### MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 284.

City of New York, Office of the Mayor, March 18, 1904.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I am constrained to return herewith without approval resolution passed by your Board on the 15th of March, 1904, authorizing the purchase of two automobiles for the Fire Department without public letting, under section 419 of the Charter.

The ground for disapproving this resolution is the technical one, that automobiles are patented articles, and therefore the purchase of the same is regulated by section 1554 of the Charter, which provides, in part, that "No patented article shall be advertised for, contracted for or purchased, except under such circumstances that there can be a fair and reasonable opportunity for competition, the conditions to secure which shall be prescribed by the Board of Estimate and Apportionment."

Very respectfully,

GEORGE B. McCLELLAN, Mayor.

Resolved, That the Commissioner of the Fire Department be and he hereby is authorized, under section 419 of the amended Greater New York Charter, to contract without public letting for the purchase of two automobiles, one for the use of the Chief of the Department, and one for the use of the Deputy Chief of Department in charge of the boroughs of Brooklyn and Queens, at an expenditure of not more than eight thousand dollars (\$8,000).

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 115.

City of New York, Office of the Mayor, March 21, 1904.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith without approval resolution passed by you on March 8, 1904, providing for the giving of a permit to the Harlem Transfer Company to lay certain tracks in The Bronx.

The ground of my failure to approve is this: The resolution fails to make the ascertainment of the amount to be paid by the transfer company and the payment of the same, a condition precedent to the taking effect of the permit. In my opinion there should be no license granted until payment for the same, as fixed by the Board of Estimate and Apportionment, had actually been made.

Very respectfully,

GEORGE B. McCLELLAN, Mayor.

Resolved, That the consent of the Corporation of The City of New York be and the same hereby is given to the Harlem Transfer Company, a domestic corporation, duly incorporated under the Laws of the State of New York, to lay, maintain, use and operate two (2) spur railroad tracks along Railroad avenue, sometimes known as Park avenue, Borough of The Bronx, between the following points, beginning at a point at the foot of Railroad avenue at the Harlem river and running northerly along said Railroad or Park avenue to a point about thirty (30) feet south of One Hundred and Thirty-fifth (135th) street, with turnouts, switches and connections, as shown by red shading upon the annexed map, and which is made a part hereof, and such other turnouts, switches and connections as may be necessary, and for which authority may be obtained from time to time from the President of the Borough of The Bronx; the rails used in laying said railroad tracks to be of a pattern approved by the President of the Borough of The Bronx and to be laid and maintained flush with the surface of the street, so as not to interfere with the proper use thereof, all the work of laying the said tracks, paving between the tracks and two (2) feet outside of the rails of the same, and maintaining the rails, tracks and pavement in good order and to the satisfaction of the President of the Borough of The Bronx, to be done at the expense of the said Harlem Transfer Company under the direction of the President of the Borough of The Bronx. All snow and ice shall be promptly removed from said tracks by said company. This consent and the permission granted by this ordinance shall continue only during the pleasure of the Board of Aldermen of The City of New York, and the said Harlem Transfer Company shall pay to The City of New York such compensation therefor as shall be ascertained, fixed, and determined by the Board of Estimate and Apportionment. And the Board of Aldermen of The City of New York may from time to time make such further reasonable rules and regulations in regard to the exercise of the above mentioned privilege as it may be advised.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

In connection therewith the Vice-Chairman offered the following:

No. 340.

In the matter

of

The Application of the Harlem Transfer Company.

To the Honorable the Board of Aldermen of The City of New York:

I.

The petition of the Harlem Transfer Company respectfully shows that your petitioner is engaged in business as a receiver and forwarder of freight cars and freight for various transportation companies, and that its principal place of business is situated in the Borough of The Bronx, on the Harlem river, between the Mott Haven canal and Railroad avenue, shown on annexed diagram, and colored blue.

II.

That your petitioner is the lessee of the bulkhead at the foot of Railroad avenue, adjoining the principal place of business of your petitioner, which bulkhead is shown on the diagram, and colored red, and that said lease expires June 1, 1912.

III.

That the west side of Railroad avenue, south of One Hundred and Thirty-fifth street, lies along and fronts the Harlem river.

IV.

