PUBLIC HEARING IN THE MATTER OF CHANGING THE MAP OR PLAN OF THE CITY OF NEW YORK BY CHANGING THE GRADE OF WEST 5TH STREET, BETWEEN SURF AVENUE AND THE ATLANTIC OCEAN, BOROUGH OF BROOKLYN.

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

The following report of the Chief Engineer was presented:

Report No. 9839.

July 11, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on June 29, 1911, a resolution was adopted, at the request of the President of the Borough of Brooklyn, fixing July 27 as the date for a public hearing concerning a change proposed in the grade of West 5th street between Surf avenue and the Atlantic Ocean.

The final authorization for a grading improvement affecting this block of West 5th street was granted by the Board on March 23, 1911. In carrying out the work it has been found that the sewer already built in this street, which forms the easterly boundary of the Concourse at Coney Island and adjoins the new Municipal Bath, is at an elevation considerably above the grade heretofore established, and that a large amount of excavation will be required. The change now proposed provides for raising the grade about 3.0 feet at the high water line, thereby making the street elevation coincide approximately with that of improvements already carried out. I

am informally advised that the plans for the regulating and grading have been modified to conform with the grades now proposed.

The change is, in my judgment, a proper one and its approval is recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

No one appearing in favor of or in opposition to the proposed change, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 29th day of June, 1911, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grade of West 5th street, from Surf avenue to the Atlantic Ocean, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 27th day of July, 1911, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered to be published in the City Record and in the corporation newspapers for ten days prior to the 27th day of July, 1911; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the City Record and in the corporation newspapers for ten days prior to the 27th day of July, 1911; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who appeared, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of West 5th street, from Surf avenue to the Atlantic Ocean, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the President of the Borough, and dated June 29, 1911.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

PUBLIC HEARING ON THE PROPOSED AREA OF ASSESSMENT IN THE MATTER OF ACQUIRING TITLE TO FORT SCHUYLER ROAD, FROM THE EASTERLY BOUNDARY OF THE LAND ACQUIRED FOR WEST FARMS ROAD AT WESTCHESTER CREEK TO SHORE DRIVE, BOROUGH OF THE BRONX.

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to, the proposed area of assessment, the hearing was closed.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Fort Schuyler road, from the easterly boundary of lands acquired for West Farms road at Westchester Creek to Shore drive in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Fort Schuyler road, from the easterly boundary of lands acquired for West Farms road at Westchester Creek to Shore drive, in the Borough of The Bronx, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of The Bronx, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of The City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 27th day of July, 1911; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on the easterly bulkhead line of Westchester Creek as indicated on the Final Maps of the Borough where it is intersected by the prolongation of a line midway between Schuyler street and Halsey street as these streets are laid out between Seabury avenue and Commerce avenue, and running thence westwardly along the said line midway between Schuyler street and Halsey street and along the prolongations of the said line to a point distant 100 feet westerly from the westerly line of Seabury avenue; thence northwardly along a line always distant 100 feet westerly from and parallel with the westerly line of Seabury avenue, and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Lane avenue as this street is laid out where it adjoins Benson street; thence northwardly along the said line parallel with Lane avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway between Roberts avenue and Ponton avenue; thence eastwardly along the said line midway between Roberts avenue and Ponton avenue, and along the prolongation of the said line, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Blondell avenue and the westerly line of Waters avenue, as these streets are laid out between Ponton avenue and Fink avenue; thence southwardly along the said bisecting line to the intersection with a line midway between Ponton avenue and Fink avenue; thence eastwardly along the said line midway between Ponton avenue and Fink avenue to the intersection with a line midway between Waters avenue and Lang avenue; thence southwardly along the said line midway between Waters avenue and Lang avenue, and along the prolongation of the said line, to the intersection with the prolongation of a line midway between Roebling avenue and Zulette avenue; thence eastwardly along the said line midway between Roebling avenue and Zulette avenue, and along the prolongation of the said line, to the intersection with the prolongation of a line midway between Ericson place and Mayflower avenue as these streets are laid out between Wellman avenue and Maitland avenue; thence southwardly along the prolongation of the said line midway between Ericson place and Mayflower avenue to the intersection with a line midway between Zulette avenue and Wellman avenue; thence eastwardly along the said line midway between Zulette avenue and Wellman avenue to the intersection with the prolongation of a line midway between Mayflower avenue and Edison avenue as these streets are laid out between Dudley avenue and Harrington avenue; thence southwardly along the said line midway between Mayflower avenue and Edison avenue, and along the prolongations of the said line, to a point distant 100 feet northerly from the northerly line of LaSalle avenue, the said distance being measured at right angles to LaSalle avenue; thence eastwardly and parallel with LaSalle avenue to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Bradford avenue, the said distance being measured at right angles to Bradford avenue; thence southwardly along the said line parallel with Bradford avenue, and along the prolongation of the said

line, to a point distant 100 feet northerly from the northerly line of Waterbury avenue, the said distance being measured at right angles to Waterbury avenue; thence eastwardly and parallel with Waterbury avenue to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Edison avenue, the said distance being measured at right angles to Edison avenue; thence southwardly along the said line parallel with Edison avenue to the intersection with a line midway between Waterbury avenue and Paine street; thence eastwardly along the said line midway between Waterbury avenue and Paine street, and along the prolongation of the said line, to a point distant 100 feet easterly from the easterly line of Crosby avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Crosby avenue, and its prolongation as laid out at Eastern boulevard to the intersection with a line midway between Otis avenue and Barkley avenue; thence eastwardly along the said line midway between Otis avenue and Barkley avenue to a point midway between Hollywood avenue and Throggs Neck boulevard; thence southwardly along a line always midway between Hollywood avenue and Throggs Neck boulevard, and along the prolongations of the said line, to the intersection with the northerly bulkhead line of the East River; thence westwardly along the said bulkhead line to the intersection with the prolongation of a line distant 850 feet westerly from and parallel with the westerly line of Fort Schuyler road as this street is laid out between Schurz avenue and Lawton avenue, the said distance being measured at right angles to Fort Schuyler road; thence northwardly along the said line parallel with Fort Schuyler road, and along the prolongations of the said line, to the intersection with the prolongation of a line distant 850 feet westerly from and parallel with the westerly line of Fort Schuyler road as this street is laid out between Eastern boulevard and Otis avenue, the said distance being measured at right angles to Fort Schuyler road; thence northwardly along the said line parallel with Fort Schuyler road, and along the prolongations of the said line, to the intersection with the prolongation of a line midway between Swinton street and Quincy street as these streets are laid out where they adjoin Eastern boulevard; thence northwestwardly along the said line midway between Swinton street and Quincy street, and along the prolongations of the said line, to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Whittemore avenue as this street is laid out in the first tangent east of Balcom avenue, the said distance being measured at right angles to Whittemore avenue; thence westwardly along the said line parallel with Whittemore avenue, and along the prolongation of the said line, to a point distant 100 feet westerly from the westerly line of Balcom avenue, the said distance being measured at right angles to Balcom avenue; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Balcom avenue to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Waterbury avenue where it adjoins Vreeland avenue, the said distance being measured at right angles to Waterbury avenue; thence westwardly along the said line parallel with Waterbury avenue to the intersection with the easterly bulkhead line of Westchester Creek as indicated on the Final Maps of the Borough; thence northwardly along the said bulkhead line to the point or place of beginning.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantors be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the center line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

PUBLIC HEARING ON THE REMOVAL OF ENCROACHMENTS ON ALL STREETS IN THE BOROUGH OF MANHATTAN WHICH ARE WITHIN 100 FEET OF ANY SIDEWALK ENTRANCE TO AN ELEVATED OR SUBWAY STATION.

(At the meeting held on July 13, 1911, the hearing in this matter was adjourned until July 27, 1911.)

The Secretary presented affidavit of publication showing that the matter had been advertised.

A communication from the Central Federated Union of Greater New York and vicinity, protesting against the proposed improvement, was presented and placed on file.

After hearing Mr. Joseph S. Schwab, representing the Real Estate Owners' Protective Association, and a representative of Mr. Edward Lauterbach, in opposition to the resolutions, and no one else appearing, the matter was laid over.

LAYING OUT WEST 8TH STREET, FROM SURF AVENUE TO THE MEAN HIGH WATER LINE OF THE ATLANTIC OCEAN, BOROUGH OF BROOKLYN.

The following communication from the Acting President of the Borough of Brooklyn and report of the Chief Engineer were presented:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, June 20, 1911.

The Honorable the Board of Estimate and Apportionment:

Gentlemen—I attach hereto copy of report made by Chas. R. Ward, Chief Engineer of the Topographical Bureau, this Borough, relative to the status of West 8th street, from Surf avenue south to the Atlantic Ocean. From Mr. Ward's report you will notice that a Commission was appointed to close this street on December 11, 1908, and that this Commission has not made a final report as yet.

I concur in the recommendations of Mr. Ward that the above-mentioned proceedings be discontinued, and the street again placed on the City map, and respectfully request your honorable Board to give the matter the necessary attention.

Very truly yours,

L. H. POUNDS, Acting President, Borough of Brooklyn.

Report No. 9872.

July 19, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn, bearing date of June 20, 1911, recommending the discontinuance of the proceeding for closing West 8th street, between Surf avenue and the Atlantic Ocean, and the restoration of this street to the city plan.

From information presented with this communication it appears that the street was originally laid out by the Board of Supervisors of Kings County in 1884 to extend from Neptune avenue to the Atlantic Ocean, and that a proceeding for acquiring title to it was confirmed in 1885 at a total cost of \$21,409, of which amount \$9,805 represented the awards for the property taken in the block to which the Borough President's communication relates. It also appears that the property abutting on this block was assessed \$7,685.85 for the opening proceeding and \$5,349.92 for a surface improvement which was carried out at the same time.

On October 23, 1903, a resolution was adopted by the Board of Estimate and Apportionment providing for closing this street between Surf avenue and the Atlantic Ocean to permit of securing an unbroken area to be used as a portion of the "Dreamland" enterprise. As a result of this action, and pursuant to the provisions of chapter 1006 of the Laws of 1895, a closing proceeding was instituted and Commissioners appointed. The preliminary report which they have prepared indicates that it is proposed to award one dollar as representing the damage sustained by each of the abutting parcels of property and \$1,500 as representing the value of the franchise held by the Brooklyn Heights Railroad Company, the latter award bearing interest at the rate of 6 per cent. from the time when the map was filed in 1904. It also appears that the incidental expenses incurred in the proceeding up to March 23, 1911, amount to \$2,767.20. It is estimated that the total expense involved is about \$5,000, which amount will undoubtedly be assessed upon the abutting property in case the proceeding is consummated.

The adoption of the plan submitted by the Acting Borough President for again placing this street upon the city map would, in my judgment, have the effect of automatically discontinuing the closing proceeding, but in this case I am in some doubt as to the effect of such action upon title to the land within the street lines, it being assumed that the City's interest was originally limited to an easement which was extinguished by reason of the adoption of the discontinuing map in 1903, this also carrying with it the extinguishment of the rights formerly enjoyed by the Brooklyn Heights Railroad Company.

Before action is taken upon this plan I would recommend that the Corporation Counsel be requested to advise the Board as to the effect which its adoption would have on the closing proceeding now in progress, upon the claim to damages set up by the railroad company, and upon the ownership of the land within the street lines. I would also recommend that pending final action in this matter by the Board of Estimate and Apportionment, the Corporation Counsel be requested to secure a delay in the confirmation of the closing proceeding.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion, the matter was referred to the Corporation Counsel.

LAYING OUT ATLANTIC BOULEVARD, FROM CHANNEL AVENUE TO GRANDVIEW AVENUE, BOROUGH OF QUEENS.

The following communication from the Secretary of the Borough of Queens and report of the Chief Engineer were presented:

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 11, 1911.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment:

Dear Sir—President Gresser directs me to transmit herewith for the approval of the Board of Estimate and Apportionment map of Atlantic boulevard, from Grandview avenue to Channel avenue, Fifth Ward of the Borough of Queens. This map was compiled by the Topographical Bureau at the request of President Gresser, following suggestions made by the Engineer of Highways, Mr. John H. Weinberger, in the matter of the Nortons Creek Bridge at the Boulevard and Atlantic avenue, Fifth Ward.

I enclose herewith a copy of Mr. Weinberger's report to the President, dated January 24, 1911. Respectfully,

JOHN N. BOOTH, Secretary of the Borough of Queens.

Report No. 9706.

July 13, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Queens, bearing date of April 11, 1911, requesting the approval of a map laying out Atlantic boulevard, from Grandview avenue to Channel avenue, in the Fifth Ward.

This map relates to one long block of Atlantic boulevard which is to have a width of 66 feet. The street is to include within its lines a well-recognized highway having a width of about 50 feet, through the northerly half of the block, and coinciding with the lines now proposed in the southerly half, an angle being inserted at the point where the width changes, this being located at the crossing over Nortons Creek.

Information is presented with the communication to show that the drawbridge over the creek is unsafe for use, notwithstanding the fact that it has for some time been treated as a fixed bridge and supported on piles. It appears that the floor beams and stringers need to be replaced, and that the bridge will have to be practically rebuilt in case its use is continued.

Nortons Creek is to be closed under the plan fixing the bulkhead line of Jamaica Bay, which was recently approved by the Secretary of War, and an inspection of the ground shows that the stream is not navigable east of the bridge except at low tide, when only small boats can find their way between the bridge supports. In case the plan now presented is adopted it is proposed to abandon the bridge and to substitute solid filling across the creek.

The treatment proposed is, in my judgment, a proper one, and the approval of the map is recommended after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by fixing the lines and grades of Atlantic boulevard, between Grandview avenue and Channel avenue, in the Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated April 7, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 5th day of October, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of October, 1911.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

DISCONTINUANCE OF THE PROCEEDING FOR ACQUIRING TITLE TO THE UNNAMED STREET, EXTENDING FROM AMSTERDAM AVENUE AT 165TH STREET TO AUDUBON AVENUE, AND TO THE PUBLIC PARK, BETWEEN THE SAID UNNAMED STREET AND 165TH STREET, BOROUGH OF MANHATTAN.

The Secretary presented the following:

Law Offices of Dunn & Blake, 90 West Broadway, New York, July 24, 1911.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment, 277 Broadway, Manhattan:

Dear Sir—On July 17, 1911, the Board of Estimate and Apportionment, upon the recommendation of the Borough President of Manhattan, unanimously adopted resolutions providing for the discontinuance of the proceedings instituted to acquire title to the unnamed street, extending from Amsterdam avenue, at 165th street to Audubon avenue, and to the Public Park between said unnamed street and West 165th street, upon the condition, however, that the petitioners for said discontinuance, or property owners assessed, should pay within sixty days to The City of New York the sum of \$6,695.33, expenses incurred by The City of New York in said proceedings.

We are authorized by property owners assessed to state in their behalf that they are now prepared to comply with the aforesaid condition in order that these proceedings may be discontinued, and that we will submit to the Board of Estimate and Apportionment at its meeting on July 27, 1911, certified checks made by property owners assessed, payable to the Comptroller of The City of New York, aggregating the sum of \$6,695.33, which said property owners will then pay to The City of New York in order that the aforesaid proceedings may be discontinued.

Will you kindly place this matter on the calendar of the Board of Estimate and Apportionment for July 27, 1911, and have the appropriate resolutions prepared for adoption by the Board of Estimate and Apportionment so that the proceedings may then be discontinued. Very truly yours,

DUNN & BLAKE, Attorneys for Property Owners.

