

NYC HRA CAS LOCAL LAW 3 REPORTING ON COORDINATED ASSESSMENT AND PLACEMENT SYSTEM (CAPS)

FISCAL YEAR ENDING 6/30/2023

INTRODUCTION:

Local Law 3 of 2022 was implemented January 10, 2022. This legislation requires the New York City Department of Social Services (DSS) to produce a detailed report on supportive housing data contained in the Coordinated Assessment and Placement System (CAPS) for the preceding fiscal year and to post the report on the department's website as well as submit to the Council Speaker. The report is due no later than September 1, 2022, and annually thereafter.

This report includes data on clients with supportive housing eligibility, referral, interview, and acceptance activity as applicable in CFY 2023 (July 1, 2022 – June 30, 2023):

Section 1. Supportive Housing Eligible

Section 2. Referred for Supportive Housing Interview

Section 3. Not Referred for Supportive Housing Interview

Section 4. Clients Interviewed

Section 5. Referred No Interview

Section 6. Accepted to Supportive Housing¹

Section 7A. Not Accepted for Supportive Housing (Rejected)²

Section 7B. Not Accepted for Supportive Housing (Rejected) – Detail

Section 8. Referred Awaiting Placement

This report includes data from CAPS for CFY 2023 and as required by LL3 each group is further delineated with disaggregated data by age, gender, ethnicity, language, household type, eligibility, homeless duration, and current placement. Where client counts are under 6 (six), numbers have been redacted per City Charter Section 15 to protect privacy.

This report includes if the household was referred to a housing provider, with the required additional disaggregated data pertaining to referral agency; if the client was interviewed or not; type of supportive housing referred/interviewed; reasons for no interview; average interviews attended; details on reasons for rejection; and counts of clients referred but awaiting placement. The pull of data from CAPS was conducted on July 6, 2023.

¹ A client can be accepted for one unit and rejected for another. In these circumstances, the client is included in both Sections 6 and 7.

² This only includes Supportive Housing Provider rejections. Client rejections of units are not reflected in this report.

LL3 Introduction

At the top of each section of this report, there is a description of the universe (how each group is defined) before the disaggregated data is presented. Also, footnotes are provided as needed for each subsection to provide the method of defining the data presented.

In Section 7B. Not Accepted for Supported Housing (Rejected) – Detail, the reasons for rejection have been redacted to protect client privacy using the following criteria: client name, program name, program address, and identifying behavior. Where complete duplicate entries are listed, these are exactly as entered by housing providers into CAPS and not errors.

BACKGROUND:

The Coordinated Assessment and Placement System (CAPS) was developed to meet HUD requirements and more importantly, to streamline and improve the assessment, prioritization, housing referral, and placement process for homeless and at-risk households within the NYC CoC geographic region. CAPS assesses homeless or at-risk individuals and families for potential housing options, provides detailed instructions on how to apply for the housing options (including supportive housing categories), assists in prioritizing referrals (based on vulnerability and length of time homeless), and identifies vacancies for the household and places according to verified information on eligibility, client preference, and available vacancies. As NYC continues to develop CAPS to achieve the objectives of streamlining the referral and placement process, consider the following information:

- CAPS was launched in October 2020 and has approximately 33K units of supportive housing being tracked. There is an estimated 37K units of supportive housing in operation in NYC and there is a continuous effort to add more units to CAPS.
- Currently, there is no mandate or operational support for all referrals to be made through CAPS. Therefore, many supportive housing providers conduct intake of eligible individuals and families through direct referrals that are not captured in CAPS.
- In CFY 2023:
 - 28 new or modified reasons for provider non-acceptance of client were added to CAPS on 8/30/2022, as per LL3 requirements.
 - The Request a Referral module was added to CAPS, which allows HRA OSAHS re-rental activity to take place within CAPS.
 - A CAPS feature was added that enables Homeless service staff to confirm in CAPS whether a client will attend an apartment viewing.
 - A CAPS feature was added that enables Supportive Housing providers renting up new buildings to set up interview slots in bulk in CAPS.
- There are four Referral Entities using CAPS to make referrals. These are NYC Administration for Children’s Services (ACS), NYC Human Resources Administration HIV/AIDS Services Administration (HRA HASA), NYC Human Resources Administration Office of Affordable and Supportive Housing (HRA OSAHS), and the State Office of Mental Health/Center for Urban Community Services (SOMH/CUCS). Housing providers can also make internal referrals for their units in specific cases.
 - NYC HRA OSAHS is the primary referral entity for households in the DHS shelter system or engaged with street outreach teams.

