COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Corporation Counsel:

No. 2787.

City of New York, Law Department, Office of the Corporation Counsel, New York, January 30, 1913.

The Board of Aldermen:

Sirs—The Greater New York Charter, section 992 (as amended by chapter 548 of the Laws of 1910), provides that owners of land within a street shown on the city map, may convey to The City of New York, without compensation, their land in the street in front of their abutting lots, provided they own the land extending from the side of the street to or beyond its centre line.

The inducement to the owner for conveying his land, without compensation, is the provision contained in the same section of the charter, which relieves the owner who cedes his land to the City, from all assessment on his abutting land to the middle line of the block, for the cost and expense of opening the street or any portion of the residue thereof, except his proportionate share of awards for buildings acquired or affected.

The exemption from assessment granted by section 992 is given only to those who are able to convey and do convey to the City the fee title to the land in the street free from all encumbrances inconsistent with the City's title.

The duty of determining whether the owner who tenders a deed purporting to convey to the City title to land in a street, is possessed of the fee thereto free from all encumbrances inconsistent with the title of the City is by section 992 of the Charter cast upon the Corporation Counsel, who is thereby required to examine the title and to accept or reject a cession within sixty days after the delivery of the deed to him.

Prior to the amendment of section 992 of the Charter, in 1910, an owner could not cede his land in a street unless he was able to convey to the City all the land wiithin a street extending from side to side, and from one intersecting street to another, or for at least two hundred feet of the length of the street.

The enactment of chapter 548 of the Laws of 1910, removing the restriction on the right to cede, had the effect of increasing the number of cessions of land for street purposes to such an extent that the staff of the Bureau of Street Openings was unable to handle the work of examining the title, and there being no Civil Service list in existence from which title examiners could be certified, there were employed temporarily a sufficient number of men competent to examine title to real estate to bring the examination of cession deeds filed, up to the point which would enable the Law Department to accept or reject all cessions within sixty days of the time they are filed.

Chapter 435 of the Laws of 1912, amended the Greater New York Charter by adding thereto section 258a, which created in the Bureau of Street Openings a division known as the "Division of Real Estate," and provided that such division shall have charge of all conveyances of land to the City for street purposes, as well as the examination of title to lands, conveyed, ceded or given to the City for any purposes, and authorized the Corporation Counsel to appoint and designate such Clerks, Title Examiners and other employees as may be required, and that the salaries of such employees shall be paid by The City of New York, thus making such salaries a city charge to be paid by an appropriation in the Budget.

The above act became a law upon the approval of the Governor on the 16th of April, 1912.

From the date of the passage of the last-mentioned act to and including December 31, 1912, the expense of the "Division of Real Estate" thereby created amounted to $31,196.68, which has been paid out of the Street and Park Fund, as was done prior thereto, but the amount has not been charged against the several proceedings, and included in the assessments therein. A statement giving the items making up the total of $31,196.68, is herewith transmitted.

A deficit has therefore been created in the Street and Park Fund, which will have to be provided for by an issue of corporate stock or the fund reimbursed by an issue of revenue bonds.

All of the deficit, except $697.79, is made up of salaries of title examiners, clerks, etc., employed exclusively on the work of examining title to land ceded and the $697.79 consists of rent, carfares of employees, furniture, etc. The fact that this expenditure consists of salaries, etc., would seem to require that it be met by an issue of revenue bonds instead of corporate stock.

I would therefore ask that the Board of Aldermen request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds amounting to $31,196.68, to reimburse the fund for street and park openings for disbursements advanced and incurred on account of the "Division of Real Estate" in the Bureau of Street Openings, in the Law Department from April 16, 1912, to December 31, 1912. Respectfully, ARCHIBALD R. WATSON, Corporation Counsel.

The President laid before the Board the following communication from the Examining Board of Plumbers:

No. 2790.

Office of the Examining Board of Plumbers, City of New York, 149 Church St., New York, January 31, 1913.

The Honorable the Board of Aldermen, City of New York:

Gentlemen—The Budget of the Examining Board of Plumbers for the year 1913 is segregated as follows:

	Personal Service.		
2059	Salaries, Regular Employees—Clerk		$1,200 00
2060	Wages, Regular Employees—Examiner, 3 at $5 per day (303 days)		4,545 00
			$5,745 00
	Supplies.		
2061	Office Supplies		57 00
	Purchase of Equipment.		
2062	General Plant Equipment		136 00
	Contract or Open Order Service.		
	Transportation—		
2063	Carfare	$20 00	
	Communication—		
2064	Telephone Service	40 00	
			60 00
2065	Contingencies		2 00
			$6,000 00

After the Budget had been planned the old Board was removed and a new one appointed.

In revising the work of the Board we find the necessity for a rearrangement of the amounts appropriated under the various items.

There is an appropriation of $4,545 for wages of the Examiners. Our understanding is that the law under which we are established prohibits more than twenty dollars ($20) per month, and the new Board has voted not to draw more than this amount. We believe that the work can be efficiently carried on by the attendance of the members at not over four meetings a month, which, at $5 a meeting, will make up the $20. There will thus be saved out of the Budget on this score the sum of $3,825. This cannot be transferred to other items on account of the rules as to the segregation of the Budget items. We find, however, that it will be necessary to have certain items in the Budget increased, and that an appropriation be made for the services of special counsel, to the office of the Corporation Counsel. We therefore respectfully ask that your Honorable Board pass the necessary resolution for the issuance of special revenue bonds to the amount of $3,561, for purposes as follows:

To the Corporation Counsel, for services of special counsel in connection with the Examining Board of Plumbers	$2,500 00
Office Supplies, Examining Board of Plumbers	103 00
Telephone Service, Examining Board of Plumbers	60 00
Contingencies, Examining Board of Plumbers	98 00
Expenses, Conducting Examinations	800 00
	$3,561 00

It will be seen, therefore, that there is a saving of two hundred and sixty-four dollars ($264), so that in authorizing the issuance of special revenue bonds as requested there is no increase in the amount of our Budget.

I would also call your attention to the fact that last year there was an unexpended balance in our appropriation of $493.54, and that fees and other receipts turned in to the City Treasury amounted to $1,783.06.

The sum asked for the expense of the examinations will more than be covered by the fees charged according to law, but these have to be turned in to the City Chamberlain and are not available for our purpose.

The system of examinations given by this Board has been changed. Instead of examining one or two persons at a time every other day, we hold one general examination a month, divided into two parts—practical and written. The same practical test is given to all applicants during the month, and is held either at the New York Trade School or the Pratt Institute, and possibly at the Stuyvesant Evening Trade School, where there are facilities for examining a large number of candidates at once. At the practical test held in January representatives of the Master Plumbers' Associations were invited to be present, and they attended and expressed themselves as being in favor of the plan we had devised. The written examination is held at the rooms of the Civil Service Commission, and all applicants are given the same set of questions and the same plan, which have been made much simpler. Our object has been to devise a simple, fair and impartial test which is removed from all suspicion of favoritism.

As to the conditions under the old Board, we would only mention the fact that recently in the Supreme Court we showed that of eight persons taking the same set of questions on eight different days practically all the answers were identical, word for word.