The Comptroller announced that an order of the Supreme Court in Marx vs. the Mayor et al., returnable July 31, 1911, had been served, restraining the defendants from passing any resolution allowing or permitting the discontinuance of the proceedings upon the terms proposed in the resolution adopted by the Board on July 17, 1911, or any terms other than the payment of all the costs and disbursements of The City of New York and of all other persons interested and entitled to compensation for their expenditures and disbursements paid or incurred by reason of said proceedings.

The matter was then laid over.

ACQUIRING TITLE TO WEST 179TH STREET, FROM CEDAR AVENUE TO EXTERIOR STREET, EXCLUDING THE RIGHT OF WAY OF THE N. Y. C. & H. R. R. CO. AND OF THE NEW YORK & PUTNAM RAILROAD CO.; TO EXTERIOR STREET, FROM WEST 179TH STREET TO AN UNNAMED STREET NORTHERLY THEREFROM; AND TO THE UNNAMED STREET NORTH OF WEST 179TH STREET, FROM EXTERIOR STREET TO THE BULKHEAD LINE OF THE HARLEM RIVER, BOROUGH OF THE BRONX.

On February 23, 1911, this matter was referred to the Chief Engineer with instructions to communicate with the owners of the four parcels affected and see whether they would be willing to sell their property to the City at a reasonable price.

The Chief Engineer's report was presented on July 6, 1911, and the matter was laid over until July 27, 1911.

On motion of the Acting President of the Borough of The Bronx the matter was laid over until August 31, 1911.

ENCROACHMENTS ON BOSTON ROAD, MACLAY AVENUE AND ZEREGA AVENUE, BOROUGH OF THE BRONX.

The following communication from the Acting Corporation Counsel, and report of the Chief Engineer were presented:

City of New York, Law Department, Office of the Corporation Counsel, New York, July 10, 1911.

The Board of Estimate and Apportionment:

Gentlemen—Pursuant to the resolution adopted by your honorable Board on January 28, 1910, and in accordance with the request of Nelson P. Lewis, Esq., Chief Engineer, I beg to advise you as follows:

In the matter of Boston road, from White Plains road to the northerly line of the City: In those cases where the tentative awards for buildings were greater than the estimated cost of moving the buildings on to the remaining land, I have communicated with the owners, asking them whether or not they would accept the cost of moving the buildings on to the remaining land in lieu of the awards for the taking of the buildings.

These owners have not signified their willingness to accept the cost of removing the buildings, and I am therefore of the opinion that the proper course to pursue would be for the Commissioners of the Sinking Fund to order the destruction of the buildings under the authority of section 205 of the Greater New York Charter.

In the matter of MacLAY avenue, between St. Peters avenue and Walker avenue, I wrote to the Comptroller on February 14, 1911, as follows:

"The only encroachments existing within the lines of MacLAY avenue, between St. Peters avenue and Walker avenue, are a two and one-half story frame dwelling facing on the easterly side of Overing avenue on what is designated on the damage map as No. 81, and a two and one-half story frame dwelling with a barn and extension on the northerly side of Overing avenue on the plot of which damage No. 84 forms a part.

"The first mentioned building occupies a considerable portion of the bed of MacLAY avenue, as shown on the map of the Property of New Bronx Mortgage Company, filed in the office of the Register of the County of New York on June 12, 1907, as Map No. 1185.

"An auction sale of lots fronting on this portion of MacLAY avenue, between St. Peters and Overing avenues, was held some time ago, and the dedication of this portion of MacLAY avenue, between St. Peters avenue and Overing avenue, was accomplished by such sale. The two and one-half story frame dwelling which occupies a portion of the street so dedicated is to be treated as an encroachment, as its removal could be enforced by any of the purchasers at the auction sale hereinbefore referred to.

"The two and one-half story frame dwelling with two story frame barn and extension on the northerly side of Overing avenue is owned by Mrs. Anita M. Hocht. She has been communicated with and has stated that she is taking under advisement the proposition to enter into an agreement to accept as her award in the proceeding the cost of moving the building and she asks to have until the 13th day of February, 1911, before making a decision in the matter.

"When I hear from Mrs. Hocht I shall notify you of her determination.

"With the exception above noted, I know of no reason why the sale of the buildings should be delayed."

As yet I have not heard from Mrs. Hocht.

In the matter of ZEREGA avenue, from Westchester avenue to the northwesterly line of Glebe avenue as laid out southwesterly from ZEREGA avenue, in reply to a request from the Comptroller for information as to encroachments on the lines of the above entitled proceeding, dated January 9, 1911, he was advised as follows:

"As title to ZEREGA avenue, between the points named in your letter has vested in the City, I see no reason why the sale or removal of the encroachments referred to should be delayed, with the single exception, however, of the building situated at the corner of ZEREGA avenue and Railroad avenue, on premises known as Lot 15-13K, Townsend Map, being the property of one Sarah Geraghty and designated by the number 185 on the damage map in the proceeding for acquiring title to ZEREGA avenue. As to this building, the Commissioners of the Sinking Fund, under authority of section 205 of the Charter, as amended, have entered into an agreement with the owner whereby she agrees to accept the cost of removal as and for the compensation to be awarded by the Commissioners of Estimate in the said proceeding for the damage to said building. The agreement provides for the re-transfer of the building to the property owner and for the moving back of the same from the old street line. A copy of the said agreement has been forwarded to your office this day and the owner of the building has been notified through her attorney to commence the work for removal without delay. Respectfully, G. L. STERLING, Acting Corporation Counsel.

Report No. 9881.

July 21, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting Corporation Counsel, bearing date of July 10, 1911, relative to encroachments of buildings within the lines of Boston road, MacLAY avenue and ZEREGA avenue, Borough of The Bronx.

A proceeding for acquiring title to Boston road from White Plains road to the northerly line of the City was authorized on June 14, 1907. A proceeding for acquiring title to MacLAY avenue from Parker street to West Farms road was authorized on May 3, 1907, and one relating to ZEREGA avenue from Castle Hill avenue near Hart street to Castle Hill avenue at or near West Farms road, was authorized on November 16, 1906.

Title to Boston road, between the limits named, to MacLAY avenue from St. Peters avenue, was vested in the City on December 15, 1910, to permit of carrying out physical improvements.

In the matter of Boston road the Corporation Counsel states that the owners have refused to accept as their award for damage the cost of moving their buildings back from the street lines, and advises that the Commissioners of the Sinking Fund order the destruction of these buildings under authority of section 205 of the Charter.

The encroachments on MacLAY avenue consist of two 2½-story frame dwellings, with a barn and extension. One of these buildings located on Damage Parcel No. 81 occupies a considerable portion of the bed of the street, and the Corporation Counsel expresses the opinion that an auction sale of the lots fronting on this portion of MacLAY avenue has established its dedication to public use and that the building should therefore be treated as an encroachment upon a highway. In regard to the other buildings which are located on Damage Parcel No. 84, the Corporation Counsel states that the owner has taken under advisement the proposition to accept as her award the cost of moving the buildings, and asked to have until February 13, 1911, in which to make a decision; he states that up to the time when his communication was written no further response in the matter had been received. It would therefore seem proper to arrange for the destruction of this building.

In reference to ZEREGA avenue, the Corporation Counsel advises that he sees no reason why the removal of the encroachments should be deferred, with the single exception of the building at the corner of ZEREGA avenue and Railroad avenue on Damage Parcel No. 185. In this case he says that the Commissioners of the Sinking Fund have entered into an agreement with the owner whereby she agrees to accept the cost of removal as her compensation for damage; a copy of this agreement has been forwarded to the Comptroller and the owner has been notified to immediately begin the work of removal.

I would recommend that the attention of the President of the Borough of The Bronx be called to the propriety of removing the building within the lines of the dedicated portion of MacLAY avenue which is to be treated as personal property. I would also recommend that the matter of destroying the building on MacLAY avenue designated as Damage Parcel No. 84, and of arranging for the sale or destruction of the remaining buildings be referred to the Commissioners of the Sinking Fund and that the suggestion made by the Corporation Counsel be endorsed with respect to their treatment, provided, in their judgment, the interests of the City and of the property owners cannot be otherwise adequately conserved. Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

On motion the matter was referred to the President of the Borough of The Bronx and to the Commissioners of the Sinking Fund.

REMOVAL OF OBSTRUCTIONS FROM AND THE IMPROVING OF GRANDVIEW AVENUE, FROM SOUTH STREET TO THE ATLANTIC OCEAN, BOROUGH OF QUEENS.

The following report of the Chief Engineer was presented:

Report No. 9863.

July 17, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on July 13 there was presented a communication from James Caffrey, addressed to the Comptroller under date of July 6, 1911, advising that in 1890 he had ceded to the Village of Far Rockaway a strip of land having a width of 50 feet, extending from South street to the Atlantic Ocean, and intended to be used as an extension of Grandview avenue. In this communication, Mr. Caffrey stated that the street had only been partly opened, that it was obstructed by lumber stored within its lines, and that by reason of the failure of the Highway Bureau of the Borough to provide access to the ocean, after due notification he proposed to apply to the Court to have the deed to the City annulled. The matter was referred to your Engineer for investigation.

The records of this office do not show that Grandview avenue has ever been incorporated upon the city plan or that application has been made for the carrying out of any surface improvement, nor is there any information available relative to the character of the deed which Mr. Caffrey claims was executed.

Under these conditions, I would recommend that the matter be referred to the President of the Borough of Queens with the request that he secure the advice of the Corporation Counsel relative to the City's title, and that in case this has been clearly established and the street is desirable he prepare a map definitely fixing the position of the lines, and with the further recommendation that as soon as the street has been incorporated upon the city plan the matter be laid before the Local Board with the suggestion that a resolution be adopted initiating proceedings for improving it.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion, the matter was referred to the President of the Borough of Queens.

RULE MAP, DAMAGE MAP AND PROFILE IN THE PROCEEDING FOR ACQUIRING TITLE TO NOTT AVENUE AND TO ANABLE AVENUE, BETWEEN VAN DAM STREET AND CALVARY CEMETERY, BOROUGH OF QUEENS.

The following report of the Chief Engineer was presented:

Report No. 9886.

July 21, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Queens, bearing date of February 7, 1911, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment, to be approved in the proceeding for acquiring title to the following streets: Nott avenue from Van Dam street to Calvary Cemetery, Anable avenue from Van Dam street to Calvary Cemetery.

This proceeding was authorized by the Board of Estimate and Apportionment on September 24, 1909, and the maps indicate that it affects areas within the lines of each as shown in the following table, which also indicates the number of buildings affected:

Street.	Area		Net Area to Be Acquired Under This Proceeding —Square Feet.	Buildings Affected.
	Area Heretofore Legally Acquired —Square Feet.	Area Included in Other Opening Proceedings Now in Progress —Square Feet.		
Anable avenue	14,836.8	4,800	373,798.8	1
Nott avenue	14,837.2	4,800	394,949.9	3
Total	29,674.0	9,600	768,748.7	4

The streets are not in use and the abutting property is almost entirely unimproved. In addition to the buildings above noted, fences and steps encroach upon the land to be acquired.

Portions of the streets are shown on maps filed by the property owners on March 26, 1871, and February 7, 1907.

I would recommend the approval of these maps, and that after certification they be forwarded to the Corporation Counsel. Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the rule map, damage map and profile, submitted by the Secretary of the Borough of Queens, to be used by the Corporation Counsel in the proceeding instituted by said Board September 24, 1909, for acquiring title to Nott avenue, from Van Dam street to Calvary Cemetery, and Anable avenue, from Van Dam street to Calvary Cemetery, Borough of Queens.

LOCAL IMPROVEMENTS—BOROUGH OF MANHATTAN. (PRELIMINARY AUTHORIZATION.)

RECEIVING BASIN AT THE NORTHWESTERLY CORNER OF WEST 166TH STREET AND ST. NICHOLAS AVENUE, BOROUGH OF MANHATTAN.

The following resolution of the Local Board of the Washington Heights District, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and of the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct receiving basin on the northwest corner of 166th street and St. Nicholas avenue; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 27th day of June, 1911, all of the members present voting in favor thereof.

Report No. 9844.

July 12, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on June 27, 1911, initiating proceedings for the construction of a receiving basin at the northwesterly corner of West 166th street and St. Nicholas avenue.

This basin is needed for the removal of surface drainage along the lines of the streets named, the former of which is graded and the latter paved. The outlet sewer is built.

The work is estimated to cost about \$700, and the assessed valuation of the property to be benefited is \$320,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 27th day of June, 1911, and approved by the President of the Borough of Manhattan on the 27th day of June, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To construct receiving basin on the northwest corner of 166th street and St. Nicholas avenue;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

REGULATING AND GRADING ELWOOD STREET, FROM NAGLE AVENUE TO SHERMAN AVENUE, BOROUGH OF MANHATTAN.

Report No. 9744.

June 22, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Williamsburg District, Borough of Brooklyn, adopted on May 31, 1911, initiating proceedings for constructing a sewer in Banker street from Meserole avenue to Nassau avenue.

This resolution affects three blocks or about 1,300 feet of Banker street, title to which has been legally acquired. The street is not in use and the abutting property is entirely unimproved. This sewer will outlet into the existing one in Wythe avenue, which is adequate for the present needs, but will ultimately be replaced by a sewer of much larger capacity to accord with the drainage plan for the vicinity recently approved.

The work is estimated to cost about \$5,800, and the assessed valuation of the property to be benefited is \$90,540.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Williamsburg District, duly adopted by said Board on the 31st day of May, 1911, and approved by the President of the Borough of Brooklyn on the 8th day of June, 1911, as follows, to wit:

"Resolved, That the Local Board of the Williamsburg District hereby initiates proceedings to construct a sewer in Banker street, between Meserole and Nassau avenues;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

SEWER IN NOSTRAND AVENUE, FROM CARROLL STREET TO CROWN STREET, AND IN CROWN STREET, FROM ROGERS AVENUE TO NEW YORK AVENUE, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the Flatbush District, Borough of Brooklyn, and report of the Chief Engineer were presented:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after duly advertised hearing had this 9th day of March, 1910, hereby amends resolution of December 28, 1908, initiating proceedings to construct sewers in Nostrand avenue, between Carroll and Crown streets; in Carroll street, between Nostrand and Rogers avenues, and in Crown street, between Nostrand and Rogers avenues, and an outlet sewer in Crown street, between Nostrand and New York avenues, to read as follows:

"To construct a sewer in Nostrand avenue, between Carroll and Crown streets, and in Crown street, between Nostrand and Rogers avenues, and an outlet sewer in Crown street, between Nostrand and New York avenues;"

—and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 9th day of March, 1910, Commissioner Pounds and Aldermen Potter and Morrison voting in favor hereof.

Attest: JOHN B. CREIGHTON, Acting Secretary.

Approved on June 29, 1911.

ALFRED E. STEERS, President, Borough of Brooklyn.

Report No. 9853.

July 14, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on March 9, 1910, initiating proceedings for constructing sewers in the following streets: Nostrand avenue, from Carroll street to Crown street; Crown street, from Rogers avenue to New York avenue.

Title to Nostrand avenue has been legally acquired. An opening proceeding relating to Crown street, from Washington avenue to Albany avenue, excluding railroad lands, together with a number of other streets in the vicinity, was instituted by the Board of Estimate and Apportionment on April 24, 1908. The oaths of the Commissioners of Estimate and Assessment were filed on July 16, 1909, and title to the land can be vested in the City at any time.

The resolution now presented affects one block, or about 300 feet, of Nostrand avenue, and two blocks, or about 1,500 feet, of Crown street. The former is paved and the latter is macadamized west of Nostrand avenue, and approximately graded easterly therefrom. A few houses have been erected on the abutting property. The outlet sewer is built in accordance with the approved drainage plan as far south as Montgomery street, between which point and Malbone street a small pipe sewer has been installed. A favorable report has been prepared upon a Local Board resolution for reconstructing the sewer in this block.

