#### PETITIONS AND COMMUNICATIONS.

No. 1344.

**Protest of Butcher Union No. 174 Against the High Cost of Food Stuff.**

Butcher Union No. 174 of New York City, Amalgamated Meat Cutters and  
Butcher Workmen of North America; Headquarters, Labor Temple, 243-247 East  
84th Street, New York, March 9, 1917.

Board of Aldermen:

Gentlemen—At the last regular meeting of Butcher Union Local 174 of New  
York City, the following resolution was adopted:

Be It Resolved, That at the present the prices of food stuffs has advanced to  
such a high rate that we, the Butcher Workmen, protest. We feel that there is no  
necessity for such a raise, compelling our children to go under-nourished.

Therefore, Be It Further Resolved, That we, the members of Butcher Union  
Local 174 arise to protest against the speculation in food stuff, and that the Board  
of Aldermen use their good office so as to remedy the situation.

Resolved, That a copy of same be sent to Hon. John Purroy Mitchel and to the  
Board of Aldermen of New York City. Respectfully,

JOSEPH MENHART, Secretary Butcher Union Local No. 174.

Which was ordered on file.

On motion of Aldermen Kenney, the privileges of the floor were extended to Mr.  
Albert J. Ward, of No. 409 West 22d Street, Manhattan.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

**Acting President of the Borough of Queens—Designation of Albert C. Ben-  
ninger, Assistant Commissioner of Public Works, to Act as President of the  
Borough of Queens at Meeting of the Board of Aldermen to Be Held March  
13, 1917.**

The City of New York, Offices, Commissioner of Public Works of the Borough  
of Queens, Long Island City, March 13, 1917.

Honorable FRANK L. DOWLING, President of the Board of Aldermen, City of New  
York:

Dear Sir—Pursuant to the provisions of Section 383 of the Greater New York  
Charter and opinion of the Corporation Counsel, dated January 15th, 1908, based  
thereon, I have designated Albert C. Benninger, Assistant Commissioner of Public  
Works, to act as Member of the Board of Aldermen of the City of New York, in  
and for the President of the Borough of Queens, at a meeting of the Board of  
Aldermen, advertised to be held in the City Hall, Borough of Manhattan, New York

RICHARD S. NEWCOMBE, Commissioner of Public Works and Acting Presi-  
dent of the Borough of Queens.

Which was ordered on file.

The President laid before the Board the following communications from the  
Department of Finance:

No. 1346.

**Deputy and Acting Comptroller—Recommending Issue of Special Revenue Bonds,  
\$766.66, for Rent of Rooms in Temple Court Building Annex for Use of the  
Public Administrator of the County of New York.**

The City of New York, Department of Finance, Comptroller's Office, January  
29, 1917.

To the Honorable the Board of Aldermen of the City of New York:

Gentlemen—On May 4, 1916, the Commissioners of the Sinking Fund adopted  
a resolution authorizing the Comptroller to pay rent to the Temple Court Company,  
Agents, Ruland & Whiting Company, No. 5 Beekman Street, Borough of Manhattan,  
for use of Rooms 1025 to 1031 inclusive, in the Temple Court Building (Annex), 119  
Nassau Street, Borough of Manhattan, for use of the Public Administrator of the  
County of New York, for a period of six months from May 1, 1916, with the privi-  
lege of remaining on a month to month basis for an additional period not exceeding  
six months, at a rental of \$2,300 per annum, payable monthly, without the necessity  
of entering into a lease.

The additional period of six months is being taken advantage of by the City,  
which will carry the rent to May 1, 1917. The rent for this period was not pro-  
vided for in the Rent Budget for 1917, owing to the fact that it is intended to pro-  
vide space for the Public Administrator in the Hall of Records in the near future.

Pending such arrangement, it will be necessary to pay rent from January 1, 1917,  
to May 1, 1917, at the rate of \$2,300 per annum, or the sum of \$766.66 for such  
period.

In view of the above conditions, and in order that proper provision may be  
made for the payment of this rent, I respectfully recommend that your Board adopt  
the following resolution:

Resolved, That, in pursuance of Subdivision 8, Section 188, of the Greater New  
York Charter, the Board of Estimate and Apportionment be, and it is, hereby  
requested to authorize the Comptroller to issue Special Revenue Bonds in the amount  
of \$766.66, the proceeds whereof to be used by the Comptroller for the payment of  
rent for Rooms 1025 to 1031 inclusive, in the Temple Court Building (Annex), 119  
Nassau Street, Borough of Manhattan, for use of the Public Administrator of the  
County of New York, for a period from January 1, 1917, to May 1, 1917, the same  
being a charge against the County of New York. Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

Aldermen Kenney moved that the foregoing communication be made a Special  
Order for the day, and that the resolution contained therein be adopted.

