PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

MONDAY, MAY 25, 1908,

TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

(1) The Commission took up the matter of awarding the contract on the first section of the Fourth Avenue subway, Brooklyn, and after consideration, the following resolution was moved and duly seconded:

CONTRACT NO. 1. (M. B.—1).

Resolved, That this Commission hereby accepts the proposal of James P. Graham, dated May 8, 1908, for the construction of that portion of the proposed Fourth Avenue Rapid Transit Railroad in the Borough of Brooklyn, which lies under Flatbush Avenue extension between Nassau Street and Willoughby Street, in the Borough of Brooklyn, and also the proposal of the said James P. Graham to construct pipe galleries in connection with the said railroad, the prices of the bids being \$1,020,476.55 for construction of the railroad and \$101,374.55 for the construction of the pipe galleries.

Resolved, That the Chairman and the Secretary be and they are hereby authorized, on behalf of the Commission, to execute a contract in the form attached to the said proposal and to deliver the same if and when consented to by the Board of Estimate and Apportionment and upon compliance by the said James P. Graham with the requirements of the Invitation to Contractors attached to the said proposal.

Resolved, That the Secretary give notice to the said James P. Graham that his proposal has been accepted and the contract awarded to him by this board, subject to its being consented to by the Board of Estimate and Apportionment, as required by law.

Resolved, That it be referred to George S. Coleman, Counsel, to inquire into the sufficiency of the sureties proposed to be given by the said James P. Graham and in case sureties named in the proposal of the said James P. Graham or any of them are not approved, then to inquire into the sufficiency of any other or substitute sureties and in behalf of the Commission to do any such acts as may be necessary and incidental to the furnishing of a proper bond.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—Commissioner McCarroll.

Carried.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, TUESDAY, MAY 26, 1908,

TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

(1) The Secretary presented the following notice of deposit from N. Taylor Phillips, Deputy Comptroller, Department of Finance, which was ordered filed:

May 20, 1908.

DEAR SIR—I beg to advise you that on May 14, 1908, the sum of ten thousand dollars (\$10,000) was deposited to the credit of Revenue Bond Fund—For the Public Service Commission for the First District New York, Expenses of. Authorized January 10, 1908, pursuant to the provisions of Section 10 of Chapter 4, Laws of 1891 as amended by Section 14, Chapter 429, Laws of 1907.

(2) RAPID TRANSIT ROUTES—EXTENSION OF TIME TO CONSTRUCT.

The Secretary presented a communication dated May 22, 1908, from the Counsel to the Commission, transmitting the following opinion of Court granting an extension of three years for the construction of rapid transit railroads under the consents granted by the Appellate Division of the Supreme Court, which was ordered filed:

SUPREME COURT, APPELLATE DIVISION,

No. 34.

In the Matter
of

The application of the Board of Rapid Transit Railroad Commissioners of The City of New York, etc.

Per Curiam—The Public Service Commission, which has succeeded to the duties of the Board of Rapid Transit Railroad Commissioners of the City of New York, have applied in these proceedings for a modification of the order confirming the report of commissioners to determine whether or not certain railroads should be constructed and operated, notwithstanding the refusal of the owners of abutting property to consent thereto. No objection has been made to the granting of the petition except in relation to the Third Avenue route, where opposition is made to the abrogation of the provision in the order and to an extension of time for over two years and the Lexington Avenue route, where objection is made to either the abrogation of the provision or to any extension.

The Court has considered these objections and has concluded that the circumstances justify a reasonable extension of the time within which the City of New York should enter into a contract for the construction of a substantial portion of these proposed roads. The difficulties of the Board of Rapid Transit Railroad Commissioners and its successor, the Public Service Commission, which have existed since the entry of the orders in these proceedings, have made it impossible for any contract to be made within the time originally limited. The Court is therefore of the opinion that an extension of three years will enable the Public Service Commission to determine which of these roads should be constructed and an extension of the time to that extent will be granted. The question is presented as to the proper method of accomplishing this result; whether by an order extending the time or by an amendment of the order of the 12th of July, 1906, which approved the report of the commissioners and that question will be determined upon the settlement of the orders which will be upon notice to those who have appeared in the proceeding. Counsel for the Public Service Commission should prepare an order as to each method suggested and submit them to the court for settlement.

(3) The Secretary presented a lease for rental of Rooms 613, 614, 1812, 1813, 1814, 1815, 1816, 1817, 1819 and 1821, 1901, 1903, 1904, 1905, 1906, 1915 and 1916 in the Tribune Building, for the term of three years beginning May 1st, 1908, at a yearly rental of \$6,550, and a letter from George S. Coleman, Counsel, stating that such lease was in proper form. On motion, duly seconded, it was

Resolved, That the lease be approved, and that the Chairman be authorized to sign it in behalf of the Commission.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

(4) Commissioner Eustis presented the following opinion in the matter of service on the Putnam Division of the New York Central and Hudson River Railroad Company:

In the Matter
of

Service, Regulations and Practises of the
New York Central and Hudson River
Railroad Company.

Restoration of Putnam Division Service.
Under Order for Hearing (No. 252) dated
February 11, 1908.

OPINION.

On January 17th, 1908, order No. 311 of this Commission was issued requiring the New York Central and Hudson River Railroad Company to make answer giving the reasons for the proposed discontinuance of trains on the Putnam Division after midnight. The company made answer thereto on February 3, 1908, stating that the trains discontinued on said division were as follows:

Train No. 103, leaving 155th Street Station at 2:00 A. M.
Train No. 105, leaving 155th Street Station at 3:00 A. M.
Train No. 107, leaving 155th Street Station at 4:00 A. M.
Train No. 106, leaving Yonkers Station at 2:25 A. M.
Train No. 108, leaving Yonkers Station at 3:25 A. M., and
Train No. 110, leaving Yonkers Station at 4:25 A. M.

The company further stated in said answer that

"the discontinuance of said trains was ordered by the defendant by reason of the fact that the average number of passengers carried upon such trains was so small during a long period of time prior to their discontinuance that the revenue gained therefrom did not justify the expense incurred in the running of said trains."

Upon the hearing the company's witnesses stated that the only reason for the discontinuance of the train mentioned was that the revenue gained from the running of said trains did not justify the expense incurred. It appeared, however, from their testimony that since the Putnam Division passed into the hands of the defendant railroad company in or about 1893, this entire Division had always been run at a loss, the entire receipts therefrom being far less than the cost of operating the road, so that, if the fact of a road not being a financial success were to excuse the discontinuance of trains, the defendant would be justified in abandoning this Division entirely. It does not do this, however, but discontinues a few of its trains, to the great inconvenience of the traveling public and sets up as its reason the fact that these trains do not pay. The evidence shows that a large number of persons are accommodated by these trains, and it would appear reasonable to require that the service thus discontinued be restored. In fact, it appears that after the first order herein was issued and on or about January 30, 1908, the defendant of its own volition restored the train leaving 155th Street for Yonkers at 4:00 A. M., and returning leaving Yonkers for 155th Street at 4:25 A. M., and has since continued said train, although the testimony is to the effect that the train mentioned is less profitable to the company than any of the trains that have not been restored, and if it was reasonable to restore the train mentioned which is less profitable to the company than either of the other trains which have been discontinued, then it would not seem unreasonable to require that the other discontinued trains be restored.

It is claimed by the defendant that the patronage of these trains has largely fallen off since the construction of trolleys and subways, which have reduced the income of the company on this Division. However, there is nothing to show that if the defendant would meet these changed conditions by running more trains and charging a rate of fare that would enable them to compete with the trolleys and subways, they would not recover a large amount of their patronage and do business at a profit instead of (as they say) at a loss, and it is altogether likely that the inauguration of the changes suggested would bring about the result indicated, as a large part of the traveling public would prefer to ride in defendant's cars if the expense were no greater than on the trolleys and subways.

The defendant raises the question of jurisdiction, and claims that jurisdiction of the matter in hand belongs to the Public Service Commission of the Second District, as the line mentioned runs from a point within one district to a point within the other district. Without deciding the question presented, I am of the opinion that under subdivision 3 of Section 5 of the Public Service Commission Law, the Public Service Commission for the First District has clearly jurisdiction and power to make an order in this matter providing for the restoration of said trains between points lying wholly within the First District. That subdivision is as follows:

"The jurisdiction, supervision, powers and duties of the Public Service Commission in the First District shall extend under this act to such portion of the lines of any other railroad (than a street railroad) as lies within that district, and to the person or corporation owning, leasing, operating or controlling the same, so far as concerns the construction, maintenance, equipment, terminal facilities, and local transportation facilities, and local transportation of persons or property within that district."

As all stations on said Putnam Division from 155th Street to Van Cortlandt both inclusive, are within the First District, let an order be drawn directing and requiring the restoration of said trains between said points.

Dated, March 6, 1908.

On motion, duly seconded, a Final Order (No. 524) was adopted, vacating Order (No. 311) above mentioned.

(5) REHEARING ORDER (No. 525).

Commissioner Bassett presented a communication from the Brooklyn Union Elevated Railroad Company, under date of May 21st, 1908, for a stay and rehearing in the matter of Final Order No. 471 with respect to service on the Broadway Elevated Line, and on his motion, duly seconded, a Rehearing Order, including a stay (No. 525) was adopted, directing a rehearing on May 29, 1908 at 2:30 o'clock in the afternoon.

(6) HEARING ORDER (No. 526).

On motion by Commissioner Bassett, duly seconded, a Hearing Order (No. 526) was adopted directing a hearing on June 8, 1908 at 2:30 o'clock P. M. in the matter of the complaint of E. Alexander Williams against the South Brooklyn Railway Company with respect to the extension of the surface trolley line on Surf Avenue from West 12th Street to West 37th Street, Coney Island.

(7) COMPLAINT ORDER (No. 527).

On motion by Commissioner Maltbie, duly seconded, a Complaint Order (No. 527) was adopted for satisfaction or answer within ten days by the New York City Railway Company or its Receivers, in the matter of the complaint of C. M. DeLaVergne, with respect to turning back of cars marked "Polo Grounds" at 155th Street on the Eighth Avenue surface line.

(8) EXTENSION ORDER (No. 528).

On motion by Commissioner Bassett, duly seconded, an Extension Order (No. 528) was adopted, extending to June 15th, 1908, the time of the Brooklyn Union Elevated Railroad Company to comply with the terms of Order No. 156 with respect to the procuring and placing of one hundred and forty-three additional station signs.

(9) EXTENSION ORDER (No. 529).

On motion by Commissioner Eustis, duly seconded, an Extension Order (No. 529) was adopted, extending to June 1st, 1908, the time of the Interborough Rapid Transit Company to notify the Commission whether the terms of Order No. 494 are accepted and will be obeyed with respect to the construction of additions to 92nd Street Station on the Second Avenue Elevated Road.

(10) DISCONTINUANCE ORDER (No. 530).

On motion by Commissioner Bassett, duly seconded, a Discontinuance Order (No. 530) was adopted, discontinuing proceedings on the complaint of Aaron Rabinowitz, upon which Order No. 446 was issued, with respect to insufficient service over the Williamsburg Bridge between the hours of 11 p. m. and 3 a. m., the complainant having expressed himself as satisfied with the action of the Company in reducing the headway from 7½ minutes to 6 minutes.

(11) HEARING ORDER (No. 531).

On motion by Commissioner McCarroll, duly seconded, a Hearing Order (No. 531) was adopted, directing a hearing on July 8th at 2:30 o'clock in the afternoon, in the matter of the complaint of the Fifth Ward Improvement Association of the Borough of Richmond, New York City, against The Staten Island Rapid Transit Railway Company and the Staten Island Railway Company, in respect to passenger rates on Staten Island.

(12) HEARING ORDER (No. 532).

On motion by Commissioner Bassett, duly seconded, a Hearing Order (No. 532) was adopted, directing a hearing on June 5, 1908 at 2:30 o'clock p. m. in the matter of the complaint of the West End Board of Trade through D. B. Seaver, Second Vice-President, against the Brooklyn Union Elevated Railroad Company, the Brooklyn Heights Railroad Company and the Nassau Electric Railroad Company with respect to the operation of trains and surface cars at Sixty-fifth Street and Third Avenue Terminal, Brooklyn.

(13) EXTENSION ORDER (No. 533).

On motion by Commissioner Bassett, duly seconded, an Extension Order (No. 533) was adopted extending to June 5th, 1908, the time of the Brooklyn, Queens County and Suburban Railroad Company to answer Complaint Order No. 493 with respect to the service on the Broadway Line between Alabama Avenue and Cypress Hills.

(16) C-1989

The Secretary presented a resolution of the Board of Aldermen adopted May 19th, 1908, requesting the Public Service Commission for the First District to order the New York City Railway Company to refrain from stalling cars on the railroad tracks on Lexington Avenue from 116th Street to 129th Street in the Borough of Manhattan, and to require said Company to operate its cars over said tracks at required intervals all night for the benefit of the traveling public. The communication was referred to Commissioner Maltbie.

(17) CONTRACT NO. 1—BOWLING GREEN-SOUTH FERRY SHUTTLE SERVICE.

The Secretary presented the following communication from E. P. Bryan, President of the Interborough Rapid Transit Company, which was referred to the Chief Engineer and the Counsel to the Commission:

NEW YORK, May 22nd, 1908.

Public Service Commission, First District, Tribune Building, New York:

GENTLEMEN—The Brooklyn extension has now been in operation for a sufficient length of time to indicate generally the traffic requirements, and it has been demonstrated that much better facilities can be afforded both to the Brooklyn traffic and to the South Ferry traffic if a shuttle service be established between Bowling Green station and South Ferry. In order to do this an additional platform will be required on the west side of the Bowling Green station, and an additional spur track will have to be built, all at an estimated cost of \$75,000.00.

I herewith hand you Drawing No. 8123, May 13, 1908, showing more in detail the plan which seems to us best suited to meet the situation. Upon completion of these changes all of the express trains now operated in Manhattan can be continued to Atlantic Avenue station in Brooklyn, thereby providing during rush hours a two minute headway to that point. This plan practically extends the two express tracks to Brooklyn, relieving the two tracks south of Brooklyn Bridge of local trains now operated to South Ferry to provide transit between Bowling Green and South Ferry only.

This Company, therefore, asks your Honorable Board's approval and action, to the end that the changes and additions outlined may be made, and for that purpose a supplemental contract executed so that the work may be done as additional work under Principal Contract No. 2.

I am authorized to say that Rapid Transit Subway Construction Company approves the proposed changes and assents to this application.

Very respectfully yours,

INTERBOROUGH RAPID TRANSIT COMPANY.

By (Signed) E. P. BRYAN, President.

PROPOSED SUBWAY SPUR TRACK AND PLATFORM FOR SHUTTLE TRAIN SERVICE BETWEEN BOWLING GREEN AND SOUTH FERRY, BROADWAY SUBWAY.

The proposed improvement comprises a subway station under the surface of Battery Park near the southwest corner of State Street and Battery Place, and immediately adjoining the present subway on the west, having a platform 10 feet wide by 130 feet long, at the north end of which a stairway 8 feet wide descends to an underground passageway 10 feet wide which extends east to a point under the present platform of the Bowling Green station with which it is connected with two stairways, one leading north, having a width of 6 feet, and one leading south, having a width of 5 feet.

On the easterly side of the proposed platform and immediately to the west of the present subway wall a spur track is provided beginning at about station No. 30 of the present subway alignment and running to a connection with the present southbound subway loop track at about station 33 plus 50, at which point a double slip switch connection will be made with the present inside track of the loop to provide for double track shuttle service between Bowling Green and South Ferry. All as shown on drawing 8123.

(18)

The Secretary presented a communication dated May 23, 1908, from Albert Firmin, Secretary of the Allied Boards of Trade and Taxpayers' Association of Brooklyn, transmitting a resolution requesting the consideration by the Commission of a report made to their organization by a special committee in respect to the Manhattan Bridge, which was referred to the Committee on Flatbush Avenue Extension.

(19) 1072

The Secretary presented a communication dated May 16, 1908, from William H. McPeath, Secretary of the East Flatbush Taxpayers' Association of Brooklyn, transmitting a resolution adopted by that Association on May 15th requesting the Public Service Commission to construct the approach to the Brooklyn end of the Manhattan Bridge on Flatbush Avenue instead of using side streets, as advocated by certain other organizations, which was referred to the Committee on Flatbush Avenue Extension.

(20)

On motion, duly seconded, it was

Resolved, That this Commission hereby make the following appointments from the Civil Service List:—

	Monthly Salary.	Take Effect.
Mrs. Willie D. House, Filing Clerk.....	\$75.00	June 1, 1908
Mary E. McEntee, Filing Clerk.....	60.00	June 1, 1908

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

(21) The Secretary presented the following letter from the President of the Interborough Rapid Transit Company, which was referred to the Committee of the Whole:

INTERBOROUGH RAPID TRANSIT COMPANY,
Nos. 13-21 PARK ROW,
NEW YORK, May 26th, 1908.

Public Service Commission, First District, Tribune Building, New York:

GENTLEMEN—Interborough Rapid Transit Company is prepared to construct, equip, and operate a rapid transit railroad to connect with the existing Brooklyn subway at or near the junction of Fulton Street and Flatbush Avenue, extending thence along Flatbush Avenue to and over Manhattan Bridge to the Third Avenue elevated railway at the Bowery and Canal Street.

The Company is prepared to do the construction work, or procure it to be done, for the sum of \$1,200,000.00, and when the road is completed to operate it under lease in connection with and as part of the present subway and elevated system, carrying passengers for a single fare of five cents from Atlantic and Flatbush Avenues over the new road and the Manhattan Elevated Railway.

The general plan of construction would be in conformity with the existing subway in Brooklyn. The two outer tracks of the present subway in Flatbush Avenue could be used from Atlantic Avenue to Fulton Street. The present Atlantic Avenue and Flatbush Avenue stations are now provided with platforms to serve these tracks, and an underground connection has already been provided for the construction and operation now proposed. From the connection at the intersection of Flatbush Avenue and Fulton Street, the proposed line would continue in a double track subway under Flatbush Avenue to the Bridge plaza between Nassau and Sands Streets, where it would emerge from the ground and continue across the Manhattan Bridge on the lower grade bridge tracks to the Bowery and Canal Street in Manhattan, at which point a terminal elevated railway station could be provided on the grade of the present Third Avenue Elevated Railroad, having stairways and passages connecting the terminal station with the present Canal Street station of the Manhattan Elevated Railway. Stations are proposed at Myrtle Avenue and Sands Street in Brooklyn.

The junction of Atlantic and Flatbush Avenues in the Borough of Brooklyn will undoubtedly become a great traffic center and the distributing point for a very large population which must find its way to Manhattan, not only to the lower part of the island, but to all portions of it.

