## BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, COUNCIL CHAMBER, CITY HALL, TUESDAY, DECEMBER 22, 1903.

The Board met in pursuance of an adjournment.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President, Board of Aldermen; Jacob A. Cantor, President, Borough of Manhattan; J. Edward Swanstrom, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Cassidy, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

Hon. Seth Low, Mayor, presiding.

The minutes of meetings held October 12, 14, 15, 19 and 22, 1903, were approved as printed, and the reading of the minutes of meetings held October 31, November 13 and 20, December 1, 4, 11 and 18, 1903, was dispensed with.

The Mayor presented the following communication from Messrs. Carrere & Hastings, requesting the Board to reconsider its action taken on the 18th instant in rejecting all bids for the book stacks for the New York Public Library:

CARRERE & HASTINGS, ARCHITECTS,  
No. 28 EAST FORTY-FIRST STREET,  
NEW YORK, December 21, 1903.

Board of Estimate and Apportionment, City Hall, New York:

GENTLEMEN—Having had time to fully consider the situation which has developed with regard to the award of the contract for the book stacks at the New York Public Library, and which was fully discussed at your last meeting, we write to request that your Board reconsider its action and approve the specifications and contract as suggested by the opinion of the Corporation Counsel and award the contract to Messrs. Snead & Co.

On the very complete report which was presented for the consideration of your Board, and after a very full hearing on the matter, the contract was awarded by resolution to Messrs. Snead & Co., and this action was only reversed because of a technicality which had not been complied with. Our reason for asking that you will reconsider the matter and award the contract, as you seemed willing to do, to Messrs. Snead & Co., is owing to the fact that the technicality is of such a nature as to in no way impair or affect the fairness and completeness of the competition, of the character of the bids, of the models or of any feature connected with this entire matter. The specifications and contract have been passed upon by every official, expert or other person to whom they would have been otherwise submitted, including the Engineer of the Finance Department, and the only irregularity is in the manner of their transmission—in that they were not submitted to your Board and subjected to the formality of an approval which would not have carried with it any other examination or study of the problem than it has already received.

The question of fairness to Messrs. Snead & Co., and incidentally to the library, in rejecting these bids, was fully discussed, and yet the decision which the Board has taken on this technicality, because protests had been entered, have accomplished no purpose other than to give the disappointed bidders another chance to estimate.

As we believe that it will be very much to the advantage of the City to award the contract on the present bidding, and, as has been unanimously recommended, to Messrs. Snead & Co. on the merit of their proposal, we respectfully request that the matter be reconsidered, that the formality of an approval of the specifications be complied with by your Board, and that the contract be awarded to Messrs. Snead & Co.

Yours very truly,  
CARRERE & HASTINGS.

The President of the Board of Aldermen moved that the Board reconsider the vote by which the resolution rejecting all bids was adopted on the 18th inst.

The Comptroller moved that such motion lie on the table until the next meeting of the Board, and that the parties in interest be notified of the pendency of the motion.

The Comptroller's motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond—15.

President Borough of Queens not voting.

The President of the Borough of Manhattan presented a resolution providing for an issue of Corporate Stock to the amount of \$800,000 to provide means for the construction of a new Court-house and Prison for the Third District Magistrates' Court.

Referred to the Comptroller.

The Secretary presented the following report of the Engineer of the Department of Finance relative to the terms and conditions of the proposed contract for the final disposition of rubbish and light refuse in the Borough of The Bronx, for a period of five years:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
December 9, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Hon. John McGaw Woodbury, Commissioner of Department of Street Cleaning, addresses the Board of Estimate and Apportionment, December 8, 1903, in which he says:

"I transmit herewith for approval by your Board of the terms and conditions thereof a proposed contract, in triplicate, approved as to form by the Corporation Counsel, under section 544 of the Greater New York Charter, for the final disposition of rubbish in the Borough of The Bronx for the period of five (5) years.

"The work proposed to be done under this contract is for the economical and sanitary disposition of all that light rubbish and refuse, other than ashes, street sweepings and garbage collected by this Department or those having permission from this Department, and delivered at the plant of the contractor, and the form and manner of the work provided for therein and the conditions of the same are such as have resulted from a thorough study of the situation in that borough and its requirements. I also enclose a copy of the same form for the files of your Board."

The form of contract is drawn with care and has received the approval of the Corporation Counsel as to form.

By the advertisement the contract is to be for five (5) years.

The amount of security required is \$5,000.

The contractor shall have the right to appropriate the valuable portions of the rubbish.

Each bid must state the price to be paid by the bidder to the City per annum during the period of the contract.

Each bid is to be accompanied by a certified check for 5 per cent. of the amount to be paid in any one year.

The Commissioner reserves the right to select from the bids the one which in his judgment will best secure the efficient performance of the work.

The contract provides for the final disposition by the contractor of the light refuse and rubbish, other than ashes, street sweepings and garbage collected in the Borough of The Bronx by carts of the Department of Street Cleaning, or by private carts authorized by the Department.

The work under the contract limited to built-up parts of the borough and increased from time to time whenever such built-up portions or their output of rubbish is increased, but within the limitation at all times of the appropriation for horses, carts and stables made therefor by the Board of Estimate and Apportionment.

The Department to deliver to the contractor at places named all the rubbish so collected, which will be received and finally disposed according to law and the specifications.

The period of the contract to be five (5) years from the execution and delivery thereof, work to be begun on or before the expiration of four calendar months from said date.

The contractor to pay the City in twelve equal monthly payments in advance. The contractor not to assign the work without previous written consent of the Commissioner.

By the specifications the term "rubbish" to be taken to mean and intend all the light refuse and rubbish, other than ashes, street sweepings and garbage collected and delivered, as before stated.

The contractor to obtain from the United States Supervisor of the Harbor the necessary permission before any boat or vessel used in the work is removed from any dumping place; he is not to use any slip adjacent to said dumping place for business; the rubbish to be disposed of in a manner not prejudicial to public health; no place other than aforesaid to be used for discharge or unloading of rubbish, except by permission of the Commissioner; all scows, carts, etc., used to be constructed so as to prevent any part from falling into or defiling streets, etc., of the City; the rubbish, if taken in scows or other receptacles, to be removed within twenty-four hours, unless the Commissioner shall amend in writing the time for such removal; all labor to be furnished by the contractor; the contractor to repair any damage done to any dock used for dumpage at his own expense; contractor to receive and dispose of such rubbish as may be delivered to him by the Department of Docks; to install and maintain telephone system; the contractor to put and keep in operation and working order plant of capacity to dispose of 15,000 cart loads per annum; the contractor may remove the rubbish herein provided for to places outside the Borough of The Bronx, or outside the City of New York.

The contractor shall not assort, pick over or remove or appropriate any bones, fats or other refuse of organic nature, as these materials are already disposed of by an existing contract. But said organic matter, so called, shall not include paper, rags, rope, wood or other fibrous substances and metals.

The contract is full, and in my opinion may be approved by the Board of Estimate and Apportionment as to its terms and conditions, as required by section 544 of the Charter.

Respectfully,  
EUG. E. McLEAN, Engineer.

The Secretary presented a communication from the Department of Street Cleaning requesting a bond issue for the purchase of new stock or plant, and also an additional appropriation over that allowed in the Budget for the year 1904.

Referred to the Comptroller.

The Secretary presented the following report of the Engineer of the Department of Finance relative to the contract for the removal of snow and ice in the Borough of The Bronx:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,

December 28, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Hon. John McGaw Woodbury, Commissioner, Department of Street Cleaning, in communication to the Board of Estimate and Apportionment December 22, 1903, says:

"As advertised, according to law, bids were opened in this office on the 22d inst. for a contract for the removal of snow and ice in the Borough of The Bronx, as follows:

"William Bradley, 16 cents per cubic yard.  
"Rawling & Farley, 19 cents per cubic yard.  
"Thomas Crimmins, 20 cents per cubic yard.

The Secretary presented the following report of the Engineer of the Department of Finance, relative to the extension of time for the commencement of the contract with the American Railway Traffic Company of Brooklyn, for the final disposition of ashes, street sweepings and rubbish in the Borough of Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
December 29, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In regard to the attached communication from the Commissioner of Street Cleaning, dated December 24, 1903, requesting an extension of the time of the commencement of the contract with the American Railway Traffic Company of Brooklyn, for the final disposition of ashes, street sweepings and rubbish, I would report:

From an examination made by one of my assistants, it would appear that seven of the stations would be ready for operation by February 1, 1904, and that if work was pushed on the remaining six they could be completed by April 1.

There has been much delay in the past, but the work at present on six of the stations (besides the one already completed) is being pushed, and I believe it to be in the interest of the City that the contract be extended, as requested by the Commissioner, it being understood that each station as soon as completed shall be put in immediate operation.