Hoping that your Honorable Board will make possible the carrying on of our new plans, through the issuance of special revenue bonds, which do not increase the amount already appropriated, I am, with great respect, very truly yours,

JAMES M. MORROW, Chairman.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand five hundred and sixty-one dollars ($3,561), the proceeds whereof to be used as follows:

Office of the Corporation Counsel, for Special Counsel for the Examining Board of Plumbers	$2,500 00
Examining Board of Plumbers—	
Telephone Service	60 00
Office Supplies	103 00
Contingencies	98 00
Expense, conducting examinations	800 00
	$3,561 00

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Corporation Counsel:

No. 2791.

City of New York, Law Department, Office of the Corporation Counsel, New York, February 4, 1913.

To the Honorable the Board of Aldermen, City Hall, New York City, N. Y.:

Gentlemen—On November 12, 1912, a resolution was passed by the Board of Aldermen requesting the Board of Estimate to issue revenue bonds in the sum of six thousand dollars ($6,000), for the purchase of furniture, etc., for use in the Law Department in the Borough of Brooklyn, in the building to be occupied by it at No. 153 Pierrepont st., in the Borough of Brooklyn.

Said resolution provided that all obligations to be incurred thereunder should be made on or before December 31, 1912.

On November 27, 1912, this resolution of the Board of Aldermen was referred to the Comptroller.

On January 9, 1913, on the calendar of the Board of Estimate there was a resolution providing for the issuance of these bonds and stating the time under which the obligations thereunder should be incurred as March 1, 1913.

By some error or oversight the resolution as finally adopted by the Board of Estimate still retained the date of December 31, 1912, as being the time within which the obligations should be incurred pursuant to the resolution.

I would therefore beg you Honorable Body to pass a resolution extending the time within which the Law Department may incur obligations to be paid from these revenue bonds to July 31, 1913. Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the President of The Bronx:

No. 2792.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, January 31, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—The Board of Aldermen adopted a resolution on November 19, 1912, requesting the Board of Estimate and Apportionment to authorize an issue of Special Revenue Bonds in the sum of seven thousand dollars ($7,000), the proceeds whereof to be used by me for the purpose of painting and cleaning the Melrose Avenue Viaduct, all obligations contracted thereunder to be incurred on or before December 31, 1912. The Board of Estimate and Apportionment on December 12, 1912, adopted a resolution authorizing the issue of Special Revenue Bonds for the purpose aforesaid.

On December 27, 1912, I awarded the contract for doing this work to the Altrades, Inc., 34 W. 33d st., which company, through its President, refused to execute the contract. There not being sufficient time before the expiration of the year to advertise and relet another contract I am unable to use the money appropriated under the provisions of the resolution passed by your Board. I therefore respectfully ask that the Board of Aldermen request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds in the amount of seven thousand dollars ($7,000), in order that I may let another contract for this work. Very truly yours,

CYRUS C. MILLER, President.

Which was referred to the Committee on Finance.

No. 2793.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, January 29, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—I have the honor to request that your Board recommend to the Board of Estimate and Apportionment the adoption of a resolution authorizing the Comptroller to issue revenue bonds in the sum of eight thousand five hundred dollars ($8,500), for the purpose of installing a new and exposed system of plumbing in the Interior Public Bath at 156th st., and Elton ave., this Borough, and doing such work of refinishing and repairs as will again place the bath in a usable condition. The plumbing work in this bath is in very bad condition and a new system should be installed without delay. The hot water pipes leading from the heaters to the showers and tubs on both floors leak so much that iron bands were placed around the pipes every few feet, and this failing, it has been necessary to shut off the water supply to several of the showers and they cannot now be used. The present system of piping is built in the walls, with the result that a leak is discovered only when the water has collected back of the marble tiling and forced it way through the weakest joints, and upon search the leak is usually found at a considerable distance from where the water appeared on the walls or ceilings. This necessitates removing much of the marble work and as a consequence it has been cracked or broken and serious expense entailed.

Very truly yours, CYRUS C. MILLER, President.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, January 29, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—In the Budget for 1913 provision was made for an appropriation of five thousand dollars ($5,000), for the purchase of an asphalt plant for this office.

In view of the fact that there are a large number of asphalt plants on the market, many of which are entirely inadequate for our purposes, and in view also of the fact that we have examined in other cities plants already constructed and have determined upon what style best serves our purposes, I have to request that the Board of Aldermen authorize me to purchase the plant without public letting. Respectfully,

CYRUS C. MILLER, President.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Chief City Magistrate, Borough of Brooklyn:

No. 2794.

Office of Chief City Magistrate, Board of City Magistrates, Second Division, City of New York, 44 Court St., Brooklyn, New York, January 31, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, N. Y.:

Sir—I hereby respectfully request your Honorable Body to authorize the issuance of special revenue bonds, in the amount of $2,000, for the purpose of providing working libraries for the several Magistrates' Courts of the Second Division. We have fifteen courts which are without proper equipment in respect to the State laws, the City Charter and other law books of prime importance to each Magistrate while discharging his duties on the bench.

Requesting your Honorable Body to give this matter your immediate attention, I am. Yours respectfully, OTTO KEMPNER, Chief City Magistrate.

Which was referred to the Committee on Finance.

No. 2795.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, February 3, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment January 30, 1913, disapproving the request of the Board of Aldermen as set forth in a resolution adopted by said Board October 29, 1912, for an issue of $46.60 special revenue bonds, the proceeds thereof to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for paying per diem wages of Veterans granted leave of absence on Memorial Day, 1912.

In accordance with the direction of the Board, I also enclose copy of the Comptrollers report in the matter. Very truly yours, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby *disapproves* of the request of the Board of Aldermen, as set forth in a resolution adopted by said Board October 29, 1912, for an issue of special revenue bonds in the sum of forty-six dollars and sixty cents ($46.60), the proceeds thereof to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for paying per diem wages of veterans granted leave of absence on Memorial Day, 1912.

A true copy of resolution adopted by the Board of Estimate and Apportionment January 30, 1913. JOSEPH HAAG, Secretary.

The City of New York, Department of Finance, Comptroller's Office, January 24, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On October 29, 1912, the Board of Aldermen adopted a resolution requesting $46.60 in special revenue bonds, to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the purpose of paying per diem wages of veterans, for Memorial Day, 1912. In connection therewith I report as follows:

The amount is to compensate seven Civil War veterans and three Spanish-American War veterans, for Memorial Day. The request is made under chapter 26 of the Laws of 1901, providing, in part, as follows:

> "It shall be the duty of the head of every public Department and of every court of the State of New York, or every Superintendent or Foreman on the public works of said State, of the county, of the several counties of the said State, and of the head of every department, bureau and office in the government of the various cities and villages of this State, to give leave of absence, with pay, for the twenty-four hours of the thirtieth of May, or such other day as may, according to law, be observed as Memorial Day, to every person in the service of the State, the county, the city or village, as the case may be, who served in the army or the navy of the United States in the war of the Rebellion, or who served in the regular or volunteer army or navy during the war with Spain, or during the insurrection in the Phillipine Islands, and who was honorably discharged from such service. A refusal to give such leave of absence to one entitled thereto shall be neglect of duty."