That the said Railroad avenue, south of One Hundred and Thirty-fifth street, is wholly unused except by your petitioner, which is a domestic corporation duly incorporated under the laws of the State of New York.

V.

That your petitioner desires permission to lay spur tracks from said bulkhead colored red along the unused part of Railroad avenue south of One Hundred and Thirty-fifth street, to connect with tracks in petitioner's yard (colored blue), with the right to handle and move all kinds of freight and freight cars thereon by horse or other power for a period of time coterminous with petitioner's present lease of said bulkhead, and will pay The City of New York as a rental for such privilege the sum of fifty (50) cents per running foot per annum for each double line of steel rails, otherwise known as each railroad track, or such other rate as may be fixed by the Board of Estimate and Apportionment.

Wherefore, your petitioner prays that a resolution be passed by your Honorable

Body permitting and authorizing your petitioner to construct such spur tracks from said bulkhead along said avenue.

And your petitioner will ever pray.

Dated New York, N. Y., March 22, 1904.

THE HARLEM TRANSPORTATION COMPANY,  
By J. E. Watson, General Manager.

I.  
Resolved, That the consent of the Corporation of The City of New York be and the same hereby is given to the Harlem Transfer Company, a domestic corporation duly incorporated under the Laws of the State of New York, to lay, maintain, use and operate two (2) spur railroad tracks along Railroad avenue, sometimes known as Park avenue, Borough of The Bronx, between the following points: Beginning at a point at the foot of Railroad avenue at the Harlem river and running northerly along said Railroad or Park avenue to a point about thirty (30) feet south of One Hundred and Thirty-fifth street, with turn-outs, switches and connections as shown by red shading upon the annexed map and which is made a part hereof, and such other turn-outs, switches and connections as may be necessary and for which authority may be obtained from time to time from the President of the Borough of The Bronx, the rails used in laying said railroad tracks to be of a pattern approved by the President of the Borough of The Bronx and to be laid and maintained flush with the surface of the street, so as not to interfere with the proper use thereof, all the work of laying the said tracks, paving between and two (2) feet outside of the rails of the same, and maintaining the rails, tracks and pavement in good order and to the satisfaction of the President of the Borough of The Bronx, to be done at the expense of the said Harlem Transfer Company under the direction of the President of the Borough of The Bronx. All snow and ice shall be promptly removed from said tracks by said company. This consent and the permission granted by this ordinance shall continue only during the pleasure of the Board of Aldermen of The City of New York, and the said Harlem Transfer Company shall pay to The City of New York such compensation therefor as shall be ascertained, fixed and determined by the Board of Estimate and Apportionment. And the Board of Aldermen of The City of New York may from time to time make such further reasonable rules and regulations in regard to the exercise of the above-mentioned privilege as it may be advised.

## II.

Anything hereinbefore contained to the contrary notwithstanding, it is hereby expressly stipulated that the permit hereinbefore provided for shall take effect only upon and after the payment by the licensee herein of any sum or sums provided by the Board of Estimate and Apportionment, as the first monthly, quarterly or annual payment to be paid in consideration of said permit. And also, it is expressly provided and stipulated that in the event the Board of Estimate and Apportionment determines that the licensee herein shall make certain monthly, quarterly or annual payments, the license herein provided for shall cease and determine, without any action on the part of the Board of Aldermen, at the expiration of ninety days after any default in making any one of said payments.

Which was referred to the Committee on Railroads.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—Whereas, There is now pending before your Honorable Body a bill to grant a franchise conferring certain rights and privileges to build, operate and maintain booths under the Elevated Railroad stairs along its respective routes in The City of New York for the purpose of vending newspapers, periodicals and such other commodities as they, the syndicate to whom the franchise is to be granted, shall in their discretion deem expedient; and

No. 343.

New York and Port Chester Railroad Company,  
No. 76 William Street,  
New York, March 21, 1904.