Respectfully,  
EUG. E. McLEAN, Engineer.

DEPARTMENT OF STREET CLEANING,  
NEW YORK, December 24, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

SIR—I have the honor to herewith transmit copy of a request from the American Railway Traffic Company of Brooklyn, New York, for an extension of time for the completion of their contract until April 1, 1904. As will be seen from their re-

quest, they have shown bona fides in the construction of their receiving stations, one of which has been in satisfactory operation since the 1st of December, and three more of which are almost ready for operation.

Therefore, I cordially endorse and heartily approve this request for extension, on condition that at least seven of the stations shall be completed and in operation on or before February 1, 1904, and the remaining stations, six in number, shall be completed on or before April 1, 1904.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

AMERICAN RAILWAY TRAFFIC COMPANY, BROOKLYN, N. Y.,  
December 23, 1903.

Mr. J. McGAW WOODBURY, Commissioner Street Cleaning, New York:

DEAR SIR—We have progressed the work undertaken by this company in connection with carrying out the contract made between H. Milton Kennedy and the Department of Street Cleaning, as follows:

#### Receiving Stations.

Of the thirteen (13) sites, twelve (12) have been secured and approved by you. The remaining site is at Greenpoint, where we have submitted three (3) locations, none of which was accepted, and now we expect within the present week to secure a site on Manhattan avenue, near Driggs avenue, which you have indicated as being acceptable. We have met with considerable unforeseen trouble in securing suitable real estate at several points.

On the station buildings we have to report as follows:

Station No. 1—Thirty-eighth street and Fourth avenue, has been in satisfactory operation since December 1.

Station No. 2—Hopkins avenue, between Marcy and Nostrand avenues, nearly completed; will be completed January 10.

Station No. 3—No. 224 Adams street, nearly completed; will be completed January 10.

Station No. 4—Third street and Third avenue, nearly completed; will be completed January 15.

Station No. 5—Herkimer street and Kingston avenue, foundation under way; will be completed February 1.

Station No. 6—Twenty-second and Vernon avenues, foundation under way; will be completed February 1.

Station No. 7—Ralph and Atlantic avenues, excavating; will be completed February 1.

Station No. 8—East New York, excavating; will be completed February 15.

Station No. 9—Nos. 1457-1459 Gates avenue, construction will begin as soon as you approve plans already submitted; will be completed February 15.

Station No. 10—Johnson street and Bogart avenue, construction will begin as soon as you approve plans already submitted; will be completed February 15.

Station No. 11—Greenpoint, location undetermined, standard building to be used which can be erected in sixty days; will be completed March 15.

Station No. 12—Huntington and Hamilton avenues, construction will begin as soon as you approve plans submitted; will be completed April 1.

Station No. 13—Bergen street, near Vanderbilt avenue, construction will begin as soon as you approve plans submitted; will be completed April 1.

The last two stations must be of brick, which requires a longer time for building.

All mechanical and other factors are in advance of these dates, as follows:

#### Cars.

Twenty-six (26) cars are now ready to be put in service and the balance of cars necessary will be ready by March 1.

#### Steel Ash Bins.

One hundred and eighty (180) are to be delivered between now and December 31, and the balance to be delivered on or before January 15.

#### Electric Traveling Cranes for Stations.

Of the total of twelve (12) cranes, six (6) have already been shipped and the balance are due prior to January 15.

Traveling derrick and cableway is to be ready for operation February 18.

Traveling derrick car will be ready for operation January 7.

We therefore respectfully request time extensions for opening of ash stations, as shown above in detail. It is probable that we can begin taking ashes at each station a few days before it is fully completed.

Respectfully,

(Signed) C. R. VAN ETEN, Superintendent.

The following was offered:

Whereas, The Board of Estimate and Apportionment by resolution adopted July 29, 1903, approved of an extension of five months' time from July 29, 1903, to H. Milton Kennedy on his contract for the final disposition of ashes, street sweepings and rubbish in the Borough of Brooklyn; and

Whereas, Of thirteen disposal stations to be constructed by the American Railway Traffic Company, assignee of H. Milton Kennedy, under its contract for the final disposition of ashes, street sweepings and rubbish, but one has been completed and put in operation, to wit, that at Thirty-eighth street and Fourth avenue;

Resolved, That the contract for the following stations, six in number, be extended to February 1, 1904:

Hopkins avenue, between Marcy and Nostrand avenues; No. 224 Adams street; Third street and Third avenue; Herkimer street and Kingston avenue; Twenty-second and Vernon avenues; Ralph and Atlantic avenues; and that the contract for the following stations, six in number, be extended to April 1, 1904:

East New York; Nos. 1457-1459 Gates avenue; Johnson street and Bogart avenue; Greenpoint, location undetermined; Huntington and Hamilton avenues; Bergen street, near Vanderbilt avenue.

Resolved, That each station, when completed, shall begin operation immediately, whether the time for the completion of such station has expired or not.

Which were adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following communication from the Commissioner of Street Cleaning, requesting the transfer of \$32,000 to the account entitled "Sweeping and Carting," Borough of Brooklyn:

DEPARTMENT OF STREET CLEANING,  
NEW YORK, December 28, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

SIR—I have to request that the sum of nineteen thousand dollars (\$19,000) be transferred from the account of Final Disposition, appropriation of the Department of Street Cleaning, Borough of Brooklyn, for the year 1903, to the appropriation account of Sweeping and Carting, Borough of Brooklyn, for 1903.

Also that the sum of thirteen thousand dollars (\$13,000) be transferred from the account of Sweeping and Carting, appropriation of the Department of Street Cleaning, boroughs of Manhattan and The Bronx, for the year 1903, to the appropriation account of Sweeping and Carting, Borough of Brooklyn, for 1903.

The reason for the above-named transfers is that the balance remaining in the account of Sweeping and Carting, Borough of Brooklyn, is insufficient to meet the expenses of the year.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That the sum of thirty-two thousand dollars (\$32,000) be and the

same is hereby transferred from appropriations made to the Department of Street Cleaning for the year 1903, entitled and as follows:

"Borough of Brooklyn—Final Disposition of Material, Including Cremation or Utilization".....	\$19,000 00
"Boroughs of Manhattan and The Bronx—Sweeping and Carting".....	13,000 00
Total.....	\$32,000 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Department for the year 1903, entitled "Borough of Brooklyn—Sweeping and Carting," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The President of the Borough of Manhattan moved to take from the table the motion of the President of the Board of Aldermen (made at the meeting held December 22) to reconsider the vote by which all bids for the stack work in the New York Public Library were rejected at the meeting held on December 18, 1903.

Which motion was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following communications, relative to said stack work:

THE VAN DORN IRON WORKS COMPANY,  
No. 1793 EAST MADISON AVENUE,  
CLEVELAND, O., December 26, 1903.

Hon. EDWARD M. GROUT, Comptroller, New York City, N. Y.:

DEAR SIR—We have your communication of the 23d, and have given the same careful consideration. We cannot understand how it is possible for your Honorable Board to reverse your decision under the conditions. By adopting a specific specification and offering it for competition you will surely save from one hundred to two thousand dollars, and obtain what you want as well. Inasmuch as your Honorable Board refused to approve the specifications for Contract No. 4 on account of their not being explicit or fully understood by the bidders, we cannot possibly think that you will reconsider and readopt said specifications.

We would further state that upon a conference of this matter with our attorney, he states that if the favorable action of your Board is necessary, first in the adoption of the plans, second, in the adoption of the bids, and third, in the apportionment and providing of money, that an unfavorable action on either of these points breaks the contract rights between the bidders and The City of New York, which cannot legally be renewed under the same advertisement.

In view of all of these facts we feel that there is little necessity of our being personally present. If, however, it is possible for our Mr. Rock to be there, he will do so. If not, we will be present either by letter or by a representative who will present our remonstrances in person to the full Board.

Respectfully yours,

THE VAN DORN IRON WORKS COMPANY.  
J. H. VAN DORN, President.

December 29, 1903.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Board of Estimate and Apportionment on December 18, 1903, adopted the following resolution:

"Resolved, That, in view of the failure to submit the specifications (for public library stack construction) to this Board before the advertisement, the bids be rejected and new competition called for."

We believe this the wording of the resolution, although the draft minutes contain a somewhat different verbiage.

Messrs. Carrere & Hastings, architects, have requested the Board of Estimate and Apportionment to reconsider its said action, and to award, or attempt to award, the contract for said work to Messrs. Snead & Co.

The undersigned hereby protest against any such action by said Board of Estimate and Apportionment, for the following reasons, among others, namely:

First—That the Board has no legal power to make such reconsideration and award, the Board having voted not to approve the specifications, the bids having been rejected, sureties released, and title to the deposits having passed out of the City.