The present running time from the Atlantic Avenue terminal to Canal Street, by way of the existing subway through Bowling Green is 13½ minutes; by the proposed route over the Manhattan Bridge the time between the terminal and the Canal Street station of the Third Avenue elevated railway would not exceed 7½ minutes. Passengers at the Atlantic Avenue terminal for uptown in Manhattan, especially those wishing to use the elevated lines in Manhattan, would undoubtedly avail themselves of the new route and thus relieve the East River tunnel and the Brooklyn Bridge.

The use of the Manhattan Railway system south of Canal Street by Brooklyn passengers for a single fare would be a great advantage; for example, in 7½ minutes a passenger could be delivered from Atlantic Avenue, Brooklyn, to Canal Street, Manhattan. Transferring south, two minutes later he would be at Franklin Square station, three minutes later at Fulton Street station, and 4½ minutes later at Hanover Square station, or twelve minutes to the eastern Wall Street district. The time by the present East River tunnel route to Wall Street is 8½ minutes, and to Fulton Street 9½ minutes, but there is a large territory east of there, to reach which a subway passenger must now walk a long distance. That territory would be covered by the proposed route and the use of the Manhattan Railway south of Canal Street. In addition to this, Brooklyn passengers could continue on the Manhattan Railway to South Ferry, thence north on the Sixth and Ninth Avenue lines, thus reaching the shopping districts, ocean steamer piers, parks, and the ball grounds in Manhattan for a single fare.

Interborough Rapid Transit Company deems it proper that your Honorable Commission should be advised of the Company's willingness to construct this road, in order that the proposal may be taken into consideration in connection with the Rapid Transit situation generally in Brooklyn.

Very respectfully yours,
INTERBOROUGH RAPID TRANSIT COMPANY,
By (Signed) E. P. BRYAN, President.

(22) BROOKLYN LOOP LINES—SALE OF PROPERTY.

The Secretary presented a communication from the Counsel to the Commission, relative to the matter of selling certain property, and the following resolution was thereupon moved and duly seconded:

Whereas, The Public Service Commission for the First District having deemed it to be necessary and proper that The City of New York should acquire certain parcels of property situated in The City of New York, Borough of Manhattan, required for the construction, maintenance and operation of a part of the Brooklyn Loop Lines of the Rapid Transit Railroad to be constructed by the Degnon Contracting Company in pursuance of a contract bearing date the 9th day of May, 1907, made between it and The City of New York, acting by the Board of Rapid Transit Railroad Commissioners, said parcels of property consisting of certain lots known as Lot No. 3, No. 142 Centre Street; Lot No. 4, No. 144 Centre Street; Lot No. 5, Nos. 146, 148 and 150 Centre Street and Nos. 111, 113 and 115 Walker Street; Lot No. 7, No. 117 Walker Street and Lot Nos. 8 and 9, Nos. 119 and 121 Walker Street; and the Commission having for the purpose of acquiring said parcels of property duly made maps or plans and a memorandum specifying and defining said parcels of property so to be acquired, and having duly certified, filed and transmitted the several copies of said maps or plans, and having duly directed the Corporation Counsel to take legal proceedings to acquire said parcels of property for The City of New York, and said Corporation Counsel having thereupon duly taken legal proceedings to acquire the same and such proceedings having been duly had that on the 13th day of April, 1908, an order was duly made and entered at a Special Term of the Supreme Court, in and for the County of New York, appointing three disinterested freeholders, residents of The City of New York, as commissioners of appraisal to ascertain and appraise the compensation to be made to the owners of said parcels of property, and fixing the time and place for the first meeting of the commissioners, and said commissioners having duly taken and subscribed the oath required by the Twelfth Article of the Constitution of the State of New York, and having forthwith filed the same in the office of the Clerk of the County of New York, and the City of New York having thereupon become seized and possessed in fee or absolute ownership of all of said parcels of property, and

Whereas, Certain of said property, so acquired as aforesaid, has become unnecessary for rapid transit purposes, to wit, the buildings erected on said parcels of property, which in order to construct said Brooklyn Loop Lines must be torn down and the materials thereof removed, and for that purpose the Commission desires to sell said buildings, on condition that the same be torn down and the materials thereof removed; now therefore, it is

Resolved, That said buildings erected on said parcels of property and the appurtenances thereto be sold at public auction, subject to the approval of the Commissioners of the Sinking Fund of The City of New York; and it is further

Resolved, That notice of said sale be published in the CITY RECORD daily for a period of fifteen days, said notice being in the form hereto annexed, which the Chairman and Secretary are hereby directed to execute.

FOURTH AVENUE SUBWAY, BROOKLYN.

The Secretary presented the following communication from the Counsel to the Commission with respect to contracts for the construction of rapid transit roads:

May 11, 1908.

Hon. WILLIAM MCCARROLL, Commissioner:

SIR—In answer to your oral request for an opinion whether the Comptroller of the City is required to certify contracts for the construction of rapid transit railroads, I desire to advise you as follows:

Certification of contracts entered into by the various city departments is required by Section 149 of The Greater New York Charter, which in part provides:

"No contract hereafter made, the expense of the execution of which is not by law or ordinance, in whole or in part, to be paid by assessments upon the property benefited, shall be binding or of any force, unless the comptroller shall endorse thereon his certificate that there remains unexpended and unapplied, as herein provided, a balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the officer making the same."

Rapid Transit contracts are, however, expressly excepted from the operation of this provision by virtue of amendments to Section 149, adopted as part of the revision of 1901, and to Section 45 adopted as Chapter 7 of the Laws of 1900, and any duty the Comptroller may be under to certify rapid transit contracts cannot rest upon the authority given him by Section 149, but is dependent on Section 45 of The Greater New York Charter and Section 37 of the Rapid Transit Act. The history of these provisions throws such a light on this question that it is necessary to review it at some length.

Prior to 1891 the power to construct rapid transit railroads was in rapid transit commissions which were appointed from time to time by the Mayor, but this was changed as regards The City of New York by the enactment of the Rapid Transit Act of that year, which contemplated the creation of a single permanent commission, and even more radically by the amendments of 1894 to that act which took the control of such construction out of the hands of the local authorities and lodged it in a board appointed by the legislature. To make the board's authority complete the legislature gave it ample power to carry on the work independently of other boards or officials, and itself prescribed the limit of the amount of indebtedness which the board could incur on behalf of the City at fifty-five million dollars. The only province therefore of the municipal authorities after the form of the contract had been approved by the Corporation Counsel was to advance the necessary means upon the requisition of the Rapid Transit Board.

Section 37 of the Rapid Transit Act, as amended by Chapter 519 of the Laws of 1895, provided in part:

"For the purpose of providing the necessary means for such construction * * * the board of estimate * * * from time to time, and as the same shall be necessary, and upon the requisition of said board of rapid transit railroad commissioners shall direct the comptroller, * * * and it shall thereupon become his duty, to issue the bonds of said city at such a rate of interest, not exceeding three and one-half per centum per annum, as said board of estimate and apportionment * * * may prescribe. * * * The amount of bonds authorized to be issued and sold by this section shall not exceed fifty millions of dollars, par value, without the consent of the legislature first had and obtained, provided, however, that such amount shall be increased by a sum not exceeding five millions of dollars, if the board of rapid transit railroad commissioners shall certify that such increase is made necessary by payments required for any lands, property, rights, terms, easements or privileges which shall be acquired by the said city as hereinafter provided."

This was the financial provision of the Rapid Transit Act as it existed in 1900 at a time immediately prior to the execution of the contract with Mr. McDonald for the construction of the present Manhattan-Bronx Rapid Transit Railroad. It will be noted that the maximum amount of bonds to be issued was fixed by legislative enactment, and the only duty of the board of estimate was "from time to time, and as the same shall be necessary," to "direct the comptroller * * * to issue * * * bonds," the theory of the act evidently being that the maximum expenditure being fixed, the rapid transit board should call on the board of estimate for funds as they were needed, the intention being to provide for carrying on the work without coming into conflict with the debt limit provision of the Constitution. The provision for the construction of the railroad by sections was drawn with this end in view, and it seems to me the framers of the act contemplated the requisitioning of funds as the work progressed without perhaps embarrassing the city by an appropriation at the outset of the many million dollars necessary to complete the work.

At that time Section 149 of The Greater New York Charter was in force but without the proviso excepting the rapid transit board from its provisions, and when the time came for making the contract with Mr. McDonald the question of certification proved most embarrassing. To obviate this difficulty a bill was presented to and passed by the legislature which was explained in a memorial addressed to Governor Roosevelt, printed in full at pages 876 to 880 of Volume II of the Minutes of the Rapid Transit Board. On page 878 it is stated:

"On looking into the statutes, the Comptroller saw two apparent difficulties:

A. The Rapid Transit act plainly provided that the bonds should be issued by the Board of Estimate and Apportionment or 'other local authority' so that it was tolerably apparent that the vote of the Municipal Assembly would be necessary for the issuance of the bonds required to pay for the road.

B. The Greater New York Charter in general terms provided that no contract should be valid unless endorsed with a certificate which the Comptroller could not truthfully give in respect to the Rapid Transit contract, and doubted whether the proviso of section 45 covered this point.

Accordingly, the bill recently passed by both Houses of the Legislature was drafted. To meet the first point above the bill provides in express terms that the vote of the Municipal Assembly shall not be necessary, thus doing away with this objection.

As to the second point, the Comptroller is of the opinion that for the orderly conduct of the business of his office it is very important that the system established by the Greater New York Charter of making his certificate essential to the validity of each contract, and of keeping a record of each contract, shall be maintained. This is a matter of the routine of his office. In order to meet these views, in which the Mayor fully concurs, the bill was drawn in its present form, so as to provide that the Rapid Transit Commissioners in The City of New York might make one requisition for the entire amount of bonds necessary to the completion of the contract. This they could not do under the existing act which provides (Laws of 1895, chapter 519, section 12) that the Board shall make requisition for bonds 'from time to time as the same shall be necessary.' It is further provided by the bill now before you that when such requisition is approved by the Board of Estimate and Apportionment, the Comptroller shall certify the contract, and that no further certificate shall be necessary, but that the bonds shall only be disposed of from time to time as may be necessary to meet the payments due to the contractors."

The bill which was enacted into law as Chapter 7 of the Laws of 1900 took the form of an amendment to Section 45 of the Charter, which although changed by later amendments is, in so far as it affects this question, the same as originally drawn, and provided:

"The board of estimate and apportionment and the comptroller of The City of New York shall, anything herein contained to the contrary notwithstanding, be subject to all the duties and obligations prescribed in said chapter four of the laws of eighteen hundred and ninety-one as amended for the board of estimate and apportionment and comptroller therein mentioned. Upon the execution of any contract made pursuant to chapter four of the laws of eighteen hundred and ninety-one as amended, the board of

rapid transit railroad commissioners may, in its discretion, make request upon the board of estimate and apportionment for the authorization of such corporate stock, either for such amounts from time to time as they shall deem the progress of the work to require, or for the full amount sufficient to pay the entire estimated expense of executing such contract. In case they shall make requisition for the entire amount, the comptroller shall endorse on the contract his certificate that funds are available for the entire contract whenever such stock shall have been authorized to be issued by said board of estimate and apportionment; and in such case such stock may be issued from time to time thereafter in such amounts as may be necessary to meet the requirements of such contract. The certificate of the comptroller, mentioned in section one hundred and forty-nine of this act, shall not be necessary to make such contract binding on The City of New York."

It will therefore be seen that to meet the wishes of the city officials the Rapid Transit Board was empowered to make requisition for the full amount, but at the same time retaining the right given both by Section 37 and by the amendment to Section 45 to requisition funds as they were needed. If the full amount was asked for, a certificate, different however from that required for the usual city contract, was provided for; but if the full amount was not asked for, then no certificate was necessary.

Since 1900 Section 37 of the Rapid Transit Act has been the subject of important amendments, the one most affecting this question being the one introduced by Chapter 562 of the Laws of 1904, which removed the legislative restriction upon the amount of bonds to be issued, and left the matter of fixing the maximum amount of rapid transit expenditures in the board of estimate. Section 37 now provides in part:

"The amount of bonds authorized to be issued and sold by this section shall not exceed the limit of amount which shall be prescribed by the board of estimate and apportionment or such other local authority having power to make appropriations of moneys to be raised by taxation; and no contract * * * shall be made unless and until such board of estimate and apportionment or such other local authority shall have consented thereto and prescribed a limit to the amount of bonds available for the purposes of this section which shall be sufficient to meet the requirements of such contract in addition to all obligations theretofore incurred and to be satisfied from such bonds."

Although it has been the practise of the Rapid Transit Board to make requisition for the full amount of each contract, and although it might seem from a first reading of this provision that to prescribe a limit to the amount to be expended required such a course to be followed, I deem it clear from the history of this legislation and from the other provisions of this section, requiring the board of estimate to make appropriations from time to time, and the further provision that the limit prescribed shall be sufficient to meet the requirements of such contract in addition to all other outstanding obligations, that the intention was to allow the board of estimate to exercise the right previously exercised by the legislature and put a limit on all rapid transit expenditures irrespective of the contract or the route for which the money was intended. My conclusion is therefore, that the discretion of the rapid transit board as to the character of their requisitions has remained undisturbed and the commission may now make requisition for all or any part of the money necessary. It therefore seems to me, unless there are some practical objections to such a course to which my attention has not been called, that when the time comes for submitting the Fourth Avenue contracts to the board of estimate the Commission can ask that board to set a limit to rapid transit expenditures, and under Section 45 ask for such part of the total amount called for by the contract as may be presently necessary. If less than the full amount is requisitioned Section 45 clearly provides that the Comptroller's certificate is not necessary.

Respectfully yours,
(Signed) GEO. S. COLEMAN,
Counsel to the Commission.

The Secretary also presented the following letter from the Counsel to the Commission:

Public Service Commission for the First District:

SIRS—I transmit herewith for your consideration forms of resolutions and requisitions for each of the six sections of the Fourth Avenue Subway. I also send you a copy of the contract for each of the six sections for transmittal to the Board of Estimate.

Respectfully yours,
(Signed) GEO. S. COLEMAN,
Counsel to the Commission.

CONTRACT NO. 1, SECTION M. B. No. 1.

The following resolution was thereupon moved and duly seconded:

Whereas, The Commission has, subject to the consent of the Board of Estimate and Apportionment of The City of New York being obtained, accepted the proposal of James P. Graham for the construction of that portion of the proposed rapid transit railroad in Fourth Avenue and other streets in the Borough of Brooklyn, known as the Manhattan Bridge Connection No. 1, which extends under Flatbush Avenue Extension from Nassau Street to Willoughby Street, for the sum of One Million, Twenty Thousand Four Hundred and Seventy-six and 55/100 Dollars (\$1,020,476.55) and did also accept the proposal of the said James P. Graham for the construction of pipe galleries embraced within the said section, for the sum of One Hundred One Thousand Three Hundred Seventy-four and 55/100 Dollars (\$101,374.55),

Now, therefore, be it

Resolved, That the Chairman and Secretary be and they are hereby authorized and directed to request the Board of Estimate and Apportionment of The City of New York to consent to the said contract and to prescribe a limit to the amount of bonds available for the purposes of the said contract, and to request said Board of Estimate and Apportionment of The City of New York to direct the Comptroller to issue bonds of The City of New York for the purpose of providing the necessary means for the construction of the railroad and the pipe galleries, and to make request on the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock to the amount of Two Hundred Thousand Dollars (\$200,000.00) for railroad construction and Twenty Thousand Dollars (\$20,000.00) for pipe gallery construction, those being the amounts which the Commission deems now necessary for the said contract and the progress of the work to require at the present time.

The form of communication to the Board of Estimate and Apportionment, making requisition as above set forth, was as follows:

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District now transmits to you for your consent as required by law a proposed contract, for the construction of Manhattan Bridge Connection No. 1 of the proposed Fourth Avenue Rapid Transit Railroad, which section extends under Flatbush Avenue Extension from Nassau Street to Willoughby Street, and also for the construction of the pipe galleries embraced within such section. The form of the proposed contract is for construction alone, in accordance with the resolution adopted by your Board on the 4th day of June, 1907.

The route, of which the portion of the railroad to be constructed under this contract forms a part, was adopted by the former Rapid Transit Board on the 18th day of April, 1907, and was thereafter consented to by the local authorities and by a majority in value of the owners of abutting property. The Public Service Commission for the First District pursuant to law prepared detailed plans and specifications for the construction of such Rapid Transit Railway and included in said plans provisions for galleries, ways, subways or tunnels, for gas or water pipes, electric wires and other subsurface structures and conductors proper to be placed underground (hereinafter in this communication referred to as pipe galleries) and determined to make a separate contract for the construction of a part of the said route under Flatbush Avenue Extension from Nassau Street to Willoughby Street. The form of the said contract as duly adopted by the Commission was submitted to the Corporation Counsel, and the Commission was advised by him in a communication dated

March 30, 1908, that it is correct in form, and such contract was approved by your Honorable Board on the 27th day of March, 1908.

Thereafter the Commission duly advertised for proposals by notices printed twice a week for three successive weeks in four of the daily newspapers published in the City of New York and also continuously from day to day in the CITY RECORD, which notices stated that said proposals would be opened at the office of the Commission on Friday, the 8th day of May, 1908, at 12:00 o'clock noon. At the said time and place the proposals were publicly opened, and those received were as follows:—

Name of Bidder.	For Railroad Construction.	For Pipe Gallery Construction.	Total.

Cranford Company	1,941,978.00	200,864.00	2,142,842.00

An informal proposal was also received from Westinghouse Church Kerr & Company, which was based upon what is known as the master and servant type of contract, and which differed so radically from the proposals requested by the invitation to contractors that the Commission was advised by its Counsel that such proposal could not be considered.

The Commission having duly considered the said proposals did accept the proposal of James P. Graham, who has had some experience in sewer construction in the Boroughs of Brooklyn and Queens, both for railroad construction and for pipe galleries, and accordingly awarded the contract for the construction of the same to the said James P. Graham, subject to your consent as required by law. A copy of said contract as so adopted and awarded is herewith transmitted.

The Commission therefore, pursuant to the provisions of Section 37 of the Rapid Transit Act, being Chapter 4 of the Laws of 1891, as amended, and pursuant also to the provisions of Section 45 of the Greater New York Charter, requests your Honorable Board to consent to the said contract herewith transmitted and to prescribe a limit to the amount of bonds available for the purposes of the said contract, and requests you to direct the Comptroller to issue bonds of The City of New York for the purpose of providing the necessary means for the construction of the railroad and the pipe galleries, and the Commission does hereby make request for the authorization of corporate stock to the amount of Two Hundred Thousand Dollars (\$200,000.) for railroad construction and Twenty Thousand Dollars (\$20,000.) for pipe gallery construction, those being the amounts which the Commission deems necessary for the said contract and the progress of the work to require at the present time.