The President then put the question whether the Board would agree with said  
resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Carroll, Cardani, Cassidy, Cole,  
Collins, Colne, Cox, Crane, Cunningham, Curley, Curran, Daly, Delaney, Diemer,  
Dixon, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander,

**Deputy and Acting Comptroller—Recommending Issue of Special Revenue Bonds,  
\$900, for Rent of Rooms at No. 2 Rector Street for Use as Headquarters by  
the Naval Militia.**

The City of New York, Department of Finance, Comptroller's Office, February  
1, 1917.

To the Honorable the Board of Aldermen of the City of New York:

Gentlemen—On October 19, 1916, the Commissioners of the Sinking Fund adopted  
a resolution authorizing the Comptroller to pay rent to the United States Express  
Realty Company, for use of Rooms 1027-1029, in the building No. 2 Rector Street,  
Borough of Manhattan, used as headquarters by the Naval Militia, at the rate of  
\$75 per month for a period not exceeding six months from September 1, 1916, without  
the necessity of entering into a lease.

Provision was not made for rent for the two months of January and February, 1917, in the rent budget for 1917, as it was intended to provide rooms for said headquarters in the Hall of Records or some other City-owned building.

The Commissioners of the Sinking Fund, after a public hearing, have determined that the location of these offices should not be changed and the lease of said premises should be renewed.

A resolution for a lease of these premises is being prepared from March 1, 1917, for a period of one year, at the rate of \$900 per annum. It will therefore be necessary to pay rent from January 1, 1917.

In view of the conditions above recited, and in order that proper provision may be made for the payment of this rent, I respectfully recommend that your Board adopt the following resolution:

Resolved, That, in pursuance of Subdivision 8, Section 188, of the Greater New York Charter, the Board of Estimate and Apportionment be, and it is, hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of \$900, the proceeds whereof to be used by the Comptroller for the payment of rent for Rooms 1027-1029 in the building No. 2 Rector Street, Borough of Manhattan, for use as headquarters by the Naval Militia, for a period from January 1, 1917, to December 31, 1917, the same being a charge against the County of New York.

Respectfully,

Aldermen Kenney moved that the foregoing communication be made a Special Order for the day, and that the resolution contained therein be adopted.

The President then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Curran, Daly, Delaney, Diemer, Dixon, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenney, McCann, McCourt, McGarry, McKee, McManus, Martin, Molen, Moore, Mullen, O'Rourke, Palitz, Post, Quinn, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Squiers, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Van Name, President Connolly, by Albert C. Voorhies, Commissioner of Public Works; the Vice-Chairman—71.

No. 1348.

**Deputy and Acting Comptroller—Recommending Issue of Special Revenue Bonds, \$1,727.88, for Rent of Rooms in the Stewart Building for Use of the Commissioner of Jurors, New York County.**

The City of New York, Department of Finance, Comptroller's Office, February 1st, 1917.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On January 25, 1917, the Commissioners of the Sinking Fund adopted a resolution authorizing the Comptroller to pay to Edward D. Harris, as Receiver, rental at the rate of \$5,183.64 per annum, for use of Rooms 123 to 129, inclusive, in the Stewart Building, No. 280 Broadway, Borough of Manhattan, occupied by the Commissioner of Jurors, for a period of from January 1, 1917, and not extending beyond May 1, 1917, without the necessity of entering into a lease.

The premises in question have been occupied by the Commissioner of Jurors for a number of years past at the same rate. No provision, however, was made in the rent budget for the year 1917 for the payment of this rent, it having been intended to provide room for the Commissioner of Jurors in the Hall of Records, or some other City-owned building.

Pending such arrangement rent will have to be paid from January 1, 1917, to May 1, 1917, a period of four months, amounting to \$1,727.88.

In view of the conditions above named and in order that proper provision may be made for the payment of this rent I respectfully recommend that your Board adopt the following resolution:

Resolved, That, in pursuance of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of \$1,727.88, the proceeds whereof to be used by the Comptroller for the payment of rent for use of Rooms 123 to 129, inclusive, in the Stewart Building, 280 Broadway, Borough of Manhattan, occupied by the Commissioner of Jurors, for a period from January 1, 1917, to May 1, 1917, the same being a charge against the County of New York. Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to Edward D. Harris, as receiver, rental at the rate of five thousand one hundred and eighty-three dollars and sixty-four cents (\$5,183.64) per annum, for use of rooms 123 to 129, inclusive, in the Stewart Building, No. 280 Broadway, Borough of Manhattan, occupied by the Commissioner of Jurors, for a period from January 1, 1917, and not extending beyond May 1, 1917, on a month to month basis, said payment to be made without the necessity of entering into a lease.

A true copy of resolution adopted by the Commissioners of the Sinking Fund January 25, 1917.

JOHN KORB, Jr., Secretary.

Aldermen Kenney moved that the foregoing communication be made a Special Order for the day, and that the resolution contained therein be adopted.