Second—That the whole bidding is illegal and irregular, in that the statutory procedure was not observed and that the specifications were not approved prior to the advertisement for bids; that therefore there are no legal specifications and no legal bids in existence, and that a resolution now passed approving the specifications could not even reinstate and validate the specifications. The Board of Estimate and Apportionment having no greater statutory power to validate bids made upon illegal and invalid specifications, a new bidding is necessary after approving proper specifications. The proceeding, in other words, must be taken de novo.

Third—That the specifications have been so drawn and have been so construed that no competitive bids have been secured as required by law; the entire construction work of the stack room has been absolutely withdrawn from competition and an attempt made to award it without competition as to price to the person submitting the most desirable form of bookcases or shelving as a prize for his design; that a competition between designs of book shelving only, with an \$800,000 contract as a prize, is not such a competition as the statutes regulating the awarding of this contract require; yet no other competition has in fact taken place.

#### First.

The Board of Estimate and Apportionment, having acted once in this matter in a quasi-judicial capacity, has no power now to act again.

It has, under the statute, the power of approving or not approving the specifications and of award or rejection of bids, and having disapproved the specifications and rejected the bids it has no further power. It has clearly no power of reconsideration, or of reinstating rejected specifications or bids, or of reconsideration of the question of award. (Laws of 1897, chapter 556, section 2.)

No Board which has voted to disapprove specifications and to reject and readvertise has any further power in the premises. Boards cannot change their decisions at will. This has been held frequently by the courts of this State.

"Now then, the Dock Department having determined as to the way in which this work should be done, there is no power of alteration; they must go on and finish it, they having exhausted the powers which the law gave them."

Bigler vs. Mayor, 5 Abb. N. C., 66.

See also the case of People vs. Board of Supervisors, 35 Barb. 415, etc.

"I have been forced to come to the conclusion, upon authority, that when this Board (of Supervisors), by a legal quorum of their members, had voted upon a resolution 'concerning the raising of money' under the statute authority to apportion the tax to be raised among the several towns and wards of the County \* \* \* and when this vote had been entered by their Clerk in the book of records so required to be kept by them, they had then exhausted their discretion over that subject; that they had then executed a judicial act; that such act was in effect a judgment final and conclusive as to any power they could exercise over it by way of review or reversal."

At page 416:

"The Commissioners having once passed upon the question, their powers were at an end."

See also People ex rel. Hotchkiss vs. Supervisors, 65 N. Y., at page 227.

"The cases are very numerous and the principle perfectly well settled that where power to do a certain act is conferred upon a certain officer or board of officers, and when action has once been had under the power, it is final and may not be repeated, reversed or annulled by the same officer or body, however erroneous or unjust."

A case just decided in the Appellate Division, November term, reaffirms the doctrine that a board acting under statutory power, having acted, cannot reopen its action.

"Our conclusion, therefore, in the case at bar, is that the Commissioners, having entered their order and made their decision dismissing the relators' claims as to them, functus officio, and thereafter could not reopen the matter with respect to which they had thus already exercised their authority to consider and determine. Whether that determination was made erroneously and in conflict with the proof before the Commissioners, or whether it was made by mistake or inadvertence, the power of the Commissioners having been once exercised, was gone forever."

"It is immaterial whether or not the Commissioners in filing an order, or in otherwise recording their determination in the Comptroller's office, did so pursuant to or in the absence of a statute making provision for such filing, because it appears that they did make a determination of the relators' claim, deciding that it should be dismissed; and having so determined, their power and authority over the claim was exhausted. The question of whether such determination was filed is immaterial."

People ex rel. Belmont vs. Leonard, 87 App. Div. 273.

The rejection of the bids released the deposits and released the sureties, and the Board of Estimate and Apportionment cannot award a contract upon a bid upon which the sureties have been released and the title to the deposits has reverted in the bidder.

See case of Brush Electric Light Company vs. City of Cincinnati, Weekly Law Bulletin, vol. 28, page 30.

"No contract is complete without the mutual assent of the parties, and it is elementary that a refusal to accept, or an acceptance upon terms varying from those offered, is a rejection of the offer, and puts an end to the negotiations unless the party who made the original offer renews it, or assents to the modification suggested. In the case of the Minneapolis and St. Louis Railway Company vs. Columbus Rolling Mill, 119 U. S., 148, the court lays down the rule that when the other party has once rejected the offer it can not afterwards be revived by the mere tender of an acceptance of it. The same principle is also decided in Eliason et al. vs. Henshaw, 4 Wheat. 225."

"It is true that the certificate of deposit runs in the name of the City, yet it is manifestly the money of the plaintiff just as much as though it were in the form of a certified check, unless there be a default on the part of the plaintiff."

#### Second.

The act, Laws of 1897, ch. 556, sec. 2, provides:

"When such contract and specifications and the form of bonds shall have been approved by the Board of Estimate and Apportionment, the Commissioner of Public Parks shall advertise for sealed bids for doing the work, etc."

Is it too much to suppose that if the specifications had been submitted in accordance with the law they would have been amended so as to provide for competitive bids on all the structural work as to which all bidders could compete on equal terms and amended so as to provide for a separate competition as to designs for book shelving, or book cases, instead of withdrawing \$500,000 of structural work from competition and leaving it open for award to the designer of the best bookcase at his own figures without any competition as to price being involved?

But the plans and specifications were not submitted to the Board of Estimate and Apportionment prior to the receipt of bids; therefore the Park Commissioner had no jurisdiction or power to advertise for bids.

There are, therefore, no legal bids which can be received or acted upon, for they were null and void when made.

Only bids called for and made pursuant to the statutory procedure are legally made, and, if the bids are void at the time of making, viz., void at their inception, there is no power in this Board to subsequently validate the bids, whatever effect later action might have upon the plans and specifications.

The authority of the Board to award this contract depends entirely upon compliance with the provisions of the statute.

Subsequent authorizations or approvals by bodies whose authority should have been obtained prior to the advertisement have, except in the case of certain parties acting without notice of the irregularity, uniformly been held of no effect.

"These provisions (of the statute) relate only to contracts which had been previously authorized by the Common Council, not to contracts made without any ordinance therefor."

People vs. Van Nort, 65 Barb., at p. 334.

The Corporation Counsel concludes his opinion as to the irregularities of the Public Library bidding with the following words:

"A departure from the precise order of the various steps may be a mere irregularity which may be cured by subsequent action by the Board of Estimate and Apportionment."

He is very careful not to say that this departure is a mere irregularity, or that it will be cured, only that it may be a mere irregularity which may be cured.

An examination of the cases cited by the Corporation Counsel where trifling irregularities were not allowed to interfere with a payment to a municipal contractor shows that they are cases where the contractor proceeded in good faith without knowledge of any irregularities, and not, as in the present instance, where the irregularities were called to the attention of the contractor and he proceeded at his peril with full notice of the defective nature of his contract.

The Corporation Counsel's statement only applies to cases where innocent parties, ignorant of the irregularities in question, have done work which has been accepted by the City.

As to the fact that Snead & Co., after notice of the irregularity, could not recover on this irregular contract, no matter what ratification was attempted by this Board, the following case should be considered:

"A subsequent ratification cannot make valid an unlawful act without the scope of corporate authority. An absolute excess of authority by the officers of a corporation in violation of law cannot be upheld, and where the officers of such a body fail to pursue the strict requirements of statutory enactment under which they are acting the corporation is not bound. In such cases the statute must be strictly followed, and the person who deals with a municipal body is obliged to see that its charter has been fully complied with. When this is not done, no subsequent act can make the contract effective."

Smith vs. City of Newburg, 77 N. Y., at p. 136.

#### Third.

The subject matter bid upon must be distinctly specified before the bidding or the bidding is void.

This library bidding involved no competitive bidding on construction costs, only a competition of designs, and is therefore void.

There was no opportunity given for competitive bidding or competitive prices on marble and steel structural work aggregating over \$500,000 in cost. This was withdrawn from competitive bidding and subject to the results of a competition of designs of book shelving.

Competitions that do not compete have always been set aside, whether for indefiniteness of specifications or amounts.

Bigler vs. Mayor, 5 Abb. N. C., at pp. 69 and 70.

"If the contract system is to prevail (and it has been the theory of both the municipal and State governments that it should prevail), it is necessary that the contract should be in such form that there shall be what is called competitive bidding. Without intending to insinuate that anything of the kind has occurred in this case, I will call your attention to the classes of frauds which might incidentally and very easily creep into a contract system of this kind \* \* \* There cannot be any competitive bidding in a contract of that description. It is for that reason that in laws regulating contracts there has always been a determination on the part of the Legislature at least to see that the contract should be specific in regard to quantities, and unless it is specific in regard to quantities there cannot be any comparison of bids."