The work is estimated to cost about \$7,100, and the assessed valuation of the property to be benefited is \$147,065.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 9th day of March, 1910, and approved by the President of the Borough of Brooklyn on the 29th day of June, 1911, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after duly advertised hearing had this 9th day of March, 1910, hereby amends resolution of December 28, 1908, initiating proceedings to construct sewers in Nostrand avenue, between Carroll and Crown streets; in Carroll street, between Nostrand and Rogers avenues, and in Crown street, between Nostrand and Rogers avenues; and an outlet sewer in Crown street, between Nostrand and New York avenues, to read as follows:

"Construct a sewer in Nostrand avenue, between Carroll and Crown streets, and in Crown street, between Nostrand and Rogers avenues; and an outlet sewer in Crown street, between Nostrand and New York avenues;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

Report No. 9631.

June 3, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on May 4, 1911, initiating proceedings for constructing a sewer in 61st street between 8th avenue and 9th avenue.

This resolution affects one block or about 700 feet of 61st street, title to which has been legally acquired. A narrow roadway is in use, but the abutting property is almost entirely unimproved at the present time. The outlet sewer is built.

The work is estimated to cost about \$3,600, and the assessed valuation of the property to be benefited is \$24,375.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 4th day of May, 1911, and approved by the President of the Borough of Brooklyn on the 24th day of May, 1911, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District hereby initiates proceedings to construct a sewer in 61st street, between 8th and 9th avenues;" —and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

SEWER IN STERLING PLACE, FROM A POINT ABOUT 140 FEET WEST OF EAST NEW YORK AVENUE TO EASTERN PARKWAY EXTENSION, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the New Lots District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the New Lots District.

Whereas, A petition for a local improvement, to wit: Regulating, grading, curbing, laying cement sidewalks and paving and constructing a sewer in Sterling place, between Eastern Parkway extension and East New York avenue, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

June 28, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on March 11, 1909, initiating proceedings for constructing a sewer in Sterling place from a point about 140 feet west of East New York avenue to Eastern Parkway extension.

This resolution affects a little over one-half block or about 300 feet of Sterling place, title to which has been legally acquired. An approximately graded roadway is in use and the property abutting on the northerly side is largely improved. The outlet sewer is built.

The work is estimated to cost about \$1,100, and the assessed valuation of the property to be benefited is \$47,100.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on July 10, 1911, initiating proceedings for constructing a sewer in Sunnyside avenue, from a point about 105 feet east of Miller avenue to Barbey street.

This resolution affects a little less than two blocks or about 1,000 feet of Sunnyside avenue, title to which has been legally acquired. The street is in use only for a distance of about 150 feet at each end where the roadway is approximately graded and the abutting property is partially improved. The outlet sewers are built.

The work is estimated to cost about \$4,800, and the assessed valuation of the property to be benefited is \$115,900.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

June 20, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on April 7, 1911, initiating proceedings for grading, curbing and flagging 82d street from 17th avenue westwardly to the existing sidewalks.

This resolution affects about 200 feet of 82d street, title to which has been legally acquired. An approximately graded roadway is in use, but the abutting property is almost entirely unimproved. The improvement is desired to provide an outlet into 17th avenue, this affording a convenient means of access to the Brooklyn Rapid Transit station at 79th street.

The work is estimated to cost about \$500, and the assessed valuation of the land to be benefited is \$12,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 12, 1907, initiating proceedings for grading, curbing and flagging East 8th street from Church avenue to Avenue C.

An opening proceeding relating to this street from Caton place to Johnson street and from Church avenue to Avenue C, together with two other streets in the vicinity, was instituted by the Board of Estimate and Apportionment on December 4, 1908; the oaths of the Commissioners of Estimate and Assessment were filed on May 29, 1911, and title to the land can be vested in the City at any time.

The resolution now presented affects four blocks or about 1,600 feet of East 8th street. The roadway is approximately graded, a portion of the curbing and flagging has been provided, and the abutting property is partially improved.

The work is estimated to cost about \$4,000, and the assessed valuation of the land to be benefited is \$122,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

June 3, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on May 4, 1911, initiating proceedings for grading, curbing and flagging 61st street from 8th avenue to 9th avenue.

This resolution affects one block or about 700 feet of 61st street, title to which has been legally acquired. A narrow roadway is in use, but the abutting property is almost entirely unimproved at the present time.

The work is estimated to cost about \$6,100, and the assessed valuation of the land to be benefited is \$46,900.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 4th day of May, 1911, and approved by the President of the Borough of Brooklyn on the 23d day of May, 1911, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District hereby initiates proceedings to regulate, grade, set curb and lay cement sidewalks on 61st street, between 8th and 9th avenues;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

REGULATING AND GRADING 12TH AVENUE, FROM BAY RIDGE AVENUE TO 75TH STREET, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement, to wit: Regulating, grading, curbing and laying sidewalks on 12th avenue, between Bay Ridge avenue and 75th street, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Board of the Bay Ridge District hereby initiates proceedings to regulate, grade, set cement curb and lay cement sidewalks on 12th avenue, from Bay Ridge avenue to 75th street; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for approval.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on May 4, 1911, initiating proceedings for grading, curbing and flagging 12th avenue from Bay Ridge avenue to 75th street.

Title to this street southerly from 73d street has been legally acquired. An opening proceeding relating to 12th avenue from West street to 60th street and from 65th street to 73d street excluding railroad lands, together with 11th avenue from Kouwenhoven lane to 59th street, was instituted by the Board of Estimate and Apportionment on May 22, 1908. The oaths of the Commissioners of Estimate and Assessment in this proceeding were filed on January 28, 1910, and title to the land can be vested in the City at any time.

The resolution now presented affects 6 blocks or about 1,500 feet of 12th avenue. An approximately graded roadway is in use but the abutting property is almost entirely unimproved at the present time.

The work is estimated to cost about \$5,100, and the assessed valuation of the land to be benefited is \$210,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 4th day of May, 1911, and approved by the President of the Borough of Brooklyn on the 23d day of May, 1911, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District hereby initiates proceedings to regulate, grade, set cement curb and lay cement sidewalks on 12th avenue, from Bay Ridge avenue to 75th street;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on May 31, 1911, initiating proceedings for grading, curbing, flagging and paving with asphalt East 21st street, from Beverly road to Regent place.

This resolution affects one block, or about 300 feet, of East 21st street, title to which has been legally acquired. An approximately graded roadway is in use, a portion of the curbing and flagging has been provided, and the abutting property is partially improved. All of the subsurface construction has been provided for.

The work is estimated to cost about \$3,500, and the assessed valuation of the land to be benefited is \$90,600.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 9879.

July 20, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on May 31, 1911, initiating proceedings for paving with asphalt, curbing and recurring where necessary, Avenue M, from Ocean avenue to East 27th street.

This resolution affects seven short blocks of Avenue M, title to which has been legally acquired. The street is graded; a portion of the curbing and flagging has been provided, but the abutting property is generally unimproved. The sewer has been provided for, but the water main and gas main are laid only for a short distance adjoining Ocean avenue. It is understood, however, that arrangements have been made for completing these mains at an early date.

The authorization of this improvement is requested by the Commissioner of Public Works and with the understanding that the work will not be begun until after the lacking mains have been supplied. Under these conditions, I believe that the preliminary authorization might properly be given and would recommend such action.

The work is estimated to cost about \$16,400, and the assessed valuation of the land to be benefited is \$354,000. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 31st day of May, 1911, and approved by the President of the Borough of Brooklyn on the 8th day of June, 1911, as follows, to wit:

Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to set or reset curb where necessary and to pave with asphalt Avenue M, from Ocean avenue to the easterly line of East 27th street;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

July 19, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on February 3, 1911, initiating proceedings for curbing and paving with asphalt East 16th street from Newkirk avenue to a point about 145 feet northerly therefrom.

The Corporation Counsel advises that this portion of East 16th street is dedicated to public use. The roadway is approximately graded; the flagging is largely provided; the abutting property is partially improved, and all of the sub-surface construction has been provided.

The work is estimated to cost about \$1,100, and the assessed valuation of the land to be benefited is \$33,500.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed, which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on March 9, 1910, initiating proceedings for paving with asphalt 17th avenue, from 74th street to 79th street.

This resolution affects 5 short blocks of 17th avenue, title to which has been legally acquired. An approximately graded roadway is in use, a number of buildings have been erected upon the abutting property, and all of the subsurface construction has been provided. The Borough President was recently authorized to carry out a grading improvement affecting this street between the limits named, and as the amount of work involved is small it appears unnecessary to defer the consideration of the paving.

The work is estimated to cost about \$13,900, and the assessed valuation of the land to be benefited is \$59,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

July 18, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on July 12, 1911, initiating proceedings for paving with asphalt 46th street, from New Utrecht avenue to 13th avenue.

This resolution affects two blocks, or about 1,300 feet of 46th street. East of 12th avenue title to the street has been legally acquired, and the Corporation Counsel has advised that west of this point it is dedicated to public use. A grading improvement affecting it between limits including those now under consideration was recently authorized, and the work of construction is well advanced towards completion. The abutting property is largely improved, and all of the subsurface construction has been provided, although in this connection it should be noted that the water main is a small Blythbourne pipe, which will probably be ultimately replaced by one of more ample capacity.

The work is estimated to cost about \$9,900, and the assessed valuation of the land to be benefited is \$185,500.

The matter is presented to the Board for such action as may be deemed proper in view of the fact that the water main is of a temporary character.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 12th day of July, 1911, and approved by the President of the Borough of Brooklyn on the 15th day of July, 1911, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District hereby initiates proceedings to pave 46th street with asphalt on concrete foundation, from New Utrecht avenue to 13th avenue;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

PAVING 12TH AVENUE, FROM 39TH STREET TO 49TH STREET, BOROUGH OF BROOKLYN.

The following joint resolution of the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Boards of the Bay Ridge and Flatbush Districts.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of these Local Boards not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Boards, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of these Local Boards at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Boards, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Boards of the Bay Ridge and Flatbush Districts, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That these Boards do hereby initiate proceedings for the said local improvement, to wit:

To pave 12th avenue with asphalt block on concrete foundation, between 39th street and 49th street,

—and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Report No. 9848.

July 12, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a joint resolution of the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, adopted on May 7, 1908, initiating proceedings for paving with asphalt block 12th avenue, from 39th street to 49th street.

An opening proceeding relating to this street, from West street to 60th street and from 65th street to 73d street, excluding railroad lands, together with 11th avenue from Kouwenhoven lane to 59th street, was instituted by the Board of Estimate and Apportionment on May 22, 1908. The oaths of the Commissioners of Estimate and Assessment were filed on January 28, 1910, and title to the land, where necessary, can be vested in the City at any time.

The resolution now presented affects ten short blocks of 12th avenue. The street is graded, curbed and flagged, the abutting property is partially improved, and all of the subsurface construction has been provided for.

The work is estimated to cost about \$33,200, and the assessed valuation of the land to be benefited is \$287,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Boards of the Bay Ridge and Flatbush Districts, duly adopted by said Boards on the 7th day of May, 1908, and approved by the President of the Borough of Brooklyn on the 29th day of May, 1908, as follows, to wit:

"Resolved, That these Boards do hereby initiate proceedings for the said local improvement, to wit: To pave 12th avenue with asphalt block on concrete foundation, between 39th street and 49th street;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

Report No. 9829.

July 7, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on May 10, 1909, initiating proceedings for paving with asphalt Prospect place from Utica avenue to Rochester avenue.

This resolution affects one long block of Prospect place, title to which has been legally acquired. The street is graded, the abutting property is partially improved, and, with the exception of the gas main, all of the subsurface construction has been provided. The Borough President was recently authorized to carry out the work of curbing this block.

The work is estimated to cost about \$6,500, and the assessed valuation of the property to be benefited is \$40,950.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the gas main has been provided for.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 10th day of May, 1909, and approved by the President of the Borough of Brooklyn on the 19th day of May, 1909, as follows, to wit:

"Resolved, That the Local Board of the New Lots District hereby initiates proceedings to pave Prospect place with asphalt on concrete foundation, between Utica and Rochester avenues;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the

boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Report No. 9818.

July 5, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on February 3, 1911, initiating proceedings for paving with asphalt Warwick street from Belmont avenue to Sutter avenue.

An opening proceeding relating to this street from Belmont avenue to New Lots avenue was instituted by the Board of Estimate and Apportionment on June 19, 1908, but has not advanced sufficiently to permit of vesting title to the land in the City. It is unnecessary, however, to defer the desired improvement for the reason that the Corporation Counsel has advised that the street is here dedicated to public use.

The resolution now presented affects one block or about 400 feet of Warwick street. The roadway is approximately graded, the abutting property is partially improved, and all of the subsurface construction has been provided. The Borough President was recently authorized to do the preliminary work relating to the necessary grading, and as this involves only a small amount of work it seems unnecessary to defer the consideration of the paving.

The work is estimated to cost about \$2,900, and the assessed valuation of the land to be benefited is \$38,800.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract with the understanding that the construction will then be authorized if the grading improvement has been provided for. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 9799.

June 30, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Van Cortlandt District, Borough of The Bronx, adopted on May 8, 1911, initiating proceedings for constructing a receiving basin at the southeasterly corner of West 231st street and Broadway.

This basin is needed for the removal of surface drainage along the line of the former street which is regulated and graded. The outlet sewer is built.

The work is estimated to cost about \$400, and the assessed valuation of the property to be benefited is \$35,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Van Cortlandt, Twenty-fifth, District, duly adopted by said Board on the 8th day of May, 1911, and approved by the President of the Borough of The Bronx on the 26th day of June, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For constructing a receiving basin and appurtenances at the southeast corner of West 231st street and Broadway, together with all work incidental thereto, in the Borough of The Bronx, City of New York;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Crotona District, Borough of The Bronx, adopted on May 29, 1911, initiating proceedings for paving with asphalt block and for curbing where necessary East 152d street from Park avenue to Morris avenue.

This resolution affects one block or about 400 feet of East 152d street, title to which has been legally acquired. The street is graded, curbed and flagged; the abutting property is largely improved; and all of the sub-surface construction has been provided.

The work is estimated to cost about \$4,400, and the assessed valuation of the property to be benefited is \$295,800.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Crotona District, duly adopted by said Board on the 29th day of May, 1911, and approved by the President of the Borough of The Bronx on the 7th day of June, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For paving with asphalt blocks on a concrete foundation the roadway of East 152d street, from Park avenue to Morris avenue, setting curb where necessary, and all work incidental thereto, in accordance with chapter 546 of the Laws of 1910, said pavement being designated under said law as Class 'A' pavement, in the Borough of The Bronx, City of New York;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of The Bronx has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

July 5, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on June 19, 1911, initiating proceedings for laying a bituminous pavement on a concrete foundation and adjusting the curbing, where necessary, on Bronx Park avenue from Tremont avenue to Walker avenue. The pavement is designated as Class B.

This resolution affects three short blocks of Bronx Park avenue, title to which has been legally acquired. An approximately graded roadway is in use, the abutting

property is partially improved, and all of the subsurface construction has been provided.

The Borough President was recently authorized to carry out a grading improvement affecting this street between limits including those now under consideration, and as the amount of work to be done in these three blocks is small, there seems to be no reason to defer the paving improvement.

The work is estimated to cost about \$3,100, and the assessed valuation of the property to be benefited is \$413,515.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Chester, Twenty-third, District, duly adopted by said Board on the 19th day of June, 1911, and approved by the President of the Borough of The Bronx on the 29th day of June, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For paving the roadway of Bronx Park avenue, from Tremont avenue to Walker avenue, with bituminous pavement on a concrete foundation, adjusting curb where necessary, and doing all work incidental thereto, said pavement being designated under chapter 546 of the Laws of 1910 as Class 'B' or preliminary pavement, in the Borough of The Bronx, City of New York;"

Report No. 9768.