In an opinion of the Corporation Counsel, dated November 27, 1912, the following is set forth:

> "In my opinion the statute cited (chapter 26, Laws of 1901) intends that the person therein mentioned shall be given leave of absence on Memorial Day, as stated, without loss to them of their daily wage or compensation. It is not meant to cover the case of a per diem employee who would not be required to work on any holiday and who does not receive any compensation for the other holidays in the year."

None of the employees for whom compensation is requested was required to work on any holiday in 1912, nor did any receive compensation for work on holidays.

Under the opinion of the Corporation Counsel, therefore, they are not entitled to pay for Memorial Day, and I recommend that the request be not approved.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Which was ordered on file.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment at meeting held January 30, 1913, temporarily fixing the compensation of Janitors of various school buildings as therein set forth.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Whereas, By opinion of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provision of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provision of section 56 of the Charter is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Title and School.	Rate of Compensation.
Janitor, Public School 32, Brooklyn, per annum (less $221).....	$1,824 00
Janitor, Public School 35, The Bronx, per month.....	90 00
Janitor, Public School 28, Brooklyn, per annum.....	1,080 00
Janitor, Public School 17, Queens (portable), per annum.....	180 00

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 30, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, January 15, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On January 2, 1913, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Charter, of rates of compensation for Janitors of certain public schools. In connection therewith we report as follows:

For Nos. 32, Brooklyn, and 35, The Bronx, temporary rates less than those now paid are requested. For No. 28, Brooklyn, there is a decrease from $1,320 to $1,080 per annum, on account of change in paved surface, owing to construction of an addition to the building. For No. 17, Queens, additional compensation of $180 per annum is requested for care of a new portable building.

We recommend that the request be approved by the adoption of the attached resolution, Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

ORDINANCES AND RESOLUTIONS.

Alderman White asked and obtained unanimous consent to introduce the following substitute ordinance, with a request that the original be placed on file:

No. 2830.

AN ORDINANCE to amend subdivision 2 of chapter 11 of Part 1 of the Code of Ordinances of The City of New York, relating to the possession of firearms.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1, subdivision 2 of chapter 11 of Part 1 of the Code of Ordinances of The City of New York, is hereby amended by adding thereto a new section to be known as section 434A, to read as follows:

Sec. 434A. Any person over the age of sixteen years, who desires to be possessed of a pistol, revolver or other firearm, of a size which may be concealed upon the person, to be used for the sole purpose of protection to his or her household or other premises only, may apply to the City Magistrate sitting within the jurisdiction of his or her household or other premises, or to the Police Commissioner, or the Inspector of Police or Precinct Commander having jurisdiction, when so designated by the Police Commissioner for that purpose, for a permit to possess such a pistol, revolver or other firearm, each of which said officers may, if satisfied, upon due and sufficient recommendation that the applicant is a proper and law-abiding person, issue a permit to the said person to be possessed of such a pistol, revolver or other firearm to be used for the protection of his or her household or other premises only. Every person to whom a permit shall be granted, as herein provided, shall pay therefor the sum of one dollar ($1), which shall be applied in aid of the Police Pension Fund, and a return, in detail, shall be made to the Police Commissioner monthly, under oath, of the amount so received and credited.

Sec. 434B. Every person selling a pistol, revolver or other firearm of a size which may be concealed upon the person, whether such seller is a retail dealer, pawnbroker or otherwise, selling such a pistol, revolver or other firearm to a person to whom a permit has been issued hereunder, shall keep a register in which shall be entered at the time of sale the date of sale, name, age, occupation, and residence of every purchaser of such pistol, revolver or other firearm, together with the calibre, make, model, manufacturer's number or other mark of identification on such pistol, revolver or other firearm.

Every person to whom a permit is issued hereunder shall possess himself or herself of such pistol, revolver or other firearm within twenty-four hours after such permit shall have been issued, otherwise such permit shall be deemed void and of no value. Every person becoming the lawful possessor of a pistol, revolver or other firearm under the provisions of this ordinance shall be free from apprehension during the period required to carry the same from the place of purchase to his or her household or other premises.

Sec. 2. This ordinance shall take effect immediately.

No. 2669 (S. O. No. 177.)

The Committee on Finance, to which was referred on January 21, 1913 (Minutes, page 200), the annexed request from the Trustees of Bellevue and Allied Hospitals for $7,000 special revenue bonds for an ambulance, and a Physician, Nurse and Chauffeur for the Psychopathic Department, respectfully

REPORTS:

That, as stated in the letter of request, a new law compels the institution to send at once for a patient who is claimed to be insane. No facilities are at present provided for this duty, hence the request for the ambulance and Chauffeur. Additional help must also be provided to care for the increased number of patients. The Committee believes this application to be well founded, and it therefore recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand two hundred and fifty dollars ($6,250), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of providing additional facilities and help for the Psychopathic Department, as follows:

One motor ambulance.....	$4,000 00
One Assistant Physician, at $1,500 per annum.....	1,125 00
One Chauffeur, at $900 per annum.....	675 00
One Nurse, at $600 per annum.....	450 00
	$6,250 00

The ambulance to be contracted for on or before December 31, 1913. The salaries to run from April 1 to December 31, 1913.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, January 15, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—The Board of Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds to an amount not exceeding $7,000, to provide for a motor car for the use of the psychopathic department, which finds that it is impossible with the present facilities to transfer alleged insane persons to the psychopathic ward, as is provided for by law, and also for the salaries of a Chauffeur, an additional Nurse and an Assistant Physician. The amount is made up as follows:

1 motor car	$4,000 00
1 Assistant Physician	1,500 00
1 Chauffeur	900 00
1 Nurse	600 00
	$7,000 00

The Committee on Finance, to which was referred on January 21, 1913 (Minutes, page 200), the annexed application from the Commissioner of Parks, Borough of The Bronx, for $6,000 special revenue bonds for draining salt meadows in Pelham Bay Park, to eliminate mosquitoes, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. The statements made in the letter of application are supplemented by the accompanying letters from residents of adjoining neighborhoods, which are hereto attached. It recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand dollars ($6,000), the proceeds whereof to be used by the Department of Parks, Borough of The Bronx, for the purpose of draining the salt meadows in Pelham Bay Park for the purpose of eliminating the mosquito-breeding area therein.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, JOHN DIEMER, C. AUGUSTUS POST, FRANK J. DOTZLER, FRANCIS P. KENNEY, HENRY F. GRIMM, Committee on Finance.

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, January 15, 1913.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City Hall, New York City:

Sir—Application is hereby respectfully made to the Honorable Board of Aldermen for an issue of revenue bonds in the sum of six thousand dollars ($6,000), for the purpose of draining the salt meadows in Pelham Bay Park, eliminating the mosquito-breeding area there.

There are about 400 acres of salt meadows in this park that can be trenched so as to minimize the mosquito trouble for the sum of $15 per acre, or a total amount of $6,000.

The people living in the vicinity of this park, in the town of Pelham and the city of New Rochelle, have already begun operations along these lines and considerable land has been trenched, producing satisfactory results, it is claimed. They have lodged numerous complaints with this office relative to this mosquito-breeding area, and have, they state, deferred proceeding with the work of drainage until such time as The City of New York shows some disposition to co-operate in the abatement of this nuisance.

Operations could be begun on this work in the early spring, or even during the winter, if the funds were available.

