Assessors.

WILLIAM H. JASPER,
Secretary,
No. 320 Broadway,
City of New York, Borough of Manhattan,
February 13, 1908. \$13.25

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

BOROUGH OF MANHATTAN.

DEPARTMENT OF TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, HALL OF RECORDS, JANUARY 10, 1908.

NOTICE IS HEREBY GIVEN, AS REQUIRED BY THE GREATER NEW YORK CHARTER, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx,

Brooklyn, Queens and Richmond," comprising The City of New York, will be open for public inspection, examination and correction on the second Monday of January, and will remain open up to and including the 31st day of March, 1908.

During the time that the books are open for public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the main office of the Department of Taxes and Assessments, Hall of Records, No. 31 Chambers street.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Borough Hall, New Brighton, Staten Island.

Corporations in all the boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the borough where such person resides, and in case of a non-resident carrying on business in The City of New York at the office of the Department of the borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

LAWSON PURDY,

President;

FRANK RAYMOND,

JAMES H. TULLY,

NICHOLAS MULLER,

CHAS. PUTZEL,

THOS. L. HAMILTON,

HUGH HASTINGS,

Commissioners of Taxes and Assessments.

ARMORY BOARD.

ARMORY BOARD, HALL OF RECORDS, CHAMBERS AND CENTRE STREETS.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Mayor, Chairman of the Armory Board, in The City of New York, until 2 p. m.,

FRIDAY, FEBRUARY 28, 1908.

FOR FURNISHING AND INSTALLING ALTERATIONS, FITTINGS, FURNITURE, ETC., FOR SECOND BRIGADE HEAD-QUARTERS IN THE TWENTY-THIRD REGIMENT ARMORY, IN THE BOROUGH OF BROOKLYN, AS FOLLOWS:

Item No. 1—Dividing up present second story northeast room into smaller rooms.

Security required, \$1,500.

Deposit to be made with the bid, \$75.

Time allowed for doing the work, seventy-five working days.

Item No. 2—Plumbing, etc.

Security required, \$1,000.

Deposit to be made with the bid, \$50.

Time allowed for doing the work, seventy-five working days.

Item No. 3—Furniture, etc.

Security required, \$1,300.

Deposit to be made with the bid, \$65.

Time allowed for doing the work, seventy-five working days.

The bids will be compared and the contracts awarded at a lump or aggregate sum for each contract; but the Armory Board reserves the right to award a contract for the three items to a bidder who offers a lump sum for the entire work, provided that said bid for the entire work be for a less sum than the aggregate of the lowest bids on each of the three items.

Item No. 4—FOR UTENSILS, MATERIALS AND SUPPLIES TO BE FURNISHED TO THE VARIOUS ARMORIES OF THE N. G., N. Y.

The amount of security required is 50 per cent. of the amount of bid, and a deposit of 5 per cent. of the amount of the bond to be deposited when handing in the bid; deposit,

however, not to be inclosed with bid. Where the total of the bid is under \$1,000 the deposit must be 2½ per cent. of the amount of bid.

The bids will be compared and the contracts awarded at a lump or aggregate sum for each article.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Armory Board, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application at the office of the Armory Board, Suite 6, New Hall of Records (basement), Borough of Manhattan.

For Items Nos. 1, 2 and 3 plans may be examined at the office of the architects, Messrs. Robinson & Krust, No. 164 Fifth avenue, New York.

GEORGE B. McCLELLAN,
Mayor;

PATRICK F. McGOWAN,
President of the Board of Aldermen;

GEORGE MOORE SMITH,
Brigadier General, Commanding First Brigade;

JOHN G. EDDY,
Brigadier General, Commanding Second Brigade;

LAWSON PURDY,
President of the Department of Taxes and Assessments,

The Armory Board.

f14.26

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on January 31, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East One Hundred and Sixty-first street, as widened, from Brook avenue to Third avenue, in accordance with resolution adopted by the Board of Estimate and Apportionment on January 17, 1908, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the centre line of Brook avenue, where it is intersected by the prolongation of a line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, as laid out between Brook avenue and Park avenue, and running thence westwardly along the said line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, and the prolongation thereof to a point midway between Sheridan avenue and Mott avenue; thence northwardly and parallel with Sheridan avenue to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the westerly line of Sheridan avenue and the easterly line of Mott avenue as laid out between East One Hundred and Fifty-eighth street and East One Hundred and Sixty-first street; thence northwardly along the said bisecting line to the intersection with the prolongation of a line midway between Sheridan avenue and Mott avenue, as laid out between East One Hundred and Sixty-first street and East One Hundred and Sixty-fourth streets; thence northwardly along the said line midway between Sheridan and Mott avenues to the intersection with a line distant 150 feet northwesterly from and parallel with the northerly line of East One Hundred and Sixty-third street, as laid out between Mott avenue and Park avenue, the said distance being measured at right angles to the line of East One Hundred and Sixty-third street; thence eastwardly along the said line parallel with East One Hundred and Sixty-third street, and the prolongation thereof, to the intersection with a line always distant 100 feet easterly from and parallel with the easterly line of Boston road, the said distance being measured at right angles to the line of Boston road; thence southwardly, parallel with and always distant 100 feet easterly from the easterly lines of Boston road, Third avenue and St. Ann's avenue, respectively, to the intersection with the prolongation of a line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, as laid out between German place and St. Ann's avenue; thence westwardly along the said line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street and the prolongation thereof to the centre line of Brook avenue; thence northwardly along the centre line of Brook avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of February, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 28th day of February, 1908.