To the President and Members of the New York Board of Aldermen, City Hall, New York:

Gentlemen—The New York newspapers last Wednesday morning contained a statement to the effect that the New York and Port Chester Railroad had not asked the Board of Aldermen for a hearing in the matter of its application to cross certain streets of The Bronx, on account of which no action had been taken on the application of the New York and Port Chester Railroad which has been and is now before the Board of Aldermen. The New York and Port Chester Railroad has never made an application for a hearing. The several hearings which were held last year were called by the Railroad Committee without any reference to or notice to the New York and Port Chester Railroad. It is on this account that no formal application has heretofore been made to you for a hearing by the New York and Port Chester Railroad. If you will look up your files, you will find that applications for a hearing for the New York and Port Chester Railroad have been repeatedly made by the various associations of The Bronx representing the public.

We now hereby apply to your Honorable Board and to your Railroad Committee for a hearing, or such other action by your Honorable Board in the matter of the application of the New York and Port Chester Railroad Company as will, with the greatest expedition, secure for this company the assent of your Board for the right to cross such streets, over or under the grades thereof, in the Borough of The Bronx as will be crossed by the line of its road.

Probably the most expeditious action in this matter could be taken by transmitting the ordinance of the New York and Port Chester Railroad now before your Board to the Board of Estimate and Apportionment at the next meeting of your Board. However, we will abide by such action as you deem proper for the purpose of securing the quickest favorable action on the New York and Port Chester Railroad Company's ordinance, and thereby giving to the public of the entire Borough of The Bronx the rapid transit for which they have so often petitioned you.

I remind you herewith that the New York and Port Chester Railroad has twice sustained the legality of its charter and legal proceedings by two unanimous decisions of the Court of Appeals of the State of New York, on account of which there is not the least doubt about any detail of the legality of its organization. I also beg to again remind you that the New York and Port Chester Railroad Company has secured:

1st. The certificate of the Railroad Commission of the State of New York, which has been twice sustained by the New York Court of Appeals.

2d. The right from the City of Mount Vernon to cross every street in that City which will be crossed by the line of its road.

3d. The right from the City of New Rochelle to cross every street in that City which will be crossed by the line of its road.

4th. The order of the Supreme Court, at a Special Term thereof, held at White Plains, authorizing and empowering the New York and Port Chester Railroad to cross every highway in Westchester County not within the Cities of Mount Vernon and New Rochelle.

There now remains to complete the details of the New York and Port Chester Railroad Company the right to cross such streets of the Borough of The Bronx as will be crossed by the line of its road, and the ordinance for which has been before the New York Board of Aldermen since March 1, 1904.

Again requesting you to dispose of this matter by calling a hearing immediately, or taking such other action as will secure, most expeditiously, for the New York and Port Chester Railroad Company, the right to cross the streets of The Bronx, and thanking you, we are

Respectfully yours,

W. C. GOTSHALL, President.

No. 344.

Property Owners' Association of the Twenty-third Ward  
Borough of The Bronx,  
Headquarters, "Protection Hall," Courtland Avenue and 152d Street,  
New York, March 21, 1904.

To the President and Members of the Board of Aldermen of New York City, City Hall, New York:

Gentlemen—The Twenty-third Ward Property Owners' Association of the Borough of The Bronx hereby formally applies to you to at once, upon receipt hereof, call a hearing on the New York and Port Chester Railroad, whose ordinance is now before you, and the favorable action on which is desired by everybody of The Bronx and Westchester County. We hereby request and demand that the same action in the case of the New York and Port Chester Railroad be taken at the meeting of your Board to be held on Tuesday, March 22, as was taken with regard to the defunct corporation by the name of the New York, Westchester and Boston Railroad Company, by your Board last Tuesday, March 15, which consisted in sending its application to the Board of Estimate and Apportionment, and thereby simply doing that which was incorporated in the New York and Port Chester Railroad Company's application and ordinance to you, but which was not incorporated in the ordinance of the defunct New York, Westchester and Boston Railroad.

We ask that the unanimous desire of The Bronx in this matter be now heeded and granted to the effect that you take immediate favorable action on the Port Chester Railroad Company's ordinance, by at once sending it to the Board of Apportionment and Estimate, and at once calling a hearing on that matter if you want to again hear the unanimous will of the Borough of The Bronx and Westchester County, which will be in support of the New York and Port Chester Railroad, and against its checkered opponent.

We inclose you herewith a document showing the progress of the New York and Port Chester Railroad, and showing the soundness of its legal condition. In the matter of the New York and Port Chester Railroad, there is absolutely no doubt, as it has twice sustained itself by the Court of Appeals. You will see by the accompanying document that that corporation is the only one really before you.