The President then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Curran, Daly, Delaney, Diemer, Dixon, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenney, McCann, McCourt, McGarry, McKee, McManus, Martin, Molen, Moore, Mullen, O'Rourke, Palitz, Post, Quinn, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Squiers, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Van Name, President Connolly, by Albert C. **Deputy and Acting Comptroller—Recommending Issue of Special Revenue Bonds, \$624.25, for Rent of Stalls in Stable, Nos. 512-516 West 53d Street, for Use of the First Regiment, Field Artillery.**

The City of New York, Department of Finance, Comptroller's Office, February 6th, 1917.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—The Commissioners of the Sinking Fund on November 16, 1916, adopted a resolution authorizing the Comptroller to pay to Henry J. Mack, of 512-16 West 53rd Street, Borough of Manhattan, rent for the stabling of horses of the First Regiment Field Artillery at 512-16 West 53rd Street, Borough of Manhattan, at the rate of \$3.50 per horse per month, on a month to month basis, for a period not exceeding four months from October 26, 1916, said premises to be rented without the necessity of entering into a lease.

One battery of this regiment returned from the Mexican Border to the army on October 26, 1916, with 100 horses in excess of the stable accommodations at said army. There are at present 97 horses stabled at these premises at \$3.50 per horse per month.

The rent to December 26, 1916, has been paid and the balance for the year 1916 has been provided for, but there still remains the period from January 1, 1917, to February 26, 1917, as called for under said resolution, making the sum \$624.25, which was not provided for in the rent budget of 1917.

In order that provision be made for the payment of this rent I respectfully recommend that your Board adopt the following resolution:

Resolved, That, in pursuance of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six hundred and twenty-four dollars and twenty-five cents (\$624.25), the proceeds whereof to be used by the Comptroller for the payment of rent of 97 stalls in the stable building Nos. 512-16 West 53rd Street, Borough of Manhattan, for use of the

First Regiment Field Artillery, from January 1, 1917, to February 26, 1917, the same being a charge against the County of New York.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Aldermen Kenney moved that the foregoing communication be made a Special Order for the day, and that the resolution contained therein be adopted.

The President then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Curran, Daly, Delaney, Diemer, Dixon, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenney, McCann, McCourt, McGarry, McKee, McManus, Martin, Molen, Moore, Mullen, O'Rourke, Palitz, Post, Quinn, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Squiers, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Van Name, President Connolly, by Albert C. The President laid before the Board the following communication from the President of the Borough of Queens:

No. 1350.

**President of the Borough of Queens—Requesting Issue of Special Revenue Bonds, \$1,540, for the Purchase and Installation of an Automatic Blue Printing Machine.**

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 21, 1917.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—In accordance with the provisions of subdivision 8 of section 188 of the Greater New York Charter, I hereby request your approval of the issue of Special Revenue Bonds to the extent of one thousand five hundred and forty dollars (\$1,540), to provide for the purchase and installation of an automatic blue printing machine.

There was installed several years ago such a machine in the Topographical Bureau of this department, but it has become in such condition of disrepair as to require almost a complete reconstruction in order to render it useful and it is my judgment that the purchase of a new machine of a modern type would be to the best interest of the City.

The request for such installation was made in the departmental estimate for 1917 but the provision therefore was not recommended at the time by the Budget Committee.

Very truly yours, MAURICE E. CONNOLLY, President of the Borough of Queens.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Office of the Commissioner of Accounts:

No. 1351.

**Commissioner of Accounts—Report Upon an Examination of the Chamberlain's Accounts for the Year Ending December 31, 1916.**

City of New York, Office of the Commissioner of Accounts, Municipal Building, February 28, 1917.

Mr. P. J. SCULLY, City Clerk, Municipal Building:

Dear Sir—By direction of Commissioner Wallstein, I am forwarding herewith, pursuant to the provisions of section 195 of the Charter, the report of the Commissioner of Accounts on an examination of the receipts and disbursements of the office of the Chamberlain for the year ended December 31, 1916.

Very truly yours, JAMES MCGINLEY, Chief of Staff.

City of New York, Office of the Commissioners of Accounts, Municipal Building, February 28, 1917.

Subject: Report upon an Examination of the Chamberlain's Accounts for the year ending December 31, 1916.

Hon. JOHN PURROY MITCHEL, Mayor, and the Honorable Board of Aldermen of The City of New York:

Sirs—Section 195 of the Charter reads as follows:

"\* \* \* The accounts of the chamberlain shall be annually closed on the last day of December, and shall be examined in the month of January in each year by the commissioner of accounts. Such commissioner shall examine the accounts and vouchers of all moneys received into and paid out of the city treasury during the year ending on the last day of December next preceding such examination, and shall certify and report to the mayor and board of aldermen in the following month of February the amount of moneys received into the treasury during such year, the amount of moneys paid out during the same period by virtue of warrants drawn on the treasury by the comptroller, the amounts of moneys received by the chamberlain, who shall be in office at the time of such examination, if he entered upon the execution of his duties since the last preceding report; the balance in the treasury on the last day of December preceding such examination, the amount of moneys borrowed for or on the credit of the city during such year and the amount of the bonds of the city issued during such year, with the purposes for which and the authority under which such bonds were issued. Such commissioner shall also compare the warrants drawn by the comptroller on the treasury during the year ending on the last day of December preceding such examination, with the several laws and ordinances under which the same shall purport to have been drawn, and shall in like manner certify and report whether the comptroller had power to draw such warrants; and if any shall be found which, in his opinion, he had no power to draw, he shall specify the same in his report, with his reasons for such opinion."