f14.26

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on January 31, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Palmetto street, from the Brooklyn borough line to Fresh Pond road; Madison street, from the Brooklyn borough line to Fresh Pond road, and Woodbine street, from Myrtle avenue to Fresh Pond road, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the line between the Boroughs of Brooklyn and Queens where it is intersected by a line midway between Grover street and Ralph street, and running thence northwardly along the said line midway between Grover street and Ralph street to the intersection with a line distant 100 feet northwesterly from and parallel with the northerly line of Covert avenue, the said distance being measured at right angles to the line of Covert avenue; thence southwardly and parallel with Covert avenue to the intersection with a line midway between Palmetto street and Gates avenue; thence northwardly and always along a line midway between Palmetto street and Gates avenue to the intersection with a line distant 100 feet northwesterly from and parallel with the northerly line of Fresh Pond road, the said distance being measured at right angles to the line of Fresh Pond road; thence southwardly and always parallel with and distant 100 feet northwesterly from the northerly line of Fresh Pond road to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of Madison street, the said distance being measured at right angles to the line of Madison street; thence southwardly and parallel with and always distant 100 feet southeasterly from the southeasterly line of Madison street, the said distance being measured at right angles to the line of Madison street, to the intersection with the line between the Boroughs of Brooklyn and Queens; thence northwardly and along the said Borough line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of February, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on January 31, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of an unnamed street lying 200 feet east of Nostrand avenue and extending from Montgomery street to Malbone street, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the northerly line of Malbone street distant 100 feet westerly from the westerly line of the unnamed street, the said distance being measured at right angles to the line of the said unnamed street, and running thence northwardly and parallel with the unnamed street and the prolongation thereof to a point distant 100 feet northwesterly from the northerly line of Montgomery street; thence eastwardly and parallel with Montgomery street to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of the unnamed street, the said distance being measured at right angles to the line of the unnamed street; thence southwardly and along the said line parallel with the unnamed street and the prolongation thereof to a point distant 100 feet southerly from the southerly line of Malbone street, the said distance being measured at right angles to the line of Malbone street; thence westwardly and parallel with Malbone street to the intersection with a line at right angles to Malbone street and passing through the point of beginning; thence northwardly along the said line at right angles to Malbone street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of February, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 28th day of February, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on January 31, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Neptune avenue, from West Sixth street to West Fifteenth street, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Canal avenue and Neptune avenue, as laid out east of West Fifteenth street, distant 100 feet westerly from the westerly line of West Fifteenth street, and running thence eastwardly along the said line midway between Canal and Neptune avenues and the prolongation thereof to the intersection with the prolongation of a line which bisects the angle formed by the intersection of the centre lines of West Sixth street and Courtlandt street; thence southwardly along the said bisecting line and the prolongation thereof to the intersection with Neptune avenue and Mermaid avenue, as laid out east of West Fifteenth street; thence westwardly along the prolongation of the said line midway between Neptune avenue and Mermaid avenue to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the centre lines of West Eighth street and West Twelfth street; thence southwardly along the said bisecting line to a point distant 650 feet southerly from the southerly line of Neptune avenue, the said distance being measured at right angles to the line of Neptune avenue; thence westwardly and parallel with Neptune avenue to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the easterly line of Stillwell avenue and the westerly line of West Twelfth street; thence northwardly along the said bisecting line to the intersection with the prolongation of the hereinbefore described line midway between Neptune avenue and Mermaid avenue; thence westwardly along the said line midway between Neptune avenue and Mermaid avenue and the prolongations thereof to a point distant 100 feet westerly from the westerly line of West Fifteenth street; thence northwardly and parallel with West Fifteenth street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of February, 1908, at 10.30 a. m., and

that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 28th day of February, 1908.

Dated February 14, 1908.

f14.26

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on January 31, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East Twelfth street, from Avenue H to Avenue T, excluding the land occupied by the tracks of the Long Island Railroad; East Thirteenth street, from Avenue H to Avenue T, and from Gravesend Neck road to Neptune avenue, excluding the land occupied by the tracks of the Long Island Railroad and the Brooklyn and Brighton Beach Railroad; East Fourteenth street (now Rugby road), from Avenue D, or Dorchester road, to Foster avenue, and from Avenue H to Kings Highway, and from Avenue V to Gravesend Neck road, excluding the land occupied by the tracks of the Long Island Railroad, and East Fifteenth street, from Avenue H to Kings Highway, excluding the land occupied by the tracks of the Long Island Railroad, and from Avenue V to Emmons avenue, excluding the land occupied by the tracks of the Brooklyn and Brighton Beach Railroad and the Long Island Railroad, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

1. Bounded on the north by a line distant 100 feet northwesterly from and parallel with the northerly line of Dorchester road, the said distance being measured at right angles to the line of Dorchester road; on the east by a line midway between East Fourteenth street and East Fifteenth street; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Foster avenue, the said distance being measured at right angles to the line of Foster avenue, and on the west by a line midway between East Thirteenth street and East Fourteenth street.

2. Beginning at a point on the line midway between East Fifteenth street and East Sixteenth street distant 100 feet northwesterly from the northerly line of Avenue H, and running thence southwardly along the line midway between East Fifteenth street and East Sixteenth street to a point distant 100 feet southerly from the southerly line of Avenue Q; thence westwardly and parallel with Avenue Q to the intersection with a line midway between East Thirteenth street and East Fourteenth street; thence southwardly along the said line midway between East Thirteenth street and East Fourteenth street to a point distant 100 feet southerly from the southerly line of Avenue T; thence westwardly and parallel with Avenue T to the intersection with a line midway between East Twelfth street and Coney Island avenue; thence northwardly and always midway between East Twelfth street and Coney Island avenue to a point distant 100 feet northwesterly from the northerly line of Avenue H; thence eastwardly and parallel with Avenue H to the point or place of beginning.

