Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK, NEW CRIMINAL COURT BUILDING,  
CENTRE, WHITE, ELM AND FRANKLIN STREETS, NEW YORK, March 5, 1895.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—I beg to inclose an application to the Board of Estimate and Apportionment for permission to procure a self-propelling dumper for the use of this Department. Requesting you to enter it on your calendar for the meeting of March 6, and to present it, I am  
Respectfully yours, GEO. E. WARING, JR., Commissioner.

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK, CRIMINAL COURT BUILDING,  
CENTRE, WHITE, ELM AND FRANKLIN STREETS, NEW YORK, March 5, 1895.

Hon. WILLIAM L. STRONG, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I repeat my recommendation that I be authorized to have constructed one Delehanty self-propelling dumping boat, at a cost of \$33,000. This seems to be the best type of such boats, of which I have examined the plans; and I do not wish to determine several questions of final disposition until I have had a practical trial of a self-propelling dumper, able to go twenty miles to sea in all weathers, able to run in and out at the dump-boards without delay and largely independent of obstructing ice in the harbor. In my judgment there can be no two opinions as to the usefulness of such a boat.

Respectfully submitted, GEO. E. WARING, JR., Commissioner.

The Commissioner of Street Cleaning appeared and made a statement in explanation thereof. Debate was had thereon, whereupon the Counsel to the Corporation offered the following:

Resolved, That, in pursuance of chapter 368 of the Laws of 1894, the Board of Estimate and Apportionment hereby approves of the purchase by the Commissioner of Street Cleaning, in the manner provided by law, upon bids and proposals made in compliance with public notice advertised in the CITY RECORD at least ten days prior to the opening of such proposals and bids, of one Delehanty Self-propelling Dumping-boat, at a cost of not to exceed thirty-three thousand dollars (\$33,000); and

Resolved, That the Comptroller be and he hereby is authorized to issue bonds of the City of New York, to the amount of thirty-three thousand dollars, as provided by chapter 368 of the Laws of 1894, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to run for such period as he may determine, not exceeding twenty years, and bearing interest at a rate not exceeding three and one-half per centum per annum, the proceeds of which bonds shall be applied to the purchase of the said Delehanty Self-propelling Dumping-boat; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said bonds from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor, October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote: Affirmative—The Mayor, the President of the Department of Taxes and Assessments, and the Counsel to the Corporation—3. The Comptroller not voting.

The Mayor presented the following:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK, CRIMINAL COURT BUILDING,  
CENTRE, WHITE, ELM AND FRANKLIN STREETS, NEW YORK, March 5, 1895.

Hon. WILLIAM L. STRONG, Mayor, Chairman Board of Estimate and Apportionment:

SIR—I beg to lay before the Board of Estimate and Apportionment the accompanying letter from Captain F. M. Gibson, Assistant Superintendent. The facts are very clearly as stated. Much of the equipment has been allowed to fall into a shameful state of disrepair, and unless funds are provided to put it in good order, we shall in a very short time be unable to carry on the regular work of the Department. Respectfully submitted,  
GEO. E. WARING, JR., Commissioner.

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK, NEW CRIMINAL COURT BUILDING,  
CENTRE, WHITE, ELM AND FRANKLIN STREETS, NEW YORK, February 28, 1895.

Hon. GEORGE E. WARING, JR., Commissioner:

SIR—I have the honor to submit for your consideration the following statement relative to so much of the appropriation for this Department as come under my supervision.

For the year 1894, the appropriation for "New Stock" was one hundred and twenty-six thousand, seven hundred and seventy dollars (\$126,770), of which forty-five thousand dollars (\$45,000) was used for Final Disposition, and six thousand dollars (\$6,000) for the removal of Snow and Ice, making a total reduction from the appropriation for New Stock of fifty-one thousand dollars (\$51,000), and leaving a balance to that account of seventy-five thousand, seven hundred and seventy dollars (\$75,770), all of which was expended before the close of the year.

On the 11th day of September, 1894, Commissioner Andrews submitted an elaborate estimate to the Board of Estimate and Apportionment for the purchase and construction of stock and plant that he considered necessary for the proper and economical equipment of the Department. The kinds and number of the different appliances and articles needed are enumerated specifically in his letter, the aggregate total cost for which he places at eight hundred and forty-two thousand dollars (\$842,000).

