Dated New York, January 11, 1886.

THE ST. NICHOLAS AVENUE AND CROSS-TOWN RAILROAD COMPANY,  
By ROBT. DUNLAP, President.

Which was referred to the Committee on Railroads.

By the same—

Resolved, That Tuesday, the second day of February, A. D. 1886, at eleven o'clock A. M., and the Chamber of the Board of Aldermen, be and are hereby designated as the time and place when and where the application of "The St. Nicholas Avenue and Cross-town Railroad Company" to the Common Council of the City of New York for its consent and permission for the construction, maintenance and operation of the street surface railroad proposed to be constructed by the said Company as mentioned in their petition for such consent, will be first considered, and that public notice be given by the Clerk of this Board, by publishing the same for fourteen days, excluding Sundays, in two newspapers published in this city, to be designated therefor by his Honor the Mayor according to the provisions of chapter 252 of the Laws of 1884, such advertising to be at the expense of the petitioners.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

By Alderman Mooney—

Whereas, A bill has been introduced in the Legislature by Senator Griswold, of Brooklyn, authorizing the Trustees of the Brooklyn Bridge to extend the structure over Chatham and Centre streets, and to confiscate and occupy a portion of the City Hall Park in this City, for that purpose; and

Whereas, The Senator introducing the bill has publicly declared that this important measure, which ought to receive close scrutiny and ample discussion, is to be "rushed through the Legislature;" therefore be it

Resolved, That the Board of Aldermen, representing directly as they do, the citizens and taxpayers of New York, hereby protest against the proposed encroachment of the Brooklyn Bridge Trustees upon the City Hall Park, and the consequent obstruction of our streets, manifestly for the benefit of people whose homes are in Brooklyn and who pay taxes in that city.

Resolved, That the Committee on Lands and Places be authorized and directed to memorialize both branches of the Legislature in reference to the action taken by this Board, and that every representative from the metropolis, without distinction of party, in both branches of the Legislature, be and they are hereby requested to protect the rights of the citizens and taxpayers of New York, in their parks and streets.

Alderman Van Rensselaer moved to refer to the Committee on Lands and Places, and Park Department, with instructions to report as soon as possible.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

By the same—

Whereas, The testimony of so-called experts engaged by property-owners of Westchester County and taken before the New Parks Commission, reveals the existence of a speculative scheme to compel the taxpayers of the City of the City of New York to pay an exorbitant price for the land included in the proposed new series of parks to be laid out north of Harlem river; and

Whereas, The price asked for park lands in Westchester County is, in the aggregate, ten times the amount at which the property is assessed on the books of the Town Clerk of Westchester County, and indicates that six million dollars will have to be paid out by the City in the Pelham Bay Park purchase alone, for lands assessed at not more than five hundred thousand dollars and in reality not worth more than one million dollars; and

Whereas, The sanction of the Legislature to this scheme of speculation in the New Parks purchase would so burden the City as to delay and endanger the building of additional school-houses now needed by our rapidly growing population, the proper care of our docks and parks and other works of public improvement; therefore, be it

Resolved, That the Corporation Counsel be instructed to draft an act, and in behalf of the Aldermen and Commonality of the City of New York present the same to the Legislature, amendatory of the New Parks act, and specifying that no sum greater than three million dollars shall be imposed upon the City Treasury for the purposes of the said act, and providing that the Commissions of New Parks shall begin the purchase of land suggested for parks in those localities which lie nearest to Harlem river.

Alderman Van Rensselaer moved to refer to the Committee on Lands and Places, and Park Department, with instructions to report at as early a day as practicable.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

By Alderman Cleary—

Application of the Citizens' Railway Company, for permission to construct and operate a surface railroad in certain of the streets of this city.