"The statute and ordinance passed in pursuance of the same were intended to establish a system by which work done for and supplies furnished to the City should be the subject of competition and allotted to the lowest bidder for the same, and a substantial compliance with these requirements is essential to carry into effect the object of these regulations."

Petition of Merriam, 84 N. Y., at p. 601.

The subject matter of the competition must be accurately designated.

"This competition is obtained by requiring all bidders to name the price for which the specific article designated will be furnished."

"It is then easy to determine the lowest and best bid for furnishing the same material."

Lake Shore Foundry vs. City of Cleveland, 8 Ohio Cir. Ct., Rep. 573.

Can any one pretend that the requirements of law protecting the public treasury against possible frauds have been adequately complied with in the present instance?

On the contrary, does not the procedure suggest that the whole matter will bear further scrutiny and greater care to protect the City from possible excessive cost upon readvertisement of the bids?

The result of awarding this contract to Snead & Co. might be a terrible misfortune to Snead & Co., for any taxpayer could enjoin all payments to Snead & Co. at any time during the progress of the work, on any or all of the grounds of illegality which have been presented to this Board.

In view of the full notice and the protest made, Snead & Co. would have no standing before the court, except that of a contractor who assumed the work at his peril under a contract, of the illegality and irregularity of which he had full notice prior to entering into it.

Respectfully submitted,

A. HENRY MOSLE, A Taxpayer,  
Library Bureau, Maker of one of the Bids.  
By F. KINGSBURY CURTIS, Attorney.

JOHN G. CARLISLE, of Counsel.

The Mayor ordered a roll call on the question as to whether or not the Board would reconsider its action taken at the meeting of December 18, 1903, in rejecting all bids for the book stacks for the New York Public Library, which resulted as follows:

Negative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Mayor then announced that the action taken at the meeting of the 18th of December in rejecting all bids for stack work and calling for new competition would remain unchanged.

The Secretary presented the following report of the Engineer of the Department of Finance relative to the use of certain patented articles in the construction of the proposed new station house, prison and stable for the Seventy-second Precinct, Borough of Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
December 7, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. F. V. Greene, Police Commissioner, in communication under date of December 2, 1903, requests the passage by the Board of Estimate and Apportionment of a resolution authorizing him to contract for certain articles (as noted in the attached detailed statement) about to be used in the construction of the proposed new station house, prison and stable for the Seventy-second Precinct, on premises on the south side of Lawrence avenue, 300 feet easterly of Third street, Borough of Brooklyn.

Would report that I think the Board of Estimate and Apportionment, pursuant to section 1554 of the amended Greater New York Charter, may properly authorize the Commissioner to use patented articles by inserting in the contract and specifications for said building the following clause:

"Whenever or wherever an article or any class of material is specified by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intending to mean and specify the article or material described, or any other approved by the Architects, equal thereto in quality, finish and durability, and equally serviceable for the purpose for which it is intended."

The Secretary presented the following report of the Engineer of the Department of Finance relative to the bill of Louis Korn for professional services rendered in the construction of the new Hall of Records:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
December 11, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In relation to bill for \$2,472.23 in favor of Louis Korn, for professional services rendered in the new Hall of Records, Centre, Elm, Chambers and Reade streets, 1 per cent. of additional cost of marble amounting to \$247,293—\$2,472.23—would report that I consider this bill excessive. The question of using marble or Keene cement on the side walls of vestibules, halls, corridors, etc., is nothing new. Mr. Thomas, in his original plans, called for marble, but in order to reduce the cost of the building he substituted Keene cement and composition for marble, and instead of making new plans designed it by printing in the plans "Keene Cement" or "Composition." The question before Mr. Korn, which is the subject of his report, was whether marble or Keene cement is more desirable, and if the character of the building warrants the extra expenditure to substitute marble when Keene cement or composition is specified.

His views as an expert should be paid for, and liberally, but, in my opinion, \$500 would be ample compensation.

In support of my opinion I give the compensation paid architects for expert work; \$1,200, Mr. D. Despradelle, Professor of Architecture at the Massachusetts Institute of Technology, Boston, for preparing a programme and passing upon the design and rendering judgment upon the plans for the Administrative Municipal Building, Borough of Brooklyn, building to cost \$1,500,000. Five hundred dollars compensation paid the unsuccessful architect's competition for the Administrative Municipal Building, Borough of Brooklyn.

Respectfully,

EUG. E. McLEAN, Engineer.

CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL,  
November 18, 1903.

JAMES W. STEVENSON, Esq., Secretary of the Board of Estimate and Apportionment:

DEAR SIR—There was referred to this Department on September 16, 1903, by the Board of Estimate and Apportionment, the enclosed claim for two thousand four hundred and seventy-two and ninety-three one-hundredths dollars (\$2,472.93), of Louis Korn, for services performed as consulting engineer in relation to the proposition to substitute marble for Keene's cement in the specifications for the interior work of the New Hall of Records Building, now under construction by John Peirce.

During the time when the question of substituting marble for Keene's cement was under consideration by the committee appointed by the Board of Estimate and Apportionment, of which I was a member, Mr. Korn was requested by me in his capacity as consulting engineer of this Department to thoroughly investigate this matter and report to the committee as to the advisability of making these changes in the specifications for this particular work. He had one conference with the Mayor upon this matter and several with Mr. S. Stanwood Menken of the Hall of Records Commission and also with myself.

The change in the specifications from Keene's cement to marble was finally agreed upon by the committee and authorized by the Board of Estimate and Apportionment on January 16, 1903, and the contract for making the substitution was awarded to John Peirce, after public letting, by the Board of Estimate and Apportionment on May 22, 1903, for the sum of two hundred and forty-seven thousand two hundred and ninety-three dollars (\$247,293).

Mr. Korn's bill for services rendered in connection with the above mentioned work, amounting to \$2,472.93, being one (1) per cent. of the award, is herewith returned to the Board of Estimate and Apportionment for its consideration, with the recommendation that it be paid out of the fund appropriated for the construction of the building.

A copy of Mr. Korn's report, together with copies of other letters bearing upon this subject, is herewith attached.

Yours respectfully,

JACOB A. CANTOR, President.

OFFICE OF LOUIS KORN,  
No. 31 WEST THIRTY-THIRD STREET,  
NEW YORK, December 24, 1902.

Hon. JACOB A. CANTOR, New York City:

DEAR SIR—The estimates submitted to the Honorable Mayor for the additional marble work to be incorporated in the Hall of Records in place of the cement trim around the doors and windows, in my judgment, is a fair and just bid.

I have carefully gone over the entire matter, figured up the cost and find the figures submitted for the marble work in the amount of \$247,293.88, and allowing \$22,761.41 for the cement trim to be omitted, to be correct. I should try to impress upon the Honorable Mayor the importance of making the above change in a building of such monumental importance as the New Hall of Records.

I sincerely hope that the Board of Estimate and Apportionment will see the advisability of this change, and appropriate, if necessary, the additional moneys required, for if this change is not made at the present time I feel satisfied to say that the cement

work will be in such a bad condition in a very short length of time that in the near future the City would have to substitute marble, and if they should make this change the cost then, in my estimation, would possibly be \$50,000 or \$60,000 in excess of the bids submitted by Mr. John Peirce.

Respectfully submitted,

LOUIS KORN, Consulting Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby audits and allows as a proper charge against The City of New York the claim of Louis Korn for professional services rendered in the New Hall of Records, Centre, Elm, Chambers and Reade streets, Borough of Manhattan, to the amount of five hundred dollars (\$500).

Which was adopted by the following vote:

At a meeting of the Commissioners held to-day the following preamble and resolution were adopted:

Whereas, In the opinion of the Aqueduct Commissioners, the further sum of one million dollars (\$1,000,000) will be required to defray the necessary and lawful expenditures of the said Commissioners; therefore

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following communication from the Commissioner of Parks, Boroughs of Brooklyn and Queens, requesting the transfer of \$1,927.45 to the account entitled "Labor, Maintenance and Supplies":

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,  
BOROUGH OF BROOKLYN AND QUEENS,  
LITCHFIELD MANSION, PROSPECT PARK, BOROUGH OF BROOKLYN,  
December 21, 1903.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

DEAR SIR—I find that by economy in the Administration Fund I have a balance left of \$1,577.45, and in the Music Fund of \$350, making an aggregate of \$1,927.45, which I respectfully request be transferred to the Labor, Maintenance and Supplies Fund for 1903, as my funds in this account are nearly exhausted.

Yours very truly,

RICHARD YOUNG, Commissioner.