In witness whereof, the Public Service Commission for the First District has caused these presents to be signed by its Chairman and its official seal to be hereto affixed and attested by its Secretary, this 26th day of May, 1908.

CONTRACT NO. 2, SECTION 9-C-1.

The following resolution was also moved and duly seconded:

Whereas, The Commission did, on the 22nd day of May, 1908, subject to the consent of the Board of Estimate and Apportionment of The City of New York being obtained, accept the proposal of William Bradley for the construction of that portion of the proposed rapid transit railroad in Fourth Avenue and other streets in the Borough of Brooklyn, known as Section 9-C-1, which extends under Flatbush Avenue Extension and Fulton Street from Willoughby Street to Ashland Place, for the sum of Three Million, Four Hundred Thirty-six Thousand and Nineteen Dollars (\$3,436,019.00), and did also accept the proposal of the said William Bradley for the construction of pipe galleries embraced within the said section, for the sum of Fifty-eight Thousand Six Hundred and Ninety-five Dollars (\$58,695.00).

Now, therefore, be it

Resolved, That the Chairman and Secretary be and they are hereby authorized and directed to request the Board of Estimate and Apportionment of The City of New York to consent to the said contract and to prescribe a limit to the amount of bonds available for the purposes of the said contract, and to request said Board of Estimate and Apportionment of The City of New York to direct the Comptroller to issue bonds of The City of New York for the purpose of providing the necessary means for the construction of the railroad and the pipe galleries, and to make request on the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock to the amount of Five Hundred Thousand Dollars (\$500,000.00) for railroad construction and Ten Thousand Dollars (\$10,000.00) for pipe gallery construction, those being the amounts which the Commission deems now necessary for the said contract and the progress of the work to require at the present time.

The form of communication to the Board of Estimate and Apportionment, making requisition as above set forth, was as follows:

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District now transmits to you for your consent as required by law a proposed contract for the construction of Section 9-C-1 of a proposed rapid transit railroad in Fourth Avenue and other streets in the Borough of Brooklyn which section extends under Flatbush Avenue Extension and Fulton Street from Willoughby Street to Ashland Place, and also for the construction of the pipe galleries embraced within such section. The proposed contract is for construction alone, in accordance with the resolution adopted by you on the 4th day of June, 1907.

The route of which the portion of the railroad to be constructed under this contract forms a part was adopted by the former Rapid Transit Board by resolutions adopted on the 25th day of May, 1905, and thereafter consented to by the local authorities and by the Appellate Division of the Supreme Court in the Second Judicial Department. The Public Service Commission for the First District pursuant to law prepared detailed plans and specifications for the construction of such Rapid Transit Railway and included in said plans provisions for galleries, ways, subways or tunnels, for gas or water pipes, electric wires and other subsurface structures and conductors proper to be placed underground (hereinafter in this communication referred to as pipe galleries) and determined to make a separate contract for the construction of a part of the said route along Flatbush Avenue Extension and Fulton Street from Willoughby Street to Ashland Place. Degnon Contracting Company.....	5,750,085.00	34,750.00	5,784,835.00

An informal proposal was also received from Westinghouse Church Kerr & Company, which was based upon what is known as the master and servant type of contract, and which differed so radically from the proposals requested by the invitation to contractors that the Commission was advised by its Counsel that such proposal could not be considered.

The Commission having duly considered the said proposals did, on the 22d day of May, 1908, accept the proposal of the lowest bidder, William Bradley, for both the construction of the railroad and the pipe galleries, and accordingly awarded the contract for the construction of the same to the said William Bradley, subject to your consent, as required by law. A copy of said contract as so adopted and awarded is herewith transmitted.

William Bradley, the bidder whose proposal was so accepted, has had considerable experience in the construction of Rapid Transit Railroads, and is at present the contractor for three sections of the Manhattan Loop Lines now building in Centre and other streets in the Borough of Manhattan, and the Commission believes him to be competent to perform this work.

The Commission therefore, pursuant to the provisions of Section 37 of the Rapid Transit Act, being Chapter 4 of the Laws of 1891, as amended, and pursuant also to the provisions of Section 45 of the Greater New York Charter, requests you to consent to the amount of bonds available for the purposes of the said contract, and requests you to direct the Comptroller to issue bonds of The City of New York for the purpose of providing the necessary means for the construction of the said railroad and pipe galleries, and the Commission does hereby make request for the authorization of corporate stock to the amount of Five Hundred Thousand Dollars (\$500,000) for railroad construction and Ten Thousand Dollars (\$10,000) for pipe gallery construction, these being the amounts which the Commission deems now necessary for the said contract and the progress of the work to require at the present time.

In witness whereof, the Public Service Commission for the First District has caused these presents to be signed by its Chairman and its official seal to be hereto affixed and attested by its Secretary, this 26th day of May, 1908.

An informal proposal was also received from Westinghouse Church Kerr & Company, which was based upon what is known as the master and servant type of contract, and which differed so radically from the proposals requested by the invitation to contractors that the Commission was advised by its Counsel that such proposal could not be considered.

The Commission having duly considered the said proposals did, on the 22nd day of May, 1908, accept the proposal of the lowest bidder, William Bradley, both for the construction of the railroad and the pipe galleries, and accordingly awarded the contract for the construction of the same to the said William Bradley, subject to your consent, as required by law. A copy of said contract as so adopted and awarded is herewith transmitted.

William Bradley, the bidder whose proposal was accepted, has had considerable experience in the construction of Rapid Transit Railroads, and is at present the contractor for three sections of the Manhattan Loop Lines now building in Centre and other streets in the Borough of Manhattan, and the Commission believes him to be competent to perform this work.

The Commission therefore, pursuant to the provisions of Section 37 of the Rapid Transit Act, being Chapter 4 of the Laws of 1891, as amended, and pursuant also to the provisions of Section 45 of the Greater New York Charter, requests your Honorable Board to consent to the said contract and to prescribe a limit to the amount of bonds available for the purposes of the said contract, and requests you to direct the Comptroller to issue bonds of The City of New York for the purpose of providing the necessary means for the construction of the railroad and the pipe galleries, and the Commission does hereby make request for the authorization of corporate stock to the amount of Five Hundred Thousand Dollars (\$500,000) for railroad construction and Thirty Thousand Dollars (\$30,000) for pipe gallery construction, those being the amounts which the Commission deems now necessary for the said contract and the progress of the work to require at the present time.

In witness whereof, the Public Service Commission for the First District has caused these presents to be signed by its Chairman and its official seal to be hereto affixed and attested by its Secretary, this 26th day of May, 1908.

CONTRACT NO. 4, SECTION II-A-2.

The following resolution was also moved and duly seconded:

Whereas, The Commission did, on the 22nd day of May, 1908, subject to the consent of the Board of Estimate and Apportionment of The City of New York being obtained, accept the proposal of E. E. Smith Contracting Company for the construction of that portion of the proposed rapid transit railroad in Fourth Avenue and other streets in the Borough of Brooklyn, known as Section II-A-2, which extends under Fourth Avenue from Sackett Street to Tenth Street, for the sum of Two Million Two Hundred Eighty-three Thousand Five Hundred Fifty-three Dollars and thirty cents (\$2,283,553.30) and did also accept the proposal of the said E. E. Smith Contracting Company for the construction of pipe galleries embraced within the said section, for the sum of Two Hundred Six Thousand Six Hundred Seventy-two Dollars (\$206,672.00).

Now, therefore, be it

Resolved, That the Chairman and Secretary be and they are hereby authorized and directed to request the Board of Estimate and Apportionment of The City of New York to consent to the said contract and to prescribe a limit to the amount of bonds available for the purposes of the said contract, and to request said Board of Estimate and Apportionment of The City of New York to direct the Comptroller to issue bonds of The City of New York for the purpose of providing the necessary means for the construction of the railroad and the pipe galleries, and to make request on the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock to the amount of Five Hundred Thousand Dollars (\$500,000.00) for railroad construction and Thirty Thousand Dollars (\$30,000.00) for pipe gallery construction, those being the amounts which the Commission deems now necessary for the said contract and the progress of the work to require at the present time.

The form of communication to the Board of Estimate and Apportionment, making requisition as above set forth, was as follows:

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District now transmits to you for your consent as required by law a proposed contract, for the construction of Section II-A-2 of the proposed Fourth Avenue Rapid Transit Railroad in the Borough of Brooklyn, which section extends under Fourth Avenue from Sackett Street to Tenth Street, and also for the construction of the pipe galleries embraced within such section. The form of the proposed contract is for construction alone, in accordance with the resolution adopted by your Board on the 4th day of June, 1907.

The route, of which the portion of the railroad to be constructed under this contract forms a part, was adopted by the former Rapid Transit Board on the 1st day of June, 1905, and was thereafter consented to by the local authorities and by the Appellate Division of the Supreme Court in the Second Judicial Department. The Public Service Commission for the First District pursuant to law prepared detailed plans and specifications for the construction of such Rapid Transit Railway and included in said plans provisions for galleries, ways, subways or tunnels, for gas or water pipes, electric wires and other subsurface structures and conductors proper to be placed underground (hereinafter in this communication referred to as pipe galleries) and determined to make a separate contract for the construction of a part of the said route under Fourth Avenue from Sackett Street to Tenth Street. The form of the said contract as duly adopted by the Commission was submitted to the Corporation Counsel, and the Commission was advised by him in a communication dated March 30, 1908, that it is correct in form, and such contract was approved by your Honorable Board on the 27th day of March, 1908.

Thereafter the Commission duly advertised for proposals by notices printed twice a week for three successive weeks in four of the daily newspapers published in the City of New York and also continuously from day to day in the CITY RECORD, which notices stated that said proposals would be opened at the office of the Commission on Friday, the 8th day of May, 1908, at 12:00 o'clock noon. At the said time and place the proposals were publicly opened, and those received were as follows:—

Name of Bidder.	For Railroad Construction.	For Pipe Gallery Construction.	Total.
E. E. Smith Contracting Co.....	\$2,283,553.30	\$206,672.00	\$2,490,225.30

awarded the contract for the construction of the same to the said E. E. Smith Contracting Company, subject to your consent, as required by law. A copy of said contract as so adopted and awarded is herewith transmitted.

The Commission is advised that the E. E. Smith Contracting Company has been engaged in important subway work in the City of Philadelphia and believes it competent to perform this work.

The Commission therefore, pursuant to the provisions of Section 37 of the Rapid Transit Act, being Chapter 4 of the Laws of 1891, as amended, and pursuant also to the provisions of Section 45 of the Greater New York Charter, requests you to consent to the said contract and to prescribe a limit to the amount of bonds available for the purposes of the said contract, and requests you to direct the comptroller to issue bonds of the City of New York for the purpose of providing the necessary means for the construction of the railroad and the pipe galleries, and the Commission does hereby make request for the authorization of corporate stock to the amount of Five Hundred Thousand Dollars (\$500,000) for railroad construction and Thirty Thousand Dollars (\$30,000) for pipe gallery construction, those being the amounts which the Commission deems now necessary for the said contract and the progress of the work to require at the present time.

BROOKLYN UNION ELEVATED—NON-COMPLIANCE WITH ORDER.

Commissioner Bassett presented the following report on non-compliance by Brooklyn Union Elevated Railroad Company with order requiring a wrecking car to be placed at or near the Brooklyn terminal of the Brooklyn Bridge.

On February 11th, 1908 the Commission made final order No. 257 directed to the Brooklyn Union Elevated Railroad Company and duly served the same upon it. The order required among other things that the company should station at or near the Brooklyn terminal of the Brooklyn Bridge a wrecking car or wrecking train ready for use by said company. On the 13th day of February, 1908 the said company duly acknowledged the service of said order, accepted the same and agreed to obey its provisions. Under the provisions of the order certain tool boxes were to be put in position near the bridge on or before March 1st, 1908, and the same date was fixed for placing the wrecking car. At the same time that the company accepted the order it asked for an extension of time for placing the tool boxes. On February 21st, 1908 the Commission adopted extension order No. 280, extending the time of the company to install the tool boxes to and including the first day of April. The date for the placing of the wrecking car was not altered and remained March 1st. The company failed to comply with that part of the order which required the wrecking car to be placed at the bridge terminal, but on March 16th applied for an extension of time within which to comply with the portion of the order relating to the wrecking car. As the company was then in default in this regard, it was deemed right that no extension should be made. The Commission does not consider that it is any part of its duty to bring it to the attention of public service corporations that the time has expired within which they should comply with its orders, intending that companies should accept full responsibility for defaults. Action was thereupon taken by the Commission, declaring the company to be in default for non-compliance with the order regarding the wrecking car and directing counsel to institute an action for the penalty under the law for those days that the company was clearly in default; i. e., from March 1st, 1908 to March 16th, 1908. The Commission further directed counsel to communicate to the company his intention of beginning an action in order that the company might present such excuses as it wished. As soon as the company learned of the action of the Commission it complied with the order by immediately placing a wrecking car at the bridge terminal, showing that it was not willfully resisting the order. The company has also admitted that the car has been of service in its present position and that earlier non-compliance was due to a misapprehension on its part. The following letter was in due course received from the company:

"April 24, 1908.

"Replying to your favor of the 21st instant, in which you kindly suggest that any statement we have to make respecting the resolution adopted by the Public Service Commission for the First District on April 17, 1908, directing Counsel to the Commission to commence an action against the Brooklyn Union Elevated Railroad Company to recover a fine for failure to comply with the terms of final order to station or retain a wrecking car at or near the Brooklyn Terminal of the New York and Brooklyn Bridge, should be verified, I beg to submit the following:

"The order of the Public Service Commission above referred to specified, in paragraph 1, six large tool boxes of wrecking tools, and in paragraph 2, a wrecking car or wrecking train, both to be installed as of the 1st day of March, 1908.

"As to the tool boxes, an extension was granted to April 1st, and it was mistakenly assumed by this Company that the extension of time applied also to the wrecking car. It was under this assumption that my letter under date of April 14th was written to the Commission, suggesting that the time of the order taking effect be further postponed to May 1st, owing to the condition of yard and tracks at the Brooklyn Bridge Terminus, from reconstruction work going on at that point, and there being no suitable standing room for the car.

"No reply to this communication being received from the Commission, it was further assumed that the Commission agreed with the management on this point and assented to the suggestion.

"An examination of the record shows that the management was mistaken in its understanding that Order of the Commission deferring the date of placing the tool boxes included the car, and that it was not in fact warranted in this assumption, aside from the bare fact that certain physical conditions rendered the storage of the car at that point for the time being impracticable.

"The sum of the case is simply this—the management of the Company was in error, and that without the least intention to deviate from the expressed wishes and order of the Commission, it was led into the commission of a technical offence, which should not have occurred.

"We regret the circumstances, for which no excuse can be offered other than the foregoing. We trust that the Commission itself will not deem us chargeable with any spirit of indifference to their orders, which at all times in the past we have endeavored to fully comply with."

Under all the circumstances, and inasmuch as the wrecking car was immediately placed at the bridge terminal when the company learned that it was considered to be in default, and inasmuch as non-compliance with the order was caused by mistake and misapprehension on the part of the company, I recommend that the resolution of the Commission directing that the counsel bring an action for the penalty be rescinded.

Commissioner Bassett thereupon moved the following resolution, which was duly seconded:

Resolved, That the resolution directing the counsel to begin action against the Brooklyn Union Elevated Railroad Company to collect the penalty incurred by it by reason of its non-compliance with final order No. 257 be, and the same hereby is, rescinded.

The Secretary presented the following report of the special committee on the Brooklyn portion of the Brooklyn Loop lines, which was approved and ordered filed:

BROOKLYN PORTION OF BROOKLYN LOOP LINES—REPORT OF SPECIAL COMMITTEE.

(25) 2090

The Manhattan portion of the Brooklyn loop lines now in course of construction will be completed in about one year. No contract has been made for equipment and operation. The Board of Rapid Transit Railroad Commissioners let the contracts for the construction, but instead of proceeding with the construction of the Brooklyn portion gave their attention to the Fourth Avenue subway in the Borough of Brooklyn. Probably our predecessors considered that the Brooklyn Union Elevated Railroad Company would equip and operate the Manhattan portion of the Brooklyn loop lines and that the completion of the Brooklyn portion could be deferred for some time. This is shown by the fact that on February 7th, 1907, one week after the Rapid Transit Board by resolution approved the construction of the Centre Street subway, the following resolution was passed:

"Resolved, That the character of the rolling stock which will be allowed in the portion of Subway Route No. 9, connecting the Manhattan terminals of the Williamsburg and Brooklyn bridges, shall be at least as good as the most modern now operated on the elevated railway tracks of the Brooklyn Rapid Transit Company."

Your committee has had a number of conferences with the president and other officers of this company and has now been informed by them that the company is unwilling to consider equipping or operating the Manhattan portion of the Brooklyn

loop lines under the existing requirements of the law. It is but fair to say that the company has not at any time so far as your committee can learn assented to the operation of this subway by it. The reasons of its officers for taking this position are that the operation of their cars across the bridges is carried on at a loss and that operation of trains by it in the Manhattan subway would bring no appreciable increase in income but would on the contrary result in such a loss as to impair the ability of the company to perform its obligations to the public within the Borough of Brooklyn. Your committee considers that it is now definitely settled that the Brooklyn Rapid Transit Company will not be willing to secure rights in the subway so that it can operate its Broadway-Brooklyn trains over the Williamsburg Bridge and through the Delancey and Centre Street subway to the City Hall.

The authorities are therefore confronted with two serious questions: first, how shall such subway be utilized to divert part of the Brooklyn Bridge traffic to the Williamsburg Bridge and, secondly, how shall the Centre Street subway be utilized in the meantime.

In the opinion of your committee the full use of the Williamsburg Bridge can be obtained in connection with the subway now in course of construction in Manhattan by building all or part of the Brooklyn portion of the loop lines. If the resources of the city would permit, it would be very desirable to complete the Broadway-Lafayette Avenue subway loop at once, or to extend the Broadway subway to East New York, but inasmuch as funds for municipal construction appear to be limited and the greatest possible usefulness and earning capacity of every mile of subway constructed must be considered, your committee has come to the conclusion that construction should first extend out Broadway-Brooklyn, from the Williamsburg Bridge to the corner of Broadway and Lafayette Avenue. This route has already been laid out and consents have been duly obtained. It would serve the most populous part of Brooklyn and divert to the Williamsburg Bridge and away from the Brooklyn Bridge a large part of the population that is now using the Lexington Avenue and Ridgewood elevated lines and causing great congestion on part of the Brooklyn Bridge surface lines. Such an important relief to the Brooklyn Bridge would allow more elevated and surface cars to operate across Brooklyn Bridge to every other part of Brooklyn and would tend to relieve the present overcrowding of through trains on every Brooklyn elevated line.