The great volume of detail comprehended in an examination and comparison of the vouchers and warrants issued and paid in the course of the calendar year, if sought to be completed in the month of January following, as prescribed, would require the concentration of a much larger force of assistants than could be spared for this work at one time, without seriously affecting other examinations and investigations. In practice, therefore, the examination provided for in the above quoted section of the Charter is continuous throughout the year, six accountants and seven clerks being assigned thereto. During the examination of the period under review; 148,240 warrants and approximately the same number of vouchers were inspected.

Certification.

I hereby certify that all warrants paid in the year 1916, together with the supporting vouchers thereof, have been examined; that it appears the Comptroller was duly authorized by the several laws and ordinances to draw the warrants examined and none was found which was improperly drawn. No. 1352.  
**President, Borough of Richmond—Request for Special Revenue Bonds, \$435, to Pay the Prevailing Rate of Wages to a Painter.**

The City of New York, Office of the President of the Borough of Richmond, Bureau of Street Cleaning, Borough Hall, New Brighton, New York City, February 28, 1917.

Honorable Board of Aldermen, Municipal Building, New York:  
Dear Sirs—Pursuant to resolution of the Board of Estimate and Apportionment, adopted February 2, 1917, application is hereby respectfully made for the issue of special revenue bonds amounting to \$435 for increasing the compensation of one Painter in the Bureau of Street Cleaning of my office from \$1,080 per annum to \$5 per diem, 303 days for the year. Respectfully,

CALVIN D. VAN NAME, President of the Borough.

The President laid before the Board the following communication from the Commissioner of Correction:

No. 1353.  
**Commissioner of Correction—Request for Authority to Make Repairs to Steamboats Without Public Letting.**

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chamber Streets, New York, February 27, 1917.  
Hon. FRANK J. DOWLING, President, Board of Aldermen:

Dear Sir—Pursuant to section 419 of the Greater New York Charter I hereby request that permission be granted to me to waive, for emergency purposes only, the formality of entering into a contract for repairs to the steamboats of this department to an amount not to exceed \$3,000. Owing to the large volume of business, shipyards are congested and I find it difficult to secure bids in accordance with the provisions of section 419. Accidents will happen. While the repairs due to such accidents are usually of a minor character, occasionally the cost of such repairs amounts to more than \$1,000. We have no spare or emergency service to call upon when such accidents occur. Shipments of food and supplies and the transfer of inmates to the island institutions are made by steamboats and interruption of this service causes considerable inconvenience to the department and additional cost for lighterage service. The steamboats are put on dry dock once a year for Federal inspection, at which time the boats are thoroughly inspected, specifications drawn and contract awarded in accordance with section 419 of the Greater New York Charter, to comply with the orders of the Federal inspectors. When the damage owing to accidents is below the water line it is necessary to put the boat in dry dock before specifications for the work can be prepared. It is extremely difficult, almost impossible, to secure dry dock service for this purpose and the ship-builders are averse to submitting a bid for repairs to a boat which is already in dry dock of another concern. Before any repairs are made to the steamboats I will have an inspection made by the engineers of this department and the engineers of the Department of Finance, and will have them submit their recommendations and estimate of cost, and request the several ship building concerns of the City to submit estimates. This I am sure will expedite the work, reduce the interruption of service to the minimum and secure better competition and bids. I trust this request will meet with your approval. Respectfully,  
DAVID I. KELLY, Deputy and Acting Commissioner.

No. 1354.  
**Commissioner of Docks—Request for Special Revenue Bonds, \$375,200, to Meet Deficiency in Appropriation for the Purchase of Coal for the Year 1917.**

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, March 1, 1917.  
Hon. FRANK L. DOWLING, President, Board of Aldermen:

Sir—The available balance in the funds allotted to this department for the purchase of coal for the year 1917 is \$96,506.45.