No action whatever has as yet been taken by the Board of Apportionment upon this estimate, and therefore the only appropriation from which can now be purchased new stock, including every thing on wheels, horses, harness, blankets, horse and cart covers, and feed bags, is eleven thousand dollars (\$11,000), allowed on the regular estimate made October 10, 1894, by Commissioner Andrews, to cover the necessary expense for repairs to stock, etc. Of this eleven thousand dollars (\$11,000), five thousand dollars (\$5,000) has already been expended for new stock, repairs, etc., leaving a balance of but six thousand dollars (\$6,000) for like purposes for the balance of the year.

The total inadequacy of this small amount is too apparent to need explanation. As this budget now stands, the Department has for these purposes eleven thousand dollars (\$11,000) for the year 1895, as against seventy-five thousand, seven hundred and seventy dollars (\$75,770) for the year 1894, and as this was all expended within the year, and the stock of the Department left in a very depleted and well worn condition, it will be but a short time before much of it is worn out, and will need replenishing, and it is needless to say that with the small balance of only six thousand dollars (\$6,000) left on hand, it will be impossible to supply the necessary stock and repairing materials, and unless an additional appropriation is made in the very near future for these purposes, the Department will be seriously crippled in its work, and its effectiveness will fall far short of what could be done with the proper facilities, and a reasonable amount of money.

If the work of the Department is to be performed in the same manner and by the same means as heretofore, the supplies enumerated below will be needed, and should be furnished with the least practicable delay, viz.:

175 horses, at \$200 (or to the value of).....	\$35,000 00
150 horse-blankets, at \$4.50.....	675 00
250 ash-carts, at \$100.....	25,000 00
600 horse-collars, at \$4.75.....	2,850 00
1,500 cart covers, at \$1.05.....	2,475 00
350 horse covers, canvas, at \$2.35.....	822 50
20 horse covers, rubber, at \$4.....	80 00
20 sets Hill horse harness, at \$8.....	160 00
550 sets cart harness, single, at \$20.....	11,000 00
125 sets truck harness, double, at \$35.....	4,375 00
15 sets truck harness, single, at \$18.....	270 00
20 sets driving harness, at \$27.50.....	550 00
20 lap robes, ordinary, at \$10.....	200 00
15 sweeping machines, double, at \$400.....	6,000 00
5 water trucks, double, at \$360.....	1,800 00
10 water trucks, single, at \$3.20.....	3,200 00
8 light wagons, at \$145.....	1,160 00
3 light wagons, at \$350.....	1,050 00
10 light express wagons, at \$250.....	2,500 00
700 feed bags, at 40 cents.....	280 00

Total..... \$99,447 50

Very respectfully, F. M. GIBSON, Assistant Superintendent.

Debate was had thereon, whereupon the Comptroller offered the following:

Resolved, That, pursuant to the provisions of section 13 of chapter 269 of the Laws of 1892, as amended by chapter 368 of the Laws of 1894, the Board of Estimate and Apportionment hereby approves of the purchase of stock or plant by the Commissioner of Street Cleaning, as specified in his schedule this day presented to this Board, and that the Comptroller be and hereby is authorized to issue bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, in the manner provided by section 132 of the New York City Consolidation Act of 1882, to the amount of ninety-nine thousand four hundred and forty-seven dollars and fifty cents (\$99,447.50), redeemable in such period as the Comptroller may determine, but not exceeding twenty years, and bearing interest at a rate not exceeding three and one-half per cent., the proceeds of which bonds shall be applied to the purchase of stock or plant for the Department of Street Cleaning as aforesaid, and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor, October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments, and Counsel to the Corporation—4.