June 27, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 26, 1911, initiating proceedings for constructing sewers in the following streets in the Second Ward:

Woodward avenue from Troutman street to Stanhope street; Starr street from Woodward avenue to Onderdonk avenue.

Information is presented with the papers intended to establish a sufficient dedication of Woodward avenue to public use to permit of carrying out the sewer improvement.

An opening proceeding relating to Starr street from the Brooklyn Borough line to Metropolitan avenue was instituted by the Board of Estimate and Apportionment on March 31, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on June 6 of the year following.

This proceeding was amended on September 24, 1909, to make it relate to the street as shown on the final maps of the Borough, and the court order confirming the amendment was filed on February 18, 1910. Title to the land can therefore be vested in the City at any time.

The resolution now presented affects one short block of Starr street and seven short blocks of Woodward avenue, aggregating a little over 2,000 feet. An ungraded roadway is in use in the former, but the latter is paved, the abutting property in each case being partially improved. The greater portion of the frontage on the northerly side of Woodward avenue is occupied by Linden Hill Cemetery. The Borough President was recently authorized to do the preliminary work relating to the outlet sewer in Troutman street.

The work is estimated to cost about \$7,500, and the assessed valuation of the property to be benefited is \$190,200.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the outlet sewer has been provided for.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 26th day of May, 1911, and approved by the President of the Borough of Queens on the 2d day of June, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For the construction of a sewer and appurtenances in Woodward avenue, from Troutman street to Stanhope street, and in Starr street, from Woodward avenue to Onderdonk avenue, Second Ward of the Borough of Queens;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies,

the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on June 16, 1911, initiating proceedings for grading the following streets in the Second Ward:

Harman street from Grand View avenue to Forest avenue; Himrod street from Grand View avenue to Metropolitan avenue.

Title to these streets has been legally acquired, and the resolution affects two long blocks of each, aggregating about 2,100 feet. Neither of the streets is in use, and the abutting property is unimproved with respect to them, but a number of buildings fronting on old highways encroach upon the street lines.

The work is estimated to cost about \$16,800, and the assessed valuation of the property to be benefited is \$300,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 16th day of June, 1911, and approved by the President of the Borough of Queens on the 20th day of June, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating and grading Harman street, from Grand View avenue to Forest avenue, and Himrod street, from Grand View avenue to Metropolitan avenue, Second Ward of the Borough of Queens;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

The following resolution was then adopted:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 26th day of May, 1911, and approved by the President of the Borough of Queens on the 2d day of June, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating, curbing and paving with asphalt block pavement on a concrete foundation in Munson street, from Fulton avenue to Franklin street, First Ward of the Borough of Queens, together with all work incidental thereto;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment, the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

Report No. 9730.

June 19, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 26, 1911, initiating proceedings for paving with asphalt block 3d avenue from Jackson avenue to Webster avenue in the First Ward.

This resolution affects three blocks or about 1,000 feet of 3d avenue, title to which has been legally acquired. The street is graded, curbed and flagged; the abutting property is partially improved, and all of the sub-surface construction has been provided.

The work is estimated to cost about \$10,000, and the assessed valuation of the property to be benefited is \$145,500.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

To construct bluestone curb on the south side of Anderson avenue, corner of Simonson place, in front of Lot No. 843½, in the Third Ward of the Borough of Richmond,

—and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Staten Island District on the 19th day of April, 1910, Aldermen Fink, Cornell, Cole and President Cromwell being present and voting in favor thereof.

Attest: MAYBURY FLEMING, Secretary.

Approved this 19th day of April, 1910.

GEORGE CROMWELL, President of the Borough of Richmond.

Report No. 9874.

July 19, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on April 19, 1910, initiating proceedings for curbing the southerly side of Anderson avenue in front of lot No. 843½, at the corner of Simonson place.

Anderson avenue was placed upon the city map under a resolution adopted by the Board on July 6, 1911. An inspection of this street shows that it has been graded, flagged and paved, and that the curbing has been set, with the exception of through a distance of about 100 feet in front of the property described by the Local Board. Affidavits are presented to establish a dedication of this street to public use.

The work is estimated to cost about \$100, and the assessed valuation of the property to be benefited is \$450.

I see no reason why the improvement should not be carried out, and would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

LOCAL IMPROVEMENTS—BOROUGH OF MANHATTAN. (FINAL AUTHORIZATION.)

SANITARY AND STORM WATER SEWERS IN PARK TERRACE EAST, FROM WEST 218TH STREET TO A POINT 100 FEET SOUTH OF WEST 215TH STREET, MANHATTAN.

The following report of the Chief Engineer was presented:

Report No. 9887.

July 22, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Manhattan, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvement have been complied with: Sanitary and storm water sewers in Park Terrace East from West 218th street to a point 100 feet south of West 215th street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 15, 1911, at which time information was presented to show that its probable cost would be about \$13,400. The Borough President states that the time to be allowed for the completion of the improvement is 250 days, and that the expense incurred for the preliminary work amounts to \$30.

The work to be done comprises the following: 746 lin. feet 8-inch pipe sewer, 145 lin. feet 6-inch pipe sewer, 266 lin. feet 15-inch concrete sewer, 620 lin. feet 12-inch concrete sewer, 3 receiving basins.

The cost of the improvement is now estimated to be \$14,100.

I see no reason why the construction work required to carry out this improvement should not be authorized and would recommend such action. Respectfully,
ARTHUR S. TUTTLE, Engineer in Charge.

The following resolution was then adopted:

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 31st day of May, 1911, and approved by the President of the Borough of Manhattan on the 1st day of June, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To construct sewers in Park Terrace East, between 218th street and 100 feet south of 215th street."

—and thereupon, on the 15th day of June, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Manhattan to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Manhattan had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Manhattan, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$14,100, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$734,500, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

PAVING, CURBING AND RECURRING WEST 131ST STREET, FROM BROADWAY TO OLD BROADWAY, MANHATTAN.

The following report of the Chief Engineer was presented:

Report No. 9888.

July 22, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Manhattan, advising that all of the conditions which it is the practice of the Board to impose prior to the final authorization of local improvements have been complied with in the matter of paving with asphalt and curbing and recurring West 131st street, from Broadway to Old Broadway.

A report recommending the preliminary authorization of this improvement has already been prepared and is now before the Board for consideration. Assuming that it will meet with approval, there seems to be no reason to prevent the final authorization now requested.

The Borough President states that there have been no charges made against the Street Improvement Fund, and that it is proposed to allow the contractor 15 days in which to carry out the improvement.

The work to be done comprises the following: 870 square yards asphalt pavement, 550 lin. feet new and old curb.

The cost of the improvement is now estimated to be \$3,400.

Respectfully,
ARTHUR S. TUTTLE, Engineer in Charge.

The following resolution was then adopted:

A copy of a resolution of the Local Board of the Riverside District, duly adopted by said Board on the 11th day of July, 1911, and approved by the President of the Borough of Manhattan on the 19th day of July, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To pave with sheet asphalt pavement on concrete foundation, curb and recurb 131st street, from Broadway to Old Broadway."

—and thereupon, on the 27th day of July, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Manhattan to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Manhattan had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Manhattan, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses will be the sum of \$3,400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$148,500, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

The following report of the Chief Engineer was presented:

Report No. 9877.

July 22, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the Acting President of the Borough of Brooklyn advising that all of the conditions which it is the practice of the Board to impose prior to the final authorization of local improvements have been complied with in the matter of the following:

1. Paving with asphalt 46th street, from New Utrecht avenue to 13th avenue. The Borough President states that the time to be allowed for the completion of this improvement is 30 days, and that no charges have been made against the Street Improvement Fund.

The work to be done comprises the laying of 4,705 square yards of asphalt pavement at an estimated cost of \$8,200.

2. Curbing and paving with asphalt East 16th street, from Newkirk avenue to a point about 145 feet northerly therefrom.

The Borough President states that the time to be allowed for the completion of this improvement is 20 days, and that no charges have been made against the Street Improvement Fund.

The work to be done comprises the following: 290 linear feet cement curb, 480 square yards asphalt pavement.

The cost of the improvement is estimated to be \$1,100.

3. Sewer in Sunnyside avenue, from a point about 105 feet east of Miller avenue to Barbey street.

The Borough President states that the time to be allowed for the completion of this improvement is 60 days, and that no charges have been made against the Street Improvement Fund.

The work to be done comprises the following: 950 linear feet 12-inch pipe sewer, 9 manholes, 6 receiving basins.

The cost of the improvement is estimated to be \$4,500.

Reports recommending the preliminary authorization of these improvements have already been prepared and are now before the Board for consideration. Assuming that they will meet with approval, there seems to be no reason to prevent the final authorization now requested. Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

The following resolutions were then adopted:

PAVING 46TH STREET, FROM NEW UTRECHT AVENUE TO 13TH AVENUE, BROOKLYN.

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 12th day of July, 1911, and approved by the President of the Borough of Brooklyn on the 15th day of July, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

CURBING, RECURBING AND PAVING AVENUE M, FROM OCEAN AVENUE TO EAST 27TH STREET, BROOKLYN.

The following report of the Chief Engineer was presented:

Report No. 9880.

July 21, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn advising that all of the conditions which it is the practice of the Board to impose prior to the final authorization of local improvements have been complied with in the matter of curbing, recurbing and paving with asphalt Avenue M, from Ocean avenue to East 27th street.

A report recommending the preliminary authorization of this improvement has already been prepared and is now before the Board for consideration. In this report attention has been called to the fact that a portion of the gas main and of the water main is lacking, but that arrangements have been made for their completion. The Commissioner of Public Works forwards in connection with this matter a communication from the Deputy Commissioner of Water Supply for the Borough of Brooklyn, who states that as soon as money is available the contract for the water main "will be advertised at once, and if there is no unusual delay in the matter, work should be commenced during September."

The Borough President states that there have been no charges made against the Street Improvement Fund, and that it is proposed to allow the contractor 40 days in which to carry out the improvement.

The work to be done comprises the following: 1,720 linear feet cement curb, 7,300 square yards asphalt pavement.

The cost of the improvement is now estimated to be \$13,600.

It is evident that no positive assurance can be given as to the date on which the subsurface construction can be completed, but in accordance with the request of the Commissioner the matter is now placed before the Board for consideration.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 31st day of May, 1911, and approved by the President of the Borough of Brooklyn on the 8th day of June, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to set or reset curb where necessary and to pave with asphalt Avenue M, from Ocean avenue to the easterly line of East 27th street,"

—and thereupon, on the 27th day of July, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Brooklyn to prepare the necessary plans, specifications and an estimate of the

cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Brooklyn had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Brooklyn, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$13,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$354,000, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

PAVING 85TH STREET, FROM FORT HAMILTON AVENUE TO 13TH AVENUE, BROOKLYN.

The following report of the Chief Engineer was presented:

Report No. 9882.

July 21, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on January 12, 1911, the President of the Borough of Brooklyn was authorized to undertake the preliminary work involved prior to laying an asphalt pavement on 85th street from Fort Hamilton avenue to a point 290 feet east of 11th avenue, and from 12th avenue to 13th avenue, and to pave this street with granite block from a point 290 feet east of 11th avenue to 12th avenue, in accordance with the provisions of a resolution adopted by the Local Board of the Bay Ridge District on April 21, 1910.

The final authorization of this improvement was given by the Board on February 9, 1911, at which time information was presented to show that the preliminary expense amounted to \$28.30; that the improvement was estimated to cost \$18,600, and that it was proposed to allow the contractor thirty-five days for completing the work.

In the accompanying resolution of the Local Board, adopted on July 12, 1911, provision is made for amending the original resolution by the substitution of asphalt block for granite block. The Board is also informed that all of the sheet asphalt provided for in the original resolution has been placed under contract, and that the change from granite block to asphalt block has been proposed in order to meet the request of all of the owners of property in this portion of the street.

The work to be done under the amended resolution comprises the following: 8,830 square yards sheet asphalt pavement, 1,115 square yards asphalt block pavement.

The improvement is now estimated to cost \$16,900, and the assessed valuation of the property to be benefited is \$209,000.

I see no reason why the change desired by the Local Board should not be made and would recommend that the resolution of February 9, 1911, be amended accordingly. Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment hereby amends the resolution adopted by the Board on February 9, 1911, granting final authorization for paving 85th street, with sheet asphalt on concrete foundation, from Fort Hamilton avenue to a point 290 feet east of 11th avenue, and from 12th avenue to 13th avenue, and to lay granite block pavement on a concrete foundation from a point 290 feet east of 11th avenue to 12th avenue, so as to read as follows:

"A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 12th day of July, 1911, and approved by the President of the Borough of Brooklyn on the 19th day of July, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District hereby amends resolution of April 21, 1910, initiating proceedings to pave 85th street with sheet asphalt on concrete foundation, from Fort Hamilton avenue to a point 290 feet east of 11th avenue; and from 12th avenue to 13th avenue, and to lay granite block pavement on a concrete foundation, from a point 290 feet east of 11th avenue to 12th avenue—by providing for asphalt block instead of granite block pavement on that portion of 85th street, from a point 290 feet east of 11th avenue to 12th avenue, the amended resolution to read as follows:

"To pave 85th street with sheet asphalt on concrete foundation, from Fort Hamilton avenue to a point 290 feet east of 11th avenue, and from 12th avenue to 13th avenue, and to lay an asphalt block pavement on a concrete foundation from a point 290 feet east of 11th avenue to 12th avenue; and

"Whereas, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Brooklyn to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey; and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Brooklyn had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Brooklyn, as appears by papers and documents on the files of the Board of Estimate and Apportionment; and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$16,900; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit: the sum of \$209,000 having also been presented; it is

"Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement."

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

LOCAL IMPROVEMENTS—BOROUGH OF THE BRONX.

(FINAL AUTHORIZATION.)

The following report of the Chief Engineer was presented:

Report No. 9878.

July 22, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the President of the Borough of The Bronx, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with.

1. Grading, curbing and flagging Kingsbridge road from Heath avenue to Bailey avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 15, 1911, at which time information was presented to show that its probable cost would be about \$4,300. The Borough President states that the time to be allowed for the completion of the improvement is 60 days, and that the expense incurred for the preliminary work amounts to \$49.93.

The work to be done comprises the following: 5,500 cubic yards filling; 550 linear feet new and old curb; 2,150 square feet new and old flagging.

The cost of the improvement is now estimated to be \$4,300.

2. Grading, curbing and flagging Minerva place from Jerome avenue to the Grand Boulevard and Concourse.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 15, 1911, at which time information was presented to show that its probable cost would be about \$4,300. The Borough President states that the time to be allowed for the completion of the improvement is 40 days, and that the expense incurred for the preliminary work amounts to \$65.40.

The work to be done comprises the following: 2,275 cubic yards earth and rock excavation; 785 linear feet curb; 3,150 square feet flagging.

The cost of the improvement is now estimated to be \$3,800.

3. Paving with granite block, and curbing where necessary, East 167th street from Jerome avenue to a point about 124 feet east of Gerard avenue, and from a point about 94 feet west of Sherman avenue to the New York and Harlem Railroad.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 15, 1911, at which time information was presented to show that its probable cost would be about \$67,600. The Borough President states that the time to be allowed for the completion of the improvement is 125 days, and that the expense incurred for the preliminary work amounts to \$83.74.

The work to be done comprises the following: 14,700 square yards granite block pavement; 6,050 linear feet new and old curb.