Based upon estimates of cost received from the Central Purchase Committee, the requirements for this year, over and above the coal already contracted for, are as follows:

76,000 tons of No. 2 Buckwheat coal for the Municipal Ferry service at \$6.00 per ton.....	\$456,000 00
130 tons of egg coal for Pier "A" at \$8.50 per ton.....	1,105 00
22½ tons of stove coal for Dockmaster's offices at \$8.75 per ton.....	196 88
1,800 tons of egg coal for floating plant at \$8 per ton.....	14,400 00

Total.....	\$471,701 88
Available balance as above.....	96,506 45

Deficiency.....\$375,195 43  
I request that a resolution be adopted by the Board of Aldermen recommending to the Board of Estimate and Apportionment that revenue bonds in the sum of \$375,200.00 be issued for the purpose of meeting the above deficiency.

The President laid before the Board the following communication from the County Clerk of Queens County:

No. 1358.

**County Clerk, Queens County—Request for Authority to Install Certain Furnishings Without Public Letting.**

Queens County Clerk's Office, Jamaica, N. Y., March 5th, 1917.

Board of Aldermen, City of New York, City Hall, N. Y.:

Gentlemen—Application is hereby made for permission to award, without public letting, contract for furnishing and installing 23 roller shelf cases, 10 roller oak ladders and 200 feet of track, as additional equipment for the use of this office. These cases are to be placed on top of the present cases in this office, and the plans and specifications call for cases of a similar type to match the present installation.

At the present time the equipment in this office is entirely inadequate to its needs and I am compelled to pile books and public records on top of the various cases, making it very inconvenient for the public use and accessibility. It is important that these cases be furnished me at once, and I desire to secure permission for awarding the contract so as to eliminate the delays incident to advertising, public letting, etc. The form of contract, plans and specifications and estimated cost of \$11,000 has been approved by the Bureau of Contract Supervision of the Board of Estimate and Apportionment. There are but few firms who will estimate or bid on this work and as I can obtain their bids or estimates without advertising I feel sure that I can do as well and obtain as low a price in this manner as if the matter was advertised publicly. My experience in the past has demonstrated to me that as good results can be obtained this way as by public letting, and owing to the urgent need of this equipment I desire that permission be given me at the earliest possible moment.

Trusting that your Board will approve this application, I am,

Yours respectfully,

ALEX DUJAT, County Clerk.

#### To the Board of Estimate and Apportionment:

As a result of an examination of various corporate stock funds made by the Bureau of Contract Supervision, it was disclosed that there remained unencumbered balances in many accounts which were no longer required for the specific purposes for which they were authorized, due either to excessive appropriations, the completion of the work, or to the abandonment of the purpose. Accordingly the heads of those civic divisions having within their control the expenditure of corporate stock funds were requested to submit a statement indicating those balances which were no longer required.

In response to these requests, communications have been received which relinquished for rescindment or transfer amounts aggregating \$877,414.20, as set forth in the following statement:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment on March 2, 1917, recommending that the Board of Aldermen, acting under the general authority of chapter 215 of the Laws of 1916, authorize the appropriation and expenditure of the sum of five hundred dollars (\$500) as New York City's subscription, for the year 1917, to the expenses of the New York State Conference of Mayors and Other City Officials and its Bureau of Municipal Information; said amount to be charged to the Contingent Fund of the Board of Estimate and Apportionment for the year 1917.

#### Board of Estimate and Apportionment, The City of New York:

Gentlemen—A communication from the State Bureau of Municipal Information of the New York State Conference of Mayors and Other City Officials was presented at the meeting of your board of January 19th and referred to the Comptroller. It suggested the advisability of making financial arrangements for this city's contribution to the association for the year 1917.

The conferences of mayors have proved of much value and the Bureau of Municipal Information is meeting in many ways the demand for a general depository and clearing house of municipal information. It makes researches on a great variety of questions and saves much time and duplication of inquiries and replies on the part of the officials of the associated cities. It follows the progress of legislative bills, but refrains from advocacy of any particular course with reference to these or other matters, confining itself to the presentation of facts and figures. All the large cities of the state and very many of the smaller ones are affiliated. Chapter 215 of the laws of 1916 authorized any city of New York State to make appropriations for this specific purpose from the proceeds of taxation. The contribution for first class cities is five hundred dollars.

It is advised that this city's membership of the last two years be continued in 1917 and that steps be taken to provide funds by the adoption of the attached resolution. Respectfully submitted,  
WM. A. PRENDERGAST, Comptroller.

#### Board of Estimate and Apportionment—Resolution Establishing the Grade of Position of Marble Setters' Helpers in City Departments.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 12, 1917.

#### To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment March 9, 1917, recommending the establishment in all City Departments the grade of position of Marble Setters' Helpers, at the rate of \$3.50 per diem.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto. Respectfully,  
JOSEPH HAAG, Secretary.  
Board of Estimate and Apportionment, Bureau of Personal Service, February 21, 1917.