The proposed portion of the Brooklyn loop lines is laid out for four tracks and from the Williamsburg Bridge Plaza to Lafayette Avenue measures 11,000 feet. Its estimated cost including terminal construction at the Williamsburg Bridge is \$10,000,000. No real estate with the possible exception of stations or station entrances needs to be taken. The fact that it is now definitely settled that the Brooklyn Rapid Transit Company will not be willing to operate its Broadway-Brooklyn trains in the Centre Street subway brings this subject into a much more important place than it held during the last months of the existence of the Rapid Transit Board. No small stretch of subway in Brooklyn will divert so many passengers from the Brooklyn Bridge. Without it the Centre Street subway is almost useless. At some later time the Lafayette Avenue portion of the loop lines can be built, or construction extended further out Broadway.

From George F. Garbe (75633)—Requesting permission to occupy a plot of ground at Goose Creek, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lots Nos. 404 and 405, an area of 5,300 square feet, commencing as of February 1, 1908, and continuing during the pleasure of the Commissioner until May 1, 1912, rental to be at the rate of \$63.60 per annum, payable in advance to the Cashier.

From the Cheerful Liars' Fishing Club (75287)—Requesting lease of a plot of ground at Broad Channel, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lot No. 11 of Block 19, an area of 1,188 square feet, commencing as of February 1, 1908, and continuing during the pleasure of the Commissioner until May 1, 1912, rental to be at the rate of \$14.26 per annum, payable in advance to the Cashier.

From G. B. Spearin (75806)—Requesting an extension of time within which to complete the construction of the Manhattan terminal of the Thirty-ninth Street, Brooklyn, Ferry, under Contract No. 1019. Extension granted to and including April 15, 1908.

From the Quintard Iron Works (75810)—Stating, in response to Department's inquiry, that they do not desire to make application for permit to use a portion of pier foot of Eleventh street, East River, after April 30, 1908. Filed.

From Thomas Stokes & Sons (Inc.) (75497)—Requesting that dredging be done at the bulkhead between Twenty-ninth and Thirtieth streets, North River. Denied.

From the Pennsylvania Railroad Company (75420)—Calling attention to discrepancy in wording of description of property in agreement entered into by the City with Howard Carroll and Caroline S. Carroll for improvement of water-front south of Rector street, North River. Answered that the work of construction was confined to the area owned by General and Mrs. Carroll.

From the Compagnie Generale Transatlantique (75342)—Requesting dredging in the half slips southerly of Pier 42, North River. Dredging ordered under existing contract.

From Warren & Wetmore (73611)—Calling attention to the fact that no provision has been made for the chipping of the concrete entering into the construction of the pier sheds at the Chelsea Section, North River. Filed.

From the Secretary (75820)—Reporting that the sale of old trucks, wagons, etc., held by Thomas Bowe, auctioneer, on February 18, 1908, realized the sum of \$238.25, which, less the auctioneer's commission, made the net amount \$214.43. Filed.

From the Engineer-in-Chief—

1 (75566). Reporting that in connection with the work of blasting and dredging in the vicinity of Sixty-eighth street, East River, under Contract No. 1046, the Fire Department's cable, crossing to Blackwells Island, was fouled, and recommending that the Fire Department be requested to establish other means of communication to and from Blackwells Island, to provide for relief in case of emergency, and that the cable be removed to about the foot of East Seventy-fourth street. Fire Department requested as recommended.

2 (75399, 75634)—Recommending the issuance of an order (1) for repairs to Dockmasters' offices and the furnishing of supplies thereto until December 31, 1908, and (2) for repairs to sheathing on pier foot of Fifty-second street, Brooklyn, and to the sheet pile bulkhead between Fifty-first and Fifty-second streets, Brooklyn. Orders issued to Engineer-in-Chief.

3 (75567). Recommending that he be authorized to close Contract No. 829, Class 1, for cobble, the Brown & Fleming Contracting Company, contractors, and to prepare a final estimate therefor by reason of limitation of time. Approved.

4 (75695). Recommending that the President of the Borough of Manhattan be requested to extend the sewer at the foot of Thirtieth street, North River, from the face of the bulkhead wall, under and to the outer end of the pier thereat. Borough President requested to extend sewer.

5 (75771). Reporting that the tug "Reliable," of the McElroy Transportation Line, on February 16, 1908, backed into the pile driver at the northerly side of the West Fifty-fifth Street Pier, North River, damaging the extension to the pier. Engineer-in-Chief notified to make repairs and report the cost for collection; McElroy Transportation Line notified that it can make survey before the repairs are made, if desired.

6 (75821). Reporting that the furnishing and delivering of machinists' supplies, etc., under Class 5 of Contract No. 1051 was completed on February 18, 1908, by Cavanaugh Brothers. Comptroller notified.

7 (75823). Submitting report of work done under his charge and supervision for the week ending February 1, 1908. Filed.

8 (Bureau Order No. 3775). 23723.	Montross & Clark Company, letter heads, etc.	77 40

In answer to its request (75472), the Maine Steamship Company, was advised that its application for a renewal of permit to use 125 feet of bulkhead northerly of Pier 32, East River, will receive consideration on May 1, 1908, and with reference to its application for permission to sublet a portion of Pier 32, was requested to advise as to name of proposed sublessee.

ALLEN N. SPOONER, Commissioner.

BOROUGH OF MANHATTAN.

REPORT OF THE BOROUGH PRESIDENT FOR THE QUARTER ENDING MARCH 31, 1908.

City of New York,
Office of the President of the Borough of Manhattan,
City Hall, May 10, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, City of New York:

Dear Sir—I submit herewith, pursuant to section 1544 of the Greater New York Charter, reports of the several Bureaus under my control, for the quarter ended March 31, 1908, to which I respectfully call your attention.

Yours truly,

JOHN F. AHEARN, President, Borough of Manhattan.

REPORT OF THE COMMISSIONER OF PUBLIC WORKS.

Commissioner of Public Works, Borough of Manhattan,
Nos. 13 to 21 Park Row,
New York, May 6, 1908.

Hon. JOHN F. AHEARN, President, Borough of Manhattan:

Dear Sir—Pursuant to section 1544 of the Greater New York Charter, I have the honor herewith to make the following report of the operations of this Department for the quarter ending March 31, 1908.

The following contracts were entered into:

	Estimated Cost.
39 Paving and repaving	\$515,268 72
3 Regulating and grading	21,477 30
4 Sewer	48,047 75
7 Miscellaneous	295,384 18

—making a total of fifty-three contracts entered into at an estimated cost of \$880,177 95

The contracts enumerated below were completed:

	Cost.
5 Paving and repaving	\$86,785 15
7 Regulating and grading	76,355 85
4 Sewers (receiving basins and extension sewers).....	13,345 50
2 Fencing and flagging	111 42
5 Miscellaneous (alterations, etc., in various public buildings and offices, and material for Departmental use).....	49,085 96

—making a total of twenty-three contracts completed at a cost of..... \$225,683 88

Two hundred and thirty-one requisitions, which included 2,044 vouchers, amounting to \$954,894.11 were drawn on the Comptroller during this period.

The Bureau of Highways issued the following permits:

To construct vaults, 47; to repair vaults, 42; to place guy posts, 5; to place tar kettles on streets, 216; to place boilers on streets, 44; to repair pavement at the expense of applicant, 1.

The receipts for vault permits were \$13,204.95.

The working force took up and relaid about 31,891 square yards of stone block pavement.

Four thousand three hundred and twenty-three openings were made to lay and repair electric, gas, steam, water and sewer pipes.

There were also three hundred and ten openings to construct and repair railways.

Six thousand nine hundred and twelve feet of new electric main conduits and 938 feet of new gas mains were laid; this in connection with 4,760 feet of gas mains overhauled makes a total 2,392 miles of conduits and mains laid and overhauled.

The report of the Division of Roads gives a full account of the work accomplished in the repairing and maintaining of unimproved roadways, repairing gutters to facilitate drainage, states also the amount of stone, dirt and filling hauled, and gives the details of the other essential operations of the Division.

During the quarter 1,088 linear feet of new sewers were laid, which added to the length of sewers already in existence, makes a total length of 518.17 miles of sewers in the Borough of Manhattan, with 6,277 receiving basins.

The apparent decrease in the work completed in this particular Bureau was occasioned by the general financial conditions which necessitated a partial suspension of the operations chargeable to the Street Improvement Fund.

During this period there were issued 69 permits for new connections and 102 permits for repairs.

The Bureau of Incumbrances received and attended to 827 complaints concerning obstructions, made 170 seizures, issued 726 permits to place building material on the streets, 75 permits to cross sidewalks with horses and carts, 60 permits to erect temporary sheds over sidewalks, removed 40 loads of dirt, 7 fallen trees, dangerous stumps and posts and served two notices to repair defective vault covers.

The report of the Engineer in charge of the Bureau of Street Openings gives an account of the action taken, with maps, plans, descriptions, etc., on petitions for laying out and establishing new streets, avenues, public parks and places, etc., maps and surveys of new streets, avenues, etc., with technical descriptions of same; also of the various maps and field work necessary to the proper conduct of the Bureau.

The report of the Bureau of Public Buildings and Offices gives a full statement of the repairs, changes and alterations made in, and of the supplies and furniture ordered for the various public buildings and offices, the courts, markets, public baths and comfort stations.

During the quarter the different public baths under the supervision of this Bureau accommodated 533,796 male and 202,902 female bathers.

For more detailed information concerning the business of this Department, and the work accomplished during the quarter, you are respectfully referred to the following documents accompanying this report:

Appended herewith is a report from the Foreman in charge of street signs, showing the work done by that division:

City of New York,
Division of Street Signs, Bureau of Highways,
May 9, 1908.

Hon. GEORGE F. SCANNELL, Superintendent of Highways:

Dear Sir—Pursuant to instructions, I beg to submit herewith a report of the work performed by the Division of Street Signs during the quarter ending March 31, 1908. In doing so, I desire to direct your attention to the fact that the work of this Division has been largely increased by reason of the ordinance of the Board of Aldermen requiring the erection of "Hospital Signs." Pursuant to the provisions of this ordinance, blue enamel signs, 16 inches by 24 inches in size, and of an artistic design, have been erected at locations protecting the following hospitals:

Gouverneur, Beth Israel, St. Vincent's, New York, St. Andrew's Convalescent Hospital for Women and Children, Lying-In Hospital of The City of New York; Willard Parker, German Hospital and Dispensary, Laura Franklin Free Hospital for Children, Women's, St. Luke's, New York Medical College and Hospital for Women, General Memorial, New York Infirmary for Women and Children, New Amsterdam Eye and Ear, St. Elizabeth's, St. Mary's Free Hospital for Children, Hahnemann, Mount Sinai, Presbyterian, New York Society for the Relief of the Ruptured and Crippled, Columbus, New York Post-Graduate, Nursery and Child's, Babies', Manhattan Ear, Eye and Throat; St. Ann's Maternity, Roosevelt, J. Hood Wright Memorial, Vanderbilt Clinic, Harlem, St. Mark's, New York Eye and Ear Infirmary, New York Skin and Cancer, Bellevue, New York Polyclinic Medical School and Hospital, Flower, Misericordia, Manhattan Maternity and Dispensary, Emergency for Women, Yorkville, Sydenham, Harlem Italian Sanitarium, Hospital for Contagious Eye Diseases, Jewish Hospital for Deformities and Joint Diseases, Washington Heights, St. Gregory's Volunteer Hospital, Hudson, St. Francis, Sloane Maternity.

Wherever these signs have been erected they have given the greatest satisfaction to the hospital authorities and have been the subject of much favorable comment.

This Division has performed its regular work in the care and maintenance of street signs. In addition to the usual inspection, painting and adjusting, work has been completed as follows:

E electric street signs, frames repaired.....	106
B electric frames removed.....	6
B electric frames erected.....	9

Alteration and improvement to sewer in Church street, between Liberty and Cortlandt streets.

The amount of work to report as completed during the past quarter is not large for the reason that, on account of lack of funds, orders were received to let no more work chargeable to Street Improvement Fund until financial conditions changed. We have, however, continued to work on contracts which were in progress at the time these orders were given. The works completed are in the Dyckman tract and are intended to promote the development of that section of the City.

We have now in progress approximately \$200,000 worth of work in various parts of the City, some of it assessment work and some of it reconstruction of sewers. You will see by the schedules forwarded that there is a large amount of work in contemplation which is being held back on account of the shortness of funds. Many of these works are very important, some of them not extraordinarily large, but still having a great effect on the sanitary conditions in their respective localities. Eight important contracts have already been bid for and awarded, but not certified to by the Comptroller. As the season in which such work can be done is now fully open, I consider it of the first importance that the Comptroller be urged to register these contracts so that the work can proceed.

We have also on our list a very large number of sewers petitioned for. Most of these have been reported on and have passed the Local Boards of the several districts in which they are located, and it is now up to the Board of Apportionment to authorize the construction of the same.

Matters of this kind are of equal importance with any other contemplated public improvement, and, although they do not involve large amounts of money, yet they are of great necessity and it is my belief that the Board of Apportionment ought to be urged to act speedily on all these matters which are now before them.

REPORT OF THE SUPERINTENDENT OF PUBLIC BUILDINGS AND OFFICES.

Bureau of Public Buildings and Offices,
New York, May 1, 1908.

Mr. JOHN CLOUGHEN, Commissioner of Public Works:

Dear Sir—In accordance with your instructions, I have the honor to submit my report for the quarter ended March 31, 1908, showing in detail the business transactions of this Bureau.

Criminal Courts Building.

Repairs were made to the 6-inch nipple and flange joints on boilers Nos. 3 and 4. The railing in the First District Magistrate's Court was extended in accordance with specifications. The thermostat system in the above building was repaired and left in good working order. The furniture in Justice Foster's chambers was cleaned and refinished, also the furniture in the Court of Special Sessions. The elevator gates on elevator No. 1 were repaired, also the trench plates in the boiler room and a new sheet of iron installed in window. The main piston operating valves were repacked, also the cut-off valves of elevator No. 6, and the glands of gate valves of elevators Nos. 5 and 6. Seventy-two (72) boiler tubes which were in a defective condition were cut out and replaced with new tubes 4 inches by 18 inches long, and No. 10 gauge. Eight (8) front nipples were cut out and renewed. The fire brick lining was relined, where in disrepair. A brick trench was built in the boiler room for the steam main, and a new iron plate placed on same. Steam repairs were made to the connection on engine, steam valves repacked and steam connection to house pump leak on 2 inch water pipe and leak in steam separator repaired. The flanges on the hot water heater were also repacked. The damper regulator was put in good order, as directed. The locks where in disrepair throughout the building were repaired and new keys furnished as required. The linoleum in the First District Magistrate's Court was taken up where old and worn and replaced with new, as required. The seven (7) flanges on the steam line were repacked, the discs in four (4) valves were removed and leak repaired in the 6-inch steam line under the direction of the Engineer. A large safe was removed from the third floor to the fourth floor of the District Attorney's office. It was necessary, in order to perform the work, to remove the grill work and replace the same properly. Three (3) rugs of different sizes were furnished for the use of Justice Foster. Two hundred (200) incandescent lamps, 16-candlepower, 115 volts, were furnished for the use of the building. Repairs were made to the elevator gates throughout the building, as required. New glass for the ornamental lamps outside of the building was furnished. The elevator pumps, Nos. 3 and 4, were repaired and new parts furnished where necessary. Repairs were made to the operating ropes, cut-offs and valves of the elevators from time to time. Repairs were made to the steam connections to the engines and the flanges repacked and one flange installed, as directed by the Engineer. An order was issued for a period of one year to keep the electric clocks in proper repair. The room adjoining the Court of Special Sessions was entirely altered to suit the needs of the Judges, and all mason work, carpentering work, painting, glazing, electric work, plumbing and gas fitting was performed in accordance with plans and specifications. The leaky steam flanges on the safety valves of boiler No. 2 were repaired. The defective steam connections to the Buffalo forge engine were repaired. Hanover Square—Repairs were made to the electric motors and equipment, as required, during the quarter.

Mail Street—A 6-inch steam gauge was furnished and installed and repairs made to reducing valve and new valve furnished for radiator. Repairs were made to the Trident water meter. The sidewalk was excavated, to find leak in water service, and necessary repairs made to same. Repairs were made to basin, urinal and toilet fixtures.

Chatham Square, Park Avenue and One Hundred and Twenty-fifth Street, Sheriff and Delancey Streets, Long Acre Square, Greeley Square—Repairs were made to plumbing and steam fitting systems, of a small nature, from time to time, as required, in order to maintain an efficient standard. At the latter station two new marble steps and risers on the stairway leading to men's department were furnished and set, and the defective steps removed and properly reset.

Willis Avenue—This station was one of the new ones recently completed and opened during the quarter, the latter part of January. The station is at the entrance to the Willis Avenue Bridge, and supplies a great want to the traveling public. The whole structure is a credit to the City, and it is fitted with the most modern improvements known to the plumbing trade. It adds greatly to the appearance of the bridge approach, as the architectural features are one of the matters given much consideration.

Department of Finance.

Eight feet of wire railing was erected, ten flat-top desks furnished for the Auditing Bureau, and about 258 yards of domestic inlaid linoleum furnished in same office; also one record case made in accordance with sketch. Alterations were made to the railing and gate in the same Bureau, and the same reset. Seven flat-top desks and six tables were also furnished to this office.

For the Bureau of Markets one roll-top desk and one wardrobe were furnished. About 12 feet of railing was erected in Room 180. Three Kinsman desk lamps were furnished and installed. One wash basin was installed in Room 1711. One four-drawer card cabinet, three Smyrna rugs were also furnished.

In relation to all of the buildings before mentioned supplies for Janitors and Engineers were furnished from time to time, which consisted of soap powder, pails, dust pans, brooms, acids and all supplies for cleaning and maintaining the steam plants, as required.

Cleaning and other supplies were also delivered from the storeroom to the various public buildings and offices as required. The windows in the various public buildings were cleaned under contract. Coal and wood for heating, ice, etc., were furnished as needed. Among the many items of repair in the various public buildings and offices not heretofore mentioned were plumbing, steamfitting, gasfitting, carpentering, roofing, electric work, etc., performed by the mechanics in the employ of the Bureau. The order for the use of the horse and wagon was renewed monthly.