The defunct Westchester and Boston Road should be compelled by you to first obtain a decision from the courts, and especially one from the Court of Appeals before you lend yourself or the City of New York to furthering its questionable ends. It would be very easy for them to get a court decision by applying at White Plains for the right to cross the highways of Westchester County. Without any doubt, the Supreme Court of White Plains will deny it on the ground that the Westchester and Boston Road is legally extinct. They can then appeal to the Appellate Division, and from the Appellate Division to the Court of Appeals, and there receive their final judgment.

In taking up this dead corporation you are injuring the interests of every property-owner in the Borough of The Bronx and Westchester County. We call your attention to this fact which seems to have escaped your notice, and in the hope that when it is brought to your attention you will call a halt.

Again asking you to immediately take up the New York and Port Chester application and act favorably on it, we are

Yours very truly,

PROPERTY OWNERS' ASSOCIATION OF THE  
TWENTY-THIRD WARD,  
Per CHARLES BAXTER, Chairman, Ex. Com.

Schedule showing development and legal condition of the New York and Port Chester Railroad Company and the soundness of its legal status.

New York and Port Chester Railroad Company, incorporated by filing articles of association in the office of the Secretary of State of New York, April 5, 1901.

The New York and Port Chester Railroad Company was organized under chapter 565 of the Laws of 1890.

As required by law, it made application to the Railroad Commission in May, 1901, for the certificate of public convenience and necessity of that Commission.

The first public hearing before the Railroad Commission was held in June, 1901, at which there appeared in opposition to the New York and Port Chester Railroad Company application:

1st. The New York, New Haven and Hartford Railroad Company.

2d. The New York Central Railroad Company.

3d. The Union Railway Company of The Bronx.

4th. A defunct company known as the New York, Boston, Albany and Schenectady Railroad Company.

5th. A defunct company named the New York City and Westchester Railway Company, claiming to own the defunct New York, Westchester and Boston Railway Company. The New York City and Westchester Railway Company, before and during the hearings, made repeated attempts to sell out to the New York and Port Chester Railroad Company. The same interests which used the defunct New York City and Westchester Railway Company before the Railroad Commission are now using the defunct New York, Westchester and Boston Railroad Company to oppose and hold up the New York and Port Chester Railroad Company.

The hearings in the matter of the New York and Port Chester Railroad Company before the Railroad Commission lasted nearly one year. During these hearings the Railroad Commission and the opposition brought out every detail of the New York and Port Chester Railroad Company, which consisted of a most detailed and carefully developed set of plans, together with the details of the costs of construction, earnings, operation and general commercial soundness; all of this matter is now a public record and public property, and has been taken and sought to be appropriated by various combinations of promoters, who have raked up various old dead charters, with which they have continuously been engaged in trying to hold up the New York and Port Chester Railroad.

On January 20, 1902, the Railroad Commission held an executive session in Parlor D R of the Fifth Avenue Hotel, at which appeared the bankers, underwriters and officers, attorneys and representatives of the New York and Port Chester Railroad Company. Those men gave sworn testimony that they would construct the New York and Port Chester Railroad so soon as the legal requisites were consummated, and showed the Railroad Commission that the New York and Port Chester Railroad was a most solid bona fide enterprise, and that it had ample means with which to construct its road.

On April 8, 1902, the Railroad Commission unanimously granted the New York and Port Chester Railroad Company its certificate of public convenience and necessity, commonly called its charter.

The New York, New Haven and Hartford Railroad Company and the extinct New York City and Westchester Railway Company, which latter had been trying to sell out to the New York and Port Chester Railroad Company, both at once applied to the Appellate Division of the Supreme Court at Albany, asking to have the action of the Railroad Commission in granting the certificate to the New York and Port Chester Railroad Company reversed.

