MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, December 2, 1908, at 10 a. m.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keefe.

The President, Mr. Frank L. Polk, presided.

The public hearing, which had been ordered on the proposed amendment of the rules and classification by including in the Non-Competitive Class, under the heading "Positions in the Hospitals for Contagious Diseases, Department of Health," the titles "Matron" and "Hospital Superintendent," was adjourned for one week.

A public hearing was had on the proposed amendment of clause 8 of Rule XV. Mr. Goodwin, of the Civil Service Reform Association, spoke in favor of the proposed amendment, and there being no opposition, the Chair declared the hearing closed.

After the Commission had gone into regular session the minutes of the meeting held November 24 were approved.

On motion, it was

Resolved, That clause 8 of Rule XV. of the Civil Service Rules, as prescribed and established December 4, 1903, be and the same hereby is amended to read as follows:

"8. The entries upon an efficiency record shall be made under the direction of a Board of Promotions, to be established in each department, which shall consist of not less than three superior officers or employees of such department, who shall be designated for such purpose by the appointing officer therein, subject to confirmation by the Commission. Such entries shall be based upon reports submitted by the administrative officer most closely in touch with the work of the officer or employees to be rated, and shall be made at stated periods and at least quarterly. Where the entries are made quarterly, they shall be made on or about the first day of January, April, July and October of each year and shall be a record for the quarter immediately preceding. The following terms shall be employed to indicate the degree of efficiency: (a) Far above the average; (b) Above the average; (c) Average; (d) Below the average; (e) Far below the average. A transcript or summary of such record shall be furnished to the Commission annually in a form to be prescribed by the Commission, which shall contain the certification of the appointing officer that the entries on such record were made in accordance with the provisions of this rule; and whenever the Commission so requires, like certification of the full record of each candidate shall be furnished by the appointing officer in advance of a particular examination. For periods of service prior to the establishment, or in the absence of any such record, such rating shall be based on such certificates, covering the several elements of service herein specified, in such forms as the Commission may require.

"Whenever, in the judgment of the Chief Examiner, more exact information is required, for the purposes of such rating, than that given in any summary, the original record may be consulted in such case. Such records shall be open either to the Chief Examiner or to any examiner designated by him, and at reasonable times to any officer or employee whose conduct is noted therein."

On the recommendation of the Committee on Transfers the following transfers were approved:

Margaret Cloonan, from the position of Cleaner (non-competitive class) in the Department of Correction to that of Cleaner (labor class) in the office of the President of the Borough of Brooklyn, she having passed a physical examination in the office of the Commission on the occasion of her transfer to the Department of Correction on June 12, 1908, pursuant to the provisions of Chapter 637 of the Laws of 1907.

1169. William J. McAuliffe, Clerk, first grade (\$300 per annum), from the Tenement House Department to the Department of Finance (Auditing Bureau).

1177. John Brady, from the position of Keeper in the Department of Correction to that of Court Attendant in the Third District Municipal Court, Borough of Manhattan.

1178. Alexander V. Gallogly, Topographical Draughtsman, from the Department of Taxes and Assessments to the Board of Water Supply.

1179. Miss Mary A. Cullum, from the position of Clerk, second grade (\$750 per annum), to that of Stenographer and Typewriter, second grade (\$750 per annum), in the Department of Education, she having been appointed from the eligible list for the latter position.

On the recommendation of the Committee on Transfers the following transfer was disapproved:

1180. James H. Brady, Inspector of Carpentry and Masonry, from the Board of Education to the Bureau of Buildings, Borough of Brooklyn, there being one veteran on the preferred list for that position who was laid off from the Board of Education.

On the recommendation of the Committee on Reinstatements the following reinstatement was approved:

Francis J. Daly, in the position of Watchman, with salary at the rate of 25 cents an hour, in the Department of Bridges, he having resigned from a similar position on July 7, 1908.

The President presented the following report on transfers, reinstatements, etc., in the labor class, acted upon by him:

Transfers Approved.

William M. Fagan, from Driver, Department of Street Cleaning to Dock Laborer, Department of Docks and Ferries.

Peter Merli, from Dock Laborer to Deckhand, Department of Docks and Ferries.

James Hines, from Hostler to Marine Stoker, Fire Department.

John J. Dempsey, from Rigger to Laborer, office of the President of the Borough of Queens.

William Bossler, from Rigger to Laborer, office of the President of the Borough of Queens.

Philip Schehr, from Assistant Gardener to Laborer, office of the President of the Borough of Queens.

Lawrence Cummings, from Assistant Gardener to Laborer, office of the President of the Borough of Queens.

John J. Finnin, from Driver to Stableman, Department of Street Cleaning.

Frank Gombo, from Sweeper to Driver, Department of Street Cleaning.

Morris Grossman, from Sweeper to Driver, Department of Street Cleaning.

Reinstatements Approved.

Joseph Turley, Laborer, Department of Bridges.

Patrick S. Cahill, Marine Stoker, Department of Docks and Ferries.

Michelangelo Inglese, Sweeper, Department of Street Cleaning.

Reassignments Approved.

Joseph Leman, Riveter, Department of Bridges.

David Wilson, Dock Laborer, Department of Docks and Ferries.

William H. Sharrott, Laborer, office of the President of the Borough of Richmond.

John Bechayn, Sweeper, Department of Street Cleaning.

Tomasso Vene, Stoker, Department of Water Supply, Gas and Electricity.

Applications Granted.

Request of the Commissioner of Parks, Boroughs of Brooklyn and Queens, dated November 23, for approval of his action in rescinding the dismissal of Thomas Lally, Park Laborer, on November 9, 1908.

Request of the Commissioner of Parks, Boroughs of Brooklyn and Queens, dated November 28, for approval of his action in rescinding the dismissal of Michael J. Hynes, Park Laborer, on November 16, 1908.

Application Denied.

Request of the President of the Borough of Richmond for authority to grant Charles Hains an additional leave of absence for thirty days, without pay, as such action would conflict with the provisions of clause 2 of Rule XIII.

The report was adopted.

On recommendation of the President, to whom the following appeals had been referred at previous meetings, the same were denied:

Thomas Daley, No. 12 Bremen street, Brooklyn, candidate for Inspector of Light and Power.

William H. O'Rourke, No. 2417 Eighth avenue, candidate for Inspector of Meters and Water Consumption.

Thomas F. Farnan, No. 548 Fifty-eighth street, Brooklyn, candidate for Clerk, Board of Water Supply.

Herbert D. McEwen, No. 305 East Fifty-first street, candidate for Clerk, Board of Water Supply.

On the recommendation of the President, to whom the matter had been referred at a previous meeting, the appeal of D. J. Lynch, No. 327 Eighth street, Brooklyn, candidate for Court Attendant, for a special examination in arithmetic, was granted, he having produced evidence that he had been required to be in court at 1 o'clock on the day of the examination to serve as a jurymen on the Sheriff's Jury.

On the recommendation of the President, to whom the matter had been referred at a previous meeting, the appeal of Alexander Rosenberg, No. 1988 Second avenue, that his name be taken from the "black list," was denied, for the reason that it was less than two years since he had been dismissed from a position in the City service.