3. Beginning again at a point on the line midway between East Fifteenth street and East Sixteenth street, distant 100 feet northwesterly from the northerly line of Avenue V, and running thence southwardly along the line midway between East Fifteenth street and East Sixteenth street to a point distant 100 feet southerly from the southerly line of Emmons avenue, the said distance being measured at right angles to the line of Emmons avenue; thence westwardly and parallel with Emmons avenue to the intersection with the prolongation of a line midway between East Fourteenth street and East Fifteenth street; thence northwardly along the line midway between East Fourteenth street and East Fifteenth street to the centre line of Avenue W; thence westwardly along the centre line of Avenue W to the intersection with a line midway between East Thirteenth street and East Fourteenth street; thence southwardly along the said line midway between East Thirteenth street and East Fourteenth street to a point distant 100 feet southerly from the southerly line of Emmons avenue; thence westwardly and always distant 100 feet from and parallel with the southerly lines of Emmons avenue and Neptune avenue to the intersection with the prolongation of a line midway between East Thirteenth street and Snipe avenue; thence northwardly along the said line midway between East Thirteenth street and Snipe avenue, and the prolongation of the said line, to the intersection with a line distant 100 feet northwesterly from and always parallel with the northerly line of Gravesend Neck road, the said distance being measured at right angles to the line of Gravesend Neck road; thence eastwardly and along the said line parallel with Gravesend Neck road to the intersection with a line midway between East Thirteenth street and East Fourteenth street; thence northwardly along the said line midway between East Thirteenth street and East Fourteenth street to a point distant 100 feet northwesterly from the northerly line of Avenue V; thence eastwardly and parallel with Avenue V to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of February, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 28th day of February, 1908.

Dated February 14, 1908.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out and fix grades for the street system within the territory to be known as section 54

of the final maps, Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 28, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 31, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out and fixing grades for the street system within the territory to be known as section 54 of the final maps, in the Borough of The Bronx, City of New York, more particularly described as follows:

1. A street system is to be laid out within the territory to be known as section 54 of the final maps of the Borough of The Bronx, the said territory being bounded by the East River, White Plains road, Gildersleeve avenue, Pugsley avenue, O'Brien avenue, Olmstead avenue, Lacombe avenue, Castle Hill avenue, Randall avenue, Westchester Creek, and Pugsley's Creek, and grades are to be established therefor. The lines and grades to be fixed are shown upon a map prepared by the President of the Borough of The Bronx, bearing date of November 7, 1907.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of February, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of February, 1908.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines of Juniper avenue, extending from Caldwell avenue to Grand street, and close Ada place from Juniper avenue to Brown place (formerly old Juniper avenue), and establish grades and change grades in the territory bounded by Firth avenue, Caldwell avenue, Brown place and Grand street, Second Ward, Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 28, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 31, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the lines of Juniper avenue, extending from Caldwell avenue to Grand street, and by closing Ada place from Juniper avenue to Brown place (formerly old Juniper avenue), and by establishing grades and changing grades in the territory bounded by Firth avenue, Caldwell avenue, Brown place and Grand street, Second Ward, in the Borough of Queens, City of New York, more particularly described as follows:

Juniper Avenue.

Beginning at a point on the southerly line of Grand street, distant 179.58 feet westerly from the westerly line of Firth avenue as the same is laid down on the map of that portion of the Second Ward, Borough of Queens, City of New York, as adopted by the Board of Estimate and Apportionment November 13, 1903.

1. Running thence westerly for 81.2 feet along the southerly line of Grand street.
2. Thence southerly, deflecting to the left 80 degrees 7 minutes 11 seconds for 341.82 feet.
3. Thence southerly, deflecting to the right 15 degrees 27 minutes 57 seconds for 625.85 feet to the northerly line of Caldwell avenue.
4. Thence easterly, deflecting to the left 107 degrees 30 minutes for 83.88 feet along the northerly line of Caldwell avenue.
5. Thence northerly, deflecting to the left 72 degrees 30 minutes for 611.49 feet.
6. Thence northerly, deflecting to the left 15 degrees 27 minutes 57 seconds for 366.61 feet to the southerly line of Grand street, the place of beginning.

Ada Place.

The closing of that portion of Ada place lying between the westerly line of Juniper avenue, herein described, and the easterly line of Brown place (formerly old Juniper avenue).

GRADES.

The grade at the intersection of Beatrice place and Juniper avenue, hereinbefore described, to be 99 feet.

The grade at the intersection of Locust avenue and Juniper avenue, hereinbefore described, to be 96 feet.

The grade at the intersection of Ada place and Juniper avenue, hereinbefore described, to be 93 feet.

The grade at the intersection of Beatrice place and Brown place to be 94 feet.

The grade at the intersection of Locust avenue and Brown place to be 86 feet.

Abolishing the grades at the intersection of Beatrice place, Locust avenue and Ada place with Juniper avenue, as adopted by the Board of Estimate and Apportionment, November 13, 1903, being, respectively, 94 feet, 90 feet and 87 feet.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of February, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of February, 1908.

f14.26

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue William street and North William street through that portion of their length crossed by the structure of the Brooklyn Bridge, in the Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 28, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 31, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing William street and North William street through that portion of their length crossed by the structure of the Brooklyn Bridge, in the Borough of Manhattan, City of New York, more particularly described as follows:

Specification or Description of a Portion of North William Street to be Closed.

Beginning at a point on the northwesterly side of North William street, distant 105.18 feet easterly from the intersection of the northwesterly side of North William street with the northwesterly side of Frankfort street, and running thence northwesterly along the northwesterly side of North William street 121.79 feet; thence southerly across North William street 47.49 feet to a point on the southeasterly side of North William street, which is 213.04 feet southwesterly from the intersection of the southeasterly side of North William street with the southerly side of Park row; thence southwesterly along the southeasterly side of North William street 102.08 feet; thence northwesterly across North William street 40.43 feet to the point of beginning.

Specification or Description of a Portion of William Street to be Closed.

Beginning at a point on the southerly side of William street, distant 100.00 feet easterly from the intersection of the southerly side of William street with the northwesterly side of Frankfort street, and running thence northwesterly across William street 34.60 feet to a point on the northerly side of William street, which is 467.94 feet westerly from the intersection of the northerly side of William street with the westerly side of Duane street; thence easterly along the northerly side of William street 106.08 feet; thence southeasterly across William street 34.71 feet to a point on the southerly side of William street, which is 347.02 feet westerly from the intersection of the southerly side of William street with the southwesterly side of Duane street; thence westerly along the southerly side of William street 106.44 feet to the point of beginning.