The cost of the improvement is now estimated to be \$67,600.

4. Grading, recurfing and paving with granite block Brown place from East 132d street to East 133d street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 15, 1911, at which time information was presented to show that its probable cost would be about \$3,600. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to \$24.21.

The work to be done comprises the following: 700 cubic yards excavation; 460 linear feet new and old curb; 730 square yards granite block pavement.

The cost of the improvement is now estimated to be \$3,500.

5. Receiving basin on each side of Whitlock avenue between East 156th street and Longwood avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 15, 1911, at which time information was presented to show that its probable cost would be about \$600. The Borough President states that the time to be allowed for the completion of the improvement is 15 days, and that the expense incurred for the preliminary work amounts to \$11.49.

The cost of the improvement is now estimated to be \$600.

6. Sewers in the following streets: Creston avenue from East 198th street to Minerva place; Minerva place from Jerome avenue to the Grand Boulevard and Concourse.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 15, 1911, at which time information was presented to show that its probable cost would be about \$7,800. The Borough President states that the time to be allowed for the completion of the improvement is 80 days, and that the expense incurred for the preliminary work amounts to \$40.21.

The work to be done comprises the following: 278 linear feet 15-inch pipe sewer; 206 linear feet 12-inch pipe sewer; 6 manholes; 2 receiving basins.

The cost of the improvement is now estimated to be \$5,400.

I see no reason why the construction work required to carry out these improvements should not be authorized, and would recommend such action.

I would also recommend that title be vested in the City on November 1, 1911, to Minerva place between Jerome avenue and the Grand Boulevard and Concourse. Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

The following resolutions were then adopted:

REGULATING AND GRADING KINGSBRIDGE ROAD, FROM HEATH AVENUE TO BAILEY AVENUE, THE BRONX.

A copy of a resolution of the Local Board of the Van Cortlandt District, duly adopted by said Board on the 8th day of May, 1911, and approved by the President of the Borough of The Bronx on the 15th day of May, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating, grading and regrading, setting and resetting curbstones, flagging and reflagging the sidewalks a space four feet wide, laying and relaying crosswalks, building approaches and erecting fences where necessary in Kingsbridge road, from Heath avenue to Bailey avenue, together with all work incidental thereto, in the Borough of The Bronx, City of New York;—

—and thereupon, on the 15th day of June, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of The Bronx to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of The Bronx had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of The Bronx, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$4,300, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$281,800, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx and the Presidents of the Boroughs of Queens and Richmond—13.

REGULATING AND GRADING MINERVA PLACE, FROM JEROME AVENUE TO THE GRAND BOULEVARD AND CONCOURSE, THE BRONX.

Vesting Title to Minerva Place, From Jerome Avenue to the Grand Boulevard and Concourse, The Bronx.

Whereas, The Board of Estimate and Apportionment on the 19th day of November, 1909, adopted a resolution requesting the Corporation Counsel to institute proceedings to acquire title, in fee wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Minerva place, from Jerome avenue to the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York, and

Whereas, Commissioners of Estimate have been appointed by the Supreme Court in proceedings to acquire title to said street, and the oaths of said Commissioners of Estimate were duly filed as required by law on the 24th day of April, 1911; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of November, 1911, the title in fee to each and every piece or parcel of land lying within the lines of said Minerva place, from Jerome avenue to the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

A copy of a resolution of the Local Board of the Van Cortlandt District, duly adopted by said Board on the 9th day of April, 1908, and approved by the President of the Borough of The Bronx on the 18th day of April, 1908, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating and grading, setting curbstones and flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Minerva place, between Jerome avenue and the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York;"—and thereupon, on the 15th day of June, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of The Bronx to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of The Bronx had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of The Bronx, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$3,800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$80,360, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

LOCAL IMPROVEMENTS—BOROUGH OF QUEENS.

(FINAL AUTHORIZATION.)

The following report of the Chief Engineer was presented:

Report No. 9876. July 19, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the President of the Borough of Queens advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with:

1. Sewer in Hunter avenue, from Skillman place to Academy street and Wilbur avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 1, 1911, at which time information was presented to show that its probable cost would be about \$1,000. The Borough President states that the time to be allowed for the completion of the improvement is 20 days, and that the expense incurred for the preliminary work amounts to \$16.67.

The work to be done comprises the following: 373 linear feet 12-inch pipe sewer, 4 manholes.

The cost of the improvement is now estimated to be \$1,100.

2. Sewer in Jamaica avenue, from 13th avenue to 18th avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 1, 1911, at which time information was presented to show that its probable cost would be about \$2,900. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to \$16.13.

The work to be done comprises the following: 1,050 linear feet 12-inch pipe sewer, 10 manholes.

The cost of the improvement is now estimated to be \$3,100.

3. Temporary sanitary sewers in the following streets: Rockaway road, from Lefferts avenue to Panama street; Panama street, from Rockaway road to Stanley avenue; Stanley avenue, from Panama street to Shenandoah street; Shenandoah street, from Stanley avenue to the Jamaica Sewage Disposal Plant.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on February 23, 1911, at which time information was presented to show that its probable cost would be about \$70,000. The Borough President states that the time to be allowed for the completion of the improvement is 150 days, and that the expense incurred for the preliminary work amounts to \$468.93.

The work to be done comprises the following: 7,264 linear feet 3-foot concrete sewer, 361 linear feet twin 3-foot cast iron syphon, 38 manholes, 1 grit chamber, 2 drop chambers, 1 concrete culvert.

The cost of the improvement is now estimated to be \$72,300.

I see no reason why the construction work required to carry out these improvements should not be authorized and would recommend such action.

I would also recommend that title be vested in the City on September 1, 1911, to the following streets: Stanley avenue, between Panama street and Shenandoah street; Shenandoah street, between Stanley avenue and the Jamaica Sewage Disposal Plant. Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

The following resolutions were then adopted:

SEWER IN HUNTER AVENUE, FROM SKILLMAN PLACE TO ACADEMY STREET AND WILBUR AVENUE, QUEENS.

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 12th day of April, 1911, and approved by the President of the Borough of Queens on the 19th day of April, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To construct a sewer and appurtenances in Hunter avenue, from Skillman place to Academy street and Wilbur avenue, First Ward of the Borough of Queens;"

—and thereupon, on the 1st day of June, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the

cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$1,100, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$164,500, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

SEWER IN JAMAICA AVENUE, FROM 13TH AVENUE TO 18TH AVENUE, QUEENS.

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 5th day of May, 1911, and approved by the President of the Borough of Queens on the 10th day of May, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To construct a sewer and appurtenances in Jamaica avenue, from 13th avenue to 18th avenue, First Ward of the Borough of Queens;"—and thereupon, on the 1st day of June, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$3,100, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$103,160, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

SEWERS IN ROCKAWAY ROAD, FROM LEFFERTS AVENUE TO PANAMA STREET; PANAMA STREET, FROM ROCKAWAY ROAD TO STANLEY AVENUE; STANLEY AVENUE, FROM PANAMA STREET TO SHENANDOAH STREET; AND SHENANDOAH STREET, FROM STANLEY AVENUE TO THE JAMAICA SEWAGE DISPOSAL PLANT, QUEENS.

Vesting Title to Stanley Avenue, from Panama Street to Shenandoah Street, and to Shenandoah Street, from Stanley Avenue to the Land of the Jamaica Sewage Disposal Plant, Queens.

Whereas, The Board of Estimate and Apportionment on the 22d day of October, 1909, adopted a resolution requesting the Corporation Counsel to institute proceedings to acquire title, in fee wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Panama street, from Rockaway road to the mean high-water line of Jamaica Bay; Stanley avenue, from Shenandoah street to Panama street; and Shenandoah street, from Stanley avenue to the land owned by The City of New York, and used for a sewage disposal plant, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate have been appointed by the Supreme Court, in proceedings to acquire title to said streets, and the oaths of said Commissioners of Estimate were duly filed as required by law on the 7th day of June, 1910; therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of September, 1911, the title in fee to each and every piece or parcel of land lying within the lines of said Stanley avenue, from Shenandoah street to Panama street, and Shenandoah street, from Stanley avenue to the Jamaica Sewage Disposal Plant, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

A copy of a joint resolution of the Local Boards of the Newtown and Jamaica Districts, duly adopted by said Boards on the 27th day of January, 1910, and approved by the President of the Borough of Queens on the 1st day of February, 1910, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That these Boards do hereby initiate proceedings for the said local improvement, to wit: To construct a temporary dry weather flow sewer and appurtenances in Rockaway road, from Lefferts avenue to Panama street; in Panama street, from Rockaway road to Stanley avenue; in Stanley avenue, from Panama street to Shenandoah street, and in Shenandoah street, from Stanley avenue to the Jamaica Sewage Disposal Plant, Fourth Ward of the Borough of Queens;"—and thereupon, on the 23d day of February, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$72,300, and a statement of the assessed value according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$23,206,045, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

ROADWAY AND SIDEWALK WIDTHS.

FIXING THE ROADWAY WIDTH OF 18TH AVENUE, FROM 63D STREET TO 70TH STREET, BOROUGH OF BROOKLYN.

The following communication from the President of the Borough of Brooklyn and report of the Chief Engineer were presented:

The City of New York, office of the President of the Borough of Brooklyn, Brooklyn, June 29, 1911.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—I would request that you present a resolution to the honorable Board of Estimate and Apportionment for adoption, fixing the width of the roadway of 18th avenue, from 63d street to 70th street, at 42 feet, instead of 44 feet, which is the present legal width of the roadway.

The reason for this request is that there are a considerable number of full-grown maple trees along the curb line, and by placing the curb at the 44 ft. width would result in their destruction. This may be avoided by narrowing the roadway one foot on each side. Yours very truly,

ALFRED E. STEERS, President, Borough of Brooklyn.

Report No. 9819.

July 5, 1911.

HON. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on February 23, 1911, the President of the Borough of Brooklyn was authorized to carry out a grading improvement affecting 18th avenue from 63d street to 70th street.

This street has been laid out upon the City map to have a width of 80 feet and under the general ordinance should have a roadway of 44 feet.

In a communication bearing date of June 29, 1911, which is herewith transmitted, the Borough President advises that a number of large maple trees on each side will be destroyed if the curbing is set in its legal position. In view of the fact that widening the sidewalks one foot on each side will obviate this damage, he requests that a special ordinance be established legalizing such conditions.

I can see no objection to the desired ordinance, and would recommend the adoption of a resolution fixing the roadway width of 18th avenue, between the limits named, at 42 feet, the roadway to be centrally located. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, By the Board of Estimate and Apportionment of The City of New York, that the roadway of 18th avenue, from 63d street to 70th street, Borough of Brooklyn, is to be centrally located, and the width thereof between the limits mentioned is hereby fixed at 42 feet.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

MISCELLANEOUS.

DESIGNATING ALL MACADAM HEREAFTER AUTHORIZED AS CLASS "B" PAVEMENT.

The following report of the Committee, consisting of the Chief Engineer of the Board of Estimate and Apportionment and the Consulting Engineers of the various boroughs, to which this matter was referred on June 29, 1911, was presented:

Offices of Commissioner of Public Works, Borough of Manhattan, 21 Park Row, New York City, July 12, 1911.

HON. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—Concerning the reference to the Chief Engineer of the Board of Estimate and Apportionment and the Consulting Engineers of the several Boroughs, of the communication of the Chief Engineer of the Board, dated June 20, 1911, recommending that water-bound macadam, hereafter authorized, be considered as a Class "B" pavement, it is recommended that the following resolution be passed by your Board, so as to prevent, as far as possible, improper installation of this class of work.

"Resolved, That for purposes of repaving under section 948 of the Greater New York Charter, water-bound macadam, hereafter authorized, shall not be deemed a pavement." Respectfully submitted,

NELSON P. LEWIS, Chief Engineer, Board of Estimate and Apportionment; E. P. GOODRICH, Consulting Engineer, Manhattan; GEO. W. TILLSON, Consulting Engineer, Brooklyn; AMOS L. SCHAEFFER, Consulting Engineer, Bronx; J. H. WEINBERGER, Acting Consulting Engineer, Queens; THEODOR S. OXHOLM, Acting Consulting Engineer, Richmond.

The following resolution was then adopted:

Whereas, Section 948 of the Greater New York Charter, as amended, classifies pavements virtually into those which are preliminary and those which are final, and provides that property owners may be assessed only for the difference between the cost of the preliminary and the final pavement, wherever the cost of the original pavement has been borne by the property owners; and

Whereas, The wording of the Charter makes it possible to include in the preliminary pavement roadways paved with water-bound macadam which, except in extremely rare instances, is considered an improper surface for City use; and

Whereas, Advantage has been taken in some cases of the possibility of evading legitimate assessments for pavements because water-bound macadam have been originally laid; therefore, be it

Resolved, That, for purposes of repaving under section 948 of the Greater New York Charter, water-bound macadam, hereafter authorized, shall not be deemed a pavement.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

DESIGNATING BITULITHIC OR BITUMINOUS PAVEMENT AS CLASS "A" PAVEMENT.

The following communication from the Acting President of the Borough of Richmond was presented:

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, July 22, 1911.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Sirs—We are desirous of laying, in certain streets in this Borough, "Bitulithic" or "Bituminous Concrete" pavement. Before this can be done, it is necessary that the Board of Estimate and Apportionment should adopt a resolution classifying this pavement; this has not been done heretofore. I, therefore, recommend the passage of the following resolution:

"Resolved, That in accordance with the provisions of section 948 of the Greater New York Charter, as amended by chapter 546 of the Laws of 1910, which became a law on June 20, 1910, the Board of Estimate and Apportionment does hereby designate as Class 'A' pavement, 'Bitulithic' or 'Bituminous Concrete' pavement."

Very truly yours,

THEODOR S. OXHOLM, Acting President of the Borough.

On motion the matter was referred to the Chief Engineer of the Board and the Consulting Engineers of the various Boroughs.

The President of the Borough of Richmond stated he had awarded three contracts to the Standard Bitulithic Company for repaving with bituminous concrete pavement Cedar street and a number of streets in his Borough, which contracts were held in the Department of Finance pending a classification of the pavement to be used.

The President of the Borough of Richmond then asked and obtained unanimous consent for the present consideration of the following resolution:

Whereas, The President of the Borough of Richmond has awarded three contracts to the Standard Bitulithic Company for the following work:

1. For regulating and repaving with bituminous concrete pavement on concrete foundation the roadways of Cedar street, from Broad street to Boyd street; Hudson street, from Cedar street to Gordon street; Elm street, from Targee street to Gordon

street; Pine street, from Targee street to Gordon street; South avenue, from Richmond terrace to the Staten Island Rapid Transit Railway; and on present macadam foundation the roadways of Pennsylvania avenue, from New York avenue to the Staten Island Rapid Transit Railway; Henry street, from Grove street to Boyd street, Norwood avenue, from Bay street to Centre street; Union avenue, from Richmond terrace to the Staten Island Rapid Transit Railway;

2. For regulating and repaving with bituminous concrete pavement on concrete foundation the roadways of Burger avenue, from Richmond terrace to Henderson avenue; Patten street, from Broad street to end of street; Clarke street, from Broad street to end of street; Varian street, from Broad street to McKee street; and with vitrified brick pavement on concrete foundation in the gutters and bituminous concrete pavement on the present macadam foundation in the roadway of Brook street, from Water street to Broad street.