In conclusion, I would say that the Bureau has been seriously handicapped in carrying out the requirements of the several buildings by reason of the insufficiency of the available appropriation. This is especially felt in regard to the permanent public baths, where the appropriation given was of such a meagre character that it did not permit of proper attention being given to the bath buildings or of the inauguration of any needed improvements. The office had to content itself with merely meeting the emergencies that arose from day to day and furnishing supplies that were absolutely indispensable. I have prepared, however, a special report asking for the issuance of \$25,000 Special Revenue Bonds for repairs and furnishing supplies to the permanent baths, which will explain the great need of the issuance of this money at once, in order to prevent the structures from more serious damage through lack of attention.

Respectfully submitted,

JOHN R. VOORHIS,
Superintendent of Public Buildings and Offices.

expenditure of the funds, and as no debt is incurred by the City until the contract is certified, which cannot be done until after the plans are so approved, I think that, notwithstanding the present financial condition of the City, your Board would be warranted in making an appropriation at this time to cover the entire cost of the building. I, therefore, request that you authorize the Comptroller to issue Corporate Stock to the amount of \$8,000,000 for the erection of said building.

Yours very truly,

J. W. STEVENSON, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 21, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of May 13, 1908, the Hon. James W. Stevenson, Commissioner, Department of Bridges, asks the Board of Estimate and Apportionment for an appropriation of \$8,000,000 for the erection of a new Municipal Building on a site bounded by Park row, Centre and Duane streets, Borough of Manhattan. I would report:

It seems that this building is to be erected over a portion of the underground rapid transit road, and, owing to the necessity of the foundation work of the building and that of the railroad being so arranged and constructed as to secure ample traffic capacity for the railroad and secure an adequate foundation for the building, it is necessary that the foundation work of the building and of the rapid transit subway should proceed at the same time.

The rapid transit work is now held up pending the development of the plans for the building, and therefore the urgency of this appropriation is manifest.

I have consulted with the architects for the building and I have secured the following estimate of the cost of the building up to and including first story beams:

Excavation	\$57,000 00
Caisson work	1,910,375 00
Retaining wall	27,715 00
Sheet piling	5,880 00
Steel to street floor	251,500 00
Miscellaneous	135,500 00
Total	\$2,387,970 00
Architects' fees	262,500 00
	<u>\$2,640,470 00</u>

I am of the opinion that the Board of Estimate and Apportionment need not at the present time provide more funds than sufficient to carry the building to the first story, and, if the financial condition of the City will permit, I therefore recommend that the Board of Estimate and Apportionment, pursuant to chapter 670 of the Laws of 1907, authorize the Comptroller to issue Corporate Stock to the amount of \$2,700,000 to provide funds for the erection of a new Municipal Building on a site bounded by Park row, Centre and Duane streets, Borough of Manhattan.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
NEW YORK, May 14, 1908.

Hon. GEORGE B. MCCLELLAN, Mayor of The City of New York:

SIR—In accordance with the request contained in your letter of the 12th inst., the Commission has ordered the contractor building that portion of the Brooklyn loop lines that will be affected by the erection of the proposed Municipal Office Building to suspend work on that part of the line.

As it is probable that the contractor, in view of the bonus provisions in his contract, will claim damages for the delay, the Commission respectfully requests that the City's Engineers be directed to expedite, as much as possible, the settlement of the plans for the station portion of the new building.

Respectfully yours,

(Signed) WM. R. WILLCOX, Chairman.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 670 of the Laws of 1907, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two million seven hundred thousand dollars (\$2,700,000) to provide means for the construction of the Municipal Building on a site bounded by Park row, Centre and Duane streets, Borough of Manhattan, under the jurisdiction of the Commissioner of Bridges, and the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two million seven hundred thousand dollars (\$2,700,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Charter Revision Commission requesting an issue of \$10,000 Special Revenue Bonds to carry out the provisions of section 5 of chapter 114, Laws of 1908, together with report thereon, recommending the granting of said request.

This matter was referred to the Comptroller on May 15, 1908.

CHARTER COMMISSION,
NEW YORK CITY, May 11, 1908.

To the Board of Estimate and Apportionment, No. 277 Broadway, New York City:

GENTLEMEN—Pursuant to section 5 of chapter 114 of the Laws of 1908, requisition is hereby respectfully made upon you to raise from any unspent balance of any appropriation included in the Budget of The City of New York for any year prior to the year 1909, or by the issuance of Revenue Bonds in the manner provided by law, or by the inclusion thereof in the annual tax levied upon real or personal property liable to taxation in said City, the sum of \$10,000, as a part of the whole or the necessary part of the sum of \$30,000 directed by said act to be raised by The City of New York for the purpose of carrying out the provisions thereof.

Respectfully yours,

JAMES COWDEN MEYERS, Secretary to the Commission.

P. S.—Attached hereto is a copy of a resolution adopted by the Commission at its meeting held May 11, 1908, authorizing the making of requisition upon the Board of Estimate and Apportionment.

Resolved, That the Chairman and Secretary, or either of them, be and are hereby authorized in behalf of the Commission to make requisition upon the Board of Estimate and Apportionment from time to time to raise or cause to be raised such part or parts of the sum of thirty thousand dollars as may be necessary for the purpose of carrying out the provisions of chapter 114 of the Laws of 1908.

Copy of resolution adopted by the New York Charter Commission at a meeting held Monday, May 11, 1908.

LAWS OF NEW YORK—BY AUTHORITY.

(Every law, unless a different time shall be prescribed therein, shall not take effect until the twentieth day after it shall have become a law. Section 43, article II, chapter 8, General Laws.)

CHAPTER 114.

An Act to authorize the appointment of a commission to inquire into the local government of the City of New York, with power to investigate the manner of conducting and transacting business in the several departments, boards and offices thereof, to suggest legislation with respect thereto, and, in its discretion, to draft a new charter and an administrative code for said city.

Became a law April 13, 1908, with the approval of the Governor. Passed, three-fifths being present.

Accepted by the city.

The People of the State of New York, Represented in Senate and Assembly, Do Enact as Follows:

Section 1. Within thirty days after this act takes effect the governor shall appoint a commission consisting of fifteen persons, to be known as the New York charter commission, to inquire into the local government of the City of New York, and the counties contained therein, with power to investigate the manner of conducting and transacting business in the several departments, boards and offices thereof, the effect and working of the charter of Greater New York and the acts amendatory thereof and supplementary thereto, and of any and all other acts relating to said city, and to suggest such legislation as it may deem advisable with respect thereto. Said commission may, in its discretion, draft and submit with its final report a new charter and an administrative code for said city. The governor may appoint as members of said commission one or more persons who are holding office under the government of the City of New York, and such appointment shall not affect in any manner the title to such office which the said person is holding.

Sec. 2. Within ten days after the commission shall have been appointed its members shall meet and organize by the election from their number of a chairman and a secretary. It shall be the duty of said commission to submit a report to the legislature of nineteen hundred and eight; but if it shall not be practicable to report finally thereto, it shall submit its final report to the legislature of nineteen hundred and nine, together with bills to carry out its recommendations in the premises. The commission may, in and for the performance of its duties, employ counsel and such and so many clerks, stenographers and other persons as it may deem necessary, and fix their compensation. It may hold its meetings at any time or place within the City of New York. Any examination or investigation by the commission may be made by or before any one or more of its members, pursuant to order of the commission duly made and entered upon the minutes of any meeting thereof at which a quorum may be present, and the proceedings of or before such commissioner or commissioners shall be deemed to be the proceedings of or before the commission as a whole, when approved and confirmed by it.

Sec. 3. In all matters that relate to the effect and working of the charter of Greater New York, and of the several acts hereinabove referred to, and to the conduct and transaction of business in the several departments, boards and offices of said city, the commission shall have power to subpoena and require the attendance of any and all persons who are, or have been, employed and engaged in the public service under the several acts referred to in section one of this act, or who may at any time have entered into any contract or contracts with the City of New York, or with any department, bureau, board or officer thereof, and may compel the production before it of any record or document of said city, or of any of the departments, boards or offices thereof, or of any such employee or contractor relative to any employment by or contract with said city. The commission may administer oaths and examine thereunder any person in relation to any matter referred to in this act or bearing upon the government of said city; and each of the commissioners, boards, departments, officers, servants and employees of and contractors with said City of New York, and any board or commission performing or discharging any duties for or in behalf of said city, is hereby directed and required to furnish to said commission, or to its duly authorized representatives, free access at all reasonable times to all books, records, papers, documents, and also any and all information whatsoever within its or his possession or under its or his control.

Sec. 4. For the purpose of making and conducting any investigation or investigations hereby authorized, the commission shall be and hereby is vested with all powers conferred by the legislative law upon a committee of the legislature, or by the code of civil procedure or other statute upon a board or committee; the commission may invoke the power of any court of record in the state to compel the attendance of witnesses and the giving of testimony by them and the production of books, records, papers, documents and information whatsoever as aforesaid. Any member of the commission shall have power to administer oaths to the witnesses summoned before it or him.

Sec. 5. For the purpose of carrying out the provisions of this act the board of estimate and apportionment of the City of New York shall, upon the requisition of the commission, raise or cause to be raised the sum of thirty thousand dollars, or such part thereof as in the judgment of the commission may be necessary, from any unspent balance of any appropriation included in the budget of said city for any year prior to the year nineteen hundred and nine, or by the issue of revenue bonds in the manner provided by law, or by the inclusion thereof in the annual tax levy upon real or personal property liable to taxation in said city. Payments of or on account of the expenses of the commission shall be made by the comptroller of said city from the sum or sums so to be raised, upon vouchers, in form to be approved by said comptroller, when certified by said commission, or by such officer or officers as it may designate, by proper resolution, for that purpose.

Sec. 6. This act shall take effect immediately.

State of New York, office of the Secretary of State, ss.:

I have compared the preceding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole of said original law.

JOHN S. WHALEN, Secretary of State.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 21, 1908.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics, Department of Finance, recommending the issue of Special Revenue Bonds to the amount of \$10,000, to defray expenses of the Charter Revision Commission.

Yours respectfully,

H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 21, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the request of the Charter Revision Commission, dated May 11, 1908, asking the Board of Estimate and Apportionment to raise the sum of \$10,000 as a part of the \$30,000 authorized by section 5 of chapter 114 of the Laws of 1908, to be raised for the purpose of carrying out the purpose of the act authorizing the appointment of said Commission, referred to the Comptroller, and by you to this Bureau for examination, I beg to report as follows:

Section 5 of the act authorizing the appointment of the Charter Revision Commission provides as follows:

"For the purpose of carrying out the provisions of this act, the board of estimate and apportionment of the city of New York shall, upon the requisition of the commission, raise, or cause to be raised, the sum of thirty thousand dollars, or such part thereof as, in the judgment of the commission, may be necessary, from any unspent balance of any appropriation included in the budget of said city for any year prior to the year nineteen hundred and nine, or by the issue of revenue bonds in the manner provided by law, or by the inclusion thereof in the annual tax levy upon real or personal property liable to taxation in said city. * * *

On May 11, 1908, the Commission adopted the resolution following:

"Resolved, That the Chairman and Secretary, or either of them, be and are hereby authorized on behalf of the Commission to make requisition upon the Board of Estimate and Apportionment from time to time to raise or cause to be raised such

part or parts of the sum of thirty thousand dollars as may be necessary for the purpose of carrying out the provisions of chapter 114 of the Laws of 1908." The request under consideration is made by the Secretary of the Commission by and under authority of said resolution.

Your Examiner finds no unspent balance available for the purpose of carrying out the provisions of the act, and it is therefore recommended that the amount requested be raised by the issue of Special Revenue Bonds, pursuant to the provisions of subdivision 7 of section 188 of the Charter.

Yours respectfully,
CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:
H. A. Metz, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 5 of chapter 114, of the Laws of 1908, the Board of Estimate and Apportionment hereby appropriates the sum of ten thousand dollars (\$10,000) for the expenses of a Commission appointed to inquire into the local government of The City of New York, with power to investigate the manner of conducting and transacting business in the several departments, boards and offices thereof, to suggest legislation with respect thereto, and, in its discretion, to draught a new charter and an administrative code for said city; and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of ten thousand dollars (\$10,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication submitting statement of unexpended balances of appropriations for the year 1906, amounting to \$421,400, to be transferred to the General Fund for the Reduction of Taxation; also the transfer of \$4,779,988.95 from the account Excise Taxes to the General Fund for the Reduction of Taxation:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 22, 1908.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Herewith I present a statement of unexpended balances of appropriations for the year 1906, after allowing sufficient to satisfy claims payable therefrom aggregating four hundred and twenty-one thousand four hundred dollars (\$421,400), as per statement attached, and now available for transfer to the General Fund for the Reduction of Taxation.

Section 237 of the Greater New York Charter provides that such unexpended balances may be transferred annually by the Comptroller, with the approval of the Board of Estimate and Apportionment, to the General Fund for the Reduction of Taxation. The balance of the Excise Taxes for the year 1907 available for transfer to the General Fund for the Reduction of Taxation is \$4,779,988.95.

The enclosed resolutions are therefore submitted.

Respectfully,
H. A. METZ, Comptroller.

Respectfully,
CHANDLER WITHINGTON, Chief Engineer.

Approved:
H. A. METZ, Comptroller.

The following resolution was offered:
Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted April 14, 1908, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five million dollars (\$5,000,000), the proceeds whereof to be applied to the uses and purposes of the Department of Docks and Ferries.
Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication recommending that the President, Borough of Queens, be authorized to enter into a contract for the repaving of Jamaica avenue, from Van Wyck avenue to the Brooklyn Borough line, in the Borough of Queens, at a cost not to exceed \$140,000, to be charged to the Bond Account for Repaving Streets in the Borough of Queens, notice to be served upon the Brooklyn, Queens County and Suburban Railroad Company, pursuant to section 98 of the Railroad Law:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 21, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Lawrence Gresser, President of the Borough of Queens, requests authority from the Board of Estimate and Apportionment to enter into a contract for repaving Jamaica avenue from Van Wyck avenue to the Brooklyn Borough line in the Borough of Queens, the expense thereof not to exceed \$140,000 and to be charged against the Bond Account, Borough of Queens.

I would report that I have examined Jamaica avenue between the above limits and find the brick pavement laid in the fall of 1897, just previous to consolidation, is in a very poor condition; in places it is dangerous and the avenue between the said limits should be repaved immediately. The present brick pavement was paid for by local bond issue, therefore it is proper to charge the proposed repaving against the Repaving Fund.

There is no sewer in this avenue and none has been laid upon the map on account of the difficulty with the outlet, but it has been suggested to put the sewers under the sidewalks; this will prevent the new pavement from being torn up.

Nothing is said about the liability of the Brooklyn, Queens County and Suburban Railroad Company to pay a portion of this proposed pavement. I beg leave to submit the following:

Pursuant to section 90 of the Railroad Law, which is as follows:
"The provisions of this article shall apply to every corporation which, under the provisions thereof, or of any other law, has constructed or shall construct or operate or has been or shall be organized to construct or operate, a street surface railroad, or any extension or extensions, branch or branches thereof, for public use in the conveyance of persons and property for compensation, upon and along any street, avenue, road, highway, or private property, in any city, town or village, or in any two or more civil divisions of the State, and every such corporation must comply with the provisions of this article."
—it would seem that the company, notwithstanding the fact that it claims to operate a street surface railroad on Jamaica avenue over a private right-of-way, that it may be liable to this section of the Railroad Law.

Section 98 of such law provides as follows:
"Every street surface railroad corporation so long as it shall continue to use any of its tracks in any street, avenue or public place in any city or village shall have and keep in permanent repair that portion of such street, avenue or public place between its tracks, the rails of its tracks, and two feet in width outside of its tracks under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of any corporation to make pavements or repairs after the expiration of thirty days' notice to do so, the local authorities may make the same at the expense of such corporation, and such authorities may make such reasonable regulations and ordinances as to the rate of speed, mode of use of tracks, and removal of ice and snow, as the interests or convenience of the public may require. A corporation whose agents or servants willfully or negligently violate such an ordinance or regulation, shall be liable to such city or village for a penalty not exceeding five hundred dollars to be specified in such ordinance or regulation."

The present condition of the brick pavement, in my opinion, justifies the immediate repaving of same, and I recommend that the Board of Estimate and Apportionment authorize the President of the Borough of Queens to enter into a contract for the repaving of Jamaica avenue from Van Wyck avenue to the Brooklyn Borough line in the Borough of Queens, to an amount not exceeding \$140,000; and also suggest that when authority is so given, that the resolution adopted by the Board of Estimate and Apportionment granting such permission contain the following:

"And be it further
"Resolved, That before such contract is entered into by the President of the Borough of Queens for the repaving of Jamaica avenue from Van Wyck avenue to the Brooklyn Borough line in the Borough of Queens, that he serve notice upon the Brooklyn, Queens County and Suburban Railroad Company, pursuant to section 98 of the Railroad Law, and that the form of such notice be first approved by the Corporation Counsel."

Respectfully,
CHANDLER WITHINGTON, Chief Engineer.

Approved:
H. A. METZ, Comptroller.

The following was offered:
Whereas, The Board of Estimate and Apportionment, at a meeting held December 6, 1907, adopted a resolution directing all heads of Departments, etc., not to incur any new or additional indebtedness payable from funds provided by the issue of Corporate Stock heretofore authorized, without the further approval of this Board.
Resolved, That the request of the President, Borough of Queens, for authority to enter into a contract for the repaving of Jamaica avenue, from Van Wyck avenue to the Brooklyn Borough line, in the Borough of Queens, at a cost not to exceed one hundred and forty thousand dollars (\$140,000) be and the same is hereby approved, provided, however, that before such contract is entered into, the President, Borough of Queens, serve notice upon the Brooklyn, Queens County and Suburban Railroad Company, pursuant to section 98 of the Railroad Law; said form of notice to be first approved by the Corporation Counsel.

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented communications as follows:

Which were referred to the Comptroller.

The President, Borough of Queens, presented a communication requesting the acquisition of 2.447 acres of land adjoining the present Jamaica Disposal Plant, Fourth Ward, Borough of Queens.

Which was referred to the Comptroller.

The Comptroller presented the following communication from the President, Board of Trustees, Bellevue and Allied Hospitals, requesting the amendment of resolution adopted by the Board of Estimate June 22, 1906, which authorized the issue of \$628,000 Corporate Stock for the erection and completion of a building at Twenty-sixth street and East River, Borough of Manhattan, for the Bellevue Hospital Training School for Women Nurses, by including therein the equipment of said building:

BELLEVUE AND ALLIED HOSPITALS,
FIRST AVENUE AND TWENTY-SIXTH STREET,
NEW YORK, May 18, 1908.
Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York City:

SIR—The building for the use of the Bellevue Hospital Training School for Women Nurses, now in course of construction, will be completed and ready for occupation in October, and it has been estimated that \$64,000 will be required with which

to equip and furnish it. There remains an unexpended balance of \$102,000 of the original appropriation for the construction and completion of this building, and in lieu of asking for an additional appropriation the Trustees beg to request that the resolution of June 22, 1906, be amended by striking therefrom the words "the erection and completion of a building" and inserting in place thereof the words "the erection and completion and equipment of a building."