A passageway for foot traffic, not less than 8 feet wide, shall be provided between North William street and William street on the northerly side of the bridge structure, and another passageway for foot traffic, not less than 8 feet wide, shall be provided along the southerly side of William street within the lines of the discontinued part of William street, as above described. These passageways shall be made available before either North William street or William street is physically closed, and the same, together with the necessary approaches, shall be thereafter maintained by the Department of Bridges for the use of the public.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of February, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of February, 1908.

Dated February 14, 1908.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Nineteenth avenue, between Bath avenue and Eighty-sixth street, and of Benson avenue, between Bay Twentieth and Bay Twenty-second streets, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 28, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 31, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Nineteenth avenue, between Bath avenue and Eighty-sixth street, and of Benson avenue, between Bay Twentieth and Bay Twenty-second streets, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Nineteenth Avenue.

Beginning at the intersection of Bath avenue, the elevation to be 21.00 feet, as heretofore;

Thence northerly to the intersection of Benson avenue, the elevation to be 22.50 feet;

Thence northerly to a point distant 375 feet south of the southerly building line of Eighty-sixth street, the elevation to be 26.06 feet;

Thence northerly to the intersection of Eighty-sixth street, the elevation to be 28.00 feet, as heretofore.

Benson Avenue.

Beginning at the intersection of Bay Twentieth street, the elevation to be 23.00 feet, as heretofore;

Thence easterly to a summit distant 75 feet east of the easterly building line of Bay Twentieth street, the elevation to be 23.40 feet;

Thence easterly to the intersection of Nineteenth avenue, the elevation to be 22.50 feet;

Thence easterly to the intersection of Bay Twenty-second street, the elevation to be 25.60 feet, as heretofore.

Note—All elevations refer to the datum of the former Town of New Utrecht, taken as 0.25 foot above the Western District City Surveyor's datum.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of February, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of February, 1908.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Eighty-fourth street, between Twentieth avenue and Bay parkway, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 28, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 31, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Eighty-fourth street, between Twentieth avenue and Bay parkway, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of Eighty-fourth street and Twentieth avenue, the elevation to be 27.00 feet, as heretofore established.

Thence southeasterly to the intersection of Twenty-first avenue, the elevation to be 19.30 feet, as now in use and improved;

Thence southeasterly to the intersection of Bay parkway, the elevation to be 15.68 feet, as heretofore established.

Note—All elevations refer to mean high-water datum, as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of February, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of February, 1908.

Designated by the Board of City Record, January 22, 1906. Amended March 1, 1906, November 20, 1906, and February 20, 1907.

BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond at the above office until 12 o'clock m. on

TUESDAY, FEBRUARY 25, 1908.

Borough of Richmond.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A TEMPORARY COMBINED SEWER, WITH APPURTENANCES, IN RICHMOND TERRACE, FROM HARBOR ROAD TO A POINT ABOUT 230 FEET EAST OF VAN PELT AVENUE; IN CENTRAL AVENUE, FROM A POINT ABOUT 710 FEET SOUTH OF ERASTINA PLACE TO RICHMOND TERRACE; IN UNION AVENUE, FROM A POINT ABOUT 200 FEET SOUTH OF FOREST AVENUE TO ABOUT LOW WATER MARK, WITH A SEPARATE SANITARY OUTLET; THENCE TO THE PIER LINE; ALL BEING WITHIN THE DISTRICT KNOWN AS SEWERAGE DISTRICT NO. 18-A, IN THE THIRD WARD, BOROUGH OF RICHMOND, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

- 345 linear feet of semi-circular reinforced concrete sewer, including transformer, exclusive of pile and timber foundation, all complete, as per section on plan of the work.
- 8 linear feet of reinforced concrete junction sewer, all complete, as per section on plan of the work.
- 77 linear feet of flat-top reinforced concrete sewer, all complete, as per section on plan of the work.
- 214 linear feet of reinforced concrete sewer of 2 feet 6 inches by 3 feet 9 inches interior diameter, all complete, as per section on plan of the work.
- 259 linear feet of reinforced concrete sewer of 2 feet by 3 feet interior diameter, all complete, as per section on plan of the work.
- 695 linear feet of reinforced concrete sewer of 1 foot 8 inches by 2 feet 6 inches interior diameter, all complete, as per section on plan of the work.
- 662 linear feet of salt-glazed vitrified pipe sewer of twenty (20) inches interior diameter, all complete, as per section on plan of the work.
- 128 linear feet of salt-glazed vitrified pipe sewer of fifteen (15) inches interior diameter, all complete, as per section on plan of the work.
- 523 linear feet of salt-glazed vitrified pipe sewer of twelve (12) inches interior diameter, all complete, as per section on plan of the work.
- 1,276 linear feet of salt-glazed vitrified pipe sewer of ten (10) inches interior diameter, all complete, as per section on plan of the work.
- 28 manholes, complete, as per section on plan of the work.
- 4,500 linear feet of piles, furnished, driven and cut.
- 8,000 feet (B. M.) of yellow pine foundation timber and planking, in place and secured.
- 12,000 feet (B. M.) of spruce planking, in place and secured.
- 10 cubic yards of concrete, in place.
- 2 cubic yards of brick masonry.
- 20 cubic yards of rip-rap, in place.
- 20 cubic yards of additional excavation.
- 20 cubic yards of additional filling.
- 692 linear feet of cast-iron pipe of twelve (12) inches interior diameter, not less than eighty (80) pounds per foot, furnished, laid and calked, including pile and timber foundation and guards, as shown on plan.
- 2,000 feet (B. M.) of sheeting, retained.
- 13 reinforced concrete receiving basins, with one and one-quarter (1 1/4) inch galvanized wrought-iron bars, all complete, as shown on plans on file in the office of the Commissioner of Public Works, and connected with the sewer.
- 200 square feet of additional reinforcing metal, equal and similar to Nos. 4 and 10 expanded metal, furnished and placed.
- 200 pounds of additional reinforcing metal, equal and similar to corrugated steel rods, furnished and placed.
- 50 linear feet of five (5) inches by sixteen (16) inches bluestone curb, furnished and set in concrete.
- 1,800 linear feet of curb, reset.
- 50 linear feet of twelve (12) inches vitrified sewer pipe, furnished and laid.
- 6,400 square feet of flagging, relaid.
- 50 square yards of gutter, relaid.