3. For regulating and repaving with bituminous concrete pavement on concrete foundation the roadways of Trinity place, from Barker street to Taylor street; New York avenue, from Fingerboard road to Government Reservation; Thompson street, from Bay street to Brook street; Nicholas avenue, from Richmond terrace to Innis street; Henderson avenue, from Clinton avenue to Lafayette avenue; Market street, from Richmond street to Broadway; West Union street, from Richmond street to Broadway; State street, from Castleton avenue to West Union street; Dubois avenue, from Post avenue to Cherry lane; Hannah street, from Van Duzer street to St. Pauls avenue; Tompkins street, from Quinn street to Brownell street; Cedar street, from Taylor street to Columbia street; Avenue B, from Ann street to south end of street; Tyson street, from Richmond terrace to 4th street.

Resolved, That the Board of Estimate and Apportionment, in accordance with chapter 546 of the Laws of 1910, hereby classifies the pavement to be laid in the above mentioned streets, under the aforesaid contracts, as a Class "A" pavement; this designation to apply only to the three contracts herein referred to.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

CLOSING BUSHWICK CREEK AT AND ABOVE THE WESTERLY LINE OF FRANKLIN STREET, BOROUGH OF BROOKLYN.

The following communication from the Acting Secretary of War was presented:
War Department, Washington, July 20, 1911.

To the Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Sir—I have the honor to acknowledge the receipt of your letter of April 24, last, transmitting certified copy of resolution adopted by the Board of Estimate and Apportionment, requesting the sanction of this Department, in pursuance of an Act of Congress, approved June 25, 1910, of a project for the closing of Bushwick Creek at and above the westerly line of Franklin street, Borough of Brooklyn, by replacing the existing bridge at that point with solid filling.

In reply I beg to inform you that in accordance with a favorable recommendation of the engineer authorities, the work described in the above mentioned letter and resolution is hereby approved. Very respectfully,

ROBERT SHAW OLIVER, Acting Secretary of War.

On motion, the Secretary was then directed to send copies of the communication to the President of the Borough of Brooklyn and the Commissioner of Bridges.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—Transmitted herewith, and hereby served upon The City of New York, is a certified copy of a resolution for hearing in Case No. 1377, adopted July 21, 1911, directing a hearing on July 27, 1911, on the application of the Long Island Railroad Company for permission to change portion of the route of its Main Line and North Side Divisions, between Woodside and Winfield, Borough of Queens.

Please acknowledge receipt of the enclosure. Yours very truly,

TRAVIS H. WHITNEY, Secretary.

State of New York, Public Service Commission for the First District.

Case No. 1377, Resolution for Hearing With Notice.

In the matter of the application of the Long Island Railroad Company for the permission and approval of the Public Service Commission for the First District, pursuant to the provisions of section 53 of the Public Service Commissions Law, to a change and relocation of that portion of the route of its Main Line and North Side Divisions, between Woodside and Winfield, in the Borough of Queens, City of New York.

Application having been made to the Public Service Commission for the First District by the Long Island Railroad Company, by petition dated and verified July 12, 1911, for the permission and approval of the Public Service Commission for the First District, pursuant to the provisions of section 53 of the Public Service Commissions Law, to a change and relocation of that portion of the route of its Main Line and North Side Divisions, between Woodside and Winfield, in the Borough of Queens, City of New York, in accordance with a survey, map and certificate of such change filed in the office of the Clerk of the County of Queens on the 12th day of July, 1911, pursuant to the provisions of section 24 of the Railroad Law.

Resolved, That a hearing be had upon said application by the Public Service Commission for the First District on the 27th day of July, 1911, at 2.30 o'clock in the afternoon, in the hearing room of the Public Service Commission for the First District, on the third floor of the Tribune Building, No. 154 Nassau street, Borough of Manhattan, City of New York, and that said Company publish a notice of the time, place and purpose of said hearing in the form hereto annexed, in the following newspapers, and at the following times, to wit: In the New York "Tribune" and the Flushing "Evening Journal," both published in The City of New York, on at least three separate days preceding the date of said hearing, and file proof of such publication with the Public Service Commission for the First District on or before the opening of said hearing; further

Resolved, That at least five copies of a printed notice of the time, place and purpose of said hearing, in the form hereto annexed, be posted and conspicuously fastened up by said Company in its present station at Jamaica, in the Borough of Queens, at least five days prior to the date fixed for said hearing, and kept posted up to the date fixed for said hearing, and that proof of such posting be filed with the Public Service Commission for the First District at or before the opening of said hearing; further

Resolved, That at least five days' notice of said hearing be given to the Long Island Railroad Company and to The City of New York by service upon each of them of a certified copy of this resolution.

Dated, July 21, 1911.

(L. S.) BY THE COMMISSION, TRAVIS H. WHITNEY, Secretary.

To The Long Island Railroad Company and The City of New York:

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on July 21, 1911, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 21st day of July, 1911.

[SEAL]

TRAVIS H. WHITNEY, Secretary.

State of New York, Public Service Commission for the First District.

Case No. 1377, Published Notice of Hearing.

In the matter of the application of the Long Island Railroad Company for the permission and approval of the Public Service Commission for the First District, pursuant to the provisions of section 53 of the Public Service Commissions Law, to a change and relocation of that portion of the route of its Main Line and North Side Divisions, between Woodside and Winfield, in the Borough of Queens, City of New York.

Notice is hereby given that the application of the Long Island Railroad Company for the permission and approval of the Public Service Commission for the First District, pursuant to the provisions of section 53 of the Public Service Commissions Law, to a change and relocation of that portion of the route of said Company's Main Line and North Side Divisions, between Woodside and Winfield, in the Borough of Queens, City of New York, in accordance with a survey, map and certificate of such change, filed in the office of the Clerk of the County of Queens on the 12th day of July, 1911, will be heard by said Commission at its office, No. 154 Nassau street, Borough of Manhattan, New York City, on the 27th day of July, 1911, at 2.30 o'clock in the afternoon.

Dated, July, 1911.

THE LONG ISLAND RAILROAD COMPANY, by President.

On motion, the papers were ordered printed in the minutes and placed on file, as the Engineer of the Board attended the above-described hearings.

RULE AND DAMAGE MAPS TO BE USED IN THE PROCEEDING FOR ACQUIRING TITLE TO THATFORD AVENUE, FROM RIVERDALE AVENUE TO STANLEY AVENUE; AND TO OSBORNE STREET, FROM RIVERDALE AVENUE TO VIENNA AVENUE, BOROUGH OF BROOKLYN.

The Acting President of the Borough of Brooklyn asked and obtained unanimous consent for the present consideration of this matter, and presented the following:

Report No. 9895.

July 27, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn, bearing date of July 26, 1911, presenting for consideration the rule map and damage map prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to the following streets: Thatford avenue, from Riverdale avenue to Stanley avenue; Osborn street, from Riverdale avenue to Vienna avenue.

This proceeding was instituted by the Board of Estimate and Apportionment on January 26, 1911. The maps indicate that it affects areas within the lines of these streets as shown in the following table, which also indicates the number of buildings affected:

Street.	Area Here- tofore Le- gally Ac- quired, Square Feet.	Net Area to Be Acquired Under This Proceeding, Square Feet.	Buildings Affected.
Thatford Avenue.....	12,600	168,600	4
Osborn Street.....	16,800	130,200	2
Total.....	29,400	298,800	6

An ungraded roadway falls within the lines of Osborn street in the northerly block, but with this exception the streets are not in use. Portions of them are shown on maps filed by the property owners between May 14, 1869, and June 8, 1906, and also upon various other property maps.

I would recommend the approval of these maps and that after certification they be forwarded to the Corporation Counsel. Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

The following was then offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the rule map and damage map, submitted by the Acting President, Borough of Brooklyn, to be used by the Corporation Counsel in the proceeding instituted by said Board January 26, 1911, for acquiring title to Thatford avenue, from Riverdale avenue to Stanley avenue; and Osborn street, from Riverdale avenue to Vienna avenue, Borough of Brooklyn.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—13.

ACQUIRING TITLE TO THE LANDS AND PREMISES REQUIRED FOR THE EXTENSION OF IRVING PLACE, FROM 14TH STREET TO 4TH AVENUE, BOROUGH OF MANHATTAN.

The President of the Borough of Manhattan asked and obtained unanimous consent for the present consideration of this matter, and offered the following:

City of New York, Office of the President of the Borough of Manhattan, July 27, 1911.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Since the Board of Estimate and Apportionment on July 11 authorized the construction of the rapid transit railway in Irving Place Extension, it seems expedient at this time to proceed to acquire title to the property involved.

It is, therefore, recommended that the Engineers of the Board of Estimate and Apportionment be directed to prepare and present a report as to the area of assessment, etc., at the next meeting. Yours very truly,

GEORGE McANENY, President, Borough of Manhattan.

On motion of the President of the Borough of Manhattan the Chief Engineer was directed to prepare and present a report at the next meeting of the Board (August 3, 1911).

SEASIDE PARK AT ROCKAWAY, BOROUGH OF QUEENS.

The Comptroller asked and obtained unanimous consent for the present consideration of the following report of the Committee on Seaside Park at Rockaway:

July 19, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—The report of the Corporate Stock Budget Committee adopted by this Board on July 17, 1911, among other things, declared in favor of a seaside park at Rockaway and recommended that the special committee having this matter under consideration present its report to the Board on July 27. Accordingly, your Committee reports as follows:

As long ago as 1904, and from time to time since then, the City has been urged by civic bodies and by associations interested in parks and kindred matters to acquire a site for a seaside park at Rockaway.

In 1906 there was considerable agitation on the subject. On March 12 of that year there was offered to the City at private sale a site comprising about 400 acres at West Rockaway, known as the Hatch tract, for \$1,000,000. In the same year an act was passed (chapter 456, Laws of 1906), empowering the Board of Estimate and Apportionment to acquire a seaside park and to authorize an expenditure of \$2,500,000 for that purpose without the approval of the Board of Aldermen. The same act authorized the Sinking Fund Commission to lease portions of the land so acquired to charitable or benevolent organizations for convalescent homes or for hospitals.

The matter has been before this Board in one form or another for more than four years. Omitting reference to minor items, the following summary is presented as bearing upon the general subject:

On March 8, 1907, the Board adopted a resolution laying out on the City map a park at West Rockaway, comprising what was then known as the Hatch tract of about 400 acres, lying between Belle Harbor on the East and the Huntington property, now known as the Harriman tract, at Rockaway Point on the West.

On March 15, 1907, the Board accepted the offer of the Association for Improving the Condition of the Poor to erect a hospital, to cost \$250,000, for the treatment of non-pulmonary tuberculosis patients, conditioned upon the City providing a site for it at the seashore.

On March 22, 1907, the Board authorized the acquisition of the Hatch property as a public park by condemnation in accordance with Charter provisions as to street opening; but on July 8, following, the resolution was so amended as to bring the proceeding under the provisions of the special act (chapter 456, Laws of 1906), before referred to.

On October 18, 1907, an entirely new resolution of the same purport was adopted by advice of the Corporation Counsel because it was deemed that the action had on July 8 was not strictly in accordance with the provisions of chapter 456, Laws of 1906. This resolution was not signed by the Mayor until more than two years had elapsed, December 10, 1909. The map prepared in connection with it was never signed.

On November 1, 1907, because of the stringency of the money market and the difficulty of financing a bond issue at the time, the Board directed the Corporation Counsel to proceed no further in the matter until instructed to do so by the Board.

On December 10, 1909, the Comptroller offered a resolution seeking to rescind the Board's action of November 1, 1907. The resolution failed to pass and on his motion it was placed on the Calendar for consideration at the following meeting.

On December 17, 1909, the Borough President of Brooklyn raised the question of title to the property and sought by resolution to rescind all previous action looking to its acquisition by the City. At the same meeting the Corporation Counsel by resolution was requested to make an investigation into the matter of title to the property included within the proposed park.

At the meeting on October 7, 1910, the opinion of the Corporation Counsel was received by the Board. This opinion advised that neither the City nor the State nor the Federal Government held any title to the property under consideration as had been alleged, until August 1, 1910, when the Neponsit Realty Company, the present owners, ceded to the United States a comparatively small strip adjoining Rockaway Point. At the same meeting, on motion of the Borough President of Manhattan the whole matter was referred to a Committee consisting of the President of the Board of Aldermen, the Comptroller, the President of the Borough of Manhattan and the President of the Borough of Queens.

Two sites at the west end of Rockaway were considered by your Committee. One, containing approximately 250 acres, now owned by the Neponsit Realty Company and adjoining its development, "Neponsit," immediately west of Belle Harbor, constituting the remaining and undeveloped part of the Hatch tract before referred to after the cession to the Federal Government of the strip before mentioned; the other, known as the "Harriman Tract," owned by the Southern Pacific Railway Company, comprising about 700 acres lying west of the U. S. Government strip and forming the extreme westerly end of the Rockaway Peninsula. This latter site shares many advantages with the Neponsit property. A distinguishing feature, however, is the constant accretion to the land whereby the area has steadily increased and will probably con-

tinue to increase, through tidal action. This natural agent, it is urged by some, may be supplemented by engineering skill so as still further to augment the natural accretion and control its direction, at the same time improving the contour of the beach front, which at present is undesirable, if not dangerous for bathing purposes, owing to constantly shifting gulleys and sand bars. Because of engineering problems requiring solution and involving differences of opinion as to methods and cost of any plan to develop this property to a proper point of usefulness as a seaside park and further, because of the probable large initial cost of acquiring the property—the owners are asking \$5,000,000 at private sale—your Committee deems it inadvisable to consider its acquisition by the City at this time.

The Neponsit tract of about 250 acres lies east of the Government strip and west of the Neponsit development. It may be secured, if the City authorities act promptly, for not more than \$1,225,000, with interest at 6 per cent. from July 26, 1911. It comprises a stretch of nearly 5,000 feet of regular, shelving beach on the Ocean side and something more than this on Jamaica Bay, owing to the more irregular contour of the bay side. Its average width is about 2,500 feet. The Neponsit Company has already contracted with the Federal Government to build a macadamized road 50 feet in width adjoining the Government strip from the Ocean to Jamaica Bay. This road, already dedicated to street purposes, will be about 2,600 feet in length. Washington avenue, 100 feet wide, is not included in the area under consideration, but there is a perpetual right of way over it. This avenue runs throughout the length of the property and extends over the Neponsit Company's development and Belle Harbor. The Company has also agreed to macadamize this avenue. The beach front is perfect and needs no treatment whatever for park purposes. The bay front will in the course of time require filling in landward of the bulkhead line. This it is thought may be done in connection with the dredging of Jamaica Bay. The property is very desirable in every way for a seaside park, and in addition the area is sufficiently large to accommodate the City's needs for sites for convalescent homes and seaside hospitals.

Your Committee is of the opinion that this property should be acquired by the City as soon as it is legally possible to do so. The Company prefers that title be acquired through condemnation proceedings. Under date of July 26, 1911, the Neponsit Realty Company offered two options to the City. The first option gives the City the right to buy at private sale all the property at \$1,225,000. The second option gives the City the right to buy for \$1,225,000 any award that the Commissioners in the condemnation proceedings may make, no matter how great the sum. The consideration for these options is that the Board of Estimate and Apportionment shall at the meeting of July 27, 1911, direct the Corporation Counsel to begin condemnation proceedings, and that every preliminary action necessary to condemnation proceedings be begun.

We recommend that this Board accept both options and that the resolutions hereto attached be adopted. These resolutions rescind the resolution adopted October 18, 1907, providing for the laying out of a park at Rockaway, and provide for new proceedings toward the laying out of a park also for a public hearing as provided by law, and for condemnation proceedings, and also for the acceptance of the two options of the Neponsit Realty Company. Respectfully submitted,

JOHN PURROY MITCHEL, President, Board of Aldermen; WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Borough of Manhattan; LAWRENCE GRESSER, President, Borough of Queens; Committee on Rockaway Park Matter.

