DEPARTMENT OF CORRECTION.

Report for the Year 1910.

Hon. WILLIAM J. GAYNOR, Mayor of The City of New York:

Dear Sir—I beg to transmit herewith the Annual Report of the Department of Correction for the year ending December 31, 1910. Very respectfully,

PATRICK A. WHITNEY, Commissioner.

Department of Correction, New York, January 7, 1911.

Hon. PATRICK A. WHITNEY, Commissioner of Correction:

Dear Sir—I beg to hand you herewith the following reports for the year 1910: a summary of changes in the staff of employees; statement of moneys received from various sources, and table showing daily average census for each month.

In the summary, dealing with employees, there are only two cases in which the action differed from the regular course of procedure. I refer to the drivers who were transferred from the office of the Sheriff of Kings County, and the head keeper who was demoted to keeper. The drivers were transferred in accordance with the provisions of chapter 381, Laws of 1909; in fact, it was most necessary to have their services to carry on the work of the Department. The head keeper was demoted in accordance with a ruling made by the Municipal Civil Service Commission to the effect that the head keeper's designation was not proper; the position was subsequently filled by promotion.

Your attention is especially directed to the receipts from manufactures and board of prisoners at the Penitentiary, Blackwells Island. The returns from the other institutions are not so large for the reason that they have not the same means of income, although the work performed at these institutions materially reduces expenditures.

The census for the year 1910 was lower than that of the preceding year. The highest average for the year was reached during the first quarter, as has usually been the case in previous years. Yours very respectfully,

JOHN B. FITZGERALD, Secretary.

Steamboat Bureau.

Hon. PATRICK A. WHITNEY, Commissioner of Correction:

Dear Sir—I hereby respectfully submit a report incorporating the work of the Steamboat Bureau of this Department for the year 1910.

This Bureau has been greatly benefited by the placing in commission of two of the three new boats ordered by contract during the year 1909, namely, the "Harts Island" and the "Rikers Island." The third boat, the "Correction," is well advanced in construction and will be ready for service, no doubt, by the early part of 1911.

The steamer "Rikers Island" was launched from the shipyard at West New Brighton, Staten Island, on April 12, and her trial trip took place on the 23d day of November, after which she was placed in commission on the route between Rikers Island and East 132d street, replacing the launch "Mohican," which is in a dilapidated condition, and which I have learned would cost a prohibitive figure to put in proper repair.

The steamer "Harts Island" was launched on the 12th day of May and her trial trip took place on October 21; it being the smaller vessel, was finished before the "Rikers" Island," which you will observe was launched in advance. The "Harts Island" was put in commission on the route between City Island and Harts Island on the 20th of November, replacing the steamer "Pelham," which was loaned the Department of Correction by the Department of Health, and on the 30th day of November last said steamer was returned to its original owner with the thanks of this Department.

On June 14 the steamer "Correction" was launched at Noanck, Conn. Said launching was attended by considerable function, it being the largest steamer owned by this Department, and is now very close to completion, she having arrived from the yard of her builders on the 24th day of December, and is expected to be ready to go into commission in the early part of the year 1911, when she will be assigned to the route between the City and Harts Island, replacing the steamer "Massasoit," which will be put on the Blackwells Island route, instead of the old double-end steamer "Minnahanonck," which has been in the service of this Department many years and which is now in a worn-out and dangerous condition.

I would respectfully recommend that the steamer "Minnahanonck," as well as the launch "Mohican," be disposed of, by public auction, as soon as the Department service can be properly handled without them.

The work of this Department is constantly increasing, as the manufacturing industries are now all located on Blackwell's Island, and all articles are carried to and from there aboard the boats.

During the year there was carried from Harts Island, by the boats of the Department, 6,566 tons of ice, which were distributed among the various institutions. There was likewise carried 66,169 passengers, 23,732 prisoners and 161,687 packages, with the total weight aggregating 26,517,799 pounds.

It is gratifying to note that passengers and prisoners have been handled during the year without a single accident.

The crews of the different vessels are drilled weekly in the fire and boat drills, and as an example of their proficiency I beg to state that they can have a stream of water turned on any part of the boat within 20 seconds of the time of alarm and a lifeboat launched in the water alongside within one and a half minutes.

When the steamer "Correction" is completed and ready for service I would recommend that the steamer "Massasoit" be given a thorough overhauling, as she is very much in need of same, and when said work is completed to the satisfaction of your Inspector, this Department will be in excellent condition so far as the Steamboat Bureau is concerned.

The steamers have all had their annual United States Government inspection and have been found up to the necessary requirements of that Department.

The steamer "Massasoit" carried some 300 passengers on Decoration Day from the dock at the foot of East 53d street to Harts Island, amongst whom was the Reno Post of Spanish War Veterans, whom we carried to the graves of their comrades on Harts Island, where they performed the annual memorial service over the dead. Those in charge of the party were profuse in their congratulations for the service and attention given them by this Department during the trip to and from Harts Island.

The Masters and Pilots in the service have carried out all the regulations of the Steamboat Bureau, as well as of the Department of Commerce and Labor, and the Inspectors of the latter Department have passed, satisfactorily, the inspections on the various vessels, with the exception of their recommendations for some small repairs, which were carried out at very little expense.

During the year the employees of the Steamboat Bureau have attended to and performed their duties in a most satisfactory manner, with the exception of one or two minor cases, and said cases were acted upon immediately, and with the result that a recurrence of same will not take place.

There is likewise the launch "Sweep," stationed at Rikers Island, and the launch "John V. Coggey," at Harts Island, which are used as despatch boats and for the relief of the regular steamers, at those points, in case of accident. Both these small boats are handled without additional expense to the Department.

Recapitulation.

Steamer "Correction"—Launched June 14, 1910, at Noanck, Conn. Arrived in New York December 24, 1910. Trial Trip January, 1911. In commission on route February 2, 1911.

Steamer "Harts Island"—Launched May 16, 1910. Trial trip October 21, 1910. Commissioned November 20, 1910.

Steamer "Rikers Island"—Launched April 2, 1910. Trial trip November 21, 1910. Commissioned November 29, 1910.

Steamer "Pelham"—Returned to the Department of Health November 30, 1910.

The handling and transportation of freight, which is constantly increasing, has been carefully managed by those in charge, without damage of any kind having taken place. Respectfully submitted,

WM. J. WRIGHT, Deputy Commissioner.

City Prison.

Hon. PATRICK A. WHITNEY, Commissioner:

Dear Sir—I have the honor to transmit herewith Annual Report for the year ending December 31, 1910, of the City Prison, Manhatttan.

On December 31, 1909, there remained at the City Prison 425 males and 54 females. During the year 13,513 males and 1,419 females were received.