In March, 1903, the Appellate Division of the Supreme Court unanimously sustained the Railroad Commission in granting the certificate of public convenience and necessity to the New York and Port Chester Railroad Company, and at the same time sustained the charter of the New York and Port Chester Railroad Company, and at the same time declared that the alleged New York City and Westchester Railway Company had no legal existence or life, and that neither it or any other railroad corporation organized under the Railroad Law of 1850 could ever build any railroad within the limits of The City of New York (see 81 App. Div. Reports, p. 241). The extinct New York, Westchester and Boston Railway Company, in its application to the Board of Aldermen, says it was organized in 1872 under chapter 140 of the Laws of 1850, and, consequently, is by this unanimous decision of the Supreme Court debarred and enjoined from ever constructing any railroad in The City of New York.

The New York, New Haven and Hartford Railroad Company and the alleged New York City and Westchester Railway Company at once appealed to the Court of Appeals from the sustaining decision of the Appellate Division. The New Haven appeal was argued before the Court of Appeals on June 3, 1903. The alleged New York City and Westchester Railway Company declined to argue its case before the Court of Appeals until October 5, 1903. In both of these appeals the entire organization, charter and corporate existence of the New York and Port Chester Railroad Company was attacked.

On June 23, 1903, the Court of Appeals unanimously sustained the New York and Port Chester Railroad Company's charter and the action of the Railroad Commission in granting it and the action of the Appellate Division in sustaining it. This decision was in the case of the New Haven appeal.

In July, 1903, the alleged New York City and Westchester Railway Company made an unsuccessful application to the Appellate Division of the Supreme Court at Albany for an injunction against the New York and Port Chester Railroad Company restraining them from consummating the remaining details until the New York City and Westchester Railway Company's appeal, then pending in the Court of Appeals, was decided. This application for an injunction was unanimously denied.

On May 28, 1902, the Common Council of New Rochelle unanimously granted the New York and Port Chester Railroad Company the right to cross such streets within the City of New Rochelle as would be crossed by the line of its road, about fifteen in all.

On July 18, 1902, the Common Council of Mount Vernon unanimously granted the New York and Port Chester Railroad Company the right to cross such streets within the City of Mount Vernon as would be crossed by the line of its road, about thirty in all.

During the latter part of 1902, the New York and Port Chester Railroad Company applied to the Supreme Court, at a Special Term thereof, sitting at White Plains, as required by statute, for the order of that court, empowering and authorizing it to cross all of the public highways and streets in Westchester County not located within the limits of Mount Vernon or New Rochelle, which its line would cross.

On March 4, 1903, the Commission appointed by Supreme Court Judge Keogh, consisting of George R. Read and Dallas B. Pratt, to inquire into the financial strength, ability and intentions of the New York and Port Chester Railroad Company, unanimously reported to the court that the New York and Port Chester Railroad Company had ample means with which to construct its road and that it would commence the construction of its road so soon as the legal requisites were consummated, and that the franchises were not sought for speculative purposes or any other purpose than to construct the railroad of the New York and Port Chester Railroad Company.

On April 4, 1903, the Supreme Court, at a Special Term thereof, sitting at White Plains, after an exhaustive investigation into every detail of the New York and Port Chester Railroad Company, made an order authorizing and empowering the New York and Port Chester Railroad Company to cross all of such other streets and public highways in Westchester County, not within the cities of New Rochelle and Mount Vernon, as would be crossed by its road, about forty in all. This order included all of the streets in Pelham, Larchmont, Mamaroneck, Harrison, Rye and Port Chester.

The case of the alleged New York City and Westchester Railway Company was argued in the Court of Appeals, in October, 1903. In November, 1903, the Court of Appeals unanimously again sustained the New York and Port Chester Railroad Company's charter and sustained the Railroad Commission in granting the charter, and the Appellate Division in affirming the order of the Railroad Commission. This decision affirmed the decision of the Appellate Division in the matter of the People ex rel. New York City and Westchester Railway Company against the Board of Railroad Commissioners, etc., where the Court of Appeals decided that no railroad organized under the Laws of 1850 could ever build a road within The City of New York.

The New York and Port Chester Railroad now requires to complete its legal requisites:

The assent of The City of New York (as already given to it by Mount Vernon, New Rochelle and the Supreme Court) to cross, over or under the grades thereof, such streets of The Bronx as will be crossed by the line of its road.

No. 345.

Taxpayers' Alliance,

Headquarters: Third avenue and One Hundred and Seventy-Fifth street,  
New York, March 17, 1904.