The Comptroller then presented the following:

Neponsit Realty Company, Neponsit, West Rockaway, L. I., Brooklyn, N. Y., July 26, 1911.

Hon. WILLIAM A. PRENDERGAST, as Comptroller of The City of New York:

Honorable Sir—Enclosed you will find options for the purchase of property at Rockaway Point, and for the sale of any award to be made in condemnation proceedings concerning same.

The consideration for the giving of these options is that the Board of Estimate and Apportionment at their meeting July 27, 1911, shall pass proper resolutions for the acquisition of this property by condemnation, and that the resolution or resolutions shall direct that the Corporation Counsel shall apply to the Court for the appointment of Condemnation Commissioners, with provision that title shall vest in the City immediately upon filing of the oaths of said Commissioners.

Very truly yours,

WILLIAM M. GREVE, Vice-President.

For and in consideration of the sum of one (1) dollar, and other valuable considerations, receipt of which is hereby acknowledged, the Neponsit Realty Company hereby gives to William A. Prendergast as Comptroller of The City of New York the right, or option, to purchase the following described premises: Two contiguous parcels situated on Rockaway Beach, in Ward 5, of the Borough of Queens, City of New York, which parcels are more particularly described as follows:

First Parcel—Bounded on the west by the dividing line between the land of the United States Government and that of the Neponsit Realty Company; bounded on the east by a line parallel with the first mentioned boundary line and distant fifty (50) feet easterly therefrom as measured along a line at right angles thereto, said easterly and westerly lines being 2,600 feet in length more or less; bounded on the south by the Atlantic Ocean; and on the north by Jamaica Bay; and containing 2.851 acres, exclusive of the land lying within the limits of a strip of land known as Washington avenue, which strip is also designated as Lot thirty-nine on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon, as assignee of Alfrederick H. Hatch, was plaintiff, which said map was surveyed in June, 1897, by Walter M. Meserole, which land lying in Washington avenue is not to be acquired in fee. Said parcel is dedicated as a street in an agreement made with the United States Government, and is to be acquired subject to such agreement.

Second Parcel—Bounded on the west by the easterly line of the first parcel as above described, said westerly line being 2,600 feet, more or less, in length; bounded on the east by a line 2,200 feet, more or less, in length which is parallel with the easterly line of land of Neponsit Realty Company and distant 2,000 feet westerly therefrom measured at right angles thereto; which easterly boundary line intersects the northerly side of Washington avenue at a point 4,882.79 feet east from the easterly line of Parcel 1, measured along said avenue; bounded on the south by the Atlantic Ocean; bounded on the north by Jamaica Bay; said parcel containing 246.059 acres, exclusive of the land lying within the limits of said Washington avenue, which avenue is not to be acquired in fee.

Together with a perpetual right-of-way over the said strip of land lying within the limits of said Washington avenue included in both parcels, containing 11.324 acres, which strip of land is part of a plot designated as Lot thirty-nine on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon, as assignee of the estate of Alfrederick H. Hatch, was plaintiff, which map was made in June, 1897, by Walter M. Meserole.

For the sum of one million two hundred and twenty-five thousand dollars (\$1,225,000), with interest at the rate of six (6) per cent. per annum; interest to be computed from August 1, 1911, and all taxes and assessments which may become a lien after August 1, 1911.

This option to expire and become null and void after May 1, 1912.

Dated, Brooklyn, N. Y., July 26, 1911.

State of New York, County of Kings, ss.:

On this 26th day of July, in the year one thousand nine hundred and eleven, before me personally came William M. Greve, to me known, who, being by me duly sworn, did depose and say that he resided in the Borough of Brooklyn, City of New York; that he is the Vice-President of the Neponsit Realty Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation and that he signed his name thereto by like order.

JAMES H. CROSS, Commissioner of Deeds, City of New York.

For and in consideration of the sum of one (1) dollar, and other valuable considerations, receipt of which is hereby acknowledged, the Neponsit Realty Company hereby gives to The City of New York, the Board of Estimate and Apportionment of The City of New York, and William A. Prendergast, as Comptroller of The City of New York, or any of them, an option to purchase all its right, title and interest to the award or awards, and each and every part thereof which may hereafter be made in any proceeding by said City of New York to acquire by condemnation the property

hereinafter described, and upon the exercise of said option to execute and deliver an assignment thereof to said City of New York for the sum of one million two hundred and twenty-five thousand dollars (\$1,225,000), with interest at the rate of six (6) per cent. per annum, with interest to be computed from August 1, 1911, together with taxes and assessments which may become a lien after August 1, 1911, and such reasonable sums of money as may be expended or incurred by said Neponsit Realty Company for counsel fee and other expenses in said condemnation proceedings.

This option shall expire and become null and void after May 1, 1912. The following is a description of the property hereinbefore mentioned:

Two contiguous plots, pieces or parcels situated on Rockaway Beach in Ward 5 of the Borough of Queens, City of New York, which parcels are more particularly described as follows:

Whereas, The Neponsit Realty Company, in a communication dated July 26, 1911, has offered to The City of New York an option as follows:

For and in consideration of the sum of one (1) dollar, and other valuable considerations, receipt of which is hereby acknowledged, the Neponsit Realty Company hereby gives to The City of New York, the Board of Estimate and Apportionment of The City of New York, and William A. Prendergast, as Comptroller of The City of New York, or any of them, an option to purchase all its right, title and interest to the award or awards, and each and every part thereof which may hereafter be made in any proceeding by said City of New York to acquire by condemnation the property hereinafter described, and upon the exercise of said option to execute and deliver an assignment thereof to said City of New York for the sum of one million two hundred and twenty-five thousand dollars (\$1,225,000), with interest at the rate of six (6) per cent. per annum, with interest to be computed from August 1, 1911, together with taxes and assessments which may become a lien after August 1, 1911, and such reasonable sums of money as may be expended or incurred by said Neponsit Realty Company for counsel fee and other expenses in said condemnation proceedings.

This option shall expire and become null and void after May 1, 1912. The following is a description of the property hereinbefore mentioned:

Two contiguous plots, pieces or parcels situated on Rockaway Beach in Ward 5 of the Borough of Queens, City of New York, which parcels are more particularly described as follows:

First Parcel—Bounded on the west by the dividing line between the land of the United States Government and that of the Neponsit Realty Company; bounded on the east by a line parallel with the first mentioned boundary line and distant fifty (50) feet easterly therefrom as measured along a line at right angles thereto, said easterly and westerly lines being 2,600 feet in length, more or less; bounded on the south by the Atlantic Ocean; and on the north by Jamaica Bay, and containing 2,851 acres, exclusive of the land lying within the limits of a strip of land known as Washington avenue, which strip is also designated as Lot thirty-nine on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon, as assignee of the Estate of Alfrederick H. Hatch, was plaintiff, which said map was surveyed in June, 1897, by Walter M. Meserole, which land lying in Washington avenue is not to be acquired in fee. Said parcel is dedicated as a street in an agreement made with the United States Government, and is to be acquired subject to such agreement.

Second Parcel—Bounded on the west by the easterly line of the first parcel as above described, said westerly line being 2,600 feet, more or less, in length; bounded on the east by a line 2,200 feet, more or less, in length which is parallel with the easterly line of land of Neponsit Realty Company and distant 2,060 feet westerly therefrom measured at right angles thereto; which easterly boundary line intersects the northerly side of Washington avenue at a point 4,882.79 feet east from the easterly line of Parcel one, measured along said avenue; bounded on the south by the Atlantic Ocean; bounded on the north by Jamaica Bay; said parcel containing 246.059 acres, exclusive of the land lying within the limits of said Washington avenue, which avenue is not to be acquired in fee.

Together with a perpetual right-of-way over the said strip of land lying within the limits of said Washington avenue included in both parcels, containing 11.324 acres, which strip of land is part of a plot designated as Lot thirty-nine on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon, as assignee of the estate of Alfrederick H. Hatch, was plaintiff, which map was made in June, 1897, by Walter M. Meserole.

NEPONSIT REALTY COMPANY, by WILLIAM M. GREVE, Vice-President;
CLIFFORD S. KELSEY, Treasurer. [SEAL]

State of New York, County of Kings, ss.:

On this 26th day of July, in the year one thousand nine hundred and eleven, before me personally came William M. Greve, to me known, who, being by me duly sworn did depose and say that he resided in the Borough of Brooklyn, City of New York; that he is the Vice-President of the Neponsit Realty Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation and that he signed his name thereto by like order.

AUGUST BECK, Commissioner of Deeds, City of New York.

—the consideration for such option being that the Board of Estimate and Apportionment, at their meeting on July 27, 1911, shall pass proper resolution for the acquisition of the herein described property by condemnation, and that the resolution or resolutions shall direct that the Corporation Counsel apply to the Court for the appointment of condemnation commissioners and the provision that title shall be vested in the City immediately on filing of the oaths of said commissioners.

Resolved, That, pursuant to the provisions of chapter 328 of the Laws of 1909, and the provisions of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby accepts the aforesaid option of the Neponsit Realty Company.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

The Comptroller then offered the following resolution:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 1000 of the Greater New York Charter, deeming it for the public interest so to do, hereby discontinues any and all legal proceedings for acquiring title to the Seaside Park at Rockaway Beach, Borough of Queens, City of New York, shown on "Map or plan, showing the Seaside Park at Rockaway Beach, authorized to be located, selected and acquired by chapter 456 of the Laws of 1906," instituted or authorized under resolutions adopted by said Board on March 22, 1907, and amended by the Board July 8, 1907, and October 18, 1907.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

The Comptroller then offered the following resolution:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing the public park heretofore laid out upon the City Map at Rockaway Beach, Fifth Ward, Borough of Queens, as shown upon a map bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated July 26, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 31st day of August, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 31st day of August, 1911.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

The Comptroller then offered the following resolution:

Resolved, That, pursuant to the provisions of chapter 456 of the Laws of 1906 and of section 442 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment deems it for the public interest so to do and proposes to change the map or plan of The City of New York by laying out a public park on premises described as follows:

Two contiguous parcels situated on Rockaway Beach in Ward 5 of the Borough of Queens, City of New York, which parcels are more particularly described as follows:

First Parcel—Bounded on the west by the dividing line between the land of the United States Government and that of the Neponsit Realty Company; bounded on the east by a line parallel with the first mentioned boundary line and distant fifty (50) feet easterly therefrom as measured along a line at right angles thereto, said easterly and westerly lines being 2,600 feet in length, more or less; bounded on the south by the Atlantic Ocean; and on the north by Jamaica Bay, and containing 2,851 acres, exclusive of the land lying within the limits of a strip of land known as Washington avenue, which strip is also designated as lot thirty-nine on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon as assignee of Alfrederick H. Hatch was plaintiff, which said map was surveyed in June, 1897, by Walter M. Meserole, which land lying in Washington avenue is not to be acquired in fee. Said parcel is dedicated as a street in an agreement made with the United States Government, and is to be acquired subject to such agreement.

Second Parcel—Bounded on the west by the easterly line of the first parcel as above described, said westerly line being 2,600 feet, more or less, in length; bounded on the east by a line 2,200 feet, more or less, in length which is parallel with the easterly line of land of Neponsit Realty Company and distant 2,060 feet westerly therefrom measured at right angles thereto; which easterly boundary line intersects the northerly side of Washington avenue at a point 4,882.79 feet east from the easterly line of Parcel 1, measured along said avenue; bounded on the south by the Atlantic Ocean; bounded on the north by Jamaica Bay; said parcel containing 246,059 acres, exclusive of the land lying within the limits of said Washington avenue, which avenue is not to be acquired in fee.

Together with a perpetual right of way over the said strip of land lying within the limits of said Washington avenue included in both parcels, containing 11.324 acres, which strip of land is part of a plot designated as Lot thirty-nine on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon, as assignee of the estate of Alfrederick H. Hatch, was plaintiff, which map was made in June, 1897, by Walter M. Meserole.

Resolved, That the Chief Engineer of the Board of Estimate and Apportionment is hereby directed to prepare a map laying out a park as indicated herein and as more particularly set forth in the accompanying detailed description of the property, annexed hereto and made a part of this resolution.

Resolved, That the Board of Estimate and Apportionment shall consider the proposed change of the map or plan of The City of New York at a meeting of the Board to be held at the City Hall, Borough of Manhattan, City of New York, on the 31st day of August, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board be directed to have published in the City Record for ten days continuously, Sundays and holidays excepted, prior to the date set for the hearing, this resolution and a notice to all persons affected thereby, that the proposed change in the map or plan of the City will be considered at a meeting of said Board to be held at the aforesaid time and place.

Resolved, That upon the adoption by the Board of Estimate and Apportionment of the aforesaid map of the public park, the Corporation Counsel be and hereby is directed to institute proceedings on behalf of the City to acquire by condemnation the aforementioned property, title to vest on the filing of the oaths by the Commissioners of Estimate and Appraisal and not later than October 1, 1911, if possible.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

SEASIDE PARK AT CONEY ISLAND, BOROUGH OF BROOKLYN.

The Comptroller asked and obtained unanimous consent for the present consideration of the following report of the Committee on Seaside Park at Coney Island:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 27, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—The Special Committee to whom was referred the question of the desirability of acquiring a Seaside Park at Coney Island, after canvassing the situation thoroughly, recommends that a strip of ocean front bounded by West 5th street, in the Borough of Brooklyn, on the east, the Atlantic Ocean on the south, a line parallel to and distant two hundred (200) feet southerly from Surf Avenue on the North, and a line parallel to West 10th street, or nearly so, and distant from said West 10th street one hundred and sixty-seven and a half (167½) feet on the west, be acquired for public park purposes.

This tract of land will cover an area of one thousand (1,000) feet on the ocean front by an average of approximately seven hundred (700) feet inland. The Dreamland Company, which owns approximately the westerly one-half of this tract, including the two hundred (200) feet front on Surf Avenue, which is excluded in the above description, has given to the City two options on its property; the one offering to sell to the City at private sale, the sum total of its holdings, including the Surf Avenue frontage, at \$1,350,000; and the other, offering to sell its holdings to the City for \$1,500,000 in the event of condemnation proceedings having been instituted, and such condemnation awards having been in excess of this amount of \$1,500,000.

Your committee believes that the acquisition of this strip of land along the shore front, and running within two hundred (200) feet of Surf Avenue, will make a highly desirable park space easily accessible to the people of the Greater City, and recommends that condemnation proceedings be instituted to acquire the same.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller; FRANCIS P. BENT, Acting President of the Board of Aldermen; L. H. POUNDS, Acting President of the Borough of Brooklyn; Committee on Coney Island Park.

The Comptroller then presented the following resolution:

For and in consideration of the sum of one (1) dollar, and other valuable considerations, the receipt of which is hereby acknowledged, the Dreamland Company hereby gives to The City of New York, the Board of Estimate and Apportionment of The City of New York, and William A. Prendergast, as Comptroller of The City of New York, or any of them, an option to purchase all its right, title and interest to the property hereinafter described, and upon the exercise of said option to execute and deliver a deed for said property for the sum of one million three hundred and fifty thousand dollars (\$1,350,000) with interest at the rate of six per cent. per annum, with interest to be computed from August 1, 1911, together with taxes and assessments, which may become a lien after August 1, 1911. This option shall expire and become null and void after November 1, 1911.

II. For and in consideration of the sum of one (1) dollar and other valuable considerations, the receipt of which is hereby acknowledged, the Dreamland Company hereby further gives to The City of New York, the Board of Estimate and Apportionment of The City of New York, and William A. Prendergast, as Comptroller of The City of New York, or any of them, an option to purchase all its right, title and interest, to the award or awards and each and every part thereof which may hereafter be made in any proceeding by said City of New York to acquire by condemnation the property hereinafter described, and upon the exercise of said option to execute and deliver an assignment thereof to said City of New York for the sum of one million five hundred thousand dollars (\$1,500,000), with interest at the rate of six per cent. per annum, with interest to be computed from August 1, 1911, together with taxes and assessments, which may become a lien after August 1, 1911. This option shall expire and become null and void after May 1, 1912.