Of this number 4,249 males and 600 females were convicted and transferred to other institutions. The number discharged and otherwise lost, during the same period, was 9,237 males and 812 females (3 died), leaving in confinement at the close of the year 452 males and 61 females.

The increase in the number remaining at the close of this year over that remaining last year is 27 males and 7 females.

The classification of prisoners is strictly adhered to. Prisoners under 21 years are segregated from coming in contact with prisoners of an older age.

The female prison is officered by Matrons only.

The religious wants are promptly attended to by the Protestant, Catholic and Hebrew Chaplains of the Prison. Lay Missionaries also visit the inmates of the prison daily.

Excellent discipline and good order prevails at the Institution, excepting infractions of the rules, at certain periods, by the inmates.

The employees have been prompt and attentive in the discharge of their duties.

The cells have been kept in good condition from a sanitary standpoint.

The interior of the prisons has been kept in clean condition.

The meats, fish, vegetables and other provisions received here during the year have been good in quality and in accordance with contract and specifications.

The bed cots, with their cross-bar bottoms, to the number of 320, are being changed and substituted with wire mattresses, which is a decided improvement. Of the total number 120 have been changed.

I respectfully recommend that a building be provided, which would be large enough to contain four cells, for inmates affected with contagious diseases.

I earnestly recommend that two Keepers be appointed for the efficient discharge of the duties of this Institution.

In conclusion, I beg leave to express my sincere thanks and appreciation of the kind assistance you have given me in the discharge of my duties.

Very respectfully, JOHN J. FALLON, Warden.

District Prison.

Hon. PATRICK A. WHITNEY, Commissioner:

Dear Sir—I have the honor to transmit herewith the annual report of the District Prisons for the year ending December 31, 1910, to-wit:

The total number of prisoners received for the year in all of the District Prisons was 33,652 males and 9,651 females, making a total of 43,303. A detailed statement, which is herewith transmitted will show the disposition of the same.

The total amount of moneys received from fines imposed and telephone charges for the year was $28,869.20, which amount was paid over as follows:

To City Chamberlain, fines and telephone money	$28,443 20
To Board of Health, fines for violation of the Sanitary Code	426 00
Total	$28,869 20

—and receipt taken for same.

It is a credit to the Department to have the District Prisons in such good sanitary condition as they are at present and in relation thereto I desire to state that the reports of the State Prison Commission regarding sanitary conditions have been very complimentary. Improvements made in plumbing and steam heating work, installing of electric lighting systems, etc., are accountable for the excellent conditions.

An improvement of special mention was the installing of an entire new steam-heating system and sterilizer at Jefferson Market Prison, also changing the electric appliances to give more light in office rooms was one of the needed repairs done there. At Yorkville Prison an entire new electric lighting system was installed by department labor under supervision of the Department Electrician.

Other improvements were substituting iron spring hanging beds in place of canvas bottom cots, painting the interior of prisons in light colors instead of dark, which heretofore gave them a gloomy aspect and a great deal of plastering, painting, carpentering, etc., has been done by department labor (detailed reports of which were transmitted quarterly).

The food and supplies received for the employees and inmates were up to the standard and of sufficient quantity. In the Third District Prison (Essex Market) a new "Fairbank" scale was installed and supplies received from contractors, such as coal, ice, etc., are now weighed at the time of delivery, the same as is done in the other District Prisons.

A plentiful supply of poultry, pies and apples was received for the Thanksgiving and Christmas dinners and I must say that the extras were very much appreciated and enjoyed by the employees and inmates.

The religious wants have been faithfully attended to by the reverend clergy and lay-missionaries of the different demoniations; weekly services are held in the chapels of all the District Prisons.

All the employees have performed their duties satisfactorily and strict discipline has always been maintained.

The Department Physicians have been prompt and attentive to render medical aid when needed, also in visiting employees absent from duty.

Transmitted herewit hfind annual per capita statement showing the expenditures and disbursements made during the year 1910.

In conclusion permit me to tender you my sincere thanks for your kind attention and assistance shown to me in the discharge of the duty.

Yours very respectfully, PETER A. MALLON, Warden.

PATRICK HAYES, Warden.

Office of the Workhouse, Blackwells Island.

Hon. PATRICK A. WHITNEY, Commissioner of Correction.

Dear Sir—I have the honor to transmit herewith a report of the operations of the above named Institution for the year ending December 31, 1910.

A series of tables hereto appended give in concise forms the details of the Institution's history during the year.

The year commenced with a population of 1,033 inmates, comprising 582 males and 451 females, and at the close of the year 1910 remained, 527 of whom were males and 383 females.

The daily average census for the year was 531 males and 466 females—total 997. The daily average number of prisoners admitted was 25 males and 14 females—total 39. The average discharges were: Males, 21, and females, 14—total 35.

The fines collected at this Institution for the year amounted to $3,936.

The improvements for the past year are as follows: New steam heating plant installed, new Sterilizing House completed, Laundry Yard enclosed with new stone wall and 150 feet of flagging laid; cellar of Male Hall partly cemented and drain connection made.

The Institution has been kept clean and wholesome throughout the year, and every precaution has been taken by the Officers and Employees to keep the prison in good sanitary condition.

It affords me much pleasure to state that good discipline has been maintained in this Institution throughout the year, and that the Officers and Employees generally have discharged their duties in a faithful and efficient manner.

Respectfully, FRANK W. FOX, Warden.

Cases of women with babies sent to Hospital and subsequently transferred to Harts Island, 17.

Two hundred and eighty operations included in Surgical list.

G. E. WRIGHT, House Physician.

Office of the Branch Workhouse, Rikers Island.

Hon. PATRICK A. WHITNEY, Commissioner of Correction.

Dear Sir—I beg to transmit herewith a report showing the improvements made and work performed at this institution during the year ending December 31, 1910.

The most important improvements were made under contract with outside parties and were as follows:

Steam Heating Plant—A new boiler was installed to furnish heat to the four Dormitories and Mess Hall; this was very much needed to make the frame buildings more comfortable during the cold months, and it certainly gave satisfactory results. The heating plant in the Officers' quarters was improved by the addition of another section to the boiler. All steam pipes were covered with asbestos covering.

Dock—The employees of the Department of Docks and Ferries built new string-pieces, repaired the platform and set new piles where necessary; the dock is now in very good condition.

Retaining Wall—The gap at the southeast end of the sea wall was filled in, and the work is progressing more rapidly. This contract was completed under the jurisdiction of Engineers from the Department of Docks and Ferries.