The Commissioner of Street Cleaning appeared and made a statement relative to the expense of removal of snow and ice from the streets, which was ordered entered at length upon the minutes, as follows:

I should like to say a word about the incident of last Wednesday. Doubt was then expressed as to my capacity to get practical results from the use of public money in removing snow from the public streets; and a feeling seemed to prevail that my predecessors had accomplished quite as much with a great deal less money. I have had the accounts gone over, and I submit a summary of the detailed statement that will be made to his Honor the Mayor: During the whole five years beginning with 1889, my predecessors removed 221,569 loads of snow, at a cost of \$178,737.34. During the first five weeks and three days after I became Commissioner, I removed 253,481 loads of snow, at a cost of \$174,282. My predecessors got their labor at a dollar and a half a day. I had to pay two dollars a day. My predecessors removed the snow from only about 26½ miles of principal streets. After the storm of February 7 and 8, and without the help of an hour's thaw, I removed the snow from 128.59-100 miles of streets, 27½ miles being in a district which the members of this Board, who lives there, said had "not been touched."

On motion, the Board then adjourned.

E. P. BARKER, Secretary.

BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, CITY HALL,  
 NEW YORK, March 6, 1895.

A meeting of the Armory Board was held this day, at 1 o'clock P. M., at the office of the Mayor. Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, and Brigadier-General Fitzgerald and Colonel Seward.

The minutes of meeting of January 30 were read and approved.

The following communications were received:

From John F. Johnson, contractor Troop "A," asking for an extension of time on his contract. Laid over.  
 From J. R. Thomas, architect:

NEW YORK CITY, February 6, 1895.

Hon. E. P. BARKER, Esq., Secretary Board of Armory Commissioners, New York City:

SIR—The window openings in old west wall of Eighth Regiment Armory, where they show in riding ring of the new Troop "A" Armory, and also above the connecting corridor of same, should be bricked in with eight inches of brick, where they come next to riding ring, and with twelve inches where they come next to the outer air above connecting corridor. The contractor estimates the price of doing this work at two hundred and sixty-five (265) dollars, which price I consider a reasonable one, and recommend that the Armory Board pass a resolution ordering the work to be done.

Very respectfully yours,  
 JOHN R. THOMAS, Architect.

General Fitzgerald offered the following:  
 Resolved, That the work of bricking up the window openings in the Eighth Regiment Armory, as recommended by the architect, be authorized to be done by the contractor for the Troop "A" Armory, at a sum not exceeding two hundred and sixty-five dollars (\$265).

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, General Fitzgerald and Colonel Seward.  
 From Captain Charles F. Roe:

TROOP "A," NATIONAL GUARD, S. N. Y.,  
 PARK AVENUE AND NINETY-FOURTH STREET,  
 NEW YORK, February 14, 1895.

Secretary Armory Board:

SIR—Troop "A" having been increased and made a Squadron of Cavalry by order of the Commander-in-Chief, Governor Morton, I have the honor to request that an additional floor be put in each of the two towers of the new armory, where the ceiling is now thirty feet high, thus giving an additional room in each tower; also, that wooden stairs be placed in each of these towers to communicate with upper rooms and the flag staffs, and that the gas-fitting and electric wiring be continued to the new rooms thus formed.

Respectfully,  
 CHARLES F. ROE, Captain.

TROOP "A," NATIONAL GUARD, S. N. Y.,  
 PARK AVENUE AND NINETY-FOURTH STREET,  
 NEW YORK, January 30, 1895.

To Secretary of Armory Board:

SIR—One year ago Troop "A," through the Troop Commander, agreed to put in the following in the new armory at the expense of the troop in order to bring the contract within the amount appropriated, viz.: \$140,000.

Two complete bath-rooms.  
 Tan bark for ring floor.  
 Dumb-waiter complete.  
 Lockers.  
 Basement asphalted.  
 Runways from street, Belgium blocks—two (2) entrances on Ninety-fifth street, one (1) on Ninety-fourth street.  
 Range for kitchen, and window shades.

I now ask to have troop relieved from that agreement and to request that the Armory Board may order the above work done, as about three thousand dollars (\$3,000) was saved out of the appropriation by the actual bid under which contract was let. And four thousand three hundred dollars (\$4,300) was saved to the city by the troop taking quarters in the Eighth Battalion Armory.

The target range will have to be completed. It is believed all of the work mentioned above can be done for less than fifteen thousand dollars (\$15,000), thereby making the armory complete.

Respectfully,  
 CHAS. F. ROE, Captain.