I would therefore earnestly ask your early and favorable consideration of the above application. Respectfully,

T. J. HIGGINS, Commissioner of Parks, Borough of The Bronx.

Board of Health, Pelham Manor, N. Y., January 30, 1913.

Secretary, Finance Committee, Board of Aldermen, New York City.

Dear Sir—We understand that Commissioner Higgins has made an application to your Board for $6,000 for the drainage of meadow lands in Pelham Bay Park, and in connection with this matter beg to enclose copy of a letter which appeared in the "New York Times," under date of January 21, and also copy of editorial covering this subject.

The residents of our section of Westchester County feel very strongly that the City should appropriate an amount sufficient to effectively do this work.

Commissioner Lederle says:

"The work which we have done in the vicinity of Pelham Bay Park has been nullified, and the difficulties with individual owners augmented because of the failure of the City to drain these lands." * * *

"The greater part of the meadow land adjacent to Pelham Bay Park has been drained by individual owners, thereby eliminating the breeding places on these lands. This work is being enforced by the Department of Health against individual owners. This has naturally created a very strong public sentiment against the City for permitting a condition to exist on public property which the Department of Health will not permit on private property."

We do not see how the City in justice can refuse to pass this appropriation for which we beg to ask your favorable consideration. Very respectfully,

JAMES EDGAR MORRIS, Secretary.

P. S.—Will you be kind enough to return enclosed clippings.

January 30, 1913.

Hon. H. H. CURRAN, Alderman of the Finance Committee, City Hall, New York City:

Dear Sir—As an officer of the Robert C. Black Realty Company, which owns property running for at least half a mile on the northern boundary of New York City, both in Pelham Manor and New York City, I most earnestly request, as large tax payers in New York City, that you act favorably on the proposition to appropriate $6,000 for the drainage of the Pelham Bay marshes for the elimination of the mosquito pest. If you have ever played golf, as I have, on the public links at Pelham Bay Park, you will understand the crying need for this improvement, as mosquitos swarm all through the park and make life almost unbearable for any one using it. Yours very truly,

KENNETH MYGATT, The Robert C. Black Realty Co.

George W. Brettell, successor to G. Brettell & Son, real estate broker and appraiser, 184 E. 123d st., New York, January 31, 1913.

Mr. CURRAN:

Dear Sir—Myself and wife attended a public meeting in the High School at New Rochelle last night and we heard that you have before the Board of Estimate and apportionment of New York City an item for expenses in having work done on the marshes at Pelham Bay towards extermination of the mosquito. I trust you will do all in your power to have that matter approved, for I am sure it not only effects New Rochelle but New York City as well. I reside and own property in New Rochelle and am also a taxpayer in New York City, so I can, on account of same, ask you to help along what I consider would be a benefit to both places. Thanking you in advance for your efforts in this matter and trust it will be done, I remain, yours truly, GEO. W. BRETELL.

New Rochelle Trust Company, New Rochelle, N. Y., January 31, 1913.

Hon. H. H. CURRAN, Alderman of the Finance Committee, City Hall, New York:

Dear Sir—Representing the Pelham Bay Park Land Company, which owns property in New York City and Pelham, running about 3,000 feet along the northern boundary of Pelham Bay Park, and paying taxes to the City annually for over $500, I earnestly request that you favor the proposition to appropriate $6,000 for drainage of Pelham Bay Park.

A knowledge of conditions by the Committee would, I am sure, settle the matter favorably.

The marsh in question can be eliminated by opening and straightening a brook, with the addition of a few slight side ditches. It is now a crooked stream, running at all angles, and filled with slough holes. The mosquito pest could not be worse than under present conditions. Yours very truly,

PELHAM BAY PARK LAND CO., by W. W. BISSELL, Treasurer.

REPORTS:

That these rooms are made necessary by the election of two new Judges and were not figured in the amount of rentals in the 1913 Budget. These rooms must be provided and it, therefore, recommends that the said resolution be adopted.

Resolved, That in pursuance of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be, and it is hereby, requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of $1,551.73, the proceeds whereof to be used by the Comptroller for the payment of rent of the two rooms 1112 and 1113 on the eleventh floor of the Emigrant Industrial Savings Bank Building, No. 51 Chambers st., Borough of Manhattan, under a lease to the City, from January 15, 1913, to December 31, 1913, for use of the Justices of the Supreme Court, the same being a charge against the County of New York.

The Committee on Finance, to which was referred on January 28, 1913 (Minutes, page 307), the annexed request from the Park Commissioner, Boroughs of Manhattan and Richmond, for $3,500 special revenue bonds for garden mould and excavation of tree holes on Broadway, from 135th to 167th sts., Manhattan, respectfully

REPORTS:

That the letter of request sets forth in full the details of this application. The Board is already committed to this improvement by an authorization of funds for the trees and tree guards.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand five hundred dollars ($3,500), the proceeds whereof to be used by the Park Commissioner, Boroughs of Manhattan and The Bronx, for the purpose of furnishing 2,096 cubic yards of garden mould, and for the excavation of 524 trees holes, 3 feet deep and 6 feet square, and for the removal of the excavation therefrom, on Broadway, from 135th to 167th sts., Borough of Manhattan.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, January 24, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—Acting upon a request for an issue of $10,000 in special revenue bonds, the proceeds thereof to be used by this Department for the purpose of purchasing and planting trees on Broadway, from 135th to 167th sts., Manhattan, your Board, at a meeting held December 17, 1912, upon the recommendation of the Finance Committee, requested the Comptroller to authorize an issue of revenue bonds amounting to $6,523.80 for the purchase of 524 pin oaks, at $5 each; 524 tree guards, at $7.45 each.

At a meeting of the Finance Committee held on December 16, 1912, at which I was represented, this matter was taken up in detail, and it was decided that the improvement was necessary, and in order to take advantage of the low price of trees and to insure a better selection, and to further give time for the preparation of a contract for the purchase of tree guards so that all would be in readiness for early spring planting, to appropriate a sufficient amount for their purchase, it was advised that a future appropriation would be requested early in this year for the purchase of garden mould and the necessary expenses for excavation.

I have succeeded in selecting the required number of trees for this improvement at $5 each, the amount allowed for same. They are at present sealed with the Department seal, and the vendors are awaiting our shipping directions, which will be given as soon as the season permits. I have further secured a sample of the tree guard that I propose using, and a contract will be advertised within a day or so, which will require that the lowest bidder on same make delivery prior to March 31, 1913, and as ordered by this Department. I am of the opinion, however, that the contract price for the tree guards will be lower than the price allowed for same in your resolution, which was approved by the Board of Estimate and Apportionment at a meeting held January 23, and the saving, if any, will naturally revert to the general fund.

I respectfully request that your Board recommend to the Board of Estimate and Apportionment an issue of special revenue bonds to an amount of $3,500, the proceeds thereof to be applied under contract for furnishing 2,096 cubic yards of garden mould, and for the excavation of 524 tree holes, three feet deep and six feet square, and for the removal of the excavation therefrom.

A contract for this portion of the improvement should be advertised at the earliest possible moment, and I respectfully request that you give the matter your immediate attention. If there is any other data that you require, I will be pleased to appear before the Finance Committee of your Board, when requested.