The prisoners have been kept constantly employed and have made many repairs and alterations in the various buildings. Considering the age of these frame buildings, and the use they have been subjected to, I think the Department has been very fortunate in getting along so well. The services rendered by the prisoners have been the means of saving a considerable amount of money that would have to be paid for the many minor repairs, etc.

During the summer the prisoners were employed on the farm, and, considering the dry weather we had during the months of June, July and August, the crop was very good. A statement of vegetables raised on the farm is attached hereto. A large amount was shipped to the Storekeeper for use at the other institutions of the Department.

The work of excavating and filling in has been carried on throughout the year. Thirteen hundred and twenty-five cubic yards of earth were removed and used to back up the sea wall; this added three-fourths of an acre to the area of the island.

The prisoners' health has been very good, and the Resident Physician has been very faithful in the discharge of his duties. His services have been satisfactory in every respect.

The employees performed their duties in a highly commendable manner; no complaints were made during the year, and the different tasks assigned them were properly carried out.

Religious services were held regularly by the Catholic and Protestant Chaplains and their efforts were highly appreciated by the prisoners.

Transmitted herewith you will find statistical tables showing causes of commitments, prisoners' ages and terms of sentences, nativities, and their social conditions. Very respectfully, JOHN NUGENT, Head Keeper.

Work Accomplished by Prisoners on Rikers Island During the Year 1910.

Outdoor Labor—By prisoners employed at outdoor labor the following was accomplished, in addition to excavating, filling in, etc.

Both the launches "Mohican" and "Sweep" have been hauled from the water, their engines repaired, their hulls, decks, cabins repaired and painted and put back in commission.

Four hundred and eighty-nine tons of coal have been unloaded from a barge, weighed and stored, at the rear of the prisons.

From the Farm, which, as I have stated previously in this report, was not as successful as in the past, the following vegetables were received: Fifty barrels potatoes, 4,500 heads cabbage, 256 bushels tomatoes, 322 bunches radishes, 70 bushels onions, 84 quarts peas, 119 bunches asparagus, 85 bunches beets, 80 bushels Lima beans, 57 bushels butter beans, 5 dozen cucumbers, 45 bushels turnips, 63 bushels spinach, 105 quarts strawberries, 152 bunches rhubarb, 156 bunches leeks, 200 bushels parsnips, 36 bushels carrots, 45 bunches celery, 1 bushel parsley, 175 head lettuce, 25 muskmelons and 20 quarts string beans.

The following were sent to the Storekeeper, Blackwells Island: Fifteen hundred heads cabbage, 50 crates tomatoes, 20 bushels butter beans, 10 bushels Lima beans, 10 bushels onions.

Top soil has been spread over one acre of new-made ground and this will be used as an addition to the Farm during the coming year.

The roads, lawns, etc., have received the usual attention, the grass being cut, the walks covered with ashes and tamped, the curbs straightened, and the roads cleaned of snow and properly cared for.

The retaining wall has been repaired wherever it was necessary, and the words "Department of Correction" and "Rikers Island" reset and whitewashed.

JOHN NUGENT, Head Keeper.

Office of the Branch Workhouse, Harts Island, January 3, 1911.

Hon. PATRICK A. WHITNEY, Commissioner:

Dear Sir—I most respectfully herewith submit the annual report of all work accomplished, improvements and repairs on Harts Island for the year ending December 31, 1910.

During the year 1910 works of improvement along many lines have progressed, all tending towards advancement, and the betterment of conditions that have existed on Harts Island for years past. The completion of the Dormitory and Industrial buildings, which are now occupied by the inmates of the New York City Reformatory, have accomplished and brought about that separation of the youthful inmates from those of the older and more hardened class, a condition that has annoyed and harassed those in authority ever since the inception of the New York City Reformatory. This being an established fact now much better results may be produced.

Our water supply, which has for years given us much trouble, owing to the poor pressure we received, which was seldom above seven pounds, has been greatly improved upon by the installing of the high pressure water pump and tanks, so that now we have a sufficient supply at all times for our immediate wants.

All buildings on the island are now connected with the high pressure mains, thus insuring a plentiful supply for washing, bathing, and the means to meet a fire with, should we have the misfortune again to be visited by one.

In addition to our high pressure system, our water supply has been greatly reinforced by the laying of some 5,000 feet of new 12-inch pipe from the main line at the north end of the island, then traversing all the main thoroughfares and streets adjacent to our buildings, thus giving us the benefit of a further supply when work on the mainland will have been completed, which, it is expected, will be in the early part of the coming summer.

Permit me to state here that the excavation of the trenches for this large amount of pipe laying, some 11,000 feet in all, was all performed by the inmates, the caulking and connection of pipe being done by Contractors and a force of Mechanics from the Department of Water Supply.

Attention is here called to the installation of a new fire pump in the engine room of our plant, and the extension of a new 10-inch lead-lined salt-water suction for 175 feet into the Long Island Sound, on the east side of the island, to be used in case of fire and furnish water for ice plant, a decided improvement on that on which we had to depend for previous years.

Some 1,400 feet of sea wall on the east side of the island have been rebuilt and repaired, placing it in a condition to withstand the ravages of the severe easterly storms that from time to time visit us. This was done by inmates' labor at very little expense to the City.

Our new stable of cement blocks is now nearing completion, and will be sufficiently advanced to be occupied by the spring, thus enabling us to remove from the old structure, which has been an eyesore for years, and which when vacated will be torn down. Owing to the scarcity of mechanics amongst our inmate population, particularly in the bricklaying line, the erection of the new stable has, on this account, been drawn out considerably longer than I expected.

The extension of a two-story building of cement blocks to our present Kitchen, which is used for the storage and preparation of our vegetables, has considerably improved our facilities in that branch of the institution.

The erection of a one-story building of cement blocks for our Sterilizer, in which the clothes of the inmates are sterilized weekly before being washed, is certainly a decided improvement on our old method, having to use sulphur for this purpose, which method often discolored the clothes when put through this process of disinfecting.

When it is considered that all of the foregoing improvements have come mainly from the inmate labor employed, I feel justified in saying that, in addition to our daily repairs by Carpenters, Plumbers, Steamfitters, Blacksmiths, Plasterers, etc., much has been accomplished during the year 1910 towards advancement and improvement. All our buildings have received attention from the hands of our Painters (the inmate class) and have been kept in a cleanly and sanitary condition.

I herewith append a statement showing Admissions, Discharges and Deaths during the year 1910, Yearly Burials, Disinterments, Hospitals and other institutions in which the deaths of those interred in City Cemetery occurred for 1910.

Tables are also appended showing the amount of work performed (new and repairs) by Mechanics, Carpenters, Masons, Plumbers and Steamfitters; amount of goods laundered by female and male prisoners, and amount of days' labor performed in the several branches and industries of the institution for the year, also amount of ice manufactured, farm produce, etc.

