NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment, held on December 31, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment, on February 11, 1910, authorized the acquisition of title to Church avenue, from 36th street to Ocean parkway, Borough of Brooklyn, and directed that the entire cost and expense of the proceeding should be assessed upon the property deemed to be benefited thereby, and located within an area of assessment laid out in the resolution authorizing the proceeding for acquiring title to said Church avenue; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of reconsidering its action with respect to the distribution of the cost and expense of such proceeding, and of making a new determination concerning the same so as to place 25 per cent of the entire cost and expense of the proceeding upon the Borough of Brooklyn and the remainder of such cost and expense, excluding such proportion of the cost of buildings as may be placed upon the City at large, under the proposed change of the Charter, as amended, upon the property within the following area:

Beginning at the intersection of a line midway between East 7th street and Ocean parkway with a line distant 100 feet southerly from and parallel with the southerly line of Beverly road, the said distance being measured at right angles to Beverly road, and running thence westwardly along the said line parallel with Beverly road to the intersection with a line distant 500 feet southerly from and parallel with the southerly line of Church avenue as this street is laid out west of East 5th street, the said distance being measured at right angles to Church avenue; thence westwardly along the said line parallel with Church avenue to the intersection with a line midway between 36th street and 37th street; thence northwardly along the said line midway between 36th street and 37th street to the intersection with the prolongation of a line midway between Clara street and Louisa street; thence eastwardly along the said line midway between Clara street and Louisa street and along the prolongations of the said line, to the intersection with a line midway between East 3d street and East 4th street; thence northwardly along the said line midway between East 3d street and East 4th street to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Albemarle road, the said distance being measured at right angles to Albemarle road; thence eastwardly along the said line parallel with Albemarle road to the intersection with the prolongation of the aforesaid line midway between Clara street and Louisa street to the intersection with a line parallel with Ocean parkway, and passing through the point of beginning; thence southwardly along the said line parallel with Ocean parkway to the point or place of beginning.

The 25 per cent of the entire cost and expense of the proceeding to be placed upon the Borough of Brooklyn is to be levied and collected with the taxes upon the real property in said Borough becoming due and payable in the year in which such costs and expense shall have been fixed and determined, provided that such costs and expense be ascertained in time to be included with the taxes on the real property of said Borough in the same year, and if not determined in time the same is to be levied and collected with the taxes of the succeeding year.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and in the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 30th day of January, 1914.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

**TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.**

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but not to be returned at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be made on the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to the purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street; and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successors of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
