on January 12, 2009.

Jackie Snyder
Executive Director

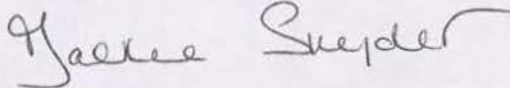

January 12, 2009

CERTIFICATE 23380

RESOLVED That the Design Commission, having considered designs for the reconfiguration of the roadway and installation of security devices as Phase I of the reconstruction of Park Row and Chatham Square, Frankfort Street to Catherine Street, Manhattan, submitted by the Department of Design and Construction, the Department of Transportation and the Economic Development Corporation, represented by exhibits 4174-AV, AW & AX of record in this matter, hereby gives to the same unanimous final approval subject to the submission of accurate lighting plans and the resolution of the curbing material around Chatham Square.

Consistent with the conditions of preliminary approval of Phase I, approval is also given with the understanding that the team will submit designs for Phase II for preliminary review at the February 2, 2009 meeting that have a cohesive and urban character, including (1) treating the landscape in a more consistent character based on a clear aesthetic theme with less emphasis on red in the furnishings; (2) clarifying the ownership of the lawn adjacent to Chatham Green to determine if trees and low-growing grass (instead of lawn) can be planted; (3) studying the area underneath the ramp, and planting the wall behind it; (4) including wayfinding signage, which should be coordinated with DOT; and (5) addressing the paving, as the dark asphalt block is too pervasive, and providing samples to show the color, which should be light, as well as a clear and comprehensive materials plan that specifies all paving, curbing, site furnishings and plantings.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

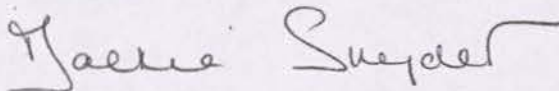

January 12, 2009

CERTIFICATE 23384

RESOLVED That the Design Commission, having considered designs for the installation of streetscape improvements and the construction of an on-street segment of the South Bronx Greenway, Hunts Point Avenue from Garrison Avenue to Spofford Avenue and Spofford Avenue from Hunts Point Avenue to Tiffany Street, Bronx, submitted by the Economic Development Corporation, the Department of Parks & Recreation and the Department of Transportation, represented by exhibits 3394-CW, CX, DA & DB of record in this matter, hereby gives to the same unanimous preliminary and final approval to the design that maintains the existing 6" H curb (instead of increasing the height to 18") along the Spofford Avenue medians, each of which should also include salt-tolerant plants and hose connections to allow for manual irrigation. Commissioner Nielsen recuses herself from this project.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

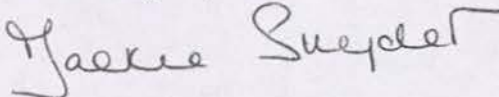

January 12, 2009

CERTIFICATE 23385

RESOLVED That the Design Commission, having considered designs for the conversion of a building for use by NYC Transit, 1745 Bathgate Avenue, Bronx, submitted by the Economic Development Corporation, represented by exhibits 6938-A, B & C of record in this matter, hereby gives to the same unanimous preliminary and final approval to the design that replaces the windows in-kind and eliminates the window grilles with the understanding that that Economic Development Corporation will coordinate with the Parks Department to ensure that the empty tree pits on the site are planted, consistent with the City's Million Trees initiative.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by the Design Commission at its meeting on January 12, 2009.

Jackie Snyder
Executive Director

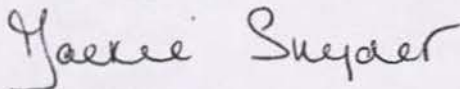

January 12, 2009

CERTIFICATE 23386

RESOLVED That the Design Commission, having considered designs for the construction of a rooftop park, Site A, Yankee Stadium, East 161st Street, Ruppert Place, East 157th Street, Major Deegan Expressway and Macombs Dam Bridge off-ramp, Bronx, submitted by the Economic Development Corporation and the Department of Parks & Recreation, represented by exhibits 4052-CG, CL & CM of record in this matter, hereby gives to the same unanimous final approval with the understanding that (1) all brick at the park level will match the brick on the garage structure, and (2) the Ruppert Place and Heritage Field projects, which should (a) reflect the two perforations sizes and paint colors along the pedestrian ramp and associated handrails and (b) include a revised pylon proposal that functions as wayfinding, will be submitted for preliminary review on April 6, 2009.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