The appeal of George E. Hopkins, No. 229 Duffield street, Brooklyn, for a re-rating of his papers in the examination for Searcher was denied on the report of the Assistant Chief Examiner that no error of marking or rating had been pointed out.

On motion, the appeal of John O'Neill for a special mental examination for promotion to the rank of Sergeant of Police was granted, he having furnished satisfactory proof that he was subpoenaed to appear in court on the day of the general examination.

On motion the appeal of Paul O. L. Zeigler for a special mental examination for promotion to the rank of Sergeant of Police was granted, he having submitted satisfactory proof that he was prevented by the Department of Health from attending the general examination owing to the fact that scarlet fever had broken out in his family.

On motion, the appeal of James Russo for a special mental examination for promotion to the rank of Sergeant of Police was granted, he having furnished satisfactory proof that he had been sent out of the City on police duty at the time of the general examination.

On motion, the appeal of Frederick J. Wilday for a special mental examination for promotion to the rank of Sergeant of Police was granted, he having submitted satisfactory proof that the injuries which prevented him from attending the general examination had been sustained in the performance of police duty.

On motion, it was

Resolved, That the action of the Commission taken on October 7 in directing that Francis E. V. Dunn and William H. Doherty be granted a special examination for promotion to Deputy Assistant Corporation Counsel, on the ground that they had been absent from the City on vacation at the time of the general examination be and the same hereby is rescinded and the appeals of the said candidates for a special examination are hereby denied for lack of power.

On the recommendation of the President, to whom the matter had been referred at a previous meeting, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the Commissioner of Public Charities be and he hereby is authorized to continue the employment of Mr. J. H. McDonald, who was excepted from examination on February 26, 1908, pursuant to paragraph 6 of Rule XII., to superintend the completion of the Municipal Lodging House, situated on East Twenty-fifth street, Borough of Manhattan, for an additional period of eighteen (18) weeks with compensation at the rate of \$40 a week; provided, however, that his total compensation for the services rendered shall not exceed \$2,190.

On motion of the President, to whom the matter had been referred at a previous meeting, the request of the Commissioner of Water Supply, Gas and Electricity for approval of the change of title of John F. Bussing, George Sheridan, Nicholas I. Clarkin and Charles E. Keefe to Inspector of Electricity and Gas was denied for the reason that the said persons had never passed an examination similar in scope to that for the position to which transfer was sought.

Communications were presented from the Chief Examiner, dated November 25 and November 28, respectively, forwarding reports from Examiner Bonnett and Examiner Ihseng recommending that the positions of Stationary Engineer and Marine Engineer be graded in accordance with the character and importance of the work performed by the incumbents. The matter was laid over pending the receipt of a report from Examiner Murray as to whether the recommendations would conflict in any way with the plans outlined for promotion examinations.

A communication was presented from the Chief Examiner, dated November 25, stating that the applications of John H. Bleidner (34,707 and 35,330) for the position of Patrolman had been rejected, the first for the reason that he was under age, and the second, in which he gave a different date of birth, for that reason and also under Rule VII. on account of a false statement, he stating that he never before had applied for the position, when he had put in an application (34,707) two weeks previously. The action of the Chief Examiner was approved.

A report was presented from Mr. Rafferty, Examiner, dated November 25, in relation to the birth certificate furnished by Helen C. Merkel, No. 24 Morton street, applicant for Stenographer and Typewriter, in which the date of birth was given as July 18, 1889. The Secretary stated that the candidate had through error given the date of birth in her application as July 18, 1890, which made her under the minimum age fixed for that position. On motion, the Secretary was instructed to direct the candidate to correct the date of birth in her application so that the same would correspond with that given in the certificate furnished.

A report was presented from Mr. Rafferty, Examiner, in relation to Litchfield F. Moynahan, of No. 226 Forty-eighth street, Brooklyn, candidate for Searcher, whose age had been questioned by the Secretary of the Civil Service Reform Association, and stating that the candidate had procured a transcript from the baptismal register of St. Michael's Church, Brooklyn, which showed that he attained the age of 21 at the time of filing his application. The matter was referred to the President.

A report was presented from Mr. Rafferty, Examiner, dated November 25, in relation to the case of Patrick J. McNulty, of No. 168 Alexander avenue, The Bronx, a candidate for Patrolman (31,796). It appeared that the Commission had challenged the genuineness of the baptismal certificate furnished by the candidate, so on September 16, 1908, the Secretary had written to the pastor of St. Joseph's Church, Locust Gap, Pa., making the same, and that his letter was not answered; that on November 6, 1908, the Examiner had written asking as to the certificate, and that on November 10 he had received a reply stating that the dates given in the certificate were correct. On motion, the Secretary was directed to mark the candidate qualified on the eligible list of Patrolman and to permit him to correct the date of birth given in his papers where in error.

Mr. William A. Horton, Commissioner of Deeds, City of New York, then appeared before the Commission, as requested, to explain why he had signed the name of Walter L. Blackhall to the latter's application for Laboratory Assistant. Mr. Horton stated that he had signed the candidate's name inadvertently after having taken his affidavit and without any intention deceiving the Commission. The explanation being satisfactory to the Commission and the candidate having re-signed his application and sworn to the same, the papers were ordered filed.

A report was presented from the Certification Clerk, dated November 27, stating that the Appointed Commissioners had requested the certification of an eligible list from which to appoint one Inspector of Masonry for assignment at the Croton Falls Division, at a salary of \$450 a day, and requesting instructions as to the method of certifying in view of the fact that there was not only a preferred list in existence for Inspector of Masonry Construction, but also one for Inspector of Carpentry and Masonry, which included the name of a veteran. On motion, the Secretary was directed to certify the veteran from the latter list.

The Secretary submitted for the approval of the Commission his reply to the letter of the Secretary of the State Commission of Prisons, Albany, N. Y., dated November 27, in the matter of the report of the inspection of the Branch Workhouse on Harts Island made by the Standing Committee of the Commission, and their inquiry as to the advisability of bringing the positions of Hospital Helper and Orderly within the Civil Service Rules as to examinations. The report of the Secretary was approved. On motion, it was

Resolved, That where there are less than three persons employed in a grade in any bureau of a City department, no promotion examination shall be held except at the request of the head of the department in accordance with the provisions of paragraph 9 of Rule XV.

A report was presented from the Chief Examiner, suggesting subjects and weights for the examinations for Nurse, Bacteriologist and Dietitian, and stating that it seemed desirable that, before setting dates for the examinations, an outside expert should be engaged. The matter was referred to the President.

A report was presented from Mr. Murray, Examiner in Charge of the Promotion Bureau, dated November 30, in relation to the request of the Fire Commissioner that certain designated employees of the Fire Alarm Telegraph Bureau in the Borough of Richmond should be examined for promotion to the position of Telegraph Operator, and stating that as no reason had been advanced for holding a special examination for the Borough of Richmond, the examination, in his opinion, should be open to all eligible employees of the entire department. The Secretary was directed to inform the Fire Commissioner of the report of the Examiner and to request a reply thereto.

A communication was presented from the President of the Borough of Queens, dated November 16, stating that, pursuant to a peremptory writ of mandamus in the matter of the People of the State of New York ex rel. Thomas J. McGraw vs. the President of the Borough of Queens, the said Thomas J. McGraw had been reinstated in the position of "Clerk to the President of the Borough of Queens." The Secretary was directed to note the reinstatement on the records of the office.