In conclusion, permit me here to thank the Resident Physician, Dr. Hunter, for his kind and courteous treatment of all our charges and strict attention to his duties.

I wish to thank the Keepers, Matrons and the other Employees for the attention given and the discipline maintained throughout the year.

To the Chaplains, Catholic, Protestant and Hebrew, who have so faithfully attended to the religious wants of those in our care, I am extremely indebted and desire to express my heartiest thanks.

In their behalf and for myself I thank you for your continued kindness and encouragement in our efforts to advance the interests of the Department of Correction and the unfortunates committed to our care. Respectfully,

THOMAS KANE, Warden.

Hon. PATRICK A. WHITNEY, Commissioner of Correction:

Dear Sir—I most respectfully submit to your Honor the third annual report of the City Prison, Borough of Brooklyn, for the year ending December 31, 1910.

During the year 1910 there were 17,362 prisoners received, which is a decrease of 1,599 from the preceding year.

Five prison vans and eleven horses, with five Drivers, were turned over to this institution by the Sheriff of Kings County on January 1, 1910. These vans have been repaired, painted and lettered. Wire mesh screens were put on windows and skylights of male prison. The new stable and granite wall along Willoughby street has been finished and the stable is now in use. The old stable has been torn down. Electric lights have been installed throughout the administration building. The prison kitchen has been moved from the yard to the administration building. The old kitchen and laundry building has been moved to the corner of Raymond and Willoughby streets and has been faced up with granite. The civil prison has been moved down to the floor in the administration building formerly occupied as the Head Keeper's quarters. The top floor of the administration building is being renovated and when completed will be used as a chapel. The new female prison is still in course of construction.

I herewith append a statement showing the number of prisoners confined December 31, 1909, number received and number discharged during the year 1910. A statement showing the average daily census for the year.

A statement of fines collected from the Supreme, County, Special Sessions and ten City Magistrate's Courts, all of which, under the Charter provisions governing the same, I have forwarded to the City Chamberlain.

The annual per capita statement, showing in detail the cost of maintaining this institution for the year 1910.

The spiritual wants of the inmates here have been faithfully attended to by the prison chaplains.

The medical wants of the inmates here have been promptly attended to by the prison physician of the Department.

I wish to thank the Keepers, Matrons and other employees for the attention given and discipline maintained throughout the year.

In conclusion, I tender my most sincere thanks to your Honor for the assistance which you have given to me in the discharge of the duties imposed.

Respectfully submitted, WM. H. McLAUGHLIN, Warden.

New York City Reformatory of Misdemeanants.

To the Honorable Board of Parole of the New York City Reformatory of Misdemeanants:

Gentlemen—I have the honor herewith to submit to your Honorable Board the Fifth Annual Report of the New York City Reformatory of Misdemeanants ending December 31, 1910.

Its record for the past year has been very creditable considering the numerous obstacles we have had to encounter and the limited means at our disposal to carry out the work of reform. This fact, I trust, will be apparent from the following brief account of its several departments:

We have great reason to be grateful to Divine Providence for the remarkably healthful condition of the Institution. A reference to the report of our Resident Physician will verify this statement.

The much needed improvements begun by the former Commissioner of Correction, the late Hon. John J. Barry, have been completed; while many more have been instituted and put into effect by your worthy President, the present Commissioner, Hon. Patrick A. Whitney.

The following are the most important:

The establishing of regular school classes for all the boys, young and old.

The inauguration of the military drill and calisthenic exercises.

The formation of a fife and drum corps; the instruments for which being a personal donation from the Commissioner.

The opening of the Industrial School, where the following trades are taught:

Plumbing and steamfitting, carpentry, electrical work, tinsmithing, tailoring, shoemaking and harness repairing, painting and cement work.

The daily schedule is so arranged that all the boys have an opportunity to attend school half the day, and, during the other half are occupied with their various trades.

In summer time a class of about 30 are occupied in gardening and farming. It is needless to mention, that these scholastic and industrial classes are great aids in the noble work of reformation. They are also very conducive to good discipline and the moral standard of the Institution.

A marked change for the better, in these respects, is already very noticeable.

On May 2, 1910 (a day which ought to be memorable in the annals of the Institution), the scholastic work was begun under great difficulties, and since then, thanks to our Commissioner, our school has been well equipped both as to text books and furniture, but until two months ago we were obliged to make use of monitors in the various classes, as no teachers were allotted by the city to the Reformatory. Thus far only two have been appointed and these are assisted by the monitors.

On the same day, May 2, 1910, the military companies were formed, aand in a very short time they became so proficient that it pleased our Commissioner's wife, Mrs. P. A. Whitney, to present them with a beautiful set of colors.

The presentation took place on the occasion of the visit of the delegates to the International Prison Congress held at Washington, D. C.

Only those engaged in reformatory work know the importance and necessity of keeping the minds of the boys busily engaged at something useful; therefore we deem it a pleasure and a duty to bring into play the very best means to attain the end which those who founded the reformatory had in view. We are therefore grateful to all who lend a helping hand and encourage us in the good work.

With the limited number of officers, instructors and teachers allotted to the re-

formatory by the city of New York, the progress made thus far is very gratifying; but with additional help much better results could be obtained, and the good work made more complete. At present we are laboring under difficulties owing to the inadequate force at our command.

A debt of thanks is due our reverend chaplains, Dr. E. A. Bray, Dr. C. H. Levy and Father H. A. Judge, S. J., of the Protestant, Hebrew and Catholic Chapels, respectively, for their untiring zeal and kind assistance on all occasions, likewise to our devoted resident physician, Dr. J. R. Hunter, for his self-sacrificing and constant devotion in behalf of the inmates.

To my co-workers, officers, instructors and teachers I am more than grateful for their generous assistance on all occasions in promoting the welfare of our charges; and to you, gentlemen of the Board of Parole, and especially to your honored President, Commissioner Whitney.

I am doubly grateful for the great assistance and encouragement given me in the discharge of the onerous duties of my position. Respectfully submitted,

MARTIN J. MOORE, Overseer.

Health of Inmates.

Excellent conditions as to fresh air, sunlight and hygiene probably account for the state of the health of inmates. The general health has been good, many of the diseases treated here were acquired on the outside.

In the past year one death occurred. There have been no epidemics and few accidents, one inmate was transferred to Metropolitan Hospital for an operation and five to Matteawan State Hospital.

The average daily census of patients in the Hospital was about seven. Many were taken in for minor troubles requiring less than two days' treatment.