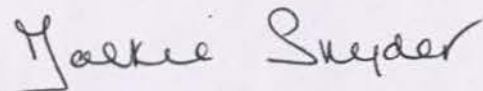

January 12, 2009

CERTIFICATE 23388

RESOLVED That the Design Commission, having considered designs for the construction of a parking lot and adjacent site work, including the installation of a distinctive sidewalk and security devices, Citi Field (Mets Stadium), Flushing Meadows Corona Park, Northern Boulevard, Roosevelt Avenue, 126th Street and Grand Central Parkway, Queens, submitted by the Department of Parks & Recreation, represented by exhibits 2103-UM, UU, UV & UW of record in this matter, hereby gives to the same unanimous final approval subject to the submission of (1) revised final CDs that eliminate the chainlink fencing, utilizing a security fence and a decorative fence detailed to match, remove the single line of cobble to either side of the rootball in detail 3 on sheet L4-0, and properly identify the bike rack on sheet SD2-4; (2) an alternative to the fiberglass bollard sleeves, which will not be used; (3) more detailed information on the process by which text for the paver program will be vetted; and (4) a written update on the stadium signage.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

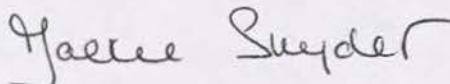

January 12, 2009

CERTIFICATE 23389

RESOLVED That the Design Commission, having considered designs for the construction of a golf course, Ferry Point Park, Balcom Avenue, Miles Avenue, Whitestone Bridge approach, the East River, Bronx, submitted by the Department of Parks & Recreation, represented by exhibits 2227-BR, BS & BT of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that (1) the 100% submission (received January 8, 2009) is consistent with the 90% drawings, except for minor revisions to the plant list; (2) the Parks Department will submit the ancillary buildings, including the comfort station, maintenance building and rain shelters, responding to all of Commissioner Polshak's feedback to date, for preliminary review on February 2, 2009; and (3) the Parks Department will select an architect for the clubhouse from the Design Excellence list to ensure the highest standards of design for the building, which needs to be properly coordinated with the design of the ancillary buildings. Commissioner Milstein recuses herself from this project.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

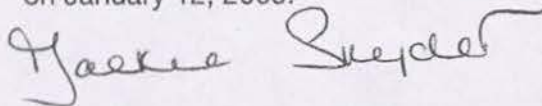

January 12, 2009

CERTIFICATE 23390

RESOLVED That the Design Commission, having considered designs for the reconstruction of an artificial turf field, Asphalt Green Recreation Center, 555 East 90th Street, Manhattan, submitted by the Department of Parks & Recreation, represented by exhibits 2343-AB, AC, AD & AE of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that artificial turf is acceptable in this very limited application (as an active sports field) provided that, in addition to offsetting any heat gain caused by the artificial turf by using light infill, as proposed, the Parks Department will, in all such applications, shade the turf and maximize it for stormwater infiltration to the extent possible.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

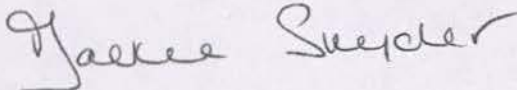

January 12, 2009

CERTIFICATE 23391

RESOLVED That the Design Commission, having considered a treatment proposal for the conservation of the Robert Ray Hamilton Fountain (1906), including designs for the reconstruction of the adjacent plaza, Riverside Park, Riverside Drive and West 76th Street, Manhattan, submitted by the Department of Parks & Recreation, represented by exhibits 83-O, P & Q of record in this matter, hereby gives to the same unanimous preliminary approval subject to the submission of drawings and models for recarving the eagle's beak for approval by the Conservation Advisory Group before any work on the beak begins, since bird beaks can be difficult to recarve and secure.