A letter was presented from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated November 24, requesting that the name of Miss Catherine Jennings, employed as a Cottage Attendant in that department, be changed on the records of the Commission to Mrs. Catherine Callahan. The Secretary was directed to note the change of the name on the records.

A letter was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, dated November 24, stating that Miss Florence Balcock was the only Typewriting Copyist employed in the Department, and requesting that she be permitted to enter the coming promotion examination for Stenographer and Typewriter of the third grade. The letter was referred to the Promotion Bureau for a report.

The request of the Court of Special Sessions, First Division, that an examination be held to qualify the Process Servers employed in that Court for change of title to Clerk, for the purpose of filling a vacancy in the latter position in the office of the Children's Part of said Court at a salary of \$1,650 per annum, was referred to the President.

A letter was presented from the President of the Borough of The Bronx, dated November 24, requesting an examination for promotion from the position of Cleaner to that of Telephone Operator in his department. The request was denied for the reason that the duties attached to the lower position were not such as would naturally and properly fit such employees for promotion to the position of Telephone Operator within the meaning of paragraph 2 of Rule XV.

A letter was presented from the President of the Borough of The Bronx, dated November 24, requesting an examination for promotion from the position of Driver to that of Attendant in his department. The request was granted.

On motion of the President, the Secretary was directed to advertise a public hearing on the proposed amendment of the classification by including in the Exempt Class a Second Deputy Clerk of the Court of Special Sessions.

A letter was presented from the President of the Borough of Richmond, dated November 4, requesting to be permitted to recall his notice of the laying off of John J. Burke, Inspector of Sewer Construction, on November 2, and stating that it was his desire to grant to Burke thirty days' leave of absence without pay, commencing November 7. The Secretary was directed to amend the records accordingly.

The following leaves of absence without pay were approved, it appearing from the doctors' certificates furnished that the same were required on account of illness: William J. Cunningham, Assistant Engineer, office of the President of the Borough of The Bronx; additional leave of two weeks from December 1, 1908.

Miss Lillian Horwitz, Stenographer and Typewriter, Board of Water Supply; two months from October 16, 1908.

On motion, the appointment of John Wagner, of Cold Spring, N. Y., as a Mining Blacksmith in the Board of Water Supply was approved, pursuant to the provisions of paragraph 7 of Rule XII.

The Secretary presented a supplementary payroll of the office of the President of the Borough of Brooklyn, amounting to \$80, in favor of John Goergen, covering a period of twenty days between May 4 and May 26, during which he had been suspended from the position of Inspector of Sewer Construction upon charges which, after the necessary hearing, had been dismissed. The Secretary was directed to certify the payroll.

The Secretary presented a payroll from the Police Department amounting to \$707.40, covering full pay granted Patrolman Charles Baer for time lost on account of illness. The Secretary was directed to attach the certificate of the Commission to the payroll.

A letter was presented from Deputy and Acting Comptroller McCooy, dated November 27, requesting that the payroll of Miss Elizabeth L. Reilly, a Temporary Clerk employed in the Division of Real Estate, be approved up to and including November 25. The Secretary stated that Miss Reilly's employment had been authorized by the Commission for a period of two months from September 2, and that her services should have been terminated on November 2. On motion, the request was granted.

A letter was presented from the Superintendent of the Brooklyn Disciplinary Training School for Boys, dated November 28, requesting approval of the emergency appointment of Roger Lee, of No. 798 Second avenue, Astoria, as Stationary Engineer for a period of seven days, pending the making of a permanent appointment from the eligible list. The appointment was approved.

A letter was presented from the Secretary of the Borough of Manhattan, dated November 30, requesting that Cornelius J. McCauley, Messenger, employed in that Department, be permitted to qualify in the forthcoming examination for change of title to Clerk of the third grade. The request was granted.

A letter was presented from the President of the Borough of Queens, dated November 28, requesting approval of a leave of absence, without pay, granted Louis W. Spencer, Assistant Engineer in the Topographical Bureau, for a period of six months beginning December 1. The Secretary stated that the name of the said employee had been on the payroll with "no time" since October 1, 1908. The Secretary was directed to request the Borough President to inform the Commission of the reason for granting the additional leave of absence.

The request of the Department of Water Supply, Gas and Electricity, under date of November 29, for permission to continue the services of Miss Elizabeth Kinn, Temporary Clerk, for an additional period of thirty days, beginning December 3, was granted.

The Secretary presented for consideration vouchers from the Commissioners of Accounts for services rendered by D. W. Krehlitz in designing, etc., amounting to \$20, and by Mr. J. W. Whitehead, Jr., as an expert Inspector, amounting to \$100, and requested instructions regarding the certification of same. On motion, the Secretary was directed to certify the vouchers in accordance with paragraph 6 of Rule XII.

Letters were presented from the Commissioners of Accounts, dated November 25 and November 30, respectively, requesting approval of the emergency appointment of the following named persons as fourth grade Accountants, with salary at the rate of \$2,300 per annum each; also nominating the said persons for examination to qualify them for provisional appointment, pending the preparation of an eligible list:

George R. Hilly, No. 678 Sixth avenue, Brooklyn.
Helmuth Sommer, Jr., No. 471 Forty-first street, Brooklyn.
Charles S. Leonard, No. 427 West Twenty-second street.
Albert P. Dillman, No. 534 West One Hundred and Seventy-eighth street.

Walter B. B. Drake, No. 227 Waverly place.

Joseph H. Dorn, care Commissioners of Accounts.

On motion, the emergency appointment of the said persons was approved for a period of fifty days, pursuant to paragraph 4 of Rule XII, and the Secretary was directed to proceed with the requisite non-competitive examination to qualify them for appointment pursuant to the provisions of paragraph 3 of Rule XII.

On motion, it was

Resolved, That the Secretary proceed with an open competitive examination for Accountant, fourth grade.

The report of the Departmental Board of Examiners for positions in the non-competitive class in the Department of Public Charities, dated November 23, was approved on the recommendation of the Chief Examiner.

The Secretary presented for consideration two applications for promotion from the position of Trained Nurse to that of Supervising Nurse, in the Metropolitan Training School and the Kings County Hospital, Department of Public Charities, respectively. On motion, the applications were accepted and the Secretary was directed to proceed with the promotion examination at an early date.

A letter was presented from the President of the Metropolitan Sewerage Commission, dated December 1, stating that Mr. John P. Fox, who had been exempted from examination by the Commission, pursuant to paragraph 6 of Rule XII, to serve as an expert Statistician in that office, had been granted a leave of absence without pay for a period of thirty days, being the month of November; that it was the desire of Mr. Fox and of the Commission that the leave of absence should be extended for another month, or until January 1, 1909, provided that the matter meet with the approval of the Civil Service Commission, and that Mr. Fox might resume his duties under the same conditions at the expiration of the period. On motion, the Secretary was directed to authorize the additional leave.