A copy of the original resolution of June 22, 1906, is enclosed.

Respectfully,

JOHN W. BRANNAN, President, Board of Trustees.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment June 22, 1906, which reads as follows:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding six hundred and twenty-eight thousand dollars (\$628,000), for the purpose of providing means for the erection and completion of a building to be erected at Twenty-sixth street and East River, Borough of Manhattan, for the Bellevue Hospital Training School for Women Nurses, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding six hundred and twenty-eight thousand dollars (\$628,000), the proceeds whereof to be applied to the purposes aforesaid."

—be and the same is hereby amended by striking therefrom the words "the erection and completion of a building" and inserting in place thereof the words "the erection, completion and equipment of a building."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to proceed with the printing of the report.

The appeals of the following-named candidates for a rerating of their examination papers were denied on the report of the Chief Examiner that no errors of marking or rating had been indicated:

Lay Sanitary Inspector—

Charles T. York, No. 34 Leroy street.

William R. Hudner, No. 1052 Jackson avenue, The Bronx.

Assistant Foreman, Fire Department—

John Smalley, No. 1045 Fortieth street, Brooklyn.

Matron (Promotion)—

Mrs. B. M. Jaques, No. 851 First avenue.

Inspector of Sewer Construction—

Joseph R. Mannifield, No. 586 East One Hundred and Fifty-sixth street.

Patrolman—

William F. Walker, No. 216 Twenty-sixth street, Brooklyn.

John B. Milward, No. 367 West Thirtieth street.

Raymond P. Finnerty, No. 213 East Eleventh street.

John J. Reardon, No. 655 East Sixteenth street.

The appeal of Harry Covert, candidate for the position of Laborer in the Borough of The Bronx, for a physical re-examination, was granted on the recommendation of the Labor Clerk.

On motion, it was

Resolved, That the name of Daniel P. Gallagher, of No. 307 West One Hundred and Twenty-fifth street, Manhattan, be removed from the eligible list of Patrolman under the provisions of Rule VII., paragraph 14.

The Commission then considered the case of Godfrey J. Snyder, Emerson and Cooper streets, Brooklyn, candidate for Fireman, who had been given a hearing on April 15, in order to show cause why his name should not be removed from the eligible list, under the provisions of Rule VII., clause 14, for having made a misstatement as to the date of his birth. The President stated that the candidate had submitted an affidavit as to the said date, but that he did not consider the same satisfactory. The matter was laid over for one week in order to permit the candidate to furnish additional proof.

The Commission then considered the matter of removing the names of Thomas Blitt, No. 17 Clinton street, Manhattan, and Frank Goldberg, No. 4 Allen street, Manhattan, from the list of Gymnasium Attendant for misstatements as to the dates of their birth. On the statement of the President that Thomas Blitt had requested an adjournment of one week in which to furnish proof as to the date of his birth, the matter of removing his name from the list was laid over; and, on motion, it was

Resolved, That the name of Frank Goldberg, No. 4 Allen street, Manhattan, be and the same hereby is removed from the eligible list of Gymnasium Attendant, under the provisions of Rule VII., paragraph 14.

On motion, the papers of Gustav M. Blessman, Lenox road and East Forty-second street, Brooklyn, candidate for Patrolman, and those of Thomas Head, No. 214 East Eighty-third street, Manhattan, candidate for Fireman, were referred to Examiner Rafferty for investigation and report.

A communication was presented from the Chief Examiner, dated April 27, transmitting the bill of Mr. William A. Smith, of Poughkeepsie, in the amount of \$70, for services rendered in connection with the examination for Patrolman on Aqueduct, and stating that he had not made any agreement with Mr. Smith regarding such expense. The matter was laid over.

A communication was presented from the Chief Examiner, dated April 27, stating that the application of Joseph L. Bien, of No. 226 Sackman street, Brooklyn, for the position of Searcher (683), had been rejected on the same ground as his application for Court Stenographer, which was rejected by the Commission on March 11. The action of the Chief Examiner was approved.

A communication was presented from the Chief Examiner, dated April 22, stating that the applications of Frank Van Iderstine, of Elizabeth street and Myrtle avenue, West Brighton, S. I., for the positions of Inspector of Pipe Laying (730) and Inspector of Hydrants, Stop-cocks and Shopwork (432), had been rejected under Rule VII., on account of unsatisfactory character. The action of the Chief Examiner was approved.

A communication was presented from the Chief Examiner, dated April 27, with reference to the proposed examinations for Stenographer and Typewriter, Clerk, etc., at Poughkeepsie, for the Board of Water Supply, and suggesting that, in his opinion, it was not desirable that the examinations should be held there, as candidates would not all come from Poughkeepsie, and the transportation of themselves and machines would not cost appreciably more if they came to New York, where the examination could be held under his own auspices and without the additional expense. The communication was ordered filed.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with an open competitive examination for Stenographer and Typewriter (female), second and third grades.

On motion, it was

Resolved, That the Board of Aldermen be requested to amend its resolution adopted on February 19, 1896, and approved by the Mayor on February 21, 1896, fixing the amount that the Commission is permitted to draw from the Comptroller upon its appropriation for contingent expenses by increasing such amount from one hundred and fifty dollars (\$150) to two hundred and fifty dollars (\$250).

The Secretary presented for re-consideration by the Commission the request of the Commissioner of Parks, Boroughs of Brooklyn and Queens, for approval of the transfer of James Graham, Francis J. Heaney, Frank Loesch, Thomas Corrigan and Michael Carroll from the position of Laborer to that of Driver, which had been previously denied, in view of the fact that the said persons had not been employed under the title of Laborer for a period of one year. The Secretary stated that the said persons had been appointed in 1898 as Gardeners, and that their titles, with the exception of Francis J. Heaney, had been changed to Laborer on September 25, 1907, his title having been changed to Laborer on July 9, 1907. The change of title to Driver was approved, the Commission ruling that the said persons had been actually employed as Laborers from the time of their appointment in the Department in 1898.

A letter was presented from the Commissioner of Street Cleaning, dated April 23, requesting an examination for promotion to District Superintendent in that Department.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with an examination for promotion to the position of District Superintendent (third grade) in the Department of Street Cleaning, such examination to be open to all employees in grade 2 who shall have served for a period of six months in their respective positions.

A letter was presented from the Second Deputy Police Commissioner, dated April 22, requesting that the Commission arrange a supplementary physical examination in order to permit a number of candidates for promotion to the rank of Sergeant, who were unable to attend the general physical examination, to qualify. The request was granted.

The leave of absence, without pay, from March 1 to April 15, 1908, granted John J. McFadden, Clerk, first grade, in the Board of Estimate and Apportionment, was approved.

A letter was presented from the Board of Water Supply, dated April 25, amending its request for an open competitive examination for the position of Stenographer and Typewriter (male), second and third grades, by asking that such examination be restricted to the second grade. The request was granted.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, Mr. Nathaniel J. Whitehead be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., paragraph 6, to be employed as an Advisory Expert in the purchase of supplies for the use of the Police Department, through the Bureau of Repairs and Supplies, with compensation at the rate of two thousand dollars (\$2,000).

On motion, it was

Resolved, That Mr. Horace See, of No. 1 Broadway, Manhattan, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to render expert service in the Police Department in the matter of supervising the construction of two launches, also repairs to launches; provided, however, that his total compensation shall not exceed the sum of \$750.

A communication was presented from the Commissioner of Parks, Borough of The Bronx, dated April 23, in relation to the complaint received by the Commission that a number of Laborers and a Foreman of Laborers were performing the duties of Gardeners in that Department. It appearing that an investigation by the Commissioner had shown the complaint to be unfounded, the papers were ordered filed.

A communication was presented from the Secretary of the Board of Education, dated April 23, requesting approval of the action of the Committee on Care of Buildings in extending the leave of absence, without pay, granted Frank S. Brown, formerly Janitor of Public School 34, Borough of Manhattan, on account of serious personal illness, to April 15, 1908. The additional leave of absence was approved.

A communication was presented from the President of the Borough of Brooklyn, dated April 28, setting forth his reasons for requesting that the position of Assistant Superintendent of Public Buildings and Offices be exempted from examination. The Secretary was directed to transmit a copy of the communication to the Civil Service Reform Association with the request that it file with the Commission any statements that it might desire to make in opposition to the proposed exemption.

A letter was presented from the Comptroller, dated April 23, requesting authority to extend the appointment of Miss Sadie A. Bryan, temporary Clerk, for an additional two months. The Secretary stated that the three months' service for which the said employee had been certified would expire on May 11. The request was granted.

A communication was presented from the Commissioner of Docks and Ferries, dated April 23, transmitting a copy of a certificate under date of April 13, 1908, of Mr. P. H. Cassidy, Superintendent of the Staten Island Rapid Transit Railroad Company, to the effect that William Tod, of Third street, New Brighton, had been employed at the St. George ferry and railroad depot, St. George, in the year 1904, and stating that at the time the transfers were made from the old ferry company to the Department of Docks and Ferries, under the provisions of section 826 of the Charter as amended by chapter 533 of the Laws of 1905, Tod's name had been omitted from the list submitted by the ferry company for transfer, and consequently he had not been included in the non-competitive examination which was held for persons holding similar positions to qualify them for transfer to the said Department. The letter concluded with the request that Mr. Tod be given a non-competitive examination to qualify him for such transfer. The matter was laid over.

A communication was presented from the Commissioner of Correction, dated April 24, stating, with reference to the proposed transfer to his Department of the former employees in the Kings County Jail, in accordance with the provisions of chapter 637 of the Laws of 1907, that Maurice Carmody, Warden, and John J. Flynn, Deputy Warden, were in the exempt class, and that T. Joseph Kelly was employed as a Van Driver by the Sheriff of Kings County. It appeared that the said names had been omitted from the list of employees furnished by the Commissioner of Correction for examination, and that the Secretary had requested him to notify the Commission of the reason therefor. After careful consideration of the matter, the Secretary was directed to inform the Commissioner of Correction that the law did not make any distinction among the said employees as to their civil service classification, and that it was clearly the duty of the Commission to give the "exempt" employees an opportunity to take the examination.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with an examination of the following named persons, former employees of the Sheriff of Kings County and assigned to the Kings County Jail, to qualify them for transfer to the Department of Correction, in accordance with the provisions of chapter 637 of the Laws of 1907:

Maurice Carmody, Warden.

T. Joseph Kelly, Van Driver.

Margaret Cloonan, Cleaner.

Ada Healy, Cleaner.

George Slater, Cook.

Esther Malone, Laundress.

John J. Flynn, Deputy Warden.

Edwin S. Bogart, Bookkeeper.

Susan Green, Cleaner.

Alice Buckley, Cook.

Nellie Trinneer, Cook.

The reassignment to duty of William Cleary, Watchman, in the Department of Docks and Ferries, was approved, it appearing from the doctor's certificate furnished that his absence from January 17 had been due to illness.

A communication was presented from Hon. Edgar J. Lauer, Justice of the Municipal Court, Borough of Manhattan, Ninth District, dated April 22, setting forth his opposition to the proposed amendment of the classification by removing the position of Court Interpreter from the competitive class. The communication was ordered filed.

On motion, the Secretary was directed to advertise public hearings on the following proposed amendments to the Municipal Civil Service classification:

First—Striking from the exempt class, under the heading "Finance Department," the title "Stenographer to the Receiver of Taxes," and inserting in lieu thereof the following title:

"Stenographer to the Comptroller."

Second—Including in the exempt class, under the heading "Board of Water Supply of The City of New York," the following position:

"Adjuster of Taxes and Assessments,"

—and changing the line "one Assistant Secretary" to read:

"Two Assistant Secretaries."

Third—Including in the labor class, Part II., the following position:

"Well Driver, Department of Water Supply, Gas and Electricity."

On motion, it was

Resolved, That Mr. Alvin E. Pope be and he hereby is excepted from examination, in accordance with the provisions of Rule XII., clause 6, to render expert service in the Bureau of Charitable Institutions of the Department of Finance in connection with the investigation of the work and management of schools for the deaf, dumb and blind that receive support from the City; provided, however, that his total compensation shall not exceed \$250.

On motion, it was

Resolved, That Mr. Desiderius Barta, Landscape Gardener, of No. 137 West One Hundred and Seventeenth street, Manhattan, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to be employed by the Board of Trustees of Bellevue and Allied Hospitals to prepare plans and specifications for the planting of the grounds of the Harlem and Fordham Hospitals; provided, however, that his total compensation shall not exceed \$100.

On motion, it was

Resolved, That Herman Golubock, of No. 749 DeKalb avenue, Brooklyn, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to render expert service for a temporary period in the College of The City of New York in connection with the repairing and cleaning of books, preparatory to removing them from the old to the new college buildings; provided, however, that his total compensation shall not exceed \$750.

On motion, it was

Resolved, That Mr. Wendelin Bender be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., paragraph 6, to render expert service as a Laboratory Assistant in the College of The City of New York, with compensation at the rate of \$40 a month; provided, however, that the term of employment shall not exceed three (3) months.

The following emergency appointments were approved under the provisions of Rule XII., clause 4:

March 27-31, 1908—Mame J. Robertson, Typewriting Copyist, Fire Department.

April 21, 1908—Miss J. A. Cooke, Typewriter and Mimeographer, office of President of the Borough of Manhattan.

The following vouchers for payment of salary to persons not regularly employed by The City of New York, for special services rendered to the City during the periods indicated, were certified as being exempt from the Civil Service rules:

December 16, 1907—Homer H. Bartlett, Surveyor, Department of Health. \$50 00

March 21, 1908—Walter I. Browne, Surveyor, Board of Education. 35 00

The following reports of Departmental Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Public Charities, April 20.

Department of Correction, April 20, 21, 22.

Brooklyn Disciplinary Training School, April 20, 22.

Board of Education (Brooklyn Truant School) April 23.

Department of Parks, Brooklyn and Queens, April 21, 22, 23.

A letter was presented from the Fire Commissioner, dated April 27, requesting that the name of Joseph T. Lee, who was appointed as a Probationary Fireman on April 24, 1907, and who resigned as such on May 2, 1907, voluntarily and without fault or delinquency on his part, be restored to the list of Fireman and recertified for appointment. The request was granted.

The following leaves of absence, without pay, were approved, it appearing from the doctors' certificates furnished that the same were required on account of illness:

George E. Deely, M. D., Medical Inspector, Department of Health; three months, from April 25.

Daniel B. Ryan, Inspector of Foods, Department of Health; two months, from April 22.

Maurice S. Donohue, Clerk, Department of Health; two months, from March 18.

On motion, it was

Resolved, That the emergency appointment of the following named persons as Inspectors of Meters and Water Consumption in the Department of Water Supply, Gas and Electricity, for a period of fifteen days, be and the same hereby is approved under the provisions of Rule XII., paragraph 4:

Frederick Stratton, No. 125 West Ninety-seventh street.

James O'Brien, No. 229 East Eleventh street.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with a non-competitive examination of the following named candidates to qualify them for provisional appointment as Inspectors of Meters and Water Consumption in the Department of Water Supply, Gas and Electricity, pending the preparation of an eligible list for that position, in accordance with the provisions of Rule XII., paragraph 3:

Frederick Stratton, No. 125 West Ninety-seventh street.

James O'Brien, No. 229 East Eleventh street.

The President stated that the Tenement House Commissioner had called upon him in relation to the complaint filed with the Commission to the effect that an Inspector had been assigned to take charge of the Typewriting Division of the Department, and explained that the matter would be corrected upon the adoption of the report of the Salaries and Grades Commission by the Board of Aldermen. The matter was laid over.

A letter was presented from the Secretary to the Board of Assessors, dated April 28, requesting authority to extend the temporary appointments of Messrs. Abraham Rauch, of No. 457 West One Hundred and Sixty-fourth street, Manhattan, and Charles R. Davis, of Seventieth street, near Narrows avenue, Brooklyn, Temporary Clerks, for a period of three months, pending the establishment for that department of the grade of Clerk with salary at the rate of \$1,200 per annum by the Board of Estimate and Apportionment and the Board of Aldermen. The request was granted.

A communication was presented from the Secretary of the Civil Service Reform Association, dated April 22, submitting copies of letters addressed to him by Justices Seaman and Spiegelberg, of the Municipal Court, in opposition to the proposed exemption of the position of Court Interpreter. The communication was ordered filed.

The request of George W. Day, Newtown avenue and Fourth street, Elmhurst, Long Island, that his application for Inspector of Light and Power be accepted, on the ground that he had inadvertently read the closing date for the receipt of such applications as April 24 instead of April 21, was denied.

A letter was presented from H. C. Diehl, Secretary of the New York District Council of the Brotherhood of Painters, Decorators and Paperhangers of America, dated April 25, protesting, in behalf of his organization, against the assignment of Firemen in the New York Fire Department to do the work of painters on the fire boats in the harbor. The Secretary was directed to refer the writer to the Fire Commissioner for an adjustment of the matter.

The following requests for restoration to the eligible lists indicated were granted: Alfred M. Entenmann, No. 872 East One Hundred and Eighty-first street, Chainman and Rodman. Was appointed in the office of the President of the Borough of Richmond on August 1, 1907, but resigned before completing his probationary period in order to complete his studies.

John J. F. Doyle, No. 86 Carroll street, Brooklyn, Clerk, \$1,050 per annum. Stated that when he declined appointment at that salary he was receiving \$1,200 per annum.

Miss Anna Joseph, No. 226 West One Hundred and Eleventh street, Attendant (Playground). Stated that she did not receive notice from the Department of Parks, Boroughs of Brooklyn and Queens, due probably to the fact that she had changed her address.

Henry Van Holland, No. 59 Johnson avenue, Richmond Hill, Long Island, Clerk, third grade. Stated that when certified to the Tenement House Department he was employed as an Attendance Officer in the Board of Education, from which position he had since resigned in order to go to California for his health.

George H. Henke, No. 2183 Morris avenue, The Bronx, Stationary Engineer. Statement of the President of the Borough of Richmond that he failed to reply to notice sent him on February 14, incorrect.

Jacob Hayman, Hartley Hall, Columbia University, Transitman, at less than \$1,800 per annum.

Robert P. Conlin, No. 342 West Eleventh street, Attendant. Stated that he declined appointment in June, 1907, for the reason that he was ill. (Doctor's certificate.)

The request of Catherine O'Neill, of No. 204 East Twenty-fifth street, Manhattan, that her name be restored to the preferred list of Cleaner, Borough of Manhattan, was granted on the recommendation of the Labor Clerk.

The Commission then adjourned to meet Wednesday, May 6, 1908, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

CATSKILL AQUEDUCT.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, JUNE 2, 1908.