The following resolution was offered:

Resolved, That the sum of one thousand nine hundred and twenty-seven dollars and forty-five cents (\$1,927.45) be and the same is hereby transferred from the following appropriations made to the Department of Parks for the year 1903, for the boroughs of Brooklyn and Queens, as follows:

"Administration" .....	\$1,577 45
"Music" .....	350 00

Total .....	\$1,927 45
-------------	------------

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Department for 1903, entitled "Labor, Maintenance and Supplies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following report of the Auditor of Accounts, Department of Finance, relative to the claim of Norman S. Dike, for services rendered in proceedings with and completing the execution of mandates subsequent to the expiration of his term of office as Sheriff of Kings County:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
December 18, 1903.

In the matter of Claim No. 19132, of Norman S. Dike, for the sum of \$1,000 alleged to be due for services rendered in proceedings with and completing the execution of mandates subsequent to the expiration of his term of office on January 1, 1903, as Sheriff of the County of Kings.

Hon. EDWARD M. GROUT, Comptroller:

SIR—A report by the Division of Law and Adjustment on this claim was made on the 2d of December, 1903, in which attention was directed to the fact that section 2 of chapter 705 of the Laws of 1901, which was amended by chapter 464 of the Laws of 1903, passed May 7, 1903, made no reference to the execution of mandates begun before the expiration of his term of office of Sheriff, and made no provision for the payment of the costs of proceeding with and completing the execution of such mandates. Attention was also directed to the fact that the term of office of the claimant as Sheriff expired four months prior to the passage of the amendatory enactment.

It was also stated in that report that if, in accordance with the provisions of the Laws of 1903, the claim be valid the sum of \$1,000 appears to be a reasonable allowance for the services alleged to have been rendered, and the Board of Estimate and Apportionment, which is charged by the said law with the function of auditing and allowing such charges, would be justified in making an appropriation of that amount for the year 1903. It was therefore recommended that the report be transmitted to the Corporation Counsel for his advice respecting the legal liability of the City in the premises.

That report having been transmitted to the Corporation Counsel with a request for such opinion, a communication from him dated December 15, 1903, has been received in which it is stated that no prohibition applies to remedial acts of the kind under consideration; that at the time the Law of 1903 was passed Mr. Dike was actually engaged as ex-Sheriff of the County of Kings in completing the fulfillment of duties imposed upon him prior to the expiration of his term; that it was entirely competent for the Legislature to authorize the Board of Estimate and Apportionment to audit and allow the reasonable costs and counsel fees which had already been incurred or which might be incurred by him in performing these duties, and that the claim is brought precisely within the terms of the enactment. The Corporation Counsel also stated in that communication that "I am accordingly of the opinion that the Board of Estimate and Apportionment can properly audit and allow the amount of the claim." The communication of the Corporation Counsel is transmitted herewith.

It is therefore respectfully recommended that this report and the other papers in the case be transmitted to the Board of Estimate and Apportionment for its information and for such action as it may deem advisable.

Respectfully,

JOS. L. HANCE, Auditor of Accounts.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
New York, December 15, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received the letter of Assistant Deputy Comptroller Smith dated December 9, 1903, transmitting the report of Joseph L. Hance, Auditor of Accounts, in the matter of Claim No. 19132, of Norman S. Dike, for the sum of \$1,000, for costs and counsel fees for proceeding with and completing the execution of mandates after the expiration of his term of office as Sheriff of the County of Kings. My advice is requested as to the legal liability of the City in the premises.

Section 2 of chapter 705 of the Laws of 1901 was amended by chapter 464 of the Laws of 1903, passed May 7, 1903, so as to provide as follows:

"After the expiration of the term of office of each Sheriff of the County of Kings the Board of Estimate and Apportionment of The City of New York is hereby authorized to audit and allow as charges against said City the reasonable costs and counsel fees paid or incurred by said Sheriff after the expiration of his term of office in prosecuting or defending any actions or proceedings brought by or against him for any alleged act or omission or misconduct in his official capacity by virtue or color of his office, and in proceeding with and completing the execution of each mandate he began to execute before the expiration of his said term of office, and the execution of which he is required by law to complete, but said sum so audited and allowed shall not exceed five thousand dollars for any one year; nor of the said five thousand dollars shall the amount so audited and allowed for reasonable costs and counsel fees for proceeding with and completing the execution of such mandates exceed one thousand dollars in any one year, or be audited and allowed for a longer period than two years after the expiration of his term of office."

It appears by the Auditor's report, and the accompanying papers, that no question is made as to the reasonableness of allowing the sum of \$1,000 for the costs and counsel fees incurred by the Sheriff for proceeding with and completing the execution of the mandates which he began to execute before the expiration of his term of office.

It further appears by the report and accompanying papers that the Sheriff has caused to be turned over to the City for fees collected subsequent to the expiration of his term a sum considerably in excess of the amount claimed.

Substantially, the only point suggested as creating doubt as to the validity of the claim is that prior to the amendment of May 7, 1903, the statute contained no provision authorizing the audit and allowance for costs and counsel fees for proceeding with and completing the execution of mandates, but authorized only the audit and allowance as charges against the City of costs and counsel fees paid or incurred by the Sheriff after the expiration of his term in prosecuting or defending actions or proceedings brought by or against him for alleged acts or omissions or misconduct in his official capacity, and the suggestion is made that inasmuch as Mr. Dike's term had expired four months prior to the passage of the amendatory act (chapter 464 of the Laws of 1903), such amendatory act cannot be made available by him.

It is, of course, true that the Legislature cannot constitutionally pass penal laws which are retroactive. Such laws are ex post facto and are prohibited by the Constitution. No such prohibition applies to remedial acts of the kind here the subject of consideration. At the time this act was passed Mr. Dike was actually engaged as ex-Sheriff of the County of Kings in completing the fulfillment of duties imposed upon him prior to the expiration of his term.

It was entirely competent for the Legislature to authorize the Board of Estimate and Apportionment to audit and allow the reasonable costs and counsel fees which already had been incurred, or which might be incurred by him in performing these duties. The claim, therefore, is brought precisely within the terms of the enactment. I am accordingly of the opinion that the Board of Estimate and Apportionment can properly audit and allow the amount of the claim.

Respectfully,

G. L. RIVES, Corporation Counsel.

BROOKLYN, N. Y., September 26, 1903.

City of New York: To Norman S. Dike, former Sheriff of Kings County, Dr.:

Statement of account rendered pursuant to the Laws of the State of New York, chapter 705 of the Laws of 1901, as amended by chapter 464 of the Laws of 1903:

To bill rendered by William W. Wingate, counsel.....	\$600 00
To bill rendered by Charles D. Kendall, Deputy Sheriff.....	400 00
Total.....	\$1,000 00

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
December 2, 1903.

In the matter of Claim No. 19132, of Norman S. Dike, for the sum of \$1,000 alleged to be due for services rendered in proceeding with and completing the execution of mandates subsequent to the expiration of his term of office on January 1, 1903, as Sheriff of the County of Kings.

Hon. EDWARD M. GROUT, Comptroller:

SIR—This claimant asks for the sum of \$400 for services alleged to have been rendered by Charles D. Kendall as Deputy Sheriff in proceeding with and completing the execution of mandates begun by the said claimant as Sheriff of Kings County before the expiration of his term of office, and for \$600 for services alleged to have been rendered by William W. Wingate, as counsel to the said Sheriff, in proceeding with and completing the execution of mandates, the execution of which was begun by the said claimant as Sheriff of Kings County before the expiration of his term of office.

Attached to the bill rendered by the said Kendall was a detailed statement of the alleged services and an affidavit by him before a Notary Public to the effect that "all of the work concerning the execution of the said mandates was necessary

to relieve the Sheriff from further liability and to recover his bond which he gave at the time of his taking the office; that he believes the sum of four hundred dollars (\$400) to be reasonable compensation for the services which he has performed."

Attached to the bill rendered by the said Wingate was a detailed statement of the alleged services and an affidavit by him before a Notary Public to the effect that "he has advised with reference to the foregoing mandates with the attorneys and with other people interested therein; that he has attended to relieving bondsmen from undertaking on arrest; that he has telephoned to a large number of people concerning the above-named mandates, and has written a great many letters concerning the same; that every day he is visited by persons seeking information concerning the mandates issued to the said Sheriff during his term of office; that he has collected and is ready to turn over to the Chamberlain of The City of New York since the first day of January, 1903, as fees for the execution of said mandates the sum of \$1,131.52; that he has called a Sheriff's jury on third party claims and prepared the necessary papers for the return by said jury, and that he has kept the records of said office other than the entering of the returns of executions, attachments, etc.; that in the performance of the work necessitated in the execution of said mandates he has been assisted by Charles D. Kendall, former Deputy Sheriff under the said Norman S. Dike, and that the said Deputy has performed the same duties that he performed before the expiration of the term of said Sheriff."