#### To the Board of Estimate and Apportionment:

Gentlemen—On January 26, 1917, the BOROUGH PRESIDENT OF MANHATTAN requested increase in wages for Marble Setters' Helpers from \$3.25 to \$3.50 per diem. The Bureau of Personal Service reports thereon as follows:

"A copy of an agreement between the Marble Industry Employers' Association and the Compact Labor Club, consisting of Helpers, Riggers or Derrickmen and Crane Operators, associated with the Bricklayers' Union, is submitted. A joint committee of seven employers and eight workmen signed the agreement, which was approved December 20, 1916. Substantially all employers in the marble industry are members of the Association.

"A member of the committee of employers who signed the agreement stated that the rate of \$3.50 per diem has been paid to Marble Setters' Helpers in Greater New York since January 1, 1917.

"The annual cost to the City for the increase requested of 25 cents per diem would be \$75.75. The one Marble Setter's Helper in the City employ is in the Office of the President, Borough of Manhattan."

In view of the above facts, we recommend that the attached resolutions approving the \$3.50 per diem rate for Marble Setters' Helpers, and requesting the head of the City department to provide for the increase, be adopted. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City Departments of the grade of position, in addition to those heretofore established, as follows:

	Rate per Diem.	Number of Incumbents.
Marble Setters' Helper.....	\$3 50	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 9, 1917.  
JOSEPH HAAG, Secretary.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

**Resolution Requesting the Public Service Commission to Hold a Public Hearing to Determine Whether Gas Sold to the Public Conforms to the Established Standard of Illuminating Power and Purity, Also What Amount of Money Should Be Refunded to Consumers.**

By Alderman Gutman—  
Whereas, There have been several complaints made regarding the poor quality of gas sent through fast meters, and

Whereas, Section 522 of the Charter provides that "The gas manufactured, furnished or sold shall be tested with reference to illuminating power, pressure and purity, in a suitable manner and by proper apparatus, at least once a day," and

Whereas, The consumer is compelled to pay exorbitant bills due to these fast meters, and

Whereas, The Public Service Commission Law gives the Commission very broad powers with respect to the supervision of gas and electric companies, and

Whereas, There is a great deal of difference of opinion as to whether the Public Service Commission has not the right to state just what amount of damages must be returned to consumers when meters are shown to be fast; therefore, be it

Resolved, That this Board request the Public Service Commission to hold a public hearing on this matter, so that all the facts may be brought to their attention to determine whether the gas sold to the public conforms to the established standard of illuminating power and purity and to find out how much money should be returned to consumers in excess of the amount actually due the gas company.

City of New York, Department of Health, Office of the Secretary, February 27, 1917.

Board of Aldermen, City Hall, New York City:

Sirs—At a meeting of the Board of Health of the Department of Health held February 27, 1917, the following resolution was adopted:

Resolved, That the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, be and it is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an amount not exceeding the sum of \$14,000, the proceeds whereof to be applied to provide personal service necessary to make sanitary inspections of all institutions in receipt of public funds, including the physical examination of inmates therein.

The reasons submitted to the Board of Health which resulted in this action, are the following:

There was recently inaugurated in the Department of Public Charities a Bureau of Institutional Inspection for the purpose of performing medical examinations and sanitary inspections in the institutions under its jurisdiction in addition to other duties, such as, education, recreation and social needs of the inmates.

The original plan called for medical examinations and sanitary inspections by a medical staff under the immediate jurisdiction of the Department of Public Charities. Inasmuch, however, as the Department of Health since 1916, has been making physical examinations once a year of the children in 84 private and public child-caring institutions, and further, as the functions of the Department of Health are clearly specified under the Public Health Law and the Sanitary Code, the necessity for the presence of physicians of the Department of Health at frequent intervals in these institutions, would, perhaps, indicate that the new institution service as contemplated by the Department of Public Charities, might be met by a similar or moderate increase in the staff of the Division of Institution Inspection of the Department of Health, and thus avoid conflict of medical authority and advice, and at the same time providing the Department of Public Charities with medical inspection of an amount and quality probably superior to what they could demand with their own medical service as proposed.

It was agreed, therefore, that the Department of Health should perform those phases of institution inspection work which referred to the medical examinations and sanitary inspections, leaving to the Department of Public Charities the service dealing with spiritual education, recreation, or social needs of the inmates in these institutions.

The number and character of the institutions which receive public monies, and therefore come under the service proposed, are the following:

**Within the City Limits—**

No. Institutions.	Caring for Children Only.	Caring for Adults Only.	Total.
52	18,829	....	18,829
3	216	846	1,062
6	....	636	636
<b>Outside the City Limits—</b>			
41	10,528	....	10,528
2	....	354	354

A system of inspection to conform to the needs of the Department of Public Charities requires as a minimum 4 sanitary inspections of each institution yearly; 2 primary medical examinations of the inmates and 2 re-examinations of those individuals in whom physical defects have been discovered. This would require additional personal service to that allowed at present for the work as now performed by the Division of Institution Inspection in the Department of Health. The following force would be necessary:

7 Physicians at \$1,260 per annum (part time).....	\$8,820 00
2 Physicians at \$2,280 per annum (full time).....	4,560 00
1 Clerk at \$600 per annum .....	600 00
	<b>\$13,980 00</b>

For the technical character of the work, it would be impossible to secure medical inspectors for part time service for less than \$1,260 per annum; full time service is necessary for the inspections and examinations in the institutions outside the city limits, as the performance of this work precludes the possibility of undertaking any private practice. At the present time, the Department of Health has in its institution service 1 full time medical inspector at \$2,100, and it was difficult to secure this service even at this figure.