The time for the completion of the work and the full performance of the contract is one hundred and forty (140) days.

The amount of security required is Twelve Thousand Dollars (\$12,000).

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President.

The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, New Brighton, Borough of Richmond.

GEORGE CROMWELL,

President.

The City of New York, February 1, 1908.

See General Instructions to Bidders on the last page, last column, of the "City Record."

POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, No. 300 MULBERRY STREET.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Commissioner of the Police Department of The City of New York at the Bookkeeper's Office, Central Department, until 10 o'clock a. m. on

THURSDAY, FEBRUARY 27, 1908.

FOR FURNISHING AND DELIVERING 1,025 TONS (OF 2,240 POUNDS EACH) OF ANTHRACITE COAL FOR USE IN THE BOROUGH OF THE BRONX.

The time for the delivery of the articles, materials and supplies and the performance of the contract is during the year 1908.

The amount of security required will be fifty per cent. (50%) of the amount of bid or estimate.

Bidders will state the kind of anthracite coal they propose to furnish by giving the name of its mine or other business appellation.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item. The bids will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the Central Office of the Police Department, No. 300 Mulberry street, Borough of Manhattan.

THEODORE A. BINGHAM,

Police Commissioner.

Dated February 13, 1908.

OWNERS WANTED BY THE DEPUTY Property Clerk of the Police Department of The City of New York—Office, No. 209 State street, Borough of Brooklyn—for the following property, now in his custody, without claimants: Boats, rope, iron, lead, male and female clothing, boots, shoes, wine, blankets, diamonds, canned goods, liquors, etc.; also small amount of money taken from prisoners and found by Patrolmen of this Department.

THEODORE A. BINGHAM,

Police Commissioner.

Dated February 5, 1908.

See General Instructions to Bidders on the last page, last column, of the "City Record."

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court, bearing date the 20th day of October, 1907, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 16th day of December, 1907, a copy of which order was duly filed in the office of the Register of the County of New York and indexed in the Index of Conveyances, Blocks Nos. 2504 and 2505, we, William A. Cokeley, George V. Mullan and Peter L. Mullaly, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said Peter L. Mullaly was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 2d day of March, 1908, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 15, 1908.

PETER L. MULLALY,
GEORGE V. MULLAN,
WILLIAM A. COKELEY,
Commissioners.

JOHN P. DUNN,
Clerk.

First Department.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND FORTIETH STREET, from Park avenue to Morris avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

And we, the said Commissioners, will be in attendance at our said office on the 2d day of March, 1908, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 15, 1908.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST STREET, from Honeywell street to Crotona parkway, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court, bearing date the 7th day of November, 1907, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York, on the 16th day of December, 1907, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Blocks 3119 and 3124, we, Maurice S. Cohen, Otto Lackman and James H. Goggin, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said Maurice S. Cohen was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 28th day of February, 1908, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 14, 1908.

MAURICE S. COHEN,
OTTO LACKMAN,
JAMES H. GOGGIN,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of KNOX PLACE, from Moshulu Parkway North to Gun Hill road, and GATES PLACE, from Moshulu Parkway North to Gun Hill road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court, bearing date the 31st day of October, 1907, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 16th day of December, 1907, a copy of which order was duly filed in the office of the Register of the County of New York, we, John P. Cohalan, Richard J. Barry and Roderick J. Kennedy, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said John P. Cohalan was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 28th day of February, 1908, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

February, 1908, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 14, 1908.

JOHN P. COHALAN,
RODERICK J. KENNEDY,
RICHARD J. BARRY,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of PLEASANT AVENUE (now Olin Avenue), from Gun Hill road to East Two Hundred and Nineteenth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court bearing date the 29th day of November, 1907, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 16th day of December, 1907, a copy of which order was duly filed in the office of the Register of the County of New York, we, John P. Cohalan, William Sexton and William F. Burroughs, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said John P. Cohalan was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 28th day of February, 1908, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 14, 1908.

Julius Langbein, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said J. C. Julius Langbein was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 27th day of February, 1908, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 13, 1908.
FREDERICK W. FUHRMAN,
J. C. JULIUS LANGBEIN,

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly line of TENTH AVENUE, between Fifth and Fifty-first streets, in the Borough of Manhattan, City of New York, duly selected as a site for a public library, according to law.

NOTICE IS HEREBY GIVEN THAT THE report of S. Stanwood Menken, Adam T. Schneider and Ezekiel R. Thompson, Commissioners of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 25th day of November, 1908, was filed in the office of the Board of Estimate and Apportionment on the 10th day of February, 1908, and a duplicate of said report was filed in the office of the Clerk of the County of New York on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the First Judicial District, at Special Term, Part III. thereof, to be held at the County Court House in the Borough of Manhattan, in The City of New York, on the 12th day of March, 1908, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, February 10, 1908.
FRANCIS K. PENDLETON,
 Corporation Counsel.
 Hall of Records, Borough of Manhattan, City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of LYVERE STREET, between Zerega avenue and West Farms road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York; FULLER STREET, between Zerega avenue and Seddon street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York; BUCK STREET, between Zerega avenue and Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York; MACLAY AVENUE, between Parker street and West Farms road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York; STEARNS STREET, between Glover street and Parker street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York; DORSEY STREET (Carroll lane or place), between Zerega avenue and Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 29th day of October, 1907, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York, on the 16th day of December, 1907, a copy of which order was duly filed in the office of the Register of the County of New York, we, William G. Draddy, Andrew J. Carson and Robert C. Wood

were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said William G. Draddy was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 26th day of February, 1908, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

f11,25

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY-SEVENTH STREET (although not yet named by proper authority), from Amsterdam Avenue to St. Nicholas Avenue (as laid out on the map by resolution adopted March 31, 1905), and from Broadway to Riverside Drive, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 2d day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 4th day of March, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 4th day of March, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of Amsterdam Avenue with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Seventy-sixth Street; running thence westerly along said prolongation and line parallel to West One Hundred and Seventy-sixth Street to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Buena Vista Avenue; thence southerly along said line parallel to Buena Vista Avenue to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Seventy-fifth Street; thence westerly along said line parallel to West One Hundred and Seventy-fifth Street and its westerly prolongation to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Riverside Drive; thence northerly along said line parallel to Riverside Drive to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Seventy-eighth Street; thence easterly along said westerly prolongation and line parallel to West One Hundred and Seventy-eighth Street and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Amsterdam Avenue; thence southerly along said line parallel to Amsterdam Avenue to the point or place of beginning; as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 23d day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 27, 1908.