FOR THE CONSTRUCTION OF THE RONDOUT SIPHON,

a deep pressure tunnel, lined with concrete, 14½ feet in inside diameter, and about 23,600 feet long, to be reached through shafts from 370 feet to 710 feet in depth; the northerly half about 3,340 feet, of the Rondout tunnel, a tunnel on the hydraulic gradient, 17 feet high and 13 feet 4 inches wide, to be driven without shafts, and two short stretches of plain concrete conduit, known as cut-and-cover aqueduct, one of which is located at each end of the siphon. The tunnel will connect with the cut-and-cover aqueduct by a down-take shaft at the north end and an up-take shaft at the south end, and between these, near Rondout Creek, there will be a drainage shaft. Besides these, there will be five other shafts for construction purposes, making eight in all.

An approximate statement of the quantities, of the kinds of work and further information, are given in the information and time bidders.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

Two or more bonds, the aggregate amount of which shall be eight hundred thousand dollars (\$800,000), will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify.

The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of one hundred thousand dollars (\$100,000).

Time allowed for the completion of the work is fifty-four months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application, in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENDEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,
Commissioners of the Board of Water Supply.

J. WALDO SMITH, Chief Engineer.

THOMAS HASSETT, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held April 24, 1908, the following petition was received:

To the Honorable Board of Estimate and Apportionment of the City of New York:

The petition of the Hudson and Long Island Traction Company respectfully shows:

First—That your petitioner is a street surface railway corporation, duly organized and existing under the laws of the State of New York, and proposes to construct a line of street surface railway in the Counties of New York and Queens and across the Blackwells Island Bridge, connecting the Boroughs of Manhattan and Queens in the City of New York and State of New York.

Second—Your petitioner now desires to obtain from your Honorable Board and hereby respectfully applies for its consent to a grant of the right, privilege and franchise to construct, maintain and operate a single or double track street surface railway for public use in the conveyance of persons and property for compensation in, upon, along and over the surface of certain streets, avenues, highways, roads and public places in the Boroughs of Manhattan and Queens and across the Blackwells Island Bridge, of which the following is a description:

Beginning at a point at the intersection of West Forty-second street with Twelfth avenue, in the Borough of Manhattan, City of New York; running thence northerly over, upon and along said Twelfth avenue to the intersection of said Twelfth avenue with West Forty-third street; thence extending easterly over, upon and

along said West Forty-third street to the intersection of said West Forty-third street with Eleventh avenue; thence extending northerly over, upon and along said Eleventh avenue to the intersection of said Eleventh avenue with West Fifty-seventh street; thence extending easterly over, upon and along said West Fifty-seventh street to the intersection of Fifth avenue and West Fifty-seventh street; thence extending easterly and crossing said Fifth avenue over, upon and along East Fifty-seventh street to the intersection of said East Fifty-seventh street with Second avenue; thence extending northerly over, upon and along said Second avenue to a point on Second avenue opposite the plaza of the Blackwells Island Bridge; thence extending easterly over, upon, along and across said plaza and upon, along and across said Blackwells Island Bridge, and upon, along and across the plaza of said bridge in Long Island City, Borough of Queens, New York City, and crossing all avenues or streets intersecting said proposed route.

Third—That said corporation proposes to operate said proposed railroad by such motive power as may be lawfully employed.

Wherefore your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered be given as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

Dated April 9, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held May 1, 1908, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the New York and Queens County Railway Company respectfully shows:

First—That your petitioner is a street surface railway corporation duly organized and existing under the laws of the State of New York, and now operating a street surface railway in the Borough of Queens, City of New York, and has duly filed, pursuant to section 90 of the Railroad Law, a statement of the extension of its road and branch thereof herein proposed.

Second—That for the purpose of constructing and operating a branch or extension of its present road your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for its consent to and a grant of the right, privilege and franchise for the construction, maintenance and operation of a double-track street surface railway for public use in the conveyance of persons and property for compensation in, upon, along and over certain streets, avenues, highways, bridges, viaducts and public places in the Borough and County of Queens, City and State of New York, of which the following is a description:

Beginning at and connecting with its present tracks on Jackson avenue at a point opposite the Blackwells Island Bridge plaza, where the proposed bridge approach or viaduct connecting Jackson avenue with Thomson avenue intersects the said Jackson avenue; thence southeasterly in, upon, along and over the said bridge approach or viaduct from said Jackson avenue to Thomson avenue; thence easterly in, upon, along and over said Thomson avenue to its junction with Hoffman boulevard; thence southeasterly in, upon, along and over the said Hoffman boulevard to Fulton street, in the former Village of Jamaica, crossing such other streets, avenues, highways, bridges, viaducts and public places as may be encountered in said route, and with such connections, turnouts, switches, crossovers, stands, poles, wires and equipment as may be necessary for the construction and operation of said railway by the overhead system of electricity, or by any other motive power that may be lawfully employed upon the same.

Third—That your petitioner proposes to operate said extension or branch by the overhead system of electricity, substantially similar to that now in use on its other lines, or by other motive power that may be lawfully employed.

Wherefore your petitioner prays that public notice hereof, and of the time and place when and where this application will be first considered, be given as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held April 24, 1908, the following petition was received:

To the Honorable Board of

suant to section 90 of the Railroad Law, a statement of the extension of its road and branch thereof herein proposed.

Second—That for the purpose of constructing and operating a branch or extension of its present line, your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for, its consent to a grant of the right, privilege and franchise for construction, maintenance and operation of a single or double track street surface railway for public use in the conveyance of persons and property for compensation in, upon, along and over the surface of certain streets, avenues, highways, bridges, public places and private property in the Borough of Queens, City of New York, of which the following is a description:

Beginning at the so-called bridge plaza of the Blackwells Island Bridge; thence over and across Jackson avenue; thence along the so-called "Bridge Approach" to Thompson avenue; thence along Thompson avenue, crossing the intervening streets and tracks of the Long Island Railroad to Hoffman boulevard; thence along Hoffman boulevard to and across Hillside avenue and other intervening streets and by private right of way to and across Maple street and Shelton avenue; thence along Shelton avenue to Union avenue; thence along Union avenue to, along and across Fulton street to Union Hall avenue; thence along Union Hall avenue and by private right of way to and across New York avenue to Linden street; thence along Linden street to and across Locust street and by private right of way to Puntine street; thence along Puntine street to South street; thence along South street, crossing the Long Island Railroad, to Farmers road; thence along, upon and across Farmers road and by private right of way to Central avenue; thence in a generally easterly direction over, upon and along Central avenue to where it intersects the boundary line between The City of New York and the Town of Hempstead, the said point being the western terminal point of the South Shore Traction Company, as designated in its certificate of incorporation.

And also crossing such other streets, avenues and highways as may intersect such designated routes.

Also for consent and permission to operate the cars of said company along, upon and across the plaza of the Blackwells Island Bridge, in the Borough of Queens, City of New York; thence across and over said Blackwells Island Bridge and along, upon and across the plaza of the said Blackwells Island Bridge, in the Borough of Manhattan, City of New York.

Third—That said corporation proposes to operate said extension or branch by the overhead system of electricity or other motive power that may be lawfully employed.

Wherefore your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered be given, as required by law, and that the desired consent be granted, in accordance with the provision of the Greater New York Charter.

Dated April 13, 1908.

—and at a meeting held May 1, 1908, the following resolutions were adopted:

Whereas, The foregoing petition from the South Shore Traction Company, dated April 13, 1908, was presented to the Board of Estimate and Apportionment at a meeting held April 24, 1908.

Resolved, That in pursuance of law this Board sets Friday, the 12th day of June, 1908, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

JOSEPH HAAG,
Secretary.
New York, May 1, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held May 15, 1908, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Nassau Electric Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the laws of the State of New York, and has duly made and filed, pursuant to section 90 of the Railroad Law, a statement of the names and description of the streets, roads, avenues, highways and private property in or upon which it is proposed to construct, maintain and operate extensions or branches of its railroad, as herein set forth.

2. Your petitioner desires to obtain from The City of New York, and hereby respectfully applies for its consent to a grant of the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof extensions or branches of its street surface railroad to consist of a double or single track surface railroad (including necessary poles, wires, conduits, connections, switches, sidings, turnouts, crossovers and suitable stands, equipment or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, drive-ways or public ground within or belonging to The City of New York, in, through, upon and along which your petitioner desires to extend its railroad, to wit:

Beginning at the terminus of its present track on the easterly side of Flatbush avenue, between Atlantic avenue and Fourth avenue; thence along Flatbush avenue to Fourth avenue; and running thence in a westerly direction on Flatbush avenue

and making a suitable connection therewith to Fourth avenue; thence along Fourth avenue to Atlantic avenue, and along Atlantic avenue to Flatbush avenue, and making a suitable connection with the tracks of the Brooklyn City Railroad Company at the intersection of Flatbush avenue and Atlantic avenue.

4. Your petitioner proposes to operate the railroad to be constructed upon said streets and avenues by the overhead trolley system or by any other motive power other than steam locomotive power which may be approved by the Public Service Commission of the First District and consented to by the owners of property bounded upon said routes, as provided by law.

Wherefore your petitioner prays that public notice hereof of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter and the laws of the State.

Dated at the Borough of Brooklyn, City of New York, May 4, 1908.

THE NASSAU ELECTRIC RAILROAD COMPANY.

By JOHN E. BORNE,
President.

Attest:
L. C. SANFORD,
Assistant Secretary.
City and State of New York, County of Kings, ss.:

John E. Borne, being duly sworn, deposes and says that he is the President of the Nassau Electric Railroad Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of the said corporation, to wit, its President, and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as President thereof.

JOHN E. BORNE.

City and State of New York, County of Kings, ss.:

On this 5th day of May, in the year one thousand nine hundred and eight, before me personally came John E. Borne, to me known, who, being by me duly sworn, did depose and say that he resided in the Borough of Manhattan, City of New York; that he is the President of the Nassau Electric Railroad Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

J. H. BENNINGTON,
Notary Public, Kings County.

Approved as to form:
GEO. D. YEOMANS, G. C.
—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Nassau Electric Railroad Company, dated May 4, 1908, was presented to the Board of Estimate and Apportionment at a meeting held May 15, 1908.

Resolved, That, in pursuance of law, this Board sets Friday, the 12th day of June, 1908, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to lay out and fix grades for West Two Hundred and Thirty-first street, where said street crosses the tracks of the New York and Putnam Railroad, Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 5, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on May 8, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out and fixing grades for West Two Hundred and Thirty-first street, where said street crosses the tracks of the New York and Putnam Railroad, in the Borough of The Bronx, City of New York, more particularly described as follows:

1. The street is to have a width of 80 feet and its lines are to be the prolongation of the lines of the street, as heretofore laid out on each side of and adjoining the railroad lands.

2. The grade of the street where it crosses over the railroad is to be 26 feet above mean high water datum, as established for the Borough of The Bronx.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 5th day of June, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of June, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on May 8, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of the unnamed street on the westerly side of the Harlem River, between Broadway and Muscota (West Two Hundred and Twenty-fifth) street, and of those portions of West Two Hundred and Twenty-sixth street and West Two Hundred and Twenty-seventh street located between the said unnamed street and Broadway, which have not heretofore been acquired, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Muscota street and West Two Hundred and Twenty-sixth street, as laid out at Broadway, distant 100 feet northwesterly from the northwesterly line of Broadway, and running thence northwesterly along a line always parallel with and 100 feet distant from the northwesterly line of Broadway, to the intersection with the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly line of the unnamed street as laid out where it meets Broadway, the said distance being measured at right angles to the line of the unnamed street; thence southwesterly along the said line parallel with the unnamed street to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of the unnamed street as laid out immediately south of the angle point southwesterly from Broadway, the said distance being measured at right angles to the line of the unnamed street; thence southwardly along a line always distant 100 feet easterly from and parallel with the easterly line of the unnamed street, and the prolongation of the said line, to a point distant 100 feet southerly from the southerly line of Muscota street, the said distance being measured at right angles to the line of Muscota street; thence westwardly and parallel with Muscota street to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of the unnamed street as laid out north of and adjoining Muscota street, the said distance being measured at right angles to the line of the unnamed street; thence northwardly along the said line parallel with the unnamed street to the intersection with a line midway between Muscota street and West Two Hundred and Twenty-sixth street, as laid out immediately southeasterly from Broadway; thence northwesterly along the said line midway between Muscota street and West Two Hundred and Twenty-sixth street and the prolongation thereof, to the point or place of beginning (excepting from the above described area so much of it as is exempt from assessment under the provisions of section 992 of the Greater New York Charter as amended).

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 5th day of June, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

PUBLIC SERVICE COMMISSION—FIRST DISTRICT.

THE SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Public Service Commission for the First District, by virtue of the powers vested in it by law, and subject to the approval of the Commissioners of the Sinking Fund, will offer for sale at public auction the buildings now standing upon certain parcels of property owned by The City of New York, acquired for rapid transit purposes in The City of New York, Borough of Manhattan, being a five-story brick building standing on lot, known as Lot No. 3, No. 142 Centre Street, said lot being situated on the easterly side of Centre Street, and its most southerly point on Centre Street, being distant approximately 127 feet 11 inches southerly from the point formed by the intersection of the easterly side of Centre Street and the southerly side of Walker Street and being approximately 26 feet 4 inches in front, 26 feet 8 inches in the rear, in depth on the southerly side 105 feet 8 inches, and on the northerly side 103 feet; a five-story brick building standing on lot, known as Lot No. 4, No. 144 Centre Street, said lot adjoining said Lot No. 3 on the north and being approximately 26 feet 4 inches in front, 26 feet 8 inches in the rear, 103 feet on the southerly side, and on the northerly side 100 feet 4 inches; a seven-story building standing on lot, known as Lot No. 5, Nos. 146, 148 and 150 Centre Street and Nos. 111, 113 and 115 Walker Street, said lot adjoining said Lot No. 4 on the north and being approximately 75 feet 3 inches in front on Centre Street, 66 feet 2 inches on Walker Street, 80 feet 3 inches on the easterly side thereof and 75 feet 8 inches on the southerly side thereof; a seven-story brick building standing on lot, known as Lot No. 7, No. 117 Walker Street, said lot adjoining said Lot No. 5 on the east and being approximately 25 feet in front, 25 feet in the rear, 80 feet 3 inches on the westerly side and 82 feet on the easterly side; and a four-story brick building standing on lot, known as Lot Nos. 8 and 9, Nos. 119 and 121 Walker Street, said lot adjoining said Lot No. 7 on the east and being approximately 50 feet in front, 50 feet in the rear, 100 feet on the westerly side thereof and 100 feet on the easterly side, said parcels of property being more particularly described on certain maps or plans and a memorandum on file in the office of the Register of the County of New York, which are marked as follows: "Public Service Commission for the First District, Chief Engineer's Office, Route 9-0-2, Drawing No. 25, November 27, 1907, George S. Rice, Chief Engineer."

Pursuant to a resolution of the Public Service Commission for the First District, adopted on May 26, 1908, the sale of the above described buildings will be held by said Commission on the premises on

THURSDAY, JUNE 18, 1908,

at 11 o'clock a. m., upon the following terms and conditions and subject to the approval of the Commissioners of the Sinking Fund:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York and must also, at the time of the sale, give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by The City of New York to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice

to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Public Service Commission for the First District reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

FIRST JUDICIAL DISTRICT.

NOTICE IS HEREBY GIVEN THAT IT is the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of chapter 4 of the Laws of 1891, and the several statutes amendatory thereof, to make application to the Supreme Court of the State of New York, at a Special Term, Part III, thereof, to be held in and for the County of New York, at the County Court House in the Borough of Manhattan, City of New York, on the 4th day of June, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property, rights, franchises, easements or privileges sought to be taken or acquired by The City of New York, or which may be affected or damaged by this proceeding. The City of New York, by this proceeding, seeks to acquire an estate, in fee simple, in certain real property hereinafter described, and a permanent and perpetual underground right, easement and right of way, and also a temporary right or easement in certain other real property hereinafter described, for the construction, maintenance and operation, in perpetuity, of a rapid transit railroad, in accordance with the routes adopted by the Board of Rapid Transit Railroad Commissioners on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, and approved by the Mayor of The City of New York on the 28th day of July, 1905, and consented to by the Appellate Division of the Supreme Court, First Judicial Department, by an order made and entered on or about the 12th day of March, 1907, which railroad is further described in the contract for the construction of a part thereof made by The City of New York, acting by the said Board of Rapid Transit Railroad Commissioners, with the Bradley Contracting Company, dated June 27, 1907. The subway or subways for said railroad are to be constructed substantially as shown in said contract, and upon the maps or plans adopted by the Public Service Commission for the First District of the State of New York, on the 24th day of March, 1908.

The premises in which an estate in fee simple is to be acquired in this proceeding, are two parcels of land briefly described as follows:

The first parcel consists of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 24th day of March, 1908, as Lots Nos. 1, 41, 42 and 43, in Block 481, Section 2, or such part thereof as is not now owned by The City of New York, which lots, taken together, form a parcel of land situated at the northeast corner of Broome street and Cleveland place (formerly Marion street), with a frontage on the northerly side of Broome street extending about 75 feet 9 inches easterly from the easterly side of Cleveland place (formerly Marion street), and with a frontage on the easterly side of Cleveland place (formerly Marion street), extending about 145 feet 1 inch northerly from the northerly side of Broome street; said Lot No. 1 being also designated upon said maps as Nos. 3 and 5 Cleveland place (formerly Marion street); said Lot No. 41 being also designated upon said maps as No. 400 Broome street; said Lot No. 42 being also designated upon said maps as No. 402 Broome street; said Lot No. 43 being also designated upon said maps as No. 104 Broome street and No. 1 Cleveland place (formerly Marion street).

The second parcel consists of certain lots or parcels of land designated upon said maps adopted by the Public Service Commission for the First District of the State of New York on the 24th day of March, 1908, as Lots Nos. 31 and 32, and Plot X, in Block 481, Section 2, which lots and plot, taken together, form a parcel of land situated at the southwest corner of Delancey Street Extension and Mulberry street, with a frontage on the westerly side of Mulberry street extending about 35 feet southerly from the southerly side of Delancey Street Extension, and with a frontage on the southerly side of Delancey Street Extension extending about 100 feet 10½ inches westerly from the westerly side of Mulberry street; said Lots Nos. 31 and 32 being also designated on said maps as Nos. 187 and 189 Mulberry street, all in the Borough of Manhattan, in The City of New York.