Very truly yours, CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The Committee on Salaries and Offices, to which was referred on October 15, 1913 (Minutes, page 95), the annexed resolution in favor of recommending to the Board of Estimate and Apportionment that certain grades of Inspectors be changed from a per diem to a per annum basis, and further fixing a scale of salaries, respectfully

REPORTS:

That having examined the subject it believes the proposed recommendation to be one which merits the favorable consideration of the City authorities, but does not consider that the resolution is quite in the proper form. It recommends that the accompanying resolution be adopted.

ORIGINAL.

Whereas, The various heads of the different departments of the City in preparing their annual budgets most generally request increased appropriations for the purpose of defraying the expenses of increasing salaries to themselves and the higher paid employees in their department, but never consider the great needs of their underpaid per diem employees, with some few favored exceptions, and

Whereas, The Association of Inspectors of Pipe Laying, Pipes and Hydrants of the Department of Water Supply, Gas and Electricity have for years been endeavoring to bring about an equalization of salaries paid to them owing to the fact that although all Inspectors have the same title, have passed the same examination and most generally do the same work, the difference in compensation is from $150 to $600 per annum, and

Whereas, Said Association has submitted to this body a proposed schedule of graded salaries based upon seniority in service, merit and fitness, and

Whereas, Section 56 of the Charter gives the power to the Board of Aldermen to fix and regulate the salaries of all City employees, therefore be it

Resolved, That we heartily approve of the inclosed schedule of graded salaries herewith submitted and favor the adoption of same and the same is hereby adopted; and be it further

Resolved, That we recommend the issue of corporate stock to such an amount as may be necessary to defray the increased expenses in paying the salaries of such employees benefited by the above resolution.

SUBSTITUTE.

Resolved, That the Board of Aldermen hereby recommends to the Board of Estimate and Apportionment that the salaries of Inspectors having charge of and supervising the construction of public work be established as set forth in the schedule herewith submitted.

MESSAGES FROM THE MAYOR RESUMED.

The President laid before the Board the following communication from his Honor the Mayor:

No. 2832.

City of New York, Office of the Mayor, February 4, 1913.

To the Honorable the Board of Aldermen:

Sirs—I venture to call your attention to the necessity of passing the ordinance to govern motion picture theatres which was transmitted to your Honorable Body by the Mayor on December 12, 1911, after it had been drawn by a commission appointed by the Mayor for that purpose. This proposed ordinance puts the said theatres under ample control and inspection in respect of their construction and safety, as well as of their morality, including the morality of the pictures exhibited. As near as I could see at the time, or as I can see now on rereading this ordinance, it safeguards these places of amusement in all respects. Of course, no one can entirely safeguard such places against panic, but I think the result of a panic in a moving picture theatre constructed and governed in accordance with this proposed ordinance would be much less serious in its results than that which occurred in one of these places last Sunday evening.

I submit this matter to your better judgments, but at the same time I cannot refrain from saying to you that it seems to me that this ordinance should be promptly passed for the safety and the moral government of these places. Of all things I do not think that the influence of other classes of theatres and shows should be permitted to obstruct or delay the passage of this ordinance. Very truly yours,

W. J. GAYNOR, Mayor.

Which was received and ordered printed and published in full in the CITY RECORD.

ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

No. 2836.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, February 3, 1913.

Hon. HENRY H. CURRAN, Chairman, Finance Committee, Board of Aldermen, City of New York:

Dear Sir—Last November you approved, in committee, a resolution authorizing the expenditure of $6,000 for the purchase of furniture, etc., for use in the office of the Corporation Counsel, Borough of Brooklyn. At that time, you may remember, the matter of extending the time for the spending of this money was brought up, but it appears upon investigation that this time was not extended in the Board of Aldermen. On the calendar of the Board of Estimate, under date of January 9, it appeared that the time was to have extended until March 1, 1913, but for some reason or other, the resolution as adopted in the Board of Estimate on that date does not include the extension of time, but the resolution was passed to conform with that passed by the Board of Aldermen, which allows until December 31, 1912, for the spending of this money.

I will thank you, therefore, to introduce a resolution at your meeting to-morrow extending the time until July 1.

Thanking you for your courtesy in this matter, I am. Yours truly,

H. L. WOODY, Superintendent, Public Buildings and Offices.

Resolved, That the following resolution, passed by this Board, November 12, 1912, and which was received from his Honor the Mayor without his approval or disapproval on November 25, 1912:

"Resolved, That in pusuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand dollars ($6,000), the proceeds whereof to be used by the Corporation Counsel for the purpose of supplying furniture and fittings in the new quarters assigned to the branch office of the Law Department of The City of New York in the Borough of Brooklyn, located in the Assembly, at No. 153 Pierrepont st., in said borough. All obligations contracted for hereunder to be incurred on or before December 31, 1912."

—be and the same is hereby amended by changing the last paragraph thereof to read "All obligations contracted for hereunder to be incurred on or before July 1, 1913."

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cunningham, Curran, Delaney, Devine, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hamilton, Hannon, Kenney, Levine, Lieberman, Loos, McCourt, Marks Martyn, Meagher, Molen, Morrison, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Velten, Walsh, Weil, Weston, White, Wilmot; President Cromwell, President Connolly, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President McAneny, by E. V. Frothingham, Commissioner of Public Works; the Vice-Chairman—63.

SPECIAL ORDERS, RESUMED.

No. 169—Int. No. 2664.

The Committee on Finance, to which was referred on January 21, 1913 (Minutes, page 198), the annexed request and resolution in favor of an issue of $10,000 special revenue bonds for contingencies, Bureau of Fire Prevention, Fire Department, respectfully

REPORTS:

That the facts in connection with this application are contained in the letter of request. The Committee believes that some addition to this fund is necessary, but it is so early in the year, and as these anticipated deficits are so largely a matter of estimate, it feels that a grant of one-half the amount asked for is sufficient at this time.

It, therefore, recommends that the accompanying substitute resolution be adopted.

ORIGINAL.

Resolved, That, pursuant to the provisions of sub-division 8 of section 188 of the Greater New York Charter, the Board of Aldermen deeming such course to be in the public interest, hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not to exceed ten thousand dollars ($10,000), the proceeds whereof to be applied to meet contingent expenses of the Bureau of Fire Prevention of the Fire Department of The City of

New York for 1913, the budget appropriation for such purpose being estimated to be insufficient.

SUBSTITUTE.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five thousand dollars ($5,000), the proceeds whereof to be used by the Fire Department for the purpose of meeting contingent expenses of the Bureau of Fire Prevention.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, JOHN DIEMER, JAMES HAMILTON, HENRY F. GRIMM, C. AUGUSTUS POST, FRANK L. DOWLING, FRANCIS P. KENNEY, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cunningham, Curran, Delaney, Devine, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hamilton, Hannon, Kenney, Levine Lieberman, Loos, McCourt, Marks, Martyn, Meagher, Molen, Morrison, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Velten, Walsh, Weil, Weston, White, Wilmot; President Cromwell; President Connolly; President Miller, by Thomas W. The Committee on Finance, to which was referred on January 21, 1913 (Minutes, page 199), the annexed request from the Public Administrator for an issue of $780 special revenue bonds to pay salary of a Stenographer, respectfully

REPORTS:

That the facts in relation to this application are fully set forth in the letter of request. While it is a rule of the Committee not to report funds for payment of salaries where the grades are not established, as in this instance, it believes that in this case, where the head of the department is meeting the expense from his private funds, the rule may be abrogated. The money, however, cannot in the usual course be made available until March 1, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and n is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six hundred and fifty dollars ($650), the proceeds whereof to be used by the Public Administrator, New York County, for the purpose of paying the salary of a Stenographer at the rate of $780 per annum, from March 1 to December 31, 1913.