The following is a description of the property hereinbefore mentioned:

All that certain plot, piece or parcel of land and land under water and water rights, with the buildings and improvements thereon, situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn, formerly the Town of Gravesend, County of Kings, State of New York, being the easterly part of old Lot No. 15 of the Common Lands of said town, as said lot and part of lot are shown on map of the Common Lands of said town, surveyed in 1878 by William Kowalski, Surveyor, and filed with the Clerk of said town September 5, 1878, and land under water and water rights in front thereof; bounded and described as follows, to wit:

Beginning at a point on the line of division between old Lot No. 10 and said old Lot No. 15, as shown on said map, 100 feet south of the southerly side of Surf Avenue; running thence southerly along said division line and a line in continuation thereof, 2,440 feet, more or less, to the exterior or southerly line of the land under water and water rights, granted or conveyed to the Ocean Navigation & Pier Company by the State of New York by letters patent, dated September 5, 1889, and recorded

in the office of the Register of Kings County July 16, 1902, in liber 3, section 21 of Conveyances, page 67; thence westerly along said exterior or southerly line of the land so granted by the aforesaid deed or patent 150 feet, more or less to a line in continuation of the line between the easterly and westerly part of said Lot No. 15, said division line being parallel with and 150 feet westerly from the easterly side or line of said Lot No. 15 on a line at right angles thereto; thence northerly along the continuation of said division line and along said division line 2,440 feet, more or less, to a point therein distant 100 feet southerly from the southerly side of Surf Avenue; and thence easterly along a line parallel with the southerly side of Surf Avenue and distant 100 feet therefrom, 150 feet more or less to the point or place of beginning.

Together with and subject to any right-of-way or easement that may exist over a strip of land 30 feet in width as the same was described or reserved in a certain deed recorded in the office of the Register of Kings County in Liber 1609 of Conveyances at page 238. The premises above described and hereby conveyed being and intended to be all of the land and land under water and water rights which were conveyed to the Gravesend Real Estate Company by Charles S. Martin and Louis J. Schuessler by deed, dated July 1, 1902, and recorded in the office of said Register July 16, 1902, in Liber 13, section 21 of Conveyances, page 62.

Together with the appurtenances and all the estate and rights of the said party of the first part in and to said premises and every part and parcel thereof; also

All that certain plot, piece or parcel of land with the buildings and improvements thereon situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn formerly the Town of Gravesend, County of Kings and State of New York, being part of the old Lot No. 10, as said lot and part are shown on Map of the Common Lands of said Town, surveyed in 1878 by William Kowalski, Surveyor, and filed with the Clerk of said Town September 5, 1878, bounded and described as follows, to wit:

Beginning at the Atlantic Ocean at the line of division between old Lot No. 10 and old Lot No. 15 as shown on said map; running thence northerly along said division line to Surf Avenue; thence easterly along Surf Avenue to the land of the Prospect Park and Coney Island Railroad Company; thence southerly along said last mentioned land to the Atlantic Ocean; thence westerly along the Atlantic Ocean to the point or place of beginning.

Being the same premises as were conveyed by William N. Dykman, referee, by deed recorded September 25, 1903, in the office of the Register of Kings County.

Together with the appurtenances, and all the estate and rights of the party of the first part in and to the said premises, and every part and parcel thereof.

THE DREAMLAND COMPANY, by WILLIAM H. REYNOLDS, President; WM. STERNBERGER, Secretary. [SEAL]

State of New York, County of Kings, ss.:

On this 26th day of July, in the year one thousand nine hundred and eleven, before me personally came William H. Reynolds, to me known, who, being by me duly sworn, did depose and say that he resided in the Borough of Brooklyn, City of New York; that he is the President of the Dreamland Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

J. T. BERMINGHAUR, Notary Public, N. Y. C.

—the consideration for such option being that the Board of Estimate and Apportionment at their meeting on August 31, 1911, shall adopt proper resolutions for the acquisition of the herein described property by condemnation, and that the resolutions shall direct that the Corporation Counsel apply to the Supreme Court for the appointment of condemnation Commissioners.

Resolved, That the Board of Estimate and Apportionment, acting for and on behalf of The City of New York, hereby accepts the aforesaid option of the Dreamland Company, with the provision that at any time before the condemnation proceedings are actually begun the City can exercise its option and take the entire property covered by the option.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

The Comptroller then offered the following resolution:

Resolved, That, pursuant to the provisions of section 442 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment deems it for the public interest so to do and proposes to change the map or plan of The City of New York by laying out a public park on premises described as follows:

Bounded by West 5th street in the Borough of Brooklyn on the east, the Atlantic Ocean on the south, a line parallel to and distant two hundred (200) feet southerly from Surf avenue on the north, and a line parallel to West 10th street, or nearly so, and distant from said 10th street one hundred and sixty-seven and fifty one-hundredths (167.50) feet on the west in the Borough of Brooklyn, City of New York.

Resolved, That the Chief Engineer of the Board of Estimate and Apportionment is hereby directed to prepare a map laying out a park as indicated herein, and as more particularly set forth in the accompanying detailed description of the property annexed hereto and made a part of this resolution.

Resolved, That the Board of Estimate and Apportionment shall consider the proposed change of the map or plan of The City of New York at a meeting of the Board to be held at the City Hall, Borough of Manhattan, City of New York, on the 31st day of August, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board be directed to have published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the date set for the hearing, this resolution and a notice to all persons affected thereby, that the proposed change in the map or plan of the City will be considered at a meeting of said Board to be held at the aforesaid time and place.

Resolved, That upon the adoption by the Board of Estimate and Apportionment of the aforesaid map of the public park the Corporation Counsel be and hereby is directed to institute proceedings on behalf of the City to acquire by condemnation the aforesaid property; title to vest on the filing of the oaths by the Commissioners of Estimate and Appraisal and not later than October 1, 1911, if possible.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

The Comptroller moved that when the Board adjourns it adjourn to meet Thursday, August 3, 1911, at 10.30 o'clock a. m.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting Presidents of the Boroughs of Brooklyn and The Bronx, and the Presidents of the Boroughs of Queens and Richmond—16.

After disposing of the Franchise and Financial calendars, on motion of the Comptroller the Board adjourned to meet Thursday, August 3, 1911, at 10.30 o'clock a. m.

BOARD OF ESTIMATE AND APPORTIONMENT.

Public Improvement Matters.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York so as to close and discontinue the public park heretofore laid out upon the City map at Rockaway Beach, Fifth Ward, Borough of Queens, and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on August 31, 1911, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on July 27, 1911, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York, by closing and discontinuing the public park heretofore laid out upon the City map, at Rockaway Beach, Fifth Ward, Borough of Queens, as shown upon a map bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated July 26, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 31st day of August, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 31st day of August, 1911.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York so as to lay out thereon a public park at Rockaway Beach, Fifth Ward, in the Borough of Queens, and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on August 31, 1911, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on July 27, 1911, notice of the adoption of which is hereby given, viz.:

Resolved, That, pursuant to the provisions of chapter 456 of the Laws of 1906 and of section 442 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment deems it for the public interest so to do and proposes to change the map or plan of the City of New York by laying out a public park on premises described as follows:

Bounded on the north by a line 200 feet southerly from and parallel with Surf avenue as laid out on October 9, 1879; on the east by the west line of West 5th street, and the east line of the land and water-grants of Catherine Balmer; on the south by the Atlantic Ocean, including all grants of land under water; and on the west by a line 150 feet westerly from and parallel with the centre line of West 8th street as acquired by the Town of Gravesend on August 3, 1885 (this centre line being the original division line between Parcels 10 and 15 on the map of the common lands on Coney Island belonging to the Town of Gravesend, surveyed in 1878 by William Kowalski), and by the prolongation of the said line.

Resolved, That the Chief Engineer of the Board of Estimate and Apportionment is hereby directed to prepare a map laying out a park as indicated herein, and as more particularly set forth in the accompanying detailed description of the property annexed hereto and made a part of this resolution.

Resolved, That the Board of Estimate and Apportionment shall consider the proposed change of the map or plan of the City of New York at a meeting of the Board, to be held at the City Hall, Borough of Manhattan, City of New York, on the 31st day of August, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board be directed to have published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the date set for the hearing, this resolution and a notice to all persons affected thereby, that the proposed change in the map

First Parcel—Bounded on the west by the dividing line between the land of the United States Government and that of the Neponset Realty Company; bounded on the east by a line parallel with the first mentioned boundary line and distant fifty (50) feet easterly therefrom as measured along a line at right angles thereto, said easterly and westerly lines being 2,600 feet in length, more or less; bounded on the south by the Atlantic Ocean and on the north by Jamaica Bay, and containing 2,851 acres, exclusive of the land lying within the limits of a strip of land known as Washington avenue, which strip is also designated as Lot 39 on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon, as assignee of Alfredrick H. Hatch, was plaintiff, which said map was surveyed in June, 1897, by Walter M. Meserole, which land lying in Washington avenue is not to be acquired in fee. Said parcel is dedicated as a street in an agreement made with the United States Government, and is to be acquired subject to such agreement.

Second Parcel—Bounded on the west by the easterly line of the first parcel, as above described, said westerly line being 2,600 feet, more or less, in length; bounded on the east by a line 2,200 feet, more or less, in length which is parallel with the easterly line of land of Neponset Realty Company and distant 2,060 feet westerly therefrom, measured at right angles thereto; which easterly boundary line intersects the northerly side of Washington avenue at a point 4,882.79 feet east from the easterly line of Parcel 1, measured along said avenue; bounded on the south by the Atlantic Ocean; bounded on the north by Jamaica Bay; said parcel containing 246,059 acres, exclusive of the land lying within the limits of said Washington avenue, which avenue is not to be acquired in fee.

Together with a perpetual right-of-way over the said strip of land lying within the limits of said Washington avenue included in both parcels, containing 11,324 acres, which strip of land is part of a plot designated as Lot 39 on a map attached to the report of Commissioners in Partition in an action wherein Horace H. Chittendon, as assignee of the estate of Alfredrick H. Hatch, was plaintiff, which map was made in June, 1897, by Walter M. Meserole.

Resolved, That the Chief Engineer of the Board of Estimate and Apportionment is hereby directed to prepare a map laying out a park as indicated herein and as more particularly set forth in the accompanying detailed description of the property, annexed hereto and made a part of this resolution.

Resolved, That the Board of Estimate and Apportionment shall consider the proposed change of the map or plan of the City of New York at a meeting of the Board, to be held at the City Hall, Borough of Manhattan, City of New York, on the 31st day of August, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board be directed to have published in the City Record for ten days continuously, Sundays and holidays excepted, prior to the date set for the hearing, this resolution and a notice to all persons affected thereby, that the proposed change in the map or plan of the City will be considered at a meeting of said Board to be held at the aforesaid time and place.

Resolved, That upon the adoption by the Board of Estimate and Apportionment of the aforesaid map of the public park, the Corporation Counsel be and hereby is directed to institute proceedings on behalf of the City to acquire by condemnation the aforementioned property, title to vest on the filing of the oaths by the Commissioners of Estimate and Apportionment, and not later than October 1, 1911, if possible.

Resolved, That the Chief Engineer of the Board of Estimate and Apportionment is hereby directed to prepare a map laying out a park as indicated herein, and as more particularly set forth in the accompanying detailed description of the property annexed hereto and made a part of this resolution.

Resolved, That the Board of Estimate and Apportionment shall consider the proposed change of the map or plan of the City of New York at a meeting of the Board, to be held at the City Hall, Borough of Manhattan, City of New York, on the 31st day of August, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board be directed to have published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the date set for the hearing, this resolution and a notice to all persons affected thereby, that the proposed change in the map

or plan of the City will be considered at a meeting of said Board to be held at the aforesaid time and place.

Resolved, That upon the adoption by the Board of Estimate and Apportionment of the aforesaid map of the public park the Corporation Counsel be and hereby is directed to institute proceedings on behalf of the City to acquire by condemnation the aforesaid property; title to vest on the filing of the oaths by the Commissioners of Estimate and Apportionment, and not later than October 1, 1911, if possible.

Dated August 18, 1911. a18,29

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on August 3d, 1911, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Irving place, from East 14th street to 4th avenue, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following are the proposed areas of assessment for benefit in this proceeding:

A. Local area (to bear 25 per cent. of the cost of the proceeding).

Beginning at a point on the easterly line of Union Square East where it is intersected by a line distant 100 feet northerly from and parallel with the northerly line of East 16th street, the said distance being measured at right angles to East 16th street, and running thence eastwardly along the said line parallel with East 16th street to the intersection with a line midway between Union Square East and Irving place, thence northwardly and along the said line midway between Union Square East and Irving place to East 17th street; thence northwardly along a line always midway between 4th avenue and Irving place and along the prolongation thereof to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of East 20th street, the said distance being measured at right angles to East 20th street; thence eastwardly along the aforesaid line parallel with East 20th street to the intersection with the prolongation of a line midway between Irving place and 3d avenue; thence southwardly along a line always midway between Irving place and 3d avenue, and along the prolongation of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of East 14th street, the said distance being measured at right angles to East 14th street; thence eastwardly along the aforesaid line parallel with East 14th street to the intersection with a line midway between 3d avenue and 2d avenue; thence southwardly along a line always midway between 3d avenue and 2d avenue to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Stuyvesant street, the said distance being measured at right angles to Stuyvesant street; thence westwardly along the aforesaid line parallel with Stuyvesant street to the intersection with a line distant 100 feet easterly from and parallel with the northerly line of 3d avenue, the said distance being measured at right angles to 3d avenue; thence southwardly along the said line parallel with 3d avenue to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Astor place as this street is laid out between Lafayette street and 4th avenue, the said distance being measured at right angles to the line of Astor place; thence westwardly and along the said line parallel with Astor place, and along the prolongation thereof, to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Waverly place, the said distance being measured at right angles to the line of Waverly place; thence westwardly along the said line parallel with Waverly place and along the prolongation thereof to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Broadway, the said distance being measured at right angles to the line of Broadway; thence northwardly and along the said line parallel with Broadway to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of East 10th street, the said distance being measured at right angles to the line of East 10th street; thence westwardly and along the said line parallel with East 10th street to the intersection with a line bisecting the angle formed between the westerly line of Broadway and the easterly line of University place as these streets are laid out in the block between East 11th street and East 12th street; thence northwardly along the said bisecting line to the intersection with the southerly line of East 14th street; thence eastwardly along the said southerly line of East 14th street to the intersection with the prolongation of the easterly line of Union Square East as laid out in the block between East 16th street and East 17th street; thence northwardly along the said easterly line of Union Square East and along the prolongation thereof to the point or place of beginning.

B. Assessment Area B is to bear 30 per cent. of the cost of the proceeding (in pursuance of the provisions of chapter 679, Laws of 1911), and is to comprise the entire Borough of Manhattan.

C. Assessment Area C is to bear 18.75 per cent. of the cost of the proceeding (in pursuance of the provisions of chapter 679, Laws of 1911), and is to comprise the entire Borough of Brooklyn.

D. Assessment Area D is to bear 26.25 per cent. of the cost of the proceeding (in pursuance of the provisions of chapter 679, Laws of 1911), and is to comprise the entire Borough of The Bronx.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The planning therein or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the De-

partment of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary therein, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein; and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department of Finance, which the work is to be done. Plans and drawings of construction work may also be seen there.