We request your consideration and attention for whatever action is necessary to make this resolution effective. Very truly yours,

ALFRED E. SHIPLEY, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, March 12th, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—Your inquiry as to request of the Department of Health for \$14,000 in special revenue bonds for salaries of additional employees necessary to make sanitary inspections of all institutions in receipt of public funds, including the physical examination of inmates therein, received.

The Bureau of Personal Service will recommend to the Committee on Salaries and Grades of the Board of Estimate and Apportionment that the necessary funds for the purpose indicated be transferred from Account No. 3039, the General Accrual Fund, in order to avoid authorization of the issue of special revenue bonds.

Very truly yours,

PAUL LOESER, Assistant Director.

**Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Extension of Time for Use of Special Revenue Bonds, \$2,550, for the Repair of Buildings in Central Park.**

The Committee on Finance, to which was referred on March 1, 1917 (Minutes,

page 621) a request of the Park Commissioner, Manhattan and Richmond, for an extension of time for use of Special Revenue Bonds for the repair of various buildings in Central Park, respectfully

**REPORTS:**

That upon the request of the Commissioner of Parks, Manhattan and Richmond, and the urgent necessity due to inability to make repairs in the time specified, the Committee is of the belief that the request should be granted and recommends the adoption of the accompanying resolution.

Resolved, That the following resolution adopted March 7, 1916, and effective March 21, 1916:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty-three thousand five hundred and fifty dollars (\$23,550), the proceeds whereof to be used by the Department of Parks, Manhattan and Richmond, for the purpose of defraying cost of repairs to various buildings in Central Park. All obligations hereunder to be incurred before December 31, 1916."

—be and the same is hereby amended by striking therefrom the figures "1916" and inserting in lieu thereof the figures "1917," so that the amount of two thousand five hundred and fifty dollars (\$2,550) may be applied to the estimated cost of necessary repairs to the Arsenal Restaurant in the Central Park.

**Report of the Committee on Finance in Favor of Filing Request of the President, Borough of Queens, for Special Revenue Bonds, \$128.40, to Provide for Increases in Pay of Electricians.**

The Committee on Finance, to which was referred on March 1, 1917 (Minutes, page 629), the annexed request of the President of the Borough of Queens for special revenue bonds, \$128.40, to provide for increases in pay of electricians, respectfully

**REPORTS:**

That, basing its conclusions on the annexed report of the Bureau of Personal Service, which states "Funds will be available from Salary and Wage Accruals," the Committee recommends the request be placed on file.

FRANCIS P. KENNEY, WM. P. KENNEALLY, JOHN T. EAGAN, JOHN DIEMER, F. H. STEVENSON, HENRY H. CURRAN, FRANK A. CUNNINGHAM, ROBERT L. MORAN, CHARLES DELANEY, MICHAEL STAPLETON, Committee on Finance.

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 21, 1917.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—On February 16, 1917, the Board of Estimate and Apportionment adopted a resolution in accordance with the provisions of section 56 of the Greater New York Charter fixing the per diem rate of Electricians employed in the various City departments at \$5 per diem.

At the time the resolution was adopted, a further resolution was approved requesting the heads of City departments, in which Electricians are employed, to provide for the compensation of such workmen beginning January 1, 1917, at such rate, by the transfer of funds or the application for an issue of special revenue bonds for the amount necessary.

There are two such employees in this department. At this time I have in mind no manner of providing for the compensation contemplated except by an issue of special revenue bonds and I accordingly request that your Board authorize the issuance of such bonds to the extent of \$128.40, to provide for such compensation at an increase of 20 cents per day for 277 days from January 1, 1917, to December 31, 1917.

Very truly yours, MAURICE E. CONNOLLY, President of the Borough of Queens.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Personal Service, March 10, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen, City:

Dear Sir—Replying to your communication of recent date, relative to the request for issue of \$128.40 special revenue bonds for the office of the President, Borough of Queens, I submit as follows:

This request—your number 1337—is for the purpose of providing funds, in compliance with the resolution of the Board of Estimate and Apportionment, increasing the rate of pay of Electricians from \$4.80 to \$5 per day.

In the 1917 budget, provision was made for two employees in a total of 642 days. This amount is considered ample for the current work of the department at the present time; and the existing schedules can be modified by the reduction of the days allotted in order to pay the increased rate.