A letter was presented from the Police Commissioner, requesting the transfer of Benjamin Link from the position of Police Doorman, in his department, to that of Patrolman, on the ground that the said employee had not been over thirty years of age at the time of the promulgation of the eligible list of Patrolmen upon which his name appeared, and that he had therefore been entitled to appointment as Patrolman at that time. The Secretary stated that according to the date of birth given by the candidate in his application he had been over thirty at the time of the promulgation of the eligible list, and, therefore, by special action of the Commission, his name had been placed upon a special list for Police Doorman and certified for appointment to that position, which he had accepted. The matter was referred to the Examiners for investigation.

A letter was presented from the Acting Chief Clerk of the Board of Elections, dated November 15, stating that Miss Mary G. Manahan, of No. 312 Greene avenue, Brooklyn, who had been appointed as a Temporary Clerk in that department and assigned to the Borough of Queens, had found the distance from her residence so great that she had been obliged to relinquish the position, and requesting that her name be restored to the preferred list. The request was granted.

A letter was presented from Charles Hanlon, Secretary of Local Union, No. 319, National Union of Steam Engineers, requesting the Commission to cause the heads of the various City departments to designate steam engineers by their proper title, and stating that it was a common practice of the heads of departments to designate them by the title of "Engineman," notwithstanding the fact that the Commission had changed the title in its classification to read "Stationary Engineer." The Secretary was directed to communicate with the heads of departments employing stationary engineers and request them to so designate the said employees upon the payrolls.

The request of Dr. I. S. Wechsler, of No. 61 East Third street, that the requirement of citizenship be waived in his case and his application for Chemist accepted, was denied.

A letter was presented from Charles A. Hansen, of President street and Buffalo avenue, Brooklyn, candidate for Fireman, stating that on May 13, 1908, he had appeared before the Fire Surgeons to be examined physically and had been rejected for heart trouble and requesting the Commission to grant him a re-examination and restore his name to the eligible list for future certification. The request was denied.

The following requests for restoration to the eligible lists indicated were granted: Morris Bornstein, No. 1726 Lexington avenue, Watchman (for appointment at 28½ cents an hour). Stated that when he declined that salary he was in business, but had since met with reverses.

Samuel D. Riley, No. 11 Elton street, Brooklyn, Stationary Engineer and Janitor Engineer. Stated that he never received notice from the Department of Docks and Ferries.

Bert E. Odell, No. 132 Winthrop street, Brooklyn, Temporary Clerk. Stated that on October 23, 1908, he had replied to a notice from the Board of Elections to the effect that he was then employed as a Temporary Clerk in the Department of Finance, and consequently was unable to accept the proffered appointment.

James Leahy, No. 1705 Second avenue, Clerk, first grade. Stated that he declined appointment in the Tenement House Department on account of illness. (Doctor's certificate.)

The request of Bartley M. Gillen, of No. 102 Wyona street, Brooklyn, that he be restored to eligibility for appointment to the position of Janitor (Steam Heating) at a salary of \$1,848 per annum, was denied, it appearing from the records that he had declined appointment at that salary in the Board of Education on April 8, 1908, on the score of insufficient compensation.

On motion, the Secretary was directed to extend the receipt of applications for the forthcoming examination for Patrolman to December 31, 1908, at 4 p. m.

The Commission then adjourned to meet Wednesday, December 9, 1908, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

THURSDAY, JANUARY 7, 1909.

For CONTRACT 36 for the construction of the NORTH HALF OF THE WALLKILL PRESSURE TUNNEL, a tunnel in rock crossing under the valley of the Wallkill River, with three shafts 350 to 480 feet in depth, and a short stretch of plain concrete conduit known as cut-and-cover aqueduct; and for CONTRACT 37 for the construction of the SOUTH HALF OF THE WALLKILL PRESSURE TUNNEL, with three shafts 350 to 400 feet in depth, and a short stretch of plain concrete conduit, known as cut-and-cover aqueduct. The pressure tunnel will be circular, 14½ feet inside diameter, and the aqueduct 17 feet high by 17½ feet wide inside. The work is located in the Towns of New Paltz and Gardiner, Ulster County, N. Y.

Bids or proposals are invited for each contract separately and for both contracts combined. Any bidder may make a bid for either contract or for the two contracts combined. A separate form of proposal will be furnished for the purpose of the combined bid.

The Board may reject any or all bids. An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. Two or more bonds, the aggregate amount of which shall be four hundred and fifty thousand dollars (\$450,000) under each contract, will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of fifty thousand dollars (\$50,000) for each contract. Only one check for each contract will be required, whether bids are submitted for the contracts separately or combined.

Time allowed for the completion of the work under each contract is 42 months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,
Commissioners of the Board of Water Supply,
J. WALDO SMITH, Chief Engineer,
THOMAS HASSETT, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled. No application will be accepted at the office of the Commission, by mail or otherwise, after the closing hour for the receipt of same set forth in the advertisement.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission, Room 1119.

The Commission cannot guarantee that applications mailed in response to written requests will be received in time to permit of their being prepared and filed prior to closing hour.

All notices of examinations will be posted in the office of the Commission, and advertised in the CITY RECORD for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Specimen questions of previous examinations may be obtained at Room 1108.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

THIRTIETH WARD, SECTION 18.

GATING PLACE—REGULATING, GRADING, CURBING, RECURBING, PAVING AND REPAVING THE SIDEWALKS, between

Eighty-sixth and Ninety-second streets. Area of assessment: Both sides of Gating place, from Eighty-sixth to Ninety-second street, and to the extent of half the block at the intersecting streets.

THIRTY-FIRST WARD, SECTION 21.

WAREHOUSE AVENUE—REGULATING, GRADING, CURBING, RECURBING AND LAYING CEMENT SIDEWALKS, between Surf and Neptune avenues. Area of assessment: Both sides of Warehouse avenue, from Surf to Neptune avenue, and to the extent of half the block at the intersecting avenues.

—that the same were confirmed by the Board of Revision of Assessments on December 31, 1908, and entered on December 31, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon or before March 1, 1909, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK KNOWN AS THE FIRST WARD OF THE BOROUGH OF QUEENS, FORMERLY KNOWN AS LONG ISLAND CITY, FOR UNPAID ASSESSMENTS AND ACCRUED INTEREST THEREON.

City of New York, Department of Finance, Office of the Bureau for the Collection of Assessments and Arrears of Taxes, Assessments and Water Rents, Stewart Building, No. 280 Broadway, Borough of Manhattan, December 1, 1908.

UNDER THE DIRECTION OF HERMAN A. Metz, Comptroller of the City of New York, the undersigned hereby gives public notice, pursuant to the provisions of law respectively, as stated under the titles of assessments for local improvements, as hereinafter particularly set forth:

That the respective owners of the lands and tenements within that part of The City of New York now known as the First Ward of the Borough of Queens, formerly known as Long Island City, on which assessments for local improvements have been laid and confirmed according to law and now remain unpaid, are required to pay the amount of the assessment or assessments so due and remaining unpaid to the Collector of Assessments and Arrears, at his office in the Department of Finance, Hackett Building, Jackson avenue and Fifth street, Long Island City, Borough of Queens, together with interest thereon at the rate of ten per centum per annum to the time of payment.

The titles of the said assessments and the provisions of law under which this notice is given, and the said sale will be held are as follows:

Improvement of Jackson avenue, in the Second, Third and Fourth Wards of Long Island City; confirmed February 24, 1893. Pursuant to chapter 431, Laws of 1889; chapter 229, Laws of 1891; chapter 526, Laws of 1892; chapter 656, Laws of 1886, and section 937 of the Greater New York Charter.