Hon. CHARLES V. FORNES, City Hall, New York:

Dear Sir—The Taxpayers' Alliance of the Borough of The Bronx, having a membership of over 5,000 taxpayers, has for the past three years continuously supported the New York and Port Chester Railroad Company throughout all its proceedings. We supported it continuously last year in its application to the Board of Aldermen for its formal assent for the crossing of the streets of the Borough of The Bronx. We vigorously opposed any action being taken on the defunct New York, Westchester and Boston Railroad.

We have had the legal status of the alleged Westchester and Boston road carefully looked into, and we are sending you herewith a marked copy of the CITY RECORD of March 3, 1904, containing a communication showing chronologically the legal acts which have occurred in connection with that company and showing that it has absolutely no existence. We beg to bring this matter to your attention, and we beg to request that the Board of Estimate and Apportionment will expeditiously take this matter up and dispose of it. We are satisfied that the only object of the alleged Westchester and Boston affair is to delay the commencement of construction on the New York and Port Chester Railroad for reasons too apparent to specify.

The New York and Port Chester Railroad has secured the right from the cities of Mount Vernon and New Rochelle to cross every street in those cities. It has also secured from the Supreme Court of Westchester County the right to cross every street in Westchester County not in New Rochelle and Mount Vernon which its line will cross. It has also secured the certificate of the Railroad Commission. It has also had that certificate sustained by two unanimous decisions from the Appellate Division, and, in addition, it has had the decision of the Railroad Commission and its charter and legal acts sustained by two unanimous decisions of the Court of Appeals. There now remains only the formal assent of the Board of Aldermen, together with the determination of the railroad crossings by the Railroad Commission, before the Port-Chester Railroad can and will commence operations.

This matter is a great public question and of the most intense public interest. There is involved in it far more than the mere construction of a railroad, on account of which we ask you, in the name of the public, to act expeditiously upon this matter. We feel that, in view of the statement of the legal position of the defunct Westchester and Boston Railroad shown in the CITY RECORD, it will not be difficult for any lawyer to reach the same conclusion that our lawyers have reached, that there is absolutely nothing to that corporation. We also feel that the Board of Estimate and Apportionment, the guardians of the property of the people, will not bestow a right or grant upon any defunct railroad.

Very truly yours,

TAXPAYERS' ALLIANCE.

No. 355.

Police Department of The City of New York, }  
No. 300 Mulberry Street, }  
New York, March 21, 1904.

To the Honorable Board of Aldermen:

Gentlemen—

Whereas, On March 1, 1904, the Police Commissioner ordered the following proceedings:

Whereas, In the Departmental estimate of the Police Department of The City of New York of the amount required for expenses for the year 1904, the amount required for the Police Fund for salaries of the Police Commissioner, Deputy Police Commissioners, Inspectors, Surgeons, Captains, Sergeants, Detective Sergeants, Roundsmen, Patrolmen, Doormen, Matrons Telegraph Bureau and Steam Boiler Squad employees, etc., was \$11,740,750, including therein an amount of \$120,000 for the salaries of 150 Patrolmen, increase of force, at \$800 each per annum; and

Whereas, The Board of Estimate and Apportionment in final estimate allowed for such appropriation (Police Fund, etc.) the sum of \$11,000,000; and

Whereas, Application was made January 7, 1904, to the Board of Estimate and Apportionment and the Board of Aldermen for authority to be given the Police Commissioner to increase the Police Force of The City of New York by adding to the number of Patrolmen from time to time during the year 1904 not to exceed 150 \* \* \* and provided that the salaries of such additional Patrolmen shall be paid out of the appropriation made to the Police Department for the year 1904, entitled "Police Fund—Salaries of Police Commissioner, etc.," and provided the same is sufficient for such purpose; and

Whereas, It appears that the liability at this time of such account is such in amount that the Police Commissioner could not pay the salaries of 150 additional Patrolmen without exceeding the appropriation made to the Police Department for said account; and

Whereas, An urgent necessity exists at this time for the increase in force allowed under the Charter by the appointment of such 150 Patrolmen.