LL3 Introduction

- NYC ACS is the primary referral entity for NY/NY III Pop I eligible clients.
- NYC HRA HASA is the primary referral entity for NY/NY III Pop H eligible clients and NYC 15/15 HASA Addendum projects.
- SOMH/CUCS, which was added to CAPS as a referral entity on 7/1/2022, is the primary referral entity for clients eligible for SMI Singles, ESSHI MH, state-funded NY/NY I & II, NY/NY III Pop B, and NY/NY III Pop C.

Client not eligible due to funding requirements			
Client not eligible due to funding requirements			

[7] Funding requirements information reflects text entered by provider.

[8] Eligibility requirements selected from drop-down with the following values: Criminal conviction; Sex offender status; Client not able to evacuate SOMH licensed housing program within time frame; Client is not HUD chronic; Other. Added to CAPS 8/30/2022.

O. Detail Reasons for Selected Provider Reasons for Non-Acceptance

Summary Reason	Detail Reason (REDACTED)
Any Other Reason Indicated in the Record of Client Interview	{redacted client name} came from {redacted program name} with his worker on {redacted date} to get a tour of {redacted program name} and also to attempt completing the Self Preservation Test where he is asked to evacuate the residence under 3 minutes in case of a fire. {redacted client name} arrived at {redacted program name} with {redacted details to protect client privacy} and was snot happy that he had tp navigate the stairs. He was unable to exit in under 3 minutes but exited the residence in {redacted time}.
Any Other Reason Indicated in the Record of Client Interview	{redacted client name} came to the housing interview. However, he did not meet the SRO program age criteria 55+. He is {redacted age} years old.
Any Other Reason Indicated in the Record of Client Interview	{redacted client name} came to the interview. However, he did not meet the SRO program age criteria 55+. He is {redacted age} years old.

Any Other Reason Indicated in the Record of Client Interview	{redacted client name} came to the interview. However, he did not meet the SRO program age criteria 55+. He is {redacted age} years old.
Any Other Reason Indicated in the Record of Client Interview	{redacted client name} did not meet eligibility requirements for mobility challenged apartment.
Any Other Reason Indicated in the Record of Client Interview	{redacted client name} has a history of {redacted identifying behavior} and during intake, withheld information about reasoning. HRA documents state he {redacted identifying behavior} because he felt he was not receiving enough attention; however, {redacted client name} noted {redacted details to protect client privacy}. He additionally withheld information regarding {redacted details to protect client privacy}, all risk factors to recovery. Documents also report a history of {redacted details to protect client privacy}, {redacted client name} noted {redacted details to protect client privacy}. Based on past reports, it is unclear how many {redacted details to protect client privacy} by applicant
Any Other Reason Indicated in the Record of Client Interview	{redacted client name} has another housing opportunity with {redacted program name}. {redacted client name} is currently waiting for property management in final steps before housing move-in.
Any Other Reason Indicated in the Record of Client Interview	{redacted client name} was accepted into {redacted program name} {redacted unit number}
Any Other Reason Indicated in the Record of Client Interview	{redacted client name}, was indecisive of accepting supportive housing. Tenant preferred a housing subsidy (Section 8/FHEPS) so she would have the option of moving.
Any Other Reason Indicated in the Record of Client Interview	{redacted program name} has no more vacancies at this time.
Any Other Reason Indicated in the Record of Client Interview	After clinical review, applicant is not accepted at this time as applicant has an extensive, recent, and chronic history of violence towards peers as staff as they reported {redacted identifying behavior} last month and has had to move housing due to their violence.
Any Other Reason Indicated in the Record of Client Interview	After clinical review, it was determined applicant was not accepted to {redacted program name} supportive housing due to applicant's immediate potential or likelihood of serious harm to self. Applicant has a chronic and recent history of violent/assaultive behavior while in the community with both peer and staff members. Applicant also has a history of nonadherence to rules/policy with in a program including compliance, elopement, and destruction of property including fire setting.