Opening, widening and improvement of Vernon avenue, in the Third Ward, and the Boulevard, in the Fourth Ward of Long Island City; confirmed February 24, 1893. Pursuant to chapter 431, Laws of 1889; chapter 229, Laws of 1891; chapter 526, Laws of 1892; chapter 656 of the Laws of 1886 and section 937 of the Greater New York Charter.

Opening, widening and improvement of Steinway avenue, from Jackson avenue to Winthrop avenue; confirmed February 19, 1881. Pursuant to chapter 543, Laws of 1880, and of the acts amendatory thereof and supplemental thereto; chapter 656 of the Laws of 1886, and section 937 of the Greater New York Charter.

Opening, widening, straightening and improving of Grand avenue and Main street, in Long Island City; confirmed April 1, 1892. Pursuant to chapter 514, Laws of 1890, and chapter 466, Laws of 1901; chapter 656, Laws of 1886, and section 937 of the Greater New York Charter.

Widening and improvement of Flushing avenue, from Van Alst avenue to the easterly boundary line of Long Island City. First assessment confirmed November 23, 1881. Second assessment confirmed January 19, 1885. Pursuant to chapter 410, Laws of 1878, and of the several acts amendatory thereof and supplemental thereto; chapter 656, Laws of 1886, and section 937 of the Greater New York Charter.

Sewering, paving and improvement of Fulton avenue and Main street, from Astoria Ferry to and across Van Alst avenue to Flushing avenue, in Long Island City; confirmed April 11, 1881. Pursuant to chapter 569, Laws of 1880, and of the several acts amendatory thereof and supplemental thereto; chapter 656, Laws of 1886, and section 937 of the Greater New York Charter.

And if default shall be made in such payment the said lands and tenements will be sold at public auction at the Borough Hall, Hackett Building, Jackson avenue and Fifth street, in the First Ward (formerly Long Island City), of the Borough of Queens, of The City of New York, on

at 1.30 p. m., for the lowest term of years for which any person or persons shall offer to take the same in consideration of advancing the

amount of the said assessment or assessments, together with the interest so due and unpaid; or if no person shall so offer to purchase, then in fee simple to the highest bidder; and such sale shall be continued from time to time until all the lands and tenements, as advertised for sale, shall be sold.

And notice is hereby further given that there has been published in pamphlet form a list of the several parcels of real estate so to be sold, in the same manner substantially as the same are described in the assessment rolls in which said assessments are imposed thereon, together with the name of the person to whom such real estate is assessed and the amount of the assessment assessed thereon in separate columns, which will be open to public inspection in the offices of the Collector of Assessments and Arrears, in the Department of Finance, that are situated respectively in the Boroughs of Manhattan and Queens, at the respective addresses hereinbefore stated, for a period of six weeks before said sale, and will be delivered free of all costs or charges to any person applying for same.

DANIEL MOYNAHAN, Collector of Assessments and Arrears of The City of New York.

The Board of Assessors has levied and assessed the foregoing assessments in twenty equal annual installments:

The "Sixth Installment" in each case is now due and payable, and hereafter for fourteen years an amount equal to one of the aforesaid annual installments, with interest, shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Sixth Installment" entered on December 29, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the sixth installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 27, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE.

DEPRESSION OF A PORTION OF THE ROADWAY OF FORTY-SECOND STREET AT FIFTH AVENUE, BOROUGH OF MANHATTAN.

PUBLIC NOTICE IS HEREBY GIVEN that the Board of Estimate and Apportionment, having under consideration the depression of the central portion of the roadway of Forty-second street, permitting a portion of the said roadway to pass under Fifth avenue, avoiding thereby the present obstruction to travel on both of these streets, will give a public hearing upon this proposed change of grade of the central portion of said Forty-second street, in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, on Friday, January 15, 1909, at 10.30 o'clock in the forenoon.

This proposed depression is to cover a width of thirty-two (32) feet in the centre of the roadway already widened to sixty-eight (68) feet by an ordinance adopted by the Board of Estimate and Apportionment on December 18, 1908; the depression to begin at a point about forty (40) feet west of the westerly line of Madison avenue and to extend to a point about four hundred and fifty (450) feet west of the westerly line of Fifth avenue. The portion within the lines of Fifth avenue and for about twenty (20) feet each side of the same is to be covered; all of which is more particularly shown on a plan, dated November 16, 1908, entitled

"Board of Estimate and Apportionment, City of New York. Plan for carrying through traffic on Forty-second street in a depressed roadway."

Said plan showing elevations and rates of grade is signed by the Chief Engineer of the Board of Estimate and Apportionment, and can be seen at the office of the Board of Estimate and Apportionment, No. 277 Broadway, Borough of Manhattan, New York City.

Dated January 4, 1909.

No. 277 Broadway, Room 1406.

Telephone, 2280 Worth.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on December 4, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to a sewer easement, from a point on Bay street, between Sylvia lane and Sylvan terrace, to the pierhead line of New York Bay, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the easement required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line distant 75 feet northerly from and parallel with the northerly line of Sylvan terrace, the said distance being measured at right angles to the line of Sylvan terrace; on the east by the westerly line of Bay street, and by the prolongation of the said line; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Pennsylvania avenue, the said distance being measured at right angles to the line of Pennsylvania avenue; and on the west by a line distant 100 feet easterly from and parallel with the easterly line of New York avenue, the said distance being measured at right angles to the line of New York avenue. None of the streets named has been placed upon the City map, and any reference to street lines is intended to apply to those determined by usage and as commonly recognized.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 15th day of January, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 15th day of January, 1909.

Dated January 2, 1909.

Beginning at a point on a line midway between East Fifth street and Ocean parkway, where it

nue. The said route, with switches, crossovers and terminal loop hereby authorized, are shown upon a map entitled: "Amended map showing proposed railway of the Third Avenue Railroad Company in the Borough of Manhattan, City of New York, to accompany petition to the Board of Estimate and Apportionment, of June 2, 1908," and signed by F. W. Whitridge, Receiver, Edward A. Maher, General Manager, and T. F. Mullany, Chief Engineer, dated New York, November 27, 1908, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed; provided, that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within thirty (30) days from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time the Company shall, within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for a term not exceeding three (3) years, provided that if the Company shall make application to the Board, then the Board may extend the term of said right and privilege upon the same terms and conditions herein fixed for a further period not exceeding two (2) years.

Third—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of three hundred dollars (\$300) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the term of this grant, whether for a term of three years or an extension of such term for a further period of two years, on application of the Company, as herein provided, an annual sum which shall in no case be less than one thousand one hundred dollars (\$1,100), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of one thousand one hundred dollars (\$1,100).

The gross receipts mentioned above shall be that portion of the gross earnings of the Company from all sources as shall bear the same ratio to its whole gross earnings as the length of the route hereby authorized shall bear to the entire length of the railway of the Company in operation.

The payment of such minimum sums shall begin from the date on which this contract is signed by the Mayor.