As it is the policy of the Board of Estimate to avoid, as far as possible, the issue of special revenue bonds, I would suggest that no action be taken at the present time. Later on this year, funds will be available from "Salary and Wage Accruals" to replenish these line schedules.

Very truly yours,

PAUL LOESER, Assistant Director.

**Report of the Committee on General Welfare in Favor of Filing Resolution Recommending to the Legislature the Adoption of the Ottinger-Ellenbogen Bill Relative to a Transfer of Powers to the Public Service Commission.**

The Committee on General Welfare, to which was referred on January 9, 1917 (Minutes, page 84), the annexed resolution recommending to the Legislature the adoption of the Ottinger-Ellenbogen bill relative to a transfer of powers to the Public Service Commission, respectfully

**REPORTS:**

That owing to the lack of interest by the introducer in this matter the Committee believes no action is desired and recommends the resolution be placed on file.

Whereas, The Board of Estimate and Apportionment has under consideration plans for the removal of the tracks at grade of the New York Central Railroad on the west side of Manhattan; and

Whereas, Certain portions of these plans affecting the Riverside Drive district are unsatisfactory and inimical to the interests of the taxpayers of the City of New York and the residents of the West Side bordering on Riverside Park; and

Whereas, Under the enabling act of 1911 the Board of Estimate does not possess sufficient power to enter into a binding contract with the New York Central Railroad; and

Whereas, The Public Service Commission alone has inherent control over existing right, and

Whereas, The Board of Estimate has control only over additional right, and

Whereas, There is now pending in the Legislature at Albany a bill known as the Ottinger-Ellenbogen Bill, for the transfer of jurisdiction from the Board of Estimate and Apportionment to the Public Service Commission over the plans for the removal of said tracks in so far as they affect existing rights, and

Whereas, This Board believes that the best interests of the people of the West Side and of the City of New York require such transfer of jurisdiction; now, therefore, be it

Resolved, That the Board of Aldermen recommend to the Legislature of the State the passage of this Ottinger-Ellenbogen Bill, being Senate Introductory No. 9 and Assembly Introductory No. 6.

**Report of the Committee on General Welfare in Favor of Filing an Ordinance Amending the Code of Ordinances Relating to Street Fires.**

The Committee on General Welfare, to which was referred on January 23, 1917 (Minutes, page 194), the annexed ordinance to amend section 6 of article 1 of chapter 12 of the Code of Ordinances, relating to street fires, respectfully

**REPORTS:**

That this matter was submitted to the several Borough Presidents for their respective opinions, and it is generally conceded that the provisions as to fees is rather extreme.

The Committee feels that too great a tax burden is now upon the public and does not favor adding to that burden.

It, therefore, recommends the ordinance be placed on file.

AN ORDINANCE to amend section 6 of article 1 of chapter 12 of the Code of Ordinances, relating to street fires.

*Be it Ordained by the Board of Aldermen of The City of New York as follows:*

City of New York, Office of the Mayor, February 19, 1917.

To the Honorable the Board of Aldermen:

Gentlemen—In further reference to proposed Resolution No. 1134, I would suggest that your Honorable Board consider the advisability of giving any space to non-official organizations in the City Hall. It has been pointed out that rooms not used should be occupied by public officials using space in the Municipal Building or paying rent to private owners. Would it not be possible for you to arrange for the Spanish War Veterans to use part of the Civil War Veteran room?

Respectfully,

JOHN PURROY MITCHEL, Mayor.

HARRY ROBITZEK, Chairman; FRANK T. DIXSON, JAMES R. FERGUSON, WILLIAM T. COLLINS, ALEXANDER BASSETT, CHAS. H. HAUBERT, Committee on General Welfare.

February 26th, 1917.

To the Members of the Board of Aldermen:

The movement in The City of New York for the reduction of the cost of living, called forth demands which you, as the Board of Aldermen, ought to take up.

The Mothers' Anti-High Price League through its committee, appeared before the Board of Estimate on February 23rd, and asked that the City appropriate the sum of \$1,000,000 or more for the purpose of establishing markets to sell food stuffs at cost. The Board of Estimate passed resolutions calling upon the State Legislature to amend the City Charter so that the City may be enabled to appropriate funds for the establishing of markets.

At the same time it appealed to Congress, and the President of these United States, that an appropriation be made by Congress to establish such stores which shall sell only to cities that will undertake to sell to its people at cost. A bill to that effect has been introduced. The Mothers' Anti-High Price League has also called upon Congress to direct by law the Interstate Commerce Commission to order freight carrying railroads of the country to give precedence to foods. A resolution to that effect has also been introduced in Congress.

We ask you to petition the Legislature, and immediately amend the Charter of The City of New York, and request the Governor to sign such bill forthwith, and also petition Congress to act favorably.

May we ask for furthermore to appoint a committee or committees to appear

before the State Legislature and the Congress of United States, urging the passage of these bills.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their spoliary removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser, and the City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

The material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a sale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