JOSEPH ULLMAN,
 Chairman;
JOHN J. QUINLAN,
WILLIAM P. SCHMITT,
 Commissioners.
JOHN P. DUNN,
 Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SIXTY-THIRD STREET, between Amsterdam Avenue and St. Nicholas Avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 29th day of November, 1907, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 16th day of December, 1907, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the index of Conveyances, Block No. 2181, we, John C. Fitzgerald, Philip F. Donohue and Eugene Fay, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said John C. Fitzgerald was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the

area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 20th day of February, 1908, at 12:30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 6, 1908.
EUGENE FAY,
PHILIP F. DONOHUE,
JOHN C. FITZGERALD,
 Commissioners.
JOHN P. DUNN,
 Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SIXTY-THIRD STREET (although not yet named by proper authority), from Fort Washington Avenue to Riverside Drive, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 24th day of February, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of February, 1908, at 2 o'clock p. m.

Second—That the abstract of our said estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 3d day of March, 1908.

Third—That, pursuant to the notice heretofore given, when we filed our estimate of damage, the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe Road and the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-third Street; running thence westerly along said easterly prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Fort Washington Avenue; thence southerly along said parallel line to Fort Washington Avenue to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-second Street; thence westerly along said parallel line and its westerly prolongation to its intersection with a line midway between the easterly property line of the New York Central and Hudson River Railroad and Riverside Drive; thence northerly along said line midway between the easterly property line of the railroad and Riverside Drive to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-fourth Street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Fort Washington Avenue; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe Road; thence southerly along said parallel line to Edgecombe Road to the point or place of beginning.

Fourth—That, provided there be no objections filed to our said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 28th day of March, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to our said abstract of estimate of assessment for benefit, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the

Greater New York Charter, as amended by chapter 658 of the Laws of 1906.
Dated Borough of Manhattan, New York, January 31, 1908.

EDWARD J. MCGEAN,
Chairman;
JAMES M. TULLY,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of MOHEGAN AVENUE, between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court, bearing date the 7th day of November, 1907, and duly entered in the office of the Clerk of the County of New York, at his office, in the Borough of Manhattan, in The City of New York, on the 16th day of December, 1907, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block No. 2958, we, Frederick W. Hottenroth, Albert Elterich and John B. Reynolds, were appointed Commissioners of Estimate, for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said Frederick W. Hottenroth was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 17th day of February, 1908, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimants or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 1, 1908.

F. W. HOTTENROTH,
JOHN B. REYNOLDS,
ALBERT ELTERICH,
Commissioners.

JOHN P. DUNN,
Clerk.

f1,14

FIRST JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges necessary to be taken for the improvement of the waterfront of The City of New York on the North river, between West Fifteenth and West Eighteenth streets, and the easterly side of the marginal street, wharf or place, adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund, and the North river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, by virtue of an order of the Supreme Court, bearing date the 18th day of December, 1907, and filed and entered in the office of the Clerk of the County of New York on the 10th day of December, 1907, were appointed Commissioners of Estimate and Assessment in the above entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the uplands, and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges hereinafter described, and situated in the Borough of Manhattan in The City of New York, taken herein for the improvement of the waterfront on the North river, and which said uplands, and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges are described as follows:

Parcel No. 1.

All the rights of wharfage, incorporeal hereditaments, terms, easements, emoluments, privileges or other appurtenances of any kind whatsoever appurtenant to the bulkhead along the westerly side of Thirteenth avenue, extending from the northerly side of West Fifteenth street to the southerly side of West Sixteenth street.

Parcel No. 2.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly

side of West Fifteenth street, the southerly side of West Sixteenth street, the easterly side of Eleventh avenue and the easterly side of the marginal street, wharf or place as shown on the map or plan adopted by the Board of Docks on May 20, 1897, and approved by the Commissioners of the Sinking Fund on June 14, 1897, as altered and amended by the Board of Docks on January 14, 1898, and approved by the Commissioners of the Sinking Fund on March 11, 1898, as again altered and amended by the Board of Docks on July 19, 1901, and approved by the Commissioners of the Sinking Fund on July 31, 1901.

Parcel No. 3.

All the rights of wharfage, incorporeal hereditaments, terms, easements, emoluments, privileges or other appurtenances of any kind whatsoever appurtenant to the bulkhead along the westerly side of Thirteenth avenue, extending from the northerly side of West Sixteenth street to the southerly side of West Seventeenth street.

Parcel No. 4.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon in the block bounded by the northerly side of West Sixteenth street, the southerly side of West Seventeenth street, the easterly side of Eleventh avenue and the easterly side of Thirteenth avenue.

Parcel No. 5.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly side of West Sixteenth street, the southerly side of West Seventeenth street, the easterly side of Eleventh avenue and the easterly side of the marginal street, wharf or place as shown on the map or plan adopted by the Board of Docks on May 20, 1897, and approved by the Commissioners of the Sinking Fund on June 14, 1897, as altered and amended by the Board of Docks on January 14, 1898, and approved by the Commissioners of the Sinking Fund on March 11, 1898, as again altered and amended by the Board of Docks on July 19, 1901, and approved by the Commissioners of the Sinking Fund on July 31, 1901.

Parcel No. 6.

All the rights of wharfage, incorporeal hereditaments, terms, easements, emoluments, privileges or other appurtenances of any kind whatsoever appurtenant to the bulkhead along the westerly side of Thirteenth avenue, extending from the northerly side of West Seventeenth street to the southerly side of West Eighteenth street.