Such minimum annual sums shall be paid into the Treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the Comptroller of the City on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law, as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fourth—Upon the termination of this contract or extension thereof as herein provided, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and shall be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of said assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets, avenues or highways.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or

any structures, in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures and of the cost of keeping the tracks and track equipment in repair as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway so used.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan, provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Ninth—No wires for the transmission of power shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two conduits not less than 3 inches in diameter each, for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City, as above.

Tenth—The Company shall commence construction of the railway herein authorized within thirty (30) days from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within three (3) months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

Twelfth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of the Company shall be maintained in good condition throughout the term of this contract.

Thirteenth—The rate of fare for any passenger upon such railway shall not exceed 5 cents, and the Company shall not charge any passenger more than 5 cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, where such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars, and cars necessary for the repair and maintenance of the railway, and no freight or express cars shall be operated upon the tracks of said railway; and the tracks hereby authorized shall not be used for the storage of cars.

Fifteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered, at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Twentieth—The Company shall at all times keep the streets, avenues or highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Com-

missioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as the said railway, or any portion thereof, remains in any street, avenue or highway the Company shall have and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—Before any construction shall be commenced upon any portion of the route written permits shall be obtained from the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which those officials may impose as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Twenty-fourth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of Manhattan.

Twenty-fifth—Should the grades or lines of the streets, avenues or highways in which the franchise is hereby granted be changed at any time during the term of this contract the Company shall change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said streets, avenues or highways the Company shall take care of and protect the track and appurtenances at its own expense; all to be done subject to the direction of the President of the Borough of Manhattan.

Twenty-sixth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-seventh—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-eighth—In case of any violation or breach or failure to comply with any of the provisions herein contained this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Twenty-ninth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Thirtieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability

whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-first—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City of New York the sum of two thousand five hundred dollars (\$2,500) either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day, not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of two thousand five hundred dollars (\$2,500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-second—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-third—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railways operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Third Avenue Railroad Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of the Board, shall be published for at least twenty (20) days immediately prior to Friday, January 22, 1909, in the City Record, and at least twice during the ten days immediately prior to Friday, January 22, 1909, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the Third Avenue Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Third Avenue Railroad Company, and fully set forth and described in the

foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, January 22, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The Brooklyn, Queens County and Suburban Railroad Company has, under date of September 19, 1907, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate an extension to its existing street surface railway system upon and along Metropolitan avenue, from Dry Harbor road to Jamaica Plank road, in the Borough of Queens; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 18, 1907, fixing the date for public hearing thereon as November 15, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Brooklyn Daily Eagle" and the "Brooklyn Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, At a meeting of this Board held June 26, 1908, the Select Committee to whom the matter had been referred, submitted a report containing proposed conditions and a form of contract, and a resolution was adopted fixing September 18, 1908, as the date for the final public hearing; and

Whereas, At the meeting of the Board held September 18, 1908, a communication was received from the Company objecting to certain of the terms and conditions contained in the form of contract reported by the Select Committee, and an opinion was received from the Corporation Counsel stating that the matter should be referred back to the Select Committee, and such reference was accordingly made; and

Whereas, At a meeting of the Board held November 20, 1908, a further report was presented from said Select Committee recommending certain amendments in the form of contract previously presented, and the Chief Engineer was thereupon directed to prepare a contract in accordance with such recommendations, which amended form of contract has this day been received; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Brooklyn, Queens County and Suburban Railroad Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Brooklyn, Queens County and Suburban Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Brooklyn, Queens County and Suburban Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of the City of New York, as follows, to wit:

BROOKLYN, QUEENS COUNTY AND SUBURBAN RAILROAD COMPANY.

Proposed Form of Contract.

This contract, made this _____ day of _____, 190____, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board); and the Brooklyn, Queens County and Suburban Railroad Company, incorporated for the purpose of building, maintaining and operating a railroad (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railroad by the overhead electric system similar to that now used by the Company in the Borough of Queens, with the necessary wires and equipment, for public use in the conveyance of persons and property in the Borough of Queens, in The City of New York, upon the following route:

Commencing at the intersection of Metropolitan avenue and Dry Harbor road, thence easterly and then upon Metropolitan avenue to a point where the said Metropolitan avenue intersects the Jamaica plank road in the Village of Jamaica, together with the right to connect the aforesaid tracks with the existing tracks of the petitioner on Jamaica plank road.

The said route and connections hereby authorized are more particularly shown upon a map entitled: "Map showing the proposed extension in the routes of the Brooklyn, Queens County and Suburban Railroad, in the Borough of Queens, to accompany petition to the Board of Estimate and Apportionment, dated September 19, 1907," signed and approved by T. S. Williams, Vice-President, and W. S. Menden, Chief Engineer, which map is attached hereto, is made a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional switches, crossovers and spurs which are consistent with the foregoing description, and the other provisions of this franchise may be permitted by resolution of the Board of Estimate and Apportionment.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property, bounded on said streets and avenues, to the construction and operation of said railroad shall be obtained by the Company within six months of the signing of this contract by the Mayor and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained, the Company shall within two months thereafter,

make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate a double-track street surface railroad, as herein described, shall be held and enjoyed by the Company, its successors or assigns, for the term of twenty-five (25) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company, its successors or assigns, shall pay to the City for this privilege the following sums of money:

The sum of one hundred dollars (\$100) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five (5) years after the commencement of operation of the extension herein provided for, annually on November 1, three (3) per cent. of its gross receipts for and during the year ending September 30 next preceding, and after the expiration of such five (5) years make a like annual payment into the treasury of the City of five (5) per cent. of its gross receipts. The Company shall pay such percentages only upon such portion of its gross receipts as shall bear the same proportion to its whole gross receipts as the length of such extension shall bear to the entire length of its line.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the company before such termination, the tracks and equipment of the company constructed pursuant to this contract within the streets and highways of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant, as above, the City (by the Board) shall so order by resolution, the company shall, upon thirty (30) days' notice, in writing, from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of the contract hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways, and the right to make the

requisite and necessary connections with the tracks of the Company, its successors or assigns, which shall be constructed under this contract.

Eighth—The railway to be constructed under this contract may be operated by overhead electric power, substantially similar to the overhead electric traction now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by owners of property, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Ninth—The Company shall begin construction of the extension herein authorized within the time prescribed by the Railroad Law of the State of New York, and such extension shall be completed and shall be in operation on or before December 31, 1909; otherwise this grant shall cease and determine.

Tenth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided in the Charter of the City; and the Company agrees to make application to the Commissioner of Water Supply, Gas and Electricity for permission to string and maintain its electrical conductors in the streets covered by this grant.

Eleventh—The said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of the Company shall be maintained in good condition throughout the term of this contract.

Twelfth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Thirteenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Fourteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Fifteenth—The Company, so long as it shall continue to use any of its tracks in any street or highway covered by this grant, shall have and keep in permanent repair that portion of such street or highway between its tracks and the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities and whenever required by them to do so and in such manner as they may prescribe. In case of neglect by the Company to make pavements or repairs after the expiration of thirty days' notice to do so, or within thirty days after the publication of such notice in the CITY RECORD, the local authorities may make the same at the expense of such corporation, and such authorities may make such reasonable regulations and ordinances as to the rate of speed, mode of use of tracks and removal of ice and snow as the interest or convenience of the public may require.