The premises to be subject to such permanent and perpetual underground right, easement and right of way, and also to such temporary right or easement, are portions of two parcels of land briefly described as follows:

The first parcel in which such permanent and temporary easements are to be acquired, consists of a portion of a certain lot or parcel of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 24th day of March, 1908, as Lot No. 4, in Block 481, Section 2, which is a parcel of land situated at the southeast corner of Delancey Street Extension and Cleveland place (formerly Marion street), said Lot No. 4 being also designated upon said maps as Nos. 7 to 11 Cleveland place (formerly Marion street).

The second parcel in which such permanent and temporary easements are to be acquired, consists of a portion of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 24th day of March, 1908, as Lots Nos. 33, 39 and 40, in Block 481, Section 2; said Lots Nos. 39 and 40, together, forming a parcel of land having a frontage on the northerly side of Broome street, beginning 75 feet 9 inches easterly from the easterly line of Cleveland place (formerly Marion street) and extending easterly 50.66 feet; said Lot No. 33 having a frontage on the westerly side of Mulberry street, beginning 60 feet northerly from the northerly side of Broome street and extending northerly 81 feet 6 inches; said Lot No. 39 being also designated upon said maps as No. 185 Mulberry street; said Lot No. 39 being also designated upon said maps as No. 396 Broome street, and said Lot No. 40 being also designated upon said maps as No. 398 Broome street, all in the Borough of Manhattan in The City of New York.

A fuller statement setting forth the location and boundaries of the several lots and parcels of land and rights, franchises, easements or privileges sought to be taken or affected, and a brief statement as to each of said lots or parcels, of the title, interest, rights, easements, terms or privileges therein or appurtenant thereto, sought to be acquired by The City of New York, is annexed to each of three similar maps adopted by the Public Service Commission for the First District of the State of New York on the 24th day of March, 1908, which said maps were filed, one in the office of the President of the Borough of Manhattan, City of New York, on the 28th day of March, 1908; one in the office of the Public Service Commission for the First District of the State of New York, at No. 154 Nassau street, Borough of Manhattan, City of New York, on the 24th day of March, 1908, and one in the office of the Register of the County of New York on the 15th day of April, 1908.

Dated New York, April 20, 1908.

FIRST JUDICIAL DEPARTMENT.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of chapter 4 of the Laws of 1891, and the several statutes amendatory thereof and supplemental thereto, to make application to the Supreme Court of the State of New York, at a Special Term, Part III, thereof, to be held in and for the County of New York at the County Court House in the Borough of Manhattan, City of New York, on the 4th day of June, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property, rights, franchises, easements or privileges sought to be taken or acquired by The City of New York, or which may be affected or damaged by this proceeding.

The City of New York, by this proceeding, seeks to acquire an estate in fee simple in certain real property hereinafter described, for the construction, maintenance and operation in perpetuity of a Rapid Transit Railroad, including certain stations and station approaches or entrances, in accordance with the routes adopted by the Board of Rapid Transit Railroad Commissioners by resolution on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, and approved by the Mayor of The City of New York on the 28th day of July, 1905, and consented to by an order of the Appellate Division of the Supreme Court, First Judicial Department, made and entered on or about the 12th day of March, 1907, which railroad, including stations and station approaches or entrances, is further described in the contract for the construction thereof made by The City of New York, acting by the said Board of Rapid Transit Railroad Commissioners, with the Degnon

Contracting Company, dated May 9, 1907, which said contract was thereafter duly modified by a contract of modification dated February 18, 1908. The subway or subways for said railroad are to be constructed substantially as shown in such contract modified as aforesaid, and upon the maps or plans adopted by the Public Service Commission for the First District of the State of New York, on the 13th day of March, 1908.

The premises in which an estate in fee simple is to be acquired in this proceeding are three parcels of land, briefly described as follows:

The first parcel consists of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 13th day of March, 1908, as Lots Nos. 17, 14 and 11, in Block 197, Section No. 1, which lots taken together form a parcel of land occupying the entire front on the westerly side of Centre street, between White street and Walker street, with a frontage on the northerly side of White street, extending westerly 54 feet and 6 inches from the westerly side of Centre street, and with a frontage on the southerly side of Walker street, extending 44 feet 10 inches westerly from the westerly side of Centre street; said Lot No. 17 being also designated upon said maps as Nos. 133, 135 and 137 Centre street, and Nos. 112 and 114 White street; said Lot No. 14 being also designated upon said maps as Nos. 139, 141 and 143 Centre street; said Lot No. 11 being also designated upon said maps as Nos. 145, 147 and 149 Centre street and No. 107 Walker street.

The second parcel consists of certain lots or parcels of land designated upon said maps adopted by the Public Service Commission for the First District of the State of New York, on the 13th day of March, 1908, as Lots Nos. 26, 27 and 28 in Block 197, Section No. 1, which lots taken together form a parcel of land situated on the westerly side of Centre street, extending from Walker street to Canal street, with a frontage on the northerly side of Walker street, extending about 45 feet 11 inches westerly from the westerly side of Centre street, and with a frontage on the southerly side of Canal street, extending about 26 feet 2 inches westerly from the westerly side of Centre street; said Lots Nos. 26, 27 and 28 being also designated upon said maps as Nos. 106 and 108 Walker street, Nos. 151 to 155 Centre street and No. 240 Canal street.

The third parcel consists of a certain lot or parcel of land designated upon said maps adopted by the Public Service Commission for the First District of the State of New York on the 13th day of March, 1908, as Lot No. 27, in Block No. 198, Section No. 1, which is a parcel of land situated on the easterly side of Centre street, extending from Walker street to Canal street, with a frontage on the northerly side of Walker street, extending about 61 feet 2¼ inches easterly from the easterly side of Centre street and with a frontage on the southerly side of Canal street, extending about 54 feet 11¾ inches easterly from the easterly side of Centre street, said Lot No. 27 being also designated upon said maps as Nos. 114 and 116 Walker street, Nos. 152 to 158 Centre street, and Nos. 234 to 238 Canal street, all in the Borough of Manhattan, in The City of New York.

A fuller statement setting forth the location and boundaries of the several lots and parcels of land and rights, franchises, easements or privileges sought to be taken or acquired, and a brief statement as to each of said lots or parcels of the title, interest, rights, easements, terms or privileges therein, or appurtenant thereto, sought to be acquired by The City of New York, is annexed to each of three similar maps adopted by the Public Service Commission for the First District of the State of New York on the 13th day of March, 1908, which said maps were filed, one in the office of the President of the Borough of Manhattan, City of New York, on the 23d day of March, 1908, one in the office of the Public Service Commission for the First District of the State of New York, at No. 154 Nassau street, Borough of Manhattan, City of New York, on the 13th day of March, 1908, and one in the office of the Register of the County of New York on the 26th day of March, 1908.

FIRST JUDICIAL DEPARTMENT.

NOTICE IS HEREBY GIVEN THAT IT is the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of chapter 4 of the Laws of 1891, and the several statutes amendatory thereof and supplemental thereto, to make application to the Supreme Court of the State of New York, at a Special Term, Part III, thereof, to be held in and for the County of New York, at the County Court House, in the Borough of Manhattan, City of New York, on the 4th day of June, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property, rights, franchises, easements or privileges sought to be taken or acquired by The City of New York, or which may be affected or damaged by this proceeding.

The City of New York, by this proceeding, seeks to acquire an estate in fee simple in certain real property hereinafter described, for the construction, maintenance and operation in perpetuity of a rapid transit railroad, including certain stations and station approaches or entrances, in accordance with the routes adopted by the Board of Rapid Transit Railroad Commissioners by resolution on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, and approved by the Mayor of The City of New York on the 28th day of July, 1905, and consented to by an order of the Appellate Division of the Supreme Court, First Judicial Department, made and entered on or about the 12th day of March, 1907, which railroad, including stations and station approaches or entrances, is further described in two certain contracts for the construction thereof; one made by The City of New York, acting by the said Board of Rapid Transit Railroad Commissioners, with the Bradley Contracting Company, dated June 27, 1907, and one by The City of New York, acting by the Board of Rapid Transit Railroad Commissioners, with the Cranford Company, dated May 27, 1907, which latter contract was thereafter duly modified by a contract of modification dated February 18, 1908. The subway or subways for said railroad are to be constructed substantially as shown in said two contracts, modified as aforesaid, and upon the maps or plans adopted by the Public Service Commission for the First District of the State of New York on the 13th day of March, 1908.

The premises in which an estate in fee simple is to be acquired in this proceeding are three parcels of land briefly described as follows:

The first parcel consists of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for

the First District of the State of New York on the 13th day of March, 1908, as Lots Nos. 19, 16 and 14 in Block 208, Section 1, which lots, taken together, form a parcel of land situated on the westerly side of Centre street, extending from Canal street to Howard street, with a frontage on the northerly side of Canal street, extending about 37 feet 9 inches westerly from the westerly side of Centre street, and with a frontage on the southerly side of Howard street extending about 36 feet 5 inches westerly from the westerly side of Centre street; said Lot No. 19 being also designated upon said maps as No. 241 Canal street and Nos. 157 to 163 Centre street; said Lot No. 16 being also designated upon said maps as Nos. 193 to 197 Centre street; said Lot No. 14 being also designated upon said maps as Nos. 199 and 201 Centre street and No. 1 Howard street.

The second parcel consists of a certain lot or parcel of land designated upon said maps adopted by the Public Service Commission for the First District of the State of New York on the 13th day of March, 1908, as Lot No. 1, Block 207, Section 1, which is a parcel of land situated on the northeasterly corner of Canal and Centre streets, with a frontage on the easterly side of Centre street extending about 16 feet 7 inches northerly from the northerly side of Canal street, and with a frontage on the northerly side of Canal street extending about 71 feet easterly from the easterly side of Centre street; said Lot No. 1 being also designated upon said maps as No. 166 Centre street.

The third parcel consists of the certain parcel of land designated upon said maps adopted by the Public Service Commission for the First District of the State of New York on the 13th day of March, 1908, as Lot No. 36, in Block 155, Section 1, which lot forms a triangular parcel of land situated at the intersection of the westerly line of Centre street with the easterly line of Lafayette street, with a frontage on the westerly side of Centre street extending about 85 feet and 1/2 inch northerly from the intersection of the easterly side of Lafayette street, and with a frontage on the easterly line of Lafayette street extending about 97 feet 2 1/2 inches northerly from the intersection of the westerly line of Centre street, and being 32 feet 8 inches in width on the northerly line of said parcel; all in the Borough of Manhattan, in the City of New York.

A fuller statement setting forth the location and boundaries of the several lots and parcels of land and rights, franchises, easements or privileges sought to be taken or acquired and a brief statement as to each of said lots or parcels, of the title, interest, rights, easements, terms or privileges therein, or appurtenant thereto, sought to be acquired by The City of New York, is annexed to each of three similar maps adopted by the Public Service Commission for the First District of the State of New York on the 13th day of March, 1908, which said maps were filed, one in the office of the President of the Borough of Manhattan, City of New York, on the 23d day of March, 1908; one in the office of the Public Service Commission for the First District of the State of New York, at No. 154 Nassau street, Borough of Manhattan, City of New York, on the 13th day of March, 1908, and one in the office of the Register of the County of New York on the 26th day of March, 1908.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY-EIGHTH STREET (although not yet named by proper authority), from Broadway to Haven avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 16th day of June, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of June, 1908, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 17th day of June, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street and a line parallel to and distant one hundred (100) feet westerly from the westerly line of Buena Vista avenue; running thence northerly along said parallel line to Buena Vista avenue to its intersection with the westerly prolongation of a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-eighth street; thence easterly along said last-mentioned westerly prolongation and parallel line to West One Hundred and Seventy-eighth street to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Haven avenue; thence northerly along said parallel line to Haven avenue to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-ninth street; thence easterly along said parallel line to West One Hundred and Seventy-ninth street to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Broadway; thence southerly along said line parallel to Broadway to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-eighth street; thence easterly along said line parallel to West One Hundred and Seventy-eighth street to its intersection with a

line parallel to and distant one hundred (100) feet easterly from the easterly line of Eleventh avenue; thence southerly along said line parallel to Eleventh avenue to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Broadway; thence southerly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-seventh street; thence westerly along said last-mentioned parallel line to West One Hundred and Seventy-seventh street to its intersection with the southerly prolongation of a line parallel to and distant one hundred (100) feet westerly from the westerly line of Haven avenue; thence northerly along said last-mentioned southerly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly along said last-mentioned parallel line and its westerly prolongation to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 15th day of September, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 5th day of June, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of June, 1908, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 8th day of June, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet southerly from the southerly line of East One Hundred and Seventy-second street, with the middle line of the blocks between Jerome avenue and Townsend avenue, running thence northerly along said middle line of the blocks to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of Clifford place; thence easterly along said parallel line and its easterly prolongation to its intersection with the northwesterly line of the Concourse; thence on a straight line to the point of intersection of the southeasterly line of the Concourse and the middle line of the blocks between East One Hundred and Seventy-fourth street and East One Hundred and Seventy-fifth street; thence easterly along said middle line of the blocks and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Clay avenue; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Seventy-fourth street; thence easterly along said parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Webster avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of a line parallel to and distant 600 feet southerly from the southerly line of Belmont street; thence westerly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Teller avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of East One Hundred and Seventy-second street; thence westerly along said prolongation and parallel line to the point or place of beginning; as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 6th day of August, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SUPREME COURT—SECOND DEPARTMENT.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of the approach to MANHATTAN BRIDGE (Bridge No. 3), as laid out by the Board of Estimate

and Apportionment on the 29th day of May, 1903, in the Fourth, Fifth and Eleventh Wards, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our last partial and separate estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 18th day of June, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of June, 1908, at 3:30 o'clock p. m.

Second—That the abstract of our said last partial and separate estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 29th day of June, 1908.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 22d day of July, 1908, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of ACADEMY STREET (although not yet named by proper authority), from Hunter avenue to Grand avenue, in the First Ward, Borough of Queens, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS OF Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 1st day of June, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 2d day of June, 1908, at 10 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 12th day of June, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northerly line of Hunter avenue with the southwesterly prolongation of a line parallel to and 100 feet northwesterly from the northwesterly line of Academy street; running thence northeasterly along said prolongation and parallel line to its intersection with the southwesterly line of Grand avenue; thence southeasterly along said southwesterly line to its intersection with a line parallel to and 100 feet southeasterly from the southwesterly line of Academy street; thence southwesterly along said parallel line to its intersection with the northerly line of Hunter avenue; thence westerly along said northerly line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 11th day of July, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report

herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under the Charter of The City of New York and under the provisions of chapter 428 of the Laws of 1907. Such application will be made to the Supreme Court at a Special Term thereof, to be held in and for the Ninth Judicial District, at the Court House in the Village of White Plains, Westchester County, N. Y., on the 20th day of June, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and one of whom shall reside in the county in which the real estate acquired or affected is situated, and one of whom shall reside in the county in which the said real estate shall be situated, or in an adjoining county, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners of and persons interested in the real estate laid down on said maps, as indicated in this act.

The real estate sought to be taken or affected is situated in the Towns of New Castle and Bedford, Westchester County and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing of the map:

All those certain pieces or parcels of real estate, situated in the Village of Mount Kisco, County of Westchester and State of New York, shown on a map entitled "Department of Water Supply, Gas and Electricity of The City of New York. Map of lands situated in the Village of Mount Kisco, towns of New Castle and Bedford, Westchester County, New York, to be acquired by The City of New York under the provisions of chapter 428 of the Laws of 1907, to authorize The City of New York and the Village of Mount Kisco, Westchester County, New York, to enter into a contract or agreement to provide for the disposal of the sewage of said village and to allow The City of New York to acquire such lands as may be necessary in and about said village and to raise funds to carry said contract or agreement into effect," which map was filed in the office of the Commissioner of Water Supply, Gas and Electricity, on the 14th day of February, 1908, and in the office of the Register of Westchester County, on May 6, 1908; which parcels are bounded and described as follows:

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate
for any services, work, materials or supplies for
The City of New York, or for any of its depart-
ments, bureaus or offices, shall furnish the same
in a sealed envelope, indorsed with the title of the
supplies, materials, work or services for which
the bid or estimate is made, with his or their
name or names and the date of presentation to the
President or Board or to the head of the
Department at his or its office, on or before the
date and hour named in the advertisement for the
same, at which time and place the estimates
received will be publicly opened by the President
or Board or head of said Department and read,
and the award of the contract made according
to law as soon thereafter as practicable.

Each bid or estimate shall contain the name
and place of residence of the person making the
same, and names of all persons interested with
him therein, and, if no other person be so inter-
ested, it shall distinctly state that fact; also, that
it is made without any connection with any other
person making an estimate for the same purpose,
and is in all respects fair and without collusion
or fraud, and that no member of the Board of
Aldermen, head of a department, chief of a
bureau, deputy thereof, or clerk therein, or other
officer of The City of New York is, shall be or
become interested, directly or indirectly, as con-
tracting party, partner, stockholder, surety or
otherwise in or in the performance of the con-
tract, or in the supplies, work or business to
which it relates, or in any portion of the profits
thereof. The bid or estimate must be verified by
the oath, in writing, or the party or parties mak-
ing the estimate that the several matters stated
herein are in all respects true.

Each bid or estimate shall be accompanied by
the consent, in writing, of two householders or
freeholders in The City of New York, or of a
guaranty or surety company duly authorized by
law to act as surety, and shall contain the matters
set forth in the blank forms mentioned below.

No bid or estimate will be considered unless,
as a condition precedent to the reception or con-
sideration of any proposal, it be accompanied by
a certified check upon one of the State or Na-
tional banks of The City of New York, drawn to
the order of the Comptroller, or money to the
amount of five per centum of the amount of the
bond required, as provided in section 420 of the
Greater New York Charter.

The certified check or money should not be in-
closed in the envelope containing the bid or esti-
mate, but should be either inclosed in a separate
envelope addressed to the head of the Depart-
ment, President or Board, or submitted personally
upon the presentation of the bid or estimate.

For particulars as to the quantity and quality
of the supplies, or the nature and extent of the
work, reference must be made to the specifica-
tions, schedules, plans, etc., on file in the said
office of the President, Board or Department.

No bid shall be accepted from or contract
awarded to any person who is in arrears to The
City of New York upon debt or contract, or who
is a defaulter, as surety or otherwise, upon any
obligation to the City.

The contract must be bid for separately.
The right is reserved in each case to reject
all bids or estimates if it is deemed to be for the
interest of the City so to do.

Bidders will write out the amount of their bids
or estimates in addition to inserting the same in
figures.

Bidders are requested to make their bids or
estimates upon the blank forms prepared and
furnished by the City, a copy of which, with the
proper envelope in which to inclose the bid, to-
gether with a copy of the contract, including the
specifications, in the form approved by the Cor-
poration Counsel, can be obtained upon applica-
tion therefor at the office of the Department for
which the work is to be done. Plans and draw-
ings of construction work may also be seen there.