Ordered, That the proceedings of January 7, 1904, asking for authority to appoint such additional Patrolmen, be amended by striking out the words "and provided that the salaries of such additional Patrolmen shall be paid out of the appropriation made to the Police Department for the year 1904, entitled 'Police Fund—Salaries of Police Commissioner, Deputy Police Commissioners, Inspectors of Police, Surgeons, Captains, Sergeants, Roundsmen, Patrolmen, etc.," and that there be substituted therefor the words "and that provision be made by the Board of Estimate and Apportionment for the payment of salaries of such additional Patrolmen, with the approval of the Board of Aldermen"; and

Whereas, The Police Commissioner received a communication dated March 19, 1904, from Hon. J. W. Stevenson, Deputy Comptroller, as follows:

Hon. WILLIAM McADOO, Police Commissioner:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held March 18, 1904, your communication amending the order of your Department adopted January 7, 1904, asking for authority to increase the Police force by adding to the number of Patrolmen from time to time during the year 1904, not to exceed 150, the salaries of the same to be paid out of the appropriation made to the Police Department, entitled "Police Fund," was presented, and I was directed by the Board to advise you that in order to get additional funds it will be necessary to have an issue of Special Revenue Bonds.

Special Revenue Bonds are issued by authority of the Board of Aldermen, approved by the Board of Estimate and Apportionment.

It is, therefore, suggested that you have the matter brought to the attention of the Board of Aldermen.

Respectfully yours,

(Signed) J. W. STEVENSON, Deputy Comptroller.

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of Special Revenue Bonds for the purpose of making the necessary provision for the payment of salaries of such additional Patrolmen, by and with the approval of the Board of Aldermen.

Very respectfully,

WM. H. KIPP, Chief Clerk.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I request the authority of the Board of Aldermen, pursuant to section 419 of the Greater New York Charter, for the purchase of two automobile carriages for the use of this Department in the boroughs of Manhattan, The Bronx and Brooklyn, without having to advertise for bids for the same and let to the lowest bidder.

The Board of Aldermen, by a resolution adopted November 9, 1903, approved of and concurred in a resolution by the Board of Estimate and Apportionment September 2, 1903, authorizing an issue of bonds as provided by section 546 of the Greater New York Charter for the purchase of these automobile carriages.

Owing to the complicated requirements of section 1554 in regard to the purchase of patented articles, as interpreted in the two recent decisions of the Appellate Division of the Supreme Court (in Rose vs. Low and Barber Asphalt Company vs. The City of New York), I find it to be practically impossible to purchase by advertised contract let to the lowest bidder the kind of patented automobile necessary for the use of this Department.

JOHN McG. WOODBURY, Commissioner.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Brooklyn:

Resolved, That the Board of Estimate and Apportionment be and hereby is requested and authorized to issue special revenue bonds to the amount of twenty thousand dollars, the proceeds to be used by the President of the Borough of Brooklyn for the purpose of making such repairs and alterations in the Men's Prison of Raymond Street Jail as he shall deem necessary and wise.

Alderman Kevin moved the adoption of the resolution.

The Vice-Chairman put the question whether the Board would agree with said resolution.

By Alderman Poole—  
 Whereas, The new Williamsburg Bridge, recently opened to the public, has proven a vast advance in facilitating transit between the Boroughs of Manhattan and Brooklyn and a benefit much appreciated by the many thousands who daily find advantage in it; and

Whereas, There are thousands who find constant use for said new Williamsburg Bridge who feel that certain improvements if made will add to the benefits which said bridge affords by placing a system of elevators at certain intervals on Delancey street, between the main approach at Clinton street and the East river, in the Borough of Manhattan; and

Whereas, The distance between said main approach at Delancey and Clinton streets and the East river, in the Borough of Manhattan, is nearly three-quarters of a mile, meaning to the many employed in the neighborhood to the north and south sides of the said bridge a long and tiresome walk which could be avoided by the establishment of a system of elevators at the side of this long approach and which would also in large measure relieve the congestion which in time is bound to come at the main entrance; therefore

Resolved, That the Commissioner of Bridges of The City of New York be and he is hereby respectfully requested to take under advisement the formulation of some plan whereby a system of elevators may be established on the side of the approach to the new Williamsburg Bridge, between Clinton street and the East river, in the Borough of Manhattan, to the end that the relief sought and set forth in the preamble hereof may be accomplished.

 Wallabout Market Merchants' Association,  
 Wallabout Market, Borough of Brooklyn,  
 New York, March 21, 1904.