Sixteenth—Any alteration which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, conduits, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Seventeenth—Should the grades or lines of the streets in which franchises herein granted be changed at any time during the term of this contract, the Company shall, at its own expense, change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the track at its own expense, all to be done subject to the direction of the President of the Borough of Queens.

Eighteenth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 of each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain a statement of the gross receipts from operation of the railway, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Nineteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company, giving the Company notice and the right to intervene in any action or proceeding wherein such damages may be sought.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall file with the Comptroller of The City of New York a bond in the sum of ten thousand dollars (\$10,000), with a surety or sureties to be approved by him, which bond shall be security for the performance of this contract, especially those which relate to the payment of the annual percentages for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice, and the quality of construction of the railroad; and in case of default in the performance by the Company of such terms and conditions, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing, to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters. In the event of the forfeiture of the franchise for failure to complete the construction of the said extension and operate same on or before December 31, 1909, as herein provided, the said bond shall be returned to the Company.

Twenty-first—No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others

may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Twenty-second—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated or if such designation shall have been for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing. The Company agrees that notice printed in the CITY RECORD shall constitute sufficient notice within the meaning of this contract.

Twenty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-fourth—This grant is also upon the further and express condition that the provisions of Article IV. of the Railroad Law applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the streets and highways and the surface railroads operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held December 11, 1908, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the New York and Queens County Railway Company respectfully shows:

1. Your petitioner is a street surface railway corporation duly organized and existing under the laws of the State of New York, and owns and is engaged in operating a street surface railway upon divers streets and avenues in the Borough of Queens, City of New York.

2. On the 4th day of December, 1908, your petitioner, pursuant to section 90 of the Railroad Law, filed in the office of the Secretary of State a certificate of extension of its road, and on the 3d day of December, 1908, duly filed a duplicate original certificate of extension in the office of the County Clerk of Queens County, a copy of which extension is hereto annexed.

3. For the purpose of constructing and operating said extension or branch of its present road, your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for its consent to and a grant of the right, privilege and franchise for the construction, maintenance and operation of a double-track street surface railway as an extension or branch of its existing railway for public use in the conveyance of persons and property for compensation, in, upon, along and over the surface of certain streets, avenues and highways and public places in the Borough and County of Queens, City and State of New York, of which the following is a description:

Beginning at and connecting with its present tracks on Debevoise, or Second, avenue, at the junction of said avenue with Pierce avenue; thence southerly in, upon, along and over said Debevoise, or Second, avenue to and connecting with the tracks now operated by this company upon Jackson avenue, crossing such other streets, avenues, highways and public places as may be encountered in said route, and with such connections, turn-outs switches, cross-overs, stands, poles, wires and equipment as may be necessary for the construction and operation of said railway by the overhead system of electricity, or by any other motive power that may be lawfully employed upon the same.

4. The said corporation proposes to operate said extension or branch by the overhead system of electricity, substantially similar to that now in use upon its other lines, or by any other motive power that may be lawfully employed.

Wherefore, your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered, be given as required by law, and that the desired

consent be granted, in accordance with the provisions of the Greater New York Charter.

Dated December 4, 1908.

NEW YORK AND QUEENS COUNTY RAILWAY COMPANY,

Certificate filed in Queens County.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the New York and Queens County Railway Company, dated December 4, 1908, was presented to the Board of Estimate and Apportionment at a meeting held December 11, 1908.

Resolved, That, in pursuance of law, this Board sets Friday, the 8th day of January, 1909, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

JOSEPH HAAG, Secretary.

New York, December 11, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The New York and North Shore Traction Company has, under date of June 11, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double-track street surface railway as an extension to its existing and proposed lines in Nassau County, upon and along Broadway, Tenth street, Bayside boulevard and other streets and avenues, in the Borough of Queens; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 620 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on June 26, 1908, fixing the date for public hearing thereon as September 18, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the City Record, for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract made this _____ day of _____, 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the portion of the following routes which lies within streets or avenues to which the City has title for street purposes:

Beginning at a point where the boundary line between The City of New York and the County of Nassau intersects Broadway in the Borough of Queens; thence in and upon Broadway to the easterly side of Bell avenue, in the former Village of Bayside;

Also beginning at the intersection of Broadway and Tenth street, in the former Village of Bayside, and there connecting with the above-described route on Broadway; thence in and upon Tenth street to an unnamed street; thence in and upon said unnamed street to Bayside boulevard; thence in and upon Bayside boulevard to Ashburton avenue; thence in and upon Ashburton avenue to Chambers street; thence in and upon Chambers street to Crocheron avenue; thence in and upon Crocheron avenue to Twenty-third street; thence in and upon Twenty-third street to State street; thence in and upon State street to Thirteenth street; thence in and upon Thirteenth street to Chestnut street; thence in and upon Chestnut street, across Murray street, Murray lane, and continuing in and upon private property in line of the prolongation of Chestnut street, to Chestnut street at Flushing place; and thence still in and upon Chestnut street to Whitestone avenue; thence in and upon Whitestone avenue to State street; thence in and upon State street to Farrington street; the railway upon all of said route to be of double track; thence by a single track continuing in and upon State street, from Farrington street to Prince street; thence in and upon Prince street to Broadway; thence in and upon Broadway to Farrington street; thence in and upon Farrington street

to State street, and there connecting with the double track above described; all in the Borough of Queens, City of New York.

The said routes, with switches and cross-overs, are shown upon two maps, each of which is entitled "Map showing proposed street surface railway of the New York and North Shore Traction Company, in the Borough of Queens, to accompany petition for a franchise in the Board of Estimate and Apportionment, dated June 11, 1908," and signed by John J. Stanley, President, and Charles H. Clark, Consulting Engineer, copies of which maps are attached hereto, are to be deemed a part of this contract, are to be construed with the text thereof, and are to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time; or, in the event that such consents cannot be obtained within such time, the Company shall, within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law, to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of seven thousand dollars (\$7,000) in cash within four (4) months after the date on which this contract is signed by the Mayor, and before anything is done to exercise the privilege hereby granted.

(b) During the first term of five years an annual sum which shall in no case be less than two thousand two hundred dollars (\$2,200), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of two thousand two hundred dollars (\$2,200).

During the second term of five years an annual sum which shall in no case be less than four thousand dollars (\$4,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand dollars (\$4,000).

During the third term of five years an annual sum which shall in no case be less than four thousand five hundred dollars (\$4,500), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand five hundred dollars (\$4,500).

During the fourth term of five years an annual sum which shall in no case be less than five thousand five hundred dollars (\$5,500), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand five hundred dollars (\$5,500).

During the remaining term of five years an annual sum which shall in no case be less than six thousand two hundred dollars (\$6,200), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of six thousand two hundred dollars (\$6,200).

The gross receipts mentioned above shall be the gross earnings of the Company from all sources within the limits of the City. The payment of such minimum sums shall begin from the date on which this contract is signed by the Mayor.

All such sums as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding.

Whenever such percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November

1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewed term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination the tracks and equipments of the Company constructed pursuant to this contract within the streets, avenues and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above, the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railway purposes, for a distance not exceeding six thousand (6,000) feet of street, upon payment of an annual sum by such individual or corporation to the Company, which shall be equal to the legal interest on such proportion of the whole cost of the construction of such railway and structures and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten years of this contract, upon giving to the grantee one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets, avenues and highways of the City.