Hospital Cases Treated—Tuberculosis, 6; erysipelas, 3; epilepsy, 6; lead colic, 2; gonorrhœa, 25; syphilis, 4; eneuresis, 7; eye injury, 1; mental disease, 3; mitral disease, 1; nasal obstruction, 1.

Also a number of minor troubles, such as colds, gastritis, diarrhœa, constipation, etc.

Their spiritual welfare has been carefully cared for by the Catholic, Protestant and Hebrew chaplains of the Department of Correction, and attendance at religious service has been usually large, though not compulsory.

CORPORATION SALE OF REAL ESTATE.

WM. P. RAE CO., AUCTIONEER.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the power vested in them by law, will offer for sale at public auction on

TUESDAY, NOVEMBER 21, 1911,

at 12 o'clock m., at the Brooklyn Real Estate Exchange, 189 Montague street, Borough of Brooklyn, the following described real estate belonging to the corporation of The City of New York, and located in the Borough of Brooklyn, and known as Lot 72, in Block 993, Section 4, more particularly bounded and described as follows:

All that certain plot, piece or parcel of land situate in the Borough of Brooklyn, City of New York.

Beginning at a point on the northerly side of 7th street, said point being distant 122 feet 10½ inches easterly from the intersection of the northerly side of 7th street and the easterly side of 4th avenue; running thence northerly and parallel or nearly so with 4th avenue a distance of 100 feet to the centre line of the block; thence easterly and parallel, or nearly so, with 7th street, a distance of 20 feet; thence southerly and again parallel with 4th avenue, a distance of 100 feet to the northerly side of 7th street; thence westerly along the northerly side of 7th street, 20 feet to the point or place of beginning.

The minimum or upset price at which said property shall be sold is hereby appraised and fixed at Twelve Hundred Dollars ($1,200), plus the cost of advertising the sale. The sale is made upon the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay 10 per cent. of the amount of his bid, together with the auctioneer's fee, at the time of the sale, and 90 per cent. upon the delivery of the deed, which shall be within thirty (30) days from the date of the sale. The deed so delivered shall be in form of a bargain and sale deed without covenants.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith, will be held liable for any deficiency which may result from such resale. The right is reserved to reject any and all bids.

Maps of said real estate may be seen on application at the Comptroller's office, Stewart Building, 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund under resolution adopted at meeting of the Board held October 25, 1911.

WM. A. PRENDERGAST, Comptroller, City of New York.

Department of Finance, Comptroller's office, October 25, 1911. n3,21

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISsioner of the Department of Water Supply, Gas and Electricity, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for water supply purposes in the

Borough of Queens,

Being the double dwelling house, situated near the Bayside Pumping Station, in the Borough of Queens, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held October 25, 1911, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, NOVEMBER 20, 1911,

at 11 a. m., in lots and parcels and in manner and form, as follows:

Parcel No. 1. Double dwelling house, adjoining the Bayside Pumping Station, on the south side of Broadway, about 200 feet east of Thirteenth street, Bayside.

Sealed bids, (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m., on the 20th day of November, 1911, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened November 20, 1911," and must be delivered or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Notices to Property Owners.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

NINETEENTH WARD, SECTION 5.

RESTORING ASPHALT PAVEMENT at the northeast corner of EIGHTY-FIRST STREET AND FIFTH AVENUE. Area of assessment: Northeast corner of 81st st. and 5th ave., known as Lot 1 in Block 1493.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same was entered on November 1, 1911, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 2, 1912, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

WM. A. PRENDERGAST, Comptroller, City of New York, Department of Finance, Comptroller's Office, November 1, 1911. n13,23

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF MANHATTAN:

FIRST WARD, SECTION 1.

RE-CONSTRUCTING SEWER UNDER PIER OLD NO. 8, NORTH RIVER. Area of assessments affects Blocks Nos. 16, 17, 18, 19, 20 and 21, and 49, 50, 51, 52, 53, 54 and 55.

—that the same was confirmed by the Board of Assessors on November 8, 1911, and entered November 8, 1911, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 8, 1912, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

DEPARTMENT OF DOCKS AND FERRIES.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED ESTIMATES WILL BE RECEIVED by the Commissioner of Docks at Pier "A," foot of Battery place, North River, in The City of New York, until 12 o'clock noon on

TUESDAY, NOVEMBER 21, 1911.

1. FOR INSURING THE FERRYBOAT "STAPLETON," TO BE EMPLOYED ON THE MUNICIPAL FERRIES, BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF BROOKLYN AND THE BOROUGH OF RICHMOND FOR A PERIOD OF TWELVE CALENDAR MONTHS BEGINNING AT NOON ON DECEMBER 7, 1911, AND TO TERMINATE AT NOON ON DECEMBER 7, 1912.

2. FOR INSUKING THE FERRYBOAT "CASTLETON," TO BE EMPLOYED ON THE SAME SERVICE AS ABOVE, FOR A PERIOD OF TWELVE CALENDAR MONTHS BEGINNING AT NOON ON DECEMBER 7, 1911, AND TO TERMINATE AT NOON ON DECEMBER 7, 1912.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuations:

For the ferryboat "Stapleton"..... $125,000 00
For the ferryboat "Castleton"..... 125,000 00

In no case shall the Department be deemed a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds $500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

The estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made according to the law as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal unless it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state, both in writing and in figures, a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

The Commissioner reserves the right to reject all bids or estimates if he deems it for the interest of the City so to do.

CALVIN TOMKINS, Commissioner of Docks.

BOARD OF ESTIMATE AND APPORTIONMENT.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The New York Magnaphone and Music Company has under date of June 29, 1911, made application to this Board for the grant of the right, privilege or franchise to lay, construct, maintain and operate electric wires with the necessary branches under and along the streets, avenues and public places of The City of New York for the purpose of distributing music and matters of general interest and amusement electrically by means of a magnaphone; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on July 6, 1911, fixing the date for a public hearing thereon as September 21, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Evening Mail" and the "Globe," newspapers designated by the Mayor and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The New York Magnaphone and Music Company and the adequacy of the amount of compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by The New York Magnaphone and Music Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The New York Magnaphone and Music Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this ——— day of ——— 191 by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The New York Magnaphone and Music Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right or privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in the conduits under the streets and avenues within the territory comprised in the Borough of Manhattan and that part of the Borough of The Bronx west of the Bronx River; such wires to connect only the premises of subscribers with the central stations of the Company and to be used for the purpose of maintaining a system whereby music and information in relation to matters of general interest may be distributed electrically from the central stations of the Company to two or more subscribers simultaneously and for no other purpose whatsoever.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The rights and privileges herein granted shall not be construed to in any way give the Company the right or privilege to engage in a business permitting communication between subscribers and this contract is entered into on the mutual and express understanding and agreement by and between the parties hereto that the Company will not in any way engage in a business which will permit communication between its subscribers or claim the right so to do under this contract and the right and privilege herein and hereby granted and conferred; it being understood that this is not a grant to do a telephone business within the general accepted meaning of the term.