The President of the Department of Taxes and Assessments presented a report relative to all the requisitions from the Captain of Troop "A," reciting the history of the acceptance of the plant and erection of the building, and submitted a communication from Captain Roe agreeing to do all extra work that might be required. He also submitted estimates for the work and fixtures, as now asked for, as follows:

For gas-fixtures, etc. . . . . \$3,500 00  
 For work made necessary by increase of Troop. . . . . 1,650 00  
 Work omitted in original contract . . . . . 15,000 00

Architect's fees and Inspector's services . . . . . \$20,150 00  
 . . . . . 1,400 00

..... \$21,550 00

To this must be added the estimated cost of furniture, including opera chairs for galleries. . . . . 4,675 00

Total . . . . . \$26,225 00

—and recommended that the additional work made necessary by the increase of the Troop to a Battalion be authorized to be done and submitted for the consideration of the Board the doing of the additional work as called for in the requisition of Captain Roe.

Debate was had thereon, when General Fitzgerald offered the following:

Resolved, That J. R. Thomas, architect, be directed to prepare a form of contract and specifications for work and materials required in Armory for Troop "A," as called for in the several

requisitions of Captain Roe, and reported on this day, by the President of the Department of Taxes and Assessments, and that the Clerk of the Works be directed to prepare a form of contract and specifications for necessary furniture, as referred in said report, and that the Secretary be authorized to have said contracts and specifications printed, and insert advertisements in the "City Record" inviting proposals for said work and materials.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, General Fitzgerald and Colonel Seward.

General Fitzgerald offered the following:

Resolved, That requisition is hereby made, and the Sinking Fund Commissioners be and they are hereby requested to concur in the same, authorizing the Comptroller to issue bonds not exceeding twenty-six thousand five hundred dollars (\$26,500) in amount, in addition to the bonds already authorized to be issued, for the erection of an armory for Troop "A," said additional amount to be expended for services, labor, materials, furniture and fixtures necessary to complete the erection and furnishing of said armory.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, General Fitzgerald and Colonel Seward.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, General Fitzgerald and Colonel Seward.

Colonel Seward called up the subject of making excavation at this time for an additional gallery for rifle range in the armory now being erected for the use of the Ninth Regiment. General Fitzgerald reported that he had conferred with the Inspector of Rifle Practice and had received a report from him on the subject, as well as an estimate of the cost, which amounted to six thousand eight hundred and fifty dollars (\$6,850). The General said that he was unwilling to recommend an expenditure of that amount of money for the project until it was demonstrated that the additional gallery was needed. Debate was had thereon, when, on motion of the Mayor, the subject was referred to the Architect, with the request that he report at the next meeting of this Board his estimate of the cost and his opinion of the practicability of doing the work and probable delay to present work.

On motion, adjourned.

All repairs, maintaining or rebuilding required or necessary to be done to or upon the premises, or any part thereof, during the continuance of the term of the lease, shall be done by and at the cost and expense of the lessee or purchaser.

No claim or demand will be considered or allowed by the Department for any loss or deprivation of wharfage or otherwise, resulting from or occasioned by any delay on account or by reason of the premises or any part thereof being occupied for or on account of any repairs, rebuilding or dredging.

The upset price of the parcels or premises exposed or offered for sale will be announced by the auctioneer at the time of sale.

#### TO CONTRACTORS.

(No. 497.)

PROPOSALS FOR ESTIMATES FOR REPAIRING PIER, NEW 15, NORTH RIVER, NEAR THE FOOT OF VESKY STREET.

ESTIMATES FOR REPAIRING PIER, NEW 15, North river, near the foot of Vesky street, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A. M. of

THURSDAY, MARCH 14, 1895,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seventeen Hundred Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

1. Labor and materials for taking up and removing about 8,806 square feet of 3" and about 20,732 square feet of 4" sheathing from the deck of the pier.

2. It is not expected that the yellow pine deck of the pier will require any repairs, but if upon the removal of the old sheathing repairs are shown to be necessary, they will be made by the contractor without extra charge, and the yellow pine timber for the same will be furnished by the Department of Docks to the contractor free of charge, in the water or on a pier or bulkhead at one or more points on the North river water-front south of West Seventy-fifth street, as hereafter specified, and the contractor is to raft it, care for it and transport it to the site of the pier at his own expense and risk.