Preliminary approval is conditioned upon submission of this project for final review and approval before January 12, 2011.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

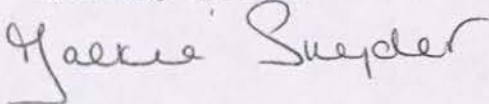

January 12, 2009

CERTIFICATE 23392

RESOLVED That the Design Commission, having considered designs for the installation of streetscape improvements as part of the Greenpoint and Williamsburg waterfront, North Third Street and the East River adjacent to 184 Kent Avenue, Brooklyn, submitted by the Department of Parks & Recreation, the Department of Transportation and the Department of City Planning, represented by exhibits 6899-W, X, Y & Z of record in this matter, hereby gives to the same unanimous preliminary and final approval with understanding that the Parks Department will reconsider the use of *Pennisetum alopecuroides* at the waterfront applications, as it may not withstand the elements.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

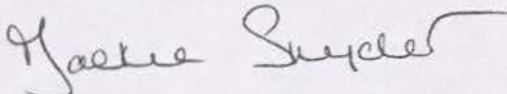

Jackie Snyder
Executive Director

January 12, 2009

CERTIFICATE 23394

RESOLVED That the Design Commission, having considered designs for the installation of a Channel 16 monopole, including two ancillary trailers and adjacent site work, 40 Storer Avenue, Staten Island, submitted by the Department of Information Technology & Telecommunications, represented by exhibits 6927-A, B, C, & D of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that (1) the Wiesner Brothers Nursery will be doing the landscape work and provided a two-year warranty for all plant material; (2) the work will be done in accordance with the plan and instructions provided; and (3) the landscape work will be completed in the last week of April 2009, at which time DoITT will submit for committee review and approval a minimum of eight 8" x 10" color archival-quality photographs to confirm that the work was completed as approved.

A true copy of resolution adopted by

RESOLVED That the Design Commission, having considered designs for the installation of prototypical signage, Rego Park Community Library, 91-41 63rd Drive, Queens, submitted by the Queens Library, represented by exhibits 3965-K, L, M, N & O of record in this matter, hereby gives to the same unanimous preliminary and final approval.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by the Design Commission at its meeting on January 12, 2009.

Jackie Snyder
Executive Director

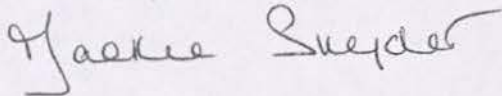

January 12, 2009

CERTIFICATE 23396

RESOLVED That the Design Commission, having considered designs for the reconstruction of the Arverne Community Library, including the installation of prototypical signage, 312 Beach 54th Street, Queens, submitted by the Queens Library, represented by exhibits 6318-G, H, I, J & K of record in this matter, hereby gives to the same unanimous preliminary and final approval.

Final approval is conditioned upon commencement of work before January 12, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by the Design Commission at its meeting on January 12, 2009.

Jackie Snyder
Executive Director

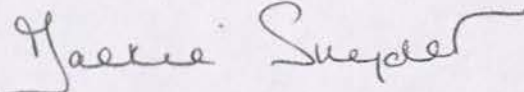

January 12, 2009

CERTIFICATE 23397

RESOLVED That the Design Commission, having considered designs for the reconstruction of the Kew Gardens Hills Community Library, including the construction of an addition, 72-33 Vleigh Place, Queens, submitted by the Department of Design and Construction, represented by exhibits 6937-A, B, C, D & E of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) the oversized roofline lettering will be revised to wrap the corner with "Queens" added on the north elevation and "Library" remaining on the west elevation; and (2) Boston (not American) Ivy will be planted at the green wall. The Commission commends the design.

Preliminary approval is conditioned upon submission of this project for final review and approval before January 12, 2011.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

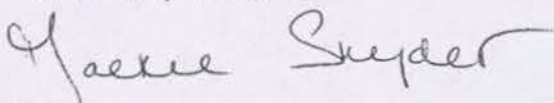

January 12, 2009

CERTIFICATE 23398

RESOLVED That the Design Commission, having considered designs for the installation of streetscape improvements, including the construction of two triangles, northwest corner of East Houston Street and Avenue A and the northwest corner of East Houston Street and Avenue D, East Houston Street from Bowery to the FDR Drive, Manhattan, submitted by the Department of Design and Construction, the Department of Transportation and the Department of Parks & Recreation, represented by exhibits 6674-H, I, L, M & N of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) the granite curb, which was installed on West Houston Street between Sixth Avenue and Bowery, will be included as the only add-alternate for this project with the goal of treating this major east-west thoroughfare consistently; (2) street trees will be maximized, consistent with the City's Million Trees initiative; (3) any changes required by the Fire Department will be submitted for committee review prior to developing final drawings; and (4) the plant list will be vetted to ensure that seasonal, flowering plants, specifically rosebushes, are used.