HENRY H. CURRAN, THOS. J. MULLIGAN, JAMES HAMILTON, HENRY F. GRIMM, C. AUGUSTUS POST, FRANK L. DOWLING, FRANCIS P. KENNEY, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cunningham, Curran, Delaney, Devine, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hamilton, Hannon, Kenney, Levine, Lieberman, Loos, McCourt, Marks, Martyn, Meagher, Molen, Morrison, Mulligan, Nicoll, Nugent, O'Connor, O'Neil O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Velten, Walsh, Weil, Weston, White, Wilmot; President Cromwell; President Connolly; President Miller, by Thomas W. The Committee on Finance, to which was referred on January 14, 1913 (Minutes, page 88), the annexed resolution in favor of an issue of $20,000 Special Revenue Bonds for repairs to West Washington Market, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. The market has been seriously damaged by a recent fire and must be repaired at once if the City is to keep faith with the lessees. A detailed statement of the expenditures involved is hereto attached.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty thousand ($20,000) dollars, the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of making repairs to the West Washington Market, located in the block bounded by Grace, Lawton, Thompson and Thirteenth avenue, Borough of Manhattan.

The Committee on Finance, to which was referred on January 21, 1913 (Minutes, page 201), the annexed request from the Commissioner of Water Supply, Gas and Electricity for $1,825 Special Revenue Bonds to pay the 1913 salary of Foreman John F. Grady, respectfully

That the facts on which this application were based are fully set forth in the letter of request. The Committee believes that provision should be made for this deserving employee whose reimbursement was evidently overlooked by mistake.

It, therefore, recommends that the accompanying resolution be adopted.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, January 17, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—Mr. John F. Grady, Foreman in charge of the company assigned to the repair and maintenance of the water distribution system in the lower section of the Borough of Manhattan, and who has been connected with the city service for forty-two years, presented to me last year his application for retirement. The matter was later referred to the Board of Estimate and Apportionment and by it transmitted to the Comptroller for report. No action has been taken upon said application. I understand that about that time the Comptroller was served with an injunction by a taxpayer restraining him from paying any moneys to City employees retired under authority of chapter 669 of the Laws of 1911. In preparing the Department's estimate for funds required for the current year no provision was made for the continued employment of Foreman Grady. It was my belief that he would be retired some time last year and consequently there would be no necessity for appropriating any money for his salary. Unfortunately, the suit brought by the taxpayer has not yet been decided. As you will see, this has brought about a rather embarrassing situation, so far as Mr. Grady is concerned, and if the taxpayer's suit should terminate adversely to the City Mr. Grady will, no doubt, remain with the Department.

I would therefore respectfully request that the Board of Aldermen provide special revenue bonds in the sum of $1,825, the proceeds whereof to be applied to the payment of Mr. Grady's wages for the year 1913. Yours truly,

HENRY S. THOMPSON, Commissioner.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cunningham, Curran, Delaney, Devine, Dixson, Dotzler, Dowling. Downing, Drescher, Dujat, Eagan, Eichhorn, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hamilton, Hannon, Kenney, Levine, Lieberman, Loos, McCourt, Marks, Martyn, Meagher, Molen, Morrison, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Velten, Walsh, Weil, Weston, White, Wilmot; President Cromwell, President Connolly, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, President McAneny, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—63.

No. 173—Int. No. 2672.

The Committee on Finance, to which was referred on January 21, 1913 (Minutes, page 201), the annexed request of the Commissioner of Water Supply, Gas and Electricity for $2,790 special revenue bonds for hire of horses and vehicles, Borough of Queens, respectfully

REPORTS:

That the facts in connection with this application are set forth in the letter of request.

It seems that this appropriation fell through because of a misunderstanding, and as these horses and vehicles are a necessity for the work of the Department, funds must be provided.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand seven hundred and ninety dollars ($2,790), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of providing for hire of horses and vehicles, as follows:

Contract or Open Order Service, Transportation.

Hire of Horses and Vehicles, with Drivers—

Pumping—Driver, with horse and vehicle, at $3.75 per day (320 days) ...	$1,200 00
Distribution—Driver, with team and vehicle, at $6 per day (25 days)	150 00

Hire of Horses and Vehicles, without Drivers—

Distribution—Horse and vehicle, at $60 per month (24 months)	$1,440 00

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, FRANCIS P. KENNEY, ROBERT F. DOWNING, JOHN DIEMER, THOS. J. MULLIGAN, JAMES HAMILTON, HENRY F. GRIMM, C. AUGUSTUS POST, Committee on Finance.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 16, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In the estimate of this Department for appropriations for 1913, request was made for funds to purchase for the Borough of Queens three automobiles, and the Budget Committee assented to an allowance for the purchase of one, but that was later cut out, and the allowance for the hire of horses and vehicles, which had been cut out when the automobiles were apparently to be allowed, was not put back; therefore, the Department is compelled to ask for revenue bonds for the purpose.

I have, therefore, to ask that the Board of Aldermen request the Board of Estimate and Apportionment to authorize the Comptroller to issue revenue bonds to the amount of $2,790, which sum is necessary for the hire of horses and vehicles for this year. Yours truly, HENRY S. THOMPSON, Commissioner.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and fifty dollars ($750), the proceeds whereof to be used by the President of the Borough of The Bronx for the purpose of providing

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, January 13, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—I have the honor to request that the Board of Aldermen authorize the issue of special revenue bonds to the amount of seven hundred and fifty dollars ($750) for the purpose of providing means to lay a new three-inch water service pipe from the main in East 177th st. to the Municipal Building, this Borough.

The water supply in this building is totally inadequate. A great part of the time no water can be had in any of the basins or toilets. In addition to that, the menace to the building in case of fire is such that provision should be made without delay for a new service pipe. Respectfully, CYRUS C. MILLER, President.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

The Committee on Finance, to which was referred on January 14, 1913 (Minutes, page 118), the annexed request from the Commissioner of Street Cleaning for $44,000 special revenue bonds for dumps, respectfully

REPORTS:

That the Commissioner of Street Cleaning has filed the accompanying copy of estimate from the architect, and at the same time reduced the figure for the temporary dump to $3,500. It is important that quick action be had on this issue, as the department is now expending $75 per day at a private dump to cover the work involved by this locality. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of forty-three thousand five hundred dollars ($43,500) the proceeds whereof to be used by the Department of Street Cleaning for the following purposes:

For the construction of a fireproof covered dump at 97th st. and North River, to replace dump recently destroyed by fire, $40,000.

For the construction of a temporary dump in the vicinity of 80th st. and East River, to be used while the water front wall is being constructed at 80th st. and East River, $3,500.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, January 6, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Sir—I request that your Board, pursuant to subdivision 8, section 188 of the Charter, recommend to the Board of Estimate and Apportionment the issue of Special Revenue Bonds for improvements in this department as follows:

The construction of a fireproof covered dump at 97th st. and North River to replace the dump recently destroyed by fire, $40,000.