Ninth—Upon six months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two ducts not less than 3 inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Tenth—The Company shall commence construction of the railway herein authorized within six months from the date upon which the consents of the property owners are obtained, or from the

date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within eighteen months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

Twelfth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Thirteenth—The rate of fare for any passenger upon such railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board; provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m. each day, unless the Board shall determine, after a hearing had thereon, that public convenience requires the operation of cars during said hours.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above thirty-five degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Twentieth—The Company shall at all times keep the streets, avenues or highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street, avenue or highway, the Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—Before any construction shall be commenced upon any portion of the route, written permits shall be obtained from the President of the Borough of Queens, and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which those officials may impose, as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Twenty-fourth—It is agreed that the right hereby granted to operate a street surface rail-

way shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of Queens.

Twenty-fifth—Should, in the opinion of the President of the Borough of Queens, the present roadway or any of said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the total width of the street, avenue or highway.

Twenty-sixth—Should, in the opinion of the Board at any time before or during construction of the railway, any of said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall either construct and operate its railway upon a private right of way outside of the lines of such streets, avenues or highways, or shall purchase and cede to the City a strip of land adjacent thereto, for the purpose of widening the same to a width sufficient for the use of a street surface railway and for the accommodation of other vehicular traffic. If such street, avenue or highway is so widened, the Company shall grade the roadway thereon as directed by the President of the Borough of Queens.

Twenty-seventh—Where the bridges, viaducts or culverts encountered in the route are of insufficient width to carry the roadway as the same may be widened, as herein provided, or of insufficient strength to bear the additional load of a street surface railway, the Company shall either carry its tracks upon new structures independent of the existing ones, so as not to interfere with the present and future use by the City of such bridges, viaducts or culverts, or shall, without cost to the City, construct new bridges, viaducts or culverts sufficiently wide to carry the roadway as the same may be widened, as herein provided.

Twenty-eighth—The Company agrees to comply with any and all the rules which may be made by the Commissioner of Water Supply, Gas and Electricity for the purpose of preventing the destruction of the pipes or structures in the street by electrolysis, which may be caused by the electric current used by the Company, whether such rules affect the method of the original construction of said railway or any reconstruction, maintenance or repairs upon such railway at any time during the term of this contract.

Twenty-ninth—The Company hereby agrees that if the City is or shall become entitled to acquire, and shall at any time during the term of this contract acquire, or otherwise come into possession of any of the property on which this Company shall construct railway tracks, on the route herein described, no compensation shall be awarded for the right to have railway tracks thereon.

Thirtieth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for same.
 12. The names of the directors elected at the last meeting of the corporation held for such purpose.
 13. Location, value and amount paid for real estate owned by the Company as by last report.
 14. Location, value and amount paid for real estate now owned by the Company.
 15. Number of passengers carried during the year.
 16. Total receipts of Company for each class of business.
 17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
 18. Total expenses for operation, including salaries.
- and such other information in regard to the business of the Company as may be required by the Board.

Thirty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Thirty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the

cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-fourth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-fifth—This grant is upon the express condition that the Company, within four (4) months after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars (\$10,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-seventh—The words "notice" of "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railways operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of the Board, shall be published for at least twenty (20) days immediately prior to Friday, January 8, 1909, in the CITY RECORD, and at least twice during the ten

days immediately prior to Friday, January 8, 1909, in two daily newspapers to be designated by the Mayor thereof and published in The City of New York, at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, January 8, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

BOROUGH OF BROOKLYN.

GENERAL MODIFICATION No. 35.

SECTION VII, RULE 76, OF THE PLUMBING Rules of the Bureau of Buildings, Borough of Brooklyn, City of New York, is hereby modified to read as follows:

"Rule 76. The house sewer and house drain must be at least 4 inches in diameter when receiving the discharge of water closet. Where receiving rain water, the house sewer and house drain up to the leaders must be in accordance with the table given below, provided that no house sewer or house drain shall be of less diameter than that of the largest soil or waste pipe which it serves.

"The areas given in this table are the areas of the lot apportioned to the building thereon and are in all cases the maximum. In cases of detached houses, excepting tenement houses, where part of the lot is laid out in lawns or grass plots, or sand, only that portion covered by the building, courts, areas, porches or piazzas or any other covered part drained to the sewer need be computed. All drainage plans shall show the superficial area in square feet drained by each leader, yard, area and court drain."

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the widening of RIVERSIDE DRIVE, on the easterly side, from West One Hundred and Fifty-eighth street to West One Hundred and Sixty-fifth street, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of January, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of January, 1909, at 11 o'clock a. m.

Second—That the abstract of our said estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of January, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the west by the Hudson River; on the north by Dyckman street; on the east by Broadway, and on the south by One Hundred and Thirty-fifth street.

Fourth—That, provided there be no objections filed to said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 11th day of March, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 19, 1908.

SUPREME COURT—THIRD JUDICIAL DISTRICT.

THIRD JUDICIAL DISTRICT, ULSTER COUNTY.

ASHOKAN RESERVOIR.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL AND FOR THE APPROVAL BY THE SUPREME COURT OF THE NEW HIGHWAY SYSTEM SHOWN ON THE MAP HEREINAFTER REFERRED TO IN THE TOWNS OF OLIVE, MARLBOROUGH, HURLEY, WOODSTOCK AND KINGSTON, ULSTER COUNTY.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 and the acts amendatory thereof and supplemental thereto, and for the purpose of procuring the approval by the Supreme Court of

the new highway system shown on said map and hereinafter particularly described.

Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Third Judicial District, at the City Hall, in the City of Albany, Albany County, N. Y., on the 13th day of February, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Ulster, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof and supplemental thereto, and for the approval by the Court of the highway system shown on said map and hereinafter more particularly described.

The real estate sought to be taken or affected is situated in the Towns of Olive, Marlborough, Hurley, Woodstock and Kingston, County of Ulster and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing the map, such real estate being existing highways which are to be closed.

All the highways which lie within the area of real estate heretofore acquired, or to be acquired, by The City of New York for the construction of the Ashokan Reservoir, shown on a map of Highway Section, Reservoir Department, filed in the office of the County Clerk of the County of Ulster, at Kingston, N. SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

SOUTHERN AQUEDUCT DEPARTMENT, CATSKILL AQUEDUCT.

SECTION No. 14, MOUNT PLEASANT.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District at the Judges' Chambers in the City of Poughkeepsie, Dutchess County, N. Y., on

SATURDAY, FEBRUARY 13, 1909,

at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Westchester, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Town of Mount Pleasant, County of Westchester and State of New York, shown on a map entitled: "Southern Aqueduct Department, Section No. 14, Board of Water Supply of The City of New York. Map of real estate situated in the Town of Mount Pleasant, County of Westchester and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Catskill Aqueduct and appurtenances, from Newcastle town line near Chappaqua to Kensico Reservoir taking line," which map was filed in the office of the Register of the County of Westchester, at White Plains, N. NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1908, as amended, and the acts relating thereto. Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District at the Court House in the City of Newburgh, Orange County, N. Y., on

SATURDAY, FEBRUARY 6, 1909, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the County of Orange, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.
GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