Second—The said right to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, without any privilege of renewal thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars ($5,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than two thousand five hundred dollars ($2,500), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of two thousand five hundred dollars ($2,500).

During the second term of five (5) years an annual sum which shall in no case be less than three thousand five hundred dollars ($3,500), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand five hundred dollars ($3,500).

During the third term of five (5) years an annual sum, which shall in no case be less than five thousand dollars ($5,000), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand dollars ($5,000).

During the fourth term of five (5) years an annual sum, which shall in no case be less than seven thousand five hundred dollars ($7,500), and which shall be equal to four (4) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand five hundred dollars ($7,500).

During the remaining term of five (5) years an annual sum, which shall in no case be less than ten thousand dollars ($10,000), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of ten thousand dollars ($10,000).

The gross annual receipts mentioned above shall be the gross receipts of the Company from all sources within the Borough of Manhattan and the portion of the Borough of The Bronx lying westerly of the Bronx River.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to The City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The right and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires, electrical conductors and other property of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires, electrical conductors and other property, or any portion thereof, constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—Said wires, electrical conductors and other property shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction shall be commenced by the Company until written permits therefor have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

Eighth—All wires or other electrical conductors of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan or the portion of the Borough of The Bronx west of the Bronx River, the Company hereby agrees to lay its wires and electrical conductors in such subways, and the City agrees to lease to the Company during the term of this contract such space as may be required for the business herein authorized.

Ninth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is operating, not in arrears to it for service already rendered, extend its wires to such premises and furnish its service to such individual or corporation, provided that such premises are not more than one-half (½) mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Tenth—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly indicated the number of wires which are used by the Company on the 30th day of September next preceding, and the streets and avenues in which the same are located, and also those which were put in during the preceding year.

Eleventh—The Company shall commence the operation of its system of distribution of music and matters of general interest, as herein authorized, within six (6) months from the date on which this contract is signed by the Mayor, and shall have in operation the apparatus for the delivery of such service at one thousand (1,000) points upon subscriber's premises within five (5) years from the date on which this contract is signed by the Mayor, otherwise this grant shall cease and determine.

Twelfth—The Board may, by resolution, direct the Company to install its apparatus and necessary appurtenances thereto in any or all of the free wards of Bellevue and Allied Hospitals, and in the assembly halls of any or all of the public schools within the portion of the City for which a franchise is hereby granted. Upon notice by the Board to the Company that any such resolution has been adopted the Company shall install such apparatus and the necessary appurtenances thereto, free of charge, and shall furnish service, as directed, at one-half the regular rates charged by the Company for similar service, provided that the Company shall not be required to extend its wires for the purpose of connecting with such hospitals or schools a distance greater in any case than one-half (½) mile.

Thirteenth—It is agreed that the Board shall have absolute power to regulate all charges or rates for services rendered by the Company to subscribers pursuant to this contract, provided that such rates shall be reasonable and fair, but the Company shall not at any time within the term of this contract charge more than twenty dollars ($20) per month for an unlimited music service.

Fourteenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of the cost to it of apparatus leased or furnished to the subscriber on his premises, and of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills shall never be charged against property unless due from the owner thereof, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Seventeenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eighteenth—If the Company shall fail to give efficient public service at reasonable rates or at the rates herein fixed, or at the rates which may be hereafter fixed by the Board, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Nineteenth—If, for a period of any three (3) consecutive months after the commencement of the operation of the system proposed by the Company, as herein provided, such system shall not be operated, or if the same shall not be operated for a period of any six (6) months out of any consecutive twelve (12) months after the commencement of operation, the Board may declare the right and franchise and this contract terminated without further proceedings in law or in equity.

Twentieth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of subscribers served by the Company.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-first—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts from the operation of the system hereby authorized from all subscribers served by the Company, together with such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-second—This grant is upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five thousand dollars ($5,000), either in money or security, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed or at the rates which may be hereafter fixed by the Board as herein provided, and in default of the payment of such annual charges, the City shall collect the same with interest from said fund after ten (10) days' notice to the Company. In case of failure by the Company to comply with the terms of this contract relating to the filing of annual statements, the furnishing of service to applicants as herein provided, or its neglect or refusal to comply with any demand or direction of the Board or other Municipal officer, made pursuant to the terms of this contract or under the authority of any laws or ordinances now or hereafter in force in such cases and in any of these events, the Company shall, except as herein otherwise provided, pay to the City a penalty of fifty dollars ($50) for each violation, which sum or sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars ($5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-third—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the wires and electrical conductors constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-fourth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to, and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to the rates and charges are as hereinbefore specified, and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions for the grant of a franchise or right applied for by the New York Magnaphone and Music Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, December 7, 1911, in the CITY RECORD and at least twice during the ten (10) days immediately prior to Thursday, December 7, 1911, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York at the expense of the New York Magnaphone and Music Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of a franchise or right applied for by the New York Magnaphone and Music Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, December 7, 1911, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Dated New York, October 26, 1911. n13,d7

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held October 26, 1911, the following petition was received:

To the Board of Estimate and Apportionment:

The petition of New York, Westchester & Boston Railway Company respectfully shows as follows:

That your petitioner is a railroad corporation of the State of New York, and is engaged in constructing its railroad in The City of New York in accordance with a certain ordinance adopted by the Board of Aldermen of the said City on the 26th day of July, 1904, approved by the Mayor on August 2, 1904, granting to your petitioner the right to cross streets, avenues and public places as therein specified, which ordinance was subsequently amended by resolution of the Board of Estimate and Apportionment adopted July 14, 1905, and approved by the Mayor July 21, 1905, and by contracts between New York, Westchester & Boston Railway Company and The City of New York, dated January 29, 1909, and August 2, 1911, respectively; that the entire route of your petitioner in the said City is set forth in the said contracts dated January 29, 1909, and August 2, 1911.

That on the 10th day of December, 1910, the Board of Directors of your petitioner, for the purpose of improving the line of the railroad, by affirmative vote of two-thirds of all the said directors, at a meeting duly called in the manner provided by law, adopted a change of route of a portion of its main line in The City of New York, so that the same should be in accordance with a certain map then adopted by the said Board of Directors, entitled "Map and Profile of New York, Westchester & Boston Railway Company, New York County part of Section 1, December 10, 1910, being map and profile of that part of the route of the main line of said Railway Company within said county, extending from a point near the intersection of Willis avenue and 132d street in the Borough of The Bronx, City of New York, to a point between 134th street and 135th street, east of Willow avenue in said Borough and City, as altered, changed, amended and adopted by affirmative vote of two-thirds of all the directors of said Company on the 10th day of December, 1910. E. J. Langford, Chief Engineer, New York, Westchester & Boston Railway Company."