Any Other Reason Indicated in the Record of Client Interview	After management reviewed the applicant's submitted documentation, it was determined that unfortunately he does not qualify for housing at {redacted program name} due to exceeding the income requirement for subsidy compliance. {redacted program name} is a Tax Credit unit at 60%, and a HOME unit at 50%. His total income is based on his gross income. He gets paid weekly. {redacted program name} estimated his total income at {redacted details to protect client privacy}. They did not include any OT which it shows he is earning. The Tax Credit Income limit for a single person at 60% is \$59,340. The HOME income limit at 50% is \$46,700 therefore he does not qualify for the subsidy attached to the unit.
Any Other Reason Indicated in the Record of Client Interview	Another candidate identified.
Any Other Reason Indicated in the Record of Client Interview	Another candidate identified.
Any Other Reason Indicated in the Record of Client Interview	Another client was selected.
Any Other Reason Indicated in the Record of Client Interview	Applicant has been accepted for our {redacted program name} {redacted unit number}
Any Other Reason Indicated in the Record of Client Interview	Applicant indicated that she was currently refusing recommended treatment for {redacted details to protect client privacy} diagnoses. She agreed to provide contact information for a private MD to discuss further and an email was sent to outreach team worker to facilitate contact. However, no response was received.
Any Other Reason Indicated in the Record of Client Interview	Applicant presented with no real motivation toward housing placement and is currently at high risk for {redacted details to protect client privacy} based on daily {redacted details to protect client privacy}. Applicant also described regular {redacted details to protect client privacy} which require proper assessment, diagnosis and treatment before housing appropriateness can be considered, as internal stimuli appears to impede his mental status. Would reconsider housing suitability based on further psychiatric assessment.
Any Other Reason Indicated in the Record of Client Interview	Applicant stated during the interview that they do not want to share. This program is only shared apartments. Applicant is accepted to our {redacted program name} where client can have his own bedroom, kitchen, and bathroom if interested. It also appears that applicant would benefit from the supports and services these programs can provide with staff onsite.
Any Other Reason Indicated in the Record of Client Interview	Applicant was a good candidate however housing provider currently accepted/pending another applicant.
Any Other Reason Indicated in the Record of Client Interview	Applicant was not accepted due to not meeting the age requirement of 50 and above at {redacted program name}.
Any Other Reason Indicated in the Record of Client Interview	Applicant's lack of insight into mental illness has caused multiple incidents of violent, threatening and harassing behavior. These incidents are corroborated by reports where shelter staff indicates physical confrontations with other consumers in common and shared spaces of the building. This application is for a shared living space.

Any Other Reason Indicated in the Record of Client Interview	As per HRA analyst-Client below did not meet the HUD/CoC eligibility and lost placement
Any Other Reason Indicated in the Record of Client Interview	As reported, Client is always in fights and violent towards others. Last physical fight was {redacted month} as reported by client during interview. Safety risk for building.
Any Other Reason Indicated in the Record of Client Interview	Assoc. Exec. Director feels that he would do better in single apartment without room mates. He admitted to not taking prescribed medications. A shared living arrangement would provide great stress as he describes himself as a loner.
Any Other Reason Indicated in the Record of Client Interview	At this time the program does not have an apartment to placed the client they will be placed on our waiting list until one becomes available and then staff will reach out if client was not placed. An apartment was identified and was in process of lease however the landlord receded agency is looking for new apartment.,
