Report from the City Superintendent.

The President laid before the Board the monthly report of the City Superintendent, as follows:

CITY SUPERINTENDENT'S OFFICE,
NEW YORK, July 1, 1874.

To the Honorable the Board of Education:

GENTLEMEN—As required by law, I have the honor to report that, since the 1st of May last, examinations have been held in all the schools of the Twenty-third and Twenty-fourth Wards, constituting the recently annexed School District.

In these schools 105 classes were examined, in 30 of which the instruction was found to have been excellent; in 62, good; in 12, fair; and in 1, indifferent. These schools include eight Grammar Departments, eight Primary Departments, and six Primary Schools; and the general management, including order, discipline, classification, and supervision, was found to be commendable in all except Primary Departments Nos. 65 and 66, and Primary School No. 46.

In addition to the above, some of the schools in the First, Second, Eleventh, Twelfth, Fourteenth, Seventeenth, and Nineteenth Wards have been visited, and of 183 classes examined, the instruction appeared to be efficient in all except 14.

The undersigned has also caused to be re-examined all the classes from which unsatisfactory returns have been received since the 1st of November last; and is happy to report that, of 164 classes thus examined, all are reported as having made quite commendable progress, except 29 returned as fair, and 3 as indifferent.

Under the direction of the undersigned, Assistant Superintendent Schem has visited twenty schools belonging to the Eleventh, Seventeenth, Nineteenth, Twenty-second, and Twenty-third Wards, and has made a careful inspection of the classes instructed in German and French in these schools. Of 103 classes examined in German, he reports the instruction in 37 as excellent; in 52, good; and in 14, fair or indifferent.

Of the nineteen teachers engaged in giving instruction in the German language in these twenty schools, five are reported as showing an excellent degree of efficiency, eleven as good, two as only fair, and one as quite inefficient.

In some of the schools visited, this branch of study is not pursued according to the method prescribed by the regulations of the Board.

Thus, in M. D. No. 22, German is taught in only the four lower classes, while the By-Laws require that where this branch is introduced, it shall be taught in all the grades. In the Grammar Schools of the Twenty-second Ward, it is taught in only the higher classes, and by a special teacher employed in contravention of section 77 of the By-Laws.

The whole number of pupils on the registers of the several schools, on the 1st of June, was 104,319, and the average attendance during the preceding month, 94,171, which is nearly 5,000 in excess of the average attendance for May, 1873.

As required by the By-Laws, I submit herewith a list of the names of all teachers in whose classes the absenteeism was in excess of twenty per cent. during the month of May last.

Respectfully submitted,

HENRY KIDDLE,
City Superintendent.

On motion of Commissioner Farr—
Ordered, That said report be entered in full in the minutes.

Miscellaneous Communications.

The President laid before the Board the following communications:

From several citizens, asking that Mr. George B. Hendrickson be reappointed a Vice-Principal. Ordered on file.

From Hon. E. Delafield Smith, Esq., Counsel to the Corporation, relative to the Evening High School, as follows:

LAW DEPARTMENT,
OFFICE OF THE
COUNSEL TO THE CORPORATION,
NEW YORK, June 20, 1874.

To the Honorable the Board of Education:

GENTLEMEN—You have submitted to me an inquiry whether the Board of Education had legal authority to establish what is known as the Evening High School in this city, and whether they have now the power to establish similar High Schools.

While the matter itself has many bearings, the questions which I am to consider is one purely of law, and my opinion will be given, as all my opinions are given, uninfluenced by any consideration whatever but the desire to reach a correct result upon the law as it stands. I am making a thorough investigation of all the statutes upon which the authority of your Board rests, and all the judicial decisions which can in any way bear upon the question. This must of necessity take time. No person has any authority whatever to predict what my opinion will be, nor will any judgment whatever be formed by me with any reference to my views as to what the law, as a matter of expediency, ought to be. Indeed, I have no impressions upon the subject which can possibly influence my judgment as a lawyer.

Requesting forbearance and time to consider the subject with the deliberation which it demands, I am, gentlemen, with great respect,

Your obedient servant,
E. DELAFIELD SMITH,
Counsel to the Corporation.

Ordered, That said communication be entered in full in the minutes.

From Col. Emmons Clark, Secretary of Board of Health, transmitting reports relative to sundry school buildings.

Ordered on file, and reports transmitted to the

Trustees of the wards where said schools are located.

From W. J. Macdonald, Esq., Chief Clerk of the United States Senate, relative to the Nautical School, as follows:

UNITED STATES SENATE CHAMBER,
WASHINGTON, June 26, 1874.
