- *Win More Contracts at nyc.gov/competetowin*

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio- Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

DEPARTMENT OF HOUSING PRESERVATION & DEVELOPMENT (HPD)
OFFICE OF MANAGEMENT AND BUDGET (OMB)
COMMUNITY DEVELOPMENT BLOCK GRANT – DISASTER RECOVERY PROGRAM

EARLY NOTICE AND PUBLIC REVIEW OF A PROPOSED ACTIVITY IN A 100-YEAR FLOODPLAIN AND WETLANDS

To: All Interested Agencies, Groups, and Individuals:

This is to give notice that the City of New York (“City”) is proposing to undertake activities within a 100-year floodplain relating to the United States Department of Housing and Urban Development’s (“HUD”) Community Development Block Grant-Disaster Recovery (“CDBG-DR”) program. President Obama signed the “Disaster Relief Appropriations Act, 2013” (Public Law 113-2) into law on January 29, 2013. Among other appropriations, the Act included \$16 billion in CDBG-DR funds “for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in the most impacted and distressed areas resulting from Hurricane Sandy”. This notice is required by Section 2(a)(4) of Executive Order 11988 for Floodplain Management and is implemented by HUD Regulations found at 24 CFR 55.20(b) for the HUD action that is within and/or affects a floodplain. Under 24 CFR Part 58, the City, as the Recipient of the grant funds, has identified its Office of

Management and Budget (OMB) as the Responsible Entity (RE) for maintaining the CDBG-DR Environmental Review Record (ERR).

Projects funded with CDBG-DR would be located in areas of impact from Hurricane Sandy throughout the five Boroughs of New York City. The City anticipates that most of the grant would be targeted toward rehabilitation or reconstruction activities designed to help victims of Hurricane Sandy, including homeowners and tenants of rental properties to achieve permanent, sustainable housing solutions that allow them to remain in New York City, and return to their neighborhoods where possible.

The City's initial allocation of CDBG-DR funds is \$4.21 billion. Of this total, the City has allocated \$2.46 billion in funding for assistance to address the various unmet housing needs. The focus of this notice is the New York City Build-It-Back: Multi-Family Building Rehabilitation Program, which will be administered by the Department of Housing Preservation & Development (HPD). Of the \$2.46 billion of CDBG-DR funds allocated to housing, \$416 million would be provided to HPD for the rehabilitation of multifamily buildings (5+ units) and 3-4 unit buildings that are not owner-occupied. The properties shown below are subject to this public notice:

This public notice and the associated maps for the affected properties listed above are available for viewing using the following link <http://www.nyc.gov/builditback> and then clicking on "Reports and Public Notices".

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal

government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk. The 8-Step Decision Making Process includes public notices and the examination of practicable alternatives to building in the floodplain as well as potential mitigation measures. Applicants receiving CDBG-DR construction assistance for residential properties partially or wholly situated within the 100-year floodplain will be required to participate in the National Flood Insurance Program.

HPD is interested in alternatives and public perceptions of possible adverse impacts that could result from these projects as well as potential mitigation measures. The activities will occur in areas served by existing infrastructure. All interested persons, groups and agencies are invited to submit comments regarding the proposed use of federal funds to support a project located in a floodplain. Written comments should be sent to HPD at 100 Gold Street, New York, NY 10038, Attn: Patrick Blanchfield, Director of Environmental Planning, Office of Development, Room 7-A3. Comments may also be submitted electronically to nepa_env@hpd.nyc.gov. All comments must be received on or before the 15th day following the date of this notice.

HUMAN RESOURCES ADMINISTRATION

■ NOTICE

In advance of the release of the RFP, HRA is issuing a Concept Paper for the forthcoming Case Management Support (CMS) Program RFP. With the CMS Program, CAS seeks to expand the populations reached by HRA's current Comprehensive Services Management contract, and enhance and increase the scope of services that are available. New York City is re-orienting its services citywide and the CMS Program will provide supportive case management services to those that require the greatest assistance to connect to, and maintain compliance with, HRA services due to multiple factors including substance use disorders, recurring homelessness, severe mental illness or other complicating behavioral health issues.

In advance of the release of the RFP, HRA is issuing a Concept Paper for the forthcoming RFP to be released by HRA for a Vocational and Educational Opportunities Program. This program is being developed to assist clients of the HIV/AIDS Services Administration (HASA) who have an interest in entering the workforce for the first time or who desire to re-enter the workforce after a period of absence. Participation will be voluntary. HASA seeks to provide comprehensive vocational assessment, education, training, job placement assistance and retention services to ensure that motivated, work-ready HASA clients are able to successfully transition to work. Clients will receive a continuum of services, including assessments to help each participant identify their vocational and educational goals, particular abilities and transferable skills that may help them succeed in employment, as well as identify any barriers and potential work place accommodation needs. Participants will also receive assistance in addressing each identified barrier and obtaining necessary work place accommodations. When appropriate, the vendor will help participants apply for and obtain employment as well as follow-up with those who successfully transition to employment.

This includes a demographic survey of DCLA's nearly 1,000 grantee organizations that will examine race, ethnicity, gender, disability, age, and other factors.

The Mayor's Fund seeks a consultant to develop strategy and execution programming related to DCLA's Diversity Initiative, as further described

in the RFP at on.nyc.gov/DiversityInitiativeRFP. The anticipated term of engagement is October 24, 2015 - December 31, 2016.

The budget for this initiative is \$93,000.