Preliminary approval is conditioned upon submission of this project for final review and approval before January 12, 2011.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

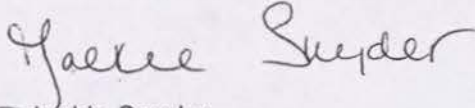

January 12, 2009

CERTIFICATE 23400

RESOLVED That the Design Commission, having considered designs for the construction of a park (Gas Tank Park), including a comfort station, Phase II, 79th Street between Grand Avenue and 57th Avenue, Queens, submitted by the Department of Parks & Recreation represented by exhibits 6809-G, H, I & L of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) artificial turf is appropriate in this very limited application (as an active sports field), where DPR will (a) offset any heat gain by using light infill, as proposed, and shading the turf to the extent possible, which should be reflected in all site plans; and (b) utilize the artificial turf for stormwater infiltration by locating it at a lowpoint in the site, as shown, and installing an 18" H gravel base to collect and filter stormwater; (2) vines will be planted to climb the stuccoed façades of the existing building; (3) the placement of the water jets adjacent to the lawn will be studied to ensure that the lawn will not become mud; (4) the maintenance of the plant material will be carefully considered in the slide area; (5) the coping on the comfort station will be pre-cast concrete to match the brick (rather than metal), and if cost is an issue, the number of openings can be reduced; and (6) revised materials will be submitted for committee review and approval at the schematic level for review prior to developing final drawings. The Commission also reiterates that the siting and design of the memorial should be in keeping with the contemplative nature of the park, and the memorial itself should either be a landscape solution or follow the paradigm of Maya Lin's *Vietnam War Memorial*, as the City did with the Flight 587 memorial.

Preliminary approval is conditioned upon submission of this project for final review and approval before January 12, 2011.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

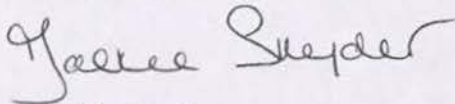

January 12, 2009

CERTIFICATE 23401

RESOLVED That the Design Commission, having considered designs for the reconstruction of Cadman Plaza, Phase II, including the reconstruction of Walt Whitman Park, Cadman Plaza East, Red Cross Place and Adams Street, Brooklyn, submitted by the Department of Parks & Recreation, represented by exhibits 6589-N, O, P & R of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) the fountain text will be properly edited, utilizing a consistent and appropriate reference methodology, and then laid out by a graphic designer; (2) a title (the number "7") will be included for the excerpt from "Crossing Brooklyn Ferry"; (3) the layout and font will be matched at scale, and not altered in any way by the stone carver; (4) the text for the historic marker will be rewritten in consultation with the Brooklyn Historical Society to highlight Whitman's connection to Brooklyn, and specifically to this site; and (5) a standard Parks Department sign, such as those at Madison Square Park, will be used for the marker instead of the stele.

Preliminary approval is conditioned upon submission of this project for final review and approval before January 12, 2011.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director

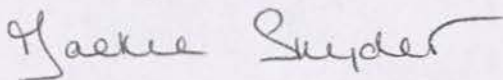

January 12, 2009

CERTIFICATE 23403

RESOLVED That the Design Commission, having considered designs for the restoration of the shoreline, Concert Grove and Music Island as Phases II and III of the construction of Lakeside Center and adjacent site work, Lincoln Road and Parkside Avenue, adjacent to East Lake Drive, Prospect Park, Brooklyn, submitted by the Department of Parks & Recreation and the Prospect Park Alliance, represented by exhibits 3344-L, M & N of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) the Alliance will consider alternatives to the bluestone proposed at the water's edge; and (2) Phase I will be resubmitted within the next two months. The Commission commends the restoration of the historic landscape.

Preliminary approval is conditioned upon submission of this project for final review and approval before January 12, 2011.

A true copy of resolution adopted by
the Design Commission at its meeting
on January 12, 2009.

Jackie Snyder
Executive Director