That subsequently thereto your petitioner applied to the Public Service Commission for the First District, for leave to exercise its right to change its route within the said City and county in accordance with the map so adopted, and that the said Public Service Commission for the First District, by an order dated July 18, 1911, approved and authorized the exercise of the right of your petitioner to make such alteration and change and to adopt such amended route.

That on the 24th day of July, 1911, your petitioner duly filed in the office of the County Clerk of New York County, the said map and profile, together with a certified copy of the order of the Public Service Commission for the First District, approving the said alteration and change. A copy of the said map is submitted herewith, marked "Exhibit A." That the said change does not cross any additional streets, but crosses the same streets as are designated in the said ordinance and contract, further to the east, so as to bring the route of your petitioner's railroad contiguous to the route of the railroad of The Harlem River and Port Chester Railroad Company, and so that the centre line of your petitioner's railroad crosses the said streets at the following points:

East 132d street, about 210 feet easterly from Willow avenue.

East 133d street, about 300 feet easterly from Willow avenue.

East 134th street, about 340 feet easterly from Willow avenue.

—and also omits the crossing of Willow avenue.

Submitted herewith is a map to accompany this petition, showing thereon the location of the present route in black and the proposed route in red, and showing also the location of The Harlem River and Port Chester Railroad.

That the object of the said change is in order to improve the route of your petitioner and avoid an unnecessary width in crossing the streets between The Harlem River and 134th street, and also so that the said route shall adjoin the route of The Harlem River and Port Chester Railroad Company, so that the two railroads may be operated in common under a contract which has been duly approved by the Public Service Commission for the First District on the 11th day of July, 1911.

Wherefore, your petitioner prays that your honorable Board will amend the said ordinance granting a franchise to your petitioner, adopted by the Board of Aldermen on July 26, 1904, approved by the Mayor August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment dated July 14, 1905, and approved by the Mayor July 21, 1905, and by contract between your petitioner and The City of New York, dated January 29, 1909, and by contract between your petitioner and The City of New York, dated August 2, 1911, so that that portion of the route extending from the terminus at the Harlem River to a point between 134th street and 135th street east of Willow avenue shall conform in all respects to the route shown on the map entitled "Map and Profile of New York, Westchester & Boston Railway Company for New York County, Part of Section 1, dated December 10, 1910, adopted by the Board of Directors of said Company on the 10th day of December, 1910, which map and profile were duly filed in the office of the County Clerk of the County of New York on the 24th day of July, 1911." Respectfully submitted,

NEW YORK, WESTCHESTER & BOSTON RAILWAY COMPANY, by L. S. MILLER, President.

State of New York, County of New York, ss.:

Leverett S. Miller, being duly sworn, deposes and says that he is President of New York, Westchester & Boston Railway Company, the petitioner named in the foregoing petition; that he has read said petition and knows the contents thereof, and that the same is true of his knowledge except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true.

LEVERETT S. MILLER.

Sworn to before me this 11th day of October, 1911.

JAMES J. DWYER, Notary Public, Kings County. Certificate filed in New York County, Register No. 2175. (SEAL)

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the New York, Westchester & Boston Railway Company, verified October 11, 1911, was presented to the Board of Estimate and Apportionment at a meeting held October 26, 1911.

Resolved, That in pursuance of law this Board sets Thursday, the 23d day of November, 1911, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in the City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

☞See General Instructions to Bidders on the last page, last column, of the "City Record."

PUBLIC SERVICE COMMISSION.

PUBLIC SERVICE COMMISSION, 154 NASSAU STREET, NEW YORK CITY.

INVITATION TO CONTRACTORS.

PART OF LEXINGTON AVENUE ROUTE.

THE CITY OF NEW YORK, ACTING BY the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section 9 of the Lexington Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 9—Begins at a point about 50 feet north of the centre line of East 67th street and extends thence under Lexington avenue to a point about 70 feet south of the centre line of East 79th street; with a station at East 68th and East 69th streets and a station at East 77th street.

The general plan of construction calls for a subsurface railroad having four tracks. Turnouts, cross-overs, connections and sidings, etc., will be constructed, all of which are more particularly indicated on the contract drawings.

Bidders will not be required to do the station-finish work, nor to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections, along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, monuments, surface, subsurface and elevated railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be partly by trench excavation (under cover, unless otherwise specified in the form of contract or permitted by the Commission), and partly by tunnel, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders by payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Commission.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE OFFICE OF THE COMMISSION AT 154 NASSAU STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL THE 5TH DAY OF DECEMBER, 1911, AT TWELVE (12) O'CLOCK NOON, AT WHICH TIME, OR AT A LATER DATE TO BE FIXED BY THE COMMISSION, THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commissoin.

A statement, based upon the estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedules forming a part of the form of Contractor's Proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed *"Proposal for Constructing Part of Rapid Transit Railroad—Route No. 5, Section No. 9,"* and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interest may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties named by them are not approved by the Commission, may substitute in their proposals the names of other sureties approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representatives, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for fifty thousand dollars ($50,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15%) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal the sum of two hundred and twenty-five thousand dollars ($225,000). Thereafter there shall be so deducted and retained for such purpose ten (10%) per centum of the amounts certified from time to time to be due to the Contractor.

In case of failure or neglect to execute and deliver the contract or execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to hake another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, November 10, 1911.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BRONX BOULEVARD (although not yet named by proper authority), from Old Boston Post road to East 242d street (Demilt avenue), in the 24th Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONers of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 21st day of November, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of November, 1911, at 10 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 25th day of November, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northerly boundary line of The City of New York, with a line parallel to and distant 500 feet westerly from the westerly line of Webster avenue; running thence southerly along said line parallel to Webster avenue to its intersection with a line midway between Mosholu Parkway North and Woodlawn road. Thence southeasterly along said line and its southeasterly prolongation to its intersection with a line parallel to and distant 1,500 feet westerly from the westerly line of the Bronx boulevard; thence southerly along said parallel line to the Bronx boulevard and its southerly prolongation to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West Farms road; thence easterly along said parallel line to West Farms road to its intersection with the southerly prolongation of a line parallel to and distant 100 feet easterly from the easterly line of Barnes avenue; thence northerly along said last-mentioned southerly prolongation and parallel line and its northerly prolongation to its intersection with the northerly boundary line of The City of New York; thence westerly, southerly, and again westerly along the said boundary line of The City of New York to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 23d day of January, 1912, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, October 23, 1911.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of CASTLETON AVENUE, from Richmond avenue to Jewett avenue, in the Third Ward, Borough of Richmond, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court-house, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 27th day of November, 1911, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Castleton avenue, from Richmond avenue to Jewett avenue, in the Third Ward, Borough of Richmond, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Parcel "A."