In support of the said claim Charles D. Kendall testified before the Comptroller that his services as Deputy Sheriff terminated December 31, 1902; that as regards the arrangement made between him and the Sheriff for the continuance of his duties after January 1, 1903, "it required a deputy and an assistant to go over this work, because we had to look over it and be responsible for every bit of it. Under the law they were allowed, as I understand it, compensation for it. Most of the detail work was done by Mr. Wingate, and I was appointed to assist Mr. Wingate, and I paid all carfares out of my own pocket"; that the nature of the arrangement made between him and Mr. Dike was that he was simply to continue on with the work, with the same authority as though he were in office; that the nature of the services that were rendered was the "executing executions, which the affidavit gives there, and attachments—I had a lot of goods attached before I went out of office, sales and executions." "I am still under bonds for the same as when we were in office, as the law calls for sixty days on executions after they are issued by the Sheriff, and every one of those executions had to be examined in every part of the City"; that the list mentioned in his affidavit was an accurate statement of all the services rendered in pursuance of the arrangement to take charge of the business of the Sheriff after the expiration of his term of office, and that the cases mentioned in his statement had been split up among eight deputies and he had to go over every paper with an assistant and take charge of the business of the whole eight. Kendall's testimony is transmitted herewith.

Also in support of the said claim William W. Wingate testified before the Comptroller that he was appointed Counsel to the Sheriff at the expiration of his term of office, January 1, 1903; that he had executed the mandates in the hands of the Sheriff at the expiration of that term, which by law the Sheriff was obliged to execute and complete; that said mandates consisted of replevins, attachments, executions, decrees of sale and foreclosure and summonses and complaints; that he was appointed to do this work on the first day of January, 1903; that he opened his law office on the first of January, 1903, and took all the papers and so much of the records of the office as he was able to take from the old office to his office and all the work had been done at his office; that the list mentioned in the affidavit attached to his bill was a complete list of all the mandates which had been executed since January 1, 1903; that it did not cover all the work that he did for the reason that he had been obliged to call one Sheriff's jury and prepare the necessary papers for the inquisition; that he had written no less than one hundred and fifty letters in connection with the mandates mentioned in his affidavit and in answer to inquiries concerning executions of mandates which were taken before the expiration of the term; that he released bondsmen who had become sureties on bonds and had given deeds in the place of certificates of sale of real property under executions; that he had probably consulted with five hundred people in reference to those mandates mentioned in the affidavit and matters which were in the office previous to the expiration of the term; that the bills for supplies to the Kings County Jail had been by him transmitted to The City of New York or to the Comptroller of The City of New York, with the necessary approvals of the same; that he had attended to giving the receipts to bidders under the contracts for supplies to the jail; that for the first three months he devoted practically his entire time to attend to the matters pertaining to the Sheriff's office; that on at least ten evenings he remained at his office as late as ten o'clock, as he found it impossible to keep up with the work of closing titles and preparing for the Sheriff's sales without doing so; that for the next two months he devoted a very large portion of his time to the work of the office, and up to the present time he was constantly attending to some matters in connection therewith, having at least three to six people calling at his office every day to make inquiries, which necessitated his going often to the Sheriff's office to get the information or to the office of the County Clerk. Said Wingate's testimony is transmitted herewith.

In a communication addressed to the Comptroller and transmitted herewith, dated the 13th of October, 1903, the said Wingate stated that on the 12th of October he paid into the office of the Chamberlain, instead of the sum of \$1,131, the sum of \$1,234.52, the amount of fees collected since January 1, 1903.

From the report of Peter S. Doring, an Examiner of this Division, transmitted herewith, it appears that said payment was made as represented.

In a communication dated October 26, 1903, addressed to the Comptroller and transmitted herewith, Charles H. Hyde states that "at the expiration of the Sheriff's term of office there were many executions, attachments and commitments and various other forms of papers that remain in his hands for completion. From the books in the Sheriff's office and from an examination made by the Sheriff we find that all the executions and attachments enumerated in the affidavits attached to the claim were actually completed by Norman S. Dike, former Sheriff."

In reference to this statement William E. Melody, Sheriff of the County of Kings, in a communication to the Comptroller, without date and transmitted herewith, states that "the communication received from Charles H. Hyde was written at my request and direction. Mr. Hyde is the Counsel to the Sheriff, and you may consider any reply received from him as official."

Chapter 464 of the Laws of 1903, passed May 7, 1903, amending section 2 of chapter 705 of the Laws of 1901 provides that

"After the expiration of the term of office of each Sheriff of the County of Kings the Board of Estimate and Apportionment of The City of New York is hereby authorized to audit and allow as charges against said City the reasonable costs and counsel fees paid or incurred by said Sheriff after the expiration of his term of office in prosecuting or defending any actions or proceedings brought by or against him for any alleged act or omission or misconduct in his official capacity, by virtue or color of his office, and in proceeding with and completing the execution of each mandate he began to execute before the expiration of his said term of office, and the execution of which he is required by law to complete, but said sum so audited and allowed shall not exceed five thousand dollars for any one year. Nor of the said five thousand dollars shall the amount so audited and allowed for reasonable costs and counsel fees for proceeding with and completing the execution of such mandates, exceed one thousand dollars in any one year, or be audited and allowed for a longer period than two years after the expiration of his term of office."

It is to be noted that the law, of which the Act of 1903 is an amendment, made no reference to the execution of mandates begun before the expiration of the term of office of such Sheriff, and made no provision for the payment of the costs of proceeding with and completing the execution of such mandates.

It is also to be noted that the term of office of the claimant as Sheriff expired four months prior to the passage of the amendatory enactment.

If, in accordance with the provisions of the Laws of 1903, the claim be valid, the sum of \$1,000 appears to be a reasonable allowance for the services alleged to have been rendered, and the Board of Estimate and Apportionment, which is charged by the said law with the function of auditing and allowing such charges, would be justified in making an appropriation of that amount for the year 1903.

It is therefore respectfully recommended that this report be transmitted to the Corporation Counsel for his advice respecting the legal liability of the City in the premises.

Respectfully,

JOS. L. HANCE, Auditor of Accounts.

Approved: JAMES F. McKINNEY, Chief of Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 464 of the Laws of 1903, hereby audits and allows as a charge against The City of New York the claim of Norman S. Dike for the sum of one thousand dollars (\$1,000), alleged to be due for services rendered in proceeding with and completing the execution of mandates subsequent to the expiration of his term of office on January 1, 1903, as Sheriff of the County of Kings.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following communication from the Justices of the Twelfth District Municipal Court, calling attention to the fact that the resolution authorizing the issue of Special Revenue Bonds for the purpose of paying the salaries of the officers of said Court, makes no provision for contingent and incidental expenses. Which was ordered on file:

MUNICIPAL COURT OF THE CITY OF NEW YORK,  
TWELFTH DISTRICT, No. 2628 BROADWAY,  
NEW YORK, December 12, 1903.

#### Board of Estimate:

GENTLEMEN—Under the resolution of your Board the sum of \$10,122.12 was authorized to be raised by the sale of Special Revenue Bonds for the purpose of paying the salaries of the officers of this court for 1903. There has been no provision made, however, for contingent and incidental expenses. There is now a balance of \$229.15 in the fund, and bonds to the amount of \$1,622.12 have not been sold, making a total available of \$1,851.27. The payroll of the court for December will be \$1,516.66, leaving an unexpended balance in the fund of \$334.51. This arises owing to my not having appointed an interpreter and one attendant until after the summer months. I would like, therefore, to have the original resolution of the Board amended by making it read, "Salaries and Expenses," instead of "Salaries," as it now reads, and the sum of \$334.51 transferred to a fund for the payment of contingent expenses. Owing to this being a new court there was no such fund provided in last year's budget. There have been contingent expenses incurred amounting to more than the sum which I wish transferred, and there seems to be no way to pay them or any part of them unless this or some similar provision is made.

Yours very truly,  
WILLIAM S. BENNET, Justice.

The Secretary presented a communication from the Active Hook and Ladder and Hose Company of the Borough of Queens, requesting an appropriation of \$1,000 for maintenance for the year 1903.

Referred to the Commissioner of the Fire Department.

The Secretary presented a communication from the Commissioner of Correction, requesting an allowance of \$700 for furnishing labor and materials to complete the additional excavation, etc., for building the stone foundation wall around the City Prison on Elm street, Borough of Manhattan.

Laid over, and copy of the report of the Engineer of the Department of Finance ordered sent to the Commissioner.

The Secretary presented the following communication from the Surrogate of Richmond County, requesting the transfer of \$125 to the account entitled "Supplies and Contingencies":

COUNTY OF RICHMOND—SURROGATE'S OFFICE,  
RICHMOND, N. Y., December 22, 1903.