To the Honorable Board of Aldermen, City of New York:

Dear Sirs—Having made several appeals for a necessary product of refrigeration beneficial to nearly every merchant doing business in Wallabout Market, and in view of the fact that up to the present time no apparent recognition has been paid to what we deem a very important matter, we at this time urge the immediate action of the Committee having matter in hand in order that we can secure a pipe-line system of refrigeration without further delay and without appealing to the Mayor to satisfy our wants in this respect.

Knowing full well that there is no objection put forth, and having had a public hearing on this question, we are at a loss to understand why public wants do not receive more prompt consideration.

Your prompt action will be greatly appreciated by

WALLABOUT MARKET MERCHANTS' ASSOCIATION.

#### MESSAGES FROM HIS HONOR THE MAYOR RESUMED.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 370.

City of New York, Office of the Mayor, March 22, 1904.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—It becomes my duty to notify you of the death of the Hon. William R. Grace, twice Mayor of The City of New York, that you may fittingly record a civic loss.

Mr. Grace took up the obligations of citizenship vigorously. As Mayor he gave aggressive support to measures which he believed to be for public good and an equally energetic and effective opposition to what he held to be wrong. Many of the policies begun under his administration continue to bring benefits to the municipality, while the militant and courageous honesty of his career offer an example to men in public life.

Respectfully,

GEORGE B. McCLELLAN, Mayor.

Which was placed on file.

In connection herewith the Vice-Chairman laid before the Board the following resolution by the President:

No. 371.

Whereas, By the death of William R. Grace, twice Mayor of the former City of New York, this commonwealth has lost an upright, loyal and patriotic citizen; and

Whereas, Former Mayor Grace, by his fearless integrity and his high order of mentality and his absolute incorruptibility, won a foremost niche in the commercial and civic life of this metropolis for whose best interests and advancement he was ever the active and unremitting champion; therefore be it

Resolved, That The City of New York, through its direct representatives, the Board of Aldermen, deplores the death of William R. Grace and tenders to the surviving members of his family their profound sympathy.

Resolved, That a copy of these resolutions, suitably engrossed and duly authenticated by the City Clerk, be transmitted to the family of the deceased; and be it further

Resolved, That a special committee of ten members of this Board, of which the President shall be ex-officio a member, be appointed by the President to make suitable arrangements for the attendance of this Board as a body at the funeral; and be it further

Resolved, That as an additional mark of respect this Board do now adjourn.  
 Which was unanimously adopted by a rising vote, and the Vice-Chairman appointed as such committee the following members of the Board:

Aldermen Gaffney, Gass, Goodman, Kline, Meyers, Owens, Coggey, Redmond, Wentz and McCarthy.

The Vice-Chairman then declared that the Board stood adjourned until Tuesday, April 5, 1904, at 1 o'clock P. M.

For additions and alterations to buildings already erected.....

The houses which it is proposed to alter are those of Engine Companies Nos. 103, 111, 114, 123 and 133, which are two-story buildings where Battalion Chiefs are quartered, and where, for the lack of room, the Captains and Lieutenants of the companies are obliged to sleep in the dormitory with the members, thereby interfering with the discipline of the Department; the floors and floor beams are decayed, additional stalls are required, and the plumbing work in general is in a very unsanitary condition. It is estimated that the cost of the necessary additions and alterations to those buildings will average \$12,000 each, or a total of \$60,000, and for quarters of Engine Companies Nos. 101, 102, 106, 112, 115, 119, 121, 125, 127, 130 and 134, and Hook and Ladder Companies Nos. 52, 54, 56 and 58, which are all two-story buildings, and in the majority of them the dormitory is so small that there is not sufficient room for a bed for each man in the company. The floors and floor beams are decayed and there are not sufficient stalls. The plumbing throughout these houses is in a very unsanitary condition. It is estimated that it will require an average expenditure of \$6,000 for each house to place them in proper condition, or a total of \$90,000.

For placing the fire alarm telegraph system underground.....

As provided for by the Greater New York Charter.

- Proposals containing conditions other than those herein set forth will not be received or considered.
- No proposal for stock shall be accepted for less than the par value of the same.
- Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, Chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board of Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