Parcel No. 7.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly side of West Seventeenth street, the southerly side of West Eighteenth street, the westerly side of Eleventh avenue and the easterly side of Thirteenth avenue.

Parcel No. 8.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly side of West Seventeenth street, the southerly side of West Eighteenth street, the easterly side of Eleventh avenue and the easterly side of the marginal street, wharf or place, as shown on the map or plan adopted by the Board of Docks on May 20, 1897, and approved by the Commissioners of the Sinking Fund on June 14, 1897, as altered and amended by the Board of Docks on January 14, 1898, and approved by the Commissioners of the Sinking Fund on March 11, 1898, as again altered and amended by the Board of Docks on July 19, 1901, and approved by the Commissioners of the Sinking Fund on July 31, 1901.

All parties and persons interested in the said uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges taken or to be taken for the said improvement of the water front of The City of New York, on the North river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401, on the fourth floor of the building, No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our said office, above specified, on the 18th day of February, 1908, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, or at such other or further times and places as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs or allegations as may then be offered by such owners, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, January 22, 1908.

CHAS. N. MORGAN,
ADAM WIENER,
JAMES SHELTON MENG,
Commissioners.

JOSEPH M. SCHENCK,
Clerk.

SUPREME COURT—SECOND DEPARTMENT.

SECOND JUDICIAL DISTRICT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of A PLAZA AT THE MANHATTAN BRIDGE TERMINAL, in the Borough of Brooklyn, City of New York, as the same was authorized by a resolution of the Board of Estimate and Apportionment, adopted on the 23d day of November, 1906, and amended by resolution dated the 21st day of December, 1906.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court House, Borough of Brooklyn, City of New York, on the 28th day of February, 1908, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Appraisal in the above entitled proceeding.

The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public at large, to the lands and premises, with the buildings thereon and appurtenances thereto belong-

ing, required for the purpose of a plaza at the Manhattan Bridge terminal, in the Borough of Brooklyn, The City of New York.

The description of the lands required for the purpose of said plaza, as aforesaid, is as follows:

(10) Beginning at a point formed by the intersection of the northerly side of High street and the easterly side of Jay street, and running thence along the easterly side of Jay street north two degrees forty-one minutes forty-four seconds east (N. 2 degrees 41 minutes 44 seconds E.) one hundred seventy and fifty-five hundredths (170.55) feet; thence south twenty-three degrees east (S. 23 degrees E.) one hundred eighty-nine and twenty-three hundredths (189.23) feet to the northerly side of High street; thence along the northerly side of High street north eighty-seven degrees nineteen minutes forty-three seconds west (N. 87 degrees 19 minutes 43 seconds W.) two hundred thirty-three and sixty-five hundredths (233.65) feet; thence north twenty-three degrees west (N. 23 degrees W.) two hundred twenty-eight and twenty-nine hundredths (228.29) feet to the southerly side of Sands street; thence along the southerly side of Sands street south eighty-seven degrees seventeen minutes thirty-six seconds east (S. 87 degrees 17 minutes 36 seconds E.) three hundred thirty-two and one hundredth (332.01) feet to the westerly side of Bridge street; thence along the westerly side of Bridge street south two degrees thirty-two minutes seventeen seconds west (S. 2 degrees 32 minutes 17 seconds W.) two hundred five and fifty-three hundredths (205.53) feet to the point of beginning.

(11) Beginning at a point formed by the intersection of the westerly side of Bridge street and the northerly side of High street, and running thence along the northerly side of High street north eighty-seven degrees nineteen minutes forty-three seconds west (N. 87 degrees 19 minutes 43 seconds W.) two hundred thirty-three and sixty-five hundredths (233.65) feet; thence north twenty-three degrees west (N. 23 degrees W.) two hundred twenty-eight and twenty-nine hundredths (228.29) feet to the southerly side of Sands street; thence along the southerly side of Sands street south eighty-seven degrees seventeen minutes thirty-six seconds east (S. 87 degrees 17 minutes 36 seconds E.) three hundred thirty-two and one hundredth (332.01) feet to the westerly side of Bridge street; thence along the westerly side of Bridge street south two degrees thirty-two minutes seventeen seconds west (S. 2 degrees 32 minutes 17 seconds W.) two hundred five and fifty-three hundredths (205.53) feet to the point of beginning.

(12) Beginning at a point formed by the intersection of the southerly side of High street and the easterly side of Jay street, and running thence along the southerly side of High street south eighty-seven degrees nineteen minutes forty-three seconds east (S. 87 degrees 19 minutes 43 seconds E.) one hundred four and sixty-six hundredths (104.66) feet; thence south twenty-three degrees east (S. 23 degrees E.) two hundred thirty and fourteen hundredths (230.14) feet to the northerly side of Nassau street; thence along the northerly side of Nassau street north eighty-seven degrees eleven minutes fifty-three seconds west (N. 87 degrees 11 minutes 53 seconds W.) two hundred four and forty-six hundredths (204.46) feet to the easterly side of Jay street; thence along the easterly side of Jay street north two degrees forty-one minutes thirty-seven seconds east (N. 2 degrees 41 minutes 37 seconds E.) two hundred six and ninety-six hundredths (206.96) feet to the point of beginning.

(13) Beginning at a point formed by the intersection of the southerly side of High street and the westerly side of Bridge street, and running thence along the westerly side of Bridge street south two degrees thirty-two minutes seventeen seconds west (S. 2 degrees 32 minutes 17 seconds W.) two hundred eight and eight hundredths (208.08) feet to the northerly side of Nassau street; thence along the northerly side of Nassau street north eighty-seven degrees eleven minutes fifty-three seconds west (N. 87 degrees 11 minutes 53 seconds W.) one hundred eleven and seventy-two hundredths (111.72) feet; thence north twenty-three degrees west (N. 23 degrees W.) two hundred thirty and fifty-nine hundredths (230.59) feet to the southerly side of High street; thence along the southerly side of High street south eighty-seven degrees nineteen minutes forty-three seconds east (S. 87 degrees 19 minutes 43 seconds E.) two hundred eleven and seventeen hundredths (211.17) feet to the point of beginning.