#### To the Board of Estimate and Apportionment:

GENTLEMEN—I have been in communication with a representative of the The Elliott-Fisher Company in regard to procuring a new book-typewriter for use in this office in exchange for one so much out of repair that it is practically useless. To effect this exchange I will need the sum of one hundred and twenty-five dollars, the company allowing me the sum of fifty dollars for the old machine. This is the best allowance I have been offered for the same. The balance remaining in the contingent fund for this Department is not sufficient for such purpose, but in the salary fund there is more than will be required for the balance of the year. I would therefore respectfully ask that the sum of one hundred and twenty-five dollars be transferred from the latter fund to the contingent fund.

Very truly yours,

STEPHEN D. STEPHENS, County Judge and Surrogate.

The following resolution was offered:

Resolved, That the sum of one hundred and twenty-five dollars (\$125) be and the same is hereby transferred from the appropriation made to the County Court and Surrogate's Court, Richmond County, for the year 1903, entitled "Salaries," the same being in excess of the amount required for the purposes thereof, to the appropriations made to said Court for 1903, entitled "Supplies and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented a resolution authorizing the issue of Corporate Stock to the amount of \$70,000, to provide means for the acquisition of property, Nos. 220-228 East Twenty-ninth street, Borough of Manhattan, as a site for a precinct station-house, prison and stable.

Which was laid over.

The Secretary presented the following resolution transferring the sum of \$500 to the account entitled "Disbursements and Fees, under Section 658 of the Code of Criminal Procedure":

Resolved, That the sum of five hundred dollars (\$500) be and the same is hereby transferred from the appropriation made to the County of New York for the year 1903, entitled "County Contingent Fund," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said County of New York for 1903, entitled "Disbursements and Fees, under Section 658 of the Code of Criminal Procedure," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following resolution, transferring the sum of \$2,079.85 to appropriations made to the Commissioner of Jurors, New York County, for the year 1903:

Resolved, That the sum of two thousand and seventy-nine dollars and eighty-five cents (\$2,079.85) be and the same is hereby transferred from the appropriation made to the County of New York for the year 1903, entitled "County Contingent Fund," the same being in excess of the amount required for the purposes thereof, to the following appropriations made to the Commissioner of Jurors, New York County, for the year 1903, entitled and as follows:

"Salaries" .....	\$1,379 85
"Supplies and Contingencies" .....	500 00
"Jury Notice Servers" .....	200 00

Total..... \$2,079 85

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following communication from the Secretary to the Commissioner of the Fire Department, relative to an issue of Special Revenue Bonds to the amount of \$500 for the use of Chemical Engine Company 1, Borough of Richmond, which was ordered on file:

FIRE DEPARTMENT, CITY OF NEW YORK,  
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
BOROUGH OF MANHATTAN, December 23, 1903.

J. W. STEVENSON, Esq., Deputy Comptroller, No. 280 Broadway, New York City:

DEAR SIR—Commissioner Sturgis has directed me to acknowledge the receipt of your letter of December 21 inclosing a resolution of the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$500 for the use of Chemical Engine Company No. 1, Borough of Richmond.

Resolutions for a purpose similar to the above have been brought to the Commissioner's attention, and he has declined to give his approval to them on the ground that section 722 of the Charter, which provides for the payment of money to volunteer fire companies, does not make provision for the payment of a proportionate amount for a fractional part of the year when such a fire company has been incorporated after June 1 of that year, which is the date on which the payments provided for in section 722 are to be made by the Comptroller.

The Commissioner believes that it is entirely equitable that a payment such as is called for by the resolution before him should be made, but inasmuch as he has refrained from giving his approval to earlier and similar applications, he cannot consistently do otherwise than to withhold his approval to the resolution herein. The resolution referred to is returned herewith.

Respectfully,

HUBERT F. BREITWIESER, Secretary to the Commissioner.

#### IN THE BOARD OF ALDERMEN.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of five hundred dollars for use of Chemical Engine Company 1 of the Borough of Richmond.

Adopted by the Board of Aldermen December 1, 1903, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor December 15, 1903, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The Secretary presented the following resolution, transferring the sum of \$1,352.66 to the appropriation made to the County Court, Kings County, for 1903, entitled "Salaries":

Resolved, That the sum of one thousand three hundred and fifty-two dollars and sixty-six cents (\$1,352.66) be and the same is hereby transferred from the appropriation made to the County of Kings for the year 1903, entitled "Fees and Expenses of Jurors in Kings County," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the County Court, Kings County, for 1903, entitled "Salaries," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—14.

The Secretary presented the following communication from the Commissioner of Docks and Ferries, relative to increasing the salary of the position of Dockmaster to \$1,800 per annum, which was ordered on file:

DEPARTMENT OF DOCKS AND FERRIES,  
PIER "A," NORTH RIVER,  
NEW YORK, December 19, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—When the present Administration took control of this Department, on January 1, 1902, the Dockmasters' districts in the greater city were found to have been increased on January 29, 1901, to twenty-seven, each district being provided with a Dockmaster at \$1,500 a year, a Caretaker at about \$800 a year, and with incidental office expenses, etc., aggregating, perhaps, \$150 a year, bringing the total cost of each district to the City to about \$2,450.

In examining into the financial results obtained by the Dockmasters in each district, it was found that of these twenty-seven districts seven failed to yield as much as \$600, though costing the City \$2,450 each; one yielded only \$12, another \$18.38, still another \$79, and so on. Accordingly, through a Commissioner's order, I eliminated these seven districts by consolidating them with adjacent ones and re-districted the whole Greater New York water front. Through discharges of Dockmasters after trial upon charges and three deaths, those in the Department on January 1, 1902, were reduced to nineteen in number, and I subsequently appointed one to restore their number to twenty, from the Civil Service list, and another to fill a vacancy caused by a resignation; all of which has been conducive to better service.

Shortly after January 1, 1902, the general work of the Department was divided, by a Commissioner's order, into three Bureaus: Construction and Repairs, Superintendence, and Accounts, and upon reorganizing the districts, the Dockmasters were placed under the second bureau (Superintendence), so far as that part of their work is concerned which was formerly performed by the Harbormasters, and under the third bureau (Accounts), so far as that portion of their work is concerned which refers to the collection of wharfage. The Dockmasters and some other employees of the Department are now required to always be in uniform while on duty.

The unsatisfactory financial returns referred to prompted at once a general inquiry into the methods of work of the Dockmasters, and there was found to be a great lack of system in the collection and handling of wharfage, with a similar lack of system in accounting for it to the Department, as no daily returns of cash were made by them, and pass books, in which were supposed to be made daily entries of vessels using the Department piers and bulkheads, were never called for by the proper officer to check returns. A request for the production of these pass books elicited the information that in twenty-five out of twenty-seven cases they had been destroyed by the Dockmasters, who considered them private property. In one of the two cases where the pass books were obtained a discrepancy of \$375 was discovered; the Dockmaster was dismissed and the shortage recovered. A new system of wharfage tickets was immediately introduced, all tickets being numbered and only delivered to the Dockmaster upon his receipt, while a rule was made compelling them to return all unused tickets. Small day books were issued to the Dockmasters in which they were required, as they went around their districts, to enter full information concerning names, tonnage, time of arrival, etc., of all vessels berthed at unleased City wharf property where wharfage is collected, details of this information to be transcribed into books which each Dockmaster retains in his office, while the book of original entry is forwarded to the Department office at the end of each month and checked with the Dockmaster's daily reports; Collectors

are sent around the water front each day to each district to receive the cash wharfage from the Dockmasters and make daily reports; all receipts of the Department are banked each day instead of each week, as had been the previous custom; other new methods were put into operation, holding every Dockmaster to a rigid accountability for his work with checks thereon, all of which has produced, without any increase of the rates of wharfage, an increase in general wharfage collected in one single year of nearly one-fourth of the total revenue from that source to the City (23 17-100 per cent.), something altogether unprecedented; a result which is more marked even than appears at first blush, when it is considered that the payments are frequently of very small amounts, being composed of wharfage for canal boats, lighters and other commercial vessels, and that the increasing areas rented by the City during the year would have a tendency to diminish rather than add to the total of general wharfage.

These improved methods, while protecting the City's interests, have added greatly to the work of the Dockmasters, which is of an arduous nature, as it is now necessary for them, in addition to keeping accounts, to personally patrol their districts.

Upon the foregoing results and the present improved service, I feel that the salary paid to these employees (\$1,500 a year), while liberal compensation for the character of the work which was being done prior to January 1, 1902, is not sufficient to properly compensate them for the good work which they did in 1902, and hence I have increased the salaries of the twenty Dockmasters now employed in the Department to \$1,800 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, and have fixed the salary for the position of Dockmaster at that rate. The names of the present Dockmasters are as follows:

Abeel, Edward.	Harrison, L. Hitch.
Bancker, Gerard.	Heimberger, Victor.
Bollas, Walter O.	Hennessy, Patrick.
Booth, Thomas E.	Heyer, Peter.
Cauldwell, John J.	Lee, R. H.
Daly, James H.	McCrimlisk, Edward.
Rodgers, George E.	O'Connor, L. W.
Dunham, H. C.	Powers, John R.
Fleming, James J.	Rockwell, W. H.
Greenfield, C. H.	Woolley, Peter.