Beginning at the northwesterly extremity of the northeasterly line of a street shown as Grace Church place on a map entitled "The Extension of Grace Church Place to Simonson Place, in the Third Ward, Borough of Richmond, The City of New York," which map was approved by the Board of Estimate and Apportionment July 11, 1902.

The said point of beginning is situated as follows with reference to the southwesterly extremity of the second course of Parcel "B," northwestwardly from said extremity along the northeasterly line of the above-mentioned Grace Church place and making an angle with said second course in the northerly quadrant of 89 degrees 53 minutes 25 seconds 104.74 feet; thence still northwestwardly and along said northeasterly line of Grace Church place, making an angle with the last-mentioned course in the northeasterly quadrant of 170 degrees 34 minutes 10 seconds 24.33 feet to the above-mentioned point of beginning.

1. Thence northwestwardly in a prolongation of the last-mentioned northeasterly line of Grace Church place 522.43 feet to the southeasterly line of Heberton avenue.

2. Thence northeastwardly along said southeasterly line of Heberton avenue, making an angle with the preceding course in the easterly quadrant of 97 degrees 8 minutes 23 seconds 4.96 feet.

3. Thence northwestwardly deflecting 83 degrees 27 minutes 24 seconds to the left 388.40 feet.

4. Thence still northwestwardly making an angle of 179 degrees 1 minute 4 seconds in the northeasterly quadrant 317.23 feet more or less to the southeasterly line of Richmond avenue.

5. Thence southwestwardly along said southeasterly line of Richmond avenue 60.50 feet.

6. Thence southeastwardly parallel to and 60 feet southwesterly from the fourth course 310 feet more or less.

7. Thence still southeastwardly parallel to and 60 feet southwesterly from the third course 395.79 feet to the southeasterly line of Heberton avenue.

8. Thence northeastwardly along said southeasterly line of Heberton avenue 5.04 feet.

9. Thence southeastwardly parallel to and 50 feet southwesterly from the first course 532.70 feet to the northwesterly terminus of the above-mentioned extension of Grace Church place.

10. Thence northeastwardly along said terminus 52.67 feet to the point or place of beginning.

Parcel "B."

Beginning at the point of intersection of the northwesterly line of Jewett avenue and the northwesterly prolongation of the northeasterly line of Castleton avenue, as adopted by the Board of Estimate and Apportionment July 1, 1910.

1. Thence northwestwardly on a prolongation of the above-mentioned northeasterly line of Castleton avenue 303.37 feet.

2. Thence southwestwardly on a line making an angle with the first course of 90 degrees 19 minutes 13 seconds in the easterly quadrant 5.05 feet to the northeasterly line of Grace Church place as approved by the Board of Estimate and Apportionment July 11, 1902.

3. Thence southeastwardly along the above-mentioned line of Grace Church place 97 feet to the southeasterly terminus of said Grace Church place.

4. Thence southwestwardly along said southeasterly terminus 50 feet to the southwesterly line of said Grace Church place.

5. Thence northwestwardly along southwesterly line of Grace Church place 0.71 feet.

6. Thence southwestwardly on a prolongation of the second course 4.95 feet.

7. Thence southeastwardly parallel to and 60 feet southwesterly from the first course 299.25 feet to the northwesterly line of Jewett avenue.

8. Thence northeastwardly along said northwesterly line of Jewett avenue 60.12 feet to the point of beginning.

Castleton avenue, from Richmond avenue to Jewett avenue, is shown on a map entitled "Lines and Grades of Castleton avenue, from Jewett avenue to Richmond avenue, in the Third Ward," which map was adopted by the Board of Estimate and Apportionment April 6, 1911, and filed in the office of the President of the Borough of Richmond June 16, 1911, and in the offices of the Clerk of the County of Richmond and the Counsel to the Corporation of The City of New York, on or about the same date.

The Board of Estimate and Apportionment on the 4th day of May, 1911, duly fixed and determined the area of assessment for benefit in this proceding as follows:

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of TWELFTH AVENUE (although not yet named by proper authority), from Jackson avenue to Flushing avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 2d day of December, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 5th day of December, 1911, at 10 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 5th day of December, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of the northerly line of Jackson avenue with the centre line of the blocks between 12th avenue and 13th avenue and running thence northerly along said centre line to its intersection with the southerly line of Flushing avenue; thence westerly along said southerly line of Flushing avenue to its intersection with the centre line of the blocks between 12th avenue and 11th avenue; thence southerly along said last mentioned centre line to its intersection with the northerly line of Jackson avenue; thence easterly along said northerly line of Jackson avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 25th day of January, 1912, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HALSEY STREET (although not yet named by proper authority), from Halletts Cove to Hell Gate, East River, in the First Ward, Borough of Queens, in The City of New York, as amended by an order of the Supreme Court, duly made and entered herein on the 7th day of June, 1909, discontinuing that portion of Halsey street lying between Fulton avenue and Halletts Cove, East River, pursuant to a resolution of the Board of Estimate and Apportionment adopted April 19, 1907.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 28th day of November, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 1st day of December, 1911, at 3 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in said city, there to remain until the 1st day of December, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly line of Fulton avenue, where the centre line of the block between Halsey street and Boulevard intersects the said northerly line of Fulton avenue; running thence northerly along the centre lines of the blocks lying between Halsey street and Boulevard to the United States bulkhead and pierhead line of the East River; thence in a westerly direction along the said United States bulkhead and pierhead line, as shown on the draft damage map in this proceeding, to a point where the said United States bulkhead and pierhead line would intersect the centre line of the block between Munson street and Halsey street, if projected; thence southerly along the last-named line, it being the centre line of the blocks between Munson street and Halsey street, to the northerly side of Fulton avenue; thence easterly along the said northerly line of said Fulton avenue to the point or place of beginning.

For the purposes of this description and the assessment, the centre line of the Boulevard is to be considered as continuing to the United States bulkhead and pierhead line above mentioned.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 22d day of December, 1911, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of supplemental and amended estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, November 2, 1911.

HENRY P. TITUS, Chairman; JAS. A. GRAY, RUDOLPH L. HORAK, Commissioners.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resoved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