The construction of a temporary dump in the vicinity of 80th st. and East River, the same to be used while the waterfront wall is being constructed at 80th st. and East River, the site of the present dump, $4,000. The present dump is condemned by the Department of Docks and Ferries because of a recent fire. Respectfully,

WM. H. EDWARDS, Commissioner.

132 Madison Ave., New York, January 21, 1913.

WILLIAM H. EDWARDS, Commissioner, Department of Street Cleaning:

Dear Sir—In response to your inquiry regarding the cost of replacing the wooden dump recently burned at 97th st. and North River with a steel and reinforced concrete fireproof structure, I would say that while it is impossible to exactly calculate the cost of such a building without working drawings, specifications and estimates, and there are no buildings of similar character with which to compare it, I would say as a result of preliminary studies and pricing of quantities that the estimated cost would be $40,000. Respectfully submitted, AYMAR EMBURY II.

Majority Report, Committee on Laws and Legislation—

Nos. 2545, 2546 and 2547.

The Committee on Laws and Legislation, to which was referred on January 6, 1913, introductory numbers 2545, 2546 and 2547, respectfully

REPORTS:

That these are the same ordinances previously reported to the Board under the introductory numbers 87, 88 and 89, and to which an amendment was added requiring censorship of films of motion pictures before shown, and which were then passed by the Board of Aldermen.

That his Honor the Mayor vetoed said ordinances on account of the amendment providing for censorship, added thereto by the Board of Aldermen, but at the same time recommended and requested the enactment of the ordinances into law as originally reported to the Board by this Committee, omitting the censorship provision.

That the Committee has gone carefully over these ordinances and corrected all typographical and other errors appearing therein as the same were originally introduced, and has further amended the same so as to obviate any possible conflict of authority between the provisions of this ordinance and the provisions of the so-called Fire Prevention Law.

That the recent tragedy in a motion picture theatre has furnished an additional cause for the immediate enactment of these ordinances as reported, and that they are in line with the previous action of the Committee and the express recommendations of the Mayor.

This Committee respectfully recommends the enactment of these ordinances, as thus corrected and amended, at once, without further amendment, and that the uncorrected originals be placed on file. Respectfully submitted,

AN ORDINANCE relative to motion picture theatres.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Chapter 7, Title 2, Article 3, Section 352—Motion Pictures and Motion Picture Theatres.

352a.

Motion pictures shall be deemed a display on a screen or other device whereby pictures are displayed of characters or objects in motion, whether or not accompanied by music, lecture, recitation or song.

352b.

A motion picture theatre shall be deemed any public hall or room in The City of New York in which motion pictures are exhibited, in which the seating capacity does not exceed 600, and in which there is no stage or scenery.

An open-air motion picture theatre shall be deemed any public place or space in the open air in The City of New York in which motion pictures are exhibited, and in which there is no stage or scenery.

The Mayor shall appoint such Inspectors as shall be necessary to carry out the provisions of this ordinance. They shall be known as "Motion Picture Theatre Inspectors," and shall be paid such compensation as shall be fixed by the Board of Aldermen on recommendation of the Board of Estimate and Apportionment.

352c.

The Bureau of Licenses shall issue all motion picture licenses granted by the Mayor, and by authority of the Mayor shall regulate and control all motion picture theatres, provided:

1. Applicants for motion picture theatre licenses shall file plans and specifications of the motion picture theatre with the Bureau of Buildings of the Borough in which the motion picture theatre is to be situated, and must file a copy of such plans and specifications duly approved by the Superintendent of Buildings with the application for the license, which application shall be made to the Bureau of Licenses on blanks furnished by it for that purpose.

2. The Bureau of Licenses shall, without delay upon the request of an applicant, pass upon the location of the motion picture theatre and upon the character of the applicant requesting the license.

3. The Bureau of Licenses shall request the Fire Department, Bureau of Buildings, Department of Water Supply, Gas and Electricity, and Department of Health to inspect said theatres, and the said Departments shall file in the Bureau of Licenses, within ten days, detailed written reports, which shall include a statement of any violations of law, ordinances, rules and regulations, and any dangerous conditions. Upon the failure of any of said Departments (excepting the Fire Department) to file detailed written reports in reply to the request of the Bureau of Licenses, the said Bureau may disregard said Department, and, in its discretion, may issue a license.

4. Until the provisions of this ordinance shall have been complied with, no license shall be issued.

352d.

1. Plans—Before the erection, construction or alteration of a building, or part thereof, to be used as a motion picture theatre, there must be filed with the Superintendent of Buildings complete plans and detailed statement as set forth in section 4 of the Building Code. The plans must show clearly and fully the location and width of all exits, passageways, stairs, fire escapes, aisles, etc., arrangement of seats, size of floor beams, walls, supports, etc.; the location and construction of the inclosure for the motion picture light and machinery, and for other similar apparatus; a diagram of the lot or plot, showing outlets from all exits, and also such other statements, plans or details as may be required by the Superintendent of Buildings.

2. Prohibition—Motion picture theatres shall not be constructed in frame buildings within the fire limits, nor in hotels, tenement houses or lodging houses; nor in factories or workshops, except where the theatre is separated from the rest of the building by unpierced fireproof walls and floors, and in no case shall they be constructed or operated above or below the ground floor of any building.

3. Exits and Courts—All such buildings must be provided on the main floor of the theatre with at least two separate exits, one of which shall be in the front and the other in the rear, both leading to unobstructed outlets on the street. Where the main floor of the theatre accommodates more than 300 people there shall be at least three such exits, the aggregate width in feet of such exits shall not be less than one-twentieth of the number of persons to be accommodated thereby. No exits shall be less than 5 feet in width and there shall be a main exit not less than 10 feet in total width.

In all such buildings to be erected or to be altered so as to be used for a motion picture theatre, if unobstructed exit to a street cannot be provided at the rear of such buildings, as herein specified, either an open court or a fireproof passage or corridor must be provided from rear exit to the street front, of at least the following width: 4 feet in the clear for theatres accommodating 100 persons or less, for every additional 100 persons the width to be increased 8 inches. Such passage must be constructed of fireproof material and must be at least 10 feet high in the clear. The walls forming such passage must be at least 8 inches thick, of brick or other approved fireproof material, and if there be a basement the wall on the auditorium side should either run 1 foot below the cellar bottom or may be carried in the cellar on iron columns and girders properly fireproofed according to sections 106 and 107 of the Building Code.

The ceiling of said passage, and if there be a basement, the flooring must be constructed according to section 106 of the Building Code.

If unobstructed rear exit or exits to a street are provided the said exit or exits must be of the same total width required for the court or passage above mentioned.

Said passages and exits to the street, as above, must be used for no other purposes except for exit and entrance and must be kept free and clear.

The level of the open court or passage at the front of the building shall not be greater than one step above the level of the sidewalk, and the grade shall not be more than 1 foot in 10, with no perpendicular rises.

All exit doors must be unlocked when building is open to the public. They must be fireproof and made to open outwardly and so arranged as not to obstruct the required width of exit or court when opened. All doors leading to fire escapes must be not less than 40 inches wide in the clear, and shall be located at the opposite side or end of the gallery, from other exit doors.