(14) Beginning at a point formed by the intersection of the easterly side of Jay street and the northerly side of High street, and running thence along the northerly side of High street south eighty-seven degrees nineteen minutes forty-three seconds east (S. 87 degrees 19 minutes 43 seconds E.) four hundred ninety-three and thirty-five hundredths (493.35) feet to the easterly side of Jay street; thence along the easterly side of Jay street north two degrees forty-one minutes and thirty-seven seconds east (N. 2 degrees 41 minutes 37 seconds E.) forty-seven (47) feet to the point of beginning.

Said lands are shown on a map entitled "Manhattan Bridge, Brooklyn Approach Property," signed by George E. Best, Commissioner of Bridges, and dated November 1, 1905, which map was filed in the office of the Department of Bridges on the first day of November, 1905, and in the office of the Register of the County of Kings on the first day of November, 1905, and the 20th day of December, 1904, respectively; also shown on a map of that portion of said property affected by these proceedings made by the Department of Bridges, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 28th day of February, 1907.

Dated Borough of Brooklyn, City of New York, the 13th day of February, 1908.

FRANCIS K. PENDLETON,
Corporation Counsel.
No. 166 Montague Street, Brooklyn, N. Y.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to HENRY STREET, from Ocean parkway to East Eighth street, in the Twenty-ninth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 12th day of November, 1907, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings, on the 7th day of December, 1907, and indexed in the Index of Conveyances in section 16, Blocks 5229a, 5230b, 5231a, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the

benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings, of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 3d day of March, 1908, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated, Borough of Brooklyn, The City of New York, February 6, 1908.

DAVID HIRSHFIELD,
A. I. NOVA,
CHAS. E. FISKE,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to MIDWOOD STREET, between Nostrand avenue and Kingston avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 12th day of November, 1907, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 7th day of December, 1907, and indexed in the Index of Conveyances in Section 15, Blocks 4796, 4797, 4798, 4801, 4802, 4803, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 4th day of March, 1908, at 3.30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, February 6, 1908.

SOLON BARBONELL,
ABRAHAM SILVERSTONE,
E. D. CHILDS,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of STAR AVENUE (although not yet named by proper authority), from Borden avenue to Howard street, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 21st day of February, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of February, 1908, at 10 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, esti-

mates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 3d day of March, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the southerly line of Borden avenue with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Star avenue; running thence southerly along said parallel line to Star avenue to its intersection with the southerly line of Howard street; thence westerly along said southerly line of Howard street to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Star avenue; thence northerly along said last mentioned parallel line to Star avenue to its intersection with the southerly line of Borden avenue; thence easterly along said southerly line of Borden avenue to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 7th day of May, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 28, 1908.

JAMES J. CONWAY,
Chairman;
JOHN W. GILL,
W. H. BRAWLEY,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HUNTER AVENUE (although not yet named by proper authority), from Nott avenue to Wilbur avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 21st day of February, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of February, 1908, at 4 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 3d day of March, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northeasterly line of Nott avenue and the centre line of the blocks between Jackson avenue and Hunter avenue; running thence northeasterly along said centre line and its prolongation to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of Hunter avenue; thence northerly along said parallel line to its intersection with the southerly line of Academy street; thence southwesterly along said line of Academy street to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of Hunter avenue; thence southwesterly along said parallel line to its intersection with the northeasterly line of Nott avenue; thence easterly along said line of Nott avenue to the point or place of beginning, excepting from said area all streets, avenues and roads, or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 7th day of May, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 28, 1908.

JOHN W. WEED,
Chairman;
FREDERICK T. HALLETT,
CONSTANTINE TIMONIER,
Commissioners.

JOHN P. DUNN,
Clerk.

SUPREME COURT—THIRD JUDICIAL DISTRICT.

THIRD JUDICIAL DISTRICT.

ULSTER COUNTY.

Ashokan Reservoir, Section 6, Town of Hurley, Ulster County.

In the matter of the application and petition of J. Edward Simmons, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905, and the acts amendatory thereof, in the town of Hurley, Ulster County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN that the first separate report of Edgar L. Fursman, Edward H. Nicoll and Charles B. Cox, who were appointed Commissioners of Appraisal in the above entitled matter by an order of this Court, made at a Special Term thereof, held at the Court House, in the City of Kingston, Ulster County, N. Y., June 29, 1907, was filed in the office of the Clerk of the County of Ulster on the 3d day of January, 1908, and affects parcels numbers two hundred and twenty-four (244), two hundred and twenty-six (226), two hundred and twenty-eight (228), two hundred and thirty (230), two hundred and thirty-seven (237), two hundred and forty-six (246), two hundred and forty-seven (247), two hundred and forty-nine (249), two hundred and fifty (250), two hundred and fifty-three (253), two hundred and fifty-six (256) and two hundred and sixty-seven (267), shown on the map in this proceeding.

Notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Third Judicial District, at the Court House, in the City of Kingston, Ulster County, N. Y., on the 15th day of February, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order confirming said report and for such other and further relief as may be just.

Dated New York, January 20, 1908.

FRANCIS KEY PENDLETON,
Corporation Counsel.

SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

HILL VIEW RESERVOIR.

Section No. 1.

In the matter of the application and petition of J. Edward Simmons, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905 and the acts amendatory thereof, in the City of Yonkers, Westchester County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN that the first separate report of George N. Rigby, Bernard F. Martin and James P. Appar, Commissioners of Appraisal herein, appointed on May 4, 1907, was filed in the office of the County Clerk of Westchester County on January 17, 1908.

Said report covers and includes the parcels of land designated on the map filed in the office of the Register of Westchester County on February 18, 1907, as Map No. 1700, designated thereon by the numbers 16, 18, 24, 47, 48 and 49.

Notice is further given that an application will be made at a Special Term of the Supreme Court, in and for the Ninth Judicial District, to be held at the Court House at White Plains, N. Y., on the 7th day of March, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as to the Court shall seem just and proper.

Dated February 6, 1908.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