It is of interest to note in connection with this increase that in 1895 the salaries of Dockmasters were reduced from \$2,100 to \$1,500; they were then relieved of considerable bookkeeping. The duties now performed by them are far more exacting than they were when they received the larger salary, and I am sure that you will feel that the increase is thoroughly justified; it is proper to add that owing to the strikes and building disturbances the general wharfage for 1903 will be probably considerably less than for 1902, as fewer boats have discharged at the City piers.

You will recollect that in my communication to you of April 29, 1902, it was shown that the economies had been effected in salaries in the Bureau of Superintendence of over 24 per cent., and in the Bureau of Accounts of over 22 per cent.; I might add that the reduction itself in the number of Dockmasters effected a saving to the City of \$9,500 per annum. The proposed increase will, if approved, add to their salaries \$6,000 per annum, thus still leaving a net saving thereon of \$3,500 per annum, to say nothing of the enormously increased receipts, the greater efficiency and improved service.

Yours respectfully,  
McDOUGALL HAWKES, Commissioner.

The Secretary presented the following communications from the Coroner of the Borough of Richmond, requesting the transfer of \$600 to "Salary and Expenses of Coroner in the Borough of Richmond" for the year 1904, and for an appropriation of \$360 for rent of office, which were ordered on file:

CORONER'S OFFICE,  
CITY OF NEW YORK, BOROUGH OF RICHMOND,  
STAPLETON, N. Y., December 21, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York:

DEAR SIR—By a previous resolution you fixed the salary of the position of Coroner's Clerk in my office at \$1,500 per annum. As the amount allowed me for 1904 will not be sufficient to meet this payment by \$600, I hereby ask that you appropriate the sum of \$600 to my office for the above purpose. The duties of this position are very great, as the Coroner's Clerk is subject to call both day and night, being obliged to accompany me on all investigations, besides doing clerical work in the office during the day; and the duties fully warrant the payment of \$1,500, which fact I cannot too firmly press upon the Board.

Very truly yours,  
GEO. F. SCHAEFER, Coroner.

CORONER'S OFFICE,  
CITY OF NEW YORK, BOROUGH OF RICHMOND,  
STAPLETON, N. Y., December 21, 1903.

Hon. EDWARD M. GROUT, Comptroller, City of New York:

DEAR SIR—I respectfully ask that the sum of \$360 be appropriated to our contingent expenses for rent for the office of Coroner in the Borough of Richmond, as no provision has been made in our annual Budget for 1904. I am informed by the owner of the premises now occupied by the Coroner's Office to vacate on January 1, 1904, therefore I would respectfully ask that you take up the matter at your earliest convenience, as some arrangements must be made for my office before January 1.

Respectfully yours,  
GEO. F. SCHAEFER, Coroner, Borough of Richmond.

NEW YORK CITY, December 24, 1903.

Hon. JAMES W. STEVENSON, Deputy Comptroller, No. 280 Broadway, City:

DEAR SIR—On December 18 I forwarded to the Board of Estimate and Apportionment a proposed resolution requesting the Board of Estimate and Apportionment to transfer the sum of \$8,215.47 from the appropriation made to the Tenement House Department for the year 1903 entitled "Salaries" to the appropriation made to the Police Department for the year 1903 entitled "Police Fund." Whereas, This Board has carefully considered the matter in connection with the action heretofore taken by it in the direction of affording relief to the property-holders of the late city of Long Island City from a part of assessments for improvements heretofore made in those cases where the legality of the same has been seriously questioned; now, therefore, be it

Henry K. Spaulding, William S. Dalrymple, Frederick W. Taylor, Joseph Kahn, George Martin Huss, Alfred Sommerfeld, Frank Edge Kavanagh, Willard E. Hotchkiss, William H. Hale.

The appeals were considered, and, on motion, all were denied.

A letter was presented from the Law Department, dated December 28, 1903, embodying the opinion of the Corporation Counsel as to the manner in which paragraph 12 of Rule XV. should be construed, and containing the following paragraph:

"The practical effect of the paragraph of the rule mentioned would be that if there were persons whose prior examination covered in its scope the grade to which promotion is to be made these persons would form an eligible list from which appointments should be made. In case there should not be enough persons on this list to furnish a sufficient number of candidates, then, and only then, would it be proper to resort to an examination to make out a new list."

On motion, it was

Resolved, That the Secretary be and is hereby instructed to request the Corporation Counsel to state whether the eligible list of persons "whose prior examination covered in its scope the grade to which promotion is to be made" should be confined to persons serving in the department in which the higher position exists, or should be made up of such persons serving in departments of the City government.

A letter was presented from the Corporation Counsel advising the Commission of the increase in salary of Cart T. Stickney, a Clerk in his department, from \$1,200 to \$1,500, under the provisions of paragraph 12 of Rule XV. The Secretary stated that Mr. Stickney had originally asked an examination for Stenographer and Typewriter, no grade being specified, and was appointed in the Department of Sewers on August 1, 1898, at \$1,200 per annum. He was subsequently promoted, after examination, to 5th grade Stenographer and Typewriter, and his salary was increased to \$2,100 per annum. He then passed an examination for promotion to 6th grade Clerk, and his salary was increased to \$2,200. On January 21, 1902, he was suspended without pay and his name was placed on the preferred list, formed pursuant to section 1543 of the Charter. On January 24, 1902, he was appointed from such list to a position in the Law Department, and his salary fixed at \$1,200 per annum. On motion, it was

Resolved, That the Secretary be instructed to request the Corporation Counsel to inform the Commission whether he appointed Mr. Stickney from the eligible list of the graded position referred to in his opinion.

Commissioner Spencer moved that the 12th paragraph of Rule XV. be repealed, and the Secretary was instructed to hold a public hearing on the matter, in accordance with the provisions of the rules.

A letter was presented from the Law Department embodying the opinion of the Corporation Counsel on the eligibility of Henry S. Maloy, formerly a Bridge Keeper in the Department of Bridges, for reinstatement in that position. It appeared that Mr. Maloy was removed by Commissioner John L. Shea on November 21, 1901, after charges had been preferred against him, and that the successor of Mr. Shea, as Bridge Commissioner, had sought to reopen the matter and reinstate Mr. Maloy. The Corporation Counsel advised the Commission that the Commissioner of Bridges had no power to review the removal made by his predecessor. On motion, the letter was ordered filed.

A letter was presented from the Department of Finance, transmitting the pay-roll of John C. Farrell (\$116.13) for services rendered as Searcher in the Department of Public Works, Brooklyn, prior to the date upon which his transfer from the Department of Taxes and Assessments was approved by the Commission. On motion, it was

Resolved, That the transfer of John C. Farrell, Searcher, from the Department of Taxes and Assessments to the Department of Public Works, Brooklyn, be approved nunc pro tunc as of May 1, 1903, and

The Secretary presented the pay-rolls of a number of persons who had been appointed temporarily, after non-competitive examination, under the provisions of paragraph 1 of former Rule VII. He reported that in each of the cases presented by him the persons had been retained in the service longer than the two months specified in the rules because of the fact that eligible lists for permanent appointment had not been prepared by the Commission, and, therefore, no certification for permanent appointment could be made. On motion, the Secretary was instructed to attach the following certificate to such pay-rolls, and to forward them to the Department of Finance:

"I hereby certify that I have examined this pay-roll and that the persons named in such pay-roll were appointed in pursuance of law and of the rules made in pursuance of law for a term of sixty days beginning on the day of , 1903; that the period for which they were employed has expired, and that under the law and the rules made in pursuance of law, no re-appointment beyond that period could be made; that at the time of the termination of the period for which they were originally appointed no eligible list for the position in question existed at the office of the Civil Service Commission, and no names could be or were certified by the Civil Service Commission to the appointing officer to fill such positions; and that the pay-rolls of the persons above-named for services rendered by them subsequent to the expiration of said period were certified by the Civil Service Commission upon the ground that the decisions of the Courts required payment of employees of the City who had performed work for it, where their original appointment had been regular and where no candidates could be certified to fill their positions because of the absence of an eligible list."

A letter was presented from the Commissioner of Parks, Boroughs of Manhattan and Richmond, announcing that he had granted a leave of absence for three weeks to George E. On motion, the letter was referred to the Corporation Counsel for advice, and the Secretary was instructed not to attach the certificate of the Commission to Mr. Riordan's pay-roll as Fire Marshal, pending a decision in the matter.