4. Galleries and Stairs—A gallery may be permitted, but it shall not include more than twenty-five per cent. of the total seating capacity of the theatre. Entrance to and exit from said gallery shall in no case lead to the main floor of the theatre, and the gallery shall be provided with a stair or stairs equipped with handrails on both sides. Stairs over 7 feet wide shall be provided with center handrail. The risers of the stairs shall not exceed 7¾ inches, and the treads, excluding nosings, shall be not less than 9½ inches. There shall be no circular or winding staircases.

The total width of the stairs shall not be less than 8 feet in the clear where the gallery accommodates 150 people; for every 50 people less than 150 which the gallery accommodates said width may be reduced one foot.

Stairs shall be constructed of fireproof material, and such material and the bearing capacity of such stairs shall be approved by the Bureau of Buildings.

Galleries must also be provided with at least one line of fire escapes leading to an open court, fireproof passage or street without re-entering the same or any other building.

If the fire escape leads to a point in the court nearer the street than any exit, there must be a width of not less than 4 feet in the clear between the outer edge of the fire escape and the outer wall of the court.

5. Fire Escapes—All fire escapes must have balconies not less than 3 feet 4 inches in width in the clear and not less than 4 feet 6 inches long, and from said balconies there shall be staircases extending to the ground level with a rise of not over 7¾ inches and a step of not less than 9½ inches, and the width of stairs must not be less than 3 feet 4 inches.

6. Auditorium and Other Rooms—If the walls of the auditorium contain wood studs, they shall be covered with either expanded metal lath or wire mesh and plastered with three coats of first class plaster, or may be covered with metal on one-half inch plaster boards. The joints shall be properly filled with mortar.

The ceilings of all such rooms shall be plastered with three coats of first class plaster on wire mesh or metal lath, or covered with one-half inch plaster boards and plastered or covered with metal.

If there be a basement or cellar, the ceiling under the auditorium floor must be plastered with three coats of first class plaster on wire mesh or expanded metal lath, or may be covered with metal on one-half inch plaster boards.

The basement or cellar under the auditorium shall be kept free and clear except the space used for the heating apparatus, for machinery connected with the theatre, and for coal.

7. Construction of Booths—Apparatus for projecting motion pictures shall be enclosed in a booth or enclosure constructed so as to be fireproof, in accordance with the specifications of chapter 756 of the Laws of 1911. The booth shall be equipped with a vent flue as prescribed in section 352e, paragraph 2 of this ordinance. Booths shall contain an approved fireproof box for the storage of films not on the projecting machine. Films shall not be stored in any other place on the premises; they shall be rewound and repaired either in the booth or in some other approved fireproof enclosure.

Where miniature motion picture machines are employed in connection with private exhibitions, the requirements of the above paragraph may be so modified as to permit instead of the regulation booth, an approved fireproof box, unventilated, and of a size only sufficient to properly enclose the machine.

8. Gradients—To overcome any difference of level in and between corridors, lobbies and aisles, gradients of not over one foot in ten feet, or steps having a rise not over eight inches and a width of not less than ten inches must be used.

Burial Permits.

1. No burial permit for a person deceased in The City of New York will be issued except in exchange for a proper certificate of death.

(If a permit already issued has been lost or mislaid, a duplicate will be issued only in exchange for an affidavit of the undertaker that the first one has been lost, and that, if found, it will be returned to the Department of Health.)

2. Certificates of death must be filled out with black ink.

3. No certificate will be accepted which has been corrected, interlined or altered in any way so as to change its meaning.

4. No certificate will be accepted which is imperfectly filled out (except for foundlings or the unknown dead) or which is illegible.

5. No earth burials are allowed below 130th st. No vault below that street shall be opened for the deposit of a body, without the approval of the Sanitary Superintendent or Assistant Sanitary Superintendent.

6. If a permit is issued for burial in the City Cemetery, the coupons are removed and retained by the Bureau of Records. If a change in the place of burial renders it necessary to use the coupons, they can be procured at the Permit Office on showing the original permit and making a written statement of the change.

(Every change in the place of burial from that originally given when the permit is issued must be reported at the Burial Permit Office and the permit exchanged for a new one.)

Transit Permits.

1. Transit permits will be issued for the burial in or passage through the City of bodies of persons who died outside of The City of New York only in exchange for the papers and evidences of identity and of the cause of death which have accompanied the body from the place of death, and upon a written statement (on blanks furnished by the Department) of the persons applying for such permits.

2. Such permits will be required in every case, excepting when the body is accompanied by a permit issued by the proper health officer, under the laws of the State of New York, New Jersey or Connecticut, a transit permit issued in either of those States having the same effect in The City of New York as one issued by this Department.

3. Transit permits will not, in any case, be issued in advance of the arrival of the body, whether by ship, boat or railroad, nor will such permit be issued when the death was due to yellow fever, Asiatic cholera or smallpox, excepting by express permission of the President of the Department, on personal application to him.

4. Transit permits will be issued for the removal of a dead body from one portion of the City to another, for the convenience of the family or the undertaker. Such permit will have no coupons, and must be returned to the Department of Health when the burial permit is applied for.

Disinterment Permits.

1. Permits for the disinterment of bodies already buried within the limits of The City of New York will be issued upon written application (on blanks furnished by the Department of Health) of relatives of the deceased, or other persons who furnish sworn evidence from such relatives that they have been authorized by them to apply for such permit.

2. Permits for disinterment must be countersigned by the Sanitary Superintendent or the Assistant Sanitary Superintendent.

3. Bodies which are disinterred must be placed in hermetically sealed caskets or coffins, unless otherwise ordered by the Sanitary Superintendent or Assistant Sanitary Superintendent.

Cemeteries.

Superintendents and keepers of crematories or cemeteries must not receive permits upon which alterations have been made as to the name, age, place and cause of death, or place of burial.

PUBLIC SERVICE COMMISSION.

INVITATION TO CONTRACTORS.

PART OF ROUTES NOS. 36 AND 37.

THE CITY OF NEW YORK, ACTING BY THE Public Service Commission for the First District (hereinafter called "the Commission"), invites proposals to construct Section No. 3 of the Astoria, Woodside and Corona Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 3. Beginning at a point on Queens boulevard, in the Borough of Queens, about two hundred and seventy (270) feet northwest of the westerly line of Van Dam street, and extending thence along and over Queens boulevard, Greenpoint avenue, Skillman avenue and Roosevelt avenue to a point over Roosevelt avenue about seventy (70) feet east of the easterly line of Sycamore avenue (Albertus avenue); with local stations at Rawson street, Lowery street, Bliss street, Lincoln avenue, Broadway, 25th street, Elmhurst avenue and Sycamore avenue, and with express stations at Woodside avenue and Junction avenue.

The general plan of construction calls for an elevated railroad. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay any tracks or any ties, or to provide or lay broken stone or ballast on the reinforced concrete elevated railroad, nor to do station finish work, except such station finish work as is specifically required to be done.

The work of construction under the contract will include the construction of all necessary sewers and connections, along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of this contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 7th day of February, 1913, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of Contractor's Proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed *"Proposal for Constructing Part of Rapid Transit Railroad —Routes Nos. 36 and 37, Section No. 3,"* and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for fifty thousand dollars ($50,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal the sum of one hundred thousand dollars ($100,000). Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left. but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