To the Common Council of the City of New York:

The petition of the Citizens' Railway Company respectfully shows: That your petitioner is a corporation duly organized and incorporated under and pursuant to the act of the Legislature of the State of New York, entitled "An act to provide for the construction, extension, maintenance and operation of street surface railroads and branches thereof, in cities, towns and villages," passed May 6, 1884, for the purpose of constructing, maintaining and operating a street surface railroad for public use in the conveyance of persons and property in cars for compensation, in the City of New York, and that the said railroad is proposed to be constructed, maintained and operated upon and along the surface of the following streets, avenues and highways in the City of New York, viz: Commencing at the intersection of West Fourth street and South Fifth avenue; thence in, through and along West Fourth street to Mercer street; thence in, through and along Mercer to Howard street; thence in, through and along Howard to Hester street; thence in, through and along Hester to Baxter street; thence in, through and along Baxter to Chatham street; thence across Chatham to Roosevelt street; thence in, through and along Roosevelt to Madison street; thence in, through and along Madison to Rose street; thence in, through and along Rose to Frankfort street; thence in, through and along Frankfort to William street; thence in, through and along William to South William street; thence in, through and along South William to Broad street; thence in, through and along Broad to Water street; thence in, through and along Water to Moore street; thence in, through and along Moore to South street; also from and connecting with said tracks to be laid at the intersection of Broad and South William streets, in, through and along Broad to Nassau street; thence in, through and along Nassau to Spruce street; thence in, through and along Spruce to William street, and there connecting with the tracks to be laid as aforesaid on William street; also from and connecting with the tracks to be laid as aforesaid on William street at its intersection with Frankfort street, in, through and along William to Duane street; thence in, through and along Duane to Park street; thence in, through and along Park to Mulberry street; thence in, through and along Mulberry to Hester street; thence in, through and along Hester to Baxter street; and there connecting with the tracks to be laid as aforesaid at the intersection of the two last-named streets.

Together with the necessary connections, switches, sidings, turn-outs, turn-tables and suitable stands for the convenient working of said road.

The railroad proposed to be constructed and operated by your petitioner is intended to be operated by horse-power.

And your petitioner further shows that, pursuant to the provisions of said act, it is necessary that the consent of the Common Council of the City of New York be obtained by your petitioner to enable your petitioner to construct, maintain, operate and use the railroad for the construction, maintenance and operation of which your petitioner was incorporated as aforesaid.

Your petitioner, therefore, prays and hereby makes application to the Common Council of the City of New York for its consent and permission so to construct, maintain, operate and use a street surface railroad for public use in the conveyance of persons and property in cars upon and along the surface of each of the streets, avenues and highways in the City of New York above mentioned and designated in the articles of association of this corporation.

And your petitioner will ever pray.

Any person making an estimate for the above shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the supply to which it relates.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested in him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in the sum of four thousand dollars (\$4,000); and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and the sum to which he would be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the contract is to be executed. Each such check or deposit must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two hundred dollars (\$200), such check or money must be deposited in the sealed envelope containing the estimate, but must be landed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box, or the check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder neglects to execute the contract within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, and he shall be liable for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders will write out the amount of their estimate, in addition to insuring the same in figures.

No estimate will be received or considered after the hour named.

The Fire Department reserves the right to decline any bid or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom the contract may be awarded, neglect or refuse to execute the contract within five days after written notice that the same has been awarded to him or her, or that he or she has accepted but does not execute the contract and give the proper security, he or she shall be considered as having abandoned it and as in default to the Corporation, and the contract will be reawarded and relet, as provided by law.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
ROOM 127, STEWART BUILDING,  
CHAMBERS STREET, NEW YORK, June 1, 1885.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or served permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption, if liable, must also answer, in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between twenty years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,  
Commissioner of Jurors.

The delivery to commence at such time as the Commissioners of the Department of Public Parks may designate.

N. B.-The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for the forage specified, or which do not contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Department of Public Parks to reject any or all estimates which it may deem prejudicial to the public interests. No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; that it is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. Where more than one person is interested in the estimate, the verification must be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the faithful performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of five thousand (\$5,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with the person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, and the several matters therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