Feet, B. M., measured in the work.

3. Spruce Timber, 4" x 10", about..... 18,152

4. 8" Cut Spikes, about..... 9,000 pounds.

5. Painting Heads of all Fenders, Fender-piles and Spring-piles.

6. Labor of Framing and Carpentry, including all moving of Timber, Joining, Planing, Bolting, Spiking, Painting, Oiling or Tarring, and furnishing the materials for Painting, Oiling or Tarring, and labor of every description.

7. Labor of removing so much old material from Pier, new 15, North river, near the foot of Vesky street, as is to be removed under this contract, and of removing all the old material from the premises.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the execution of the contract, and all the work to be done under this contract is to be fully completed on or before the 30th day of April, 1895, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Where the City of New York owns the wharf, pier or bulkhead at which materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the con-

tract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters

therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at this office.

THE FRANCHISES OF THE FERRIES FROM Barclay, Christopher and Fourteenth streets, North river, to Hoboken, New Jersey, will be offered for sale by the Comptroller of the City of New York, at public auction, to the highest bidder, at his office, room No. 15, Stewart Building, No. 280 Broadway, on Friday, the 2d day of March, 1895, at twelve o'clock M., together with the wharf property belonging to the Corporation of the said city (including land under water), now used and required for said ferry purposes, for a term of ten years, from March 1, 1895, and upon the following terms and conditions of sale, and upon the following appraisement of the minimum or upset price and value of said franchises and wharf property, namely:

The ferry from Fourteenth street, North river, to Hoboken, New Jersey; annual rental of franchise and of wharf property, \$8,584.

The ferry from Barclay street, North river, to Hoboken, New Jersey; annual rental of franchise and of wharf property, \$20,104.25.

The ferry from Christopher street, North river, to Hoboken, New Jersey; annual rental of franchise and of wharf property, \$22,500.

No bids will be received which shall be less than the respective values as above described. The highest bidder will be required to pay the auctioneer's fee and to deposit with the Comptroller, at the time of sale, twenty-five (25) per cent. of the amount of the annual rental, to be credited on the first quarter's rent or to be forfeited to the City if the leases are not executed by the purchasers when notified that they are ready for execution.

The lessees will be required to give bonds in double the amount of the yearly rent, with two sufficient sureties, to be approved by the Comptroller, conditioned for the faithful performance of the covenants and conditions of the leases and the payment of the rent quarterly in advance.

The leases will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Common Council relative to ferries, that the lessees will maintain and operate the ferries during the whole term, and will provide ample accommodations in the way of safe and capacious boats and frequency of trips, as to the sufficiency of which accommodations the decision of the Mayor and Comptroller shall be final; also conditions that the lessees of the ferries will dredge the ferry slips, as required by the Department of Docks, and that during the term of the leases they will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order all and singular the floats, racks, fenders, bridges and other fixtures at the landing places, and in the event of any damage to the bulkhead or piers from collision by their ferry-boats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition, free of cost and expense to the City of New York; and, also, that if at any time during the term of the leases, the Department of Docks shall require any of the wharf property used for ferry purposes, in order to proceed with the water-front improvement in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees, three months in advance, of the intention of the said Department; and also that the rates of ferriage and charges for vehicles and freight shall not exceed the rates now charged. Sworn returns of the amounts of ferry receipts shall be made to the Comptroller, when required by him, and the books of account of the ferries shall be subject to his inspection.

The leases shall also contain a covenant, providing for the purchase, at a fair valuation, of the boats, buildings and other property of the lessees used in and actually necessary for the operation of the said ferries, upon the termination of the leases and the surrender and yielding up of the premises by the lessees if the lessees shall not become the purchasers for another term; but the Mayor, Aldermen and Commonalty of the City of New York shall not be deemed thereby to covenant to purchase said property in any event.

The right to reject any bid is reserved if it is deemed for the interest of the City.

The form of lease which the purchasers will be required to execute can be seen at the office of the Comptroller, and is made part of these terms of sale.

By order of the Commissioners of the Sinking Fund, under a resolution adopted February 28, 1895.
